## FIRE SWEEPS M

### Jas. M. Cox is Nominated

SAN FRANCISCO, July 6.—James M. Cox, three times governor of Ohio, was nominated for president early this morning by the Democratic national convention in the break-up of one of the most prolonged deadlocks in the history of national political parties.

It took forty ballots, and not until Palmer withdrew on the thirty-eighth ballot did the roll calls show a definite trend.

In the turnover of the Palmer delegates Mr. Cox gained the advantage over Mr. McAdoo.

With choice for president made, the convention adjourned until 2 o'clock this afternoon (Texas time), at which time the candidate for vice-president will be named.

Roosevelt is a favorite. Should the east be given the vice-president, Franklin D. Roosevelt, of New York, assistant secretary of the navy, seems to be the favorite.

A serious thing in the voting for McAdoo was that he received 266 votes on the first ballot, which was the lowest vote cast for him, and 265 1-3 votes on the last ballot. His high mark was 468, on the fortieth ballot.

Following the nomination of Governor Cox, all differences seemed wiped out and all joined in a mighty demonstration.

Cox's opponents sent him congratulations early today and the Democratic party seems solid behind him.

Both Newspaper Men. The West Virginia sixteen stood steadfast for Davis during the battle.

The nomination of Cox means that two great parties have not only gone to the same state for candidates, but have picked men who for many years have been associated more or less closely in the same profession.

When Georgia left McAdoo and went over to Cox on the forty-second ballot, a shout was raised which rocked the convention hall.

Again Texas cast her forty solid votes for McAdoo, and other western states hung on grimly until overwhelmed by the landslide of unanimous nomination.

### Texas Aero Club to Represent U. S. in International Race

Associated Press. NEW YORK, July 8.—The Aero Club of Texas has been selected as one of the three organizations to represent the United States in the international airplane race to be held in France the week of September 27.

Texas is entry four by S. E. Cox, pilot, who will use a Curtis plane. The Aero Club of America announced the selection today.

Other entries are the United States army and the Dayton Wright General Motors.

The James Gordon Bennett trophy to be awarded for this event is now held by France.

### Oil Well Activity Revives Colorado Salt Mines Development

Special to The News. COLORADO, Tex., July 3.—Colorado's great salt industry is destined to become wonderfully revived with the bringing in of oil hereabouts to make possible a cheap fuel, according to local business men.

At the present time there are two salt-making plants here, one of which is not in operation due, it is said, to the high price of coal.

The history of the salt industry is interesting. The discovery was accidental. In 1884 drillers in seeking an artesian flow of water at a depth of 700 feet went through a 65-foot stratum of almost pure salt and a little further down went through a sub-rock formation which threw up a stream of pure, fresh water nearly to the top of the bore.

The eyes of northern capitalists were attracted. They developed these wells and the salt plants were the result. The entire region about Colorado is underlain with inexhaustible supplies of salt as later wells have proved.

At one time merchants here were able to purchase salt at 10 to 15 cents for a 200-pound sack. Hundreds of cars were shipped out. Increasing cost of fuel made the industry almost impracticable, resulting in the suspension of one plant.

### Bubonic Plague is the Cause of 3 Deaths in Beaumont—Goddard

Associated Press. AUSTIN, July 8.—There are eight cases of bubonic plague with three deaths at Beaumont, declares State Health Officer C. W. Goddard.

There are three cases and two deaths at Galveston. Twenty per cent of the rats killed at Beaumont are infected, he said.

### County Candidates Are Slow to File Expense Accounts

EASTLAND, July 8.—Under the new law the candidates for public offices are required to file two statements of their campaign expenditures before the election and one after, instead of the one statement after the election that was formerly in effect.

The law states in effect that any candidate that knowingly violates any of these provisions can not have his name on the ticket.

Several candidates for public office in Eastland county have violated this new ruling by not filing any statement of their campaign expenses.

The following is a list of the candidates that have filed with County Clerk Earl Bender a statement of their campaign expenses: G. M. Hazel, \$563.82; J. W. Pulley, \$21; P. L. Parker, \$95; Elzo Ben, \$294; A. E. Firman, \$109; E. L. Trimble, \$265; John A. Russell, \$236.10; G. W. Harding, \$23; Roger Fowlow, \$59.51; E. S. Pritchard, \$131; and H. A. Collins, \$135.15.

### LEERAY PLANNING TO SECURE ELECTRIC LIGHTING PLANT

Special Correspondence. LEERAY, Tex., July 2.—The Leeray Chamber of Commerce is considering the establishment of an electric lighting plant, to furnish the people of this place with adequate lighting facilities.

This matter was the subject of discussion at the meeting held Wednesday night. Decision still pending.

The chamber adopted a budget system for the financing of the organization, instead of flat membership rates. The present revenue is nearing \$1000 a month, under a joint system of membership fees and voluntary contributions in the list of which the largest subscribers are the Leeray Townsite Company.

Messrs. Robert Q. Lee, Walter Ray and Judge J. J. Butts, founders of Leeray, presented lot 8, block 30 of Leeray townsite, to Miss Norma Leeray Gunter, daughter of Mr. and Mrs. C. Gunter, Tuesday. The recipient is only two weeks old, having been the first child to be born here.

### BEGIN TO SURVEY RED RIVER LANDS

ASSISTANT ATTORNEY GENERAL PROBING TEXAS-OKLAHOMA OIL LAND DISPUTE. Associated Press. AUSTIN, July 8.—A party left Austin Wednesday night for Texarkana to begin a survey of the land along the Red River involved in the dispute between Texas and Oklahoma, according to W. A. Keeling, assistant attorney general, who heads the party.

Four hundred miles of boundary will be surveyed. After completion of the survey, which will take about six weeks, he said that testimony in the case will begin.

### EFFORTS INCREASE SCHOOL FUND BY TAXATION AT END

Special to The News. AUSTIN, July 8.—Efforts to increase school funds through local taxes and increased rendition have practically ceased since the \$4,000,000 appropriation for teachers' salaries was made by the legislature.

It is not such a reflection on citizens as it may seem," said G. O. Clough, superintendent of the Tyler schools, speaking for the Texas State Teachers' Association. "Many cities and towns had already provided more money for teachers, some by raising the assessment, one district increased its taxable values from \$50,000 to \$2,700,000, and others raised the rate as high as \$1 on the \$100."

### Underwriters' Well Near Colorado Now Swabbing 35 Barrels

Special to The News. COLORADO, Tex., July 3.—The Underwriters Producing & Refining Company's Texas & Pacific well No. 1, 10 miles west of town, which was reported good for 500 barrels several days ago, is now swabbing about 35 barrels a day and has 105 feet of pay sand. When the sand has been penetrated the well will be shot with 700 quarts of nitroglycerin, according to a statement made yesterday.

The Underwriters Company owns 15,000 acres and the test is 1 1/2 miles from the east boundary of the tract.

The well was spudded in February 8, 1916, with an 18-inch hole. A showing of oil was reported at 260 and another at 440 feet. This latter stratum is now being developed by a small, star rig 380 feet west. There was enough gas in the well at this depth to make water flow out of the 15-inch pipe for seven weeks. A 65-foot water sand was struck at 350 feet.

After passing through 1100 feet of grey sand the drill went into the pay at 2345 feet and late yesterday had drilled to 2483 feet without getting out. This sand is very compact and doubtless so adamant that the oil can not flow well into the bore. However, the bailer has been able to take up an average of 35 barrels a day. The well has a 10 1/2 inch bore at the bottom. According to officials the well will be shot immediately that the sand has been passed through. The well is 10 miles due west and 2 1/2 miles northwest from Westbrook.

### MILLIONS IN FOODSTUFFS ARE HELD IN UKRAINA

International News Service. WASHINGTON, July 8.—Fifteen million tons of grain, twenty thirty thousand tons of surplus sugar, and a large quantity of hides, bristles, wool, eggs, poultry and bacon are held in Ukraine, it is much of it available for export, according to an official statement prepared by the Ukrainian government at the request of the London Chamber of Commerce, the department of commerce announced today. The seeds of Ukraine, it was stated, comprise every variety of manufactured goods and machinery. Payment for imported goods must be based on export of wheat and raw materials, the port says.

### CITY ORDINANCE DECLARES WEEDS PUBLIC NUISANCE

PROPERTY OWNERS MUST CUT THEM IN THREE DAYS AFTER NOTICE. FINE FROM \$5 TO \$25. Commission May Order Clearing of Vegetation, Imposing Lien on Premises.

Here is the city ordinance which declares weeds a nuisance and gives property owners three days after notice in which to clear their property, be fined, or have a lien attached to their premises:

Be it ordained by the City Council of the City of Cisco: Section 1. That rank weeds growing and decaying on lots and premises within the corporate limits of the city of Cisco, being a menace to the health and welfare of the inhabitants of the city of Cisco, are hereby declared to be a public nuisance.

Section 2. That the owner, agent, person who controls, or occupants of any lot, or lots, within the corporate limits of the city of Cisco shall, within three days after being given notice to do so by the city marshal, or any police officer of the city, cut and remove from the lot, or lots, so owned, controlled or occupied by him all weeds thereon.

Section 3. That any person violating the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not less than \$5 nor more than \$25. And each day that the provisions of this ordinance shall be violated shall constitute a separate offense.

### CROPS OF MIDDLE WEST SHOW GREAT IMPROVEMENT NOW

CHICAGO, July 8.—Marked improvement in the principal food crops of the middle west has been reported in the last few days, in contrast to unfavorable prospects earlier in the season which gave rise to some alarm.

"There is no danger that the country will starve this year," is the comment that J. R. Howard, president of the American Farm Bureau Federation, made on reviewing the situation. President Howard reported that the corn prospect was now very fair and that wheat was really better. Corn production promised to be a little under normal, but it was well cultivated and clean and would turn out well with good weather in July and August.

### TWO GRILL COGNAC

Originated in Plummer Drug Store. Combustion or Defective Wiring in Apartment Responds With Chem But Powerless to Help—Damage Fifty Thousand Dollars.

Fire, the loss from which is estimated swept the business district of Moran early this morning. The origin of the disaster is thought to have been a simultaneous combustion or defective wiring in the building.

An incomplete list of the stores either damaged is as follows: The Woodmen of the World hall. Office of Dr. Gillespie. Office of Dr. T. C. McCurdy. Plummer Drug Store. The Lauderdale tailor shop. The City Barber Shop. The Taylor Furniture Company. The Gillespie building and the Elliott building. Both were two-story brick structures. The Wolf building was badly damaged. The fire started at about 3 o'clock this morning. The volunteer fire department fought the flames which were gaining headway ever handicapped them greatly.

At 6 o'clock, with two buildings gone its way into others, the situation seemed desperate. A call was sent to Albany for help. Meantime the townspeople were busy from the stores in the direct path of the fire. The telegraph office, the Moran News office had the great amount piled into the street by the time the fire was finally extinguished at 7 o'clock.

CALL CISCO FOR MORAN. Cisco was first apprised of the catastrophe when, a long-distance call from a fire department in a desperate appeal for help. "The whole north end of town is burning over the telephone to Police Officer Moran. We have no water and the fire is out of control. Can you send us any help?"

Grimsinger conferred with the fire department, who began arrangements for a flat car to be used for making the run to Moran in 10 hours it would take to make the 33-mile run over the telephone. This plan was abandoned, however, when there were no fire plugs in Moran, and water supply for pumping was two miles away. "We haven't two miles of hose," Moran over the telephone, "and our call to you if the fire is beyond control."

### Carpentier May Fight Dempsey at Coney Isle on Thanksgiving Day

Associated Press. NEW YORK, July 8.—Thanksgiving day for the date and Coney Island for the place is being discussed here in regard to possibilities of the prospective Dempsey-Carpentier fight.

### FORMER SUFFRAGE POLITICS MAKES NEGRO TO HANG, TELLS OF ASSAULT ON CHILD Man Doing Life For

DALLAS, July 8.—James Brown, a negro, who is waiting in the Dallas jail to be hanged tomorrow for a criminal assault upon an aged white woman, today confessed that he assaulted a 12-year-old white girl near Bryan in 1912, for which offense, Ben Perry, negro, is serving a life sentence in the state penitentiary.

### Allied Delegation May Compromise on Boche Disarmament

Associated Press. SPA, Belgium, July 5.—A compromise with Germany on the time to be allowed her for disarmament, fixing the period at six months, looked to be the probable outcome today at a conference of the allied delegations here.

The Germans asked for 15 months in which to disarm.

### Wilson Asked to Call Assembly of League of Nations

Associated Press. LONDON, July 8.—President Wilson has accepted the invitation of the League of Nations to call a meeting of the assembly of the league early in November, it was announced today in the house of commons by the under secretary of foreign affairs.

### PROBING \$9,000 PAYMENT MADE BY LOWDEN TO COMMITTEEMAN

SENATE INVESTIGATING COMMITTEE TO LOOK INTO THE PALMER CAMPAIGN. Associated Press. CHICAGO, July 8.—The senate investigating committee probing pre-convention campaign expense today turned attention to a \$9,000 payment said to have been made by Lowden managers to Henry Lincoln Johnson, Georgia national committeeman.

The committee will also investigate the campaign activities of Attorney General Palmer.

### COUNTY MEDICAL SOCIETY TO MEET AT RANGER 13TH

The Eastland County Medical Society will meet next Tuesday at the Ranger Baptist tabernacle, according to Dr. J. W. Gregory, city health officer of Cisco and secretary of the organization.

The visiting physicians will be entertained with a dinner at 6 o'clock to be given by the Ranger Medical Society.

Dr. Cabe Terrell, president, will preside at the convention. The program will be as follows: Harry Logsdon, Ranger, paper, subject unannounced.

T. L. Lauderdale, Ranger, clinic; local anesthesia, operation hernia. John M. Brice, Cisco, paper, subject unannounced. Charles N. Rosser, Dallas, surgery. I. E. Folsom, Dallas, paper.

### Leaf Hoppers in Arkansas

Associated Press. TEXARKANA, Tex., July 8.—The appearance of leaf hoppers which are stripping cotton plants in Miller county, Arkansas, has been reported by the planters trading in Texarkana.

### WEATHERFORD HAS 22.3 PER CENT INCREASE IN TEN YEARS

Associated Press. WASHINGTON, July 8.—The population of Weatherford, Texas, was today given out by the Census Bureau as 6,309.

This is an increase of 1,520, or 32.1 per cent.

### U. S. GETS 2,400 TONS OF SUGAR FROM JAPANESE

Associated Press. NEW YORK, July 8.—Shipment of 2,400 tons of refined granulated sugar, shipped from Japan, arrived here today.

Mrs. William Gates has been installed as sheriff of Stephen county, Okla., the first woman in the southwest to hold such a position.

Sarah Barnhardt, it is said, is soon to publish her memories.

could gauge its success. This way every organization would know what every other organization had done, was doing, expected to do. If they could not help, they would not hinder another. They could divide their work into distinct and definite fields of activity. And, moreover, each would be given proper recognition for its achievements.

That is what might constitute the balance wheel of Cisco.

It is not known whether it has been conceived or executed elsewhere.

The plan may have faults as well as virtues.

But isn't it worth trying?

**ATWELL NEWS.**

Tires are often sold the same way politics are.

The last people to wake up to what they are getting are the *people who pay the bills*.

The bills are getting too big these days in both cases. And the man who is feeling it most with respect to tires is the man who owns a moderate-price car.

The idea that the small car owner doesn't need a good tire is rapidly going the way of all mistaken ideas.

He needs it *more than anyone else*. It's part of our job, as we view it, to see that he gets it.

Our tire service starts with good tires—U. S. Tires. All sizes made to a single standard of quality—none graded down to the price of the car they will go on.

U. S. perfected the first straight side automobile tire—the first pneumatic truck tire.

The U. S. guarantee is for the life of the tire, and not for a limited mileage.

When we recommend and sell U. S. Tires we do so in the interest of greater tire economy. It is our experience that that is the best way to build up a sound and sizable business.

## TEXAS CERTAIN OF 200,000,000 BUSHELS CORN

LONE STAR FARMERS NOT STRIKING; PUSH WORK DAWN TO DARK

## FORAGE CROPS GOOD

Ranges in Excellent Shape; Live Stock Doing Well; Stock Water Plentiful.

DALLAS, July 6.—The Texas corn crop, approximating last year's yield of more than 20,000,000 bushels apparently is assured, according to the Texas Industrial Congress.

Summarizing reports from correspondents in various sections, the congress says good general rains the first week of June, and again about mid-June, together with scattered showers at intervals throughout the month, have made the corn crop and been very beneficial to other crops. The temperature for June was seasonal and farm work made rapid progress.

"Whatever may be the attitude of farmers in other portions of the country," says the congress, "the farmers of Texas are not striking. But they are aggressively pushing their work from dawn to dark, overcoming the handicap of a shortage of labor with the assistance of their families."

The congress notes a decided improvement in the condition of the cotton crop. It says harvesting of wheat and oats is on in the Panhandle, with an indicated increase of 8 to 10 per cent over the previously expected yield. The wheat yield is placed at from 17,000,000 to 18,000,000 bushels.

Forage crops are reported as making good growth, while rice, sugar cane, peanuts and sweet potatoes show satisfactory progress. June corn and grain sorghums still are being planted in parts of the state. The Irish potato crop is reported "poor."

The ranges are in excellent condition and live stock is doing well, with stock water plentiful, according to the congress.

It estimates the East Texas tomato crop at 1,500 cars with a value of more than \$1,000,000. The state's pecan crop is said to be a failure.

## TIM GRIESENB... CALLED TO MAJOR LEAGUE BASEBALL

BIG BACKSTOP TO REMAIN WITH LOCAL CLUB FOR REST OF SEASON.

## BROUGHT A BIG PRICE

Sale Made by President W. D. Herring in Ranger Tuesday. Fans Elated.

By JOHN KELLY. Tim Griesenbeck, premier catcher of the West Texas League, has been sold to the St. Louis Cardinals for one of the biggest figures ever paid for a class D man.

President Herring of the Cisco club, who returned from Ranger Tuesday night, made this announcement, adding, to the relief of all Cisco fans, that Tim was not to report until the end of the present playing season.

The deal was consummated through a scout for the Cardinals who has been in Ranger looking over the two teams for the past few days and although the price paid is not for publication, it is a known fact that it is one of the largest on record for a class D player.

It is needless to set out the good qualities of our big catcher—we all know them—and his sale to a major league club does not come as a surprise to any of us. We just knew it would happen.

The news that we are to retain him for the remainder of the season is the best tidings fandom has had since Cisco was admitted to the West Texas League.

Griesenbeck is a graduate of the Texas A. & M. College, where he was a star football player.

Tim's broken thumb, which has kept him from behind the bat for the past three weeks, is healing rapidly and he should be able to resume his duties within the next week or 10 days, possibly sooner.

He helped out on the first sack for a few games in the past two series, but is now out again until his hand is entirely well, the chance being too great of making it a permanent injury in its present condition.

President Herring also stated that Boyer, hurler for Ranger, had been sold to St. Louis, no other details being made known.

## TWO NEGROES BURNED AT STAKE AT PARIS, TEXAS, BY LYNCHERS

ALLEGED TO HAVE MURDERED TWO WHITE MEN. SAID TO HAVE CONFESSED CRIME.

Associated Press.

PARIS, Tex., July 7.—The race trouble, threatened by rumors which caused the establishment of an armed patrol in Paris last night following the burning at the stake of two negroes, did not develop and the situation is apparently normal today.

Irving and Herman Arthur, negroes charged with the killing of J. H. Hobbs and son, William White, landlord, Friday, were captured Sunday and brought to the Paris jail yesterday.

An infuriated mob stormed the jail at night, forced their way through a cnet of officers which fully attempted to guard the doors, and dragged the negroes from their cells.

A pyre was built and both victims of the mob burned at the same stake. Reports that the negroes lynched might not have been guilty were today refuted by the county attorney, who said that the negroes made circumstantial statements admitting the killing.

## CISCO GIRL WEDS OZONA MAN; COME HERE TO RESIDE

Miss Alberta Ellis, a native daughter of Cisco, became the bride of George Gordon, of Ozona, Texas, July 1, at the home of the groom's parents at that place.

The ceremony took place at 8 o'clock in the evening with the Rev. J. McQuiter officiating. Immediately following the ceremony a delicious lunch was served to the friends of the groom in attendance.

Mrs. Gordon is the daughter of the late Mrs. Laura Ellis, of this city. She went to Ozona to teach and while there met the husband of her choice.

The couple returned to Cisco Sunday and are making their home at West Fifth and Avenue E.

Friends are wishing the bride happiness.

## PARKS CAMP SEES ITS FIRST TRAIN

EMPLOYEES OF THE TEXAS COMPANY AND FRIENDS ENJOY JULY FOURTH OUTING.

The first train on the Cisco & Northeastern railroad to reach Parks Camp rolled into that little oil community Monday morning carrying hundreds of Fourth of July celebrators. The train carried six coaches and each was jammed to the platforms with recreationists.

The occasion was the annual celebration given for its employees by the Texas company, which concern is building Parks Camp.

The community has almost 3,000 inhabitants at the present time, the majority of whom are connected in some way with the Texas company.

While the Cisco & Northeastern tracks do not quite reach the heart of the town as yet, the rails are being laid fast and in a few more weeks will have been run into Breckenridge. The coming of the first train was greeted with high enthusiasm by the inhabitants and there was a response of cheers from the crowd of passengers aboard.

The day was passed with picnicking and games of all sorts and dancing was the order of the evening. A later train went to Parks Camp early in the evening, returning to Cisco after midnight.

## Nearly Half Million Motor Vehicles Been Registered at Austin

AUSTIN, July 6.—Two thousand and sixty-five motor vehicles were registered with the State Highway Department during the past week, this bringing the total registration since January 1, 1920, up to 469,219.

Registration of motorcycles numbered 2,573, dealers 2,928, chauffeurs 16,771. Transfers numbered 72,445, of which 2,081 were registered during the past week.

## SEVEN LUMBER COMPANIES ARE NOW AT LEERAY

TANK COMPANY OPENS A BRANCH, AND MODERN HOTEL STARTED.

## WELLS SPUD IN DAILY

New Oil Town Taking on Concrete Evidence of Busy City It Really Is.

LEERAY, Tex., July 6.—The Lincoln Tank company, of Ranger, is opening a branch here for the supply of tank stock. The firm has located on the line of the Cisco & Northeastern railroad south of the Rockwell Lumber company.

Mrs. Anna Miller, of Ranger, began the building of a hotel on the corner of Sixth and Main streets, opposite the F. & M. Bank, this week. It will be the first serious attempt at a proper hostelry for strangers in Leeray and is to be built in Arizona Heights, opposite the F. & M. Bank.

Ajax Oil company's Mattie Baggett No. 1, an offset to the Fensland Oil company's Stokes No. 1, 400 feet to the south, was 3210 feet deep last Thursday, with a fair showing of oil. This well is 75 feet in the lime and is expected to be shot with nitro. On account of its location, it is attracting considerable attention.

C. G. McCleery Lumber company, a branch of Gray & Spencer Lumber company, has bought yard sites and will put stocks in at once. This makes seven lumber yards for Leeray.

Mike Riley, of Sipe Springs, is putting up a big cafe, and Walter Dunn will open a completely stocked drug store as soon as buildings on Commerce street can be completed.

Spudded in on Leeray townsite was the well of Sinclair Oil company, G. A. Thorpe No. 3. Root, Huff & Duff, Pitman et al. Good No. 1, was also spudded in on block 455. Consolidated Refining & Production company's M. H. Thorpe No. 1, a mile and a half northwest of Leeray, will spud in today.

Two women of Worcester, Mass., each in her 90th year, and who were childhood playmates in a Connecticut town, recently met and renewed their friendship after a separation of nearly 90 years.

DEATHS
OFFICER REPORTS
SANTARY CONDI-
TION CISCO GOOD.

For the past two months 12 deaths and 39 births have been reported. The report, which includes the period from May 1 to July 1, is as follows: "I have quarantined eight cases of smallpox and two cases of scarlet fever during this time. One case of typhoid fever has been reported to this department, the case coming from the oil fields near Ranger to the Humble Oil & Refining company's hospital near the city. Two cases of venereal diseases have been reported. I have devoted 20 hours to special sanitary inspections in both the residential and business districts during this time. I have found a very hearty response to the demands made upon the citizens to obey the simpler sanitary regulations. I have had six complaints filed against resident occupants and business firms for failure to secure the proper metal covered garbage containers and for throwing decaying garbage into the alleys and streets into this office has been personally investigated and remedies suggested. "All property owners and tenants living within the city's sewer district maintaining dry toilets are being notified to connect with the sewer within prescribed time. A few complaints against citizens having the prescribed notice and who have failed to abate the dry toilets will be arrested and charged with violating said ordinance. "Twelve deaths and 39 births have been reported covering this two months. The health conditions are at present in a most excellent shape."

RATIFICATION BY WEST VIRGINIA IS DECLARED FRAUD

AMERICAN CONSTITUTIONAL LEAGUE WANTS POSSIBLE DECLARATION ENJOINED.

N. C. CALLS SESSION Say That Approval by Tennessee Would Be Illegal Under Circumstances.

WASHINGTON, July 7.—Proceedings asking that the secretary of state be enjoined from issuing a proclamation declaring the suffrage amendment ratified when the thirtieth state acts favorably, was instituted in the District of Columbia supreme court today by the president of the American Constitutional League. The basis of the suit is a contention that ratification by West Virginia is illegal because it was accomplished by fraud, hence ratification by Tennessee would be illegal. The suit also seeks to prevent Attorney General Palmer from enforcing the suffrage amendment. Justice Bailey issued a rule on Secretary of State Coby and Attorney General Palmer to show cause by July 13 why the action of injunction should not be granted. That only 35 states have ratified the federal suffrage amendment came as a surprise.

Issues Suffrage Call. RALEIGH, N. C., July 7.—Governor Bickett of North Carolina today issued a call for a special session of the legislature for August 10, to consider ratification of the suffrage amendment.

Society

Last Tuesday afternoon at the home of Mrs. L. A. Harrison, Circle B of the Baptist Ladies Aid Society was hostess to the other circles of the aid. The house was beautiful with sweet peas and Shasta daisies. Punch was served the ladies during the entire afternoon. Mesdames Caldwell and Evans made interesting talks on various phases of the W. M. U. work. Little Miss Stafford gave a reading. A very clever and entertaining contest was held, each riddle being answered by some kind of "tea." Mrs. Jones was the most successful contestant. At the close of the afternoon Mrs. Harrison, assisted by Mrs. J. T. Berry and Mrs. Forest D. Wright, served brick ice cream and wafers to about thirty-five members of the aid. Mr. and Mrs. H. L. Winchell were at home in their usual charming and hospitable manner to a few of their friends Tuesday evening. Forty-two was the game for the occasion, and six tables were placed on the beautiful lawn. Electric lights were strung over all the lawn, casting a soft light over all, and making of all a beautiful scene. A color scheme of yellow and white was carried out in every detail. At a late hour the hostess served a lovely banana sundae and cake with nasturtiums as favors. Those who enjoyed this delightful evening were: Mr. and Mrs. Cate, Mr. and Mrs. G. E. Berry, Mr. and Mrs. J. L. Berry, Dr. and Mrs. W. P. Lee, Mr. and Mrs. Frank Harrell, Mr. and Mrs. Charlie Fee, Mr. and Mrs. E. P. Crawford, Mr. and Mrs. George Lingle, Mr. and Mrs. W. W. Moore, Mr. and Mrs. C. Davis, Mr. and Mrs. G. B. Kelly, Mrs. D. C. Fox, Mrs. Claud Ganes. The Presbyterian Ladies' Aid met with Mrs. John E. Chesley last Tuesday in its regular work meeting. The afternoon passed quickly with needles, thimbles and scissors busily engaged in making dainty things for their annual bazaar. Mrs. Chesley served ice cream and cake at the close of the meeting. Mrs. Joe Wilson was hostess for the ladies of the Methodist Ladies' Aid last Tuesday afternoon. This meeting was set aside for a work and social afternoon. There was a large attendance and a great deal was accomplished during the short time. A delicious ice course was served by Mrs. Wilson, assisted by her sister, Mrs. Will Turner. Mrs. T. J. Dean at 311 West Seventh street was hostess to the Thursday "42" Club last Thursday afternoon. There were three tables of club members and two guest tables. The house was beautifully decorated with nasturtiums, roses and lilies. A color scheme of orange and white was carried out in the refreshments of orange and white brick ice cream and angel food cake, with nasturtiums as plate favors. Those participating in the afternoon's pleasure were: Mrs. R. Q. Lee, Mrs. Waddie Manoil, Mrs. E. Brownlee, Mrs. A. Carradine, Mrs. J. E. Cate, Mrs. Williams Reagan, Mrs. C. Davis, Mrs. Will Tippet, Mrs. Gunter, Mrs. Shupe.

Mrs. Guy Dabney, Mrs. Duncan Sadler, Winston, George Fee, Mrs. Dorey, Mrs. Lee Owen, Mrs. Jim Sopher, Mrs. Ellis Dean, Mrs. Bass, Mrs. Loyd

One of the jolliest parties given this summer was the one given Thursday night by Roy Stockard. Each guest was requested to come masked and many original and comical characters were seen. A merry time was had trying to identify the different ones. Many games were played after the unmasking and it was at a late hour when Mrs. Stockard served a delicious sherbet and cake.

Mrs. Jess Sessions and daughters are home from a trip to Seymour, where they visited relatives.

Miss Anna Lou Powell has returned to her home in Dallas after an extended visit in the city, the guest of Mrs. W. J. Foxworth and Miss Theresa Lee.

Mrs. Henry Benham and daughter, Sarah Maud, motored to Breckenridge Friday to attend the Fourth of July celebration there.

Mr. and Mrs. Guy Dabney and daughter, Virginia, are here from their ranch near San Angelo. They are the guests of Mrs. Dabney's parents, Mr. and Mrs. Gus Ward.

Mr. and Mrs. Thomas Brownlee spent last week-end in Abilene, the guests of Mrs. Brownlee's mother, Mrs. Brownlee remained for the week.

Mrs. Fred Cook of Munday is visiting her parents, Mr. and Mrs. R. A. St. John.

J. W. Weatherford of Houston is the guest of his sister, Mrs. D. D. Fulwiler.

PERSONAL MENTION. Mrs. M. V. Miller, who has been visiting friends in Alexander, arrived home Thursday afternoon.

Miss Bessie Dolan, of Taylor, Texas, past president of the State Rebekah Assembly of Texas, arrived in the city Sunday morning to visit Mrs. J. D. Alexander, at her home on West Sixth street and Avenue E.

Mr. and Mrs. George Hall of Muskogee, Okla., old-time residents of Cisco, are in the city visiting Mr. and Mrs. Roy Hall in East Cisco. They express themselves as delighted with the rapid growth of Cisco, and its many improvements since they left here three years ago.

Accompanying G. H. Judia in his new car, Mr. and Mrs. J. Alexander, Mrs. T. W. Neel and Mrs. L. Coffey spent last evening in Eastland, viewing the many pretty homes and public buildings of that progressive city. Mr. and Mrs. Homer Bible arrived

home from Dallas and Fort Worth last Thursday morning. Friday afternoon they left for Leuders, the home of Mr. Bible, to spend the 4th of July and enjoy a big picnic awaiting their pleasure Monday afternoon.

Mrs. James Jenkins of Fort Worth is a visitor to her sister, Mrs. Floyd Shepard, at her home on West Sixth street and Avenue F.

Mark Stamps left Saturday night to join his family in Los Angeles, Cal. He will be absent several weeks.

In answer to many requests from her host of admirers Madame Pittcher has agreed to sing each evening this week at the National Air dome.

W. D. Coffee, of Ranger, and Miss Abbie Coats, of Moran, were united in marriage yesterday by Rev. J. D. Leslie, D. D., of the Presbyterian church. The ceremony was performed at the manse. Mr. Coffee has charge of the commissary of the Sinclair Oil company, at Ranger, where the young couple will make their home.

Mrs. Eugene Langford and children left this morning for a visit with friends and relatives at their old home in Carysbrook, Va.

Mrs. Walter Sessions and family arrived in the city Wednesday from El Centro, Cal. They are at the home of Mrs. Sessions' brother, Z. M. Taylor, on West Avenue I and First street. Mrs. Sessions and children left here about three months ago with the intention of making California their future home, but Cisco held a stronger appeal for them. The place of their youth has attractions that no other place can offer.

Mr. and Mrs. Everett Chaffin left Saturday morning for Bailey, Okla., to visit the parents of Mr. Chaffin and spend the 4th of July.

Mrs. Fleet Shepard left Saturday to join her husband, who is in McAllen, Texas, spending a few weeks with a sick brother.

Help Cotton Growers. DALLAS, July 6.—State headquarters of the Texas division of the American Cotton Association have been opened here, and organization work in the state is being done by Nathan B. Forrest of Biloxi, Miss., who announced this action after a preliminary conference with D. E. Lyday, Fort Worth, vice-president, and E. F. Shropshire, of Houston, secretary. The purpose of the association is declared to be the sponsoring of warehouse building under state supervision and assisting in financing and marketing crops.

Navy Has Temporary Recruiting Office in the City Hall Here

The navy has opened a recruiting office, to continue for a period of about two weeks, at Cisco, located in the City Hall.

Chief Gunner's Mate H. Hillyard is in charge of the recruiting work here. Ambitious young men of good character and who can pass the required physical examination are now desired for service in the United States navy, ages 17 to 35.

The navy now offers many inducements in the way of excellent training and an opportunity to learn or finish any one of 55 trades.

Also the recent increase in pay is stimulating recruiting, and is worthy of much consideration by any one contemplating enlisting in this branch of the government's service. The present pay in the navy compares favorably with wages being paid in civilian employment.

The local recruiting officers inform us that they will gladly furnish upon application any other information desired by prospective applicants.
