

EIGHT KILLED; MANY INJURED IN STORM

CONTEST NOTICE IS FILED WITH MAYOR OF CISCO

ATTORNEYS FOR W. R. TOMLINSON SERVE NOTICE ON J. M. WILLIAMSON THAT HIS ELECTION WILL BE CONTESTED—PETITION HAS NOT YET BEEN FILED IN COURT.

OFFICERS OF ELECTION The following is a list of the officers who conducted the city election on April 5, which is being contested by W. R. Tomlinson, who was one of the candidates for the office of mayor: D. L. Rodgers, presiding judge. Fred Davies, judge. A. C. Briden, clerk. W. L. Bowman, clerk. Miss Mary Butts, clerk. Mrs. A. M. Eaten, clerk. In order to keep the judges and clerks from having to be interrupted to answer questions of voters who did not understand how to mark their ballots, Mr. Rodgers appointed L. J. Egger and J. J. Patterson to render this service. Mr. Rodgers and Mr. Davies were appointed election judges by the city commission. At the request of Mr. Tomlinson, Mr. Rodgers states, they appointed Mr. Briden and Mr. Bowman to act as clerks.

The first move in the election contest which has been brewing in Cisco for the last week was made this morning, by the attorneys for W. R. Tomlinson, when they served on Mayor J. M. Williamson notice that his election would be contested and filed with him a petition setting forth the charges on which the election will be contested. According to Mr. Tomlinson's attorneys, the legal procedure in cases of this kind provides that the notice of the contest and a statement of the grounds on which the contest is to be made must be filed with the contestee before it is filed in court, and that he must be allowed ten days in which to answer the statement before it is filed in court.

Mayor Williamson this morning stated to the News that he did not contemplate filing any answer to the statement served on him; that he was thoroughly satisfied of the integrity and good judgment of the election officers. The letter from Mr. Tomlinson to Mayor Williamson, which accompanied the statement, follows: Cisco, Texas, April 14, 1921. Mr. J. M. Williamson, Cisco, Texas. Sir: You are advised that it is my purpose and intention to contest the election in which you claim to have been elected mayor of the city of Cisco, on the 5th day of April, 1921, and I hand you herewith a statement of the grounds upon which said contest will be predicated. Respectfully, W. R. TOMLINSON.

The statement of the grounds on which the contest is made is reproduced in full below. The statement which was served on Mayor Williamson was not signed, but the attorneys for Mr. Tomlinson state that this was not done because of the fact that the petition was a copy. The original petition when it is filed for record, the attorneys state, will bear the signatures of B. B. Greenwood, Brooks & Cooney of Cisco, and J. R. Stubblefield of Eastland.

The statement follows: The State of Texas, County of Eastland—In the District Court of Eastland County, Texas—June Term, A. D. 1921. To the Hon. G. L. Davenport, Judge of said Court: Now comes W. R. Tomlinson, hereinafter styled contestant, and complaining of J. M. Williamson, hereinafter styled contestee, and the contestant represents that he resides in Eastland County, Texas, and that the contestee resides in Eastland County, Texas.

The contestant represents that he is a legally qualified elector and voter and actual resident in the city of Cisco, in Eastland county, Texas, and has been for more than twelve months prior to the filing of this petition, and that he is a property owner and taxpayer in the city of Cisco, in Eastland county, Texas, and has been for more than twelve months next before the filing of this petition.

The contestant represents that on the 5th day of April, 1921, a purported election was held in the city of Cisco, in Eastland county, Texas, in which the contestant and contestee were each a candidate for the office of mayor in the city of Cisco, Eastland county, Texas, and that in said election J. H. McCrea, F. E. Harrell, S. E. Hittson and A. M. Johnson were each and all candidates for city commissioners of the city of Cisco.

Validity of Charter Questioned. In this connection the contestant alleges that said purported election in some measure was sought to be held

PLAN TO FUND WAR DEBT OF BRITISH

Associated Press. WASHINGTON, April 14.—Reports from London that Lord Chalmers, permanent secretary of the treasury, would sail Saturday to begin negotiations here for funding the British war debt to the United States draw from Secretary Mellon today the statement that the treasury department is expecting an early resumption of negotiations. Under the assumption that Chalmers would arrive here within the next ten days, Mellon said negotiations would probably be concluded by the end of the month, indicating that arrangements for funding the debt are already well matured and the American policy mapped out.

SPEAKING DATES OF GOVERNOR ARE ANNOUNCED

Associated Press. AUSTIN, April 14.—Governor Neff has accepted the invitation to address the state medical association at Dallas May 16, and Texas Bankers' association in San Antonio, May 11. He will make an address at Corpus Christi as guest of the business men there, April 18.

RAILROAD MAN DECLARES STORM WAS TERRIFIC

Associated Press. McKINNEY, April 14.—W. L. Speed, Denison railroad conductor, whose train was overturned by the tornado at Melissa yesterday, is in a local hospital and is badly injured. He said: "I was in the caboose when the storm hit us. The caboose was overturned three times and blown for some distance. I have been in several wrecks and collisions, but yesterday's was the worst experience I ever had." Reports last night which showed that the three-year-old daughter of Mr. and Mrs. Warner was killed proved erroneous. The child was blown several hundred yards when the Young home was destroyed, and seriously hurt.

KILLED BY SWITCH ENGINE

Associated Press. DENISON, April 14.—Garner Johnson, thirteen years old, was instantly killed Wednesday, when a M. K. & T. switch engine ran over him. The lad was held up at the crossing by a passenger train and did not see the yard engine approaching.

MORE COTTON IS BEING USED NOW REPORT SHOWS

Associated Press. WASHINGTON, April 14.—Cotton manufacturers utilized more raw cotton in March than in any month since last September. A total of 437,933 bales was consumed, according to the monthly report filed today with the census bureau. This was 20,325 bales more than used in February.

ROTARY DIRECTORS

At the regular noonday meeting of the Rotary club today seven directors for the year were elected by ballot, as follows: P. W. Campbell, John Garner, Dr. E. L. Graham, C. C. Wild, L. M. Drown, E. T. Gunther and A. B. O'Flaherty. Officers for the year will be elected by the board.

HARVARD TO BUILD OWN PISTOL RANGE

International News Service. CAMBRIDGE, Mass., April 14.—Major Goetz, of Harvard, announced that the military department had obtained permission to construct a pistol range on the old R. O. T. C. grounds at Waverly for the use of the crimson pistol team. Practice is now on. Oklahoma University has challenged Harvard. The crimson expects to accept, and also engage Yale, Princeton, Cornell and Pennsylvania.

REFORM LEAGUE MAKES ATTACK LIQUOR OFFICERS

Organization is attempted to combat the appointment of "loose and inefficient" enforcement officers—takes issue with the anti-saloon league. Associated Press. BALTIMORE, April 14.—Activities of the national service reform league in combating appointment of "loose and inefficient" prohibition enforcement agents was reviewed in a report which urges support of the bill before congress requiring that all the dry agents be placed under civil service regulations and subjected to customary examinations. It also takes sharp issue with provisions in measures insisted upon by the Anti-Saloon league which would permit the appointment of persons without previous experience in criminal investigation.

AMBASSADORS TO BRITAIN AND FRANCE NAMED

Associated Press. WASHINGTON, April 14.—The president today nominated George Harvey of New York, to be ambassador to Great Britain, and Myron Herrick of Ohio, as ambassador to France.

WOULD KEEP THE HAPSBURGS AWAY FOR FIVE YEARS

Associated Press. PARIS, April 14.—Legislation prohibiting members of the Hapsburg family from returning to Austrian territory under the penalty of one to five years' imprisonment was adopted by the constitutional commission of the Austrian national assembly, according to a Vienna dispatch received here today.

CONFEDERATES ARE ASKED TO MEET AT CITY HALL TOMORROW

All of the old Confederate Veterans in the city are requested to assemble at the city hall tomorrow afternoon for the purpose of conferring with John Kelly and G. C. Richardson in regard to the part which the veterans will take in the San Jacinto day parade.

BIG STAFF INCREASE

WASHINGTON, April 14.—Stacia of the department of justice in New York and Chicago will be materially increased soon, Attorney General Dougherty has announced. The attorney general said it was his purpose to establish branches of the department in those cities, housed in separate buildings from those occupied by the federal district attorney's offices. Dougherty explained his idea is to make the offices of the department's special counsel in the building material and other investigations more accessible to the public. He also indicated that additions to his forces in other cities might be made in smaller numbers.

AMBASSADOR OF FRANCE BLAMED

Associated Press. PARIS, April 14.—Criticism of Jules Jusserand, the French ambassador to the United States, for his alleged failure to keep the French public informed in regard to the state of affairs in Washington, appeared in editorials here today relative to President Harding's message to congress. A number of today's papers joined the Temps in deploring this state of affairs. The Cablegramme, representing important business interests, said: "M. Jusserand has not kept us informed in regard to what was going on at the white house and in the lobbies of the senate. Under the pretext of not wanting to offend American opinion, he has discouraged all initiative to promote our interests and left us in prodigious ignorance of things over there."

AMBASSADORS TO BRITAIN AND FRANCE NAMED

Associated Press. WASHINGTON, April 14.—The president today nominated George Harvey of New York, to be ambassador to Great Britain, and Myron Herrick of Ohio, as ambassador to France.

WOULD KEEP THE HAPSBURGS AWAY FOR FIVE YEARS

Associated Press. PARIS, April 14.—Legislation prohibiting members of the Hapsburg family from returning to Austrian territory under the penalty of one to five years' imprisonment was adopted by the constitutional commission of the Austrian national assembly, according to a Vienna dispatch received here today.

SIR EDWARD VICARS SHOT AND HOME BURNED

DUBLIN, April 14.—Sir Arthur Edward Vicars, former Under king of arms, was shot dead today at Listowel and his residence burned.

WOMAN, 27, SEEKS DIVORCE FROM FOURTH HUSBAND

International News Service. CHILLICOTHE, April 14.—I don't think it is as bad at my age to have had four husbands as it is for some women at 40 never to have had any," said Katherine Shay, 27, suing Thomas Shay for divorce, when questioned by the court as to whether her accomplishments could be classed as a record. Mrs. Shay has been married four times. One husband divorcing her. She divorced a second. The third shot himself after trying to kill her, she said, and the fourth is her present husband. Her first marriage occurred when she was seventeen.

ATTORNEYS TO WASHINGTON IN BOUNDARY CASE

Associated Press. AUSTIN, April 14.—Attorney General Cureton and assistant, C. W. Taylor, left today for Washington in connection with the recent decision of the supreme court ruling in the case of the south bank of the Red river boundary between Texas and Oklahoma. The exact location of the south bank will constitute a big factor in the decision, according to Mr. Taylor, who has been handling the case for Texas.

CHARGES BIG MEN WITH TRYING TO PUT TAX ON POOR

International News Service. WASHINGTON, April 14.—Representative Frear, republican of Wisconsin, today made a demand in the house for congressional investigation to disclose the interests trying to put through the sales tax. He mentioned Jules Fache and Meyer Rothschild of New York as prime movers in the campaign, charging that a huge fund had been raised "to shove the big man's tax onto the poor man."

NO DISCRIMINATION BE ALLOWED, SAYS THE MEXICAN CONSUL

Associated Press. GALVESTON, April 14.—There will be no discrimination against any company engaged or interested in the exploitation of the oil lands in the Mexican state of Tabasco, according to official advices received today by Chancellor Borroeta, the Mexican consul.

REPLY ON YAP ISLE QUESTION IS RECEIVED

Associated Press. WASHINGTON, April 14.—France's reply to Secretary Hughes' note of April 4, regarding the Japanese mandate on the Pacific Island of Yap is interpreted in official circles here as tantamount to the acceptance of the principle laid down by the American government that the United States surrendered none of her rights in former German overseas possession. The text of the French note, which is in the form of a preliminary reply, was made public today in Washington and Paris. It is signed by Premier Briand, and gives assurance that representatives of France will place the question of Yap before the next meeting of the supreme court.

NOT SO EXPENSIVE TO BE A "WHO'S WHO" IN CHICAGO

International News Service. CHICAGO, April 14.—Before the next snow flies a "Who's Who" of women in social fields in Chicago will be published. It will be cheaper to be a "Who's Who" in Chicago than in New York. In New York they charge 35 to have your "Who" printed. In Chicago, provided you are of the social and professional elite, you can be recorded among the mighty for \$20.

OTHER BRITISH WORKERS WILL JOIN STRIKE

Associated Press. LONDON, April 14.—The federation of general workers, representing a million five hundred thousand persons and more than one hundred industries outside of the triple alliance, decided today to support the triple alliance strike of the miners.

CORPORATION TAXES DUE ON FIRST OF MAY

AUSTIN, April 14.—All corporations, whether state or out of state doing business in Texas, must pay their franchise tax by May 1 next in order to avoid the liability of a penalty of 2 per cent of the amount of the tax, it is announced by Secretary of State S. L. Staples. This tax is payable in advance and is for the year ending May 1, 1922. There are about 12,000 corporations doing business in Texas and while the bulk of them have paid the tax and will do so by the first of next month, it is already apparent that there will be quite a number delinquent. It is announced in the department that receipts are being issued as fast as possible to those concerns that have paid the tax. Delinquent corporations are given until Jan. 1, 1922, in which to pay the tax and penalties, and after that period the right of such delinquents to do business in Texas is declared forfeited. Such concerns whose right to do business in Texas have been forfeited have no legal standing in the courts under the Texas corporation laws.

"SPOONING PARK" TO BE BUILT IN KANSAS

International News Service. KANSAS CITY, Kan., April 14.—Boy, "Mr. Cupid." Louis H. Chapman, water commissioner, has officially decreed that Kansas City shall have a "Cupid's" park. Because "spooning" is condemned in other city parks, his department will set aside eleven acres of land to be converted into a park. In Chapman's park there will be "nooks," benches and swings just comfortable "for two." Chapman says so himself. "There is no place where young couples can go for spooning purposes," Chapman declared. "So my department is going to give them a park. We were all young ourselves."

FIRST GOAT TO DIE FROM INDIGESTION

International News Service. CHICAGO, April 14.—Billy was only a whiskered goat of questionable antecedents, but his name will go down in history as Billy, the first goat known to succumb from indigestion. Billy wandered a way from the home of his master, J. Porter. Several hours later he returned dying. An orgy of handbills, tomato cans and old shoes had proved too much.

STUDENTS IMPROVISE LOCOMOTIVE SCALES

International News Service. COLUMBUS, Ohio, April 14.—Because the Ohio State university does not possess scales large enough to weigh a locomotive, three enterprising seniors are utilizing a dismantled tank while writing their engineering theses.

WHIPPING CAUSED BOYS DEATH

LOS ANGELES, April 14.—Fran Lee, fourteen years old, died yesterday of spinal meningitis, which, according to physicians today, was brought on by a whipping said to have been administered him by a teacher in a Las Vegas, Nev., grammar school for a "minor infraction of the rules."

LARGE CROWD AT REVIVAL

Dr. Ross preached on the "Deity of Jesus" last night. He quoted passage after passage from the Bible answering the question: "Who is this man?" and establishing the deity of Christ. One of the best crowds the revival has enjoyed during the week was present and derived a benefit from the service.

GIRL BURNED TO DEATH

BURLESON, Texas, April 14.—The three-year-old daughter of J. T. Pemberton, farmer, was burned to death on the Austin farm, two miles west of here, this morning. The girl and a boy companion were playing in a vacant house across the street from her home. The house was filled with cotton and when one of the children struck a match the cotton became ignited. The boy was near the door and ran out unhurt. The house was destroyed.

TORNADO AND FIRE SWEEPS OVER MELISSA

PATH ONE HUNDRED YARDS WIDE THROUGH THE VILLAGE AND PROPERTY IS COMPLETELY DEMOLISHED—SCHOOL CHILDREN HAVE NARROW ESCAPE—INJURED ARM RUSHED TO McKINNEY HOSPITALS.

Associated Press. McKINNEY, April 14.—The death list of Wednesday's tornado at Melissa had reached nine at noon today, according to the list compiled in McKinney where dead and injured were brought. Seven of the dead are negroes. The freakish wind carried one negro a quarter of a mile.

MELISSA, April 14.—The citizens of Melissa today began affording relief to the large number of families made homeless Wednesday afternoon by the tornado and storm which swept this little town causing the death of eight persons and injury to many others. Five of the eight are negroes. A number of the injured were taken to hospitals at McKinney. Fire broke out soon after the tornado struck the town. The belt of destruction one hundred yards wide marks the tornado's pathway through the village. Thorough search of the debris may reveal other casualties.

The school building which was wrecked after the principal had marched the pupils into the basement of the building upon discovering a green funnel cloud. None of the pupils was injured although the second floor of the building was crushed like an egg shell.

Five children were reported killed and a score of persons injured in a tornado which wrecked Melissa, a town of 1,000 population in Collin county, six miles north of here Wednesday afternoon. Fire followed in the wake of the storm and practically completed the destruction of the houses that were in the path of the wind.

A Houston & Texas Central freight train was standing at Melissa was toppled over and three brakemen injured. Hundreds of McKinney citizens and all the available physicians, nurses and ambulances were rushed to the stricken village.

Traffic on the Dallas-Sherman interurban, north of McKinney, was suspended. All wires were reported down. Among the buildings destroyed were the high school and three churches. Every business house east of the interurban tracks was demolished by the wind and afterwards burned.

Among the business houses to fall in the storm and afterwards burn were the Cline's dry goods store and J. E. Gibson's store. The high school building was a brick structure and cost approximately \$50,000.

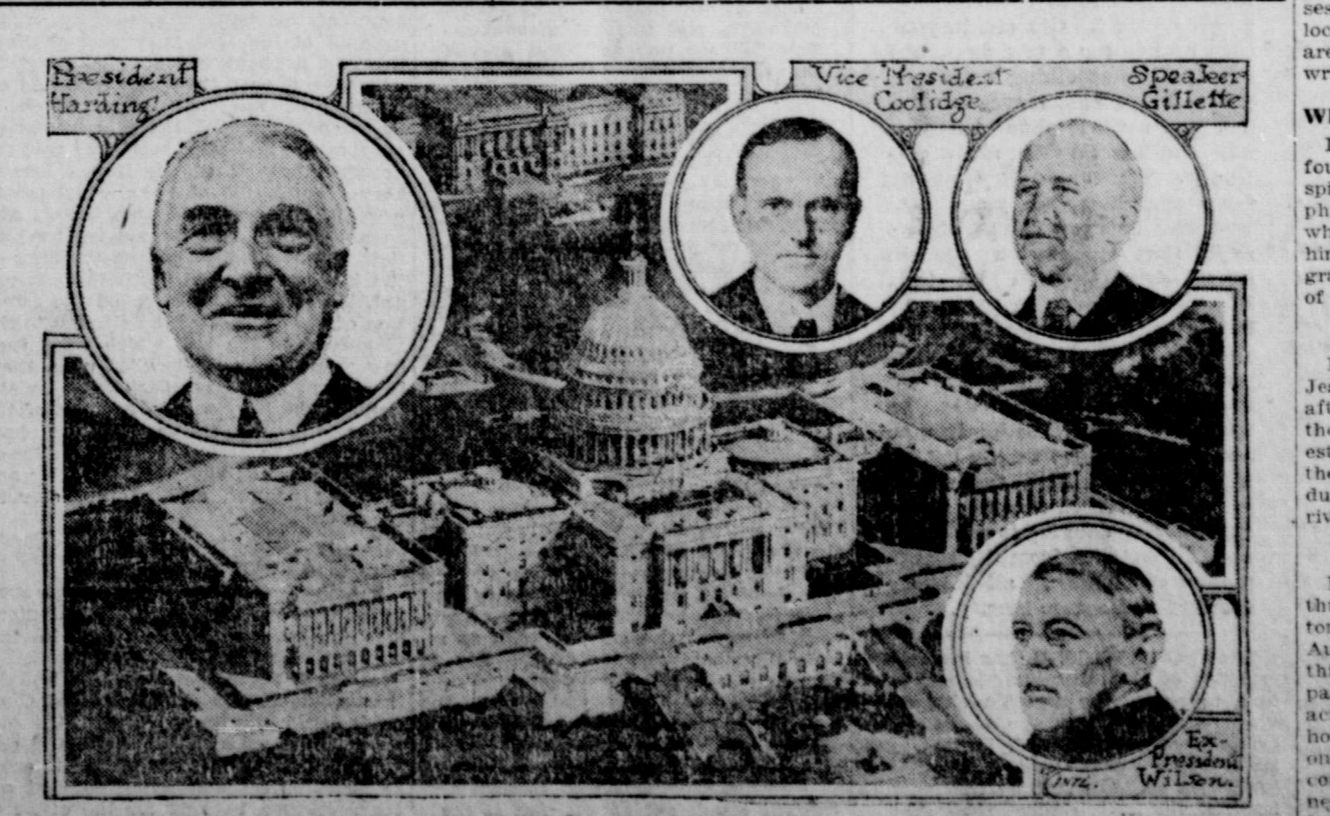

Storm at Celina. The wind was preceded by a heavy hail storm, some of the stones measuring two inches in diameter. The cloud was funnel shaped and bore down on Melissa from the east. Celina, fifteen miles west of Melissa, reported a heavy hail storm but no damage by wind. However, citizens there witnessed the storm venting its fury on Melissa.

Beokston, another town north of here, also reported seeing the storm. The railroad men reported hurt are M. C. Manson, W. L. Sheed and B. J. Hanson. The wreckage of the freight train is scattered all along the tracks for half a mile or more.

No estimate can be made of the damage, but it will reach approximately \$100,000 or more.

CISCO BEATS EASTLAND AGAIN. In a fast and interesting game played on the local diamond yesterday afternoon the Cisco club put it over the boys from Eastland to the tune of 6 to 1. This is the second drubbing Eastland has received at the hands of Cisco the last week, the other one being administered in Eastland last Sunday.

The New Line-Up at the White House

THE CISCO ROUND-UP

By The Cisco Printing & Publishing Company, Inc. PUBLISHED EACH FRIDAY.

FRIENDLINESS AND PEP.

The spirit of a town or city is a rather intangible something, and yet it is not so tangible after all.

Cisco has a wonderful spirit. A stranger feels it the moment he comes into the city.

Paved streets, attractive business buildings, a good city hall, nice church buildings, good fire protection, plenty of pure water, and a citizenship that is full of friendliness and pep—these are the things which a stranger finds in Cisco and they impress him.

Monday night at the Elks banquet a traveling man was called on for a talk. He declared he was amazed to find in this city an Elk's lodge of more than 500 members.

Cisco has accomplished wonders in the last few years. During the same period of time there might have been other cities that gained faster in population, but few have gained so rapidly in the things which go to make up a foundation for a substantial city—public improvements.

This is no time to rest on our laurels. There are battles ahead for Cisco just as there are battles for every business man who aspires to win success.

The chamber of commerce and the city officials who, by reason of their organization and their position take the lead in the building of the city, need the support and active co-operation of every person in the city.

There is something for everyone of us to do, and the biggest thing of all is to keep alive that friendly spirit for which the city is known.

TAFT FOR SUPREME BENCH.

Reports that President Harding will appoint William Howard Taft to the supreme court when the next vacancy occurs will arouse little criticism from any source.

The present chief executive, Edward Douglas White, himself a Taft appointee, is 76 and long past the age for retirement on full pay.

It is known that Mr. Taft has long entertained the ambition to serve as a member of the supreme bench, and there seems every reason that his wish will be gratified.

EFFICIENT MEN NEEDED.

The national administration is said to be looking for three \$100,000-a-year men for government positions requiring business ability of the caliber that such earning power would indicate.

President Harding is said to have offered the chairmanship of the shipping board to three big men in turn, all of whom refused it.

Hoover has offered the office of assistant secretary of commerce, a place which he intends to make a very important one, to five men of the kind he would like to have, and they have all turned it down.

The men desired do not feel that they can afford to work for the government. The places mentioned pay from \$5,000 to \$12,000 a year.

"We need some of the dollar-a-year men now," says Mr. Hays. We certainly do. It is almost as important to win peace, efficiency and prosperity as it was to win the war.

GOOD ROADS AND TRADE.

The Cisco boosters who visited Rising Star Friday are enthused over the rich trade prospects from that section once we have reduced the mileage between these two points by a good automobile highway.

Brownwood, which is thirty-two miles from Rising Star, is connected with the latter municipality by a fairly good roadway, hence is the business and pleasure mecca of the thriving little city.

With the completion of the Cisco-Rising Star road, however, there will be a round-trip difference of more than twenty miles in favor of Cisco.

BRUNETTES AND BLONDES.

The Gotham justice who declared in open court that blonde women had no place in juries, because "blondes are fickle," has explained and recanted. It was all a mistake, says his honor, and the incriminating ruling was meant as a compliment.

There were not enough available men in the courtroom to fill up the jury, and the only women present were brunettes, so His Honor gallantly bowed them into the jury box with the remark that brunettes made the best jurors, anyhow—they were less fickle than blondes.

So, that point is settled, and well that it is—for the peace of mind of the legal profession and the civic rights of female citizens who derive their origin from the English, Scotch, Irish, German, Slav and Scandinavian races.

As a purely academic question, however, it would be interesting to check up the comparative records of blondes and brunettes in the divorce courts, and see whether the color of the eyes, in women or men, is really any index to faithfulness.

What do you think about it, Judge Baten?

THE SAVING HABIT.

It is easier for most people to save money if they never have it—that is, if they never get actual possession of it. It is also easier to save if the saving is done automatically than if it requires each time a separate effort of the will.

There are three slightly different plans submitted, all of which call for the cooperation of employers and bankers in the encouragement of thrift on the part of employees.

It makes the employer virtually a banker for those in his employment. The employee, on request, can have whatever sum he wishes deducted regularly from his pay and deposited for him in the savings bank.

The employer keeps record of all deposits and turns them over to the savings bank, which holds the bank books and keeps them posted up to date, and furnishes the employer with all the necessary information at regular intervals.

This plan is especially adapted to organizations employing large numbers of workers. There is no reason why it should not prove highly useful to wage earners anywhere whose thrift is inclined to wobble, and useful consequently in helping to make the American people a nation of savers instead of a nation of spenders.

THE NEW STANDARDS.

Not the least of England's industrial woes and of America's industrial problems lies in the fact that the workers in this country, skilled, unskilled or otherwise, are reluctant to acknowledge that changed world conditions must be met by a change in living standards.

As a result, the nation suffers—not because the ambition of the workers is unjustifiable, but because our business has not yet been adjusted to altered conditions in the fields of production and marketing.

The German people have suffered much, of course. Their political institutions are still chaotic, their financial situation is well nigh hopeless; but they have recognized their plight, and have set out to remedy it.

Always efficient, with a full-grown flair for economic organization, the Germans are remodeling their industrial methods with a view to the reduction of overhead and the speeding up of production. In this they enjoy tremendous advantages, since both employers and workers—save for such radicals as the Spartacists, who seldom worked anyway—are by no means determined to maintain the "new standards of living."

Americans would be reluctant to live as the bulk of the German people must live in the next decade, but they may profit by the example, none the less. There is no land upon the map so wasteful in production and consumption as America.

But Americans can work efficiently, and our natural resources are beyond compare. If we utilize them as we should, and only if we do so, can we hope to maintain those standards of living which we are proud to call American.

RIGHT AROUND HOME.

Inability to realize that we have just as good things here at home as they have elsewhere is what keeps the railroads running. There wouldn't be one-half as much money spent in travel if we could get it into our heads that this is just as much a garden spot of this nation as anywhere else.

The season for traveling is here again. And at the outset we want to urge upon every Cisco citizen who feels a desire to take a trip, to confine his travels to his home state, as near to his own county as possible.

There are three slightly different plans submitted, all of which call for the cooperation of employers and bankers in the encouragement of thrift on the part of employees. It makes the employer virtually a banker for those in his employment.

The Baptist W. M. U. has invited the societies of the other churches to meet in a union service next Tuesday afternoon, to hear Dr. Ross, the evangelist.

CONTEST NOTICE IS FILED WITH MAYOR OF CISCO

(Concluded from Page One)

and conducted in compliance with Sections 6, 7 and 8 of Article 5 of what purports to be the charter of the city of Cisco, Texas, and which said sections provide for what is called a "preference" ballot; that said sections of said articles hereinabove referred to are as follows, to-wit:

Section 6. Voting shall take place by means of the so-called preference ballot. That is, the ballot shall contain the name of the candidates without party or other designation, and to the right of the names there shall be three columns headed, respectively, first choice, second choice and third choice.

Section 7. In preparing his ballot, each elector must express his first and second choice at elections when only two commissioners are to be elected, and his first choice, second choice and third choice, when three commissioners are to be elected, and no ballot shall be counted at any election unless prepared in accordance with the requirements of this section.

Section 8. Candidates who receive a clear majority of first choices shall be declared elected. If the number of candidates receiving a clear majority of first choices is less than the number of places to be filled the second choices cast for each remaining candidate shall be added to his first choice.

That in the said purported election "958" ballots were cast; that after the holding of the said purported election the said contestee, J. M. Williamson, was declared to be the duly elected mayor of the city of Cisco, and a certificate of election was issued by the city commission of the city of Cisco, and delivered to the said J. M. Williamson, in substance certifying that at the said purported election the said J. M. Williamson had been duly elected mayor of the city of Cisco, and the said J. M. Williamson is now seeking to exercise the power and authority vested in the mayor of the city of Cisco, and is now asserting and claiming that he is the duly elected, qualified and acting mayor of the city of Cisco, under and by virtue of the said election, and under and by virtue of the aforesaid certificate of election so delivered to him.

Election Law Attacked.

The contestant alleges that the above mentioned sections, numbered 6, 7 and 8 of Article 5, are in contravention of Sections 2, 3 and 4 of the constitution of the State of Texas, in that they prescribe the qualifications of an elector or voter other and different from the qualifications prescribed by the constitution, and further, in that the city of Cisco has attempted by said sections to provide other and different regulations than those which are prescribed by the said constitution and by the acts of the legislature in pursuance with said constitution, and are therefore null and void.

The contestant further alleges that the above mentioned sections 6, 7 and 8 are null and void, because they are in contravention, and in conflict with the laws of the state of Texas, enacted by the legislature of the state of Texas, in that they provide for qualifications of a voter other than those prescribed by the statutes of the state of Texas, and in that they provide for regulations of the ballot other and different than those provided by the legislature of the state of Texas, and, therefore, said sections of said article "5" are null and void, and of this the contestant prays the judgment of the court.

The contestant further alleges that the above mentioned sections are null and void, because they do not provide for such regulations as may be necessary to detect and punish fraud, or preserve the purity of the ballot box, but on the contrary said sections are calculated to mislead and confuse the voters, and are calculated to defeat the purpose of the law in providing for an intelligent ballot, and the said three sections above mentioned are a pitfall, delusion and a snare, and are calculated to defeat the objects and purposes of the constitution and laws of the state of Texas, and of this the contestant prays the judgment of the court.

The contestant further alleges that the provisions of the charter of the city of Cisco, requiring that notice of election should be published for twenty days prior to the date of the holding of said election were not complied with, as required by said charter of the city of Cisco, and therefore, the purported election is null and void, and of this the contestant prays the judgment of the court.

Illegal Electioneering Alleged. The contestant alleges that at the

mayor of the city of Cisco, but, in the event the said relief should be denied, then the contestant prays that the legal ballots which were so cast at said election be counted in the way and manner provided by law, and that the said contestee, J. M. Williamson, be declared not to have been elected mayor of the city of Cisco; that the said purported certificate of election so issued and delivered to the said J. M. Williamson be declared of no force or effect, and that the contestant be declared duly and legally elected to the office of mayor of the city of Cisco, and that the proper authorities be required to issue to him a certificate of election, and for such other and further relief, either in law or equity, to which the contestant may be entitled to receive, and for costs of suit.

In this connection the contestant alleges that the said Eppler and said Patterson were placed in said positions by the said J. M. Williamson, or at his instance and request, or on his suggestion, and that the object and purpose of placing the said parties at said positions was to enable them to induce persons to cast their ballots for the said J. M. Williamson, and not for the purpose of rendering such assistance to such persons as the law contemplates should ask and receive assistance, and that the said Eppler and the said Patterson did induce persons to vote for the said J. M. Williamson, and that other and different persons by their electioneering within less than fifty feet of where the election was being carried on, did induce a sufficient number of persons to cast their ballots for the said Williamson, who would not have cast their ballots for him if they had not been importuned so to do, to change the result of the said election, and that the said Eppler and Patterson pointed out, the contestant would have received a majority of the legal votes cast at said election.

Says Legal Ballots Thrown Out.

The contestant further alleges that at the said purported election 958 ballots were cast, and that of this number 151 were thrown out and were not counted, and were wholly disregarded; that the said 151 ballots were thrown out for no valid or legal objection to the same, and the same should have been counted, and that if the said ballots had been counted, as they should have been, the contestant, W. R. Tomlinson, would have received a larger number of votes for the office of mayor of the city of Cisco, than the said J. M. Williamson; that a majority of the legal votes cast at said election was for the contestant as first choice for the office of mayor of the city of Cisco, and that in deed and in truth if the said election was legal and valid, which is not admitted, that the said contestant was elected to the office of mayor of the city of Cisco, and the said J. M. Williamson was not elected at said election, and, therefore, a certificate of election should have been issued and delivered to the contestant, certifying that he had been duly and legally elected to the office of mayor of the city of Cisco, and of this the contestant prays the judgment of the court.

The contestant further alleges that four different parties prepared ballots in the absence of the official agents of the election, and at their residences in the city of Cisco; that the said four ballots were brought to the polls where the purported election was then being conducted, and were deposited in the ballot box, and the same were counted and considered as legal ballots, when in deed and in truth they were not cast by the parties who purported to vote them in person; that all of this transpired on the day of election, and that each and all of the said purported four ballots were cast for the said J. M. Williamson for mayor of the city of Cisco, and they were illegal and void, and should not be considered.

Says Poll List Refused.

The contestant further alleges that he has applied to the said J. M. Williamson for a poll list of the voters participating in said election, and that he has been unable to secure the same; that the ballots cast at the said purported election are not subject to his inspection, and he does not know the contents of the same, and he prays that upon final hearing hereof the proper custodian of the said poll list and ballots be compelled to produce the same in open court; that the same be canvassed in the presence and hearing, and under the direction of this court, and that the result of the said election be declared.

Two Women Injured At Rising Star Round Up.

Injuries were sustained by two women at Rising Star Friday afternoon when a section of the grand stand gave way while the first annual round up was in progress in that city. One of the injured, Mrs. Livingston, of the Livingston hotel at Rising Star was reported yesterday as resting easy, although she is confined to her home. Mrs. Livingston is a pioneer of West Texas.

MAN WANTED IN ANOTHER COUNTY IS ARRESTED HERE.

T. C. Houskins, who is said to be wanted in Throckmorton county, for jumping his bond in a case in which he is charged with theft, was arrested at the Royal hotel last night by Assistant Chief of Police, McDonald, and is being held in the city jail pending advices from the sheriff of Throckmorton county.

Attorneys for Contestant, W. R. Tomlinson.

APRIL RECORDS SHOW UNABATED HOME BUILDING

Building Permits Issued This Month Total \$35,825, Represented Solely by Construction of New Homes—Demand is Noticeable as is the Increase Noted in Cisco's Population and Moving Enrollment, Caused by the Moving of Many Families Here.

That Cisco has started on an era of steady and extensive home building and gives promise of having residential limits extended and many vacant lots, located between residences, built upon with the next few months, was indicated yesterday when building permits representing a total of \$11,500 were issued at the city hall. This sum added to that of permits issued this month previous to yesterday, brings the April total up to \$35,825 and the 1921 total to over \$125,000.

If the present rate of building continues, April will be known as one of the best building months in the history of Cisco. The month is but ten days old and the sum of \$35,825 already reported means that Cisco is building at the rate of over \$100,000 monthly, and over a million dollars annually. With the exception of about \$17,000, all of the building reported to date this year is represented by construction of new homes.

For the past two or three years there has been a steady demand here for homes. The chamber of commerce has been and is now receiving calls each day for houses. At present it is figured there are fifty or more houses now in course of construction within the city limits. The present building activity which has been of substantial proportions throughout the spring indicates faith in Cisco's future on the part of property owners and will undoubtedly alleviate the deplorable situation caused by lack of houses.

Over a score of houses, according to the building records, have been started here this month. The type seemingly most in favor is that with five or six rooms, large enough for occupants with children. That the construction of houses here is not resulting in their remaining vacant is evidenced by the steady increase, within the past year, of the population of Cisco, which is now over 10,200 and by a large increase in school enrollments noted at the beginning of the second school term.

Building permits issued to builders of new homes have been reported up to and including Friday, and those issued yesterday are as follows: Fensland Oil company, five-room house at the corner of Avenue H and Seventeenth street, cost \$2,000. This company recently transferred its district headquarters from Fort Worth to Cisco.

F. K. Green, house and garage on West Thirteenth, cost \$4,000. H. C. Demis, six-room house on West Thirteenth, cost \$3,500. Addition to house at 504 East Tenth, cost \$1,000.

TWO WOMEN INJURED AT RISING STAR ROUND UP

Injuries were sustained by two women at Rising Star Friday afternoon when a section of the grand stand gave way while the first annual round up was in progress in that city. One of the injured, Mrs. Livingston, of the Livingston hotel at Rising Star was reported yesterday as resting easy, although she is confined to her home. Mrs. Livingston is a pioneer of West Texas.

COUNTY MEDICAL SOCIETY TO MEET HERE ON JUNE 14

The next meeting of the Eastland County Medical society on June 14 will be held in the city of Cisco. This action was taken at the meeting that was held yesterday in Eastland following the reading of an invitation from the local chamber of commerce that the organization come to this city for its next meeting.

Following the business meeting the members of the society will be the guests of the chamber of commerce on a trip to the site of Cisco's million dollar lake which is in the course of construction, and for a tour through the residence and industrial sections of the city.

The Eastland County Medical society is the largest medical society between Fort Worth and El Paso and it has a membership that is very progressive. Dr. H. D. Whittington of Eastland is the president of the society and Dr. J. W. Gregory of Cisco is the secretary.

THE SPENCER CO. HAS NO DESIRE TO MOVE OFFICE

Ranger With Her "Abundant Office Space" and All Modern Conveniences Cannot Tempt This Company to Leave a City That Has Miles of Paved Streets, Purest Water in the World, Good Road Facilities and All Natural Advantages.

The Spencer Petroleum company, which maintains general headquarters in Cisco, is well pleased with the present arrangement and has no desire to move its offices away from this thriving city.

Ranger wants your headquarters here. We believe it will be to our mutual advantage—worth as much to you as to us.

Our position is based on these facts: (a) Center of distribution for all manner of oil field supplies.

(b) Adequate hotels with reasonable rates. Have just completed the two hundred room fire-proof Gholson hotel.

(c) Adequate repair, machine, boiler and tank shops.

(d) First class office space on paved streets, with modern conveniences.

(e) The two 100-roads here, together with permanent highways now building, make all parts of this field readily accessible.

If you are interested in a change, we will furnish you accurate information along any line asked for.

Very truly yours, CHAMBER OF COMMERCE, J. E. T. PETERS, Manager.

Cisco, April 12, 1921. Mr. J. E. T. Peters, Manager, Chamber of Commerce, Ranger, Texas.

Dear Mr. Peters: Your letter of April 7th, addressed to the Spencer Petroleum company, asking them to move their headquarters to Ranger, has been referred to us for reply.

We note that you have plenty of office space. This, of course, might be an inducement to some, but, inasmuch as the Spencer Petroleum company has a fine office building of its own in Cisco, I do not believe that the company can see its way clear to move to Ranger at this time.

Whenever you feel like visiting a city that has miles of paved streets, the purest water in the world, good railroad facilities and all natural advantages, come over to Cisco. We will be glad to see you.

With very kindest personal regards, I am, Yours very truly, G. C. RICHARDSON, Secretary, Cisco Chamber of Commerce.

EASTLAND WOMAN RECOVERS.

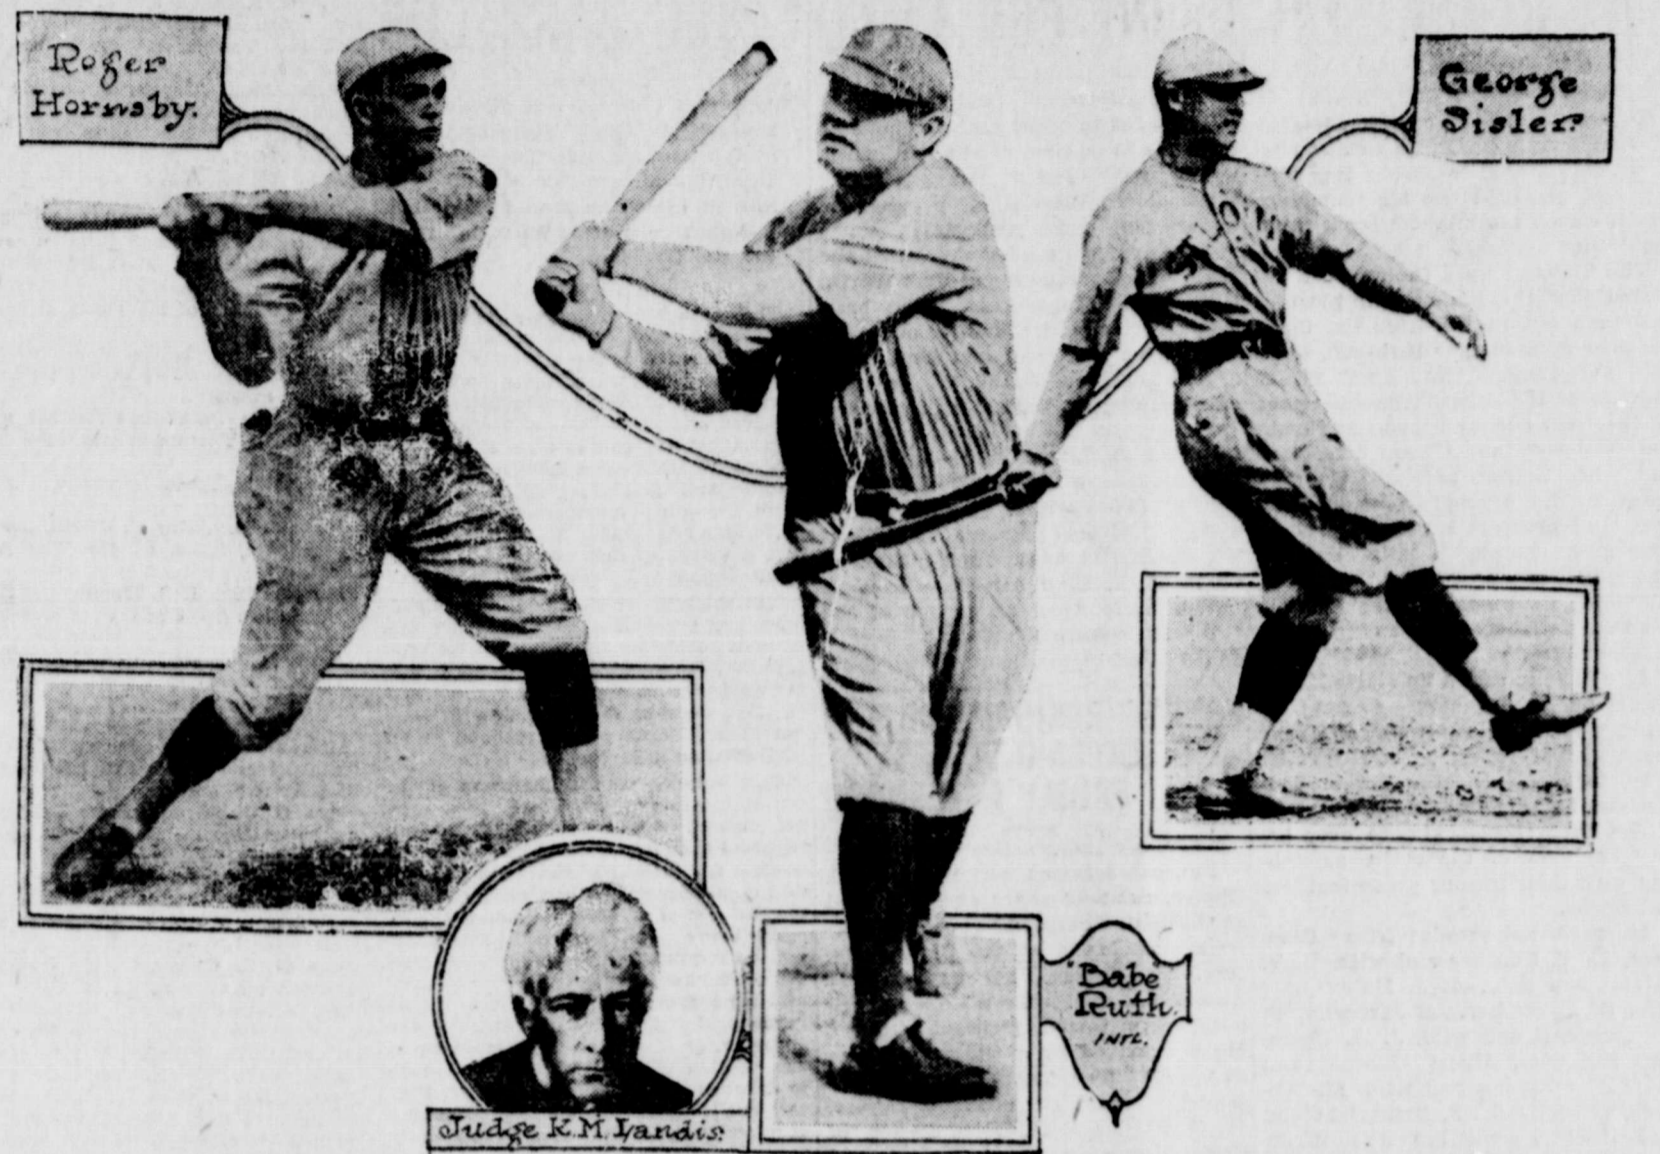

Special to The News. EASTLAND, April 13.—Mrs. R. L. Rust, wife of Judge Rust, who underwent a major operation in the Baptist sanitarium at Dallas recently, has so far recovered that she has been dismissed, and is expected home one day this week.

MEXICAN CONSULAR SYSTEM TO BE REORGANIZED

MEXICO CITY, April 14.—Complete reorganization of the Mexican consular system has been ordered with Raman P. Denegri, former consul general in New York, in charge of the work. Senor Denegri told newspaper men that at least 25 per cent of the consular body will be removed for inefficiency.

Mrs. Simon, who has been the guest of Mr. and Mrs. L. G. Simon, has returned to her home in Colorado City.

SUBMITS REPORT ON THE MEETING IN SWEETWATER

The meeting of delegates from towns and cities in West Texas which was held at Sweetwater last week for the purpose of condemning Governor Neff's action in vetoing the West Texas Agricultural and Mechanical college appropriation and for the purpose of taking steps to get the state divided, was a beneficial meeting, according to a report submitted to the chamber of commerce last night by Judge L. H. McCrea, who attended the meeting as a delegate from Cisco.

Judge McCrea stated that he did not take any active part in the discussion, but that he listened attentively and was of the opinion that the meeting would result in good to this section of the state.

W. R. Tomlinson and Judge Ben S. Baldwin were in Eastland yesterday. Erin Mayhew and J. J. Patterson are in Eastland today.

Charles Daniels of Wichita Falls, is visiting friends in Cisco.

Jim White of Gunsight, was in the city yesterday on business.

Miss Koma Roper, after a week's visit to her parents here, has returned to school in Meridian.

Pet Brown is transacting business in Abilene this week.

Mrs. R. E. Mitchell left last night for Houston.

HIGHEST NOTE IN MUSIC SUNG BY 14-YEAR-OLD DENVER GIRL

Child Amazes Critics With Rendition of Second "F" Above "High C" — Half Octave Higher Than Record.

International News Service. DENVER, April 14.—That a potential prima donna and grand opera star has been discovered here in pretty fourteen-year-old Lou Milton is the belief of several prominent Denver musical tutors who have had the young prodigy under observation.

The girl has amazed professional teachers who have listened to her remarkable voice recently. It is declared that she is known to have pitched her voice to the second "f" above high "c."

Miss Lou Milton.

the highest note ever recorded by a human vocal chord.

The highest previously recorded note was that attained last fall by twelve-year-old Robert Murray, of Tacoma, Wash., who sang before Metropolitan opera stars in New York and reached the note "c" one octave above high "c."

The note achieved by the sparkling Denver miss is one-half an octave above that sounded by the Tacoma boy, and a full octave above the range climax of Mabel Garrison, who is said to have the highest range of any living prima donna. Little Miss Milton's voice is declared to possess a continuous range of four octaves.

The Denver marvel is a beautiful, vivacious child of fourteen. She lives with her parents at 2400 Federal boulevard, and attends the eighth grade in the Columbian high school. Her winsome manners and eager willingness to participate in school entertainments have won her much popularity, and teachers at the school predict a successful career in the realm of music for the dainty miss.

Ladies who want correct models and choice of materials will select their suits while the assortment is complete, and at a big discount in price.—Miley & Ledford.

COMMISSIONERS PERFECTING PLAN FOR CITY HOSPITAL

(From Tuesday's Daily News.)

The canvassing of the returns from the city election last Tuesday and a discussion of plans for equipping the city hospital were the principal items of business on the city commission's calendar yesterday afternoon.

The official returns of the election were declared to be as follows: For mayor: J. M. Williams, 424, first choice; 350, second choice, and 27 third choice. W. R. Tomlinson, 383, first choice; 374, second choice, and 50 third choice.

For city commissioners: S. E. Hittson, 445, first choice; 343, second choice, and 7, third choice. F. E. Harrell, 288, first choice; 405 second choice, and 3 third choice. L. H. McCrea, 404, first choice; 385, second choice, and 5 third choice. A. M. Johnson, 341, first choice; 436, second choice, and 18 third choice.

The commissioners discussed at length plans which are being formulated for getting the city hospital in operation. The bond issue which provided the money for the purchase of the Brittain college property did not provide money for remodeling the building and equipping it. The commission is at work on a plan for equipping the institution and for taking care of the building needs for the next ten years, but the plan has not yet been perfected.

Mayor Williamson and Commissioner A. L. Mayhew were appointed as a committee to work out these plans and to arrange for the selection of a board of directors or trustees for the institution who will in turn employ a business manager to take charge of the affairs and get the hospital ready for operation and administer its affairs after it is opened. This committee expects within the next week to have the plan sufficiently perfected to announce it.

MRS. E. J. BARNES' MOTHER BURIED IN STRAWN CEMETERY

(From Tuesday's Daily News.)

Mrs. Robert Terbet, mother of Mrs. E. J. Barnes, of this city, who died at her home in Thurber last Saturday afternoon at 5 o'clock, was buried yesterday afternoon at 3 o'clock, in the Strawn cemetery.

Mrs. Terbet was ill for about four weeks. During that time Mrs. Barnes was constantly at her bedside. Mr. Barnes' store was closed yesterday for the funeral.

\*\*\*\*\* AUTOS ARE TO CARRY "WELCOME TO CISCO" \*\*\*\*\* Signs to be placed on the rear of autos owned by Cisco merchants and carrying "Cisco, the Home City, Welcomes You," and other cheery phrases, are now being prepared for the chamber of commerce as a medium of advertising Cisco. The signs will include the name of the merchant displaying them and it is the plan to have all cars on all trade trips and excursions to other towns to carry them. According to G. C. Richardson, chamber of commerce secretary, the merchants are rapidly falling in line with the move. \*\*\*\*\*

WAR MUST END BEFORE RELEASE OF PRISONERS

Associated Press.

WASHINGTON, April 13.—President Harding today urged the release of Eugene Debs and other prisoners convicted under the war time espionage act, that he would not act on the general amnesty of such prisoners until the state of peace is declared.

President Harding today promised the delegation from Alabama to take up personally with Secretary Hughes the case of Captain Emmett Kilpatrick, of Uniontown, Alabama, who is held a prisoner by the Russia bolsheviks. The delegation asked the president to intercede in behalf of the prisoner to obtain his release. He was captured by the bolsheviks last October while serving as a captain of the American Red Cross in South Russia with Wrangel's army. He has been sentenced to twenty years at hard labor on the charge of taking up arms against the bolsheviks and acting secret agent for the American government. Kilpatrick is one of a number of Americans who are held in prisons in Russia.

The president today approved a list of twelve new major generals and twenty-six new brigadiers, prepared by Secretary Weeks. The list will be presented to congress soon. Clarence R. Edwards, commander of the Twenty-sixth New England National Guard division in France, heads the list of major generals. His name does not appear on the list sent to congress by President Wilson, and confirmation of which is being held up.

The name of Brigadier General Omar Bundy was dropped from the list of major generals as prepared by Secretary Baker and submitted to the last congress.

GAMBLERS PLAN HOSPITAL IN THE CITY OF JUAREZ

JUAREZ, April 12.—Threatened with having to close down the gambling houses here within thirty days, by order of the national government, Benjamin Ravilla and Manuel Lopez, owners, announced the formation of a company to build and operate a sanitarium for tubercular people in Juarez. Tents are already being pitched on the old race track property for patients. Men who are now employed in the gambling concession will be retained as hospital workers, according to the promoters' plan.

GORMAN ODD FELLOWS ATTEND FUNERAL HERE

(From Sunday's Daily News.)

The following Odd Fellows from Gorman attended the funeral services of Miles E. Eppler, held here Friday afternoon: J. T. Brown, noble grand; F. M. Lock, vice grand; G. R. Stracener, secretary; C. R. Goodnaugh, chaplain; L. E. Robertson, past grand; W. D. Meers, T. H. Elliot, J. M. Pickets, B. O. Bledsoe, R. H. Riddle, J. W. Bennett, J. H. Kinney, C. J. Williams, D. H. Williams, W. B. Hooker, John Parks, E. Gamble, J. M. Caskey.

A. J. Olson returned today from a business trip to Brownwood.

Weather Man Tells How to Know Just When the Sun Rises
Associated Press. DALLAS, April 14.—How far above the horizon must the sun be to "sunrise?" The answer to this apparently simple question is known to few persons, according to Dr. Cline, meteorologist in charge of the Dallas weather bureau. Sunrise begins, according to the information in the hands of Dr. Cline, when the mere top part of the sun shows above the horizon. No accurate time is obtainable on land, he said, on account of the irregularity of the land, caused by hills and trees, making the sun rise at different times at places near each other. The accurate time of sunrise and sunset, therefore, is noted from the horizon of the sea. Sunset is designated officially as the time when the last part of the sun drops below the western horizon.
HARA MINISTRY IS THREATENED BY A MINOR QUESTION
TOKIO, April 14.—As has often happened in the ministerial history of Japan the life of the Hara ministry seems seriously endangered by a minor domestic question dealing with education. The minister of education had not fulfilled a previous promise to raise certain chemical schools to the grade of universities, and the failure caused more protests in both houses of the diet than perhaps any other problem before parliament. A compromise was reached, but at this writing the anti-cabinet opposition on the school question was continuing and many predicted that it would even bring about the collapse of the ministry.
