

Pennian Basin OIL & GAS LOG

7,900-Foot Probe Slated In Glasscock

Fort Worth Production Co. Fort Worth, plans to drill a 7,900-foot exploratory test in central Glasscock County. It is No. 1 S. Christie.

Drill site is 1,900 feet from north and 660 feet from east lines of section 4, block 34, T-4-S. T&P survey, two miles northwest of Sterling City, and two miles southeast of the Garden City, West (7,880 Wolfcamp) field, but separated by failures.

Stepout Scheduled In Reeves Sector

Atlantic Richfield Co. will drill No. 2 State McIntyre Unit as a 3/4-mile northeast stepout to the three-well Rojo Caballos, South (Ellenburger) gas field of Pecos County.

It is slated to 21,700 feet, and spots 1,170 feet from north and 1,270 feet from west lines of section 30, block 48, T-4-S, T&P survey, nine miles southwest of Goyanosa.

Burton Flat Test Flows; Sites Set

Perry R. Bass, Midland, No. 1 Bass-State Communized, 3/4-mile southwest of Strawn production in the Burton Flat field of Eddy County, N.M., flowed gas at the daily rate of 3,350 million cubic feet for an unreported time, from the Strawn.

Flow was through an 18-64-inch choke and perforations at 10,321-10,379 feet, which had been acidized with 2,500 gallons.

Drilled to 11,700 feet, with 7-inch casing set on bottom, operator was preparing to attempt dual completion from the Morrow.

The project spots 1,900 feet from north and 660 feet from west lines of section 15-21s-27e, four miles northeast of Carlsbad.

Two stepout sites have been scheduled in the same field, about four miles northeast of Carlsbad.

Reeves Extender Flows 3.3 Million

Coastal States Gas Producing Co. No. 2 Jean T. Spencer, fifth producer and 1/2-mile southwest (Continued On Page 12A)

Flow was through an 18-64-inch choke and perforations at 10,321-10,379 feet, which had been acidized with 2,500 gallons.

Drilled to 11,700 feet, with 7-inch casing set on bottom, operator was preparing to attempt dual completion from the Morrow.

Weather

FORECAST: Mostly cloudy with showers and thunderstorms some heavy this afternoon, tonight and Tuesday. High tonight in the upper 70s. Low tonight in the upper 60s. High Tuesday in the upper 70s. Low Tuesday in the upper 60s. Chance of precipitation decreasing to 40 per cent tonight and 20 per cent Tuesday.

National Weather Service Readings:
Monday's high 85 degrees
Monday's low 65 degrees
Tuesday's high 85 degrees
Tuesday's low 65 degrees
Sunrise Tuesday 7:54 a.m.
Sunset Tuesday 7:54 p.m.

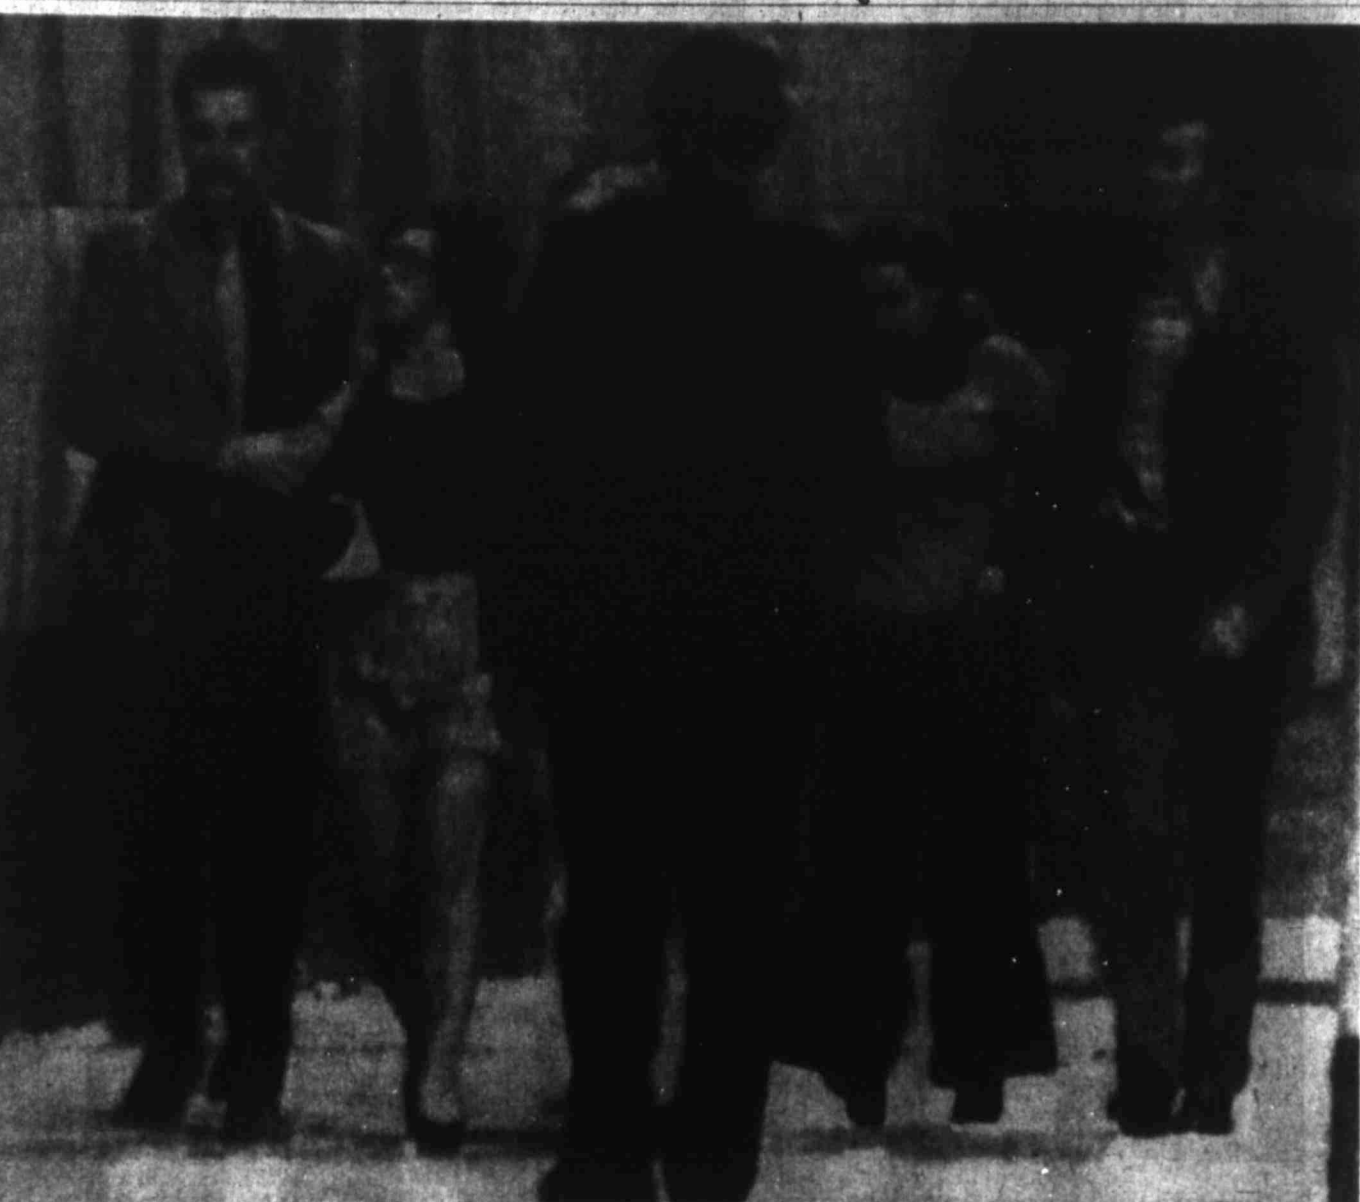

East Texas Hunt Seeks Suspect In Four Deaths

TYLER, Tex. (AP) - Law enforcement officers intensified their search in a three-county East Texas area today for a man believed responsible for the killing of three women and a small boy.

The bodies of two women were found Sunday near Tyler, three weeks after a mother and her six-year-old son were found slain southeast of Longview.

The body of Vickie Morris, 20, was found about six hours after she was reported missing late Saturday night. She was found by Smith County deputies,

Ford Tells Clemency Program

TWO HOSTAGES FREED—Bernadine Geerling, left, telephone operator at the French Embassy in The Hague, and Joyce Fleur, the French ambassador's secretary, walk from the embassy today after their release by Japanese terrorists who seized the embassy Friday. Nine men are still being held. (AP Wirephoto via cable from Amsterdam.)

Terrorists Free Women Hostages

THE HAGUE, Netherlands (AP) - Japanese terrorists released two women hostages from the French Embassy early today, but continued to hold nine male hostages, including French Ambassador Jacques Senard.

"We are progressing, but I believe that we are not yet completely in the last hours," French Foreign Minister Jean Sauvagnargues said in Paris.

Dutch Premier Joop den Uyl said in a television interview, "There are so many uncertain factors in this that I can't tell you concretely."

"I have a feeling that in the next 24 hours a series of very difficult decisions will have to be taken by us."

He said "a matter of special concern" was that the three terrorists and the hostages were getting tired and edgy.

Rain Gauges In City Log Up To 2 Inches

The Tall City recorded an official 1.18 inches of rain by noon today, according to the National Weather Service at Midland Air Terminal, and a 40 per cent chance of more precipitation tonight is forecast.

The chance of rain Tuesday will diminish to 30 per cent under a slight warming trend. The rain gauge atop the Reporter-Telegram leveled off at 1.80 inches by noon, while other gauges across the Tall City showed up to two inches.

Mostly cloudy to overcast conditions throughout West Texas brought Sunday's high temperature in Midland to only 68 degrees with an overnight low of 65. The highs today and Tuesday will be in the low 70s, and the overnight low will be in the mid-60s.

Prisoner Swaps Start On Cyprus

NICOSIA, Cyprus (AP) - Greek and Turkish Cypriots exchanged sick and wounded prisoners today in the first major release of captives since the cease-fire a month ago.

On the Greek side of Nicosia, shouting and weeping men and women jammed the streets and joyously mobbed four buses carrying the ragged-looking Greek Cypriot prisoners.

In Good Condition

Most of the freed captives - 120 Turkish Cypriots and 116 Greek Cypriots - were civilians and all appeared in good condition. A few were barefoot and all were dressed in shabby civilian clothes. Only two stretcher cases were seen loaded into an ambulance.

The prisoner trade was held in a parking lot of the war-damaged Ledra Palace Hotel, now a U.N. military barracks between the battle lines in Nicosia.

Swiss Red Cross officials handled the exchange and Canadian U.N. troops, heavily armed and wearing flak jackets, guarded the zone.

Oilmen Ask Exploration Incentives

HOUSTON (AP) - A Project Independence hearing witness today described the bonus bid formula for awarding federal offshore oil and gas leases as an expensive fishing license.

G. J. Tankersley, Pittsburgh, Pa., said an installment payment plan would get better results.

"Some sort of installment plan with credit for exploration and development expenditures must receive serious consideration and a decision arrived at as soon as possible," said the president of Consolidated Natural Gas Co.

Tankersley was among the first witnesses at the opening of the seventh of 10 regional hearings the Federal Energy Administration is conducting prior to development of a blueprint for Project Independence's objective of reasonable self-sufficiency in energy supplies.

Tankersley, Rep. Bill Archer, D-Tex., and D. A. McGee, head of Kerr-McGee Oil Corp., Oklahoma City, called for decontrol of natural gas wellhead prices.

"Artificially low ceiling prices for natural gas in this country have created a regulation-induced problem of both natural gas supply and reserves," McGee said.

Archer said an objective for the nation to attain reasonable self-sufficiency by 1980 is not an attainable goal.

"We have too far to go in too little time," Archer said. He said regulation of wellhead prices of natural gas sold into interstate commerce has been a major cause of the energy crisis.

"And now we have proposals that natural gas being sold intrastate also be controlled and allocated," Archer said. "This is exactly the opposite of what we should be doing."

J. O. Carter, a Gulf Oil-U.S. vice president, said there is need for increasing the size of offshore lease tracts from 5,000 acres up to 20,000 acres.

Carter also suggested increasing lease terms for the outer Continental Shelf areas from five years to eight or 10 years. He added that federal policies can either encourage or discourage making the investments required to bring oil and gas to the marketplace.

"We are in critical need of projects which will permit the industry to pursue, with its full initiative and resources, the task of leading this country to a position of considerably more energy independence than it now has," Carter said.

Board Named

Draft Evaders, Deserters Face Period Of Work

WASHINGTON (AP) - President Ford Monday designated former Republican Sen. Charles E. Goodell of New York, a critic of the Vietnam war, to be chairman of the nine-member Presidential Clemency Board that will consider the cases of draft evaders and deserters already convicted by military or civilian courts.

The other board members are:

Dr. Ralph Adams, 59, president of Troy State University, Troy, Alabama; James P. Dougovita, 28, a decorated Vietnam veteran who is a full-time teaching aide of minority students in the Department of Applied Technology, Michigan Tech University, Los Angeles lawyer Robert H. Finch, 51, former secretary of Health, Education and Welfare and White House counselor in the Nixon administration; The Rev. Theodor Hesburgh, 57, president of the University of Notre Dame.

Also Vernon E. Jordan, 39, executive director of the National Urban League; James Maye, 31, executive director of Paralyzed Veterans of America headquartered in Washington; Mrs. Aide Casanas O'Connor, 52, assistant counsel to the New York Division of Housing and Community Renewal in New York City, and retired Marine Gen. Lewis W. Walt, 61.

Ford Slates Press Meet For Tonight

WASHINGTON (AP) - President Ford will hold a news conference to be broadcast on television and radio from the East Room at 7 p.m. CDT today, a spokesman said.

The session will be the second of Ford's five-week-old presidency and comes the same day as he signed executive orders implementing his program of clemency for Vietnam-era draft evaders and deserters.

Questioning of the President is certain to focus on his controversial pardon for former President Richard M. Nixon.

Officer Found Dead; Autopsy Scheduled

Jay Daniel Hayes, 35, a Midland police officer, was found dead in his apartment Sunday morning when other officers broke into the apartment following a telephone call from his sister.

Hayes was a dispatcher for the police department. Officials are awaiting the results of an autopsy ordered by Justice of the Peace John Biggs.

Det. Capt. Sid Corley said the officer was found with a telephone cord wrapped around his neck. His sister had called police and told them a conversation she was having with him was interrupted. She told officers she heard a thud and could get no answer.

Police indicated the officer could have had a heart seizure. Corley said when officers went to the residence they found all the doors locked and they had to break in to get to Hayes.

He said at this time there is no reason to suspect foul play.

Hayes had been with the police department since Aug. 20, 1971, when he started to work as a patrolman. Later he was moved to the identification section and most recently had been working as a radio dispatcher.

Before working with the police (See OFFICER Page 2A)

TERROR IN SAIGON, TOO— All 71 Aboard Killed As Hijacker Blasts Jet

SAIGON, South Vietnam (AP) - Police said Communists bombed a government office today, wounding five persons, one day after a man described as a wealthy playboy army captain blew up a South Vietnamese jetliner in the air, killing all 71 persons aboard.

The office bombing was the first act of terrorism in Saigon attributed to Communists since the January 1973 cease-fire, police said.

Police said a man and three women on motorbikes hurled the explosives into a downtown building and the blast wounded two South Vietnamese military officers and three others.

Police described the four as "Communist terrorists" without elaborating. They escaped, witnesses said.

The Sunday hijacking was the first to result in a large number of deaths and it was the first hijacked plane to be blown up in the air.

The officials said the hijacker, 31-year-old Le Duc Tan, by-passed security checks Sunday when he boarded the Air Vietnam Boeing 727 at Da Nang for a flight to Saigon.

Police in Da Nang were reported questioning Tan's wife, who owns a beauty parlor there, and an air force security (See 71 PERSONS Page 2A)

LATE NEWS FLASHES

WASHINGTON (AP) - The White House said today that Alexander M. Haig Jr. will be recalled to active Army duty and named supreme commander of the North Atlantic Treaty Organization.

NEW YORK (AP) - Dow Chemical U.S.A., a leading producer of chemicals, announced plans today to build a \$200-million crude oil processing plant at its Oyster Creek division in Brazosport, Tex., to start operating late in 1977.

LAWRENCE, Kan. (AP) - Forrest "Phog" Allen, 88, who produced many outstanding players during 39 years as basketball coach at the University of Kansas, died today at his home here.

Oilmen Ask Exploration Incentives

HOUSTON (AP) - A Project Independence hearing witness today described the bonus bid formula for awarding federal offshore oil and gas leases as an expensive fishing license.

G. J. Tankersley, Pittsburgh, Pa., said an installment payment plan would get better results.

"Some sort of installment plan with credit for exploration and development expenditures must receive serious consideration and a decision arrived at as soon as possible," said the president of Consolidated Natural Gas Co.

Tankersley was among the first witnesses at the opening of the seventh of 10 regional hearings the Federal Energy Administration is conducting prior to development of a blueprint for Project Independence's objective of reasonable self-sufficiency in energy supplies.

Tankersley, Rep. Bill Archer, D-Tex., and D. A. McGee, head of Kerr-McGee Oil Corp., Oklahoma City, called for decontrol of natural gas wellhead prices.

"Artificially low ceiling prices for natural gas in this country have created a regulation-induced problem of both natural gas supply and reserves," McGee said.

Archer said an objective for the nation to attain reasonable self-sufficiency by 1980 is not an attainable goal.

"We have too far to go in too little time," Archer said. He said regulation of wellhead prices of natural gas sold into interstate commerce has been a major cause of the energy crisis.

"And now we have proposals that natural gas being sold intrastate also be controlled and allocated," Archer said. "This is exactly the opposite of what we should be doing."

J. O. Carter, a Gulf Oil-U.S. vice president, said there is need for increasing the size of offshore lease tracts from 5,000 acres up to 20,000 acres.

Carter also suggested increasing lease terms for the outer Continental Shelf areas from five years to eight or 10 years. He added that federal policies can either encourage or discourage making the investments required to bring oil and gas to the marketplace.

"We are in critical need of projects which will permit the industry to pursue, with its full initiative and resources, the task of leading this country to a position of considerably more energy independence than it now has," Carter said.

Ford Orders Clemency For Deserters, Draft Evaders

(Continued From Page 1A) would have to report to appropriate authorities. All participants in the program would have to acknowledge allegiance to the United States. Those who shun the program or do not satisfactorily complete their part of the clemency offer would be subject to prosecution. Ford, in explaining his move,

said in the proclamation. "In furtherance of our national commitment to justice and mercy these young Americans should have the chance to contribute a share to the rebuilding of peace among ourselves and with all nations. They should be allowed the opportunity to earn return to their country, their communities and their families, upon their agreement to a period of alternate

service in the national interest, together with an acknowledgment of their allegiance to the country and its Constitution." Ford described desertion in wartime as a "major, serious offense" and draft evasion as "a serious offense." "Reconciliation among our people does not require that these acts be condoned," he added. "Yet, reconciliation calls for an act of mercy to

bind the nation's wounds and to heal the scars of divisiveness." Officials said approximately 15,500 draft evaders are potentially eligible for clemency. Of these about 8,700 already have been convicted, an additional 4,350 are under indictment and 2,250 are under investigation. Of those under indictment, 4,000 are listed as fugitives and an estimated 3,000 of them are in Canada.

Officials said 130 persons are presently serving prison sentences for draft evasion and presumably are eligible for release pending reviews of their cases by the clemency board. The officials said some 500,000 incidents of desertion fell within the scope of the clemency program were recorded during the Vietnam war. They said approximately 12,500 deserters are still at large with

about 1,500 of them in Canada. About 600 deserters are now serving sentences or are awaiting trial. The President's proclamation specified that evaders or deserters wanted on charges other than those associated with avoidance of military service might be forced to have the other charges disposed of before clemency would be considered.

For draft evaders, Ford said the 24-month service period "may be reduced by the attorney general because of mitigating circumstances." For deserters, length of alternate service would depend on "such honorable service as an individual may have rendered prior to his absence, penalties already paid under the law, and such other mitigating factors as may be appropriate to

seek equity among those who participate in this program." To be eligible for clemency, deserters would have to have committed their offenses between Aug. 4, 1964, and March 28, 1973. In providing for the new category of clemency discharges, Ford specified that such a discharge "shall not bestow entitlement to benefits administered by the Veterans Administration."

READY FOR LAUNCH?—The Midlander who owns this boat might have made better time getting to work this morning if he had used it instead of his car. In the wake of an official 1.18-inch rainfall, the Tall City's streets did their customary impression of the Great Flood.

Rains Drench West Texas Area

(Continued From Page 1A) from 20 inch to two inches across the area. The National Weather Service at Lubbock Regional Airport officially measured 1.03 inches during the period from 6 a.m. to 6 p.m. Sunday while Levelland stations measured 25 inch Sunday. Seminole received .69 inch Sunday and Snyder recorded .39 inch. Rains heavy enough to flood low areas in several sections of Texas kept the state under siege today.

In addition to showers and drizzle, early morning fog hung low around such points as Wichita Falls, Mineral Wells, College Station and Victoria. Temperatures near dawn ranged from 57 degrees at Dalhart and 56 at Amarillo in the Panhandle up to 77 at Galveston on the coast. Sunday afternoon's top marks went no higher than 91 at Alice in South Texas and the top mark at rainy Lubbock was only 62, the Associated Press reported.

Physician Says Nixon Recovery Would Be Miracle

NEW YORK (AP) — Newsweek magazine quotes the personal physician to resigned President Richard M. Nixon as saying Nixon's pleuritis condition has deteriorated until "it's going to take a miracle for him to recover." The physician, Maj. Gen. Walter Tkach, reportedly added that Nixon's condition is so critical that he did not discuss the situation with Pat Nixon "for fear of frightening her."

"I guess she'll read this now and I guess that's good," Tkach said in the article published Sunday. Nixon's chronic pleuritis has swollen his left leg, and Tkach fears a blood clot might form that could lodge in the ex-President's heart. The doctor wants to hospitalize Nixon and begin intravenous treatment with anticoagulants that could prevent clots and keep the blood flowing. Tkach said he will continue trying to persuade Nixon to enter a hospital.

71 Persons Killed In Jet Explosion

(Continued From Page 1A) crashed nose first not far from a minefield. The plane burst into flames when it hit the ground and the fire spread to the minefield, setting off a claymore antipersonnel mine. The eight crew members and 59 of the 63 passengers were Vietnamese, according to the passenger list. The others were two South Koreans, a Filipino and a Frenchman. By nightfall rescue teams searching in the rain through the charred wreckage had recovered 68 bodies, many of them badly mangled, officials said. They also recovered a special tape recorder aboard the plane to record conversations during an emergency.

Boston School Situation More Peaceful

BOSTON (AP) — About 110 black children walked quietly off school buses today into South Boston High School, scene of antibusing demonstrations last week during the first two days of court-ordered school integration. "Attendance is up. Everything is peaceful," said police Supt. Joseph Jordan. A handful of the 1,031 assigned white pupils arrived at the school today. On Friday, 32 white pupils and 25 of the 380 assigned black pupils attended classes. Elsewhere in the city, schools opened this morning without any reported incidents. Police said "substantially more than the 400 police assigned to South Boston Friday" would be put on the streets to

day in the neighborhood, which has put up most of the resistance so far to having black children attend previously all-white schools. Antibusing leaders vowed to continue their boycott, but city and state officials said they expected progress in the integration program. About a third of public school students were absent when classes opened last Thursday and Friday under the federal order to integrate through busing. School buses were stoned and police lined bus routes to protect black children coming into one section of the city. Despite the troubles, school officials said teaching was going on in all schools. Attendance was normal in some areas and there were no problems reported in the classrooms.

A rally against busing drew hundreds of cars on Sunday in South Boston, the middle class, mostly Irish Catholic area where the boycott was most effective. Police said Sunday they wouldn't allow a South Boston "mothers march" planned today, because of potential for violence. Mayor White last week ordered that persons gathered near schools in groups of more than three be arrested. Twenty-one persons were arrested, two policemen were injured and 11 black children were hurt, none seriously, in bus stonings. One bus carrying white students

was hit with stones thrown by black youths. The busing plan was ordered in June by a federal judge who ruled the Boston School Committee had "intentionally segregated schools at all levels." He ordered cross-town busing of 18,200 of the school system's 94,000 pupils and assigned 27,000 others to new schools.

UNDER HEAVY GUARD—Students arrive by school bus this morning at South Boston High School under heavy police guard as Boston schools continue integration plans. (AP Wirephoto.)

Woman, Children Discovered Dead In Home At Plano

DALLAS (AP) — Suburban Plano police were investigating today the grim discovery of the badly decomposed nude bodies of a Plano woman and two teen-agers. The three were found in their residence Sunday night, the apparent victims of a triple homicide, investigators said. Plano Police Chief A. H. Kinzey said today cause of death had not yet been established and he refused to identify the victims pending notification of relatives. He said the victims were a woman, 34, a boy, 14, and a girl, 15. The woman's estranged husband could not be located, he said, adding that the children were the husband's by a previous marriage. The victims were found Sunday night by the dead woman's mother, who said she had gone to the home to pick up some clothing. The mother said she last saw her daughter and the two children a week ago.

Woman, Children Discovered Dead In Home At Plano

The Parent-Teacher Association of Fannin Elementary School is holding open house this week, with 7:30 p.m. today being designated for parents of kindergarten students. Parents of children in the first, second and third grades are requested to visit their children's rooms at 7:30 p.m. Tuesday. Visitation for the fourth, fifth and sixth grade rooms is scheduled for 7:30 p.m. Thursday.

Shrine Circus Slated Tonight

Rain washed away Sunday's performance of the popular Shrine Circus. It has been rescheduled for 7:30 p.m. today, weather permitting. The circus will present its show in Midland Cubs Stadium at Hogan Park.

GOP Platform Committee Search-- To Tackle Tough Issues

HOUSTON (AP) — A temporary platform committee will work today on what some angry delegates to the state Republican convention here say is a move to head off the repudiation of Nelson Rockefeller as vice president. The temporary committee, which held hearings Saturday and Sunday, must present a report to a permanent committee Tuesday on the stance the state party should assume for the next two years. U.S. Sen. John Tower, the titular head of the GOP in Texas, met twice with the temporary platform committee Sunday. A committee member confirmed that at the first of the meetings, held behind closed doors, Tower urged them not to write resolutions on Rockefeller and also on rejection of President Ford's proposal to grant amnesty to persons who fled the country rather than fight in South Vietnam. Two delegates from Harris County (Houston), the state's largest delegation, said that group plans to try and bring the two resolutions to the floor for a vote. Tower denied that any anti-Rockefeller groundswell was evident.

Credentials Panel Ponders Challenges

AUSTIN (AP) — A conservative-dominated temporary credentials committee today began deciding what to do about 300 challenged delegates to the state Democratic Convention. The committee meeting began 40 minutes late, increasing the time pressure on the panel, which had less than four hours to put together its report. Committee chairman Corky Smith denied rumors that some of the conservatives had met privately to plot a means of applying pressure to liberal leader and Billie Carr, head of one contested delegation and sponsor of a challenge to Gov. Dolph Briscoe's handpicked party chairman. Later today, the State Democratic Executive Committee was to receive the committee's report for approval or disapproval. Some fights probably will be taken to the convention floor. In addition to the usual fights between liberal and conservative elements, backers of

Soldier Arrested By Midland Officers

A Ft. Knox, Ky., soldier who was wanted for auto theft at Gatesville was arrested here early Sunday in the 5100 block of West Industrial Street. Ronald Freeman Greene Jr. was awaiting transfer to Gatesville today, where he is charged with the theft of a pickup truck. Officers said they became aware of the suspect when he left a truck stop on IH 20 without paying for gasoline. Police said the truck left IS 20 at the Garden City Highway exit and then ran a stop sign at the intersection of the service road, and FM 715. Officers chased the vehicle into a pasture in the east part of the county, where the culprit managed to escape. Police said that both police and sheriff's officers vehicles were rammed several times by the pickup when they attempted to pull alongside.

Reception Set

Members of the board of trustees of the Museum of the Southwest will host a reception at 7 p.m. Tuesday honoring trustees of the Nita Stewart Haley Memorial Library. The public is invited to attend the reception. The U.S. Coast Guard saved more than 3,000 lives in 1973.

Women Hostages Freed By Terrorists

(Continued From Page 1A) seven weeks ago, anywhere except Paris. A high official would remain with the gunmen to guarantee them safe passage. A French Boeing 707 arrived at Holland's Schiphol Airport shortly before the two women hostages were released. The three terrorists and Furuya all are members of the Japanese Red Army, the small group of radicals that was responsible for the Tel Aviv airport massacre two years ago in which 26 persons were killed. The Dutch government said the hostages still in the embassy included the ambassador, two members of his staff, an embassy chauffeur, a visiting French businessman, his chauffeur and three unidentified persons. The terrorists' first demand was that Furuya be freed and brought to Holland so that all three of them could be flown to a country of their choice. Furuya was flown to Schiphol Friday night, but on Sunday the terrorists in the embassy demanded \$1 million in cash in "compensation for the arrest and imprisonment of Yutaka Furuya." There was no indication whether the money would be paid.

Irish Terrorists Kill Two Judges, Business Executive

BELFAST, Northern Ireland (AP) — Irish Republican Army terrorists assassinated two Northern Ireland judges in their homes today and a business executive was reported killed by a bomb at his factory. The two judges shot to death in Belfast were Roger "Rory" Conaghan and Martin McBirney, both Roman Catholics accused by the Irish Republican Army of collaborating with the British. The Provisional IRA wing claimed it ordered the killings. Politicians and legal figures condemned the slayings, and courts all over the province were adjourned to honor the two slain judges. In Pomeroy, County Tyrone, west of here, informed sources said a booby trap bomb went off when businessman Michael McCourt entered his office and he was killed. The three deaths raised to 1,063 the official death toll in five years of violence in the province.

Officer--

(Continued From Page 1A) department he was employed by Walgreen's. Rosary will be said at 7 p.m. today at the Newline W. Ellis Chapel. Funeral mass will be celebrated at 10 a.m. Tuesday in St. Ann's Catholic Church, with the Rev. Ben Verbrugge officiating. Interment will be at Paris, Mo. Hayes born May 31, 1939, at Moberly, Mo., was reared at New Cambria, Mo. He moved to Midland in 1965. Survivors include the widow; two sons, James D. Hayes and Jeffrey C. Hayes, and a daughter, Danna Hayes, and a sister, Mrs. Van Folger of Midland.

10 Stereo Tapes Stolen From Car

Ten stereo tapes were taken from Kirk Hill's auto while it was parked Sunday at his residence, 3210 Maxwell St., police reported. Estimated value of the tapes was \$25. Advertise Or Be Forgotten!

Wilkinson Graduates From Banking School

Vending Machine Candy Bars Slated To Cost 20 Cents Soon

WASHINGTON (AP) — Manufacturers plan to raise the price of vending machine candy bars to 20 cents because of a strain on the world supply of cocoa and chocolate products.

The price increase, on the heels of a jump from 10 to 15 cents with little or no change in candy bar size, reflects the development of a sweet tooth in the rest of the world as active as that in the United States.

World cocoa consumption has been expanding along with increases in population and income, says Rex E. T. Dull of the U.S. Department of Agriculture's Foreign Agriculture Service. But unfavorable growing conditions in many major producing countries have brought the 1973 and 1974 world crop below consumption needs, sending cocoa prices to a record high, Dull writes in the current issue of Foreign Agriculture.

This 20-cent candy bar is being brought on by record

high cocoa bean prices but also by higher costs of other candy bar ingredients such as sugar, nuts and milk, Dull says.

He says manufacturers also are paying more for labor, packaging and transportation.

"Normally, in times of high cocoa bean prices, manufacturers have varied bar weights and increased usage of cocoa butter substitutes and extenders, such as coconut and soybean oils, to keep confectionary retail prices stable," Dull says.

"But today, these commodities are selling at very high levels." Cocoa bean prices peaked at \$1.30 per pound on the New

York spot market in early May, more than double the price of a year before. However, the price had adjusted somewhat by the end of August to \$1.06.

"Increasing world demand for cocoa in recent years and somewhat disappointing crops in West Africa because of unfavorable weather, have resulted in substantial drawdown in world reserves," Dull says.

"Currently, world stocks are estimated to be at very low levels—slightly more than a two-month supply, compared with more than a seven-month supply in 1965 when cocoa beans sold for as low as 11 cents per pound."

Red Goon Squads Smash Art Exhibit In Moscow

MOSCOW (AP) — Goon squads with bulldozers and trucks broke up an unauthorized outdoor exhibit of contemporary Soviet abstract art, destroyed the paintings, arrested a number of the artists and spectators and roughed up Americans and others in the crowd.

Organizers of the exhibit sent a protest to the central committee of the Communist party, and the United States Embassy said it was protesting Sunday's attacks on American correspondents and a diplomat.

Some 500 spectators, including foreign diplomats and reporters, were watching as about 20 artists began setting up the exhibit in a muddy vacant lot about noon Sunday. Suddenly four bulldozers roared down the field toward the crowd, followed by squads of toughs and dump trucks.

As the crowd ran, the canvases were crushed or thrown into the mud-filled dump

trucks. Officials later said the paintings were burned.

The artists included Oskar Rabin, Vladimir Nemykhin, Lydia Masterovka and others whose abstract art does not conform to the realistic, photographic style prescribed by the Soviet Communist party.

As the crowd of men, women and children fled, water trucks drove by spraying them.

The squads of young men pummeled the artists and foreign correspondents, but there were no reports of serious injuries.

Artists and spectators were driven away in police vans, and at least eight persons were known to be in custody Sunday night.

One gang shoved New York Times correspondent Christopher Wren's camera into his face, chipping a tooth, as he was photographing the water trucks. Then two men grabbed him and another one punched him in the stomach.

Lynne Olson of The Associated Press tried to help Wren, and a policeman knocked her to the ground with a blow in the stomach. U.S. Consul Leonard Willens was shoved hard by another tough.

A woman scurried about yelling: "Foreigners! Diplomats! Reporters! They're all spies!" "She's right, you know," one of the toughs commented to a newsmen.

Plains Ginners To Meet Saturday

LUBBOCK — The 1974 annual meeting of the Plains Ginners Association will be held next Saturday at the Lubbock Country Club from 9:30 a.m. to 2 p.m., according to PGA President Bill Weaver of Lamesa.

More than 300 High Plains ginners and allied industry people are expected to attend.

The meeting will feature addresses by Donald A. Johnson, executive vice president of Plains Cotton Growers Inc., Lubbock; Tony Price, executive officer of the Texas Cotton Ginners Association, Dallas, and Charles Russell, foreign trade economist of the National Cotton Council, Memphis, Tenn.

Emmet James Kay Scheduled for release this week.

Last Of Known American POWs To Be Freed Soon

VIENTIANE, Laos (AP) — The last known American prisoner of the Indochina war, Hawaiian charter pilot Emmet James Kay, is expected to be released this week from the limestone cave that has been his home for 15 months.

In letters he was allowed to write to his wife, Kay said the pro-Communist Pathet Lao housed him in the cave in northeastern Laos but that he was well-treated. He wrote that he frequently played volleyball and card games with his guards.

Kay described the cave as small and old. Limestone caves abound in that area and almost everyone moved into them to escape heavy U.S. bombing during the war, according to diplomats who have visited there.

Three months after a June 4 deadline for the exchange of all prisoners of war, the royal government in Vientiane and the Pathet Lao finally agreed to carry out this key provision of the 1973 peace accords.

Kay has been held since his small plane made a forced landing in the Pathet Lao zone May 7, 1973.

Diplomats from nations with close ties to the Pathet Lao say the Laotian leftists have given assurances that Kay will be among those freed when the two parties to the cease-fire, partners now in a new coalition government in Vientiane, begin their long-delayed prisoner exchange.

A professional pilot whose twin passions are flying and stock car racing, Kay may soon be reunited with his Hawaiian-born wife, Florence, and their teen-age children, Kimo, 19, and Puanani, 15.

Kennedy To Make '76 Decision Soon

SAN FRANCISCO (AP) — Sen. Edward M. Kennedy says his decision whether to run for President in 1976 depends largely on personal considerations.

Kennedy disclosed in week-end interviews that he has studied the political situation and concluded: "I think I've got a good chance to win the nomination and a reasonable chance to win the election."

He did not talk about the personal factors that will go into his decision. But they presumably would include the concern that members of his family have expressed for his safety should he embark on a presidential campaign.

The Massachusetts senator had been thinking of a target date of sometime in 1975 to announce his decision. And during a trip to aid campaigning California congressional candidates, Kennedy disclosed he will make the announcement late this year or early next.

Officials Still Sift Debris Of Burned-Out Luxury Liner

KEY WEST, Fla. (AP) — Officials were still sifting through the charred debris in the cruise ship Cunard Ambassador today, trying to determine a damage estimate for the \$27-million luxury liner.

"It will take several days before even a guess figure on damages can be arrived at," said John Bown, vice president of Cunard Lines Ltd., owner of the vessel. "From looking at the outside, you're never dream there was so much damage on the inside."

The luxury liner sat at a four-degree list at a dock in Key West harbor, where it was towed by two commercial tugs late Sunday.

Bown said it would take "days rather than weeks" to move the ship to either a U.S. or European shipyard for repairs he estimated would take several months.

"The ship can be made sufficiently seaworthy to be towed across the Atlantic," he said. Representatives of the ship's owner and its insurer, Lloyd's of London, were making damage estimates on the vessel, which had several decks swept by a two-day fire.

Firefighting crews boarded the ship early Saturday to hose down hot spots still glowing after the fire was brought under control late Friday.

The blaze, reportedly started by an oil leak in the liner's engine room, was discovered Thursday morning when the ship was about 35 miles from Key West.

The ship, under contract to Bahama Cruise Lines of Miami, had left Miami en route to New Orleans to pick up passengers for a trip to Vera Cruz, Mexico.

Most of the 300 crew members aboard were quickly evacuated in life rafts and taken to Fort Lauderdale.

About 50 crewmen stayed behind to fight the blaze but were later relieved by Coast Guardsmen.

Floridian Named Miss World-USA

BINGHAMTON, N.Y. (AP) — A 5-foot-8 brunette from Daytona Beach, Fla., Terry Ann Browning, is the new Miss World-USA.

Miss Browning, 20, was selected from 49 young women to represent the United States in the Miss World pageant in London in November.

She was crowned in ceremonies Sunday by comedian Marty Allen.

Kimberly Louise Tomes, a 19-year-old Texan, was first runner-up. Other runners-up were Marilyn Ann Petty, 23, representing Michigan; Sherry Love, 22, of Arizona, and Constance Marie Rauback, 18, of Pennsylvania.

McLean Ranch Oldest Agricultural Property in State

AUSTIN (AP) — The Harry McLean Ranch near Crockett is the oldest agricultural property found so far in the state by the Texas Agriculture Department, Commissioner John White says.

The McLean ranch, which will be recognized at the State Fair in Dallas Oct. 14 along with other farms and ranches more than a century old, dates back to 1821.

The Agriculture Department, which sponsored the 1974 Family Land Heritage Program, said McLean's great grandfather, Daniel McLean, first came to Texas in 1812 with the Gutierrez-Magee expedition and nine years later settled one league of land in Houston County.

White said 563 families have qualified as holding their lands for 100 years or more. The farms and ranches range from 12-acre plots to one spread containing more than 8,000 acres. Most of the century-old lands are in the state's Czech and German settlements with many of these dating back to original Spanish land grants.

By LUANNA CROW
Art Lanketter never had it so bad.
It seems a good enough idea at first — interviewing kindergartners and first graders on their impressions of school. But what had come to me in a blaze of brilliance soon lost most of its sparkle.
Perhaps the approach was all wrong.
"How are you liking school this year?" I ask.
"Okay."
"What do you like best?" I probe, searching for some avenue of communication.
"Nuthin."
"What have you learned today?"
"Nuthin."
"When do you think you'll learn to read and write?"

press on, exasperation setting in.
"I donno."
"Can you guess?"
"No."
And so on.
In all fairness to the teachers of the children interviewed, their respective curriculums could not be as uninspired as their students made them sound.
One boy who said he didn't like anything at all about kindergarten, I later learned loved school. His principal cried when his mother came to pick him up after class because he wanted to stay.
All Not Impassive.
Of course, not all children were so impassive. The discomfort of sitting in mini-chairs with seats eight inches off the ground did pay off in some of the interviews which I conducted at Bonham, Travis and Rusk elementary schools.
A conversation with Travis Tim Massingill, a first grader, proved to be rather rewarding.
Tim, asked how many years he will attend school, replied without hesitation, "Aw, man, a hundred. I will, too, my Dad said!"
Giving the idea further consideration, he amends his original figure to 110, saying that's "not too long."
What will he learn his 110th year? "The teachers will be teaching me to stay in the lines when I color, and write, and I don't know how to paint very good, so I'll learn that."
Hates Recess.
"They're gon' to be teaching me to catch butterflies. I don't know how to do that. My Mama likes butterflies and she wants me to catch a colored one."
Tim also informed me he hates recess and absolutely never plays during that time because an allegedly unprincipled classmate named Bobby trips him. Every time not being one to stand for abuse, Tim retaliates. "I pick him up and throw him on his head."
Another child with an interesting imagination is Chris

Childs, a Bonham kindergartener who identified himself as recording artist J. J. Jones.
Where does he get the name J. J. Jones? "My father works for KOZA 12-30, my brother works for KOZA 12-30 and I work for KOZA 12-30," he announces. Perhaps that explains it.
Young Chris, alias J. J., contends his year so far has been pretty successful. "I can read two books, 'C is for Clown' and 'The Little Red Goose.'"
"And I can count to 30!" he exclaims, and proceeds to count to 69.
In the same classroom, Scott Armour and Lizzie Preston are pounding clay into weird shapes.
I ask Scott why he comes to school. "Well," he cocks his head thoughtfully. "Daddy works all day." Very logical.
Lizzie, meanwhile transforms her lump of clay into a long, skinny roll. What does she like best about kindergarten? "Snake making," she announces.

At Rusk Elementary School in a multi-aged, or K-1, class, Jennifer Trindall contends she hasn't learned much this year, "but I got a runny nose today, I'll tell ya THAT!"
In another corner of the room, Lora Herring, Shelley Blanchard and Greg Barton are practicing writing—racing in their writing, actually.
Lora is not particularly interested in talking about school and gives, instead, a 10-minute dissertation on the movie she saw recently.
Does the trio like school? "Wow, yes!" they shout, Lora begins again on the movie.
Timmy Gee, a Bonham first grader, is more eager than Lora to talk about school, solemnly pointing out that he has learned "a lot" this year. Eyes as big as half dollars, he whispers, "I can count to a THOUSAND!"
His classmate James Washburn reports his favorite subjects are football and tennis. "I'm pretty good at it," he confides.
Tammy Stover, also a Bonham first grader, has interesting scholastic ambition: to be a student always. She even thinks she'll like college. "I think it'll be fun," she projects.
Displaying an original piece of art featuring Hansel and Gretel, she said among the things she's learned is "two plus two is one."
Craig Hale, in the same class, is not so hot on school. What has he been doing? "Writing a lot of junk, man. I don't like junk."
Anabel Garcia, a Travis kindergartener, seems to like the academic world a little better, perhaps because she thinks she'll spend only five years in it. What does she like

best? "Drawing pictures of Cinderella," she says, smiling shyly.
Her friend Rhonda Jeffrie doesn't foresee many years in the classroom either. Why? She'll learn it all this year.
One of the more vocal Travis first graders, Melinda Ward, thinks learning is fun but "it's going to be a long, long time before I get out."
Melinda enjoys learning to write, and asked when she'll be able to write letters and read books, she replies, "a few days later."
Teachers Get Mad
She thinks being a teacher is easy. "Sometimes teachers like to teach little kids and sometimes they get mad at them." Why? "Sometimes they talk too loud." Melinda contents this is not one of her faults.
Melissa Marmolejo also sees a teacher's job as fun and she thinks she might like to be one. If so, she would read her students books about Bugs Bunny.
Israel Gonzales, also from Travis, reports the teacher has taught him to "raise my hand when I want something and to sit down still." The latter poses no problem for him, he says. He's always quiet.
Not Excited
On the subject of teachers, Christie Stone has a somewhat broader scope of their activities. "They have to write notes and go to PTA meetings and things like that," she reports.
In Rusk's K-1 class, Jimmy Ward feels his teachers have done such a good job on him, he's already "learned everything. I don't need to learn any more."
Classmate Sharif Nabi doesn't claim to know it all, but he announces he's not excited about learning. "I like recess. I play on the swings and all that."
At the other end of the scale, Deborah Nash, asked if recess is her number one subject, pauses to mull over the reply.

She thinks with her tongue, a la Lilly Tomlin's "Edith Ann." The verdict is negative: "I don't like to play outside," she says bashfully.
Torya Prosen, Travis first grader, holds with just the opposite. "It's fun," she says, along with the rest of first grade which is harder than kindergarten.
Roger Rickey, also from Travis, when asked to compare first grade to kindergarten, said in first grade "they learn ya more."

WHAT IS THE TRUTH?
"The Word is Truth" (John 17:17)
by Bryan Bost
Christianity is a revealed religion. This means that God has not left us to our own experience and methods to know and please him but that he has revealed himself to man. He has communicated his personality and his will to man in language that man can understand. This written revelation of God is the Bible.
God has revealed himself to man; he has made himself known. The words "reveal" and "revelation" convey the idea of unveiling something that is hidden and unknown, so that it may be seen and known for what it is. When it is said that the Bible is God's revelation, the thought intended is of God disclosing himself to man, his power and glory, his nature and character, and his will and purpose for man. We depend on God's revelation of himself for all of our knowledge of God. Had we no revelation, God would remain hidden to us. God reveals himself in this way in order that man may know him and obey him. The revelation of God, the Bible, is the most important body of knowledge available to man. It tells man of his Creator and how to please him; it tells man of his own nature and how to live according to God's purposes; and it tells man of his sin and how to be saved from sin. The Bible must govern our lives, because it reveals God's will to us. Therefore, this wonderful revelation of God is not a "take it or leave it" book; it calls for an obedient response from every man. This thought is expressed in Deuteronomy 29:29: "The secret things belong to the Lord our God; but the things that are revealed belong to us and to our children for ever, that we may do all the words of this law."
Thus, God makes known himself to man by a written revelation, the Bible. Man is to use this knowledge of God to draw to him in obedience to his revealed will.
Presented by the Church that meets at Ft. Worth & Jax Sts.

Dear Abby
—By Abigail van Buren
Hubby's Nasty Jokes Fall Flat

DEAR ABBY: Is there something wrong with my sense of humor, or is my husband that in dealing with customers, patience and courtesy is always the best policy.
But what do you do when a customer calls you on the phone and curses you out without giving you a chance to explain? To make matters worse, he refuses to give you his name, but keeps cursing you out in four-letter words.
BAMBOOZLED IN BEND, OREGON
He's done this with others, but — heaven forgive me — sometimes I wish someone would punch him.
Why does a person have to hurt and insult others and then try to pass it off as a joke?
Don't tell me I'll get used to it. We've been married for 16 years, and I still hate it as much as I did 16 years ago.
I honestly believe he's sick. And if he is, can he be cured?
TEASED ENOUGH
DEAR TEASED: When aggression and hostility are built into a person's personality, he is indeed "sick." And he can be cured only when he is made to realize what he is doing, and the reason for it. That's hardly a job for a wife and children. It should be done by a very close friend, a therapist, or an empathetic clergyman.
DEAR ABBY: I have been in business long enough to know

Honeymoon Murder Trial Draws Delay
NEW ORLEANS (AP) — Criminal Dist. Judge Rudolph Becker has granted a delay in the trial of a Texas man charged with murdering a honeymoon bride here last January.
Becker said the trial of Samuel C. Corey, 41, of San Antonio, Tex., was postponed from Tuesday until Nov. 6 to give Corey's lawyer more time to prepare for new evidence.

Showers Dot Weather Map

By The Associated Press

Scattered showers in the south central states marred an otherwise fair weather picture across the country early today.

Showers and thunderstorms were reported from the southern Rockies and plains into the mid-Mississippi Valley. Almost half an inch of rain fell at Oklahoma City in six hours but most other areas reported less than .25 inch.

Low clouds and fog hung over the Pacific coast, and in parts of the Appalachians from northern Georgia into West Virginia, while scattered showers lingered in Texas.

High pressure areas brought fair skies to the remainder of the nation. Temperatures before dawn ranged from 36 at Saulte Ste. Marie, Mich., to 86 at Blythe, Calif.

POLLY'S POINTERS

Chair Legs Stain Her Light Carpet

By POLLY CRAMER
Newspaper Editor's Association

Polly's Problem
DEAR POLLY — The legs on a mahogany chair made ugly dark stains on my celery-colored wool carpet. I hope some reader can tell me how to remove these mahogany-colored stains from the carpet. I have now put mosekin on the bottoms of the chair legs to prevent it happening again but damage is already there. — MRS. H. W. M.

removed wipe with damp cloth, dry and wax. — JUNE

DEAR POLLY — Use soft drink bottles that have no return value as rolling pins when baking. I am sure you all know they also make decorative candle holders, too. Let us all avoid throwaway pollution. — CLARIE

DEAR POLLY — I have found a good use for the framework left from an old and broken swing set. Buy a large sheet of canvas or any other desired material that will withstand water (rain) and cover the framework to make a tent for the kids. — R. M.

DEAR POLLY — My Pet Peeve is having to pick up trash scattered by stray dogs. It seems the makers of trash bags could treat them with a dog repellent for a very slight extra charge. — MRS. R. B. H.

DEAR POLLY — Virginia asked for something to use to remove a sticky residue left on her refrigerator after adhesive-backed paper was removed. I have had excellent results with men's regular electric shave lotion. It is also good for removing price labels that stores put on some products. — OPAL

DEAR POLLY — Virginia could put some lighter fluid on a soft cloth and rub off that sticky residue left when adhesive-backed paper was taken off her refrigerator. When

DEAR POLLY — I have a small hook (a cup hook will do) on the inside of my closet door and a paper clip hangs from the hook. When I purchase a new item of clothing for anyone in the family I immediately attach the sales slip to the paper clip. No more lost receipts either. They are always handy if I need to return a garment. Naturally after several wearings or washings I cannot return the item so I throw away the receipts. — LINDA

Sweetens Sufficiently
 Cook fruit in as little water as possible and the natural sugar in it sweetens the sauce sufficiently. If a sweeter flavor is desired, add a small quantity of sugar as soon as it is taken off the stove. Stir until sugar is dissolved.

Flavoring
 Trim fat from roasts, steaks, and chops. Chop and mince fine and melt over low heat. When the fat has been rendered out, strain it and use it for flavoring soups and vegetables.

Midland Pi Beta Phi Pledges Reported Pairings Given At Club's First Fall Meeting

The home of Mrs. Hampton Hodges, 1200 Community Lane, was the setting Thursday for the Midland Pi Beta Phi Alumnae Club's opening fall meeting. Co-hostesses for a luncheon preceding the business session were Mrs. Scott Hickman, Mrs. John Ochsner, Mrs. Richard Stump and Mrs. Peter Crain. Mrs. William A. Heck, rush information chairman, announced the names of Midland girls who have pledged the sorority this fall at various Texas universities.

They are: Lisa Bedford, daughter of Mr. and Mrs. H. G. Bedford Jr., 1607 Stanolind St., and Kay Kennedy, daughter of Mr. and Mrs. M. W. Branum, 1400 W. Cuthbert St., Texas Christian University; Cynthia

Pairings Given For Tuesday Play

The Ranchland Hills Country Club Women's Golf Association announces pairings for Tuesday Play Day games.

The 18-hole flight pairings are:

Mrs. Paul Varner, Mrs. Beck Adams, Mrs. Byron Robbins and Mrs. I. R. Johnson; Mrs. R. E. Johnson, Mrs. Jerry Mobley, Mrs. J. D. Norton and Mrs. George Chomson; Mrs. B. E. Coats, Mrs. E. L. Brimberry, Mrs. George Barton and Mrs. Don Gibson; Mrs. O. A. Ritt, Mrs. Ruth Stover; Mrs. L. L. Fuller and Mrs. Gordon Eberhart; Mrs. M. A. Wagner, Mrs. David Head, Mrs. C. A. Roberts and Mrs. J. R. Colyer; Mrs. W. E. McCuen; Mrs. R. Robert; Mrs. W. E. Campbell and Mrs. ArDoe Morgan; Mrs. W. J. Vaughn, Mrs. R. W. Gault, Mrs. Marvin Wilcher and Mrs. B. J. Hinson; Mrs. E. O. Price; Mrs. Joe T. Moore; Mrs. Guy Proctor and Mrs. H. W. Donohoe; Mrs. Frank Dumas, Mrs. A. B. Davis, Mrs. James Mims and Mrs. G. W. Barth; Mrs. John Casey, Mrs. Jim Reed and Mrs. C. M. Smith; Mrs. Bert Lemons, Mrs. John Glahn and Mrs. James Wright; Mrs. Chandy Elliott; Mrs. Lloyd Mills and Mrs. E. M. Gorenson.

The nine-hole flight pairings are:

Mrs. H. W. Hooksthorpe, Mrs. J. J. LeBoeuf and Mrs. G. R. VanLandingham; Mrs. Joe Harmon, Mrs. Roger Goltz and Mrs. Brandon Smith; Mrs. John Martin; Mrs. D. Hendrix and Mrs. D. G. McMillan.

BSP Chapter Holds Meeting

The Xi Epsilon Epsilon Chapter of Beta Sigma Phi met recently at Midland Country Club for dinner and their first meeting of 1974-75.

Ten members were present with seven guests, Mrs. Tim Greenwell, Mrs. Wayne Richardson, Mrs. Robert King, Mrs. Edwin Heath, Mrs. Herbert Pope, Mrs. Sam White and Mrs. Edd Tucker.

The chapter voted to support a girl from Gristown as their major service project of the year as presented by Myrtle Russell, service chairman. The chapter will continue to usher at Midland Community Theatre and do various other community services as needed.

Darlene Derington announced that the garage sale held last week was a success.

Mrs. Wayne Richardson will affiliate with the chapter according to an announcement by Charline Shepherd.

Kathy York, social chairman, reported on the chapter's trip to Ruidosa, N.M. and the Summer Mummies party held in the summer. Sandra Hyer, president, read the flyers from the area convention to be held Oct. 11-13 in Midland and discussed the dresses members will wear.

It was voted that Jean Wilson will represent the chapter as valentine queen this year.

In other business, Mrs. Reynolds L. Foster, yearbook chairman, distributed the 1974-75 yearbooks, and Mrs. Jerry Metz, vice president, outlined program plans for the coming year.

Mrs. Everett Sharp, president, read a letter of greeting from the grand vice president of alumnae, Evelyn Peters Kyle of Pasadena, Calif. In her letter Mrs. Kyle stressed the importance of increasing membership in the Alumnae Department and discussed the national philanthropies and plans for the national convention to be held in Miami, Fla., next June.

Helen Giffert of Tulsa, Okla., was a guest at the luncheon.

En Amie Club Holds Luncheon

Mrs. W. F. Pennebaker reviewed a well known Broadway play when the En Amie Review Club met recently for a luncheon at the Elks Club. Mrs. Phillip Becker, president, presided.

Football decorations were used to decorate the luncheon tables, with colors of Midland high schools used.

Hostesses for the meeting were Mrs. Robert Watson, chairman, Mrs. Harold Clark, Mrs. W. N. Sands, Mrs. John Scherer, Mrs. Cecil Pope and Mrs. John C. Ryan.

Guests were Mrs. James G. Whiting, Mrs. Orin Feaster of Colorado City, Mrs. Wayne Darville, Mrs. Carl Echols, Mrs. E. P. Whealdon, Mrs. John Perkins, Mrs. D. H. Collins, Mrs. George Kingrea, Mrs. Calvin Campbell, Mrs. Samuel C. Terry, Mrs. W. M. Stanley, Mrs. Jack Evans Jr., Mrs. Joe Hill and Mrs. Gordon Reagle.

Altrusans Hold Luncheon Meeting

Mrs. J. P. H. McMullen, vice president, presided for a recent luncheon and business meeting of the Altrusa Club of Midland, Inc., in the Sheraton Inn. She also led the collect and gave the invocation.

Midland members will join Odessa and other area Altrusans on a chartered flight to Waco for the District 9 conference slated Oct. 18-20. Mrs. J. J. Carier, president and Mrs. McMullen, will represent the club as delegate and alternate.

Note paper, cards and namers have been ordered and soon will be available for the club's fund raising project, it was announced by Mrs. W. N. Keisling, treasurer.

Plans for entertaining and assistance at Leisure Lodge, were announced by Mrs. W. E. Stirman, community service chairman. This is one of the club's projects to aid senior citizens.

The club was represented at various civic ceremonies held recently, including dedication of the new Federal Building, presentation of the Bicentennial Flag, open house at the court house and a consumer education program by Walgreen Super Center, it was reported.

Mrs. William R. Cain Jr., a new member, received the Altrusa kit and pin from Mrs. Bertie Boone.

Guests were Mrs. E. E. Cunningham and Mrs. Robert Perry. Mrs. L. A. Curry, of the Midland Dairy Council, Inc., will be the guest speaker when the club meets at noon Sept. 26 in Sheraton Inn, it was announced by Mrs. Stirman.

Texas is full of surprises. Like coal.

In certain areas of Texas there are sizeable deposits of a soft coal called lignite. Several years ago Texas Electric, along with two other companies, began acquiring rights to some of this lignite because we saw that new supplies of natural gas and oil, our basic fuels, could become increasingly expensive and difficult to obtain.

Today, Texas Electric is using this lignite to generate electricity in our Big Brown plant near Fairfield. Two more lignite plants are under construction.

Using this lignite will help reduce our dependence on natural gas and oil. And one other advantage of using lignite for the generation of electricity is that it isn't being used extensively any other way.

But plants that use lignite cost a lot more than gas/oil plants. While this means electricity will have to cost more in the future, the cost won't be as much with lignite as it would be with natural gas and oil, even if we could get adequate new supplies.

At Texas Electric, we're continuing the orderly development of our power system so that you'll continue having the electricity you need.

"This is the great and first commandment and a second is like it. You shall love your neighbor as yourself. On these two commandments depend all the law and the prophets." — Matthew 22:38, 39, 40.

Constitution Meets Test

The Constitution of the United States has been put to the test in recent weeks and months... and, as Gerald Ford said on becoming President last August 9, "Our Constitution works!"

And he might have added, "Thank God for the Constitution and for the fact that it again has proved itself."

This then, establishes the theme for the observance of Constitution Week, which begins Tuesday.

This year, in the aftermath of Watergate and all which has occurred as a result thereof, Constitution Week assumes greater stature... an occasion meriting widespread celebration.

The observance in Midland is being sponsored by the Lt. William Brewer and Col. Theunis Dey Chapters of the Daughters of the American Revolution, as is their usual custom.

The nation is fortunate, indeed, in having organizations such as the D.A.R., willing to sponsor and promote this particular observance.

It should be noted in this connection that it was the Daughters of the American Revolution which, in 1955, was successful in getting Congress to designate Sept. 17-23 as Constitution Week.

The Constitution was adopted, just in case you had forgotten, on Sept. 17, 1787.

The Constitution, the greatest political document of all times, serves as an enduring set of principles designed to guarantee the framework by which we can govern ourselves in liberty, justice and order.

And it has endured through the years because the American people have desired it that way and have given it their loyalty and support. It could not and would not have endured without citizen support.

This is all the more reason why Americans should have a better understanding of their Constitution and what it means to them. And, incidentally, what does the U.S. Constitution mean to you? This is what Constitution Week is all about.

The Constitution protects our freedoms, but we in turn must protect and maintain it if the nation and its citizens are to hold fast to the American way of life.

The responsibility for protecting and maintaining the Constitution rests with the individual.

As President Lincoln said, "Let it (the Constitution) be taught in schools, in seminaries, and in colleges, let it be written in primers, in spelling books and in almanacs, let it be preached from the pulpit, proclaimed in legislative halls, and enforced in courts of justice."

Yes, the price of liberty is eternal vigilance!

Rip Van Sam

The Washington Merry-Go-Round

Jack Anderson Says: We merely are helping President Ford with his watch on waste.

WASHINGTON — With President Ford calling for government austerity, we have decided to help him by keeping a watch on waste. We will publish reports from time to time on government extravagance.

Postmaster General Ted Klessen, for example, ordered local postmasters to send postal vehicles to private garages for servicing.

But the private garages un- happily have been charging up to 50 per cent more for parts and repairs. When the extra charges are multiplied by 103,000 postal vehicles, the result adds millions to the cost of delivering the mails.

To make matters worse, the 5,000 employees of the government garages now are sitting around with little to do.

Price Differences We have obtained postal documents which show some of the price differences the taxpayers have underwritten. In Fort Lee, N.J., for instance, a private contractor charges \$3.50 for a gas line filter that is available for 38 cents in government maintenance centers.

A battery in Teaneck, N.J., set the taxpayers back \$44.90. The same battery costs only \$17.86 in government garages. The taxpayers also got stuck with a \$58 bill for two new universal joints, which were available at government garages for \$4.12.

We made spot checks in Detroit, Los Angeles and other cities, where we found similar examples. All across the nation, apparently, the taxpayers are paying excessive repair charges.

We also have found evidence of waste in the "star routes" which link post offices in different cities with airport terminals and other transportation outlets. Private contractors move the mail over about 14,000 star routes at an annual cost over \$262 million.

Possible Saving Government auditors concluded after an investigation that 16 of 85 star routes in Illinois could be eliminated, saving about \$185,000 not to mention 86,000 gallons of fuel.

The Illinois example, according to our information, is typical of the waste in other states. Since the 85 routes which the auditors investigated represent less than one per cent of all star routes, the waste could be staggering.

Footnote: Postal spokesmen say they are taking corrective action to straighten out the star routes and the maintenance mess.

ILLEGAL TRIP? A congressional delegation, headed by Sen. J. William Fulbright, D-Ark., has just returned from mainland China where they made headline news.

Now constitutional authorities tell us that the study mission may have been illegal, because it was financed largely by the Red Chinese.

The Constitution states unequivocally that no federal employ- ee shall accept any "emolument... of any kind from any King, Prince or Foreign State."

The House Ethics Committee recently was asked to interpret this clause. Concluded the committee: "Acceptance of travel or living expenses in specie of

football with President Ford that a former Ford aide told us he has now met "about 300 people who played football with him at Michigan."

The BIBLE Can You Quote It?

By LAVINA ROSS FOWLER

- 1. The kingdom of God cometh not with observation; neither shall they say, Lo here! or, lo there! for behold the kingdom of God is... Luke 17:21.
2. In which of Jesus' parables did someone become angry because he heard "music and dancing"? Luke 15:25.
3. Give another name for the city of Jerusalem beside Zion City of David. Isaiah 29:1.
4. In what way was the blood of the Paschal lamb used for the first Passover? Exodus 12:7.
5. "Take heed brethren, lest there be in any of you an..." Hebrews 3:12.
Four correct... excellent. Three... good.

TIMELY QUOTES

"We need a gun which will make a guy immobile for 45 minutes until we can get him in the station house. But there's no such weapon."
— New York City Police Department firearms expert commenting on some police departments issuing illegal "dum-dum" type bullets to officers.
"Kissinger has always been a political chameleon able to take on the coloration of his environment. Hawks and doves alike thought that they had found a kindred spirit in Henry."
— From the book "Kissinger" by Marvin and Bernard Kalb.

JACOBY ON BRIDGE

By OSWALD and JAMES JACOBY (Newspaper Bridge Columnists) Jim: "How about some articles on the Little Old Ladies?"

Oswald: "I can tell you one

Bridge hand diagram showing North-South vulnerable, West 6NT, East 1NT, Pass, Pass, Opening lead—9♣.

thing about them. They have become a lot younger of late. In fact, I would be inclined to refer to them as the Little Old YOUNG Ladies." Jim: "They all used to be underbidders. Today they are unpredictable. Point count is probably responsible." Oswald: "They sure got to me in a recent duplicate game."

DON OAKLEY Same Bad News... And Then Some Good News

WASHINGTON (NEA) — It's been said before: There's seldom a silver lining that doesn't have a dark cloud lurking behind it somewhere. Two current examples:

No. 1. Most 1975 American cars will be equipped with catalytic converters which, at an added cost of a couple hundred dollars a unit, will change carbon monoxide and other hydrocarbons in the exhaust into harmless water and carbon dioxide. That's good.

Unfortunately, the Environmental Protection Agency belatedly has discovered that the converters will cause a pollution problem of their own. They will generate .05 grams of sulfuric acid per mile in a fine mist from exhaust systems. Cars without converters give off no sulfuric acid.

"We got into this fix," says John Moran, director of the EPA's \$3.5-million study of auto emission problems, "because those of us in the research community looked only at reducing the level of pollutants already in exhaust fumes and did not look at the entire question to determine ahead of time what side effects the catalytic converters might have."

No Hazard But not to worry too much. The sulfuric acid won't develop into a health hazard for "at least two years" and will not affect healthy, normal people but only those with existing respiratory ailments, and then only in areas with high vehicle densities, such as freeways, city streets and shopping centers. Lotsa luck.

No. 2. The National Safety Council reports that highway fatalities in the first seven months of this year were 22 per cent lower than in the same period in 1973. That's good.

Unfortunately, says a University of Chicago transplant surgeon, this otherwise happy circumstance has brought about a shortage of donated kidneys available for transplant.

In Illinois, says Dr. J. Lawrence Hill, kidneys were obtained from 38 donors in the first six months of this year, versus 43 last year. He attributes the lower number this year to reduced traffic deaths.

Many more Americans are going to be put on dialysis (kidney machine) treatment under new Social Security coverage, says Dr. Hill. But their chances of obtaining a transplant may decrease unless more donated kidneys are somehow made available.

DURING THE LAST DECADE, 3,900 new golf courses, including additions to existing facilities, have opened for play throughout the United States.

The number has ranged from over 500 in 1965 to 266 in 1972 — a yearly average of 390. Last year, 322 new courses were opened, led by Ohio, with 34; Michigan, 25; California, 23; Florida, 21; Texas, 17; Colorado, 15; Tennessee, 14; Iowa, 13, and North Carolina, 11.

As the nation's official clearinghouse on golf information, the National Golf Foundation has records on golf course growth since 1931. Each year, all new courses are added to NFG's computerized national inventory.

In 1931, there were 5,691 golf courses of all types in plan. In 1961, the total was 6,623, or a net increase of only about 16 per cent. But between 1961 and 1973, the inventory jumped to 10,870, an increase of 64 per cent in 12 years.

Between 1931 and 1973, 5,180 daily fee and municipal courses were opened, as opposed to only 377 new private courses. This tremendous growth in public courses, says the Urban Land Institute, clearly brings into focus the trend in golf courses development in recent years: Golf no longer belongs to the few; it is everybody's game.

Another startling fact, says the Institute, is the great increase in the number of golf courses in the last decade, says of Scotch whiskey, Canadian whiskey and vodka (three forms of light liquor) have all increased more than 100 per cent.

The Country Parson

By Frank A. Clark

"Something you've grown always is more fun to share than something you've hoarded."

RALPH NOVAK Newlyweds First Crisis Marked End Of Honeymoon

NEW YORK (NEA)—Everybody said it wouldn't last when Jerry and Samantha began their honeymoon. After all, it had been more or less a shotgun wedding and even Jerry had been surprised when Samantha and Dick split up so fast, since everybody expected them to stay together for at least another couple of years.

But Jerry kept smiling proudly and saying things that sounded good. And Samantha just giggled thankfully, nodding her head in agreement and telling everyone how wonderful it was that their relationship was so open, while Jerry went into the back room to talk things over with his buddies.

It looked then as if it might be one of those matches that are made in heaven, or at least by a sensible merger consultant. People began to talk about how Samantha was going to want to stay with Jerry for a long time, maybe even as long as 10 years (which would be as long as she could take, her constitution being as sensitive as it was).

Even the best man, little old J. F., was bouncing around as happy as could be, talking about what a great honeymoon it was and all. Jerry liked to toast his own muffins, old J. F. kept saying, and could anyone who liked to toast his own muffins be all bad?

That was why it all came as such a shock when Jerry told Samantha she was being too hard on Dick and that as long as he was the new head of the household, he didn't want anybody rocking the boat. So what if Dick had gotten mixed up with the wrong crowd and gotten himself in trouble? Didn't a guy have a right to sow a few wild oats once in a while, even if he did mortgage the house and furniture in the process, Jerry said?

Samantha didn't like this. She began to rant that Jerry was just like all the other men. They only wanted one thing and when they got that, they began to talk about their privileges and it all went to their heads. She reminded Jerry how she could have married Nelson or George or Ronnie, and how she knew some fellows still who would be only too glad to marry her, like Teddy and Henry and maybe even that dirty old man Hubert.

Jerry said, well, he knew what was best and she shouldn't let it bother her pretty little head. In fact, she began whacking him with a poll, which prompted Jerry to shout, "Sticks and stones can break my bones but polls really get me where it hurts." But even old J. F. up and left, saying he didn't want anything to do with such goings on.

The argument finally simmered down after a while. Jerry

SALES INCREASE In the last decade, sales of Scotch whiskey, Canadian whiskey and vodka (three forms of light liquor) have all increased more than 100 per cent.

Second Lieutenant Faramarz Karamjani, returning to Iran for further training.

Today In History

By The Associated Press
Today is Monday, Sept. 16, the 256th day of 1974. There are 109 days left in the year.

Today's highlight in history:
On this date in 1940, President Franklin Roosevelt signed the Selective Service Act, setting up the first peacetime military draft in U.S. history.

On this date —
In 1630, the village of Shawmut, Mass., changed its name to Boston.

In 1638, the future French king, Louis XIV, was born.

In 1860, slave trading was forbidden in the District of Columbia.

In 1863, the Civil War Battle of Antietam began in Maryland.

In 1945, after World War II, Japan surrendered Hong Kong to the British, and the Union Jack was raised over Government House in the crown colony.

Ten years ago: It was announced that a cease-fire had gone into effect in Yemen, ending a two-year civil war that had involved opposing forces from the United Arab Republic and Saudi Arabia.

Five years ago: Miss Angie Brooks of Liberia was overwhelmingly elected president of the 24th General Assembly of the United Nations.

One year ago: Democratic Senator Walter Mondale of Minnesota urged Congress to create a study commission to recommend methods to insure that the White House would be accountable to the American people and the Congress.

Today's birthdays: Actor Peter Falk is 47. Guitarist Charlie Byrd is 49.

Thought for today: Think wrongly, if you please; but in all cases think for yourself — Gotthold Lessing, German dramatist and critic, 1729-1781.

Texas Bird Bites Dust

WORTHINGTON, Minn. (AP) — Worthington's entry in the second annual Great Gobbler Gallop easily beat a Texas turkey during festivities at the southwestern Minnesota community's 34th annual King Turkey Day.

The Minnesota turkey "Paycheck" flapped 15 yards down Worthington's main street in a winning time of :56.3 seconds Saturday.

The Texas bird "Ruby Begonia II" — now expected to be replaced for the second heat of the race in Cuero, Tex., Sept. 29 — finished a distant second in 1:58.3.

Bubba Steen, one of the Texas turkey's handlers, cried "fowl" after the competition. Steen contended a little boy in the crowd that lined the street shook a bag of popcorn he was munching in their turkey's face, diverting the bird into the crowd.

Meanwhile, Paycheck's fans said they were pleased with their entry's performance since they had entered their second fastest turkey in the race.

"We had a better one, but we couldn't catch it," said Glenn Peterson, who trained Paycheck. Steen said Ruby "ran like a dog" and the Cuero bird will be the guest of honor at a Thanksgiving dinner in November — as the main course.

Moyers To Write Newsweek Column

NEW YORK (AP) — Newsweek magazine has hired former White House press secretary Bill D. Moyers to write a monthly column.

Moyers, who served as press secretary to President Lyndon B. Johnson, will begin appearing in Newsweek starting in the Sept. 23 edition, said Newsweek editor Osborn Elliott.

Moyers served as publisher of Newsday, the Long Island daily, from 1967 until 1970. He most recently was host of "Bill Moyers' Journal," an Emmy award-winning series for the Public Broadcasting Service.

Blench To Become Coggan Successor

LONDON (AP) — Bishop Stuart Yarworth Blench of Liverpool has been approved as the next archbishop of York.

He will succeed Dr. Donald Coggan, who becomes archbishop of Canterbury and primate of all England in November.

Pardon Already Becoming Democratic Campaign Issue

By CARL P. LEUBSDORF
WASHINGTON (AP) — Democrats are starting to inject President's Ford's pardon of Richard M. Nixon into the mid-term campaign at the same time a survey shows them headed for a strong showing in November.

Underlining Republican fears that Ford's action may revive Watergate-related issues at the GOP's expense, Democratic gubernatorial candidate Hugh L. Carey in New York and Senate hopeful Jonathan Marshall in Arizona have questioned the pardon.

And in California, Sen. Edward M. Kennedy, D-Mass., launched a weekend of campaigning for Democratic candidates by blasting Ford. "It was the wrong time, the wrong place and the wrong person to

receive a pre-indictment, pre-conviction pardon," he said.

Their moves came as an Associated Press survey showed that Republicans appear headed for substantial losses this November. Despite some revived morale since Ford assumed the presidency, the GOP could lose two to six Senate seats and governorships, and possibly up to 40 House seats.

Carey, opening his campaign against Republican Gov. Malcolm Wilson, said he would make an issue of Wilson's refusal to comment on the pardon and other Watergate-related issues.

"The governor of New York has a national voice, and he must speak to national issues and issues of conscience," Carey, a congressman from Brooklyn, declared.

In Arizona, meanwhile, Mar-

shall, a Scottsdale publisher, opened his uphill drive against Republican Sen. Barry Goldwater by blasting the senator's support of the Nixon pardon.

"Why have these outspoken proponents of law and order gone along with this mockery of the law?" he asked.

The best Republicans can hope for, according to the survey by AP bureaus in all 50 states, is to hold losses to about 7 governorships and 15 House seats while breaking even in the Senate.

Democrats control the Senate 55 to 42, the House 248 to 187 and the governorships 32 to 18. Though most Senate and governor seats being contested this year are held by Democrats — 20 of 34 Senate seats, 23 of 35 governorships — few Democratic incumbents are rated in serious difficulty.

Carey, who won an uphill primary battle last week, seems likely to give a stern test to Wilson, who became governor when Nelson A. Rockefeller resigned last December. Democrats consider their chances better than in any year since Rockefeller was first elected in 1958.

In California, where Republican Gov. Ronald Reagan is retiring, the Democrats also are mounting a strong bid.

Polls show their candidate, Secretary of State Edmund G. (Jerry) Brown Jr., son of Reagan's predecessor, leading Republican Houston I. Flournoy.

Democratic triumphs in California and New York could give the Democrats control of the nation's six largest states going into the 1976 presidential election.

Democratic Govs. John J.

Gilligan of Ohio, Milton J. Shapp of Pennsylvania and Dolph Briscoe of Texas are considered leading in re-election bids, while Democratic Gov. Daniel Walker of Illinois is midway through his four-year term.

Democrats also hope to capture Republican-held governorships in Connecticut, Massachusetts, Arizona and Oregon. The only incumbent Republican governor running is Francis W. Sargent of Massachusetts.

The best GOP hopes to gain governorships held by Democrats appear to be in Maine, New Mexico and Oklahoma. None has an incumbent running.

The Republican problem in the Senate races is shown by the survey's finding that 13 Democrats are considered virtually certain winners, in-

cluding non-incumbents John H. Glenn Jr. in Ohio and Dale Bumpers in Arkansas. With 38 holdovers, that would give the Democrats the Senate majority of 51.

Five other Democrats are considered ahead, Sens. George McGovern of South Dakota, Birch E. Bayh of Indiana, Mike Gravel of Alaska, Thomas F. Eagleton of Missouri, and Robert Morgan, seeking the North Carolina seat of retiring Sen. Sam J. Ervin Jr.

The Democrats also expect to win the Florida seat held by Republican Edward J. Gurney, who withdrew following his indictment on federal bribery, perjury and conspiracy charges. Rep. Bill Gunter and Secretary of State Richard Stone meet in an Oct. 1 Democratic primary runoff.

Four Republican incumbents

face difficult races: Sens. Marlow W. Cook of Kentucky, opposed by Gov. Wendell H. Ford; Peter H. Dominick of Colorado, opposed by 1972 McGovern manager Gary W. Hart; Robert Dole of Kansas, running against Rep. William S. Roy, and Milton R. Young of North Dakota, opposed by former Gov. William Guy.

Republicans' chances of holding the seat of retiring Sen. Wallace F. Bennett are improving in Utah, where Mayor Jake Garn of Salt Lake City opposes Democratic Rep. Wayne Owens. The GOP also hopes to pick up the seats of retiring Democratic Sens. Alan Bible of Nevada and Harold E. Hughes of Iowa.

Republican Sen. Charles McC. Mathias Jr. of Maryland, is expected to be re-elected. Six other Republicans are considered ahead, Sens. Jacob K. Javits of New York, Richard S. Schweiker of Pennsylvania, Henry L. Bellmon of Oklahoma and Bob Packwood of Oregon, Goebel.

and Reps. Richard W. Mallory and Louis C. Wyman, seeking the seats of retiring Republican Sens. George D. Aiken of Vermont and Norris Cotton of New Hampshire.

In House races, Democrats hope to gain in California, Connecticut, Indiana, Illinois, Kentucky, Maryland, Minnesota, Montana, New Jersey, New York, Ohio, Oregon, Texas, Virginia and Wisconsin.

Many of their targets are seats in which Republicans have retired. Similarly, Republicans hope to pick up the seats of Senate hopeful Rep. John C. Culver, D-Iowa, Gunter, Owens and Roy.

Republicans hope to win back several seats they lost in special elections last spring, particularly in Cincinnati, where Willis Gradison Jr. is again opposing Rep. Tom Lu-ered ahead, Sens. Jacob K. Javits of New York, Richard S. Schweiker of Pennsylvania, Henry L. Bellmon of Oklahoma and Bob Packwood of Oregon, Goebel.

This Old House Needs...15 Pounds Of Keys

BREESE, III. (AP) — Charles Walter has to carry 10 keys to his home. "Those are the vital ones that we use," he said.

Walter, 34, his wife, Loretta, and their seven children share a 107-room, 20-bath home complete with elevator, dumbwaiter, two acres of lawn, 500 feet of hedges, a laundry house, a tunnel, a kitchen big enough to feed more than 100 persons.

A new hospital had been built and Breesee was about to demolish the old one, built in 1884. A for sale sign hung out front and the Walters bought it for \$60,000.

Mrs. Walter said that for the price they couldn't have gotten a much smaller house, let alone 107 rooms. "Who could build a 20-room house for that?" she asked. "With an elevator?" her husband added.

"We use every room in the

parking for 20 and a delivery room, which is occupied by Mrs. Walter's mother.

Their home used to be a hospital.

Until last year they lived in a house, ran a ceramics business from it and felt cramped. One day they were out driving and "happened to glance by this way as we were looking for a bigger place."

A new hospital had been built and Breesee was about to demolish the old one, built in 1884. A for sale sign hung out front and the Walters bought it for \$60,000.

Mrs. Walter said that for the price they couldn't have gotten a much smaller house, let alone 107 rooms. "Who could build a 20-room house for that?" she asked. "With an elevator?" her husband added.

"We use every room in the

building, one way or another," Walter said. His basement is jammed with ceramics equipment. The first floor is a shop used as a classroom for hobbyists. The family lives on the second floor and the third is for grandma, house guests and storage.

There can be problems in learning to live in a 107-room house. All the doors on the halls look alike. Finding switches for hall lights, or a fuse box, can be a challenge.

Alexander, their 3-year-old, still gets lost. "We spend our time yelling, 'Where are you?'" his mother said. They installed an intercom but found yelling through the laundry chute serves as well.

Heating the home is a chore. "It's all steam heated, coal stoked and one helluva job to keep up with," said Walter, who does all the maintenance work. On cold days it consumes a ton of coal that costs \$27 and has to be shoveled by hand.

In a small town people wonder about a family living in a hospital, especially one that most of them have been patients in.

The Walters had an open house. It was a smashing success. Said Mrs. Walter: "An old man told me it was the first time he'd got out the front door without paying."

French Aerialist Will Join Circus
NEW YORK (AP) — French aerialist Philippe Petit has left for Paris but he says he will return Oct. 10 to join the Ringling Brothers Circus.

The 25-year-old high wire artist, who gained nationwide attention when he walked across a wire between the two towers of the World Trade Center, boarded a plane for Paris Sunday night.

Midlander Gets Speech Degree From University
AUSTIN — Sally Kay Ervin Hurta, 2011 Harvard Ave., Midland, was among the more than 100 University of Texas seniors who were candidates for bachelor's degrees from the School of Communication at the close of the summer semester.

The Midlander's degree was Bachelor of Science in Speech.

Steer Roping Champ To Compete At Ranch Benefit
POST — Olin Young of Peralta, N.M., newly crowned 1974 world champion, will head a field of 32 of the nation's top steer ropers from five states competing in the fourth annual OS Ranch Benefit Steer Roping near here Sept. 29 for a cash jackpot of approximately \$15,000.

Young, who won the recent National Steer Roping Finals at Laramie, Wyo., has earned an all-time record of \$12,416 in Rodeo Cowboy Association sanctioned steer roping events this year.

The big celebration actually will get under way the preceding day. The event is termed the greatest Western show in West Texas.

An estimated 100 roping teams, 40 invited calf ropers, and 50 or more women's barrel racers will compete on Sept. 28 in the OS Ranch's big roping arena. All proceeds will go to the West Texas Boys Ranch at Tankersley.

The other part of the big benefit weekend will take place in the renovated OS ranch house the same two days when 40 of the nation's best cowboy and Western artists place more than \$225,000 worth of paintings and sculpture for exhibit and sale.

9:00 THE HAWK

James Arness is Matt Dillon, marshaling the good guys for another season of shoot-it-out and lock-em-up western justice. Co-starring Milburn Stone and Ken Curtis.

Maude and Walter have a perfect love-hate relationship: she loves to win arguments and he hates to lose. Beatrice Arthur is the eminently audible Maude.

Rhoda's on her own with exciting new friends, a new job that's a hassle-a-minute, and a man in her life who creates a special brand of comedy complications. Valerie Harper stars.

Join Buck Owens and Roy Clark along with all the Hee Haw gang for country humor, music and song.

Officers Call Off Intensive Search For Trooper's Slayer

TEMPLE, Tex. (AP)—Law shortly after two men robbed the bank robbery at Wal-enforcement officers have the Walburg State Bank Satur-called off an intensive search day of about \$2,000 and shot to for one of two men who robbed death highway patrolmen Hollie a bank and then shot to death a Tull 48 during their escape. Tull had stopped a car constate trooper. More than 200 men searched taining two men in Temple Sunday on foot, on horseback when he was shot and left dy-and in cars and helicopters ing by the road. Roadblocks were lifted Sunday. A car was found abandoned night and officers said they near the Temple city dump would maintain some type of a short time later. The search surveillance had concentrated in this area. Police arrested one man. Three person were shot dur-

New Way Found To Stop Hair Loss, Grow More Hair

HOUSTON, Texas—If you baldness and cannot be don't suffer from male pat-held.

But if you are not already stop your hair loss... and grow more hair.

For years, they said it couldn't be done. But now a firm of lab-oratory consultants has devel-oped a treatment for both men and women, that is not only stop-ping hair loss... but is really grow-ing hair.

They don't even ask you to wait until you are sick bald and take their word for it. They in-struct you to try the treatment for 12 days at their risk and see for yourself.

Naturally they would not offer this opportunity unless the treat-ment worked. However, it is im-possible to help everyone.

The great majority of cases of excessive hair fall and baldness are the begin-ning and more fully devel-oped stages of male pattern

hair loss. If you are not already bald, how can you be sure what is actually causing your hair loss? Even if baldness may seem to "run in your family," this is certainly no proof of the cause of YOUR hair loss.

Hair loss caused by sebum can also run in your family, and many other conditions can cause hair loss. No matter which one is causing your hair loss, if you wait until you are sick bald and your hair roots are dead, you are beyond help. So, if you still have any hair on top of your head and would like to stop your hair loss and grow more hair, now is the time to do some-thing about it before it's too late possible to help everyone.

Jessich Laboratory Consultants will supply you with treat-ment for 32 days at their risk cases of excessive hair fall if they believe the treatment will help you. Just send them the information listed below. All in-quiries are answered confidentially by mail and without obli-gation.

Gray Skies, Drizzly Weather Help Hold Down Texas Deaths

By The Associated Press
Gray skies and drizzly weather in many areas apparently helped to hold down the number of violent deaths in Texas during the weekend.

An Associated Press tabulation listed 15 fatalities between 6 p.m. Friday and midnight Sunday, including seven in traffic.

These were among the victims:
Dr. E. P. Albright, an Athens dentist, and his wife Jean died Sunday when their light plane

hit a high power pole guy wire near Hillsboro and crashed. Bodies of two women were found southeast of Tyler and about 20 miles apart Sunday and officers searched for a man charged with two slayings in Rusk County. The bodies were those of Vickie Morris, 20, shot and left in a wooded area after being reported missing Saturday night, and Dolly Jonas, 22, of Tyler, found about 20 minutes after she disappeared Sunday afternoon. Terry Lynn Harvey, 21, was killed Sunday in a one-car acci-

dent at Belmead, a Waco suburb. State trooper Hollie Tull died Saturday in a burst of gunfire from a car he stopped near a Temple in the investigation of a robbery at the Walburg State Bank. Two Sulphur Springs youths, Raymond Thomas Johnson, 19, and Bentley Beers, 16, died Friday night when their motorcycle crashed head-on with a car 10 miles west of Sulphur Springs on Farm Road 275. Herbert A. Anderson of Galveston died Saturday when his car jumped a curb there and struck a tree. A freak accident at Beaumont Saturday killed Nelson Kershaw Jr., 16. He was struck by a bucket of dirt being lifted by a crane at American-Darling Valve & Manufacturing Co. David P. Hutchinson, 20, of Irving died Saturday in a motorcycle accident in Dallas. Aca Williams, 43, was shot to death Saturday at Dallas in what police said was an argument. A search continued today for Drusilla Knowles, 27, who was swept from a sailboat by strong winds Friday night on Lake Ray Hubbard east of Dallas. Gerald W. Payne, 18, of Abilene was killed Saturday in a field representative and served one car accident south of Abilene. Pablo Sosa, 71, died Friday night when struck by a hit-and-run driver on a San Antonio street.

TSTA Aide To Explain Legislative Proposals
The Midland County Teachers Association (MCTA), an affiliate of the Texas State Teachers Association (TSTA), will hold its first general meeting of the College, a M. Ed. degree from Texas Tech and has completed 26 at San Jacinto Junior-High School.

The featured speaker will be A. H. Hooser, director of governmental relation division of TSTA. He will speak on "The 1975 TSTA Legislative Program."

"This year's TSTA legislative program promises to be one of the most challenging ever," Romeo Canales, principal of DeZavala Elementary and president of the local unit, said.

"Hooser drafts all of TSTA's bills and is the most knowledgeable person in this area," Canales added.

Major legislation to be proposed by the state teachers' organization includes:
—A revamping of the basic funding program to public schools in Texas.

—Improvement in retirement benefits for teachers, including those who now are in retirement.

—Salary increases that would raise Texas' base teacher pay to the national average. (Texas now ranks 37th among the 50 states and pay about \$1,000 less than the U.S. average.)

—Improved guidelines on professional consultation and dismissal practices in Texas public schools.

Bristol Named To Church Post
ABILENE — Dr. Ray Bristol of Midland Saturday was named president of the cabinet of the West Central Area of Christian Churches in Texas. The selection was made in a meeting held in the First Christian Church here.

Dr. Bristol, former pastor of the First Christian Church of Midland, is now executive director of the Pastoral Counseling Center in Midland.

Dr. Bristol and the Rev. John Long, pastor of Midland's Memorial Christian Church, were among those named to a committee to make recommendations for the allocations of scholarships.

The cabinet adopted a budget of \$14,220, up \$1,000 from this year's budget.

Reports were presented on the needs of the Brownwood retreat facility. Detailed recommendations will be made at the assembly meeting in Midland Nov. 23.

Ray Appointed To H-SU Position
ABILENE — Dr. David Ray, formerly pastor of Lubbock's First Baptist Church, today assumed the post of assistant vice president for development at Hardin-Simmons University. He was pastor of the Lubbock church from 1967-72.

Turkish Premier Plans To Resign
ANKARA, Turkey (AP)—Premier Bulent Ecevit announced today he would resign in the next few days because of a split in his coalition cabinet. Political observers believe that Ecevit, a national hero since Turkey's triumphal invasion of Cyprus, would be asked to form another coalition or a minority government.

Rodeo Bowl Events Set At Big Spring
BIG SPRING — An open jackpot barrel race and novice jackpot barrel race will be held at 7 p.m. Saturday in the Rodeo Bowl here in conjunction with the Howard County Fair and the Open Youth and Adult Horse Show.

Entries for the jackpot barrel races will be accepted on the grounds. Further information is available through the County Extension Office.

Staubach, Dallas Defense Turn Back Falcons, 24-0

HEAVY TRAFFIC—Houston Oiler running back Ronnie Coleman (47) plows over tackle for two hard yards against San Diego's Chargers in NFL opener at Houston. Oilers came up with rare 24-14 win. (AP Wirephoto.)

By TOM SALADINO
AP Sports Writer
ATLANTA, Ga. (AP) — "It was a good way to start, and our defense had a great game," Dallas Coach Tom Landry said after his Cowboys blanked the stumbling Atlanta Falcons 24-0 Sunday in a National Football League opener for both clubs.

Landry said in advance he felt it would be "a very close game" but Cowboy quarterback Roger Staubach, still recovering from broken ribs, marched Dallas to 17 points over a 12-minute span starting late in the opening quarter and it was virtually over for the Falcons.

"They had a chance in the third quarter to get back in the game," Landry observed after the Cowboys fumbled twice deep in their own territory, but the defense rose to the occasion

The Midland Reporter-Telegram

SPORTS

18—MONDAY, SEPTEMBER 16, 1974

both times.

"The defense threw them back both times and that was the ball game," he said.

Staubach suffered cracked ribs against New Orleans in a pre-season contest and had played only a few minutes in the last four weeks.

Staubach scrambled nine yards for a touchdown with 4:12 left in the first quarter and then threw a 52-yard bomb to Golden Richards with eight minutes left in the half. In between, Mac Percival kicked a 33-yard field goal.

Robert Newhouse scored from one yard out in the closing minutes for Dallas' other points.

"We won," said Staubach, "but I thought our offense was a little sloppy. I haven't played in a month but that's no excuse. We did have some breaks and our defense played extremely well."

"Atlanta is really a class team. We've had some games like that and came back." Echoing those sentiments was

Atlanta Coach Norm Van Brocklin, whose club managed but 108 yards on offense while starting quarterback Bob Lee connected on only 4 of 23 passes for 28 yards. The Falcons also coughed up the ball five times, losing it on fumbles.

Kelcher Ready For Release
DALLAS (AP) — SMU defensive tackle Louie Kelcher, hospitalized at halftime of the Saturday night SMU-North Texas State football game, should be released by Monday, school officials said.

Rankin Pair Wins
RANKIN — Deanie Titsworth and Jimmy Weatherbee of Rankin combined for a 97 here Sunday at the Rankin Country Club to win top honors in a one-day golf tournament.

Dwayne Turner of Rankin teamed with Sonora's Johnny Howard to post 100 for second place, winning a playoff over Terry Lester and David Gage of Midland.

Patriots Upset Miami; Steelers, Vikings Win

By The Associated Press
You can grade the National Football League's opening day D for defense.

Don't feel too sorry for the Miami Dolphins, 24-24 upset losers to the New England Patriots in their NFL opener Sunday. After all, the defending world champions did score three touchdowns and a field goal, and that's considerably more than some clubs managed on a day of defense-dominated openers.

Baltimore was shut out by Pittsburgh 30-0 and Atlanta was blanked by Dallas 24-0. St. Louis managed only one touchdown, but that was enough to whip Philadelphia, which managed only one field goal, 7-3.

Cincinnati ripped Cleveland 33-7. Washington tagged the New York Giants 13-10, Chicago topped Detroit 17-9, Los Angeles beat Denver 17-10, Minnesota whipped Green Bay 22-17, Houston downed San Diego 21-14, San Francisco shaded New Orleans 17-13 and Kansas City stopped the New York Jets 24-16.

The NFL's opening weekend concludes tonight with Buffalo facing Oakland in a nationally-televised game.

Patriots 24, Dolphins 24
While the defenses ruled other games, Miami's didn't seem ready. Jim Plunkett picked the Dolphins apart for 177 yards and running backs Mack Heron and Sam Cunningham gained 88 and 87 respectively as the Patriots sprung their surprise on the Super Bowl champs. The 34 points were the most allowed by the Dolphins since 1971.

New England ran up a 31-10 margin and then held off a late Miami comeback. Larry Conka scored two TDs for the Dolphins.

Cardinals 7, Eagles 3
Jim Hart's four-yard scoring pitch to Donny Anderson produced the game's lone touchdown as St. Louis defeated Philadelphia.

Redskins 13, Giants 10
Mike Bass returned an interception for one touchdown and then recovered a fumble to set up another in Washington's victory over the New York Giants.

49ers 17, Saints 13
New Orleans was leading 13-10 with less than two minutes to play but punter Donnie Gibbe fumbled a snap and was swarmed under by five San Francisco defenders, turning the ball over to the 49ers.

On the next play, Sammy Johnson went nine yards for the winning touchdown.

Steelers 30, Colts 0
Pittsburgh fans were hooting quarterback Joe Gilliam during the first period when the Steelers' new signal caller managed only two completions for 12 yards.

But Gilliam erased the boos with two touchdown passes, gaining 257 yards through the air to lead Pittsburgh to its romp over Baltimore.

Chiefs 24, Jets 16
Kansas City intercepted Joe Namath four times with Marvin Upshaw and Emmett Thomas returning two of the thefts for touchdowns.

Rams 17, Broncos 16
Cullen Bryant returned a Denver kickoff 84 yards for a rally-killing touchdown that helped Los Angeles past the Broncos.

Oilers 21, Chargers 14
Houston won its first opener since 1970 and its first home game since 1972, beating San Diego on three touchdowns by George Amundson.

Amundson scored twice in the first period and then, after the Chargers had battled back to tie, he delivered the fourth-period game-winner on a three-yard plunge.

Vikings 32, Packers 17
Green Bay stayed with Min-

nesota for a while but turnovers eventually caught up with the Packers. The Vikings forced Green Bay to cough up the football four times and scored after three of the turnovers.

Chuck Foreman had three of the Minnesota touchdowns.

Bengals 23, Browns 7
Cleveland was leading 7-0 with 18 seconds left in the first half when Kenny Anderson hit Isaac Curtis with a 49-yard pass that set up Boobie Clark's one-yard run for the tying TD.

After that, it was all Cincinnati as the Bengals won their 14th straight home game. Anderson threw touchdown passes to Curtis and Bob Trumpy.

Bears 17, Lions 9
Gary Huff hit Charlie Wade with two long passes, one for 73 yards and another for 43, setting up Chicago touchdowns that beat Detroit.

Surprises Sprinkle Early 5-4A Returns

The only thing discouraging about the 2-6 records of Midland Lee and Midland High is that everybody else in District 5-4A is in the same boat, save J-I Abilene, and while last year's league race was balanced out of weakness, if there's the same balance this year, it will be from strength.

If the league isn't stronger overall, the 16-1 record against outsiders is a pretty good camouflage job. Last year at the same stage, 5-4A showed an 11-5 record.

Perhaps the biggest surprises are Odessa Permian, Odessa and Big Spring. The Broncos have shown enough in two victories to date to rank as a contender once again, which is surprising in view of the graduation losses suffered.

Permian and Big Spring are surprises in that both have stepped out of character. Permian ran to a share of the district title last year and Coach John Wilkins sometimes bemoaned the lack of an effective air auxiliary arm to go with it in 1973.

In beating Amarillo, 20-7, the Panthers struck through the air for all three of its scores and gained 132 yards through the air lanes and now Wilkins is worried about his running game.

Coach Bob Burris' pass patterns keep opposing coaches awake nights trying to defend, but in Big Spring's 13-6 win over Hobbs, N.M., Friday, the Bovines threw just five times for one completion and 13 yards. The running game accounted for 317 yards. It may be because the Tom Sorley to J. T. Smith passing and receiving team is gone, or it might be because the Steers are a sounder football team this year.

Midland Lee, meanwhile, hopes Friday's win over Snyder is an indication that last year's 3-7 season can be forgotten as a bad

Battle Scene
By Ted Battles

dream.

This was the Rebels first severe test and, after recovering from a shaky start, it served to verify that impressive showings against Lubbock Coronado in a preseason scrimmage and against Lubbock mean a stronger Rebel team.

Defense, which was expected to be Lee's strong suit early in the year, proved the difference in the 19-12 win at Snyder Friday as the Rebels kept fullback Weldon Cobb in reasonable check and converted two of three fumble recoveries into touchdowns and sealed the Tigers' doom with a pass interception late in the fourth quarter.

While the Rebels got their first test Friday, Midland High will receive its stiffest pre-district assignment Friday in Memorial Stadium against Lubbock Monterey after impressive wins over Amarillo Tascosa and Eastwood.

Tascosa, beaten 24-6, could be a significant win. The Rebels bounced back to beat Plainview last week, 14-7, but it's too early to tell how strong the Panhandlers may be. Eastwood, of course, was a mismatch.

While Monterey was beaten 24-6 last week, the loss was to state-ranked and apparently powerful Wichita Falls Rider. And the Plainsmen has a tradition of being tough on the Bulldogs. Year-in and year-out Monterey is Midland's most formidable pre-district foe.

Last year Midland was 6-3-1 and the tie was put there by Monterey.

DARK STILL WORRIED—A's Floor Texas

ARLINGTON, Tex. (AP) — In what Oakland Manager Alvin Dark said was "the biggest game of the year," the defending world champion A's all but punched the streaking Texas Rangers out of the American League Western Division race Sunday night.

A two-run homer by Sal Bando and Rolfe Fingers' four and two-thirds innings of three-hit relief paced the A's to a 4-1 victory and stretched the gap

to five games between them and the surprising Rangers.

"That should take the wind out of their sails," said Fingers. "If they had won, it could have been tough with the momentum they've been generating."

"That was a big game no doubt," Dark said. "It could have been three or five and would have been the sixth straight time they had beaten us. I'm still worried because it's not over but I feel a lot better."

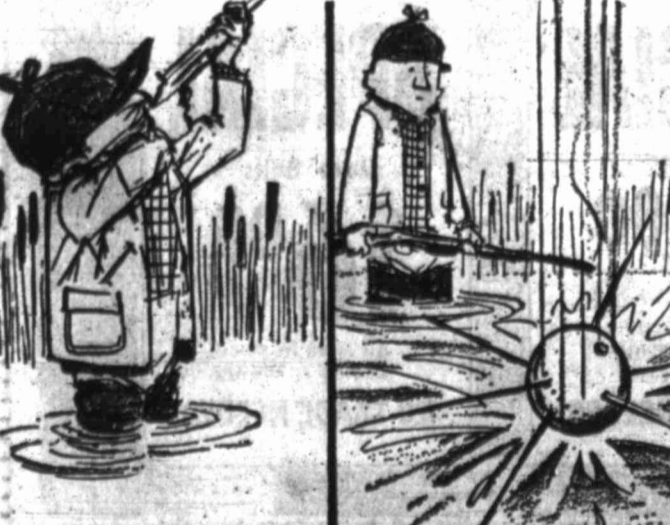

There are 14 games remaining on the schedule with any combination of Oakland victories and Ranger losses totaling 10 putting the A's into the playoffs.

Bando crashed his homer in the third inning off Jim Bibby who absorbed his 17th loss against 19 victories. Fingers is now 9-4.

"That should make it tougher for the Rangers now," said Bando who was embroiled in a brief scuffle with Ranger first baseman Mike Hargrove in the fifth inning.

Bando accidentally spiked Hargrove and said, "I walked over to tell him so. He got madder and I told him if I had meant to spike him I would have done a better job."

Both players wrestled on the ground before it was broken up. Hargrove later apologized.
