Farming Activity Increase In April Could Seriously Affect Area Drivers

The annual increase in agricultural activity in April could have a serious effect on Midland-area automobile

Because agricultural activity receives 100 per cent of its fuel needs, increased activity could mean even less fuel at the gas pumps for non-priority users. Jim Kent, president of Kent Oil Co. and a Midland city coun-

cilman, said the Midland-Odessa area will "probably get by this month (March)" without too

The lifting of the Arab embargo will have a smaller effect on the buying public than it realizes, Kent stated, adding the demand for imported oil will not be as great as the consumer

Also, the flow of Arab oil to the United States will probably, in Kent's opinion, have little effect on domestic exploration and drilling. "The price rollback or an end to the depletion allowance" would have a much greater effect, Kent

Texas Congressman Calls For Crude Price Rollback

WASHINGTON (AP) Texas congressman wants oil prices rolled back to last November's levels, fearing that if they are not reduced, oil's effects throughout the economy could "really fuel the fires of inflation

"All this concern about long gas lines is trivial." said Democratic Rep Bob Eckhardt "Real earning power is going down and we'll run into real inflation" unless oil prices are pushed back

Eckhardt has prepared legislation that would price old oil at \$4.25 a barrel and new oil at **\$6** 17 a barrel

Old oil, estimated to be 70 per cent of current stock is oil flowing before the energy crisis set in. It is selling at \$5.25 a barrel, about \$2 above its November price. Eckhardt said. while new oil was listed in January by the Federal Energy Office at \$10.35 a barrel

Eckhardt said major oil pro-

Cost Of 'Shared' Funds

A great deal has been written about revenue sharing funds which are received with open arms by most state and local government units.

But the overall cost of the program has received little comment.

The Texas situation is an excellent example. General revenue sharing funds of \$311 million were handed to Texans in fiscal 1973, according to Tax Foundation, Inc., but for each of these dollars the state's residents paid a seven-cent "premium" in taxes.

The foundation, a publicly-supported research organization, found that the estimated tax burden for revenue sharing grants for Texas last year was \$332.5 million. This meant it cost the state's residents \$1.07 for each dollar of general revenue sharing funds received. Texas is one of 21 states, (including the District • of Columbia) paying more than a dollar for every dollar of revenue "shared.

The Tax Foundation explained that the tax figures pepper London with bombs. are derived from a formula which allocates the burden These two unhappy disclosures of federal taxes by state. Rattlesnake Roundup Starts Today

BIG SPRING—The Big Spring Jaycees' Rattlesnake Roundup gets under way at 8 p.m. today in the Webb Air Force Base Officers Club when twelve girls compete for the title of Miss Diamondback.

The snake hunt will begin Friday and continue through Sunday. The Jaycees will pay 20 cents per pound for rattlers on Friday. Saturday, the price drops to 15 cents, and Sunday to 10 cents.

Delbert Hutchings will demonstrate snake h a n d l i n g techniques between 10 a.m. and 6 p.m. Saturday and Sunday in the National Guard Armory by Scenic Mountain. The pro-fessional snake handler will show how to milk rattlers and how to skin snakes. Admission to the exhibition is \$1 for adults and 75 cents for children.

Jaycee-Ettes will prepare snacks and dinners from the snake meat.

Other events Saturday and Sunday will include rock displays by the Prospectors' Club and an exhibit of antique cars by the Early Car Club. Reptiles of all types will be shown and offered for sale by Lee Box, an exotic reptile dealer.

A Rattlesnake Dance will be held at 9 p.m. Saturday in the old Cosden Country Club. Tickets are \$5 per couple, purchased in advance from the Big Spring Chamber of Commerce. Tickets will be available at the door for \$6 a couple.

Cash prizes and trophies will be awarded at 5 p.m. Sunday to winning snake hunters.

Area Women To Attend **Press Meet**

Four Midland area residents will attend the 82nd annual convention of Texas Press Women Inc. in Arlington Friday through Sunday.

First place award for high school editorial writing will be presented to Diane Wemple of Midland High School. Mary J. Goodwin, TPW District 2 vice president, will accept the award on behalf of Miss Wemple, who is unable to attend.

Also attending the convention will be Myrtle Corley of Crane, District 2 president, Merry Jo Bright of Big Spring and Leona Smith from Midland

The convention will center around the theme "You've Come a Long Way, Baby." Topics for discussion include "Sandpail to Sandbox Journalism (digging up that story and keeping it covered)" and "What Do You Write About a Jalapeno Pepper That Has Just Given Birth? (making the dullest facts into a readable feature).

More than 100 Texas journalists are expected to attend the meeting.

Miss Wemple's winning editorial, which appeared in the Midland High paper, The Bulldog, Feb. 8, is entitled "Mail Diplomacy." It calls for better communications among peoples through pen pals.

Her editorial will be forwarded for national competition in June at the National Federation of Press Women convention in Bismarck, N.D.

Terrorists Outline Acapulco Demands

ACAPULCO, Mexico (AP) The Armed Revolutionary Vanguard of the People claimed responsibility Wednesday for kidnaping the son of a taxi fleet owner and demanded \$400,000 for the release.

The group that abducted Rogelio Camacho, 23, on March 19 also demanded publication of its communique attacking political and social conditions in the country, a 50 per cent discount in city bus fares for students. Insisting that police not intervene, it said if they were pursued by police Camacho would be killed

Introducing the 1974 Renaults. If we can get you to drive one, we can get you to buy one.

For Renault, or any other car manufacturer to come out and make a claim like that, they've either got to have a lot of guts. Or they've got to have a lot of car. At Renault, we like to think we've got a lot of the latter. A lot of car.

Because that's exactly what we build into every one of the nine new models we sell in America. Whether it's the exciting Renault 17 Gordini Coupe Convertible at \$5,210* With everything from electronic fuel injection to a remarkable hardtop, softtop, or no-top top. Or

that gives you an incredible amount of Our more luxurious Renault 12TL with reclining front bucket seats and rear window defogger standard. Or any of the other exciting Renaults in between.

Because every Renault, no matter which model, starts with standard features not even available on some cars, at any price. Features like front-wheel drive and steel-belted radial tires for better traction. Rack-and-pinion steering for sports car handling. Disc brakes for our very economical basic Renault 12 surer stopping. A 4-cylinder engine for

economy car economy. An all weather features for an incredibly low \$2,675.*. closed liquid cooling system. A large capacity gas tank so you have to fill it up less often. Luxury seats for luxury car comfort. Even an exceptionally smooth. optional, fully automatic transmission.

And performance and handling so noticeable, that we know once we get you to drive any of our surprising new Renaults, we'll get you to buy one.
