

# Low-Income Families Gain Least By Food Price Drop

WASHINGTON (AP) — A decline in the family food budget since last October. April dip in retail food prices meant a family of four saved 30 cents a week during the month if it scrimped on meat and served lower-cost items, according to new government figures released today.

The Agriculture Department said a low-cost menu for a four-member family, including two school children, cost \$43.40 per week in April, down 0.7 per cent from \$43.70 in March. But it was up 18 per cent or \$6.70 per week from April 1973.

Officials said it was the first

decline in the family food budget since last October. More affluent families, as the monthly series has shown in the past, enjoyed a slightly better break relatively with their food budgets.

A moderate-cost menu that cost \$55.10 a week in March was 60 cents or 1.1 per cent less expensive in April. The April menu, however, was up 15 per cent or \$7.20 from a year earlier.

The department's plan for liberal eating cost \$66.10 per week in April, down 80 cents or 1.2 per cent from March. But it was \$8 or 14 per cent more expensive than in April last year.

Home economists say the various meal plans are computed on the basis of food quantities consumed by family groups and prevailing retail prices.

The low-cost plan relates to families with yearly incomes of \$4,000 to \$8,000, the moderate \$8,000 to \$10,000 and the liberal \$10,000 and over.

One basic difference is that lower-income meals under the USDA food plans contain cuts of less-expensive meat and more cereals, bread, potatoes, dry beans, poultry and fish.

The figures are compiled by the department's Agricultural Research Service and published each month in Food and Home Notes by the USDA Office of Communication.

A fourth meal budget is called the economy plan, a bare-bones meal guide used for computing the government's food stamp allocations. It was \$34.70 in April, only 10 cents lower than in March. It was, however, up 18 per cent or \$5.40 more than April 1973.

Beginning July 1, on the basis of increases in the economy diet costs, food stamp benefits will go up to \$150 per month for a family of four from \$42 currently, a boost of 5.6 per cent retroactive to Jan. 1. Adjustments in food stamp allocations are made semiannually to reflect changes in the economy food costs.

The food stamp allocation for a four-member household last July 1 was \$116 per month. Thus, with a \$150 rate next month, stamp benefits were hiked about 30 per cent during the year.

## Baptist Convention Faces Proposal For Name Change

DALLAS (AP) — The Southern Baptist Convention (SBC) opens its annual meeting here Tuesday with a former president of the organization asking whether "Southern" really describes the 12.3 million-member denomination.

Dr. W. A. Criswell, a conservative, announced here last week that he intends to ask the messengers to the convention to appoint a committee to study

the possibility of changing the SBC's name and make recommendations.

The Rev. Dr. Criswell has been pastor of the First Baptist Church of Dallas, the largest congregation in the denomination, for 30 years. Recently he announced he intends to return to the church \$200,000 he has received in salaries from it in the years he has been its pastor.

The Dallas pastor said he favors "Continental" as the new name for the denomination.

"The plain and simple truth," he said, "is that the Southern Baptist Convention is no longer the Southern Baptist Convention. It is Northern and Western and Eastern as well as Southern."

The Rev. Dr. Criswell disagreed with the view that the name Southern is indicative more of a "conservative, doctrinal position," than a geographical position.

He stated that the same "conservative, doctrinal position that characterizes Southern Baptists" would be retained under any other name.

"Continental," he pointed out,

"would include us all from Maine to California, from Alaska to Hawaii, and it would include those churches in Canada who cooperate with us."

Criswell admitted that "the same prejudices" that have linked "Southern" to a doctrinal position of conservatism and which "have destroyed our ability to change our name in the past will be a factor in Dallas."

May Provide Debate

The Christian Life Commission of the SBC is expected to provide some of the topics and convention debate with a series of recommendations that touch upon religious, political and racial issues.

The commission will submit a five-part recommendation on women in the SBC, and another on race relations urging Baptists "to communicate the conviction that racism is theologically untenable, politically destructive and fatally dehumanizing."

The Commission also will present a recommendation on integrity in government urging members to become more involved in politics. The recom-

mendation calls on Baptists to commit themselves "to bring about further reform of campaign financing to the end that elections may be taken out of the hands of big business, big labor and other special interests and returned to voting public to whom they rightfully belong."

Recommendations to the convention may be submitted by messengers — delegates from the churches affiliated with the SBC — but the recommendations approved are not binding on the churches.

## Six Persons Die In Air Crash Near Fort Worth

FORT WORTH, Tex. (AP) — Six persons, including most of the corporate leadership of Corpening Enterprises, Inc., of Fort Worth, died when the two-engine plane carrying them home from Lubbock crashed during a thunderstorm early Sunday.

Dead are A. V. Corpening Jr., 44, the company's president; John A. Thornburgh, 53, the company's vice president; Thornburgh's wife, Bonnie, 56; Mrs. Rella Scoggin Walters, 35, the company's chief secretary; Mrs. Virginia Drennan McKinney, 46, the company's bookkeeper, and the firm's chief pilot, John Joseph Dittmaier, 27. All were of Fort Worth except Mrs. McKinney, who was from Burleson.

All were dead in the wreckage of the plane that crashed "in a virtual nose-dive" a mile off U.S. 377 just inside the Tarrant County line.

It took officers almost two hours to reach the site. When they arrived, Texas Highway Patrolman Johnnie Case of Weatherford said, "All you could see was the tail of the plane. The rest of it went straight into the ground six or eight feet. It didn't scatter more than a third of a mile at the most."

There was no fire, said Frank Roth, an air safety investigator for the National Transportation Safety Board. Hours were required for workers to remove the six bodies from the wreckage.

Severe Turbulence

Roth said details about the circumstances of the crash were sketchy, but it was known that Dittmaier, who reported he was flying in severe turbulence, had just minutes prior to the crash asked for and received permission to descend in altitude from 6,000 to 3,000 feet, perhaps in an effort to escape the thunderstorm.

The Federal Aviation Administration reported losing the Piper-Aztec aircraft from its radar screens about 12:02 a.m., and Case said a smashed wristwatch found on one of the bodies had stopped at 12:13 a.m.

Witnesses to the crash reported seeing the plane streaking almost perpendicularly toward impact on the flat, countryside area.

Corpening Enterprises some months ago agreed to purchase People's Natural Gas Co., of Lubbock from its owner, the Northern Gas Co. The six victims were in Lubbock Saturday for a dinner at which they met some of their new employees. The firm Corpening Enterprises and People's Natural Gas were forming is known as the West Texas Gas Co.

## Five Patients Escape Florida Mental Hospital

CHATTAHOOCHEE, Fla. (AP) — Five patients, three being held in connection with murder charges, escaped Sunday from the state mental hospital, took two hospital employees as hostages and released them several hours later, police said.

The hostages were found unharmed, authorities said.

"The two were released in the woods about two or three miles from the hospital and walked to the highway," said Rex Newman, a spokesman for the Florida mental health facility.

Newman said authorities were searching the woods for the escapees.

He said the men escaped when one pulled out a handgun and forced a psychiatric aide to go with them to a nursing station. When a security guard approached, he also was taken hostage.

**Celery Big Money Earner For Growers**

WASHINGTON (AP) — Celery is more than a noisy food, says the Agriculture Department. It also is one of the big money earners for vegetable growers, with a farm value last year of more than \$100 million. Only lettuce, tomatoes, onions and cabbage grossed more for producers of fresh market vegetables, the department's Economic Research Service said.

TRAFFIC ON UPSWING

Mexico Now Major Heroin Source

WASHINGTON (AP) — After two years of decline, heroin traffic into the United States is reported on the upswing, with Mexico replacing Europe as the primary source and conduit for the narcotic.

The Customs Service, which has concentrated its own border drug interdiction efforts chiefly against the Mexican marijuana trade, contends that heroin traffic from there is negligible. Although heroin remains priority No. 1 because of the danger it poses, customs officials said synthetic drugs are their biggest worry.

Mexican heroin is easily identified by its brown color; the more refined product from European laboratories is white. But officials say there is no difference in the potency.

The shift to Mexico as a major heroin source is due in part to the success of federal authorities in breaking up established connections from Europe, the Middle East and Asia, officials say.

Dear Abby

If Pregnant, Marry Now - Not In 4 Months

-By Abigail van Buren

DEAR ABBY: Bob (not his real name) and I have been engaged since last Christmas. The problem is I am pretty sure I am pregnant, and my wedding is four months away.

He said he was told by his wife's doctors that there was a danger of a miscarriage, but she still planned to have a clinic in the next few days and join him.

Asked about the possibility of his dancing again, Panov replied: "I don't want to talk about it now, I want to get my health back first."

Panovs To Leave Red Union Friday

MOSCOW (AP) — Ballet dancer Valery Panov said today he and his pregnant wife Galina plan to leave Russia Friday morning for Austria and then Israel, but that he was concerned about her condition.

He said he was told by his wife's doctors that there was a danger of a miscarriage, but she still planned to have a clinic in the next few days and join him.

Asked about the possibility of his dancing again, Panov replied: "I don't want to talk about it now, I want to get my health back first."

Lois Wilkinson

Crane School Announces 1974-75 Student Editors

CRANE — Editors have been announced for the student publications of Crane High School for next year.

Lois Wilkinson, daughter of Mr. and Mrs. Fred Wilkinson, will edit the school yearbook, EL AVE.

Managing editor of the newspaper, the Crane, will be Charlotte Blue, daughter of Mr. and Mrs. Charles Blue.

Other yearbook editors will be Wayne Howell, assistant editor; Keith Kyle, photographer; Charlotte Blue, copy editor; and Margaret Holland, sports editor.

Assisting on the Crane staff next year will be Gina Grounds, feature editor; Judy Simmons, sports editor; and Vicki Burks, departmental editor.

Editors are selected by the outgoing editorial board of each publication. Mrs. Evelyn Stroder sponsors both publications.

Garment Strikers Could Resume Work Wednesday

NEW YORK (AP) — Picket lines remain up, but 110,000 garment workers striking 750 factories in 30 states might be back at work Wednesday if they follow their union's leadership and ratify a new labor contract.

The general executive board of the Amalgamated Clothing Workers union voted unanimously Saturday to recommend acceptance by the rank and file of a tentative pact with the Clothing Manufacturers Association of the U.S.A.

Terms of the suggested three-year pact provided for an average \$1 raise in the average \$3.50 hourly wage of the strikers.

The sources also said liberalized pension benefits and a clause to offset changes in the cost of living were included in the tentative agreement, affecting the striking machine operators, makers, cutters, and button and pocket makers who produce 85 per cent of the clothing for men and boys made in the nation.

A union spokesman said meetings would be held throughout the nation for the ratification vote to be taken "as speedily as possible" so workers can return to work Wednesday.

Grade Procedure On School Agenda

The Midland Independent School District Board of Trustees will consider changes in grading procedure and an adjustment of mileage charge for use of school vehicles at its bi-monthly meeting at 1:30 p.m. Tuesday.

The board is to consider changes which would see report cards being issued every six weeks because of an anticipated change to the quarter system.

It has also been proposed that the meeting of the primary grades from Improving But Not Yet Satisfactory to Improvement Needed. And in primary and intermediate report cards under the area of Attitudes and Practices Affecting Behavior, the statement "displaying self-confidence" be changed to the list under Attitudes and Practices Affecting Achievement.

For the use of school vehicles for extracurricular activities, the board will consider a proposal which would increase the charge on school buses from 30 cents to 40 cents per mile and add travel costs for all short trips, and increasing the charge from 10 cents to 12 cents per mile on station wagons.

Former Midlander Awarded Carolina Degree

CULLOWHEE, N. C. — Michael Morris of Waynesville, N.C., formerly of Midland, Tex., was among more than 800 graduates who received degrees Friday during Western Carolina University's spring commencement exercises.

A 1958 graduate of Midland High School, he was awarded the master of arts in education degree with a major in audiovisual direction.

FBI Drives To Halt Utah 'Shell Games'

By DEAN LOKKEN

SALT LAKE CITY (AP) — Mention "white-collar crime" and you're apt to evoke images of mild-mannered bank clerks skimming a few hundred dollars or office workers swiping company supplies.

But state and federal officials have uncovered in Utah what they say is white-collar crime running into millions of dollars, and they're filing charges in an attempt to halt it.

At a time when 14 individuals and three companies were indicted, federal officials said the crackdown was just beginning.

"When all criminal cases are finally completed, the Internal Revenue Service expects to have presented cases to the Department of Justice and the U.S. attorneys' offices for prosecution in excess of 60 individuals on various federal tax violations," said C. Evan Wride, acting district director of the IRS in Utah.

Scholarship Goes To Alpine Senior

ALPINE — Terry L. McMillan, a senior geology major at Sul Ross State University, has been awarded a \$300 scholarship by the Permian Basin Section, Society of Economic Paleontologists and Mineralogists.

According to Mr. Edmund D. Sneed of Midland, president of the Permian Basin Section SEPM, the scholarship was instituted to further promote the science of geology in the Permian Basin and adjacent areas.

Ford Talks About Utah Retirement

LOGAN, Utah (AP) — Vice President Gerald R. Ford has mentioned to his son, Jack, the possibility of retiring some day to northern Utah.

Scholarship Goes To Alpine Senior

ALPINE — Terry L. McMillan, a senior geology major at Sul Ross State University, has been awarded a \$300 scholarship by the Permian Basin Section, Society of Economic Paleontologists and Mineralogists.

According to Mr. Edmund D. Sneed of Midland, president of the Permian Basin Section SEPM, the scholarship was instituted to further promote the science of geology in the Permian Basin and adjacent areas.

Dr. Romeo Flores of the Sul Ross geology department and the chairman of six other Permian Basin universities were asked to submit names of candidates for this scholarship.

Terry is a 1970 graduate of Alpine High School and is the son of Mr. and Mrs. E. A. McMillan of Alpine.

Ford Talks About Utah Retirement

LOGAN, Utah (AP) — Vice President Gerald R. Ford has mentioned to his son, Jack, the possibility of retiring some day to northern Utah.

Young Ford said after a visit of the vice president to Utah over the weekend that his father "talked about the possibility of retiring out here, becoming a lawyer or justice of the peace."

Two College Girls Kill Ex-Con Rapist

NEW SMYRNA BEACH, Fla. (AP) — Police say two college co-eds who killed an ex-convict after he raped them will testify at an inquest into his death later this week.

A spokesman for the Volusia County sheriff's department said Sunday that the 20-year-old students from Indiana University at Bloomington strangled Lee Arthur Godwin, 28, with his hands after he stabbed one girl with an icepick.

No charges were filed against the victims, whose names cannot be published under Florida law.

The co-eds were hitchhiking from South Florida to Atlanta on Interstate 95 Friday when Godwin, from Vero Beach, picked them up near Melbourne, about 75 miles south of this Atlantic Coast resort city.

Godwin turned off the highway at New Smyrna Beach and drove to an area west of nearby Edgewater, telling the girls he wanted to pick some marijuana he was growing in the woods, officers said.

The girls accompanied him into the woods, where he pulled the icepick and raped them both. Officers said he then told the co-eds he was going to kill them and inflicted a mirror stab wound on one girl's neck when he lunged at her with the icepick.

The other girl grabbed his arm and the wounded girl managed to get hold of the red bandana on Godwin's neck and tighten it. When he lay still, the girls thought he was only unconscious and fled to a nearby farm house, where they called police.

DEAR ABBY: You are, once again, absolutely wrong. You recently advised a reader to fall for one of the oldest tricks in the book — to pay for more gas than she asked for simply because the attendant "made a mistake" and put an extra dollar's worth in her tank.

True, occasionally an attendant does make a mistake, but he is in business, and if it's his mistake he should bear the loss.

Would you pay the telephone company for a long distance call you didn't make but was billed to your number?

By now you know I am a lawyer. I doubt if you will print this, but if you do, please correct my spelling. I am too busy trying to persuade my clients that the legal advice they get from their barber, mechanic, plumber, garbageman, friend-who-had-a-similar-problem and columnist is not really the law.

DEAR ABBY: About the wife who wrote that her husband was having an affair with a young teacher (She was a minister's daughter he had met in church). The wife asked you if she should tell the girl's father, and you told her not to.

Thanks for advising her not to tell Dad. I don't want her husband for keeps. I just want to harrass a little of what she doesn't want. (She says their marital relations are not enjoyable to her.)

I'll be leaving town soon. Maybe this experience will jolt that wife enough so she will at least try to love her husband. He certainly needs it.

It's positively stupid for any wife to leave her husband vulnerable to an affair when it's so easy to please a man.

DEAR DORA: Dumb, you're not!

# Soviets Apparently Sell Advanced Jets To Syria

WASHINGTON (AP) — The Soviet Union apparently has given Syria its first squadron of advanced MIG23 jet fighters, according to U.S. intelligence reports.

Sources said 16 crated MIG23 "Floggers" reportedly were sent to Syria recently aboard Russian merchant ships.

Intelligence has been watching for these deliveries since early last month when MIG23 crates were seen at Nikolayev, a Black Sea port from which Russia ships most military equipment to Arab countries.

The swing-wing MIG23, whose top speed is almost 2,000 miles an hour, is rated significantly better than the older MIG21, which until now has been the best Russian fighter exported.

U.S. analysts said the MIG23 does have some weaknesses, particularly in its combat operating range.

They said one squadron will not influence the relative air power balance with Israel. But

they believe the appearance of Syrian MIG23s in sizable numbers could cause serious problems for the Israeli Air Force, if war flares again.

The first shipment of MIG23s to Syria could mark the beginning of a broader export of that plane, which before this has been limited to the Soviet Air Force.

Soviet officials are reported to have tried to sell MIG23s to an Indian defense delegation that visited Moscow recently.

The Flogger, a tactical fighter that can be used as an interceptor and to attack ground targets, has been in production for five years and has been altered in design because of technical problems, intelligence specialists said. About 500 MIG23s have been manufactured so far.

Meanwhile, U.S. intelligence disputed published reports out of Cairo that Russia has resumed shipments of arms and other military equipment to Egypt.

# AS PULLBACKS PROCEED— Syria Accused Of POW Torture

By The Associated Press

Israel has accused Syria of "brutal torture" of Israeli prisoners and says it will protest to the United Nations.

Syria countered with charges that Israel mistreated Arab prisoners. Each government denied the other's accusations.

The Israeli government issued an official statement Sunday expressing "indignation and revulsion" at reports from returning POWs that they were regularly beaten with rubber truncheons and burned with electric lights. The prisoners said they were given poor food and medical treatment.

Some prisoners said they could not publicly reveal the worst of the tortures.

According to Schedule

Despite the exchange of atrocity charges, an Israeli military command spokesman said disengagement of forces on the Golan Heights was proceeding according to schedule.

The state radio said Israeli troops were establishing new anti-tank defenses west of the Golan capital of Quneitra and bulldozing a high embankment between the Syrian city and nearby Israeli settlements.

A spokesman said the withdrawal is to be completed by June 23.

Meanwhile, President Hafez Assad of Syria said in a television interview broadcast in the United States Sunday that his country "is seriously endeavoring to have good and normal relations with the United States."

Syria broke relations with Washington during the 1967 Arab-Israeli war. It has since depended almost exclusively on the Soviet Union and East Eu-

rope for military and economic aid.

U.N. Secretary-General Kurt Waldheim was in Cairo, winding up a tour of the Middle East, and said he had found a "whole new atmosphere" of cooperation in the five countries he had visited.

Cairo newspapers reported that victory arches and cheering crowds will greet President Nixon in Cairo and Alexandria this week.

Nixon left today on the first leg of his 15,000-mile trip. After two nights in the Austrian Alps, he will visit Egypt, Saudi Arabia, Israel, Syria and Jordan.

Palestinian leaders ended a meeting of the Palestine National Council in Cairo, leaving the decision whether to attend the Arab-Israeli peace talks in Geneva to their executive committee headed by Yasser Arafat, leader of the Palestinian Liberation Organization.

In Tel Aviv, Defense Minister Shimon Peres said Israel would never negotiate with leaders of the PLO, which he said wants "to take all of Israel and transform it into a Palestine state."

Peres said Israel plans to continue negotiations with Egypt and Syria and leave Jordan and the Palestinians to a later date.

# Howard County Sets Area Pace In May Road Deaths

Howard County led last month in the number of persons killed in highway accidents outside of cities in the 10-county Midland area.

Ector had the most accidents and the most persons injured. These are part of the statistics just released by the Texas Department of Public Safety and concern only those traffic mishaps which were investigated by state troopers outside of cities.

The 10 counties in this report are Andrews, Crane, Dawson, Ector, Glasscock, Howard, Martin, Midland, Reagan and Upton.

Howard County had three persons killed in two accidents last month, the first traffic deaths there this year.

County	Total Accids.	Fatal Accids.	Injury Accids.	Persons Killed	Persons Injured
Andrews	4-21	0-0	0-0	2-6	2-5
Crane	1-12	0-1	0-4	0-3	0-3
Dawson	3-28	0-1	0-1	1-11	2-18
Ector	24-153	1-3	1-3	6-28	12-57
Glasscock	3-9	0-1	0-1	3-5	3-8
Howard	19-76	2-2	3-3	3-14	3-18
Martin	6-20	0-0	0-0	1-5	1-5
Midland	21-95	1-1	1-1	5-26	6-31
Reagan	1-6	0-0	0-0	0-1	0-1
Upton	0-7	0-0	0-0	0-0	0-0

# \$55 MILLION PROPERTY DAMAGE— Nation's Tornado, Flood Fatalities Now Total 23

By The Associated Press

Officials estimate that weekend tornadoes and floods that caused 23 deaths and left hundreds injured in three states caused damage of about \$55 million.

Oklahoma and Kansas officials are seeking a presidential declaration of disaster for areas hit by tornadoes in their states.

Oklahoma Gov. David Hall tentatively estimated damage at \$25 million. Damages in Kansas were estimated by officials to exceed \$30 million.

Sen. Dewey F. Bartlett, R-Okla., said the White House staff told him President Nixon would try to have the paperwork completed today for federal assistance.

In Arkansas, weekend flooding was responsible for four deaths and an estimated \$9 million in damages, authorities said.

Late Sunday night a tornado hit a dormitory at Ferris State College in Big Rapids, Mich., causing some damage and one minor injury.

The twister, one of several which passed through the north central part of the Lower Peninsula, also blew away about 70 per cent of the roof at Riverside Elementary School.

The National Weather Service said the tornadoes that struck Saturday were part of a storm system almost as powerful as the one that struck the Midwest

on April 3, 1958, and killed some 300 persons.

Thirteen persons were killed in Oklahoma and six in Kansas on Saturday, officials reported.

About 250 persons were injured when twisters struck 13 towns and cities in Oklahoma.

In Tulsa, about 1,300 structures were destroyed or damaged by as many as four tornadoes.

# Gas Pipeline Blast Rocks Rural Area In Virginia

MOORESVILLE, Va. (AP) — A natural gas pipeline exploded near here late Sunday, rocking the countryside near this rural Virginia town and shooting flames hundreds of feet into the air before being extinguished, officials said.

Company officials said the line apparently ruptured and leaking gas ignited, illuminating the sky with a yellow-orange glow that could be seen 50 miles away over the mountains in Strasburg and Front Royal.

There are approximately 140 homes within a one-mile radius of the scene, but police said none was in danger and apparently no one was injured.

The explosion occurred in a rural area off U. S. 17, about 60 miles southwest of Washington, D.C.

Witnesses reported firemen were kept at distances estimated at a half mile because of the intense heat. Traffic jams caused by sightseers hampered crews, police said.

**G. G. Simmons Dies**

GREENWICH, Conn. (AP) — Grant Gilbert Simmons, 80, retired president of the Simmons Co., makers of mattresses and other home furnishings, died Friday. For 23 years Simmons was president of the company, which also manufactured military equipment during World War II and the Korean War.

# Security Men Being Deployed By Thousands For Nixon Trip

By GAYLORD SHAW

WASHINGTON (AP) — As President Nixon jettied across the Atlantic today, U.S. Secret Service agents and host country security men were being deployed in unprecedented numbers throughout the Middle East.

According to several sources, never have so many men—upwards of 10,000—been assigned to protect a President.

Publicly, officials in Washington and the Middle East disclaim excessive concern for Nixon's safety.

"Security does not worry us," said Syria's protocol director, Khali Saadawi.

"Security as always will be dealt with," said White House Press Secretary Ronald L. Ziegler.

Some Deep Concern

But privately, some security officials express deep concern about the President's safety in a region scarred by violence and terrorist attacks for a quarter-century. The extensive security preparations underscore their concern.

The Secret Service has called agents from field offices across the country to beef up the agency's White House detail, a spokesman said. He would not discuss numbers, but it is believed that more than 100 agents—perhaps as many as 250—are involved in guarding the President during his trip.

But the size of the U.S. security team is dwarfed by host country forces. In Syria, for example, about 2,000 plainclothesmen were deployed for security during Secretary of State Henry A. Kissinger's repeated trips to Damascus in troop disengagement negotiations.

Syrian officials acknowledge that this force will be more

than doubled for President Nixon, by 3,000 crack paratroopers.

Jordan's King Hussein has been the target of past assassination attempts, and there will be "tightening everywhere" for Nixon's visit, according to one unofficial source.

The head of the White House Secret Service detail, Dick Kaiser, has been in the Middle East for a week, conferring with the host countries in arranging security.

The time frame for security planning is much shorter than on previous presidential trips overseas. Usually, advance teams are sent out two to three weeks ahead. On this trip, they went one week ahead.

Nixon's bulletproof limousines are being flown to the Middle East. Helicopters from the presidential fleet also are heading there aboard giant cargo planes.

Agents talk privately of the risks involved in Nixon or Kissinger mingling in crowds.

They also worry about security in the moments immediately after the presidential jetliner takes off, since some terrorist groups are said to possess small, heat-seeking missiles capable of bringing down a low-flying aircraft.

Agents are being assigned around-the-clock to guard presidential aircraft and the luggage of the President's party.

Special precautions also are being applied to newsmen traveling with the chief executive in a pair of chartered jetliners, and their luggage.

# Evers Mellows About Wallace

JACKSON, Miss. (AP) — Charles Evers, civil rights leader and mayor of Fayette, Miss., says he could support Alabama Gov. George C. Wallace for vice president.

Evers said his opinion of Wallace, once known for his segregationist stand, has changed in recent years "because the man is changing."

He said he could vote for him on a ticket with Sen. Edward Kennedy or Sen. Walter Mondale but had reservations "about a ticket with Wallace and someone like Sen. Henry Jackson."

Is Saturday Night the chilly-est night of the week?

A bath or shower can be pure luxury, unless you're second in line and "ol' Tiny-Tank" is out of hot water. Cure the Saturday-night-second-in-line blues with a State gas or electric hot water heater. One that heats lots of water fast because it's designed that way. One that has a care-free, long life because it's built that way. Buy State... the nation's largest manufacturer of hot water heaters.

## Things to remember not to forget before you go on vacation.

- For economy and energy efficient, here's a quick checklist of important things to do around the house before you go on vacation.
- TELEVISION SETS: Unplug from electrical outlet and disconnect antenna.
- LIGHTING: Be sure all lights are off except those needed for security, such as: 1) yard light with automatic on/off control; 2) lamp in living area with automatic control.
- AIR CONDITIONING: Normally, air conditioning should be turned off completely while on summer vacation. However, if there is anything in your home that might suffer heat damage, raise thermostat setting 5 to 10 degrees above normal and leave unit on.
- REFRIGERATOR OR FREEZER: Change thermostat control to slightly warmer (or "Vacation") setting according to manufacturer's recommendations.
- ELECTRIC RANGE: Make sure all switches are in the "Off" position.
- WASHING MACHINE: Turn off water supply at faucets.
- WATER HEATER (ELECTRIC): Turn off at circuit breaker. Upon returning run a small amount of water from a hot water faucet to make sure there's water in the tank before you turn the circuit back on.

# BECAUSE OF THIEF— Little Girl Passes Time Watching Tv

LOS ANGELES (AP)—had calls from as far away as New Jersey.

"I told everyone who called that I was grateful for their help but I would not know until after I talk to Lupe's doctors and decide what to do. I asked them to call back later," he said.

"I cannot afford to buy new braces for Lupe and the brace-makers won't let me pay for it in installments. We will put the money in an account for Lupe's expenses.

"The doctors say Lupe is going to have some more operations and there are other expenses because she will need new, specially fitted shoes and braces as she grows."

Lupe's medical expenses since birth have amounted to about \$16,000, \$10,000 of which was covered by insurance, he said. He's paying the balance on a monthly installment basis.

Lupe began wearing braces after her fourth and more recent operation last December. She was first operated on one hour after birth.

"It took one year for Lupe to get used to walking between parallel bars at her school. After she got her braces, she was learning how to walk in them and, more importantly, how to fall," said her mother.

### Poverty Level Figures Hiked

WASHINGTON (AP)—The Labor Department has boosted the income levels used by federal agencies to determine a family's eligibility for assistance to the poor.

The new levels are \$250 per year higher for an urban family of four and \$270 higher for a family of seven, reflecting the increase in the cost of living since the last criteria were set in June 1973, the department said.

The new cutoff for an urban family of four is \$4,550, while it is \$3,970 for a farm family of the same size. Exceptions are made for Hawaii and Alaska, where the levels are substantially higher.

# Stage Star Katharine Cornell Dies

VINEYARD HAVEN, Mass. (AP)—For decades, audiences applauded the dazzling performances of Katharine Cornell. "Romeo and Juliet" and "The Barretts of Wimpole Street" were among her triumphs.

The American National Theatre and Academy recently cited her "incomparable acting ability and her theatrical genius" and said she had "elevated the theater throughout the world."

## Draft Evader Back To Face Charges

SEATTLE (AP)—Eight years of work with peasants in Southeast Asia have ended for Philip Brandt Jr.

During much of that time Brandt, 31, was under United States draft evasion charges. Now he has returned voluntarily to face those charges.

"I came back home to make an issue of it," he said.

Brandt was released under \$2,500 bond after a U.S. magistrate transferred his case to U.S. district court in Portland, Ore. His home draft board is in Oregon.

Three U.S. marshals met his plane Saturday at Seattle-Tacoma International Airport and escorted him to the magistrate.

His mother, Eunice Brandt, says her son's local draft board in Dallas, Ore., near Salem, in-

duced him in 1967 while he was working in Laos for the U.S. Agency for International Development. His job was to help local farmers learn more efficient means of growing rice.

He passed his physical in a Laotian hospital but told the draft board he was working in an essential occupation and couldn't serve as a soldier.

"They told me they get hundreds of such letters, and that anybody could write them," his mother said. "They said he must get an endorsement from his employer."

The head of the Laotian AID mission did request a deferment for Brandt, but it was denied. His mother said Brandt left his job and helped peasants in Laos' Mekong River area build a rice co-operative.

After a severe attack of malaria in 1968, his mother said he began teaching English in South Thailand, eventually building a school to teach English to poor Thai residents.

Brandt moved to Nepal in 1970 and there he met and married American Suzi Simons. The two returned to America from Taiwan.

"I have deeply rooted moral convictions about what I did," Brandt said. "But at the time, I went around the system. Now I'm going to go through it."

### Farm Credit Chief Resigns Position

WASHINGTON (AP)—E. A. Jaenke, chief executive officer of the Farm Credit Administration, has announced his resignation.

He had brought so much excitement to the theater died of pneumonia at her home here. She was 81. Her body will be cremated in Boston Tuesday and a memorial service will be held next week in Vineyard Haven's town hall.

Horsing around with old auto parts is one thing, but when Joe Encapera does it, it's something else again—art. Encapera adds the final touch—rustproofing—to a 900-pound sculpture composed entirely of auto bumpers. He created the work for the front lawn of the Children's Museum in Detroit and titled it "Horsepower IV." (NEA Photomat.)

## Daughter Follows In Mom's Footsteps

MIAMI, Fla. (AP)—Lucille Coughlin waited until she was a grandmother before returning to college to earn her law degree.

So did her daughter Nancy. Lucille Coughlin was born in October.

So was daughter Nancy. Lucille Coughlin was an only child.

So was daughter Nancy. Lucille Coughlin taught a course in secretarial skills before she became a lawyer.

So did daughter Nancy. Lucille Coughlin married a lawyer.

So did daughter Nancy. Now there's one more item in the parallel lives of Mrs. Coughlin, 73, and daughter Nancy Appleton, 46. Mrs. Appleton last month became a partner in her mother's law firm.

It was in 1952 that Mrs. Coughlin entered the University of Miami at age 51 to earn a law degree so she could be a partner in the firm that belonged to her husband, John. She had been his legal secretary for many years.

She was graduated cum laude from the law school. When he died seven years ago, she took over the firm.

Nancy followed in mother's footsteps 18 years later. She entered the same law school, completing the three-year course in two years and three months.

Mrs. Coughlin is proud that she still has all the clients her husband had at his death.

"One man left," she says. "He wasn't too sure about having a woman for a lawyer. But three years later he came and asked if I'd take him back."

The mother-daughter law firm specializes in civil and corporate law.

## Guide To What Needs Watching

By JAY SHARBUTT

hamburger to appease the gods of barbecue.

But some of us will stay by our sets. For those hard souls, we offer an official pocket guide to what needs watching and what doesn't.

In the Approved popular category, rerun division, try "M-A-S-H," "Streets of San Francisco," "Kojak," "Mary Tyler Moore," "Police Story" and maybe "The Fugitive" if you still don't know how it ended.

In the Approved new-public affairs category, inspect "60 Minutes," "Jean Shepherd's America"—if it's on anywhere, and the House Judiciary Committee's impeachment probe—if it ever goes public anywhere.

In the Approved sports category, just two shows are suggested: Any ABC-covered auto race and any baseball game covered just by NBC's Tony Kubek and Joe Garagiola.

In the Approved public tv-entertainment category, rerun division, try "Upstairs, Downstairs," "War and Peace," the "Lord Peter Wimsey" series and —aw heck, go to London and cut out the middleman.

On the Disapproved List, in the Enough Already category, is golf (too much whispering going on there), summer football (have they no mercy?) and rock concerts (no, they have no mercy).

This summer's Disapproved List already is a massive array of titles ranging from "Toms" (a reluctant choice, since I greatly admired the show where he disguised himself as an adding machine, ran a total and found he didn't amount to much) to "The Advocates."

But we add two more shows, "All in the Family" and "Sanford and Son" to the list of grounds Carroll O'Connor and Redd Foxx have become grouchies. Nothing makes a man so cross as success.

We realize the official pocket guide for summer viewing doesn't contain much, but neither does the set. You might see what's on radio—or hear, if you're a purist—during the really dog nights.

### RUMORS, RUMORS

Rumors are flying again that the Beatles may reunite for at least one more album, this latest report coming from drummer Ringo Starr. Observers of the British rock group have repeatedly speculated on the reunion of the Beatles, disbanded since 1969, but nothing has materialized so far. (NEA Photomat.)

### Defense Assistant To Attend Meeting

WASHINGTON (AP)—Robert Ellsworth, assistant secretary of Defense, will represent the United States at a NATO committee meeting on defense planning in Brussels this week.

### Nobel Author Dies

MADRID, Spain (AP)—Miguel Angel Asturias, 74, the Guatemalan author who won the Nobel Prize for literature in 1957, died Sunday. Asturias, who also won the Lenin Peace Prize in 1966, was the Guatemalan ambassador to France at the time of his death.

## Clancy's Arrival Gives Cubs Two Ex-Longhorns

Arrival of Steve Clancy from the Chicago Cubs' Class A farm at Key West, in exchange for catcher Gregg Collins, gives Midland two former University of Texas players.

Clancy, who was with Midland at Scottsdale, Ariz., and third baseman Ken Pape were teammates on last year's Longhorn team. And both were teammates of David Chalk, who played at Shreveport two years ago and is now playing shortstop for the California Angels.

Pape joined Midland from Pittsfield of the Eastern League, a Texas Ranger farm club. From Tulsa, Clancy played on Texas' 1972 and 1973 SWC champions, hitting .306 and batting in 41 runs for the Steers last year.

When it was discovered that Pape couldn't read the outfield signs at Cubs Stadium, he took an eye examination and was fitted for glasses. The difference is reflected in Ken's bat work in the present series. He has lashed out eight hits in 17 trips against the Aces.

Other hot Cubs since coming off the road

## Battle Scene

By Ted Battles

trip are Tyrone, who is six-for-19 with four of them homers and nine runs batted in. Bill Huisman is nine-for-20 while Bill Droegge is seven-for-18 and Jerry Tabb has collected seven-for-15.

Cubs Stadium also has been a get-well park for Alexandria's Mike Ivie, the 6-4, 205-pound first baseman. Ivie had seen his average nosedive from .340 to .296 before the Aces arrived in Midland, but his bat apparently thrives on the Midland climate. In five games, he has connected for 10 hits in 18 trips.

Ivie was signed by the San Diego Padres for a reported \$30,000 bonus in 1970 after he graduated from Walker High in Atlanta, Ga. He batted .465 as a sophomore and .565 as a junior. One year he hit 21 homers in 21 games.

# Cubs Bounce Back In Nightcap

By TED BATTLES

The Midland Cubs were forced to settle for a doubleheader split when Alexandria left-hander Bill Laxton, aided by three homers, stopped the Bruins 3-1, in the opener, but in the second game it was a different story.

Midland broke loose for 17 hits and three round-trippers to make it four out of five over the Aces in the current Texas League series and wins in their last six games.

Lefty Dave Geisel pitched a nine-hitter for his third win

in six decisions, but the Cubs made it easy for him as shortstop Joel Green hit his first homer of the season, a three-run job, in the six-run third while Wayne Tyrone belted a three-run homer in the fourth and added a solo blast in the sixth.

Jose Ortiz went four-for-four while Bill Huisman and Jerry Tabb each had three hits in the batting binge.

Tyrone's four runs batted in on his sixth and seventh homers raised his season's

total to 35.

The first game was an "away" game for Midland, a makeup of a rained out game at Alexandria, as a result, the Cubs batted first. So technically, the Cubs are 4-0 in the current home stand.

A double by Ortiz and Tabb's single made it 1-0 in the second and then Brock Davis employed his speed to beat out a popped up bunt for a hit to open the third and ignite a six-run rally.

Huisman's double scored

Davis and then Ortiz, Bill Droegge and Tabb came through with successive one-out singles for two more runs before Green unloaded his homer to the left of the scoreboard.

Ken Pape and Huisman were on with singles when Tyrone leaned into a pitch from left-hander John McAllen, 4-6, for his fourth inning homer to left.

In the first game, Laxton's pitching and Marc Rhea's two homers keyed Alexandria's 3-1 triumph.

Laxton, a 6-2, 188-pounder from Audobon, N.J., who was 9-8 with the Aces last year, snuffed out the Cubs on two hits through six innings. However, the second blow, Jerry Tabb's 10th homer to dead right, prompted Manager Jackie Brandt to bring Cliff Butcher out of the bullpen in the seventh.

The Cubs loaded the bases against Butcher on a walk to pinch-hitter Ken Szotkiewicz and singles by Ken Pape and Bill Huisman,

but as in the fourth inning when the Cubs loaded the bases with one out, Alexandria got out of it. This time Butcher got Wayne Tyrone to hit into a double play, started by third baseman Rhea.

Don Schroeder, 0-3, who hails from Aberdeen, Wash., went the route and was greeted by Rhea, who calls Bellingham, Wash., home, with a leadoff homer down the left field line. Then in the third, Rhea hit one straightaway. And before the night was over, he was to give Schroeder another scare. It came in the fifth after Duane Larson homered to left with one out. Rhea followed and backed Bill Droegge to the base of the wall at the line in left for his long fly.

Until Tabb's homer in the sixth Jose Ortiz's fourth inning single to right was Midland's only hit. However, Midland didn't lack for opportunities since Laxton walked six, but eight strikeouts kept the Cubs from cashing in.

## Lopez Hurls For Cubs In Single Game Tonight

**CUB BRIEFS**—Midland and Alexandria conclude their season's series with single games tonight and Tuesday, both starting at 7:45. . . . Francisco Lopez, 0-2, will go for the Cubs tonight. . . . Arkansas moves in for eight games in five days starting with a doubleheader Wednesday. . . . Twinbills also are scheduled for Thursday and Saturday. . . . Shortstop Ken Szotkiewicz missed both games Sunday as a result of a leg injury suffered in Saturday's second game. Socko, however, did pinch hit in the first game, drawing a walk. . . . Duane Larson has hit two homers this season, both in Midland. . . . Pepi Ortiz had a big night with five hits in six trips. . . . After Saturday's 40 mph winds, Sunday's twinbill was played in ideal, mid-90 weather with nary a breeze to lift the flags in center. . . .

## Reds Keep Winning

... But So Do Los Angeles Dodgers

By KEN RAPPOPORT  
AP Sports Writer

The "Big Red Machine" is rolling. . . . but not fast enough to catch the Los Angeles Dodgers.

Even though the buoyant Cincinnati Reds buried the Philadelphia Phillies 14-7 Sunday for their 12th victory, in 15 games, there was no reason for the Dodgers to hit the panic button.

They still hold a juicy, eight-game lead in the National League West race, you see.

"I honestly feel we will win more than 90 games, even after a bad start," said Cincinnati Manager Sparky Anderson. "The trouble is, I don't know if it will be enough to catch the Dodgers."

Pirates 14, Giants 1

Willie Stargell belted two home runs—one his ninth ca-

reer grand slam—and knocked Bob Barton walked and Dave Winfield singled before Tolan led Pittsburgh over San Francisco.

Dodgers 4, Cubs 3

Pinch-hitter Von Joshua drove in the winning run with a one-out single in the ninth, lifting Los Angeles over Chicago.

Padres 6, Cardinals 5

Bobby Tolan's three-run homer in the eighth inning pro-

pelled San Diego over St. Louis. Bob Barton walked and Dave Winfield singled before Tolan homered off Mike Garman.

Braves 3-3, Expos 3-7

Pitcher Phil Niekro scored one run and drove in another to lead Atlanta to a first-game victory over Montreal. Bob Bailey slugged a two-run single and Ron Fairly belted a solo home run to help Montreal win the second game.

## COM Takes Third Tommy Hart, T. Williams Stand Out For Mermen

SAN ANTONIO — The San Antonio Aquatic Club, host team for the Lone Star Class A AAU Age-Group Swimming meet, which ended here Sunday, had no trouble winning the first place trophy, but there was a battle for second place.

The Tarpon Swim Club of Houston and the City of Midland Swim Team, took turns owning second place during the three-day meet, but when the final race was over, the Tarpons were in second by a scant three points.

SAAC won the event with 894 points, TSC cornered 628 and COM had 628. Dad's Club of Houston came in fourth with 400 points. Twenty-five teams competed.

COM had a one-point lead going into the final relay, the senior boys 400-medal medley. The COM squad finished third and the Tarpons finished second by less than a yard.

Tracy Williams of Midland won four first places, three seconds, a fourth and a seventh to take high point honors in the 11-12 Age Group.

Midland's Tommy Hart entered seven events in the senior

division and came away with six first places and a third. However, he did not enter enough events to win high point trophy.

# O's Unimpressed

## Foucault's High School Curve Does Job

BALTIMORE (AP) — Texas reliever Steve Foucault hasn't made much of an impression on Baltimore batters, but he continues to get the Orioles out.

The 23-year-old righthander retired all four batters he faced Sunday, preserving a 3-2 decision for Jim Bibby while extending his record against Baltimore to three saves and one victory in four appearances this season.

The Orioles seem more disgusted at their own ineptitude, rather than heap praise upon Foucault. One Baltimore player said, off the record, that the converted third baseman had "a high school curve and a high school fast ball."

## A's Spoil Day For Brewer Fans

By BRUCE LOWITT, AP Sports Writer  
When you're a winner, as the Oakland A's, the shrieking of the "enemy" crowd can sound like music. But when you're a loser, it can drive you bats.

With the score tied 2-3, Mickey Stanley started the Tigers' big rally with a double. Then the crowd took over. Gary Sutherland hit a liner to right-center field. Either center fielder Mickey Rivers or Lee Stanton, coming over from right, could have caught it. But they couldn't hear each other calling for it.

Deron Johnson, who hit a homer for Oakland, said the Brewers' crowd was "great. These are real baseball fans. It's just fun playing baseball in front of all these people. I like a big crowd. It makes you a little more keyed up."

Graig Nettles hit a sixth-inning homer for the Yankees, then capped a three-run ninth with a single that kept the Twins lost in the West.

PHILADELPHIA (AP) — Hubert Green admits that he is mentally tired—that the week-in, week-out grind of golf is getting to him.

## Weary Green Wants Rest

about a two-week vacation than this week's U.S. Open Championship at Winged Foot Country Club in Mamaroneck, N.Y. "I haven't missed a tournament in months," said Green, who compiled rounds of 70-67-66-68 for his third tour victory of the year. "But the grind gets to you."

PHILADELPHIA (AP) — Final scores and money winners Sunday in the \$150,000 Philadelphia Golf Classic in the 6,700-year, 72-hole White Marsh Valley Country Club course:

Table with 3 columns: Name, Score, Prize Money. Includes Hubert Green, Tom Watson, and others.

## Cub Averages

Table with 10 columns: Player, AB, R, H, RBI, BA, BB, SO, W, L, ERA. Lists statistics for various players like Niekro, Yaz, and others.

## Hogan Men Slate ABCD Golf Scramble

The Hogan Park Men's Golf Assn. will hold its ABCD Scramble Tournament Saturday. Entry fee is \$3 and starting times and foursomes will be arranged.

### WEEKEND SPORTS BRIEFS—

## Schechter, Rutherford Nab Races

By The Associated Press  
MUIRFIELD, Scotland — Trevor Homer of England won his second British Amateur Golf Championship defeating Jim Gabrielson of Atlanta 2-up in the 36-hole final.

Belleville, Ill., and unseeded Kate Latham of Palo Alto, Calif., scored straight set victories in capturing the singles titles in the Northern Lawn Tennis Tournament.

MILWAUKEE — Texan Johnny Rutherford came back from early troubles to pass Gary Bettenhausen and win the 25th Rex Mays 150-mile race for U.S. auto club cars.

won the 43rd President's Cup Regatta for unlimited hydroplanes. TRACK EUGENE, Ore. — Rick Wolhuter broke his own world record in the 880 with a time of 1:44.1, one-half second better than his previous time.

# OU's Witt Takes Men's Am

DALLAS (AP) — Texas' new amateur golf champion, stocky Mark Witt of Irving and the University of Oklahoma, likes nothing better than a home town gallery.

par 214 for 54-holes to win the Texas title Sunday with more than a score home town fans cheering him on.

city of Houston jumped from seven strokes off the pace to the runner-up position by shooting a course competitive record 66 on the final round for a 217 total.

71 Sunday for 219 and third place. Another stroke away was James Chapman of San Antonio, who also shot even par 71 on the final round for 220.

### JUNE 16TH

## The World's Most Natural Fitting Shoe ALLEN EDMONDS

Nearest thing to handmade... nowhere near the cost. Because it is hard to equal Allen Edmonds 167 exact shoe sizes, 5 to 16 AAAA to EEE. So unless you're one of Mother Nature's lucky ducks, wear Allen Edmonds' shoes. They're the next best thing to nature.

## Midlanders Second At Sweetwater

SWEETWATER — Graham Mackey and Dan Strong of Midland shot a 204 total to finish second in the 29th Golf Tournament Sunday at the Sweetwater Country Club.

## Goodrich Claims Concho Softball

SAN ANGELO — Goodrich Service Center of Midland, won its second straight slow pitch tourney title, winning the San Angelo Invitational over the weekend with a 23-2 victory over C & H Sports of San Angelo in the finals.

## Diablos Win, Giants Divide Two TL Tilts

By The Associated Press  
In Texas League baseball Sunday, El Paso beat Victoria 4-3, and Amarillo split with Arkansas, the Travelers winning the first 7-3 and dropping the nightcap 10-1.

gates and a wild pitch. Amarillo's Al Smith hit a home run with one on in the fourth. Rol Selak went the distance for Arkansas, retiring 10 of the first 11 batters.

# NCAA MARKED BY CONTROVERSY—

## Home-Grown Vols Win

By DENNE H. FREEMAN  
AUSTIN, Tex. (AP) — Some of the coaches at the 53rd annual NCAA Track and Field meet got their hackles up over the presence of foreigners but Tennessee proved you could win the championship without any of the polished performers from other countries.

While second-place UCLA, which finished with 56 points had only one foreigner—a pole vaulter from France—some schools such as Brigham Young and Texas-El Paso depended heavily on them.

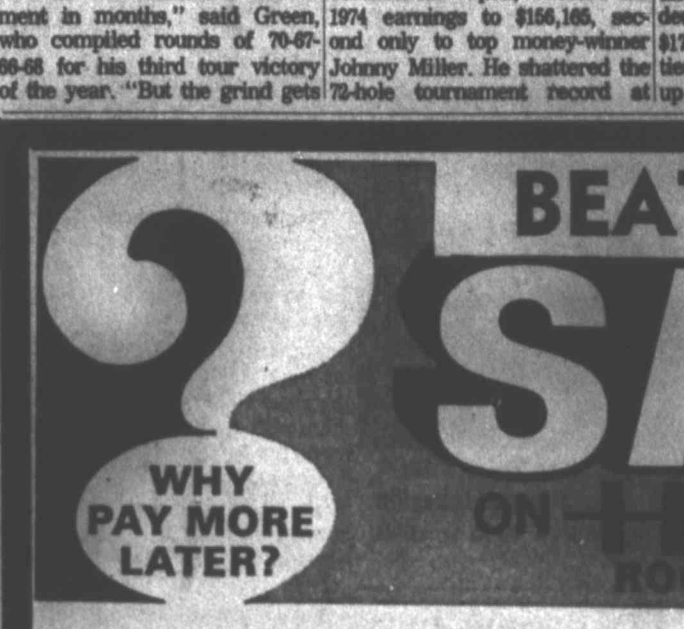

A poll of NCAA coaches at the meet indicated that 65 percent of them wanted to bar foreigners from competing for points in the collegiate meet.

Texas Southern University Coach Dave Bethany charged his team was a victim of racism.

## Ruidoso Racing

Ruidoso Race Results  
FIRST RACE (60 yards) — Fournelle Pat 2.00, 2.00, 4.00; Fournelle Tom 2.25, 2.00, 4.00; Laska Pat 2.00, 2.00, 4.00.

**HOUNDED OFFICER**—Debbie Smith, 22, consoles her pets, a kitten and Baron, a Doberman pinscher. She resigned her job as dog officer in the lakeside resort community of Laconia, N.H., because of local opposition to a woman working at the job. (AP Wirephoto.)

## Briscoe Tells Young Persons Vocational Education Needed

SAN ANTONIO (AP) — Gov. Dolph Briscoe told a group of young persons today that they can help erase the outdated notion that vocational education is not as good as a standard college education.

"You can help demonstrate to them that on the contrary, it implies more," Briscoe told the Vocational Industrial Clubs of America at the 10th national leadership conference.

"Vocational education is not education which ignores the

arts, the humanities or the sciences. It is one which puts work the elements of the arts, humanities and sciences so that they are relevant to the skills you are developing to become productive citizens," Briscoe said.

"You are helping to preserve democracy as the most responsible and effective means for improving the quality of life in our land. You are learning to live and work with others, and developing leadership skills which will equip you to serve your communities for the rest of your lives."

Briscoe said he was "excited about the future of vocational-technical education in America and I am excited about the great benefits to our country which will result from young people such as those of you who are here today getting involved in your communities, in your schools and in your personal lives."

# Plane Crash Helps Boost Weekend Fatalities

By The Associated Press  
A twin-engine plane crash in a thunderstorm claimed six lives Sunday near Fort Worth and helped boost the violent death toll in Texas for the weekend.

The state counted at least 26 fatalities, also including eight in traffic accidents.

The plane, a Piper Aztec, cracked up near the west Tarrant County line, killing all aboard. They were A. V. Corpening Jr., 44, president of Corpening Enterprises, Inc., of Fort Worth; John A. Thornburgh, 52, vice president of the company; Thornburgh's wife Bonnie, 56; Rella Scoggin Walters, 35, the company's chief secretary, and John J. Dittmaier, 27, chief pilot for the firm, all of Fort Worth, and Virginia Drennan McKimney, 46, of Burleson, bookkeeper for Corpening Enterprises.

These were among the others dying violently:

George Allen Wheelington, 18, of Beaumont was killed Sunday when a pickup truck overturned on Texas 87 three miles north of High Island.

Leonard Lee Graham, 33, of Beaumont was killed early Sunday when his car overturned on a freeway there early Sunday.

Lorenzo Zubia, 25, was killed at Fort Stockton Saturday in a barroom fight when a man shot him with a shotgun. Police arrested a 23-year-old suspect.

At Sabine Pass, Larry Trahan, 21, of Beaumont drowned Sunday when he apparently slipped off a floating inner tube.

Two Dallas residents died Sunday during heavy thunderstorms—Willie Gregg, 33, whose car slammed into a freeway guard rail, and Arkhohn Roongrugan, 32, as another car entering a freeway knocked his vehicle into a ditch.

Simon Michalk, 62, was shot to death as he and his two brothers stood in a church parking lot Sunday in Corpus Christi. One brother was wounded critically when they were fired upon by two men who escaped.

David Jamie Jr., 27, was shot and killed Sunday on another Corpus Christi church lot while he sat in his car. Police said the shooting followed an argument with the husband of a

woman in his car. The husband surrendered to police.

Antonio Valdez, 27, drowned Sunday north of Andy Bowie Beach on Padre Island near Brownsville.

A scuffle at an Amarillo bar Sunday left Tommy Lee Davis dead of gun wounds.

Angel Morales Guerrero, 15, was killed Saturday when his

motorcycle plunged into a ditch and hit a culvert at a Houston intersection.

Ex-convict Leonard King, 28, was shot to death Friday night at a Marshall residence. A woman, 31, was arrested.

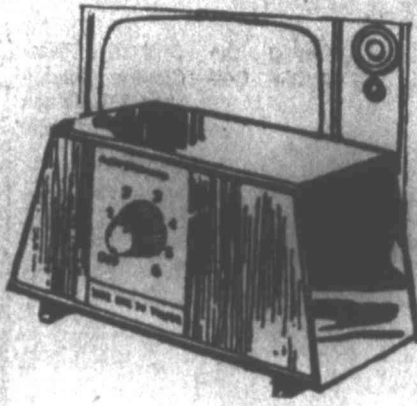

A Houston restaurant cashier, Neville E. Richardson, was shot and killed early Saturday by two men and a woman who

forced their way into his apartment. Police quoted a witness as saying the trio demanded \$160 from Richardson before the shooting.

Ruby Hernandez, 29, of Houston was killed Saturday near downtown Houston when she was struck by a Southern Pacific freight train as she tried to run across the tracks.

Two Dallas policemen investigating a disturbance at a cafe shot and killed Henry Lee Williams, 42, of Dallas, a police spokesman said. Officers Donald A. Whitten, 26, and Lonnie G. Watson, 22, said they found Williams inside the cafe pointing a pistol, shouted at him to drop the weapon and fired when he whirled toward them.

### Valencia Bonus Living Apartments

the longer you stay the less you pay

Introducing BONUS LIVING... the newest idea in apartment rentals. Earn your way to lower rents by staying longer in your apartment. The chart at right shows how BONUS LIVING works. Select the rent you'd like to pay and sign a lease for that period of time. Pay the single monthly rate (see col. A on chart) and earn an additional 1, 2 weeks, or 1 or 2 months rent free, as a bonus. The net monthly rate for you is lower because of the additional earned living in the various lease categories. The longer you stay the less you pay...

	A		B		C		D	
	Monthly Rate	1 Week	1 Month	2 Weeks	1 Month	2 Weeks	1 Month	2 Weeks
1 Bedr. Std.	128.00	128.00	128.00	128.00	128.00	128.00	128.00	128.00
1 Bedr. Deluxe	208.00	178.00	178.00	178.00	208.00	178.00	208.00	178.00
2 Bedr. Std.	288.00	258.00	258.00	258.00	288.00	258.00	288.00	258.00
2 Bedr. Deluxe	368.00	338.00	338.00	338.00	368.00	338.00	368.00	338.00

Plan A: Monthly rent + 50 security deposit. Plan B: Monthly rent + 50 security deposit + 100 utility deposit. Plan C: Monthly rent + 50 security deposit + 100 utility deposit + 100 moving deposit.

## Mrs. Galindo, 75, Dies; Rites Slated

Mrs. Elisa F. Galindo, 75, died Saturday in a Midland nursing home.

Rosary will be recited at 8:30 p.m. today at her residence, 100 W. Cowden St. Mass will be read at 2 p.m. Tuesday in Our Lady of Guadalupe Catholic Church. Interment will be in Fairview Cemetery under the direction of Thomas Funeral Home.

She was born April 27, 1899, at Presidio and had lived in Midland five years.

Survivors include two sons, Jesus Galindo of Midland and Apollino Galindo of El Paso; two daughters, Perfecta Galindo of Midland and Mrs. Jesus Calderon of California, a brother, a sister and 15 grandchildren.

## T. E. Craddock Dies At Seymour

SEYMOUR, Tex. (AP) — Death has taken T. E. Craddock, a state and national leader in getting electric power to rural areas.

He died here Saturday at the age of 80. His widow Marie survives.

The funeral service was to be held at 2:30 p.m. today in the First Christian Church here and interment was to be in Seymour Cemetery.

At his death Craddock was secretary-treasurer of the Brazos Electric Power Cooperative, Inc., of Waco.

## Willie Slater Dies; Rites Set

CRANE — Willie Slater, 74, of Crane died at 4:45 a.m. Sunday in a hospital here.

Services will be at 4 p.m. Tuesday in the First Baptist Church. Interment will be in Crane Memorial Gardens under the direction of Sheppard Funeral Home.

Slater had lived in Crane for 46 years and was a retired lease operator for Gulf Oil Co. He was a World War II veteran.

Survivors include the widow, a daughter, Bobbie Swinford of St. Michael, Ariz.; three sons, Jimmy Slater of Crane, William Ham of Mesa, Ariz., and Joseph H. Ham of Garden Grove, Calif.; a sister, Mrs. Hazel McAdams of Hamilton; a brother, Crockett Slater of Grand Prairie; nine grandchildren and one great-grandchild.

## Viola M. Hart, 53, Dies; Rites Today

PECOS — Viola Madge Hart, 53, sister of Paul Smith of Midland, died at 12:45 p.m. Saturday in a hospital here.

Services were to be held at 2 p.m. today at Pecos Funeral Home Chapel. Interment was to be in Fairview Cemetery in Pecos.

Other survivors include a son, a daughter, her mother, three sisters, two other brothers and five grandchildren.

## Save Your Child's Life! Take Care Of Basement, Garage, Shed

—Ropes, cords and hoses must be out of reach. A child can accidentally strangle or hang himself.

—Lock up or dispose of properly all guns, knives, swords and other sharp objects.

—Get rid of all sharp, splintered wood, or wood with nails protruding.

—Never run your car, lawn mower or other internal combustion engines in a closed garage or room. The fumes can kill.

—Don't let children use power tools. Disconnect them when they are not in use.

—Keep attics, basement and garages orderly and free of debris.

—Teach children how to use sharp objects, cutting away from themselves. And teach them how to pass cutting or pointed objects to another person: handle first.

## Judge Ernest Guinn, 68, Dies In El Paso

EL PASO — U.S. Dist. Judge Ernest Guinn, who was the first judge for the Midland federal court, died at his home here Sunday morning at the age of 68.

He apparently suffered a heart seizure.

Federal sources said it might take five or six months for another resident judge to be appointed here.

Guinn, who was graduated from The University of Texas Law School in 1927 with the highest grades ever made there, was appointed to the federal bench in 1966 by then-President Lyndon Johnson with the backing of then-Sen. Ralph Yarborough, D-Tex.

He was resident judge in the El Paso jurisdiction of the U.S. District Courts of the Western District of Texas and, in that position, held court in Midland from the time the Midland court was established in 1967 until shortly before a clerk's office was opened here in 1971.

He held the first naturalization hearings of the Midland division, holding court sometimes in Midland and sometimes in Odessa.

A native of Palestine in East Texas, Guinn was graduated from The University of Texas law school at age 23. He was El Paso assistant city attorney from 1925-1928 and later was city attorney briefly.

He served as county attorney from 1929 until 1954, when he entered private law practice. He was once chairman of the

## Cecil Pope Found Dead At Home; Rites Set Tuesday

Cecil P. Pope, 70, of 2007 W. Michigan St. was found shot to death in a workshop behind his home at 11 a.m. Sunday.

Survivors include a son, a daughter, her mother, three sisters, two other brothers and five grandchildren.

**E. V. SPENCE RESERVOIR FOR SALE**

# This Afternoon's Market Report

## New York Exchange

NEW YORK (AP) - New York Stock Exchange closed at a gain today, pausing for a breather after last week's rapid run-up.

The noon Dow Jones average of 30 Industrials was down 1.00 at 851.92, while gains held on to a narrow lead over losses on the New York Stock Exchange.

Analysts said it appeared many investors were waiting to see whether the declines in the prime lending rate posted by several banks last week would lead to further decreases in the key short-term rate on loans to big businesses. They also noted some profit taking by traders after the advance that pushed the Dow to a dramatic 51.55-point gain last week.

The Macmillan Inc. was among the most-active issues on the NYSE, slipping 3/4 to 5 in a 100,000-share trade.

On the American Stock Exchange, the market-value index lost .06 to \$5.72.

One notable exception to the market's generally flat trend was the semiconductor group, which continued its recent weakness.

Motorola lost 2 3/4 to 52 1/2, Texas Instruments was down 5/8 to 52, Fairchild Camera was down 1/2 to 45 1/2, and National Semiconductor lost 1/4 to 14 1/2, all in active trading.

Analysts said some of the downward impetus appeared to stem from a Tariff Commission proposal that would have the effect of removing an exemption on silicon products brought in from abroad.

In view of a slowdown of orders at the companies from last year's boom levels, Stan Berkson at Moody's Investors Service said, "Some investors may also fear a repetition of the industry's 1970 setback."

Airwick Industries was the Amex volume leader, down 1/2 at 12 1/2 in trading that included a 25,000-share block at 12 1/2. The multinational Ciba-Geigy group is offering \$12.50 a share for all of Airwick's outstanding common.

The NYSE's noon composite index of all its listed common stocks was down .11 at 48.00.

## Market Slows For Breather After Last Week's Big Rise

NEW YORK (AP) - The stock market was quiet and little changed today, pausing for a breather after last week's rapid run-up.

The noon Dow Jones average of 30 Industrials was down 1.00 at 851.92, while gains held on to a narrow lead over losses on the New York Stock Exchange.

Analysts said it appeared many investors were waiting to see whether the declines in the prime lending rate posted by several banks last week would lead to further decreases in the key short-term rate on loans to big businesses. They also noted some profit taking by traders after the advance that pushed the Dow to a dramatic 51.55-point gain last week.

The Macmillan Inc. was among the most-active issues on the NYSE, slipping 3/4 to 5 in a 100,000-share trade.

On the American Stock Exchange, the market-value index lost .06 to \$5.72.

One notable exception to the market's generally flat trend was the semiconductor group, which continued its recent weakness.

Motorola lost 2 3/4 to 52 1/2, Texas Instruments was down 5/8 to 52, Fairchild Camera was down 1/2 to 45 1/2, and National Semiconductor lost 1/4 to 14 1/2, all in active trading.

Analysts said some of the downward impetus appeared to stem from a Tariff Commission proposal that would have the effect of removing an exemption on silicon products brought in from abroad.

In view of a slowdown of orders at the companies from last year's boom levels, Stan Berkson at Moody's Investors Service said, "Some investors may also fear a repetition of the industry's 1970 setback."

Airwick Industries was the Amex volume leader, down 1/2 at 12 1/2 in trading that included a 25,000-share block at 12 1/2. The multinational Ciba-Geigy group is offering \$12.50 a share for all of Airwick's outstanding common.

The NYSE's noon composite index of all its listed common stocks was down .11 at 48.00.

## Two Missing As Tugboat Towing Oil Rig Founders

NEW ORLEANS (AP) - A tugboat pulling an oil rig capsized and sank Sunday in the Gulf of Mexico about 70 miles southwest of Cameron, and two crewmen were reported missing.

A Coast Guard spokesman said three other crewmen caught a drifting life jacket and swam two miles to an oil drilling platform, where they were rescued.

He said the tug American Viking was swamped by 16-foot waves as it and four other tugs were towing the rig, through stormy weather from one platform to another.

Coast Guard planes searched Sunday for Joe Cherram, 30, of Morgan City, the boat's owner and operator, and Houston Crawford, about 30, believed to be from Morgan City.

The three known survivors - Jeff Montet and his brother Mark and Noel Berdin, all of Morgan City and all believed to be in their late teens - were taken by helicopter to Intracoastal City.

Officials said the three were in good condition, suffering only jellyfish burns.

The Coast Guard said the low line to the rig broke shortly before midnight Saturday and the tug drifted away in the darkness. It turned sideways to the waves and was swamped.

Visibility was poor and the other tugs were not aware that the American Viking had sunk, the spokesman said.

## Delegates Realize Time Running Out

AUSTIN, Tex. (AP) - Constitutional Convention delegates returned to work today with many of them still talking about Saturday's tumultuous session.

The convention technically completed work on the General Provisions Article Saturday but a series of motions to reconsider and submit issues separately are still pending.

Convention President Price Daniel Jr. remained optimistic. "I still say if we can continue to make the progress we have been making on General Provisions, we should finish it, and the Judiciary Article and maybe get to third reading on some of the tentatively approved articles this next week," Daniel said after the uproarious session.

"The delegates are beginning to realize we are running out of time and can't fool around and make these decisions."

The Saturday session, first of this convention, recessed until today after a 61-60 vote against a proposed constitutional ban on cross-town schoolbusing.

Sergeants-at-arms broke up at least two shoving matches among overenthusiastic delegates. Daniel ordered one delegate seated forcibly to keep him quiet, and a threat was made to send out state police in order to get enough members to transact business legally.

In other action the Saturday session:

- Tabled on a non-record vote an effort to add a provision saying that no "newsperson" shall ever be required to divulge a news source.
- Tabled on voice vote a proposal to allow state credit to be used in constructing a deep-water port.
- Refused, 121-20, to put in the new constitution a requirement that all state and local government purchasing be done on competitive bids.
- Settled an argument between the governor's office and the convention by adopting 117-14 a provision that says no appointive officer may continue in office beyond Dec. 31 of the year in which his term expired. Now an appointee serves until a replacement is named.

## Burglars Vandalize Day Nursery Here

The rooms at Community Day Nursery, 700 S. Jackson St., were vandalized by burglars during the weekend and two stereo speakers were stolen, police were told.

Contents of the rooms were scattered in the principal's office, teachers' lounge, library, music room, cafeteria and five classrooms, Patrolman Clint Lovejoy reported.

Nine windows were broken and officers said the burglars crawled through one of them, to get into the building.

## Tully On A&M Summer Cruise

GALVESTON - Stephen A. Tully of Midland is one of 131 students participating in the summer cruise of Texas A&M University's "Texas Clipper."

The 15,000-ton vessel is on a two-month island-hopping jaunt around the Gulf of Mexico and Caribbean. The cruise ends Aug. 5.

Included on the ship's roster are 94 Texas Maritime Academy cadets and 87 participants in TAMU's "Summer School at Sea" program, which offers spring high school graduates the opportunity to earn college credit while visiting foreign ports.

Tully is the son of Mr. William H. Tully, 602 W. Nobles St.

## Water Balloon Causes Accident

A car hit a house at 3300 W. Storey St. shortly before midnight Saturday after a water balloon hit the windshield, causing the vehicle to run out of control, Patrolman Bill Morgan reported.

Mark Bryan Butterfield, 18, of 15 Stutz Court, driver of the car, said the water balloon was thrown from a passing car. His car jumped the curb and struck the house, doing minor damage to the car and about \$250 damage to the house, Morgan reported.

## Dogs Nuisance For Postmen

Postmaster David E. Holster stated today that during this period of the year dogs are a particular nuisance and danger to postmen.

"You like dogs. So do we. But nobody likes bites. They are painful... and dangerous... and costly. If your dog runs loose and bites your mailman, you can end up in court, paying damages and medical costs," Holster said.

"City letter carriers would appreciate very much you tying your dog or keeping him inside, especially during the time of day that your postman is generally delivering in your neighborhood," the postmaster said.

### Permian Basin OIL & GAS LOG

(Continued From Page 1A)

and 990 feet from east lines of the northeast quarter of section 36, block M, EL&RR survey, 14 miles northwest of Lamesa

It finished May 22 from the Devonian for 156 barrels of 46.4-gravity oil and 15 barrels of water daily, through perforations at 10,970-10,990 feet.

Location is 2,220 feet from north and 3,000 feet from west lines of section 18, block 42, T-5-N, T&P survey, eight miles north of Crane.

### ARCO Schedules Ector Area Tests

Atlantic Richfield Co. plans two projects in a newly opened multistage area of the Johnson field of Ector County, 5 1/2 miles northwest of Odessa.

No. 49-B J. L. Johnson, a planned 5,900-foot test, is 1/2 mile east of Holt production and one location east of the three-well Ghorieta area of the field. Contract depth will test both of those zones.

It spots 1,900 feet from north and 660 feet from west lines of section 37, block 43, T-1-S, T&P survey.

No. 50-B J. L. Johnson, slated to 9,200 feet to test Holt and Pennsylvanian pays, spots 1,800 feet from south and 660 feet from west lines of the same section. It is 1/2 mile southeast of Holt, and 1 1/2 mile east of Pennsylvanian production in the field.

### Fusselman Spread Sought In Gomez

Gulf Oil Corp. will re-enter and plug back to 19,000 feet for tests of the Fusselman at No. 1 Fort Stockton Gas Unit No. 3, former Ellenburger gasser, 7 1/2 miles east of the two-well Fusselman sector of the Gomez field, in Pecos County.

Originally drilled by Gulf, it was completed in July 1969 for 34 million cubic feet of gas daily, through perforations at 20,895-22,281 feet. Total depth was not available.

Location is 1,730 feet from south and 2,300 feet from east lines of section 6, block 1, Fort Stockton Irrigated Lands subdivision, 1/2 mile north of Fort Stockton.

The Fusselman wells are not presently delivering gas, according to the latest Railroad Commission production schedules.

### Youth, 16, Stabbed During Argument

A 16-year-old boy, who told police he was trying to steal a bicycle, received multiple stab wounds about 7:30 p.m. Sunday and later was treated and released from Midland Memorial Hospital.

The incident occurred outside La India Bar, 500 N. Mineola St.

Witnesses told Det. Sgt. Gib Roch that the youth had tried to tie a bicycle onto the car of a friend, with whom he had gone to the bar.

While the friend was trying to get him to put back the bike, several persons came up. The 16-year-old and another youth were involved in a fight in which the stabbing took place. He had cut wounds on his right hand and leg and his stomach, police said.

### Upton Well Dual From Ellenburger

Gulf Oil Corp. has daily completed an extension to Ellenburger production, its No. 14-G McElroy Ranch Co., previously completed Devonian extension in the Upton County part of the McElroy, North field.

It has a daily flowing potential of 507 barrels of 51-gravity oil.
