Vacation From Voting---

"Summer soldiers" and "sunshine patriots" threaten to distort the election results June 4 by their conspicuous absence from the polls. A poor voter turnout could mean that a very small majority of Texas citizens choose the candidates who will be governing all the citizens.

The June primary falls in vacation season and lots of voters take a vacation from their duty as citizens as well as from their work. An exhortation to vote merely for the sake of voting is inadequate. It needs to be amplified with the reminder that voters should thoughtfully consider the candidates and the issues and cast an intelligent vote.

With one major state office—Attorney General—at stake in an important local race, Hicoans cannot afford to take a vacation from voting.

Martin For Attorney General---

Crawford Martin, the Hillsboro native, is splendidly qualified to serve as "the state's lawyer"—as attorney general of the State of Texas. In offering for that office he submits to the voters of Texas an impressive list of qualifications. He has been a successful practicing attorney for 27 years. His is, perhaps, his strongest point, for knowledge of the law is of course an absolute essential. Wide experience in government is almost as important a qualification for the state's lawyer. Martin has it in unusual degree. He was elected mayor of Hillsboro at the age of 30. He knows the problems of cities and has had experience in solving them. Martin has long experience in state affairs. He was a state senator for 14 years; was author of important bills; served with distinction on major committees of the Senate.

In 1963 Gov. John Connally appointed Martin his secretary of state, and in 1964 reappointed him. In this position for more than three years he has gained a wealth of experience in the executive branch of state government. Thus Martin has an unusual combination of administrative, legislative and legal skills. Few men have offered for high office in this state in the past several decades who had wider experience in government or more varied qualifications.

The News Review considers him one of the state's ablest statesmen; a man of integrity, wisdom and courage, as well as a man of broad and intimate familiarity with the problems of government; and it commends his candidacy to the voters of Texas.

The Art of Getting Along---

Sooner or later, a man, if he is wise, discovers that life is a mixture of good days and bad, victory and defeat, give and take. He learns that it doesn't pay to be a too sensitive soul; that he should let some things go over his head like water off a duck's back. He learns that he who loses his temper usually loses out.

He learns that all men have burnt toast for breakfast now and then, and that he shouldn't take the other fellows grouch too seriously. He learns that carrying a chip on his shoulder is the easiest way to get into a fight. He learns that the quickest way to become unpopular is to carry tales and gossip about others.

He learns that buck-passing always turns out to be a losing game, and that it never pays. He learns that most of the other fellows are as ambitious as he is, that they have no secrets as good or better, and that hard work, not cleverness, is the secret of success.

He learns that no man ever got to first base alone, and that it is only through cooperative effort that we move on to better things. He learns that folks are not any harder to get along with in one place than another, and that the "getting along" depends about ninety-eight percent on his own behavior.

First Baptist Vacation Bible School Scheduled To Begin Monday

First Baptist Church will hold its Vacation Bible School June 6-15 with sessions each morning from 8:30 until 11:30.

Boys and girls from age 2½ to 16 are invited to attend. Preparation and enrollment day will be Saturday, June 4, at 8:30 a.m. until 11. A parade, led by the city fire truck, will be a feature of preparation day. After the parade everyone will return to the church for refreshments.

Principal for the school will be Rev. R. E. Tatum, pastor. Department superintendents are as follows: Mrs. Fred Jaggars, Nursery; Mrs. Donald Warren, Beginners; Mrs. Arvil Edwards, Primary; Mrs. R. E. Tatum, Junior; and Mrs. Elvis Vinson, Intermediates.

Others helping with the teaching and other various phases of the work will be E. B. Fellers, Mrs. Harlon Koonsman, Mrs. R. D. Lee, Mrs. Derel Fillingim, Mrs. C. H. Leeth, Mrs. Bill Christian, Mrs. Hugh McKenzie, Mrs. Jimmy Shadden, Mrs. Marion Barnett, Mrs. Tom Odom, Mrs. Jerry Stringer, Miss Suzanne Patterson, Miss Kay Jackson, Mrs. Glenn King, Mrs. Bob Ramey, and Miss Carolyn Wooton.

Funeral Services Held Monday For Longtime Resident, Mrs. Box

Funeral services for Mrs. Minnie Mae Walker Box were conducted Monday afternoon, May 30, at 3 o'clock in Barrow-Rutledge Funeral Chapel, with Bro. Nelson Stark and Bro. Charles Wilson officiating.

Mrs. Box passed away Saturday morning, May 28, at 1:45 a.m. in a Hamilton nursing home, following an illness of about two and one-half months. She was born May 19, 1899 in Erath County, and was the daughter of the late Mr. and Mrs. T. L. Walker. She was married to Thomas Jackson Box in 1919, and to this union one daughter was born, Dr. Dorothy Box, a professor at Parsons State College in Fairfield, Iowa.

Mrs. Box had resided in Hamilton County for the past 42 years, and had moved recently to Hamilton from their farm near Hico. She became a member of Hico Church of Christ in 1964, and attended services as much as possible, according to her illness.

Survivors include her husband, T. J. Box of Hamilton; the daughter, Dr. Dorothy Box of Fairfield, Iowa; one sister, Mrs. Opal Lowry of Waco; and a host of nieces and nephews. She was preceded in death by her parents and one brother, George C. Walker.

Dedication Friday For New Road Paving

Formal opening and dedication of the new pavement on the Old Stephenville Road, from the Duffau pavement south to the Erath County line, will be held at 2 o'clock Friday afternoon, June 3. Site of the dedication ceremony will be one mile north of Hico at the south end of the new pavement. An invitation has been issued to everyone to attend.

The new road, completed last week, was built entirely by Erath County Commissioner Roy Fallin and his crew.

Hosts for the dedication are property owners and other citizens of the community benefiting from the new road.

Harold D. Walker, local vocational agriculture teacher and owner of a farm in the community, will be master of ceremonies. Special

Funeral Services Held Tuesday For Physician, Dr. H. V. Hedges

Funeral services for Dr. Homer V. Hedges, Hico's most beloved citizen, were held Tuesday morning, May 31, at 10:30 in First Methodist Church. Rev. Morgan Garrett of Georgetown, former pastor, and Rev. Hubert Taylor officiated. Burial was in Erath Garden of Memories at Stephenville, under the direction of Barrow-Rutledge Funeral Home.

Dr. Hedges died Sunday from an apparent heart attack. He was found dead in his car about four miles southeast of Lampasas late Sunday afternoon and a peace justice there ruled that death was from an apparent heart attack.

The physician had left Hico Sunday morning for Seguin, where he was to visit with his mother and sister.

Dr. Hedges was born at Snyder August 28, 1907 to the late C. M. Hedges and Mrs. Hedges. He grew up in San Antonio and was educated in public schools there. He was graduated from the University of Texas Medical School at Galveston, and was a member of Phi Chi medical fraternity. He was also a Fellow in the International College of Surgeons, the honor being bestowed upon him in the late 1950's.

Survivors include his wife, Mrs. Emma Dee Hedges; his mother, Mrs. C. M. Hedges of Seguin; a son, Alan C. Hedges of Austin; a daughter, Mrs. J. B. Beavan of Del Rio and San Carlos, Mexico; a granddaughter Rachael Beavan; two sisters, Mrs. V. L. Sherman of Seguin and Mrs. Arlice Brooks of San Angelo.

Pallbearers were W. C. Howard, Dr. B. C. Dayton, Dr. W. F. Hafer, Ovie H. Brummett, Harold Walker, Johnny Parks, and Dr. J. C. Terrell.

Establishes Practice Here

Dr. Hedges moved to Hico following medical school and started practice here in 1936. His medical practice has been continuous with the exception of two years spent in the Army Medical Corps during

World War II when he saw service in the Asiatic-Pacific Theater of Operations as a Captain. Following his release from active duty in 1945, the doctor returned to Hico and resumed his practice.

An untiring civic worker, Dr. Hedges has served his community as mayor, as a member of the school board of trustees, and as president of the Chamber of Com-

merce. He has also served in many lesser capacities such as directorships, etc. He was a director of First National Bank.

Active in medical circles, Dr. Hedges has served as president of Tri-County Medical Society, and was recently elected to serve as State President of the Private Hospitals & Clinics. He was to have been installed in December.

Founder of Local Hospital

Against protests of "it can't be done," the doctor went to work, and with the aid of the late T. A. Randals and S. J. Cheek Sr., plus numerous other citizens, Hico Hospital was founded on a minimum stock subscription, and the satisfaction must have been great for him to see the institution grow in such leaps and bounds to the present successful operation.

Under Dr. Hedges' leadership, a stock subscription program was started late in 1945, and in November of the same year the corporation received its charter. Stock certificates were issued Dec. 10, 1945.

Construction of the hospital was begun in mid-April of 1946. The institution was completed early in 1947, and Dr. Hedges admitted his first patient Feb. 11, 1947.

The hospital operated under the corporation until the early 1950's when it was sold to the City of Hico. Continued success has been enjoyed under the doctor's careful administration, with the institution one of the few city or county owned facilities showing a profit throughout the years.

Truly a humanitarian, Doctor Hedges was perhaps the most-loved citizen ever known here. There have been other notable souls before him who touched the hearts of many, but never one who administered to so many with so much tender care and love.

Many have said that Dr. Hedges was directly responsible for Hico's continued well-being, and cited the fact that although he had reduced his outside activities considerably, the reputation he had gained during his years of practice here, and the establishment of the local hospital has held the town and citizenry together. Few will doubt the statement.

Most people will agree that Hico has lost its most humane citizen, and no amount of time will replace Dr. Hedges with the people—both young and old.

The club adopts the two-monthly schedule during the summer months because of vacations, etc.

\$103 Contributed To County Cancer Fund From Hico

The Hamilton County fund raising and education drive of the American Cancer Society has reached and exceeded its numerical goal of \$1400. At last account over \$1800 had been contributed to the campaign.

Contributions from Hico amounted to \$103.00, and R. E. Tatum and Mrs. Wayland Wooton, co-chairmen, made the following statement: "We thank all the workers who helped solicit contributions and give out material. And we thank all of you for your check; now please don't neglect your checkup. The surest way of detecting cancer is by early detection and treatment."

Mr. and Mrs. Morse Ross and Mrs. Watt Ross were Sunday visitors in Dallas in the home of Mr. and Mrs. Jack Moffett.

Two Issues Face Voters Saturday

Spiced by a red-hot Peace Justice race, the June 4th second primary election coming up Saturday should bring out a record number of voters, considering that only two issues will be on the ballot. A record, that is, for a second primary.

Only other race which Hico people will vote on is that of Attorney

Three From Hico Win Prizes in Stephenville Golf Tournament

Three Hico golfers finished "in the money" at Tejas Country Club tournament held during the Memorial Day weekend.

G. M. Bullard and his partner, Jess Elliott Jr. of Stephenville, won the tournament in a play-off with two Fort Worth golfers. They received a set of Ben Hogan irons for the win.

Ray Cheek playing with Donnie Campbell, Tarleton State College basketball coach, was runnerup in the first flight after losing a play-off for the top spot. He received a set of golf woods for the second place finish.

Buddy Randals and his partner were winners of the second flight, bringing home a set of Hogan irons.

General, where Crawford Martin of Hillsboro takes on Franklin Spears of San Antonio.

Martin was the local choice in the May primary, with Spears running last in the three-man race. Martin polled 298 votes, Galloway Calhoun was second with 68, and Spears third with 52 votes. Calhoun has pledged his efforts in support of Martin.

Popularity of Martin with local voters stems from his days as State Senator in this district, a post that he held for 14 years. Being a native of nearby Hillsboro also helped him in the first primary.

In the JP race, much interest was created in the initial voting, with Grover Renfroe leading the three-candidate ticket. Renfroe polled 181 votes, the incumbent, P. W. Hamilton received 169, and the third candidate, Mrs. Lois Leeth, was a close third with 152 votes.

The contest is rated a toss-up, with final outcome depending on the number of votes cast.

SUFFERS BROKEN LEG

Charlie Tolliver was hospitalized Monday night after suffering a broken leg. The accident occurred late Monday afternoon when a horse he was riding fell with him. He is reported to be recuperating satisfactorily.

Volumes on American Petroleum Industry Presented to School

Volumes I and II of the history of the American Petroleum Industry were presented to Hico Schools last week. The presentation was

made by Bert Schrank of Hamilton county chairman of the Texas Mid-Continent Oil and Gas Association, from whom the volumes were received.

The volumes were prepared by the American Petroleum Institute and presented to Supt. O. C. Cook for use in the High School Library.

Fairy Community News

by MRS. EUNICE DANIEL

A feeling of sadness fell over this surrounding communities early in the night as word was quickly spread by telephone of the death of Dr. H. V. Hedges of Hico. In the history of our more than 100 years of news writing have we ever had a community so disturbed and sad. We can't understand why one so well qualified to help mankind had to be taken from us. He was the family doctor and had served the community in general in the absence of other doctors. He will be greatly missed. All who knew him deeply sympathize with his bereaved mother and other relatives. God bless them and give them strength at this time of deep sorrow.

We were also very sorry to learn of the passing of Mrs. Jack Box of Hamilton, who formerly resided in the Dry Fork community before moving to Hamilton, where she was a patient for awhile in a nursing home. She was a sister of the late George Walker of Lanham. Her deepest sympathy is extended to her husband and daughter and other relatives who mourn her passing. She is now at rest and free from all suffering.

Those from here attending funeral services for Mrs. Box in Hico Monday afternoon were Mrs. E. M. Hoover, Mrs. Ruth Cunningham, her daughter and husband, Mr. and Mrs. Walter Prinz of Fort Worth, H. O. Richardson, and the writer.

We are sorry to report that Mrs. M. E. Parks has been a patient in the Stephenville Hospital since last Friday afternoon. She is doing nicely and expected to be released in a few days.

Mr. and Mrs. Truett Turner and Bobby of Fort Worth and Mr. and Mrs. Weldon Parks and Becky of Grand Prairie visited during the holiday weekend with their parents, Mr. and Mrs. T. R. Parks and Mr. and Mrs. Robert Streater.

Mr. J. L. Coppel of Floydada visited here recently in the home of his daughter, Mr. and Mrs. J. B. Cunningham and Peggy. He is 92 years old and came down for the graduation of Peggy. The Cunninghams went after him and carried him home. He lives alone and is still very active for his age.

We are very sorry we overlooked giving the names of two former Fairy students who were members of the senior class at Hamilton. Fairy students were Peggy Bullard,

Cloe Rita Holley, David Gleason, Ramon Haile, Donald Ray Jones and Jimmy Don Sellers. Cloe Rita and David graduated with honors, as did nine other members of the class.

Farmers are very busy with the grain harvest and we feel sure they are hoping for fair weather until the harvest is finished.

The writer attended the 5th Sunday Singing at the Youth Center in Hamilton Sunday afternoon. A good crowd was present and all enjoyed a good song service.

Mr. and Mrs. Winfred Gardner and Randy spent the weekend at Neches in the home of their daughter, Mr. and Mrs. Don Barnett. The Barnett's baby son had been with his grandparents while the Barnett's little daughter was hospitalized. We hope she is much better by now.

Mr. and Mrs. Willie Turner and daughters, Miss Bernice and Mrs. Ray Botkin, her husband and children, Tammy and Patsy of Killeen spent the weekend at Arlington visiting in the home of their son and brother, Mr. and Mrs. Jackie Turner and family.

Mr. and Mrs. Ray Turner and Keith of Killeen spent the holidays here with their parents, Mr. and Mrs. Ray Turner and Mr. and Mrs. Carl Ray Sellers, Jimmie and Janice. They came up Friday night to attend commencement exercises at Hamilton, of which her brother, Jimmie Don, was a mem-

ber, and also two cousins, Bobby and Barbara Sellers of Hamilton, son and daughter of Mr. and Mrs. Frank Sellers.

On Sunday Mr. and Mrs. Frank Sellers honored the graduates with a kinfolks dinner and get-together. All of the sons and daughters of the late Mr. and Mrs. N. S. Sellers were present, with most members of their families, except Mr. and Mrs. John Anglin of Lubbock.

Mr. and Mrs. Sidney McKandless of Fort Worth visited awhile Friday in the home of her mother, Mrs. Olga Duncan. Weekend visitors with Mrs. Duncan were Mr. and Mrs. Fred Duncan and family of Irving, Mr. and Mrs. Archie Duncan and Mr. and Mrs. H. W. Luskie of Dallas.

Mr. and Mrs. W. E. Goyno came in late Monday to spend the summer months at their home here.

Mr. and Mrs. Jess Lackey, former residents of this area visited at the cemetery several weeks back and we forgot to report it. They live on the plains.

Bill Lackey of San Antonio was here over the weekend looking after business matters at his farm.

We were sorry to learn Monday while in Hico that Mrs. Will Lackey of Dallas is very low. She formerly lived here and is 91 years old.

Mr. and Mrs. Glenn Arrant, Lesa, Brent, and Sheryl, and her mother, Mrs. Ruth Cunningham spent the weekend at Mrs. Cunningham's home and with his parents, Mr. and Mrs. Ted Arrant. They were down to attend the Moore family reunion held Sunday at Hico City Park. Mrs. Cunningham remained here and returned back to Fort Worth with another daughter and husband, Mr. and Mrs. Walter Prinz who were here to attend funeral services for Mrs. Box. Mrs. Cunningham was to attend commencement exercises Tuesday night for her granddaughter, Karen Prinz. She is also visiting in the Glenn Arrant home, who recently moved to their new home on Thistle Lane in Fort Worth. She is expected home the last of the week.

The cemetery was mowed again last week, and all lots under care will have to be worked as soon as possible due to so much rain and extra growth. Our funds are running low and we ask that all who are paying for care of lots to please check and send in your dues. We have several who are delinquent and it will save time and expense of notifying you if you will check on this matter. We also have some 50 or more lots in the cemetery on which we receive no support, yet these lots are mowed around and some mowed where it is possible, and we feel that those who have relatives buried here should be willing to send in a donation on the upkeep. Since lots are not sold, we feel all should be willing to help on the mowing fund. This request is not to those who are paying dues. It is you who have been keeping the cemetery mostly since I have been serving on the committee. We get very few local donations that can be used for the mowing. We will appreciate your cooperation and consideration and thank you in advance for any donations you may see fit to give. You may leave at the Hico bank or mail to any member of the committee.

COUNTY AGENT REPORTS

It's a good idea to have two spraying rigs. One should be used for applying herbicides and the other for insecticides. To be extra safe, mark the herbicide sprayer in some way so you'll be able to tell it at a glance.

Without careful decontamination, there will always be herbicide traces left in the sprayer which can retard or kill your crops. If you must use the same sprayer for both herbicides and insecticides, the following steps will usually rid your sprayer of herbicides.

Rinse sprayer system with either two or four pounds of washing soda or two quarts of household ammonia in 30 gallons of water. Circulate mixture through sprayer and allow to stand several minutes before draining. Then repeat this step.

Remove all rubber hose connections. Repeat step one, and allow mixture to remain in sprayer for several hours. Drain and rinse with clean water.

Use another tank full of strong ammonia water, circulate in tank and allow to stand overnight. Recirculate, then drain.

Fill tank with clear water and spray on tomato plant. If tomato plant does not wilt you can be relatively sure the herbicide effect is gone from the sprayer—for the

present at least. If the sprayer tank is rusted, the herbicide will show up each time rust is flaked off the sprayer tank.

It's a lot of work to clean the sprayer after a herbicide, but it can well be worth the time.

Nutgrass, or nutsedge, is a worrisome problem in many lawns.

Nutgrass and other weedy grasses which invade lawns, such as dallisgrass, crabgrass, sandburs are not controlled by 2,4-D and other herbicides for broad-leaf plants.

These weedy grasses can be controlled, however, by proper application of methylarsonates. The most common forms are disodium methylarsonate (DSMA) and amine me-

thylarsonate (AMA).

These should be applied as a broadcast treatment to Bermuda-grass lawns only. DSMA or AMA will kill St. Augustine grass if applied broadcast.

To kill weedy grasses in St. Augustine, the DSMA or AMA should be applied as a spot treatment to the weeds only. When the herbi-

Painting By Mrs. Lincoln Wins Second Place in State TFWS Art Contest

Mrs. J. E. Lincoln was notified recently by Mrs. Camp Ezell, Texas Federation of Women's Club Art Chairman, that her landscape oil painting, "Resleys Creek" had won second place in state competition. Mrs. Lincoln's painting was judged with others exhibited at the annual State Convention of TFWS held in Lubbock May 10-12.

Early in the spring, Mrs. Lincoln's painting was exhibited at the District Convention of TFWS at Temple, along with other pieces of art work representing the Hico Review Club, and was a first place winner. She also was the sweepstakes winner in that division.

Final Rites Conducted At Clarendon For Nelson Dwight Seago

Funeral services for Nelson D. Seago, 55, of Cedar Edge, Colorado were conducted last Friday morning at 10 o'clock in First Methodist Church at Clarendon. Rev. Conrad Ryan and Rev. Bob Ely officiated.

Mr. Seago passed away Wednesday, May 24, at his home in Cedar Edge, where he owned and operated a fruit farm. He was born Oct. 23, 1910 at China Springs, and was the son of the late Mr. and Mrs. J. J. Seago. The Seagos were residents of Fairly for a number of years, and he attended school there.

Survivors include his wife, Mrs. Gladys Seago of Cedar Edge; one son, Robby Seago of Turkey, Tex.; two daughters, Mrs. Bobby Nell Moore and Mrs. Sue Thompson of Cedar Edge; three brothers, Perry Seago and Dellis Seago of Waco, and Gene Seago of Hico; four sisters, Mrs. W. J. Crawford of Whitney, Mrs. B. M. Pittman of Stephenville, Mrs. Eda Thompson of El Paso and Mrs. Buster Duncan of Hico; also six grandchildren.

Burial was made in Citizen Cemetery at Clarendon.

icides are broadcast on Bermuda-grass, the leaf tips of the grass may turn brown for a few days, but will rapidly recover and not be damaged if the chemical is applied according to directions.

The methylarsonates, DSMA and AMA, will control most weedy grasses, with the exception of nutgrass, in just one application. Since nutgrass has such an extensive root system it takes several treatments to control nutgrass—even then, total eradication is almost impossible.

Observe label precautions when using DSMA and AMA, as they can be dangerous. Do not apply to flowers and shrubs and in vegetable gardens. For additional information on turf weed control, come by the extension office or ask for a copy of L-425.

Hamilton Countains Receive \$101,508 Monthly in S.S.

As of January 1, 1966, there were 19,598 persons in the 7-county area served by the Temple Social Security Office being paid monthly social security benefits, Jack Calvert, district manager said recently. These monthly benefits amounted to \$1,134,431 for a yearly total of \$13,613,172.

In Hamilton County, 1,789 persons are receiving \$101,508 in monthly benefits from Social Security.

"This increase in the number of persons getting monthly social security benefits each month resulted in part from the 1965 changes made in the law," Calvert said. "The increase of over \$250,000 each month in benefits paid was largely a result of the 7 percent increase in benefits last year."

"In contacting persons over age 65 for Medicare applications we found many aged persons had worked enough to qualify for monthly social security benefits," Calvert said. "We continue to find persons of retirement age who lose money because they do not contact

our office to inquire about benefits when the law is changed.

"Persons who are 62 years of age or over should check with us if they have not done so with last year to find out if they are eligible to get benefits. At age 65, every person should file a claim with our office even if they are still working or have never worked on social security jobs. This is the only way that we can qualify them for Medicare protection," Calvert added.

Sew, here's the sheer fabric story. Are you planning to sew with the sheer fabrics, such as voiles and dotted swiss?

They are popular this season, but their transparency calls for special treatment of the seams. There are three different ways to make seams in sheer fabrics.

The first method is to stitch a plain five-eighths inch seam with the right sides of the fabric together. Make another row of stitching within the seam allowance one-eighth inch from the first seam. Then trim the seam close to the second stitching line.

Another method is to make a French seam by placing the wrong sides of the fabric together. Stitch a plain three-eighth inch seam, and trim the seam allowance to one-eighth inch. Then turn the garment with the right sides together and press the garment flat along the seam line. Baste and stitch along the regular five-eighth seam line so that the finished seam will be one-fourth inch wide.

A third method of seaming sheer fabrics is a mock French seam. Stitch the right sides of the fabric together along the five-eighth inch seam line. Next turn the raw edges in one-fourth inch toward the seamline and sew together by hand or machine to make a three-eighth inch seam.

Best results are usually obtained by using the French seam on straight seams and the mock French seam on curved seams where fitting is necessary.

When you are choosing a pattern for a sheer fabric, check to see that sheers are recommended. The garment will look better if few seams are in evidence.

Fresh onions add flavor to your salads and other dishes. Onions come in many different and flavorful forms. The most familiar dry onions are the Bermudas and the Sweet Spanish.

At this time of year, the little green-topped fresh onions add their delicate flavor to your salads and other dishes. The white part of these onions provide the taste, and the green part can be used as garnish.

For variety in your cooking, you can use the onion cousins—scallions, leeks, and shallots. Many shoppers confuse the onion cousins with the new fresh green onions. The young green onion has a definite bulb formation with the same concentric arrangement as the dry onion.

Scallions are any shoots from the white onion varieties that are pulled before the bulb has formed.

Leeks are similar in appearance to scallions, but they have flat leaves and their white stalk has a diameter of about 1 1/2 inches. Leeks are about 6 to 8 inches long.

You can distinguish the shallot from the others by its distinctive bulb, which is made up of cloves like garlic, but the cloves have a milder flavor.

We were shocked and made sad when news came of the death of Dr. Homer V. Hedges Sunday afternoon. Dr. Hedges had been my family doctor ever since he started practicing in Hico about 30 years ago. His going is a great loss for Hico and surrounding territories. He will surely be missed by many people. We extend our deepest sympathy to his family, mother and sisters. Mr. and Mrs. Harvey Beights and family of Dallas spent the

How Long Have Hogs Been in America

On May 25, 1539, almost a century before the Pilgrims arrived, the hog was introduced to mainland America by Hernando DeSota.

Ever since, pork has been a vital part of the American diet and today has less fat and fewer calories than ever before. Producers nationwide have made the hog into a prolific meat-making machine, thanks to such growth boosters as Aureo S.P. 250.

Don't Forget To Vote (This Saturday)

You gave me wonderful support in the First Primary but the election Saturday tells the FINAL STORY!

BE SURE TO VOTE AGAIN!

FOR VICTORY JUNE 4TH GROVER RENFROE (Pd. Pol. Adv.)

To the Voters of Erath County

Next Saturday, June 4, 1966 you will go to the polls to elect your County Judge for the next four years. It is my belief that you will want to choose the man best qualified by education, experience, training and background for this most important position.

During this campaign, I have attempted to see as many of you as possible, however, time has not allowed me to personally contact every voter. In the event I have not been permitted to talk to you personally, I trust that you will accept this as a personal visit and an earnest request for your influence and vote. Throughout these past months, I have tried to conduct a clean campaign without any mud slinging. I feel that the voters choice should be elected because of his own qualification and experience.

I believe that my experience as an Attorney at Law for the past 12 years; my seven years as the Security Officer for General Dynamics Corporation, Fort Worth; my current and many years experience as the Staff Judge Advocate of the 49th Armored Division (Texas National Guard); my experience as your County Judge (during the illness of your current County Judge); and the many other legal, business and administrative experiences I have had, enables me to fully qualify for the important position I seek.

In addition to my Law Degree from Southern Methodist University of Law, I have received a B.A. Degree from Texas Christian University with a major in "Finance." This education, together with the several years of business, legal and administrative experience I have, will enable me to work with your Commissioners to properly handle the business and finances of Erath County.

If your County Judge must rely upon the County Attorney or District Attorney for the interpretation of the Law, it will be difficult to be an impartial judge since the duty of the County Attorney and District Attorney is to "Prosecute" criminal matters. Your County Judge must rely upon his own knowledge and interpretation of the Law to be fair and impartial to all concerned.

The duties of the County Judge are very complex, serious and demanding and I will make you this pledge and vow, if I am elected your County Judge, I will do all in my power to be fair and impartial to all persons, regardless of their station in life. The only allegiance I owe, is to All of the citizens of Erath County and to no individual or group of individuals, and I do sincerely ask for your vote and influence for which I shall be most grateful and will repay you with honest, impartial and energetic service.

Sincerely yours,

CLYDE V. SWEENEY Attorney at Law

Candidate for County Judge Erath County, Texas

WASHINGTON— As It Looks From Here

By OMAR BURLESON, M.C. 17th District, Texas

Washington, D.C.—Sign-up for the Medicare program ended last Tuesday, May 31. The program becomes effective July 1.

Efforts have been made to advise people of their right of selection and participation, and to alert them to dates which may later be important to them.

Now that the deadline is passed and its operation soon to begin, it seems in order to also warn against disappointments which some are bound to find in Medicare. Two pamphlets are available in limited quantity for those who may have a need for the publication and who may not have gotten one at the time they signed up under the program. If more information is needed write: Congressman Omar Burleson, House of Representatives, Washington, D.C. 20515, or inquire at your Social Security office.

The disappointment under the program may not come just as a matter of individual experience but to the whole country. Already 7 states have plans which would take all the money provided for the 50 states. The State of New York has passed a sweeping medical

program expanding regular medical assistance to the aged. In an effort to take advantage of available federal funds, it is estimated that in some states and Puerto Rico, 70 percent of the population could qualify under the provisions of State Law as it relates to the receipt of Federal funds. About all that is perfectly obvious is that the cost is staggering. Even this does not seem of concern to some where these new programs are viewed as the forerunner of something vastly larger. The New York Times commented that this set-up "makes it logical for Congress to begin thinking seriously about the desirability of providing comprehensive health insurance for all Americans."

The people of our country have long accepted an obligation to care for those who cannot care for themselves. It is another thing to think that any nation has the resources to provide free medical care for everyone, whether they need it or not and still maintain its solvency and its standards.

There is considerable concern on the part of those who strongly supported Medicare in the beginning that the rules laid down for its administration could wreck the program very quickly. The larger states, such as the one cited, could siphon off money made available while other people all over the country are paying the bills by

increased Social Security payments. Last week the House of Representatives passed an increase in the Minimum Wage and added coverage for approximately 7 million people. Mostly, these were of the work force which can summon organized power, but it does nothing to increase the burden of the unorganized 39 or 40 million people on fixed pensions. It increases the problems of those privately employed in household services who are below the age of eligibility for Social Security payments. The employers of these people will have difficulty in raising their wages because of the ever sharper bite of the Social Security payment and the prices of goods. It would make as much sense for the Government each month to make up the difference between the original purchasing power of income and current prices.

In view of all the programs passed last year and in the present session of the Congress, the theories of Dr. Robert Theobald, the British economist, do not appear by comparison as radical as when he first proposed a guaranteed income for everyone.

Facing up to what appears to be an early experience with Medicare, this is likely to happen to a great many people regardless of age:

First, the wait to get into a hospital for conditions which do not require immediate attention will become longer.

Second, in a great many cities and towns an emergency patient, after July 1, may well find himself bedded in a hospital corridor or a waiting room converted into emergency use.

Third, the Medicare patient may find it necessary to go home from the hospital before he feels ready to go, and perhaps even before the doctor thinks he should.

MOVE TO MIDLAND

Mr. and Mrs. Jesse Barber III moved to Midland this past weekend where both will be employed during the summer months. They plan to return to Hico next fall, when Mr. Barber will continue his studies at Tarleton State College.

The BIG Inch

The ruled box above is a one-inch ad. It measures one column wide by one inch deep. It costs advertisers 50c.

It looks kinda lonesome by itself. But look at it this way.

What you get when you buy a one inch ad in the News Review is not just a single inch of space in the paper, but one inch multiplied by 1,600 copies weekly.

So you are really buying 1,600 inches, which at 140 inches a page would be some 12 pages of printed newsprint.

That's mighty big chunk of space for a cost of only 50c. And that price includes delivery to the reader's home. Just imagine reaching all those families by postcard. It would amount to \$64.00 just for postage. But the News Review does it for a mere 50c per insertion.

So you can see that a little one-inch ad is really a pretty BIG inch when it's advertising space in the News Review. And the figures show that it's the most effective and economical way possible to let people in this area know that you have wares and services that they could use.

Call SY 6-4528 and let a News Review representative show you how a little BIG inch can wake up sales for you.

BOWLING ALONG...

By RUTH SALMON League Secretary

Some folks are starting the summer bowling league off with a bang, such as Morse Ross hitting a 235-622, Buddy Randalis with a 203-583, Glenn Ross with a 528, Jim Bullard a 508 and Watt Ross a nice

game of 192.

Pat Ross wasn't wasting much time as she came through with a 515 series. Ruth Salmon rolled 183-451, Pauline Bullard a 161 game, Lucille Dayton a 167 game and Wilma Fillingim a 450 series.

Gemini took number one spot by

winning four points from the Has Beens and the Bankers four points over F-W Ranch. Team Standings: Gemini 4, Salmon Shoppers, Has Beens, First National, The Rebels, F-W Ranch.
