

SOME MEN SHELTER BODY OF THEIR CHILDREN AND MURDER THEIR SOULS, DECLARES SHULER

TABERNACLE IS CROWDED TO CAPACITY AND MANY SIT IN AUTOMOBILES ABOUT THE TENT TO HEAR EVANGELIST PREACH SECOND SERMON ON "AM I MY BROTHER'S KEEPER?"

At 7 o'clock last night automobiles were drawn up to the curb beside the tabernacle, and when the song service was ended, the tabernacle was not only filled, but far back into the street people were crowding in to hear the message of Rev. Bob Shuler, who is conducting a revival here.

THE PROGRAM

- Subject of sermon tonight, "The Wages of Sin."
Friday morning at 10 o'clock, "The Path to Power."
Men's prayer meeting daily at city hall, at 1:30 o'clock, led by business men of Cisco.
Women's prayer meetings each day. These are announced on bulletins at the tabernacle, both the districts and location of meetings.
Prayer meeting at Humboldt at 6 o'clock.
Special soul winner class, conducted by Mr. Maurice Johnson, at the Baptist church, 7:15.
Rehearsal of children's choir at tabernacle at 4 o'clock.
In the event of rain, services will be held in the Methodist church.

right kind of man or woman. "You say you don't want to be a man that influences others; but, brother, you are a pattern by which other men are built."

"I am sorry for those people who have no children. They need children to keep them busy so they won't go out and ruin some other folks' children. I have five, and wouldn't care if I had ten, if they were like the five that I have."

"What is the genesis of this whole question? There were two men. One became jealous of the other and killed him. What he did with him I don't know, but God knew all about him. He hunted him up and spoke to him about it. 'Cain, where is my brother?'

"In this day when there are institutions and agencies that are impelling our young womanhood and young manhood; in this day and time it is not left to me to choose my lesson. I must preach what God wants me to preach."

Setting Example. "Am I my brother's keeper?"

"In a little town back in Virginia, there was a young man who one night after supper went out the back door, through the back gate and to the wood-lane that came up to the back yard, to take a path that led to a neighbor's house, where they were going to have a little frolic. Just as he went out the gate into the path, he looked and through the darkness he saw upturned to him his little brother's face, and heard him say, 'May I go through the woods with you?'

"The young man said 'No,' and took the little path through the gate to his mother, and then went on over to the neighbor's house where he landed into the wee small hours of the morning. As he was coming home, out of the darkness of night the appealing, trusting eye and the little voice came back to him: 'May I go through the woods with you?'

"Oh, God, give us again mothers and fathers who will gather their children round their knees and read to them out of God's Holy Word and teach them the right way and lead them to Christian manhood and womanhood. 'Won't you pledge tonight to take up the battle for the right? Come frankly, boldly, openly; walk these aisles for Jesus. Won't you get right with God tonight? We ought publicly to acknowledge Him. We are in jeopardy and Christ alone is the cure for the disease that is eating the heart out of the people of today. Come, you young people; I appeal to you—the nation is hanging its heart on you.'

With this closing appeal, Rev. Mr. Shuler called, and scores came to the platform and took his hand pledging to live better lives and to set a better example before their children and their fellow men.

AMERICAN ACE WILL ATTEMPT TO SET NEW RECORD

Associated Press. REDWOOD CITY, Calif., May 26.—Captain Eddie Rickenbacker, American ace, left here at daybreak today for what he hopes will be a record flight to Washington, D. C. He expected to reach Omaha at 8 o'clock tonight, and Washington on Friday night.

DEGREE CONFERRED ON GOVERNOR NEFF AND CULLEN THOMAS

Associated Press. BROWNWOOD, May 25.—The honorary degree of doctor of laws was conferred on Governor Pat M. Neff and Cullen F. Thomas of Dallas, by Howard Payne college at its thirty-second annual commencement here today. The governor delivered the baccalaureate address.

Mrs. W. O. Hopper and daughter, Miss Myrtle of Cleburne, are the guests of Mrs. Ida Kennon and her mother, Mrs. Vina Hopper. They were met here by their son and brother, Myron Hopper, who is with the Gulf Production company at Breckenridge.

GREEKS AND TURKS BOTH ARE TO BLAME

Associated Press. CONSTANTINOPLE, May 26.—The allied committee, which has been investigating Turkish charges of atrocities in which it was asserted the Greeks carried out wholesale massacres in the Yalova district of Asia Minor, has returned its report. The report holds that the Greeks, in turn, are equally responsible for the atrocities. The Turks had alleged the Greeks had locked up Turkish families in their homes and then set the buildings on fire, and also that Greek soldiers assaulted Turkish women.

PILSUDSKI ENJOYS HIS FIRST AMERICAN MEAL

WARSAW, May 26.—Marshal Joseph Pilsudski, Poland's chief of state, enjoyed his first all-American meal recently. The marshal was the guest at a dinner given by the American minister, Hugh Gibson, in the old palace of Count Zamoycki which, for two years, has served as the American legation in Warsaw. American dishes, prepared in American style were served and the chief of state liked particularly the old-fashioned apple pie. This was the first time that Marshal Pilsudski had accepted a dinner invitation from any of the foreign diplomats.

CONSTRUCTION COMPANY OFFICIALS ARE HERE TO INSPECT WORK ON DAM

Fred Bullen, vice president and treasurer, and W. O. O'Neill, secretary of the Friedsted Construction company, the concern which is building the dam at Lake Cisco, are here from Chicago to confer with Mr. Richardson, the local superintendent in regard to the work.

MEN ARRESTED ON HI-JACKING CHARGES TAKEN TO EASTLAND

EASTLAND, May 26.—Sam Kellum and Jim Brunson, two young white men, were brought to Eastland and placed in jail, charged with "hi-jacking" a Mr. and Mrs. E. V. Hufstader and H. M. McElroy, near Gorman. According to information filed with the county attorney, the party in the car were leaving Gorman, and when near the Gorman Home refinery they heard a noise and slowed down the car, when the young men in question are alleged to have boarded the running board and ordered them out of the car. They were relieved of two watches and some rings, and seeing the approaching headlights of another car, they were ordered back into the car, and the young men disappeared into the brush. Mr. Hufstader asked for the return of her wedding ring and her request was granted. Word was sent ahead and officers went out from Cisco and picked the young men up while coming into that city. The watches and rings, it is alleged, were found on them. The two boys will be held pending the action of the grand jury which meets in June.

WILL PERFECT PLANS OF MEMORIAL SERVICE AT MEETING TONIGHT

At the meeting of John William Butts post of the American legion tonight in the Elks' club rooms, plans for the Memorial Day services on next Monday will be perfected.

MRS. WILEY DANIEL DIES, FUNERAL WAS HELD THIS AFTERNOON

Mrs. Wiley Daniel, 63 years old, one of the first settlers of Cisco, died at the family residence 106 West Tenth street at 4:20 o'clock this morning after a long illness. Funeral services will be conducted at the Baptist church this afternoon at 4:30 o'clock by the pastor, Rev. C. G. Howard, and interment will be in the city cemetery.

BAGGAGE HANDLERS GRANTED INCREASE IN WAGES BY BOARD

Associated Press. TERRELL, Texas, May 26.—Wages of ticket office employees and baggage handlers of the Texas Midland railroad in Terrell have been increased 13 cents per hour by the United States railroad labor board.

PACKER CONTROL BILL IS TAKEN UP IN THE HOUSE

Associated Press. WASHINGTON, May 26.—The packer control bill, which has been before congress in one form or another for years, was taken up by the house today for unlimited debate.

GOLF CLUB ELECTS OFFICERS AT EASTLAND

EASTLAND, May 26.—At a meeting attended by about sixty members of the Eastland Golf and Country club at the city hall Tuesday night five directors were elected, as follows: W. B. Sutton, Jno. B. McRae, W. L. Kelly, J. P. Little and O. M. Crenshaw.

STUDY CLASS FOR PERSONAL WORKERS

There is a wonderful opportunity here in our midst now. Mr. Maurice Johnson is conducting a service every evening in the Baptist church at 7:15 which no Christian can afford to miss. If you are a Christian, the burden of soul winning is upon you; here is being shown the way to win souls. No Sunday school teacher, no worker in any church organization, no member of a young people's society, no one interested in Christian activities, in fact every one who wants to serve God ought to make it opportune to be present at these meetings. Get out your Bible, and read Ezekiel the third chapter, verses 19 to 21, and you cannot but know that God places the burden on you who have heard the word. Let us not allow these moments to pass by unheeded, let us fill the Baptist church with willing and eager hearts to know the way to win souls for Christ. Adv. 83.

REAR ADMIRAL FLETCHER DIES

Associated Press. WASHINGTON, May 26.—Rear Admiral Augustus F. Fletcher, commandant of the fifth naval district, died at the Norfolk navy yards today, according to reports from the navy department. He had been ill for several months.

HOME REFINING CO. AT EASTLAND GOES INTO RECEIVERSHIP

EASTLAND, May 26.—The Gorman Home Refining company, of Gorman, was thrown into the hands of a receiver this week, Judge E. A. Hill naming R. V. Townsend, of Gorman, receiver, placing his bond at \$5,000, which he gave and assumed charge. This action was taken on the application of the Farmers & Merchants' bank of that city.

BANDITS MAKE RAID ON THE HACIENDA OF AMERICAN IN MEXICO

MEXICO CITY, May 26.—The hacienda owned by Edward Thompson, a former United States consular officer in Mexico, and located seventy miles from Merida, Yucatan, was sacked by outlaws yesterday. The bandits destroyed valuable historical documents connected with the ruins of the ancient city of Chichen Itza, nearby.

ROTARY CLUB ADDS THREE NAMES TO MEMBERSHIP LIST

The Rotary club met in regular meeting at noon today, all members being present except five, four of whom were out of the city. The guest of the day was J. A. Colliton, who made a most excellent talk on "Cisco and Her Future." In substance, Mr. Colliton believes this city and surrounding country will continue to profit from the oil industry for probably five years, and that during this time it will be wise for the city builders to bend all efforts to securing substantial manufacturing industries.

CATTLEMAN IS RELEASED ON \$10,000 BOND

SAN ANGELO, May 26.—Leslie Rior, dan, prominent cattleman, was released on a \$10,000 bond last night at Sterling City, at the conclusion of habeas corpus proceedings. He was indicted on May 4 on a charge of murder in connection with the fatal shooting on April 30 of T. E. Moon.

NINETEEN YEAR OLD GIRL SHOOTS SELF IN HOUSTON

Associated Press. GALVESTON, May 26.—Doris Stephens, 19 years old, believed to have been a resident of Humble, died in an ambulance en route to a local hospital today, from self-inflicted pistol wounds. The shot was fired while the young woman was seated in an automobile in the business section of the city, about 1 o'clock this morning.

EXPORT POLICY IS DISCUSSED

WASHINGTON, May 26.—The administration's policy for promoting exportation as a means of restoration to normal business conditions was discussed at a white house dinner last night, attended by Secretaries Mellon, Hoover and J. P. Morgan, Paul Warburg and a number of other prominent financiers. News was said to have talked over the whole subject with the guests.

MEETINGS TONIGHT

American Legion, at Elks Club rooms, 8 p. m. Bob Shuler tent meeting, corner Avenue E and Broadway. School Board at Judge Shepherd's office in the Dean building, 8 p. m.

DR. OSCAR DAVIS IS TO BE BURIED NEAR FLATONIO

Associated Press. AUSTIN, May 26.—The body of Dr. Oscar Davis, former state health officer, whose death occurred at Galveston, will be taken to Flatonia, reaching there at 10 o'clock Friday morning. The funeral will be held at Flatonia, about 12 miles from Flatonia, it was announced here today by Dr. C. W. Goddard, also a former state health officer. The funeral services will be under the auspices of the Flatonia Masonic lodge.

TRUCK DRIVER IS IDENTIFIED BY INSPECTOR

Associated Press. JERSEY CITY, N. J., May 26.—Guiseppe de Filippo, charged with complicity in the Wall street explosion, was formally identified today before United States Commissioner Hendrickson as one of the three men seen standing beside the death wagon immediately before the blast. Identification was made by Thomas J. Smith, New York insurance inspector. Commissioner Hendrickson held de Filippo for action by New York authorities, but said he would order the prisoner's release unless application for extradition was made within thirty days.

ADMIRAL SIMS IS HONOR GUEST OF PILGRIM CLUB

LONDON, May 26.—Rear Admiral William S. Sims, who commanded the American naval forces in the war zone during the last two years of the war, told Admiral Beatty, commander of the British grand fleet and a distinguished assemblage of British and American naval men today that the British had been disposed to give the American navy too much credit for the part it played in the allied victory.

ENFORCEMENT OF PROHIBITION TO BE CARED FOR

Associated Press. WASHINGTON, May 26.—The \$100,000,000 deficiency appropriation bill carrying \$200,000 for prohibition enforcement until July 1, passed the house today.

FIRST BALE OF COTTON SHIPPED FROM SAN BENTO

HOUSTON, May 26.—The first bale of the 1921 cotton crop was shipped from San Benito by a Houston firm and was consigned to a Memphis firm.

CATCH THIRTY POUND CAT FISH ON CLEAR FORK OF THE BRAZOS

The largest cat fish that has been displayed here this season was brought home yesterday from the Clear Fork of the Brazos by E. R. Finley, R. O. Finley, J. V. Clemons, and H. A. Clemons. The fish weighed 30 pounds and was of the yellow variety.

BOND IN LAND ACQUISITION BILL APPROVED

AUSTIN, May 25.—The attorney general today approved the university land acquisition bond, which is the bond executed by the chamber of commerce of Austin with nineteen citizens as sureties, pledging to the state that the land to be purchased in the university expansion bill shall not exceed the sum of \$1,350,000, the amount appropriated for purchasing the land. The bond was required by legislative action in passing the bill.

WILD REVELS IN CONSTANTINOPLE SHOW PEOPLE TO BE LITERALLY DANCING ON VERGE OF VOLCANO

Associated Press. CONSTANTINOPLE, May 26.—Although gay night life prevails in nearly all cities, the Caucasus region people are said in advice received here to be literally dancing on the verge of a volcano. Famine is expected in June or July. Under the surface there is a deadly fear of a reign of terror. Thousands, countless halls and other places of amusement are wide open, but bread is scarce and five thousand rubles a pound and sugar twelve thousand rubles.

TO INVESTIGATE MINE DISORDERS

Associated Press. WASHINGTON, May 26.—The senate committee on education and labor voted today to investigate the recent disorders in the coal region of Kentucky and West Virginia border. A sub-committee will probably begin hearings at Williamsport, West Virginia, next week.

CHANGE IN EXCHANGE RATE OF BANK OF ENGLAND IMPRESSIVE

Associated Press. LONDON, May 26.—Announcement of a change in the rate of discount of the Bank of England, such as the recent reduction from seven to six and one-half per cent, is an impressive affair.

RUSSIANS AND TURKS AGREE ON A TREATY

Associated Press. ATHENS, May 26.—Soviet Russia and the Turkish government have agreed on a treaty based on mutual aid for the "emancipation of all peoples in the east and the absolute right of self determination." It has been announced here. The treaty denounces all pacts or conventions imposed by force upon Turkey. Batum is given to Georgia and Azerbaijan is made an autonomous state.

WILL FUND THE LOANS OF ALLIES IN THIS COUNTRY

Associated Press. WASHINGTON, May 26.—Foreign loans approximating ten billion dollars made to the allies during the war are to be funded this year, Secretary Mellon said today. The accumulated interest which is unpaid will be added and probably will be funded also and payments spread over a period of years. Commenting on President Harding's recent New York speech in which the president expressed a hope that the present form of foreign obligation might be changed in a reasonable period and distributed among the people of the country, Secretary Mellon said no plan of that kind had yet been formulated.

AMERICANS ARE FORCED OUT OF BIG GOLF MATCH

HOLYOKE, England, May 26.—The United States was finally forced out of the British amateur golf championship at the end of the sixth round early this afternoon, when Frederick J. Wright, of Boston, sole survivor among the American entrants, was defeated by Bernard Darwin in a sensational finish at the nineteenth green. Darwin's victory was the cause of great rejoicing among the Britishers in a crowd of two thousand spectators who witnessed America's defeat.

BOND IN LAND ACQUISITION BILL APPROVED

AUSTIN, May 25.—The attorney general today approved the university land acquisition bond, which is the bond executed by the chamber of commerce of Austin with nineteen citizens as sureties, pledging to the state that the land to be purchased in the university expansion bill shall not exceed the sum of \$1,350,000, the amount appropriated for purchasing the land. The bond was required by legislative action in passing the bill.

THE WORD 'NO.'

The principal cause of the immoral wave sweeping over the country was struck by Mayor Williamson as he lectured two young people arraigned before him on charges of immorality. In this connection the mayor said he realized that young people were not always wholly to blame for going wrong — that often they are indulged, humored and pampered by parents until they have acquired tastes and habits utterly impossible to maintain. Then, in the effort to live "sassy," to keep pace with others of greater financial means, it is only one short step to immorality and dishonesty. This is placing the blame where much of it belongs — on thoughtless fathers and mothers. We are so full of the idea that "our" boys and girls cannot make mistakes and that they are entitled to nothing less than "sassy" as they grow up far beyond the limit and give them liberties that the well balanced fathers and mothers of other days would not have considered for a minute. One trouble with most parents of today is they have forgotten how to say "no." This word seems gone from their vocabulary. But, if we are to save this generation and the next, the word "no" must be revived and kept in daily use. On rare occasions you hear an expression like this from a child: "Don't count on me to go; mother has said I can't, and when she says anything she means just that." Too often, however, you hear this: "Sure I can go; mother hasn't agreed as yet, but I can handle her."

You don't have to be continually antagonistic to your children, but if they are to develop into honorable, energetic, worthwhile men and women, you, their guardian, must exercise control over them during the formative period.

VOCATIONAL GUIDANCE.

One of life's tragedies, says the May issue of the Rotarian, consists in the undeveloped talent that is lost to the world each year because boys are not afforded the needed means and inspiration to develop their abilities. The great need in the field of vocational guidance, continues this publication, appears to be to enable each boy to learn, by actual experience where possible, and by information and observation otherwise, the vocation in which he may feel an interest, so as to give him a reasonable basis of choice in making his selection of a life work. The most hopeful feature of America's great public school system is the trend toward the practical in the way of vocational training and vocational guidance. The recent exhibition of articles made by students of the local schools opened wide the eyes of many Cisco parents and is an indication of what is going on and the progress being made in many of the schools in Texas and the nation.

THE HUMBLE COMPANY.

The Humble company means much to Cisco. This is not alone because of the fact that this wonderful organization spends a great deal of money here, but for the reason it has brought a high type of men to Cisco — men who are taking a prominent part in the building of the city; men who help set a pace for active, alert, broad-visioned citizenship. Invited guests who mingled with the Humble employees at the picnic of Saturday could not fail to be impressed with the clean-cut caliber of those about them, as well as the order and system everywhere prevalent.

PLAN TO ESTABLISH POTATO CURING PLANT AND CANNERY IN CISCO

The chamber of commerce is very much interested in getting established in Cisco a potato curing plant and cannery. This matter was discussed at a recent meeting of the board of directors, and Secretary Richardson was instructed to get some data on the cost of establishing such a plant and see if it

would not be possible to form a local company to handle the proposition. In the trade territory of Cisco there is a vast body of sandy soil that is splendidly adapted to the growing of sweet potatoes, and some of the finest potatoes grown can be produced right in this belt, it is pointed out. The reason that the growing of potatoes in this section has not been attempted on a larger scale is because of the fact that there has been no provision for a curing plant and cannery. Under these circumstances the production has been largely limited to what the local market would consume.

LID PARTLY CLOSED.

The emergency bill, limiting the number of aliens to 3 per cent of the number of each nationality resident in the United States in 1910, which passed the senate by a vote of 87 to 1, is a forward move. The senate struck out the provision to exempt from the 3 per cent limitation those emigrating to escape religious and political persecutions.

Thus one step has been taken to close the door upon the undesirable immigration that for the last quarter of a century has poured into the United States almost without restriction, until in many of our cities and in all of our manufacturing centers the foreign population is equal to or in excess of the native, and the language of the people is as mixed as that of the throng that attempted the erection of the tower of Babel, after the "confusion of tongues." This act of congress is a step toward relieving the housing situation and the preservation of our American customs; a move to check the tidal wave of alien humanity that is threatening to submerge our American institutions beneath an un-American element.

The door is closing too late, however; far too late to preserve much that has been lost forever; but that it has been done at all should be and doubtless is hailed with joy by the great majority of American people.

America will now have a breathing spell and an opportunity to Americanize its surplus of alien energy.

We do not want citizens of the United States voting as Germans, Irishmen, Russians, Austrians, or any other race of people. We do not approve of American citizens speaking a foreign tongue, reading foreign-language papers regularly and exclusively, or conducting their affairs after the manner of European customs.

This is America, and Americans should be imbued with the spirit that has made this country great. They should talk United States, think United States, and bring up their children to love and respect the United States and its institutions.

If the United States is not good enough for any of our alien people they should pack their worldly goods and go by the most direct route back to the country from whence they came.

Let every American citizen speak the language of America, think in the language of America, and in all his dealings act as a good American should. Let every American citizen think "America First," and love the flag of the United States above all others. If he does not he is not worthy to be an American citizen, and we do not want him. If his interests are not in America he is a dangerous element in our body politic, and should be invited to depart for the country where he belongs; for there is no place for him in America.

BUILDING ASSOCIATION.

(Denton Record.) Suggestion that a local building and loan association be organized here has met with considerable interest and some favorable response. A local building and loan association, properly managed, means a fair and safe return to those who invest in it; but still better from a civic standpoint it means a real help to the advancement of the town through home building by cooperating local capital with the returns therefrom staying at home for other investments. A local concern would not interfere in any material way with the big outside companies, but it would take care of the "average man" who wants an average home of his own and supplement the work of the larger companies which can handle any size loan desired.

A BUILDER GOES.

(Waco Tribune.) Col. J. F. Strickland, who passed away in Dallas last Saturday, made that city his home. Texas his province of operation, and Waco one of his objectives. He will be sorely missed in Waco, for he would have unquestionably meant more to this city had Time vouchsafed him strength for further endeavors. He was essentially a builder and would have added to his present splendid achievements. The world owes much to the pio-

ner builders of transportation; to the men who speed civilization. And yet, the debt of development communities is quite as great to those who with electric power and transportation heighten present developments and by means of modern agencies increase the happiness and multiply the conveniences of the people.

Waco has always been proud of the electric railway built by Colonel Strickland and of the great power plant constructed here through his genius of enterprise. But Waco looks always to the greater things, and would have a part in these. Waco had his promise, and this builder was one who kept promises so far as it was humanly possible to do so. Waco esteemed Colonel Strickland highly. Personally he was built of strong timbers, and the lengthened shadow of his personality — his splendid achievements — paid tangible tribute to his genius as a financier, an organizer, a donor.

He sprang from the Texas soil; from humble beginning — he devoted his energies to his beloved state and attained heights. His personal example remains an inspiration to those who would serve their day and generation; his achievements are a noble monument to his memory.

In the death of Colonel Strickland, a great builder passes.

PHILOSOPHY OF ADVERTISING.

(Philadelphia Ledger.) One of the saddest spectacles observable in American business life at the present time is offered by those merchants and manufacturers who have been so impressed by the existing wave of economy that they are cutting down on their advertising. The buying public today is very different from the buying public of two centuries ago, and what is more to the point, even of two decades ago. The modern public has been brought up on advertisements. The infant food it imbibes from its nursing bottle, the shoes it wears out in its reluctant walks to school, the ring it slides upon a beloved finger as a token of the happy date of acceptance, the baby carriage it later invests in, even the ornate box in which it is at last laid to rest and the enduring stone that marks the spot are all bought because they have been advertised. What is not advertised is ignored as if it did not exist. Yet it is better never to advertise at all than to advertise and then to stop. That is fatal — perhaps not at once, but eventually. It is taken as a confession of failure. People interpret it as meaning that the goods of the man who ceases to advertise have been tested in the great laboratory of public opinion and have been found wanting. It is as if he had his wares spread out in his window for examination and comparison, and should then suddenly board up the window. People view such action with suspicion.

An advertising appropriation should be a permanent charge, no more subject to arbitrary cancellation than the dealer's charge for shop rent or light. It can be made a far more profitable investment than the money spent for rent and light.

DO YOU EAT POISONS?

(Cleveland Plaindealer.) Any noon in any Cleveland restaurant you see indoor workers, who don't get much exercise, eating an order of meat large enough to feed four bloodhounds in an "Uncle Tom's Cabin" show.

Bad business. There are two kinds of foods — repair foods and fuel foods. Repair foods, called "proteins" by doctors, include meat, eggs, etc. They rebuild body tissues that have been wasted through exercise and muscular work.

Fuel foods include bread, vegetables, sugar, butter, etc. They keep the machinery of the body in motion, and store up energy and heat.

You need both fuel foods and repair foods. But there is grave danger if you don't balance them properly.

Too much protein decays in the bowels and makes poisons. This works the liver and kidneys too hard in throwing off the poison. Degenerative diseases (like cancer and heart, blood and kidney troubles) start this way.

Eat sparingly of meats and eggs, particularly if you sit in an office all day. Eat plentifully of vegetables and fruit.

THE STATE AND BUSINESS.

(Farm and Ranch.) The state is in business today and will be in business as long as it endures; then why shudder at her going into an honorable business?

Farms are bought and managed for a profit; being tilled by her convicts.

She, however, has never yet done business sensibly for she gave away land and bought it back for exorbitant prices. She gave about 3,000,000 acres of land to build the capital and the land is now worth \$60,000,000 or more. She gave to the various railroads vast quantities of lands for which they are now robbing her citizens in excessive freight rates and hourly shifting her just assets to Wall street.

By her policy she has indirectly brought panics upon us engineering in Wall street.

Yes, Texas has engaged in much unprofitable business; then, why not charge and go into a profitable business, become a partner and comrade with her most honest, industrious and would-be sustaining citizens, the cotton farmers, in the one great undertaking.

A State and Cotton Farmers' Cooperative Cotton Mill. Here alone, is salvation for State and people.

SCOUTS LOSE TO SWATTERS WHEN CRUSE BLOWS UP

The Swatters knocked Cruse off the mound in the third inning yesterday, securing a lead that the Scouts could not overcome, winning by the one-sided score of 12 to 7. Cruse just simply "blowed up." His trouble started in the second inning, when Johnston, the first batsman to face him, got a safety. He then walked two in a row, and the three runners scored on an error. In the third inning, the Swatters batted around and got six more across. Cruse was relieved in the third, Johnson going in with one out. During the remainder of the game Johnston held the visitors to two hits, though they succeeded in getting three more markers across.

It was a great day for home runs, each side securing two circuit clouts. Byers for the visitors poled a homer in the third inning with three men on bases, and Richburg, following also, hit one for four bases. Cisco's two home runs were by Beard and Westfall, and came in the ninth inning. However, in each instance the bases were empty, and the two homers counted for only two tallies. Besides a homer, Byers secured a three-base bangle and one for two bases, out of four times up.

Cisco made two runs in the fourth, two more in the fifth, one in the eighth and two in the ninth, but could not get enough to tie the heavy lead of the visitors. The Scouts' outfit the Stagers exactly two for one, but Richburg's two ways tightened up when he got in a hole, and his teammates backed him up with good playing.

There was a shift in the local line-up yesterday, due the absence from the game of Flegg. B. Brooks held down shortstop, while B. Brooks played first. Flegg was yesterday notified of his indefinite suspension for hitting Empire Filman in Tuesday's game.

The Scouts open a series today with Ranter, and this will be the Nitro's first appearance at Harrell park this season. Today's game will be called at 5 o'clock.

SUFFERING CHINA.

To the Citizens of Cisco: The American ambassador to China reports that forty-five million people over there are starving to death, and the government of our nation is calling on us for funds to buy goods for those people. I have been elected chairman of the local committee without my knowledge or consent, but I am willing to serve Cisco and anyone in distress.

There are fine crops of grain growing in China now, but the hungry people are eating the stalks before it can mature; old people drag themselves into the fields in their dying condition and eat anything they can get hold of.

Friends and neighbors, let us not forget that even if we consider this hard times here and apparently at the beginning of a drouth here, let us do our duty in this case and rally to the call of our government and rush aid to those people. Send or hand me your amount at once.

You can put checks in collection plates at revival meetings, but mark checks "Chinese Famine Fund," or mail it to me, at 601 West Ninth street, Cisco, or hand it to me when and where I am. Do not delay; this must be wired to Dallas Saturday, and they, in turn, will cable it to the American ambassador in China. Yours respectfully, A. J. OLSON.

ST. LOUIS, Mo., May 26 - Fire alarms are sounded in St. Louis for reasons other than fires, according to the report of the Inspector of public safety for the year ending April 5. There were 4,617 alarms in the year, 453 of which were false. Included in the reasons for some are the following: Housewives who let meat burn; boy in well; child locked in bathroom; explosion of moonshine still; plumbing disorders; person saw smoke; man wanted police.

CARPENTIER IS AWARE OF FACT HE MUST FIGHT

MANHATTAN, N. Y., May 25. — Georges Carpentier realizes that in Jack Dempsey he will meet the greatest fighter of his career and that victory if it comes to him must be gained by what he termed "superior fighting intelligence." Carpentier's estimate of Dempsey as revealed in a conversation with a British sportsman follows: "I shall face Jack Dempsey confident that he is the strongest and fiercest man against whom I dared to put on gloves. There is joy in the prospect of meeting such a man. I will be entering with odds against me. Undoubtedly Dempsey will be the favorite, not because of sentiment or prejudice or blind partisanship, but because his great strength is at once

GROWTH OF TEXAS.

(Comanche Herald.) When I was born, which was in Texas in 1850, the state had only 122,592 population. Seventy years later it had 4,683,228, or about twenty-two times as many, doubling itself four times, with a million and a quarter to spare. In 1850 there were only seventy-seven counties, of which Harrison county was the most populous, containing 11,822, while Cooke county was next to the smallest in numbers, having only 220. San Patricio being the smallest with 209. Bexar, of which San Antonio was then as now the county seat, had 6,052; Harris had, 4,668. Galveston had 4,529, Naengdoches 5,193, Rusk, 8,148 Washington 5,983, Dallas 2,743. Texas has now 253 counties, four unorganized, in which San Antonio, Bexar county, has alone within its city limits, 1,613,779; I haven't the number for the county; Dallas county has within 2,000 of as many people as the whole of Texas did in 1850, 210,551, and as the most populous county in the state, with 245,100 persons per square mile. When I was born there was not a foot of railroad in Texas. There was but one bank, institution reported, which was the old Commercial and Agricultural bank of Galveston. It may be interesting to know that for two years ending June 31, 1850, among the crops reported in Texas was 66,897 pounds of tobacco, rice, \$7,916 pounds ginned cotton, 57,596 bales of 400 pounds each, or 46,076 bales of 500 pounds; 1,048 pounds of flax; 41,689 bushels wheat; twenty-two pounds of silk cocoons, and fifty-nine bushels of buckwheat. The exports from foreign countries were valued at \$24,958, and imports \$25,650. I have not the figures for all these for last year, but when we remember that millions of bales of cotton alone are exported now every year in normal times it is apparent that the wealth and commerce has far outgrown the increase in population. It has been my lot to watch

10 for 10 cts MANY smokers prefer it. They'll find that this compact package of ten Lucky Strike Cigarettes will just suit them.

Try them—dealers now carry both sizes: 10 for 10 cts; 20 for 20 cts.

It's Toasted

Texas grow for nearly seventy years and it has been an interesting sight. —L. B. Russell.

IT PAYS TO ADVERTISE.

(Lama (Georgia) Journal.) The local minister intimated in his sermon on "Why Do Fish Bite Better On Sunday Than Any Other Day?" that the theory was a delusion and a snare and a hoax to keep good fishermen away from church. That night a friend brought him a fine string of fish and the saddle of a frog. While the minister is still in doubt on his original position he is certain that it pays to advertise.

DIMMING THE HEADLIGHTS.

(Washington Herald.) Blinding headlights on automobiles are responsible almost every night for accidents of more or less seriousness; frequently one or more human lives pay the penalty. Many of these accidents have occurred in and near the District. There can be no excuse for mishaps of this character, and when death results there should be no allowance on the plea of "accident." The District and other communities have regulations forbidding the use of blinding lights on city streets, and whether covered by law or not, it is the unwritten code to turn from "bright" to "dim" when passing another vehicle on a country road. Every motorist is presumed to be familiar with the regulations, and therefore when these rules are disobeyed it can only be from careless

or wilful neglect. Motorcycle police of the District would do well to apprehend every driver caught disregarding this regulation. A few doses of stiff collateral or fines would be enough to discourage those who are merely forgetful that a blinding automobile headlight is as distinctly a menace as the proverbial "unloaded gun."

IMPORTANT SUIT FOR HILBURN OIL LAND IS COMPROMISED

An important lawsuit involving claims of some minor heirs to a one-ninth interest in 155 acres in the Hilburn oil field was compromised in the Eighty-eight district court yesterday. The style of the suit was Bailey S. Hutton vs. W. C. Hilburn et al, and the amount sought was \$50,000. The case was compromised for \$3,000. The plaintiff was represented by Brooks & Carley of Cisco and Harry Holmes of Houston and the defendants were represented by Scott, Brelsford, Funderburk and Ferrell of Eastland.

The Jingoes are finding it hard to talk louder than taxation.—Greenville (S. C.) Piedmont.

JUDGE J. D. BARKER OF THIS CITY WILL BE CANDIDATE FOR SENATE AT SPECIAL ELECTION

JUDGE SMITH OF BRECKENRIDGE HAS WITHDRAWN AND THE RACE IS NOW BETWEEN JUDGE BARKER OF CISCO AND JUDGE BURKETT OF EASTLAND WHO IS ALREADY A MEMBER OF THE LEGISLATURE.

(From Friday's Daily News.) Judge J. D. Barker of this city announced yesterday that he would be a candidate for the state senate at the special election on June 4, which has been called for the purpose of filling the vacancy caused by the resignation of John A. Russell of Eastland.

Judge Barker's only opponent will be Judge Joe Burkett, of Eastland, who is now a member of the legislature from this county, and who did not resign his position to make the race for senator. Judge Jesse R. Smith, of Breckenridge, has announced that he has withdrawn from the race, because of the fact that he cannot spare the time from his business to make the race nor attend to the business of the office should he be elected. This leaves the field to Judge Barker and Judge Burkett.

Decision to enter this race was made by Judge Barker after he had been urged to do so by prominent men throughout the district. There was a delegation from Ranger and Eastland here to make the race for senator. Judge Barker in getting his message to the people of the district, but this will in a large measure be overcome by the enthusiastic personal work that his many friends are sure to do for him.

The Cisco Barker association has endorsed Judge Barker's candidacy, and the members of the association are going to give him every assistance possible. During the three years that Judge Barker has lived in Cisco he has won the name of being a progressive citizen, always ready to get out and fight for the things that make Cisco a better place in which to live.

In his work on the school board, where he is now serving, he has been a conscientious booster for the betterment of the school system here. Times matters have come before the board in which Judge Barker did not agree with any of the members of the board, but those who have served with him give him credit for presenting his claims in a straightforward, clear-cut manner, and he is always voted down. He respects the will of the majority and gets right in the collar and works for the proposition. During the time that Judge Barker has served the school board some very vital propositions relative to the school system have been met by the board. In his work on the board it has been apparent that the one thing which he always held uppermost was the constant improvement of the educational advantages offered by the Cisco public schools. In his platform he outlines his policies relative to educational matters as they relate to the state and you will find when you read these planks in his platform that he stands first, last and all the time for bettering the educational advantages of West Texas. He is squarely and solidly for a West Texas A. & M. college and for all measures designed to advance the rural free schools and education in general.

Judge Barker is held in high esteem in Cisco. He is a man that the progressive thinking, aggressive, empire-building citizenship of West Texas can support without any reservations, because when the voters of this district send him to the senate they can depend absolutely upon their interests being protected and can have the assurance that he will always be in the forefront for legislation that will help West Texas.

Makes Statement. In connection with his announcement, Judge Barker makes the following statement: To the Voters of the Twenty-Eighth Senatorial District: I take this method of soliciting your support at the coming election, on June 4th, at which time the vacancy caused by the resignation of Senator John A. Russell will be filled.

To those who do not know me, I will state that I am a native Texan, born in Collin county, forty-four years ago. In 1899 I made my home in Fisher county. For the last three years I have resided in Cisco, Eastland county. I know the needs of West Texas; I know the people of the west—their hopes and aspirations. The time has come when the west should assert herself, when she should demand justice in the solution of her pressing social, economic and industrial problems, when she should demand of politics and men of plain business and common sense, when she should demand leaders who know her needs and are capable of giving her adequate representation.

My Opponent. What can West Texas gain by elect-

JUDGE BARKER IS ENDORSED BY BAR

To the Voters of the Twenty-Eighth Senatorial District of Texas: We, the undersigned attorneys of the Cisco bar, take this method of expressing our approval and endorsement of the candidacy of Judge J. D. Barker of Cisco, as the logical man to fill the responsible position of state senator of our district. He is an upright and exemplary citizen, a sound lawyer of broad judicial experience, and is a man qualified in every respect to represent the people of West Texas in the senate. Having resided in this district since 1899, he is thoroughly conversant with the industrial and economic problems of the west, and will be a fearless advocate of her legitimate legislative requirements, yet conservative in procuring and presenting those measures which will best subserve the demands of our section and of the entire state.

(Signed: D. K. Scott, Oscar D. Moulton, L. H. McCrea, Chas. E. Combes, S. W. Pratt, Ben S. Baldwin, Claude C. Wild, J. L. Stevenson, F. D. Wright, J. Lee Cearley, B. W. Patterson, H. S. Garrett. Cisco, Texas, May 19, 1921.

ing my opponent to the office of senator? He is now representative from this district, and has the same opportunity to serve the people in the house as in the senate. He has refused to resign from his present office. Should one man try to hog all the offices in the district at one time?

If he should be elected, he would have to resign from the office of representative. The special session is called for July. After June 4th it will be almost impossible to elect a man to fill such a vacancy, and West Texas will be minus a representative during that important session. And, God knows, she will need every vote she can get at that critical time, when so many issues will arise that will vitally concern her interests.

Some Proposals Favored. All measures designed to advance the rural free schools and of the entire public school system. Immediate re-districting of the representative and senatorial districts of Texas.

A well equipped West Texas agricultural and mechanical college, with all political appendages removed. An amendment to the suspended sentence law, with the aim of restricting its use and preventing its abuse.

Protection of our citizenship from criminality by more rigorous enforcement of the present laws, rather than by multiplying the number of laws. Economy in state government by the elimination of unnecessary officials and by the consolidation of duplicating departments.

In view of the fact that West Texas practically donated the capitol building to the state and built the asylum for the blind, by contributing its fertile prairies, and that she has given thousands of acres to the railroads of the state, while, at the same time, she has borne an unequal share of the burden of taxation, I therefore, favor a more uniform tax law that will relieve West Texas from the present unequal burden.

Immediate and substantial relief for all soldiers wounded or otherwise incapacitated during the world war. If elected I will consecrate my untiring efforts to the policy of less politics and more business in the administration of government, and strive sincerely to forward the interests of the farmer, laborer, stockman and business man, to the end that all classes may have a part in developing the unlimited resources of the west and of the entire state. Sincerely yours, J. D. BARKER.

KU KLUX KLAN POSTS WARNING

DALLAS, May 24.—Thousands of proclamations of the Ku Klux Klan, printed in flaming red, were found tacked to telegraph poles, advertising boards and other places yesterday. These proclamations issued a simple warning: "Lawbreakers to reform or leave town."

Those posted in the negro districts have been torn down, but elsewhere the posters are being read by thousands. The proclamation, signed "Ku Klux Klan," declares this is the first and final warning which will be given. Action will follow unless conditions change. It was said.

PRIZE FIGHTER TAKES COUNT AS WIFE HITS HIM

DALLAS, May 24.—William J. Buxton, former adjutant of the American legion and ex-prize fighter, yesterday filed petition for a divorce from his wife, Mabel Jane Buxton, alleging that about May 20 she assaulted him and knocked him unconscious.

PAY TRIBUTE TO AMERICAN SOLDIER DEAD

PARIS, May 24.—All nations with which the United States was associated in the world war will pay tribute to American soldier dead next week. Ceremonies covering two days will take place in Paris beginning Sunday and ending with a memorial in the Surmes cemetery.

BOB SHULER IS GLAD TO BE IN TEXAS AGAIN

Bob Shuler of Los Angeles, California, arrived in Cisco last evening on the Sunshine. He will preach his first sermon in the big revival meeting this morning.

Rev. Mr. Shuler was met at the depot by a large reception committee which escorted him to the home of Mr. and Mrs. R. R. Keathley, whose guest he will be while he is in Cisco.

While California, Rev. Mr. Shuler admits, is a wonderful state in many respects, he is glad to get back into his old home in Texas for a time.

"I am living in Los Angeles," said Mr. Shuler, "because I am convinced that there is a work there to do, but if I consulted my own pleasures about the matter, I would be refreshed by moving among the greatest citizenship to be found in America. California has a wonderful climate, many resources and a progressive people. Los Angeles is a playground which attracts people from all parts of the country. There is a great work there for preachers."

During the greater part of his ministry Rev. Mr. Shuler lived in Texas. He formerly held pastorates at Temple, Paris and other Texas cities.

When he arrived last night he was tired out from a long trip, but declared that he would be refreshed this morning and ready to tackle the work he came here to do.

"I came here for the single purpose of aiding in God's work. I feel that we are going to have a great revival in Cisco."

PRESBYTERIANS ASK 23 MILLION CHURCH NEEDS

THIS IS THE SUM THAT GENERAL ASSEMBLY OF THE SOUTHERN CHURCH ESTIMATES WILL BE REQUIRED TO CARRY ON THE WORK FOR THE NEXT FIVE YEARS — UNIFICATION OF CHURCH BRANCHES SOUGHT.

ST. LOUIS, May 21.—Recommendation for the appropriation of twenty-three million dollars to defray the expenses of the church during the coming five years and an overture for the unification of five branches of the church featured today's session of the general assembly of the Southern Presbyterian church, in session here.

The report of the executive committee on Christian education and ministerial relief asserts ministers have been seriously affected by the increased cost of living as the result of "wholly insufficient salaries."

The assembly telegraphed a resolution of felicitation and congratulation to former President Wilson.

Action on the proposed unification of the five creeds of Presbyterian churches in the United States was deferred until next year.

The Rev. A. V. Curry of the second Presbyterian church of Memphis, Tenn., was elected moderator.

The Rev. Thomas H. Law of Spartanburg was re-elected stated clerk and ex-officio treasurer for three years. Mr. Law is 84 years of age.

POPE APPEALS FOR SETTLEMENT IRISH UPRISING

Associated Press. Dunkirk, Ireland, May 21.—Pope Benedict has written to Cardinal Logue, the Irish primate, appealing to both the English and Irish to abandon violence and proposing the Irish question be settled by a body selected by the whole Irish nation. The pontiff sent Cardinal Logue two million lire for the Irish white cross.

BOY SHOOTS HIS FATHER WHEN HE ATTACKS MOTHER

WACO, May 25.—Joe J. Lunkin seventeen year old son father last night when the latter advanced upon the boy's mother with a club threatening to beat her brains out, was admitted to bail today in the sum of \$1,000 on a charge of murder. The examining trial is set for Friday. According to the coroner who held the inquest the shooting was the culmination of a series of quarrels between the boy's father and mother.

CHICAGO POLICE FIND SHOT GUN BETTER THAN RIFLE IN MAN HUNTING

CHICAGO, May 25.—Substitution of the shot gun for the rifle is the latest development in man-hunting by the Chicago police. The time-honored rifle squad has given way to the pump-gun squad.

The reason for the change was thus outlined by Michael Hughes, chief of detectives: "In close range fighting the pump gun is much the more efficient weapon, for within 90 feet of the objective it has a spread of four feet. Each shot carries nine rounds of lead, corresponding in size to that in a 38 revolver bullet."

"In street fighting, also, the chances of hitting the innocent bystander are greatly minimized by the use of the shot gun, because the effective range is so short."

"The other day we discovered a new use for the shot gun. During a race after bandits in an automobile, one of the men emptied his gun through the rear curtain of the speeding machine ahead. The hail of bullets stopped that car as no rifle shot would ever have done."

"The gun we use has the shortest stock. Every one of the detective cars carries these guns as regular equipment."

DIVORCE INCREASES IN ENGLAND AT RATE THAT IS ALARMING

LONDON, May 24.—Divorces are increasing at a great rate here, and so, according to Judge Darling, are the "shyster" methods, as they are sometimes termed in America, whereby some divorces are obtained. Judge Darling is one of the veterans of the bench who has recently had to tackle divorce cases, in addition to his regular judicial work, in order to cope with the growing demand for the untying of nuptial knots.

"We know perfectly well that an enormous proportion of the undefended cases in the divorce court are merely collusive," said Judge Darling. "Men know as well as we do that those letters 'My dear Billy, do return to your loving Kitty' are composed in solicitors' offices. Everybody knows it, only it is presumed that the judge in the divorce court does not. Of course he does."

"Judges who had retired are dragged back instead of being able to enjoy their old age in comfort because there are not enough judges to deal with these cases. And what wonder when people come into the divorce court and treat it in this fashion?"

TRUCK DRIVER HEARS ANGELS SINGING AS MACHINE LOADED WITH 700 QUARTS OF NITRO GLYCERIN TURNS TURTLE

Walter W. Campbell (Curley), one of the drivers of nitro-glycerin trucks for the Illinois Tornado company, is convinced that he will be called from this world by some other method than a nitro-glycerin explosion. He missed the best opportunity of his life to go by this route on yesterday morning, when the two-ton service truck loaded with 700 quarts of glycerin overturned on the canyon road to Breckenridge, about four miles from Cisco. The accident was caused by one of the front tires blowing out.

When the tire exploded the right front wheel of the truck turned under the machine and struck there, in spite of the fact that Campbell was riding the steering wheel with all of his weight and strength, trying to right the truck. Curley said he could feel the machine leaving the ground and he saw that a smash was inevitable. "I could see the angels and hear the choir singing as I jumped from that truck," said Curley. The only damage to the truck from the smash was a broken windshield. In spite of the fact that the machine was turned over completely, the death-dealing load of glycerin was no more disturbed than if it had been so much water.

COMMISSIONERS WANT PEOPLE OF THE COUNTRY TO SEE ROAD BUILDING

In order that the people of the country may have the opportunity of knowing what is being done in the county in the way of road building, the commissioners court at its meeting next week will extend to the chambers of commerce in the cities and towns of the county an invitation to send representatives with the court on a tour of inspection of the road system. When these representatives have seen the conditions of the roads and have learned first hand just what is being done they can then report back to their respective organizations and the people as a whole will have a better idea of just how the road work is progressing. Commissioner Stubblefield reports that a mile and a half of the sledge stone base for the hard surface on the Cisco-Rising Star road has been completed and that work on the surfacing is progressing very satisfactorily. Within a short time the rock crusher will be moved near this road and the work of crushing the rock and putting it on the road will begin.

The prayer meeting for the district south of Eleventh street will be held at 8 o'clock for a business and prayer meeting. The Presbyterian Auxiliary will meet Tuesday afternoon at 3 o'clock in the following circles: Circle One, with Mrs. Frank Harrell, corner Second and Avenue H; Circle Two, with Mrs. W. P. Lee, corner Sixth and Avenue I; Circle Three, with Mrs. Claude Gaines, corner Broadway and Avenue I. Mr. and Mrs. C. W. Buchanan are now residing at 361 West Second. Phone all news items to the society column to 93. Misses Mary and Lillian Robertson and Chas. Gunnis were in Cisco yesterday from Cross Plains. Mrs. Mark S. Stamps was called to Sherman Friday evening because of the serious illness of her nephew. Mr. and Mrs. R. Conard, of Eastland, were here Sunday to attend the revival. Mrs. Silas George of Sweetwater, is spending a few days with her daughters, Mrs. Dick Starr and Mrs. Leon Maner. She was accompanied by her grandson, Henry Rogers, Jr. Mr. and Mrs. T. J. Beasley left Friday to visit their children in Lancaster and Dallas for several weeks. Because of the revival now in progress, all social activities have been postponed for the next two weeks. Mr. and Mrs. S. W. Overt of Humboldt, will leave Friday for Riverside, Calif. Thursday at 4 p. m. there will be a prayer meeting at the home of Mrs. P. T. Cooper, 216 Avenue E, with Mrs. R. C. Rickers leader. Everyone is urged to attend. Mrs. W. G. Albright of Paris, and her sister are visiting friends in Cisco today. Mrs. C. C. Hendricks of Paris, spent the day with her mother, Mrs. A. H. Hall. C. H. Jolly was in Cisco from Paris yesterday.

LEGION POST WANTS NAMES OF VETERANS BURIED IN CISCO

The local American Legion post is experiencing some difficulty in getting the names and data of soldiers buried in the city cemetery. This data is desired for use in connection with the Memorial Day service which is to be held under the direction of the post on May 30. So far as known only three world war veterans are buried here. They are Walker, Bryan and Alexander.

in the election of Mr. Harding. But just why it should be ignorant in this respect is one of those curious facts for which there is no seeming explanation. This country rejected the league of nations because the law of its life is the constitution and the people are not in the mood to make a new one. A fact so glaring as this ought not to have escaped the attention of the London Daily News.

BAPTIST CONVENTION GREATEST IN HISTORY OF CHURCH SAYS PASTOR

The Southern Baptist convention which has just closed in Chattanooga, Tenn., was one of the greatest conventions in the history of the church declares Rev. C. G. Howard, pastor of the First Baptist church who has just returned from Chattanooga. Other delegates from the Baptist church of this city to the convention were Mrs. A. E. Caldwell and Mrs. R. Q. Lee.

Reports submitted at the convention showed that on the \$75,000,000 campaign that was to cover a period of five years and provide funds for missions, education and benevolences, already there has been collected in cash \$25,000,000. The campaign has been in progress for seventeen months. During the last conference year there was a total of 175,000 baptisms reported by the Southern Baptist churches. The convention was attended by approximately 10,000 delegates and visitors. There were between 5,000 and 6,000 delegates registered. Among the notable addresses made to the convention, Mr. Howard reports, were those of Dr. Rustbrooke of London, Dr. Truett of Dallas and Dr. Millens of Louisville. The program mapped out for this year's work, Rev. Mr. Howard said, is one of the most ambitious that the church has ever undertaken.

PERSONAL MENTION

Mrs. A. R. Henderson and son of Groesbeck, and Hugh Hayes of Midway, are guests in the home of W. H. Kirtrel. Mrs. Henry E. Wilson of Wichita Falls, is the guest of Mrs. Geo. Winston. Mrs. Bud Taylor and Henry Wilson, who have been visiting Mrs. Winston, returned to Wichita Falls yesterday. Among the Eastland visitors here yesterday were: Mr. and Mrs. P. S. Wolf, Mr. and Mrs. Williamson, Mrs. Parks and little son, Mrs. Hill, R. E. Sikes and A. Herndon.

AMERICA AND THE LEAGUE.

(Waco Tribune.) The London Daily News has been a whole-hearted champion of the league of nations, and the other day it declared itself perplexed by America's repudiation of the league. After saying that it inferred from Ambassador Harvey's address that the self closely with the aims and aspirations of the league, it goes on to say: "But yet the United States will have nothing to do with the greatest organization ever created for the fulfillment of the league's high purpose and this is not because America disapproves of any one of the objects of the league, but because her people at the last election gave a decisive vote against the party of one of the league's chief founders. Is this policy or politics? If the latter, is it domestic politics or international?" The London Daily News seems to be ignorant of America's attitude toward the league of nations as voiced

PARENTS URGED TO DISCIPLINE THEIR CHILDREN

(From Sunday's Daily News.) The auditorium of the Methodist church was filled Friday night by men who are vitally interested in raising the standard of morals in Cisco. They gathered at the city hall in response to a call from Mayor J. M. Williamson, to hear from him a report on conditions which he deems are alarming and demand immediate and decisive action. The meeting was called for the city hall, but the auditorium was occupied by a recital given by Miss Margaret Hayes and the city court room was not sufficiently large to accommodate the crowd, so the meeting was adjourned from the city hall to the church. Mayor Williamson stated that he hesitated to bring before the citizenship any of the morbidness of corporation court, and that he much preferred to have just as little to do with that phase of the city life as possible, but that it was in the sense of duty that he had called this meeting, because certain conditions had come about here that he considered demanded action and that the only remedy for such conditions lay, not in the corporation court, but in the homes of the city. The mayor then recited specific instances that have come to his attention during the last few weeks that thoroughly convinced everyone who heard him that something must be done. In the course of his talk, he read an extract from a certain magazine that is sold freely at a local news stand, that would draw a blush from the most hardened man. A magazine containing this article was taken from one of the high school girls and it had written across the cover her name. The article had been copied out of the magazine on a typewriter and circulated among the high school students. As long as parents allow boys and girls to roam the streets at all times of the night, as many of them do now, and as long as there is such a lack of discipline in the home, no parent has a right to be surprised at anything they might learn about their children, the mayor stated. He urged up the fathers present to exercise more discipline in the control of their children.

Table with columns for Texas & Pacific, Missouri, Kansas & Texas, and Cisco & Northeastern, listing arrival and departure times for various routes.

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Faint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her. "I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I am sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life." For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments. If you suffer as these women did, take Cardui. It may help you, too. At all druggists. E 25

PRESBYTERIANS URGE ADOPTION OF BLUE LAWS

GENERAL ASSEMBLY OF THE UNITED STATES PRESBYTERIAN CHURCH IN SESSION AT WINONA LAKE, IND., BEGIN A CONCEDED DRIVE TO CHECK THE "WIDE OPEN SABBATH."

Close Up Movies. "Close up the movie theater, shut the gates of the ball parks, lock the doors of many places of business," Dr. Bowby urged, "and you will have the solution of this paramount problem." The blue Sunday will come, he predicted. Indorsed by Harding. President Harding yesterday sent the following telegram to the assembly: "I am very glad, indeed, to express my intention to aid every such good work. Surely there is no intellectual and moral body in the country to which we may more confidently turn for wise assistance and guidance than to the Christian people who make up the body of our churches. Whatever may stimulate them to greater activity, and I feel, to increasing recognition of Christian citizenship with the administration of our public affairs, must necessarily be of service to the nation."

Advertisement for U.S. Chain Tread tires, featuring an illustration of a tire and a car. Text includes: "The U.S. Chain Tread. One of the few tires of which it may be said that they deliver economy year in and year out and tire after tire. The U. S. Chain Tread gives sufficient traction on all ordinary road surfaces. It is probably the handsomest, and by all odds the most popular, of the whole U. S. Fabric Tire line."

Economy rides on U.S. Tires-

If you could get together all the car owners you know, you'd probably find that their tire experiences had been much the same. Most of them have taken their fling at "job lots," "discontinued lines" and "surplus stocks." Soon or late, nearly all settled back on quality first as the one sound assurance of tire value. Not merely for the heavy car, but for the medium and light-weight car—a full selection of size, tread and type. Your U. S. Tire dealer can give you this service because of the service he gets from his neighboring U. S. Factory Branch. There are 92 of these Branches. Each gets its share of U. S. Tires, so that the dealer is always supplied with fresh, live stock. U. S. Tires sell as fast as they are made. There is no over production. No surplus piled up waiting for a "market." Wherever you buy a U. S. Tire—you buy a tire of current production, as full of life and value as the day it left the makers.
