Humble Oil Derrick Burned Sunday; Pocket Natural Gas Thought to Be Cause; Workmen Refuse to Talk on Subject

Material On Way For a New Derrick

On Sunday morning at 8 o'clock the derrick of the Humble Oil Test No. 1 about nine miles northwest of Muleshoe caught fire and was burned to the ground. The giant steel derrick crumbled under the terrific heat of what is rumored to have been a pocket of natural gas encountered somewhere between 1,200 and 2,000 feet, igniting from a large heater in the derrick room. When the workmen were questioned as to what caused the fire they refused to talk, it was said.

Lease and royalty dealers have taken on an entirely new interest. Many have taken their land off the lease market. The Western Union wires were busy Monday making inquiries about the find. It is also rumored that the fire was caused from a large stove or the oil furnace used in heating the drill and tools.

But the following report received just before going to press last night over the phone, is encouraging news. The Humble Oil Company will have a complete rig on the test by Saturday or the first of the week. Drilling will be started as soon as the rig can be erected and the tools strung. The complete outfit is now on the way, it said. Now what do you think about that looks like we were about to have just the thing we have been looking for so many years. Every dog has its day. Muleshoe real days are not far distant. Keep your eyes on Muleshoe the great oil field of West Texas.

SANTA FE TO OPERATE TRAIN TO COW MEET

According to announcement made by Mr. T. B. Gallaher, General Passenger Agent, Santa Fe Ry., Amarillo, Texas, the Santa Fe will operate a special train from Amarillo to El Paso, Texas, and return for the accommodation of delegates and visitors attending the Texas and Southwestern Cattle Raisers Assn. meeting to be held at El Paso March 15, 16, 17.

The special train will depart from Amarillo at 7:00 p. m. March 13, arriving El Paso early the next morning. This schedule will afford convenient connections with all trains from over the Panhandle and South Plains. An open rate has been authorized of \$17.85 from Amarillo which will include a side trip to Albuquerque, N. M. on the return trip. Correspondingly low fares have been authorized from other Panhandle and South Plains points.

The Santa Fe is co-operating with the Cattlemen and Board of City Development, Amarillo, in an endeavor to have a large delegation attend the convention at El Paso, when Amarillo will enter a "bid" for the 1928 convention.

Mr. H. A. Ecker, Santa Fe Local Ticket Agent here announces that the round trip fare from Muleshoe to El Paso will be \$17.85. He urges every one interested in making the trip to get in touch with him as early as possible for sleeping car space.

FOR SALE—Day old Wyandotte Baby chicks, about March 11th, at \$14 a hundred. Place your order in advance. Mrs. Walter Hapke, 8 1-2 miles northwest of town.

"A Man Must Live."

What Others Think of "A Man Must Live"

Two of America's best known short story writers, contributors to the Saturday Evening Post and Colliers, paid a visit to the Paramount Long Island studio during the filming of Richard Dix's new picture, "A Man Must Live," and expressed themselves in enthusiastic terms about the production which they viewed in rough form.

The first, William Almon Wolff, said, "I am especially interested in the fine way the story values are kept in the picture. The punch of the original story is maintained throughout and I got a great kick out of Dix. I think he does great work. It is a fine picture."

The other, William McHarg, had this to say about "A Man Must Live." "It is a peach of a picture and has some of the greatest scenes I ever saw on the screen. The picture is superb all the way through." "A Man Must Live," will be shown on Friday and Saturday, March 4th and 5th, at Brooks Theatre. On March 11th and 12th, Brooks will show "The City That Never Sleeps"—where the fun begins at midnight and there's no place like home.

WHY IS A NEWSPAPER LIKE A WOMAN?

"Because every man should have one of his own and not be chasing after his neighbor's. A prize winning, answer and one every citizen should take to heart. Be sure you have a newspaper of your own. Send in your subscription now.

Another thing, if you want something known, tell a woman, she'll spread the news. (With due apologies to the women.) If you want it known that you are in business, let the Journal spread news for you.

If a woman has admirers, and knows it, she looks her best. So does a newspaper. If you are too bashful to tell us you like the Journal, just send in your dollar and a half for a subscription. We'll take the hint."

SCHOOL PLAY AT AUDITORIUM SAT. NITE

The high school will put on a play Saturday night at the Auditorium. This is a three act comedy drama and promises to be a good one. Come out and see it.

THE CIVIC CLUB ACTIVELY BOOSTER BUNCH

If there's ever so tiny a bit of Irish in you, even if you just imagine you have a splotch or two in your make-up, be on hand at three o'clock in the home of Mrs. C. C. Mardis, to help the other descendants of the beloved Saint celebrate the coming of the great day, March 17th. Mrs. Kennedy, Mrs. Hart, Dorothy Wentland, and numerous other full blooded Irish ladies have already promised to come and your presence is muchly desired.

There's to be an exceptionally fine program, and then this tree campaign is still on and will be stress more than ever. In fancy let your dreams stray on two or three years and picture your home, your farm and your town surrounded with beautiful rich green trees. What could be more pleasing to the eye than a large grove of trees, some bearing rich, mellow fruit, others offering an abundance of deep restful shade?

If every man, woman and child would each plant one tree, think what the results would be! What could be a more fitting celebration of the cherished Saint Patrick's Day than to resolve to honor him, not for just one day, but on down through the history of time, by planting a tree to his name how patriotic that would be to the "ould home."

In Moody's proclamation he says that the tree has ever been symbolic of the life of man. To prove the statement he quotes the late Joyce Kilmer and then adds a few thoughts all his own:

"The tree has ever been symbolic in the life of man." Gov. Moody said in his proclamation: "It was the late Joyce Kilmer who wrote: 'I think I shall never see, A poem lovely as a tree, A tree whose hungry mouth is prest Against the earth's sweet flowing breast; A tree that looks at God all day, And lifts her leafy arms to pray; A tree that may in summer wear A nest of robins in her hair; Upon whose bosom snow has lain; Who intimately lives with rain. Poems are made by fools like me, But only God can make a tree.'"

"True only God can make a tree, but our people can plant them, can transmit to the future the debt we have received from the past, lending every advantage to tree life, and if the people of the commonwealth shall make it their duty to carry out these blessings it will bring. Let us keep impressed upon us the importance of tree culture and husbandry so that a State-wide interest may be kept throughout the year."

FIRST TRADES DAY WAS GRAND SUCCESS

Saturday witnessed one of the largest crowds in town since the Christmas holidays. About one o'clock the crowd started gathering and from then on until six-thirty merchants everywhere were kept busy indeed.

About five o'clock all ticket stubs were turned in and the crowd gathered en masse in front of the McCarty Drug store to see who would be lucky. Three numbers were called and still no one answered. The fourth trial and Mrs. Nina B. Kennedy, who owns a store near Progress produced the duplicate and received fifteen dollars in coupons, good for that amount of trade in Muleshoe. Another call was made and Gus Priboth received ten dollars worth of coupons.

There is no doubt in the minds of any but that Muleshoe's First Trades Day was a complete success. Not only from a financial standpoint is this true, but in a social sense, also. For a few brief hours cares were laid aside, financial failures forgotten, and every one joined in a sure enough, honest-to-goodness get-together meeting.

Besides having a good time at this sort of a thing, trading at home is the wise, sensible and profitable thing to do, for every dollar you spend at home gives an added return every time it turns over in your community, says the Research Department of the National Association of Farm Equipment Manufacturers. Few realize that a community around a town or city is built up or torn down by the way its people both rural and urban do business with each other. Take the local dealer in hardware, farm implements, shoes, dry goods, groceries, or what not, and he can render the local farmer the greater service than can the dealer in a town twenty miles away or in the city 500 miles away because he turns around and spends the dollar he gets from the farmer on food that the farmer raises and on wollen clothing that came from the farmer's sheep. Each local dollar spent at home is turned over and over to make more business and each deal profits the farmer who originally spent it as well as every man, woman and child in that community. Better streets, lights, sewers, schools, churches, water systems, town bands, celebrations etc., all help make it a more progressive town and a better community in which to live and trade.

LETA MAE EVANS DIES SUDDENLY FROM APPENDICITIS

Leta Mae, the fifteen year old daughter of Mr. and Mrs. M. L. Evans, died Thursday evening, February 2nd, at 9 o'clock, in the Plainview Sanitarium following an attack of appendicitis.

Leta Mae was sick only a few short days, complaining very little. Thursday afternoon her parents became alarmed over her condition and started at once or Plainview with her. Upon reaching there her pulse was so weak that an operation was an impossibility. It was discovered that her appendix had already burst and the death angel's presence was felt in the little room.

The funeral services were held Saturday afternoon in the Baptist church, the Reverend Saffle of Plainview, and Payne of this city, in charge. The school mates of Leta Mae's marching in heavily laden with large floral offerings. The funeral procession then left for the cemetery where interment was made.

Leta Mae was one of the most popular young ladies in her school, and by her willing and cheerful manner, gained for herself legions of friends who grieve with the relatives at her going. Yet, while we grieve, we read the words of this nameless poet, and find there a beautiful philosophy and comforting thoughts: "Her presence lingers still about the room;

Her footsteps echo yet upon the floor; Her cherry smile still brightens the gloom. Though she has hurried out and shut the door And hiding here in grief we feel and know Whatever way her fading footsteps trend, A little lapse of time and we shall go."

MACK LEE HAS ACCIDENT

While playing Friday evening, Mack Lee ran a four foot stick, somewhat larger around than anencil, through his lower lip and on up between the upper lip and teeth. Fortunately, nothing serious resulted. He was brought to town, stick and all, as Mrs. Lee was not able to remove it unassisted.

"Doc" Matthews was busy bandaging Dodson's finger that had just gotten smashed, so Messrs. McCarty and Marsh took hold and pulled the stick out. Incidentally, seven year old Mack never whimpered before nor afterwards. That is the stuff from which men out here are made!

CARD OF THANKS

We wish to thank our many friends and neighbors for their assistance and words of sympathy in our dark hours of sorrow. Also the beautiful floral offerings. May God's richest blessings be yours.

Mr. and Mrs. M. L. Evans, children and relatives.

MULESHOE GIRLS BASKET BALL TEAM DEFEATED BY CLOVIS

The girls' basketball team of Muleshoe suffered its first defeat of the season at the hands of the Clovis sextete last Friday evening in a game that was almost tragic in its effect.

There is no alibi to be offered for the defeat. The girls were simply outplayed.

The Clovis team went in the game with blood in their eyes and were eager for revenge for the defeat administered to them early in the season by the Muleshoe team. Clovis went in to win and did, but only in the last few minutes of play.

The first half ended with the score 11-12 in favor of Clovis, but soon after the blowing of the whistle for the second half the Muleshoe team hit a "natural," and looped several baskets and remained in the lead until the latter part of the 4th quarter when the Clovis loopers rallied and sent several through the hoop and gave them a lead of six points, but before the final whistle blew the Muleshoe team had killed two points of the six point lead and the game ended 25-29.

Opal Morris was easily the star player for Muleshoe if indeed it can be said that there was any star playing done on the part of M. H. S. team. All the team were rattled, and off for some reason or other and were outplayed by the opponents.

There were several personal and technical fouls made by both teams. Hardly a player on either team had less than two fouls.

Mildred Lee of Muleshoe team and Clovis player No. 2 were disqualified on personal fouls, both in the third quarter. Glascock substituted for Lee.

The defeat will possibly be a victory in disguise for it will put some fight into the girls that has been lacking for the past few weeks.

The girls have been somewhat handicapped however, since the holidays, having to miss so much time while school was dismissed and also there was no late truck until last week and the team had no time for practice except about 25 minutes at noon.

We have a late truck now, however, and are giving the girls a good work out every afternoon after school from 3:30 to about 5:00 or 5:30. This is going to help out wonderfully in the next game.

We are going to try to arrange to take the team to Breckenridge on the 17th-19th of March for the State Tournament.

Every one give the team a boost and encourage them in this work. We have as good material as there is to be found anywhere in the State and with proper training and enough of it they can give some one plenty of good hard competition at Breckenridge. Come on, be a booster.

INTERMEDIATE LEAGUE MAKING PROGRESS AT METHODIST CHURCH

The Intermediate League is making fine progress. During the past two weeks six new members have been added to our roll as follows. Lucille Long, Alene Arnold, Juno Glascock, Ruby Moore, Rheta Wilemon and Jimmie Lee Hayes.

All of you Intermediates come out to hear our program next Sunday night at 7 o'clock. Until the church is completed our Sunday evening programs will be held at the residence of Mrs. Connie Gupton.

HONEYMOON COUPLE STEAL MARCH ON WAITING RELATIVES

Last week we gave a mere mention of the wedding of Miss Reta Lea Dodson and T. S. Ballew and promised the details of the wedding this week. We ran down all the folks anyways near connected with the family, trying to get the said facts. For some reason or other the bride and groom were found to be very uncommunicative, except on the details of how they put it over Jim. Ballew was plenty willing to talk about that, and here is what we learned:

After the reception Ballew asked Jim if he might borrow his Nash and run down town for a few minutes. Jim agreed so off the bride and groom went, to return no more until Friday. Incidentally, Jim in company with a few more, were making high old schemes of just what the groom must go through. Unbeknown to him, however, the bride and groom were having trouble all their own. After leaving the town, they struck out on the Hurley road and after riding for some time, discovered they had a flat tire. Ballew climbed out, looked for tire tools and found a small pair of pliers. After waiting in vain for some one to come along with assistance, they climbed out and in some way or other managed to get the tire off enough so he could patch the tube. After laboring for what seemed several ages, they finally fixed the tire, and started back to Muleshoe and from here went to Amherst, not bothering to stop here. The next day they went back to Sudan, made peace with Jim, then Friday morning came driving in town with a large white flag held sky high.

Seriously, though, it was some affair, and all the relatives declare that everything went off according to Hoyle. An arch of silver and blue extended across an interior doorway, and under this the happy young couple plighted their troth, while the Rev. Rankin, father-in-law of the bride's sister read the impressive ring

ceremony. The house was very attractive with pot plants and cut flowers. Only the members of the family witnessed the ceremony.

The bride wore a lovely blue crepe dress, covered with silver lace. The slippers of grey had just a touch of blue on them, and the hose were of grey. The groom wore a light brown twill suit.

Reta Lea is the youngest daughter of Mr. and Mrs. D. A. Dodson and has lived here for the past eighteen years. Ballew came here from Dallas a little over a year ago as electrician for the Texas Utilities. Both are very popular among the younger crowd and have a host of friends whom the Journal joins in wishing for them every happiness and success in the coming year.

Mr. and Mrs. Ballew are making their home in the rooms at the Hotel Jameson, formerly occupied by J. H. Johnson.

SCHOOL NEWS

The boys are beginning baseball practice this week. Your help is needed, boys.

The basket ball girls are hoping they may be able to make the trip to the city of Breckenridge to the state tournament. They need your cooperation. Let us all work to make this possible. Wouldn't it give Muleshoe a boost for our girls to win state championship? That is exactly why they are going to Breckenridge. "On to Breckenridge" is our slogan.

The Juniors are working very hard on their class play, which is to be given soon. Watch for the date.

Help! Help! Examinations next week.

There are several new students in high school.

The tenth grade history class did not know Mr. Jenkins could be so hard-boiled.

Opal Morris and Jack Lawler, who are at an orchestra: Opal: "I wonder what they are playing."

Jack: "Why, their instruments of course." (Gr-r-r-r)

The ninth grade welcomes Anna Mae Long back in the sophomore class after a long absence. She has been visiting and attending school in Dallas.

We wonder how Iris happened to such a terrible accident. It must have been an accident that gave her the jaw she has.

Miss Babe Green visited friends here last week end.

We are grieved over the loss of one of our former school mates, Leta Mae Evans. She died Thursday night in the Plainview Sanitarium.

Darrell Dalak was absent from school the first of the week.

Marie Butt, a junior, has withdrawn from school.

Laurena Paul was absent from school Monday.

The Home Economics girls made sherbet Tuesday. It was served to Miss Chapter, Messrs Leverett, Jenkins, White and Denison.

Monday night the Muleshoe Yellow Jackets played the Oklahoma Lane boys. The score was 41 to 11 in favor of the Yellow Jackets.

Monday night the faculty team met the town team in one of the hardest fought games of the season. The faculty members lost both breath and skin. Mr. Leverett starred in the faculty team. The score was 35-12 in favor of the town team.

All who are entering the interscholastic meet are very busy preparing for the local contest which will decide who is to represent Muleshoe in the county meet.

Don't forget the Junior Play Saturday night. It is a very entertaining three act comedy, "The Adventures of Grandpa." The proceeds are to be used in helping to defray the expenses of the girls who are planning to go to Breckenridge to the state basket ball tournament.

Miss Chapin looking sarcastic.

Shorty Smiling.

Hazel DeBord looking worried.

Florene Long afraid to move

Anna Mae Long listening attentively.

Louise Lawler without a sign of a smile.

Velma McDorman with a good lesson.

Sherman Vance thinking of what to do next.

William afraid to say anything.

Scrib with a slight grin on his face.

Avanelle with her glasses on the end of her nose.

Fred Moore with his books and paper in the study hall.

Just then Mr. Leverett happened in.

Jimmie Cox was absent from school Monday morning.

Mr. Leverett and the Glee Club boys are doing splendid practicing.

Mr. Denison received a love letter written in French the other day. We wonder if he

can read French.

The Muleshoe boys will play the Farwell boys in basket ball Wednesday night. This will be the last game of the season. The boys will then start playing baseball.

Mr. Leverett warned us of the coming examinations several days ago and we have been preparing for them. We are hoping they won't be hard.

Some of the textile girls are beginning on their voile dresses. We have just finished the renovation of wollen and silk garments.

3 Tests for good gasoline

MAKE sure that your gasoline isn't "one-sided." Perhaps it's a good starter, but it may also be a poor finisher. Good gasoline has endurance.

For real efficiency your gasoline should check three ways: (1) for ready starting, (2) for rapid pick-up and (3) for power and mileage.

Conoco, the Triple-Test Gasoline, meets these three requirements. It passes the efficiency test on every count. It is the real motor fuel for year-round economy and satisfaction.

The long experience back of Conoco Gasoline and the high reputation which it has won for itself in fifteen states are your assurance that it will deliver more and better miles of motoring satisfaction.

To get it, make sure that you deal only at those pumps where the Conoco sign is displayed.

Drink Water to Help Wash Out Kidney Poison

If Your Back Hurts or Bladder Bothers You, Begin Taking Salts

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

HOW TO HAVE A CLEAR HEAD

End Stiffness, Sneezing, Huskiness, Inflammation.

Do you get up in the morning with a clogged-up nose? Are your breathing passages clogged with a cold? Are you subject to catarrh, bronchial irritations, asthma or hay fever? Have you that mean, low-spirited feeling which comes from lack of proper oxygen? If so, here is a pleasant, harmless cigarette that will clear out the head, nose and throat.

These cigarettes are the formula of Dr. J. W. Blosser, and are composed of medicinal flowers, herbs and berries.

Dr. Blosser's Cigarettes contain no tobacco, no cubics, nothing habit forming, and are entirely harmless. They are used by women and children as well as men.

It is so simple to inhale this pleasant and soothing smoke. Much more convenient than using sprays, washes, douches, etc.

If you suffer from any catarrhal trouble, catarrhal deafness, asthma, hay fever, bronchial irritations or frequent colds, get from any druggist a convenient, pocket-size package of Dr. Blosser's Cigarettes, and prove for yourself their pleasant, beneficial effects.

A SAFE, DEPENDABLE LAXATIVE

COATS OF NOVELTY WORSTEDS; SPRING HATS FEATURE CROWNS

THE black and white vogue is "carrying on" at a fast and furious rate for spring. Especially is this true in the realm of sports coats, where startling black and white plaids are considered one of the smartest items for the coming season.

Choose a model such as the one in this picture and you will be credited as being cloaked most fashionably. The basket weave plaided worsted which contrasts black with white, selected as the medium for this swaggar coat emphasizes the trend toward

as these tall crowns do perform—they turn, they twist, they double over, and when all is said and done, they come forth in handsome form. In the manipulation of the fashionable crown, not a trick does the milliner miss in the way of latest "wrinkles," creases, folds and other details which trend to mold into becomingness.

The choice of the Parisienne for the practical hat for immediate wear still rests on felt, and it includes every version from the youthful skull cap types to the imposing tall-crowned ef-

extreme novelty and startling effect. Most of the spring sports coats are fur-collared. Natural lynx, collars this one.

The latest coats are noted for their unusual pockets. In the instance of the smart spring mode here pictured, the looping of a wide strap of the fabric from beneath a large button centered in the pocket imparts to it an unmistakable style touch.

Black and white plaids with stripings of brilliant red, green and yellow rayon are the "last word" in cloakings for sportswear.

Dressier coats also register black and white combinations, but in a different manner from sports models. That is, they achieve the contrast of black and white in the trimming rather than in the weave itself. Of such are the patrician looking slim black suede models which are collared with white calfskin. Satin, moire and flat crepe are strongly advocated for the black

feats which are so eminently suited to the matron. As the French milliners see it, the style is all in the felt itself and its manipulation. It needs little or no trimming—a modish touch of grosgrain ribbon, a sparkling ornament to distinguish it, or that which is latest of all, a novel flat feather motif.

There is also an inclination manifest to give a springlike aspect to the felt hat with a cluster of flowers cunningly posed either low on the left brim or conspicuously high on the crown. The vogue is especially for violets, either white or purple. Sometimes there is a violet-colored scarf to match.

From the standpoint of draped crowns which spell extreme chic, the hats herewith pictured are fraught with interest.

An outstanding feature of the first model in this group is that the milliner makes part of the hat of felt

Showing Variety in Crowns.

coat for spring, for the style message from across seas places especial stress on the silk coat for the coming months. These are variously detailed with white ermine or baby fox and the combining of monkey fur with ermine is an effective new touch.

Black cloth or silk coats with white embroidery are attracting much interest. These are timely for immediate wear. Later the white coat quilted or hand embroidered in black will make its appearance.

To the crowns of our chapeaux do we pay homage these days, for apparently they are "doing the honors" in conveying the spring millinery style message. Especially do crowns have everything to do with the smartness of the new felts. Such acrobatic feat-

pieces, using a felt hood for the much bedraped crown. The brim of the hat of imposing crown, shown at the top to the right, rolls up at one side, which is a most stylish thing for it to do. The fact that it is velvet-faced, and that the tall tabs are stitched row-and-row adds to its "Frenchness." The crown of the center hat expresses the "last word" of the mode. In the hat pictured below to the left we see a happy combination of style details, such as the beret suggestion for the crown, its multitudinous creases and especially its ribbon trim. The last model in the group is noteworthy in that it reveals the trend toward the cloche silhouette.

A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

Look, Mother! Is tongue coated, breath feverish and stomach sour?

"California Fig Syrup" can't harm tender stomach, liver, bowels

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Fig Syrup," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Fig Syrup," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

Winter chills bring varied ills

—the time good elimination is most important

COLDS, chills and changes in temperature impose extra strain on our kidneys. Sluggishness of function is apt to permit some retention of body-poisons in the blood and make one more susceptible to the ills of winter. Presence of this unfiltered waste makes one listless, tired and achy

—causes drowsy headaches, dizziness and often a toxic backache. Disturbed function is often evidenced by scanty or burning secretions. At such times a stimulant diuretic to the kidneys is indicated. Doan's Pills have been winning friends for more than forty years. Ask your neighbor!

Countless girls and women now know how foolish and needless it is to "purge" and "physic" themselves to avoid sick headache, dizziness, biliousness, sallow skin, colds, or sour, gassy stomach.

They have found that Dr. Caldwell's Syrup Pepsin helps to establish natural bowel "regularity" even for those heretofore chronically constipated. Dr. Caldwell's Syrup Pepsin not only causes a gentle, easy bowel movement but, best of all, it never gripes, sickens or upsets the most delicate girl or woman. Besides, it is absolutely harmless and so pleasant that even a cross,

WILL MULESHOE CITIZENS FORM THE BOOSTING HABIT?

There is a difference between a Kicker and a Kicker. Sometimes people kick to a good purpose. But a Kicker is a Kicker—a Pest and a destroyer. Here is the way to push the Kicker into Oblivion.

Boost. Boost your town, Boost your business. Boost everything that helps other people or yourself. Be a booster and you can't help but be a builder.

Boost. The man who boosts is a leader. He is always fol-

lowed by a crowd. His philosophy at once becomes contagious. He leaves a trail of boosters on his path, while those that follow him cut his name in bronze.

Boost. When you don't know what else to do. Boost. It makes little odds what you Boost so long as you boost something. Once you form the habit you need not fear the lack of things to boost. They will spring up from every direction.

Boost if you want to be happy. Boost if you want to get higher in the world. Boost. The busiest and wisest men that live will be glad to listen to you if you are a booster. Learn the knack of boosting. Its a great knack—more important than any "Pull or Influence."

Throw away your Hammer and get a Horn

Boost and the world boosts with you. Kick and you're on the shelf. For the world gets sick of the man who kicks. And wishes he would kick himself.

Boost when the sun is shining. Boost when it starts to rain. If you happen to fall don't sit there and bawl.

But get up and boost again. Boost for your own advancement.

Boost for the things sublime, For the chap that is found on the topmost round. Is a booster every time.

Boost for the good old U. S. A. Boost for the Lone Star State. Boost like 'ell and get a hotel. Before its too darn late.
