## Jaworski Seeks Tape Subpoena

### Items Needed For Watergate Cover-Up Trials

WASHINGTON (AP)—Special Watergate prosecutor Leon Jaworski asked U.S. District Court today to issue a subpoena for tapes of 63 conversations in the White House.

Jaworski said he had tried unsuccessfully to get access to the materials through President Nixon's Watergate lawyer James D. St. Clair but since he has received no response "I feel obligated to seek these materials by subpoena."

He said the tapes and other items are needed for the trial of John N. Mitchell, H. R. Halde- man and John D. Ehrlichman and four other defendants in the Watergate cover-up.

The materials for which a subpoena is sought consist of tapes and other electrical and or mechanical recordings or re- productions and any memo- randa, papers, transcripts or other writings ... between the President of the United States and persons who are defend- ants or potential witnesses in the case.

Jaworski said his staff has information that the materials contain evidence relevant to the trial.

The attachment listed 46 dates for which Jaworski asked information.

They included: —A June 20, 1972 meeting and two telephone conversa- tions between the President and Charles W. Colson, a former White House aide who is one of the seven defendants.

—On June 23, 1973, three meetings between the President and H.R. Haldeman.

### Little Weather Change Is Likely

Texas weather wasn't much of a conversation piece today— not enough to talk about.

Another batch of cold air showed through the Panhandle toward North Texas, dropping temperatures a little below freezing in places. Temperatures were moderate elsewhere.

Aside from clouds over the east part of South Central Texas and along the immediate coast, skies were generally clear.

National Weather Service fore- casters at Midland Air Ter- minal predict continued fair skies, warm days and comfort- able nights for the Tall City.

The high this afternoon will be in the low to middle 70s fol- lowed by an overnight low in the mid-40s or low 50s. The high Wednesday will be in the high 70s.

Monday's high was 72 degrees and the low this morning was 45.

Scattered showers Monday in South Central and Southeast Texas brought less than an inch of moisture at all reporting points, according to the Asso- ciated Press.

### Low Estate Executors And Trustees Resign

Robert M. Turpin, Charles L. Morgan Jr., H. L. Landua, James L. Morris and V. H. Van Horn Jr., formerly ex- ecutors and trustees of the Estate of Ralph Lowe, today announced their resignations.

They said that their resigna- tions were made only after a complete investigation by auditors and attorneys disclosed that there were no bases for charges of maladministration that had been leveled against them. The 142nd District Court, they said, entered a judgment which completely exonerated them of all charges and ac- cusations made, and authorized the resignations.

Spokesman for the resigning executors and trustees made it clear that one reason litigation had been necessary arose out of the fact that there was uncertainty under the will of Ralph Lowe, deceased, as to whether or not they could legally resign, and the court's judgment resolved this question.

Mrs. Erma Lowe, widow of Ralph Lowe, now remains as the sole executor and trustee, and all decisions with regard to the handling of the estate now will be in her hands and those of her daughter, Mary Ralph Lowe Yost.

The resigning executors and trustees said that their will- ingness to resign, with court approval, also was predicated upon their being satisfied that the only persons ending up with an ownership position would be clear that one reason litigation

**BAD NEWS FOR COYOTES** — Dr. Milo J. Shult, of Uvalde, left, Texas Agricultural Extension Service wildlife specialist, shows Midland County rancher Timber Floyd a device designed to control coyotes. A toxicant "shell", held by Dr. Shult, is placed in ejector device, held by Floyd. The device is baited and partially buried. When animal attempts to eat the bait, the toxicant is fired into his mouth: The animal expires almost instantly and without pain, Dr. Shult said here today.

### SPEED LIMIT CUT More Warning Signs Slated On Cuthbert

Several blocks of Cuthbert Street from just west of Hill Park to Memorial Stadium now have a reduced speed limit of 20 miles per hour.

Signs at either end of the stretch of the residential street went up Thursday, without public warning. Additional warning signs were expected to be in place by today. The section is a winding part of the through street which has caused several accidents in the past, according to City Manager James Brown.

Brown will meet with Traffic Engineer Tom Hoot today to discuss other warning measures necessary to inform the driving public of the reduced speed.

Several area residents complained of lack of warning of the lowered speed when approaching Cuthbert Street

from a side street. Brown said warning signs will be placed on the side roads. He also said signs denoting the end of the speed zone probably will be placed at either end of the section.

Presently, the speed limit along the rest of Cuthbert Street is 30 m.p.h.

Several tickets were given by Midland police Monday, much to the dismay of motorists who were unaware of the lowered speed limit.

City Judge Bill Ahders has granted a period of grace along Cuthbert Street, with tickets given Monday being dismissed and any fines paid for tickets given along the stretch refunded.

Warning tickets will be given along the stretch for several days, before actual tickets are given.

## City To Subsidize Ambulance Firm

By ROBERT C. BORDEN  
Midland City Councilmen Monday agreed to purchase a new ambulance for emergency use only and to subsidize a private ambulance firm \$1,500 a month in order to upgrade its service.

Thomas Funeral Home currently operates a two-ambulance private service in Midland. Under terms of the contract approved by the council, Wagner L. Thomas, ambulance owner, will operate the two ambulances

with a minimum crew of two persons each. Each ambulance would have at least one EMT (emergency medical technician) with advanced medical training. The Service will be provided 24 hours a day and Thomas will

be responsible for collecting his own bills. Thomas will purchase additional equipment for his ambulances to bring them up to standards proposed by the American Society of Surgeons. The city will pay Thomas a

flat fee of \$1,500 each month beginning May 1, and will purchase a "modulance" to be used when neither Thomas ambulance is available. The modulance, or extra ambulance, will be housed at Cen- (See AMBULANCE Page 4A)

### LATE NEWS FLASHES

**NEW YORK (AP)** — Former Atty. Gen. John Mitchell testified today he was very incensed that financier Robert Vesco tried to use muscle on the Nixon administration to stop an investigation of Vesco's financial empire.

**HOUSTON (AP)** — A lawyer for Elmer Wayne Henley, 17, accused in the Houston mass murders, said today he will seek one trial for all the charges Henley faces.

**CENTER LINE, Mich. (AP)** — The president of Chrysler Corporation says Chrysler will raise prices on 1975 autos by a substantial amount.

## Hardie Resigns City Council Post

In a dramatic move during Monday afternoon's Midland City Council meeting, Mayor Ernest Angelo Jr. read a letter of resignation from Councilman Thornton Hardie Jr.

In the letter, dated April 8, the day before the last regularly scheduled council meeting, Hardie said, "The magnificent City of Midland is entitled to no less than on-the-job, hard working and dedicated councilmen, but for reasons beyond

my control, I will be unable to perform as I hoped that I could."

Hardie suffered a heart attack in February and has been unable to return to council meetings since that time. He is out of the city today and unavailable for comment. His letter left the audience and council stunned, although most persons said they had been expecting it.

Angelo continued, "My departure is no loss to anyone except to myself, and I want you to know that I have been enriched beyond measure by associating myself with your leadership and with that of the other gentlemen on the council."

Mayor Angelo and the rest of the council termed the resignation "a loss to the council." Councilman Robert Holt,

in moving to accept the resignation "with reluctance," said "It is a loss to us and to the community."

The council met almost 40 minutes in executive session to consider a replacement for Hardie, whose term runs until April 1975. According to City Attorney Joe Nusselle, the council will elect a new councilman to fill out the unexpired term possibly April 23.

### IDENTIFIED BY FBI AS GANG MEMBER

## Patricia Hearst Involved In Robbery

SAN FRANCISCO (AP) — The FBI is hunting newspaper heiress Patricia Hearst on a material witness warrant which identifies her as a member of a heavily armed gang that robbed a bank and shot and wounded two passers-by.

Authorities said she may have been forced into taking part in the stickup. Three other women previously linked to the terrorist

were being sought on bank robbery charges after the holdup Monday.

According to automatic photographs taken inside the bank and to accounts given by witnesses, nine persons were involved — the three women and an unidentified man who entered the bank and four persons who waited in one of two cars outside.

The SLA claims it kidnaped Miss Hearst on Feb. 4.

Miss Hearst was identified from photographs taken by hidden cameras during the robbery. Pictures showed her with a U.S. Army carbine slung over her shoulder. A U.S. attorney recommended bail at \$500,000 each for her and the three other women if they are caught.

The FBI said the bandits took \$10,960. Two cars in which the robbers fled were recovered nine blocks away, but a search of a 20-block area by the FBI and police failed to turn up further clues.

The material witness warrant was issued for Miss Hearst in the absence of specific evidence indicating she participated in the hold-up "of her own free will" and because she may have "been acting under duress and coercion," FBI Special Agent Charles W. Bates said.

He told reporters, "We are not ruling out the possibility that she was a willing participant. On the other hand, there is evidence she was not."

Bates said a photo showing her with a gun also showed that "there was a gun held by another person on her."

U.S. Atty. James L. Brown- ing Jr. said, "If she was involved and investigation shows that, we're going to charge her as a bank robber. It is clear from the photographs she may have been acting under duress."

It was the first word of Miss Hearst since an April 3 taped message from the SLA in which she scorned her parents and

said she had decided to "stay and fight" with her abductors.

Randolph A. Hearst, president and editor of the San Francisco Examiner, was in La Paz, Mexico, with his wife and two of his five daughters and could not be reached for comment on Monday's bank heist and Patricia's part in it.

The three others being sought were identified by the FBI as Nancy Ling Perry, said to be the writer of a lengthy commu- (See PATRICIA Page 4A)

### State Oil Allowable Set Full For 26th Consecutive Month

AUSTIN, Tex. (AP) — The Texas Railroad Commission set the statewide oil allowable for May at 100 per cent today after one major buyer noted that its first shipment of Mideast oil in some time is expected later this month.

It was the 26th consecutive monthly allowable to be set at 100 per cent. Major buyers of Texas crude oil asked for 3,860,765 barrels a day next month, a decrease of 79,402 from April.

The largest reduction was 117,000 barrels by Exxon Corp., and a spokesman said part of the reason was the availability of foreign crude. John Yaeger of Exxon said it expects 150,000 barrels a day

from the Persian Gulf next month, with the first shipment due in late this month. During the Arab oil embargo, he said, Exxon relied on Venezuelan oil. Sun Oil Co. and Union Oil Co. of California also reduced their nominations for Texas oil in May, but they said it was merely to get in line with what they are actually receiving—not an indication that they needed less oil.

Chairman Jim Langdon of the commission said Texas' crude oil stocks as of March 29 totaled 90 million barrels, an increase of 900,000 from a year ago. Total United States oil stocks had increased by 3 million barrels, he said.

"As usual the East Texas and Kelly-Snyder fields were held to (See ALLOWBLE, Page 4A)

### Gaines Gets Deep Probe

Tipperary Corp., Midland, has filed application to drill a 13,500-foot wildcat in Gaines County, six miles southeast of Loop. It is No. 1 W. J. McMurray.

Location is 467 feet from south and 1,980 feet from east lines of section 64, block H, D&W survey, 3/4 mile northwest of the depleted Medlin (S a n Andres) field.

### Deepening Set As Prospector At Pecos Well

Skylite Oil & Gas, Odessa, intends to re-enter and deepen from old total depth of 5,574 feet, to new wildcat depth of 7,000 feet, at No. 1 Breen, former 5,100 Devonian opener in the Pecos Valley field of Pecos County.

Originally drilled by Charles H. Wacker as No. 1 J. W. Breen, it was completed Sept. 8, 1956, for 184 barrels of 39-gravity oil daily, through perforations at 5,176-5,214 feet.

Location is 660 feet from northwest and southwest lines of section 56, block 10, H&GN survey, 3/4 mile east of the Double L (Fusselman) field.

### Wolfcamp Openers Fined In Eddy

Amoco Production has announced a preliminary, calculated, absolute open flow for two Wolfcamp pay openers in Eddy County, N.M.

No. 1 Herren-Federal Gas Communized, 3/4 mile northeast of the Morrow opener in the Black River field, had an open flow potential of 3.9 million cubic feet daily, producing through perforations at 10,026-10,134 feet.

Drilled to 12,440 feet, it is plugged back to 11,400 feet, in 5 1/2-inch casing seated at 12,243 feet.

Location is 1,900 feet from south and west lines of section 7-24s-27e, four miles northeast of White City.

**Second Pay Opener**  
No. 1 ARCO-Federal Gas Communized, Wolfcamp pay opener in the Logan Draw field, had a preliminary absolute open flow gauge of 34,940 million cubic feet of gas per day, producing through perforations at 6,348-6,361 feet, which had been acidized with 3,000 gallons.

Drilled to 9,740 feet, it has 5 1/2-inch casing seated at 9,739 feet, and is plugged back to 6,358 feet.

Well site is 1,980 feet from south and 660 feet from west lines of section 26-17s-27e, eight miles southeast of Artesia.

An official absolute, open flow will be gauged on both projects at a later date.

### Deep Probe Slated In Southeast Lea

HNG Oil Co. of Midland has filed application to drill a 20,800-foot searcher in Lea County, N.M., four miles southwest of Jal. It is No. 1 Dogie Draw-Federal.

Location is 1,980 feet from south and east lines of section (Continued On Page 11A)

### Weather

Three women previously linked to the terrorist SLA were also identified from hidden camera photos. Authorities say Miss Hearst may have been forced into taking part in the robbery. (AP Wirephoto.)

## Medical Society Meets Thursday

Midland dentists and their wives are invited to meet with the Midland County Medical Society and Auxiliary Thursday in Midland Country Club. Sam V. Stone Jr. of Austin, attorney for the Texas Medical Association, will speak on "What To Do When the Doctor Dies."

There will be social hour at 6:30 p.m. and dinner at 7:30 p.m.

Reservations should be made by 12 noon Wednesday with Mrs. T. J. Melton, 682-1233.

## Coming Events

**Wednesday**  
 Dorcas Society of Seventh-day Adventist Church, 9 a.m., church.  
 M.C. Women's Golf Association, 9 a.m., Club.  
 Permian Basin Duplicate Bridge Club, 7:30 p.m., Knights of Columbus Hall, 2401 W. Indiana St.  
 Modern Study Club, 1:30 p.m., Midland Woman's Club.  
 Woman's Wednesday Club, 2:30 p.m., Midland Woman's Club.  
 Midland Senior Citizens Center, 12 noon, luncheon, First Christian Church.  
 Play Readers Club, 11:30 a.m., home of Stella Lanham, 1412 Auslee St. Mrs. Betty King will read.  
 Lion Tamers Club luncheon, 11:30 a.m., Ranchland Hill Country Club.

**LIFE MEMBER**—Mrs. Charles West, senior vice president of the Veterans of Foreign Wars Auxiliary of Post 7208, and Ray Eaton, right, commander of the post, present L. C. Stevens with a life membership in the organization. The presentation was made Sunday during an Easter egg hunt held at the VFW Hall, 1509 Taylor St. Mrs. West also presented love gifts to Karen Domstead and Nancy Hyman. Winners of the Easter egg hunt were Eddie Bell; most eggs; Barbara Ham and Boyce Walker. Pat Sexton was recognized for participation in the recent 20-mile bike ride.

## Dear Abby

### A Childless Marriage—Who Bears Burden?

—By Abigail van Buren

**DEAR ABBY:** My husband tentationally hurts you is from and I have been married for a distance, and as infrequently six years, and I definitely have as possible. made up my mind that I do not want any children. My husband says if that's the way dating this nice young man exclusively for seven months. He didn't ask me to go steady. I just don't care to go with anyone else. He doesn't go with anyone else either, so I guess you'd say we are going steady. My problem is my mother. She has told me that she doesn't want me to date him anymore. Just like that! The reason. He's too short! (He's exactly my height — 5 foot 6.) I'm not a child. I'm 20 years old, but I live at home with my parents; I'd move out, but they need the money I pay for my room and board.

**DEAR ABBY:** I've been dating this nice young man exclusively for seven months. He didn't ask me to go steady. I just don't care to go with anyone else. He doesn't go with anyone else either, so I guess you'd say we are going steady. My problem is my mother. She has told me that she doesn't want me to date him anymore. Just like that! The reason. He's too short! (He's exactly my height — 5 foot 6.) I'm not a child. I'm 20 years old, but I live at home with my parents; I'd move out, but they need the money I pay for my room and board.

I would like your opinion.  
**NO CHILDREN THANKS**

**DEAR NO:** Since it was your decision to have no children, I think it's up to you to take the precautions instead of insisting that your husband subject himself to a vasectomy. Be realistic. If you were to divorce your husband (or die) and he were to marry again, he and his next mate might want children. As for a vasectomy being a "breeze," one man's breeze is another man's gale.

**DEAR ABBY:** I am so heartsick this morning after getting very little sleep last night. My sister-in-law informed me yesterday that my husband (her brother) plays golf just to get away from me!

I was so crushed I couldn't find the words to answer her. I've been married for 35 years and always thought I had a good marriage — and now this. Please tell me how to handle it.

**MRS. M:**

**DEAR MRS. M:** Is there a possibility that she was joking? If not, she clearly meant to hurt you, and the only way to deal with someone who in-

## POLLY'S POINTERS

### Clambering Tot Needs Protection

By POLLY CRAMER  
 Newspaper Enterprise Association

**Polly's Problem** — A long train is often gone as a car approaches a crossing and the train rumble blends in with the car engine noises. On a dark night it is impossible to see box or flat cars as they roll by unless there are lights approaching from the opposite side. — MRS. G.B.

**DEAR POLLY** — Sandy's five-month-old puppy who chews on anything made of wood may be lacking something in his diet. She should give the dog some chew bones or a dog bone made of HARD plastic or rubber that may satisfy his need for something to chew on. Do hope this takes care of the bad habit. He could swallow wood splinters that could pierce his intestines. — MARY P.

**DEAR POLLY** — Recently a young man on a motorcycle was killed by running into the side of a freight car. He was familiar with this crossing near his home and was not under the influence of anything. I wonder why the young man are not valid, and railroads do not paint broad stripes of fluorescent paint on their cars so they could be seen easily at night. A car's headlights would pick up the reflection quite a distance away. The sound of the whistle on

## Altrusa Club Marks Birthday

The Altrusa Club met recently establishing a home laundry in the Plaza del Sol Restaurant service.

Mrs. Oran J. Simmons, chairman of the Altrusa information committee, presented the program. She remarked that Altrusa today has even greater fields to cover than 50 years ago when the group was formed. She said Altrusa Clubs should be established in many more cities, because "one of the most hopeful assurances we have for a world understanding of peace is that we are fast developing a world of brothers and sisters through service clubs, such as Altrusa."

A large birthday cake flanked by candles decorated the head table, and Easter baskets were used on the side tables.

It was announced the club will participate in the Christmas in April project to aid in restoring better living conditions of homes in east Midland.

The vocational services committee under the chairmanship of Mrs. June Sparks will be in charge of the program at the meeting at 7:30 p.m. April 25 in the Plaza del Sol.

**PTA Will Meet**  
 The Ben Milam Parent-Teacher Association will meet at 7:30 p.m. today in the school cafeteria.

# Dallas Council Okays Ban On Love Flights

DALLAS (AP) — The City Council of Dallas approved on Monday an ordinance that would ban all scheduled airline flights at Love Field.

A few hours earlier, the Fort Worth City Council unanimously approved a similar ordinance, effective May 1, barring scheduled commuter flights from Meacham Field.

Shuttle service from Meacham to Dallas-Fort Worth Regional Airport would be allowed to continue.

The actions by the two cities' governing bodies, which still must be approved on subsequent readings, are an attempt to end a controversy surrounding Love and D-FW.

Both Fort Worth and Dallas have been in a legal hassle with Southwest Airlines, Texas International and Braniff International. It all began when Southwest refused to move from Love Field to D-FW.

Southwest was formed after the two cities and the major airlines signed agreements to move to the new airport and recently won a court battle to stay at Love.

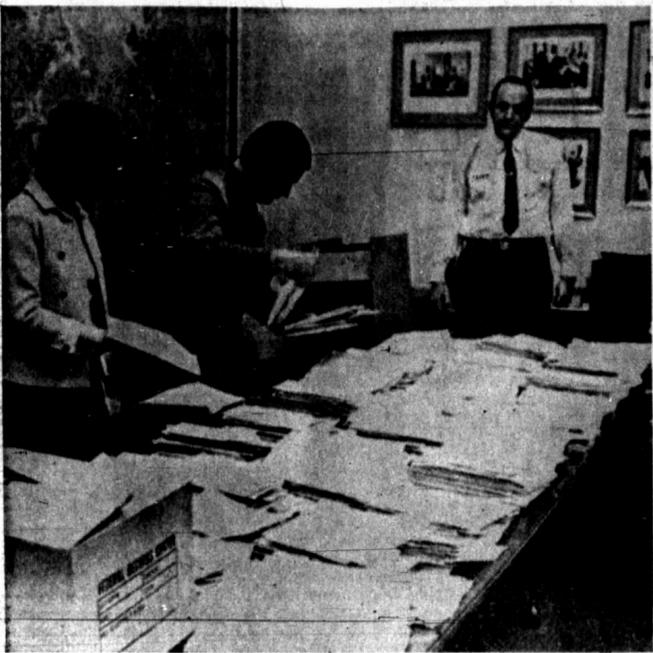

Attorneys for Southwest met into the night Monday to "examine what possible routes they might take," a spokesman for the airline said.

"We felt like the (Dallas) city council would go by the wishes of the public they serve and would take the action they did," the spokesman added. "We were very disappointed."

After Southwest won its battle to stay at Love Field, at least temporarily, Texas International and Braniff International went to court for permission to remain at Love for commuter flights. TI won a legal decision and started its flights Monday.

In Houston, a spokesman for Texas International said the Dallas council's action was not final in that the ordinance requires approval in two more readings. "We have the situation under study... We plan to continue the flights," a Texas International spokesman said.

Delta Airlines filed a suit seeking relief from paying landing fees at D-FW as long as other airlines continue to remain at Love Field.

**SORTING THE MAIL** — The White House released this photo Monday at Key Biscayne and said it was taken last Friday and shows Roland Elliott, center, and his staff assistant Judy Beth Entler with some of the mail received in Washington concerning the President and his tax problems. At right is R. E. Tomlinson of the Executive Protection Service. The White House said money sent to Nixon to help pay his taxes is being returned to contributors. (AP Wire-photo.)

## Change Of Venue Granted In Massage Parlor Trial

DALLAS (AP) — Trial of a man to some massage parlor owner claims Collin County Sheriff George Smith unlawfully rubbed out his business has been moved from the Northern to the Eastern District on a change of venue.

U.S. Dist. Court Judge Robert M. Hill, a Northern District judge, agreed to the change of venue Monday after hearing part of the testimony in the case.

Wayne Nickelson, a massage parlor operator, testified that Sheriff Smith warned him that his business in Collin County would be closed down during its first week. It was.

Nickelson indicated during questioning that he got the impression from the sheriff that his business would be closed one way or another.

Lawyers asked Sheriff Smith about allegations by a former deputy, Lawrence Selman, that preferential treatment was given to some massage parlor case should be heard in the Eastern District where Collin County is located. The case now is expected to be heard in federal court at Sherman.

Selman, who resigned as a Collin County deputy, was to testify, but Judge Hill granted the change of venue before the former deputy took the stand.

Motion to transfer the trial was by Assistant Dist. Atty. Elmer Knott, who contended the

## Democrats, Republicans More United On Impeachment Panel

By JOHN BECKLER  
An AP News Analysis

WASHINGTON (AP) — The House Judiciary Committee resumes its impeachment inquiry next week with its Democratic majority and Republican minority more united than ever, thanks largely to the White House.

Always in danger of being undermined by party-line squabbling, the panel gained new unity in the resentment shared by most of its members over White House handling of the request for tape recordings of 42 presidential conversations.

"There is a loyalty to the House as well as a loyalty to the party," says Rep. Hamilton Fish, R-N.Y. "But the administration doesn't seem to understand that."

Another factor in the current bipartisan spirit within the committee has been the work of Chairman Peter W. Rodino Jr., D-N.J., whose handling of impeachment inquiry disputes has won praise from members of both parties.

Both unifying influences were at work last Thursday when the committee voted 33-3 to subpoena the tapes after waiting in vain since Feb. 25 for the White House to deliver them.

Although angry enough to support a subpoena vote, most Republican members favored one calling for only partial delivery of the 42 tapes when the meeting began. They were thrown into confusion when White House lawyer James St. Clair, hoping to avoid a subpoena, telephoned an offer to deliver some tapes, but not all.

After urging support for St. Clair's offer, the Republicans learned to their embarrassment he would not put it in writing and they dropped it.

Rodino's willingness to compromise also has healed the most serious breach yet threatened in the committee, on the role of St. Clair, as Nixon's counsel, in the inquiry.

Starkly aware of the historic importance of his actions, Rodino is loath to do anything that might alter the nature of the impeachment process. He sees it as an investigation to determine whether grounds exist for impeachment, not as a trial to determine proof of those grounds.

With that attitude, he has opposed the idea put forward by the White House and the committee Republicans that St. Clair should have a right to participate fully in the committee's activities, calling his own witnesses, presenting his own evidence, and cross-examining other witnesses.

The zeal with which the Republicans have supported the idea is only partly based on their desire to see that Nixon is treated fairly.

It also stems from disappointment among many of them in Albert Jenner, chief minority counsel of the impeachment staff. They had expected him to reflect a Republican viewpoint in the investigation but he has worked closely with Doar and joined him in all major staff decisions.

Uncertain how vigorously Jenner will challenge facts gathered by the staff that could damage Nixon, the Republicans want St. Clair to do the job.

Faced with determined Republican opposition and a split in his own party's ranks over the issue, Rodino yielded last week and agreed in principle to much of what the Republicans are asking. The details will be worked out after the committee returns next week.

Clear Skies Prevail In Most Of U.S.

By The Associated Press

Showers sprinkled the Mississippi Valley today while clouds darkened the Atlantic and Pacific coasts.

But clear skies and crisp temperatures prevailed in most of the nation's midsection from the Plains to the upper Great Lakes.

Showers and scattered thundershowers continued to drench Gulf Coast areas from Texas to Florida, and rain splashed into parts of Missouri, Kansas, Oklahoma and Arkansas.

Clouds along the Eastern Seaboard extended inland as far as Ohio, and a few areas of light rain also dampened the East Coast.

Cool air swept on north winds into much of the eastern half of the nation. Frost and freeze warnings were issued for northern Indiana, West Virginia and the mountains of Virginia and Maryland.

At the other end of the country, clear skies and warm temperatures were common in the Southwest. But while readings were mild farther north along the Pacific Coast, skies were mostly cloudy.

Temperatures before dawn ranged from 78 at Key West, Fla., to 25 at North Platte and Scottsbluff, Neb.

Some other reports: Anchorage 37 cloudy, Atlanta 45 clear, Boston 46 partly cloudy, Chicago 38 clear, Cincinnati 35 clear, Cleveland 43 cloudy, Dallas 57 clear, Denver 31 clear, Detroit 35 clear, Indianapolis 38 clear, Kansas City 41 partly cloudy, Los Angeles 56 clear, Louisville 41 clear, Miami 74 partly cloudy, Minneapolis-St. Paul 38 clear, Nashville 40 clear, New York 49 clear, Philadelphia 48 clear, Phoenix 65 clear, Pittsburgh 46 cloudy, St. Louis 50 cloudy, San Francisco 48 clear, Seattle 48 cloudy, Washington 52 cloudy.

# April Is Upholstery Month At Knorr's

**20% OFF**  
REGULAR PRICE

Choose From Our Entire Stock Of Sofas & Chairs at **20% OFF**

Rare indeed is an upholstered collection that can offer so many luxurious, fine quality features as the one illustrated here. But rare indeed is a maker like Heritage. For here is a manufacturer who combines style, flair and good looks with comfort, craftsmanship and custom tailoring. The result: upholstered treasures that offer years of good wear at sensible prices. Choose any of these richly covered designs and make a discovery. The moment you place one in your living room you'll see a change for a more elegant and more impressive home. Shop today and see each with your own eyes.

### TO STOP ISRAELI BORDER RAIDS—

# Lebanon Asks U.N. Intervention

By The Associated Press

Lebanon has asked the United Nations Security Council to take "appropriate and efficient means" to stop Israeli raids across the border, arguing that condemnation would not be enough.

The council debated Monday for 2½ hours on Lebanon's complaint about an Israeli raid Friday night on six Lebanese villages.

Israel was retaliating for the attack by three Arab guerrillas the day before on the town of Qiryat Shmonah in which 18 Israelis and the three Arabs were killed.

#### Israel's Reaction

Foreign Minister Fouad Nafza of Lebanon told the 15-member council Israel would react with "indifference and contempt" to a condemnation. Egyptian Foreign Minister Ismail Fahmy accused Israel of endangering the fragile Middle East truce by its actions in Lebanon and on the Syrian front.

"Israel must choose between war and peace," he said.

Israeli Ambassador Yosef Tekoah replied that Lebanon must "prevent the use of its territory for attacks against Israel."

"If the Lebanese government permits Lebanon to become a lawless gangland, it is obvious that its neighbors will treat it as a gangland," he declared.

A spokesman for the United States, Israel's traditional ally, told newsmen that any condemnation of Israel must be

balanced by a condemnation of Palestinian terrorism.

Meanwhile, Israeli and Syrian forces on the Golan Heights, after close combat and Israeli air attacks Sunday, returned to the artillery ex-

changes that have characterized most of the fighting there in the past month.

Both the Israeli and Syrian defense ministers visited their troops at the front Monday. While the Israeli minister,

Moshe Dayan, was on Mt. Hermon, Syrian shells hit the area, but Dayan was unhurt, the Israeli command said. Two Israeli soldiers were wounded.

Radio Damascus said Syria's defense minister, Mustafa Tlas, also made a quick trip to Mt. Hermon and inspected the forward command headquarters of Syrian forces there.

#### Grants More Time

In Jerusalem, Israeli President Ephraim Katzir's office said he has granted the Labor party more time to name a new premier to replace Golda Meir, who resigned last week and is now heading a caretaker government.

The statement said Katzir asked the country's biggest party to name its candidate "as soon as possible." Some sources said the president had given the Laborites until April 24, while other reports said his deadline was April 28.

Labor's leading contenders for the premiership are Minister of Labor Yitzhak Rabin; Yosef Almogi, the mayor of Haifa, and Justice Minister Haim Zadok.

#### Thompson, EPA Director To Meet On Recent Order

Ed Thompson, executive vice president of the Permian Basin Petroleum Association, will meet with Arthur Bush, Region 6 director of the Environmental Protection Agency, in Dallas Wednesday, in an effort to iron out differences existing between independent oil operators and the EPA.

The main difference of opinion at present, Thompson said, is the recently issued order by EPA directing that every oil field operation be diked, including drilling site, completed well, and tank battery. Each such location also must have not only an environmental impact statement but a plan of action to meet any emergency, such as spills. The plan must be prepared by a registered engineer. This is a complicated, very expensive procedure.

Thompson said. BPBA's position is that the Texas Railroad Commission has eliminated open pits for creating unnecessary spill problems. Dikes have been ordered removed because tumbleweeds and other debris caught in them were creating fire hazards.

"Hopefully, we can work out the problem," Thompson said. He will report any major results to the annual meeting of BPBA directors here on May 1.

#### Three Women Found Slain

DETROIT (AP) — The bodies of three young women were found in a West Side apartment early today, apparent victims of an execution-style slaying, police said.

They said nearby apartment dwellers reported hearing gunfire, and officers found the bodies when they arrived to investigate. The hands of the victims were tied behind their backs and they had been shot in the back of the head, police said. All the victims were said to be in their late teens or early 20s.

Police also said the 5-year-old daughter of one of the women was found in the apartment. She was unharmed.

Officers said a 19-year-old boyfriend of one of the dead discovered three gunmen in the apartment about 3 a.m., and dived out a second-story window when the men began firing at him. The man suffered minor injuries from the fall and was not hit by the gunfire, police added.

Police said the burglar, who broke into the house through a door between the outdoor swimming pool area and the family room during the weekend, must have known what he was looking for.

They theorize that the culprit was after the paintings and took the jewelry to make the heist appear as an ordinary burglary.

Estimates just on the Remington painting range from the \$5,000 Mrs. Thomas paid for it to \$120,000 listed in an art book.

Seven persons drowned in the floods after a 16-inch rainfall in some areas—more than three times the state's normal rainfall for April.

Gov. Bill Waller urged President Nixon to designate 34 of the state's 82 counties disaster areas in order to speed emergency aid. Most of the flooding was concentrated in a dozen counties.

The governor estimated damages at \$50 million, not counting agricultural losses. Other officials said it was too early to make reasonable damage estimates.

National Guardsmen and Civil Defense workers reported hazardous conditions resulting from snakes looking for dry ground and fire ants that clung to objects swirling through the flood waters.

Rescue workers were pelted with rain through much of Monday. Scattered rain continued in the area late Monday night, but ended early today.

Hardest-hit were Hattiesburg, Columbia and Laurel. Many schools and businesses were closed in Forrest and Marion counties, and numerous highways were sealed off because of damage or high water.

"All the old people here tell us this is the worst they've seen it here," said J. W. Bowman, a Marion County Civil Defense official. "We've just got water everywhere."

The city will charge for emergency runs made by the modulance; but the council has not yet set the fee. City Manager Jim Brown said the city reasonably could not charge less than Thomas, who charges \$37.50 for an emergency run within the city limits.

Also, Brown noted, unless an agreement is worked out with the county commissioners, the modulance could not be used outside the city limits.

At an earlier council meeting, Thomas said a third ambulance would be needed "three or four" times a year, usually when one of his two ambulances is on a patient transfer run or an emergency run to Odessa.

At Monday's meeting, Thomas said he is attempting to lease a third ambulance for use in patient transfers only, thus leaving his two ambulances for emergency use.

Brown said the modulance could probably not be available for six months.

#### Melting Copper Pennies To Bring Stiff Penalties

WASHINGTON (AP) — The Treasury Department, acting to head off a possible nationwide penny shortage, has imposed stiff penalties for melting or exporting copper pennies.

Treasury Secretary George P. Schultz approved the penalties of up to \$10,000 and five years in prison as a result of apparent hoarding and destruction of pennies for their copper content.

Schultz said on Monday that demand for pennies in the last three months has totaled two billion, double the demand for the same period a year ago.

"This unprecedented increase in the outflow of pennies cannot be explained by legitimate needs for commerce and trade, but can be attributed to speculation that the metal content of the penny will ultimately exceed its face value," Schultz said.

The demand for pennies has exceeded the U.S. Mint's ability to produce copper cents in recent weeks and a few govern-

ment banks have been forced to ration pennies to their customers.

The rising demand for pennies results from the rising price of copper, which is approaching the point where the copper in pennies will be worth more than a penny.

Spot copper prices hit \$1.20 per pound on world markets last week, the price at which it becomes more expensive to mint pennies than the pennies are worth.

The potential point where the copper value becomes more than the penny is \$1.50 per pound.

The Treasury Department had hoped to abandon production of copper pennies and make pennies out of aluminum. But Congress has not been sympathetic to the idea, largely because of the vending machine industry.

The mint is now experimenting with a new alloy that would reduce the copper content of a penny from 95 to 70 per cent.

programs tend to be a lot of self-sufficiency by 1980 which will include energy conservation programs.

John C. Sawhill, deputy director of the Federal Energy Office, admitted to a newsmen that the FEO was "just starting our massive work on Project Independence," the planning to achieve national energy

independence by 1980 which will include energy conservation programs.

Sawhill said Simon's "goal" of a 3 per cent annual growth rate for energy was "open to discussion" and that Peterson's plan would be considered.

Russell E. Train said in an interview Monday, "It is generally accepted that there should be efforts to reduce demand, but I don't think anyone has tried to make really a clear fix on the numbers."

Train was commenting about a proposal by Russell W. Peterson, chairman of the President's Council on Environmental Quality, to cut drastically the growth of energy use in the United States.

"Major" Undefined Peterson said, in another interview, that there is indeed agreement on "a major emphasis on energy conservation," instead of the "No. 1 priority" they should be.

Energy chief William E. Simon, whose Federal Energy Office has authority over energy conservation programs, said on March 29: "Our energy conservation goal is to cut back in the growth in American energy consumption from the 4 to 5 per cent annual rate of increase over the past 20 years, to approximately 3 per cent."

Peterson, in contrast, urges cutting the energy growth rate to no more than 1.8 per cent.

"I'm going to try to sell as many people as I can on this lower goal," Peterson said. He said he would meet soon with Simon.

Train said he was studying Peterson's energy conservation plan.

"All the specific, concrete programs tend to be focused on the supply end — the breeder reactor, coal conversion — that's where the action is."

The energy conservation programs tend to be a lot of self-sufficiency by 1980 which will include energy conservation programs.

#### Police Still Have No Clues In Big Art, Jewelry Heist

Police are still searching for clues in the large art and jewelry theft from the Mrs. Bennie Sue Thomas home at 2001 Bedford St. but said this morning they have no suspects.

It will be several weeks before an accurate cost estimate can be put on the stolen items, which included paintings by Frederic Remington, Charles Russell, Robert Woods and Touraine; two water colors by Chauncey Ryder; two bronze statues by Russell and Joe Grande; diamond rings and earrings; and brass punchbowl set, goblets and wine cooler.

Estimates just on the Remington painting range from the \$5,000 Mrs. Thomas paid for it to \$120,000 listed in an art book.

Seven persons drowned in the floods after a 16-inch rainfall in some areas—more than three times the state's normal rainfall for April.

**BANK ROBBED** — Lt. Schultz of the San Francisco Police Department looks at bullet holes in a window of Hibernia Bank where a band of heavily armed commandos who said they were members of the terrorist Symbionese Liberation Army robbed the bank and seriously wounded two passersby. A bank officer said two white women, a black man and a white man escaped with \$10,960. (AP Wirephoto.)

## MAY HAVE BEEN FORCED TO TAKE PART— Patricia Sought As Robbery Witness

(Continued From Page 1A)

quique explaining SLA philosophy and goals; Michelle Solty, also known as "Mizmoon," earlier identified as an SLA leader; and Camilla Christine

Hall. Authorities said the four white women and an unidentified black man walked into the Hibernia Bank's Sunset Branch at about 9:45 a.m. Monday. Earlier, witnesses gave varying accounts on the number of persons involved.

"They told people to lie on the floor and then they went to the tellers' cages and took the money. They were in and out within two minutes," said security officer Vincent Greely.

Greely and other witnesses said the group moved with military precision and communicated with hand signals.

"They came in and said, 'This is a stickup' and said they were members of the SLA," San Francisco Police Inspector Mortimer McInerney said.

He said one witness reported hearing one of the robbers mention "Tania," the name Miss Hearst said in a tape she had assumed as a revolutionary.

As they fled the bank, semi-automatic weapons were fired at least four or five times, seriously wounding Peter Markoff, 59, and Eugene Brannan, 70, the FBI said. Markoff and Brannan were reported in satisfactory condition at San Francisco General Hospital.

Lt. Gov. Bill Hobby, running for re-election to his post, endorsed pari-mutuel betting at a speech Monday before the Houston Chamber of Commerce.

At the same time, Frances Farenthold campaigning for governor, told audiences in West Texas they should vote against horse race betting in May 4's primary election referendum.

The woman candidate for the post held by Gov. Dolph Briscoe said pari-mutuel betting would bring undesirable elements into Texas. And besides, she said, "the state does such a poor job of regulating everything else, I doubt Texas could regulate racing."

Despite her statements, Mrs. Farenthold said she did not intend to make a big issue of horse racing, but she said Briscoe has not taken a stand and she thought at least one candidate should.

Hobby did. He said the ban on pari-mutuel betting "breeds disrespect for the law," he added.

"I think it's foolish to have laws against something people are going to do anyway," the lieutenant governor said.

She also claimed that the leadership in Texas the last two years came not from the governor, but from the lieutenant governor and the speaker of the House.

Briscoe did not campaign Monday.

BRISCOE SAYS— "The answer to every question," Briscoe said.

The governor said the energy crisis had taught the nation the need for assessing its resources ahead of time and taking steps to avoid shortages before they arrive.

"We must not allow the same situation to develop in regard to our water resources. We must plan now to meet the future water requirements of our country," Briscoe said.

He said it was clear that Congress had decided that the states, on their own, should take more responsibility for developing and building water projects.

"In the light of federal trends, it may be necessary that we undertake new initiatives to share those costs where there is a proper federal interest. On the other hand, where the interests of Texans are involved, and the federal interest is either undefined or peripheral, it may be, in the long run, more feasible, and, with escalating costs, more prudent, for the state to undertake its own water program implementation," Briscoe said.

He addressed a special task force he had appointed to study the state's water conservation and development needs.

Briscoe said he concurred in the task force's recommendation for both short-term and long-range water programs.

"This short-range plan, and the concurrent long-range planning, must not wait upon completion of every possible study. We must not wait upon

#### Hobby Endorses Pari-Mutuel Horse Race Betting In Texas

By The Associated Press

The so-called "Sport of Kings" was in the thick of the Texas political picture Tuesday, weeks before the vying politicians begin their stretch run.

Lt. Gov. Bill Hobby, running for re-election to his post, endorsed pari-mutuel betting at a speech Monday before the Houston Chamber of Commerce.

At the same time, Frances Farenthold campaigning for governor, told audiences in West Texas they should vote against horse race betting in May 4's primary election referendum.

The woman candidate for the post held by Gov. Dolph Briscoe said pari-mutuel betting would bring undesirable elements into Texas. And besides, she said, "the state does such a poor job of regulating everything else, I doubt Texas could regulate racing."

Despite her statements, Mrs. Farenthold said she did not intend to make a big issue of horse racing, but she said Briscoe has not taken a stand and she thought at least one candidate should.

Hobby did. He said the ban on pari-mutuel betting "breeds disrespect for the law," he added.

"I think it's foolish to have laws against something people are going to do anyway," the lieutenant governor said.

He addressed a special task force he had appointed to study the state's water conservation and development needs.

## Energy Conservation Programs Said Mostly 'Lot Of Rhetoric'

By STAN BENJAMIN

Associated Press Writer

WASHINGTON (AP) — The administrator of the Environmental Protection Agency says the government's programs for energy conservation tend, so far, to be "a lot of rhetoric" instead of the "No. 1 priority" they should be.

Russell E. Train said in an interview Monday, "It is generally accepted that there should be efforts to reduce demand, but I don't think anyone has tried to make really a clear fix on the numbers."

Train was commenting about a proposal by Russell W. Peterson, chairman of the President's Council on Environmental Quality, to cut drastically the growth of energy use in the United States.

"Major" Undefined Peterson said, in another interview, that there is indeed agreement on "a major emphasis on energy conservation," instead of the "No. 1 priority" they should be.

Energy chief William E. Simon, whose Federal Energy Office has authority over energy conservation programs, said on March 29: "Our energy conservation goal is to cut back in the growth in American energy consumption from the 4 to 5 per cent annual rate of increase over the past 20 years, to approximately 3 per cent."

Peterson, in contrast, urges cutting the energy growth rate to no more than 1.8 per cent.

"I'm going to try to sell as many people as I can on this lower goal," Peterson said. He said he would meet soon with Simon.

Train said he was studying Peterson's energy conservation plan.

"All the specific, concrete programs tend to be focused on the supply end — the breeder reactor, coal conversion — that's where the action is."

The energy conservation programs tend to be a lot of self-sufficiency by 1980 which will include energy conservation programs.

John C. Sawhill, deputy director of the Federal Energy Office, admitted to a newsmen that the FEO was "just starting our massive work on Project Independence," the planning to achieve national energy

independence by 1980 which will include energy conservation programs.

## 'Suicidal Persons' List Proposed For Firearms Dealers

WASHINGTON (AP) — A government list and face penalties if a purchase was made by someone on the registry.

Browning contends that firearms are "minimally and ineffectively controlled" by some 20,000 state and local laws and the Federal Gun Control Act of 1968.

Most laws are aimed at keeping guns out of the hands of criminals, drug addicts, alcoholics or the mentally incompetent and often do not require even a waiting period before the purchase is made, he said.

</

# IN SAN FRANCISCO— Reward Money Climbs In 'Zebra' Shootings

SAN FRANCISCO (AP) — Reward money mounted to \$25,000 today as police appealed to the public for help in finding one or more black gunmen who have shot 17 white persons, 11 fatally, in unprovoked attacks since last November.

Few new clues have come from the wounding of two teenage boys at a bus stop Sunday night, Charles Barca, chief of inspectors, told a news conference Monday.

As a result of the shooting Sunday, Barca said he will "refine some aspects" of the police department's massive manhunt, known by the police code name "Zebra."

One of many unmarked patrol cars used in the manhunt had passed the boys at the bus

stop and was four blocks away when they were shot.

"It's just impossible to cover everything," Barca said. "We're just hoping we can catch this killer right in the act."

Terry White, 15, of San Francisco and Ward Anderson, 18, a recent arrival from Mesa, Ariz., were in stable condition at San Francisco General Hospital, recovering from surgery. Each was shot twice in the back by a gunman described by police as a bearded black man, about 30, with a gold tooth.

White said the gunman shot him first, then Anderson, and fled without saying a word.

Barca said he thinks an accomplice—drove the gunman from the scene, a racially mixed neighborhood just eight blocks from where the last Zebra shooting occurred.

Between Nov. 28 and Dec. 22 six persons were killed and two were wounded and on Jan. 28 four persons were killed and one was wounded on city streets within a two-hour period.

Preliminary ballistics tests on the four shell casings found at the scene of Sunday's shooting "indicate the same weapon was used in prior cases," Barca said. In the previous attacks, at least three different .38-caliber automatic pistols were used, he said.

## Kuwait To Buy French Mirages With Missiles

KUWAIT (AP) — Kuwait signed an agreement with France to buy Mirage F1 fighters equipped with air to ground and air to air missiles, Defense Minister Sheikh Saad Abdullah al Salem announced today.

He refused to say how many Mirages Kuwait was buying or how much it was paying for them.

Local press reports have said the deal calls for 36 Mirages to be delivered in mid-1974.

The sheik told a news conference the deal — concluded with

the French government — placed no restrictions on Kuwait's use of the aircraft.

France has sold Mirages to Libya on condition that they must not be transferred to other countries to be used in action against Israel.

Kuwait has been one of the most prominent Arab countries supplying aid to the military struggle against Israel.

The sheik said the Mirage fighters "are the fastest of their kind in the world, designed for offensive as well as defensive missions."

Kuwait is also considering deals with the United States and Britain to purchase Phantom F4 and Jaguar fighter-bombers, he added.

The sheik also said Kuwait was holding negotiations to buy an anti-aircraft missile network complete with radar stations and early alarm systems. But he declined to say what country or company the negotiations were being held.

In addition, Kuwait was considering a Soviet offer of heavy artillery and tanks, he said.

## Porter Nixon's Pick For Post

KEY BISCAYNE, Fla. (AP) — Robert Porter, a former Dallas County Republican chairman, is President Nixon's choice to become a U.S. district court judge in the northern district of Texas.

The President said Monday he will nominate Porter, a Dallas lawyer and former mayor of Richardson, Tex. He will succeed Judge Leo Brewster of Fort Worth, who retired from the federal court bench last November.

Man Gets Silver Star For Action During WWI

ROCK ISLAND, Ill. (AP) — "I promise I'll take good care of it," said Ernest A. Sheer after receiving the Silver Star for valor more than 55 years after he knocked out a German machine gun nest.

The 76-year-old former corporal from Milan, Ill., stood quietly at attention with cane in hand during the presentation Monday at the Rock Island Arsenal's Court of Patriots by Maj. Gen. John C. Raean Jr., arsenal commander.

He praised Sheer for a "magnificent act of valor" on Aug. 31, 1918, when Sheer and a comrade braved a hail of enemy machine gun bullets on a French battlefield to capture a German machine gun, turn it on the enemy and capture 47 German soldiers.

After the presentation, Sheer pulled out a handkerchief and fought back tears.

At the time of the action, the Army promised him a medal. But it never came, apparently because the recommendation was never entered into official Army records.

Several years ago, a Rock Island woman, Shirley Barrett, began looking into the case. After an investigation the Army decided to award Sheer, now a resident of a nursing home, the Silver Star.

"While the Army has an eye to the future it also has a fond remembrance for past deeds," said Raean.

Sheer brought with him his Purple Heart and a citation for the Croix De Guerre, France's highest military decoration, which he received in 1919.

"I don't think he ever lost faith that his medal would come some day," said Mrs. Delbert Nicholson, a nurse who helps care for Sheer. "And he's very proud now."

## New Mexico Wheat Hurt By Drought

ALBUQUERQUE, N.M. (AP) — Officials estimate 35 per cent of New Mexico's dryland wheat crop has been wiped out by four months of drought, green bug infestations and high winds.

"Even if they get moisture now, yield will be way down with an 8 to 10 bushels an acre on the best farms that are left," said Al Oberg, executive director of the state Agriculture Stabilization and Conservation Service.

He said service offices in Quay, Curry, Roosevelt, Colfax and Torrance counties have received 120 requests for disaster appraisals since the end of March.

Oberg said the requests involve 27,000 acres of dryland wheat.

The appraisals determine whether the farmer is eligible for payment under the 1973 Agriculture and Consumer Protection Act.

## Troops, Police Seek IRA Leader

LONDON (AP) — Troops and police searched today for a leader of the Irish Republican Army who escaped from prison by changing places with another prisoner being paroled to get married.

The missing man was Ivor Bell, 37, former IRA chief in Belfast, who escaped seven weeks ago.

The man he changed places with was being interrogated, and officials said security procedures at the prison were tightened up.

## Watch Your FAT-GO

Loose ugly excess weight with the sensible NEW FAT-GO diet plan. Nothing sensational just steady weight loss for those that really want to lose.

A full 12 day supply only \$3.00. Ask Daniel drug store about the FAT-GO reducing plan and start losing weight this week.

Money back in full if not completely satisfied with weight loss from the very first package.

Raean is commandant of the Rock Island Arsenal. (AP Wirephoto.)

# Ford Says There's 50-50 Chance Panel Will Recommend Nixon Impeachment

PALM SPRINGS, Calif. (AP) — Vice president Gerald R. Ford says the odds are probably 50-50 that the House Judiciary Committee will recommend impeachment of President Nixon.

But Ford says he believes the

full House will defeat an impeachment resolution if one is adopted by the committee when Congress returns from its Easter recess.

He contended there is no evidence now that Nixon is guilty of any impeachable offense, "and I don't think there will be any evidence to change that verdict."

Ford offered his assessment during a news conference Monday after dedicating a senior citizen center. He interrupted a golfing vacation for those ap-

pearances and to address an invitation-only dinner Monday night of prominent and professional men, mostly Republicans.

In reply to questions following the dinner, Ford said neither he nor the President expects Republican congressional candidates to have to defend themselves against the Watergate scandal during the 1974 campaign.

He said he believes they can run successfully this year on Nixon's foreign policy and sound domestic achievements, "and the President will be just darn thankful to have any of them back, I can tell you that."

As for his own future, Ford said again he does not intend to be a candidate for president in 1976.

## Agnew Is Writing Novel To Build Up Confidence

NEW YORK (AP) — "When I was young, I thought it was a lot more likely that I would grow up to be a novelist than vice president of the United States. The written word has always fascinated me."

That's how former Vice President Spiro T. Agnew describes his new role as a writer. In an interview in the current issue of Ladies Home Journal, Agnew says he decided to write a novel to build confidence after a "very traumatic experience."

Agnew pleaded no contest to income tax charges and resigned the vice presidency last October.

Agnew said he is writing every word of the novel "A Very Special Relationship," in long-hand on lined yellow legal paper or dictating dialogue in the den of his Maryland home.

The book is about a vice president a decade in the future who "becomes the dupe of Iranian militants who want to cause an all-out confrontation between the United States and the Soviet Union."

Agnew says he will use his personal knowledge of the vice presidency and the Washington scene but that Vice President Porter Newton Canfield of the book is not Spiro Agnew, or any other former vice president.

Canfield is a wealthy, aristocratic Ivy Leaguer who falls in love with the secretary of health, education and welfare — "beautiful, amber-eyed Meredith Lord."

"Writing these love scenes frightens me to death," says Agnew.

He added, "I have to admit that I won't always be writing from my own experience. I'm not a man of great experience in this area."

## Makes Top FBI List

WASHINGTON (AP) — The FBI has placed James Ellsworth Jones, a convicted kidnaper wanted for escaping from a Virginia jail, on its list of 10 most wanted fugitives.

### The Fuel Shortage Won't Go Away... Here's A Better Way To Travel

## Fuel Allocation Officers To Meet

TOPEKA, Kan. (AP) — Fuel allocation officers from Texas, Oklahoma, Colorado, Kansas, Nebraska, South Dakota and North Dakota will meet Wednesday in Wichita to map plans for filling fuel needs of wheat harvesters this summer.

The chairman of the conference will be Robert Robel, Kansas State University professor and chairman of the Kansas Governor's Council on Energy and Natural Resources.

Gov. Robert Docking, D-Kan., called the conference to make sure that wheat harvest needs are met this year, said Harold E. Willis, Kansas fuel allocation officer.

Willis said plans developed at the conference will be submitted to the governors of the seven states and those plans agreed upon will be implemented as soon as possible.

# Blaze Razes Sternwheeler

VICKSBURG, Miss. (AP) — down the Mississippi than any other towboat. The vessel was launched in December 1901 at Dubuque, Iowa.

The Sprague began its towing career on a Pittsburgh-New Orleans run. However, because of its size, it was soon restricted to south of Louisville, Ky.

Standard Oil, which acquired the vessel in 1925, used "Big Mama" on its 612-mile Memphis-to-Baton Rouge route.

When the boat was retired in 1948, the city of Vicksburg bought it for \$1 to use as a floating theater for the melodrama "Gold in the Hills."

Since 1948, it had left its mooring at Vicksburg only twice. It was towed to New Orleans last year to have its hull replated and in 1969 spent six months in Pittsburgh for a city bicentennial celebration.

## Nixon Due Back in Capitol Tonight

KEY BISCAYNE, Fla. (AP) on flew to their Florida home Friday afternoon. Reportedly he has spent much of the time here relaxing with his family and with neighbor C. G. "Bebe" Rebozo.

The Florida White House said Monday that, as of last Saturday, Nixon had received gifts of \$43,657 from more than 5,000 persons who asked that he use the money to help pay some \$467,000 in back federal income taxes and interest.

On Thursday morning, Nixon will address the annual constitutional convention of the DAR at its Washington headquarters, his second such appearance as President.

The President and Mrs. Nixon

## Weather Modifiers Need Storm Clouds To Work On

**BIG SPRING** — Wanted: A collection of storm clouds for weather modifiers to work on and scientists to evaluate.

Both Atmospherics, Inc., which has operated a cloud seeding project for the Colorado River Municipal Water District for the last two years, and Meteorological Research Institute, hired by the Texas Water Development Board to evaluate the seeding, are ready to swing into action.

The TWDB has issued a permit for the modification program which will continue to Oct. 15.

Atmospherics has its seeding airplane and its pilot, Jim Powers, and its meteorologist, Curt Smith, at the Howard County Airport. Larry Boardman and Ed Huber are operating the sophisticated radar equipment at Snyder for MRI. John Kane is the project meteorologist for TWDB.

R. A. Schooling, who is coordinating the program for the CRMWD, said that a system

of 36 recording gauges, in triangular clusters of three scattered over 12 locations in the watershed target areas, plus a network of 81 conventional gauges, has been set up. Winford Martin, Roscoe, will maintain and read the gauges, relaying the date to MRI. He also will take recording rain patterns by exposing a special sheet of paper to rain for specified times. Exposed to light, this paper gives a permanent record of the pattern and size of rain drops.

During course of the project, MRI will send its planes into seeded clouds for samples. Atmospherics, under contract with CRMWD, will make similar in-cloud samplings at intervals. MRI will direct the randomized seeding of the clouds, but Powers will not know when he is firing real or dummy flares of silver iodide. However, at least 75 per cent of the promising cloud patterns will be seeded.

**SWEARING IN**—City Secretary James McCullough, left, swears in city council members. Taking the oath of office are, from left, new Councilman Mark S. Martin and returning Mayor Ernest Angelo Jr. and Councilman Frank Kell Cahoon. Martin replaces John Pike, who retired.

## HOLT MAYOR PRO TEMPORE— Councilmen Are Sworn In

Councilmen were sworn in at a special called meeting of the Midland City Council Monday and Councilman Robert Holt was unanimously elected mayor pro tempore for the next year.

Mayor Ernest Angelo, and Councilmen Frank Kell Cahoon and Mark S. Martin were sworn in by City Secretary James McCullough following the canvassing of the April 2 city election votes.

Holt replaces John S. Pike, who retired from the council Monday and was replaced by Pike.

Pike was presented a plaque by Mayor Angelo, who termed him a "great asset to the City of Midland." Angelo continued, "It has been a great pleasure to work with John."

Mayor Angelo also presented Pike a bouquet of flowers for his wife Julia.

The Council unanimously approved a request from Ross Kemp to rezone 311 N. Midkiff St. from O (office district) to LR-2 (local retail). Kemp plans to add to his building at that location to allow Olivetti to put in a typewriter sales and repair shop, which is not allowed under an O zoning. Kemp agreed to covenants prohibiting service stations or drive-in restaurants at the location.

The council declared the rezoning request an emergency because of a delay in hearing the request. The council has canceled its last two regular meetings due to lack of a quorum and Kemp said Olivetti needs to be out of its present location as soon as possible. Under an emergency, only one reading before the council is necessary instead of the customary two.

Also passed on the first of two readings raising the speed limit in school zones on Big Spring Street. At North Big Spring Street and Dornard Street, the limit was raised from 20 m.p.h. to 30 m.p.h. while at the intersection of South Big Spring Street and Hicks Street, it was increased to 25 m.p.h.

The increases were made to eliminate a greater than 15 m.p.h. drop from outside the zone to the zone. A city study showed few children use the crossing daily.

In other action, the council:

- Approved a request for two offstreet parking places for a lock shop at the intersection of Ohio Avenue and Kent Street.
- Agreed to let Jeff Barber substitute metal buildings for masonry and steel mini-storage buildings on Holiday Hill Road just north of Andrews Highway.
- Amended the mobile home ordinance eliminating the parking ribbons requirement.
- Approved on the first of two readings a request to rezone 15.95 acres on Rankin Highway south of Interstate 20 from IF-1 (single family) to LI (light industrial).
- Accepted bids on several city items, including hot-mix, cold-lay asphalt, lights for the teenage ball park, Cub International tractor, swimming pool chemicals and manhole rings and covers.
- Accepted the Public Safety Building and made final payment.

## Nation To Watch Michigan Election

**SAGINAW, Mich. (AP)** — Voters in Michigan's traditionally Republican 8th District choose a new congressman today in a special election that was expected to be close.

President Nixon campaigned through rural areas of the district last Wednesday in an effort to boost the GOP turnout and help Republican James Sparling Jr., 45, overcome the lead polls indicate for his Democratic opponent, state Rep. J. Robert Traxler, 42.

Polls in the seven-county district, where a Democratic congressman was last elected in 1932, were scheduled to be open from 7 a.m. to 8 p.m. EDT.

County election officials predicted a turnout of 50 per cent of the district's 215,000 voters—comparable with four previous special congressional elections this year in which Democrats captured three long-time Republican seats.

Polls completed before the Nixon visit showed Traxler slightly ahead, with a considerable undecided vote. Interviews in the district last week indicated few voters would choose their new congressman on the basis of their feelings about Nixon.

However, a Sparling victory

## Jury Subpoenaes Braniff Records

**SAN ANTONIO, Tex. (AP)** — Braniff International records concerning passenger transfers from 1967 to 1972 have been subpoenaed by a federal grand jury here.

Braniff was asked by the grand jury to produce on April 23 records regarding transfers of passengers between "Dallas-Fort Worth, Houston, or San Antonio" from 1967 to 1972.

The subpoena said the jury wants to know about passenger transfers "caused by the inability to perform scheduled service."

A grand jury investigation of three Texas markets has been under way for 19 months.

The grand jury so far has heard testimony and called for documents which might show any actions Braniff and Texas International have taken against Southwest Airlines, an intrastate passenger carrier which operates only at Dallas, Houston and San Antonio.

## Bank Accounts Of Two Firms Selling Silver Contracts Are Frozen

**DALLAS (AP)** — District Court Judge Leonard E. Hoffman ordered a temporary freeze Monday on bank accounts of two firms selling silver investment contracts.

The two, operating under the same ownership at a North Dallas address, are Secure Monetary Systems of Texas, Inc., and Precious Metals of the World, Inc.

Asst. Texas Atty. Gen. Bill Flanary contended at a hearing that \$350,000, which he said was collected mostly from silver investors, has been diverted from bank accounts of the two firms since the state started investigating their operations.

Hoffman was expected to decide after the hearing ends today whether to grant a temporary injunction forbidding those firms to sell investment contracts unless the contracts are registered as securities with the state.

The president of the North Dallas Bank & Trust Co., Darrell M. Laffite, testified that the two business firms opened accounts with his bank last January.

Laffite said some of the same principals with Secure Monetary Systems and Precious Metals opened other accounts at the bank April 2 under the trade names of Protective Investments and Capital Management Services. He named Ronald D. Winget, president of Secure Monetary Systems, and Phillip L. Fondren, secretary-treasurer of Precious Metals.

Asst. Atty. Gen. Flanary told the court that the state will prove the existence of a scheme since April to "start diverting investors' funds into the trade names of other companies."

Flanary says only \$41,000 remains in a trust fund at the bank to pay off customers of Secure Monetary Systems and that firm has an overdrawn operating account of about \$2,000.

Seven individuals with the two firms in question again refused to testify Monday, claiming a constitutional right to avoid possible self-incrimination as they did last week at a court of inquiry.

They are James G. Manor, Glen O. Kirsch, John W. O'Donnell, John P. Schick, Harry D. Thomas, Winget and Fondren.

Eleven investors in silver or gold coins with Secure Monetary Systems filed a petition to intervene in behalf of the two firms and their efforts to avert a temporary injunction. Among the investors was Judge Ben Ellis of County Criminal Court, who joined the other investors in stating they knew the seven individuals as honorable men to deal with in the coin business.

## Singer Scheduled To Be Arraigned

**SAN ANTONIO, Tex. (AP)** — Singer William "Chad" Mitchell is scheduled to be arraigned in federal court here April 29 on charges of conspiring to distribute 400 pounds of marijuana.

Mitchell, 35, of New York City, is the founder of the Chad Mitchell Trio, a folk singing group which gained fame in the early 1960's.

Mitchell was arrested here Oct. 21 at a local motel by Drug Enforcement Administration agents as he attempted to get into a pickup truck with a camper loaded with marijuana. He is free on \$25,000 bond.

## More Cross-Examination Scheduled For Mitchell

**NEW YORK (AP)** — Former Atty. Gen. John N. Mitchell undergoes more cross-examination today in his criminal conspiracy trial after once again saying he is innocent.

Mitchell's codefendant, one-time Commerce Secretary Maurice H. Stans, may take his place on the witness stand before the day is done.

"Are you guilty or not guilty?" Mitchell was asked in the windup of his direct testimony Monday.

"Absolutely not guilty of any of the charges," replied Mitchell in a flat but firm voice.

The trial recessed with the 60-year-old Mitchell still under cross-examination by Asst. U.S. Atty. John Wing.

Mitchell and Stans are accused of obstructing a massive Securities and Exchange Commission fraud investigation of international financier Robert L. Vesco, in exchange for the latter's secret \$200,000 cash contribution to President Nixon's 1972 re-election campaign.

The former Cabinet members are charged with conspiracy, obstruction of justice and perjury.

Chief among government witnesses was former New Jersey Republican legislator Harry L. Sears, self-described liaison for Vesco with Stans and Mitchell. Mitchell rejected much of Sears' testimony.

The government returned in cross-examination to a favorite theme — that not until the \$200,000 was actually in Stans' hands April 10, 1972, did Sears get a long-sought meeting in Vesco's behalf with the then SEC Chairman William J. Casey.

"Did you meet Harry Sears on April 10," Mitchell was asked.

"I have no recollection of meeting him, but my log so states," was the reply, referring to an office log of telephone calls and appointments.

"Isn't it a fact that in that meeting Harry Sears told you that the Vesco contribution had just been received?"

"No, he did not," Mitchell said.

## College Trustees Take Oath Of Office

Recently re-elected Midland College trustees were sworn in Monday—following a 20-minute search for the oath of office.

"Call it the case of the missing oath," said Dist. Judge Perry Pickett, who attended the meeting to administer the oath to the three trustees.

After a copy of the oath was found, Pickett swore in Reagan H. Legg, Place 1; Fred S. Wright Jr., Place 2, and Rev. Horace Doyle, Place 3.

The three were elected April 6 to full six-year terms. Legg received 676 votes, Wright, 697, and Doyle 713.

Legg also was re-elected college board president at the Monday meeting. Doyle was given another term as vice president and William H. McCright Jr. was re-elected board secretary.

Mitchell also said he had no recollection of having called Mr. Casey that day to ask him to see Sears.

Mitchell had testified that in a conference, "Mr. Stans and I agreed there was no impropriety in taking the contribution."

What about the propriety of Sears' request to call Casey, he was asked.

"I thought it was quite proper," Mitchell declared.

Mitchell said he and Stans were concerned with how it might look to accept a contribution from a man under investigation by the SEC. But he added that not until after the contribution was made did the probe take a serious turn into the areas of possible perjury and fraud. Mitchell said prior to that he and Stans had been assured the investigation was winding down and should soon be over.

Seeking to impress the jury with the influence Mitchell wielded in Washington, Wing asked, "Didn't you meet with the President every morning?"

"No, Mr. Wing, I did not meet with the President every morning," replied Mitchell, mimicking the prosecutor's voice.

## Prediction Of Interest Rate Cut, Prompts Market Rally

NEW YORK (AP) — The active list included Boise Cascade, up 1/2 at 18 1/2. The company reported higher first quarter earnings.

The noon Dow Jones average of 30 industrial was up 10.56 at 854.35, and gainers outdistanced losers by about an 8-to-3 margin on the New York Stock Exchange.

Brokers said the principal catalyst for the advance evidently was a prediction from New York's First National City Bank that short term interest rates would go as low as 6 per cent by late summer.

Florida Power was the Big Board's most active stock, unchanged at 27 1/2 in trading that included a 177,500-share block at 22.

At the American Stock Exchange, the market value index was up 33 at 93.62. Other Big Board issues on the

## Hunter Safety Course Slated

A six-hour basic hunter safety course will begin at 7 p.m. today at 2610 Fannin St.

Dr. Douglas Brown, Midland Independent School District assistant superintendent and course instructor, said the course will meet from 7 to 9 p.m. today and Thursday and 9 to 11 a.m. Saturday.

The course for adults as well as the younger sportsmen, will cover firearm safety, game conservation and cleaning game animals. Completion of the course is a requirement for obtaining a hunting license in several states, Brown said.

There will be no charge for the course.

## Wolfcamp Opener Indicated In Eddy

Cities Service Oil Co. No. 1-A Simpson Communized, scheduled 3/4-mile southwest and northwest stepout to the three-well Lauerta (Morrow) gas field of Eddy County, N.M., flowed gas at the rate of 1.005 million cubic feet per day, on a drillstem test in the Wolfcamp.

Tool was open 102 minutes on the test taken from 9,000-9,040 feet, using 3/4-inch bottomhole and 1/2-inch top chokes. Oil surfaced in 18 minutes and gas in five minutes, flowing at the above rate during the last 30 minutes of the test. It flowed 22 barrels of 44.6-gravity distillate during the last half hour, along with the gas. The sample chamber recovery was 92.5 cubic centimeters of 45.5-gravity distillate and 11 cubic feet of gas.

Drilling continued below 9,182 feet in line on an 11,800-foot contract.

Location is 1,980 feet from north and 810 feet from east lines of section 29-21S-27E, 1 1/2 mile northeast of Carlsbad and 2 1/2 miles northwest of Wolfcamp production in an undesignated multizone area.

## Gauges Reported For Eddy Strike

Gulf Oil Corp. has announced four-point tests for its No. 1 Franklin, et al-Federal, Eddy County, N.M., unidentified gas strike, 10 miles northwest of White City and one location northeast of a recent Cisco-Canyon gas discovery.

It flowed the following gauges, no time reported, through perforations at 9,830-10,026 feet, which had been acidized with 4,000 gallons and jetted with 136,000 cubic feet of nitrogen on a 3-1/2-inch choke, 407,000 cubic feet per day, on a 6-1/2-inch choke, 688,000 cubic feet per day; in an 8-1/4-inch choke, 961,000 cubic feet daily, and on a 10-1/4-inch choke, 1,218 million cubic feet daily.

Operator was preparing to calculate absolute open flow.

Location is 660 feet from south and 2,235 feet from west lines of section 9-24S-24E.

Location is 1,980 feet from north and 810 feet from east lines of section 29-21S-27E, 1 1/2 mile northeast of Carlsbad and 2 1/2 miles northwest of Wolfcamp production in an undesignated multizone area.

Custer Oil Co. has scheduled No. 1 Bolinger as a 3/4-mile northwest outpost to the Ken Regan (Delaware) oil pool of Reeves County, seven miles southeast of Orla.

Location for the test, slated to 3,500 feet, is 330 feet from north and 2,310 feet from west lines of section 16, block 56, T-3, R-6P survey. It is separated from production in the field, by depleted producers.

More Profits Sought LONDON (AP) — The British government is planning to renegotiate licenses granted British and foreign oil companies in sea oilfields to obtain a bigger share of the profits, the Guardian newspaper said today.

El Paso Natural Gas Co. No. 1 Cooper-Federal, Lea County, N.M. Morrow prospect, eight miles northwest of Jal, flowed gas at the estimated, daily rate of 6 million cubic feet per day. Flow was through a 48-64-inch choke and perforations at 11,452-11,460 feet, which had been acidized with 2,000 gallons. It continued to flow to clean and stabilize flow rate.

Location is 1,980 feet from north and 2,180 feet from west lines of section 21-24S-36E, about 11 miles northwest of production in the Dollartide field.

Offset To Strike Planned In Eddy Skelly Oil Co. will drill No. 2 Forty-Niner Ridge unit as a 3/4-mile south outpost to the firm's No. 1 Forty-Niner Ridge unit, recent Morrow gas strike, in Eddy County, N.M.

It is slated to 14,500 feet. Drillsite is 1,980 feet from north and east lines of section 21-23S-27E.

Pipe Threading Facilities Meet A.P.I. Specs, Thread 40 O.D. through 30 1/2 O.D. 42500 Hydraulic Tapping, Full Length A.P.I. Drilling and Yard Storage. Located in Central Texas near Abilene. Contact: Pressure Test Drilling, Inc. 711 Prater Street, Dallas, Texas 75202. Phone 254-762-5700.

Street Work Underway

The City of Midland is moving ahead with its street repair and maintenance program, and it is good to know that Midkiff and Texas streets have not been overlooked.

Fred Baker, director of public works, is quoted as saying that a hot mix, cold lay surface will be applied to West Texas Street when a similar project on Midkiff Street is completed in about a month.

Texas Street was among those which suffered from the cold, wet winter of 1972-73, and it hasn't gotten any smoother in the intervening months.

But it appears that needed improvements now are scheduled and that the heavily traveled thoroughfare soon will be improved.

Meanwhile, paving is underway on North Garfield Street and should be completed before the end of the month, at which time the paving program will shift to Wadley Street.

Work also is underway on the widening and improving of South Garfield Street, which carries an ever-increasing volume of traffic.

The North-South Garfield Street and Wadley Street projects hold high priorities and it is hoped the work will be pushed to completion as promptly as possible.

Street maintenance seemingly is a never-ending, costly process in most municipalities, and Midland is no exception. There always is work to be done.

A Thorough Democrat

The Salem, Mo., Monitor of April 9, 1914, reported, according to a "back when" column appearing in The Salem News of April 15, 1974, that "Sam T. Jeffries has been appointed postmaster at Salem."

"Mr. Jeffries is a clean man, a splendid gentleman and a thorough Democrat."

Now, that really is complete, factual, tell-it-like-it-is reporting, as it was done 60 years ago.

We don't see this kind of news reporting such anymore, and it's unfortunate. It's good for readers to know whether a person is "clean" and "thorough" in whatever, especially in the streaking '70s.

Crossword puzzle grid with numbers 1 through 50 indicating starting points for words.

The Washington Merry-Go-Round

Jack Anderson Says: Frank Sturgis persuaded to tell his story. WASHINGTON—Long before Frank Sturgis joined the world's most celebrated burglary crew and broke into the Watergate, he was my friend.

I knew him as a soldier of fortune, a pilot and gun runner, a romantic who bloomed ill-betimed in a programmed age, an adventurer whom humdrum could never quite assimilate.

He was also a Don Quixote, square jaw set against the enemy, drawn irresistibly to such calamities as the Bay of Pigs and Watergate.

We have kept in touch over the years, but he periodically has dropped out of sight, forever chasing adventure, usually finding misadventure.

Once in his youth, he confounded the odds and became part of a legend, one of the ragged few who persevered in the mountains with Fidel Castro.

After their incredible victory, he could be seen on Havana's streets in the regalia of an air marshal. For a time, he was Castro's man in charge of "liberated" gambling casinos and luxury hotels.

On matters of principle, having to do with Castro's repression and his turn toward Russia, Frank defected from the revolution to become again the long-shot gambler against the house. Thereafter, he risked his neck against Castro in foredoomed ventures of the Cuban "freedom fighters."

He progressed from the Bay of Pigs to Watergate, where he thought he was seeking evidence that Castro was contributing to the George McGovern campaign.

Figures of Fun After Frank and his friends were arrested at gunpoint inside Democratic headquarters, they were pictured in the press as figures of fun, bunglers and petty thieves.

And in Miami, the Justice Department solemnly charged that Sturgis had recruited mercenaries, a dirty dozen, ostensibly to fight Castro but really to steal cars. The prosecutors waited until after the Watergate caper to bring the charges.

When they couldn't convince the jury, they convened another jury which finally convicted Frank of transporting stolen cars to Mexico.

Frank has told me that the Watergate figure he admires most is G. Gordon Liddy who has maintained a grim, tight-lipped silence in the face of a harsh, 20-year sentence.

So Sturgis, Liddy-like, sat through the auto theft trial without testifying in his own defense.

I now have persuaded him to tell his story, which I carefully have checked with the witnesses I could reach. They have confirmed most details as he related them, but there are no available witnesses to other events.

New Adventure Frank always has been ready at the crook of a finger to pick up his carbine and rush off to a new adventure.

It was altogether characteristic of him, therefore, to volunteer in 1968 to lead a mission for a total stranger who identified himself as Col. Francisco Quesada.

The colonel sought out Sturgis to help hijack a Soviet freighter and hold it hostage for the return of the U.S. spy ship

BRUCE BLOSSAT Democratic Prospects Said Not So Sweeping

WASHINGTON (NEA)—The occasional giddy forecasts that Democrats might gain as many as 100 seats from the Republicans in the House this fall are being knocked down by cautious Democratic analysts as totally unrealistic.

They think there may be perhaps 100 "loose situations" offering them promise of gain, but believe they'll be having one great field day on Nov. 5 if they actually win 50 new seats or a few less.

Furthermore, party sources keeping in close touch with incumbent Democrats who are making the race again this year hear from many, again and again, one overriding worry.

It is a concern that, if they have had to vote on the issue of impeaching President Nixon for possible offenses associated with Watergate, they will be compelled to spend too much of their campaign time explaining their individual vote—no matter which way it has gone.

What they say they want to talk about is the President's handling of energy, the economy, health care, welfare and other matters they think he has bungled—issues they are convinced are uppermost in voters' minds.

If the campaign can be thus centered, they don't fret over having it labeled a "Nixon referendum." But incumbents fear that an impeachment vote will plunge the country into a special mood which will veil, at least for a time, otherwise prime voter interests.

Polks, of course, continue to make things look bad for the Republicans, and so do random samplings of voter attitudes by newsmen and other observers. Nevertheless, as indicated, top Democratic specialists keep a cautious reserve.

It is not a new forecast, but they are holding to a prediction that party gains in the Senate may amount to not more than three or four seats.

As earlier, state-by-state surveys have suggested, factional fights and the difficulty of finding good candidates combine to diminish what ought, in theory, to be sweep prospects.

The same is being said by Democratic leaders and others about the outlook in the governorship field.

Democrats presently command a 32 to 18 advantage over Republicans. All four of the big states—New York, Massachusetts, Michigan and California—still held by the GOP are on the block this time.

They may not be easy to squeeze the Republicans down much further. Their governorship total fell to 14 in 1958, but that was a year of sharp economic recession.

GOP incumbent Govs. Francis Sargent in Massachusetts and William Milliken in Michigan look strong, and the Democrats simply haven't turned up high-grade challengers so far.

New York's newly installed Gov. Malcolm Wilson, who took over when Nelson Rockefeller bowed out late in his fourth term, is being rated increasingly tough. As is now so painfully habitual in that state, Democrats are torn factionally and having their troubles turning up an impressive, fresh-faced candidate.

Some of the Democrats' earlier confidence about

California has evaporated, too. They don't see a big plus in the indictment on the ITT matter of one GOP contender, Lt. Gov. Edward Reinecke. They figured him to lose anyway to rival Houston Flournoy, state controller.

The Democrats' evident leader, state Attorney General Edmund Brown Jr., son of the former governor, could do well. But there is worry that the party's developing lineup for major statewide offices may be "too ethnic" and thus, on net balance, offer a limited appeal that could hurt all contenders.

Dear Editor: I see where the pro-amnesty crowd is making some progress toward getting Congress to forgive all of the draft dodgers and deserters who chickened out on the Vietnam War.

These boys claim the war was "immoral" anyhow, and they really deserve a medal of honor for refusing to participate in it.

But if Congress goes for this argument, maybe us citizens can invoke the higher morality of conscience by deciding that taxes are immoral and have the lawmakers grant amnesty to everybody refusing to pay same.

D. E. SCOTT Crossroads, U.S.A.

DON OAKLEY Richard Nixon Taxes: The Case Is Not Closed

WASHINGTON (NEA)—It is not yet clear whether Rep. Wilbur Mills was guilty of overstatement when he predicted that President Nixon's tax troubles would be more damaging to him than Watergate.

In fact, the President's quick reaffirmation of his pledge to pay whatever back taxes the IRS decided he owed—some \$476,000 including interest for the first four years of his presidency—and the absence of any finding of fraud on his part by the Joint Committee on Internal Revenue Taxation may be considered by many people to have concluded the episode. It may even have won some sympathy for the President.

But if one year of Watergate has not "been enough," the few days that have elapsed since the congressional committee made its report have hardly been enough time for the full import of the matter to sink into the public consciousness, especially as each day seems to bring some new revelation about the President's finances.

Again, Mr. Nixon has attempted to place himself on a lofty pinnacle above it all. "Any errors which may have been made in the preparation of the President's returns," said a White House statement, "were made by those to whom he delegated the responsibility for preparing his returns and were made without his knowledge and without his approval."

This simply will not do. We are to believe that Mr. Nixon raised no eyebrows when he was asked to sign a return on which hundreds of thousands of dollars had been deducted for the donation of his vice-presidential papers to the National Archives (a large portion of which is now revealed to have consisted of invitations and newspaper clippings), offsetting almost his total income in 1969—and this in a year when Congress was in the process of abolishing this provision in the tax laws?

We are to believe that the President did not go over his returns line by line and item by item, as certain of his advisors have said that he did?

We are to believe that he just happened to call all the close ones—in his own favor?—Herbert Stein, chairman of the Council of Economic Advisors.

# Controls Lifted From Food Industry

## Council Says No Sharp Increase Likely In Months Ahead

WASHINGTON (AP) — The Cost of Living Council is seeking to reassure consumers that food bills will not rise sharply in the months ahead as a result of the end of economic controls from retail and wholesale food.

The council lifted price and wage controls from both the retail and wholesale food industries Monday, two weeks earlier than it had to. All of the administration's waning price controls program is scheduled to expire on April 30.

But the council said that while some stores might increase prices, the decontrol would not have any over-all adverse impact on food prices

during the remainder of the year.

Actually, many consumers might hope for lower prices on the food shelf, since the cost of many agricultural products has been declining at the farm level for several weeks.

But a decline in food prices at the retail level is not in the works either, council officials say.

Kenneth Fedor, head of the council's food division, said retail prices probably will remain about the same as food stores seek to recover some of the profits lost in earlier months when farm prices were rising sharply.

Although food prices rose 20 per cent last year and strained many a family food budget to the breaking point, the council said the retail food industry was not responsible. It said the industry generally complied very well with the administration's price control programs of the past 2½ years and that profitability of food retailers only began to recover last year after a general decline from 1969 through 1972.

The council said of the \$18 billion increase in consumer food expenditures last year, \$12 billion went directly to pay for rising farm prices. \$5.9 billion for higher costs of such items

as transportation, wages and taxes, with only \$100 million of the increase going to the food industry.

Still subject to the administration's price control is much of the food manufacturing industry, including bakeries, the dairy industry, the cereal industry and processors of frozen foods. The canning industry was decontrolled previously.

Only a few major industries remain subject to controls with only two weeks to go in the controls program.

The decontrol of the retail and wholesale food industry freed from wage controls about 2.5 million employees in the food industry.

# 250 Killed In Vietnam

SAIGON, South Vietnam (AP) — North and South Vietnamese forces battled for six hours in the Central Highlands south of Pleiku and more than 250 casualties were counted, the Saigon command announced today.

The South Vietnamese government also announced it is suspending its participation in political talks with the Viet Cong in Paris because of increased Communist cease-fire violations. The talks to set up a Council of National Reconciliation and Concord and to arrange for national elections

have been going on since March 19, 1973, but have made no progress.

Lt. Col. Le Trung Hien, chief spokesman for the command, claimed 182 North Vietnamese were killed in the battle Monday, many of them by air and artillery strikes.

Government losses included 21 troops killed, Hien said.

He said the battle developed after North Vietnamese forces shelled and attacked a government ranger battalion of about 400 troops.

The battle took place to the north of Plei Me camp, which was manned by American forces in the 1960s but is now under government control.

A barrage of 60 rockets also hit a government base camp nine miles south of Pleiku, killing 12 persons, the South Vietnamese command said.

Farther south in the Highlands, 21 North Vietnamese and Viet Cong were killed in a battle near Dak Song, 120 miles north of Saigon, the command said.

Hien said the aim of the North Vietnamese attacks in the Highlands is to expand their control of the border zone.

In the Mekong Delta, the Saigon command said Viet Cong forces attacked three militia outposts in Bac Lieu province, 125 miles southwest of Saigon, but were driven off with the help of armor-led reinforcements.

In Cambodia, the government reported that the Khmer Rouge insurgents were continuing to build up pressure on the southeastern section of Phnom Penh's defense line near Takhmau, eight miles southeast of the city.

### FDA Recalling Aerosol Drug

WASHINGTON (AP) — The Food and Drug Administration has announced the recall of an aerosol drug containing vinyl chloride, an industrial chemical linked to a rare form of liver cancer.

The FDA said that the Adams Drug Co., Inc., of Pawtucket, R.I., is recalling its Quick-Aid medicated room spray vaporizer.

# Nigerian Army Acted To Bring Relief From Drought, Leader Of Coup Claims

LAGOS, Nigeria (AP) — The army chief of staff in drought-ravaged Niger says he deposed President Hamani Diori to relieve "the catastrophic situation" in the poor, black African country. Radio Niamey reported.

"The army had to take its responsibilities," Lt. Col. Seyni Kountie said in a broadcast Monday from Niamey, Niger's capital. "We could not remain with our arms folded" when the people were no longer assured a meal a day.

He said Diori's administration, in office ever since the country achieved independence from France in 1960, was guilty of "injustice, corruption, selfishness and indifference."

There were no reports of violence during the takeover. Radio Niamey said calm prevailed and the 2,500-man army was in "full control."

The Niger radio did not say what had happened to Diori. But the French state television network in Paris said Kountie told it in a telephone interview that the president and his family were under house arrest and were "being well treated."

Niger, a landlocked country

of 4.2 million nomads and small farmers, is the 15th black African country south of the Sahara to come under military rule. It is one of Africa's poorest countries and has been one of those hit hardest by the murderous six-year drought in West Africa

below the Sahara. Thousands have died, and millions of head of livestock have been destroyed.

Little is known of Kountie, a 43-year-old French-trained soldier who became chief of staff in 1973.

# President May Name Sawhill Energy Chief

WASHINGTON (AP) — President Nixon plans to name John C. Sawhill as the next federal energy chief to succeed William E. Simon, sources say.

Sawhill, 37, who has been deputy administrator of the Federal Energy Office since it was formed last December, will take over after Simon is named secretary of the Treasury, probably later this week.

Simon, however, is expected to still keep his hand in energy policy, with Sawhill running day-to-day operations.

Sawhill's selection is somewhat of a surprise, especially because he contradicted Nixon on the extent of the energy crisis after the President held a news conference earlier this year.

But sources said Sawhill's strong support on Capitol Hill and the need to maintain continuity in the energy job outweighed opposition in the White House to the deputy administrator.

Nevertheless, there was intense White House debate over whether Sawhill should get the

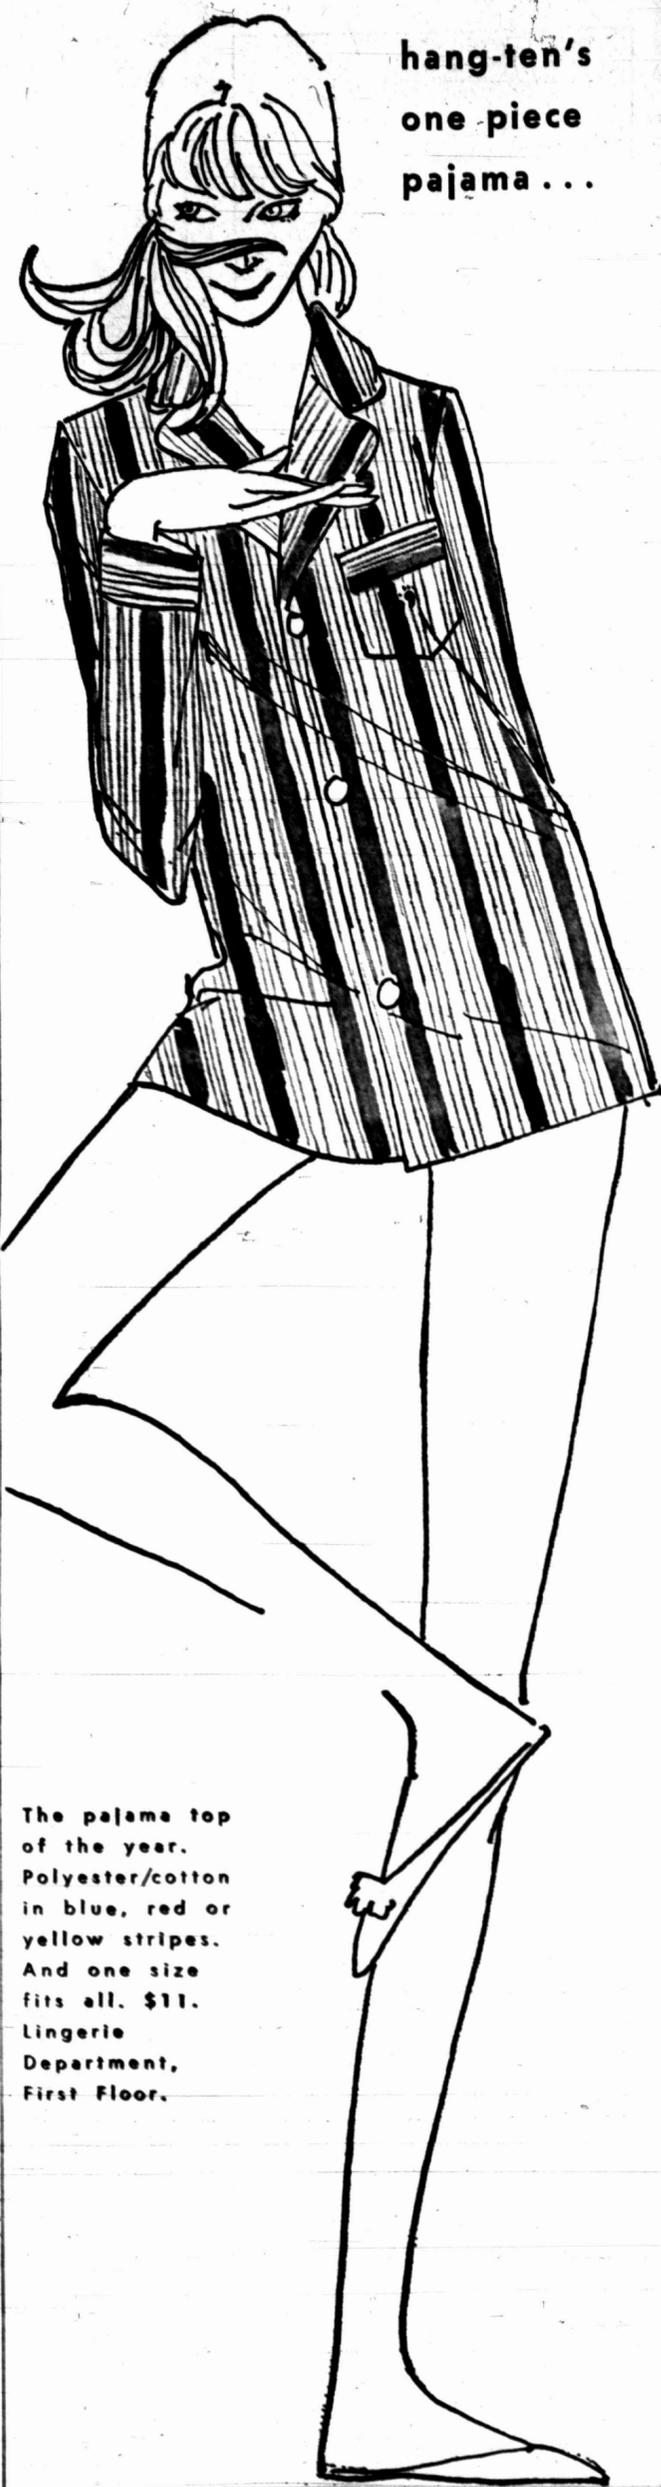

job, in view of his outspoken nature.

Although Simon will be maintaining a strong interest in energy policy at the Treasury, he will not be named an assistant to the President, as was his predecessor, George P. Shultz.

Sawhill, a native of Baltimore, came to the energy post from the Office of Management and Budget, where he had been in charge of energy programs since April 1973.

His background includes jobs as a business executive with the Commercial Credit Co. and McKinsey & Co.

A graduate of Princeton University with a doctorate in economics from New York University, Sawhill for three years in the early 1960s served as assistant dean and professor at NYU's graduate school of business administration.

# Era Of Aluminum Bat Arrives In Texas Baseball

By WILLIAM R. BARNARD  
AP Sports Writer

Baseball traditionalists may cringe in agony at the thought of it, but the "Era of the Aluminum Bat" has arrived with staggering suddenness in amateur baseball in Texas. The coaches of four college baseball teams that have won over 81 per cent of their more than 150 games this year say they wish all their players would use the metal bats, and a large majority of their charges

are doing so. This is the first year that the NCAA has allowed the aluminum clubs for competition in baseball games and many high schools and little league teams have forsaken wooden bats. Baseball coaches are hard-pressed financially by "King Football," so Cliff Gustafson of Texas (33-3), Tom Chandler of Texas A&M (26-7), Frank Wind-egger of Texas Christian and Al Ogletree of Pan American (40-7) all would advocate alumi-

num bats purely for fiscal reasons. "Aluminum bats are a great innovation for college baseball just from a standpoint of budget and convenience," said Gustafson. "A team can go through a normal season with a maximum of a dozen aluminum bats and at a cost of a little over \$200 for a dozen, that's a lot better than 20 to 30 dozen wooden bats at a total cost of \$1,000-\$1,500." The bats are advertised as

being unbreakable, but Ogletree said one of his players, Jim Rainey, managed to crack one.

Nevertheless, the bats have proven their durability. "It looks kinda country when six guys in a row use the same bat," said Gustafson. "It looks like the old days when all you could afford was one bat."

Ogletree said, "We have six aluminum bats and we really don't need that many." But in the final analysis the

real question remains: "Do aluminum bats improve batting averages and power?"

The four schools all had team batting averages above .300, with A&M having the highest at .345.

"There is no doubt this is my best hitting team and there is no doubt aluminum bats are a factor in this," said Chandler. "I'm sure they make the ball go a little further."

contact with balls, and players said some games sound like "blacksmith shops." Another said using aluminum bats is like hitting with a beer can.

Gustafson said this is one of the reasons the major leagues will be slow to adopt aluminum. "You don't get a variation in noise on a well-hit or a poorly-hit ball—so outfielders would really complain." He said the importance of records in the major leagues also would hinder their using the metal bats.

The aluminum bats come in three sizes, but Chandler said one of the drawbacks is they all have the same size handle.

But Chandler said the pro leagues "definitely" will go to the aluminum bats eventually.

He said pro players "of tomorrow—little leaguers, high schoolers and collegians—are using aluminum bats and they will want to continue."

Move over Hank Aaron. Your record may some day be challenged by a recycled beer can.

## TENDER AGE OF 18—

# Laura Baugh Finds Fame

By HOWARD SMITH

NEW YORK (AP) — Laura Baugh enjoys being a girl, likes being told she's pretty, loves buying clothes and is thrilled with the fame and fortune she's accumulated at the tender age of 18.

But she's not satisfied. "I want to win a golf tournament awfully badly," she says. "I really do want to win one. I've come in second a couple of times but it's not the same. I really want to win a tournament."

Miss Baugh hopes to win this weekend in Palm Springs in the \$200,000 Dinah Shore Winner's Circle tournament—one of the top events on the Ladies Professional Golf Association tour.

Laura joined the tour when she turned 18 last July amidst a hallabao of publicity occasioned at least as much by her beauty as by her backswing.

Her credentials included winning the prestigious U.S. Amateur championship in 1971 and being named Golf Digest's Most Beautiful Golfer of 1972.

Her pro debut came in the Lady Tara Classic in Atlanta and for two rounds she more than lived up to advance billing by leading the field. But she fell off in the third round and finished one stroke behind winner Mary Mills.

She wound up with \$15,325 in earnings for the season and was named LPGA Rookie of the Year.

Promoters have beaten a path to her door with offers. So Laura spends her time these days between tours endorsing an assortment of products.

## Sports In Brief

By The Associated Press

### TENNIS

MONTE CARLO — Australia's Jon Alexander and Phil Dent won the men's doubles title at the Monte Carlo Open Tennis Tournament, defeating Manuel Orantes of Spain and Tony Roche of Australia 7-6, 4-6, 7-6, 6-3 in the World Championship Tennis Red Group event.

ST. PETERSBURG, Fla. — Floridians Betsy Nagelsen and Zenda Liess scored upset victories to qualify for a \$50,000 women's pro tennis tournament here.

### BASKETBALL

LEWISTON, Idaho — M.V. "Burr" Adams, 26, head basketball coach at Lewis-Clark State College, resigned here because of the negative attitude toward basketball by the student body, faculty and community.

### AUTO RACING

NAIROBI, Kenya — Joginder Singh of Nairobi, driving a Colt Lancer GSR, won the East African safari for the second time finishing 28 minutes ahead of Bjorn Waldegaard of Sweden.

### HORSE RACING

NEW YORK — Heir to the line, \$3.60, scored a 3 1/4-length victory over Our Reward to capture the \$12,000 Jamestown Purse at Aqueduct.

CHERRY HILL, N.J. — Brute Force, \$5.80, pasted Get-in Grey in the stretch to win the Egg Harbor Purse by 1 1/4 lengths at Garden State Park.

including toothpaste, and works as a fashion editor for the Ladies Home Journal.

Not bad for a teenager with less than one year on her own. Unlike many of her contemporaries, Miss Baugh doesn't feel insulted when people talk about her beauty while neglecting her golf skills.

"It doesn't bother me one bit," she says. "I'm flattered. I also think it helps the tour. Women have turned out for men's tournaments for years to look at the men. Why shouldn't the men come out to look at us?"

Laura takes her golf seriously and plays just about every day. She began to play in earnest at the age of 12 when her parents split up and she moved to California with her mother and two older brothers.

"When I moved out to Long Beach I just wanted to find something that was mine, something to make me different from other people," she recalls. "I wanted to be self-supporting."

WINS BOSTON MARATHON—Neil Cusack of Limerick, Ireland, and a student at East Tennessee State College crosses the finish line Monday to win the Boston Athletic Association Marathon. Cusack covered the 26 miles, 385 yards in two hours, 13 minutes, 39 seconds, the second fastest time in the marathon's 78 year history. (AP Wirephoto.)

# Neil Cusack Wins Boston Marathon With Fast Time

By DAVE O'HARA

BOSTON (AP) — There's an old Irish saying in wishing a friend good luck: "May the wind be always at your back." Young Neil Cusack must have had it in the back of his mind in winning the 78th Boston A.A. Marathon.

Cusack, a 22-year-old East Tennessee State College student from Limerick, Ireland, real-ly felt stronger, maybe I would year in 2:11.12, the second fastest he had victory in hand Monday after conquering "Heartbreak Hill," about five miles from the finish line in the 26-mile, 385-yard run from Hopkinton to Boston.

"After all, I had the wind at my back," he said with a grin after covering the rugged course in 2 hours, 13 minutes, 39 seconds.

39 seconds, the second fastest winning time in the annual Pa-10,000-meter run in the 1972 Olympics at Munich, where he decided to concentrate on the second marathon, set a blistering early pace and pulled away United States' Frank Shorter from the field. With less than two miles to go, he was just 40 seconds behind the record pace, 2:10:30 set by England's Ron

"My muscles went a bit lax Hill in 1970. Ireland's Eamon O'Reilly was runner-up that year in 2:11.12, the second fastest he had victory in hand Monday after conquering "Heartbreak Hill," about five miles from the finish line in the 26-mile, 385-yard run from Hopkinton to Boston.

"At the end I said to myself, 'God, it's over I'm so tired I'm in a trance, but tonight I'm going out and have a few beers,'" in the official 3 1/2-hour counting period. In 1973, with 1,300 starters, there were 871 finishers counted.

# NFL Unveils 1974 Schedule With Five Top Teams On Road

By The Associated Press

NEW YORK (AP) — The National Football League unveiled its 1974 schedule today with the Rams playing at Pittsburgh and Atlanta at Miami, Nov. 3. Jets at Giants Nov. 10; Dallas at Houston, Nov. 24; and Kansas City at St. Louis, Dec. 1.

The Super Bowl is set for Jan. 12 at New Orleans.

The only teams from the 1973 season playing the first week-end on the road are Cincinnati, which plays Cleveland and Pittsburgh, which hosts Baltimore.

Other first weekend matchups are New York Jets at Kansas City, Detroit at Chicago, Philadelphia at St. Louis and San Diego at Houston.

This year's rotation renews six of the geographical inter-conference rivalries introduced

las also are away the first in Philadelphia at Pittsburgh and Atlanta at Miami, Nov. 3. Jets at Giants Nov. 10; Dallas at Houston, Nov. 24; and Kansas City at St. Louis, Dec. 1.

## Bullpups Sweep Pair From Ector

Coach Dave Rutherford's Midland Bullpups swept a doubleheader from the Odessa Ector JV Monday, winning, 10-0 and 6-5.

James Zachery went all the way on the mound in the first game in tossing a two-hitter. He struck out six Eagles.

Zachery came in to relieve starter Billy Shock in the second game in the sixth inning and preserved the win for Shock. Steve Rickey had a double to pace the Pups in the first game while in the second contest, Sterling Price was hot at the plate, going four-for-five.

The Bullpups entertain the Lee JV at 4 p.m. Wednesday in their next outing at the Memorial Stadium diamond.

## Rebels Try Angelo In 5-4A; Midland Plays In Big Spring

District 5-4A baseball action continues today with the Midland Lee Rebels taking on San Angelo and Midland traveling to Big Spring to face the Steers in 4 p.m. contests.

In other games today, Odessa Permian was at Abilene and Abilene Cooper at Odessa.

Lee, Midland, Cooper and Abilene went into today's games all sporting 1-0 loop marks as the second half of the 5-4A race got underway last Thursday and Friday. Permian, the first half winner

with a 7-0 mark, stood 0-1 along with OHS, San Angelo and Big Spring.

The Rebels with a 14-6 season mark, were going with their ace righthander Jay Frazier (5-2) against either Rudy Izzard or Keith Ellwanger for the Bobcats.

Jeff Cole (4-3), was set to face the Steers in Big Spring with Earl Reynolds, who threw a two-hitter at the Pack in the first half, set to throw for Coach Larry Horton's Steers.

## BOTH STILL IN PLAYOFFS—

# Hawks, Cougars Carry Chicago Hockey Hopes

By The Associated Press

Chicago's hockey fans have two things going for them—the Black Hawks and the Cougars—and there may be some rejoicing for both teams tonight.

The highly-popular Black Hawks of the established National Hockey League try to wrap up their quarter-final series on home ice against the Los Angeles Kings, who trail three games to one in the best-of-seven series.

Meanwhile, at Springfield, Mass., the New England Whalers and the Cougars, tied at three games apiece, battle for a World Hockey Association semifinal berth in the deciding contest.

The Toronto Toros grabbed a WHA semifinal berth Monday night by downing the Cleveland Crusaders 4-1, and clinch the series 4 games to 1.

No NHL Stanley Cup action was scheduled Monday night. Black Hawks Coach Billy Reay is expected to come back

with goalie Tony Esposito against Los Angeles. Esposito, the Black Hawks' No. 1 goaltender and one of the NHL's best, was rested Sunday night when the Kings scored their first victory over Chicago, 5-1, after losing the first three games.

Esposito had played four games in five nights and felt he deserved the rest. The loss was the Black Hawks' first in 15 games, dating back to March 20 during the regular season. The Boston Bruins, who completed a four-game sweep of the Toronto Maple Leafs Sunday night, await the survival.

At Montreal tonight, the Canadiens play host to the New York Rangers. The teams are tied at two games apiece in their NHL quarter-final competition. The Rangers are out again to stop Yvan Cournoyer, who collected a total of five goals in the second and third games, but was limited to two shots by the hounding of Bruce McGregor in the last meeting.

The Philadelphia Flyers, who eliminated the Atlanta Flames in four straight Sunday night, take on the New York-Montreal winner.

Chicago's Cougars hope to bounce back after having the

pin and sinking the putt for an eagle. He finished the day with a four-under-par 68 and a one-stroke lead going into today's final round of a 36-hole, \$15,000 mini-tour event, the fourth in a 10-tournament series. First place is worth \$2,250.

Bob Erickson of San Antonio, Tex., and Alan Tapie of Newport Beach, Calif., tied for second at 69, a stroke ahead of Mitch Voges of San Diego and Jack Clark of Palm Desert, Calif. Clark's round included two eagles.

games in five nights and being the first WHA team ever to be shut out in the two years of playoff competition. New England netminder Al Smith turned in the 2-0 whitewashing. The Whalers are the defending champions of the WHA World Cup.

The Toros got two goals each from Tom Simpson and Pat Hickey in ousting Cleveland. Simpson tallied twice and Hickey once as Toronto jumped to a 3-0 first-period lead. The New England-Chicago winner faces Toronto in the semifinals.

The other WHA semifinal round gets underway Thursday night between Minnesota and Houston. Both advanced Sunday.

Chicago's Cougars hope to bounce back after having the

# Aeros Can't Celebrate Yet

HOUSTON (AP)—Houston Aeros captain Ted Taylor says he and his teammates don't have any time to celebrate their World Hockey Association playoff victory over the Winnipeg Jets.

"We've got to beat the Saints, then we've got to beat the East Division winner—and then we'll celebrate," Taylor said Monday.

The Aeros and the Minnesota Fighting Saints begin a West Division final series here Thursday. A second game is scheduled here Saturday.

## McCamey Fete Features Carlen

McCAMEY — Jim Carlen, Texas Tech head football coach, will be the guest speaker for the McCamey All-Sports Banquet to be held at 7:30 p.m. today in the McCamey Park Building.

Carlen, whose Red Raiders defeated Tennessee in the 1973 Gator Bowl, continues to turn out bowl teams with machine-like precision. The Gator Bowl berth marked the third time in four years that Carlen has guided a Texas Tech team to a bowl game.

Including his West Virginia squad's Peach Bowl victory in 1969, it was the fourth bowl appearance in the Tennessee native's last five years as head coach.

Under his direction, the 1973 Red Raiders racked up an 11-1 record and Carlen was honored as Southwest Conference Coach of the Year for the second time.

Tickets for the banquet are now on sale by the members of the McCamey Booster Club for \$3 each. The banquet will honor McCamey athletes in all sports.

## Tennis Tourney Set

A two-day tennis tourney has been set at the Midland Country Club in an AB Men's and Women's Doubles Pot Luck tourney, with deadline for entry at 6 p.m. Thursday at the MCC. Competition will be held Friday and Saturday.

Valencia Bonus Living Apartments
the longer you stay the less you pay
Introducing BONUS LIVING... the newest idea in apartment rentals. Earn your way to lower rents by staying longer in your apartment. The chart at right shows how BONUS LIVING works. Select the rent you'd like to pay and sign a lease for that period of time. Pay the single monthly rate (see col. A on chart) and earn an additional 1, 2 weeks, or 1 or 2 months rent free, as a bonus. The net monthly cost to you is lower because of the additional earned living in the various lease categories. The longer you stay the less you pay...

# McBrayer Would End Speed Traps, Open Suboffices If Elected

By TOM MORAN

Odell McBrayer Monday said if he is elected governor he will open suboffices across the state—and end speed traps.

McBrayer, a Republican candidate for governor, was addressing about 40 supporters in the 1st National Room of the First National Bank.

Governor's suboffices are part of a program which McBrayer said will improve communications between the governor and the people.

He also promised to hold townhall meetings where people can question the governor and a "Governor's Hotline" which will allow citizens to call the governor's office.

"This is not pie in the sky," McBrayer said. "It can be put into action."

"I don't claim to have all the answers. If I don't have an answer I'll say so," he continued. "People are wanting straight answers."

Speed traps should be eliminated to improve the image of law enforcement, he suggested.

"A lot of people don't realize that 90 per cent of our people

only come in contact with law enforcement at the grass roots level—a traffic ticket," McBrayer explained.

Regional conferences of mayors also will be established, the 43-year-old Fort Worth attorney promised. The conferences will allow mayors to discuss problems with state officials.

McBrayer also promised welfare reform, placing students on boards of regents for state supported colleges and universities and favored a right-to-work clause in the new state constitution.

"We need to institute measures to streamline the welfare system so that those who are entitled can continue to receive benefits and those who are not can be put off the welfare rolls," he said.

There also should be a job training system to provide skills for welfare recipients, McBrayer added.

"I subscribe to the Chinese proverb 'No work no eat,'" he explained.

Students should be on boards of regents because students are asking to be heard, McBrayer said.

"My campaign is based on Christian principles," he said. "I do not subscribe to the theory that one man builds himself up by tearing another down."

McBrayer said he is a Republican because the party can best preserve the things that America stands for.

"We must have a two-party system in our state and our nation if it is to survive," he added.

## Welch Services Scheduled Today

Funeral services for Baker Thompson Welch, 20, will be at 4 p.m. today in the Episcopal Church of the Holy Trinity with the Rev. Bob Currie, pastor, officiating. Interment will be in Fairview Cemetery under the direction of the Newnie W. Ellis Chapel.

## Howard College Rider Is Winner

BIG SPRING — Kay Proctor, a member of the Howard College rodeo team, won top honors in barrel racing competition at two National Intercollegiate Rodeo Association (NIRA) rodeos last week.

She won first place at the Southwestern State College Rodeo at Weatherford, Okla., and at the Southeastern State College Rodeo at Durant, Okla.

AT THE WHITE HOUSE EASTER PARTY—Julie Nixon Eisenhower stands with cartoon characters during the annual White House Easter Egg Roll on the south lawn of the executive mansion. The White House said a crowd totaling 18,320 attended the celebration Monday. (AP Wirephoto.)

# Youngsters Use White House South Lawn For Annual Easter Egg Roll Celebration

WASHINGTON (AP) — While the man who lives in the big white mansion on Pennsylvania Avenue was out of town, several thousand children romped in his garden, laughing and tumbling as they rolled Easter eggs.

Using the South Lawn of the White House as their playing field, the youngsters took part Monday in the annual White House Easter egg roll.

Although President Nixon and his wife were at their Florida home, daughter Julie Nixon Eisenhower stepped out of the White House for about 15 minutes. She was mobbed by the children as she strolled through the grounds to look at the decorated eggs they brought.

The youngsters were entertained by clowns—volunteers who spend the rest of the year as employees of the Social Security Administration—and three military bands.

White House secretaries also took part, dressing in animal suits. Several Easter bunnies greeted the children and Mrs. Eisenhower.

Egg rolling contests were held throughout the four-hour party as groups of eight youngsters rolled, pushed or carried their fancy eggs along an approximately 20-foot straight course.

Periodic "eggcellent egg" contests were held to find the best-decorated eggs. The judges were White House staff members, including representatives of the Domestic Council, the Office of the Curator and Mrs. Nixon staff.

Winners of the various contests were given ballpoint pens stamped with President Nixon's autograph.

The egg roll is a traditional gathering on the Monday after Easter. According to the White House, it began in the 19th century when children living in Washington gathered on the Capitol grounds.

The White House said that after congressmen complained the affair had become too rowdy, it eventually found its way to the executive mansion.

By the time the last egg was rolled, the White House press office said 18,320 persons had attended the 1974 competition.

Patrolman T. G. Lange said the crossing guard had stepped off the curb, preparing to stop traffic so the child could cross the street, but the car was already in the intersection.

The child ran from behind the guard and was struck by the car.

Born July 29, 1965, at Pecos, Delores and her family moved to Odessa from Waco in 1968.

Funeral services will be at 10 a.m. Wednesday in St. Mary's Catholic Church and interment will be in Odessa Cemetery.

Survivors include the parents; two sisters, Mrs. Hugh case, which was thrown out here March 15 when U.S. Dist. Judge Cowan, both of Stanton, and D. W. Suttle dismissed the indictments and ordered the confiscated materials returned to their owners.

There were seven defendants: Charles Hendrix, Harry Krist, Harold Gene Madison and Lonnie Jones of Midland; Clarence Johnson and Paul Hines Harvey of Odessa and Lyle Clifton Saunders of Monahan.

The judge's decision to dismiss the indictments was based on the government's refusal to identify the source whose information led to the investigation and subsequent indictments.

The U.S. attorney's office is asking the Fifth Circuit Court of Appeals to overturn Suttle's decision.

# Judge Rules GE Guilty Of Sex Discrimination

RICHMOND, Va. (AP) — General Electric Co.'s failure to provide pregnant employees with sickness and accident benefits is sexual discrimination, a federal judge has ruled.

U.S. District Judge Robert R. Merhige Jr. ruled Monday that GE's policy is deliberate and intentional discrimination and a violation of the Civil Rights Act of 1964. He barred the company from continuing the policy.

The decision will affect some 100,000 women employees at GE plants across the country.

Merhige ruled in a class action suit filed last year by seven female employees of the GE plant in Salem, Va., and Local 161 of the International Union of Electrical, Radio and Machine Workers.

Merhige said male and female employees should be treated the same.

"While pregnancy is unique to women, parenthood is common to both sexes..." he said. He said that under GE's policy, a pregnant employee exercising her right to bear children could face economic disaster.

"No such consequences would befall a male employee who chose to subject himself to a selective operation, such as a vasectomy or cosmetic surgery," Merhige said.

Monetary judgments in favor of pregnant employees who had been denied the benefits will be entered at a later date, the judge said.

GE presently pays medical and surgical expenses relating to pregnancy but does not reimburse women employees for the time they lose from work because of childbirth.

GE contended pregnancy is not a disability illness under the terms of its insurance program.

# Crossing Accident Kills 8-Year-Old Odessa Girl

ODESSA — An 8-year-old girl, Delores DeLorey, ran from behind a school crossing guard into the path of a car Monday, was hit by the vehicle and died at Medical Center Hospital about 4 1/2 hours later.

She was the daughter of Mr. and Mrs. Albert DeLorey of 1327 E. 6th St. The car was driven by Suzanne Beranek, 18, of 1501 N. Dixie St.

The accident occurred about 8:25 a.m. at a Lamar Elementary School street crossing.

Survivors include the parents; two brothers, Frank DeLorey, Daniel DeLorey and Antonio DeLorey of the home; a sister, Natalie DeLorey of the home; and a grandmother, Mrs. Antonio Gonzales of Fort Stockton.

# L. W. Keaton's Services Slated

Funeral services for Lee Wayne Keaton, 57, will be at 2 p.m. today in the Westside Church of Christ with Joe Malone, minister, officiating and assisted by Buddy Fritz of Odessa. Interment will be in Resthaven Memorial Park under the direction of the Newnie W. Ellis Chapel.

Keaton died Monday in a Midland hospital following a long illness.

Survivors include the widow; Mrs. Willie Blevins Keaton; two daughters, Mrs. Bill Sparks of Oil Center, N.M., and Mrs. Sherman Parker of Greenville; his parents, Mr. and Mrs. Lee Keaton of Stanton; two brothers, Don Keaton of Stanton and Bernie Keaton of Guymon, Okla.; two sisters, Mrs. Inogene A. North and Mrs. Imogene D. W. Suttle dismissed the indictments and ordered the confiscated materials returned to their owners.

# Gambling Case Appeal Is Filed

The government is appealing and Bernie Keaton of Guymon, a Midland federal gambling case, which was thrown out here March 15 when U.S. Dist. Judge Cowan, both of Stanton, and D. W. Suttle dismissed the indictments and ordered the confiscated materials returned to their owners.

There were seven defendants: Charles Hendrix, Harry Krist, Harold Gene Madison and Lonnie Jones of Midland; Clarence Johnson and Paul Hines Harvey of Odessa and Lyle Clifton Saunders of Monahan.

The judge's decision to dismiss the indictments was based on the government's refusal to identify the source whose information led to the investigation and subsequent indictments.

The U.S. attorney's office is asking the Fifth Circuit Court of Appeals to overturn Suttle's decision.

# Former Oklahoma Governor Dies

OKLAHOMA CITY (AP) — Former Gov. Johnston Murray, 71, died at Mercy Hospital today, eight days after undergoing surgery for a ruptured abdomen blood vessel.

Murray, the son of former Gov. William H. Murray, had been hospitalized since April 3 with a hip injury.

Murray was elected governor in 1950 and served until 1955.

# Two School Buses Collide At Odessa

ODESSA — Two school buses were involved in a rear-end collision shortly before 4 p.m. Monday and several children received minor cuts and bruises, officials said.

The accident occurred at the intersection of 42nd and Golder streets.

Most of the children were not injured, some had very minor injuries and others were treated at Medical Center Hospital and released.

# Miss Your Paper?

If you miss your Reporter-Telegram, call 682-5311 before 6:30 p.m. Weekdays and before 10:30 a.m. Sunday and a copy will be sent to you by a special carrier.

# Correction

Advertisement in Sunday, April 14, Reporter-Telegram for Carter Furniture read... "Solid maple mirror frames, tops, drawer fronts and mouldings... side panels are maple veneer on solids." The last phrase should have read: "side panels are maple veneer on hardboard." Also, "five inch stock solid maple poster bed," should have read: "four inch stock solid maple poster bed."

## SIDE GLANCES

## LED 'THREE LIVES' Counterspy Just Citizen Now

BETHESDA, Md. (AP) — 59-year-old Philbrick, then a small weekly newsletter and world movement," he says. "It's a religion. Like good Christians figure they're going to heaven, every good Marxist-Leninist figure he's going to win."

Philbrick made a surprise court appearance in Boston and testified against 11 alleged Communist conspirators. All people on Capitol Hill to get convicted and spent material for his newsletter, five years in jail, although they often ask if he is related high court later threw out the to the famous Philbrick Smith Act, under which they "I always say, 'Yes, I'm revere convicted. The court ruled later," without explaining any that an overt act of conspiracy more," he said. "Otherwise you get into a two-hour discussion "It was like a thunderbolt in about how it was back then. I'd the courtroom when I walked never get any work done."

in, since four of the 11 knew me. So his phone is unlisted, his personally," Philbrick recalled business cards carry just his in an interview. And the public company's name, and even became aware of Philbrick's plane tickets are bought under three lives as citizen, Communist-an alias.

But the furor seems far re-ly will move back to New Eng-moved from the brick colonial land, house where Philbrick now. That's where he spent nine lives with his 31-year-old sec-years gathering evidence on "youth councils" and other "I'm just like everybody Communist-front groups. else," he said with a grin. And "Communism is much strong- he looks the part. He now runs today as part of the whole

## Blake Pinard, 42, Dies; Rites Pend

Blake Pinard, 42, died Monday afternoon in his home, 711 W. Spruce St.

Services are pending at the Newnie W. Ellis Chapel.

Pinard was born Feb. 23, 1932, at San Angelo and was reared there. He worked for the San Angelo Standard-Times and the Gandy's Dairies, Inc. there. After moving to Midland in 1961, he was associated with the Southwest Pottery Co. At the time of his death he was manager of Aztec Pottery. He was a member and trustee of Bethel Baptist Church.

Survivors include the widow, Mrs. Doris Pinard; a son, Jay Pinard; three daughters, Judy Pinard, Jan Pinard and Mrs. Sherri Harrington, all of Midland; two brothers, David Pinard and Jackie Pinard, both of Odessa; a sister, Mary Ellen Overstreet of San Angelo; and two grandchildren.

## Richard Pryor Pleads Guilty To Tax Charge

LOS ANGELES (AP) — Nightclub, television and movie entertainer Richard Pryor has pleaded guilty to one count of failing to file an income tax return for 1967.

Asst. U.S. Atty. Joel Levine said Monday that Pryor's income for 1967 exceeded \$68,000. The government dropped charges against Pryor for failure to file returns for 1968-70 on income put at \$181,000.

Pryor, 34, could receive as much as a year in prison and a \$10,000 fine as a result of the plea. Federal Judge Manuel Real set sentencing for May 6.

# New Four-Line Tax Return Is Proposed

By The Associated Press

A new four-line tax form designed to make paying income taxes simple has been proposed by Sen. Mark Hatfield, R-Ore.

Hatfield estimates the plan, called "Simpliform," would provide lower rates for 86 per cent of the American people with gross income under \$20,000 annually.

Hatfield introduced the measure April 3 in a bill which has been referred to the Senate Finance Committee.

In a letter sent to Oregon journalists Monday, Hatfield said the 95 per cent of the taxpayers who don't have capital gains considerations would fill out the brief form, which would replace the 1040 series now used by the Internal Revenue Service.

The taxpayer would list only gross income, gross tax, a credit of \$250 for each adult over 18 in a family, and the net tax owed or the refund due.

The plan would tap \$78 million annually in income which escapes taxation under present federal law, Hatfield said, noting the bill also calls for new lower tax rates.

Families earning less than \$5,000 a year would pay no tax if they include two adults over 18, Hatfield said.

The wealthy would pay more. Existing law sets a maximum 70 per cent rate on incomes over \$100,000 but this drops to an average of 32.1 per cent after deductions, he said.

Under simpliform, an unmarried person whose income reaches \$23,500 would be in a 35 per cent tax bracket instead of the current 40 per cent, Hatfield said.

## Traffic Officer In Own Accident

Patrolman Bill Morgan, a traffic accident investigator for the Midland Police Department, learned first hand Monday afternoon what it feels like to be involved in a wreck.

His pickup truck and one driven by Charles Beecher Castleberry, 59, of 907 S. Colorado St. collided at the intersection of Midkiff Road and Wall Street about 4 p.m.

There were no injuries and damage to the vehicles was slight. Patrolman Perfecto Flores, who investigated the investigator's accident, reported.
