DECISION

Texans are confronted with such a variety of appeals that some confusion is not surprising. We see some of our top state political leaders urging support of Hubert Humphrey on the self-serving appeal of party loyalty. We see fine Texans tempted to support George Wallace because they like his outspoken position on certain issues and are thus swayed by an appeal of sheer emotion. With full respect for the right of every Texan to make a personal decision, this message in behalf of Richard Nixon is offered as

... AN APPEAL TO REASON!

HUBERT HUMPHREY WILL NOT

change. He has proved consistently anti-Texas. He is famous for his filibuster against Texas owning its tidelands. He has fought our right-to-work laws and sought to destroy our vital oil depletion allowance. On every issue of world importance his position is contrary to that of most Texans. Humphrey, an ultra-liberal founder of the ADA organization, would gain executive authority for radical minority viewpoints should he become president. This cannot happen by popular vote. In view of his vicious attacks upon George Wallace, what a ghastly miscarriage of intent it would be if Wallace supporters themselves should throw the election into the House of Representatives where every Wallace vote in Texas would automatically go to

GEORGE WALLACE CANNOT

be denied his impressive showing. A number of fine people heed his third party call. The very least that can be said is that he has dramatized the desires of many people for a change of direction in the affairs of our government. However, the very most his supporters can hope for is to split the popu lar vote so that all of us would be at the mercy of Washington politicians who would elect our president for us. This is Hubert Humphrey's only hope for election. The more positive way to vote for change is to recognize the many fine merits of Richard Nixon and his program, then vote for Nixon to assure the election of our president by the people instead of by the

supply dynamic, experienced leadership for an immediate change of direction—at the top—in all our national affairs at home and around the world. Your concerns are his concerns!

- . NIXON ON LAW AND ORDER is pledged to help improve local police protection, to appoint an Attorney General dedicated to rooting out crime, to restore balance in our courts strengthening peace forces against criminal elements and to cease freeing so many of the guilty on technicalities.
 - . NIXON ON VIET NAM will call upon his experience as vice-president during eight great Eisenhower years of peace to reform world alliances now in disarray, to redirect our strategy on new global terms. He will end this war and avoid future ones by dealing with adversaries in the only way they respectthrough strength, collective security and patience.
 - . NIXON ON LOCAL GOVERNMENT is pledged to move control of local schools and all other governmental functions which properly belong at the local level closer to the people.
 - NIXON ON OTHER PROBLEMS has solid solutions PLUS solid backing of enough members of Congress to implement those solutions.

IF YOU REALLY WANT A CHANGE . . . AND IF YOU WANT TO BE SURE YOU REALLY GET IT ... VOTE FOR NIXON/AGNEW

Fractured 'Filosophy...

By J. Rayford Wooton

"Squirrel Talk"

I was born in a nest of leaves and grass, high on a swinging, windswept limb in an old oak tree, overlooking a park area near midtown, USA. Before I was old enough to leave the nest, I began to observe the doings of those tall creatures, whom my mother said were people. I soon came to the resolution that if squirrels behaved like people, I should liked to have not been born at all. Being a squirrel, and not being able to use any highsounding words, I guess the only word I know that would describe people is hypocrite. Someone told me that a man named Webster tender, deceiver, and-or cheat. From what I have seen of people's behavior toward each other, it would seem this man Webster surely knows what he is talking about.

When I was old enough to leave the home nest, and began to make cut some antics and frolicing manon between folks every day.
