'Oil Politics' Hit By Sawhill

Kissinger Threatening To Quit Over Bugging

SALZBURG, Austria (AP) — Secretary of State Henry A. Kissinger said today he will resign if the controversy over his role in national security wiretapping is not cleared up.

A White House spokesman said President Nixon would be "very reluctant" to accept Kissinger's resignation under the circumstances.

Kissinger told a news conference on his way to the Middle East with Nixon that his honor and reputation were being defamed by reports cropping up in the news media back home.

The traveling presidential spokesman said Nixon understood the secretary's desire to defend his honor, but added: "The President would be very reluctant to accept Henry's resignation under this type of circumstance."

Kissinger's specially called news conference was an emotional one.

"I do not believe it is possible to conduct the foreign policy of the United States under these circumstances," he told a news conference. "If it is not cleared up, I will resign."

Kissinger, his eyes glistening with tears, claimed that leaks to the news media defamed his honor and reputation.

"It is not possible to conduct national policy under this sort of attack," he said in delivering his threat to quit.

The Nobel Prize-winning diplomat, again denying he ordered wiretaps on his subordinates, called upon the Senate Foreign Relations Committee to reopen its hearings to investigate the controversy.

Kissinger is here en route with President Nixon to the Middle East. It was there earlier this month that Kissinger, working as a mediator, helped bring about the Israeli-Syrian military disengagement pact that has cleared the way for a full-scale Mideast peace conference in Geneva.

At his news conference, Kissinger was referring to allegations stemming from reports that he had ordered wiretaps on administration officials who had access to national security documents that were leaked to the press.

In his confirmation hearings before the Senate Foreign Relations Committee Sept. 15-17, Kissinger denied ordering the taps.

He said then he had provided the names of officials who had access to the documents, but had not suggested the taps nor did he ever order them used.

He also said he had received only infrequent reports of the taps and then only for 10 months. This all took place when he was President Nixon's national security adviser.

GET COMFORTABLE IF YOU CAN—There is nothing better than being at the right place at the right time with the proper equipment. In this case, it happens to be a sofa you're hauling when a long train blocks a busy New Orleans street in the rush hour. (AP Wirephoto.)

Continued Allowance Is Favored

HOUSTON (AP) — Energy czar John Sawhill said today congressional efforts to eliminate oil's depletion tax allowance completely and immediately represent oil politics at its worst.

"It is a calculated effort on the part of some to produce headlines at home," said the new head of the Federal Energy Office.

In a speech at the concluding session of the annual meeting of the Texas Independent Producers and Royalty Owners Association, Sawhill said such action would mean increased costs to the consumer.

"In the long term, it won't produce one drop of oil or a foot of natural gas at the wellhead," he said.

"Aside from that, what the advocates of ending the depletion allowance have failed to point out is that it is the consumer rather than the major oil companies who will ultimately bear the burden of increased costs."

The House Ways and Means Committee wants to phase out oil's 22 per cent depletion by 1979 but a proposed amendment would make complete elimination retroactive to Jan. 1.

Sawhill said industry experts have estimated that complete elimination would increase costs by as much as \$1.25 a barrel.

"These higher costs must either come out of profits, in which case we reduce the incentive to expand drilling, or they must be passed on to the consumer, in the forms of higher prices," he said.

If the consumer pays the price, he said, gasoline prices

(See SAWHILL Page 4A)

Glasscock Gets Strike

Adobe Oil Co. of Midland has completed No. 2-X Zant as a Grayburg sand discovery in Glasscock County, 16 miles northwest of Garden City.

It had a 24-hour potential of 64 barrels of oil, gravity and gas-oil ratio not reported. Production was through perforations at 3,644-3,653 feet, which had been fractured with 5,000 gallons and 5,000 pounds.

Drilled to 3,320 feet, it also indicated production in the Spraberry-Dean formation.

It spots 1,320 feet from north and 1,370 feet from east lines of section 11, block 36, T-3-S, T&P survey. The nearest comparable production is some seven miles to the northwest in the Germania (Grayburg) field in Midland County.

The well is a replacement for No. 2-Zant, 1,320 feet from north and east lines of the section, which has been abandoned.

Pecos, Ector, Reeves Draw Probe Sites

Wildcats have been planned in Pecos, Ector and Reeves counties.

Texas Pacific Oil Co., Inc. will drill No. 1-A Elsinore as a 13,500-foot wildcat in Pecos, 17 miles south of Fort Stockton and four miles northeast of the Elsinore (Devonian-Fuselman) gas field.

Drill site is 1,320 feet from north and 660 feet from east lines of section 72, block D, GC&SE survey, one location south of Hunt Oil Co. No. 57 Elsinore, a 15,450-foot failure, Ector County.

A. W. Dillard Jr. of Midland intends to drill a 5,800-foot wildcat in Ector County, seven miles north of Odessa, R. 1, No. 1 Steakley.

Location is 550 feet from south and 1,970 feet from east lines of section 25, block 42, T-1-S, T&P survey, a twin to a 4,642-foot failure, which was abandoned in 1965. It is 1 1/2 miles northeast of the two-well Canyon area of the Cowden, North field, Reeves County.

Impeachment Body Resisting Efforts On Witness Issue

WASHINGTON (AP) — The House Judiciary Committee, driving to complete its impeachment inquiry by July 15, is resisting Republican members' demands that it decide now whether to call key Watergate witnesses.

It also is refusing to get into an argument with President Nixon over its right to subpoena White House tapes, ignoring his latest rebuff and making plans to issue a new subpoena.

Chairman Peter W. Rodino Jr., D-N.J., said after a meeting of committee Democrats on Monday that it was "important and urgent" that the committee meet its July 15 deadline for recommending to the House whether Nixon should be impeached.

If necessary, the House leadership wants an impeachment vote by the full House in late July or early August.

The Democratic caucus followed a similar meeting of the Republican members, who agreed unanimously to send Rodino a letter demanding the question about witnesses be settled this week.

Rodino has insisted that the presentation of all documentary evidence gathered in the inquiry be completed first.

The presentation, which continues today, (See PANEL Page 4A)

Ehrlichman Given Separate Trial

WASHINGTON (AP) — A federal judge today severed the conspiracy trial of John D. Ehrlichman from that of three other defendants in the Ellsberg break-in case.

U.S. District Judge Gerhard A. Gesell said President Nixon's refusal to allow Ehrlichman and his lawyers access to the files he needs for his defense "makes it impossible for the court to do its duty" to conduct a fair trial.

James D. St. Clair, President Nixon's chief Watergate lawyer, told Gesell on Monday that the President still reserved the final say over what materials from Ehrlichman's own files the former domestic aide could use.

"The proposal is unacceptable," Gesell said. "It denies him the right of counsel."

Gesell has said that he, not Nixon, would be the final judge of what material could be admitted as evidence at Ehrlichman's trial.

Gesell had threatened to dismiss the case against Ehrlichman entirely unless Nixon agreed to release the material sought by Ehrlichman for his defense.

Instead he severed Ehrlichman's case and said Ehrlichman would be tried later.

The other three defendants go on trial Monday.

The three who will be tried Monday are G. Gordon Liddy, Bernard L. Barker and Eugenio Martinez, who were convicted previously in connection with the Watergate break-in.

Ehrlichman, Liddy, Barker and Martinez are charged with conspiracy to violate the rights of Daniel Ellsberg's psychiatrist, Dr. Lewis Fielding, by sending White House agents into Fielding's office.

Ehrlichman is also charged with three counts of lying to a grand jury and one of lying to the FBI.

There was no indication when Ehrlichman will go to trial.

Also pending before Gesell was a motion to find in contempt "those persons in possession or control of the documents called for in the subpoena," filed by Ehrlichman's lawyer.

If granted, that motion could lead to another hearing ordering the President and others to show cause why they should not be held in contempt.

When White House lawyer James D. St. Clair told Gesell last week that the President would retain final say over what White House material could be used for trial, Gesell said angrily:

"It seems to me that it is dismissal which the President's action would seem to be pointing towards intentionally."

But he added: "It is a course I should not follow until I have exhausted all other possible opportunities."

In a letter Monday, St. Clair told the judge that Ehrlichman alone could see all his files, could discuss them in another room with his lawyer, "but initially his counsel may not examine the notes."

Then the notes selected would go through a screening process, ending with the President if there were any dispute—but still Nixon would have the final say.

Gesell had said in the past that he, not the President, would decide what was relevant and said exclusion of Ehrlichman's lawyer "borders on obstruction."

Nixon, Western European Leaders' Summit Meeting Possible

SALZBURG, Austria (AP) — President Nixon met more than 100 hours today with Austrian Chancellor Bruno Kreisky to discuss the American chief executive's trips to the Middle East and Moscow.

Nixon leaves this medieval city Wednesday for Egypt on the first stop of a five-nation Middle East tour.

The talks also touched on European matters, presidential spokesman Ronald Ziegler said, particularly the European security conference that includes Russia and other eastern European nations.

Ziegler raised the possibility that Nixon will hold a summit meeting with Western European leaders before he gets to Moscow.

A final determination probably will depend on whether a new declaration of principles for the North Atlantic Treaty Organization is initiated by NATO foreign ministers in Canada later this month.

Ziegler also defended Nixon against criticism by Sen. Henry M. Jackson, D-Wash., who said that the President "is screwing it up" in reference to the Middle East achievements by Secretary of State Henry A. Kissinger.

"That view is not shared by the majority of the Senate," Ziegler said, and not "by the majority of the American people, in my view."

Jackson told a labor convention Monday in Atlantic City, N.J., that he thought Kissinger had brought some stability to the Middle East and he fears the President's trip might bungle the cease-fire agreements.

Nixon appeared to be counting on medieval Salzburg to be something of a good luck talisman for his trip to the Middle East.

Standing bareheaded in a steady rain, Nixon on his arrival Monday night recalled his stopover in the city en route to Moscow in 1972 and said that journey "not only created a new... direction as far as the Soviet Union and the United States (were concerned)... but contributed to peace for all nations of the world."

West Howard Strike Finals

A. G. Kaspar, Midland, has completed No. 1 H. H. Wilkinson as a lower Spraberry-Dean discovery in West Howard County, seven miles west of Big Spring.

It drilled to pump 32 barrels of 31-gravity oil and three barrels of water daily, with gas-oil ratio of 640-1, through lower Spraberry perforations at 7,123-7,230 feet, and Dean perforations at 7,703-7,523 feet, which had been acidized with 4,000 gallons and fractured with 60,000 gallons and 120,000 pounds.

Drilled to 7,730 feet, it has

(Continued On Page 6A)

Simon Sees Private Ownership Of Gold

WASHINGTON (AP) — Treasury Secretary William E. Simon said today he hopes it will be possible for Americans to own gold before the end of this year.

Simon told a House Banking and Currency subcommittee that he favors allowing Americans to own gold, which now is prohibited.

President Nixon has authority from Congress to remove the ban at any time and Simon said he hopes this will be possible

"before the end of the year unless there are damaging developments."

Simon appeared before the House subcommittee, which is considering U.S. contributions to the International Development Association. The association makes interest-free development loans to the world's poorest countries.

The Senate already has approved an appropriation, but with a stipulation that Americans be allowed to own gold.

(See GOLD Page 4A)

LATE NEWS FLASHES

WASHINGTON (AP) — The head of the Internal Revenue Service, Donald C. Alexander, today denied charges that IRS works under a quota system that rewards tax agents for their harshness.

AUSTIN (AP) — The Constitutional Convention voted 101-67 today to put the Railroad Commission in the constitution despite Sen. A. R. Schwartz' characterization of it as "the horror story of state agencies." The convention earlier refused to give the commission constitutional status in the executive article.

Weather

FORECAST: Clear to partly cloudy. No important temperature changes. High 81, low 58, wind 10-15 mph. High Wednesday near 80, low 55, wind 10-15 mph. Probability of precipitation 20 per cent tonight, 20 per cent Wednesday.

Midland Weather Service Readings:

Monday's high	80 degrees
Overnight low	65 degrees
Sun. today	80 degrees
High today	81 1/2 p.m.
Low today	61 1/2 a.m.

Italian Coalition Government Collapses

ROME (AP) — The resignation of Premier Mariano Rumor plunged Italy into a political vacuum today, compounding the nation's worst economic crisis since World War II.

Rumor quit Monday night after the Socialist party, the No. 2 faction in his coalition government, and the trade unions refused to go along with the proposals for a austerity program of tight credit and higher taxes to stave off national bankruptcy. It was the second center-left coalition headed by Rumor to collapse in 11 months.

Italy's 36th government since World War II lasted only three months.

President Giovanni Leone asked Rumor and his cabinet to continue in office as a caretaker regime until a new government is formed. The president is expected to name a new government.

Bob Boydston for insecticides. (Adv.)

It was expected to start consultations with political leaders today in search of a new premier.

The government fell at Italy's darkest hour in its 28 years as a republic. Inflation is soaring at the rate of 20 per cent a year. The government's foreign credit is exhausted. The lira has dropped 18 per cent in a year. The foreign trade deficit is more than a billion dollars a month. Crime is up, and political terrorism is plaguing the country.

"Italy is deeply sick," said Transport Minister Luigi Preti, a Democratic Socialist. "It is clear that this is the most serious of the government crises since the war."

With no party having a majority in Parliament and no

majority possible without the participation of the Christian Democrats, the largest and dominant party, Leone has few options.

He could ask Rumor or another Christian Democrat to try to form another coalition with the Socialists. Or he could call for new elections, a prospect that doesn't appeal to the Christian Democrats because of the beating they took in last month's referendum on divorce.

The Communists, the country's second largest party, have been pushing for an "historic compromise" government uniting them with the Christian Democrats. But some political observers believe the Communists now have doubts about taking on official responsibility for an apparently unmanageable economy while they have already achieved a hand in power through their influence with the powerful leftist labor unions.

Guido Carli, governor of the Bank of Italy, said recently that only shock treatment in the form of strict credit, higher taxes and a curb on wage increases could rescue the economy. The Socialists and the unions maintained that any cooling of the economy would result in a sharp rise in unemployment and deterioration in the buying power of the workers.

Most Of Texas Skies Clear

Except for a little overcast near the coast, clouds all but disappeared over Texas and a warming trend set in today.

Another weak cool front was headed into the northwest part of the state, however, with a prospect for occasional thunderstorms by evening in that section and neighboring areas in North Central Texas. Chances were seen also for a few showers near the coast.

Forecasters at Midland Air

Terminal predicted only a 20 per cent chance for thunderstorms in the area for tonight and Wednesday. Skies are expected to be partly cloudy.

No important temperature changes are expected as the high should reach in the mid-80s this afternoon while the low should be in the mid-60s. The high Wednesday is expected to be near 90. Winds will be southerly from 15-25 miles per hour.

The high in Midland Monday was 93 degrees and the low this morning was 65.

Early morning temperatures dipped to 62 degrees at Lufkin and San Angelo while it was still as warm as 77 at Galveston on the coast. Monday afternoon's top marks went as high as 96 at El Paso, according to The Associated Press.

Aside from showers accompanying the new front, forecasts called for generally fair and mild weather.

URGES END TO MOST NUCLEAR SECRETS—

Dr. Teller Says Research Put Russians First In Arms Race

WASHINGTON (AP) — Soviet research and not spying has boosted Russia ahead of the United States in the nuclear arms race, the man commonly regarded as the father of the hydrogen bomb has told a Senate Committee.

Dr. Edward Teller used this testimony Monday to argue for an end to most secrecy surrounding nuclear technology. He said secrecy impedes the work of American scientists and fails to halt Russian nuclear progress.

The Soviets, Teller told the Senate Government Operations Committee, "are moving ahead at a rapid rate while we are practically standing still. There is no doubt, Russia is No. 1," he said.

Teller said he believes word of any major scientific breakthrough in the United States will reach the Soviet Union in a year or less.

"The number of people to whom the main lines of relevant information about nuclear weapons is available is probably between 100,000 and one million," Teller said.

"Under these conditions one must accept the conclusion that nuclear secrets, as a general rule, are secrets in name only," he said.

Teller proposed that Congress legislate declassification of most basic scientific information immediately and create a two-year classification for some details.

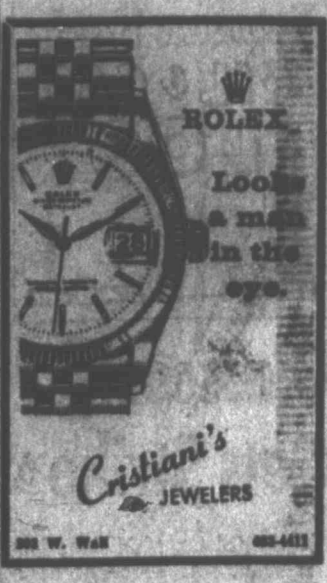

Little information deserves to be held longer or more securely, Teller said.

"I believe that only essential details, blueprints and descriptions on how to make nuclear weapons effective can continue to be safeguarded on the relatively informal basis of U.S. proprietary information," he said.

While novel ideas and plans for such weapons can be classified for the two-year period, he said, "the general ideas concerning nuclear weapons should be made available to the public," Teller said.

Teller said he has concluded reluctantly that scientific intelligence information on Soviet achievements should be withheld from publication even though its release would inform the public as to "the great strength of Russia's military information."

Publication, he said, likely would cause the sources of the information to be discovered and shut off. Secrecy, Teller said, gives a false feeling of safety and permits people to avoid the hard decisions that they would have to face if all the facts were out in the open.

Boy Scouts Of America Faces Charges Of Padding Membership Rolls, Cheating To Get Federal Money

CHICAGO (AP) — The Boy Scouts of America faces charges by some paid staff members that it padded membership rolls and possibly cheated to gain additional federal money.

"If we were in the business of covering it up, it could be the Watergate of the Boy Scouts," responds Alden G. Barber, chief executive of the Boy Scouts.

"Some of our people cheat—quite frankly" on membership rolls, Barber added. "While we always felt that scouting should expand and grow, we never condoned or encouraged less than ethical practices or conduct."

But Barber said Monday he hadn't heard of possible cheating to gain federal funds until a two-part series that began Sunday in the Chicago Tribune.

The problem apparently lies in the \$65 million "Boypower '76" recruitment campaign that began in 1968 to add two million boys to scouting ranks by 1976. The program, designed to push total Scout membership to six million, is nearly two years behind schedule.

Barber said some staff members apparently created fictitious members and troops to reach membership quotas.

He said the organization has known about the abuses since August and that national Boy Scout executives estimated that only about 25 to 50 per cent of the city's 87,000 registered Scouts actually exist.

Under the Model Cities program in which the federal government pays the dues of inner-city blacks and Latin Americans, the Chicago council received \$341,000 in federal funds during the last four years for more than 40,000 poor youngsters.

Joseph J. Klein, executive head of the Chicago area council, said the charges would be investigated but added: "Our contracts with government agencies have been audited annually, approved and refunded for six years. I doubt that if anything was drastically wrong, we would have been re-financed."

South Viets, Cong Will Meet

SAIGON, South Vietnam (AP) — South Vietnamese and Viet Cong military representatives today resumed meetings of their Joint Military Commission after a month-long suspension provoked by the South Vietnamese government.

The commission met again after the Saigon government restored the privileges and immunities of the Viet Cong delegation in Saigon. But a Viet Cong spokesman said the Communist members of the commission would not discuss substantive matters until they were guaranteed that their immunities and privileges would be safeguarded.

The commission is supposed to negotiate such things as zones of control and meetings of opposing battlefield commanders to arrange a real cease-fire. It has accomplished nothing since it was set up after the Vietnam peace agreement in January 1973.

The Saigon government lifted the Viet Cong delegation's immunities and privileges in mid-April, charging the Communists with an increase in cease-fire violations. The Communist representatives were allowed no access to newsmen, their telephone lines were cut and their liaison flights to the Viet Cong headquarters at Loc Ninh were stopped.

The Viet Cong on May 10 began boycotting the joint commission and also the four-party joint military team made up of the United States, North and South Vietnam and the Viet Cong. The four-party team is to meet Thursday.

A South Vietnamese official said the meeting was held in a courteous and moderate atmosphere. Another session is scheduled Friday.

Meanwhile, the South Vietnamese command said North Vietnamese infantry and tanks attacked South Vietnamese positions in the Iron Triangle 25 miles north of Saigon where there has been fighting for nearly a month. Five government soldiers were reported killed and 95 wounded, but there was no report of North Vietnamese casualties.

In Phnom Penh, a bomb exploded in the finance offices of the 7th Division headquarters early today, killing two soldiers and wounding seven others.

Communist gunners poured nearly 300 rockets and mortars into four government outposts along the Cambodian border 45 miles northwest of Saigon during the night and made ground attacks on three of the positions, the command said. It reported that one of the outposts was abandoned and said government casualties at all the posts totaled 10 wounded. There was no report of North Vietnamese casualties.

Let The Man from Equitable

Neal Meares tell you about Living Insurance for business.

Whether your firm is a giant corporation or an individual proprietorship, Equitable's Living Insurance can enhance the security of your business.

Whether you're interested in a benefit plan for your employees, protection against the loss of a key man, or a way to provide for your own comfortable retirement, Equitable has a plan to meet each of these needs... and many others.

States Getting At Least 90 Per Cent Of June 1972 Gas Supply, Sawhill Says

WASHINGTON (AP) — The Federal Energy Office is allocating to each state for this month at least 90 per cent of its June 1972 gasoline supply, adjusted for growth.

Administrator John C. Sawhill said Monday the FEO decided on this over-all allocation level—requiring a drawdown of about 4.4 million barrels of gasoline from inventories—to help ensure there would be enough gasoline for the vacation months of July and August.

He said the June gasoline supply would amount to some 9.3 billion gallons, or 311.4 million gallons a day, 4.3 per cent higher than the average daily supply in May.

On the basis of average daily supply, Hawaii, Indiana, Massachusetts, New Jersey, New York and Ohio are to have less gasoline in June than they had in May.

Arkansas, Louisiana and Pennsylvania this month will have daily gasoline supplies about equal to May's, while all other states were assigned increased per-day supplies.

Alaska, Colorado, Idaho, Kansas, Minnesota, Missouri, Montana, Nebraska, North Dakota, New Hampshire, New Mexico, Nevada, South Dakota, Texas and Wyoming are to get increases in daily gasoline supply of more than 10 per cent over May.

Y Will Sponsor Grid Game Trip

The Midland Central YMCA Physical Department will sponsor a trip to the Coaches All-America Football Game in Lubbock on June 22.

All junior high and high school Y members are eligible to go on the trip for a fee of \$15.

This fee covers ticket and transportation. Non-member junior high age and up boys and girls may go on the trip for a fee of \$30.

Registration for the trip will be taken at the Central YMCA, 800 N. Big Spring St. through Thursday. There is a limit of 23 boys and girls. For additional information, contact Joe Ellis, Central YMCA physical director, 682-2551.

Beta Sigma Phi Chapter Meets

The Psi Chapter of Beta Sigma Phi had a business meeting and program recently in the home of Mrs. Bill Hartzog, 3502 Imperial Drive. Mrs. Rick Etheredge was the co-hostess.

Plans were made for a garage sale to be held July 12 at the home of Mrs. Marty Hearne.

"Home Planning" was the program presented by Mrs. Jim Campbell and Mrs. D'wain Martin.

The hostess gift was won by Mrs. Campbell.

Following the meeting, a baby shower was given for Mrs. Martin.

The chapter also had an awards luncheon recently in La Bodega Restaurant. Receiving awards were Mrs. Sam Barber, most congenial; Mrs. Hearne, best pledge, and Mrs. Martin, perfect attendance. Also Mrs. Bob Ping, Mrs. Hartzog, Mrs. Campbell and Mrs. Martin received best program of the year awards.

A book of poetry, "Treasure Chest" was presented to the outgoing president, Mrs. Leonard Goodenough.

Attending the luncheon were Mrs. Etheredge, Mrs. Jim McAninch, Mrs. Charles Boatman, Mrs. Chilton Noble, Mrs.

Horse Judging Film Scheduled

A film entitled, "Showing and Judging Hunters," will be shown at a meeting of the Midland County Horse Show Committee at 9:30 a.m. Wednesday in Theatre Centre. The film is sponsored by the American Horse Shows Association. Persons interested in seeing the film are invited to attend.

Coming Events

- Wednesday
 - Dress Society of the Seventh-day Adventist Church, 9 a.m., church.
 - MCC Women's Gift Association, 9 a.m., club.
 - Parishian Book Duplicate Bridge Club, 10 p.m., Knights of Columbus Hall, 301 W. Jackson St.
 - Midland County Bookish Women's Club, 11:30 a.m., MCC.
 - Disabled American Veterans Auxiliary, 8 p.m., Day Hall.
 - Dulley Mothers Club, 7:30 p.m., Masonic Temple.
 - St. Anne Review Club, 10:30 p.m., restaurant and review, BICC.

ENTERTAIN GIRLSTOWN — The Midland City Council of Beta Sigma Phi entertained about 60 girls from Girlstown, U.S.A., located at Whiteface, with a picnic supper at Hogan Park and attendance at the Midland Cubs game Friday. Mrs. Jack Camden, left, of Xi Pi Kappa Chapter, was chairman of the picnic. She is shown at the picnic with, from the left, Mrs. Carl Williams, Becky Castillos, Tony Smith and Kathy Skinner.

POLLY'S POINTERS

Cats' Paws Refuse To Creep Off Car

By POLLY CRAMER

Polly's Problem
DEAR POLLY — Since I have an open garage I have lots of trouble with cats walking all over the top of my car at night. There must be some way to discourage them from jumping up on it but I have not found it. The dirty paw marks they leave look terrible. Any ideas, anyone? — IRMA.

DEAR POLLY — My Pet Peeve is with the makers of flags who do not stitch the ends enough to keep the wind from whipping the stitching loose so they soon are frayed. Also they do not use fade-proof material. Many flags have to be discarded in a short time if they are flown very often. I have found this to be true with expensive ones and with the more usual less expensive flags. — MARY B.

DEAR POLLY — I am answering Phyllis who wants to mount a jigsaw puzzle so it can hang on the wall. I have done several the following way and received many compliments. I mount one on a piece of 1/4-inch plywood that is cut large enough to leave a "frame" around the puzzle. This border can be painted, stained or antiqued. I like to use acrylic paint sprayed on and immediately wiped off until the desired effect is obtained. The puzzle is then centered on the board and I fold one half of it back on top of the other side (they must be interlocking puzzles). Apply that popular milky white glue to the board and lay the half back on it. Repeat for the other half. I apply the same varnish-like finish one uses for decoupage to the entire puzzle, frame and edges. First allow the glue to thoroughly dry and then dry completely between each coat.

Women's Bank Charter Given

NEW YORK (AP) — The state Banking Board has approved a charter for the state's first feminist bank, the First Women's Trust Co. According to its organizers who include women's liberationist Betty Friedan, the Women's Bank will be capitalized to \$4 million. Designated as its president is Madeleine McWhinney, 51, the first and only woman assistant vice president of the Federal Reserve Bank of New York. The state Banking Department said that except for subsidiaries of foreign banks, the Women's Bank is the first wholly new bank chartered here since at least World War II.

Midland Alumna At Zeta Meeting

Mrs. Louis Michaelson of 2006 Douglas St. is representing the Midland Zeta Tau Alpha Alumnae Chapter at the sorority's Diamond Anniversary Convention in Virginia Beach, Va., this week.

The convention will be attended by more than 500 officers, chapter delegates, members and visitors. Special invited guests include Mrs. Ross P. Strout of Champaign, Ill., the sorority's well-known historian; and the two living founders, Ruby Leigh Orgain and Frances Yancy Smith, both residents of Virginia.

Zeta Tau Alpha was founded 75 years ago at Longwood College in Farmville, Va., the only Panhellenic conference member chartered by special act of the Virginia State Legislature.

Philanthropic pioneers in work with the National Society for Crippled Children and Adults, Inc., ZTA has provided biennial grants for such projects as film strips and brochures for parent education, and development of self-help clothing for crippled children. Currently the sorority is working with the National Association for Retarded Citizens.

The Zeta Tau Alpha Foundation, chartered in 1954, has given more than \$135,000 in scholarship grants to 550 young women, 350 of whom are Zetas, many different campuses in the United States and abroad.

Parties Honor Cynthia Dwyer

Cynthia Anne Dwyer, bride-elect of Guy R. Buschman, was the honoree at a recent luncheon in the Garden Room of Midland Country Club and with a "Sip and See" party in the home of her parents, Mr. and Mrs. Edwin A. Dwyer, No. 8 Saddle Club Drive.

Camp Fire Girls Visit New Mexico

The Tan da la aka an Adventure Group of Camp Fire Girls recently made a weekend trip to Carlsbad, N.M. The group visited the Carlsbad Enchanted Glass Factory, followed with an overnight program at the Camp Fire Girls Headquarters in Carlsbad. The next day included a trip to the Carlsbad Caverns National Park, horseback riding, an evening cookout and rides at the Carlsbad Municipal Beach. Sunday the group attended church services, had dinner and visited the Presidents Park, including rides on the George Washington, a paddle-wheel boat, powered by an 1858 steam engine, and rides on the antique carousel. Making the trip were Mrs. Jim Reid, leader, and Mrs. Ray Harrison, Lillibeth Butler, George Cravens, Lisa Harrison, Julie Hoffman, Judy King, Leslie Reid, Suzie Scott, Ann Sjog, Tina Stovall, Kelli Uechi, Diana Verneobre and Michele Barrios.

Spice-Rice Party For Bride-Elect

Gifts of spices and recipes were presented to Cathie Townsend by about 30 guests as a recent spice and rice party. Mrs. Glenn L. Pool and daughter, Jeanie, were hostesses in their home at 3000 Lockheed Drive. They were assisted by Mrs. M. C. Gulleger and daughter, Lora Lee, Mrs. Webb Farish and Mrs. Tom Frizell. Centering the table was a manzanita branch decorated with pink and yellow flowers and miniature rice bags. Rice bags were filled by the guests for the marriage Saturday of Miss Townsend and her fiance, Bill D. Graham. Corsages were presented to the guest of honor and her mother, Mrs. Waymond Townsend, and to Mrs. Bill J. Graham, mother of the prospective bridegroom. A garland of garlic and onions with yellow streamers ornamented the front door.

Good Deodorizer
A bottle of uncorked lemon juice left in the bathroom is good deodorizer.

Mrs. James Harold Blevins Jr. **James Blevins And Bride To Live Here After Trip**

FORT STOCKTON — James Harold Blevins Jr., son of Mr. and Mrs. James H. Blevins of Ridge Drive, Midland, took as his bride, Cynthia Ann Rawls, in a double ring service here Sunday.

The couple, she is the daughter of Mr. and Mrs. William W. Rawls of Fort Stockton, will live in Midland at 416 Schaefer Drive, Apartment 4, after June 15 and a wedding trip to El Paso and Ruidoso, N.M.

The bridegroom, employed in Midland by Weathermart, is a graduate of Midland High School. The bride graduated from Fort Stockton High School. The First United Methodist Church here was the setting for the 2:30 p.m. double ring ceremony. The Rev. Edward

Differline officiated. Mrs. Ten Eyck, organist, Julie Skysland, guitarist, and Jim Herman, soloist, provided the music. A reception at Holiday Inn followed the ceremony.

Doug Walker and Danny Crocker, both of Midland, ushered.

Honor attendants to the couple were Greg Smith of Abilene and Brenda Proise. Mr. Rawls presented his daughter in marriage. She wore a floor-length gown of white eyelet, styled with a scooped neckline framed by a ruffle. The bodice had a fitted waistband, and full sleeves with wide buttoned cuffs. The skirt was encircled by a wide ruffle. A band of daisies held the full-length veil of net. Her bouquet was fashioned of white daisies and yellow roses.

Increased Support Sought From County For Meals On Wheels Program In 1975

By D'eva Luthringer
Representatives from the Senior Citizens Center asked the Midland County Commissioners Court Monday afternoon for an increase in next year's contract

to support the Meals on Wheels program.
The court said it would consider it during the budget study, which should begin soon.

Plan Works Both Ways

GREENSBORO, N.C. (AP) — It seems there might be a solution to the penny crisis — penny candy.

A North Carolinian went into a department store and bought \$3.72 worth of merchandise. The clerk gave him change from \$4—a quarter and three pieces of peppermint candy. Later in the day, another customer came in and offered the candy for pennies on a purchase.

The store manager protested but approved the transaction.

Dick Monroe spoke for the group, asking the county to add \$600 to the current \$5,000 contract, which expires on Dec. 1.

He said that inflation between March 1973 and March 1974 was 10 per cent and the additional funds sought do not reflect the entire inflation costs.

The Meals on Wheels program is sponsored by the senior citizens group with the financial aid of the county and the services of Midland Memorial Hospital kitchen equipment and staff.

The food is prepared at the hospital and taken by volunteers to elderly persons who cannot prepare food for themselves.

and films and operation costs for services to senior citizens.

The films will be available for showing at nursing homes, and other facilities for older persons.

The court also authorized County Judge Barbara Culver to apply for a grant to pay for the job description and equitable pay scale study currently being done for the county.

It is unknown how much the study will cost — it is being done on a per diem basis — but probably will be between \$4,500 and \$7,000.

Nun Makes First Flight At 97

ST. MARYS, Pa. (AP) — Sister Luitgard, who's 97, finally got her wish to be a flying nun.

To celebrate her 75th year as a nun, the Roman Catholic sisters at St. Joseph's convent in this northeastern Pennsylvania community gave Sister Luitgard her first plane ride.

The court hopes to obtain a federal grant through the Texas Department of Community Affairs to cover whatever the costs will be.

In other business, commissioners: —Discussed last-minute work which must be done at the courthouse. Contractors still are saying that the building should be ready for the move from temporary quarters to begin in two weeks.

—Authorized the advertisement for sale of a county-owned lot at the corner of Baird and Texas streets. This is the old, burned-out Piggly Wiggly Store currently being used as a parking area.

—Accepted the resignation of Miss Pauline McWilliams, Midland County's extension agent for the last 24 years. She is retiring. At first, Commissioner Charlie Welch jokingly said he would not approve the resignation but, after he learned that she plans to stay in Midland, voted with the others to accept it.

DETOUR FOR THE DUCKS—The puddle's small, but it was all theirs in downtown Gig Harbor, Wash. Thanks to a barricade, the two mallards were relatively undisturbed, but many motorists stopped to look or take pictures. (AP Wirephoto.)

VICTIM OF CAFE ATTACK—

Midland Woman Dies Today Of Gun Wounds

Alma Tine Blaylock, who was shot Sunday night by a man killed by police moments later, died at 3:05 a.m. today in a Midland hospital.

She had gunshot wounds in the chest, abdomen and right leg.

The man who shot her was Daniel Ray Coleman of Stanton, with whom friends said she had been living.

Police said that Coleman stabbed Mrs. Blaylock about a month ago, causing serious wounds. She was treated in the intensive care unit at Midland Memorial Hospital and had not been out of the hospital long when the shooting occurred.

Witnesses told police Sunday night that Coleman had entered

Everybody's Bar-B-Q, 2307 E. Front St., with a gun and had said he was going to kill Mrs. Blaylock.

When police arrived, about 8:40 p.m., the woman — a cook

there — had been shot at least once.

When Sgt. Joe Brownlee and Patrolman Tom Connally entered the cafe, Coleman fired two shots at them. Brownlee fired twice at Coleman, hitting him once.

As Coleman turned to flee through the kitchen, Mrs. Blaylock attacked him and tried to get the gun away from him. But he shot her again and ran out the back door.

By that time, Connally had gone to the rear of the building and shot Coleman as he ran out the door.

Funeral arrangements for Coleman are pending at Jackson Funeral Home and for Mrs. Blaylock at Thomas Funeral Home.

Mrs. Blaylock was 32 and lived at 102 E. Pecan St. Coleman was 46 or 47 and was a cook at the Bel-View Motel at Stanton.

Justice of the Peace John Biggs is withholding a ruling in Coleman's death until autopsy results are available.

Gold—

(Continued From Page 1A) cans should be free to own gold effective Sept. 1.

The House subcommittee, which previously turned down the IRA bill, also is considering setting a gold owning date as a condition for passage of the bill, say sources.

Simon also raised the possibility that the U.S. government might sell some of its \$11 billion from its official gold stocks.

Private trading of gold in the United States could have an "appreciable anti-inflation impact" when the time is right, Simon said.

Gold ownership restrictions have been in effect since 1934. Treasury officials have maintained for some time that the government eventually will sell gold, but that the main consideration is when and how.

Some administration officials believe the private ownership of gold would hurt the economy. Their theory is that if Americans spend their dollars on gold, they will be buying less of something else.

World demand for gold has sent prices soaring. Prices have been driven even higher by speculators buying gold in anticipation of even higher prices.

Andrews To Widen Part Of Main Street

ANDREWS — Andrews County Commissioners agreed Monday to pass a resolution accepting maintenance and construction responsibilities required by state law that will signal the beginning of a \$192,000 highway widening project on East Broadway Street.

The Texas Highway Commission recently approved the project to widen a stretch of highway covering 7 of a mile on East Broadway to provide ample accommodation for the new Andrews Civic Center set to open late in July.

Former Rep. Walter Knapp Released From State Prison

HUNTSVILLE, Tex. (AP) — Former state Rep. Walter Knapp was released from the state prison here early today on the basis of a federal court order for a new trial on his 1972 theft conviction.

Potter County Sheriff T. L. Baker said Knapp left the prison at 8 a.m. and headed for his home in Amarillo.

U.S. District Court Judge Hal Woodward issued the order to free Knapp Monday after a conference with Knapp's lawyers and Asst. Atty. Gen. Jack Boone.

Knapp served almost four months of a four-year term on a conviction for using state postage stamps to buy a pickup truck.

Woodward ruled May 23 Knapp must be given a new trial because of seemingly contradictory evidence used in the original trial.

State lawyers have said they had no objection to Knapp's interim release from custody or to parts of Woodward's order for a new trial.

'Good Turnout' On Hand For Texon Reunion

TEXON — Former citizens from eight states returned for the fifth biennial Texon Reunion at County Park Picnic Area Sunday.

Texon, 12 miles west of Big Lake, was the place where Santa Rita No. 1 was tapped on May 28, 1923, signaling the beginning of the oil boom for Big Lake and West Texas.

The oil camp was deactivated in 1962 and reunions have occurred every two years since 1964. The first reunion saw 500 former residents return, which was the largest turnout.

"This Sunday's turnout was a good one," Mrs. Joe Kosek of Texon said. "It was better than last years', and we had quite a few people come from other states."

Mrs. Maude Boyd from California came the longest distance to the reunion.

"In years past we've had some people from Europe," Mrs. Kosek said. "We had a family from Ireland a couple of years ago."

Texon's population was "about 1,500" in the early 1960s, Mrs. Kosek said. "But when they deactivated the camp because of the Plymouth Oil Co. was sold to Marathon, everyone except for these few families moved away."

Festivities included a picnic lunch, a talk by Clyde Miller of Big Lake and "just plain visiting."

Panel To Review Bugging Testimony

WASHINGTON (AP) — The Senate Foreign Relations Committee voted unanimously today to accept the suggestion of Secretary of State Henry A. Kissinger that it review his previous testimony regarding national security wiretaps.

Sen. Edmund S. Muskie, D-Maine, made the announcement and said he fully supports Kissinger and does not now believe he should resign.

"The secretary of state has been a brilliant servant and his record deserves the support of his countrymen until there is a record to show the contrary," Muskie said.

Nevertheless, Muskie said, the committee "voted to accept Mr. Kissinger's suggestion of a review."

Man, 18, Faces Auto Theft Charge

An auto theft complaint was filed Monday against Antonio Berma, 18, of 1408 S. Mineola St. in connection with a Friday night incident.

Justice of the Peace Robert Pine set bond at \$3,000 and Berma remained in city jail this morning.

The car involved belonged to Theodore Aracha Ruiz of 1609 W. Griffin St. and was taken sometime after 10:30 p.m. Friday.

About 11:45 p.m., Juvenile Sgts. Ronnie Bryant and Henry Wedel noticed the car traveling in an erratic manner as it went north on Terrell Street.

They followed it several blocks and stopped it in the 700 block of East Missouri Street. They arrested the driver, Berma, on a misdemeanor charge.

Later, the officers learned that the car had been reported stolen.

AS SENATE NEARS FINAL VOTE—

Deeper Cutback Proposed In Vietnam Military Aid

WASHINGTON (AP) — A further cut in military aid to South Vietnam was proposed today as the Senate neared a final vote on a \$21.8 billion military weapons procurement bill.

A \$750-million ceiling on military assistance furnished through the Defense Department was advocated in an amendment by Sens. Edward M. Kennedy, D-Mass., Alan Cranston, D-Calif., and Stuart Symington, D-Mo.

The Nixon administration is requesting \$1.6 billion in South Vietnamese military assistance for the 12 months beginning July 1, compared with \$1.25 billion allowed by Congress for the current fiscal year.

The House last month voted to set the ceiling for next year at this year's level. The Senate Armed Services Committee is recommending a reduction to \$900 million.

Other amendments to be considered before a final vote late this afternoon would allow funds to begin development of a new nuclear ballistic missile submarine smaller than the new Trident, and to set an overall ceiling on military procurement and research and development expenses for the coming year.

The Senate gave the go-ahead Monday to new research programs to increase the accuracy and yield of U.S. Minuteman III intercontinental ballistic missiles and develop a new terminally guided maneuverable re-entry vehicle for both land-based and submarine-launched strategic missiles.

An amendment to defer the programs until the President certified that SALT II arms limitation talks with the Soviet Union had failed to produce agreement on MIRV (multiple independently targeted re-entry vehicles) control was defeated 48 to 37.

Sen. Thomas J. McIntyre, D-N.H., and Edward W. Brooke, R-Mass., sponsors of the amendment, said accuracy-yield improvements might appear to the Soviets to threaten their offensive weapons and possibly provoke them to strike first before their missiles were destroyed.

Odessan Charged In Shooting Death Of His Wife, 17

ODESSA — A 34-year-old Odessa man is being held in Coleman in lieu of \$25,000 bond in the Monday night shooting death of his 17-year-old wife.

Robert Dean McClure is accused of murdering Ilana McClure, both of 804 E. 6th St., near the swimming pool at the Ramada Inn here about 7:45 p.m.

McClure was arrested at Coleman about 1:30 a.m. today and Odessa police were on route there this morning to return him to Odessa.

A .22-caliber gun, believed to be the murder weapon, was taken from McClure when he was arrested, police said.

Witnesses told investigators that the shooting was a result of a family argument.

Grass Fire Ignites Gas Fumes In Shed, Burn Man Seriously

Narcisse Navarette of 2105 Bulerst St. received second and third degree burns over 30 to 40 per cent of his body Monday afternoon when a grass fire set by children ignited gasoline fumes in a storage shed.

Navarette's two sons also received minor burns and were treated at Midland Memorial Hospital and released.

The father remained in the intensive care unit at the hospital this morning and was listed in satisfactory condition. There were no plans this morning to transfer Navarette to a burns hospital.

Navarette had just gone home from work about 2:30 p.m. when he noticed a fire in the alley at the back of the shed, which is attached to his back fence.

He decided to move items from the shed, which contained more than 100 gallons of gasoline, so they would not be destroyed by the fire.

He was in the shed and his sons were at the door when the fumes ignited and engulfed the shed in flames.

Navarette told Fire Marshal Bill Tarver that he saw two young boys run from the grass fire when he drove up and it is believed that the children set the fire.

He could not identify them, however.

The shed was destroyed.

Panel To Review Bugging Testimony

WASHINGTON (AP) — The Senate Foreign Relations Committee voted unanimously today to accept the suggestion of Secretary of State Henry A. Kissinger that it review his previous testimony regarding national security wiretaps.

Sen. Edmund S. Muskie, D-Maine, made the announcement and said he fully supports Kissinger and does not now believe he should resign.

"The secretary of state has been a brilliant servant and his record deserves the support of his countrymen until there is a record to show the contrary," Muskie said.

Nevertheless, Muskie said, the committee "voted to accept Mr. Kissinger's suggestion of a review."

Two Area Pastoral Appointments Told

SAN ANTONIO—Two Midland area ministers were among the pastoral appointments in the San Antonio District of the Southwest Texas Annual Conference of the United Methodist Church here Monday.

Resident Bishop O. Eugene Slater reappointed the Rev. Herbert L. Fredrick to the Renkin-Midditt Church and appointed the Rev. Harold D. Orr to the Big Lake-Barnhart Church.

The new San Antonio District superintendent will be the Rev. Will-Matthias Dumm Sr.

Three Men Served With Indictments

Three more of the 23 persons indicted in 23 cases by the Midland County Grand Jury last month have been served with their indictment papers, the sheriff's department said.

They are Robert Lewis, charged with murder, \$25,000 bond; Norris Connitt Jr., armed robbery, \$7,500 bond; and Gary Tucker, felony theft, \$3,500 bond.

Lewis, 18, of 400 S. Clay St. was indicted in the May 13 shooting death of Jerald Howard Lewis and Howard were alleged to have argued over a debt.

Trial In Firearms Case Starts Today

A jury trial for Michael Edward Perkins, accused of possessing an unregistered sawed-off shotgun, began in federal court here this morning and was due to continue into the afternoon.

Perkins, 23, of 1906 E. Garden City Highway, was accused in a March indictment of having the gun last December.

His jury was selected Monday. A jury to hear the drug case against Dr. Henry Thomas Leigh of Andrews also was to have been chosen Monday but that was delayed until June 24.

At that time, a new petit and grand jury will be empaneled at 10 a.m. and Leigh's jury selection will follow that morning.

The delay in selecting the jury was caused by a change in schedule of the court.

Police Chief Cited At Yearly Barbecue

Midland Police Chief Harold Wallace Monday received a trophy from the Midland Police Chief's Sophomore Baseball League in recognition for the support he has given the group.

Patrolman Luis Salinas presented the trophy at the police department's annual barbecue, held Monday night at Hogan Park.

About 500 persons, including policemen, their families and invited guests, attended the event.

Area Mishap Kills San Antonio Boy

STERLING CITY — A 7-year-old San Antonio boy was killed in a one-vehicle accident which occurred about 19 miles west of here on State 158 in Glasscock County about 4 p.m. Monday.

He is Jeffrey Tovar, son of the driver of the station wagon, Ester Tovar, also of San Antonio. Mrs. Tovar was not injured.

The left rear tire on the vehicle went flat and the car went out of control, overturning once. The child was thrown out of the vehicle, according to State Trooper Billy T. Priest of Big Spring.

He was pronounced dead at the scene by Justice of the Peace W. C. Underwood of Garden City and the body was taken to Ross Funeral Home here.

Newspaper Reports Jewelry Gifts To Government Wives

WASHINGTON (AP) — The Washington Post reported today that the wives of former Vice President Spiro T. Agnew and former Secretary of State William P. Rogers received costly gifts of jewelry from Arab royalty but only recently turned them in for official processing required by law.

In a story by columnist Maxine Cheshire, the newspaper also said an expensive jewelry set crafted out of emeralds and diamonds had been presented by an Arab oil minister to the wife of J. William Fulbright, chairman of the Senate Foreign Relations Committee.

Under the 1956 law, all foreign gifts to federal officials and their families valued at

more than \$50 are legally the property of the U.S. government and must be turned over to the State Department Protocol Office for cataloguing and disposition.

The story said the jewelry sets, including diamonds and pearls to Judy Agnew, rubies and diamonds to Adela Rogers, and the emerald-diamond set to Elizabeth Fulbright, consisted of a necklace, bracelet, earrings and ring.

Last month, Miss Cheshire disclosed that a diamond bracelet and two jeweled brooches given to First Lady Pat Nixon and her daughter by a Saudi Arabian prince on July 1, 1972, were not received in the White House Gifts Unit for processing until last March 28.

Panel—

(Continued From Page 1A) times in closed session today, is due to end June 19 or 20.

As for witnesses, Rodino has indicated the number the committee is likely to call will be limited.

Charles W. Colson, former White House counsel who has agreed to testify in pending Watergate trials, is the only potential witness in which the Democrats seem interested. The committee staff has been instructed to question him privately to determine what he has to say.

In their letter, the 17 Republicans say other former White House aides such as John W. Dean III, H. R. Haldeman and John D. Ehrlichman also should be called.

Rockport on Cape Ann in Massachusetts is famous for its Anadama bread that is sent to customers in far-off states.

Health Care Provision Wins Convention Nod

AUSTIN, Tex. (AP) — Rep. Mickey Leland, a black liberal Houston Democrat, has finally achieved his major political goal: a guarantee in a proposed constitution of health care for all Texans.

The convention continued debate today on amendments to the general provisions article, and on a motion by Rep. Ray Hutchinson, R-Dallas, to reconsider his controversial section on protecting the environment.

Leland, a pharmacist, concentrated on drug prices and other health issues in the 1973 legislature.

His health care amendment Monday was first rejected 70-57. It would have guaranteed

"adequate, comprehensive health care" to everyone.

Rep. Dave Finney, D-Fort Worth, co-sponsored a second amendment with Leland that changed the language to say all residents of Texas are entitled to "access" to such health care, as defined and funded by the legislature.

Leland pleaded with the delegates to approve the amendment, even in its more limited form. "We have not established that health care is a right and not a privilege in the state of Texas," he said.

This issue was the main reason he ran for the legislature, he said.

The convention approved the amendment 85-68.

Leland delightedly gave Sen. Bob Gammage, D-Houston, a soul-clap on his hands in front of the podium.

The convention also approved on a non-record vote an amendment requiring the same kind of redistricting for congressional districts after the 1980 census as the legislative districts now have.

It would stop the practice of adding several rural counties to part of an urban county to make a district.

If an urban county has enough population to make one or more full districts, it would have to be given those districts within its own boundaries.

Delegates rejected attempts to limit state spending, forbid lobbyists from serving on state boards and give voters the power to pass laws.

Sen. Walter Mengden, R-Houston, proposed an \$11 billion ceiling on state appropriations in any biennium, except with the approval of the voters. The 1973 legislature appropriated \$9.7 billion for the present biennium, a record. Mengden's amendment was tabled 52-36.

Sen. Oscar Maury, D-Dallas, tried to prohibit the appointment of anybody to a state board who has been a lobbyist within a year of his appointment. It also would prohibit a member of such a board from

Southern Baptists Warned Of Danger From Talent Drain

DALLAS (AP) — The president of the Southern Baptist convention has laid out a program of self improvement, saying the Baptists have to use the talent in the denomination better. Owen Cooper, a retired Yazoo City, Miss., industrialist, told 15,000 messengers today that Southern Baptists were suffering a substantial talent drain with pastors leaving the pulpit, denomination administrators leaving secular employment, missionaries resigning and lay people becoming involved in a host of newly organized groups unrelated to the convention. "We spend thousands of dollars educating ministers; we are short of pastors and in need of 800 more foreign missionaries and hundreds of some missionaries; hence we can ill afford losses in these categories," he said. Cooper did say the convention was good, but not good enough. As a note of progress, he pointed out the denomination's size—34,000 churches with 12.3 million members; 27,000 pastors, 2,550 foreign missionaries in 77 countries and 2,200 home missionaries.

He called for training of more preachers, saying a recent survey revealed that less than 37 per cent have completed seminary training. "The 50 cents per capita the Southern Baptists put into training their ministers is insufficient," he said, "and the present programs are inadequate to reach many who desire to further their ministerial training." Cooper also asked the messengers to focus their interest on the Northeast in the immediate future because 100 million people live there, 45 million without church affiliation. "If we are to maintain our baptisms in the face of the declining birth rate, we must go where the prospects are and intensify our efforts there." The SBC opened its three-day annual meeting today with a report from the executive committee on a proposed convention operating budget for 1974-75 and a five-year capital needs budget. It closes Thursday night with addresses by Gov. Jimmy Carter of Georgia, a trustee of the Brotherhood Commission, and evangelist Billy Graham.

Black Pastor Assigned To All-White Methodist Church In San Antonio

SAN ANTONIO, Tex. (AP)—Dr. J. Garfield Owens has become the first black pastor of an all-white United Methodist church in the Southwest. "This is the right thing, the Christian thing to do," Bishop Eugene Slater said at a news conference Monday to announce the move. "Dr. Owens technically assumed the leadership of Jefferson United Methodist Church Monday night with the reading of all appointments for 1974 in the Southwest Texas Methodist Conference. He begins preaching at the religious middle-class suburban church here June 23. Controversy has erupted over the action since it first came to light last February. Meetings have been held and some members of Jefferson have left the congregation, according to Bishop Slater. "I would hope everyone would at least give it a try," Bishop Slater said. Questioned as to why he made the move at this particular time, Bishop Slater said that Dr. Owens' six-year tenure

of office as a Methodist district superintendent was up. "We needed to give him a proper appointment," Bishop Slater said. "Of course we would have sidestepped the issue with an administrative post." "The cabinet and I felt that the time had come for this next step in merger," he declared. Bishop Slater was referring to the merger for years of the Southwest Texas Conference with the black West Texas Conference. Bishop Slater did say that he never asked for a vote on the issue from the pastor-parish committee at Jefferson. Dr. Owens, 50, a former public school teacher, said he was looking forward to the appointment. "I understand there has to be a softening of the position of some who were unable before to deal with my coming," he declared. Dr. Owens commented that with a "young white associate and a Mexican-American choir director he will be in a very unique position to speak to all groups."

Engineers Recommend State Control Small Lakes, Ponds

AUSTIN, Tex. (AP) — Two organizations of Texas engineers recommended Monday that the state take control over construction of farm ponds and other small water bodies in an effort to conserve water. "Better design of small farm ponds and better water economy considerations in their design could result in more water

for the farmer and for all Texans," said J. R. King Jr., Fort Worth consulting engineer representing the Texas Section of the American Society of Civil Engineers. "Far too much ponded water that should be put to beneficial use simply escapes back into the atmosphere without performing any beneficial service." King and Dr. Charles H. Sampson Jr., professor of engineering at Texas A&M University and a spokesman for the Texas Society of Professional Engineers, presented the special engineering survey to Gov. Dolph Briscoe.

The report, "The Effects of Ponds and Small Reservoirs on the Water Resources of Texas" was the result of a study made by a 46-member engineering task force from the two organizations. "Stock ponds and small reservoirs of less than 200 acre-feet not intended for recreational use are not subject presently to regulation by the Texas Water Rights Commission. An acre foot of water is 325,681 gallons.

The engineering report given the governor Monday recommended that all ponds and reservoirs of 10 acre-feet or more be placed under the Texas Water Code guidelines. Sampson said that the engineers' study reached the conclusion that "the lack of effective regulation in this area is causing undue and unnecessary water loss and waste of this limited resource. They say that optimum use will not be achieved without modification of the Texas water laws."

French Bastille Day Bastille Day, celebrated on July 14, is the French holiday equivalent to United States Fourth of July.

"How can I prove I mailed something. Or that it got there?"

Postmaster David E. Holster, Midland, Texas wants you to have the answer.

People often ask us at the Post Office about mailing things that are more important than everyday mail. Things like financial and legal papers. Or payments on bills with a penalty date.

With something important, it's a good idea to have proof that you mailed it. And proof it was received. That way, nobody can say you didn't send something when you did.

Certified Mail. Proof you mailed something.

People use Certified Mail when they don't want any question by anybody that something was mailed. It's good for things like mailing your income tax, or paying insurance bills.

Because with Certified Mail you can get a receipt that proves you mailed. And it shows the date, too. This costs 30¢. A record of delivery is kept at the Post Office.

Return Receipt. Proof your mail was received.

Sometimes your mail is so important you can't sleep unless you know it got where it was going. That's when to use Return Receipt. Because you get a card back that shows you the signature of whoever received your mail.

When you use this service along with Certified Mail, you can get both proof you mailed and proof it was received. Return Receipt costs 15¢.

Restricted Delivery. For personal and confidential mail.

With Restricted Delivery, we take your mail only to the person you say—and nobody else at that address can get it. Used with Return Receipt, you'll get a card back with that person's

signature, and only his signature. The only exception is to government officials whose volume of mail makes Restricted Delivery impossible.

Restricted Delivery is good for things like very personal letters when you want only one certain person to see what you wrote. And for confidential mail, like when you complete a credit application. Or send contract papers to your bank or lawyer. Restricted Delivery costs an extra 50¢.

Registered Mail. Extra security for valuables.

Registered Mail is the safest way to mail things of value. For example, jewelry or checks that are negotiable.

Let's say you send a watch to your nephew for a graduation present, and you send it Registered Mail. That watch will be signed in and out every step on its way to your nephew. Which means someone in the Post Office is always personally responsible for its safety. Registered Mail starts at 95¢, and you get insurance for anywhere up to \$10,000

We're here to help.

There are many different ways you can send your mail. And, we want you to know how to use our different services when you need them. So we've put together a handy booklet for you called *A Consumer's Guide to Postal Services and Products*. It's easy to read, and will give you lots of help with your mail. They're free while they last at your Post Office.

And, whenever you have a question, we want you to come in and ask us. We're here to help.

You have questions. We want you to have the answers.

Profit-Taking Bogs Down Six-Session Market Rally

NEW YORK (AP) — Stock market prices tumbled back today as a six-session rally bogged down in profit taking.

The noon Dow Jones average of 30 industrials was down 3.83 at 855.84. Losers just about doubled the number of gainers in light trading on the New York Stock Exchange.

Analysts said it seemed the momentum of last week's sharp advance had been largely dissipated by the failure of a prime rate cut posted by New York's First National City Bank last Friday to spread immediately to other big banks.

Texton, the Big Board volume leader, gave up 1/4 to 17 in a 161,700-share block trade. The company has a major role in a proposed plan to restructure Lockheed Aircraft, the financially pressed aerospace giant.

On the American Stock Exchange, the market value index was down 37 at 85.23. Stocks of the three largest

Homicide Ruled In Death Here Of Santos Duran

The death of Santos Hinojos Duran, killed early Saturday, has been ruled a homicide and due to strangulation on his own body fluids, according to Justice of the Peace John Biggs.

Three men have been charged with first degree murder in what a witness said was a beating incident.

Police said Duran apparently was beaten with fists and with some types of blunt instruments.

Duran, 52, of 1519 N. Edwards St., was found dead on a cafe parking lot at 804 S. Terrell St. about 2:45 a.m. Saturday.

The three suspects were arrested about five hours later.

They are Rudy Hernandez Sanchez, 37, of 1908 Hudson St.; his brother Manuel Hernandez Sanchez, 23, of 103 Cherry Lane; and Baltimore Arocha Ruiz, 27, of 1609 W. Griffin St.

Each of the men is in county jail in lieu of \$25,000 bond.

Coroner's Jury Justifies Co-Eds In Slaying Case

DAYTONA BEACH, Fla. (AP) — A coroner's jury says two college coeds were justified in killing a man who raped them because he was not sexually satisfied.

The six-member jury returned the verdict Monday in the death of Lee Arthur Godwin, a 4-foot-6, 120-pound, ex-convict from Vero Beach, Fla., after listening to testimony from the two Indiana University coeds and police.

Florida law forbids publishing the name of rape victims.

King Oil Sector Draws Two Tests

Taubert, Steed, Gunn & Medders of Wichita Falls will drill two steps to the four-well east segment of the Big N (Tannahill) field of King County, 17 miles southeast of Guthrie.

Both have a depth objective of 3,000 feet.

No. 6-N S. B. Burnett Estate spots 1,320 feet from north and 130 feet from east lines of section 46, J. L. Parsons survey, one location southwest of production.

No. 5-N S. B. Burnett Estate, a northeast offset, spots 1,000 feet from south and 130 feet from east lines of W. Pruitt survey, abstract 263.

Outpost Planned For Sutton Field

HGN Oil Co. of Midland stated site for a 4-mile northeast outpost to the four-well Strawn-North area of the Sawyer field of Sutton County. It is No. 3-R Richardson.

Location is 1,390 feet from north and 990 feet from east lines of section 8, block G, C. Corbin survey, eight miles west of Sonora. Planned depth is 9,000 feet.

Lo-Vaca Eyes Gas Sales To Big U.S. Producers

AUSTIN (AP) — A Lo-Vaca Gathering Co. vice president has testified the firm intends to sell natural gas to some of the nation's biggest oil and gas producers while giving electric utilities such as Austin's and San Antonio's low priorities for gas sales.

Clinton Fawcett made the statement under cross-examination Monday by Clint Small, lawyer for the Lower Colorado River Authority, and H.K. Howard, lawyer for Central Power & Light Co., Corpus Christi.

The Texas Railroad Commission is receiving testimony on Lo-Vaca's curtailment plan that would give industry a higher priority for gas deliveries than electric utilities.

Lea Gas Strike Offset Planned

American Quasar Petroleum Co. of New Mexico will drill No. 2 Ojo Chino Unit as a one-mile northwest outpost to recently opened underground on-well Morrow gas area of Lea County, N.M.

Drill site is 1,990 feet from south and 2,090 feet from east lines of section 15-23-34, 9 miles southwest of Eunice. Planned depth is 13,800 feet.

NEED 3700 ft. 5 1/2 inch flush Joint N-80 Call Kelly Bell 684-6337

Permian Basin OIL & GAS LOG

(Continued From Page 1A) southeast lines of section H. L. Bays survey 444, 1/4 north of a undesignated reef Goen oil strike.

Eddy, Chaves Get Siles For Probes

Wildcats have been staked Eddy and Chaves counties Southeast New Mexico.

Inexco Oil Co. will drill 1 Foster-Stein, a 10,800-ft Morrow searcher, 16 miles northwest of Whites City.

Pecos Field Gets Second Producer

Credo Oil & Gas, Inc., Beaumont, filed its No. 1 Shearer as a second producer and 5-mile east extension in the Grandma Bezzell (Lower Clearfork) field of Pecos County, 10 miles northwest of Givins.

The 24-hour potential test gauged 72 barrels of 35-gravity oil and seven barrels of water, with gas-oil ratio of 1,000-1. Production was from open hole at 3,200-3,400 feet, which had been acidized with 5,200 gallons.

Stated as a wildcard, it was drilled to 3,400 feet, and French casing is slated at 3,500 feet.

Location is 1,800 feet from northwest and 407 feet from southwest lines of section 117, block 18, H&G survey.

The pool opener, Credo No. 1 Benth-Stein, filed Jan. 15, for 30 barrels of 39.2-gravity oil and six barrels of water per day, through perforations at 3,440-3,460 feet.

East Basin Areas Draw Exploration

Exploratory projects have been scheduled in Nolan, Sutton and Rains counties.

R. R. Bloomer of Abilene No. 1 Mrs. B. Wilson, is a projected 7,100-foot Nolan Probe, 15 miles northwest of Maryneal.

Drill site is 600 feet from north and 1,400 feet from east lines of section 6, block 12, H&TC survey, 1/4 mile east of the depleted McCabe (Pennsylvania) field.

Garza Venture Gets Oil Shows

Allen K. Trobaugh, Midland, No. 1 Lott, Garza County wildcat, 10 miles southwest of Post, has indicated production with the recovery of good tests on three drillstem tests in unidentified pay zones.

Tool was open 2 1/2 hours; the test taken from 8,300-8,500 feet. Gas surfaced in one or two 30-minute, gas unreported. Recovery was 70 feet of heavily oil- and gas-laden mud, and 300 feet of heavy gas and mud-cut oil.

A 2 1/4-hour test from 8,525 feet had gas to surface in 81 minutes and recovered 630 feet of heavily gas-cut oil, no water.

Final drillstem test on 8,516-8,533 feet, open 1 1/4 hr., yielded 6,553 feet of gas, 60 feet of heavily gas-cut oil at 100 feet of heavily gas and mud-cut oil, gravity 36 degrees.

Drilling continued below 8,500 feet.

It spots 600 feet from north and 1,800 feet from west line of section 25, block 1, Jany Hays survey, about 1,000 feet east of an 8,540-foot failure.

Saudi Arabia To Take Over Oil Company

NEW YORK (AP) — Saudi Arabia plans to take over majority ownership of Arabian American Oil Co., the world's largest oil producer with an estimated \$5 billion barrels a day.

Aramco's announcement on the takeover Monday said the Saudis will increase their ownership of the company from 25 to 50 per cent. No financial details were disclosed.

The move confirmed expectations that Saudi Arabia, which has the world's largest known oil reserves, would seek greater control. Some industry experts had suggested the Saudis might demand 100 per cent control.

Aramco was founded in 1933 by the Standard Oil Co. of California. In later years, its ownership was expanded to include Texaco, Inc., Exxon Corp. and Mobil.

Saudi Arabia took a 25 per cent share two years ago. This was scheduled to increase gradually to 51 per cent by 1983.

An Aramco spokesman said the four U.S. owners would meet in July with Saudi Arabian representatives to work out details.

He said the oil companies would have a contractual arrangement to buy most of the oil produced from the government's share of the company's operations.

Rawleigh Warner Jr., chairman of Mobil, has said he hoped the final agreement with Saudi Arabia would be similar to the recent one in which Kuwait assumed 60 per cent ownership of oil company operations.

Aramco produces 94 per cent of Saudi Arabia's oil. Two other firms operating in the country produce a combined 260,000 barrels a day.

Hot Weather Causes Power Cutbacks For East Coast Utilities

By The Associated Press

Residents of the East Coast are expected to get a break today from the muggy 90-degree heat that prompted 5 per cent electrical power cutbacks by utilities from Massachusetts to Virginia.

The utilities wound up borrowing power from each other during the hot spell Monday when they could not keep pace with the unexpected power demand of air conditioners, fans and other cooling equipment.

The demand forced the Virginia Electric & Power Co. to cut voltage and borrow electricity when five power generators were shut down. Industrial and commercial customers were asked to cut back consumption.

Several plants were out of service in the New Jersey-Pennsylvania-Maryland power grid, which serves Delaware, Maryland, the District of Columbia, and parts of Pennsylvania, New Jersey and Virginia.

As a result, Philadelphia Electric reduced voltage 5 per cent and borrowed power from utilities to the north, including from Public Service Gas and Electric in Northern New Jersey, which cut voltage 5 per cent in a "purely precautionary" move.

Also sending power southward was Consolidated Edison Co. in New York City, which had record 95-degree heat. Failure of a Con Ed nuclear generator and two transmission lines resulted in a statewide extension of the utility's 5 per cent voltage reduction.

The New England Power Pool cut back voltage and borrowed 300,000 kilowatt hours of power from the New Brunswick power pool.

Second Man May Surrender Today In Girl's Murder

SAN ANTONIO, Tex. (AP) — Depending on the U.S. Mail Service, a second Texas man charged with the honeymoon death of Patricia Albanowski Giesick in New Orleans may surrender today.

Attorneys for Claudius James Giesick Jr., 36, are waiting for the Bexar County Sheriff's Department to receive from Louisiana a copy of the murder indictment and a warrant for Giesick.

The indictment, returned Thursday, named Giesick in the death of his wife in the early morning hours Jan. 18. Patricia, an attractive blonde, was killed by an automobile which sped away.

Sergeant Corey, with whom Giesick says he worked in message parlor operations here and in Dallas, was also indicted on murder charges. He surrendered Monday morning and was jailed in lieu of \$250,000 bond.

New Orleans authorities were said by sheriff's officers here to have called late Monday about the Giesick case, saying they sent the warrant via air mail at the same time they forwarded the warrant for Corey last week. Corey's Louisiana warrant arrived here about mid-morning Monday.

Corey was arraigned and handcuffed and taken to the county jail while his attorney, Bill Miller, began trying to get Corey's bond lowered. The \$250,000 bond, high for Texas murder cases, was recommended in New Orleans and maintained by Peace Justice J.P. Gutierrez.

"Who am I, a peace justice, to lower the bond?" said Gutierrez, who said Corey was upset when he was handcuffed.

Miller filed an application for a writ of habeas corpus, seeking a bond reduction, with 186th State District Court Judge James Barlow and Barlow set a hearing for today.

The case has involved Texas, Louisiana and New Jersey authorities and the FBI in Washington, D.C.

Patricia, whom Giesick met in Dallas where she worked in a message parlor other than Corey's, was buried in her home state in Ewing Township, N.J., and her body was exhumed for evidence after an Orleans Parish grand jury reopened the case.

Afraid You're Going Deaf?

Chicago, Ill.—A free offer of special interest to those who hear but do not understand words has been announced by Belone. A non-operating model of the smallest Belone aid ever made will be given absolutely free to anyone requesting it.

This is not a real hearing aid, but it will show you how your hearing help can be. It's yours to keep, free. The actual aid weighs less than a third of an ounce, and it's all at ear level, in one unit. No wires lead from body to head.

These models are free, so write for yours now. Thousands have already been mailed, so write today to Dept. 5021, Belone Electronics Corp., 4201 W. Victoria St., Chicago, Ill., 60646.

Contract Awarded For Post Office At Garden City

McKinney Construction Co. of Jones, Okla., has been awarded a contract for the construction of a new post office at Garden City.

Postmaster-SCF Manager David E. Holster of Midland, and Robert L. McCoy, manager of the San Antonio Postal District, said the firm had the lowest of five bids received.

The contract calls for the construction of a building to contain 1,045 square feet of interior floor space. The Postal Service obtained an option to the property from its owners, Mr. and Mrs. Felix Cox of Midland.

Postmaster V. M. Gill of Garden City said the building is to be completed in five to eight months, and will be leased to the Postal Service for a basic period of 10 years, with options on 20 additional years.

Briscoe Pleased With Convention

AUSTIN, Tex. (AP) — Gov. Dolph Briscoe says he is "very pleased" with the progress of the Texas Constitutional Convention but he is not yet ready to give it his full blessing.

Briscoe told a news conference Monday that convention action Saturday cured some gubernatorial complaints about the proposed new constitution "but it is too early to say yet (about support) until we see the final document."

'Pentagon Jargon' Explained In Glossary

WASHINGTON (AP) — The KISS principle, according to a new Army staff officer's guidebook, means "keep it simple, stupid."

This bit of advice is among hundreds of terms in a glossary intended to help an officers freshly assigned to the Pentagon understand some of the jargon he'll hear around the building.

The glossary is included in a 125-page paperback guidebook stocked with information on staff procedures, sample forms, telephone numbers, and personal services available during a duty tour in the "puzzle palace" (i.e., the Pentagon).

When a new staff officer is told he is to attend a "dog and pony show," he need only flip to page 81 and find that is "a briefing which uses a number of viewgraph slides, flip charts, or other training aids."

If someone tells him his staff paper is "flaky," he will know it "contains conclusions and recommendations that will not hold up under hard analysis."

His boss may criticize his paper's "fog index" as too high, in which case he will look for ways to make its wording less obscure and more readable.

Once he gets his boss' okay, he will have to scurry around and try to persuade all the interested agencies to "read off the same sheet of music" (get them coordinated into a common position).

In the course of this bureaucratic exercise, he may find that the final wording of his staff paper amounts to a "waffle" (the "intentional or unintentional use of phraseology which skirts the issue").

Above all, he will try to avoid a "glitch" (error) or to minimize "heartburn" (serious disagreement).

He may find himself greeted by fellow officers affectionately as a "cannon cocker" (if he is an artillery man) or referred to somewhat disdainfully as a "suddy boots" (if he came from the infantry).

If he is ambitious to become a general some day, he'll want to be known as a "water walker" (or, as the guidebook puts it, "an officer with a singularly outstanding military record; usually an officer who has been selected for one or more early promotions").

Barber Sees No Change In Nixon

WASHINGTON (AP) — President Nixon's hair is easy to cut, but Henry A. Kissinger's? It's a problem because it's so curly, their barber confided.

"First I have to shampoo it, then cut it with scissors. Then I use a razor to blend the hair and the hot air blower to dry and style it."

"That gives it a curly but smooth look. There, look how smooth it looks in the photograph."

Milton Pitts, who has been clipping the presidential hair for four and a half years, pointed to a photograph of Nixon with his secretary of state. "I gave them both haircuts yesterday."

Nixon's haircuts—once a week, "never any longer than 10 days"—take about 20 minutes. During that time the President is quite congenial, Pitts says, and "talks to me quite a bit, but usually in generalities and never about politics."

From his vantage point, Pitts sees no physical change in the President despite the rigors of his office and the troubles of his administration.

"I've never seen a person under the pressure he's under so relaxed," he said. "I see no change in the President."

Pitts spends each Tuesday and Thursday manning the one-chair barbershop in the White House West Wing, trimming, clipping and styling the hair of the President, Cabinet members and top White House aides.

Pitts, a 58-year-old native of Greenville, S.C., also runs a barber shop in the Sheraton-Carlton Hotel a few blocks from the White House. He charges \$4 for a straight haircut and \$8.50 for the kind of hair styling he does on Nixon and Kissinger.

He is on call at all other times if the President suddenly decides to get a haircut, Pitts said.

"When I read about some of the people that are in trouble, I'm quite surprised," Pitts said. "They were all such nice people."

Dutra Dies At 91

RIO DE JANEIRO (AP) — Field Marshal Eurico Gaspar Dutra, 91, former president of Brazil, died early today of complications that followed throat surgery.

Fly with us on the new short cut to Alaska.

Two great airlines—Continental and Western—have just teamed up to offer no-change-of-plane service between the Southwest and Alaska. This means you can fly from Denver to Anchorage without changing planes.

And that means you don't have to worry about trotting long distances between terminals or missing connections.

En route, you'll experience the finest service both Continental and Western can offer.

The same no-change-of-plane treatment goes for your cargo, too. By the way, as long as you're flying to Alaska, why not combine a little pleasure with your business? We can book you and your family on over 50 specially-priced packages to America's last frontier (our 49th state). Travel between the oil countries the easy way. Fly with us.

Flight Schedule to Anchorage

Alexandria Blanks Midland, 11-0

By TED BATTLES

Alexandria's Aces, who have spent some long windy nights watching the Cubs run the bases in this series, got in their licks Monday night with a 11-0 drubbing of Midland that was more one-sided than the score indicates.

One reason was the 20 hits

opened the lining with a single and Turner, again, doubled. His fifth RBI came in the ninth.

Ivie goes into tonight's final game of the series with 14 hits in 23 trips and 10 RBI for the series.

Turner helped fatten up these RBI totals. With five hits, he was on base and in scoring position all night.

Among Alexandria's 18 hits were six doubles, a triple and a homer.

Lethander Dyain Frazier relieved Lopez to start the second and held the Aces to six runs, not bad considering they were tapped for 15 hits and never received a n

encouragement that the Cubs could overcome Alexandria's big early lead.

Against Franklin, 3-5, who brought an earned-run average of close to 7.00 into the game, Midland never seriously threatened. Bill Droege got as far as third after leading off the fifth with a single and Bill Bright advanced to second after leading off the eighth with a single.

CUB BRIEFS—Tonight's series finale with Alexandria will offer a rematch of the pitchers in the opening game of the series with Gary Junge, 4-3, going for Midland while Greg Zaitl, 1-0, for Alexandria. Shortstop Ken Sotkiewicz

Aaron Tops Fans' Balloting

NEW YORK (AP) — Jimmy Wynn of the Los Angeles Dodgers may be leading the National League in home runs and tied for the lead in runs batted in, but in All-Star votes he's seventh among outfielders, according to figures released Monday by baseball Commissioner Bowie Kuhn's office.

Wynn, with 16 home runs and 51 RBI, has drawn 18,679 votes in the first week of fan balloting for the classic—nearly 64,000 fewer than the present leader, Hank Aaron of the Atlanta Braves.

Aaron, 40, who became the all-time home run king early in the season by hitting his 719th, got 82,121 votes to lead the league. Aaron, a member of every All-Star team since 1965, was followed by Reggie Smith of the St. Louis Cardinals with

37,756 and the Cardinals' Lou Brock with 45,605.

The next three players are Cincinnati's Pete Rose, Bobby Bonds of the San Francisco Giants, and Pittsburgh's Willie Stargell. After Wynn, Houston's Cesar Cedeno is eighth in the balloting, but in another surprise, the NL's leading hitter, Atlanta's Ralph Garr, is eighth.

The Reds have leaders at three other positions, according to this week's figures. Reds catcher Johnny Bench, with 64,116 votes, leads Ted Simmons of St. Louis by nearly 27,000; Joe Morgan tops second basemen with 44,501 ballots—almost 15,000 more than Dave Cash of the Philadelphia Phillies; and in the league's closest race, Dave Concepcion has 25,535 votes for shortstop to lead Philadelphia's Larry Bowa by 3,000.

Pittsburgh's Richie Hebner heads NL third basemen, drawing 23,800 votes to 19,893 for Atlanta's Derrell Evans, and first baseman Joe Torre of St. Louis, with 46,755 leads Cincinnati's Tony Perez by nearly 20,000. Steve Garvey of the Dodgers was another surprisingly weak draw, taking third behind Perez in the first baseman balloting despite sharing the RBI lead with teammate Wynn.

The first American League figures will be announced Friday. Balloting ends July 6 and the starting teams will be announced July 16. The pitchers for the NL team will be selected by New York Mets Manager Yogi Berra.

This year's game will be played at Pittsburgh's Three Rivers Stadium on Tuesday night, July 23.

NHL Makes Sweeping Changes To Help Speed Up Hockey Games

MONTREAL (AP) — The National Hockey League passed sweeping changes Monday to speed up its hockey games, then put the theory into practice at the intraleague draft.

It took just 25 minutes for the 16 teams to conduct the draft, but the Buffalo Sabres' mischievous General Manager Punch Imlach found time to disrupt the activity by drafting a player who had been taken earlier in the proceedings.

The California Seals opened the draft by selecting defenseman Jim Neilson from the New York Rangers. The Rangers, with the option of taking compensation in cash or player personnel from the Seals, selected big forward Walt McKechnie.

The deal had been reported coming last week. McKechnie would go to the Rangers, then be traded by New York to the Boston Bruins for center Derek Sanderson.

The surprise came when Imlach selected McKechnie. His claim was disallowed by NHL President Clarence Campbell.

"I was looking for the best hockey player available," said Imlach. "McKechnie was the best player available at the time."

Imlach was upset because since the Rangers had already lost Neilson, McKechnie would automatically be protected in the NHL's expansion draft Wednesday. In effect, the Rangers would then be protecting 19 players—one over the limit.

Otherwise, there wasn't much action. The New York Islanders selected Dave Fortier from the Stanley Cup champion Philadelphia Flyers, the Vancouver Canucks took Jim Wiley from the Pittsburgh Penguins, the St. Louis Blues drafted Brian Ogilvie from the Chicago Black Hawks and the Detroit Red Wings drafted Ron Bushnik from the Buffalo Sabres.

All the other clubs passed their choices.

Changes were made to stiffen penalty times for various infractions, and in goalie equipment repairs and substitutions. Linemen will be instructed to drop the puck for faceoffs even if one center—after prior warning—is not suitably prepared for the faceoff.

The league also said Boston Bruins defenseman Bobby Orr was the only unanimous selection to the NHL All-Star team. He was joined on the first team by Bruins center Phil Esposito, Boston right wing Ken Hodge, left wing Rick Martin of Buffalo, and defenseman Brad Park of the Rangers. Bernie Parent, the goaltender who led Philadelphia to the Stanley Cup, was the first team netminder.

Chicago Black Hawks goalie Tony Esposito led the second team, which included defenseman Bill White of Chicago and the now-retired Barry Ashbee of Philadelphia. Flyers center Bobby Clarke, right wing Mickey Redmond of Detroit and left wing Wayne Cashman of the Bruins.

Noble Angel Experiment Is On Verge Of Failure

Only a couple of years ago, Bobby Winkles, who made Arizona State a household word in college baseball, left the campus to become a coach and then manager of the California Angels.

For a while it looked as though Winkles might revolutionize the game. Such little flares as having his relief pitchers run from the bull-pen to the mound caught the public's fancy and soon a lot of teams were doing it.

In 1971, the Angels finished 25 1/2 games off the pace. Winkles was first base coach in 1972 when Del Rice brought the Anaheim club home 18 games back, but the Angels slipped a notch in the standings and attendance hit an all-time low of 744,190.

Battle Scene

By Ted Battles

Despite Winkles' progress, the Angels, with a fire-balling pitching staff headed by Nolan Ryan, Bill Singer and young Frank Tanana, thought capable of setting a new strikeout record for a team, have not lived up to expectations, and, of course, the manager must pay.

Winkles took over as manager, stressed hustle, good grooming and hard work. The improvement was negligible in the standings, a third place finish in the American League West with a 79-83 record, but still 15 games back.

Nevertheless, the fans went for it and attendance was once more over the million mark.

Now, just two months into the season, Winkles is rumored to be on his way out as manager. Bobby says General Manager Harry Dalton refuses to confirm the rumors, but his refusal to give Winkles any assurance that he will be retained, is incriminating.

Pete LaCock, who never played baseball before he was 15, is 22 now and as far as he's concerned, he should have been in the major leagues last season. The former Midland Cub outfielder, now learning how to shuffle his feet around first, figures Chicago is wasting his talents by leaving him at Wichita this year.

A few weeks ago, Pete called up Chicago and let the Cubs know about it, threatening to quit. "What upsets me is that the Cubs keep calling up guys while I stay in Wichita. Maybe they think I'm too young. Or maybe they don't like me because I wear funny clothes. . . . I get upset when I read about all those guys up there going 0-for-4."

Pitcher Dan Corder was with Wichita when Pete made the call and said, "He was confused at the time and we talked him out of quitting. Sure, they were calling up others, but Jim Tyrone was hitting .388 and Angel Marquez was over .300 while Pete was batting around .260 at the time."

Since then Pete has been talking with his bat. At one time he had a 17-game hitting streak going and raised his average to .322, so maybe it won't be too long before his impatience is rewarded.

If Dalton decides to make a change, he won't have to look far. Outfielder Frank Robinson and Coach John Roseboro are both considered managerial timber, but Whitey Herzog, fired last year in his first year as manager of the Texas Rangers, has the inside track.

Herzog's dismissal came not so much from disappointment with the Rangers' play but stemmed more from the availability of Billy Martin.

Phillies Blast Astros, 12-0; Cards Edge LA

By KEN RAPPOPORT
AP Sports Writer

One of these days someone is really going to hit the roof at the Houston Astrodome. Mike Schmidt did Monday night.

Snead Tries 31st Masters On Thursday

MAMARONECK, N.Y. (AP) — If the miserable, unshakable old character known as the "U.S. Open Jinx" is hanging around locker No. 538 at the Winged Foot Golf Club this week, Sam Snead is paying him no mind.

"It don't bother me none," the 62-year-old, sweet-swinging hillbilly from Hot Springs, Va., drawled. "As somebody once said, if it's not your life and not your wife, what difference does it make?"

Snead launches his 31st try for the U.S. Open crown, starting Thursday, and he insists he is not lying awake at night grieving over the half-dozen or so of the big championships that got away.

"If I've got a shot, it's a long one," Snead said. "All my life, it seems I get a sinking spell about this time every year—Open time, in June. I'm not putting good."

in a matter of speaking. The Philadelphia Phillies' infielder hit a ball in the first inning that appeared headed for home run territory in center field before it bounced off a speaker hanging from the roof of the chic glass house.

The ball fell back on the field and Schmidt got only a distinguished single out of it. Was he mad—even though the Phillies won the game, 12-0.

"If I'm one short of winning the National League home run title, I'll think back to this one that I didn't get," said Schmidt. "There's no doubt in my mind that it would have been a home run except for that speaker."

Houston centerfielder Cesar Cedeno thought so, too: "That ball might have hit the flag above the electronic scoreboard in centerfield if it hadn't hit the speaker."

As it was, the base hit was beneficial to the Philadelphia cause. It loaded the bases and set the stage for Bill Robinson's two-run double. A sacrifice fly by Mike Anderson staked Jim Lonborg to an early, three-run lead. It was all downhill after that.

In the other National League games Monday night, the Montreal Expos trimmed the Cincinnati Reds 3-1 in a rain-shortened, eight-inning game; the St. Louis Cardinals beat the Los Angeles Dodgers 4-3 in 11 innings and the San Diego Padres stopped the Pittsburgh Pirates 5-3.

Expos 2, Reds 1
Pitcher Steve Renko tripled home one run and scored another to lead Montreal over Cincinnati in a game called after eight innings because of rain.

Cardinals 4, Dodgers 3
Joe Torre led off the 11th inning with a home run into the left field pavilion at Dodger Stadium, helping St. Louis beat Los Angeles.

After Torre's blast off reliever Charlie Hough, 6-5, the Cardinals eventually added an insurance run on Jack Heldmann's single. Cardinal reliever Orlando Pena, 4-0, was the winner.

Padres 5, Pirates 3
Horace Clarke delivered a run-scoring single with two out in the ninth inning, capping a wild five-run rally that lifted San Diego over Pittsburgh.

Pittsburgh built an 8-0 lead through 7 1/2 innings, but starter Jim Rooker and a string of four relief pitchers could not stave off the Padres, who rallied for four runs in the bottom of the eighth and five in the ninth.

MAKING SURE — University of Southern California catcher Ed Putnam, right, looks over his shoulder to make sure Southern Illinois runner Stan Mann (27) touches plate in second inning of College World Series game in Omaha, Neb. Monday. The Trojans won, 5-3 to remain undefeated along with Miami of Florida. (AP Wirephoto).

USC, Miami Win Texas Eliminates Seton Hall

By DAN EVEN
OMAHA, Neb. (AP) — Who's really No. 1 in college baseball?

Southern California Coach Rod Dedeaux is one person who would like to know, and he has a good candidate for the top spot—his own Trojans.

"We've beat one team that was rated No. 1. Now we have a chance to see if Miami is the best," said Dedeaux after his team scored a 5-3 victory over Southern Illinois in the 28th College World Series Monday night.

That earned Southern California a Wednesday night game against Miami, 50-9, the only other unbeaten team still remaining in the double-elimination showdown for the national crown.

Southern California came to the series with a 45-19 record—poorest by a Dedeaux-coached team in 22 years—and rated no better than fifth in the poll conducted by Collegiate Baseball newspaper.

Texas, which shares the No. 1 poll spot with Miami, was Southern California's first-round victim, and No. 4 Southern Illinois could do no better in stalling the Trojans' bid for a fifth straight title.

without hitting the ball out of the infield.

And the inning also saw home plate umpire Al Alford first call a Southern Illinois runner out at the plate, but later reverse his decision after a lengthy discussion.

The unusual play saw Southern Cal catcher Ed Putnam tag the runner out, although there was no force out.

Two Southern Illinois errors helped the Trojans score two runs in the fourth and they took the lead in the sixth on a double, a fielder's choice, Ken Hulsenga's run-scoring single and a double by freshman Bobby Mitchell.

Mark Barr, younger brother of the San Francisco Giants' Jim, was the winning pitcher, tossing a five-hitter and striking out eight to run his record to 10-1.

Miami's Stan Jakubowski pitched his second complete-game victory in three days and his teammates broke up a no-

bitter bid with a five-run seventh inning in the other winners' bracket game.

Kakubowski, 16-4, was pressed into service when Hurricane Coach Ron Fraser was informed that scheduled starter Tom Baxter was hospitalized with tonsillitis.

Oklahoma ace Bob Shirley was sailing along with a 1-0 lead and had not allowed a hit until one out in the seventh. Two-run singles by Jim Crosta and Orlando Gonzalez capped the five-run inning.

Freshman designated hitter Mickey Reischenbach clabbed a first inning grand slam home run and Texas went on to batter four Seton Hall pitchers for 10 more hits in the Longhorns' romp.

Sophomore Jim Gideon stopped Seton Hall on one hit in the seven innings he worked and earned his 19th victory of the season, equalling the one-season NCAA mark set by Larry Gura of Arizona State in 1968.

Arkansas Sweeps Twin Bill

By The Associated Press

Alexandria is nine games under the .500 mark and 6 1/2 games out of first place in the Texas League East, but the Aces lived up to their name Monday night.

They pounded Midland pitching for 20 hits and Jay Franklin fired a six-hit shutout as the Aces best the Cubs 11-0.

In other Texas League games, West leader San Antonio split a doubleheader with Shreveport, winning the opener 5-1 and losing the nightcap 3-3; and Arkansas swept two games from Amarillo, 5-4 and 3-2 in 12 innings. El Paso at Victoria was postponed because of rain.

Will Aaron, cousin of alltime home run leader Henry Aaron, hit a two-run homer and an RBI single in San Antonio's first game victory over Shreveport.

Aaron also had a two-run double in the second game, but that was all the runs Shreveport's Tom Deidel allowed as he pitched a three-hitter. The Captains won the game with a three-run third inning on a two-run single by Alex Rodriguez and a sacrifice fly by Dave Lindsey.

RIP 17 HITS—Rangers Topple Detroit By 6-3

By The Associated Press
Billy Martin learned Monday night that yes, you can go home again.

Martin, a crowd pleaser in Detroit during his three years as manager of the Tigers, made his first appearance in Detroit as skipper of the Texas Rangers Monday night and walked away with a 6-3 victory.

He received an ovation from the Tiger Stadium crowd of 22,604 when he took the lineup card to home plate before the game, and also was cheered loudly when he argued a pick-off call in the third inning. But in the eighth, when he went out to the mound to make a pitching change, there were a few boos mixed in with the cheers.

Martin said he was very pleased by the reaction he received from the Tiger fans: "I don't know how other managers would feel but when you come back to the town you managed in and they cheer you like that, it really made me feel good."

Elsewhere in the American League, the Boston Red Sox best the Oakland A's 4-1, the New York Yankees trounced the California Angels 7-5 and the Minnesota Twins routed the Baltimore Orioles 9-1.

After leading the Tigers to the American League East pennant in 1972, the mercurial Martin was fired by Detroit general manager Jim Campbell last September. Shortly after he signed a five-year contract to manage the Rangers, a

young team which he has spurred into second place in the AL West, just two games behind Oakland.

Red Sox 4, A's 1
Dwight Evans' three-run homer and Luis Tiant's stand-out pitching carried the Red Sox past the A's in a battle of division leaders.

Evans lofted a fastball from Vida Blue down the right field line in the fifth inning and it just carried inside the foul pole for the homer, capping the decisive four-run inning.

Yankees 7, Angels 5
Lou Piniella drove in the winning run with an eighth inning double and then scored an insurance tally in the Yankees' triumph of Los Angeles.

Twins 9, Orioles 1
The Minnesota Twins erupted for five runs in the seventh inning and coasted to victory over the Orioles. Tony Oliva led a two-run single and Bob Darwin smacked a two-run triple in the inning.

Minnesota starting pitcher Ray Corbin was removed from the game in the first inning after being struck on the pitching hand by a line drive. X-rays revealed a bruise at the base of the right thumb.

Entry deadline is 6 p.m. Thursday and is for members and their sons. Contact the pro shop at the club for further information.

Jauffret Nabs Upset In French Open Play

PARIS (AP) — The men's singles of the French Open Tennis tournament settle down today to the usual European flavor, with some Latin American spice.

With four quarter-final spots filled, the lineup reads: One Frenchman, one Spaniard, one West German and one Chilean. The last four quarter-finalists will be decided today.

The biggest surprise was the arrival of Francois Jauffret, a 7-6 7-5, 7-5 winner over Jan Kodeš of Czechoslovakia, the 1970 and 1971 French champion who had been seeded No. 2, in a match that finished under floodlights on the red clay center court at Roland Garros Stadium.

Jauffret, the No. 1 French player who is at home at Roland Garros, was not rated in the same class as Kodeš, the 1973 Wimbledon champion and Forest Hills runnerup in 1971 and 1973. But in the crunch it was Kodeš who wilted in the cool night air.

In the third set, Kodeš served a double fault at break point in the ninth game. In the 11th game he led 40-15, then served three double faults, including the final point.

The top half of the quarter-final draw pits Jauffret against Hans-Jürgen Pohmann of West Germany and Manuel Orantes of Spain against Patricio Cornejo of Chile.

Orantes defeated Arthur Ashe of Miami, co-No. 3 seed 6-1, 6-3, 6-2. Pohmann eliminated Eddie Dibbs of Miami, co-No. 9 seed, 6-3, 6-3, 4-6, 6-4. Cornejo defeated Jaime Fillol of Chile, his doubles partner.

Fourth round matches today to complete the quarter-final had Raul Ramirez of Mexico vs. Tom Koch of Brazil; Erik Van Dillen of Aptos, Calif., vs. Bjorn Borg of Sweden, a co-No. 3 seed; Harold Solomon of Silver Spring, Md., vs. Marty Riessen of Amelia Island, Fla., U.S. ranked No. 7; and Ilie Nastase of Romania, defending champion seeded No. 1, vs. Orny Paron of New Zealand.

The women's singles quarter-final pairings: Helga Masthoff, West Germany vs. Martina Navratilova, Czechoslovakia; Raquel Giscafre, Argentina vs. Katja Ebbinghaus, West Germany; Olga Morozova, Russia vs. Maria Nemamova, Czechoslovakia; Chris Evert, Fort Lauderdale, Fla., vs. Julie Heldman, Houston.

When you wonder if the life insurance you have is all the life insurance you really need, whom should you ask? A professional.

CHEETAH STOLEN — Police say one of these cheetah cubs, smallest of the prized collection at the San Diego Wild Animal Park, was stolen over the weekend. The four-pound female, born six weeks ago with the heavier males, was displayed once on the Johnny Carson television show. (AP Wirephoto.)

Funds From Sale Of Church Property Went Into Trust, Accountant Says

AUSTIN, Tex. (AP) — An accountant who audited the trust established by retired Catholic Bishop Louis Reicher has testified funds from the sale of church-owned property were deposited in the trust.

Robert L. Banks of Price Waterhouse & Co. testified Monday in the Roman Catholic Church's suit to enforce its claim that the trust belongs to the church.

The trust's lay trustees have rejected that claim, saying the former bishop established the trust with his own money.

Banks said he audited the trust at the request of Bishop Vincent M. Harris of the Diocese of Austin and other plaintiffs.

He testified that in his capacity as bishop, Reicher bought 22 nursing homes in Massachusetts and one in Rhode Island.

The Rhode Island nursing home later was sold and the note from the buyer was made out to Reicher as bishop, Banks said. But all payments of principal and interest on the note were paid into the Reicher trust, Banks said.

Bishop Reicher retired in 1971.

George W. Brown Jr. of Beaumont, chief counsel for Bishop Harris, said the issues in the suit go far beyond the ownership of the \$3 million trusts and "impacts upon the authority of the church to govern and control the hierarchy of the church and the patrimony of the church."

Donald S. Thomas of Austin, attorney for the lay trustees, said Bishop Reicher established the trust informally 50 years ago with \$3,000 he had earned

as a steelworker before entering the priesthood and with \$35,000 in funds borrowed from a bank.

Thomas said Bishop Reicher used the money to play the stock market and kept his personal funds separate from church funds.

The trust was made formal in 1964 and underwrote a geriatric center and a cancer treatment and research facility here.

Suspect Convicted In Swindling Case

HOUSTON (AP) — Richard Lee Fields, 49, convicted of swindling a 93-year-old widow out of \$1,200, has been assessed a seven-year prison sentence Monday.

A district court jury convicted him last Friday.

Oklahoma Wheat Crop May Be Less Than Predicted

OKLAHOMA CITY (AP) — Oklahoma farmers will reap about 26 million bushels less wheat this year than was predicted May 1, the Crop and Livestock Reporting Service says.

D. D. Pittman, service statistician, said Monday the new forecast is for a yield of 147.5 million bushels. The service forecast May 1 a crop of 173.6 million bushels.

The new prediction would still make 1974 the second best

harvest year ever in the state, up 14.6 million bushels from the previous second best crop in 1965.

"We lost nearly 300,000 bushels in the state because of drought, primarily in the Panhandle, and to a lesser extent in the north central counties," Pittman said.

The latest forecast is based on a yield of 25 bushels per acre, compared to an earlier

prediction of 28-bushel yields. Last year's yield was a record 30 bushels per acre.

Last year's yield of 157.8 million bushels was an all-time record, and wheat growers, with market prices so high, planted even more acreage this year than last. But the weather didn't cooperate.

Pittman said some wheat also was lost in the central and west central areas of the state.

"The hot, dry winds in mid-May blasted the yield potential to some degree," he said. "We had some fields where the yield potentials dropped off five to 10 bushels because of the hot, dry winds."

He said the crop in the southwest part of the state, which had been hurt by drought earlier, "did come back some with the rains after May 1. We probably gained a half million bush-

els down there after May 1."

Pittman said approximately 5.25 million acres of wheat were harvested in Oklahoma last year.

"On May 1 we thought we would harvest 6.2 million acres, but we will harvest from only 5.9 million acres," he said.

With the lower yield per acre this year than last, the total yield will be below last year's even though more land was planted to wheat.

Pittman said the wheat harvest was held up some by rain last week, but "Sunday they were going pretty solid. If the weather holds, they will go real fast because most of the crop is ready to be cut right now."

"About 25 per cent of the total crop had been cut by the weekend, and if the weather holds through the area and the fields are so they can get in, they should cut another 25 to 30 per cent this week."

Departure of stormy weather has enabled rain-delayed harvest operations to swing back into high gear in all of the 37 major wheat counties except three in the Panhandle.

Dawson 4-H Horse Show Set Saturday

LAMESA — The Dawson County 4-H Horse Show will begin at 9 a.m. Saturday in the Dawson County Rodeo Arena here.

Entries are open until 9 a.m. the day of the show and may be sent to Sue Howard, Route 1, Lamesa 79331. Fee is \$3 per class.

Judges will be Derl Tidwell of Monument, N.M. and Dink Wilson of Quanah.

Classes include showmanship for registered mares and geldings and performance classes in Western pleasure, reining, pole bending, barrel racing and flag racing. Age brackets are pee wee, junior and senior.

Trophies will be awarded through 10th place with special prizes for grand and reserve champion mare and gelding, and high point junior and senior performer.

Serviceman Held On Drug Charge

James Ray Bates, 18, of 4001 W. Wall St. was arrested for marijuana possession following a city police narcotics raid on his apartment.

Officers had had the apartment under surveillance for some time and obtained a search warrant to look for narcotics.

Police said they found a suitcase of marijuana-like substance. It had not been weighed by this morning but authorities said it was enough to warrant a felony complaint.

Justice of the Peace Robert Pine set bond at \$7,500 for Bates, a U.S. Army serviceman stationed at Fort Carson, Colo.

He remained in city jail in lieu of bond this morning.

Nun Plans To Become Physician

EAST LANSING, Mich. (AP) — In some rural area of Michigan greatly in need of a physician, a Roman Catholic nun plans soon to hang out a shingle reading: "Rosemary Havey, D.O."

"Any way we can use whatever talents to bring better quality life to people is very appropriate," said the 44-year-old Dominican sister, who just was graduated with a doctor of osteopathy degree from Michigan State University.

"It doesn't make any differ-

ence whether it's helping a terminal patient die with dignity, bringing a new baby into the world or helping a married couple improve their relationship," she said.

Dr. Havey, celebrating her 25th year or silver jubilee of taking her vows at the religious convent in Adrian, will intern in Detroit. Then she plans to practice in a rural area.

She said she is the first nun in her order who plans to be a physician in private practice. She wears conventional clothes.

Being a physician will not af-

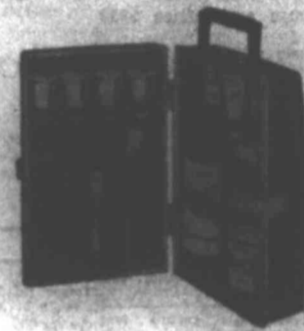

fect her status as a nun, she said. She added that she would still live on the same stipend as any sister. Any money over that will go to the religious order, she said.

"Whenever I go into a hospital, it seems that within a few minutes everyone knows I'm a sister," said Dr. Havey, of Center Line, Mich. "They find out, however, that I'm human and laugh and have the same frustration as any other human being," she said. "But I like my life style."
