### BRITTON SCHOOL PROPERTY MAY BE ACQUIRED BY CITY FOR PARK SCHOOL AND HOSPITAL PURPOSES

**Deed in Escrow and City Has Opportunity to Make Purchase at Exceedingly Low Price — Election Will Be Called to Vote on Bond Issue for Payment — Demand for Good Hospital in Oil Field — Buildings Suitable for Many Uses — Land is Valuable.**

Mayor Williamson, A. J. Olson and Judge J. J. Butts have a deed to the Britton property, being the 224 acres situated immediately across the Texas & Pacific tracks from the depot and on which is located the large buildings formerly known as the Britton school. This deed is held in escrow and will be delivered to the city of Cisco when in consideration there shall be given to Mr. Britton the city's bonds in the sum of \$50,000 drawing five per cent interest.

Immediately west of this tract, the city now owns fifty acres, running out to the water works lake. The acquisition of this Britton tract would provide much for the people of the city in the way of parks, schools, emergency buildings and with the prospect of making one of the buildings a modern hospital.

You can hear it in our store

—the phonograph that is featured in Vaudeville's strangest act

Perhaps you've seen it—Signor Friscoe's "Magic" Xylophone Act.

It's the hit of vaudeville's "Big-Time."

Signor Friscoe's "magic" is an Official Laboratory Model of the New Edison. We have one exactly like it.

Signor Friscoe's instrument is an exact duplicate of the original Official Laboratory Model, which cost Mr. Edison three million dollars to perfect.

Our instrument is also an exact duplicate of this famous three million dollar original. We guarantee it to be able to give the same marvelous RE-CREATIONS of music, which Signor Friscoe's Official Laboratory Model gives in vaudeville.

Come in and test the astonishing realism of this instrument for yourself—in Mr. Edison's Realism Test.

The NEW EDISON "The Phonograph with a Soul"

You've read how the New Edison has proved its perfect realism. Four thousand tests have been given, in which more than 30 different artists compared their art with its RE-CREATION by the New Edison.

Has any one suggested to you that these comparison tests are "faked"—that the artist imitates the New Edison?

Signor Friscoe's performance makes such an assertion positively ridiculous. Every week, 90,000 people see his hammers ripple over the xylophone keys. Suddenly he holds them aloft—still.

The rippling music continues. Slowly, the gorgeous curtains of the back-drop part. The audience gasps. The New Edison stands revealed. It has taken up Signor Friscoe's performance, and is now RE-CREATING it alone.

The effect of this extra-ordinary magic can rest upon only one fact: No one can distinguish any difference between Signor Friscoe's performance and its RE-CREATION by the New Edison. Signor Friscoe could not possibly imitate the New Edison, because the xylophone can not be made to imitate any other instrument, so as to deceive its hearers.

Signor Friscoe's act is not an Edison enterprise. He has simply been clever enough to use the New Edison for what it is worth. Why don't you?

PRICES The price of the New Edison has increased less than 15% since 1914. This includes the War Tax.

Mr. Edison has staved off price advances by personally absorbing more than half of the increased cost of manufacture.

Because of the exceptionally high quality of materials and workmanship demanded by the Edison Laboratories, and the continued scarcity of both, it may be necessary to advance prices. But rest assured that this will not occur, unless Mr. Edison is forced to it.

Our Budget Plan—the thrift way of spending—will help you buy now. Let us tell you about it.

# LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadowville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak. . . I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few

doses of Black-Draught." Seventy years of successful use has made Thedford's Black-Draught a standard, household remedy. Every member, of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. **NEGRO HAS BIG ROLL DIAMOND AND WATCH BUT LANDS IN JAIL**

A negro was picked up at the railroad station last night by the police and is in the city jail. He is held on suspicion. He had a diamond ring, supposed to be worth \$500, a gold watch and chain and \$1,714.90 in money.

Part of this money is in a certified check payable to Roy Price and the negro told a reporter that was his name. The chief of police did not know as what bank the certified check had been drawn on nor at what town.

The negro does not talk much. He said he had been working as a cook on a ranch near Abilene and that his home was in Chicago. When asked the name of the man for whom he had been working at Abilene, he told the chief he did not think that was necessary.

**CLOTHING WANTED FOR CHILDREN OF THE ALBANY ORPHANAGE**

The ladies of the Presbyterian church are collecting garments for the children of the Albany Orphanage. The buildings were burned recently and there is great need for aid to the children. Six of these children are from Cisco, and aid is solicited from all persons, irrespective of church affiliation.

Any person who is willing to contribute garments for children of the age from 4 to 17 years, will please phone Mrs. C. H. Poo.

The ladies will call for and appreciate the contribution. The people of all West Texas are interested in these children and there should be no holding back in extending aid to them.

## The Economy of Using Goodyear Small Car Tires

So-called bargain tires, made up for sensational sales and offered at ridiculously low prices, do not attract careful buyers.

They are far more concerned with what they get than with what they pay because they know that in the end it is performance and not price that delivers actual economy.

The popularity of Goodyear Tires, of the 30 x 3-, 30 x 3½- and 31 x 4-inch sizes, is based on the fact that they deliver exceptional mileage at exceedingly low cost.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tire and Goodyear Heavy Tourist Tubes.

# NOT MUCH HOPE FOR CHEAPER CLOTHING UNTIL NEXT SPRING

NEW YORK, Sept. 1—"Are clothes gonna be cheaper this fall and winter?"... But no dried drop may be expected this fall, wholesalers stated, in spite of present market conditions in woolens and silks, even though Mr. and Mrs. Purcell look for an immediate reduction in prices.

Take, for instance, the various lines of women's wear, always noted for putting such a drop in the family bankroll. An authority on this line of trade said when he reviewed on prices that nothing definite could be given out.

That is as the exact situation in men's cloth. Retailers are holding off for lower prices, although present stocks were made up of high priced material and with a high labor cost.

# NEGRESS IS KILLED BY NEGRO WHO CAME TO CISCO ON TRAIN

## Was Chased All Night and Today and Is Believed to Have Been Hit When Fired on As He Ran From Train - Killing Occurred This Side of Breckenridge.

There was an animated chase after a negro murderer in Cisco last night. Deputy Sheriff Ed Stubbiefield, who works out of Breckenridge, but who lives here, was hit home when he received word that a negro had killed a woman and was headed this way.

Deputy Stubbiefield met the Cisco & Northeastern train when it arrived here at 9:30 from Leary, and entering the car saw a negro, and the latter evidently recognizing the officer, as he jumped up screaming, "Good God, white folks don't kill me."

The negro ran for the door and jumped from the car, the officer right after him, and who shot at him as he jumped, following up and shooting as he went, firing altogether four shots.

Following the direction in which the negro ran, northwest, they came to a large rock where the negro had evidently rested, as it was covered with blood, leading to the belief that one of the officer's shots took effect.

The negro is alleged to have killed a negro woman in a cook shack, at one of the Gulf camps, on the Johnson lease, seven or eight miles this side of Breckenridge.

## CIRCUS WILL BRING OPPORTUNITY FOR WISE ADVERTISERS

Circus people, that is the managers, the men who look after the financial end of the business, are credited with very acute judgment and, no doubt, the management of the John Robinson circus has exercised this faculty in selecting Cisco as the one, of all the towns in this oil district, where an exhibition will be given.

The circus shows here September 10, and jumps from here to Fort Worth, where it will appear on September 11, playing no towns between these two points.

It is going to be an excellent time for the business interests of the city to do some effective advertising. The chamber of commerce and production evidently will not let this opportunity pass.

It has been suggested that an extensive group of advertisements be placed in The Daily News of that date, and 5,000 to 10,000 extra copies issued. The paper will be on the streets just before the end of the afternoon performance and if the visitors are each given a copy of this paper they will take it home with them and read it carefully, thus giving advertisers of the city an excellent opportunity to directly reach the people of the surrounding country with their announcements.

## HOLD COTTON SEED.

Special to the News. ABILENE, Aug. 21—The low price of cotton seed and the high price of ginning has caused farmers in many West Texas communities to agree to hold their seed for reasonable prices and to build community gins owned and operated by the farmers.

## CAT BREAKS FALL; SAVES CHILD

NEW YORK, Sept. 3—A large black and white cat, lying directly beneath the well of a fire escape saved the life of Mary Rossi, three years old, who fell through the opening from the third floor.

The child's head struck the cat, preventing a fracture of the skull. The girl received only a slight fracture of the leg. The cat was killed.

# DEMPSEY AND MISKE TRAINING HARD FOR FIGHT NEXT MONDAY

BENTON, HARBOR, Mich., Aug. 30—Because of fear of growing stale, Challenger Miske planned to drop all work with the gloves for a day or more. He said his condition was approaching the fighting edge too rapidly.

Deputy Sheriff Ed Stubbiefield met the Cisco & Northeastern train when it arrived here at 9:30 from Leary, and entering the car saw a negro, and the latter evidently recognizing the officer, as he jumped up screaming, "Good God, white folks don't kill me."

## FARMERS BUILDING WAREHOUSES TO AID IN HOLDING CROPS

lish a large warehouse at Pecos, according to information given out today by John Wedel, one of the directors of the new organization.

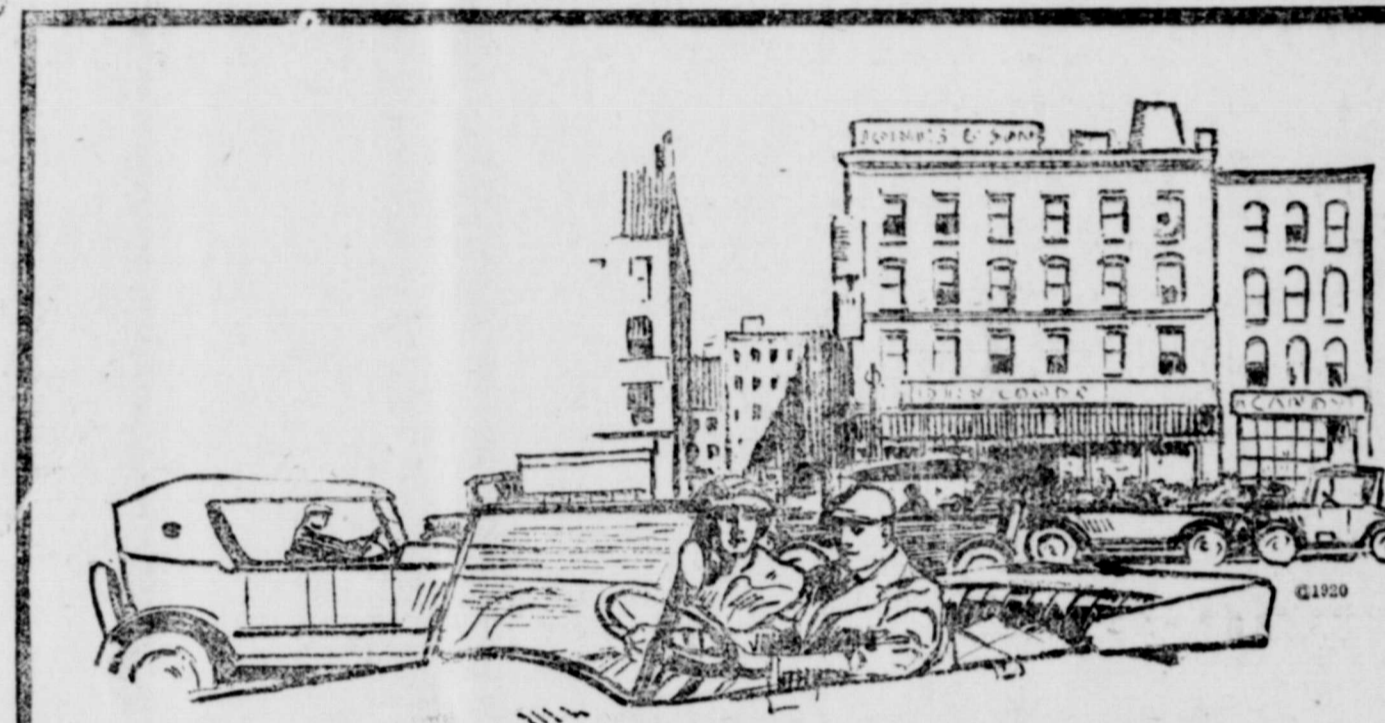

## HUSBAND TELLS HOW HIS WIFE WAS KILLED AND ROBBED BY NEGRO

The officers are still searching for the negro who is alleged to have killed a negro woman, this side of Breckenridge, Monday night. He is reported to have been at two places at the same time last night.

with the description first given. He said the negro came with a six-shooter in his hand, demanded a supper and after getting it went through a window and took to the west. The constable was notified and once and got there with Policeman Grimsinger and two other men within thirty minutes, but found no trace of the negro.

### This section certainly owes a lot to the automobile

LOOK at it just from the business standpoint, compared with, say, ten years ago—or even five.

Everything speeded up—made easier. Nearly every business man depending on the automobile to transport himself and his products.

We believe that people are entitled to better tires—the best they can get. Not only the man with the big car, but the man with the small car, and the medium sized car.

We represent U. S. Tires for that reason—because their policy is the same as ours—every tire as good as you can get it, regardless of the size of the car it is to go on.

It was that policy which led to the introduction of the straight side automobile tire, the pneumatic truck tire.

And you can't beat it.

U. S. Tires are guaranteed for life, with no limitation of mileage.

It will pay you to talk to us about tires, if you are looking at them from a business standpoint.
