# Has No Objection To Public

WASHINGTON (AP) - Presidential lawyer James D. St. Clair said today he would have no objection to the playing in public of the taped presidential conversations held by the House Judiciary Committee.

St. Clair also said he favors making public all the Watergate evidence received so far by the committee in its impeachment inquiry and the opening of future sessions of the committee.

The committee is considering public release of much of the evidence, but there has been no

proposal for a public airing of the tapes

Although it has been turned down in most of its requests for tapes, the committee has 19 tapes that were obtained from the special prosecutor's office, including a March 21, 1973, conversation between President Nixon and former White House counsel John Dean III.

That tape, in which Nixon and Dean discussed payments to keep convicted Watergate burglar Howard Hunt quiet, has become a focal point of the impeachment inquiry. Nixon also claims that he first learned of the Watergate cover-up during that conversation.

Meanwhile, Judiciary Committee Republicans were advised by the staff Tuesday to congressional authorization to go to court for a judgment upholding the panel's right to subpoena evidence from Nixon.

Both Democrats and Republicans, meeting in separate party caucuses Tuesday, decided to support a request by Special Counsel John M. Doar for a new subpoena at a Judiciary

Committee meeting Thursday. Bipartisan support also is expected at the meeting for a letter notifying Nixon he has failed to comply with a previous subpoena and calling his attention to the constitutional authority on which the committee's impeachment inquiry is based.

A party split is shaping up over two other issues due to be considered at the meetingwhether the committee should receive evidence in open or closed hearings, and whether it should make public much of the evidence it has received.

In a related development, Watergate special prosecutor Leon Jaworski asked a federal judge to turn over portions of a White House tape previously withheld from him, saying he had evidence that Nixon may have discussed with aides the use of the Internal Revenue Service to harass political enemies.

And, Nixon's chief Watergate lawyer says he will advise the Supreme Court Thursday that a dispute over tapes taken to the court by Jaworski should be decided first by the U.S. Court of

At their caucus, Judiciary Committee Democrats general ly supported both open hearings and release of evidence on hand, while Republicans opposed them, for fear, said one, of jeopardizing pending trials of Watergate defendants.

Chairman Peter W. Rodino Jr., D-N.J., said he thought there would be at least one public hearing next week.

The committee resumes its closed sessions today; Rodino hopes to wind up the presentation of evidence relating to Wa-

"ARE YOU CONFUSED?"

If you were serious enough about the grace issue of salvation from sin and an eternal fellowship with Jehovah God to inquire about the conditions upon which such could be realized, you might become extremely confused after pooling the preachers in this city relative to the answer.

One man would tell you, perhaps, that all you need to to is believe that Jesus is the Christ the Son of God and call on Him as Lord. Another might insist that you take six-month course of church doctrine before you can be initiated into the fellowship of the redeemed. Still another may hasten to declare that you must study some later revelation, which is believed to be inspired of God, teaching that unless you accept the author as being a prophet of God, you cannot enjoy the fellowship of the saved. Without appearing insolent in the matter; but rather speaking as one who reveres the Divine Word of God, I must warn that all such ideas, as set forth in the afore mentioned concepts, are out of plumb with the New Testament and must be rejected on that ground.

When one man affirms something that another man denies, and both claim that their message is from heaven, one has to be wrong (or maybe both), or God is the author of confusion. To be sure, they cannot all be right! "But what is right?" you may ask. My reply to that is, "God!"
My friend, Jesus said. "Ye shall know the truth and the truth shall make you free. (Jno. 8:32) God has never left sinful men to doubt.

What must the sincere person do to be saved? Let the inspired Word of God settle the matter. When Jesus gave the great commission to His apostles, He declared, ". . Go ye into all the world and preach the gospel to every creature. He that believeth and is baptized shall be saved; but he that believeth not shall be damned." (Mk. 16: 15, 16) Now every attempt made by the preachers and priests to explain away that passage will work to no success - for our Lord has declared that the man who believes the gospel and is immersed shall be saved. (Ac. 2:38; 22:16; 1 Pe. 3:21)

# The power to use energy efficiently this summer is in your hands.

When it comes to home air conditioning, one of the best things to do for efficiency and economy is to set your thermostat at 78-80 degrees.

For each degree above 75 degrees, the energy used for cooling is reduced by approximately 5%.

If you are going to be away from home for several hours or longer, either raise your air conditioning thermostat several degrees to a warmer setting or turn it off. Here are

some other things you can do:

Replace disposable

filters or clean permanent type filters as required. Clogged filters make the air conditioning unit work harder and use more electricity.

Keep doors, windows and fireplace dampers closed to keep cooled air in and hot air out.

Keep direct sunlight out as much as possible. Use awnings over windows. or close draperies and blinds, or pull shades. For more ideas on using energy wisely around your home, come by Texas Electric or request our free efficiency tips booklet on the comment portion of your

electric service bill.

#### Congratulations, Grads!

Congratulations are in order for the 1,173 graduating seniors of Midland and Robert E. Lee High Schools! This is a thrilling . . . a momentous occasion for the young men and women as they receive their dip-

tion of their high school careers. They now are ready and anxious to tackle more formidable hurdles and to achieve higher goals.

lomas along with special recognition marking comple-

No one would take from the graduates one bit of their enthusiasm, their courage and their desires to broaden their knowledge, both formal and otherwise.

It is an inspiration to see them in action and to listen to them as they plan for the future. They are qualified to succeed in the roles they choose for themselves.

Midlanders are as proud as can be of the 622 Lee graduates and the 551 Midland High seniors, and they wish them well in the future.

America needs young men and young women of the caliber of the Midland graduates, more so today than ever before. They face a tremendous challenge.

Up on his desk, President Nixon now is putting his Wa

#### **Favorites Prevail** In Rome Tourney

ROME (AP) - The United States had 10 of the last 32 men in singles competition today at the \$134,000 Rome Tennis Open, after an unprecedented performance on the clay courts of the Foro Italico Sports Center.

The American challenge was unusual because American men have never been at ease on the slow, clay courts in Rome. Their last victory, by Barry McKay in 1960, was only the second in 24 editions since the end of World War II.

The most popular star of the championships, however, was 17-year-old Swede Bjorn Borg, making his debut in Rome.

Fifth-seeded Adriano Panatta was beaten by Ismail El Shafei of Egypt 3-6, 6-2, 6-1 and seventh-seeded Paolo Bertolucci was defeated in straight sets, 75, 7-5 by Karl Meiler of West Germany.

There were no upsets in the women's singles after the second rounds was completed. All seeded players qualified for the third round with Chris Evert of Ft. Lauderdale, Fla., No. 1, beating Lita Sugiarto of Indonesia, 7-5, 6-2.

#### **Bruins Draft** Houston Ace

BOSTON (AP) - The Boston Bruins, hit hard by World Hockey Association raids the last two years, fired back a salvo at the young league by drafting Mark Howe of the Houston Aeros.

In the National Hockey League's junior amateur draft Tuesday the Bruins made Howe one of their three selections on

his 19th birthday. Howe, son of all-time great Gordie Howe, was the WHA's rookie of the year the past season, but was eligible for the NHL draft because of his age. The Bruins acquired NHL negotiating rights to him in the

Playing left wing on a line with his famous dad, young Howe scored 38 goals and had 41 assists for Houston.
