

SUCCESS OF BALL CLUB SEEMS ASSURED

BERLIN RELAXES AFTER TERMS OF ALLIES ACCEPTED

GERMANS ARE FEELING MUCH BETTER NOW THAT THE STEP HAS BEEN TAKEN—AMERICAN INTEREST IN GERMAN TRADE POSSIBILITIES ARE STIMULATED BY ANNOUNCEMENT THAT ULTIMATUM HAD BEEN ACCEPTED.

BERLIN, May 12. — Marked relaxation from the tense feeling which has prevailed the last few days as the result of the reparations situation was observable in Berlin today now that the crisis raised by the allies ultimatum has been passed through, the acceptance of the allied terms by the ministry of Chancellor Wirth organized to meet the emergency.

STIMULATES INTEREST.
WASHINGTON, May 12. — Germany's acceptance of the allied reparations demands has promptly stimulated interest in American business and in German trade possibilities. There has been marked increase of inquiries reaching the state department concerning trade restrictions to which Secretary Hughes replied in effect that with the exception of a few articles and a few restrictions Americans may carry on trade with Germany freely. The same feeling is apparently reflected in reports from the allied capitals of improved exchange quotations. In this connection Secretary Mellon said today he expected advances recorded by the French and British exchange rates to be permanent to some extent. Analysis by administration officials of the allied plan of collection of reparations caused them to declare today they could see in it no serious flaw.

LEGION POST TO HAVE QUARTERS IN CITY HALL

The local American Legion post will have quarters in the new city hall annex, the entire third floor, if they want that much space. Following a request made on the city commission last night by a committee from the post in regard to quarters, the commission voted unanimously to give the legion just as much space as they desired.

Dean Sherry, commander of the post, expressed himself this morning as highly pleased with the action of the commission. The post appreciates very greatly, Mr. Sherry declared, the fact that the commission has been so liberal in this matter.

The committee which appeared before the commission last night was composed of Dean Sherry, post commander; Grady Turner, C. C. Clifton, C. V. Rominger, John Colquitt, Frank Bell and Joe Cullinan.

Mr. Sherry, who acted as spokesman for the committee made a masterful speech in presenting the cause of the Legion. He stated that the legion is the only organization that has the power to act for the good of the government at all times; that the organization is not handicapped by rules and regulations and red tape at critical times—that when the good of the city, state or nation is at stake, the legion brushes aside all obstacles and acts for the common good of all. The recent case of bolshevism here in Cisco shows how powerless the government is to cope with many serious situations, Mr. Sherry pointed out. The legion, he declared is the greatest insurance the people have against bolshevism, and that all the legion asks for this insurance against trouble—no recompense after the trouble—is due consideration for actual needs, which in this instance is a place in which to meet and further perfect plans for their organization.

Mayor Williamson left the chair and made an excellent speech, in which he eulogized ex-soldiers and told how the local post had placed itself at the call of city officials should emergency arise; that these boys of today would be the men and administrators of tomorrow; that future of America depends on those now comprising the American Legion; that he would entertain a motion to give the local post the entire third floor of the new annex, if that much space was needed. The motion was made by Commissioner Donovan, seconded by Commissioner McCrea and carried unanimously by the city commission.

MERCHANTS TO MEET.
There will be a special meeting tonight in the rooms of the Retail Merchants' association of the merchants of the city, to perfect plans for the trip to Brownwood next week, at which time the local merchants hope to land the 1922 convention for Cisco.

CONVICTS IN STATE PEN MUTINY

HUNTSVILLE, May 12. — More than a score of state convicts, many of them armed, mutinied today, stormed the arsenal, shot two guards and fled. Of the two guards shot one is probably fatally wounded. Six men obtained pistols and charged the front gate of the prison and then charged guards inside the walls and broke into the armory, obtaining shot guns.

About twenty-five shots were fired by the convicts. The guards returned the fire but so far as known no convicts were hit. There was only about six convicts in the original bunch, each armed with a pistol. As they charged the guards they gathered another bunch leaving the prison walls by way of the east railway gates. The official check has not been completed. Last reports were that the men were still in a body making for Phelps Junction. Prison officials notified officers in adjoining counties to organize posses to search for the men.

ANNUAL SCHOOL EXHIBIT FRIDAY AND SATURDAY

An exhibit of school work and school activities will be held in the room adjoining the Daniels hotel lobby, Friday and Saturday. All schools, departments and grades in the city will participate in this exhibit. All patrons and friends of the schools are urged to attend this exhibit in order that they may inform themselves more fully as to what is being done in the Cisco schools. Of course, it is impossible to make an exhibit of some of the most serious and most profitable work done in the class rooms, but the things that can be exhibited will indicate the standards being upheld in all departments. The exhibits will be open to visitors from 9 a. m. to 5 p. m., both Friday and Saturday.

A continuous musical program will be given Friday afternoon as a part of the exhibit from the department of public school music, under the direction of the supervisor, Miss Elois Allison.

Friday, May 13.
1:45 p. m., First grades, East Ward—Miss Strickland, teacher.
2:00 p. m., First grades, West Ward—Misses Shelton, Bryson and Beesley, teachers.
2:15 p. m., Second grades, East Ward—Miss Berman, teacher.
2:30 p. m., Second grades, West Ward—Miss Powell and Mrs. McAfee, teachers.
2:45 p. m., Third grades, West Ward—Mrs. Williams and Miss McCord, teachers.
3:00 p. m., Third grades, East Ward—Miss Swift, teacher.
3:15 p. m., Fourth grades, East Ward—Miss Kittrell, teacher.
3:30 p. m., Fourth grades, West Ward—Misses Leveridge and Trigg, teachers.
3:45 p. m., Low seventh grade, west Ward—Miss Bradley, teacher.

LEADS AID TO LABOR.
This Cisco chamber of commerce is cooperating to the fullest extent with trade unions in Cisco in their efforts to get the 1922 state convention of organized labor along with the meeting of the state carpenters council and the state painters council. Relative to this matter, Secretary G. C. Richardson sent the following telegram today to J. E. Roberts, secretary-treasurer of the state council of carpenters which is in session at Galveston:

"Have been informed that the Cisco carpenters are endeavoring to land your convention for Cisco in 1922. Will appreciate your support and cooperation. Can assure you Cisco is in a position to accommodate the convention no matter how large. We hope to welcome you all to Cisco in 1922.

CISCO CHAMBER OF COMMERCE,
G. C. Richardson, Secretary."

TO FURNISH PLANS FOR SCHOOL BUILDING.
J. E. McDermott went to Winters Wednesday morning to confer with the school board relative to the construction of a modern high school building for which Mr. McDermott has the contract to furnish the plans and specifications.

RUMOR ABOUT DALLAS BANK CREATES PANIC

DALLAS, May 12. — Hundreds of persons jammed the Security National bank and filled the streets about the building yesterday when rumors spread that the bank's finances were endangered, but the crowds began to disperse when the banks composing the Dallas Clearing House association and the Eleventh district of the Federal Reserve bank issued statements of confidence in the solvency of the institution.

Dallas business men mounted boxes in front of the bank and helped to stem the rush by optimistic speeches. The bank itself offered to pay cash to all depositors who demanded their money. It was announced that the bank would remain open until 6 p. m. to accommodate patrons whose confidence was shaky. Just before noon when the crowds were thickest the Federal Reserve bank truck guarded by uniformed men drove up to the building and a great sack of currency was dragged inside and opened exposing many thousands of dollars. Edwin Hobby, the cashier, shortly afterwards when much of the crowd around the bank had been dissipated told police to issue orders to those who remained to get in line if they wanted their money. Printed cards for wearing on hats bearing the inscription "my money stays in this bank—don't disgrace Dallas," appeared and were taken by many persons.

TELEGRAPH OPERATOR SPREADS FALSE RUMOR THAT CAUSES THE RUN

Relative to the run that was made on the Security National bank in Dallas yesterday, the American National bank of Cisco received the following telegram this morning:

Dallas, Texas, May 11, 1921.
"American National Bank, Cisco, Texas.

"You have no doubt heard through the press reports concerning the withdrawal of funds by depositors of the Security National bank which began about noon today and in order that you may know the facts regarding the situation I beg to advise you that from the best information at our command it began with the misinterpretation of telegraphic correspondence between ourselves and the controller of currency by an operator of the telegraph company. The correspondence in question had to do with collateral securing an obligation of about eleven thousand dollars due by a bank in another part of the state which closed its doors about three months ago. It appears that this operator thought that the telegraphic correspondence in question had reference to matters pertaining to our own bank and conceived the idea that we were in a bad condition and so advised a few of his friends. From this insignificant beginning it took only a few hours for a report to spread over a large part of the city and some of the depositors in the savings department began to come in asking for their funds which were paid to them promptly.

"We are happy, however, to say to you that the confidence of the banks of Dallas, including the Federal Reserve bank has been shown by the manner in which they offered all funds necessary if we should have to call on them, notwithstanding the fact that we authorized the statement appearing in the afternoon papers that we would remain open for the purpose of paying the depositors until the unusual hour of six p. m. Shortly after three o'clock in the afternoon a decided reaction set in among the savings depositors, who had come to the bank as a result of the groundless rumor, and a majority of them left the bank without demanding their funds during the remainder of the afternoon. The small crowd in our lobby was composed almost entirely of our friends who had called to offer their assurances of their confidence in us and their financial support. We feel you are entitled to know these facts and the further fact that we are doing business at the same old place and stand ready to render every service to you warranted by legitimate banking."

SECURITY NAT. BANK.
"By John T. M. Johnson, President."

LEAVE FOR CALIFORNIA.
G. C. Lingle and family left today by automobile for Pasadena, California, where they will make their future home.

ATTITUDE OF COMMISSIONERS ENCOURAGING

A representative delegation of Cisco business men went to Eastland yesterday morning and conferred with the county commissioners court in regard to changing the Cisco-Moran and Albany road so as to bring the road into Cisco by way of Lake Cisco.

The completion of the dam will back water over the present road between Cisco, Moran and Albany and will necessitate a change. The desirable change for this road to both the traffic and to Cisco, the delegation pointed out to the commissioners, will be the route over the dam. From the standpoint of mileage this route will be about as short as any other practical route, it was pointed out.

The delegation presented to the commissioners preliminary data on a survey of the road which was made by the city engineer's staff.

The commissioners told the delegation that they looked with favor on the proposition, but before a definite answer could be given the county engineers would have to make a final survey of the route and prepare data on the actual cost of building the road in order that the court might know whether or not this was the most economical route for the road.

For the purpose of changing and improving this road the commissioners have set aside \$122,500. They cannot exceed this amount and in order to know where they stand they naturally will have to have definite figures on the cost of construction.

From the preliminary estimates that the city engineers have prepared, the committee estimates that for \$122,000 the road can be graded and the drive way across the dam provided.

A large amount of roadway on the Moran side would have to have very little work on it as it would traverse a ridge of gravelly formation that provides almost perfect drainage. About all that would be needed would be the clearing out of a few trees and throwing up a grade.

The county engineers will go over the route of the proposed change and submit to the court definite cost data in time for action in the court on this matter at the next regular session on May 30.

Mr. Sue, who acted as spokesman for the delegation, states that the committee appreciates the fair manner in which the commissioners court is considering this matter.

Those who composed the delegation from Cisco that went to Eastland in this matter were:

J. O. Sue, chairman of the committee and spokesman; W. W. Bell, Claude C. Wild, T. W. Emerson, engineer; Ben McClinton, J. G. Reagan, engineer; J. E. Collins, Charles McClellan, G. C. Richardson, S. B. Louder, R. F. Davis, W. E. Brown, Jim Pleno, Minter Womack, J. W. Ray, John Garner, Elbert Blease, E. C. Patton, Jim Collins, E. T. Gunther, H. I. Stock, R. A. St. John and J. P. Montgomery.

COMMITTEES NAMED FOR BOB SHULER REVIVAL IN CISCO

Preparations for the Bob Shuler revival which is to start in Cisco May 22, were further perfected at a joint meeting of members of the various churches in the city yesterday. At this meeting committees were selected and assigned work in connection with the meeting.

The following committees were named: Reception and entertainment committee: John H. Garner, Mrs. J. J. Winston, Mrs. E. L. Brownlee, O. C. Roquemore.

Finance committee: J. T. McCarty, Roy W. Wilson, Alex Spears, Roy Keathley.

Music: Mrs. Ben McClinton, Frank Walker, Duran Howard, W. S. Brandon.

Publicity: Judge C. E. Coombes, A. E. Caldwell, S. A. Newcomb, Z. B. Edworthy.

Arrangements: R. L. Campbell, Geo. Winston, L. J. Preston, Dick Starr.

Deacons: A. D. Martin, R. E. Arnold, T. C. Williams, Ernest Hittson.

Ladies' prayer meeting: Mrs. J. B. Cate, Mrs. J. H. White, Mrs. Ellis Dean, Mrs. H. L. Winchell.

Men's prayer meeting: F. A. Short, E. P. Crawford, A. G. Dabney, Ellis Dean.

There will be other members added to these committees from the churches that were not represented at the meeting yesterday.

F. A. Blankenbecker and A. B. O'Flaherty made a short business trip to Abilene this morning.

DAILY NEWS NOT ISSUED BECAUSE GAS WAS CUT OFF

The Daily News was not issued yesterday for the same reason that Cisco did not have a hot supper last night—there was no gas. Gas, the kind that burns, is essential to the publication of the News because both the burners under the linotype machines and the pot for melting the stereotype metal are heated by gas.

There was a slight leak in the main between Eastland and Cisco near Lem. Someone either built a fire or dropped a match near the leak and it caught on fire about noon yesterday and the blaze melted off a brass valve stem and in order to control the fire and repair the line it was necessary to shut off the gas at noon and it was 6:15 yesterday afternoon before it came on again.

P. W. Campbell, manager of the Cisco Gas & Electric company, the retail distributors for the gas, has taken up the matter of providing against a recurrence of such an accident with the Texas company, the concern which delivers the gas to the distributing mains here. They hope to arrive at some plan which will make impossible the demoralizing incident of yesterday.

The entire city was seriously inconvenienced. Restaurants did not have gas to heat their coffee urns and cook their meals and there was many husbands in Cisco last night without the usual hot biscuits. Grocery stores did a land office business selling bread, canned goods and other foods suitable for cold lunches.

NEFF CALLS ON GALVESTON TO ENFORCE LAW

AUSTIN, May 12. — If after a meeting of the lawful authorities of Galveston it is discovered that the citizens will not or cannot enforce law and order backed by the citizens, Governor Neff will take such steps as seems wise "to establish a government on Galveston Island," he wired Mayor Sappington at Galveston today following the request by the mayor yesterday for state rangers to be sent to Galveston.

The governor's message to the mayor follows: "I have been asked to send rangers to Galveston to maintain order. I am slow to believe the people of Galveston have not patriotism and power to uphold the law. It seems to me that the mayor, chief of police, constable, sheriff, and courts acting together with combined authority and backed by every law abiding man in Galveston Island ought to be able to maintain order and protect to the utmost life and property. Through you I call upon all these departments of your local government to have a joint meeting and prepare and prosecute to the limit a program in behalf of law and order. If after this meeting it is discovered that the lawful authorities in your city will not or cannot enforce the law, I will in that event, take such steps as seem wise to establish law on Galveston Island."

LEGION MEETS TONIGHT.
An important meeting of the American legion post will take place tonight at 8 o'clock in the Elks hall. Every member of the post is urged to be present as some important matters are coming up for discussion.

Plans for the Fourth of July celebration will be further perfected at the meeting tonight.

SETTLING HAMON ESTATE.
LOS ANGELES, May 12. — The claim of Clara Smith Hamon against the estate of Jake L. Hamon is in process of settlement here today, according to J. B. Champion, attorney for the defendant.

The attorney said "the settlement is expected to be affected some time today." He added that negotiations had proceeded on the basis of the payment of ten thousand dollars cash and the recognition by the estate of certain assignments of contracts by which Hamon was declared to have made over oil rights to Clara. Judge C. W. Ellis, Santa Anna, Calif., conducted the negotiations with Champion as representative of his son Fred Ellis, of Ardmore, attorney for Mrs. Jake Hamon of Chicago.

PARK IS TO BE MOVED NEAR THE BUSINESS DISTRICT AND SUNDAY GAMES DISCONTINUED

BASEBALL IN CISCO IS NOW ON A BASIS WHERE THE ENTIRE CITIZENSHIP CAN GET ENTHUSIASTICALLY BEHIND THE CLUB AND MAKE IT A SUCCESS IN EVERY SENSE OF THE WORD.

The success of the Cisco baseball club seems assured. Plans have been perfected that will make it possible for the entire citizenship to get enthusiastically behind the club and there is every indication that just that very thing is going to happen.

The baseball park will be moved to a block of property located on the east side of the viaduct, about a block from the foot of the viaduct, and not more than ten minutes' walk from any part of the business district.

Sunday games are to be discontinued.

The two handicaps that the club has been operating under will in this manner be overcome. The inaccessibility of the park has been in a large measure responsible for the light attendance that has been experienced by being putting the club in the hole since the first of the season.

Many of the pastors and church members of Cisco are ardent baseball fans, but they did not feel that they could consistently support the club when Sunday baseball was played. This barrier has been removed and the pastors declare they are going to get out and work shoulder to shoulder with the patriotic business men of Cisco who have been carrying the burden of the club.

Plans for moving the park have not yet been perfected, but John Kelly, who has been burning up shoe leather and using all his energy and brains on this proposition for the last several days, hopes to be able to announce tomorrow definite plans for the moving of the park.

The tentative plan is to have Mayor Williamson declare two half-day holidays, the first of which will be for tearing down the fence, and the next for erecting it. The plan is to have volunteers from the entire city donate their services for tearing down and erecting the grandstand and park fence. Business men who have been interviewed on the subject are enthusiastic about the proposition and they promise to shed their coats and get out and help and to urge their employees to do likewise.

Cisco has had one of the most beautiful parks in all West Texas, but the location makes it absolutely impossible to make a ball club playing there a success in a city of this size, and with transportation facilities as they are here. A few patriotic business men have been digging up for the ball club until they are in debt to the extent of many thousand dollars. Unless the club was placed on a basis where universal support was possible, it would have failed.

With the plan that has been worked out there doesn't seem to be any doubt about the club going over in big style.

STATEMENT FROM THE CHAMBER OF COMMERCE.
"Though the chamber of commerce has taken no definite action towards the assistance of the Cisco ball club thus far, chiefly because the officials of the club were able to handle the situation."

CHARITY PATIENT STEALS RADIUM FROM PHYSICIAN
OKLAHOMA CITY, May 12. — Treatment of a charity patient resulted in the loss of radium valued at between three thousand and thirty-five hundred dollars by prominent firm of doctors here, a member of the firm announced yesterday. The patient disclosed with the radium May 3. Police have no trace of him.

SETTLEMENT SATISFACTORY
BUENOS AIRES, May 12. — Representations of the United States to the Argentine government of the result of the workers boycott which tied up the steamer Martha Washington of the shipping board has resulted in a solution satisfactory to both governments, it was officially announced.

Mayor Urges Support of the Ball Club

In this age when the pressure of business is at times trying on men's nerves, we need good, wholesome recreation as we never needed it before.

Baseball furnishes a common meeting ground for red blooded Americans everywhere. It is the real American sport, something we can all enjoy, and something that will provide us with that wholesome recreation that we need.

In order to maintain a successful baseball club in a city of this size the hearty cooperation of the entire citizenship is necessary. Under the circumstances that have been existing this was not possible. In the first place because the park was inaccessible making the games too expensive for a number of people who really wanted to go, but could not do so on account of the expense. Another handicap was the Sunday games. Many of our citizens who are ardent baseball fans do not believe in Sunday baseball and consequently could not consistently support a team that played Sunday baseball.

Under the revised plan that is being put in effect the park will be located within a few steps of the business district and the Sunday games will be discontinued. This makes it possible for us all to get together and make this the best baseball city in the West Texas league. We have a good team and with the proper support it will be a winning team.

It will be a decided asset to our city of which we are so justly proud if we get solidly behind our ball club and make it a success. Personally and officially I urge everyone in Cisco to support the ball club.

Signed: J. M. WILLIAMSON,
Mayor of Cisco.

REQUISITES TO WEST TEXAS CITIZENSHIP

The foundation stock of West Texas was from the cleanest, hardest set of men and women America has ever produced. These first newcomers braved many hardships to lay the foundation for the civilization we are now enjoying.

During the past two years people from every quarter of the United States have come into West Texas. They are, for the most part, good American citizens, who have something of the pioneer spirit of our forefathers.

This, however, is a necessary requisite to permanent residence in Cisco and West Texas! The local police and the department of justice officials have just uncovered a den of anarchy and revolution in Cisco—a place that was a link in the chain of the Communist organization in the United States.

We do not feel any uneasiness about the local situation being handled in a manner best conducive to future law and order and good citizenship, and in a way that will spread the news throughout the hateful underground channels of anarchy that Cisco, Texas, is the most unhealthy place on the face of the earth for anarchists and political trouble-makers.

BOOST THE MEETING

The church people of Cisco are banding together for a great tent meeting to be conducted by Rev. Bob Shuler, formerly of Texas, but now of Los Angeles, California.

From the standpoint of need for spreading the gospel of Christianity and making more consistent, earnest workers of those who are already Christians, Cisco needs a great revival—just as almost every other town or city needs one.

DR. E. L. GRAMAM

our business and apply it daily in our relations with our fellow men, then we will begin to realize the full benefits of the heritage left us by the Savior of man; then, and then only, will we be fully entitled to the name of Christian.

Aside from the purely religious side of this meeting—and that is unquestionably the big thing—there is a commercial side that makes the meeting a good thing for Cisco. Bob Shuler is a big man—one of the big evangelists of the country, and he will draw tremendous crowds.

Another phase of the meeting is the actual enjoyment it will afford those who attend. Mr. Shuler is an entertaining talker as well as a forceful preacher, and there will be a choir of 300 voices, led by Maurice Johnson, of Eastland, a choir leader of unusual ability.

THEIR BUSY TIME.

Summer is the best time for the mail order man. He realizes merchants in town like Cisco are apt to let their business drift a little as the long, hot days come on, so they flood the mails with new offers, and spend thousands of dollars to tell you that "prices are going up before fall—you'd better lay in a supply of this or that while it is cheap."

THE DRUMMER KNOWS.

No set of men who visit Cisco in a business way know more about conditions in this country than the traveling salesman, whom we once referred to as the "drummers."

In conversation with one of a few days ago he emphatically declared that increased business is in order, particularly in the south and west. Merchants who believed that commodity prices would make further drops have, apparently realized that they are mistaken, and they've started again to stock up.

Failure and refusal of merchants to buy products was largely responsible for stagnation of manufacture. That, too, is changing now, and factories throughout the country have commenced to take back their men.

LOOKING AHEAD.

Henry Ford says the farmer will see the day when both the horse and cow will be done away with. The horse will go, he says, because of the auto truck and the tractor; "he is a 1,200-pound hay motor of one horse power," says Mr. Ford, "and a little machine half his size will equal twenty of him."

Henry may be right. He has done such wonderful things in the past that it would be hard to find one brave enough to try him out in an argument. Maybe he could go still further and say the day will come when there

will be so many different kinds of machines and chemicals that a fellow can quickly and cheaply manufacture his own clothing and do away with factories, and by swallowing a tablet of this kind and one of another enjoy an entire meal without having to waste an hour at the dining table. Maybe we'll all have more time for ourselves by not having to stop to eat, and maybe the women will have more leisure by not having to cook.

The People's Forum

Interesting Letter.
En Route to California.
Editor Daily News:

The publishers have not met us yet, and our stock of high-powered magazines has been somewhat reduced in efforts to destroy certain coyotes, hawks, prairie dogs, et al. The extent to which the "varnishes" but the dirt is not yet on record; yet many carcasses may even now be found along the roadways along which we have come.

Last night we camped among the mountains near El Paso. It was indeed a beautiful camping place, about two thousand feet nearer the stars than the flag pole on Avenue D in Cisco. We had traveled all day, passing among all sorts of the Davis mountains, and now we were ready to rest our weary bodies just so soon as a good place could be found.

We are spending the night with Mr. and Mrs. John English, old Brown county friends. They are also relatives of our Mrs. Ben Greer. Like such people, wherever found, they are given to the most unstinted hospitality; of this we are the grateful recipients.

CHAMBER EXTENDS AN INVITATION TO THE VOLUNTEER FIREMEN

The Cisco chamber of commerce yesterday telegraphed to the President of the State Volunteer Firemen's convention, which is in session in Weatherford, inviting the convention to meet next year in Cisco.

OTHER EDITORS

OUR AFFAIRS

The good American is the one who recognizes what affairs concern his own country and helps to attend to such affairs. He is the same person who makes a first class citizen by looking after his individual business and granting others the right to look after theirs.

Those who read and post themselves know that conditions are fearful in Russia; life isn't safe there, property means nothing; the soviet rule is ignorant despotism and the people are starving for the lack of food and dying from the ravages of disease.

With reference to Ireland it is the same. Maybe our sympathies are on the side of these people who have struggled for so many years to be freed from British rule.

A good American believes in his country pointing the way to the highest and best form of government; he believes in making conditions so ideal under the Stars and Stripes that the people of all the world might look on and marvel at what we have here.

It is true that you cannot worship God and Mammon; it is true that no man can be loyal to two wives, and it is just as true that you cannot be a patriotic, full-fledged American citizen and at the same time be willing to jeopardize the best interest of your country to champion the cause of some other country across the sea.

Often and often and often our heart has bled for sorrows in poor, unhappy Erin. But Ireland was a part of the British possessions when the star of America first appeared on the horizon of the western world and Ireland is still a part of the British possessions.

Let's keep our own lights trimmed and burning brightly that others may see the way. There is something in the American spirit, the American republic which has grappled for the glory of the stars and sought after the justice of Heaven, that can and eventually will win leadership around the globe, without meddling, without compelling and without offering.

OFFERS TO DONATE ELECTRICITY FOR G. OF C. SIGN

Secretary Richardson called the attention of the members to the delegation that went to Eastland yesterday morning in the interest of changing the Cisco, Albany and Moran road by way of the dam across Lake Cisco.

This liberal offer on the part of Mr. Campbell was greatly appreciated by the organization and he was instructed to get some samples and prices immediately.

OPEN MEETING OF CHAMBER IS POSTPONED

Owing to the fact that a number of the merchants of the city are planning to attend the state convention of the Retail Merchants' association in Brownwood next Tuesday, the open meeting of the chamber of commerce, which was planned for that date, was Monday night postponed by the directors until Thursday, May 13.

The suggestion which was made some time ago at a chamber of commerce meeting, relative to the planting of trees along the drive way to Lake Cisco has been taken up by the women of the Civic League and they have given the chamber of commerce the assurance that a plan for bringing this tree-lined drive way about will be worked out by the league and inaugurated this fall.

The fact that there is a very pressing need for more lights in both the residential and business districts was brought to the attention of the commission by C. J. Daniels. In this connection, P. W. Campbell, manager of the Cisco Gas & Electric company stated that there was unquestionably a need for more lights, and that the contract between the city and the Cisco Gas & Electric company was such that the latter could be forced to put in the lights if the city insisted.

Secretary Richardson called the attention of the members to the delegation that went to Eastland yesterday morning in the interest of changing the Cisco, Albany and Moran road by way of the dam across Lake Cisco.

This liberal offer on the part of Mr. Campbell was greatly appreciated by the organization and he was instructed to get some samples and prices immediately.

EASTLAND SCHOOLS TO CLOSE TERM MAY 20

EASTLAND, May 10.—The Eastland public schools will close for the term May 20th after a successful nine months term. Commencement will begin May 13th with a display of domestic art at the high school building.

BOND ISSUE CARRIES.

EASTLAND, May 10.—In the school and bond election held in this city Saturday both the school tax and bond issue carried by almost a two to one majority, while the vote was very light.

The suggestion which was made some time ago at a chamber of commerce meeting, relative to the planting of trees along the drive way to Lake Cisco has been taken up by the women of the Civic League and they have given the chamber of commerce the assurance that a plan for bringing this tree-lined drive way about will be worked out by the league and inaugurated this fall.

The fact that there is a very pressing need for more lights in both the residential and business districts was brought to the attention of the commission by C. J. Daniels. In this connection, P. W. Campbell, manager of the Cisco Gas & Electric company stated that there was unquestionably a need for more lights, and that the contract between the city and the Cisco Gas & Electric company was such that the latter could be forced to put in the lights if the city insisted.

Secretary Richardson called the attention of the members to the delegation that went to Eastland yesterday morning in the interest of changing the Cisco, Albany and Moran road by way of the dam across Lake Cisco.

This liberal offer on the part of Mr. Campbell was greatly appreciated by the organization and he was instructed to get some samples and prices immediately.

OFFERS TO DONATE ELECTRICITY FOR G. OF C. SIGN

Secretary Richardson called the attention of the members to the delegation that went to Eastland yesterday morning in the interest of changing the Cisco, Albany and Moran road by way of the dam across Lake Cisco.

This liberal offer on the part of Mr. Campbell was greatly appreciated by the organization and he was instructed to get some samples and prices immediately.

Tired
I was weak and run-down, relates Mrs. Eula Burnett, of Dalton, Ga. "I was thin and just felt tired, all the time. I didn't rest well, I wasn't ever hungry. I know, by this, I needed a tonic, and as there is none better than—
CARDUI
The Woman's Tonic
... I began using Cardui," continues Mrs. Burnett. "After my first bottle, I slept better and ate better. I took four bottles. Now I'm well, feel just fine, eat and sleep, my skin is clear and I have gained and sure feel that Cardui is the best tonic ever made."
Thousands of other women have found Cardui just as Mrs. Burnett did. It should help you.

HOPE TO BUILD CITY HALL OUT OF CISCO BRICK

This Would Be the Appropriate Thing to Do, Mayor Williamson Declares, If the Brick Are Available in Time and the Quality and Prices Are Right.

The city commission hopes to be able to use Cisco brick in the construction of the city hall addition which is to be started soon.

Mayor Williamson stated this morning that nothing would please him better than being able to build the city hall out of the first brick manufactured in the new plant.

"So far as I have been able to learn," says Mr. Williamson, "we have here at Cisco one of the finest deposits of clay to be found anywhere and everything else being equal it would be unbecoming in us to go outside of Cisco to get brick for the city hall."

J. A. Colleton, the underwriter for the Cisco Clay & Coal company, states that the company expects to begin work this month on the construction of a spur track from the Cisco & Northeastern line and that next month the machinery will begin to arrive and unless something unforeseen comes up that the plant will be in actual operation in July.

In order to get the clay necessary for the making of face brick it would be necessary to mine it on account of the fact that it is overlaid with a forty foot strata of paving brick clay. It is the plan of the company to confine manufacturing to begin with to paving brick and develop the building brick feature when the clay for these bricks is reached, but in order to have the city hall built of Cisco clay the company would gladly mine sufficient clay for this purpose. It is also the intention of the company to mine sufficient clay to furnish the brick for the Elks temple that is to be built here this summer.

PRESIDENT OF I. & G. N. RESIGNS

PALESTINE, May 9.—The resignation of A. G. Whittington, general manager of the International & Great Northern railroad, was announced from the general offices here today, effective immediately.

Mr. Whittington is a brother-in-law of Capt. G. H. Judia, of Cisco. His wife's mother, Mrs. Cantrell, makes her home with Mr. Judia and family. Mr. Whittington is well known in Cisco, having visited here a number of times.

FUNERAL OF HENDRICK CHILD THIS AFTERNOON.

(From Monday's Daily News.) The funeral of Mary Elizabeth Hendrick, three months old daughter of Mr. and Mrs. C. C. Hendrick, who died last night at the home of Mrs. Hendrick's parents, Mr. and Mrs. A. H. Hall will take place at 4 o'clock this afternoon at the family residence, 307 West Seventh street. The services will be conducted by Rev. L. N. Stuckey. Interment will be in the city cemetery.

MEXICAN TRADE TRIP.

STAMFORD, May 10.—A tentative schedule of the Mexican trade trip of the West Texas chamber of commerce has been filed with the general agent of the National Railways of Mexico by the traffic manager, Ed. P. Byars. Plans have been made for a minimum of one hundred men and the equipment will include four standard sleeping cars, large standard dining car and baggage car. A barber and other help will be taken for the convenience of those making the trip. The schedule, as outlined includes stopovers at Monterey, Saltillo, San Luis Potosi, Guadalajara, Leon, Torreon, and five days in Mexico City. Date for leaving Fort Worth has been set as 9 p. m., June 18, returning about 8:30 a. m., July 2. Several state officials are to make the trip and Governor Pat M. Neff has been invited to accompany the party. Local entertainment has been arranged by the chamber of commerce of Mexico City, and among other things a bull fight will be staged by matadors brought over from Spain for the occasion.

GETTING LINKS READY.

EASTLAND, May 10.—The links of the Eastland Golf and Country club under the direction of George Samson, of Pock, Texas, an enthusiastic golfer and expert grounds man, are fast rounding into shape and according to reports will be ready for players within another week. In fact several games have been matched between players who have not had an opportunity to try their skill since they came to Eastland, and these games are to be played next week.

Ralph St. John left this morning for Breckenridge, where he will be connected with the Goldman Bros. Wholesale Grocery company. J. B. Morrison returned last night from Dallas.

W. E. McNEAL TAKES LEASE ON DANIELS HOTEL

(From Monday's Daily News.) C. J. Daniels has sold his lease on the Daniels hotel to W. E. McNeal of Okmulgee, Oklahoma and Mr. McNeal is taking charge today.

Mr. Daniels has been in active charge of the hotel since last July. His plans for the future, he states this morning, have not been made definitely with the exception that he is certain that for the next few weeks he is going to take a real vacation in which fishing will play a prominent part.

Mr. Daniels is a member of one of the pioneer families of Cisco. In the management of the hotel his courtesy and obliging manner has won him many friends among the traveling public.

Mr. McNeal is a hotel man of many years experience. In Okmulgee he operated the Antlers hotel. Before going to Okmulgee he operated the Natarium hotel in Fort Worth. Since last fall he has been interested in the Gude hotel in this city, but has not been active in the management of this hotel. He is moving to Cisco and will be actively in charge of the Daniels.

"I regard Cisco as one of the best cities in the West Texas oil field belt," said Mr. McNeal, "The thing that attracts me to Cisco is that it has a degree of permanence about it that is often not found in a purely oil town. There will always be a live city here regardless of oil and as long as there is any oil in this section anywhere Cisco is going to benefit in some of the towns immediately in the big production area. This place will always be a distributing point to a large extent headquarters for the operators in the southern and western portion of the West Texas oil belt."

PERFECTING PLANS FOR BIG REVIVAL TO BEGIN HERE SOON

Plans for the revival which is to be conducted in Cisco by Rev. Bob Shuler of Los Angeles are taking definite shape. Arrangements have been made for a large tent which will be erected on a lot belonging to Mrs. M. E. Holcomb and located on Broadway just across the street from the Telephone building.

The committee on arrangements met this morning and planned the advertising and publicity that is to precede the revival. Rev. Mr. Shuler is expected to reach Cisco on Saturday, May 18 and the first service will be held Sunday morning, May 19.

Maurice Johnson, director of the Methodist choir at Eastland, a graduate of the Moody Bible Institute of Chicago and a soloist of unusual ability will direct the singing in connection with the revival. Mr. Johnson has sung with some of the leading evangelists in the state and the local committee feels fortunate in securing him for this revival. He expects to have a choir of 300, and the committee has already placed an order for 500 song books.

OATH OF OFFICE IS ADMINISTERED TO NEW COMMISSIONERS

(From Tuesday's Daily News.) The city commission met yesterday afternoon for the purpose of administering the oath of office to the new officials. Those who took the oath of office were Mayor J. M. Williamson, re-elected; Commissioner S. E. Hittson, re-elected; and Commissioner L. H. McCrea. The assignment of departments by the mayor will be made at a special meeting which has been called for tomorrow evening at which time the annual report will be presented. At this meeting Mayor Williamson will outline the program for the work of this year.

While last year from the standpoint of public improvements was one of the most important in the history of the city there is a tremendous program of work to be accomplished this year.

Bills-Bill.

(From Monday's Daily News.) Belton Bills and Miss Ella Bell were married at the Christian parsonage Sunday at 8 p. m. The ceremony was performed by Rev. E. H. Holmes, in the presence of only a few intimate friends of the young couple. The bride came to Cisco last winter from Canada, and has made a lot of friends, who extend their best wishes. The groom is employed at the Broadway theater and is considered a promising young business man.

Mr. and Mrs. A. A. Webster and Elizabeth returned last night from Dallas, where Mr. Webster has been in a hospital for several weeks.

CLEVER LAID PLOT TO BURN THEATER IN MORAN IS FOUND ALARM CLOCK FOUND IN FIRE

FIRE BREAKS OUT IN BUILDING AT THE EXACT TIME CLOCK WHICH HAD ELECTRIC WIRES ATTACHED TO IT WAS SET TO GO OFF — ONE ARREST IS MADE.

What appears to have been a very cleverly laid plot to burn the Alamo theater building in Moran was uncovered by the officers in Moran this morning when they found under the safe in the theatre where fire broke out last night at 1:30 an alarm clock set for 1:30 a. m. and having electric wires attached to it. The party suspected of plotting the fire was taken into custody this morning.

In spite of the handicap of inadequate fire fighting equipment and a shortage of water the volunteer firemen in Moran were able to extinguish the fire before it spread to other buildings. The interior fixtures in the theater were completely destroyed by the fire, but the projecting machine was saved. The damage on the fixtures is estimated at \$4,000 and on the building at \$1,500. Both the building and the fixtures were insured.

The building was owned by Jim Cottrill and leased by A. Mewitt, who operated the picture show. The Cisco fire department received a call from Moran last night shortly after the fire broke out to be in readiness to come if they were needed and they had been extinguished. Their offer of assistance was greatly appreciated by people of Moran.

READY TO HELP IN CELEBRATION ON JULY THE 4TH

The chamber of commerce is heartily in accord with the plan of the American Legion post in Cisco to stage a big celebration here on July 4 and has assured Dean Sherry, the post commander, that the organization is willing to co-operate with the post to the fullest extent in this matter.

Secretary G. C. Richardson of the chamber of commerce writes Mr. Sherry as follows: "Mr. Dean Sherry, "Post Commander American Legion, "Cisco, Texas. "Dear Mr. Sherry:

"Referring to the Fourth of July celebration which the American Legion is now planning, we believe that this move is a most excellent one and it should tend to further stimulate the healthy growth of the American Legion in this section and to further acquaint all the citizens of the fine ideals for which the American Legion stands.

"If the chamber of commerce can lend your organization any assistance in making this celebration the largest one of its kind ever held in Texas, do not hesitate to call on us. Yours very truly, G. C. RICHARDSON, Secretary."

CISCO POSTOFFICE WILL ENTER FIRST CLASS JULY FIRST

On July 1 the Cisco postoffice will become a first class postoffice, this being the beginning of the fiscal year.

In order to attain the first class stamp sales must reach the total of \$40,000. The sales of the Cisco office last year were slightly over \$40,000.

When the office enters the first class the salary of the postmaster is increased to \$3,200 per year, and this being the minimum. As the stamp sales increase the salary of the postmaster increases. The salary for a second class office begins at \$1,500 per year and increases according to stamp sales to \$3,000.

PRESIDENT OF DANIEL BAKER HAS RESIGNED.

BROWNWOOD, May 10. — Dr. French W. Thompson, president of Daniel Baker College, has resigned, effective June 15. He has accepted the presidency of the Texas Presbyterian college for girls at Milford, Texas, succeeding Dr. Evans, the veteran president of that institution, who recently resigned. Dr. Thompson has been president of Daniel Baker college two years, and under his management the institution has grown and prospered. He is succeeded by Dr. S. E. Chandler, formerly president of the institution, and now professor of Bible, at Daniel Baker. In this connection it was announced that plans for a large memorial hall are being rapidly matured.

SUIT TO TRY TITLE.

EASTLAND, May 10.—A case was filed in the ninety-first district court yesterday, in which Mrs. Alice W. Allen is plaintiff and Fannie Butler Nichols et al. are defendants. The case being that of trespass to try title to 640 acres on Palo Pinto creek, being a part of the original Jonas Butler patent, as shown in Patent No. 219, page 1, volume 366, Eastland county records.

IN THE COURTS.

J. P. Court No. 1. Lone Star Motor Co. vs. Joseph Huff, suit on labor account.

County Court. W. E. Dunham vs. G. A. Baggett, suit on note.

Fakes & Co. vs. T. E. Brown, transferred from other county.

Carroll Bros. Auto Supply Co. vs. Bert Stark, suit for debt.

Eighty-Eighth District Court. O. S. Wooley vs. Virginia Lumber Co. et al.

Couch Motor Co. vs. M. E. Lawrence, debt and foreclosure.

Ebb Cletcher et al. vs. Gulf Pipe Line Co., damages.

J. Madera vs. W. T. Young, suit on note.

Ninety-First District Court. Reid Bros. vs. Maney Bros. & Co., suit for debt.

Couch Motor Co. vs. H. D. Whittington, debt and foreclosure.

(From Monday's Daily News.) R. D. Sartor of Ellaville, spent Sunday with his brother, Everett Sartor.

E. D. Short and F. L. Lehman have returned from Ivan and will be here for the Elks' initiation tonight.

Mrs. G. Wayne Griswold left for Dallas Friday, where she will visit for a month.

Miss Lucille Robinson has returned home from Lubbock, near which city she has been teaching.

Mr. and Mrs. Phil Koffman of Abilene, spent Sunday with Mr. and Mrs. B. S. Huey.

Mrs. A. H. Hall is visiting her daughter in Parks.

JUDGE BURKETT ANNOUNCES FOR STATE SENATOR

EASTLAND, May 7.—Judge Joe Burkett today authorized his announcement as a candidate for the state senate to succeed Hon. Jno. A. Russell, resigned, from this, the twenty-eighth senatorial district.

The following is the statement authorized by Mr. Burkett in full:

"There are several things that I am interested in which I deem for the betterment of our state, and especially this portion, among the most important being the strengthening of our irrigation laws, so as to enable the semi-arid portion of our state to build irrigation projects that will make Western Texas the most productive region of the entire state.

"Next comes the rural school problem, which is the biggest and most important matter confronting us, as a people, at the present. It is alright and very proper to have colleges and universities, but the safety of our civilization and future citizenship depends upon our common schools. If we have first class common schools, then the higher education will care for itself. But if we cannot educate our children through the common schools, there is no need of higher institutions of learning. Beyond question our rural schools should have the first consideration in the way of support and maintenance, and if elected, I shall do all that I can to pass the rural aid school bill.

"I am strongly in favor of state-owned terminal warehouses at our seaports. It is folly to build up internal warehouses for our products and then not have sufficient storage at our water ports. Our ports are the centers for foreign trade, and we must depend, in a great measure, on foreign trade for a market for our agricultural products. By concentrating at the ports and by having the goods properly graded and stored at the

ports, when a market is obtained the goods could go forward without delay and with less loss.

Coleman Urged to Run. SWEETWATER, May 7.—Reports reaching here are to the effect that a strong move is on foot to induce Dr. P. C. Coleman of Colorado, Mitchell county, to enter the race for state senator in the twenty-eighth district, to fill the vacancy caused by the resignation of Senator J. A. Russell of Eastland.

Representative M. E. Rosser of Snyder announces that he will not enter the race and will support Dr. Coleman. Friends of Mr. Coleman say that he is not looking for political honors, but may accept the nomination as a duty to this section of West Texas.

A number of representatives of the district have made known their intentions to get in the race for senator, but as their seats would become vacant in the legislature, it is pointed out that West Texas cannot afford to pass up the opportunity of holding every seat at the coming special session, which may begin July 11.

As the election for senator has been set by Governor Neff for June 4, it would not leave sufficient time to elect representatives to fill the seats vacated by representatives who entered the race for senator.

Delegations from a number of counties in the district will call on Dr. Coleman to urge him to make the race.

Mr. and Mrs. F. Rutledge have arrived from Greenville, Texas, to make Cisco their home. They are now residing at 500 Avenue L.

Mrs. J. M. Rush arrived from Waco yesterday to visit her brother, Alex Ward.

Mrs. Dean Sherry and little daughter have returned home from Fort Worth, where they have been visiting friends for nearly two weeks.

Mrs. J. B. Cate will entertain the Thursday Forty-Two Club this week.

Do you know you can roll 50 good cigarettes for 10 cts from one bag of

GENUINE BULL DURHAM TOBACCO

CONTRACT AWARDED FOR CONSTRUCTION OF R. R. LUNCH ROOM. Contract for the construction of a modern brick lunch room building to be erected by C. C. Bishop on the railroad property just at the rear of the present railroad lunch room has been awarded to J. E. McDermott and construction is to start immediately. The wooden building that is now occupied by the lunch room will be torn down and the ground it occupies made into a triangle shaped park.

The new building is to have a plate glass front and is to be modern in every particular.

FIVE MILLION IN GOLD SENT FROM ENGLAND

NEW YORK, May 10.—A \$5,000,000 gold shipment, said to be the first of a series to be made by Great Britain to aid in the retirement of its five and one-half per cent bonds maturing in this market November 1, arrived here today, consigned to J. P. Morgan & company, fiscal agents here for the English government.

The gold arrived yesterday aboard the steamship Mauritania, unannounced except by a letter accompanying it from the Bank of England. The British maturity in this market this fall amounts to \$150,000,000, and was a five and one-half per cent secured loan dated November 1, 1916, the last half of an issue of \$200,000,000 of the United Kingdom and Ireland notes, the first half of which was paid November 1, 1919. Approximately \$45,000,000 of the notes has been purchased in the open market, retired and cancelled. The balance will be paid at maturity.

WARREN WAGNER, HEAD OF BIG OIL CONCERN, IS SHOT AND KILLED

FORT WORTH, May 10.—Warren Wagner, head of the Wagner Supply company and well known oil man, was shot three times and fatally wounded yesterday afternoon at 4:30 o'clock as he walked along Houston street. He was rushed to St. Joseph's infirmary where he died at 7:15 o'clock.

Immediately after the shooting Fred Holmes surrendered to the sheriff's office. He was charged in the justice court with assault to murder in connection with the shooting. District Attorney Brown said that Holmes refused to discuss the shooting or give any idea what the trouble was over, except to say that he had fired the shots.

Witnesses to the shooting said that Wagner was walking along Houston between Sixth and Seventh streets and that a man stepped from a touring car standing at the curb and approached Wagner with his hand under his coat. According to witnesses not a word was spoken. Wagner was shot three times in the right side.

Wagner was a well known oil man and was a pioneer operator in the North Central Texas fields. He was one of the first to enter the Ranger field when it was opened in the Fall of 1917 by the Texas Pacific Coal and Oil company.

Recently Wagner's wife sued for a divorce and asked the custody of two minor children. She also asked for partition of the community estate which she swore was valued at \$800,000. She was granted an injunction to restrain Wagner from disposing of the estate pending the suit. While the case was on trial the question of residence was raised and fearing that Mrs. Wagner's legal address had not been established here long enough to secure the divorce the attorneys for her took a non-suit. However, before the non-suit was taken a similar suit was filed and a similar injunction granted. County officers late Monday were of the opinion that the shooting had nothing to do with the divorce case.

Mrs. E. M. Goldman and Mrs. M. Kahn, of Tulsa, Okla., who have been visiting the Goldman brothers, left yesterday to spend the week-end with the Goldman boys in Breckenridge.

Mrs. William Reagan will return this evening from Breckenridge, where she has been visiting.

McNAMARA IS RELEASED FROM SAN QUENTIN

SAN QUENTIN, Calif., May 10.—John J. McNamara was released from the state penitentiary here today, after serving nine years and five months for dynamiting the Llewellyn iron works in Los Angeles in 1910. He was sentenced to serve fifteen years, but earned the maximum reduction by good conduct.

GIVES REGIPE FOR CONVERTING CARROTS INTO A TASTY FRUIT

(From Tuesday's Daily News.)

W. D. Nunn brought to the News office this morning a jar of preserves that proves beyond a doubt the carrot is a fruit instead of a vegetable.

Recently Mr. Nunn's brother, J. W. Nunn of Mercedes, Texas, sent him several bushels of carrots and a recipe for preserving them. The carrots were preserved according to the recipe and the result was so satisfactory that the recipe is given here so that you may try it.

Clean the carrots and slice them lengthwise. Put in pan, and cover them with water and cook for two hours, then drain off the water. Dissolve five pounds of sugar in one gallon of water then add seven pounds of the cooked carrots and cook until the sugar and water has attained the consistency of syrup. The preserves are then ready to serve or place in jars for future use.

The splendid flavor of the carrot is retained and is enhanced with the cooking in the syrup. Since the carrot has a high mineral content preserves of this kind are not only a good food, but they have a tonic effect that is good.

BURKETT WILL NOT RESIGN TO RUN FOR SENATE

EASTLAND, May 9.—Many have asked the question as to whether or not Representative Joe Burkett will resign in order to make the race for the state senate, to succeed Senator John A. Russell, resigned, and the Ranger Times Sunday ran a very pertinent inquiry in editorial form upon the subject.

In answer to same, and in order that all may know, Representative Burkett has handed out a statement which, while a direct reply to the Times, is also an answer to his friends, as well as to others, who have asked the same question.

He takes the position that the governor could not now call an election in time to elect a representative, should he resign, and in the event he is elected to the senate, the election to be held the fourth day of June, and should the governor carry out his suggested intention of convening the extra session of the legislature on July 11, there would be still time enough to elect his successor in the lower house, and that otherwise, why put the county to the expense of holding another election?

NEFF TO APPOINT WOMEN ON BOARDS

AUSTIN, May 9.—Every executive board of every state educational institution will have a woman member during the administration of Governor Neff, according to the governor.

Governor Neff said today he was going to appoint a woman as a member of the board of regents of the University of Texas, and that he was "about ready to announce the name of the woman." This will be the first time in the history of the university that there has been a woman member of this board.

The governor said he was going to appoint a woman on the board of directors of the Texas A. & M. college. He has already appointed Miss Margie Neal of Carthage on the normal board. The law provides that a woman may be a member of the College of Industrial Arts board. Smaller state educational institutions also may have a woman director.

DR. LESLIE LEAVES FOR ST. LOUIS TO ATTEND ASSEMBLY

Dr. J. D. Leslie, permanent clerk of the general assembly of the Southern Presbyterian church, left this morning for St. Louis, to attend the session of the general assembly, which will convene in that city on May 17. He will stop for a few days in Kansas City.

One of the most important things to come up for discussion at this session of the assembly will be the adoption of the revised constitution which provides that a woman may be the governing head of all of the Presbyterian bodies. This assembly would not substitute for any of the existing assemblies, but would serve as a court of final resort for all of the Presbyterian bodies.

Services will be conducted at the Presbyterian church next Sunday by Jan McMurry.

GUARANTY FUND OF STATE APRIL 30, WAS \$2,069,839

AUSTIN, May 10.—The guaranty fund, which protects the depositors of state banks, had a total of \$2,069,839 on April 30, 1921, according to a statement given out today by Commissioner of Insurance and Banking Ed Hall.

Commissioner Hall reported that thirteen banks have closed since Nov. 1, 1920, and that the total amount which has been withdrawn from the guaranty fund to pay non-interest bearing and unsecured deposits of the closed banks is \$1,150,748. There is yet to be withdrawn the sum of \$580,383 to complete the payment of protected depositors, making a grand total of \$1,731,132.

RED CROSS NURSE'S REPORT.

EASTLAND, May 10.—Miss Jean Meyer, Red Cross nurse for Eastland county, has made her report for her first month's work, which shows as follows: A total of fifteen visits made to six schools, where 1,105 children were examined, of which 97 were found to be defective. The greatest defects were found in the teeth and tonsils. 521 children were referred to the physicians and 819 to dentists. The time actually spent in work in schools was fifty-four hours and eighteen class talks were made, while six visits were made in homes. In addition to these talks were made before two church societies and before the Eastland County Medical Society, and all doctors and dentists in Eastland and Gorman were interviewed. There is much to be done with the situation as much improved with the work Miss Meyer is doing, and claim that it portends much good in the future.

Bridge Breakfast.

One of the delightful affairs of the week was the breakfast Miss Lucille Brown gave the first of the week for Misses Ruby Parks and Lula May Cravins, of T. W. C., Dorothy Perkins roses were used in the decorations and on the tables. A two-course breakfast of grapefruit and orange cubes, egg omelet, Parker House rolls and coffee was served at the table by the hostess and Mrs. Doug Herring and Mrs. Frank Bell. Bridge was played until noon. The guests included the members of the Tri-K club and substitutes, Misses Ruby Parks and Lula May Cravins, Norma Patterson, Gussie Newcomb, Betty Husy, Addie Fee, Mary McCarty, Theresa Lea, Frances Dorser, Mary Fee McNamee, Doug Herring and Frank Bell.

PERSONAL MENTION

(From Sunday's Daily News.)

M. D. Glenn, who resides on West Seventeenth street, has been seriously ill in Ada, Okla., with bronchial pneumonia. Late reports state that he is improving. Mr. Glenn went to Ada on business and soon after arriving there became ill.

Judge T. H. Conner, Miss Margaret Conner, George and Truman Conner, Mrs. Tom James of Fort Worth; Mr. and Mrs. G. E. Drury, Mrs. James Evans, of Dallas; Mrs. Maud Coleman, of Miles; Mr. and Mrs. Earl Conner, Judge F. H. Frost, Mrs. C. V. Connelley, of Eastland, and Mr. and Mrs. Fred Breinhoffer, with their two daughters, of Ranger, were here Friday to attend the funeral of Mrs. J. H. Calhoun.

The 1920 Bridge club will meet with Mrs. F. A. Blankenbecker Thursday.

Dr. and Mrs. Ghormley arrived Friday from Arlington, to make Cisco their home. They are residing in Rosewell Heights.

Charles Wells of Abilene, is the week-end guest of Phil Berry.

Misses Ruby Parks and Lula May Cravins, of T. W. C., in Fort Worth, are the week-end guests of Misses Mary and Addie Fee, Miss Lucille Brown will entertain in their honor Monday morning with a bridge breakfast.

Mrs. J. J. Butts left Friday for Austin, where she was called by the illness of her mother and sister.

Mr. and Mrs. Will Reagan, Gladys Reagan and Mrs. M. J. Hall motored to Sipe Springs Saturday to spend the week-end.

Mrs. L. A. Harrison will be hostess to the Wednesday Bridge club this week.

Mrs. J. J. Winston and Mrs. B. W. Patterson will entertain at the home of the former Friday afternoon at 2 o'clock for Mrs. W. E. Warren of Almagorda, New Mexico.

J. D. Dawson, of Dawson & Hallbrook, contractors, of Breckenridge, was a business visitor in Cisco Saturday.

Miss Ruth St. John of Moody, who has been the guest of Miss Velma St. John, left Saturday morning for Dallas.

Mrs. Eugene Yates of Stamford, is visiting relatives here.

E. B. Ward, salesman for the Perkins Dry Goods company, of Dallas, was in Cisco Saturday.

Mrs. J. E. Griffin is visiting her sister in Waco.

Mrs. C. R. Reynolds of Hamlin, is the guest of her sister, Mrs. Marvin Elliott.

Guy J. Ward of Cisco, has been a business visitor in Abilene this week.—Taylor County Times.

Robert Shepherd left last night for Austin, on a business trip.

Mrs. Louis Washburne, who has been the guest of Misses Lettie and Mary Elizabeth O'Flaherty the past week, went to Colorado City last night for a short stay with relatives before returning to her home in Michigan.

Mr. and Mrs. W. R. Shepherd left Saturday morning for an extended overland trip to Fort Stockton, Pecos and Toyah.

Mr. and Mrs. Frank Harrell motored to Brownwood Saturday, to spend the week-end.

Mrs. W. C. Shelton returned Friday from Abilene.

DOG CAUSES FIGHT.

EASTLAND, May 10.—There was blood on the face of the moon in Eastland Saturday, or else it was the first real sign of the awakening of spring, when the blood gets thin and the pulses rises rapidly. At any rate spring fights opened up, and there were three fist-cuffs, but little if any damage done other than an irritation of the law. In one of the difficulties, which came up over a dog's baseball bat was used with some effect, however no material damage was done.

JAPS HAVE A "BABE RUTH" ALL THEIR OWN

CHICAGO, May 12.—Japan has a "Babe" Ruth all its own. The champion home run hitter of the far east is K. Tanaka of the Waseda University team with the record of six homers in six games. He was here yesterday with the Japanese University team which is touring America. Tanaka, like Ruth is broad shouldered and stocky and plays the same outfield position as the New Yorker. He also bats left handed. The Japanese team opened the American tour here yesterday losing to the University of Chicago by the score of four to two. The invaders will play Northwestern University today.

Mrs. W. C. Copburn has gone to Breckenridge to be at the bedside of her daughter, Mrs. Dan Frugerman, who is very ill.

You'll enjoy the sport of rolling 'em with P. A.!

FIRST thing you do next go get some makin' papers and some Prince Albert tobacco and puff away on a home made cigarette that will hit on all your smoke cylinders!

No use sitting-by and saying maybe you'll cash this hunch tomorrow. Do it while the going's good, for man-o-man, you can't figure out what you're re-passing by! Such flavor, such coolness, such more-ish-ness—well, the only way to get the words emphatic enough is to go to it and know yourself!

And, besides Prince Albert's delightful flavor, there's its freedom from bite and parch which is cut out by our exclusive patented process! Certainly—you smoke P. A. from sun up till you slip between the sheets without a comeback.

Prince Albert is the tobacco that revolutionized pipe smoking. If you never could smoke a pipe—forget it! You can—AND YOU WILL—if you use Prince Albert for packing! It's a smoke revelation in a jimmy pipe or a cigarette!

Prince Albert is and in tippy red bags, tidy red tins, handsome pound and half pound tin humidors and in the pound crystal glass humidors with sponge moistener top.
