the two team's first meeting Hico downed Grandview 22-6, came back with a 31-0 victory in 1969, and followed with a 47-6 win the following year. In 1971 it was 33-12 in favor of Hico, and last year the Tigers raced to a 52-7 win.

No scouting reports were available on this year's Grandview team, and the coaching staff are approaching the contest on a cautious note.

The Tigers showed great improvement in their second scrimmage last week against a better than average Evant team, and had fans talking about another winning year. However, the coaching staff is quick to tell you that all of the '73 opponents will be stronger than a year ago, and it will take maximum effort from every boy on the squad to post the winning mark.

Head Coach Dwain Gray declined to name a starting lineup for the teamers don't have a game this week. After Friday, the squad will be trimmed to 17 or 18 members as the B team begins a full slate of

Pay Hikes Granted County Officials; 1974 Budget Set

(From the Hamilton Herald-News)

Only one person who was not an employee of the county or officially connected with the Commissioners Court attended an advertised open budget meeting of the Court Friday afternoon.

This did not deter the commissioners from carrying out their declared objectives: voting a raise for all county employees and approving a balanced budget for 1974.

With Judge Herman W. Standifer presiding, the commissioners voted a \$50 per month across-the-board pay raise for all elected officials of the county, and for all deputies except those who are paid on an hourly basis. The latter will get a raise of 15 cents an hour.

"It's worth a million, but it only costs a dollar," "Try it, you'll like it," "Don't crawl under a rock; join P-TA," "Our solution to mind polution . . . P-TA." Thus read some of the posters in our store windows. Seventh and eighth graders have supported P-TA and urge you to join. The winners of the eighth grade poster contest were Mary Alma Haynes, Julia Garza and Monti McCormick. Sandi Duke took top honors in the seventh grade, with David Lane and Randy Shadden winning second and third prizes. "P-TA is your best bargain for a dollar." We urge Mom and Dad to join . . . and that makes \$2.00. That dollar shows your child and your school that you are supporting them, you are interested in them. An ignored child plus an indifferent parent lay the groundwork for future heartaches. P-TA is one way to learn more about your child and to work together with his teacher for your child's betterment. Beat the crowd. join early. Glenn and Pat Ross will take your money at Salmon-

Monday night at 7:30 you will have the opportunity of a lifetime. Parents of high school students will actually go through a "mini-schoolday," following their own child's

daily schedule. They will go to classes and meet all the teachers their child meets in a day at school. However, the classes will be only 5 minutes long, with a minute break between each one change classrooms. Parents school students will mee with their child's teacher for 20 minutes in the classroom to hear plans and to ask questions. If you have two children in the grade school, there will be two 20-minute periods, so you can visit two dif-

ferent classrooms. A free nursery and study hall will be provided for each P-TA meeting. This month only they will be in the gym. From now on they will be in the grade school classrooms. Come and enjoy the meeting and then stay for refreshments. They, too, will be special, Millie Drake and Delores Stringer are making big plans to feed you well

Here's a big point about the beautiful 1973 Plymouth Fury you probably didn't know...it runs on regular gas.

Fury is not only a beautiful car, it's strong, solid and reliable, with such great engineering features as an Electronic Ignition System. What's more, Fury is engineered to run on regular gas. And that means a lot these days. There's a lot of value built into a Fury-all part of a plan to win you over. And now that you can get a Fury at year-end prices-well. it seems like a real good buy to me

So if you're looking for great value in a car, I'd advise you to spend a few minutes with your Chrysler-Plymouth dealer.

Throw a whole new light on homework

Provide your youngsters with well lighted study areas. Their progress in school and their attitude toward study depend on it. You can help prevent eyestrain and encourage learning by following these simple rules. Have a table lamp that is tall enough and equipped with a shade wide enough to spread light evenly over the entire work area. The lamp should have a 150 watt bulb and a diffusing bowl to soften the light and prevent glare. Have additional lighting in the room to prevent eye-tiring contrasts of brightness and shadows.
