Reeves Field Draws Second Pay Horizon

Gulf Oil Corp. has completed No. 1-GU A. T. Randolph, et al-State as a Pennsylvania gas pay opener and fifth Fusselman well and one-mile north extension to that pay in the Chapman, Deep field of Reeves County.

From the Pennsylvania it gauged a calculated, absolute open flow of 39 million cubic feet of dry gas per day, through perforations at 12,905-13,439 feet. Treatment has not been reported.

The Fusselman zone gauged a calculated, absolute open flow of 17 million cubic feet of dry gas daily, producing through perforations at 15,587-15,665 feet, which had been acidized with 10,000 gallons.

Drilled to 15,739 feet, it has a 5-inch liner hung from 15,091-15,738 feet, and is plugged back to 15,739 feet.

Well spots 1,320 feet from south and 1,900 feet from west lines of section 34, block 37, T-2, T&P survey, 3 1/2 miles southwest of Orla.

West Texas Pools Get Outpost Sites

Outposts have been scheduled in Pecos and Martin county fields.

Gulf Oil Corp. will drill No. 1 Fred Schlosser Unit as a one-mile west outpost to the three-well Rojo Caballos, South (Ellenburger) field of Pecos County.

9,700-Foot Probe Planned In Chaves

Coquina Oil Corp., Midland, has staked site for a 9,700-foot Morrow wildcat in Chaves County, N.M., 13 miles southeast of Elkins. It is No. 1 Shell Federal.

Wilson Pool Gets Two Morrow Sites

Two projects have been staked to the Morrow zone in the Wilson multipay field of Lea County, N.M., about 10 miles west of Oil Center.

Weather

FORECAST: Fairly cloudy and warm this afternoon, tonight and Wednesday. High temperature this afternoon middle to upper 70s with tonight's low in the upper 50s. Wednesday's high near 80. Wind this afternoon and tonight southeasterly at 8-18 m.p.h.

Five Members Of Family Slain

New Natural Gas Hike Set Aside

WASHINGTON (AP) — The U.S. Court of Appeals set aside Monday a record 73 per cent price increase for new natural gas approved by the Federal Power Commission.

A three-judge panel, acting on an appeal by Consumers Union of the FPC decision, also told the FPC to redetermine the reasonableness of the well-head price it had approved—45 cents per 1,000 cubic feet for three producers who had been under an area rate ceiling of 28 cents.

The 45-cent price approved in a 2 to 1 FPC decision last May 30 gave Belco Petroleum, Texaco and Tenneco Oil a return of 27.5 per cent on total investment.

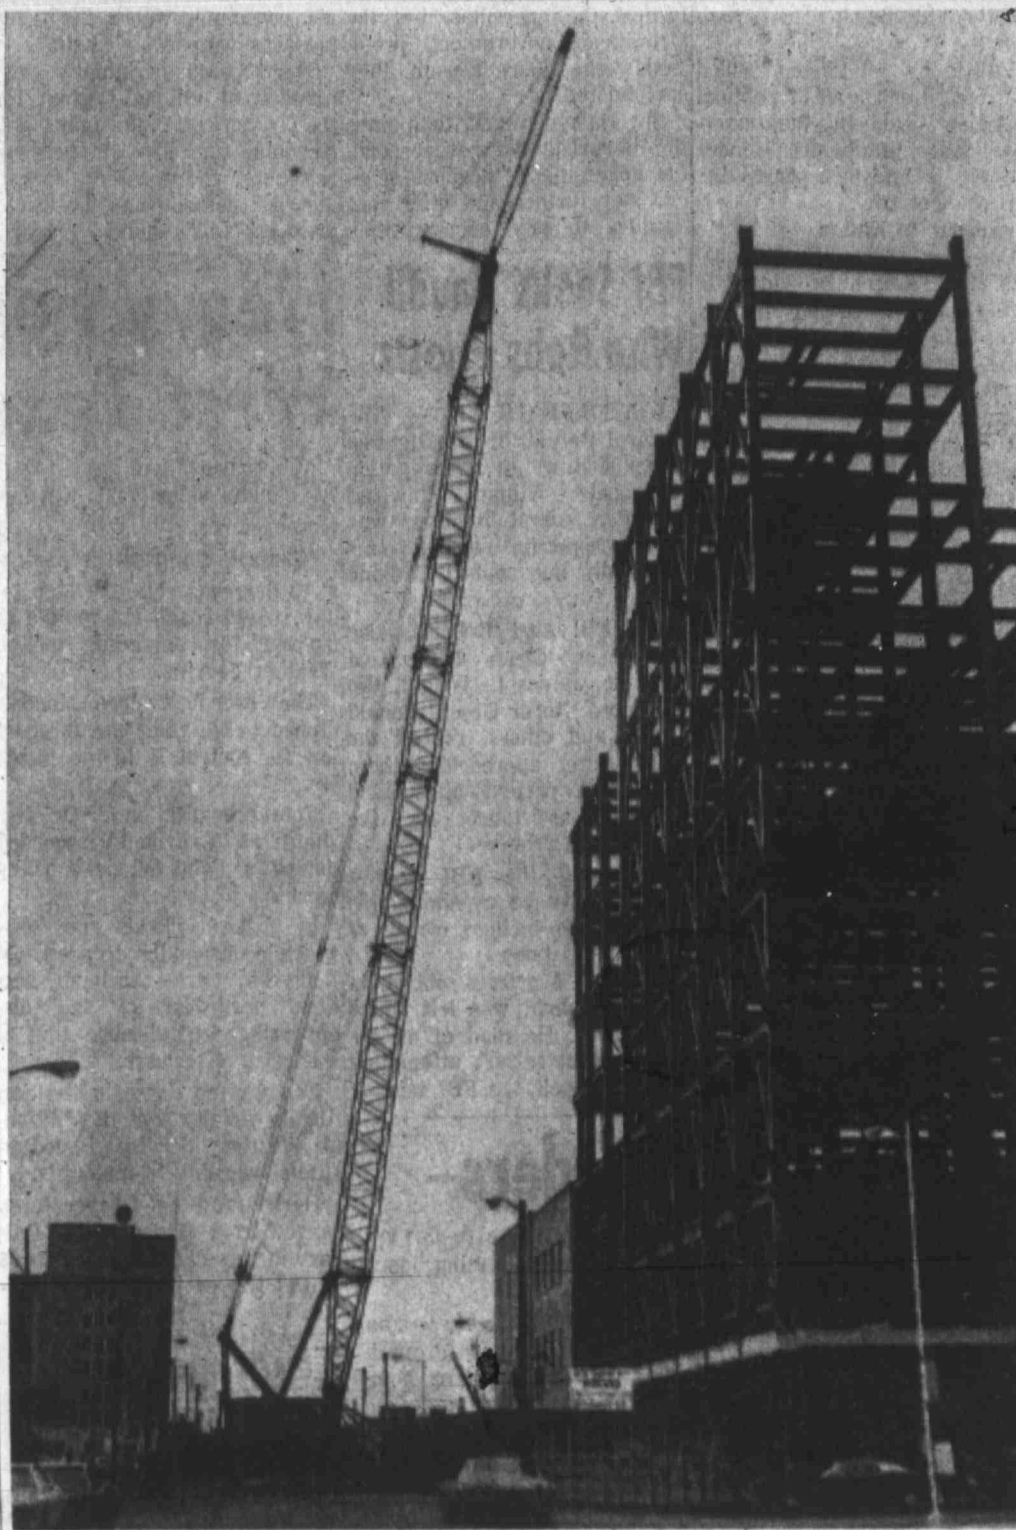

The appeal was the first made under a procedure called optional pricing that permits producers and pipelines to negotiate prices subject to FPC approval—regardless of production costs.

In an opinion by Chief Judge David L. Bazelon, the court did not dispute optional pricing but defined permissible conditions for its application.

Bazelon said "serious weaknesses" exist in the FPC majority's justification for the 19-cent increase.

Many Motorists Ignoring 55 Mile-Per-Hour Limit

By TERRY RYAN, Associated Press Writer

GIANT CRANE — Temporary addition to the Tall City skyline is this 250-foot crane being used today in the construction of the new Southwestern Bell Telephone Co. building at Missouri and Big Spring streets. It will be used to lift another crane to the top of the structure, where the smaller crane will be used to hang pre-stressed panels. B. F. King, construction foreman for J. W. Cooper Construction Co., said the big crane will be in place for three working days. (R-T Staff Photo.)

Youth Shot To Death

By The Associated Press

A white teenager was shot to death today on a continuing hearing in a continuing hearing at a Louisiana high school, called anti-Christian and anti-American.

Boston Mayor Asks Marshals' Help

BOSTON (AP) — Mayor Kevin H. White asked for U.S. Marshals today to help supervise school desegregation in racially troubled Boston.

LATE NEWS FLASHES

WASHINGTON (AP) — A commercial grain exporter told Congress today that President Ford cited "a pretty severe political problem with Congress" and with the people in asking him to cancel a large corn and wheat sale to the Soviet Union.

UT Regent Erwin Charged With Drunken Driving

By LEE JONES

AUSTIN (AP) — University of Texas regent Frank Erwin Jr. was charged with drunken driving today after a policeman reported following Erwin's weaving car for more than five blocks.

Car Weaved

Patrolman John Mitchell said the incident occurred at 2:20 a.m. on a busy street just east of the state Capitol.

Three Sisters Raped, Killed; Two Tots Stabbed

FORT WORTH (AP) — Authorities said today three young sisters were brutally raped and slain and two small children stabbed to death in a southeast Fort Worth apartment.

A relative of one of the women discovered the grisly scene this morning and gave police these identifications:

—Laura McClendon, 22, and her son, Steve, 2.
—Martha McClendon, 24, and her daughter, Natoshi, 2.
—Linda McClendon, 18.

The relative, Alexander Small, said the three women were sisters—and all lived in the apartment complex in a predominantly middle class Negro section of town. The victims were black.

Investigators said rags and clothes had been stuffed into the mouths of the three women. The medical examiner said the three were nude and had been raped.

"It's one of the worst situations I've ever seen," said County Medical Examiner Felix Gwozdz. "They all had been brutally assaulted. The oldest three ladies were assaulted criminally and in other ways."

Caribbean Island Hit By Quake

SAN JUAN, P.R. (AP) — An earthquake hit the eastern Caribbean today and first reports described damage on the island of St. Kitts as extensive.

Fog Cover Drops Visibility In City

A heavy cloak of ground fog covered the Tall City and most portions of West Texas during the early morning hours today, with visibility dropping to one-quarter of a mile, according to the National Weather Service at Midland Air Terminal.

Ford To Outline Economic Plans

WASHINGTON (AP) — Many Americans would face a 5 per cent increase in taxes under the new economic program President Ford is ready to unveil.

Program Based On Summit

Ford's program will be based on the results of the economic summit conference that was held here Sept. 27-28.

Newsprint Costs Going Up Again

VANCOUVER B.C. (AP) — United States customers of MacMillan Rothsay Ltd. will pay \$25 a ton more for newsprint effective Jan. 1, 1975, a spokesman for MacMillan Bloedel says.

Rockefellers Give More Than \$100,000 To Senate, House Members

By MICHAEL PUTZEL
WASHINGTON (AP) — Nelson A. Rockefeller and his family have given more than \$100,000 in recent years to the campaigns of Senate and House

members now eligible to vote on his nomination to be vice president.

According to federal campaign records, the recipients of the largest Rockefeller donations are Sen. Jacob K. Javits and Rep. Peter A. Peyster, both New York Republicans.

Peyster Gets \$35,500
Javits received at least \$28,750 from the Rockefeller family for his 1968 Senate campaign and the early stages of his present race for re-election. The family has given Peyster at least \$35,500 in his three congressional races beginning in 1970.

At least 20 other incumbent senators and congressmen have

Gale Force Winds Hit North Carolina

By The Associated Press

Small craft advisories were in effect for most of the southern Atlantic coast today as gale force winds ripped North Carolina coastal areas.

Winds up to 40 miles per hour, spinoffs from a storm system off the Carolinas, combined with tides two to four feet above normal to cause some beach erosion.

A large fair weather system centered over the middle Mississippi Valley held temperatures below normal for most of the nation east of the Rockies. Lubbock, Tex., had its lowest afternoon temperature on record for an Oct. 7 with 58 degrees Monday.

Rain mixed with snow fell in northern Minnesota overnight, and most of the upper Great Lakes had cloudy skies and temperatures in the 30s.

Scattered showers and thundershowers persisted in Central and Southern California, Southern Nevada and Southern Arizona, and from Central Kansas through Oklahoma into the Lower Mississippi Valley.

Overnight temperatures in the 40s and 50s were common, with readings in the 30s extending from the Ohio Valley and Great Lakes into New England.

Temperatures before dawn ranged from 25 at Watertown, N.Y., to 79 at Blythe and Needles, Calif.

received between \$500 and \$22,000 in campaigns earlier this year, before the Rockefeller nomination was announced in August.

The 22 recipients were identified in a spot check of campaign records since 1968. Because campaign laws did not require full disclosure before 1972 and because comprehensive lists have not yet been compiled for this year, there may be some recipients who did not show up in the spot check.

Contributors Named
The largest congressional campaign contributors in the Rockefeller family are Nelson and his brothers, David, Lawrence and John D. III, all of whom give exclusively to Republicans. A few members of the family, including John D. IV and his sister, Sandra, have given to Democrats.

Nelson has given to Javits, Peyster and five other GOP incumbents: Sens. Charles McC. Mathias of Maryland, Milton R. Young of North Dakota and Peter H. Dominick of Colorado and Reps. Jack F. Kemp of New York and William S. Cohen of Maine.

Julie Sees Father As Roving Envoy

PHILADELPHIA (AP) — Former President Richard M. Nixon would serve the country well as a roving ambassador, his daughter Julie Nixon Eisenhower says.

"I'd like to see him get involved in some way in helping the country as a roving ambassador," Mrs. Eisenhower told television personality Mike Douglas.

Julie said her father would be a "great ambassador" because of his "ability to get along with people from all over the world."

Julie said her father would be a "great ambassador" because of his "ability to get along with people from all over the world."

Judge Says 'No' On Haircuts Ban

HOUSTON (AP) — A district court judge, who has hair almost down to his shoulders, refused Monday to stop the sheriff from cutting the long hair of a defendant in the Houston mass murders.

Judge William Hatten, who sports a long mane of white hair, said, "I'm not going to tell the sheriff how to run his jail" in rejecting a motion filed by an attorney for David Owen Brooks, 20.

Brooks is charged in four of the 27 deaths of teen-aged youths discovered last year. Another defendant, Elmer Wayne Henley, 18, has been sentenced to 99 years in six of the deaths.

It was revealed Monday that Henley has been placed in a maximum security unit of the Texas prison system south of Houston.

Brooks' lawyer, Ted Musick, went into court Monday to complain that his client was forcibly restrained by jail personnel and his shoulder-length hair cut. Musick said this violates Brooks' right to appear before a Nov. 4 sanity hearing jury with long hair as he so wishes.

Musick said Monday after the hearing his client might wear a wig for the sanity hearing. "We are considering several alternatives to the cutting of the hair," he said.

Harris County jail personnel at the Monday hearing told Brooks threatening to kill a jail trusty if his hair was cut.

"Brooks hit inmate Roy McCullough in the face and said he'd kill him if he had to," Sheriff's Lt. Robert Hamilton told Judge Hatten. "He stated he'd fight the whole damned jail."

Hatten refused to keep the sheriff from requiring haircuts. Brooks' hair when he appeared in the courtroom was full and down to his collar.

Finds No Mistreatment
The judge also refused to dismiss charges against the defendant because of the incident. "I don't find that the sheriff or his men mistreated or abused this prisoner in any way," Hatten said.

In a related move, Hatten appointed a second lawyer, Elaine Hocker, to represent Brooks in the sanity hearing. The jury for the hearing will be picked the week of Nov. 4 with testimony starting the next week.

Henley's assignment to the Ramsey No. 2 unit in Brazoria County was revealed by one of his lawyers, Ed Pegelow. He said Henley is confined to a dormitory with about 60 other prisoners at the unit.

Texan Says He's 'Veteran' Of Crime

NORTH RICHLAND HILLS (AP) — Albert L. Barcroft was calling himself a "veteran of crime" Monday night.

In a single 24-hour period starting Sunday night, his new car was stolen and extensively damaged by teen-agers "who were just being mean," the home of one of his employees was burglarized as the two were searching for the stolen car, and then Monday afternoon, two men robbed him in Dallas.

"It's been a long, long time since anything like this happened to me," he lamented. "Now it's all happening at once. The last 24 hours have been something else."

DA Says He Thinks Evidence Shows Carrasco Killed Himself

HUNTSVILLE, Tex. (AP) — Mrs. Judy Standley, died when Walker County Dist. Atty. Jerry Sandel says that in his opinion evidence presented to the Walker County grand jury proves that Fred Gomez Carrasco committed suicide and his accomplice, Rodolfo Dominguez, was shot to death by law officers in the Aug. 3 escape attempt from the Huntsville Prison.

"We have talked to witnesses to the shooting," Sandel said Monday. "I talked to the person who fired the shots."

Long Range Comuter
Bruno Leuthardt commuted 370 miles every day for 10 years in West Germany. The schoolteacher was late only once — in 1962, due to the Hamburg floods.

Four Killed
Carrasco, his accomplice Dominguez, and two hostages, Mrs. Elizabeth Beseda and

have been no cover-up attempts in the investigation.

More Witnesses Due
He added that the shield was not "crucial" to the investigation since the jury has pictures of it.

Sandel said the grand jury, which has heard testimony from more than 60 witnesses, will listen to more witnesses during an all-day session Thursday.

Texas Department of Corrections Director W. J. Estelle is expected to testify in the near future, Sandel said.

The district attorney said the grand jury's report should be ready by mid-November.

Texas Department of Corrections Director W. J. Estelle is expected to testify in the near future, Sandel said.

The district attorney said the grand jury's report should be ready by mid-November.

reaching a final decision, the spokesman said.

An aide to Peyster, who has received \$12,000 from Nelson and \$23,500 from other family members, said the congressman and former governor are old friends and have long supported each other. Peyster's district includes Pocantico Hills, the huge Rockefeller family estate in Westchester County.

Other Republicans who have received contributions from Nelson's brothers include: Sens. Robert P. Griffin of Michigan, a member of the Senate Rules and Administration Committee, which held hearings on the nomination, \$1,000; Charles H. Percy of Illinois, \$5,000; John G. Tower of Texas, \$1,000; and Edward W. Brooke of Massachusetts, \$500.

The largest contribution was \$8,500 to Javits in 1968 and the smallest was a \$500 donation to Dominick's campaign on July 1 this year. Javits also received \$12,000 from other members of the family in 1968 and so far this year has been given more than \$8,000 by Nelson's brothers and a sister-in-law, Mrs. John D. III.

No Conflict Seen
A spokesman for Javits said the senator sees no conflict in his receipt of campaign funds and the upcoming confirmation vote. Although Javits expects to vote in favor of Rockefeller, he will await the outcome of confirmation hearings before

Concurrence In School Financing Plans Held More Important Than Differences

SAN ANTONIO, Tex. (AP) — "Large measure of concurrence" in various plans to change state school financing is more important than differences in the proposed plans, Texas Education Commissioner Dr. Marjyn Brockette says.

At the same time, Brockette spoke of potential problems in public school teacher labor relations in the state. Brockette addressed the final session Monday of the joint annual convention of the Texas Association of School Administrators and Texas Association of School Boards.

Example To Be Followed

He said he hoped there will not be confrontations in teacher

Korean Preacher's Peddling Disciples Are Facing Deportation

WASHINGTON (AP) — The Rev. Sun Myung Moon and his fervent disciples are swooping across the country with a brand of Christianity embracing politics and peddling.

To their dismay, they've swooped straight into the hands of the Immigration and Naturalization Service, which thinks the Rev. Moon's Unification Church may be teaching its young foreign trainees "more about peddling than preaching."

The Immigration Service has threatened to deport 61 of the foreign trainees who failed to leave the country after their visitor's visas expired. About 500 more face similar treatment.

"I am again and again embarrassed in front of them that our country in effect is saying, 'We don't want you,'" said Neil A. Salonen, president of the church's American branch.

Six Rallies Scheduled

While the government moves toward judgment, the church is proceeding with heavily advertised "day of hope" rallies scheduled in six cities before Christmas.

In Washington, site of the Oct. 16 appearance, thousands of handbills bearing the Korean preacher's sedate visage are blooming from sidewalk trash cans, vacant store windows and the fences along construction projects.

The blitz then moves to Atlanta, Chicago, Seattle, San Francisco and Los Angeles.

Published and broadcast advertising for such rallies con-

sumes much of the U.S. church's multimillion-dollar annual budget.

Salonen said 90 per cent of the \$7 million raised last year came from the fund-raising activities such as those questioned by the Immigration Service.

Most Converts Young

The converts, most of them youthful, are dispatched to peddle peanuts, flowers, candies and other small items door-to-door or from small sidewalk stands.

Trainees peddle "only as part of a much larger program of evangelism, lecturing, Bible and other religious study, prayer, workshops and many other activities," Salonen said.

But the immigration service saw it differently.

"We had received complaints, some from local authorities who in turn had received complaints especially on the door-to-door peddling," said INS spokesman Verne Jervis.

The 61 trainees whose visas had expired were told to leave voluntarily by Sept. 20 or face deportation proceedings. But they probably will be allowed to stay while the church challenges the order through administrative hearings and lawsuits.

Campaign Pressed

Meantime, the church is pressing ahead with a widespread campaign for believers in a dogma flavored as much with politics and Oriental philosophy as with traditional Christian tenets.

Moon, 54, claims to have seen a vision of Jesus while praying on a Korean mountainside at the age of 16. Nine years later, he began the evangelistic mission but soon fell into the hands of Communist forces who held him in a prison camp nearly three years.

He founded the Unification Church in the mid-1950s and missionaries brought it to the United States a decade later. Salonen said U.S. membership has grown to about 25,000 but only about 6,000 are active workers. The church lists headquarters in every state, with the largest followings in New York, Washington and San Francisco.

Farmers Seek Ouster Of Butz

DIAMOND, Mo. (AP) — Kansas, Arkansas, Oklahoma and Texas to set up a meeting with Ford, saying they would make their own arrangements.

The farmers were critical of Butz for failing to understand the problems of family farmers. Participants said they want to meet with Ford so he will recognize the problems of small farmers.

Another meeting was scheduled Oct. 14, with a promise for more dramatic action if they do not get a meeting with the President.

The farmers called for a halt to imports of beef, dairy, poultry and pork products and asked that the government purchase domestic surplus and make them available to programs for low-income people.

A similar meeting is scheduled Thursday at Marshfield, where farmers will discuss a proposal to slaughter dairy cows and distribute the meat to jobless union members and people on welfare.

Needs Recognized

Brockette, in his first year as commissioner, said all the proposed plans recognize the need for "greater provision for maintenance and operation," for "more adequate provision for school transportation," for "adequate compensation for school personnel" and for "a sharing of state and local financing."

Brockette said, "There are no adversaries among the school finance plans, only some readily understandable differences in emphases and some differences in mechanics."

He said "There is no proper adversary role... no legitimate appeal to force" in public school teacher labor relations.

However, he said, "We seem to be headed toward a confrontation between policy-makers and those critically important policy implementors, our teachers, over appropriate roles, relationships, responsibilities and rewards that should exist."

He said, "My concern is not only for the high cost that a people must pay for any solution fought out in an appeal to force, whether that be strikes and picket lines or special interest pressures on our decision-making system, but my concern is also for the example this sets for our children and youth."

Issue May Bog Down

After his speech, Brockette told a reporter that his labor relations remarks were prompted by a feeling that the school finance issue before the legislature may "bog down" if labor issues are injected into it.

Iowa Pitches In To Aid Migrants

MUSCATINE, Iowa (AP) — More than \$7,000 in contributions from persons in Iowa and across the nation will enable stranded Mexican-American migrants to return home, says the director of the Muscatine Migrant Committee.

Juan Cadena said Monday the workers and their families in the Muscatine area did not have enough money to return home after a killing frost last week wiped out the tomato crop in Southeast Iowa.

The migrants had been hired by area farmers to pick the crop. Most of them were reported from the Donna, Texas area.

Texas Gov. Dolph Briscoe sent Rogelio Perez, director of the Texas Office of Migrant Affairs, here Saturday night to determine what assistance was needed.

Briscoe's office said 400 migrants were stranded and in need of food, shelter, clothing, medical care and funds to return home.

Texas Car Dealers Set Up Committee To Hear Complaints

AUSTIN, Tex. (AP) — A seven-member panel, including five auto dealers, has been formed to keep new car buyers happy.

President Jasper Jones of the Texas Automobile Dealers Association said the panel does not have the authority to force a dealer to comply with its recommendations, but it can fine the dealer up to \$1,000 and cause him to be kicked out of the association.

Jones said the panel will deal only with customer complaints involving franchised new car and truck dealers.

Besides the dealers, the panel includes Austin lawyer Jo Anne Christian and Robert Patterson of the Texas Education Agency.

A state agency, the Texas Motor Vehicle Commission, already has the power to redress customer complaints.

He said the workers "won't have to go all the way to Texas to find work—they can stay along the way."

Christmas in September?
 YES, for those planning parties over the holidays. Room, food, and drinks available at special group prices.

CATWALK — During the season of the pumpkins, a daring field cat can have the time of its life walking from one pumpkin to another. Maybe, having nine lives, it doesn't mind taking chances, or maybe it's just out for a catwalk. (AP Wirephoto.)

'Pops In The Plaza' Concert Wednesday To Launch Symphony Guild Ticket Drive

The First National Bank plaza in Downtown Midland will definitely be the "in" place —

That's when instrumentalists of the Midland-Odessa Symphony present the popular annual "Pops in the Plaza" concert to inaugurate the Midland Symphony Guild's campaign for sale of symphony season tickets.

The Guild will open its ticket sales headquarters in the Texas Electric Service Co. just a block away from the bank plaza immediately following the informal concert. Season subscriptions for the six regular symphony and chorale concerts scheduled for 1974-75 are \$20 for seats in reserved section, \$15 for general admission, and \$4 for students. The season tickets may be mail-ordered from P. O. Box 4482, Midland 79701.

The Midland-Odessa Symphony season will begin with a concert Oct. 21 in Odessa's Ector County Coliseum, followed by an identical program the following night in Lee High School auditorium here. Guest artist for the concert pair will be famed Nashville guitarist Chet Atkins, who in recent seasons has performed "serious" musical works with orchestras throughout the U.S.

Soviets Acclaim Tennessee Ernie, Opryland Troupe

MOSCOW (AP) — The response, at first, was mild. But by the end of the second act, Muscovites were cheering and calling on Tennessee Ernie Ford and his Opryland troupe for more.

Ford and his band of country and western performers opened in the Soviet capital Monday night after a triumphant tour of the country's hinterlands.

Said Ford after the Moscow opening, "It was a great, warm, wonderful reception."

The troupe, including singer Sandi Burnett and 21 others from "Opryland" in Nashville, Tenn., arrived in the Soviet Union Sept. 12. They wind up the tour next Sunday.

Name Given
 Pennsylvania is the only state in the union named for its founder, William Penn, who wanted to call it "sylvania" because of the extensive forest areas.

and in many cities abroad. For the preliminary "pops" event Wednesday noon, symphony musical director-conductor Dr. Thomas Hohstadt has programmed a varied selection of music. The concert will offer an excerpt from the Richard Strauss tone poem, "Also Sprach Zarathustra," and selections from the musicals "Hair" and "Fiddler on the Roof." J.S. Bach's intensely melodic "Jesu, Joy of Man's Desiring" will be balanced by the haunting "Ritual Fire Dance" by Manuel de Falla. Also to be offered are arrangements of "Danny Boy," "Bugler's Holiday" by Leroy Anderson, the Can Can theme from Offenbach's "Orpheus in the Underworld" and "God Bless America."

For persons who wish to make a picnic event of the outdoor concert, the Midland Symphony Guild has arranged to have sandwiches and soft drinks available for purchase at the bank plaza. Admission to the Wednesday concert will be free.

thus it was not shown at half-time. A LAVA people filled the stadium for the showdown between Lee and Odessa High Friday night. Lee battled to a 14-13 Homecoming victory. Our JV men CAMAY (came away) with a 21-14 hard fought loss Thursday night in Odessa. Be sure to see the San Angelo Bobcats defeated Friday night in Memorial Stadium, and then again (JV) at 1:30 p.m. Saturday at San Angelo.

Congratulations to another group of LHS men, the cross-country team. It came in 4th at a big meet at Odessa. Keep it up, guys!

Thanks to you, Rebs, the Senior Class pulled off another great project. The selling of Homecoming mums really put everyone into the "jive" of things. The Class officers than all of you who sold mums and especially all of you who bought mums. And a big CHEER goes out to Pepper Tree for its DASHing mums!

Happy Birthday to Jane Hellingshausen, Judy Ottoman, Kay Oliver, Sue Bolding and Mica Caster.

CLEANING away, Becky Hall, Linda Ewan, Tanya Jones

P.S. It was a JOY to see all the ex-Rebs home this last weekend!

P.S.S. (from Linda, Becky & B.C.) Happy 18th Birthday to Tanya Jones next Saturday.

P.S.S.S. We're sorry-Bulldozers that you got cheated at the scoreboard — KEEP ON TRUCKIN'.

THE MIDLAND REPORTER-TELEGRAM, TUESDAY, OCT. 8, 1974-9A

Longview Bomber Granted Parole

WASHINGTON (AP) — A man convicted of bombing 33 Longview, Tex., school buses in 1970 has been granted parole. Kenneth Ray McMaster, who has served 35 months of an eight-year prison term, will be paroled on Dec. 19, the U.S. Parole Board said Monday.

McMaster and Fred L. Hayes, both of Longview, were convicted of conspiring to violate the rights of black pupils of the Longview Independent School District. Hayes, who employed McMaster in a Longview catering service, was sentenced to 10 years in a federal prison.

MIAMI BEATS JETS, 21-17— Dolphins Survive Namath's Passing

By JOHN R. SKINNER
MIAMI (AP) — Dolphins after being waived out of the National Football League used to that good blocking at last month. Ginn's 41-yard romp for a fourth-quarter touchdown provided the victory margin Monday night as the Dolphins stood the second-half aerial bombardment of Joe Namath to beat the New York Jets 21-17. "I hope Joe Thomas watched the game," added Ginn.

TECH NO. 9— Buckeyes Run In 1st Again

By HERSCHEL NISSENSEN
AP Sports Writer
Ohio State held onto first place in The Associated Press college football rankings today, but withstood a charge by the runner-up Oklahoma Sooners. The Buckeyes, who trounced Washington State 42-7 last weekend, received 33 first-place votes and 1,144 of a possible 1,220 points from a nationwide panel of sports writers and broadcasters. Oklahoma, the preseason poll leader, was named first on 24 ballots and accumulated 1,124 points in the wake of a 63-0 rout of Wake Forest. Alabama and Michigan remained third and fourth. "Bama defeated Mississippi 35-21 and pulled down one first-place vote and 958 points, while the Wolverines beat Stanford 27-16 and earned two No. 1 votes and 893 points. The other first-place vote

Conover's Owl Act Prepares For Irish

By MICHAEL A. LUTZ
HOUSTON (AP) — Rice's Al Conover takes his furniture demolition act on the road this week but he'll likely need more than a broken chair leg to beat the Fighting Irish of Notre Dame. Prior to Rice's 10-10 tie of then 17th ranked Louisiana State two weeks ago, Conover shocked his players by breaking off a chair leg and demolishing a chalk board and setting off fire crackers in the showers. "We were at an emotional pitch before that game," Conover said. "We'll need to be that way again against Notre Dame." Conover's "trick" for last year's game against the Irish in Houston was to line the sidelines with Catholic priests, all cheering for Rice. "If we can't out play Notre Dame, maybe we can out-spiritual them," Conover said at the time.

Notre Dame Coach Ara Parseghian was unimpressed with Conover's tactics and so were the Irish, who blanked Conover's Owls 24-0. Conover said Rice's 10-10 tie with LSU was "just what we needed to give us a feeling of continuity that we can play against anybody and we'll get a chance to prove that this week against Notre Dame." Conover will start his third quarterback of the season against Notre Dame. Former scout teamer Claud Reed, who started his first collegiate game against LSU, will guide the Owls against the Irish. Tommy Kramer, who started his first varsity game as a freshman last year against Notre Dame, has recovered from a shoulder injury and will be the backup. "Kramer is recovered and ready to play but Reed will start," Conover said. "Claude came in and gave us a lift and a spark. He's done a fine job."

A's Host Orioles In Pivotal Game

By HAL BOCK
BALTIMORE (AP) — Baltimore sent right-hander Jim Palmer against Oakland lefty Vida Blue today in the pivotal third game of baseball's American League Championship Playoffs, with both clubs seemingly satisfied by the split of the first two games. The duel for the pennant now comes down to a three-game series in Baltimore after the Orioles won the opening game in Oakland and the A's bounced back to balance it Sunday. "We're pretty evenly matched," said Baltimore Manager Earl Weaver, after about a dozen of his Birds went through a voluntary light workout Monday. The A's arrived in town Monday night, and Manager Al Dark agreed with Weaver's prognosis. "There's no way to size this series up," said Dark. "They're two even ball clubs. The one that gets the best pitching and the breaks will win." That added up to four unearned runs for Oakland and left Weaver talking to himself. Today's opposing pitchers have been here before. Palmer and Blue tangled twice in the 1973 playoffs with Baltimore winning both games. In the opener of that series, Palmer shut out Oakland while Blue was kayoed in the first inning. In Game 4, it was Palmer's turn for an early shower, but the Orioles overcame a 4-0 deficit to beat Blue again.

That series was won by Oakland in five games and this one with Baltimore winning the first game and the A's taking No. 2. There is, however, one important difference. In 1973, the teams moved West to play the final three games in Oakland. This year they came East. The Orioles think that's important. "I'm just glad to be home," said third baseman Brooks Robinson. Today's pitching matchups offered a study in contrasts. Blue was a workhorse for the A's, compiling a 17-15 record and hurling 282 1-3 innings, second on the club only to Hunter. Palmer spent 54 days on the disabled list because of an inflamed nerve in his elbow and struggled to a mediocre 7-12 record. He was 44 after returning to the Orioles rotation in August. And doubt lingers over his condition. After today, the teams were expected to return to their first-game pitchers for Game 4. That would mean Cuellar and Hunter, although Dark left his options open, saying, "I'm not sure about it." If the series goes to a fifth game Thursday, Dark was certain to use Holtzman, who did such a masterful job on Sunday. Weaver hedged between McNally and Grimsley.

Hockey Set For Kickoff

By The Associated Press
A Stanley Cup for the Kansas City Scouts this season? Not very likely, even though the Toronto Maple Leafs — who host the Scouts' first National Hockey League game Wednesday night — accomplished that very feat in their first season 56 years ago. The Leafs, known then as the Toronto Arenas, swept to the first real NHL title in 1918. There had been Stanley Cup competition before that year, but the trophy was not symbolic of league championship. The Scouts, however, face much stiffer competition — 19 more teams, 58 more games, coast-to-coast travel and higher quality players — than the Arenas did way back when. The same is true of the Washington Capitals, who open for business at New York against the Rangers Wednesday night. New York also was successful in its initial year, taking first place in 1926 — when hockey in Washington was as

unheard of as July snow in California. In other games Wednesday, the New York Islanders visit the Montreal Canadiens; the Atlanta Flames meet the Vancouver Canucks; the Pittsburgh Penguins play the Minnesota North Stars; the Chicago Black Hawks take on the Detroit Red Wings, and the St. Louis Blues are at California to open the 720-game NHL season. The Philadelphia Flyers wait until Thursday to start defense of their 1974 Stanley Cup title as "hosts to the Los Angeles Kings. The Boston Bruins, whom the Flyers beat in the playoff finals, travel to Buffalo. Washington and Kansas City enter a renovated league with a new division and conference alignment, longer schedule and different playoff format. There will be 18 teams in four divisions battling for 12 playoff spots this season, causing one player to say, "It's like playing an 80-game exhibition schedule."

Make someone happy... by visiting a guest at the Leisure Lodge Nursing Center this week. You'll both enjoy it. Come on over, we'd love to have you.

Exxon Steel Belted Radial 78 40,000 Mile Guarantee
To original purchasers, Exxon Company, U.S.A. guarantees the Exxon Steel Belted Radial 78 tire against tread wear-out for 40,000 miles of normal passenger car service on the same car except for wear-out caused by improper maintenance of the tire or car, willful abuse, collision or repairable puncture. The tread will be considered worn out when the built-in tread wear indicators form a visible band across two adjacent tread grooves. If tread wear-out occurs before 40,000 miles, Exxon will replace the tire, charging for mileage used based on the Exxon "Current Price for Adjustment Purposes Only," plus excise tax. A written guarantee and adjustment agreement is provided to each purchaser, and must be presented when making claims.

Profit-Taking Hits Stock Market; DJ Average Slumps

Westinghouse Electric, the Big Boy's most active stock, dropped 1/4 to 9 1/4. On the American Stock Exchange, the market-value index was ahead 0.09 to 63.04.

Some of the market's overall firmness today was attributed to signs of continued easing credit. Short-term interest rates declined, prompting a growing number of major banks to lower their prime lending rates 1/4 point to 11 1/2 percent.

Westinghouse, which climbed 4 points the previous day on reports it could be the target of a takeover, IBM dropped 2 1/4, Digital Equipment 2 1/4, and Getty Oil 2 1/4.

The NYSE composite index fell 0.11 to 34.08.

The Amex volume leader, Champion Home Builders, rose 1/4 to 2 1/4.

Greek Cabinet Resigns To Pave Way For Elections

ATHENS, Greece (AP) - Premier Constantine Karamanlis' cabinet resigned today to pave the way for a caretaker government which will prepare Greece for its first general elections in over 10 years.

Karamanlis took over when the military dictatorship collapsed in July during the Cyprus crisis.

Three of his ministers and three undersecretaries who will not be candidates in the election remained at their posts.

Foreign Minister George Mavros and Defense Minister Evangelos Averoff-Tostitsas who plan to run in the elections were asked by Karamanlis to remain at their posts so as not to interrupt their mission.

Karamanlis, who will head the caretaker regime, will swear in new ministers Wednesday.

The last elections were held in Greece in February 1964.

Menorah Area Gets Goen Re-Opener

Lloyd Patton of Fort Worth has completed No. 1-E Concho

It is slated to 12,700 feet and spots 600 feet from north and 1,900 feet from east lines of section 24-215-34c.

On this project are, from left, Lisa Howe, Chris Huff, Olga Flores, Pat Brawn, Bealea Sommerville and Judy Blalock. Persons wishing to make donations or hire the students may contact Mrs. Horchler at Midland High School.

U.N. Intervention Urged In Chile On Behalf Of Imprisoned Leftists

UNITED NATIONS, N.Y. (AP) — The Soviet Union, Cuba and seven delegations of the East European bloc have called for the United Nations to intervene in behalf of imprisoned leftists in Chile.

They made the call during a debate Monday at the General Assembly in which Cuba assailed U.S. Ambassador John A. Scali as "a complete liar" for denying Central Intelligence Agency involvement in the coup against Chilean President Salvador Allende a year ago.

Temper Flare

The Russians, Cuba and all Warsaw Pact countries except Romania joined the debate in which tempers flared.

Reflecting Soviet-American detente, all but Cuba limited their fire to Chile. Several said an official request will go to U.N. Secretary-General Kurt Waldheim demanding U.N. help in freeing leading Chilean leftists such as Communist party chief Luis Corvalan.

Chilean delegate Sergio Diez replied that the world is welcome to observe developments in Chile, but he said his country rejects "the scandalous intervention by the Soviet imperialists." He said Corvalan is facing treason charges and would be given a fair trial.

Leftists Jailed

The Chilean government admits that hundreds of leftists are jailed.

Cuba made the United States the main target of two fiery speeches, including the unusual personal attack on Scali by Cuban Ambassador Ricardo Alarcon.

In the first Cuban salvo, Foreign Minister Raul Roa attacked CIA spending in Chile and accused Washington of bullying oil-producing countries. Scali could have replied in the assembly but didn't, instead issuing a news release in which he accused Roa of relying "on the tools of slander, invective and personal insult."

Attacks Rejected

"I categorically reject his scurrilous attacks on the United States and his tiresome allegations of United States responsibility for the events in Chile," the release said.

A short while later, on the floor of the assembly, Alarcon referred to Scali by name and to the press release, declaring: "I full well understand that the representative of the United States would not wish to come to this rostrum and repeat before you what was alleged in this little piece of paper. You ... undoubtedly have had an opportunity to observe that such an affirmation ... can only be interpreted to mean that as a diplomat he is a complete liar ..."

Roa made reference to recent American press reports on CIA intervention in Chilean affairs and President Ford's comments Sept. 17 in a news conference confirming that the CIA worked covertly in Chile during the Allende presidency.

Allende was overthrown by the military on Sept. 11, 1973. Allende supporters contend the military killed the president during the takeover, but the ruling junta claims he committed suicide.

Retarded Citizens Leaders Training Session Scheduled

SNYDER — A training session for leaders and members of West Texas Associations for Retarded Citizens will be held here Saturday.

The conference is being conducted by the Texas Association for Retarded Citizens TARC, which is based in Austin, for its member Associations.

Topics for the meeting will include the role and function of Association for Retarded Citizens (ARC), new developments in the field of mental retardation, and ways volunteers can help the retarded. All ARC officers and members are invited—as well as, any person interested in helping the retarded. The meeting will be held at the Scurry County Coliseum in Snyder.

The Texas Association for Retarded Citizens is composed of over eighty local Arcs located in communities throughout Texas. Members include parents of retarded persons as well as interested citizens. For more information about what you can do to help the mentally retarded, write to TARC at 833 Houston St., Austin, Texas 78756.

Hobby Proposes Citizen Delegates On Constitution

HOUSTON (AP) — Lt. Gov. Bill Hobby said Monday night he expects several different proposed constitutions to be considered by the 64th Texas Legislature which meets in January.

"I expect the document finally voted on in the last dying minutes to the convention to be introduced," Hobby said, along with the proposed plan drawn up by the Constitutional Revision Commission.

Hobby told members of the International Association of Business Communicators he knows of no better way to celebrate the nation's bicentennial than to write a new state constitution in 1976.

Hobby said that legislator-delegates could not agree on a new constitution this year and the "one lesson may be that legislators are not really the ones who should tackle constitutional revision."

He said citizen delegates could be elected in 1975 or the spring of 1976 and convene July 4, 1976.

Conferees Agree To Eliminate Auto Interlock System

WASHINGTON (AP) — Senate and House conferees have voted to eliminate the auto interlock system which prevents a car from being started until seatbelts are fastened.

Under an agreement announced Monday, an eight-second warning buzzer would be retained to tell drivers and passengers when seat belts are not fastened. But the continuous buzzer now in use on most late-model cars would be dropped.

The agreement also would allow interlock systems on 1975 cars to be disconnected under certain circumstances.

Conferees also gave the secretary of transportation authority to order installation of passive-restraint safety devices such as air bags in the future.

However, they approved a formula allowing any Transportation Department proposal to be rejected within 60 days by a majority vote of both Houses.

The conferees' agreement must be approved by both houses of Congress before being sent to the White House for President Ford's signature.

New York Grand Jury's Report Hits Oil Companies

NEW YORK (AP) — A special state grand jury says the country's major oil companies knew in advance that last year's fuel shortages would occur but did not use their available resources to make enough petroleum products to avoid the energy crunch.

And the shortages did "render the nation particularly vulnerable" to last year's Arab oil embargo, the special panel added in a presentation handed up Monday in Manhattan's state Supreme Court.

The special body said "the evidence clearly shows that the petroleum industry did not produce sufficient petroleum products (including gasoline and fuel oil) during the first six months of 1972 to keep up with increased demand" that would peak a year later.

The report said this was true "even though the industry at the time possessed the overall capability (to produce sufficient products), both in terms of refinery capacity and availability of crude oil."

Findings Announced

In announcing the grand jury findings, state Atty. Gen. Louis J. Lefkowitz said, "It's a fair question to ask whether the

Nixon's Staff Salaries Costing Federal Treasury \$841,800 A Year, Senator Says

WASHINGTON (AP) — Salaries for the 64 federal employees, excluding Secret Service agents, assigned to former President Richard M. Nixon's California estate are costing the federal treasury an average of \$841,800 a year, Sen. Joseph M. Montoya, D-N.M., has revealed.

Montoya, citing figures provided to him by John March, counselor to President Ford, said Monday that Secret Service protection at the San Clemente home was costing \$622,000 a year.

The yearly cost of Secret Service protection and other personnel at Nixon's Key Biscayne, Fla., complex is more than \$500,000, Montoya said.

The White House figures were provided in response to a request from Montoya, chairman of the Senate Appropriations subcommittee on Treasury, postal service and general government.

The subcommittee and full Appropriations Committee reduced the original request for funds for the transition from the Nixon administration to the administration of President Ford from \$850,000 to \$200,000.

The government also is spending money on sending documents, including material on foreign policy briefings, from Washington to San Clemente by jet, Montoya said.

White House Press Secretary Elmer Kelton, well-known novelist and newsman from San Angelo, will be the speaker when District 9 of the Texas Library Association meets at Lee High School Saturday, according to Mrs. Harold Williams, chairman of the district.

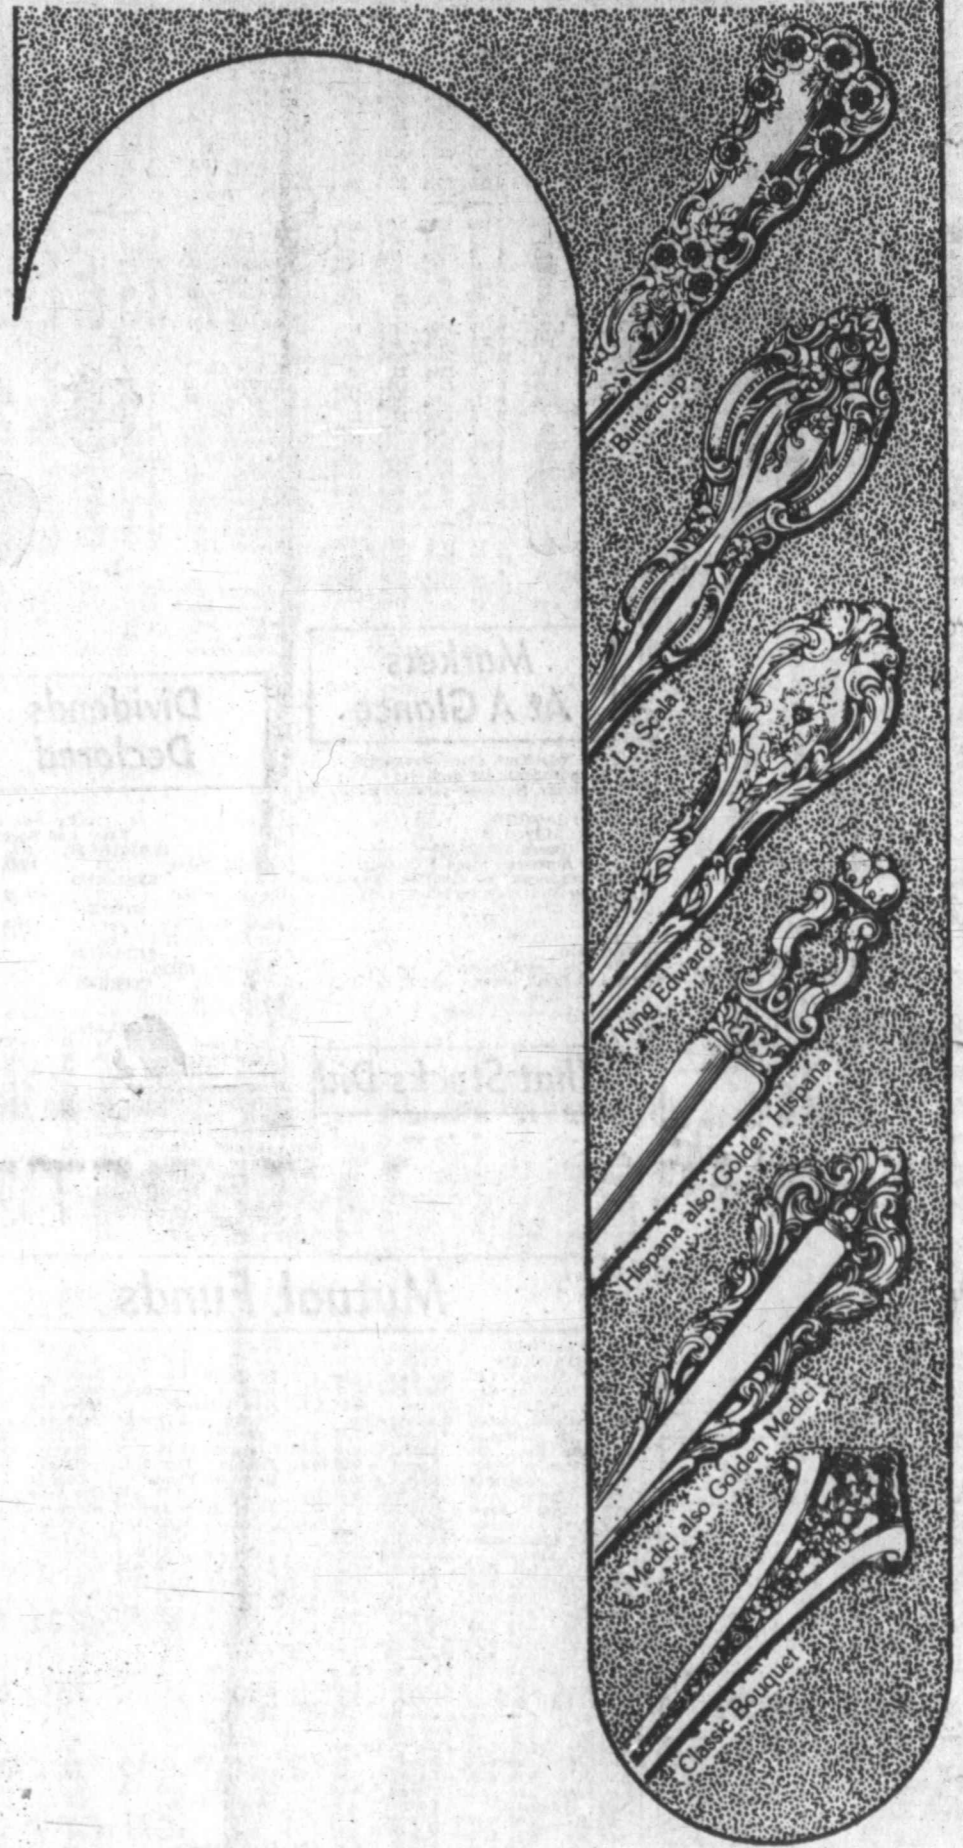

Kelton is a three-time winner of the Western Writers of America "Spur" award. He also has received the Western Heritage Award from the National Cowboy Hall of Fame in Oklahoma City. His novel "The Day the Cowboys Quit" was named the best regional novel of the year by the Border Regional Library Association. He will speak following the luncheon portion of the meeting.

District 9 of the Texas Library Association is composed of school, college and public librarians of an area extending from Big Spring to Monahans and from Lubbock to McCamey. More than 65 librarians have pre-registered for the meeting, according to Diantha Dawkins, district treasurer.

The meeting will begin at 11 a.m. with a business session. This will be followed by a discussion of the recommendations submitted by the conferees at last summer's Governor's Conference on Libraries. Leader of the discussion will be Miss Katherine Ard of the Texas State Library. Panelists will be Mrs. Shirley Igo of the Plainview Library Board, Ernest Laseter, librarian of Lubbock Christian College, and Douglas Henson of the Midland County Library Board.
