## Pecos Sector Gets Second Gas Horizon

Chevron Oil Co. has dually completed No. 1 Doris Kootz, as a Wolfcamp discovery, and the sixth current Ellenburger producer and 3/4-mile northwest extension to that pay in the Grey Ranch, West (Ellenburger) field of Pecos County.

The Wolfcamp zone had a calculated, absolute open flow of 10.6 million cubic feet of gas per day. Condensate gravity was 45 degrees and gas-liquid ratio was 203.570-1.

Production was through perforations at 9,008-9,063 feet, which had been treated with 17,000 gallons of acid.

The Ellenburger pay had a calculated, absolute open flow of 15.5 million cubic feet of dry gas per day, producing through perforations at 18,910-20,380 feet, after it had been acidized with 60,000 gallons.

Drilled to 20,500 feet, with five-inch liner hung from 14,210-20,496 feet, it was plugged back to 20,423 feet.

The following tops were picked: Wolfcamp, 4,960; Mississippian, 16,072; Devonian, 16,637; Fusselman, 16,762; Simpson, 17,061; and Ellenburger, 18,908 feet.

Suggested field designation for the discovery pay is Grey Ranch, West (Wolfcamp).

Wellsite is 1,980 feet from north and 1,727 feet from east lines of section 33, block 101, MEP&P survey, 34 miles southeast of Fort Stockton.

## South Plains Tests Slated

Exploration has been planned in Hockley, Kent and Motley counties.

Texaco Inc. has planned No. 1 C. T. Page, an 8,650-foot wildcat in Hockley, six miles southwest of Levelland.

It is 2 1/2 miles south of the Lunker (lower Clearfork) field, and spots 660 feet from south and west lines of labor 19, league 31, Baylor CSL survey.

Kent Searcher Andover Oil Co. of Tulsa, Okla., will drill No. 1 Boone in Kent as a 4,600-foot exploratory test, three miles west of Girard.

Drillsite is 660 feet from south and 467 feet from west lines of section 119, block 1, H&GN survey, 2 1/2 miles southeast of the Gilpin (4,450)-field, but separated by failures.

Motley Deepening In Motley, Pierce & Dehlinger of Midland, intend to re-enter and deepen from 435 feet to 4,600 feet at No. 1 G. W. Campbell, seven miles southeast of Roaring Springs.

Originally drilled by C&S Drilling Co. as No. 1 Turner, it is 660 feet from north and east lines of section 282, block 1-A, BS&F survey, 1 1/2 mile southeast of the Roaring Springs (Permo-Pennsylvanian) field.

## Committee Awaiting Tape Request Reply

WASHINGTON (AP)—The House Judiciary Committee is waiting for a promised reply from the White House to its request for tapes of 42 presidential conversations.

Chairman Peter W. Rodino Jr., D-N.J., has scheduled a committee meeting for Wednesday or Thursday to deal with the question of a subpoena if today's reply is unsatisfactory.

In a letter released by Rodino Monday, James D. St. Clair, President Nixon's chief impeachment lawyer, said that despite progress in recent weeks the dispute has not been resolved.

He indicated the White House is not prepared to surrender all 42 presidential conversations the committee wants and requested Feb. 25.

The committee last week set a deadline of today for a yes or no answer from the White House as to whether it will give up the tapes.

There is a possibility that partial compliance by the White House will be sufficient to head off the confrontation a subpoena would produce.

Committee Counsel John Doar disclosed last week that the committee is willing to accept initially only those tapes St. Clair says are relevant to the impeachment inquiry. But the committee would retain the right to demand all the tapes it originally requested.

Rodino is also being put under pressure by some Republican members to permit a vote this week on the procedures the committee will follow in handling the evidence gathered by the impeachment staff.

Rodino and Doar would like to keep the procedure flexible until the documentary evidence has been presented, but Republicans are demanding that the right of St. Clair to be present during the presentation be settled now.

Rodino said the staff is having a hard time drafting the procedures and that they would not be ready for consideration until the second week after the Easter recess. A major problem, he said, is devising a means of protecting the confidentiality of the evidence during its presentation.

At Monday's committee session Doar said he was "very, very fearful of the possibility of leaks."

Meanwhile, House Majority Leader Thomas P. O'Neill said in Boston that if the House Judiciary Committee recommends Nixon's impeachment, the House would vote overwhelmingly to impeach.

## Mills Sides With Oil In Panel Vote

WASHINGTON (AP)—The House Ways and Means Committee has refused to drain an extra \$2.1 billion from the petroleum industry's profits for 1974 and 1975.

Committee Chairman Wilbur D. Mills, D-Ark., cast the deciding ballot Monday as the tax-writing panel voted 13-12 against an amendment aimed at boosting the oil industry's taxes.

Oil-state forces on the committee thus scored a significant victory. They have been fighting to allow oil companies to plow back into exploration and development money which the

(See MILLS Page 4A)

## LATE NEWS FLASHES

WASHINGTON (AP)—The Senate has adopted a campaign reform bill amendment cutting proposed spending limits by 20 per cent. The vote was 46 to 43.

WASHINGTON (AP)—The House Ways and Means Committee voted 14 to 5 today to keep the 22 per cent depletion allowance for natural gas shipped across state lines.

MEDIA, Pa. (AP)—A former United Mine Workers official who has confessed to hiring the three men convicted of killing UMW insurgent Joseph "Jock" Yablonski testified today that he originally had been approached about murdering another man.

A SLOPPY LOVE PAT—Christopher Hughes is giving his mother a little love pat, above. But as you can see Mrs. Diana Hughes got a little more than she bargained for from her three-year-old. It was all part of parents day at a nursery school in Toronto as parents joined kids in finger painting and sculpting. (AP Wirephoto.)

## Vote Set To Limit Debating

WASHINGTON (AP)—A possibly decisive test is at hand in the Senate battle over campaign reform legislation.

A second vote on putting the Senate's debate-limiting antifilibuster rule into effect was set for today.

A first attempt last Thursday fell four votes short of the required two-thirds majority of senators voting.

Up for action ahead of the vote on limiting debate was an amendment by Sen. James Allen, D-Ala., to reduce the campaign spending ceilings in the bill.

The amendment would limit expenditures in primary campaigns to eight cents times the voting age population instead of 10 cents, and in general elections to 12 cents, instead of 15 cents, times the voting age population.

Allen, who is leading the fight against use of tax funds in financing federal campaigns, said his amendment would save \$100 million every four years.

The bill provides for full government funding of general election campaigns of major party candidates for president and for the Senate and the House up to the spending limits set.

In primaries, matching federal grants would be provided for private contributions of \$250 or less to presidential candidates and of \$100 or less to congressional candidates once they had raised a threshold amount.

Majority Leader Mike Mansfield, D-Mont., said that if a two-thirds majority is not obtained for shutting off debate this time, it is an open question whether a third attempt will be made.

However, Republican leader Hugh Scott said he and Sen. Edward Kennedy, D-Mass., two of the chief advocates of public financing, think it is worth carrying on the fight.

The antifilibuster rule is put into effect, Mansfield predicted, if the bill could be passed before heavy loads and not to obtain the economy, the GM spokesman said.

# Gas Saving Gadgets: Investigate Before You Buy

By BOB MONROE  
Associated Press Writer

"Save up to 2 gallons of gas every hour you're on the highway."

"Burn water in your car ... up to 5 more miles per gallon."

"Amazing new ignition activator ... multiplies spark to give ... better gas mileage."

Those claims for three de-

vices advertised in an automotive parts catalog are typical of the benefits promised motorists by companies that sell so-called gas savers.

In a time of shortages and higher gasoline prices, promoters of such devices appear to have increased their sales efforts in some states. But do the gadgets really deliver?

"I don't know of anything that motorists can attach that will improve their mileage a significant amount," says automotive engineer Bob Knoll, head of Consumers Union's auto test division.

The Pennsylvania Bureau of Consumer Protection has issued a general warning to motorists to be wary of claims that vari-

ous gadgets will improve gas mileage.

And state attorneys general in California, Arkansas, Kansas and Minnesota have looked into the advertising of various manufacturers. In some cases they have taken or threatened legal action over the claims.

Particularly popular among manufacturers this year are de-

tors, however, said its engineers "know of no fuel economy benefits from water injection."

A shop near Albany, N.Y., reported installing about 300 such devices which it guarantees will increase a car's mileage from 14 to 15 miles per gallon. It costs \$49.50 plus \$20 in- stallation.

A spokesman for General Mo-

signed "know of no fuel economy benefits from water injection."

Water injection was used in some World War II fighter planes, but the purpose was to prevent preignition under heavy loads and not to obtain the economy, the GM spokesman said.

Waggoner Carr Thankful To Jury

## 'Thankful' Carr Heading Home Following Acquittal

DALLAS (AP)—"Thankful" After the verdict was read to the jury that freed him, Waggoner Carr headed for his Austin home today after being innocent of federal fraud.

"I'm happy the and conspiracy charges in a jury saw that justice was done."

Carr, former Texas Insurance Commissioner John Osorio trumped up "political plot" and Dallas businessman David Hoover walked out of federal court here, free men Monday, nearly seven weeks after the government began its long and complicated prosecution.

After the verdict was read, Carr strolled from the courtroom, saying little but with a big smile on his face. "I'm very happy about it (the innocent of federal fraud)," he said. "I'm happy the and conspiracy charges in a jury saw that justice was done."

Osorio called the trial a "political plot" and Dallas businessman David Hoover walked out of federal court here, free men Monday, nearly seven weeks after the government began its long and complicated prosecution.

## Henley's Lawyers Say News Coverage Too Good; Want Trial Site Changed

SAN ANTONIO, Tex. (AP)—because prosecutors said they were not prepared to reply.

The second motion seeks to have the indictment dismissed because of what the lawyers called misconduct by Don Lambright, a Harris County (Houston) assistant district attorney.

Gray asked that Judge Dial throw out any evidence gathered by Lambright if he does not dismiss the indictment.

The defense lawyer told Judge Dial that Lambright had persuaded Robert Weidner, a former jail guard, to worm his way into Henley's confidence and relay information to the prosecution.

"We expect to prove this jailer communicated on numerous occasions with Don Lambright by telephone at various hours ... and that he developed confidences and passed on to Lambright attorney-client communications," Gray said.

Judge Dial said even if Gray

proved his allegations, he would have to show what evidence the prosecution developed from the jail guard under the so-called "fruit of the poisoned tree" doctrine.

Lambright denied he had conspired with the guard and said it was his office which had Weidner indicted in an unrelated sodomy case involving another prisoner.

After Weidner was fired, it was learned that he had taken pictures of Henley and sent them to a California lawyer.

"He (Weidner) apparently saw some way to make some money," Lambright said of the picture taking.

In rapid-fire order Monday Judge Dial heard arguments on (See HENLEY Page 4A)

## Strong Winds Tornadoes Hit South Again; One Killed; 24 Are Injured

Strong winds will blow in the Midland area, as fair skies and warmer temperatures are predicted through Wednesday by the National Weather Service at Midland Air Terminal.

High today will be in the low 80s and the low during the night will be in the middle 50s. High Wednesday will be in the middle 80s.

High Monday was a "cool" 71 and low during the early morning hours was 44.

Winds are south to southwest, 18 to 28 m.p.h. this afternoon, with occasional stronger gusts. Winds will diminish tonight.

Meanwhile clear weather lingered across Texas today, except for some high clouds in western sections.

(See WEATHER Page 4A)

By THE ASSOCIATED PRESS, and five other persons were injured.

Tornadoes have struck again at four Southern states, killing one person and injuring more than two dozen. Widespread damage was reported.

The twisters hit sections of Georgia, Tennessee, Alabama and South Carolina on Monday, Mill, uprooting trees, damaging a grocery and overturning two mobile homes. Police said there were no injuries.

A twister skipped through the York County, S.C., town of Fort Mill, uprooting trees, damaging a grocery and overturning two mobile homes. Police said there were no injuries.

Eight persons were treated at hospitals and released after a tornado struck the northern part of Gainesville, Ga. Several homes and businesses were smashed their mobile homes and businesses were home at Lester, in southwest Georgia.

A tornado also slashed into the National Weather Service Athens in southeast Tennessee, said it may have been the same damaging eight businesses, 15 homes and a school communities in a 100-mile march from west to east.

**TPW AWARDS TEA** — Writing awards were presented to Texas Press Women at a tea Sunday in the home of Mrs. Hershell Nixon, 800 N. F. St. Pictured, left to right, are Mrs. Jolly Schram, who received first, second and third places; Mrs. L. R. Goodwin, two firsts, who is presenting the first high school award to Diane Wemple; Mrs. Carolyn Fitz-Gerald, first, second and third places plus seventh place in sweepstakes, and Mrs. Nixon, a second place.

**Use Bacon** You will not have any trouble with meat loaf sticking to pan if you put a few strips of bacon in the bottom of the pan before filling it with loaf mixture.

**Book Protection** Cover your cookbooks with pieces of plastic to protect them from moist cooking ingredients. If the cover becomes sticky, it can easily be wiped off with a damp cloth.

**Add To Dressing** If you keep a pot of chives over salad greens, add some of them thoroughly with a cut lemon before the dressing is put over salad greens.

**Tender Meat** Rub both the inside and outside of a dressed chicken with a cut lemon juice and tender.

## American Legion Auxiliary Attends Alpine Convention

Several members of the American Legion Auxiliary of Woods W. Lynch Post No. 19 attended the auxiliary's 16th District convention Saturday and Sunday in Alpine. Mrs. Harvey Holcomb of Odessa was elected new district president. Mrs. Elvie Williams, president of Alpine Auxiliary No. 79, opened the convention, and 11 units presented reports. During the Saturday luncheon, past citizens of Bluebonnet Girls State reported on information girls need prior to attending Girls State. They were Connie Corneille, Denise Kareen and Jan Ponton, 1793 citizens.

Following the luncheon, reports continued and Mrs. Leon Billingsley of Odessa, outgoing 16th District president, announced the appointment of convention committees before the group toured the Sul Ross State University Museum. A joint meeting was held by the 16th District Commander Larry Bowen of McCamey and Mrs. Billingsley, preceding a dance.

A memorial service was conducted Sunday. Mrs. Jack L. Whitson of Houston, department president and member of Woods W. Lynch Post No. 19, and Mrs. Maurice Kubly, national vice president, presented greetings.

In the membership report, it was announced Mrs. Charity Sue Young of Post No. 574 of Midland was fifth in the nation in obtaining her 1973 membership goal.

Mrs. Myrtle Cooper and Mrs. Paul Adams of Midland Post No. 19 served on the rules and credentials committee for the convention.

The Midland auxiliary of Post No. 19 received hospital, rehabilitation and field service awards, and Mrs. Howard Griffith and Mrs. Hazle Miller of Midland received awards for having volunteered more than 1,000 hours each to the projects. Mrs. Lee Brady of El Paso Auxiliary of Post No. 58, is the department hospital and field service chairman. Serving with her are Mrs. Al Leigh of Midland Post No. 19, Mrs. Garland Smith of McCamey Post No. 421 and Mrs. Naomi Norton of El Paso Post No. 36.

Mrs. Smith was elected new 16th District vice president.

## Dear Abby

### She's Had 27 Children - Where Did Love Go?

-By Abigail van Buren

**DEAR ABBY** I am 44 years old and pregnant, but that's not possible nose. I'm serious my problem. I have had 27 children. I was married the first time when I was 14. I had three by my first husband and 24 by this one, and it seems that the more children I have, the less interest my husband has in me.

**DEAR ABBY** A widow wrote you, about not receiving any wedding anniversary cards after her husband had died. I knew he'd never go, and I lost my husband before our 24th anniversary and would like inside a Catholic church except to tell you what happened on our children's christenings and weddings.

The priest told me to pray children (all college age) plus to God that my husband would see the light and fall in love four of us at one of our better with me again, but I know that is never going to happen.

He's a good man in many ways. He has never raised his hand against me. He has worked steady and doesn't owe anybody a dime, but he is not nearly as loving as he used to be. And I miss that.

Can you help me? Could he be because he was born and raised in Mexico, and I was born and raised in Texas?

**DEAR TEXARKANA** Maybe, of the happiest day of your life. Most Mexican-born men have the old world Spanish attitude about women — they should be seen and not heard, always have a baby in their arms and another on the way, stay home, and never complain.

**DEAR ABBY** I am being held prisoner against my will in the Oklahoma State Penitentiary in McAlester, Okla. Please send hacksaw blades, jeweler's string and instructions on how to saw through inch envelope, please.

Louis Chase; Mrs. Robert Duncan, San Antonio artist, whose paintings were exhibited; Mrs. L. Decker Dawson, in whose home at 2000 Winfield St., the show was held, and Mary Dawson. The alumnae also sold baked items during the event.

**MSUW Schedules April 19 Meet**

The Midland Society of University Women will meet at 10 a.m. April 19 in the home of Mrs. Leslie Dunlap, 1204 Community Lane.

**Good Substitute**  
If you have no sterilizer, the bun warmer will make a good substitute. Its adjustable vent allows steam to escape and it has a convenient wire rack. Ad-just the steam vent so enough steam comes out to keep the cover from popping off. Steam and chili cheese dip with the required time.

**Gourmets Enjoy Mountain Trout**

The Bon Appetit Gourmet Group of the American Association of University Women met recently in the home of Mr. and Mrs. Jimmy Floyd, 1510 Princeton St., for a mountain trout dinner. The trout was caught by Floyd on a fishing trip.  
Co-host couples were Mr. and Mrs. Bob Jones, Mr. and Mrs. Ralph Jones, and Mr. and Mrs. Bruce Pope.  
Bacon wrapped water chestnuts, cheese puffs, sour cream canapes, olive roll-ups cover from popping off. Steam and chili cheese dip with raw vegetables were served as appetizers. The trout was served with blanched almonds and lemon slices accompanied by carrot and pea salad, scalloped potatoes and hot rolls. The dessert was cherry cheese torte with coffee.  
Members attending in addition to the host and co-host couples were Mr. and Mrs. Charles Stark, Dr. and Mrs. J. Ben Anderson, Mr. and Mrs. Delmer Woods, Mr. and Mrs. Stanley Treanor, Mrs. Dan McAllen, Mr. and Mrs. E. Jay Helm, Mr. and Mrs. Bill Johnson and Mr. and Mrs. George Berry.  
Mr. and Mrs. Jerry Carson were guests.  
The May 4 meeting will be held in the home of Mr. and Mrs. Berry, 2000 Neely St.

**Easter Plants Tips Suggested**

As predictable as the showers of April, pots of Easter lilies now are making their appearance on florists' shelves and even the most urban apartment dweller can enjoy the flaring trumpet-shaped blooms.

For the longest period of indoor bloom, the Society of American Florists suggests you choose an Easter lily that combines buds and half-opened blooms as well as fully-opened ones. Each bloom when fully-opened will last about five days, providing a succession of bloom for up to three to four weeks.

Like most indoor flowering plants, the Easter lily prefers a cool location, bright light and plenty of water. Avoid placing the plant in direct sunshine such as a window sill. Keep the plant well-groomed and longer-lasting by removing yellow anthers from blooms as they open and plucking faded blossoms regularly.

Lily plants are traditional gifts during the Easter season, but once you've made their acquaintance you may be surprised at how often the lily's form is reflected in home furnishings, carvings and objects of art. The plant has been cultivated since 1597 and has been a favorite of artists and gardeners. According to legend, the white lily sprang from the milk of the Greek goddess, Hera, and symbolizes purity and chastity.

A favorite design of the period of art nouveau at the turn of the century, the lily has been revived as a popular design in the fine art glass of modern American glassblowers.

**FEDERATION DEBUTANTES** — Presented at the City Federation of Black Women's Clubs annual debutante ball Saturday were, from the left, back, Sandra Howard, Cynthia Webb, Marcia Jones, Belinda Merritt, Roslyn Johnson, Brenda Iglehart, Gloria Wallace, Donna Griffin and Debra Jones, and, front, Alice Lathan, Mary Wanda Jones and Janice Phillips.

**Black Women's Federation Has Annual Debutante Ball**

The City Federation of Black Women's Clubs sponsored its annual debutante presentation Saturday in the Regal 8 Inn ballroom, with music provided by the "Soul Children" of Odessa.

**Thomas Dwight Bowles' To Reside In Midland**

**ANDREWS** — Mr. and Mrs. Thomas Dwight Bowles will be at home in Midland after a wedding trip to Ruidoso, N.M. The couple, she is the former Jana Kaye Mosley, was married here Saturday.

The bridegroom, son of Mr. and Mrs. G. D. Bowles of Luling, is employed in Midland by Mobil Pipeline Co. He holds a B.B.A. degree from Southwest Texas State University.

Mr. and Mrs. James W. Mosley of this city are the parents of the bride, a former student at Hardin-Simmons University, where she was a member of Beta Gamma Epsilon. She is enrolled as a senior and will begin studies in June at The University of Texas-Permian Basin.

The double ring ceremony was performed at 7 p.m. by the Rev. P. A. Mitcham in the First Baptist Church. A reception followed in Fellowship Hall.

Mrs. Kenneth Morrison of Fayetteville, N.C., was her sister's matron of honor. Bridesmaids were Gwen Glazene, Midland, and Marita Mangrum of Richardson. Mrs. Tommy Browder, Levelland, and Mrs. J. W. Hall, Manchaca, sister of the bridegroom, were

**Thomas Dwight Bowles' To Reside In Midland**

the bridesmaids. D'Ann Hall of Manchaca, niece of the bridegroom, was the flower girl. The ring bearers were Paige Derek Hall, Manchaca, nephew of the bridegroom, and Lance Mosley, cousin of the bride.

Billy Scott Voorhies, Stephenville, and Michael Ross, Luling, cousin of the bridegroom, lighted the candles. Music was provided by Mrs. Curtis Nix, organist, and Kenneth Morrison, brother-in-law of the bride.

J. W. Hall of Manchaca was best man for his brother-in-law Leonard Trout of Midland ushered. The groomsmen were Jamie Mosely, brother of the bride; Barry Moak, Midland; Teddy Robbins, Anson, and P. A. Micham Jr., Odessa.

The bride, given in marriage by her father, wore a formal gown of silk organza and Viennese lace. The fitted bodice had Renaissance sleeves and a scooped neckline enhanced by lace appliques. The A-line skirt and chapel train were bordered by fluted ruffles headed with lace and applique motifs. A headpiece of seed pearls held the shoulder-length veil, which had appliques of matching lace. She carried a bouquet of pearlized leaves and lace, baby's breath and stephanotis atop a Bible. She wore an opal drop and earrings, gift from the bridegroom, and carried a handkerchief that belonged to a great-grandmother.

Members of the reception house party included Barbara True, Judy Voorhies of Lamesa, cousin of the bride; Mrs. Randy Dollopp of Waco, cousin of the bride, and Mrs. James McMillion of Lubbock.

FOR COURT-APPOINTED WORK—

# Commissioners Postpone Paying Big Attorney Bill

**By D'eva Luthringer**  
The Midland County Commissioners Court Monday received statements totaling \$10,000 from attorneys Randall Lundy and Bruce Pope for their work in a murder case last month.

Lundy sent a bill for \$6,000 and Pope's statement was for \$4,000. They had served as court-appointed attorneys to defend Tommy Manus who was convicted and sentenced to 20 years in prison for shooting to death a Canadian carnival worker in Midland.

The commissioners approved the paying of the other routine bills but set aside the bills from the attorneys.

**Matches Budget Item**  
The \$10,000 figure, which matches the county's entire 1974 budget for court appointed attorneys, was approved by 142nd Dist. Court Judge Perry D. Pickett.

The usual procedure during the bill-paying sessions in commissioners court is to pay the bills presented in a blanket motion, but Monday, the attorneys' bills were excluded. There was no discussion on the matter.

During a break in the commissioners meeting, County Judge Barbara Culver and Commissioner Charlie Welch were asked about the deletion.

They said the court wishes to determine whether it is bound by the 142nd Court's order to pay the sum.

**Some Already Paid**  
As of now, there is not enough money in the budget to pay the \$10,000 because \$1,000 already had been paid to attorneys in other cases by March 30.

Additionally, according to the county auditor's office, several requests for payment of fees to court-appointed attorneys in cases tried since the first of April have not been ordered but have not yet been processed for payment by the auditor's office.

Texas law sets \$250 per day or portion of day in court as the minimum fee for attorneys in a capital case and sets no maximum, saying only that a reasonable sum should be paid.

In their motion for compensation, Lundy said he spent 376 hours of "billable" time in preparation of the case and in trial and Pope said he spent 281 hours.

**Hearing On Compensation**  
During the March 25 hearing on compensation, the attorneys estimated 10-12 days in court on the case and Pickett's order said the minimum they should receive by law is a total of \$5,000.

Three local attorneys were called to testify concerning what would be a reasonable fee for

the work Pope and Lundy did. They were Ross E. Freeman, Vann Culp and James T. Smith. Culp recommended \$10,000; Smith recommended \$10,000; Freeman recommended \$15,000.

This was the first capital case tried here under the new law and Martin Allday, who represented Lundy and Pope in the hearing, pointed out, "It was almost a case of first impression."

**Like Plowing New Ground**  
Lundy testified: "It was kind of like plowing new ground... and maybe if it had been another time and we had done it before, it might have been a little bit less time-consuming."

He told the court that he did very little work on other cases while he was preparing and trying the Manus case.

In making his recommendation of \$10,000, Culp said this "is about all the court would be justified in allowing," but said \$25,000 would be "a very minimum type bill" if ordinary fees were charged.

He added that the fees in one capital case tried in this county amounted to \$50,000.

**General Fees Listed**  
Smith said a general fee would be \$40 per hour for Lundy, a senior partner in the law firm, and \$20 per hour for Pope, a junior partner.

He said \$20,000 would be a

fair fee, but... "I just don't feel that the county can pay that kind of money..."

Pickett said during the hearing: "It is not a question so much as what the lawyers deserve," adding that \$25,000 would be minimum on that basis.

"The thing I have to be somewhat concerned about is the overall policy that this court has to adopt, keeping in mind you have got somewhat of a rural type commissioners court over there... And we have got pending now five or six of these capital cases."

**Shouldn't Be Penalized**  
"In this instance we have two competent lawyers, very able lawyers, who paid the price. And I certainly don't think they should be punished or penalized for so doing."

"But on down the road, I can envision..."

After ordering the \$10,000 fee, Pickett said, "Now, it is going to create some problems, which as a matter of precedent and... the precedent problem is going to create some problems for me on lawyers that give a case lip services — and I know they do — and they are going to come in here and want a fee of \$10,000."

"But I will have to handle that. It is nothing like this here."

**HENLEY BACK IN COURT** — Elmer Wayne Henley, right, is brought to the Bexar County Courthouse to face a pre-trial hearing in San Antonio. Henley is accused in six of the 27 mass murders that were uncovered last summer in Houston. Chief Deputy Rudy Garza is at left. (AP Wirephoto.)

# Syrian-Israeli Fight Continues

**By THE ASSOCIATED PRESS**  
Clashes between Syrian and Israeli forces in the Golan Heights entered their fifth week today as Syria reported renewed fighting on Mt. Hermon at the northern end of their cease-fire line.

A communique from Damascus said "bitter ground fighting" resumed at dawn as Syrian heavy artillery and tanks went into action to prevent an Israeli attempt to "improve enemy positions" in the northern sector of the 40-mile front.

This was a reference to the 300-square-mile salient Israel captured on the Kuneitra-Damascus road during the October Middle East war.

For the past four days, Israeli and Syrian forces have fought sharp battles on the western slope of the 9,000-foot Mt. Hermon, apparently for

control of a strategic vantage point.

Israel has an observation post on the mountain from which it can monitor most of Syria's military movements on a plateau stretching from the Golan Heights to the outskirts of Damascus.

Beirut press reports said today that Syrian forces have captured a few Israeli positions on Mt. Hermon, but the reports were not confirmed.

## Midland Receives Revenue Funds

Midland received a \$141,099 federal revenue sharing check Monday afternoon.

The money, part of the fourth entitlement period, will be placed in a special revenue sharing fund, to be used for such city projects as new lights for the new teenage hardwood diamonds, street improvements and other needed public works projects.

**MILLS—**  
(Continued From Page 1A)

federal government otherwise would be collecting as a proposed new windfall profits tax.

Besides the windfall profits levy, the oil tax reform bill being written by the panel also would eventually phase out the petroleum depletion allowance and would revamp the tax treatment of American oil company income earned abroad.

Petroleum firms use the depletion allowance to save some \$2 billion to \$3 billion a year in federal taxes.

According to new figures from the committee's expert staff Monday, the bill would gain \$16.8 billion in additional federal revenue from the petroleum industry through 1979.

The amendment proposed by Rep. Joseph E. Karth, D-Minn., would have added \$2.1 billion to this amount for this year and next year.

The Karth amendment would have let the government collect 100 per cent of the revenue generated through this new windfall profits tax this year. For next year, the government would have collected half the revenue raised by the new tax — with the other half going toward plowback. For the three remaining years that this tax would be on the books, the industry could have 100 per cent plowback.

# '73 Taxes Adding To Nixon's Burden

**WASHINGTON (AP)** — President Nixon, already beset by back taxes of \$467,000, faces an estimated income tax for 1973 of more than \$100,000. To avoid interest charges, he should pay nearly \$30,000 by Monday night, according to the estimate.

An estimate of the President's 1973 tax return was prepared by The Associated Press and a professional tax adviser. It was based on re-evaluations of his past four returns completed last week by the Internal Revenue Service and a congressional committee staff, plus personal financial data previously released by Nixon.

The estimate shows: —Income of \$303,723, most of it from his \$250,000 presidential

salary and expense allowance, the rest principally from interest and profits on a real estate deal.

—Deductions of \$77,938, nearly half of it for interest payments and almost one-third from property taxes for his houses in Key Biscayne, Fla., and San Clemente, Calif.

—Tax due of \$109,310. The White House said in December that \$5,662 is taken from his salary and expense checks each month, meaning he already has paid \$67,940 toward his taxes through withholding. He also left \$1,000 from last year's refund.

The resultant balance due would be \$40,370.

Nixon's Los Angeles tax pre-

parer, Arthur Blech, said last weekend the President has requested an extension of time to file his 1973 return because of the complexity of last week's IRS decision that Nixon owes \$432,787 in back taxes plus interest. The President has agreed to pay it.

But even with an extension the taxpayer must pay 90 per cent of his eventual tax bill by April 15 if he is to avoid an interest charge. For Nixon, that would mean \$29,439 by April 15.

The IRS and a report from the staff of the Joint Congressional Committee on Internal Revenue Taxation disallowed a number of deductions Nixon had taken during his first four years as president.

Most costly of these were his charitable contribution deductions for pre-presidential papers he said he donated to the government before a law ending the tax break for such donations took effect.

The current tax bill is one more in a growing pile of bills that is cutting deeply into Nixon's net worth.

Biggest, of course, is the \$467,000 in back taxes and interest. But in July, he also is scheduled to make the final mortgage and interest payment of \$243,660 in his San Clemente property.

He has just recently, according to a White House source, paid the \$25,000 accounting bill that arose as a result of his

having auditors prepare detailed financial material made public last December.

The White House has said Nixon will have to borrow funds to pay off part of the back tax bill. His bank balances as of last May 31 were \$432,874. It is believed the President could remortgage the San Clemente property to meet the July payment.

While legal fees for the type of representation Nixon has had from two lawyers in his tax case would normally run to at least five figures, the White House has said the two lawyers, H. Chapman Rose and Kenneth Gemmill, are not billing the President.

**Midlander Named To Ethics Committee**  
C. E. Hogue, Midland appraiser, has been appointed to the National Professional Ethics Committee of the American Institute of Real Estate Appraisers.

The appointment was announced by Jack K. Mann, president of the Institute.

The Institute is a professional organization which sets up standards of certification and a code of professional conduct for real estate appraisers. In addition it has won recognition for its work in the field of real estate education. Appraisers who have been certified by the Institute receive the designation "MAI" (Member, Appraisal Institute).

The Professional Ethics Committee, which includes 16 members, is charged with the implementation of regulations pertaining to ethics matters, with reviewing ethics cases handled by chapters of the Institute, and with a continuing study of regulations and by-laws as they relate to ethics matters.

Hogue has been an active business and civic leader in Midland for the last 28 years. He is a charter member and past president of the Midland Board of Realtors, and is immediate past president of the West Texas-New Mexico chapter of the Appraisal Institute.

## Furniture Bid Eyed By Commissioners

The lion's share of a lengthy Monday afternoon Midland County Commissioners Court meeting dealt with discussions concerning furniture for the county courthouse.

The \$59,000 bid from The Paper Clip may go as high as \$80,000 before the court finishes adding items which had been left off the bid specifications and other items it wants.

Today, a factory representative and County Auditor Erma White are meeting individually with county department heads to go over the plans and determine whether any changes must be made before the order is given the manufacturer.

Among items not in the bid but being considered for purchase are new file cabinets.

The specifications had called for old ones to be repainted but commissioners believe the confusion which could be avoided in transferring the files would be worth the extra money to buy new cabinets. The court was to meet at 3:30 p.m. today.

**Astronaut Says He's 'Recycled Student'**  
BUFFALO (AP) — Dr. Edward G. Gibson, civilian member of the Skylab 3 crew, told students at his high school alma mater Monday that he was a "recycled student" who flunked first and fourth grades.

But the astronaut said Kenmore High was where "I made up my mind to do something with my life."

Gibson, who flew 34 million miles during his record 84 days in space, urged the students to "learn, explore, grow."

to finalize the purchase list.

In other business Monday, commissioners: —Awarded a \$2,697.50 bid to Sandy Acres Trailer Sales for a goose-neck trailer for the county agriculture agent's office. There were three bidders and Sandy Acres bid two trailers. Its other trailer was less expensive by more than \$350, but the court chose the \$2,697.50 one—second lowest bid—after consulting with County Agent Charlie Green.

—Approved \$4,091.09 in change orders for courthouse remodeling. One for \$628.79 was for adding lights in some of the jail cells. Another was for aluminum hand rails in front of the courthouse and for parking lot rails for \$2,437. The third was for \$1,025.30 for work being done in the northwest quadrant of the jail.

—Approved Librarian Frances Williams' request for applying for \$13,140 in federal monies for the Midland County Library. Part of the money — \$2,950 — would be to reimburse the library for money it spends in circulating books and other items among smaller libraries in the area. The remainder — \$11,190 — would be for improving the services for senior citizens programs at the library.

—Said it would write a resolution, joining the U.S. Senate and House of Representatives in declaring April 30 as National Day of Humiliation, Fasting and Prayer. The resolution was requested by Rev. Ross Payne, pastor of Cottonflat Baptist Church and area chairman of the non-denominational Christian Life Association.

**Shumway, Finch Testify**  
NEW YORK (AP) — Robert H. Finch took the stand in the Mitchell-Stans conspiracy trial today and testified about a 1972 campaign decision not to reveal the names of pre-April 7 donors who had asked for anonymity.

Finch, who was President Nixon's first secretary of health, education and welfare, came to the stand after testimony by De Van L. Shumway, who was press director of the committee to re-elect the President.

They answered questions about a meeting in March 1972, when Nixon's top campaign aides decided not to reveal the names of contributors prior to April 7, when a new law became effective requiring reporting of all gifts over \$100.

Judge Lee Gagliardi refused to let the defense call as a witness, Berl Bernhardt, who was Sen. Edmund S. Muskie's campaign manager for his unsuccessful try for the Democratic presidential nomination in 1972.

Stans' lawyers said that Bernhardt would testify that it was "custom and practice" of all candidates to take anonymous contributions. They said Bernhardt would say that one contributor to Muskie's campaign had his son kidnaped.

Asst. United States Attorney John Wing objected to Bernhardt's appearance as irrelevant, and the judge sustained him.

Shumway, now editor of the Illinois State Journal in Springfield, Ill., said Stans told the meeting on anonymous contributors that he had promised not to reveal their names. If the committee decided to reveal names, he said, he would tell the contributors they could have their gifts returned.

**Henley—**  
(Continued From Page 1A)

the admission of nine oral and one written statements Henley gave to officers during a three-day period following his arrest last year.

In a January pre-trial hearing in Houston, District Court Judge William Hatten ruled that Henley had voluntarily given the statements, but did not rule on their materiality to the Cobble case.

Judge Dial, after listening to Pasadena detective Sidney Smith testify about one of the oral statements, said he would rule in several days—as soon as he had time to read the 1,517 pages of transcript of the January hearing.

The judge said he must rule if the all oral confessions led officers to physical evidence—a requirement of Texas law.

He added he must also decide if a jury in the Cobble case could be told about the statements which involve the killings of other youths.

In talking Monday about Gray's request for autopsy reports on the other 26 victims, Judge Dial said, "I've got some reservations about the admissibility of all those other offenses, and that extends to these autopsy reports."

**Andrews Man Is Charged In Shooting Death**  
FORT STOCKTON — An Andrews man charged with murder with malice in a Sunday shooting death was released Monday on \$25,000 bond.

Mike Trevino Flores, 27, of Andrews is charged with the death of Rosalio Rodriguez, 19, of Torreon, Mexico. He was allegedly shot in the back with a .22 caliber rifle as he fled a pickup truck on which he and a friend, Javier Rodriguez, 27, tried to hitch a ride.

Javier Rodriguez continued to run and reported the incident to Constable Earl Malone of Sheffield, where bond originally was set at \$50,000. Flores was transferred to Pecos City Jail Sunday and bond was lowered.

He had been arrested at a fishing camp at the Joe Chandler guest ranch 25 miles south of Sheffield.

**House Unit To Probe Offshore Oil Leasing**  
WASHINGTON (AP) — The Justice Department has declined on three occasions to interfere with anticompetitive practices of major oil companies, says Rep. John Dingell, D-Mich.

He said the department's "continued reluctance to take on major oil companies" will be the subject of four days of hearings to begin today before his subcommittee on regulatory agencies.

Dingell said the panel is chiefly interested in why the department chose not to act in 1970 when its own field office provided evidence that major oil companies violated antitrust laws in joint bidding for offshore oil and gas leases.

Dingell said the department's Los Angeles field office recommended an antitrust suit after a 20-month probe of the Interior Department's 1968 Santa Barbara, Calif., leasing of offshore tracts to oil companies.

Two combines of major oil companies obtained 92.6 per cent of the leases through joint bidding, a practice long accepted by the Interior Department. The department recently announced plans to restrict such bidding in the future.

**Vandals Damage Seven Cars Here**  
Seven cars were damaged Sunday night when vandals poured paint or gasoline on them, police learned Monday.

Six of the cars had paint on them, two at one house, and damages were estimated at \$200 per car.

At the home of Jim Watson, 3502 W. Shandon St., gasoline has been poured on a car.

The paint incidents occurred at the residences of James P. Murphy of 2817 Stutz St., Arthur O. Sharp of 2816 Maxwell St., Jim Ward of 2601 Shandon St., Mrs. Barbara Ray of 2609 Camarie St., and Joe Jeffers of 2409 W. Shandon St.

**Carr—**  
(Continued From Page 1A)

big loans for their own gain, using stock they knew to be unusable as collateral. Mahony said some of the money went to the empire of Houston financier Frank Sharp, whose 1971 fall rocked Texas politics.

The original indictment cited nine counts but was ultimately reduced to four counts alleging fraud, conspiracy and false filing of documents with the U.S. Securities and Exchange Commission.

If convicted, Carr and Osorio could have received as much as 14 years in prison and \$35,000 in fines.

**Nothing Missing In School Break-In**  
Crockett Elementary School was broken into and a room ransacked during the weekend but nothing appeared to be missing, Patrolmen Ron Rice and David Wilks reported.

The burglars tried to get into the school office, but failed, the officers said.

**Where's The Fire?**  
12:57-1:18 p.m. Monday, 3205 Kessler St., residence of Jewell D. Hodges. Trash, fence fire. Heavy damage to fence. Cause unknown.

4:45-4:58 p.m. Monday, 1708 Northrup St., vacant lot. Grass fire. No other damage. Cause unknown.

6:13-6:25 p.m. Monday, 700 block Andrews Highway. Car fire. Car owned by K. H. Griffin. Air filter and carburetor area. Light damage. Caused by backfire.

**School Trustees To Canvass Votes**  
The Midland Independent School District Board of Trustees will hold a special meeting at 5 p.m. Wednesday to canvass the election returns from Saturday's school board election.

In the election James Ramsoure defeated Mrs. B. David Buthman by a vote of 670 to 415 in their race for the Place 1 seat being vacated by Mrs. Margaret Cowden.

Incumbent Place 2 Trustee Joe Dominey received 827 votes in his unopposed re-election bid.

The meeting will be in the School Administration Building, 702 North N-St.

**Ware Best Speaker**  
Popul Toastmasters this morning named Clem Ware best speaker and most improved speaker.

Joe Strange was best evaluator and best table topics speaker.

**Two Shot To Death**  
CHRISTIANSTED, V.I. (AP) — Two more white persons have been found shot to death on St. Croix. The bodies of retired U.S. Air Force Col. Howard D. Hensley and his wife were found in the driveway to their home. Police said it didn't appear to be a suicide.

**Weather—**  
(Continued From Page 1A)

Monday afternoon's top marks went as high as 83 at Cotulla and McAllen, according to The Associated Press.

Forecasts called for little change—clear to partly cloudy and mild throughout the state.

**Machines Damaged At Playland Park**  
About \$200 damage was done to machines at Playland Amusement Park, 3615 N. Big Spring St., over the weekend and an undetermined amount of money was taken from the machines, police said.

The intruders broke into the building housing the machines by prying open a door. Juvenile Sgt. Wayne Stirman and Patrolman Ray Harrison reported.

**Odessa Girl, 3, Injured In Crash**  
ODESSA — Three-year-old Denice Marie Bell of 606 W. 35th St., was admitted to Medical Center Hospital following an 8 p.m. Monday collision of two cars at 42nd and Grandview streets.

Her mother, Rose Marie Bell, was driving one of the cars and the other was driven by Donald Earl Bathwell of Odessa, police said.

The child was listed in satisfactory condition this morning, according to hospital officials.

**Machines Damaged At Playland Park**  
About \$200 damage was done to machines at Playland Amusement Park, 3615 N. Big Spring St., over the weekend and an undetermined amount of money was taken from the machines, police said.

The intruders broke into the building housing the machines by prying open a door. Juvenile Sgt. Wayne Stirman and Patrolman Ray Harrison reported.

## Cure For Diabetes Seen In Five Years With Enough Money

By ROBERT C. BORDEN

A cure for diabetes, probably the number one killer in the United States, can be found within five years — if enough money for research can be located.

Dr. H. S. Seltzer, chief of endocrinology at the Veterans Administration Hospital in Dallas and professor of medicine at The University of Texas Southwestern School of Medicine, spoke on the possibilities of a diabetes cure Monday night at a meeting of the Permian Basin Diabetes Chapter of the North Texas Diabetes Association, one of 52 such associations in the United States.

More than 200 persons, many from out of the city, packed the Midland Memorial Hospital cafeteria for Dr. Seltzer's address.

Although listed fifth statistically in killer diseases in America, Dr. Seltzer said it really should be listed first, since it is a leading cause of heart disease and kidney failure.

Attributable to Diabetes  
He stated half to two-thirds of vascular disease deaths are directly attributable to diabetes, a disease most Americans take for granted. Although Dr. Ralph Bunche, baseball superstar Jackie Robinson and Egyptian President Nassar all died of heart disease, they all had diabetes which contributed to their deaths.

Diabetes can be treated, but not cured, with insulin. In non-diabetics, insulin is produced by "Islets of Langerhans" in the pancreas. Discovered in the middle 1800s, work is progressing on islet transplants, a possible future cure for diabetes.

Diabetes is caused when insulin is not produced by the islets, thus allowing the blood sugar to run unchecked.

Dr. Arnold Lazarow of the University of Minnesota Medical School in Minneapolis and Dr. Paul Lacy of Washington University in St. Louis, Mo., have both been conducting independent studies on islet transplants in specially inbred rats. Dr. Seltzer said these studies hold out a possibility of a cure for diabetes in the next five years.

Cure Found for Rats  
So far, a cure has been effected in the rats, and further studies will be conducted on other animals before testing begins in humans.

Dr. Seltzer explains the transplant as scraping some of these islets from a donor's pancreas and injecting them into the diabetic. Several questions remain, including how many of the approximately 1 million islets contained in a normal human pancreas are needed to fight diabetes. Dr. Seltzer said in persons losing part of the pancreas in accidents or illnesses, usually at least a third of the pancreas has been able to supply enough insulin.

Donors will probably be dead or near death, Dr. Seltzer explained. Unlike kidneys and other organs requiring extremely close relationship between donor and recipient, islets will probably be sustained outside the donor's body for several days before injection into the recipient. Thus, the likelihood of rejection of the islets will be greatly reduced, Dr. Seltzer added. He did note perhaps a similarity in tissue will be necessary, however, for the islets transfusion to be successful.

Only one transfusion would be needed, Dr. Seltzer stated, and two methods of injection are being tested.

Two Types of Injection  
Dr. Lazarow is injecting the islets into the abdominal cavity, where the "tapioeca-like" islets adhere to the abdominal wall. Dr. Lacy, on the other hand, performs minor surgery and injects the islets directly into the portal vein, which carries them directly to the liver.

Currently, statistics show one in 20 Americans as being diabetic or developing diabetes during their lifetime. Dr. Seltzer said the figure is more likely one in 10.

Diabetes is a disease of overfed countries, such as the United States and Germany. Prior to World War II, Dr. Seltzer noted, Japan had almost no diabetes sufferers. Today, the number is growing alarmingly.

Runs In Families  
Diabetes runs in families, with chances of developing the disease greater if there is a family history of diabetes. Some

persons, Dr. Seltzer said, are "prediabetics." For example, children of parents with diabetes are likely to be prediabetics. That is, they stand a strong chance of developing the disease.

Many persons consider diabetes a harmless disease, easily controlled with insulin. Dr. Seltzer was quick to deny this belief, saying diabetes can lead to blindness, heart disease, kidney failure, troubles during pregnancy and early death. Diabetes attacks the blood vessels and weakens them.

Because of this public concept of the disease, Dr. Seltzer said the American Diabetes Association has a hard selling job changing the public's view of the disease. He said with enough money, the disease can be conquered.

Chapter Now Forming  
Permian Basin Diabetes Chapter is forming now in the Midland-Odessa area. Besides Monday's lecture, seminars are scheduled April 22, May 6, May 20 and June 3 at 7:30 p.m. in the Midland Memorial Hospital cafeteria.

For additional information, interested persons should contact Mrs. Linnie Davidson, chapter secretary, at 900 W. Storey Ave. She may be reached by phone at 682-0314.

## Chamber Delegation Tours Webb

A delegation from the Midland Chamber of Commerce Monday got a first-hand look at operations at Webb Air Force Base in Big Spring.

The chamber group — headed by C. C. President Kenny Jastrow and Military Affairs Committee chairman Martin Meissner — learned that the base is not only a prime training center for Air Force fighter pilots, but that it has a large economic impact on the area.

Webb AFB Commander Col. Robert Liotta conducted an extensive tour of the base for the Midlanders and pointed out that Webb has a \$30 million annual payroll, which makes itself felt not only in Big Spring but across the area.

Col. Liotta said there are about 3,000 persons who work on the base, including about 700 civilians.

The 78th Flying Training Wing at Webb graduates about 300 student pilots per year, with 45 member classes at six week intervals. Included among the current classes are students from 14 foreign countries.

The base plans to graduate its 10,000th student pilot in June and special ceremonies are planned, including participation by Sen. John Tower.

The Midland delegation toured sections of the base dealing with aerospace physiology, classroom training, cockpit simulators and the sophisticated radar and tracking equipment used by the base. The group also visited the flight line where about 180 aircraft of the T-37 and T-38 variety are used in training the pilots.

In addition to Air Force officials, the Midlanders were greeted by Big Spring Mayor Wade Choate, Base Community Council chairman W. S. "Dub" Pearson and other Big Spring chamber officials.

## Interior Department Accepts Lease Bids

NEW ORLEANS (AP) — Interior Department officials have announced acceptance of 91 offshore oil lease bids totaling a record \$84,584,660.

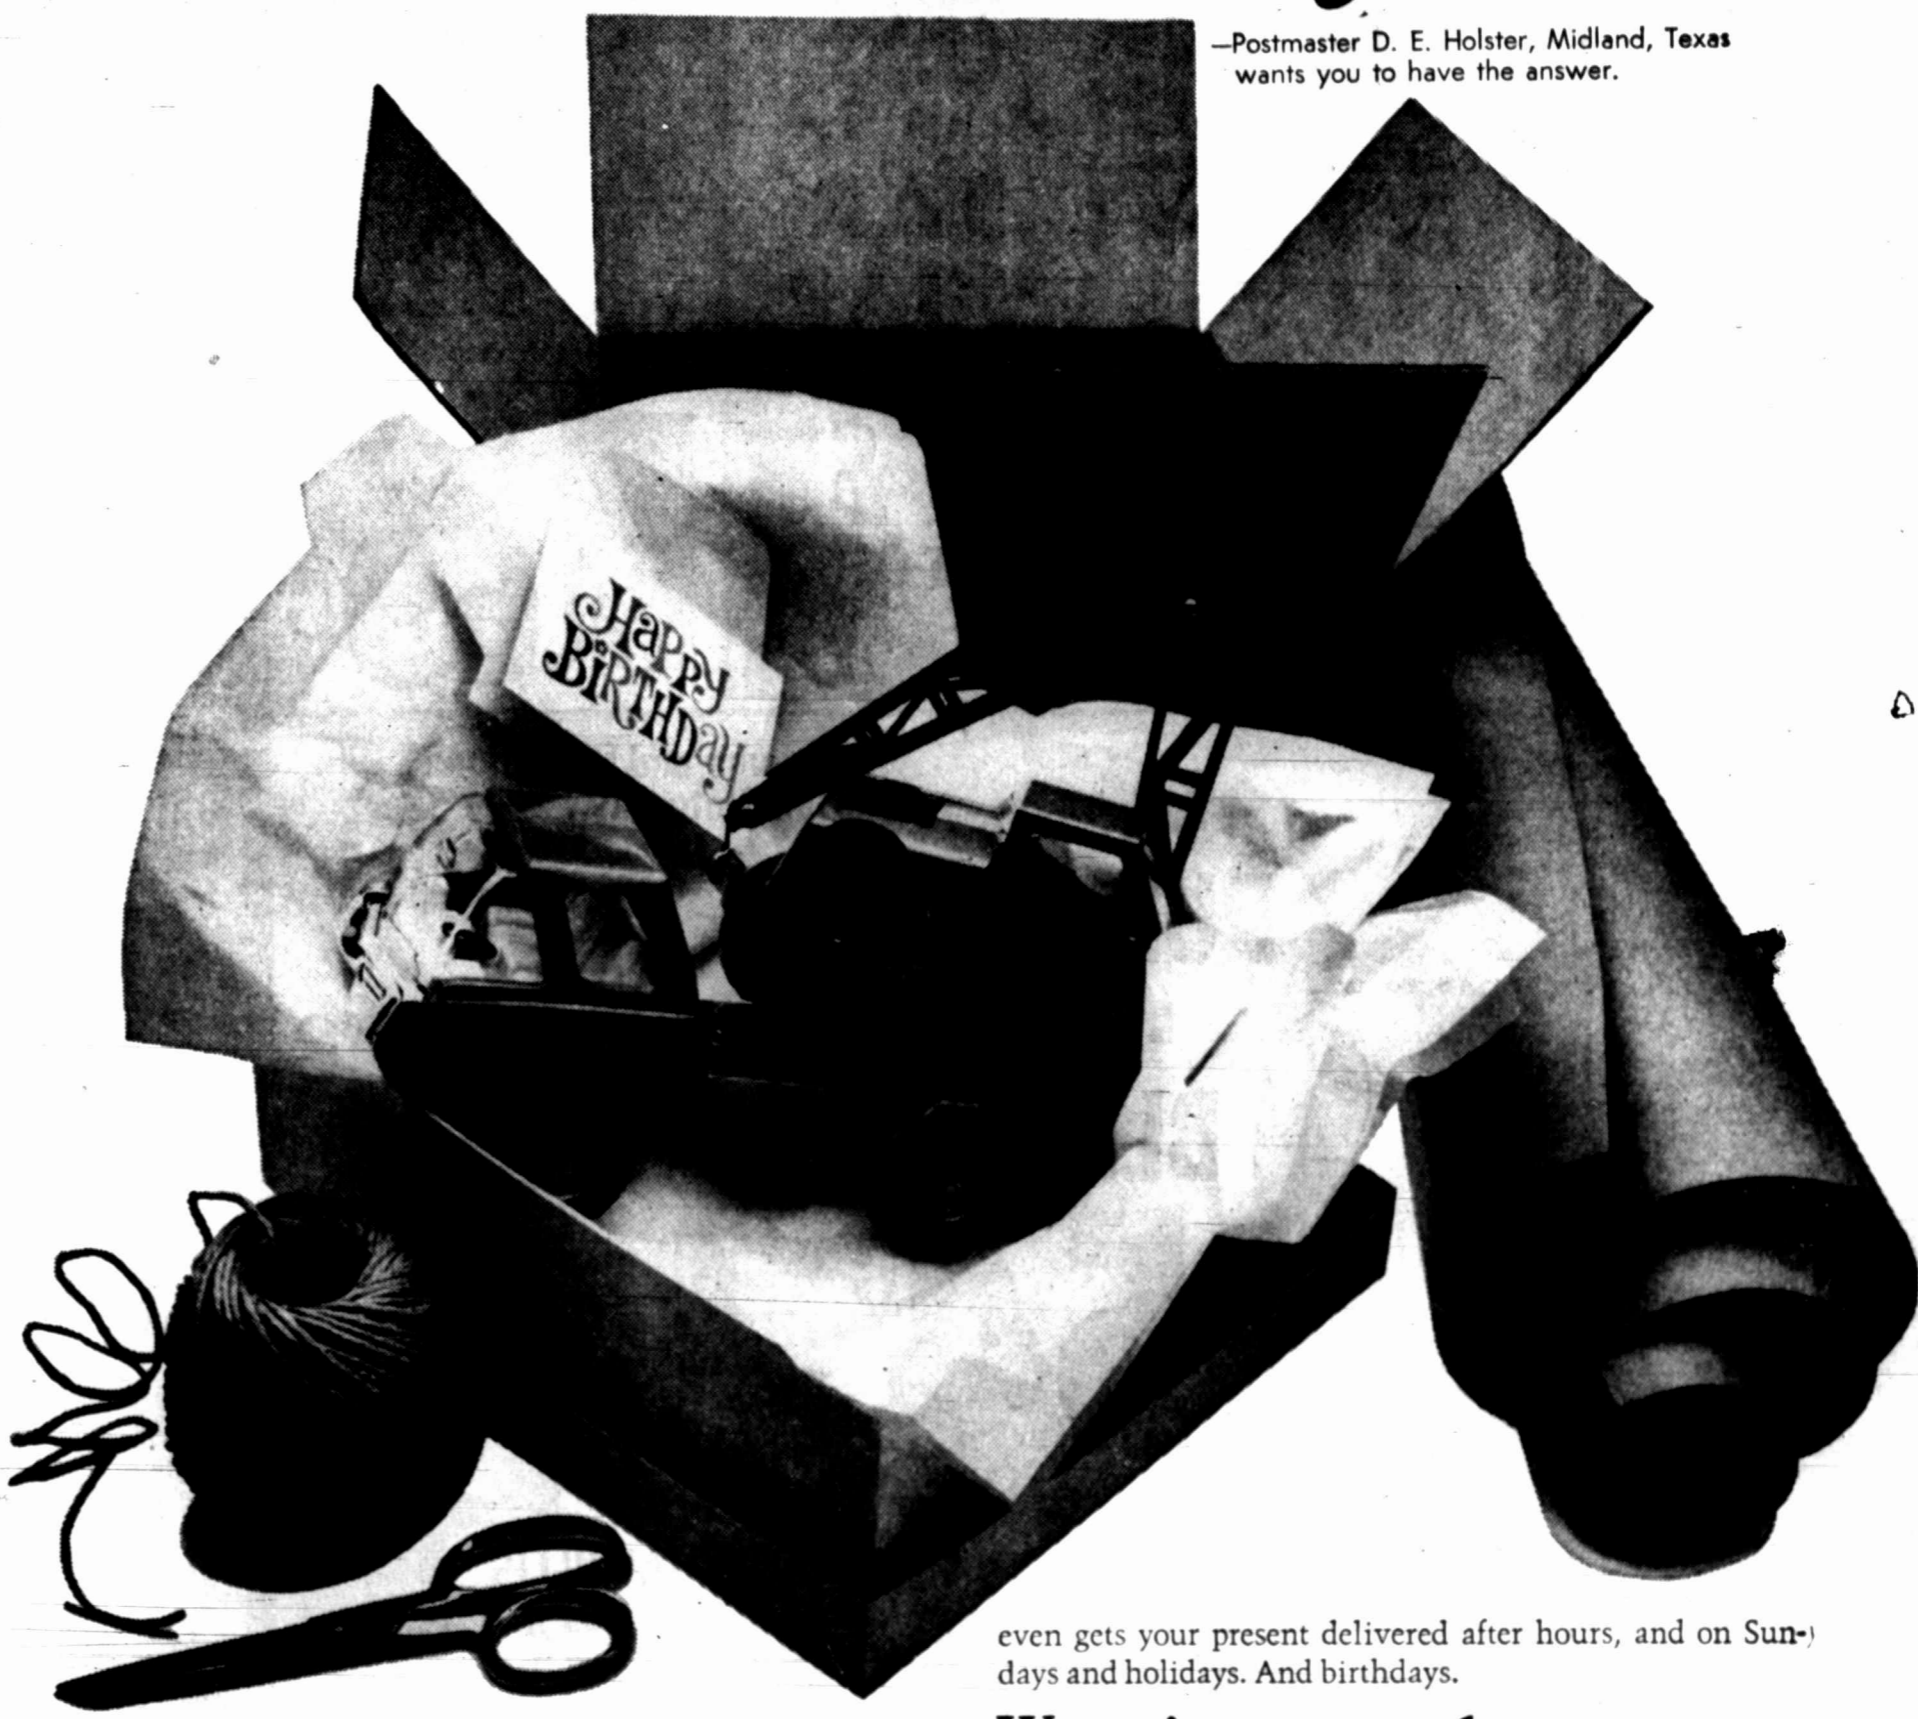

They said they turned down high bidders on 23 tracts, apparently believing the tracts were worth more.

Only five of the rejected bids were under \$1 million. The highest rejected was \$15,787,000 offered by Texaco and Tenneco for Block 346 of the Eugene Island Area.

At the time of the March 28 sale, the Interior Department put 206 tracts of seabottom in the Gulf of Mexico up for lease. Bids were placed on 114 tracts, with the total money bid reaching more than \$2 billion.

# "How can I mail a birthday present so it gets there in time for the birthday?"

—Postmaster D. E. Holster, Midland, Texas wants you to have the answer.

even gets your present delivered after hours, and on Sundays and holidays. And birthdays.

### Wrapping your package.

Before you mail a package, make sure its contents are cushioned and protected inside. To prevent breakage, make sure nothing is loose.

Your package should be securely wrapped and sealed, using heavy paper and twine. Not just ordinary string.

And just to be sure, enclose an address and return address inside the package too. That way, in case anything should happen to the outer wrapping, we'll still be able to get your package where it's going.

### We're here to help you get it there.

When you have a question about the best way to mail anything — ask the people at your Post Office. The price you pay depends on what it costs us to give you the service you want.

The only reason we have different services is so you can choose the service that's best for you. And we're glad to help.

 **You have questions. We want you to have the answers.**

Your postal people deliver your packages everywhere in America. All of us at the Post Office hear lots of questions about the best way to send packages. Here's some advice that I've found helpful to people.

### Regular Parcel Post.

When the birthday is a comfortable week or two away, send your present by regular Parcel Post. Parcel Post is a great buy when you've planned ahead for the birthday. Out-of-town rates start at 72¢ for up to 2 pounds.

### Priority Mail.

If the birthday is really coming up fast — in 2 or 3 days — send your present Priority Mail. It's more expensive (prices start at \$1.25) because it goes by air. But at this point, a happy face may be more important than the money.

### Special Delivery.

When the birthday is so close you've just about given up all hope, add Special Delivery to your Priority Mail. Prices start at 60¢. But Special Delivery, except in most rural areas, gets your present delivered within a few hours after it arrives at its destination Post Office. Special Delivery

### Allocation For REAP Reinstated

WASHINGTON (AP) — A rejuvenated federal conservation program called REAP, once terminated by a budget-conscious Nixon administration, will pump \$225.5 million back into rural areas as payments to farmers for projects they carried out last year.

The Agriculture Department announced Monday that REAP—the Rural Environmental Assistance Program—will be opened to the full \$225.5 million authorized by Congress.

Officials conceded that the full REAP allocation was the result of a U.S. district court decision late last year which ordered the 1973 plan be put back into effect.

The conservation payments were set up by Congress in 1936 under the title Agricultural Conservation Program (ACP) and continued basically unchanged for many years.

Over the years, many attempts were made to reduce or change the popular program, but each time Congress intervened to restore funds and keep the basic cost-sharing goals intact.

Congress set the 1973 program—by then changed to REAP—at \$225.5 million, but the USDA announced it would be held to \$140 million. Then, in December 1972, the department suspended REAP entirely for 1973 after spending or committing only \$12 million to \$15 million of its announced budget.

The court decision overturned the termination order, and last month USDA said the program would be reopened so farmers could be paid for undertaking approved projects last year. At the time, officials indicated the \$140 million originally set by the department would be spent.

In Monday's announcement, however, officials noted the court decision and added that it was interpreted to mean the full \$225.5 million authorized by Congress for 1973 REAP operations. Thus, \$85.5 million more than the original spending level will be available to farmers.

### Cost Of Living Panel Employees Looking For Jobs

WASHINGTON (AP) — The first 250 employees at the Cost of Living Council have been notified to start looking for new jobs, as the administration's wage and price control agency begins the process of going out of business.

It is unusual for any federal agency to be disbanded after once being established.

But efforts by council director John T. Dunlop to continue the council as a special anti-inflation agency after April 30 have met with rejection in Congress, which has made clear it feels the 2½-year-old controls program should come to a complete halt.

A small nucleus of the council's total personnel of 1,000 may be retained, but most of its staff will be seeking other jobs. They include attorneys, economists, administrators and clerical workers.

Dunlop and Treasury Secretary George P. Shultz told an assembly of council personnel Monday that every effort will be made to find comparable jobs for them in other federal agencies.

About 60 per cent of the council personnel have worked with emergency-indefinite status, meaning they were hired for a specific job and without guarantee of future jobs. They have not had civil service status.

However, council members have been told that President Nixon may soon issue an order giving them civil service status to make them eligible for permanent federal employment.

The notices to council employees that they must start finding new work gives them two months in which to find jobs. The first 250 already have received notices.

Although the council's authority expires April 30, it has funds to meet its payroll through June 30.

One high-ranking staff member noted that he paid his own way for his family to move to Washington from Chicago two years ago, and said his experience was not uncommon.

"There really are a lot of very talented people here; most have come in with a selfless attitude. Many have come into government from business, working 7:30-to-9:30 days for two years. People in business don't work like that," he said.

## \$12 Million Suit Names 17 Oil Firms

HOUSTON (AP) — Seventeen of the world's oil companies have been accused in a \$12 million anti-trust suit of refusing to buy oil from a Houston importer of Mideast fuel.

Defendants are Exxon Corp., Standard Oil of New Jersey, Atlantic Richfield, Texaco, Gulf Oil, Amerada Hess Corp., Shell Oil, Commonwealth Oil, Sun Oil, Continental Oil, Mobil Oil, Phillips Petroleum, Standard Oil of Indiana, American Oil, Occidental Petroleum, Tenneco Inc., and Getty Oil.

Pan-Islamic Trade Corp., which asks \$12 million in damages, accused the oil firms of conspiring to monopolize the importation and distribution of foreign oil into the United States and of acting in concert in restraining trade and refusing to trade with Pan-Islamic.

Pan-Islamic, a Houston, Tex. corporation, alleges that the oil firms refused to buy 40 million barrels of oil annually which it had agreed to purchase from the Algerian government to sell in the United States.

Pan-Islamic said in the court documents that it entered into a contract in 1972 with Sonatrach, the National Oil Company of Algeria, to buy 80 million barrels of oil and an option to purchase 40 million barrels of oil annually for the next four years.

Pan-Islamic claimed the defendants conspired not to buy oil imported from Algeria, which partially nationalized ownership and production of its oil.

Pan-Islamic contended the alleged conspiracy kept it from selling its crude oil and that it ultimately forced cancellation of its contract with Sonatrach.

The loss of agreements and the alleged embargo on trade caused Pan-Islamic to lose at least \$12 million in net profits, according to the suit, filed last Wednesday and assigned to U.S. District Judge Woodrow Seals.

## Juror Selection Will Continue In Murder Trial

BENTON, La. (AP) — Selection of jurors continued today in the new trial of Jack Favor, a one-time Texas rodeo star convicted of a controversial 10-year-old murder.

Seven jurors were picked Monday before district court adjourned for the day.

The new trial was ordered by federal court after Favor said his 1967 conviction involved illegal collusion between the district attorney, the judge and a key witness who was secretly freed later by the state.

That key witness, Floyd Cumbeby, sat in the courtroom Monday, wearing Oklahoma prison whites and staring at state Asst. Atty. Gen. Graves Thomas, who will prosecute.

Cumbeby was arrested in Oklahoma two days after he was driven across the Louisiana line and set free. He is now serving time on a murder conviction in the death of a former girl friend and her roommate in Oklahoma.

Persons called as potential jurors were warned they would be locked up during the trial, in which testimony was expected to begin today.

Favor is charged with the 1964 killing of Mr. and Mrs. W. R. Richey at their bait stand near Haughton, La.

The new trial was ordered after Cumbeby testified in the appeals court that Louis H. Padgett Jr., district attorney at the time of the original trial, promised him freedom if he would testify against Favor.

Padgett, now a Bossier Parish district court judge, denied he promised Cumbeby anything.

The judge who presided at Favor's trial, O. E. Price, is now a judge on the state 2nd Circuit Court of Appeal. He told the appeals court he recalled no conversations about deals.

At the time of the original trial, Cumbeby also was charged in the slaying of the couple.

In related cases during Favor's drawn-out appeals, both Price and Padgett were indicted on perjury charges but the indictments were dismissed.

## Gun Wound Found

DALLAS (AP) — Police said they found a bullet wound in the chest of Philip Barber, 22, after his car hit a light pole beside Dallas Central Expressway about 11 p.m. Monday. He died before reaching a hospital. An autopsy was ordered.

Repay no one evil for evil, but take thought for what is noble in the sight of all. If possible, so far as it depends upon you, live peaceably with all. — Romans 12:17, 18.

## Kennedy Decision Awaited

Will Sen. Edward M. Kennedy of Massachusetts make the race for president in 1976?

This is a question which has many Americans, even the powers-that-be in the Democratic party scratching their heads.

David C. Martin, Associated Press writer, says that even Kennedy's close associates do not have the answer to the question.

Although all of the Kennedy men are out of government and politics now, Martin says that all of them would be ready and willing to come back if the senator decides to make the race.

Almost to a man, however, they say they hope he doesn't become a candidate.

And this isn't a strange or surprising attitude, really. Concern for the safety of the senator is said to be apparent in conversations with men who undoubtedly would be key figures in the new Kennedy campaign.

This is bound to have a bearing on the final decision as to whether Kennedy will be the Democrat standard-bearer. There is little doubt that he could gain the party nomination if he wants it. But would it be worth the risk?

"I'm one of those, I think, who hopes he'd decide not to do it," said John Seigenthaler, a former aide to Robert F. Kennedy at the Justice Department and now publisher of the Nashville Tennessean. "Having been through two very difficult struggles and subsequent ordeals, I'd like to avoid that."

At the same time, however, he said he would not be able to escape involvement if Kennedy should decide to run. This undoubtedly expresses the feelings of many of the Kennedy crowd.

There apparently is no political machine in operation at this time. But it wouldn't take long to have the old crowd back in the harness if the word "go" were sounded. Here's hoping it won't be necessary.

The senator himself has said he will not reach a decision in the matter until next year.

The Associated Press writer says that those who know Kennedy agree that the decision to run will be made by the senator alone, weighing the personal danger to himself, the agony of having the Chappaquiddick incident become a campaign issue, and most importantly, he has said, the health of his 12-year-old son whose right leg was amputated because of cancer.

All this makes one wonder, Republicans included, just who the Democrats would call to center stage if Kennedy's decision is negative. Party leaders are bound to be observing the field closely even though nominating time still is a long way off. Sen. Lloyd Bentsen of Texas is taking steps to make sure he isn't overlooked. Then there is Sen. Henry Jackson of Washington.

## Two Sides To The Cow

## The Washington Merry-Go-Round

### Jack Anderson Says: Kissinger, Schlesinger clash over detente.

WASHINGTON—Inside the secret councils, Secretary of State Henry Kissinger and Secretary of Defense James Schlesinger have collided head-on over concessions to Russia.

Kissinger came back from Moscow without the "conceptual breakthrough" he had sought in the strategic arms limitation talks.

Now he is pleading behind closed doors for U.S. concessions to keep the detente going.

Sources privy to the secret debate say Kissinger and Schlesinger bitterly disagree over the strategic importance of the heavier missiles Russia is developing. Once these missiles are deployed, each Soviet missile will be able to hurl more warheads than its U.S. counterpart.

Schlesinger contends that the SALT agreement, therefore, must restrict not only the numbers of missiles but their throw-weight. Otherwise, the Soviets will wind up with a 6-to-1 nuclear superiority, he warns.

This is disputed by Kissinger who insists that concessions can be granted without upsetting the nuclear arms balance. He points out that the administration has been unable to persuade Congress to remove the trade discrimination against Russia. Now the United States, having originally accepted the principle of restricting only the numbers of missiles, is demanding that the throw-weight also be controlled.

Detente Benefits  
We cannot "thwart" the Soviets from achieving "everything" they sought from the detente, Kissinger has pleaded. He stresses that the detente has made it possible for the United States to pull out of Vietnam, stop construction of a Soviet base in Cuba and reduce tensions in the Middle East.

President Nixon agrees with Kissinger that the detente "has served us far more than it has served them," as one source recalls the President's remarks at a secret session.

Our source quotes the President as acknowledging that our domination of the Middle East peace negotiations has not created a "happy situation" for the Kremlin. Yet the President noted that Soviet leaders have acted "with restraint" and have avoided inflammatory propaganda.

Nevertheless, the President doesn't want to risk giving Russia a nuclear edge, which the Soviets might use for political leverage.

MULTIMILLION PROBE  
The Pentagon's \$500-million-a-year CHAMPUS health insurance program is under investigation by Senate probes who fear its worthy aims have been corrupted by mismanagement and fraud.

CHAMPUS stands for Civilian Health and Medical Program of the Uniformed Services. It king of trumps. East discarded pays much of the health care at civilian facilities for some six million military dependents and retired GIs.

For weeks, gumshoes from the Senate investigations subcommittee have been visiting CHAMPUS headquarters in

## BRUCE BLOSSAT Limited Space Forces Japan's 'Overpresence'

TOKYO (NEA)—Economic pressures of many kinds are driving the Japanese enterprisers overseas more and more just at a time when business bonds between nations seem to be at their most delicate.

A strong lesson was taught the Japanese by Prime Minister Kahuei Tanaka's midwinter visit to five South-east Asia countries, where in two instances — Thailand and Indonesia — hostile student demonstrations tried to suggest that Japan's heavy economic influence was less than welcome.

High Japanese officials insist that, in hard practical terms, Tanaka's visit was successful and that "domestic politics" was deeply involved in the demonstrations. But they also concede that Japan needs to be super-cautious about developing a highly visible "overpresence" in places where it is pursuing strong economic interests.

There are some developing nations today, for example, where certain elements automatically equate foreign investment with "exploitation," even as top government officials are encouraging the Japanese to come in. And, watching foreign seizures of investment properties, Japan's business leaders are very much on guard and more than faintly suspicious when given official assurances that any new ventures they may make will be "safe" from later seizure.

Nonetheless, forces are compelling Japan to reach out. It is running out of priceless tillable land as its huge metropolitan complexes continue to eat up the flat areas.

For years, the Japanese have been filling in shallow waters along their coastlines to provide industrial sites for the receipt and simple handling of raw materials and the manufacturing and the dispatch with ease of finished products. But the country is also running short of this very valuable, shoreline space and as one businessman put it: "You can't build factories here on the tops of mountains."

Japan's tillable land soon may be only 15 per cent as sprawls goes on. So it is looking to other shores for space. One Japanese shipyard at Singapore is to be expanded and another one built. Japan makes half the world's ships.

It has developed facilities in Brazil, rich source of the iron ore. The Japanese steel industry, pressing closely upon America and Russia, imports 99 per cent of its ore. But it is desperate for new plant sites at waterside.

Some firms are locating overseas, of course, partly or mainly to ease the pain of foreign limits on Japanese imports. Giant SONY, top electronics producer, has an expanding plant at San Diego and soon will raise one in Britain's Wales. Another company is negotiating for a plant in "underdeveloped" Scotland.

All these activities, as indicated, must be managed in a highly sensitized world. Japanese cringe over Tanaka's Southeast Asia troubles, and over headlines blaring: "Japan Invades Scotland."

The government is reinforcing guidelines intended to soften difficulties. Hiring and promotion of native personnel is crucial. Outfits like SONY have elaborate training programs, not merely to try to assure touted Japanese

## CROSSROADS REPORT

Dear Editor:  
Big deal these days is Campaign Reform, on the theory that the number of votes a candidate gets in an election depends on how much he can rake up to spend.

Which is an insult to us voter class, implying that we will buy whatever the most money is spent to advertise.

If this is true, Campaign Reform to give all candidates equal funds could result in the votes, to be settled by drawing straws for the job, so we might as well save time and money by picking our presidents and congressmen that way instead of holding elections.

D. E. SCOTT  
Crossroads, U.S.A.

## DON OAKLEY Why Is No-Fault No-Go In Thirty-Eight States?

WASHINGTON (NEA) — The first "no-fault" automobile insurance law was enacted in Massachusetts in 1970. During the last six years, all of the states have considered such laws at least once, and legislatures in 20 of them have made three or more unsuccessful attempts to pass them.

Despite intense discussion and study by governmental bodies, consumer and legal groups and insurers, however, only 12 states thus far have adopted no-fault laws that prohibit lawsuits for economic loss up to specified "thresholds."

Despite no-fault's proven success in providing equitable compensation for people injured in automobile accidents, while easing crowded court dockets and reducing insurance costs, 38 states still hold to the "tort liability" of lawsuit system of auto insurance.

Despite U.S. Department of Transportation studies which show that 55 per cent of seriously injured motorists receive nothing from the "right to sue" system, and even when they are able to prove damages, receive less than half their actual losses, the subject of no-fault continues to be controversial.

Regulation of auto insurance would remain a function of the various state insurance departments. The only role of the federal government would ostensibly be to evaluate whether or not a state plan met the national standards.

As presently proposed, however, the Hart-Magnuson bill goes beyond existing plans by allowing insured victims of auto accidents unlimited medical and hospital expenses and the cost of rehabilitation among other benefits.

So far, motorists in the four states of Massachusetts, New Jersey, Connecticut and Florida have realized a collective insurance premium savings of more than \$300 million because of their no-fault plans.

One estimate of the savings in bodily insurance premiums that would be experienced throughout the country under nationwide standards has been put at \$1.4 billion a year.

## The BIBLE Can You Quote It?

By LAVINA ROSS FOWLER

1. The moon has been well explored at a great expense, again and again. There's no water nor air to sustain any living creature. We could use some of the money we have used for that and killing each other to clear the air and water of pollution right here at home. What may we expect of the moon in the last days? Mt. 24:29, Joel 2:31, Rev. 6:12

2. "Shall not the day of the Lord be —?" Amos 5:20

3. What was Samson's vow concerning his long hair? Judges 16:17

4. How shall we either condemn or justify ourselves in our own way? Matthew 12:37

5. How did Paul remain reconciled during the time he was a prisoner? Philipians 4:4

Four correct . . . excellent. Three correct . . . good.

It Means 'Take'  
It is believed that the prescription symbol that looks like a connected R and X stands for the Latin word recipe, meaning take.

## JACOBY ON BRIDGE

By OSWALD AND JAMES JACOBY  
(Newspaper Enterprise Association)  
North put down the dummy and remarked, "I wish I could take back my four-heart bid." South replied, "I feel the

The next play was the king of spades from dummy. This gave West an excellent chance to let South make his contract. All he had to do would be to ruff that spade, but West had thought things out carefully. He discarded a club.

Dummy's jack of spades was led next. West ruffed this time and led a third diamond to force dummy to ruff with its last trump.

Dummy was down to five clubs. South had to lead ace, king and another club and there was no way to keep West from scoring the setting trick with his 10 of trumps.

The bidding has been:

West	North	East	South
Pass	1♠	Pass	1♥
Pass	2♥	Pass	3♦
Pass	4♥	Pass	5♥
Pass	Pass	Pass	Pass

Opening lead — ♠K

same way about my five-heart bid, but we should make it anyway."

He took the diamond lead and promptly played his ace and king of trumps. East discarded a spade and the silence for the next few minutes could almost be cut by a knife.

Then South led a spade. West was in with the ace and it was his turn to think. Finally he led a second diamond, which dummy ruffed.

## No. 715

Atlanta's Hank Aaron levels on Al Downing pitch and then watches record-breaker soar into the darkness

## Homer Sparks Bedlam

By ED SHEARER

ATLANTA (AP) — Henry Aaron, refusing to yield to the pressure that had to be gnawing at him, erased baseball's unreachable standard Monday night when he smashed the 715th home run of his career.

"I feel I can relax," said the 40-year-old Atlanta Braves slugger after leaving behind the ghost of the great Babe Ruth with his two-run, fourth-inning blast off left-hander Al Downing of the Los Angeles Dodgers.

"I feel my teammates can relax and I think I can have a great season," he said. The icy-nerved veteran of 20 major league campaigns became the game's all-time home run king the same way he had ended his chase of the legendary Ruth with his record-tying 714th homer on opening day—by hitting out the first pitch he swung at in the game.

The historic shot triggered 11 minutes of bedlam in Atlanta Stadium as a standing room only crowd of 53,775 cheered the soft-spoken Alabama native who claimed baseball's most cherished record.

A call of congratulations came from President Nixon while the famous No. 44 was still in the game. Baseball Commissioner Bowie Kuhn, who ordered the Braves to play Sunday in Cincinnati Sunday called him "one of the greatest we have ever seen."

"I have perfect confidence in Henry Aaron," Kuhn said. "He always has and always will give all he's got." Kuhn added, "I'm proud of him. He's one of the greatest we have ever seen."

The Midland Reporter-Telegram

## SPORTS

10A—TUESDAY, APRIL 9, 1974

Downing, a 13-year-veteran who had yielded only two other homers to Aaron, left the game after walking the next two hitters following Hammerin' Hank's blast that drew the Braves even at 3-3. Atlanta went on to win the game 7-4. The Dodger hurler vanished from the ball park, leaving behind only a tape-recorded message in which he said, "Like a great hitter, when he picks his pitch, he's pretty certain that's the pitch he's looking for and chances are he's going to hit it pretty good."

The flamboyant Ruth, whose feats will still live forever in baseball lore, hit his final three home runs for the Boston Braves against Pittsburgh on May 25, 1935. He died of cancer in New York in 1948.

The Babe's widow, Clare, had not watched her husband's record tumble even though the game was televised nationally.

But she heard about it almost immediately and dispatched a telegram of congratulations to Aaron at the stadium.

The historic home run left the jam-packed stadium just in left field. It came after Darrell Evans had reached first on an error. Aaron rounded the bases in his normal manner, although two young spectators charged out of the stands and ran beside him between second and third base. He said he never watched the dramatic event.

He embraced his wife, Billye, and his parents, Mr. and Mrs. Herbert Aaron, of Mobile, Ala. "I never knew she could hug so tight," Aaron said of his mother.

Herbert Aaron, a retired shipyard worker, had thrown out the ceremonial first ball almost an hour earlier. He jumped out of the box to join immediately and dispatched a telegram of congratulations to Aaron at the stadium.

## UTEP Stuns Sun Devils ... Then Pays For It

Folks in Arizona were stunned when UT-El Paso defeated Arizona State, 7-5, in Friday's Western Athletic Conference opener in the Border City. It was the first time the Miners had ever beaten the Sun Devils.

## Battle Scene

By Ted Battles

The Mrs., who over the bowl game holidays last winter, proved a frequent contributor to this space with her penetrating football observations, proved that while many complain that hockey is too complicated for them to figure out, two-and-two is four no matter what the sport.

The other night the Phoenix Roadrunners and Salt Lake Eagles, only a point apart in the standings going into the final night of the Western Hockey League, met at Phoenix, so we took the better-half.

During the wild game, she observed that No. 8 had missed three straight breakaway passes over the redline because he didn't get his stick down on the ice. Almost before she finished, No. 7 skated out to replace No. 8 in the Roadrunner lineup. Within seconds, he took a pass at the red line, skated down the right wing and whistled home a goal.

She thinks hockey is too brutal. The fight she didn't mind, but a Roadrunner dropped

a fistful of his opponent's hair on the ice after they were separated. Which she thought is a heckuva way to become a bald-head.

The Texas League could have a distinct West Texas flavor this summer, unless last-minute cuts ruin things. Lubbock Monterey's Donnie Moore probably will wind up pitching for Midland sooner or later. R. J. Englert, ex-Big Spring and Texas Aggie baseballer, is on the Amarillo Giant roster as an outfielder.

And the Roger Alexander who pitched against the Midland Cubs for Shreveport Sunday in Tempe, is a former Midland Lee pitcher. Alexander was one of Coach Ernie Johnson's standouts two years ago, but moved to Norman, Okla., for his senior year, had an outstanding season and was an early draft by the Milwaukee Brewers' organization.

Englert is interested in this year's South-west Conference race. "My senior year at A&M, we were 23-3 and led the SWC going into the final series with Texas. Burt Hooton beat us twice and Texas won the championship."

## Kuhn Misses Aaron's Swat

By RICHARD BILOTTI

CLEVELAND (AP) — "I wish I could have been there, but I'm thrilled for him," Baseball Commissioner Bowie Kuhn said, after Hank Aaron became baseball's new home run king.

Kuhn was here attending a dinner at Cleveland's Stadium Club. The Indians were to open their home season today against the Milwaukee Brewers, but snow forced a postponement until Wednesday.

When asked why he came to Cleveland instead of going to Atlanta Kuhn said: "I had no commitment to be there (Atlanta). I was invited both to Atlanta and Cleveland and I decided to accept the invitation

here since I was in Cincinnati and fortunate to participate on the day Aaron hit his 714th home run."

Kuhn said he had no second thoughts about his decision to force Aaron to play Sunday in Cincinnati.

When Aaron appeared in his second game of the season in Cincinnati he went hitless in four trips to the plate. Kuhn dismissed any thoughts that Aaron was not trying on that day.

"I have perfect confidence in Henry Aaron," Kuhn said. "He always has and always will give all he's got." Kuhn added, "I'm proud of him. He's one of the greatest we have ever seen."

## Kentucky Goes Into Semifinals

By ANDY LIPPMAN

AP Sports Writer

It was easy to describe Artis Gilmore's performance in the American Basketball Association playoffs between Kentucky and Carolina. "He completely crushed us," said Carolina Coach Larry

Brown after the Colonel center had posted the coup de grace by scoring 33 points in Kentucky's 128-119 Monday night victory over Carolina.

The victory moved the Colonels into the ABA semifinals against the New York Nets, who finished their playoff series with Virginia in five games by winning 108-96.

The Utah Stars finished their playoff series with San Diego, defeating the Q's 110-99 for a four games to two edge.

There was no National Basketball Association action scheduled.

Gilmore, who finished the four-game sweep with 119 points, was dominating off the backboards.

Gilmore finished the game with 20 rebounds and the 7-foot-2 pivot man, who hit 14 of his 20 shots from the field, also blocked three shots.

Mac Calvin led Carolina with 31 points while Ted McClain added 23.

Nets 108, Squires 96

Dr. J., otherwise known as Julius Erving, had only an average day—for him—in the final game against the Squires.

Erving scored 21, but it was Brian Taylor who came alive in the second half, scoring 18 points after the intermission and igniting a third-period scoring burst which gave New York the lead.

Jim Eakins topped Virginia with 36 points and 21 rebounds, while Larry Kenon led the Nets with 22 points.

Stars 110, Q's 99

Veteran forward Willie Wise scored 21 points, 11 in the final period, to advance Utah into a second-round playoff date with either the Indiana Pacers or the San Antonio Spurs.

Wise, held in check through three periods, came alive in the final period, hitting three quick baskets to help Utah pull away.

The Q's were not able to play Coach Will Chamberlain, after being refused earlier Monday by a Los Angeles court in their attempt to overturn an injunction that prevents the former Los Angeles Laker star from playing.

## YANKS STAY UNBEATEN—Giants Make It 4 In Row

By THE ASSOCIATED PRESS

The unbeaten San Francisco Giants won their fourth game, edging the Cincinnati Reds 4-3 as Garry Maddox drove in all four runs in National League action Monday.

The New York Yankees also remained undefeated, downing the Cleveland Indians 5-3 for their third victory, in the only game in the American League.

Giants 4, Reds 3

Maddox extended his hitting streak to 15 games—the first

four this season and the final 11 in 1973—by singling home the Giants' first run in the opening inning following a walk to Bob D'Acquisto, an infield out and a balk.

Then he cracked a decisive three-run homer off loser Roger Nelson in the fifth after a single by winning pitcher John D'Acquisto and a two-out walk to Chris Speier.

The Reds chased D'Acquisto, a rookie right-hander, in the seventh when Merv Rettenmund hit his first National League homer. Pete Rose double and Dan Driessen rapped a run-scoring single. Elias Sosa and Randy Moffitt came in and preserved the victory, despite yielding one run in the ninth.

Yankees 5, Indians 3

The Yankees continued to feast on Cleveland pitching, collecting 12 hits, and prosper in their unfamiliar home confines of Shea Stadium, also the home of the defending National League champions, the New York Mets.

This is the first time since 1959 that the Yanks have started the season with three consecutive victories.

The Yanks broke a 2-2 tie in the sixth inning on a run-scoring single by Mike Hegan of losing reliever Tom Hillendorf, then wrapped it up with two runs in the seventh on RBI singles by Gene Michael and Jim Mason.

New York's Graig Nettles and Cleveland's Oscar Gamble hit solo homers earlier.

## Rangers To Face Ryan

ANAHEIM, Calif. (AP) — Bobby held Oakland hitless there last July 30 but has lost his only start this season, also against Oakland.

The California opener could draw as many as 30,000 fans and rank No. 2 among openers their home season tonight.

Ryan, who hurled a pair of no-hitters last season and barely missed a third, already has won a game in 1974, setting down the Chicago White Sox in the opener of a series the Angels won 2-0-1. The finale ended in a 4-4 tenth inning tie in a Windy City snow storm.

Bobby Valentine will be in left field for California and so far he has disproved the five specialists who said his right leg should be broken and set straight. It's crooked, all right, but Valentine has batted .444 and is happy that he didn't go onto the disabled list for another 18 months. He was leading the Angels in hitting last May when he crashed into the centerfield fence and broke both bones in the leg.

The Angels at 2-0 took the lead in the American League West and Texas stands 1-2 after opening against Oakland's world champions.

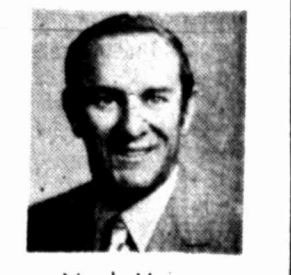

"They're not putting out," said President E. J. "Buzzie" Bavasi. "They're just going through the motions."

Manager John McNamara disagreed. "They're trying," he said. "Even when we were way behind in the late innings they were yelling on the bench and hustling."

Bavasi is having second thoughts about the Padres' major experiment of moving first baseman Nate Colbert to left field to make room for Willie McCovey. Colbert's arm is sore, and the fleet-footed Dodgers took advantage of it.

"If we have to, we'll play McCovey at first base against righthanders and Colbert at first base against lefthanders, and hope we get great seasons out of both of them," Bavasi said.

The Astros are getting a great season so far out of rookie right fielder Greg Gross, who has seven hits in nine at-bats.

## Downing Disappears

By TOM SALADINO

ATLANTA (AP) — Al Downing vanished quickly into the Atlanta night, leaving but a brief tape-recorded message in his wake after surrendering the historic shot.

Reporters rushed to the Los Angeles Dodgers clubhouse Monday night at the end of the National League game in which Henry Aaron slammed one of Downing's fastballs 400 feet away for No. 715, but the little left-hander was nowhere to be found.

"Downing left 10 minutes ago in a taxi cab," said the visiting clubhouse man Mark Gladolich. "I don't know where he is," said Los Angeles Manager Walter Alston. "He's probably going to get something to eat then go back to the hotel."

But the 32-year-old journeyman pitcher of 13 major league seasons did tape a brief interview shortly after he was knocked out of the box in the fourth inning when Aaron connected for his 715th homer.

"The two-run homer keyed a four-run inning as the Braves went on to a 7-4 victory before a record Atlanta Stadium crowd of 53,775 and a national television audience. The home run, on a 1-0 pitch, came at 8:07 p.m. CDT.

Downing, who went into the dugout during the respite, promptly walked the next two batters and was removed from the contest.

"It was a fast ball, right down the middle of the upper part of the plate," he said of the blast.

"I was trying to get it down to him but I didn't get it down, and he hit it good, as he would, I didn't have good control, when I got behind him, I was just trying to get the ball up. It didn't bother me though."

Joe Ferguson, the Dodgers catcher, said he asked Aaron his first time up if he could concentrate and Aaron replied, "Not too good."

But he certainly did his second time up after drawing a walk in his first plate appearance.

The pitch landed in Atlanta relief pitcher Tom House's glove after it cleared the left-center field fence.

"That's the highlight of my career," said House. "It's something I can tell my grandchildren when I get old."

Bill Buckner, the Dodger left-fielder who made an acrobatic leap which fell some 20 feet short, said in admiration of Aaron: "It seems like he can hit a home run anytime he wants to. The only thing that brightened up the game was Henry's home run. The noise from the crowd was super loud. It was the loudest applause I've ever heard."

The only thing that brightened up the game was Henry's home run. The noise from the crowd was super loud. It was the loudest applause I've ever heard."

"Every time he hits another homer, he'll be setting a new record," said Braves Manager Eddie Mathews.

Dave Johnson, the Braves second baseman, whose locker adjoins Aaron's, felt it was just typical of the superstar: "The first chance he got he did it. Boom. All the hubbub and he did it the first time he swung. Just like he hit 714 in Cincinnati."

The pitch landed in Atlanta relief pitcher Tom House's glove after it cleared the left-center field fence.

"That's the highlight of my career," said House. "It's something I can tell my grandchildren when I get old."

# Cubs Roster Picked

## 15 Return From 1972 Midland Nine

By ED PRESSL  
 SCOTTSDALE, Ariz. — It's on to Midland and the impending start of the Texas League for 25 players named today to the Cubs' squad which will be directed by veteran Walt Dixon. Fifteen of the 25 saw full or part time service with Midland last year, five pitchers Dyrain Frazier, Gary Jung, Budd Schultz, Dennis Lump, and Mike Young.

This total was matched by infielders Jerry Tabb, Ken

Key West in the Florida State League; Dave Geisel, 19-year-old, 210-pound lefty with no previous pro experience; Mike Krukow, 22-year-old right-hander, who was 4-3, 3.16 in his pro debut last year with Bradenton in the Gulf Coast Rookie League; Jim Lee, 25-year-old southpaw, 5-3, 2.57 ERA in 48 appearances with Knoxville last season; Bob Ott, briefly with Midland in 1972 and 10-4 for Quincy in Midwest League last year; Rick Ware, 22-year-old southpaw, 4-2, 1.64 ERA at Bradenton in 1973, and Mike Weiss is a 21-year-old right-hander.

Julio Gonzales, skinny 20-year-old from Puerto Rico is only newcomer to infield. He moves up after batting .297 with Quincy last year, his second season with the pros.

Two new catchers are Gregg Collins and Bruce Stokes. Gregg, 6-3, 210 pounds, 22, launched his career last season when he batted .259 for Bradenton, making the all-star team. He is from Vanderbilt University.

The 25-year-old Stokes is returning to baseball after four years in the Navy. Bruce, 5-11, 175, played briefly in 1967-68 with Quincy. He is a switch-hitter and a holler-guy back of the plate.

Five of the 25 were assigned to Midland after having trained with the Wichita Aeros, the Cubs' American Assn. affiliate. These are Droegge, Matney, Green, Bright and Bickerton.

Manager Dixon expressed satisfaction with the group for his 18th season as a manager in the Chicago Cubs system.

"Looks like we got some real hosses in that lineup," Walt, the genial man from Florence, S.C., said. Walt succeeds Al Spangler, now with Chicago, as manager.

Dixon, 53, managed at San Antonio in 1971 for the Cubs. Despite hitting three homers, the Cubs lost here Monday to the Amarillo Giants, 8-5.

Szkotkiewicz hit a solo shot in the sixth, Wallis connected with two on in the seventh and Huisman hit one in the eighth. Geisel pitched a strong five innings, but after the Cubs tied it in the seventh, the Giants clobbered Ware for four runs after two were out in the eighth.

Midland High invades Midland Lee for its first of two crosstown battles with a 4 p.m. start.

Lee brings the more impressive season's record into the game, 13-4, while Midland is 7-11, however, the Bulldogs could tie the Rebels in the first half standings with a win. Lee is 3-3 in district and Midland is 2-4.

Coach Ernie Johnson probably will start Jay Frazier, who is 2-1 in district, for the Rebels while Coach Arlen Dickson will probably go with Jeff Cole, also 2-1.

In other action, Permian plays Odessa, Abilene meets Abilene Cooper and Big Spring plays San Angelo.

Going into the final games of the half, Permian is 6-0, marking time until the second half begins Thursday.

Intra-city pride is at stake in three of the games and while a pennant may not go to the winner, it's incentive enough to promise a lively afternoon of action.

Midland High invades Midland Lee for its first of two crosstown battles with a 4 p.m. start.

# STANLEY CUP PLAYOFFS— NHL Begins New Season

By HAL BOCK  
 AP Sports Writer  
 Seventy-eight games go out the window tonight when the National Hockey League begins the annual chase for the oldest trophy in North America—the Stanley Cup.

"Forget what's gone before," said Scotty Bowman, coach of the defending champion Montreal Canadiens. "This is a brand new season."

Bowman's Canadiens will face the New York Rangers beginning Wednesday night. Two other series also start Wednesday with Toronto at Boston and Los Angeles at Chicago. Atlanta and Philadelphia get a jump on the others, opening their series tonight in a nationally televised game.

In World Hockey Association playoff action Monday night the Houston Aeros defeated the Winnipeg Jets 5-2. New England plays Chicago and Cleveland meets Toronto tonight.

What's gone before in the NHL has been a crazy, mixed-up season for many of the teams going into these best-of-seven quarter-final series.

For example, the Canadiens' first-round opponents, the Rangers, had a poorer a defensive record than their suburban last place neighbors, the New York Islanders. The Rangers gave up 251 goals compared to 247 for the Island-

ers. Montreal's 240 goals against wasn't much better. Philadelphia goalie Bernie Parent and Tony Esposito of Chicago each had a chance to win outright the top defensive award, the Vezina Trophy.

Each blew that chance on the final weekend — Parent when the Flyers used Bob Taylor and surrendered six goals Saturday, if it was his \$1,500 at stake.

Philadelphia and Chicago made the playoffs with essentially one goalie, Parent for the Black Hawks, Toronto, on the other hand, alternated three goalies, dividing the work load almost evenly between Ed Johnston, Doug Favell and Dunc Wilson.

Atlanta made the playoffs in only its second season. The young Flames posted 10-8-3 record against the four top finishers, Boston, Philadelphia, Montreal and Chicago.

# Vitamin C-Cold Theory Challenged

## Physician Claims Only Beneficial Effect Is On Severity

ATLANTIC CITY, N.J. (AP) — The head of a major medical center says Vitamin C gets virtually nowhere in preventing or shortening colds, but has some beneficial effect on their severity.

Dr. Thomas Chalmers, president of New York City's Mt. Sinai Medical Center, thus challenged a theory by Nobel Prize-winner Dr. Linus Pauling that massive daily doses of the vitamin can prevent the common cold.

Chalmers made his comments Monday in a report to the 58th annual meeting of the Federation of American Societies for Experimental Biology.

He said he had dug into all major clinical reports—both

pro and con—published on the subject during a 32-year period between 1942 and 1974 by investigators other than Pauling. And he said he had come to these conclusions:

—Vitamin C gets virtually nowhere as a cold-preventor or as a cold-shortener.

—The vitamin, also known as ascorbic acid, does have some beneficial effect on the severity of colds, but:

—The effects are quantitatively so small and the possibility of suggestion as the primary mechanism so large that it hardly seems worthwhile for anyone to take all those pills for such a long time.

—This is especially true in view of the fact that there are

as yet no data on long-term toxicity.

Adding a personal touch, Chalmers told his fellow scientists:

"The best way to conclude this review of the evidence for and against the efficacy of ascorbic acid in prevention of the common cold and amelioration of its symptoms is to state that the author of the review, who has colds as often and as severe as any man, does not consider the very minor potential benefit that might result from taking ascorbic acid three times a day for life worth either the effort or the risk, no matter how slight the latter might be."

Chalmers led up to his report by saying that "widespread

sales of the book 'Vitamin C and the Common Cold' by Prof. Linus Pauling have undoubtedly resulted in even greater sales of ascorbic acid to the self-prescribing public."

Chalmers said his review covered 13 studies by 11 different investigators. And he said as far as preventing colds and shortening their duration were concerned, the six best-controlled studies could credit Vitamin C with preventing only "one-half a cold per year" per patient and with clipping the duration of the well-known miseries by only "six-tenths of a day" on the average.

And Vitamin C's track record from seven "poorly controlled" studies was only a tiny bit better, he said.

# Baby Weighing 23 Ounces At Birth At Home Now

WOODRUFF, ARIZ. (AP) — Haley of nearby Holbrook decided to send the tiny child to the better-equipped hospital at Phoenix, 200 miles southwest of here.

But after heart surgery and a three-month stay at Good Samaritan Hospital in Phoenix, a loan officer with a Holbrook branch now weighs 4 1/2 pounds, 9 ounces and is home with her parents, Gerald and Sherri Lynn Scorse of Woodruff. Two days after Sherri Lynn was born Dec. 18, Dr. Robert

Scorse, 30, and his wife, 29, which weighed 1 pound 7 ounces at birth. She had blonde hair. Sherri Lynn later lost four

She was placed in a special intensive care room, and monitoring devices were set up to watch her heart beat.

Special life, the Scorses also received a sobering jolt—a hospital bill for \$43,500.

Almost every weekend, the Scorses drove the 400-mile round trip from their home to Phoenix to have the heart surgery on

the infant. The insurance covered \$25,000 and the hospital itself has paid for all but about \$2,000.

# Mayor's Election Ends In Tie Vote

BENAVIDES, TEX. (AP) — The mayor's election in this South Texas town considered a test of strength between two feuding Duval County political factions, wound up in a tie Monday.

Mayor Octavio Saenz, supported by former state Rep. Oscar Carrillo, and rival candidate Armando L. Garza, backed by South Texas banker-rancher Clint Clinton Manges of Freer, and longtime Duval County political leader George R. Parr, each drew 350 votes in the hotly contested balloting.

The candidates and their supporters were meeting today at the county clerk's office in San Diego for an attempt to resolve the tie vote.

# Five Kidnapers Are Arrested

MEXICO CITY (AP) — Police said Monday they have arrested the five kidnapers of a 9-year-old boy who was rescued after 36 hours in their hands.

The five men—three from the Pacific Coast state of Guerrero and two from the capital—ranged in age from 20 to 42.

Mexico City police said the oldest Francisco Laguardo Herrera is charged with eight homicides in his home town of El Papayo, Guerrero.

The five were charged with abducting Francisco Javier Muñoz as he waited for a school bus with two sisters, a brother and the family maid outside their home in an exclusive residential district here Thursday.

Family friends driving to the Pacific Coast port of Acapulco recognized the vehicle used in the kidnaping and chased it Friday until the abductors stopped and let the boy go. He was not injured.

The kidnapers had demanded \$150,000 ransom in a telephone call to the boy's family. He was rescued before it was paid.

# It's Hard For Small Town To Get Ready For President

BAD AXE, MICH. (AP) — It isn't easy for a small town to get ready for the President.

There's a lot to do, such as teaching 300 high school musicians the music to "Hail to the Chief." Especially when they're on a spring break from classrooms.

And President Nixon's visit caused a run on toilet and facial tissue. Residents are using the paper to build a 36-by-12 foot display reading "Huron County Welcomes the President."

"Rounding up the bands was just the start of the problems," says Edward F. Draves, a beer and wine distributor and ex-mayor who is helping organize the GOP reception.

"Then we found out that none of the kids knew how to play 'Hail to the Chief.' There was never any cause for it before up here.

"We told one of the White House men, and he said not to worry. Saturday, about 400 copies of the music were flown in."

The idea of six bands blaring "Hail to the Chief" was too much for the Nixon advance men, and they suggested each of the units go their own musical way.

Bad Axe, population 2,999, is the first stop Wednesday for Nixon in a nine-community motorcade to "meet the people," on invitation from GOP congressional candidate James Sparling Jr.

## Man Survives Jump From 7,200 Feet After Parachute Fails To Open Fully

STERLING, Ill. (AP) — A skydiver who survived after his parachute failed to open fully in a jump from 7,200 feet, said he still can't believe it. Jeff Wetzell of Rock Falls, Ill., said Monday.

Wetzell suffered two broken ankles and a broken vertebra when he landed in a wet, newly plowed field—which helped to cushion the impact.

Wetzell and two fellow members of the Rock River Valley Sky Diving Club were attempting to build a star — by joining hands — and free fall for 30 seconds when trouble intervened Sunday.

"There were only two of us that got together — myself and Larry Lyons," the 26-year-old construction laborer said. "At 4,000 feet, I looked down, saw we were off our spot, and I shook loose to start tracking over."

"At about 2,500 (feet), I pulled the ripcord and nothing happened."

Wetzell, a veteran of more than 150 jumps, said he tried to free his main parachute so he could open the safe-

## Libya Premier Reportedly Will Take Over Management Of Foreign Affairs

TRIPOLI, Libya (AP) — Premier Abdel Salam Jalloud is taking over the management of Libya's foreign relations in an effort to undo the damage done by President Moammar Khadafi, diplomatic sources said today.

The sources emphasized that Col. Khadafi is still the country's strongman and that Jalloud remains his right-hand man. They added they expected no radical changes as a consequence of the shift.

"Jalloud is more flexible," said one Western diplomat, and several others agreed. "He is a patient and tactful negotiator full of understanding, whereas Khadafi is easily frustrated."

Arab diplomats expressed a feeling that the shift in duties, announced Saturday, was aimed at promoting Libya's relations with its Arab neighbors. Jalloud, the announcement

## Teen Wins Civil Suit Over Disqualification Of Cat As Prize Winner

LUBBOCK, Tex. (AP) — Monday after a county judge said the ailing feline couldn't be disqualified as a door prize winner.

Following a plea-in-abatement hearing before County Court Judge Denzil Bevers, Debra, clutching Kurt in both arms, accepted the check from a representative of John's Jeans clothing store here.

The presentation, which occurred on the courthouse lawn, came nearly two months after Debra and her father, William Cranford, filed a civil suit against the clothing store.

The Cranfords claimed their pet won a \$750 cash prize in a drawing conducted in connection with the grand opening of the store in 1972.

In the original petition, the Cranfords alleged Kurt was selected as the first-prize winner, but when the store officials learned the winner was a cat they refused to award the prize.

The petition also alleged there were no rules posted limiting the contest to human beings.

There was not the expected amount of joy from the Cranford family. "Kurt has been very sick lately," Debra said.

She explained the money probably will go for medical bills for Kurt, who is suffering from a "serious cat disease."

The plea-in-abatement hearing was held so that nobody else could claim the prize. Judge Bevers ruled that Kurt was the winner although Debra signed his name to the entry blank.

## School Board Unit Against Anti-Busing Proposals

HOUSTON (AP) — Delegates to the National School Boards Association have expressed opposition to "anti-busing" amendments attached to federal education legislation.

Busing was not mentioned specifically in a resolution on quality integrated education adopted by delegates to the association's annual convention Monday.

A statement of intent accompanying the resolution, however, voiced opposition to any amendment or legislation that would prohibit a local school board from using "whatever means it finds necessary" to redress racial imbalance in the schools.

A resolution encouraging greater involvement of women in the governance of public education was adopted by a slim margin. Delegates also approved a resolution calling for a greater involvement of minority group representatives on school boards.

An equal rights for women resolution, urging all state and local school boards to review policies to guarantee them equal opportunity, also was adopted.

Delegates urged Congress and President Nixon to restore the use of standard time during the winter months.

The statement accompanying the resolution on quality integrated education, which passed overwhelmingly by a show of hands, said, "When transportation is necessary to achieve the integration of schools, the association urges that children be relocated im-

## Gunman Escapes Tackles Twice But Apprehended By Policeman

RICHMOND, Va. (AP) — An elusive gunman escaped tackles by three bystanders twice as he ran from a bank he had robbed Monday, but was apprehended a short time later by a Henrico County policeman.

Stuart Bruce Vivencio, 27, of Belton, Tex., was charged with robbing the Richmond National Bank after he was stopped by Patrolman W. L. Jackson near a wooded area close to the bank.

Police reconstructed events this way:

Shortly after 5 p.m. a man entered a McDonald's restaurant across from the bank and ordered a drink.

He sat at a booth next to one occupied by two young men, took several sips from his cup, and then walked across the street to the bank.

One of the pair later recalled jokingly asking the other, "I wonder if he's going to rob the bank?"

The man entered the bank and passed a note to a teller advising, "This is a stickup. Give me all the money from your cash drawer. I don't want any of the ones."

The teller put the money on the counter and the man placed it in a metal lunch box he was carrying.

As the robber walked out the front door of the bank, the teller yelled, "He got all my money."

## Family Of Slain Trucker Writes Letter To Slayer

DOVER, Del. (AP) — Delaware state police have released a letter addressed "To The Man Who Killed Our Father," from the family of a South Carolina trucker slain here during the February truckers' strike.

The children of Claude Nix wrote the letter to urge their father's murderer to surrender. They said they wanted to help state police find the gunman before he might murder somebody else "with a houseful of little children."

Nix, 50, of St. Stephen, S.C., was killed by a rifle shot from a passing car as he was driving his tractor-trailer south of here on Feb. 5.

The letter, released Monday, was written by Mrs. Nina Moody, 19, one of the Nix children. It was signed by the others—Linda, 21; Claudette, 22; Michael, 27; Larry, 16; and Cheryl, 12. All but the youngest two are married.

## Police Seeking Holdup Suspect

TEXAS CITY, Tex. (AP) — Police sought today a young man who robbed a drive-in window of the Texas City National Bank of an estimated \$1,000.

Officers said the man told a teller at the window Monday that he had a bomb in the seat of his car and demanded money. He took the cash in \$10 bills and drove away, police said.

## Cyclist Is Killed

ARLINGTON, Tex. (AP) — Robert Morton, 24, was killed Monday evening when his motorcycle and a car collided in Arlington. His companion Tana Tompkins, 23, was taken to a hospital in poor condition.

**HAVE YOU WRITTEN A BOOK?**

A publisher's editorial representative will be in Midland in May. He will be interviewing local authors in a quest for finished manuscripts suitable for book publication by Carlton Press, Inc., well-known New York publishing firm. All subjects will be considered including fiction and non-fiction, poetry, drama, religion, philosophy, etc.

If you have completed a book-length manuscript (or nearly so) on any subject, and would like a professional appraisal (without cost or obligation), please write immediately describing your work and stating which part of the day (a.m. or p.m.) you would prefer for an appointment and kindly mention your phone number. You will promptly receive a confirmation for a definite time and place.

Authors with completed manuscripts unable to appear may send them directly to the representative (address below) for a free reading and evaluation. He will also be glad to hear from those whose literary works are still in progress. Please address:

# Nixon Calls Wage Bill Matter Of Justice That Can't Be Fairly Delayed

WASHINGTON (AP) — President Nixon has signed into law legislation boosting the minimum wage to \$2 an hour May 1, calling it "a matter of justice that can no longer be fairly delayed."

The increase — the first in the federal pay floor since 1967 — extends coverage to 7.4 million additional workers and will bring the total under the act to 56 million. Under the bill, the minimum wage for most workers will go to \$2.30 Jan. 1, 1975 and \$2.30 on Jan. 1, 1976.

The minimum wage for farm workers, now with a \$1.30 floor, will increase to \$1.60 on May 1, 1975 and \$2.30 on Jan. 1, 1976.

About one million domestic workers who work more than eight hours a week will be covered under the minimum wage law for the first time, along with about six million federal, state and local government employees.

Nixon said the new wage schedule fits his "criteria for reasonable increases."

But he added that Congress did not go as far as he wanted in protecting the training and work opportunities for youth.

Under the measure, full-time students may be employed for no more than 20 hours a week at 85 per cent of the regular wage floor.

"On the whole, (the bill) contains more good than bad, and I have concluded that the best interests of the American people will be served by signing it into law," Nixon said in a written statement.

"Although I have some reservations about portions of this legislation, its basic purpose — to increase the minimum wage for working men and women of this country — deserves the support of all Americans," Nixon said in his statement.

The AFL-CIO, which lobbied hard for the minimum wage increase, noted Nixon's veto last year and said it was regret-

## Dallas Cab Fares Hiked By Council

DALLAS (AP) — The city council has approved a 16 per cent hike in taxi fares after being assured the rate increase would help improve cab service in Dallas.

The new rates, which go into effect May 1, would hike fares from 50c to 60c per mile plus a switch in start-up charges from 65c for the first fifth mile to 65c for the first sixth mile.

## Exchange Club Of Midland Elects Watson President

Robert N. Watson has been elected president of the Exchange Club of Midland, succeeding James C. Hayes.

Other new officers are Ed White, vice president; Frank H. White, secretary; and Tom Welch, treasurer.

Committees also have been named and projects and goals established.

The first Exchange Club was formed March 27, 1911, at 48,000 members.

Detroit, Mich., by a group of Watson said that under the perceptive business and professional men who recognized the fact that united effort and group communication of ideas would benefit not only themselves, but the entire community.

Three more Exchange Clubs were formed within two years and an organizational meeting of these chapters was held at Toledo, Ohio, on Aug. 6, 1917.

The National Exchange Club was incorporated at that time under the laws of the State of Ohio as a non-profit educational organization.

Exchange now has more than 1,150 clubs with approximately 48,000 members.

Watson said that under the guidance of the National Association of Exchange Clubs, the largest truly group communication of ideas American service club, would benefit not only themselves, but the entire community.

and leadership, and contributing greatly to the general welfare.

WATCHING HIS FATHER AT WORK—Burke Doar, 10, background, yawns as he watches his father, John Doar, majority counsel for the House Judiciary Committee, right, talk with Albert Jenner, minority counsel, during a committee hearing in Washington. (AP Wirephoto.)

## Wizard Of Oz Goes To Moscow

MOSCOW (AP) — Dorothy, the Cowardly Lion, the Tin Woodman and the Wicked Witch of the West met the stagehands and hugged children of Moscow. The em-hungary next week audience shouted as the actors took their multiple curtain calls.

"Pozhalsta (you're welcome) the performers yelled Chase Manhattan Bank, which back, and some tossed the car put up \$30,000 to cover travel and incidental expenses, university officials said. They said the Soviet government supplied the reception we got here," the group's hotel rooms, meals

and local transportation. The tour is not part of the official State Department exchange program.

Russian children are familiar with "The Wizard of Oz" because it has been translated into Russian under the title of "Magician of Emerald City" (Call New York, the troupe is the first American university company to perform in English, but Russian words and phrases were scattered through the play.

Dorothy's dog Toto became Totoshka. The Scarecrow lachay domaz—"there's no mozghi (brains), the Tin Woodman begged for a sversta (heart), and the Cowardly Lion pleaded for smvelost (courage).

The Wicked Witch announced she planned to make the tin man into a samovar. The Scarecrow begged for audience approval for smvelost (courage).

The American troupe performed in English, but Russian words and phrases were scattered through the play.

Dorothy declared after her sojourn in Oz that "nyet miesto toshka. The Scarecrow lachay domaz—"there's no place like home.

## BPBA Annual Board Meet Scheduled Here On May 1

The annual board meeting of the Permian Basin Petroleum Association will be held here in the Rodeway Inn, followed by a luncheon at the Midland Country Club.

Other events scheduled include a president's reception at 7 p.m. and the banquet at 8 p.m., both in the Midland Country Club.

## CARE Schedules Noon Luncheon

A noon luncheon is scheduled Wednesday in the Trinity Presbyterian Church to celebrate the second anniversary of the Community Adult Restoration Center (CARE). Pat Reeves, director, announced today.

CARE is a service program of the Permian Basin Community Centers for Mental Health and Mental Retardation. Guests invited for the luncheon include Judge Barbara Culver and MHMR executive director Bob Dickson. Board members invited to attend include Tevis Herd, chairman, Harry Clark Watson, LaForce and N. R. Rousselet, all of Midland, and H. W. Hise, Bill Masterson, Mrs. Guy Sue Neas, and Dr. Charles A. Stephens, all of Odessa.

Families of clients and the MHMR staff of Midland and Odessa also are invited. Trinity Presbyterian Church is located at 2808 W. Louisiana St.

## Poll Ranks Nixon Low In Inspiring Public Confidence

NEW YORK (AP) — A recent poll has given President Nixon higher marks for his over-all handling of the presidency but his worst rating to date on inspiring public confidence, pollster Louis Harris reports.

Asked whether Nixon inspired confidence, only 15 per cent rated the President good-to-excellent and 78 per cent marked Nixon fair-to-poor. Seven per cent were not sure.

But the President's over-all performance improved in the opinion of those questioned. Thirty-one per cent thought the over-all performance good-to-excellent, compared to 26 per cent in the preceding poll. He was called fair-to-poor by 66 per cent and 3 per cent were unsure how to rate him.

When asked whether they believed Nixon "will be found to have violated the law, as was true of Vice President Agnew," 49 per cent answered yes. Thirty-four per cent said no and 17 per cent were uncertain.

This was the highest percentage of a survey sample ever to express belief Nixon is a lawbreaker, up 6 points, over the same question in a February poll, Harris said.

## Fears Of Assassination Bothering Ted

BONN (AP) — Sen. Edward Kennedy flew back to Washington today after two days of talks with West German leaders.

Kennedy considered a front-runner in the 1976 presidential campaign, said in an interview today he is bothered by fears of assassination.

Asked by the West German newspaper Bild Zeitung if members of his family want him to be president, the Massachusetts Democrat replied: "My God, no. After what happened to my two brothers, they are very much afraid."

Patrolman A. W. Sparks said the child's mother witnessed the accident from her balcony. But if I thought about it too much, I wouldn't be able to function." Then he added, "I would be crazy if I completely ignored the danger."

## Car Runs Over, Kills Boy, 2

HOUSTON (AP)—Rex E. Dexter Jr., 2, was killed Monday when a station wagon rolled over him at an apartment parking lot.

Patrolman A. W. Sparks said the child's mother witnessed the accident from her balcony. But if I thought about it too much, I wouldn't be able to function." Then he added, "I would be crazy if I completely ignored the danger."
