Scurry, Kent Ventures Set

Scurry and Kent counties each drew sites for two exploratory projects.

Marshall R. Young Oil Co., Fort Worth, intends to drill No. 1 Vernon B. Cox as an 8,400-foot project in Scurry, 15 miles north of Snyder, 1 1/2 miles south of the depleted Vernon Cox (Canyon reef) field.

A southwest twin to a 3,500-foot failure, it spots 660 feet from north and east lines of section 610, block 97, H&TC survey.

Texaco Inc. will drill No. 350-1 P. L. Fuller, a 6,950-foot test, 12 miles north of Snyder in the Kelley-Snyder area of Scurry.

Location is 990 feet from north and 2,640 feet from west lines of section 498, block 97, H&TC survey.

Kent Ventures
Belco Petroleum Corp., Midland, intends to drill No. 1 Stralem, et al, as a 7,500-foot wildcat, and 1/2-mile west out-post to Canyon sand production in the SMS field of Kent.

Drill site, 14 miles northwest of Clairemont, is 660 feet from south and west lines of section 16, block 7, H&GN survey, abstract 485.

Knox Industries, Inc., Midland, will re-enter and deepen as a wildcat, to 7,500 feet, at No. 1 L. B. Fuqua, a Kent County 6,997-foot failure, 18 miles west of Girard.

Originally drilled by L. H. Wentz, it was plugged and abandoned Jan. 10, 1949.

Test site is 660 feet from south and 1,980 feet from west lines of section 7, block B, PSL survey, abstract 1510, 1 1/4 mile northwest of the SMS (Canyon reef and sand) field.

Ward County Devonian Gas Strike Finals

Exxon Corp. has completed No. 1 Herd Gas Unit, a Devonian gas discovery in Southeast Ward County, 5 1/2 miles southeast of Poyote.

It gauged a calculated, absolute open flow of 79,031 million cubic feet of gas per day, with gas-condensate ratio of 275,500-1. Gravity of the fluid was 62 degrees.

Production was through perforations at 11,939-12,239 feet, which had been acidized with 9,000 gallons.

Drilled to 15,121 feet and plugged back to 13,136 feet, it has a 5-inch liner hung from 9,306-13,000 feet.

The following tops were reported under Kelly bushing elevation of 2,655 feet; Rustler, 2,028; Yates, 2,903; Capitan reef, 3,400; Mississippian lime, 10,863; Devonian, 11,937 and Silurian, 12,286 feet.

Location is 660 feet from northeast and 1,867 feet from northwest lines of section 78, block 34, H&TC survey.

Truce Nears On Golan Heights

Seven Die As Runaway Car Plunges Into Texas Bayou

SABINE PASS, Tex. (AP) — A runaway car plunged into Texas Bayou near here on the Upper Texas Coast and the seven persons trapped inside drowned Sunday evening.

Jim Bohler Sr. of Kountze, one of three survivors in a family party of 10, said, "I dived in once but the water was swift."

Bystanders restrained Bohler from further rescue efforts.

Those who drowned were Bohler's parents-in-law, Benson Cloud, 58, and Mertie Cloud, 49, of Sulphur, La.; the couple's daughter-in-law, Frances G. Cloud, 25, and her children Scotty, 7, and Todd, 5, of Oakdale, La., and two children of Bohler, Tisha, 2, and Jim Jr., 13.

Bohler said he and brother-in-law Benson Cloud Jr., who had been driving, stepped from their parked car and left the engine idling outside the Bossley bait camp.

Witnesses told of seeing the automobile lurch forward, hit another parked vehicle and suddenly gain speed as if someone inside hit the accelerator by accident while reaching for the brake.

"I don't know whether one of the kids hit the shift or not," Bohler said in trying to decide what made the car start moving.

After hitting the other automobile, it ran onto a boat ramp, hit a woman there and dived into the water.

Divers Free Bodies
It floated briefly and Bohler's wife Dorothy, 25, managed to escape before the car sank with the others trapped inside.

Divers from the Port Arthur Fire Department worked several hours under floodlights to free the bodies from the wreckage.

The woman struck on the boat ramp, Mrs. Jack Tiner, 31, of Beaumont, was treated at a hospital and dismissed.

Justice of the Peace A. E. Halter reported a boat which Mrs. Tiner was helping remove from the water was sunk by the Cloud-Bohler car.

Johnny Knowles of Knowles Ambulance Service in Port Arthur recalled that five persons died about 18 years ago in an almost identical accident at the same spot.

Cold Front Spawns Texas Turbulence

Mighty thunderstorms wheeled through the Texas Panhandle-Plains sector today as the latest cold front approached through Eastern New Mexico.

Hail the size of marbles accompanied one of the storms as it rumbled south of Dumas, and showers were mixed with the unruly weather as it ranged southward past Lubbock.

There also were a few showers in West Texas around Andrews and Pecos.

Once again, Midland has a chance of thundershowers this afternoon, tonight and Tuesday, according to the National

Weather Service at Midland Air Terminal.

Weathermen put the probability of rain at 30 per cent this afternoon, 40 per cent tonight and 20 per cent Tuesday.

Skies will be partly cloudy through Tuesday, with highs today and Tuesday in the upper 80s. Overnight low will be in the middle 60s.

Winds are southerly 20 to 30 m.p.h. this afternoon, becoming 15 to 25 m.p.h. tonight.

The high Sunday was 91 and low during the night was 70. Clouds blanketed most of the Panhandle and other parts of West Texas. It was clear to (See FRONT Page 2A)

Final Agreement Appears Certain By End Of Week

DAMASCUS, Syria (AP)—Details of a general agreement to separate Israeli and Syrian forces on the Golan Heights began trickling out today as Secretary of State Henry Kissinger arrived for discussions with Syrian leaders to overcome the few remaining obstacles.

A senior American official said a buffer zone separating the two armies will vary in depth from less than half a mile to a little more than one mile.

According to this official, Israel has agreed to permit Syrian policemen to re-enter towns and villages within the demilitarized zone along with Syrian civilians.

Newsman also were told on the one-hour flight from Jerusalem that verification of the thinning out of armor immediately behind the disengagement lines would not cause a problem because the distances involved are not great.

22nd Day Of Mission
Now in the 22nd day of his marathon peace mission, Kissinger brought to Damascus Israel's approval of his proposals to separate the opposing forces, which the Israeli negotiating team gave Sunday.

The Syrians accepted the plan Saturday, making final agreement by week's end appear a certainty.

With agreement on the troublesome question of a separation line, the focus of negotiations now is expected to shift toward such problems as the composition of a United Nations contingent to man a buffer zone between the opposing forces, the thinning out of firepower and an exchange of war prisoners.

Back To Jerusalem
Kissinger said he expected to remain in the Middle East at least until Friday, shuttling almost daily between the two countries. He scheduled his eighth session today with Syrian President Hafez Assad and Foreign Minister Abdel Halim Khaddam in Damascus.

He returns to Jerusalem in the evening to meet with Premier Golda Meir and other Israeli leaders.

"You can assume this will be the pattern" over the next few days, said Robert Anderson, a State Department spokesman.

Compromise Details
Informed sources said the Kissinger compromise centered on U.N. control of the peak of Mt. Hermon, with Israeli and Syrian units maintaining positions along the slopes. It also was said to include the return of the city of Quneitra to Syrian civilian authority and Israeli withdrawal from three abandoned Arab villages in the Quneitra area, which is just behind the cease-fire lines drawn after the 1967 Arab-Israeli war.

The sources said that under the plan, the United States would help guard against violations by inspecting Israeli and Syrian troop movements and equipment in the contested region.

Chicago Bank Raises Prime To New Peak

NEW YORK (AP) — First National Bank of Chicago, the nation's ninth largest commercial bank, today announced it was raising its prime lending rate to a record 11 1/2 per cent from 11.40 per cent, effective Tuesday.

The rate tops the 11 1/2 per cent announced Friday by a number of major commercial banks, including the country's three largest, Bank of America, First National City and Chase Manhattan.

Chauncey E. Schmidt, president of the Chicago bank, said in making the announcement that he expected an easing before long in the prime rate.

Firearms Warrant Names Patty Hearst

LOS ANGELES (AP) — Patricia Hearst, the soft-spoken coed who screamed "let me go" as she was violently kidnapped 3 1/2 months ago, was hunted today by hundreds of lawmen as an "armed and extremely dangerous" member of the terrorist group which abducted her.

With six of Miss Hearst's alleged captors dead after a series of weekend developments in which the case began to break open, the FBI led a blitzing search in this city today for the remnants of the almost decimated Symbionese Liberation Army and for Miss Hearst.

The FBI said Sunday night it would charge Miss Hearst as the woman who pumped automatic rifle fire into a sporting goods store on Thursday, the incident that triggered the

army of lawmen into action as they began to close in on the SLA.

The FBI said it believes Miss Hearst, who 106 days ago was pursuing her art studies and quietly planning a summer wedding, to be part of what is left of her captors.

"Apparently she has joined forces with the SLA," William A. Sullivan, assistant director of the Los Angeles FBI office, said of the 20-year-old newspaper heiress Sunday night. He added:

"She will be given the opportunity to surrender. If she opens fire on FBI agents or police, the fire will be returned."

Police said early today all units were seeking a young white woman and two black men "considered armed and dangerous and may be suspected SLA members" who

tried to offer "several hundred dollars" to a landlady if she would give them a room Sunday night.

The woman was described as 18 to 20, blonde hair, blue eyes, with a sawed-off shotgun on a sling concealed under her coat. Miss Hearst has brown hair and brown eyes. The men were described as in their 20s, one 6-foot-3 and the other 5-foot-4.

Police said when the landlady refused to rent the room, she was slashed at with a knife. Her clothing was cut but she was unharmed. Her assailants reportedly fled in a red and black sedan.

Named in a warrant charging federal firearms violations were Miss Hearst and William and Emily Harris, a husband and wife in their late 20s. The Harrises are white.

If there was any solid SLA connection with the two black men sought early today, police did not give it.

Six persons, including acknowledged SLA leader Cinque, are dead, victims of a Friday night shootout with an estimated 500 law officers that lasted more than an hour before their hideout house burned. When the charred remains of all six were finally identified by Sunday afternoon, the dead included what was believed to be all the top leaders of the SLA, which now appears not to have numbered more than a dozen.

In tape recordings issued as the country's first political kidnapping unfolded, Miss Hearst pledged her allegiance to the SLA, renounced her family, ridiculed her fiancé and repeated the violent SLA goals of revolution on behalf of the people. But her family always said it

believed the statements were coerced. Most authorities appeared to believe that, until this weekend.

Formal complaints were to be filed today against Miss Hearst and the Harrises, who Sullivan said he believed were still in Southern California. A youth who identified Miss Hearst for the FBI said she told him she raked a sporting goods store with rifle fire as she and the Harrises made their getaway after a bungled attempt to shoplift a pair of 49-cent socks.

Randolph A. Hearst, Patricia's father, was "taking it pretty badly" and was not expected to have any comment until late today, said a spokesman at the family home in Hillsborough, Calif.

LAUNCHING WEEK OF WATERGATE ACTIVITY— Judge Raps FBI Action

WASHINGTON (AP) — A federal judge, saying the FBI "plays cat and mouse" with people it is investigating today indicated he is considering dismissing one charge brought against former presidential aide John D. Ehrlichman in the White House Plumbers case.

U.S. District Judge Gerhard A. Gesell raised the question in reference to a charge that Ehrlichman lied to the FBI

about his knowledge of the White House Plumbers unit's investigation of the Pentagon Papers case.

Gesell said that an FBI memo summarizing the interview with Ehrlichman did not make it clear whether the agent asked Ehrlichman about the "Pentagon Papers case" or, more specifically, about the break-in at the office of Daniel Ellsberg's psychiatrist.

Ehrlichman told the FBI more than a year had elapsed since he had seen papers relating to the Pentagon Papers investigation. Gesell said that might have been correct if Ehrlichman was referring to the original case brought against Ellsberg.

Ehrlichman and five others were indicted by a grand jury on March 7, 1974, on charges of conspiring to violate the civil rights of Dr. Louis Fielding, a Beverly Hills psychiatrist who had treated Ellsberg.

The Plumbers unit allegedly engineered the break-in in an attempt to put together a psychological profile of Ellsberg. Ellsberg was then under indictment on charges stemming from the leak of the Pentagon Papers.

In addition, Ehrlichman was indicted on one count of lying to the FBI and three counts of lying to the grand jury.

The other defendants are Charles W. Colson, former White House special counsel; Felipe de Diego, a Cuban exile now living in Miami, and three Watergate conspirators, G. Gordon Liddy, Bernard L. Boboydstun kills bugs—(Adv.)

LATE NEWS FLASHES

WASHINGTON (AP)—U.S. Judge John J. Sirica today ordered that President Nixon turn over the tapes of 64 conversations subpoenaed by prosecutor Leon Jaworski by May 31, but said he would stay the order if the President appeals.

WASHINGTON (AP)—The Senate voted today to add \$631 million to the \$23-billion education bill to finance additional programs to help handicapped and retarded children.

WASHINGTON (AP) — Authorities need not obtain search warrants or give advance notice to go onto the property of potential polluters to make inspections, provided they make the inspections from open areas, the Supreme Court ruled today.

Reinecke Defense Motions Denied

WASHINGTON (AP)—A federal judge today refused to dismiss a perjury indictment against Lt. Gov. Ed Reinecke of California or shift his trial to that state.

U.S. District Judge Barrington Parker denied motions by Reinecke's attorneys who contended among other things that he had been misled and trapped by federal prosecutors turned April 3 accuses Reinecke of lying to the Senate Judiciary Committee about certain aspects of his role in the selection of San Diego as the site of the Republican National Convention. It subsequently for him to bring defense witnesses to Washington, and there had been prejudicial publicity in the capital.

Reinecke is accused of perjury must be buttressed by substantial proof, such proof is lacking," the judge said.

Reinecke and his attorneys contended that the lieutenant governor freely provided documents because he believed special Watergate prosecutors promised he would not be indicted.

A three-count indictment returned April 3 accuses Reinecke of lying to the Senate Judiciary Committee about certain aspects of his role in the selection of San Diego as the site of the Republican National Convention. It subsequently for him to bring defense witnesses to Washington, and there had been prejudicial publicity in the capital.

Judge Parker said there will be inconveniences for Reinecke if he is scheduled to stand trial here but he found that they "are not unduly oppressive or burdensome."

Parker said he had examined in chambers a financial net worth statement and income tax returns which Reinecke had submitted, and he did not agree that the expense of a trial in Washington would be an unsupported financial burden.

The judge said a transfer to California would probably generate as much pretrial publicity there as will occur in Washington since Reinecke is a well known political figure in the state.

Drowning Surpasses Traffic As Weekend Killer In Texas

By The Associated Press

An auto accident in which seven persons drowned caused more than a third of the violent deaths reported in Texas during the weekend.

The Associated Press counted at least 20 fatalities—10 drownings, five shootings and four persons killed in traffic accidents between 6 p.m. Friday and midnight Sunday.

Three adults and four children unable to scramble from a sinking car drowned Sunday evening when the vehicle parked with engine idling, made a sudden dive into Texas Bayou near Sabine Pass on the Upper Texas Coast. Two others in a family group of 10 stepped from the vehicle moments earlier, and a woman occupant—Dorothy Bohler, 25, of Kountze—managed to escape just before it sank.

The drowned persons were identified as Benson Cloud, 58, and his wife Mertie, 49, of Sulphur, La.; their daughter-in-law Frances G. Cloud, 25, and her children Scotty, 7, and Todd, 5, of Oakdale, La.; and two children of Jim Bohler Sr. parked with engine idling, and his wife Dorothy, Tisha, 2, and Jim Jr., 3.

Among others dying violently during the weekend were: Andrew H. Jones, 47, was shot and killed Sunday in a Houston apartment. Police said he and another man had been arguing.

Fred Fisher Jr., 50, of Cleveland, Tex., and Johnnie Lee Harrison, 41, of Liberty drowned Sunday when their boat upset in the Trinity River just below the Lake Livingston Dam. Divers recovered the bodies in 15 feet of water.

Juan Hernandez was found fatally shot—Sunday near a Houston lounge, where witnesses told police he had figured in an argument.

Hankamer Collision
Two men died in a two-car collision at Hankamer in Southeast Texas Saturday morning. They were Chambers County civil defense director George V. Holt, 65, and Benjamin Richardson, 23, both of Hankamer.

Robert L. Prado, 17, died early Saturday after the motorcycle he was riding left a highway about 15 miles southwest of Austin.

Sheree Lynn Matthews, 18, was killed Saturday when the car in which she was riding ran off a road seven miles west of Round Rock.

Eddie Leon Gassiot was shot to death early Saturday as he stood at the front door of his estranged wife's home. Mrs. Gassiot told officers she heard a noise at the front door and fired a gun.

Dallas Shooting
Police said Herbert Wilder, 31, of Dallas was shot to death Saturday by a convenience store manager at Dallas after a quarrel about the price of cigarettes. Officers said Wilder pulled a gun.

Minnie Lawrence, 26, of Sherman was shot to death Saturday at the Sherman nursing home where she was employed. Officers said a man walked to police headquarters and surrendered.

Wilmer B. Henery, 54, of Lufkin drowned Saturday when his car rolled off a small dirt road into the Angelina River between Nacogdoches and Lufkin.

A prisoner from Harris County, Tom Martin, 24, died of stab wounds late Friday night at the Central Unit of the Department of Corrections facilities at Sugarland. Another inmate apparently stabbed him, officials said.

Ford said he thinks the odds are about even that the House Judiciary Committee will vote to impeach the President. But he said he still believes the House will reject an impeachment resolution.

Ford said April 15, 1970, that "an impeachable offense is whatever a majority of the House of Representatives considers it to be at a given moment in history."

At the time, Ford was Republican leader of the House and was pushing for the impeachment of Supreme Court Associate Justice William O. Douglas.

Ford advocated then that a higher standard is expected of federal judges than of any other "civil officers" of the United States.

As for the allegations against President Nixon, Ford said "the weight of the evidence overwhelmingly indicates to me the President neither knew of the Watergate break-in (and) he had no knowledge of the cover-up until Dean told him on March 21."

Summer Brownouts Unlikely If Public Uses Power Wisely

By The Associated Press

Americans won't have to sweeter through the summer to avoid power cutbacks or brownouts, but utility officials say people will have to use electricity wisely if they want to prevent problems.

An Associated Press survey showed that electric companies expect to have enough power to satisfy summer demands, barring unforeseen breakdowns or abnormally hot weather.

They urge conservation, however, and say high electricity prices, caused by higher fuel costs, may help cut usage.

Robert Rives, a spokesman for the Kansas Gas & Electric Co., said, "We have adequate

facilities and fuel to take care of people's needs, but we think they should use it wisely."

78-Degree Settings
Rives and others suggested that people set their thermostats at 78 degrees—slightly above usual—just the way they set the thermostats slightly below normal during the winter.

Several utilities said they had extra reserve capacity. A spokesman for Commonwealth Edison of Chicago said, "Our reserve will be 16 per cent. The reserve normally is 14 per cent." He said the extra capacity is the result of a "slowdown in electrical growth. In past years there has been an electrical growth of 5 or 6 per cent a year, but so far this year, it's not growing at all."

Situation Looks Good
A spokesman for the Public Service Co. of Colorado said the power situation looked good for summer.

So did Ernie Quckel, a spokesman for the Georgia Power Co.

Consolidated Edison Co. of New York reported two more extra generating units this year than last. But the company was forced to make a voltage cutback last Friday when the temperature hit 92 degrees. Some equipment was out of service because of repairs and maintenance by company workmen trying to get things ready for summer.

Spokesmen for the New England Power Pool said the only chance of brownouts this summer would be if the weather turned hot at the same time plants were shut down for maintenance.

Officials said it would cost

about \$19 more to air condition one room in Massachusetts this summer than it did last year, but they said they didn't know whether the cost increase would be enough to cut consumption.

Can you make money collecting rare plates?

NORTHBROOK, Ill. — A successful art dealer in this Chicago suburb has announced a new, easy way to start collecting rare porcelain plates with high resale potential.

According to Thomas Gilmore II, president of this dealership, one exceptional plate priced at \$25 in 1965 now brings \$1,050, and another selling at \$10 in 1969 now sells for \$245.

Mr. Gilmore says, "Since many plates do not increase in value, amateurs often make serious mistakes." He offers a free report telling what to look for, what to pay, when to sell, and much more.

To get your free report with no obligation, just send your name, address, and zip code to Thomas Gilmore, Bradford Galleries, 1178-A Sunset Ridge, Northbrook, Ill. 60062. A postcard will do.

Because of limited quantities, please mail your request before June 1, 1974.

Ford Says Achievements Could Help Nixon Image

WASHINGTON (AP) — Vice President Gerald R. Ford says that if moves to impeach President Nixon are defeated, the President then would need success in foreign and domestic policy to recover lost public support.

"I think if the President and Henry Kissinger are successful in the Middle East... and I think the prospects are fairly encouraging, I think that would be most helpful," Ford said in an interview with The Associated Press.

"He said the public's views 'move back and forth very quickly and there still is no better issue for any President than peace, particularly if he has the impression that he is the principal architect of it.'"

Dramatic success in domestic issues would be more difficult "because you don't turn a spigot and end inflation," said the vice president.

But, he added, "If the economy stays strong, if unemployment doesn't go up, if people are feeling happier about their economic prospects, I think that would help, but not as dramatically as something involving peace."

Ford said he thinks the odds are about even that the House Judiciary Committee will vote to impeach the President. But he said he still believes the House will reject an impeachment resolution.

Ford said April 15, 1970, that "an impeachable offense is whatever a majority of the House of Representatives considers it to be at a given moment in history."

American Wife Quits Sikkim King

NEW DELHI, India — The king of Sikkim says his queen, former debutante Hope Cooke, moved back to New York after being called an American spy by opposition politicians.

But King Palden Thondup, 49, said Sunday he hopes his wife will return to Sikkim one day.

Miss Cooke, 33, left the country a few months after an uprising in April 1973 reduced the king from undisputed ruler to a figurehead.

NEW PRESIDENT — Mrs. Forrest Muire, newly installed president of the Contemporary Study Club, visits with guests at the installation meeting, her daughter, Sally, at left, and Martha Mims who presented a dramatic reading for the club program.

Installation Held By Club

Mrs. Forrest Muire was installed as president of the Contemporary Study Club when the group met Thursday for luncheon and officer installation at Ranchland Hills Country Club.

Also taking office were Mrs. Winfree Brown, first vice president; Mrs. Roger Stephenson, second vice president; Mrs. James Harben, corresponding secretary; Mrs. Ernest Angelo, recording secretary; and Mrs. R. C. Bennett, treasurer. Mrs. Don Evan conducted the installation.

Martha Mims, daughter of Mrs. James Mims, club member, gave a dramatic reading for the group. Miss Mims portrayed Lucy in the Pickwick Players' production of "You're a Good Man, Charlie Brown."

Guests present besides Miss Mims were Sally Muire, Mrs. Buddy Rush, Mrs. Jimmy Floyd and Mrs. George Rahal.

Chapter Holds Awards Banquet

The Iota Beta Chapter of Beta Sigma Phi met recently in the Elks Club for an awards banquet and installation of officers.

Entertainment was provided by Mrs. Jerry Albertus and Mrs. Danny O'Grady, who sang a medley of songs.

Mrs. Dale DeBord presented special awards for perfect attendance to Mrs. Frank Flournoy and Mrs. Albertus, and, for best program, to Mrs. Albertus and Mrs. O'Grady.

Mrs. DeBord and Mrs. Jack Shook of Lamesa installed the officers: Mrs. Kay Miller, president; Mrs. O'Grady, first vice president; Mrs. Albertus, second vice president; Mrs. Flournoy, recording secretary; Mrs. Bob Parsley, corresponding secretary; Mrs. Kay Cohn, treasurer, and Mrs. Steve Hoback, Beta Sigma Phi City Council representative.

Red and white gingham ribbon and strawflower bouquets decorated the dinner tables. Special guests were Mr. and Mrs. Shook, Mrs. Al Holloway, Mrs. Dick White, B. J. Brockman, Hoback, DeBord and Doug Stillwagon.

POLLY'S POINTERS

Pie Maker Seeks Perfect Crust

By POLLY CRAMER
Newspaper Enterprise Association

Polly's Problem
DEAR POLLY — For 30 years I have been trying to make a perfect pie crust but they usually shrink out of shape. I do hope to get some suggestions from those who have better luck. Where do I go wrong? — ISOBEL.

DEAR POLLY — My Pet Peeve is modern zippers. During a recent trip my husband and I broke five which made five garments useless. This constant breakage represents not only a terrible inconvenience but an expense in replacing things for which new zippers cannot be obtained, such as handbags and luggage. What is happening? A local store tells me they have great trouble with zippers on sportswear and children's clothing. It seems they could be made to last. Manufacturers, we customers are becoming irate! — REBECCA.

DEAR POLLY — and Mrs. T.B.E. — I found that the push-pull cap on one of my dishwashing liquid bottles will fit on my shampoo bottle so this saves shampoo both from pouring out too much or from accidental spills. I wash my hair in the shower so I find this much handier for such use and am sure it would be ideal for children. I tried this on several different shampoo bottles and it fit on everyone of them. — KAREEN.

DEAR POLLY — For several years I have used key rings with separation links between the house keys and car keys.

When leaving my car some place like a shop for service I just pulled off the end with the house keys. Recently I have been a bystander at the aftermath of two car accidents, saw the drivers removed from the scene by ambulance while the cars were towed away with house keys dangling under the ignition switch. I separate the car keys when I drive and put my house keys near my wallet. — CHARLES.

DEAR CHARLES — From personal experience I realize the importance of your Pointer. My car was stolen with house keys on the same key chain as my car keys (from a parking lot) and this can, and did in my case, cause seemingly endless complications particularly if your name and address are at hand, too. — POLLY.

DEAR POLLY — I had a very good half slip that was too tight to wear but too good to throw away. I cut away the elastic, laid a slip belonging to my small daughter on the half slip to use as a pattern for cutting the neck and armholes out and taking up the side seam a bit. Using the zigzag stitch on my machine I stitched the turned under hems at the neck and armholes, sewed up the side seams and had a very cute little girl's slip. — MARGARET.

SCHOLARSHIP WINNERS — Jamie Imber, seated left, and Susan Arnold, seated right, have received scholarships from the Midland Society of University Women. They are pictured with their mothers, Mrs. James Imber, standing left, and Mrs. Wayne Arnold, standing right. Also pictured is the society's scholarship chairman, Mrs. Robert L. Monaghan.

MSU Awards Two Scholarships

The Midland Society of University Women awarded two scholarships to Jamie Imber, daughter of Mr. and Mrs. James Imber, and Susan Arnold, daughter of Mr. and Mrs. Wayne Arnold, during a recent luncheon held in the home of Mrs. Jack E. Blake, 1804 Huntington St.

Miss Imber, graduating senior at Lee High School, plans to attend Texas Tech University. Miss Arnold, Midland High School senior, plans to attend Abilene Christian College.

Mrs. Robert L. Monaghan, chairman of the scholarship committee, presented the awards.

Scholarship recipients of other years attending were Sharon Antonelli and Jane Scott of Texas Tech University and Judy Anderson of ACC. Other guests were the mothers of this year's recipients.

The society voted to endorse, promote and encourage the American Revolution Bicentennial theme in its activities.

Mrs. Arthur Laengrich, retiring president, was presented a gift from the members. Mrs. Edwin Unger is the incoming president.

Midlanders Attend Birthday Celebration

Mrs. Sue Wilson and her children and the family of Mrs. J. B. Hammett, all of Midland, were among the 35 relatives of G. B. Watson to attend his 96th birthday celebration Sunday in Colorado City.

Mrs. Watson and Mrs. Wilson are among his 14 grandchildren. The honoree also has 6 living children, 36 great-grandchildren and 4 great-great-grandchildren.

Electric Line Crew Job Real Pleasure To Vicki Rivas, 18

WICHITA FALLS, Tex. (AP) — The lithe figure of 18-year-old Vicki Rivas easily could go undetected high up in the "basket" of the Texas Electric Service Co.'s line crew. Sometimes it does.

Other times, people stare and wonder, then determine that the tiny figure with the straight, shoulder-length brown hair really is a girl.

Vicki seems unaware that there is anything unusual about a girl on an electrical line crew. Only one other girl has had this job here but she quit shortly after she was hired.

"I like this job, I like working outside and I like manual labor," says Vicki, whose tasks include manipulating screwdrivers, pliers, shovels and air hammers.

Vicki was hired because her foreman, Bob Byas, overheard her tell her father she would like to work on just such a crew.

Vicki's official title is helper with the Texas Electric Co. "I sure have developed some muscles," Vicki said, "and I'm a lot stronger than when I first started this job."

"Vicki doesn't mind the varied kinds of weather she has to work in. When it's cold outside, she just adds some 'long handles' under her jeans and she's all set for snow or whistling winds.

She is on call 24 hours a day.

Several times she has been called out after regular working hours on an emergency job. Her aptitude for the job and her acceptance by crewmen attest to her efficiency.

"At first I thought it unusual for a woman to be on this job," said Walter Veitenheimer, a crew member, "but we're getting used to it now and think nothing about it."

Byas, the crew foreman, says that "determination is what it takes for a woman to do this job. Vicki has this. She's been accepted by the crew just fine."

She always has been an outdoor girl. Vicki rides and takes care of her horse after working hours. She has ridden steers in rodeos, has been on a softball team and once helped her father in a furniture moving job.

Vicki was trained daily in various phases of the line crew job. Climbing up and down ladders in and out of manholes, and learning how to climb a pole and attach her safety belt are just parts of the training.

"Sometimes I get funny looks when we're working around places where there are lots of people," she said.

Even though there is danger in this kind of job, Vicki says she still likes it.

"Something different happens every day. I plan to stick with it. This job is just right up my alley."

Dear Abby Here's Latest Wrinkle In Belly Dancing Debate

—By Abigail van Buren

DEAR ABBY: Thank you for saying that belly dancing is a respected art form. You're absolutely right. It's also marvelous exercise for toning up the muscles and trimming off fat.

In our little town of Ashland, Ky. (population 29,000) 50 of us women (mostly senior citizens) are taking lessons in belly dancing at the YWCA. And we're considered part of the Bible belt!

ANITA HOWERTON DEAR ANITA: Since belly dancing originated in the Middle East during Biblical times, it's entirely appropriate that it should be taught in the Bible belt.

Let's hear it from Suzanne Hunsucker, a reporter from the Coloradoan in Fort Collins, Colo. She visited a belly dancing class sponsored by the Parks and Recreation Department because belly dancing had become a gut issue in that community, and she wanted to get the straight dope. She wrote:

"One middle-aged student said, 'There's nothing sexy about it. Anyone watching us sweat it out would hardly get aroused. It's exhausting physical exercise. At first it nearly killed me. I started using parts I never knew I had. However, soon I got to know my body and began talking to my joints.'

"The instructor said, 'I notice a real change in the women taking the class. They become much freer in their movements after a while. When they dance, they lift up their heads and smile.'

"Who knows," wrote the reporter, "with inhibitions being shed and bellies being strengthened, Fort Collins may someday be the belly dancing capital of the West."

Wait. There's more: From New Orleans came a feature story published in the States-Item by Rosemary Ruiz, a reporter who actually joined a belly dancing class in order to get some firsthand information about it. She wrote:

"Until now, belly dancing has always had a certain seedy aura about it, seldom suggesting anything more refined than a carnival hoochy koochy dance, but lately the dance has enjoyed a surge of popularity. I got my best friend and my sister-in-law to enroll with me. We were relieved to see ourselves duplicated in the other students, ordinary coeds and housewives ranging in age from 18 to 55. All quite sheepish about it.

"My daughter thinks it's hilarious," said one.

"I told my husband I was taking ballet," says another.

"My husband is a school principal," said Lucille V., "so I'm furthering my education." She laughs, but comes back in five minutes to add quite soberly, "Actually, I also own Arabian

horses and am very interested in the Arabic culture. Please put that in."

"The instructor, Habena, whose real name is not Habena, (but whose real measurements are 43-26-35) said, 'People put belly dancing in the same category as stripping. It isn't. Stripping is artless and vulgar; belly dancing is an ancient art. There are many reasons why women take belly dancing lessons, but most of them want to lose weight, which can't be done by belly dancing alone, so the real motive usually lies somewhere else.'"

I'll buy that.

DEAR ABBY: We in the dancing profession commend you for upholding the dignity of belly dancing. It's the name that so many people find offensive. The dance is beautiful when artistically performed. I wish they would change the name to "Oriental dancing."

If you think it's easy — like the hula, just try to move the upper half of your body while keeping the lower half perfectly still. Then try to move the lower half of your body and keep the upper half still.

I'll bet you can't do it.

TARA FROM INSTANBUL

DEAR TARA: You're right. I tried and I couldn't. But you've given me an idea. I think I'll take some lessons. (Privately, of course.)

Problems? You'll feel better if you get it off your chest. For a personal reply, write to ABBY in care of this newspaper. Enclose stamped, self-addressed envelope, please.

Latest Gallup Poll Shows Two-Thirds Of People Have Confidence In Future

PRINCETON, N.J. (AP) —

adults interviewed March 29-31 expressed the high degree of confidence, 19 per cent had "some" confidence, 10 per cent had "very little," 2 per cent had none and 1 per cent offered no opinion.

The survey showed differences in age, sex, race and level of formal education were reflected in sharp differences in responses to the question: "How much confidence do you have in the future of the United States? Quite a lot, some, very little or none at all?"

This survey was made at a time when ratings of Congress and the President were at low points. A recent Gallup poll indicated only 30 per cent of voters approved of the way Congress was doing its job, with 47 per cent disapproving and 23 per cent undecided. The same survey showed President Nixon's approval rating at 25 per cent, matching his previous low point.

Analysis of the demographic groups indicated that persons most likely to say they have

confidence, 30 per cent were men, 50 years of age or older, white, with at least a high school education. Two per cent offered no opinion.

Those least likely to express a high degree of confidence in the future of the nation were between the ages of 18 and 29, black and with less than a college background.

According to the poll, 72 per cent of whites interviewed expressed much confidence in the nation's future, 17 per cent some confidence, 9 per cent "very little" and 1 per cent none. Another 1 per cent expressed "quite a lot" of confidence, 22 per cent "some," 11 per cent "very little" and 1 per cent none. Two per cent of

50 per cent of persons between the ages of 18 and 29 expressed a high level of confidence, compared to 72 per cent of those 30 to 49 and 75 per cent of those 50 and older.

The poll also showed women were slightly less optimistic about the nation's future than men. Of women interviewed, 64 per cent expressed "quite a lot" of confidence, 22 per cent "some," 11 per cent "very little" and 1 per cent none. Two per cent of

Club Operator Knocked Down By Customer's Car

ODESSA — A club operator, who Sunday shot at a customer five times, hitting his car three times, in turn was hit by the customer's car.

The club manager, Max Hallmark, was listed in satisfactory condition in Medical Center Hospital this morning where he is being treated for a fractured ankle.

Sheriff's officers said no complaints had been filed by this morning.

Investigators said Hallmark and the customer had a disagreement at the West 27th Street Club and that Hallmark fired five pistol shots at the customer as he was leaving in his car. The car was struck three times.

Officers said the customer then turned his car and knocked Hallmark down.

Lubbock Foundation Begins Money Drive

LUBBOCK — The Lubbock Industrial Foundation, formed in 1963 by the Lubbock Chamber of Commerce, has begun a \$600,000 fund-raising campaign to attract new industry to the city.

During the 11 years since its creation, the foundation has attracted 18 new industries employing 3,570 persons to Lubbock. The foundation has operated without funds in the past.

WHAT IS THE TRUTH?

"Thy Word is Truth" (John 17:17)

by Bryan Bost

Every classroom teacher knows how big a problem it is to get students to give careful attention to their studies when no special assignment has been given. If only students worked as hard throughout the school year as they do the last night before a paper is due or the last hour before the final examination. The typical college classroom, before the class begins, is filled with laughter and smiles and light-hearted conversation. As the teacher walks down the hall, he can hear the noise of the class. When he enters the room, scarcely a book is open. It is that way day after day — except the day of the final examination. On that day, when it is too late unless there has been previous study, all is quiet and every head is in a book. But the time of examination is not the time of preparation, since no course of study can be mastered on the last night or the last hour.

So it is with us as we live before our God. One day we will meet him in judgment. That is not the time of preparation but the time of examination. Right now is the time of preparation. "For we must appear before the judgment seat of Christ, so that each one may receive good or evil, according to what he has done in the body" (II Corinthians 5:10).

Use your life in obedience to God as the proper way of preparation for the final judgment.

Survey Declares Women Do Well At Police Work

By MARGARET GENTRY

WASHINGTON (AP) — Many of the men in blue don't agree, but women have joined Washington's finest with flying colors, says the Police Foundation.

"I have found female officers to be more intelligent . . . less quick to anger . . . I feel the intelligence and commitment of several female officers to be in refreshing contrast to the crybaby attitude of many males,"

Patrick V. Murphy, president of the private nonprofit foundation, said the findings "will be useful for police agencies nationwide" as they attempt to comply with federal law requiring equal employment opportunities for women.

In recent lawsuits, the Justice Department has accused several police departments of discriminating against women.

The District of Columbia was elected for the study, conducted by Urban Institute researchers with a \$300,000 Police Foundation grant, because Police Chief Jerry Wilson in 1972 began assigning substantial numbers of women officers to street patrol.

Percy Foreman Trial Resumed

HOUSTON (AP) — The driving-while-intoxicated trial of Percy Foreman was to resume today and the famed Houston lawyer may take the stand in his own defense.

The charge against Foreman stems from a last New Year's Eve Houston freeway traffic accident in which Foreman's car was involved in a collision with another automobile.

ENJOY A GREAT WESTERN TRADITION THIS SUMMER.

Food cooked outdoors over an open fire . . . is one of the West's great traditions. Fresh air, open flame and the aroma of good, hearty food combine to make a meal an experience.

Start your own cookout tradition this summer . . . with a convenient, dependable gas grill from Pioneer Natural Gas. You get the same delicious, outdoor taste as with a charcoal grill — but without the fuss and bother.

Chances are you'll be spending more time at home . . . so why not arrange to make that time more enjoyable with the addition of a gas grill to your patio. Call Pioneer or ask any Pioneer employee for information on a complete line of gas grills.

A gas grill is a natural for the Natural Energy Home.

By moving the cooking to the patio, you move the heat out of the house and thereby ease the load on your air conditioning system. Consequently, a gas grill can save money and conserve energy.

'A Stacked Deck ...'

The plan under way in Congress to nationalize the oil and gas industry concerns every business, every industry and every trade organization.

It should be opposed actively by every American who believes in the free enterprise system.

This isn't something which will just go away. Nationalization of the petroleum industry would be the first step in the nationalization of all business and industry.

E. E. Young, an executive of Sohio Petroleum Co. of Oklahoma City, Okla., speaking here last week, termed the Consumer Energy Act of 1974 one of the most dangerous pieces of legislation before Congress.

"The money to finance such an agency will have to come principally from the taxpayer," Young said, "and I for one have no interest in paying for my share of another inefficient government agency."

"This reminds me of a definition I heard recently for 'capital punishment.' This is when the government taxes you so that it can go in business in competition against you and then tax the profit of your business to pay for its losses."

The board chairman of the American Petroleum Institute has branded the proposed act "a stacked deck in a deadly serious game that may well determine the fate of the competitive enterprise system in America."

The Texas Manufacturers Association also has lashed out against the bill, which is sponsored by Senators Warren Magnuson, D-Wash., and Adlai Stevenson III, D-Ill.

The Texas Mid-Continent Oil & Gas Association says the bill would: (1) Expand Federal Power Commission price controls to intrastate sales of natural gas, plus crude oil and refined products; (2) create a taxpayer-supported Federal Oil & Gas Corp.; (3) empower the FPC to allocate natural gas supplies; (4) empower the FPC to supersede state oil and gas regulatory agencies; (5) roll back crude oil prices; (6) prescribe a utility-style system of "area rates" for natural gas, oil and products; and (7) mislead some independent producers into thinking they will not be affected.

It is a deadly serious challenge!

'Don't Listen To All That Resignation Talk'

The Washington Merry-Go-Round

Jack Anderson Says: The question: Pentagon-puppet or ally?

WASHINGTON — Crusty old Rep. F. Edward Hebert, D-La., commands the House Armed Services Committee from the center of the two-tiered curved desk, with two small American flags flanking his place.

From this command post, he rules his committee with the stern hand of a drill sergeant. His critics have charged, and he consistently has denied, that he is the Pentagon's puppet.

The old curmudgeon has just presented to the House his reasons for bequeathing another whopping \$1.4 billion in military assistance upon South Vietnam.

The Pentagon's chief witness in favor of military aid to Saigon, Maj. Gen. William B. Caldwell, appeared before Hebert's committee on March 26. He testified solemnly:

"The objectives of our military assistance to South Vietnam are limited but absolutely essential. We seek to help the GVN (Government of Vietnam) to maintain an effective military deterrent in the face of the considerable threat posed by the North Vietnamese forces within the Republic of Vietnam..."

Hebert gave Caldwell's testimony ponderous study for almost two months. On May 10, Hebert's committee submitted its carefully considered conclusions to the House. States the report:

"The objectives of our military assistance to South Vietnam are limited but absolutely essential. The Government of the United States wishes to help the Government of South Vietnam to maintain an effective military deterrent in the face of the considerable threat posed by the North Vietnamese forces within the Republic of Vietnam..."

For paragraph after paragraph, Caldwell's testimony and the committee's conclusions agree so precisely that only an occasional word has been changed.

The Pentagon: "Events in Vietnam over the last year have taught us that a lasting peace is possible only if there is a stable balance of power between the opposing sides. A military equilibrium will, we believe, deter new offensives and gradually induce a general shift in priorities by the contending forces away from war."

Hebert: "Events in Vietnam over the last year have taught us that a lasting peace is possible only if there is a stable balance of power between the opposing sides. It is the view of the Committee on Armed Services that a military equilibrium in that area of the world will deter new offensives and gradually induce a general shift in priorities by the contending forces away from war."

The Pentagon: "While the North Vietnamese have increased the conventional capability of the main forces, the cost has been great, and the Government of Vietnam has thus far managed to turn back all their challenges in the last year." Hebert: "While the North Vietnamese have increased the..."

My talk was simply an attempt to lay out the impeachment prospects, the likely timetable, some of the considerations which would affect senators' votes should they be asked to sit as jury in the matter.

In the question period which followed, no one asked a single question which bore directly on the tone or detail of the President's published transcripts of certain Watergate tapes released April 30.

Several women spoke with me in a side hall later on, one of them wondering aloud whether the whole proceeding against Mr. Nixon and various aides in Congress and the courts might not be a "Communist plot."

While I was thus engaged, a convention delegate rushed out of the main hall (filled with several hundred women) and said breathlessly: "You'll never guess what they just did in there!"

She satisfied our curiosity quickly. The Illinois Federation, representing 56,000 women, had voted overwhelmingly for a resolution entreating the House Judiciary Committee to halt all impeachment proceedings.

The call on the issue had been for a standing vote, and the moment was not made easier for any opponents when — as the rough head count began — an organist struck up "The Star Spangled Banner."

Later inquiry disclosed that the action was not impromptu. It had been thoughtfully discussed by Federation leaders, including some past presidents.

BRUCE BLOSSAT Martyr The President Now—And Pay Later!

WASHINGTON (NEA) — Talking to a prominent Republican, I heard him voice dark fears that President Nixon's impeachment over Watergate would martyr him in the eyes of die-hard supporters and convert them into a rigidly troublesome minority which would plague the party for many years.

The point arose as we discussed all the prospects facing the President as impeachment proceedings go forward in the House Judiciary Committee.

The man's worst fears surfaced when he presumed the worst outcome — that the evidence might be so overwhelming as to produce something like a four to one vote for Mr. Nixon's removal from office.

Under my source's presumed conditions, he reasons that the 20 per cent of the U.S. Senate which still would stand with the President would be composed of men who either would hold themselves stonily impervious to crushing evidence, or would perceive in that evidence some wicked plot framed by the President's enemies.

This Republican source, who, although well-known, will not be among those required to vote on impeachment, argues further that Mr. Nixon's hard-core Senate (and House) support is sturdily duplicated in the Republican party at large.

He does not imagine that in martyring an impeached President they can do anything to create for him any further practical political career. What the man fears is that a deposed Richard Nixon could serve these Republicans as the "centripiece" in an embittered crusade which might very well endure for a decade or more.

The hobbling effects upon a party already long handicapped by a minority position with respect to the Democrats hardly need to be stressed.

Not long after my conversation with this leading Republican, I addressed the annual convention of the Illinois Federation of Women's Clubs meeting in Chicago. My talk was simply an attempt to lay out the impeachment prospects, the likely timetable, some of the considerations which would affect senators' votes should they be asked to sit as jury in the matter.

Dear Editor: My profound neighbor says most of our congressmen are hipped on the public's right-to-know what goes on in the President's office.

So he expects House and Senate chambers, offices, corridors, washrooms and plotting parlors to be tv-bugged so we can watch and hear all of the goings on, and saintly talk in these sanctums of public servantry.

But he doubts the tv technicians have got a sufficiently heavy duty bleeper to keep the audio from these eavesdroppings pure enough for home audiences. D. E. SCOTT Crossroads, U.S.A.

RALPH NOYAK The Whole (Deleted) But (Inaudible) What?

NEW YORK (NEA) — After much deliberation, I have decided to respond to the subpoena of the local law enforcement officials, who want me to give evidence to prove that I was not driving 117 miles per hour in a 25 mile per hour zone on the morning of June 17, 1972.

Out of the kindness of my heart, I am supplying to those pesky officials transcripts of tape recordings of my conversations with my legal adviser, Uncle Ziggy, which should prove conclusively that I have nothing to hide, no matter how guilty I may seem.

Of course these transcripts have been edited to remove unpleasant language and irrelevant material that refers to the reason I was driving so fast which was that I was driving a getaway car. But I am certain they will satisfy any but the most nit-picking critics and let me get on with the important business of taking out the garbage, etc., which has for too long been neglected.

Mel Brooks Makes Horror Flick

By BOB THOMAS
LOS ANGELES (AP) — Having demolished the film western with "Blazing Saddles," madcap film maker Mel Brooks has now treated the horror movie—but with a different attitude.

"This is a salute, not a spoof," says director-writer Brooks of his just-finished "Young Frankenstein." "Some things are sacred, and to me horror movies of the 1930s are. When I was a kid in New York, I used to go see them at 9 o'clock in the morning. I stayed through the day, existing on O'Henry bars until suddenly there was a light shining in my face. It was the theater usher with a Jewish woman—behind him screaming 'Come home! Come home!'" Brooks had completed filming of "Young Frankenstein" a week before, and he was still in a state of euphoria. He described a scene in which Gene Wilder, as the grandson of the monster-making Victor Frankenstein, arrives to claim his estate. "Pardon me, boy," he in-

quires of a midget, "is this the Transylvania station?" "Track 29" is the reply, and a rousing version of "Chattanooga Choo Choo" follows.

Brooks fondly led a visitor through the \$400,000 sets of the Frankenstein castle, complete with dungeon and operating room. He repeated the dialogue at the massive doors. Wilder: "What beautiful knockers!" Madeline Kahn, Frankenstein's fiancée: "Why, thank you."

It is that kind of movie, although not as raucous as "Blazing Saddles." "This one will definitely be a PG (parental guidance) rating," Brooks said. "Warner Brothers was eager to have a PG for 'Blazing Saddles,' but I said no, it had to be R. There is some pretty wild stuff in it, and I didn't want any kid under 18 seeing it without a parent."

film in black-and-white. Columbia resisted, since films in color attract better prices when sold to television.

"Young Frankenstein" was budgeted at \$2.2 million, but Columbia insisted that it be cut to \$1.7 million. Brooks agreed to come down to \$2 million. Columbia, which was in a financial crisis, declined.

Word began to circulate Hollywood that "Blazing Saddles" had hit possibilities, and 20th Century-Fox happily signed Brooks for "Young Frankenstein." — in black and white. Final cost of the film was about \$2.7 million.

PETER FALK— Pool Playing Fool

By JERRY BUCK
BEVERLY HILLS, Calif. (AP) — Peter Falk was a pool playing fool. "I can't do anything half way," the star of "Columbo," recalled. "I can't shoot pool from 11 to 1 o'clock. I'd come home at 8 o'clock in the morning."

"One morning I got into bed and my wife rolled over and said pleasantly, 'Why don't you grow up?'" "If she'd been angry it wouldn't have had much effect."

He swore off and retired his pool cue about five years ago. But books on billiards still line the den walls of his \$200,000 Tudor mansion in Beverly Hills, just off Sunset Boulevard.

It looks like one of the rich places he is going to in "Columbo," shambling in wearing a wrinkled raincoat and dribbling cigar ashes on the carpet.

Falk, 44, ordered a glass of soda at a restaurant near the home and considered himself and Colombo. He was wearing brown pants, tan sweater over a white shirt open at the neck and buckskin shoes.

"In my personal life I'm not the best dressed guy," he said. "But I don't have Columbo's insatiable curiosity."

"I think he's a happy fellow. I think so am I. I think I probably have a bigger ego than he does. He gets his satisfaction out of doing his job. He knows who he is and he has no need for superficial recognition."

"'Columbo' was a change of pace for me. It's the first time I had an opportunity to play someone who was as polite as him. He's a quiet man, extremely considerate of others."

Falk said that next season he will make only six "Columbo" episodes instead of eight. "The fewer you make the better they are," he explained. "And it gives me more time to make movies."

Throughout much of his career Falk played characters who came on strong. In "Luv" he was a philandering husband who got Jack Lemmon to take his wife off his hands.

Two gangster roles, "Murder Inc." in 1961 and "A Pocketful of Miracles" in 1962, won him Oscar nominations.

At his home his two Emmys are stuck on a bottom shelf of a bookcase. He won the first in 1962 as the feisty truck driver in "The Price of Tomatoes" on "The Dick Powell Show" and his second in 1972 for "Columbo."

Falk, born in New York City and raised in Ossining, N.Y., had acted much of his life, but resisted turning professional until 1955 when he was 26.

"I was more interested in sports in school, lettering in track, baseball and basketball. 'The theater wasn't on my mind,' he recalled. "In high school I never did anything until the senior year. Another student got sick and I took his place as a detective."

"Come to think of it, he was a lot like Columbo. A shambling guy. "In college I went to the dramatics workshop at the New School because I thought it was a delightful way to get credits. They offered me a scholarship to be a full-time acting student, but I turned it down. I had no intention of becoming an actor."

"Acting just didn't seem masculine. I couldn't conceive of myself being an actor. I couldn't tell my friends on the street corners of New York I was going to be an actor. They'd look at me funny... It's foreign to a kid hanging around pool halls."

Falk, who had earned a master's degree in public administration at Syracuse university, worked as an efficiency expert for the state of Connecticut and at night performed with the Mark Twain Maskers, an amateur theater group.

He went to New York in 1955 and got a role as the earthy bartender in a stage production of Eugene O'Neill's "The Iceman Cometh."

Miss U.S.A. Shelving Romance For Year, But Boyfriend To Wait

NIAGARA FALLS, N.Y. (AP) — Karen Morrison, the new Miss U.S.A., has to shelve romance for a year while she carries out the duties of her title. But her boyfriend has promised he'll wait.

The 5-foot-11, blue-eyed blonde confided to reporters Sunday that there's someone special back in her home town of St. Charles, Ill.

After winning the title Saturday night, she telephoned the news to boyfriend Tom Lewis, a truck driver for a soft drink firm.

"He told me that when I get done a year from now, he'll be there waiting for me," she said. Miss Morrison, 20, triumphed over 50 rivals in a nine-day

pageant at the Niagara Falls Convention Center. The title carries cash awards, contracts and merchandise worth more than \$50,000, plus the right to represent the United States in the Miss Universe pageants.

That competition takes place in Manila July 6-21. Miss Morrison's victory was the second in a row for an Illinois contestant. Top honors last year went to Amanda Jones of Evanston, Ill.

The new titleholder attended a branch of the University of Wisconsin in White Water, Wis., where she studied business management. She plans to resume her college studies eventually, but wants to shift into drama.

"I'd like to go into television or the movies," she said, "but I don't want to go into soap operas." If Miss Morrison is unable to serve the full term of her reign, the title passes to runnerup Barbara Cooper of Brooklyn, Miss New York.

Broadcasters Anxiously Await Public Impeachment Hearings

NEW YORK (AP) — Public and commercial broadcasters are waiting with bated breaths for the nation's 2,689 network or public radio stations and at least 844 public or network-affiliated tv stations.

Here's the way it'll work when the open sessions begin: The networks, serving a total of 610 commercial tv stations, say they'll still rotate live coverage responsibility among themselves, with ABC covering the first day, CBS the second and NBC the third.

In addition, ABC-TV says when developments warrant, it will air half-hour or hour-long summary reports at 10:30 p.m. CDT on those days it hasn't the primary live coverage responsibility.

NBC-TV says it's considering a similar approach but nothing is definite yet. ABC-TV says it has tentative plans for prime-time summary reports when it feels hearing developments warrant them.

The Public Broadcasting Service, serving 234 tv stations, says it won't go "live," but will videotape each day's public hearings in full and offer it the same night at 7 p.m. CDT.

On the radio side, only CBS with 245 stations, and the National Public Radio system, with 164 outlets, say they'll carry the hearings live. CBS will interrupt its coverage for its regular hourly news broadcasts.

NBC, serving 230 radio stations, and ABC, serving 1,400, both say they'll offer brief special reports during the day, but won't go live except when they feel circumstances demand it.

Congress Schedules Decisions On Education, Military Buying

WASHINGTON (AP) — A \$23-billion education bill that would extend several of the most important school aid programs for four years is coming up for a vote and probable passage in the Senate.

Restrictions on busing to achieve desegregation, the most serious hurdle to passage, were cleared last week with adoption of an amendment containing some new limitations. The courts, however, would still be free to order busing where judges decide this is required to maintain equal rights.

The Senate has agreed that no more antibusing proposals will be offered during today's final debate. But it has scheduled action on at least 11 other amendments before voting later in the day.

The House will open debate on a \$22.6-billion military procurement authorization bill, with votes put over until Tuesday.

The big fight is expected on a move to cut military aid to South Vietnam from \$1.4 billion to \$900 million.

Later in the week, the House plans action on a community services bill to provide a new home for antipoverty programs. The Nixon administration wants to end by June 30 the Office of Economic Opportunity, the antipoverty agency set up 10 years ago.

The House also is to take up

Ford Plans New Junket To Texas

DALLAS (AP) — Vice President Gerald Ford will return to Texas in July to help dedicate the new World Trade Center in Dallas.

The center, located in the Dallas Market Center on Stemmons Freeway, will provide facilities for distribution of foreign goods in U.S. markets and domestic goods abroad.

The dedication will be July 6 in the Hall of Nations courtyard of the new building.

Ford was in Texas May 11 to address the Texas A&M University commencement and to meet with Republicans in Houston and at the Dallas-Fort Worth airport.

Texas Drowns In Lake Texoma

DURANT, Okla. (AP) — Orville D. Durant, 16, of Denton, Tex., drowned Sunday in Lake Texoma.

He went down while trying to swim to a fishing barge about 200 feet from shore near the Colbert Boat Club. The body was recovered about 30 minutes later.

Young Veteran Considers Going To Jail So Family Can Have Welfare Payments

JUPITER, Fla. (AP) — A young Vietnam veteran who seeks a leg amputation that doctors won't give him is broke and jobless and considering going to jail so his family can get welfare payments.

Don Dagenhart, 22, says constant pain from a knee injury incurred in a Navy football game four years ago makes it impossible for him to hold a job. He wants an artificial limb, but a Veteran's Administration panel of three doctors says he should keep his leg.

Broke and jobless, Dagenhart faces eviction from his apartment. His telephone has been disconnected and even though his VA disability payments have been raised to \$77 a month he has been forced to sell his furniture to get money to support his wife Anne and their two-year-old son Craig.

"We got \$10 for the baby's crib," says Mrs. Dagenhart, who cannot work because she suffers from phlebitis, an in-

flammation of the veins. "We're trying to hang on to the high chair so Craig will have a place to eat, but I don't know how long we can."

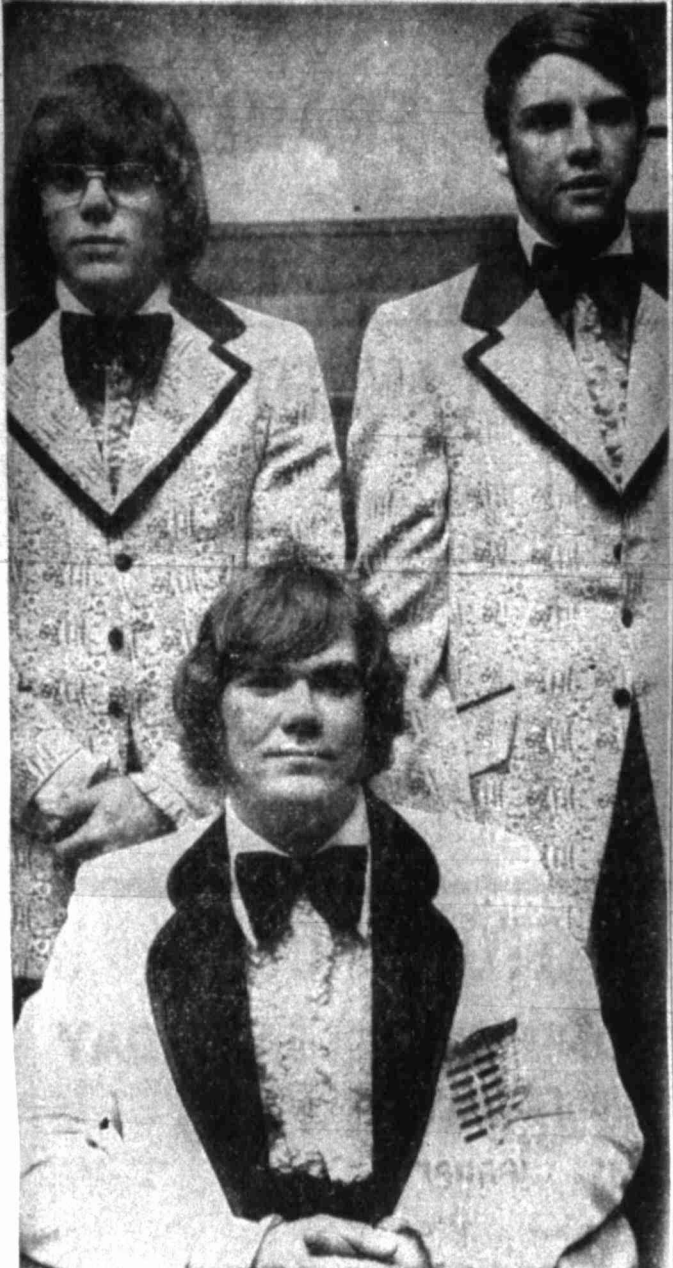

State welfare offers only token payment because Dagenhart is a veteran. Rep. Paul Rogers, D-Fla., has been asked to get him a 100 per cent disability allowance, but that will take time.

"We've been told to pay the back rent or get out," Dagenhart says. "The landlord wants money and I can't blame him."

He says if the landlord evicts him, "then I'll just have to do something to get thrown in jail. Then the welfare people will have to do something to help my wife and son. That's the important thing right now."

Dagenhart's disability payments were increased from \$49 a month to \$570 a month a year ago when he was recovering from two exploratory operations. But they were reduced to \$49 again six months later.

He had five knee operations before his discharge in 1971, and early this year, the VA medical panel in Miami told Dagenhart he either could have the knee fused and the nerves

18 Wildcat Wells Drilled In State

AUSTIN, Tex. (AP) — Eleven wildcat oil wells and seven wildcat gas wells were drilled in Texas from May 1 through May 15, the Railroad Commission reported Friday.

A total of 96 wildcat oil wells have been drilled in Texas this year, an increase of 16 from this time a year ago. The commission said 136 wildcat gas wells have been drilled, an increase of two from a year ago.

The new oil wildcats included two each in the Houston and San Antonio No. 2 districts and one each in the San Antonio No. 1, Abilene and San Angelo districts.

The new gas wildcats included two each in the Corpus Christi, San Angelo, Midland districts and Wichita Falls districts and one each in the Kilgore No. 6, Abilene and Lubbock districts.

A total of 182 oil wells were completed in the first two weeks in May for a yearly total of 1,774, or 210 more than a year ago. A total of 121 gas wells were completed for a yearly total of 1,030, or 178 more than a year ago.

The commission said 627 wells were plugged, including 108 dry holes.

It reported that as of Wednesday Texas' average calendar day oil allowable was 4,040,396 barrels, an increase of 19,911 from May 1.

Julie Cancels Visit To Texas

DALLAS (AP) — A visit to Dallas today by Julie Nixon Eisenhower, daughter of President Richard Nixon, has been canceled.

A spokesman for the Secret Service here gave no reasons for the cancellation.

Mrs. Eisenhower was to speak this afternoon before the Texas Hospital Association convention. Her speech had been billed as a personal "non-political" message from her father on health care programs.

Coleman Gets Degree

WACO — Harold Coleman, son of Mr. and Mrs. Harry H. Coleman of Midland, recently received an associate of applied sciences degree from Texas State Technical Institute here. He has a perfect 4.0 grade average.

Ralph Crays, Joe Hart, Bob Nelson and Gene Thomas combined for a 558 Saturday and Sunday to win the Village Kiwanis annual Golf Classic at Hogan Park. Dwayne Harsh, Luke McFarland, Dan Heacock and Bill Baker finished second with a 560.

Bill Baker shot a 140 to capture the low gross championship while Gene Thomas had a 133 for low net honors.

Ron Cunningham, Bob Edwards, Wayne Potter and Don Higgins shot a 560 to win the second flight.

Bill Lester was honored for his individual high gross score of 218 while the team of Jim Galyan, Bill Conner, Matt Brothers and Ronnie Harvard won high gross honors with a 605.

Billie Green won the longest putt and Rick Peterson won the closest to the hole competition on Sunday.

Wintu Indian Beats Nicklaus By One Stroke

FORT WORTH, Tex. (AP) — ain't gonna believe it. But I taking fourth at 279 and Trevino fifth at 280. Gary Player wound up at 282 with a par 70. It was somewhat ironic that Curl, a nondesignated player, would win the first of the controversial new "super" tournaments which require all the big names to compete.

Courtney lost a shot to par at 17th hole, earned second place money of \$28,500 with a 12-foot birdie putt at the final hole and said of Curl: "He never made any mistakes. He just kept right on playing ... I was aware of his position ... but I thought I might sneak in there. The turning point for me was the 17th."

Courtney, who led Curl by two strokes and Nicklaus by one as the final round unfurled, shot a closing 72 and finished at 278 for third and \$17,750.

"I'll tell you something," Curl said with a grin, "and you dreamed last night that I would beat Nicklaus by a shot ... that's every golfer's dream. I'm just happy to beat the best golfer in the world on one of the best golf courses in the world."

Nicklaus, whose bid crumbled with a bogey at the par four, 17th hole, earned second place money of \$28,500 with a 12-foot birdie putt at the final hole and said of Curl: "He never made any mistakes. He just kept right on playing ... I was aware of his position ... but I thought I might sneak in there. The turning point for me was the 17th."

Courtney, who led Curl by two strokes and Nicklaus by one as the final round unfurled, shot a closing 72 and finished at 278 for third and \$17,750.

"I'll tell you something," Curl said with a grin, "and you also had closing 68s with Boros"

Laver Captures Las Vegas Play

LAS VEGAS, Nev. (AP) — the largest loser's purse in history. Laver now has won \$102,850 this year. Riessen has earned \$45,000.

Laver came back later to the newly resurfaced tennis courts at Caesars Palace to great advantage Sunday, easily defeating Marty Riessen of Evanston, Ill., and winning tennis' largest first prize in the \$150,000 Alan King Tennis Classic.

Laver was seeded only fourth but, scrambling over the slow hardcourt surface, he had little trouble stopping the unseeded Riessen by scores of 6-2, 6-2. Winds that gusted up to 35 miles an hour proved the only difficulty.

Laver earned \$30,000 plus a \$21,000 automobile, bigger by a shade than the \$50,000 prize won by Australia's John Newcombe in the World Championship of Tennis tournament in Houston last week. Riessen, who upset Newcombe in Saturday's semifinal round, won \$15,000. Promoters said it was

Bothom Wins Gun Club's Pistol Shoot

Robert Bothom of Lubbock won grand aggregate honors at the Gun Club's 2700 Pistol Match Sunday with a 2498-54X on a windy afternoon.

Don Judd of Midland won first master honors with a 2440-43X while first expert went to Midland's John Holmes with a 2457-43X. John Minor and J. L. Redman, both of Odessa, won sharpshooter status with 2359-30X and 2332-16X respectively.

Marksman went to Earl Meachum of Odessa with a 1931-10X.

Colts Defeat Odessa, 11-10

ODESSA — The Midland Colts semipro baseball team opened the season with an 11-10 victory over the Odessa Dorados here Sunday at Hayes Park.

Jose Sanchez and Don Spain did the pitching for Midland while Louis Perez hit a two-run homer and Lupe Perez had two hits. Joe Rendon and Gary Salgado each had a base hit.

Walt Not Hesitant To Use His Bullpen

With a month of the Texas League season gone, perhaps the most obvious thing about Manager Walt Dixon is that his 39 years in baseball shows, particularly when it comes time to make a pitching change.

When the South Carolinian slowly strides from the dugout to the mound, he already has determined the fate of the pitcher.

Battle Scene

By Ted Battles

You can usually tell whether it's just a trip to give a relief pitcher more time to heat up or if it's a "yank" trip. "I usually signal the umpire before I reach the mound. In that way there's no argument."

Walt will guess wrong at times, but he knows who he wants in the game at any particular stage and there's no vacillating or second-guessing.

Monday night when Mike Weiss gave up a walk and a single to open the eighth in a 5-1 game, Dixon promptly summoned left-hander Rick Ware from the bullpen. "He had pitched too well to let him take the loss," Walt explained.

The next night in a 2-2 game against Amarillo, Dixon showed no hesitancy in lifting left-hander Dyain Frazier for another southpaw, Budd Schultz, even though "Dyain was pitching the best game I've ever seen him pitch."

However, Dyain has a tendency toward the base-on-balls. "And at that point, I wanted someone in the game whom I felt would get the ball over."

Friedman laid down the bunt which advanced the runner and while Ron Jackson's two-out single scored the run, Midland got the win.

From long experience, Walt feels that the last two innings are the crucial ones. "You just don't win pennants if you don't have someone dependable to bring out of the bullpen in the late innings of a close game."

"In the majors, pitchers can get off to a bad start and figure out what they're doing wrong, correct it and recover to pitch a good game. With the younger pitchers we have here, if a pitcher gets bombed early, you might as well lift him. He just doesn't have it that particular night and he ain't going to find it, because at that stage of his development he doesn't know what he's looking for."

Some baseball men lift a questioning eyebrow when Walt dip into his bullpen for his best in a 7-2 game. "Why let a game get away that you've got in the bag? Besides it might rain the next two days."

With two wins in three nights, Schultz probably will remain in the bullpen for a while.

"We've got to find out if his arm will take two nights in a row. If it will, it's probably his quickest ticket to the majors. Chicago is desperate for left-handed relief pitching."

As the Cubs left Midland over the weekend to play 13 of its next 16 games on the road, Walt was hopeful that the return of Dan Corder and Don Schroeder might provide him with the maneuvering room that he hasn't had in the bullpen thus far.

Rangers Not Patsies

Martin Likes Effort; Burroughs Leads Attack

KANSAS CITY (AP) — Billy Martin, manager of the Texas Rangers, smiled and said, "We're not the patsies we used to be."

Jack McKeon, who pilots the Kansas City Royals, was smiling when he said, "This is the big leagues—you can't expect to win 'em all."

Martin and McKeon were relaxing in their respective dressing rooms, reflecting on their just-completed four-game series in which Kansas City won the first two and Texas the next two.

Martin's Rangers manhandled the Royals 8-3 Sunday, mainly on the strength of steady pitching, and timely hitting by Jeff Burroughs, who batted in four runs.

Martin said Sunday's victory was especially satisfying "after losing 10 out of 12 awhile back. But of course, we'd lost six players all at one time, and that set us back quite a bit."

"The Royals are a good ball club," he added. "They know how to swing a bat."

But McKeon, questioned a few minutes later, was thinking about the people who throw the ball, not those who swing a bat at it.

"The heat didn't bother us—our pitching did," he said. "Pitching is the name of the game. If you hold 'em, you beat 'em. If not, they beat you. And it's the same with us."

Burroughs, whose 37 RBI going into the game led the American League, racked up

four more with four singles. His single in the first inning of Paul Splitteroff, 4-4, opened the scoring. He made it 2-0 in the third with another single. He moved up on a single by Tom Grieve, then scored on a single by Lenny Randle.

Run-scoring singles by Cookie Rojas and Amos Otis drew the Royals even in the fourth.

Then Burroughs went back to work, leading his club to victory with two more run-scoring singles.

Jackie Brown, 1-1, relieved Rangers teen-ager David Clyde in the third.

The Kansas City bullpen, instrumental in the club's recent ascent from the cellar to a challenging position for the West, collapsed Sunday.

FLYERS WIN STANLEY CUP—

Philly Has Last Laugh

By RALPH BERNSTEIN PHILADELPHIA (AP) — Philadelphia has ceased to be a bad sports joke. The implausible Philadelphia Flyers are champions of the National Hockey League, owners of the biggest prize in hockey—the Stanley Cup.

Flyers Coach Fred Shero. "I wasn't even thinking of first place. I didn't think this team would work this hard."

Shero was trying to say that the Flyers don't have the talent of the New York Rangers, who they eliminated 4-3 in the semifinals, and aren't in a class person-or-wise with Boston.

Philadelphia Phillies won the National League baseball pennant in 1960. The city saluted the Flyers today in a parade downtown.

Ex-Tech Math Chairman Dies Here At Contest

Dr. Ralph S. Underwood, former head of the Department of Mathematics at Texas Tech, died here Saturday of an apparent heart seizure while competing in the West Texas Chess Classic.

Services were to be at 3 p.m. today in Resthaven Memorial Park in Lubbock. The Rev. Alfred Judd, pastor of the First Unitarian Universalist Church, was to officiate. A memorial service will be held June 2 at the Unitarian Church.

Dr. Underwood joined the Tech faculty in 1927 and retired in 1965. Before that he had taught at Purdue and Auburn universities. He was a veteran of World War I.

At Tech, he taught both astronomy and math and authored texts in intermediate algebra, analytic geometry and practical trigonometry. He wrote two other books entitled "Jams into Space" and "Living Mathematics."

Among honors he received was his designation as "Piper Professor of 1969," an award given to 10 Texas professors annually since 1968.

Survivors include the widow, a brother and a sister. The family requests memorials be made to Girls' Town U.S.A.

The Open Pairs competition was won Saturday by Mrs. Robert F. Wilson Jr. and Mrs. W. W. Royce.

Butch Adams of Midland and Weldon Wells of Lubbock finished second and behind them were Mrs. Betty Lowmiller and Mrs. Wells.

H. L. Harkey and Dean Clark of Midland came in fourth, while Mrs. Smith and Mrs. Taylor were fifth.

Steve Lawrence and Bruce Martin of El Paso turned in the sixth best performance.

The Midland team received the second place trophy when the tournament playing director used an American Contract Bridge League formula to break the tie.

Services were to be at 2 p.m. Tuesday in the First Baptist Church Chapel here with the Rev. Pat Cummings, pastor, officiating.

She will be interred in Lamesa Memorial Park.

Midlander's Mother Dies; Services Held

MUNDAY — Mrs. P. O. Blankenship, 81, mother of Mrs. Bertha Wright of Midland, died Thursday in a Munday nursing home.

Services were held at 3 p.m. Saturday at Goree, with interment in Goree Cemetery.

Other survivors include the husband, two sons, a sister and five grandchildren.

Midlanders' Son Dies; Rites Held

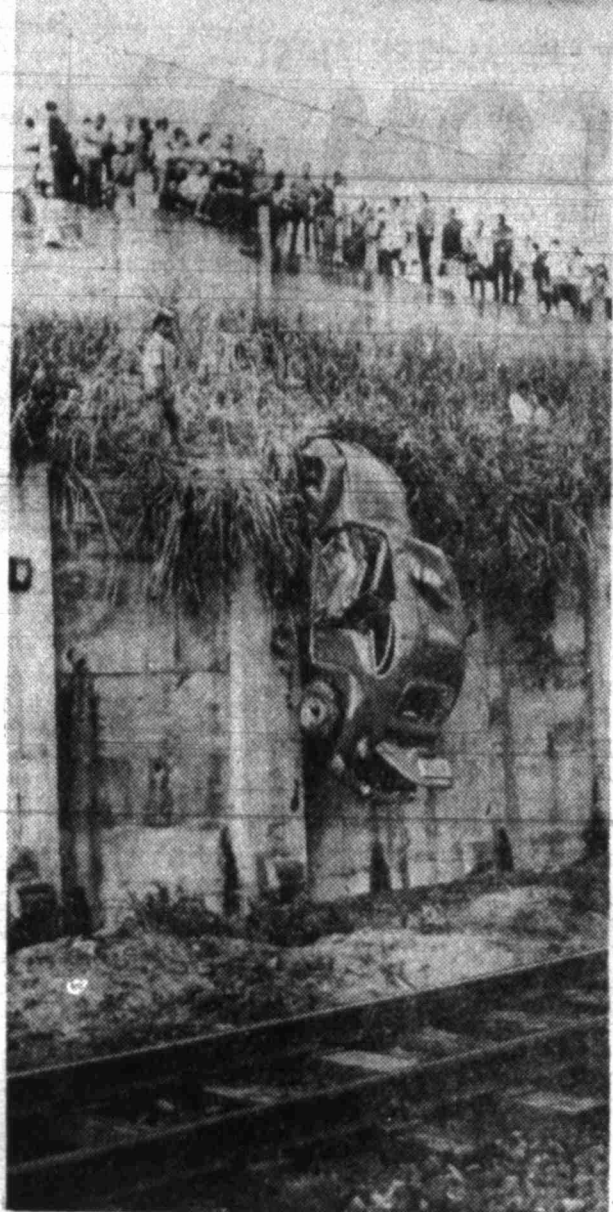

WICHITA FALLS — James V. Rochester, 37, of Wichita Falls, son of Mr. and Mrs. Virgil Rochester of Midland, was found dead in his home Wednesday.

Services were at 10 a.m. Saturday in Wichita Falls, with interment at Petrolia.

Other survivors include the widow, two sons, two daughters, a stepson and a sister.

Greatest Tidal Change

The greatest tidal change is in the Bay of Fundy where the tide may rise 5 1/2 feet.

WHOOPS!—What goes down doesn't necessarily get all the way there. The edge of a concrete retaining wall vetoed the law of gravity when this car sped off an overpass near Rio de Janeiro. (NEA Photomat.)

Elmer R. Burrus, 75, Found Dead; Rites Set

Elmer R. Burrus, a 75-year-old retired Midland stock farmer working as night watchman at Ranchland Hill Country Club, was found dead in the restroom at the country club about 7:30 a.m. Sunday.

In 1936, he moved to Stanton and came to Midland in 1942. He operated his stock ranch north of town, where he lived at the time of his death, until retiring in 1967.

He went to work as night watchman at the country club in 1972.

He was a member of North Main Street Church of Christ.

Survivors include the widow; a daughter, Mrs. Jack C. Russell of Midland; a brother, M. L. Burrus of Lubbock; two sisters, Mrs. Julia Gunn of Big Spring and Mrs. Maude Rheades of Phoenix, Ariz., and one grandchild.

Funeral services will be at 11 a.m. Tuesday in the Newnie W. Ellis Chapel, with George Calvert, minister of North Main Street Church of Christ, officiating.

Interment will follow at Resthaven Memorial Park.

Midlander Charged In Stabbing Incident

Sammy Almager, 24, was charged with aggravated assault this morning in connection with the May 11 stabbing of Romero Luna, 45, of 1001 W. Cuthbert St.

Justice of the Peace Robert Pine set bond at \$5,000. The stabbing occurred at a Midland lounge.

Inquiry Ordered

DALLAS (AP) — District Court Judge Dee Brown Walker has ordered a court of inquiry, starting May 29, to probe into Dallas County bail bond operations.

Environmental G-Men Duck Cops Protect Endangered Species

By JOHN LENGEL

WASHINGTON (AP) — The old Duck Cop of the Fish and Wildlife Service is turning into a sort of environmental G-Man.

Instead of big heroin or 10-most-wanted busts, the big case around the service's Law Enforcement Division is likely to be seizure of a cheetah-fur coat or a shipment of hawksbill turtle shell hair clips.

That's because the main beat for the division's 220 special agents is policing the endangered species list—and agents believe their beat is starting to involve organized crime.

The traffic in illicit fur, shell and feathers from species on the lengthy list is approaching dope-scale profits.

A single eagle tail feather is worth \$50. A tiger skin coat recently was valued at \$80,000. A pair of Nile crocodile shoes is worth \$125, and a live peregrine falcon can be worth \$10,000 to a falconry buff, the service says.

The division's stepped up efforts, says Director Clark Bavan, "has been necessary in part to focus on the large-scale traffickers and smugglers of wildlife."

The attraction for organized crime—besides the money—is the lesser risk, along with the comparatively light penalties Congress provided in its endangered species laws, Bertram Falbaum, division deputy director, says.

"If you can get \$50,000, \$100,000, \$200,000, dealing in misdemeanor instead of felony crimes, why not?" says Falbaum. "We're convinced organized crime is involved."

Mrs. Hammit's Rites Set Today

Funeral services were to be held at 3 p.m. today in Resthaven Memorial Park for Mrs. James H. (Donna Kay) Hammit, 31, who died here Saturday.

Elder Virgil Lawrence of the Primitive Baptist Church of Andrews was to officiate.

Mrs. Hammit was born Jan. 9, 1943, at Livermore, Calif. She had been a resident of Midland since 1971.

Survivors include the husband; two sons, Lewis Don Hammit and John Franklin Hammit, both of Midland; her parents, Don Hill of Los Angeles and Mrs. W. E. Thomas of San Leandro, Calif., a sister, Mrs. Joann Miller of Livermore, Calif.; two brothers, Steven Hill of Lancaster, Calif., and James Hill of Honolulu, Hawaii; and Charles Hill of Tucson, Ariz., her paternal grandfather, and Mrs. N. Downing of Napa, Calif., her maternal grandmother.

Girl, 4, Missing In Oklahoma Park

QUARTZ MOUNTAIN LODGE, Okla. (AP) — Highway Patrol troopers, divers from the Altus Fire Department and Lugert Lake Patrol officials searched unsuccessfully Sunday night for a missing four-year-old girl.

The Patrol said the missing person report was filed at 7:30 p.m., but by 9:30 p.m. high winds and rough water caused searchers to abandon their efforts.

An earlier search of the land area around the lake had been fruitless, officials said.

Lake Patrol officials said it was believed the girl was from Vernon, Tex.

fort, says Director Clark Bavan, "has been necessary in part to focus on the large-scale traffickers and smugglers of wildlife."

The attraction for organized crime—besides the money—is the lesser risk, along with the comparatively light penalties Congress provided in its endangered species laws, Bertram Falbaum, division deputy director, says.

"If you can get \$50,000, \$100,000, \$200,000, dealing in misdemeanor instead of felony crimes, why not?" says Falbaum. "We're convinced organized crime is involved."

Mrs. Pearce, 71, Dies At Big Spring; Rites Held Today

GARDEN CITY — Mrs. Marcus (Gertrude) Pearce, 71, of Garden City, mother of Mrs. Emma Lee Bland of Midland, died Sunday in a Big Spring hospital following a short illness.

Funeral services were to be held at 3:30 p.m. today in the First United Methodist Church of O'Donnell, with interment in the O'Donnell Cemetery.

A Knox County native, Mrs. Pearce moved to Lynn County in 1915 and to Garden City nine years ago.

She was married to Thomas Marcus Pearce Nov. 21, 1920, at Tahoka. Mrs. Pearce was a member of the Methodist Church in Garden City.

Survivors include the husband; another daughter, Mrs. Zada Belle Seely of Odessa; three sons, Melvin Pearce of Hobbs, N.M., G. R. Pearce of Garden City and Raymond Pearce of Casper, Wyo.; five sisters, Mrs. Willie Pearl Austin of Lubbock, Mrs. Ina Phillips and Mrs. Doyle Luttrell, both of Tahoka, Mrs. Ina F. Bland of Breckenridge and Mrs. Loretta Rhodes of Malakoff; four brothers, Garland King of Big Spring, Gordon King of Glorieta, N.M., Cecil Caraway of Hico and Tom Henry of Whitesboro, 18 grandchildren and six great-grandchildren.

Mrs. Pearce's grandsons were to be pallbearers.

Deposed Leaders Leave For Brazil

LISBON, Portugal (AP)—The deposed leaders of Portugal, Premier Marcello Caetano and President Americo Thomaz, left the Portuguese island of Madeira today for Brazil, a government spokesman said.

The men have been granted political asylum in Brazil, sources in Rio said.

Caetano and Thomaz were exiled to Madeira after the April 25 coup led by Gen. Antonio Spina.

To get on with its new responsibilities, the division is recruiting a mix of ex-FBI, Customs Bureau, police and military intelligence men, Falbaum used to run Customs' Operation Intercept against narcotics traffic on the West Coast.

In the old days, the division was heavy with biologists and game warden-types who banded ducks and stalked hunters who shot more than their limit—thus the tag, Duck Cops.

But in recent years Congress has tightened up several species protection laws and added new ones, giving the added enforcement tasks to the division.

So far the service has confiscated goods worth \$2 million by its estimate. The haul includes one stuffed Andean condor, 20,000 cans of sperm whale meat and 1,200 pairs of Nile crocodile shoes. Some 1,400 live alligator-like caimans are cooling it in a zoo until a division case against their shippers is settled.

Mrs. Turney, 85, Dies; Rites Slated

Mrs. Elma Gray Turney, 85, died Sunday in a Midland hospital.

Services will be at 9 a.m. Tuesday in the Newnie W. Ellis Chapel, with the Rev. Bill Cathey, pastor of Fannin Terrace Baptist Church, officiating. Additional services will be held at 2 p.m. MST in South Park Cemetery at Roswell, N.M.

She was born Sept. 24, 1888, at Alligator, Miss. She moved to Roswell in 1953 and to Midland in 1965.

Survivors include a sister-in-law, Mrs. Byrde Chappell of Los Angeles, a nephew, three grandchildren and three great-grandchildren.

Brothers Charged In Burglary Here

Two brothers — Richard R. Cornett and Norris Cornett — were charged with burglary this morning in connection with the Saturday break-in at an apartment at 701 N. Baird St.

Richard is 20 and Norris is 19. Both live at 504 S. Mineola St. Justice of the Peace Robert Pine set their bonds at \$3,500 each.

The kitchen door had been broken open.

Realtors To Meet Here On Tuesday

Ronnie Williams, an agent for Equitable Life Assurance Society of America, will speak on the Keogh Plan of retirement for self-employed persons at noon Tuesday at a meeting of the Midland Board of Realtors at the Elks Club.

New members of the organization will be presented.

Thomas R. Wilson

Services Held For T. R. Wilson

Services were held at 10 a.m. today for Thomas Rayburn Wilson, 85, pioneer Midland merchant and civic leader, who died in his home early Saturday. Interment was in Fairview Cemetery.

Pallbearers were Dr. Rodney Spencer, Ed Watts, Morris Fitzgerald, L. C. Netherland, Raymond Jenkins and Alfred Niblett.

Honorary pallbearers were Bill Newkirk, Tom Sealy, Dr. W. G. Whitehouse, Percy Bridgewater, Dick Midkiff, Ed Darnell, Price Crawley, Dr. Jack Walton, the Rev. H. F. Doyle and Dr. David B. Conery.

Silas S. Baker Dies In California

SANTA ANNA — Silas S. Baker, brother of Lark Baker of Midland, died Saturday in a Santa Anna nursing home. He was 85.

Services were to be held here at 2:30 p.m. today in the Assembly of God Church. He was to be interred in the Santa Anna Cemetery.

Valencia Bonus Living Apartments
the longer you stay the less you pay
Introducing BONUS LIVING... the newest idea in apartment rentals. Earn your way to lower rents by staying longer in your apartment. The chart at right shows how BONUS LIVING works. Select the rent you'd like to pay and sign a lease for that period of time. Pay the single monthly rate (see col. A on chart) and earn an additional 1, 2 weeks, or 1 or 2 months rent free, as a bonus. The net monthly cost to you is lower because of the additional earned living in the various lease categories. The longer you stay the less you pay...

Australian Regime Has Close Call

SYDNEY, Australia (AP) — Prime Minister Gough Whitlam's Labor government appeared today to have won re-election, but newspapers and opposition politicians said the Laborites' narrow victory margin was a warning from the voters.

The latest returns showed Sunday that Labor had won 64 seats in Saturday's race for the 127-member House of Representatives, while Bill Snedden's Liberal-Country party coalition had 57. Six seats were undecided. The old House had 125 seats, 67 held by Labor.

Results Still Incomplete
Most analysts predicted the final results—which may not be known for several days—will give Labor a majority of one to three seats. The leader of the majority party or coalition in the House becomes prime minister and forms the government.

In the tight race for the Senate, the experts predicted Labor may take from 29 to 31 of the 60 seats. It held 26 in the old Senate.

Snedden, 47, had forged his campaign on what he saw as voter discontent over the country's 14 per cent inflation rate. He refused to concede the election by Sunday night, although he said Labor appeared to be winning a majority.

Snedden said Labor's lack of a big margin, and its apparent loss of seats, was a warning to Whitlam.

Called 'Sharp Rebuff'
The Sydney Morning Herald agreed, saying in an editorial that "for the Labor party and especially for Mr. Whitlam, even the best result in the present confusing circumstances represents a sharp rebuff."

Another paper, The Australian, said the 58-year-old prime minister's close shave meant "the voters have thought again and decided that if Mr. Whitlam is better, he is not so much better."

Whitlam, who became prime minister in December 1972, has pledged to continue to carry out his legislative program, which includes a state-controlled health insurance plan and a government-run petroleum and mineral resources authority.

Convention Will Hear Louisianans

AUSTIN, Tex. (AP) — Constitutional Convention delegates will try to wrap up the judiciary article as early as possible this week so they can get to the toughest article of all: general provisions.

So-called right-to-work, gambling, public beaches, environment, right to privacy, interest rates on loans and other controversial issues are lumped under general provisions.

Most of Tuesday's session will be devoted to listening to speeches by Louisiana Gov. Edwin Edwards and Speaker of the Louisiana House E. L. Henry, who was president of Louisiana's recent constitutional convention.

Edwards and Henry will tell of their experiences in drafting and winning voter approval of Louisiana's new constitution.

When the Texas convention recessed Thursday, only a handful of amendments to the judiciary article remained to be debated.

Delegates face a mandatory deadline of July 30.

After completing general provisions, they must consider amendments to all 11 articles, but a two-thirds vote will be needed to make changes at that late date.

A final two-thirds vote on the entire document will be necessary to send it to the voters, probably at the Nov. 5 general election.

Kissinger Talks Of Being Drafted

JERUSALEM (AP) — Henry A. Kissinger, the U.S. Secretary of State, may soon be a candidate for the Israeli army.

"If I stay around a few more days, I'll be eligible for Israeli citizenship and they'll draft me," Kissinger, who has been on a Mideast peacemaking mission for 22 days, told newsmen Sunday.

The Law of Return automatically grants citizenship to any Jewish immigrant.
