SITS ALL DAY BESIDE BODY OF HUSBAND SHE HAD MURDERED

Woman Residing Near Mangum Charged With Killing Her Husband, Splitting His Head With An Axe and Then Cutting His Throat—Remained All Day in Room With Corpse and Her Two Children Then Drove to Home of Step-Brother.

Special to The News.

EASTLAND, Oct. 20.—A horrible murder was committed at Mangum Sunday morning. About 8 o'clock that night word was received at the sheriff's office that Mrs. Veldora Dunn, aged 34, had, it is alleged, confessed that she had killed her husband at their home about three miles west of Mangum.

Members of the sheriff's department and the county attorney's office went to the scene and found the body of the man on a bed in the corner of the three-room shack with four gashes in his head, caused by blows from an axe and with his throat cut from ear to ear. He was covered up with a quilt.

According to the story given to the officers by the woman, she had killed him early Sunday morning and had stayed there all day with the corpse. Two children, aged ten and twelve years, were there at the time of the killing. About 7:30 Sunday night she hitched up a horse and drove to the home of a step-brother in Mangum and told him the gruesome tale.

While the woman has not been questioned by the authorities yet, it is alleged she voluntarily made a statement while being brought to Eastland that it was either for me to kill him or he would have killed me.

The officers who went to the scene described it as being horrible. The house was a dilapidated one that was not on the road and was approachable only over a cow trail. High weeds surrounded the house. Several dogs added to the dolefulness with their howls.

When the officers entered the house it was dark. A lamp was lighted, which threw its beams across the huddled body on the bed. The axe, that is thought to have been used first, was found in the back yard. It had been cleaned with soap, water and ashes. The floor where the blood had dripped had also been washed. On the bed with the body was found a heavy barlow knife, about ten inches long. This was covered with blood. It is thought that this was used to cut the man's throat after he had been hit in the head four times with the axe. In the opinion of the authorities, any one of the four blows on the head with the axe would have been sufficient to cause death.

Will Dunn and his wife have been married about ten years and have occupied the three-room shack for a period of years.

Mrs. Dunn was brought to Eastland Sunday night and lodged in the county jail.

CISCO WILL GET BIG LEAGUE BALL TEAM IN SPRING TRAINING

Sam Fowlkes, secretary of the Chamber of Commerce, was in receipt of a letter yesterday from the president of the big league baseball club which is negotiating to send its team to Cisco for the spring training. The president wrote that he would send one of the club's business representatives to Cisco, to make an examination of what this city is offering before the meeting to be held at Kansas City soon.

Already improvement has been made at the ball park in keeping with the suggestion of the club as to what is required. The infield has been planted to Bermuda and Mr. Fowlkes said yesterday the grass is growing nicely and that part of the grounds will be all that is asked for.

There is but little if any doubt that the team will come. The negotiations have reached a point where the club has submitted a proposition with which Cisco is willing to comply and it now depends on the report the investigator for the club will make as to the grounds, hotel facilities and other matters on which he will pass judgment.

RETURNED AVIATORS.

MINEOLA, N. Y., Oct. 21.—Four airplanes, with pilots and observers, who yesterday completed the round trip to Nome, Alaska, left here today for Washington where the aviators will be given an official reception at Bolling field.

"GET CORK TO PRAY FOR SPEEDY DEATH" HIS SISTER WIRES

Associated Press.
CORK, Oct. 21.—A telegram received here today by a friend of Lord Mayor MacSweeney from the latter's sister, said:

"Get Cork to pray for his speedy death."

A later telegram to the same friend asked him to come immediately, as the end was near.

Associated Press.

LONDON, Oct. 21.—Official confirmation came from two sources today of a report that Lord Mayor MacSweeney had been fed during a period of unconsciousness, the bulletin of the Irish Self Determination league announced.

The prison doctors had forced meat juice into MacSweeney's mouth during a fit of delirium, from which the prisoner suffered last night.

MRS. HATTIE PROCTOR DIED SUDDENLY SOUTH CISCO LATE MONDAY

Mrs. Hattie Proctor, aged 29 years, died very suddenly late Monday afternoon, at her home in South Cisco. J. E. Proctor, her husband, was engaged in doing some repair work about the place, being assisted by Mrs. Proctor. He had gone a short distance away on an errand, and on his return found his wife in a dying condition. A physician was hurriedly summoned, but death ensued before the doctor's arrival. The cause of death is attributed to internal hemorrhage.

The remains were shipped to Gun-sight this afternoon, the former home of deceased.

Mrs. Proctor was Miss Hattie Meadows prior to her marriage, and was well known to many of the older residents of Cisco.

WILL BE NO LET UP IN TAXATION OWING TO HEAVY WAR DEBT

WASHINGTON, Oct. 20.—Government expenditures of four billion dollars during the next fiscal year was forecast by Secretary Houston of the treasury department today in an address before the convention of the American Bankers' association, in which he covered a wide range of the financial economy problem of the nation.

The secretary outlined the treasury's program for handling the war liquidation, of which said it must go on steadily in order that the financial redemption may be accomplished without disturbance to the national life.

He appealed for the "strictest economy, not only in our expenditures, federal, state, county and municipal, but also thrift on the part of the people," adding that the program necessitated the maintenance of taxation "after this fiscal year, on a level not less than four billion dollars annually."

NEW DATE IS FIXED FOR THE ELECTION ON ISSUING BONDS

The date for the election on the proposition to vote \$50,000 in 5 per cent forty-year bonds for the purchase of the Britton school property, by the city, has been changed to November 15. The election had been called for October 30, but in preparing the notices of election the city attorney made an error and it was necessary to reset the date and prepare new notices. These will be posted today and the publication in the newspaper will begin this week, so that the proper notice will have been given in time to hold the election on that date. The new order was adopted at a meeting of the city commission last night and the following were appointed to hold the election: D. L. Rogers, judge; Fred Davies, Roger Keesley and G. Bedford, clerks.

TEXAS MAN TELLS AMERICAN BANKERS MUST HELP FARMER

Associated Press.
WASHINGTON, Oct. 21.—Bankers can and should aid the farmers by assisting in the establishment of co-operative warehousing and selling organizations, Chairman Joseph Hirsch, of the agriculture commission of the American Bankers' association, declared today in presenting the report of the commission to the convention.

"Many of us have been fearful of entering the field of marketing because we have been afraid we would come in contact with our own customers, the middlemen, who are buying the farmers' product," the report said. "But it is high time for the bankers of the country to realize that a more economical method of distributing for our food products is absolutely essential to success of American agriculture and that unless the farmers can produce and sell their crops with the reasonable assurance of a fair profit, there will be an increasing tide of men drifting from the farms to cities."

What Business Must Do.

Associated Press.
WASHINGTON, Oct. 21.—American business must purge itself of its own "misdemeanors" before it can hope to exert the fullest influence in the affairs of the nation, Joseph H. DeFrees, president of the Chamber of Commerce of the United States, declared in an address today before the American Bankers' association.

"One of the most fruitful sources of the unrest in this country at the present time," said Mr. DeFrees, "is the belief on the part of a great number that business in many instances is securing an inordinate profit. It is the theme of the agitator, and is used as a justification for various unfair exactions which are put upon business. We are quite ready to complain in the public interest, about excess profit taxes and inadequate production for a fair wage. Let us do all we can to correct our own misdemeanors and then our voice of protest will have a large influence in correcting those of others."

Mr. DeFrees told the delegates that business should adopt an "advisory" position rather than a dictatorial attitude in dealing with the government. He said most members of congress were willing to receive information gathered by organizations which had made a study of particular questions, but that they deeply resented action by anybody which savored of a demand. The average legislator, he said, will no longer yield to demands, but is anxious to render a service where he is shown that beneficial results may be obtained.

"Few legislators will heed such demands," he added, "because it is vicious in principle. It has come to be recognized that such threats have little effect at election time. With proper publicity more votes will be changed in opposition to the man who yields to threats than will be changed in his favor by cowardly action."

Mr. DeFrees said he saw hope in the growing ability of American business men to organize in the mood of helpfulness as well as in sympathy with the public interest. He believed that this development might in the future provide a solvent for the troubles confronting the nation.

For Thrift Campaign.
Associated Press.
WASHINGTON, Oct. 21.—A three-year-thrift campaign to reach every family in the country that has no bank account was proposed to the American Bankers' association today by its committee on public and private thrift.

As a part of the campaign, government officials would be called upon to practice utmost economy so as to reduce the expenditures of the federal government. "The recent orgy of extravagance," declared the committee's report, "has indicated very clearly the need for more popular realization of the need for saving when and as the opportunity presents itself. The time is at hand when thrift and saving will be regarded as not only possibilities, but actual necessities."

TWO MEN SHOT DOWN DURING THIS WEEK IN FT. WORTH STREET

Associated Press.
FT. WORTH, Oct. 21.—Police today are trying to solve the second mysterious murder in a week, that of J. B. Loper, who was shot to death near the Texas and Pacific depot last night. The first killing was that of Motorman James A. Gordin, Monday night. It is believed robbery was the motive in each instance.

STRIKE SITUATION IN GREAT BRITAIN TAKES GRAVE TURN

Associated Press.
LONDON, Oct. 21.—The coal strike situation took a grave turn today when the railway men and transport workers announced they would strike in sympathy with the miners unless the negotiations between the government and the miners are reopened this week.

LONDON, Oct. 21.—A decision on whether the National Union of Railwaymen and the Transportation Workers' Union would join the strike of the miners, which began last Saturday, was expected at a meeting of the two organizations here today.

Conferences of the executive officers of the two unions were held yesterday and the situation reviewed, but nothing definite was done, it being decided to wait another day before taking sides in the industrial controversy.

INDUSTRIAL COURT LAW FOR OKLAHOMA ALLEN'S SUGGESTION

Associated Press.
BARTLESVILLE, Okla., Oct. 21.—In an address here before the Kiwanis Club, Governor Henry Allen, of Kansas urged the adoption in Oklahoma of an industrial relations court bill, similar to the one he said had been successful in Kansas. His suggestion that such a bill be enacted at once, met with applause.

LAW VIOLATES LAW IN EFFORT TO STOP VIOLATION OF LAW

NEW YORK, Oct. 21.—Agents of the state attorney general's office this afternoon raided the office of John T. Hetric, attorney for the groups of master plumbers, stone cutters and heat ventilator contractors and seized documents and records which will be brought before the joint legislative committee investigating the alleged building materials trust.

KING ALEXANDER IS STILL ALIVE SAYS THE LAST DISPATCH

ATHENS, Oct. 20.—No change of moment took place today (Wednesday) in the condition of King Alexander, according to a bulletin issued at 7 o'clock this evening. His general state remained stationary, it was said.

account was proposed to the American Bankers' association today by its committee on public and private thrift. As a part of the campaign, government officials would be called upon to practice utmost economy so as to reduce the expenditures of the federal government. "The recent orgy of extravagance," declared the committee's report, "has indicated very clearly the need for more popular realization of the need for saving when and as the opportunity presents itself. The time is at hand when thrift and saving will be regarded as not only possibilities, but actual necessities."

Small savers are to be the chief source in financing the normal growth of commerce and industry, the report said, adding that present tax policies offer a serious check to increased investment by holders of large wealth.

"Not only must the lesson be taught to the individual citizen and especially to the wage earner who has not yet found a place to begin," said the report, "but our government officials must also be impressed with a similar idea because of their example to the citizens and also because of its demand upon the people's savings for purposes which too often are neither wise nor economically handled.

"BIG FIVE" PACKERS SUCCEED IN HAVING CASE POSTPONED

Associated Press.
WASHINGTON, Oct. 21.—The government has agreed on a continuance, until next Tuesday, of the argument scheduled for today in the district supreme court, on the plan of the "big five" packers for disposal of their market stockyards, it was announced at the department of justice. The packers are working out a new plan for the divorcement of the properties, it was said.

ELECTED PRESIDENT

Associated Press.
WASHINGTON, Oct. 21.—John Drum, president of the Mercantile Trust company, of San Francisco, was elected president of the American Bankers' association today, for term of one year. He was chosen without opposition.

THIS IS THE MANNER IN WHICH THE POLICE GET CONFESSIONS

CHICAGO, Oct. 21.—Carl Wanderer, on trial here for the murder of his wife and an unidentified man, resumed the stand in his own defense today. Wanderer yesterday repudiated a confession he was said to have made to Coroner Hoffman and other police officers, declaring it was forced from him by "third degree" methods. In his testimony he said he was struck by the coroner and beaten by the jail officials.

WILDEST OF BOOMS COMES TO NEW TOWN ON MATAGORDA BAY

GULE, Oct. 21.—Revivalling the rapid development of an oil boom town in its speedy development, the town of Gule, twenty miles south of Bay City, on Matagorda bay, has sprung into existence within the past year. Where twelve months ago there was no indication of the present townsite, today there stands a prosperous little community of 3,500 persons. Developments of sulphur holdings in this vicinity caused the sudden influx of population.

Oil prospectors discovered the sulphur almost twenty years ago at from 800 to 1,000 feet below the surface of the ground. Though some wells producing from 100 to 300 barrels of oil daily were drilled, development was slow. Later the ground passed into the hands of the Texas Gulf Sulphur company which is now developing the property on a large scale.

Immediately after development began, land adjacent to the company holdings soared from \$50 to as high as \$10,000 an acre. Local land speculators are credited with making fortunes on the rise in values.

The method employed for the extraction of sulphur is interesting. It combines simplicity with cheapness. An ordinary bore hole, similar to that used for oil wells, first is sunk into the sulphur deposit and cased. Through the inner line of casing, which is smaller than the other leaving a space between, is forced water of sufficiently high temperature to melt the sulphur which is forced through the casing with air lift and pumped into large vats for cooling. These vats cover several acres, being in reality large bins with walls sixty feet high. As the sulphur cools it hardens to the density of limestone and has to be pulverized for shipping by blasting operations.

Railroad tracks are built alongside the vats and the sulphur, which is said to be ninety-nine per cent pure, is loaded into cars for shipment. The daily output is between fifteen and twenty tons of sulphur which would load a train of approximately one hundred cars. The reserve deposits developed thus far are said to amount to at least ten million tons while the ground has not been thoroughly prospected in all its dimensions. Approximately two thousand men are employed.

An effort is now under way on the part of the company to obtain water transportation for its product which would make it available at a greatly cheaper price for the world markets. This territory is on the line of the proposed Interoceanic canal between New Orleans, La., and Corpus Christi, Texas.

HALL WHERE WILSON WAS NOMINATED IS COX SPEAKING PLACE

Associated Press.
WILMINGTON, Del., Oct. 21.—A special drive against critics of Article 10, of the League of Nations and against false criticisms they were said to have uttered, was launched here today by Governor Cox.

"A nation-wide propaganda of misrepresentation," regarding Article 10, has been circulated, the democratic candidate asserted, emphasizing his contention that congress only and not the league has authority to declare war and the league's council decisions must be unanimous and are merely advisory.

Governor Cox's address here after referring especially to Article 10, followed recent attacks from prominent republicans against the league provisions, as he opened his Delaware and Maryland campaign.

This afternoon and tonight, in the convention hall where President Wilson was nominated eight years ago, Governor Cox is scheduled to make two addresses in Baltimore.

FIRE MARSHALS

FT. WORTH, Oct. 21.—San Antonio will probably be selected for the 1921 convention of the Texas Fire Marshals' association at the closing session this afternoon, as no other city has asked for the meeting.

L. C. GORDON MURDER CASE IS AFFIRMED BY THE UPPER COURT

Charged With the Murder of Rowe Pollard and Sentenced From Eastland County to Serve Twenty-five Years Has His Case Affirmed by the Court of Criminal Appeals—Other Cases Affirmed—One Reversed Because Juror Excused Before Trial Ended.

AUSTIN, Oct. 20.—Judgments of the lower courts in the cases of L. C. Gordon, from Eastland county, who was given a twenty-five-year sentence for the murder of Rowe Pollard, and Joe Henderson, under a ninety-nine-year sentence for the murder of Robert Killingsworth, were both affirmed by the court of criminal appeals today.

The judgment against G. I. Rasberry, from Rusk county, sentenced to ninety-nine years for the murder of Ethel Pool, was reversed and remanded, because of a defective charge to the jury.

The judgment against Tom Dunn, sentenced to twenty-five years for murder from Coryell county, was reversed and remanded because one juror was excused before the trial was completed.

SENATOR HARDING KEEPS ON DENYING ABOUT THE LEAGUE

Associated Press.
ROCHESTER, N. Y., Oct. 21.—Making his first speech of the campaign in New York state, Senator Harding again challenged his democratic opponent here today to show by his public utterances, where he has changed his position on the League of Nations issue since accepting the republican nomination.

Repeating his stand, he declared a nation "cannot take seriously the democratic insistence that the covenant shall be considered for acceptance as it stands," and added that for "such rejection" he had stood unflinchingly.

He also asserted he had favored, consistently, an international association in the interest of peace, but he could not, under the present conditions, frame a definite or specific plan.

HUNTING DIRECTOR

Associated Press.
PORT ARANSAS, Oct. 21.—Navigators on this section of the Texas coast are on the lookout for a direct steel barge reported lost by the steamship Eldorado, bound from New Orleans to Tampico, Mexico, during the recent tropical storm. The barge broke adrift in latitude 27:16 north, longitude 29:40 west and when last sighted was drifting north. Mariners say that salvage of the barge would bring good returns but on the other hand they are seeking to avoid chances of a collision.

PRESENT BUSINESS INDICATES FUTURE C. & N. E. TRAFFIC

Four Hundred and Eighty Cash Fares Yesterday Between Breckenridge and Cisco—Heavy Trains of Freight Are Now Being Carried Over the Road and on the Completion of Additional Yard Track-Work at Breckenridge the Congestion Will Soon Be Relieved.

Heavy traffic was expected over the Cisco and Northeastern railroad when the building of the line was first suggested. It was realized that the business was here for the road to handle and it was also expected that this volume would tax the capacity of the road.

All these predictions have proven to be correct, for from the date of the operation of the first train the company found itself loaded with far more traffic than it could handle.

When the road was completed to Leary the heavy traffic began and has continued in rapidly increasing volume ever since. As the advance was made toward Breckenridge, the people of that city began looking forward to it to help them out of the difficulty they were laboring under, by reason of inability to get material and supplies. As soon as a possible date for the opening of the line through to that point was fixed the Breckenridge people began routing their shipments by way of Cisco, with the result that the road has been more than overloaded, but with the limited facilities at hand, the amount of business it has handled is simply astonishing.

More and more freight is being hauled every day. While the road has not completed its tracks into Breckenridge, it has considerable siding track completed and with the facility for loading and unloading, it is hauling an immense amount of freight in and out of the place. It is expected that within a week or ten days, as reported at the general offices today, the sidings will have been completed there and then it will not take long to catch up, that is so far as that road ever will catch up, because there is business enough now to test its capacity and the growth of this business is going to be phenomenal.

The company will add all necessary equipment and, as stated, within a week or ten days, will be prepared to give service that will be very pleasing to those who have waited for the completion of this road. The passenger traffic on this line is going to be immense. Despite the fact that at Breckenridge trains cannot yet get into the depot, but must take on and discharge passengers several hundred feet therefrom, the traffic on the line yesterday amounted to 480 cash fares. In other words, between Cisco and Breckenridge, including the passengers to and from Leary 480 persons were carried on the passenger train in one day.

The double daily passenger service is working all right now and all the trains are arriving just about on time. When the depot in Breckenridge is reached the time will be as the new road works itself into shape and is made safe for more rapid running.

The Cisco people who needed this road, who wanted it and went forth and got it, are coming into their own. They certainly appreciate it, as they appreciate the efforts of the management to build the road and get it into operation as rapidly as possible. Considering conditions throughout the country, particularly in the industrial part of it, the scarcity of labor and material, the completion of this line within the time it was, is one of the railroad wonders of the time.

HOBBY'S TELEGRAM AT THE WHITE HOUSE NO COMMENT HEARD

Associated Press.
WASHINGTON, Oct. 21.—The telegram sent to President Wilson yesterday, by Governor W. P. Hobby, of Texas, who urged the immediate recognition of the new government in Mexico, has been received at the White House, but officials there and at the state department, declined to comment on it.

Robert O. Pesqueira, the new confidential agent of the Mexican government, is prepared to again urge recognition of the new government.

It was indicated at the state department, however, that a conference with Pesqueira would not be arranged in the near future.

cost forty-two cents to produce is selling now for twenty cents and yet no credit can be extended to the farmers to aid them in holding their property, but the American government and the American Bankers association can send millions to Cuba to aid the Cuban sugar planters to maintain the price of their products. There is an old saying that "the way to get something done is to do it yourself." It is the old story of the farmer and the lark. The bankers in the cotton states are finding that if the cotton farmers are to be protected and the business of the south saved from bankruptcy and ruin, the bankers of the south must put forth their best efforts to find a way out.

To this end, the bankers of Texas are taking the initiative and a meeting has been called at Dallas, for Thursday of this week, when Texas bankers will consider the cotton proposition from every angle and try to devise ways and means of protecting the cotton farmers. Texas is rich. Its banks are filled with money. It is possible for these banks, not tied down by the centralization of power at Washington, to do much and their willingness to do all they can is ever apparent. They are of and for the south and cotton being the great crop and resource of the south, they see the necessity for aiding the men who produce it, as their success rests the success of most of the business of the cotton states.

STRIKES AND SOVIETS. Premier Lloyd George sees in the miners strike in Great Britain the possibility of a fight for the existence of the present government as against the Russian soviet. He declares that if the general industry of the country is affected by strikes of workmen, other than the miners, that he will adjourn parliament and go before the country and make a fight, accept the joint acts of the unions as a challenge, and constitutional government and labor dictation as an issue between parliamentary government and labor dictation amounting to sovietism.

Premier Lloyd George will have a precedent to be found in the United States, only that the president did not adjourn congress and go before the people on that issue. That is not the way government is conducted or administered in this country. The United States was confronted with demands on the part of the unions equal to those being made by the workmen in Great Britain, but the government just gave the unions what they were asking for.

When the wage of the railroad employes was increased by the government, the roads in turn had to increase the rates to meet the payment to the employes, thus passing the increased charge on directly to the people and the people are standing for it in the way of paying exorbitant prices for the necessities of life. Evidently Premier Lloyd George knows the English people and believes that they

would rather have a fight than to have their pocket books hit any harder than they have been during and since the war. It is different in this country; the people just pay, pay, pay.

Then, too, perhaps Premier Lloyd George can see farther into the future than does government in the United States. He sees now, in the joining of the unions that country, Russian sovietism looming dark and heavy. He believes the British government will have to meet this sooner or later and is willing to meet it now. Just how close the United States was to this issue when the Esch-Cummings bill was passed, the demands for increased pay were made, when the freight and passenger and express rates were raised and this additional burden placed upon the people, that the government might avoid meeting this very issue, will perhaps never be known, but it was close enough that the end is not yet. The element finding its demands so quickly acceded to will never have enough, but will always be clamoring for more. There is an illustration of this in the position of the coal miners in this country. They have reached a point where they pay no more attention to a contract than had it never been signed. When the government award was made to the anthracite miners, they refused to accept it and more strikers followed.

Now the miners of Oklahoma are all taking "vacation" and despite the appeals of their officials, are refusing to go back to work pending an effort to settle. So persistent have they become in this refusal that finally the coal mine operators have announced they will never hold another conference with the miners because they broke their contract with them. The obligation of good faith is just as binding upon a workman as it is upon a capitalist, and until the contract and the law governing such is acknowledged, respected and obeyed, the conditions now confronting Great Britain will be manifested in this country and it is no farther from outlawry to sovietism in this country than it is in England.

AN ORDINANCE.

Ordering that an election be held within the City of Cisco, Texas, on the 15th day of November, 1920, for the purpose of determining whether the City Commission of the City of Cisco, Texas, will be authorized to issue the bonds of said city in the sum of Sixty Thousand Dollars (\$60,000.00) for the purpose of purchasing 212 acres of land out of the North Half (N¹/₂) Section No. 84, Block No. 4, H. & T. C. R. R. Co. survey in Eastland County, being the same tract of land conveyed to J. B. Spears by O. C. Britton by deed recorded in Volume 69, Page 453, Records for Deeds for said Eastland County, together with the buildings and improvements on said land, the same to be used for a Municipal Sanitarium and Park, said bonds to mature serially over a period not exceeding 40 years from their date and to bear interest at the rate of 5% per annum, maturities to be fixed by the City Commission, and whether said commission shall be authorized to levy a tax sufficient to pay the interest and provide a sinking fund to retire said bonds at maturity; and declaring an emergency.

Whereas, there exists a necessity for the construction or acquisition of suitable buildings for a Municipal Sanitarium and for the acquisition of land for a Municipal Park, and because of lack of funds in the City Treasury of said City with which to construct or acquire such buildings and land, and to improve the same, the City Commission deems it advisable to order an election to determine whether the qualified property tax paying voters of the City of Cisco will authorize the City Commission to issue the bonds of said City for said purposes.

Therefore, Be It Ordained by the City Commission of the City of Cisco, Texas, that an election be held within the limits of said City on the 15th day of November, 1920, at which election there shall be submitted to the qualified voters of said city the following proposition:

Shall the City Commission of the City of Cisco be authorized to issue the bonds of said city in the amount of Sixty Thousand Dollars (\$60,000.00) maturing serially over a period not to exceed 40 years from their date and to bear interest at the rate of 5% per annum, payable semi-annually, maturities to be fixed by the City Commission for the purpose of purchasing and acquiring title to 212 acres of land out of the North Half (N¹/₂) of Section No. 84, Block No. 4, H. & T. C. R. R. Co. survey, in Eastland County, being the same tract of land conveyed to J. B. Spears by O. C. Britton by deed recorded in Volume 69, Page 453, Records for Deeds for said Eastland County, together with the buildings and improvements thereon, the same to be used for a Municipal Sanitarium and Park; and to levy a tax on the property in said city sufficient to pay the interest and create a sinking fund to redeem said bonds as they shall mature.

Said election shall be held at the City Hall in said City and the following named persons are hereby appointed managers of said election: D. L. Rogers, Presiding Judge, Fred Davis, Judge, G. Bedford, Clerk, Roy Keathly, Clerk.

Said election shall be held under and in accordance with the general election laws of the State of Texas, governing city elections, and under the city charter of the City of Cisco, and only qualified voters who are property tax payers of said city shall be permitted to vote, and all votes at said election shall have written or printed on their ballot the following words:

For the issuance of bonds in the amount of Sixty Thousand Dollars (\$60,000.00) maturing serially over a

period not to exceed 40 years from date, and to bear interest at the rate of 5 per cent per annum payable semi-annually, maturities to be fixed by the City Commission, for the purpose of purchasing and acquiring title to 212 acres of land out of the North Half (N¹/₂) of Section No. 84, Block No. 4, H. & T. C. R. R. Co. survey in Eastland County, together with the improvements thereon, to be used for a Municipal Sanitarium and Park; and for the levy of a tax on all taxable property in said city to pay the interest and create a sinking fund to redeem said bonds as they shall mature.

Against the issuance of bonds in the amount of Sixty Thousand Dollars (\$60,000.00) maturing serially over a period not to exceed 40 years from date, and to bear interest at the rate of 5 per cent per annum payable semi-annually, maturities to be fixed by the City Commission, for the purpose of purchasing and acquiring title to 212 acres of land out of the North Half (N¹/₂) of Section No. 84, Block No. 4, H. & T. C. R. R. Co. survey in Eastland County, together with the improvements thereon, to be used for a Municipal Sanitarium and Park; and against the levy of the tax on all the taxable property in said city to pay the interest and create a sinking fund to redeem said bonds as they shall mature, so that all voters desiring to support the proposition to issue the bonds of said City for said purpose shall strike out the word "against the issuance of bonds, etc." and those opposed to the issuance of said bonds shall strike out the words "for the issuance of bonds, etc."

A copy of this ordinance signed by the Mayor of said City and countersigned by the City Secretary shall serve as a proper notice of said election, and the Mayor of said City is ordered and directed to cause notice of said election to be published in the Cisco Round-Up, a newspaper of general circulation in Eastland County, published in the City of Cisco in said County, for four consecutive weeks next preceding the date of said election, and in addition thereto shall cause notice of said election to be posted at three public places within said city, one being at the City Hall, at least thirty days prior to the date of said election.

The fact that the City of Cisco has no hospital, sanitarium nor park necessary for the health and welfare of its citizens, creates an emergency and public necessity that the rule requiring ordinances to be read at more than one meeting makes it necessary that said rule be, and the same here and now, is suspended, and this ordinance shall take effect and be in force from and after its passage.

Passed this 11th day of October, A. D. 1920.

CONTRIBUTIONS TO THE CAMPAIGN FUND ARE NOW IN ORDER

In the drive for Texas' contribution to the democratic campaign fund, \$1,000 has been pledged as Eastland county's quota and of this sum it was decided that Cisco should raise \$250. Nothing was done toward raising this amount here until yesterday afternoon when W. J. Barnes, who is the chairman of the committee appointed to raise this sum in the county, started out with a subscription paper and in a short time raised \$53.50.

As it will be impossible for Mr. Barnes to see all the people and as this money should be raised promptly, persons desiring to contribute to the fund can send to W. J. Barnes, postoffice box 285, Cisco. The work will be renewed Monday morning and there should be no trouble or delay in raising this sum if the democrats of Cisco are desirous of seeing Governor Cox elected president. Those contributing yesterday were as follows:

- J. M. Williamson, \$5; Albert Bleaso, Jr., \$5; Dean Drug Co., \$5; Cisco Furniture Co., \$5; Eugene Lankford, \$2; J. W. Mancill, \$1; G. D. Ward, \$2; T. E. Brownlee, \$1; J. D. D. J. NEILL WON'T PLANT SINGLE STALK COTTON NEXT YEAR

D. J. Neill, former representative in the legislature from this county and a leading farmer living near Eastland, passed through Cisco Saturday morning enroute home from a visit to west Texas.

Mr. Neill said that the cotton situation, if it continues, will keep many Texas farmers from planting cotton next year. "I shall turn my place into a stock farm, raising blooded cattle, hogs and chickens," said the farmer-lawmaker. "I believe stock-farming, coupled with raising all supplies at home, will solve the problem of a living on the Eastland county farm. Not

Editor Roundup:

Why is it better to buy from our home merchants?

1. Patronize home merchants and you help build up your home city.
 2. And when you want to buy you can see what you are buying; if everything is not satisfactory, your home merchant will make it so.
 3. Every one should remember that our home merchants live among us, and spend their money here—among the people of Cisco.
 4. They help build up the schools, help build up roads and aid in building a city.
 5. When some calamity happens in our midst, to whom do we go to raise money on such occasions?
- Respectfully,
G. A. R.

CISCO PEOPLE ARE INTERESTED IN WELL IN MITCHELL COUNTY

Cisco people having interests in Mitchell county have learned that the latest well has come in with a flow of 40 going over the derrick. A dispatch from Colorado Thursday, referring to a well-known by Indians parties said: "This makes eight locations already made in the Colorado field, five of which are now drilling. The first of these wells, T. & P. No. 1, ten miles west of Colorado, came in some time ago a producer and is reported making 125 barrels on the pump. The second well, that of the Colorado-Texas Co., at Lutan, is in the sand today at around 1,700 feet and is expected in at any time." Following that dispatch, the latest came in Thursday evening, as reported here yesterday.

GALVESTON LEADS ALL THE PORTS IN COTTON RECEIPTS

GALVESTON, Oct. 15.—Galveston leads all ports of the country in cotton receipts for the season beginning Aug. 1, and shows an increase over the same period last year of 162,819 bales. Receipts to date this season are 359,472 bales compared with 196,659 in 1919. Savannah, Ga., was second with 87,502 bales; Houston third with 84,919; and New Orleans fourth with 82,903 bales. New York, according to figures received here, is near the foot of the list with receipts of only 2,853 bales.

He will return in about a week. Mrs. Hiatt, who is now in Phoenix, may return with him. The Ladies Aid society of the Christian church will have a social Tuesday evening at 8 o'clock at the home of Mrs. Jack Winston, 709 West Ninth street. Mr. and Mrs. J. T. Scott and daughter, Juanita, are visiting their son and brother, Edward Scott, in Dallas. Miss Thelma Clements accompanied the Scotts to Dallas. Herschel Moore spent Sunday at the Dallas fair. Charles English, of the Stamford Leader, stopped off in Cisco today on his way home from the Dallas fair. W. M. Biggs, sheriff of Shackelford county, was in Cisco yesterday, on the trail of a Ford car that was stolen from D. C. Wharton, at Albany, recently. When you drive up to a garage on Sunday, ask for gasoline and are re-

fused, don't cuss the garage man. It's the law, said law having been passed by a legislature composed largely of bilious farmers—before the aforesaid farmers had purchased automobiles. Texas seldom repeals a law, hence the one in question will very likely be a part of the statutes 100 years from today, with periodic attempts at enforcement. Mr. and Mrs. Sam Hood, of El Paso, are the guests of their son, J. S. Hood, at the Hotel Guide. Mrs. Ben Dye and son, Jake, are here from Fort Worth. Miss Eva Glider spent Sunday with her parents in De Leon. Mrs. Lucille Harding spent the week-end in Dallas. Miss Lois Allison was in Denton over the week-end. Mrs. J. L. The Methodist Missionary society will give a reception and kitchen and dining room shower for the church Tuesday afternoon at 4 o'clock. An interesting program will be given in the auditorium, and all ladies of all the churches are cordially invited. The Missionary society of the Presbyterian church meets with Mrs. Claude Gaines tomorrow afternoon at 3:30 o'clock. The W. M. U. of the Baptist church meets at 8 o'clock Tuesday afternoon at the church. Mrs. Clyde Phillips, of Eastland, was the guest of Mrs. W. A. McCall last week. Mr. and Mrs. W. A. McCall leave Sunday to spend the week-end in Dallas and to attend the fair. Mrs. W. G. Argabrite, after spending the summer in West Virginia, has returned to Cisco for a time. She is located with Mrs. Henry Benham, on Fifth street. Mr. and Mrs. L. M. Clark entertained with a 6 o'clock dinner Wednesday evening, in honor of Miss Lila Evans and Nick Miller. Mrs. Connie Davis, 502 West Fifth street, and her sister, Mrs. D. A. Carmichael, left yesterday for Ozona where they will visit the family of Dr. J. A. Fussell. E. L. Bataille, secretary of the Retail Merchants' association, is in Dallas attending a meeting of the secretaries of the state in an annual meeting. Misses Ina and Willie Leveridge and Allie McWhorter visited the Dallas fair Saturday. Mrs. Walter Goldenhire left this morning for Dallas, where she will visit for a few days. In a football contest between East Ward and West Ward boys, Friday afternoon, the latter won. Score, 18 to 6. Mrs. Chas. Fleming entertained Miss Hallie Jameson informally Friday evening. Only a few guests were present. Mrs. J. B. Cate is in Dallas. Mrs. Ernest Fairless and Miss Thelma Fairless are in Dallas for the week-end. Mr. and Mrs. William Reagan are attending the Dallas fair. Mr. and Mrs. E. P. Crawford left last night for Dallas. Misses Vera Wiess, Nannie Hall and Emma Dickerson are spending the week-end in Dallas. Don't grumble and find fault, all the time. It's the songs you sing and the smiles you wear that make the sunshine everywhere. If you must buy whisky, be sure and patronize the home bottlegger. The dollars kept in Cisco go round and round the service ring. J. M. Flournoy, of Stamford, has been in Cisco for the past few days attending to business. H. G. Eppier, who had a serious stroke of paralysis about two months ago, is able to be down town again. Dr. Carrell C. Davis, of Dallas, is visiting his sister, Mrs. Roscoe St. John. Mr. and Mrs. E. A. Gracey will entertain the Thursday-Forty-two club at the home of her daughter, Mrs. A. A. Webster, at 3 o'clock. W. K. Hughes, of St. Louis, president of the Continental Supply Co., and John Sexton, of Fort Worth, general manager of the north Texas division, are in the city for a few days. Ben E. Lamb, of Houston, is in the city on business. Miss Hallie Jameson returned to Austin yesterday. Mrs. Gussie Cannon, Misses Frankie Gude, Johnnie Mae Gude, Mary Vovo Mashburn attended the Dallas fair this week. Mrs. Hatcher, of Fort Worth, is visiting Mrs. H. H. Journey.

WELL KNOWN TEXAN IS CERTAIN CISCO'S FUTURE IS ASSURED Col. A. J. Peeler, publisher of the Standard Blue Book of Texas, who has been in Cisco the past several days, securing commercial, social and war activities data for the Cisco section of his well known publication, is rapidly completing his mission and, with Mrs. Peeler, will depart for their home in San Antonio within the next few days. Colonel and Mrs. Peeler are at Hotel Guide during their stay in the city. Colonel Peeler is greatly impressed with the substantial nature of local construction work, the well-kept residence sections and the most excellent sanitary condition of Cisco. Speaking of some of the possibilities of the city, Colonel Peeler said: "The great water reservoir you are building, with its hunting, fishing and bathing features, as well as the assurance of an unlimited supply of the best drinking water, is wonderful and will attract many permanent residents of the better class once it is known to the outside world. The golf course now being planned will also be a much greater drawing card than many suspect. "To my mind there are many evidences going to show that Cisco is to become the most important city between Fort Worth and El Paso."

What Rev. W. L. Wall, Pastor of the M. E. Church of Eden, Has to Say About Prof. J. H. Surles.

Eden, Texas, October 7, 1920. To Whom It May Concern— It gives me great pleasure to add my word of testimony as to the merits of the work being done by Prof. J. H. Surles, scientific masseur of Putnam, Texas. I was stricken with appendicitis and was suffering greatly when I very reluctantly consented to Prof. Surles to treat me. I was very skeptical and prejudiced at first but soon became convinced that there was something to it, and now after four weeks treatment I am sound and well. I have no symptoms of appendix trouble at all and my general health has improved in every way. My wife has also been taking treatment from Prof. Surles and has been greatly benefitted in every way. Prof. Surles is a fine Christian gentleman having been a deacon in the Baptist church for a number of years and is in every way worthy of the confidence of the people, and I earnestly recommend him to any who are suffering. Very Sincerely, W. L. WALL. We wish to state that Rev. W. L. Wall is pastor of the Methodist church of Eden and a man of high influence in his community.

PLANS FOR LOCAL ELKS HOME RAPIDLY FORMING. WILL EMPLOY SECRETARY

The regular Friday night meeting of the Elks was well attended, considerable business was dispatched and two were initiated into the order. A class of fifteen will be obligated at the next meeting and fifty applications for membership are in the hands of investigating committees. Among other business transacted was the issuance of stock in the Elks Building Association Trust. During discussion of the Elks Home to be erected in Cisco, the fact was brought out that plans are rapidly materializing and that the home is an assured fact, at a comparatively early date. By unanimous vote the lodge instructed the trustees to secure a permanent, full-time secretary. Dr. Carroll Davis, of Dallas, is visiting his sisters, Mrs. R. F. St. John and Mrs. C. C. Jones. Postmaster R. A. St. John is back from Mineral Wells and is much improved in health. J. T. McCarty and daughter, Miss Mary McCarty, are spending this week in Dallas. W. M. Bell leaves today for his home in Seymour after a few days' stay with his nephew, R. G. Moody. Mr. Bell is on his way home from the Confederate reunion in Houston, and is commander of Bedford Forrest Camp No. 6, of Seymour. Mr. and Mrs. Leon Maitner have returned from a week's visit in Dallas. Mrs. H. Gray Powell left this morning for an indefinite stay in Dallas and Waco. Mrs. L. E. Oler, of Breckenridge, is the guest of Miss Vesta McBrink. Gilbert Wood, of Tulsa, Okla., is in the city. J. B. Goodwin is here from Dallas. Mr. and Mrs. Eli Ward have returned from San Angelo.

Why Suffer?
Cardui "Did Wonders for Me," Declares This Lady.
"I suffered for a long time with womanly weakness," says Mrs. J. R. Simpson, of 57 Spruce St., Asheville, N. C. "I finally got to the place where it was an effort for me to go. I would have bearing-down pains in my side and back—especially severe across my back, and down in my side there was a great deal of soreness. I was nervous and easily upset."
TAKE
CARDUI
The Woman's Tonic
"I heard of Cardui and decided to use it," continues Mrs. Simpson. "I saw shortly it was benefiting me, so I kept it up and it did wonders for me. And since then I have been glad to praise Cardui. It is the best woman's tonic made." Weak women need a tonic. Thousands and thousands, like Mrs. Simpson, have found Cardui of benefit to them. Try Cardui for your trouble.

This is the Stove Polish YOU Should Use
It's different from others because more care is taken in the making and the materials used are of higher grade.
Black Silk Stove Polish
Makes a brilliant, silvery polish that does not rub off or dust off, and the shines four times as long as ordinary stove polish. Used on range stoves and sold by hardware and grocery dealers.
All we ask is a trial. Use it on your range stove, your parlor stove or hearth and you will see. You don't find it the best stove polish you ever used, your dealer is untruthful or you are unwary. Insist on Black Silk Stove Polish. Made in England or parts—see quality.
Black Silk Stove Polish Works, Sterling, Illinois.
The Black Silk Stove Polish is an Emerald on your range stove. The Black Silk Metal Polish for silver, brass or chrome. It has no equal in your household.

A mile a minute at the throttle of the 20th Century
And the overalls Fred Signer wears on every run
TWENTY-FIVE years ago Fred Signer was a coal "passer" on the New York Central—today he holds the throttle of the 20th Century. That's Fred Signer's record.
And every time Fred Signer runs the big express you'll find him in Blue Buckle Overalls.
He's found that Blue Buckles stand up under all the rough use they get around a railroad. And millions of other men, whether they are running trains, or working on farms or in the shops, have found that Blue Buckles stand up under every job.
The toughest long-wear denim cloth goes into every pair. Blue Buckle Overalls and Coats are always big and roomy—and made so they can't rip. You always get solid comfort, long-wear, and all-round satisfaction in Blue Buckles.
