Thus says the Lord, "I made the earth, and created man upon it; it was my hands that stretched out the heavens, and I commanded all their host."

-Isaiah 45;12.

### Albaugh To Jackson!

Sen. Henry Jackson, D-Wash., has been on the receiving end of numerous letters, few if any of them complimentary, written by Midland and area residents . . and he deserved each and every one of them.

Ray A. Albaugh, independent oil operator of Big Spring, was among the letter-writers who took Jackson to task in no uncertain terms.

"Having viewed you and members of your committee on tv regarding the energy crisis, and since you were the least informed member of the committee about the petroleum industry . . . I have decided to direct this letter to you," Albaugh wrote.

Albaugh, who was born on a farm in Pennsylvania, five miles from the famous Drake well which was jor victim in the Central Intelligence Agency with the drilled in 1950 and who has been in the ciles selected has the diblous honor or being averaged about 30 per cent, far and away the most expension of the ciles selected has the diblous honor or being averaged about 30 per cent, far and away the most expension of the ciles selected has the diblous honor or being averaged about 30 per cent, far and away the most expension of the ciles selected has the diblous honor or being averaged about 30 per cent, far and away the most expension of the ciles selected has the diblous honor or being averaged about 30 per cent, far and away the most expension of the ciles selected has the diblous honor or being averaged about 30 per cent, far and away the most expension of the ciles selected has the ciles drilled in 1859, and who has been in the oil business forced retirement of its dedicated director of security, most of his life, knows whereof he speaks concerning Howard Osborn.

Becnel for years, as has Sen. Inectianish at work, because of trapping the deadly dust. Caracas, Venezuela, to 250 per average monthly rental for an with Malnak at Becnel's request, such as the control of the deadly dust. Caracas, Venezuela, to 250 per average monthly rental for an unfurnished, three-room apartor gas discoveries in Texas and one in Tennessee. He plex, the 56-year-old Osborn was caught up in the suphas drilled wells in other states and in Mexico.

"I have had dealings with practically all the major memo which described how never asked for a dime. I never oil companies," he said, "and find, like senators, university professors and contractors, there are all kinds

## **West Texas Eyes Threat** Of Drought

A spot survey of cities across West Texas indicates a broad area of the state is badly in need of rain and is-perhaps on the threshold of a drought.

Lack of rainfall coupled with high winds have triggered sand and dust storms in some areas and contributed to a flurry of grass fires around San Angelo and in Howard, Mitchell and Glasscock counties.

Scattered rainfall has eased the situation in some sections but for the most part ranchers and farmers have expressed concern that a severe drought is developing.

A good rain three weeks ago in the Amarillo area and across portions of the South Plains breathed new life in dryland wheat crops, but more is needed.

Cotton farmers, who enjoyed bumper crops and record prices in 1973, must have moisture soon to plant new crops. And the moisture also is needed to bring up sorghums and feed grain already planted.

Several observers were reluctant to label the situation a severe drought but all those sur-veyed said the dry conditions are serious and becoming more so each day.

Cattlemen are particularly concerned about the poor shape of their pastures because feed prices have made the cost of heavy feeding operations almost prohibitive.

## Lee YC Chatter

By LURETTA BYBEE, **BECKY MEYER and** JANET GIEB

Howdy Rebels! This week in the sports world:

Our Rebs have been looking Our Track team brought home a first place from the Amarillo Relays last weekend. Paul

Mladenka won the pole vault with a height of 13-0, and Milton Jones won first in the shot put with 54-91/2 This Friday in W. T. Barrett Stadium at Odessa, the Rebs

will compete in the District 5-4A meet. Lee has a great chance to win the crown, so support our team and go over to Odessa. Good luck, guys! Important Game Saturday, our baseball team

put down the Big Spring Steers by a score of 6-1. The Rebs looked impressive and now have a 3-1 mark in district play. Our Rebs travel to Odessa Tuesday to take on Permian which has a district record of 4-0. This is a very important game; everyone be there to cheer our Rebs on to-Victory!

Our volleyball girls travel to Abilene to play in the bi-district play-offs. Willie Lan. Trisha Kubik and Karen Johnson of Lee were named to the alldistrict team. Congratulations to these girls and good luck to the entire team on their coming

The highlight of last week had to be the 1973-74 Senior Play. It was written by a talented staff made up of Emily Armstrong, Steve Hankinson. Nancy Matchus, Jan McEwen, Katie McMillian, Susan Nance, Donnie Patchell and Marla Weatheral. The cast included approximately 70 seniors, all quite talented, but too many to name.

The senior song for this year was announced "We May Never Pass This Way Again." The senior colors and flower for this year are Maroon, Pink, and Carnations. If you missed it, you really missed something. Senior Girl Party

Tonight at 7 o 'clock all girls giving the second senior girl party and their mothers are asked to attend a meeting in the Lee Youth Center. This will be a very important meeting and YOU must be there! The party is a month away and we need to get things rolling, so please come! Also, if you have not turned in your \$10 deposit, do so at once to Janet Gieb. Thanks!

ATTENTION ALL PARENTS !!! This message is to you. We may be the first senior class not to have an All-Night Party after graduation, unless you get busy. This year it's Lee's turn to start the party plans so, if you are willing to help call Mr. Collins at the Youth Center right away! Thank You!.

Monday was Katie McMillian's birthday, along with Lisa Troy's. Happy Birthday to you both. . hope it was a good day! Chat with you later! LBJ

## Mercury's 'Moon' Just **Bright Star**

PASADENA, Calif. (AP) - A nysterious object detected by Mariner 10 has turned out to be very hot star rather than a

The extremely bright object t first was believed to be a moon circling the planet Mer-cury, which Mariner has been photographing.

But Dr. A. Lyle Broadfoot of he Kitt Peak National Obseratory near Tucson, Ariz., said Monday it was a star in the constellation Corvus.

He said an instrument aboard Mariner which was sweeping space in search of a moon was designed to search for an atmosphere around Mercury and had not been expected to detect stellar radiation

Confusion Explained Dr. James Dunne, Mariner project scientist, said the confusion arose when both Mercury and the object grew fainter as Mariner shot away from Mercury at 24,000 miles an

He explained that quick calculations indicated that the object's movement and change in brightness could be the pattern of a moon circling the planet. "That was an unfortunate

coincidence that fooled us, Dunne said. He said that after the moon theory was announced at a conference Sunday "a couple of bright young navigation scientists" noticed there was a star in the area and

might be what was believed a Heat Problem Develops It was later discovered that the object actually wasn't becoming dimmer as Mariner

moved away. Mariner encountered a heat roblem Monday

A Jet propulsion Laboratory spokesman said temperatures inside a vital equipment compartment soared to 109 degrees.

nearly 40 degrees above normal. The rise continued slowly. "We can live with the temperature" for the present time, he said. He added that engineers were uncertain what temperature would silence the spacecraft

Officials said the overheating and a power shortage might make it impossible to bring the spacecraft back for another flyov of Mercury next Septembe as scientists had hoped.

### Dallas Considers **Boosting Landing** Fees At Love Field

DALLAS (AP) - The city of Dallas will begin negotiations to raise landing fees at Love Field from 5 to 65 cents per thousand pounds in the latest escalation in a war with three

City council members authorzed the negotiations Monday during a stormy meeting over the use of Love Field for commuter flights of Braniff, Southwest and Texas International.

The council delayed a decision, however, on the outright closing of Love Field, something the airlines say would be in violation of a federal court or-

65-cent figure is the land Worth Regional Airport, which the city says should be used exclusively by the airlines.

The airlines and Dallas and Fort Worth are involved in extensive litigation concerning the use of Love Field, which was due to have been pre-empted by the regional facility.

#### Churchill Widow Helps To Launch Centenary Year

LONDON (AP) - The widow of Sir Winston . Churchill has joined with four of her huspand's successors to launch Sir

Winston's centenary year. Baroness Spencer-Churchill Frail celebrated her 89th birthday Monday by tossing a onepound note into a silver bowl as part of a campaign to build two memorials to her husband. Joining her were Prime Miniser Harold Wilson and three ormer prime ministers - Edward Heath, Sir Alec Douglas-Home and Lord Aven, formerly Sir Anthony Eden.

Natural Gas Corp. customers will pay an additional 22 cents per thousand cubic feet if a requested rate increase is ap-

The new adjustment would increase the customer's monthly bill to 66.1 cents per thousand cubic feet or a total monthly increase of about \$1.50. Houston Pipe Line Co., a subsidiary of Houston Natural, has asked the Texas Railroad Commission to adjust its "domestic city gate rate" to equal increases in the field price of gas, Robert Herring, chairman and president of Houston Natu-

ral, said Monday. The city gate rate is the wholesale price charged by Houston Pipe Line for gas it sells to Houston Natural for retail distribution to domestic customers in Houston and the 115 other communities

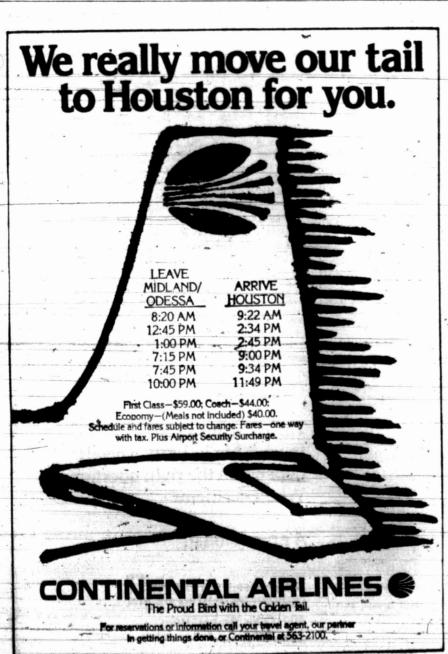

Herring said Houston Pipe Line is trying to recover only the increase in the cost of gas it sells. He said the same amount will be passed along to Houston Natural customers.

The basic city gate rate was last increased in 1971 from 33.7 to 38.3 cents per thousand cubic feet with periodic "cost of gas" adjustments increasing the rate to its present 44.8 cents per thousand cubic feet.

summer.

CASA GRANDE, Ariz. -Midland's Cubs dropped a 9-5 Cactus League exhibition decision to Texas League rival Amarillo Monday at the plush Francisco Grande Baseball Complex, resort home of the San Francisco Giants, but the long trip was not without it's saving graces.

First, there was lunch with Chicago roving coaches Fred Martin and Ernie Banks, whose greeting was "Midland's going to win on opening day."

Fred pointed out that that was a pessimistic statement for Ernie.

Second, the Giants' player that helped us out with background of Amarillo starters, turned out to be R. J. Englert, who played his baseball at Big Spring High School and Texas A&M before

# APARTMENTS

## the longer you stay the less you pay

Introducing BONUS LIVING . . . the newest idea in apartment rentals. Earn your way to lower rents by staying longer in your apartment. The chart at right shows how BONUS LIVING works. Select the rent you'd like to pay and sign a lease for that period of time. Pay the single monthly rate (see col. A on thart) and earn an additional 1, 2 weeks, for 1 or 2 months rent free, as a bonus. The net monthly cost to you is lower because of the additional earned living in the various lease categories. The longer you stay the less you pay . . .
