

Dallas-Fort Worth Metroplex Cancer Rate Termed High

DALLAS (AP) — The Dallas-Fort Worth metroplex has a higher incidence of lung and skin cancer as compared with six other major U.S. metropolitan areas and two states.

The National Cancer Institute, through its cancer survey, said the lung cancer rate in this area was 46.1 cases per 100,000 population while the other areas reported 40 cases per 100,000.

Other areas in the survey were Atlanta, Detroit, Birmingham, Pittsburgh, Minneapolis-St. Paul, San Francisco-Oakland and the states of Colorado and Iowa.

Three-Year Study

The three-year study showed the Dallas-Fort Worth area had an average of 379 cases of skin cancer per 100,000 persons per year.

In contrast, the San Francisco-Oakland area had 184 cases per 100,000 while Iowa had 124.

Dr. Eugene Frenkel, professor of internal medicine at The University of Texas Southwestern Medical School, said the high rate of skin cancer in this area is due almost solely to exposure to sun rays.

Frenkel compiled local figures made available by community physicians.

As to the high incidence of lung cancer, Frenkel said he is interested in cigarette smoking as a possible major cause since

air pollution is at a relatively lower level here.

Lip cancer and gum and mouth cancer also had the highest incidence in the Dallas-Fort Worth area, the study revealed. Lip cancer was recorded at 4.5 cases per 100,000 population as opposed to 1.9 nationally. The nationwide average of gum and mouth cancer was 2.8, compared to 3.6 per 100,000 in this area.

Thai Police Nab Three Americans In Hashish Case

BANGKOK, Thailand (AP) — Thai police say they are holding three Americans on charges of distilling marijuana into hashish oil, a black stick liquid two dozen times more powerful than the weed.

The police said they arrested Frederick C. Para, 31, of Winfield, Ill.; his brother Craig A. Para, 27, of Baileys Harbor, Wis.; and Steve Anderson, 32, of Long Beach, Calif., in a raid on a rented house Saturday night.

The police said they also found in the house equipment for the production of the potent narcotic and about 17½ pounds of the oil in plastic packages. The three men were charged with possessing the marijuana derivative and equipment to produce it, the police said.

Narcotics experts said the concentrate, which appeared in the United States and Europe two or three years ago, is produced by distilling marijuana and alcohol under pressure and is applied with a dropper to an ordinary cigarette. They said it takes more than 27 ounces of marijuana to make one ounce of the oil.

ICY FLORIDA—Ten-year-old Diana Bedini of Florida (Florida, Mass., that is) tastes a 4-foot icicle that formed on a cliff near her home. Temperatures dipped into the low teens over the weekend. (AP Wirephoto.)

Ford Declares He Continues Squarely Behind Rockefeller

WASHINGTON (AP) — President Ford is standing by his nomination of Nelson A. Rockefeller, declaring, "I'm still convinced he would make a good vice president."

Ford, fielding questions from five newsmen aboard Air Force One late Saturday, was asked whether any conservative Republicans had urged him to withdraw the increasingly controversial nomination.

"I wouldn't say anybody seriously," the President responded, implying that such advice had been received.

Standing in shirtsleeves in the aisle of the plane as it brought him home from a campaign trip to Louisville, Ky., Ford held what amounted to an informal news conference.

Ford said he expected Rockefeller's nomination to be confirmed before the President's planned trip to Japan next month. This would seem to be out of the question since Ford tentatively plans to leave the

country Nov. 17 and Congress does not return from its election recess until the following day.

Meanwhile, Rockefeller was described by a prominent Senate Democrat as "a man who has great experience, tremendous ability."

The comment came from Senate Democratic Leader Robert C. Byrd of West Virginia, who said in an interview Sunday on the CBS program "Face the Nation" that he still planned to vote for Rockefeller's confirmation despite the recent financial disclosures.

Unanswered Questions

Byrd said, however, that he was glad that the Senate would not be voting immediately on the nomination because "there are many questions that remain to be answered." He said the Rockefeller gifts and loans raise a more serious question than the back taxes.

In New York Sunday, Rockefeller said through spokesman Hugh Morrow that he gave Henry A. Kissinger \$50,000 to enable Kissinger to join the Nixon administration as head of the National Security Council.

And, Rockefeller was quoted in an interview in Time magazine as saying that Kissinger was concerned about earning less in Washington than he had been, because "he had just got divorced and had responsibilities to his children and to his former wife."

Kissinger Money In Trust

"I urged him to take the job. He didn't want it. Okay, so I helped him out."

"He put the money in trust for his children. What's more human than that," Rockefeller said.

In the interview, Rockefeller described the gifts he gave to former associates and friends as "a great American tradition."

Morrow also said that a story in Newsweek magazine about Rockefeller backing a book called "Barry Goldwater: A Political Indictment" was "a complete phony."

He said Rockefeller had nothing to do with the book, written by a onetime Rockefeller campaign worker, Edward Paul Mattar III of Buffalo.

Israeli President Injured Slightly

TEL AVIV (AP) — Israeli President Ephraim Katzir and his wife escaped with slight injuries Sunday in a three-car collision on the main highway between Jerusalem and Tel Aviv. Police said one person was killed and two others injured in the crash.

Swiss Turn Back Alien Ouster Try

BERN, Switzerland (AP) — Swiss voters have decisively rejected a proposal to deport 540,000 foreigners in the next three years.

Almost 70 per cent of those voting in Sunday's referendum rejected the constitutional amendment. The vote was 1,689,870 to 878,739. A similar proposal four years ago came much closer to success, with a 46 per cent affirmative vote.

The amendment was proposed by a right-wing group called the National Action Against Over-Foreignization of People and Homeland. It would have set a limit of 500,000 foreigners living in Switzerland by Jan. 1, 1978.

Mostly Spaniards, Italians

This would have meant expulsion of 540,000 non-Swiss, most of them farmhands, unskilled industrial laborers, street cleaners, dishwashers and waiters. About two-thirds of these are Spaniards and Italians attracted by better pay than they can get at home.

Although Switzerland has no unemployment, and the migrant laborers do the lower-paying work the Swiss won't do, there is a growing tendency to blame the foreigners for inflation, crime, pollution, overcrowding in the cities and other problems. Seventeen per cent of the 6.3 million people in the country are foreigners, the highest proportion in the world.

Haven For Refugees

In addition to the migrant laborers, Geneva is the headquarters of numerous international organizations, and the country is a traditional haven for political refugees.

The Swiss government, which rarely intervenes in referendums, urged rejection of the amendment. It said its approval would damage the country's economy and reputation and could provoke the expulsion of some 300,000 Swiss living abroad. The proposal was also denounced by economic, political, labor and religious groups.

Municipal League Meeting To Draw Midland Officials

Several City of Midland officials will be among the estimated 2,000 Texas city officials to meet in the 62nd annual conference of the Texas Municipal League Oct. 27-29 in Fort Worth to consider a wide range of problems and issues facing municipal governments.

According to TML president Wes Wise, Dallas mayor, among the most prominent issues to be discussed will be utility regulation, community development, environmental quality, affirmative action planning, property tax assessment and appraisal, and planning and zoning.

The conference, headquartered at Tarrant County Convention Center, will bring together authorities from all areas of government and related fields.

Among the speakers will be Gov. Dolph Briscoe who will headline the annual conference banquet.

Other speakers will include U.S. Sen. John Tower, Los Angeles Mayor Tom Bradley, State Rep. Bill Clayton of Springlake, U.S. Rep. Henry B. Gonzalez of San Antonio and former Texas Secretary of State Bob Bullock.

Irving R. Levine, NBC economic affairs correspondent in Washington, will also be present to provide insight into the state of the economy, particularly inflation, and its effect on cities.

State Bar Sets Meet This Week

AUSTIN — The State Bar board of directors will hold its fall meeting Thursday through Saturday at Lakeway Inn and Marina on Lake Travis near Austin.

Emil C. Rassman, Midland attorney and chairman of the board, will preside.

Odessa attorney Lucius D. Bunton, a former Bar vice president and board chairman, will report to the group on plans for the Bar's Bicentennial Committee, which he heads. The committee will coordinate plans for the observance throughout the state during the next two years.

Dear Abby

—By Abigail van Buren

Pregnant Daughter Refuses To Wed

DEAR ABBY: My daughter graduated from college. With honors, yet, but listen to what this dumbbell did. She moved in with her boyfriend with the understanding that if they both decided they were right for each other they would get married. Now she thinks she's pregnant, but she has not told her boyfriend because she wants him to marry her for HERSELF—not because there is a baby on the way. Have you ever heard of such stupidity from a college graduate?

Thank God we don't live in the same city because I keep thinking of things I'd like to say to her and it's getting harder and harder to keep my mouth shut.

I wish I could talk some sense into that girl's head. She never misses your column. Maybe you can.

TEARING MY HAIR

DEAR TEARING: Your daughter hasn't asked me for any advice, so I'm not about to give her any. But I have some for you. Quit tearing your hair over a grown daughter of legal age who is determined to live her life the way she wants to. It's her privilege. Right or wrong.

DEAR ABBY: I am the mother of two children under five. I was married, but it didn't work out.

For a year now I have been going with a very nice and loveable older man. My only bad break is that he is married and living with his wife.

He says he loves me very much and one day he will marry me, but right now he feels sorry for his wife and he can't talk divorce to her or she will crack up. (She's not very strong. They have five kids.) He tells his wife he's working late and comes over here for supper nearly every night. My kids call him "Daddy," but they're confused because when they go to bed at night their "Daddy" is here, but he's never here when they wake up in the morning.

I have no one to talk to about this. My mother would never understand. Please advise me.

In love

DEAR IN: I think you're wasting your time. Get smart and say goodbye to this part-time "Daddy." Look for an unattached man you can say

Business Meet Held By Chapter

Mrs. Rick Etheredge presided for a recent meeting of the Mu Psi Chapter of Beta Sigma Phi in the home of Mrs. Dorman Blackman. Mrs. Don Phiffer was co-hostess to the business session.

Guests were Mrs. Ruben Strickland, Mrs. Doug Wilmut, Mrs. Gary Shaeffer and Mrs. David Bennett.

Mrs. William Southerland and Mrs. Troy Coolie are new affiliates of the chapter.

Mrs. Jim Campbell, vice president, announced the next social of the chapter will be a masquerade party Saturday in her home.

It was announced by Mrs. Blackman, Group B of the chapter will entertain residents of Trinity Towers at a party today.

Mrs. Marty Hearne, representative to the Beta Sigma Phi City Council, expressed her appreciation to members for their contributions to the sorority's West Texas Area Convention held recently in Midland.

A program, "Self Estimate," was presented by Mrs. Phiffer and Mrs. Campbell.

The hostess gift was won by Mrs. Charles Boatman.

In 'Who's Who' WICHITA FALLS — Norma Kay Bunch of Midland is one of 41 Midwestern University senior students who have been named to the 1974-75 edition of "Who's Who Among Students in American Universities and Colleges."

"Good night" and "Good morning" to.

DEAR ABBY: I am writing this in utter disgust for the way guys are starting to dress now. It makes me sick to my stomach to see men walk around in platform shoes and midriff blouses with their navels showing! What on earth would make a man want to dress that way? Are people so taken in by the weirdo fashion designers that they will buy anything as long as it's new and considered "in"?

I don't mind a little imagination in men's wear, but some of these flowered shirts and feminine-looking duds are ridiculous. Men don't look like men anymore.

Now that I got this off my chest, I feel better.

FEMALE

DEAR FEMALE: Not all men are buying the above-described attire. And as for your complaint about men not looking like men, could it be because some WOMEN look like men?

CONFIDENTIAL TO 'LULU WITH A LULU OF A PROBLEM': Yes, for every problem there is a solution—even if it's only learning to live with it. When you pick a lemon, make lemonade.

Everyone has a problem. What's yours? For a personal reply, write to ABBY, in care of this newspaper. Enclose stamped, self-addressed envelope, please.

POLLY'S POINTERS

Jacket Trim Had Better Days

By POLLY CRAMER
Newspaper Enterprise Association

Polly's Problem

DEAR POLLY — I hope someone has a suggestion for cleaning the white trim (50 per cent acrylic, 25 per cent cotton and 25 per cent linen) on a red wool winter jacket. Dry cleaning does not help the white. It comes home matted and dingy-looking. This coat cannot be washed and the trim includes collar, cuffs, pockets and a ridge around the bottom. — DEBRA.

DEAR POLLY — My Pet Peeve is that the makers of women's purses use the wrong side for any decorations. We are told and know that to prevent pickpockets from getting into our purses we should carry them so the opening side of the catch is next to the person. When this is done the pretty side of the purse is hidden. — NAOMI.

DEAR POLLY — I am answering Dorothy who is perplexed about sending invitations for her son's wedding. She did not know how many names to include on the invitation list for her son's side of the family. The bride's family decide on the over-all number of guests to be invited and her mother tells his mother approximately how many guests should be on their list. It may be, as in this case, the bridegroom has more persons he feels should be invited but the bride's mother is the one to take that into consideration. — CLAIRE.

DEAR POLLY — and Dorothy — The engaged couple's mothers have to decide how far to go with the invitations sent to one family and how many children they are to include. It all

Luncheon Held At Midkiff Plant

MIDKIFF — Forty-two women from Midland, Goldsmith and the Midkiff area attended a salad luncheon recently in El Paso Recreation Hall at the Midkiff Plant. The purpose of the luncheon was a "get-together" for women who formerly lived in the area and for those who recently have moved to the area.

The hostesses were Mrs. T. O. Midkiff, Mrs. Leslie McNair, Mrs. David B. Cole, Mrs. Bill Parker, Mrs. Arkey Bowen, Mrs. Jim Stewart, Mrs. Ellis Hastings, Mrs. Wilbert Holub, Mrs. Frances Hagan and Mrs. May McLaughlin.

READY FOR TOURNNEY—Midland Racquet Club members ready for the Grand Masters Tennis Tournament to be held Friday through Sunday are, from the left, Mrs. Howard Parker, Mrs. Wright Cowden, Mrs. Murray Fasken and Mrs. Bill Kennedy. The tournament, to which the public is invited, will feature eight famous tennis players who have entered the senior ranks of the sport. Singles and doubles prize money will be awarded.

EFFICIENCY

COMFORT

ECONOMY

you get it all with

NATURAL ENERGY Gas Heating

Fresh, warm air gently circulating from floor to ceiling ... so nice to take for granted. Comfort is clean gas heat.

And that dependable comfort is such a bargain here in West Texas. Though gas energy costs a little more than it use to, gas furnaces still cost less than one-third as much to operate as similar electric furnaces.

And at the same time you're saving money with gas heating, you can also have a warm feeling knowing that you're helping conserve energy. Gas heating uses only half as much energy as an electric system doing the same job.

Comfort, efficiency, and economy ... you get it all with natural energy gas heating.

Suit Would Block Nixon's Regaining Documents, Tapes

WASHINGTON (AP) — A federal Services Administration suit to block former President Richard Nixon from regaining custody of materials from his administration has been prepared by a group of educators, journalists, historians and political scientists.

Members of the group said it would be filed in federal court today. Meanwhile, a hearing was scheduled before U.S. District Judge Charles Richey today on a suit filed by Nixon to regain custody of his former White House documents and materials.

The suit to block the government from surrendering the materials to Nixon said the plaintiffs believe "some person or persons with access to presidential materials have already caused damage to some correspondence, papers, books, memoranda, tape recordings or other valuable documents of the United States."

It requests a temporary restraining order against the government until a hearing is held for a preliminary injunction. Named as defendants are Arthur Sampson, head of the Gen-

Study Reportedly Finds Oil Price Cut Possible

NEW YORK (AP) — Time magazine quotes a still-secret U.S. government study as saying the world's oil exporting nations will try to hold on to their markets by cutting oil prices, probably to \$7 per barrel by 1985.

The United States now pays \$11 per barrel on oil imports of 6.1 million barrels daily.

Time said the report, "Project Independence Blueprint," runs 980 pages long and is due for release in November. The study was prepared for President Ford by 750 analysts and energy experts directed by the Federal Energy Administration, the magazine said.

According to Time, the study predicted the continuance of present oil prices would result in a reduction of American oil imports to 3.5 million barrels daily as the country developed alternate energy sources.

The study said those energy sources would become "economically attractive" if the prices remain high, and could include expansion of offshore and Alaskan oil production, gasification of coal and construction of nuclear plants.

"More likely, the FEA experts calculate, the price of oil will drop to \$7 per barrel by 1985," Time said.

Such a price drop could spur U.S. oil imports to 10.2 million barrels a day by 1985, although conservation measures within the next two decades could limit the figure to 8.2 million barrels.

According to the study, Time said, the United States could limit oil imports to 3 million barrels a day by 1985, while paying \$7 a barrel.

Woman Grocery Clerk Abducted At Fort Worth

FORT WORTH, Tex. (AP) — Police sought today a woman grocery clerk they said may have been abducted Sunday by a robber.

Officers sought clues in the disappearance of Susan Reynolds, 23, and more than \$1,000 from the cash register of a drive-in grocery.

Police said Mrs. Reynolds was talking by telephone with a friend at midmorning Sunday when she said, "Hold it a minute, I have a customer."

Police said Mrs. Reynolds left the telephone receiver off the cradle and never returned to it.

A customer later found the store empty and the telephone line still open.

Aluminum Used
It has been reported that the auto industry consumed 502,000 tons of aluminum in 1972.

Robbery Declared Motive In Murders

NEW BRITAIN, Conn. (AP) — "There was no other motive than robbery," says Police Chief Thomas Ormsby of the slaying of six persons in a family bakery.

The bodies of the owner of the Donna Lee Bakery, a clerk and four customers were found in a back room Saturday night. Each had been shot in the head, and the clerk also had been shot in the throat.

The victims' wallets and handbags were missing, and the male victims' trouser pockets were turned inside out. Ormsby said the cash register at the bakery was empty but police did not know how much money was taken.

Detective Capt. George Bersick, heading the investigation, said Sunday night that he thought police would "come up with results in the next day or so."

He said three to five persons who were unknown to the victims probably took part in the slayings in this central Connecticut city.

The robbers were either amateurs or maniacs, said Sgt. Henry Crisafulli.

"A pro wouldn't kill that way...He wants to take money with the least amount of trouble," he said.

The victims were identified as John Salerni, 55, of New Britain, the bakery owner; Helen Giansanti, 59, of Newington, the clerk; and customers Michael Kron, 49, of New Britain; William J. Donahue Jr., 27, of West Hartford, and Thomas Dowling and his wife Anna, both 58, of New Britain.

New York Suit Charges Chicken Price Rigging

NEW YORK (AP) — New York State Atty. Gen. Louis Lefkowitz has filed a suit charging the National Broiler Marketing Association with conspiracy to rig chicken prices.

Lefkowitz said Sunday he filed the suit in U.S. District Court in Atlanta, and is asking treble damages against 37 association members in 17 states.

At the same time, the Labor Department's Bureau of Labor Statistics reported the cost of a chicken here rose 11 cents in August.

Lefkowitz said the defendants sold more than \$600 million worth of broilers and broiler parts in 1971, about half the total sales of such products in this country. New York state and its municipalities buy millions of dollars worth of the products each year, he said.

The association members allegedly conspired to fix prices to withhold chickens from the market to raise the price.

While the cost of chicken rose here, other ingredients in a chicken dinner went down, the statistics bureau said, making the total cost of the chicken dinner seven cents less in August than the \$5.61 registered in July. The \$5.54 price of the dinner in August was down 69 cents from a year ago.

The 37 firms named by Lefkowitz are in Alabama, Arkansas, Connecticut, Delaware, Georgia, Illinois, Indiana, Maryland, Minnesota, Missouri, Mississippi, Nebraska, New York, North Carolina, Oklahoma, Tennessee and Texas.

Solar Cooker On Market
There is currently on the market a solar cooker which uses only the sun's rays to cook a meal in minutes. It weighs one pound and can be used on a boat, at a backyard barbecue or on the trail.

Cold Stings Many Areas Of Country

By The Associated Press

Unseasonably cold air chilled many parts of the country east of the Mississippi River early today, with temperatures reported near or below freezing from New England to the northern half of South Carolina.

In the Midwest, temperatures dipped into the teens in southern Michigan and northern Indiana.

Despite the cold, there was little precipitation in most parts of the nation.

The exceptions were reports of an inch of snow in North Central Nevada, scattered rain showers from Idaho into the western regions of Montana and Wyoming, and the northern sections of Utah.

Traces of moisture
Light snow also left traces of moisture over the western portion of New York State and Pennsylvania.

Clouds overhung South Texas, northern Michigan and spots along the eastern Ohio Valley through the central Appalachians.

The weather was cool and fair over the rest of the country.

Temperatures were in the 50s over much of the plans to the Central Gulf Coast and in the 40s to low 60s west of the Rockies.

Accord Attained In Airline Strike

WASHINGTON (AP) — A tentative agreement was reached early today to end a 96-day strike that shut down operations of National Airlines.

W. J. Usery Jr., director of the Federal Mediation and Conciliation Service, said the tentative agreement is subject to ratification by 1,600 members of International Association of Machinists, which struck the airline July 15.

Children's Art Class Still Has Vacancies

The children's art class for boys and girls aged 7-12 is only half filled, and registrations can still be made at the parks department office, 300 Baldwin St.

The class is designed to teach 15 children the techniques of sketching with charcoal, tempera painting and watercolors.

The class meets each Wednesday from 4 p.m. to 6 p.m. through Nov. 13. Fee for the course is \$3 and all materials are furnished.

Jaworski Quoted As Saying Haig Talked Him Into Post

LOS ANGELES (AP) — Leon Jaworski says former White House chief of staff Alexander M. Haig Jr. talked him into taking the job of Watergate special prosecutor, the Los Angeles Times reports.

The newspaper, in a dispatch from Washington in today's editions, quoted Jaworski as saying Haig promised him "the independence you want."

Jaworski was nominated for the post Nov. 1, 1973.

Jaworski was also quoted as saying Haig later told him that by the end of that December "he had instructions not to give me anything else" in the way of evidence from the White House.

The story quoted Jaworski as saying he had developed a close relationship with Haig and that Haig told him of President Nixon's impending resignation hours before it occurred.

"So far as I know, Al Haig never misrepresented anything to me. He and I had a very peculiar rapport," Jaworski was quoted as saying. "He talked plainly and bluntly. I couldn't help but like his manner, frankness and candor."

Jaworski said Haig called him after Nixon fired Archibald Cox, the first special prosecutor. Haig "spoke of the almost revolutionary state of the investigation."

Cattle graze on reclaimed land near TESCO's lignite coal operation near Fairfield, Texas. The dragline used for recovering the lignite can be seen just over the hill.

Ten months ago this peaceful Texas pasture was a coal mine.

The lignite coal found here is being used to generate electricity for Texas Electric Service Company in our Big Brown plant near Fairfield, Texas.

Our main fuels are natural gas and oil, and they will continue to be for several years. But new supplies of these fuels are increasingly difficult to obtain.

Using lignite, and by the 1980's nuclear fuel, will help us reduce our dependence on natural gas and oil.

One advantage of using lignite is that it isn't being used extensively for any purpose other than the generation of electricity.

After removing coal from the land you see here, it was reclaimed — the soil was replaced, tilled, fertilized and a variety of grasses planted — to make its productivity equal to or better than before. Now it is used for raising crops or cattle.

At Texas Electric, we're continuing the orderly development of our power system so that you'll continue having the electricity you need.

And we're doing it with full concern for the environment.

WATERGATE JUDGE—Judge John Sirica is driven into the garage of the U.S. District Court in Washington today, where he presides over the Watergate cover-up trial. (AP Wirephoto.)

'Stonewalling' Tape Played

(Continued From Page 1A) not do it... this man did do that." Ehrlichman suggests that if that idea is adopted, "to give some weight to that, could you attach as an appendix a list of the FBI reports to which you had access... so that the President at some later time is in a position to say 'I relied.'"

Ex-Greek Leader, Others Charged In Deaths Of 18

ATHENS (AP) — The chief Athens prosecutor charged former dictator George Papadopoulos and other junta chiefs today with responsibility for the death of at least 18 persons in the Nov. 18-19 student uprising. The prosecutor, Constantine Fafoutis, issued the charges after a month's investigation. Legal experts said if found guilty, some of the accused could receive the death penalty.

And Ehrlichman warned the President that allowing people to testify before the grand jury would involve "awful opportunities for indignation" and that "you end up with people in and out of the White House indicted for various offenses."

Meanwhile, Jaworski said in the television interview Sunday that the entire story of Watergate will come out during the trial. "Through the evidence at the (cover-up) trial, you're going to have the story of Watergate," Jaworski said on the NBC program, "Meet the Press."

'Speechcraft' Class Slated

A special "Speechcraft" course for Jaycee members will begin at 7 p.m. Tuesday in the Community Room of Western State Bank.

The course, to be presented by the Pop-Up Toastmasters Club, will continue each Tuesday for six weeks. David Hoff is the coordinator of the course which will feature improvement in speaking, listening and leadership. Persons other than Jaycee members are invited to take the course.

Three Prospective Jurors Excused In Kent State Trial

CLEVELAND, Ohio (AP) — Three of the first 12 prospective jurors were excused today as jury selection began in the trial of eight ex-Ohio National Guardsmen indicted in connection with the 1970 Kent State University shootings. Chief U.S. District Judge Frank J. Battisti released the three after asking them questions about their state of mind relative to the case. The defendants are being tried for alleged civil rights violations in the shootings. The eight were indicted by a federal grand jury last March 29. They are accused of violating the civil rights of four stu-

Long-Haired Mice May Solve Bald Men's Woes

MOSCOW (AP)—Soviet scientists are growing long hair on mice by using a silicone mixture which they say might lead to the development of a human hair restorer, the newspaper Socialist Industry reports. The report — headlined "Miracle Maker" and "Bordering on the Fantastic" — said some experiments are being conducted with humans, and "for the time being the results are giving hope." It gave no details of these experiments. The research team also antici-

Council To Consider Final Annexation Okay

A lengthy 29-item agenda will be considered by the Midland City Council Tuesday with most of the action to come on clearing up old or routine business. Councilmen will consider final approval for an annexing approximately 2,706 acres of land adjacent to the present north boundary of the city. The annexation has been the object of study for the past several months. Members of the Planning and Zoning Commission have recommended the annexation because of the continuing growth of the city toward the north. The Texas Highway Commission has supplied a plan for the reconstruction of Midkiff Road from Interstate 20 to Wall Street, which will include widening of the roadway. Councilmen will consider granting the extra right-of-way necessary for the project along with the city's obligation for curb and gutter installation.

Ravenel—

(Continued From Page 1A) ticket prices during wage and price controls. —Agreed to consider when, if ever, members of the armed forces have the right to be represented by counsel at summary courts-martial. —Agreed to consider whether state prison officials may transfer inmates from one prison to another without warning and without a hearing. —Let stand a ruling that municipal hospitals may not restrict abortions to those required to save the life of the mother. The case arose from a challenge by two physicians to a rule of the Virginia, Minn., Municipal Hospital prohibiting nontherapeutic abortions. —Agreed to review a lower-court decision that persons involuntarily committed to mental hospitals have a constitutional right to treatment.

Condor Case Hearing Set Nov. 22

A Federal Energy Administration order requiring an independent oil operator to sell crude to a major company will be tested about Nov. 22 when an FEA appeal is heard by the U.S. Temporary Emergency Court of Appeals. Judge Wood agreed with Condor that the FEA order is invalid and granted a preliminary injunction ordering the FEA to refrain from interfering with Condor taking its own oil and putting it to its own use. The FEA regulation under attack by Condor is one which orders supplier-purchaser relationships as of Dec. 1, 1973, not be changed unless both parties agree to the change. The Temporary Emergency Court of Appeals will accept briefs on the case Nov. 4 and should be ready for the hearing about Nov. 22, a spokesman for Kerr, Fitz-Gerald and Kerr, attorneys for Condor, said here this morning. In his certification of his in-

American Envoy Now In East Berlin

BERLIN (AP) — The first American diplomat accredited to the East German government has arrived in East Berlin to arrange for the opening of the United States embassy on Nov. 1. Brandon H. Grove, who will be the embassy's deputy chief of mission, was greeted by a representative of the East German Foreign Ministry and a member of the U.S. mission in West Berlin when he arrived at East Berlin's Schoenefeld airfield Sunday night. The United States last month became the 11th government to recognize the Communist regime in East Germany.

Shows—

(Continued From Page 1A) be cooler with highs forecast for the upper 60s. Rainfall in the Tall City is officially recorded by the weather service at 3.25 inches for the month while the gauge stands at 17.36 inches for the year to date. Showers dotted the Rio Grande Valley Sunday, mostly from Harlingen southward. Up to 1.67 inches of rain soaked the McAllen area in less than three hours. Temperatures near daylight ranged from 50 degrees at El Paso and Wichita Falls up to 73 at Galveston. Sunday afternoon's top marks went as high as 86 at Alice in the extreme south. The Associated Press reported.

Steaming Stews Fired For 'Pots'

DENVER (AP) — Claiming that the scales of justice are tipped against them, several Western Airlines stewardesses picketed the airline's terminal at Stapleton International Airport to protest weight requirements. "Weight has nothing to do with the safety of passengers, which is what we're here for," said Monica Grote, a Western stewardess currently on maternity leave. "I can still open an emergency evacuation door even if I am four pounds overweight," she said Sunday. Mrs. Grote and others said Western had fired stewardesses for being less than four pounds over the weight standards set by the airline. Alva Blake, spokeswoman for the Denver chapter of the Association of Flight Attendants, said the weight limitations are unfair and discriminatory because they apply only to flight attendants. Edward Fraley, assistant manager for Western, said, "I like to see someone attractive when I fly. It's the same with the decorum of the airlines, which we like to maintain. We keep the cabins in shape for the same reason."

Boston—

(Continued From Page 1A) Boston and said it is up to the federal court to provide a long-range busing plan "under the decisions of the Supreme Court." —About 50 people marched in 40-degree weather in a "Procession of Reconciliation" in the Jamaica Plains section to show concern about school violence. The march was organized by the Ecumenical Social Action Committee of Jamaica Plains. "Our workers will include officers, directors, committee chairmen, and committee members," Rea said. "They will contribute one hour making project calls and talking about the many activities of the chamber."

VFW To Urge Gov Briscoe To Make Dec. 7 Holiday

Members of District 25 of the Veterans of Foreign Wars voted here Sunday to ask Gov. Dolph Briscoe to declare Pearl Harbor Day, Dec. 7, a state holiday. The VFW members took the action at their fall convention here. In attendance at the two-day meeting was Clyde Hall of Lubbock, VFW state commander. Hall told the group the VFW now has 84,000 members in Texas. Hall lauded the V.A. hospital at Big Spring, saying it was one of the best in Texas. Approximately 175 members of the 10-county district attended the meeting, presided over by District Commander Al Downs of Midland.

Oregon—

(Continued From Page 1A) authorities interpret as a variation of the term "Jayhawker" used to describe guerrillas and looters after the Civil War. The letter said in part: "The extent of damages resulting from the demolition of five of your power line towers Wednesday night is incidental. Our intent is to either collect \$1 million or to make you people wish to hell we had." Hotel said he believed the only motive of the extortionist is money. "There are no political overtones to the letter," he said. The extortionist set no deadline for complying with the demand but told the power administration to show it was ready to pay by placing classified ads in three newspapers, two of them in California.

Ranchers To Map Strategy For Meet

STEPHENVILLE, Tex. (AP) — Ranchers and dairymen gather here Thursday to work out plans for a milk and beef summit meeting with President Ford at a later date. AUSTIN (AP) — All parties in a campaign expense suit agreed today to postpone the taking of a deposition from Gov. Dolph Briscoe because of the illness of the governor's mother in Uvalde. The deposition had been scheduled for Tuesday in a suit filed last February by Mrs. Frances Farenthold, who was defeated in the May Democratic primary race for governor. Mrs. Farenthold alleged that collection of funds for Briscoe's campaign began before he named a campaign manager. The governor's office said Nov. 1 had been set as a new date for the deposition taking.

Chamber 'Phonothon' Begins Tuesday

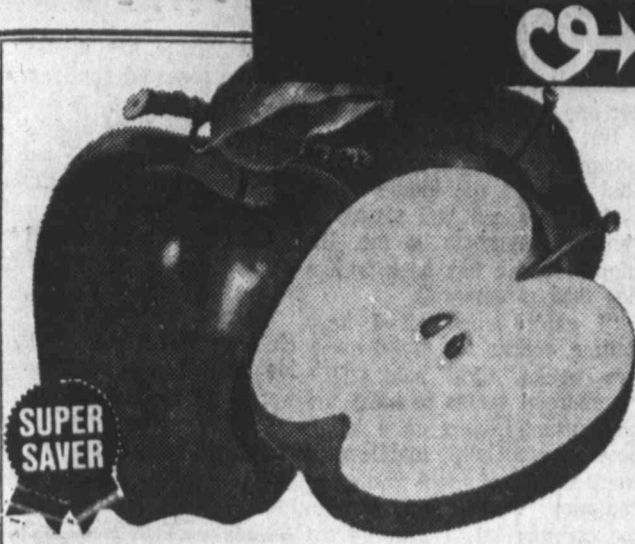

A two-day membership "phonothon" for the Midland Chamber of Commerce gets under way Tuesday morning. The drive will involve more than 70 volunteers, who will be contacting membership prospects by telephone, membership committee Chairman Paul Rea said today. In addition to the workers who will be making the calls, members of the Midland Jaycees will be serving as runners. After contacts have been made with the prospects, the Jaycees will visit the prospect to get membership applications signed and pick up investment checks. "Our workers will include officers, directors, committee chairmen, and committee members," Rea said. "They will contribute one hour making project calls and talking about the many activities of the chamber." Rea pointed out that the chamber is a group of businesses and individuals doing together for the community what they could not do by themselves. Among the accomplishments of the chamber, Rea cited such projects as: Creation and development of Midland Industrial Park; improvement of air, rail and highway transportation and service; sponsorship of an annual Christmas parade; development of a continuous beautification program for Midland; recognition of individuals and community groups which have been successful in various fields of endeavor. "Our problems right now are in the fields of labor and housing," Rea said. "The chamber has task forces working on these problems. In fact, the chamber is involved in activities which concern all of us. "We invite everyone who is concerned with Midland's future development to join with us through chamber investment and, if possible, their time and talent." Volunteers who will work Tuesday include Doug Sutterlin, Harvey Herd, Tom Welch, Bill Malone, Don Jones, John Ingram, Gerald Helm, A. Langford, Mickey Cappadonna, Jim Allison Jr., Ernest Angelo, Charvel Mills, Norman Gould, John Reid, Ken Sewell, James Mims, Hooper Sanders and Harry Clark. Also, Harrell Feldt, Sam Conner, Jerry Fullinwider, Mike Pease, Spencer Blocker, Parker Humes, Ron Schwisow, Rick Perry, Norman Henry, Art Donnelly, William Slater, Pat Fletcher, Joe Campbell, Patsy Bohannon, Wayne Ulrich, Billy Jackson, Clint Hurt and Nancy Rea. Workers Wednesday will include C. W. Barclay, Joe Dominey, Roy Williamson, Fred Keeter, Lynn Burch, John Keyes, LaDoyce Lambert, Earl Zetsche, Royce Brookmore, Roy Jeter, Marshall McCrea, John Williams, Chuck Logue, Larry Hart, Durward Wright, Gayle Miles, Terry Blaney and Henry Schneider. Also, Patsy Welmaker, Tommy Hoskins, Fred Burkhalter, Martin Neill, Cecil Byche, Herb Ethridge, Ed Moores, Doug Wilmut, Duke Jimerason, Mark Martin, Jim Kent and Tommy Hamm.

'Drink, Drank, Drunk' Must-See Tv Special

By JAY SHARBUTT
 NEW YORK (AP) — The Public Broadcasting Service tonight is airing "Drink, Drank, Drunk," a one-hour look at the lush life. It's must-see viewing for anyone concerned about the major disease called alcoholism.

Produced by WQED in Pittsburgh and hosted by Carol Burnett, its main emphasis is on helping families and employers of problem drinkers spot the symptoms of alcoholics and suggesting how to best cope with alcoholics.

But the heavy boozier might also do well to watch it, if only for a very funny, yet razor-sharp sketch about an alcoholic and his nondrinking, nagging wife. It was written by the husband-and-wife team of Joe Bologna and Renee Taylor.

They're contestants in a game show, "You Waste Your Life," in which the ceaselessly cheery m.c. (Ron Carey) notes the game is played for high stakes: "You can lose your wife, your family, your house, your self-respect and your drapes."

Contestant Bologna, bleary-eyed and in a bathrobe, tells about himself this way: "Well, when I started drinking, I was a Supreme Court Justice. Then I landed a fascinating job cleaning rugs, and now I'm semi-retired and living off my mother's savings."

Points in the game are scored by the back-and-forth psychological tactics common in situations of this kind: Lies by the drunk, nagging by the wife, remorse, hate, forgiveness, rage and so on.

At one point she threatens to leave if he touches the gargle again, adding, "I'm taking all the furniture and your Mantovani records and I'm turning the children against you..." It's highly effective, as is a

serious, albeit occasionally propagandizing minidrama in which Larry Blyden plays the frustrated, uncomprehending husband of a drunk, she portrayed by Ellen Madison.

Over-all, the program, its production and promotion financed by a grant from the 3M Company, is an hour well spent.

You might ask why Carol Burnett agreed to host the show. She answers the question in unflinching terms in the opening segment: "My parents died when they were 46 years old because they were drunks."

Conrad To Make Film About Hoffa

LOS ANGELES (AP) — Actor Robert Conrad says he will portray former Teamsters Union President James R. Hoffa in a motion picture that will begin production late next year.

Conrad, 39, star of television's "Hawaiian Eye" and "Wild Wild West," said Friday he had acquired rights to Hoffa's life story and plans a three-hour film.

"The first 90 minutes will cover Hoffa's rise to president of the Teamsters. The rest will show the investigations led by Robert Kennedy, the trials and his term in prison. We'll bring the story right up to the present," Conrad said.

Hoffa, convicted of jury tampering and mail fraud and sentenced to 13 years in prison, served five years of the sentence before it was commuted by President Nixon with the stipulation that Hoffa refrain from union activities until 1960.

Heart Slower
 The pulse of a horse beats from about 28 to 40 times a minute compared to an average adult pulse beat of 70 to 75 times a minute.

BENNY LEAVES HOSPITAL—Comedian Jack Benny, 80, leaves Presbyterian Hospital in Dallas Sunday after being admitted late Saturday night. The entertainer had entered the hospital complaining of a numbness in his hands and arms. A hospital spokesman said examination revealed no evidence of a stroke or cardiac involvement. (AP Wirephoto.)

Jack Benny Undergoing Tests At Cedars Of Lebanon Hospital

LOS ANGELES (AP) — Comedian Jack Benny was in good condition today at Cedars of Lebanon Hospital after becoming ill in Texas, hospital authorities report.

The 80-year-old Benny was admitted to the hospital as a precautionary measure Sunday

afternoon, a hospital spokesman said.

Hospital officials said there was no word on when Benny would be released. A spokesman said he was undergoing routine tests.

Earlier Sunday, the comedian left Presbyterian Hospital in

Dallas and flew here by private jet.

Benny had canceled a performance Saturday night in Dallas after experiencing a numbness in his hands and arms. The appearance was in a benefit for the Southwestern Medical School of the University of Texas.

Cathy Cronkite Making Valiant Effort To Break Into Show Biz

LOS ANGELES (AP) — She

looks somewhat like a young Katharine Hepburn, with her

freckled good looks, boyish figure, and long auburn hair.

The resemblance would please her, since her idol is the legendary Kate.

She bears a famous name, this Cathy Cronkite, but she aims to make it on her own as an actress. Her luck so far?

"Well, I've had one part in nine months," she admits. "Sometimes it's discouraging, but then I think of the actors who have been here eight years and never got a single part."

Cathy has the same kind of buoyant optimism that has helped make her father, Walter Cronkite, the longest-lasting anchor man in television network news.

Has Determination
 She also has determination. To pay expenses, including drama classes at the Loft Theater, she works six nights a week in the box office of the Roxy Theater, site of the rock musical, "The Rocky Horror Show."

"It's not a bad job, especially since I get a free dinner every night," said Cathy.

She is 24, born in Washington, D. C., and grew up in New York. Her school career was sketchy — "I either got A's or F's depending on how interested I was in the subject." She has attended a few colleges, including Prescott in Arizona, where she met and married Mark Stewart, now a teacher.

"We still like each other, but not as married people."

Cathy had tried acting in school, liked it enough to try for a career in New York.

Part Landed
 All she could find was work in a student film and summer stock. Last fall a friend, Tom Laughlin, offered her a small part in his "The Trial of Billy Jack." She decided at the movie's Tucson, Ariz., location to try for a Hollywood career.

So far her only role has been in a segment of "The Waltons," which will appear in November.

"The trouble has been that whenever I go to interviews, they say, 'Where's some film to show them, but now I do. I believe I'm good; it's simply a matter of getting a chance to show what I can do.'"

Bette Davis Injury Closes New Musical

PHILADELPHIA (AP) — The musical "Miss Moffat," delayed several times before its opening here two weeks ago, has closed because actress Bette Davis has suffered a recurrence of the back and leg problems that slowed rehearsals.

The show at the Shubert Theater had eight more days to run.

Television Commercials Help Patrick Wayne's Ailing Career

By BOB THOMAS

LOS ANGELES (AP) — Last year television commercials provided 53.6 per cent of Screen Actors Guild members' income, compared to 27.2 per cent for television films and 18.4 for features.

Patrick Wayne affords a case study on how commercials can help an actor's career.

He is, of course, the handsome, strapping son of John Wayne, and a decade ago young Pat developed his own following among the young crowd in such films as "The Young Land" and "Cheyenne Autumn."

But teen-age followings are notoriously fickle, and Pat experienced long stretches of unemployment between roles. He appeared in television shows like "Have Gun, Will Travel" and "The FBI," and for one season had his own series, "The Rounders."

"He's Not Really Serious" But in his search for acting jobs he was hampered by the sentiment of producers and casting agents who said, "Well, he's John Wayne's son and he's really not serious about an acting career."

"But I am serious," Pat protests. "I missed out on a lot of interviews because studio people didn't think I was."

"Now I think they do, and the commercials have done a lot to correct that false impression."

"Like a lot of actors, I held off on doing commercials. But

a couple of years ago an agent told me he could get me a lot of work in them.

"I decided what the hell, everybody else is doing them, why shouldn't I?"

He has appeared in a dozen commercials, averaging \$2,500 for one day's work.

But he has had an occasional bonanza, such as a candy blurb that runs on the kiddie shows and has earned him \$12,000 in residual payments so far. His biggest break has been with a dog food commercial.

"I can't believe it—I keep getting checks for \$1,500 every two weeks," Pat said. "The commercial seems to have had an unusual impact on a lot of people, especially middle-aged women. One of them wrote the company, 'Please keep him in the commercial; I may go out and buy a dog, just so I can use your product.'"

"I also get a good reaction when I go to interviews for acting jobs. Everybody has seen the commercial, and they know

that I'm working at my career. Just as important is what it has done for me. By having that financial stability—I have more confidence when I go to job interviews."

Pat Wayne has another reason for renewed confidence. He is starring in a new Disney movie, "The Bear and I," as a Vietnam veteran who befriends three bear cubs in the Canadian wilds.

Pat Wayne was born 35 years ago to the actor and his first wife, Josephine Saenz.

Married and with two young children, Pat admitted that the long stretches of unemployment were hard on his family.

"That's the trouble with being an actor; you have no control over your employment," he said.

Ford's Campaign Echoes Truman's

By FRANK CORMIER
WASHINGTON (AP) — President Ford has been told by close associates that he sounds like a Harry S. Truman on the campaign trail. And if Ford hasn't given Democrats much hell yet, he's trying.

Facing heavy odds in a campaign to resist an erosion of Republican strength in Congress, Ford is using more strident, more Truman-like rhetoric as the campaign progresses.

Apparently by design, Ford became increasingly partisan last week as he jettisoned seven states on behalf of Republican candidates. The change in approach produced a presidential decision Saturday to abandon prepared texts and, as he put it, "talk heart-to-heart, straight-to-straight."

Ford seemingly wanted to say, "straight from the shoulder," but couldn't remember the cliché soon enough — one of the perils of impromptu speechmaking.

President Shoots 18 Holes in 96

POTOMAC, Md. (AP) — President Ford drew back his golf club for a practice shot Sunday when an Irish Setter named "Jake" happened by and laid down 10 feet in front of him.

The sequence repeated itself several times before Ford got off a few shots — which "Jake" promptly bounded after. The pesky pooch was finally led away and Ford got down to more serious play with golf pro Lee Elder, Rep. Leslie C. Arends, R-Ill., and a local businessman.

Ford played at par for three holes in a row and carded a 96 over 18 holes on the par 72 Congressional Golf Club course.

"He drove the ball awfully well. His driving and putting are the best part of his game," said Elder, the first black golfer to qualify for the Masters Tournament.

Camera Club Sets Meeting At Museum

Midland Camera Club's meeting tonight in the planetarium of the Museum of the Southwest will feature two special slide presentations from Kodak, "Adventures in Indoor Color Slides" and "Pictures by Existing Light."

The 7:30 p.m. meeting will be open to the public.

Winners in the club's most recent black-and-white and color print competition were Glen Ford, first; Ed Berry and John Dale, second; and Ed Davis, third. A color slide competition was won by Bill Dollar, while Ed Davis and Helen Davis placed second and Dick Morawe placed third.

SHADOW OF FORMER SELF — "Big Bill" Leverton is a weight loss champion after trimming off 417 pounds in 31 months. Leverton, at left, weighed 640 pounds in April 1972 and had a waist of 72 inches. Recently, at right, he stepped into his old pants for a comparison with his present weight of 223 pounds. (AP Wirephoto.)

640-Pound Michigan Highway Inspector Reduces To One-Third Man He Once Was

PORT HURON, Mich. (AP) — "Big Bill" Leverton could never squeeze into anything until he became one-third the man he used to be.

"I couldn't go anywhere. I didn't fit. Doors, chairs — the world around me was too small," said William Leverton, 57, after shedding 417 pounds in 31 months.

"I look in a mirror and it's like looking at a stranger,"

Leverton, a Michigan Highway Department inspector, weighed 640 pounds on April 3, 1972, and was told by his employer to reduce.

"My job was at stake," said Leverton, who has set a final weight goal of 200 pounds.

Leverton said he tried many methods to lose weight — even hypnosis.

Governors, Mayors Shrug Off Ford's Speeding Plea

By JEFFREY D. ALDRMAN
Associated Press Writer

Many of the nation's governors and mayors say there's little they can do about President Ford's request to enforce the nationwide 55 m.p.h. speed limit except praise it as a good idea.

The governors and mayors, many of whom got telegrams a week ago from Ford asking for stricter speed limit enforcement, say their states are already doing everything possible given the manpower available.

Rhode Island Gov. Philip W. Noel was one of the few officials who said he planned to increase the number of troopers on the road. He also said he would ask the state police superintendent to meet with local police to advise them of Ford's telegram.

Leverton's weekly diet now includes liver once, fish five times, beef three times and four eggs.

The weight control organization says Leverton's weight loss is a record, topping Florence Jaffee of New York, who dropped about 355 pounds in the late 1960s.

Dallas To Host Barbershop Event

DALLAS (AP) — Dallas will host the annual southwestern district convention of the Barbershop Harmony Society beginning Friday.

Better known as the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc., the competition will be composed of quartets and 15 choruses from Texas, Oklahoma, New Mexico Louisiana and Arkansas.

Representing Texas will be choruses from Dallas, Houston, San Antonio, Austin, Beaumont-Port Arthur, Lubbock and El Paso.

Judges Dismiss Charges

—In scattered areas, judges are dismissing charges against people caught speeding over 55 m.p.h. but under old limits; police in some areas give warnings instead of tickets to such speeders.

"South Dakota enforces its speed laws, and will continue to do so," said Gov. Richard Knipf, who plans no changes in state procedures on speeding.

"The basic problem with enforcement is that once a sizeable percentage of the population begins to ignore the speed limit, or any law, it is hard to control."

"As a practical matter, if everyone on the highway is traveling 60 miles per hour, a patrolman can hardly stop them all and can hardly be expected to selectively choose which ones to pick."

"My total reaction to Mr. Ford's proposal is that he's trying to organize a high school cheerleading team," said St. Paul, Minn., Mayor Lawrence Cohen. He called Ford's suggestions "back-passing."

Today In History

By The Associated Press

Today is Monday, Oct. 21, the 294th day of 1974. There are 71 days left in the year.

Today's highlight in history: On this date in 1805, an English fleet under Lord Nelson defeated French and Spanish fleets off Spain's Cape of Trafalgar, ending Napoleon's power on the seas.

On this date —

In 1797, the U.S. Navy frigate Constitution — known as Old Ironsides — was launched at Boston.

In 1879, Thomas Edison invented a workable electric lamp at his laboratory in Menlo Park, N.J.

In 1938, the Japanese captured the Chinese city of Canton.

In 1944, in World War II, U.S. troops captured Aachen, the first large German city to fall to the Allies.

In 1945, women voted for the first time in France.

In 1967, thousands of demonstrators against the Vietnam War stormed the Pentagon in Washington, and at least 250 arrests were made.

Ten years ago: President Charles de Gaulle threatened that France would withdraw from the European Common Market unless agreement was reached on its agriculture program.

Five years ago: Willy Brandt became the first Socialist chancellor in West Germany's 20-year history.

One year ago: The U.N. Security Council passed a joint U.S.-Soviet resolution calling for an immediate cease-fire in the war between Israel and her Arab neighbors.

Today's birthday: Former New York Yankee pitcher Whitey Ford is 46 years old.

Thought for today: He that will not apply new remedies must expect new evils — Roger Bacon, English philosopher, about 1214-1294.

Now Many Wear FALSE TEETH With Little Worry

Do false teeth embarrass you by coming loose when you eat, laugh, or talk? A denture adhesive can help. **FASTETITE** gives dentures a longer, firmer, plastic hold. Makes eating more enjoyable. For more security and comfort, use **FASTETITE** Denture Adhesive Powder. Dentures that fit are essential to health. See your dentist regularly.

WHAT IS THE TRUTH?
"Thy Word is Truth" (John 17:17)
by Bryan Bost

When asked why he was preaching about Jesus Christ, the apostle Peter said, "And there is salvation in no one else, for there is no other name under heaven given among men by which we must be saved" (Acts 4:12). His contention stands true today: there is salvation from sin and death only in Christ. While this may seem obvious to those familiar with the scriptures, numerous challenges to that claim are being made today. Competing religions and secular philosophies are disputing the uniqueness of the Lord. No matter what claims are made, there is no other way to salvation.

The following illustration has been used to show the utter powerlessness of other world religions to meet man's real needs and, likewise, to point out the real blessing in Christianity. It applies to both physical needs and the need for salvation. A man fell into a deep pit and was unable to get out. A Muslim came along and said, "Friend, it was your fate, predestined by Allah, that brought this upon you. It is too bad." And he went on his way. Later, a Confucianist came along and said, "Brother, if you had done the doctrine, heaven would never have sent this misfortune to you." And he too went on his way. Still later a Buddhist monk addressed himself to him, "Brother, you are cold and hungry and sore from your fall. Begin now to meditate, and you will discover that you are neither as cold or as hungry as you thought and your wounds will not give you so much pain." Last of all, a Christian appeared on the scene and, realizing the man's desperate plight, climbed down into the pit and, lifting up the man, brought him out and ministered to his needs.

The Money Machine!

Remember the old money machine? Put in a dollar and it turned into a five, ten or whatever. We all know that such doesn't happen, but a lot of people may not know that a real money machine does exist. And it works like this. Put your money in a First Savings account . . . passbook or C.D.'s . . . and get back more than you put in. First Savings compounds daily and pays from date of deposit to date of withdrawal on passbook accounts . . . so you've got to get more out than you put in. And the longer you leave it, and the more you put in, the more you'll get back. Don't you think you should have a money machine? You can . . . First Savings . . . Midland's most recommended Savings and Loan Association.

STUCK AT WRONG TIME—Frank Grigerek of Manhattan Beach, Calif., runs from the surf at Plaza Del Ray as morning high tide interrupts his efforts to free his truck. The front drive shaft of the vehicle broke as Grigerek drove along the beach. Los Angeles city lifeguards tried to get it out, but high tide drove them back. (AP Wirephoto.)

India May Receive American Grain

WASHINGTON (AP) — While the Soviet Union tried to buy 3.2 million tons of U.S. grain recently, but the shipment was halted by President Ford Oct. 5 because of smaller U.S. harvests blamed on spring floods, summer droughts and autumn freezes.

But Treasury Secretary William E. Simon announced Saturday that the Soviets will be allowed to acquire one million tons of corn and 1.2 million tons of wheat. They agreed to make no further purchases in the U.S. market this crop year, which ends next summer.

The Soviet Union has been a major foreign supplier of wheat to India the past year, providing more than 1.8 million metric tons of wheat, according to USDA figures.

India's wheat production is down, with the crop last spring estimated at 22.5 million tons compared with 24.9 million in 1973.

Briscoe's Mother Now Critically Ill

AUSTIN (AP) — The illness of Gov. Dolph Briscoe's mother has caused cancellation of the governor's schedule for this week.

Mrs. Dolph Briscoe Sr. was reported in critical condition after being admitted to the Uvalde Memorial Hospital Friday.

Briscoe and his wife flew to Uvalde from El Paso after learning of the hospitalization.

Baylor Official To Speak At Meeting Tuesday Night

Dr. Joseph V. West, director of Baylor University's office of institutional research and testing, will be guest speaker at the fall meeting of the Midland area chapter of Baylor Parents League (BPL).

Scheduled for 8 p.m. Tuesday in the fellowship hall of First Baptist Church, the meeting is open to parents of all Midland area students currently attending Baylor and Baylor Extension students living in the area.

Representing Baylor at the meeting will be Mrs. Jack Herling, director of BPL activities, and Sharon Witte, assistant director.

West's topic will be "The Testing Center: What It Is and What It Does."

He was director of the university's counseling and testing center prior to his present appointment. Before joining the Baylor staff in 1959, he was a psychology professor at Hendrix College in Conway, Ark.

Mr. and Mrs. John P. Bates serve jointly as Midland chapter president. Their son, Bucky, is a sophomore pre-law student at Baylor.

Vice presidents are Mr. and Mrs. Phil Becker, parents of Baylor psychology student Anne Becker. Mr. and Mrs. James T. Johnson, whose son Jim is a sophomore majoring in psychology, serve as treasurer.

Make someone happy... by visiting a guest at the Leisure Lodge Nursing Center this week. You'll both enjoy it. Come on over, we'd love to have you.

Goodbye Umps? Could Be

DALLAS (AP) — Even baseball fanatics will tell you the sport is so hogtied by tradition that there's been only one major change in the rules for half a century—allowing use of the designated hitter in the American League.

Even so, a sixth-grade inventor will tell you the role of the game's often disputed umpire could become restricted to making merely judgment calls on the base runners.

Tom Perryman, 11, has designed a machine to call strikes and balls so accurately there just couldn't be any argument.

After a study of the Renaissance in general and scientist-inventor Leonardo da Vinci in particular, teacher Stephen Blanchard directed Tom and his history classmates at the private Greenhill School "to invent something practical."

Tom, rated one of the top science pupils at the school, came up with his idea, he said, because "I just got tired of seeing bad calls" in baseball.

Originally he figured on a machine to move on tracks in a half circle behind the batter and catcher, movable to face both left- and right-handed batters. His cardboard model was complete with a blower at the bottom to dust off home plate.

The device would employ sound waves meeting perpendicularly to outline the strike zone—vertical waves rising from a crystal beneath the plate to determine the width and horizontal waves from the machine to measure a high or a low ball, programmed with each batter's strike zone between knees and shoulders.

Only the balls passing within that area would register as strikes.

After conferring with his dad, Dr. Ray Perryman, the schoolboy inventor decided to eliminate the bulky machine.

Instead, the idea calls for an energized crystal beneath home plate to determine strikes and balls by computing the time it takes for sound waves to leave the crystal, strike the ball and echo back to re-energize the crystal.

Again the individual strike zone (between shoulders and knees) would be predetermined by a computer programmed for each batter. Balls on the inside or outside would not register because they would pass on either side of the waves.

What would a fiery manager — like, say, the Texas Rangers' Billy Martin—do when he wanted to argue about the gadget's call on a strike or a ball?

"Maybe," suggested Tom, "he could kick the machine."

EXCUSE US, PLEASE

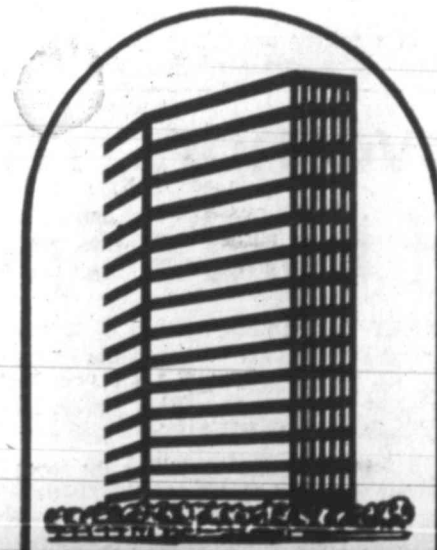

In the months to come, we will be watching the new Midland National Bank Tower as it is under construction. For a time there will be a slight inconvenience for our customers who formerly parked in our paved lot on Marienfeld between Texas and Illinois Avenues.

Starting Wednesday, October 23, this lot will be closed in preparation for the start of construction.

We regret there will not be as many parking spaces available for a time, but invite you to park adjacent to the bank, or in the Vaughn Parking Garage on Texas Avenue. We'll pay your parking there while you're transacting business at MNB. Please ask any officer or employee to stamp your parking ticket.

We always look forward to having our customers visit the bank, but also remind you of the convenience of saving time and energy by banking by mail. We pay postage both ways.

When our new building is completed there will be more parking spaces and more drive-in teller stations than before—to serve you better.

WE'RE GETTING BETTER, NOT JUST BIGGER

Cowboys Finally Win One Over Bergey's Prone Body

FACE FULL OF FIST—Philadelphia Eagles' quarterback Roman Gabriel gets a fist in the face from Dallas Cowboy end Harvey Martin, left, as he joins Jethro Pugh in decking passer. The play got Dallas a 15-yard penalty. (AP Wirephoto.)

DALLAS (AP) — The Dallas Cowboys didn't pick on any crumple when they made their game plan to stop a four-game losing streak.

Philadelphia middle line-backer Bill Bergey, No. 66 in your program, was the target in Dallas' 31-24 victory over the team which started the losing streak for the Cowboys on a last-second field goal Sept. 23.

Bergey is considered one of the finest linebackers in the National Football League and Cowboy Coach Tom Landry said "We had to block him . . . it was somebody different each time, but each time they knocked him out of the play."

Hill Scores Three

Dallas gained 230 yards rushing with Calvin Hill scoring three touchdowns and stepping for 140 yards on 26 carries.

"Our line did one fine job," Hill said. "They were knocking Bergey on his can all afternoon. He's a great competitor and a friend of mind, but we had to knock him out and run away to make yardage. (Offensive tackle) Rayfield Wright and the other guys up front were very physical. We won it up front."

Dallas Quarterback Roger Staubach sneaked a yard for the winning touchdown with 9:22 left and Cliff Harris made a vital interception of a Roman Gabriel pass with two minutes on the clock for a sweet fourth quarter victory. The Cowboys, who have been to the NFL playoffs a record eight consecutive times, had lost three of their last four games on last-second field goals. They now are 2-4 in the National Conference East while the Eagles are 4-2.

Fought Back

"When you have lost three games like we have on last minute field goals, your emotions start to play games with you," said Cowboy Coach Tom Landry. "It's hard to practice after those type of defeats."

"We were fighting back but you can usually judge the emotion of the team by the specialty units and we really got after them."

The Eagles and Cowboys were involved in numerous flurries of fisticuffs, none serious enough for the referees to ban a player from the game.

Philadelphia Coach Mike McCormack said "Dallas was on the ropes in that if they had lost it would have been the fifth loss and they might be out of it."

"We're certainly not out of it."

The Midland Reporter-Telegram

SPORTS

the race. We're just two games behind St. Louis with a lot to go."

Same Old Story

The first half looked like a replay of earlier Cowboy losses. Gabriel threw a 14-yard touchdown pass to Harold Carmichael, Po James plunged a yard for another score and Tom Dempsey, the villain in September, kicked a 39-yard field goal. Touchdown runs of 5 and 17 yards by Hill left Dallas on the short end of a 17-14

have a team that can make the playoffs if "We play the way we did the second half. We had some great breaks. It sure felt good to win."

Cowboy middle linebacker Lee Roy Jordan laddered "I think we're going to make a real good comeback."

A sparse crowd of 43,586 watched the game—lowest for the Cowboys in a regular season game since 1965. "Anybody who missed this game, really missed a good one," Landry said. Losing Coach McCormack agreed: "Perhaps it was exciting . . . if you like exciting losses."

Diehl Saves Career

★ ★ ★ ★ ★
Posts Biggest Upset Of Pro Season

SAN ANTONIO, Tex. (AP) — Terry Diehl was postively stunned.

"I'm in a state of awe," he said, a far-away look in his eyes.

He'd just scored possibly the biggest upset on the pro golf tour this season, a one-stroke victory over veteran Mike Hill in the San Antonio-Texas Open Sunday.

It was the last individual

championship on the tour this season. He was in danger of losing his playing rights. He had to win \$1,100 — larger than any check he'd made as a professional — to retain his Approved Players' Card as a full-fledged member of the tour.

He'd played — or attempted to play — in 41 tournaments this season. He had failed to qualify 17 times and missed the cut nine times. He finished only five events on the major tour. He'd won \$1,900 in official money and hadn't cashed a check since July.

His final round 71 gave him a 19-under-par total of 269, clinched his playing rights for another year, gave him a full year's exemption from qualifying and won him a spot in such prestigious events as the Masters and Tournament of Champions.

He was the 10th first-time winner on the tour this year, believed to be a record.

The others are Lee Elder, Leonard Thompson, Allen Miller, Tom Watson, Forrest Fezler, Rod Curl, Bob Menne, Richie Karl and Victor Regalado.

Hill, a winner here in 1972, took second alone with his bird on the 17th hole. He had a closing 68 and 270 total on the 7,018-yard Woodlake Golf Club course.

Bramlett Claims Boys 14 Singles

SAN ANGELO — Midland's Jeff Bramlett and Vicki Vasicek took top honors in the Southwest Texas Tennis Championships here Sunday in the 14 singles.

Bramlett defeated Big Spring's Danny Olesen in the finals, 6-3, 6-1, while Miss Vasicek—downed San Angelo's Pam Porter, 6-1, 6-0.

Bramlett teamed with Olesen to win the boys doubles with a 3-6, 6-1, 6-2 victory over Boykin and Proctor of Abilene while Miss Vasicek teamed with Midlander Amy Davenport to win the girls doubles with a 6-2, 6-2 win over Pam Porter and Georgia Davies of San Antonio.

Harris Duo Wins

Bill and Freda Harris teamed to win the Midland Tennis Club's Mixed Doubles Championship Sunday with a 6-3, 7-5 victory over Mike Bustilloz and Peg Steding. Dan Hill and Mary Baird won consolation honors.

Jan Goodwin and Raymond Yell captured the top honors in the B Division with a 6-2, 6-2 victory over Joel Peacock and Janet White. George Puckett and Bonnie Legg won consolation.

CARDS LONE NFL UNBEATEN— And Then There Was One

HOUSTON (AP) — Accidents are a way of life for the Houston Oilers.

When the Oilers had finished crashing and burning, the Cardinals had gathered up a 31-27 victory and fluttered back against St. Louis, the Cardinals followed, efficiently picking up the pieces and turning them into points.

When the Oilers had finished crashing and burning, the Cardinals had gathered up a 31-27 victory and fluttered back home as the only unbeaten team in pro football.

Houston took a brief lead in

the first quarter on Mike Montgomery's eight-yard touchdown catch from Dan Pastorini and Skip Butler's 28-yard field goal.

Then during the next two quarters, Houston fumbled three times and the Cards turned two into touchdowns and the third into a field goal.

Quarterback Jim Hart handed off to Jim Otis for the Cards' first touchdown in the first quarter.

In the second quarter Hart threw touchdown passes of six and 40 yards to former University of Houston star Earl Thomas, with each TD following a Houston fumble. That gave St. Louis a 21-13 halftime lead and Jim Bakken's 25-yard field goal in the third quarter came after another Oiler fumble for a 31-13 advantage.

"The only way we're going to beat any team is on maximum effort on every play," St. Louis Coach Don Coryell said. "We need maximum effort . . . This was a very important win over Houston. I thought we would play a good game. I don't know that we didn't."

Donnie Anderson scored St. Louis' final TD in the fourth quarter and the Cardinals needed it when Houston rallied for two fourth quarter scores, both on one-yard plunges by fullback George Amundson.

St. Louis' victory overshadowed one of Houston's most productive offensive showings ever.

Quarterback Pastorini completed 26 of 40 passes for 354 yards and Houston finished with a total of 439, total yards compared to 345 for St. Louis.

The Oilers hadn't had such an outburst since last season when they beat Baltimore by the same score.

MUNSON SPARKS LION UPSET—

Vikings, Patriots Fall

BUFFALO (AP)—The Detroit Lions dropped Minnesota from the list of unbeaten, upsetting the Vikings 20-16, while New England's balloon finally burst by Buffalo 30-28. Elsewhere in the NFL, Baltimore Colts whipped the Redskins 35-20, the New Orleans Saints upset the Atlanta Falcons 13-3, the Dallas Cowboys beat the Philadelphia Eagles 31-24, the Pittsburgh Steelers edged the Cleveland Browns 20-16, the Washington Redskins defeated the New York Giants 24-3, the Miami Dolphins slipped past the Kansas City Chiefs 9-3, the Denver Broncos defeated the San Diego Chargers 27-7, the Los Angeles Rams topped the San Francisco 49ers 37-14 and the Oakland

Raiders beat the Cincinnati Bengals 30-27.

The Green Bay Packers will face the Bears at Chicago in tonight's national television game.

Lions 20, Vikings 16

Bill Munson was the big man for the Lions, completing 22 of 32 passes for 276 yards. Ten of his passes were caught by wide receiver Ron Jessie.

Detroit's victory was its first over the Vikings in 14 meetings going back to 1967.

Bills 30, Patriots 28

New England's Sam Cunningham raced 75 yards for a touchdown on the first play from scrimmage, but after that it was a struggle for the Patriots, who had stunned football experts by winning their first five games.

"That run scared me," said Buffalo quarterback Joe Ferguson, who threw for three TDs. "I'm just glad we forgot about it and came right back," he added.

Ferguson threw touchdown passes to Paul Seymour and O.J. Simpson within the next 11 minutes to put Buffalo in front.

Rams 37, 49ers 14

James Harris sparked in his first start at quarterback for the Rams, passing for three touchdowns and running for another. He completed 12 of 15 passes for 276 yards.

San Francisco wide receiver Dan Abramowicz caught two passes and set an NFL record with at least one reception in 97 straight games.

Dolphins 9, Chiefs 3

"It was a tough yard," said Miami Dolphins fullback Larry Csonka, whose one-yard plunge won the game for the Dolphins, who didn't practice all week because of an injured left knee, gained 80 yards in 17 carries.

Raiders 30, Bengals 27

"There was never any doubt in my mind," Oakland Coach John Madden said of his decision to punt with his team at the Cincinnati 32-yard line with three minutes left. Oakland trailed 27-23 at the time.

Oakland got the ball back at midfield with no time outs left and 1:36 on the clock. Ken Stabler guided the Raiders downfield masterfully, and Charlie Smith capped the drive with a one-yard scoring scamper around the right side with eight seconds remaining.

Saints 13, Falcons 3

Bobby Scott, given the starting nod at quarterback when Coach John North benched Archie Manning during the week, tossed a 36-yard scoring pass to Paul Seal for the only touchdown of the game as the Saints upset Atlanta for their first victory in 19 games on the road.

Steelers 20, Browns 16

Pittsburgh struggled past the Browns as quarterback Joe Gilliam managed to complete just five of 18 pass attempts for the Steelers. Two second-half field goals by Roy Gerela were the difference.

Redskins 24, Giants 3

Veteran Sonny Jurgensen threw three touchdown passes to pace the Redskins, who took advantage of frequent New York mistakes, including a punt which was blocked by Mike Hull.

Cowboys 31, Eagles 24

Dallas snapped a four-game losing streak by beating the Eagles. Roger Staubach's one-yard TD run midway through the fourth quarter was the margin of victory.

Colts 35, Jets 20

Baltimore's Lydell Mitchell set an NFL record by carrying the ball 40 times, one more than O.J. Simpson's standard set last year. He gained 156 yards and scored one touchdown in leading the Colts to their first victory of the season.

Broncos 27, Chargers 7

Running back Floyd Little, slowed all season by a nagging ankle injury, scored one touchdown and set up another by galloping 72 yards with a short pass to lead Denver past San Diego.

Judd Captures Grand Aggregate

Don Judd's 1711 won grand aggregate honors in the Permian Basin Rifle and Pistol Club's 1800 pistol match. Jim Fitz-Gerald was the first master with a 1706 while first expert went to Rayford Woods with a 1683. Patricia Preston was first sharpshooter with a 1621 and Frank Morgan posted a 1463 for first marksman.

The next scheduled shoot will be a 2700 match on Nov. 17.

Pack Fourth At El Paso

EL PASO—The Midland Bulldog cross country team finished fourth over the weekend in a 19-team meet in the Burgess Invitational.

Midland Lee only took three runners and were not eligible to compete for the team title.

El Paso High won the meet with 61 points followed by Bel Air with 92, Burgess had 126 and MHS 156.

Mike Darden finished 11th to lead the Bulldog entry while Ralph Diaz was 30th and Robert Wilson 32nd. Harold Stewart wound up 43rd.

Midland goes to Abilene this week for its next competition.

Pearson Wins, But...

Richard Petty Clinches Driving Title

ROCKINGHAM, N.C. (AP)—Richard Petty, stock-car driver deluxe, will move into a new \$250,000 home sometime in the next two or three weeks.

The 7,000-square foot residence will feature a trophy room designed to house the hundreds of pieces of hardware he has picked up in a driving career that has netted him \$1.75 million in prize money.

The newest addition to the trophy room will be a three-foot high brass beauty emblematic of his fifth championship in the

elite Grand National division of the National Association for Stock Car Auto Racing.

Petty, 37, clinched the driving title Sunday with a third-place finish in the \$105,500 American 500 at North Carolina Motor Speedway.

No matter that he was two miles behind winner David Pearson and runner-up Cale Yarborough when the race ended 4 hours, 13 minutes and 21 seconds after it started.

"I was lucky to finish at all," the tall, curly haired Petty

said. "It seemed like someone in the stands was shooting at me with an elephant gun."

Petty was plagued with a half-dozen flat tires, apparently from running over debris on the one-mile oval. The last flat he experienced carried him into the second turn wall and from there into a wild spin that ended on the infield grass.

Escaping with only minor damage to his Dodge, Petty cruised cheerfully on to his third-place finish and a paltry — for him — \$6,725. Added to that, however, will be a \$75,000 championship bonus next February and a certain spot in the sport's Hall of Fame.

Pearson, making only his 18th start, raced his Mercury to his seventh triumph of the season with a 2.2-second margin over Yarborough's Chevrolet.

Pearson's \$15,850 payoff boosted his season's earnings to \$202,190.

Hall Reaches For Top In Formula 5000 Series

England's Brian Redman and Midland's Jim Hall and Carlton Beal enjoy such a big lead in the Formula 5000 series, all they have to do to sack up the title is to finish this weekend's final race at Riverside, Calif.

Well, maybe that's an over-simplification. If the Redman-driven and Midland-owned Lola manages a fifth-place finish, there's no way that Mario Andretti, the closest pursuer, can catch up.

In fact, it's rather remarkable that Andretti is still in the competition. At Monterey two weeks ago, he suffered tire trouble that looked like it might put him completely out of the running, but his pit crew did such a rapid job of getting him back on the track, that he managed a fifth. That kept his title hopes alive going into this last race of the series.

A victory in the overall Formula 5000 series would be quite a feather in the cap of Jim Hall, who is making a comeback as a sports car designer and innovator.

The Midlander was the sensation of the sports car world a few years back with his tall fin and automatic clutch that made the famed Chaparral the envy of competitors.

Then, Jim suffered a near fatal accident, we believe at Riverside, that ended his career as a driver and for a time it was feared he might take his fertile imagination from racing, but he's back and there's some speculation that he might have his eye on an eventual crack at the Indy 500.

That's a goal Jim talked about before his accident, but, of course, it was pigeon-holed. One of the interesting aspects of this year's Formula 5000 series is that it was opened up to the turbocharged Indianapolis 500-type racer. Experts forecast that the 305-cubic

Battle Scene

By Ted Bates

inch stock block engine used in the Formulas just wouldn't be able to keep up with the more powerful turbos, but that isn't the way it worked out.

It turned out that there was no way the Indy car could utilize its extra power on the tricky road courses and it's obvious now that some alterations will have to be made to make the big cars competitive.

There is talk now of running both type cars on both the road courses and oval tracks next year. In fact, a possible preview of things to come is scheduled for the oval track at Phoenix in two weeks when both the sports car and Indy car will be invited to compete.

The Hall combine will have to pass this one up, unless an unexpected waiver is granted that would permit Redman to compete. Redman is a graded world driver, which for some reason would make him ineligible to compete at Phoenix, a race that does not carry a full international listing.

"I think we would hold our own," says Redman. "I've never driven an oval track and have no desire to, but I'd be willing to help out the series. We could go better through the turns than they could and there wouldn't be any terribly long straightaways where they could really use their power."

Right now, however, Redman's primary concern is a fifth at Riverside Sunday.

FOUR SUNDAY BLANKINGS—

NHL Whitewash Night

By The Associated Press

It hasn't taken long for the Washington Capitals to sample the bitter taste of a National Hockey League shutout. In their six-game NHL history, Washington has been blanked twice — most recently by a 5-0 score against the New York Islanders Sunday night.

Yet if it is any consolation to the infant Capitals, they were in pretty good company as three other, older clubs suffered the same fate. Chicago's Tony Esposito whitewashed the Minnesota North Stars 6-0. Gilles Gilbert led Boston's Bruins to a 5-0 victory over the California Golden Seals, and Vancouver's Gary Smith stifled the New York Rangers 1-0.

In other NHL games, the Montreal Canadiens and Philadelphia Flyers played to a 2-2 tie; the Buffalo Sabres and Toronto Maple Leafs tied 5-5, and the Atlanta Flames topped the Pittsburgh Penguins 5-1.

Billy Smith made 24 saves and got supporting goals from Bob Bourne, Ernie Hicke, Billy Harris, Ralph Stewart and Rick

Fortier in the Islander victory. Tony Esposito's shutout triumph was the 48th of his career and second this season.

Jim Pappin scored a goal and assisted on four others to give Esposito all the help he needed. Tony's brother Phil scored a goal to help Gilbert cement the Bruins' shutout before 14,648 at Boston Garden — the first non-sellout at the 15,000-seat arena in 47 games.

It had been 83 contests since the Rangers were blanked at their Madison Square Garden home, going back to March 23, 1972, when Gump Worsley beat

them 5-0. But Gary Smith stopped 33 shots and Garry Monahan scored at 14:33 of the first period before the defense took over and beat the New Yorkers.

Tom Lysiak scored one goal and set up three others to power the Flames past the Penguins, who had taken a 1-0 lead on a tip-in by Nelson DeBenedetto.

Buffalo's Gilbert Perreault scored with 1:35 left in the game — less than 90 seconds after Blaine Stoughton had given the Maple Leafs the lead — to lift the Sabres into a tie.

Pittsburgh struggled past the Browns as quarterback Joe Gilliam managed to complete just five of 18 pass attempts for the Steelers. Two second-half field goals by Roy Gerela were the difference.

Redskins 24, Giants 3

Veteran Sonny Jurgensen threw three touchdown passes to pace the Redskins, who took advantage of frequent New York mistakes, including a punt which was blocked by Mike Hull.

Cowboys 31, Eagles 24

Dallas snapped a four-game losing streak by beating the Eagles. Roger Staubach's one-yard TD run midway through the fourth quarter was the margin of victory.

Colts 35, Jets 20

Baltimore's Lydell Mitchell set an NFL record by carrying the ball 40 times, one more than O.J. Simpson's standard set last year. He gained 156 yards and scored one touchdown in leading the Colts to their first victory of the season.

Broncos 27, Chargers 7

Running back Floyd Little, slowed all season by a nagging ankle injury, scored one touchdown and set up another by galloping 72 yards with a short pass to lead Denver past San Diego.

Judd Captures Grand Aggregate

Don Judd's 1711 won grand aggregate honors in the Permian Basin Rifle and Pistol Club's 1800 pistol match.

Jim Fitz-Gerald was the first master with a 1706 while first expert went to Rayford Woods with a 1683. Patricia Preston was first sharpshooter with a 1621 and Frank Morgan posted a 1463 for first marksman.

The next scheduled shoot will be a 2700 match on Nov. 17.

IN HIGH SKY SWIMMING—

Mermen 1st At Amarillo

AMARILLO—The City of Midland Swim Team coasted to a team victory here Sunday in the High Sky Invitational Swim Meet by amassing 1,461½ points.

The Amarillo Aquatic Club was a distant second with 930½ points while the Odessa Aquatic Club was third with only 279½ points.

Sunday's COM results are as follows:

FOURTH IN ROW OVER EVERT—

Evonne Finds Chris' Number

LOS ANGELES (AP)—Evonne Goolagong says she's "finally getting Chris Evert's number," but she doesn't mean it boastfully.

"I'm getting more and more confident playing her. I'm finding out if I play my own game and relax and if I have confidence, I can beat her," said Miss Goolagong, after whipping Miss Evert 6-3, 6-4 in the finals of a \$100,000 tennis tournament Saturday night.

The victory was Miss Goolagong's fourth in a row over Miss Evert and gave the Australian an 8-7 lifetime record against the Ft. Lauderdale star. It also earned Miss Goolagong \$32,000, the richest first prize in women's tennis.

"It's just a matter of playing

well at the net and keeping going in all the time," Miss Goolagong said, describing her triumph.

Miss Goolagong rushed the net when Miss Evert hit short Saturday and then hit winners to intimidate the usually conservative Miss Evert into errors.

Miss Goolagong's finals win was her second straight upset in the tournament. She defeated Billie Jean King in the semifinals Friday night.

In the finals, with the score tied 3-3 in the first set, Miss Goolagong won 12 of the next 13 points. Then, down 0-2 in the second set, she won four games in a row to take a 4-2 lead.

Bill Dawkins, E. L. Good, Ed Helwig, Gary Hutchins and Debbie Walton took second with a 4-3 x 500.

The top shooter for the day was Dr. Lewis Tanner with a 99 x 100.

Gotcher Team Wins Skeet Shoot

The team of Jim Gotcher, Max Cooper, Jack Chapman, Mack Morrison and John Mendall posted a 44 x 500 to win the Permian Basin Rifle and Pistol Club's monthly non-registered skeet shoot Sunday.

Bill Dawkins, E. L. Good, Ed Helwig, Gary Hutchins and Debbie Walton took second with a 4-3 x 500.

The top shooter for the day was Dr. Lewis Tanner with a 99 x 100.

"MY ENGINE RAN WHEN IT WAS OFF

I'd switch the ignition off but the engine wouldn't stop. Instead it spluttered, rocked and coughed. Then I discovered WYNN'S SPIT-FIRE. Now my troubles are over," writes a happy user. Yes, engine "after run" can be not only exasperating but downright dangerous mechanically. So be kind to your car and yourself. Add a can of WYNN'S SPIT-FIRE to your gas tank today. Available at

CASH BURIAL POLICY

\$1,000 Policy — to age 90. No salesman calls on you. Money back guarantee. Free details, plain envelope. Tear out ad. Write to National Benefit Life Ins. Co., P.O. Box 11476, Ft. Worth, Texas 76109.

Test-drive a Mazda and we'll buy your lunch.

You have to test-drive the Mazda to appreciate it. To discover the smooth performance. The quiet. The handling. After your test-drive, we'll buy your lunch at one of America's favorite places. And whether or not you drive a Mazda, piston or rotary, you can sign up for our sweepstakes. It's a chance to win one of 36 new Mazda cars or trucks. Or one of thousands of other valuable prizes. Hurry on down to your Mazda dealer's. You'll be so impressed with the Mazda, you'll probably want to buy one. Or you might even win one for free. If not, at least you won't go away hungry.

Win a free Mazda.

Prize Drawing Rules:

1. Pick up and complete the entry blank at any Mazda dealership in the U.S.A. between September 11, 1974, and November 20, 1974.
2. The winners will be determined by a random drawing conducted by Mazda Motors of America and its Dealers, the results of which will be final. Winners will be notified by mail or direct contact.
3. 3,080 prizes to be awarded with a total retail value of \$193,325.
4. Employees of Mazda Motors of America, its dealers and any firm involved in the promotion or conduct of this Sweepstakes and their families are ineligible. Void in Georgia, Idaho, Maryland, Missouri, Ohio, Wisconsin and where otherwise prohibited by law. All federal, state and local regulations apply. No purchase required.
5. For the list of prize winners, send a stamped, self-addressed envelope to Mazda Motors of America, P.O. Box 5609, Compton, California 90224, after December 1, 1974.

Mazda's rotary engine licensed by NSU-WANKEL.

Ags, Baylor Square Off In Saturday's SWC Showdown

DALLAS (AP)—In what's becoming the Southwest Conference's routine "shootout of the Week," the Texas Aggies and Baylor Bears step to center stage Saturday night at Waco. Arkansas and Texas shot it out Saturday and the Razorbacks limped away 38-7 losers like an outfit that had been using crossbows against high-powered rifles.

The loss eliminated the Razorbacks from further SWC title consideration if you want to go by history. No team has ever taken the championship with two losses.

Texas A&M, which just seemed to be going through the motions looking ahead to Baylor in downing Texas Christian 17-0, and Southern Methodist, which survived Rice 19-14 with a miracle finish, are tied with 2-0 records.

Baylor, which was idle, is 1-0. Texas Tech, a 17-8 winner over Arizona, and defending champion Texas are still alive with 1-1 records.

A&M quarterback David Walker said the victory over TCU mystified him.

"I hate to say it, but you just can't tell about this team," said Walker. "We play great against the great teams and just good against good teams. We have no killer instinct."

Aggie Coach Emory Bellard added "I didn't sense we were ready to play."

Getting up for Baylor should be no problem since the Bears of Coach Grant Teaff have come out strong, losing but playing tough in games against Oklahoma and Missouri, then whipping Oklahoma State, Florida State and Arkansas.

The Tech-SMU game should be something else. The Red Raiders defeated Texas but lost two weeks ago to a fired-up Aggie team. Tech's win over Arizona with quarterback Tommy Duniven on the bench with an injury showed Coach Jim Carlen's crew is back.

A Hollywood script writer would have been pressed to turn in a better script for the SMU-Rice fray which saw quarterback Ricky Wesson toss a 13-yard touchdown pass with 18 seconds left.

This was after a Wesson fumble had setup an apparent winning field goal by the Owls with 35 seconds left. Rice's team poured on the field and was tagged with a 15-yard penalty. A 70-yard kickoff return put Wesson in position to pull out the victory.

Rice Coach Al Conover was critical of the penalty and said the rule "is the worst rule ever invented in the game of football... it takes the game away from the players and their enthusiasm."

TECH TD—Texas Tech's Lawrence Williams, 42, totters on edge of end zone after taking a pass from quarterback Donald Roberts for Red Raiders first touchdown in 17-8 win over Arizona Saturday night at Lubbock. Williams got behind halfback Russell Williams, 28, of Wildcats. (R-T Staff Photo.)

AFTER FOUR UPSET-FILLED WEEKS— College Scene Is Serene

By The Associated Press

After four upset-filled weeks, the college football scene returned to normal Saturday... and in this jumbled season that may be the biggest upset of all.

Only three members of The Associated Press Top Twenty came out losers and two of them bowed to other ranked teams.

Tenth-ranked North Carolina State suffered a 33-14 licking at the hands of unranked arch-rival North Carolina, but No. 9 Arizona was toppled by No. 17 Texas Tech 17-8 and No. 13 Kansas underwent a 56-0 humiliation at the hands of No. 12 Nebraska.

Meanwhile, the runaway 1-2 teams in the AP ratings rolled to easy victories — top-ranked Ohio State crushed Indiana 49-9 while runner-up Oklahoma bombed Colorado 49-14.

Elsewhere, third-ranked Michigan shaded Wisconsin 24-20, No. 4 Alabama trounced Tennessee 28-6, No. 5 Auburn outscored Georgia Tech 31-22, No. 6 Southern California struggled past Oregon 16-7, No. 7 Notre Dame flattened Army 49-0 and No. 8 Texas A&M eased past Texas Christian 17-0.

In the Second Ten, 11th-rated Penn State rallied to beat Syracuse 30-14, No. 14 Florida turned back Florida State 24-14, No. 15 Arizona State whipped Utah 32-0, No. 16 Texas leveled Arkansas 38-7, No. 18 Maryland blanked Wake Forest 47-0, No. 19 Miami of Ohio belted Bowling Green 34-10 and No. 20 Tulane ripped The Citadel 30-3.

It was a weekend of comparisons, although no one has played both Ohio State and Oklahoma. Wisconsin, however, played Ohio State a week ago and was routed 52-7 while making it much closer Saturday against Michigan.

"They're both fine teams," said Coach John Jardine. "Ohio State was as fired up for us as anyone has ever been. Whether Michigan was fired up or not, I don't know."

Colorado has played Oklahoma and Michigan, losing to the latter 31-0 four weeks ago.

"Michigan is a fine team but Oklahoma is better," said Coach Bill Mallory. "If they want to play each other, it's all right with me."

Indiana's Lee Corso and Colorado's Mallory couldn't compare the 1-2 teams directly, but they had some thoughts, anyway.

"This is a national championship caliber team," Corso said after Ohio State's Archie Griffin roused for 146 yards and two touchdowns and became the top ground-gainer in Big Ten history.

SPORTS IN BRIEF— Dark Accepts '75 A's Pact

BASEBALL

OAKLAND — Charles O. Finley, owner of the World Champion Oakland Athletics, announced that Alvin Dark had accepted his offer to manage the team again during the 1975 season at a substantial increase in salary.

HELP WANTED

ARTIST

COULD THIS BE YOU?

WE ARE LOOKING FOR A VERY SPECIAL PERSON TO SET UP A ONE-BODY, MULTITASK CREATIVE ART DEPARTMENT.

THE INDIVIDUAL WE SEEK IS:

- Capable of creating good graphic selling pieces.
- Seasoned with enough background experience (3-5 yrs.) to be totally responsible for production of camera ready board art (forms to annual reports).
- Willing to work hand-in-glove with our account executives and support their purpose of serving our clients with quality and style.
- Substantially organized to establish and maintain a smooth work flow with all supporting production craftsmen.
- In possession of a portfolio that demonstrates ability.

WHAT WE HAVE TO OFFER IS:

- The opportunity to participate in the best game around.
- A position with a growth potential equal to the results you can produce.
- Adequate compensation and benefits.

BASICALLY, IF YOU ARE WILLING TO DO WHATEVER IS NECESSARY TO HANDLE THE JOB BECAUSE THAT IS WHAT'S FUN FOR YOU... IT WILL BE TO OUR MUTUAL BENEFIT THAT WE TALK.

HOROSCOPE by Carroll Righter

GENERAL TENDENCIES: A most adverse day and evening to force any of your own job without making abrupt or dramatic changes, and give a smile of encouragement to those who feel discouraged.

ARIES (Mar. 21 to Apr. 19) Don't interfere when a partner and a bigwig are arguing from you could become the fall guy. Avoid one who wants to con you.

TAURUS (Apr. 20 to May 20) Don't go off on a foolish tangent when much of value awaits your attention. Investigate an appealing new venture. Make right preparations.

GEMINI (May 21 to June 21) Plan time wisely so you can get into work ahead of you and also enjoy amusements. A creative talent may last longer than expected.

MOON CHILDREN (June 22 to July 21) Be fair when an associate and a family he loves converge so there will be no argument. Don't lose your temper.

LEO (July 22 to Aug. 21) Improve relations with co-workers and those who share your same community matter. Don't overwork, or you'll regret it. Safeguard health and be happier.

FISHERY (Feb. 20 to Mar. 20) Know all the facts before deciding on a matter where adviser and associate do not agree.

AQUARIUS (Jan. 21 to Feb. 19) Complete your work early, then rest outdoors. Your adviser does not see eye to eye with a contact. Make your own decision.

SAGITTARIUS (Nov. 22 to Dec. 21) Attend to important matters, steer clear of time-wasters.

CAPRICORN (Dec. 22 to Jan. 20) Although you do not agree with what a bigwig says, do not voice own opinions or you could lose out where it counts most. Be tactful.

SCORPIO (Oct. 22 to Nov. 21) Buy yourself at whatever will get you out of any tight spot. First take care of your own problems before trying to help others.

LIBRA (Sept. 23 to Oct. 22) You may not agree with a close tie's suggestions, but discuss your ideas quietly, and you reach right conclusions. Use diplomacy.

SCORPIO (Oct. 22 to Nov. 21) Buy yourself at whatever will get you out of any tight spot. First take care of your own problems before trying to help others.

Midland Men Held In Angelo Burglary

BIG SPRING - Two Midland men - Daniel Gene Brown, 29, and Billy Wayne Ingram, 40 - remained in custody in Big Spring City Jail today after their arrest in connection with the Oct. 5 burglary of a jewelry repair shop in San Angelo.
The two men are charged with theft by exercising control. Bond for each was set at \$12,000 by Justice of the Peace Walter Grice.
Police said the pair had several thousand dollars worth of gold pins and assorted jewelry in their possession when they were arrested late Friday.
Another Midland man, Sammie Busby, and Billy Mike Akin of San Angelo were arrested Oct. 8 in San Angelo and charged in connection with the burglary.
Officers recovered about four pounds of gold chips valued at approximately \$5,400 in the initial arrest.
Friday's arrest and seizure resulted in almost total recovery of items taken in the burglary. San Angelo jewelry repair shop owner Robert Lerch estimated the total worth of the items at approximately \$10,000.
Bill Freeman, San Angelo police detective, said the arrests have brought the investigation to a close. He said there was no indication that others were involved.
Freeman noted that cooperation and assistance from the Midland and Big Spring police departments made the arrests possible.
He said one of the suspects would be returned to San Angelo for arraignment in connection with the burglary.

Mrs. Anderson, 48, Dies Of Injuries Suffered In Blast

ODESSA - Mrs. J. C. (Katherine) Anderson, 48, of Odessa, who was injured in an explosion at her home last Tuesday, died shortly before midnight Saturday in an Odessa hospital.
Mrs. Anderson was hurt when she and her husband were attempting to burn coating from what they thought to be copper wire.
Det. Capt. Floyd Hudman of the Odessa Police Department said there apparently were some charges used in perforating oil field casing attached to the wire. The charges apparently exploded, he said.
Services were to be at 2 p.m. today in Crane

**Louisianan Dies
When P38 Aircraft
Crashes In Street**

LAFAYETTE, La. (AP) — George W. Harper, 40, of Abbeville died Saturday when the World War II vintage P38 airplane he was piloting crashed on a city street and exploded into flames.

Revis Simron of Abbeville, owner of the plane, said Harper took the craft up about a half hour earlier to check it out.

Witnesses said they heard the engine sputter several times as Harper circled Lafayette Municipal Airport to land just before the crash.

Simron said he found the P38 Lightning Lockheed several years ago and restored it.

Dubbed "The Scatterbrained Kid" after the P38 Simron flew in World War II, it was one of the world's few airworthy P38s and frequently was shown in air shows. It also was part of the Confederate Air Force, a Texas-based organization of WWII vintage planes.

**State Fair Chalks
Attendance Record**

DALLAS (AP) — The 1974 State Fair of Texas set a record attendance of 3,153,398 as it closed its 17-day run Sunday.

The previous record was 3,134,646, in 1971.

Sunday's attendance was 228,761.

**CARPET TALK
By Edd Tucker**

MODEL HOMES are very often excellent showcases for decorating ideas and new directions in living. If you're house hunting, or just "Sunday shopping," take a good look at the ways in which even a modest house can be made to look inviting and livable.

You'll find carpeting and rugs are one of the favorite tools of the designers who make these models so appealing. Wall-to-wall broadloom is the favorite, of course, for their look of luxury, the pleasing use of color, the pleasing use of color, the pleasing use of color, the pleasing use of color, the pleasing use of color...

Accent rugs are another popular "model" idea, to capture the eye in a small children's room and make it look delightful, to give style to a study or a dramatic focal point to a large living area.

The point is that all these ideas can be readily adapted to your home... to make it a "model" for living with style and color.

See something just right for you, in a model home or home magazine? You'll be sure to find that luxury texture, that delightful color combination or design in our huge display of fine carpeting... home of the best ideas in carpets.

**Louisiana Officials
Study Legal Action
To Halt Waste Burn**

NEW ORLEANS (AP) — Louisiana officials were scheduled to meet today to discuss legal action to stop a Dutch incinerator ship from burning 4,628 tons of poisonous chemical wastes in the Gulf of Mexico.

The Vulcanus left Deer Park, Tex., a week ago and began burning its cargo of chlorinated hydrocarbons Sunday after a five-day delay due to clogged feeder lines leading into the furnace.

First Try Off America
It is the first time the European-style incineration has been tried off American shores, and it left Louisiana officials fuming.

"I'm just not real pleased with the way things have been going," Clint Pray, chairman of the Governor's Council on Environmental Quality, said Sunday night.

"Tomorrow morning I will be in the attorney general's office and we will be discussing an injunction against the entire operation."

State officials were alienated by the project's incredible speed.

They protested loudly when the Environmental Protection Agency gave them just one week to prepare for a public hearing Oct. 4 on Shell Chemical Co.'s application for an incineration permit.

But six days later, the EPA issued a test permit for the burning and four days later the Vulcanus sailed.

EPA officials said they had run tests on the water in the incineration area some 130 miles south of Cameron, La., before the burning began so they could determine any change.

Louisiana officials, concerned about the possibility of toxic fallout during the nine-day burn, said they would study it also.

Possible Precedent
"What happens out there could very easily set a precedent for all future incinerator ships in the United States," said Pray.

If the incineration causes no problems, Shell is expected to seek permits to have the Vulcanus burn three more loads over a two-month period.

The company still has 19,000 metric tons of the corrosive wastes eating away at storage tanks in its Deer Park, Tex., facility, and is accumulating 2,100 tons of chemical wastes per month.

Shell said it is building a land-based disposal system for the wastes, but it won't be ready before 1977.

**Israel Builds Defenses
On Golan Heights Front**

By The Associated Press
Israel is building more than \$50 million worth of new fortifications to bolster its defenses along the 40-mile Golan Heights front with Syria, according to the Israeli state radio.

The semiofficial radio's military correspondent reported hundreds of workmen with dozens of bulldozers were trying to complete the construction before winter.

The report said the positions were being built to withstand Syrian artillery fire and were being equipped with increased firepower. It said Syrian units could be seen fortifying their lines on the other side of a United Nations buffer zone.

Other Israeli sources said civilians in many of the 18 settlements on the Golan Heights were being armed with heavy cannon and mortars.

The new fortifications were an apparent Israeli reaction to the huge influx of Soviet weapons into Syria since the war a year ago. They also underlined recent statements by Premier Yitzhak Rabin that Israel is not going to return any more territory on the Golan Heights to Syria. The Israelis still hold 440 square miles on that front captured in the 1967 war.

In Damascus, meanwhile, a spokesman for the Palestine Liberation Organization said that the guerrilla group's leader, Yasir Arafat, will not participate in the Palestine debate before the United Nations General Assembly next month.

The spokesman said that the PLO's executive committee had decided to send Arafat's deputy, Farouk Kaddoumi. A ranking Palestinian official indicated last Friday that it was feared Jewish terrorists would try to assassinate Arafat if he went to New York.

U.S. History
When Alaska was admitted to the Union in 1959, it was the first admission of a state since 1912 when Arizona was admitted.

REPLACE AUTO GLASS — The people to see at the Auto Glass division of Midwest Glass Co., located at 908 W. Front St., are Jack Wilbourn, Keith Ryan or Dorothy Parsons. Auto glass can be replaced in any make of car.
