

A well-tilled farm is more valuable to the owner and the community than an oil gusher.

# The Cisco Round-Up

Any movement tending to aid the farmer never fails to substantially benefit the merchant.

11ST CONTINUOUS YEAR.—NO. 49.

CISCO, TEXAS, THURSDAY, MAY 4, 1922.

FOUR PAGES TODAY

## PRESBYTERIAL CLOSES SESSIONS TODAY

### BANKHEAD HIGHWAY ROUTE IS NOT CHANGED

#### RAY B. LEACH OF BRECKENRIDGE, CHAMBER OF COMMERCE SAYS HIS WIRE WAS GREATLY EXAGGERATED

**Owens Up to "Being on the Job" at the Phoenix Meeting of the National Highway Association, But Says His Interests Were Confined to the Northern Link of the Bankhead Highway, Which is on the Map as Passing Through Stephens County and Breckenridge.**

#### CISCO TO BOOST FOR WEST TEXAS C. OF C. MEETING

The meeting of the directors of the Chamber of Commerce at noon today was a most interesting and important session. Among the visitors present were L. S. Bronta, of Dallas, representing the Kelly-Springfield Tire company, who was a guest of Minter Womack, and B. F. Bennett of Abilene, representing the West Texas Chamber of Commerce.

There was a called meeting of the chamber yesterday afternoon to formulate plans for the materialization of the Midland college. Immediate action was decided upon. The plans include the procuring of the services of attorneys to handle the legal phase of the situation, which it is hoped to have worked out by the last of the week, to the end that the college authorities can begin at once their campaign for opening the school here this fall. In this connection it was proposed that representative citizens of Cisco co-operate with the college authorities to induce their friends to locate in Cisco or send their children to the school.

B. F. Bennett, who is here canvassing Cisco for membership in the West Texas Chamber of Commerce, stated that he had never found such unanimity in any town to attach themselves with his organization. That in the canvass only one man turned down the proposition flatly. Cisco now has 42 members.

A. J. Olson informed the body that he was making strenuous effort to induce the Knights of Pythias to hold the next session of the grand lodge in this city. He ascertained that we had 500 rooms available to care for guests who might come here. Upon motion the secretary was instructed to co-operate with Mr. Olson and, if possible, secure this grand lodge meeting here.

Chairman Harrell of the good roads committee, said that the obstacle to extending the east and west road right-of-way west of Cisco had about been removed, and he thought it very probable that the commissioners court would build the brick highway to the Callahan county line, as Judge Starnes had tentatively agreed to extend the brick pavement out two miles, and further, if funds could be secured.

#### EASTERN STARS NAME OFFICERS

The Cisco Chapter of the Order of Eastern Star at the regular meeting in the Masonic temple Tuesday night elected the following officers for the ensuing year: Mrs. Rose Miller, worthy matron; George Bedford, worthy patron; Miss Mabel Daniels, associate matron; Mrs. Eva Ruesberg, conductress; Miss Venita Daniels, assistant conductress; Ralph G. Love, treasurer; W. R. Cabaniss, secretary; Miss Maegan, hostess. The installation will be held on May 31, and the names of the appointive officers of the organization will be named.

#### SNIVELY COMES TO RAISE MONEY FOR THE SCHOOL

George L. Snively of Lewiston, Ill., who has the reputation of being a "go-getter" when it comes to scraping up money with which to put over some worthy project, is in Cisco to try his luck on formulating plans and to assist in obtaining finances for the repair of the buildings on Britton Hill, which are to be used to house the Midland Christian College, which the citizens of Cisco have decided they want to have located here. Mr. Snively comes at the solicitation of the Cisco Chamber of Commerce, and he will be in the city for a period of at least two weeks.

Incidentally Mr. Snively is Rev. Mr. Snively. While not actively engaged in preaching the gospel, he holds a commission or whatever they have to hold to show that he's entitled to preach in the Christian church, and has the degree of D. D. He is said to be a good preacher, and convincing. J. T. McKisick, president of the Cisco it is expected that all of the money which will be required to place the buildings on Britton Hill in readiness for the college will have been subscribed, and that so far as finances are concerned the matter will be settled.

#### VICTORY SOLD TO OWNERS OF OTHER HOUSES

When the evening picture was run last Saturday night, and the show was over, the Victory theater closed its doors to open no more. A deal has been pending some time between the interested parties for the transfer of this show house. The trade was closed Saturday, Messrs. Box and Williams, proprietors of the Victory, selling the seats, apparatus, paraphernalia, etc., and retiring from the show business in Cisco. The purchasers are the Victory are the proprietors of the other two show houses, Spencer Bros., of the Judis, and A. L. Mayhew of the Broadway.

The Victory was started here in 1919 by Mr. Box of San Antonio, who associated with him W. M. Williams, at that time conducting a picture show in the city hall. They put on high grade pictures, and did a good business until we were struck by the panic, and this, with the high priced pictures, has caused the business to be a losing game for all concerned. With only two picture shows in Cisco, this will put the business on a more stable footing, which will enable them to show better pictures and give the public better service.

#### LIONS PUT AWAY SOME CHICKENS

The Lions Club put away several chickens today at the Alexander Hotel, in their regular weekly luncheon. Dr. C. C. Jones was the lucky man in drawing a ticket for ten gallons of gasoline, given to the holder of the lucky number by the B. & H. Motor Co. Every man present on time got a chance at the drawing.

The Lions heartily endorsed the movement to get the K. P. Grand Lodge to meet in Cisco in 1923. The club also authorized a committee to proceed at once toward the establishment of the proposed tourist park for Cisco. It is expected that the park will be in operation within the next two weeks.

The following new members of the club were present for the first time today: F. J. Huey, Crigler, Paschal and E. J. Barnes. Mr. W. H. Wagoner of Shreveport, La., and Mr. O. Coffman of Dallas were visitors at the luncheon and addressed the club. Other members present were: Dr. D. Ball, P. J. Butler, Dr. J. H. Brier, Guy Dabney, Dr. C. C. Jones, M. D. Odum, K. E. Pittard, Dr. K. J. Scott, W. B. Statham, M. I. Stock, S. A. Williams, C. E. Yates, A. J. Olson, and G. C. Richardson.

#### Ku Klux Klan Is Sued for \$200,000 By Ft. Worth Man

FORT WORTH, May 3.—Papers in a \$200,000 damage suit against the Ku Klux Klan were filed in federal court late yesterday by A. W. Sasse and wife, now in New Orleans. Sasse alleges that the Klan conspired to ruin his reputation and business because of his refusal to discharge a certain employee. He alleges also a conspiracy to oust him from a fraternal organization.

#### KEEP YOUR DOG AT HOME, ELSE HELL BE SHOT

There's going to be a dog killing in Cisco. The chief of police says so, and he is backed up in his statement by the mayor.

Hot weather is coming on, the days when dogs have a tendency to get unsober, or too sociable, whichever way you look at it and it is said that hydrophobia is not a greatly to be desired affliction. It's to guard against this undue familiarity on the part of the canine population of the city that Chief Bedford and Mayor Williamson have issued their ultimatum that all dogs running around loose are in immediate danger of going to dog heaven.

If you have a dog that you care for, you'd better stay with him on the street, whether he's tagged or not. All dogs must be properly chaperoned in the future.

Says the law: "All persons living within the city of Cisco who own a dog or dogs shall be and are required to keep the same restrained and confined on their premises; and it is hereby made unlawful for any dog or dogs to be permitted to run at large and unrestrained on the streets and alleys of the city. It shall be and is hereby made the duty of the chief of police and all city policemen to kill any and all dogs that may be found running at large and unrestrained on the streets or alleys of the city, unless the same be accompanied by or in charge and control of the owner or some other person."

#### CISCO INDEED IS "CITY WITH A PERSONALITY"

G. C. Richardson, secretary of the Cisco Chamber of Commerce, this morning received the following letter of appreciation from the Rev. E. A. Heckman, secretary of the Lutheran conference which held its recent sessions at Christ Lutheran church, south of Cisco:

The North Texas district conference, in session at Christ Lutheran church, unanimously resolved to extend heartfelt thanks to the Chamber of Commerce for the cordial welcome and the warm reception accorded the members of their assembly, especially do they thank you for the delightful automobile ride given the visiting pastors and teachers, under the able direction of Secretary Richardson, showing the fine city of Cisco, its fine thoroughfares, splendid residential section, Humboldt, the great dam site, Britton College, and other places of interest. The members of this conference would also improve this opportunity to express appreciation for the presentation of the photograph taken of the party while in the city.

The visitors will long remember these courtesies and depart fully convinced of the fact that Cisco is indeed as its slogan points out, the "City With a Personality." With personal thanks to all friends there, I am Respectfully yours, REV. E. A. HECKMAN, Secy.

#### REVIVAL TENT BEING PUT UP ON AVENUE E

The big tent for the continuation of the Bennett revival in Cisco is going up today at the corner of Avenue E and Broadway. Many volunteers for work came this morning to help in raising the tent and getting ready for the meeting, which will open tomorrow.

There was a choir practice at the city hall Tuesday evening. Special prayers were sent up for the revival. Last night the congregation cheered at the close of a solo sung by the evangelist, entitled "The Unclouded Day." It was appropriate in many ways. The evening was so delightful that all decided to have choir practice again tonight at 7:45. The public is invited. All who sing are also invited to help make up the large choir. One hundred chairs have been secured for the choir. The tent will provide comfortable seats for all. Music will be furnished by Minkler, Ely and others.

Prof. Ward Minkler of Kansas City is called to special gospel playing. He was formerly a teacher of music in Kansas City. He is a special coworker of Evangelist Bennett in all his revivals. Some new as well as popular revival songs will be sung each evening. One hundred new songs came today. The singing and music will be a special feature of the meeting.

Plans, straight preaching will follow the singing. The Bible will be preached and special subjects will be announced each evening. The first sermon for Thursday evening is "Old-Time Methodism and the Power Thereof." The sick will be prayed for as well as the unsaved. All are welcome.

#### JUDGE STARNES' SUITS GO OVER

EASTLAND, May 3.—The suits of County Judge C. R. Starnes against J. E. Stubbard for \$20,000 and against the Griggs Owens for \$25,000, alleging defamation of character, have been continued for the next term of court. In the Owens case, an effort was made to prove that under the law Owens, by failing to answer the interrogatories contained in the allegations of the suit were true. The attorneys for the defendant, however, allege that the papers in the suit were withdrawn immediately after being filed, and that they were unable to get the papers on three different visits to the clerk's office. No jury was available to hear the case, and Judge Starnes was out of the city, so the case was continued this morning to the next term of court.

#### 26 INCHES OF RAIN THIS YEAR

The rainfall in Cisco Monday amounted to four and one-eighth inches, making a total of five inches for Sunday and Monday. Since the 9th of February, the date of the first rain this year, Cisco has had 26 inches of rainfall, which is about the usual amount for the whole year.

#### ARRESTED ON CHARGE OF OPERATING STILL

J. L. Kelly, residing between Cisco and Sunday, was placed under arrest Saturday by Deputy Sheriff C. S. Looney on a charge of operating a whiskey still. He gave bond for \$500 for his appearance before the grand jury. The still was located in a rapid pulled off the latter part of the week by about 25 farmers of the vicinity, it is reported.

#### WALLACE RECOVERING

Artie Wallace, who has been confined to his bed and home at 702 W. Fourth street, for the past eight months, was on the streets yesterday greeting his old friends. Mr. Wallace, who is an old citizen of Cisco, was stricken with paralysis at the time mentioned, which resulted in a nervous breakdown. He states he is now rapidly regaining his health.

Joe Goldman, who has been connected with the Model store for the last three years; departed last night for the home of his parents in St. Louis.

GORMAN POSTMASTER NAMED Among the Texas postmasters nominated at Washington Monday was Sidney B. Smith for the office at Ger-

### BIG FEATURE OF ANNUAL MEETING WAS PRESENTATION TUESDAY NIGHT OF EXCELLENT MISSIONARY DRAMA

Entertainment Given Under Direction of Mrs. G. H. Wells, With Local Cast Was Well Prepared and Makes a Decided Hit With Visitors—Life in Korea Related by Miss Esther Matthews, Missionary—Matron of Files Valley Orphanage Tells of Her Work—Memorial Service Today.

An exceptionally well prepared program was given last night at the Presbyterian church for the entertainment of the visitors at the Presbyterial now in session in Cisco. Under the direction of Mrs. George H. Wells the missionary drama entitled "Two Masters" was given.

Mrs. LeVaux, in her charming manner took the part of the mother of Mrs. Van Horn, a Christian lady of wealth who tried to give her time to all her duties and still cling to her missionary work at the same time. Mrs. Charles Mount in her characterization of Mrs. Van Horn, the lady who was almost too busy to devote the time necessary to her missionary friend's only daughter, Janet McCrea, portrayed by Mrs. Owen Barker, when she was sent to America to be educated under Mrs. Van Horn's direction.

Mrs. Owen Barker was particularly good in her role as Janet McCrea, daughter of a foreign missionary, both as a school girl and later in the scene of the meeting of the Ladies' Culture Club, when she announced her decision to return to China as a missionary. Mrs. C. E. Fitch gave the part of Mrs. C. Van Der Witt-Jones, a traveler and lecturer, in a truly characteristic manner, which was one of the hits of the evening.

Misses Beryl Huey and Gussie Newcomb were college friends of Janet McCrea and were very pleasing in their roles, while Miss Leta Alexander was a typical president of the ladies' club. This playlet served as a fitting introduction to the personal stories of life in Korea as told by Miss Esther Matthews, a missionary in Korea, who is now in Texas in the interest of her medical work among the Koreans. Miss Matthews told in a very pleasing and personal way of her work in the hospitals and schools of Korea, and displayed pictures and samples of work by the Koreans.

Mrs. Ben McClinton gave a solo which was very much enjoyed, and Rev. Gaines B. Hall, in a very pleasing program with a talk for the missionary work in the home field. The program for the evening was preceded by a supper given to the members and visiting delegates by the Laymen's Club of the church. Sandwiches of home-baked meat, potato chips, olives and pickles, doughnuts, coffee, tea, lemonade, and ice cream was served by the club.

Toasts were given by Miss Eleanor A. Berry of Atlanta, Miss Estelle Matthews of Korea, Mrs. Gaines B. Hall, H. L. Winchel, E. P. Crawford, A. Angus and Rev. G. B. Hall.

Tuesday Afternoon. With Mrs. Charles J. Rootes presiding, Mrs. J. L. Brock of Bryan, syndical president, opened the Tuesday afternoon session with devotional ser-

#### TOUCHED HIS DAD FOR ALL HE HAD

Chester Zerbe, a 17-year old boy wanted in Dallas for theft, was picked up by Assistant Chief of Police Weston and Officer Tomlinson Tuesday night, and will be returned to Dallas. Young Zerbe is charged with stealing \$50 from his father, H. C. Zerbe, a one-legged snake oil peddler who recently visited Cisco. The robbery left the old man broke, Dallas officers claim.

#### TURNBOW CHARGED WITH MAKING CORN

Arthur Turnbow, living about eight miles southwest of Cisco, in the Scranton vicinity, was arrested Tuesday afternoon by Deputy Sheriff C. S. Looney on a charge of illicitly manufacturing liquor. He gave bond for his appearance before the grand jury.

THE WEATHER East Texas—Tonight and Thursday, partly cloudy; probably showers near east. West Texas—Tonight and Thursday, partly cloudy.

Misses, Mrs. Brock's work along this line is one of the impressive features of the sessions.

Mrs. Rootes, as presiding officer during the convention, displays much grace and tact, is a good parliamentarian and is meeting with much favor by the ladies attending the sessions.

A feature of the Tuesday afternoon program was the talk of Mrs. J. D. Stormont of Files, one of the five matrons at the Files Valley Home for Orphanas. She gave a message of the daily life at the home in Files. The Women's Presbyterial Auxiliary, together with other agencies of the church, is working to support this institution, which is built on the cottage plan, with two cottages for the boys and three for the girls.

The Rev. E. A. Lindsey of Fort Worth, who is in charge of home missions for the presbyterial, gave an address on "Home Missions," bringing to the ladies the importance of a close relationship between the different auxiliaries, and urging them to build up the weak places through auxiliary extension.

Wednesday Morning. A part of Tuesday afternoon's program had to be carried over to this morning on account of the drive about the city which had been arranged for the visitors. The narrative reports from the auxiliaries of the district and from the young women's circles were finished at the morning session today. In the pledges received from the auxiliaries for home missions, more than \$1000 was subscribed, and there are several auxiliaries which have not yet reported.

The memorial service scheduled for Tuesday afternoon was held this morning in respect to Mrs. Kaufman of Abilene; Mrs. D. A. Clark of Sweetwater and Rev. J. D. McLean, president of the Files Valley Home for Orphanas. These members of the Presbyterial have passed away during the past year.

This morning there was also held a round table progressive program which was led by Mrs. P. E. Beck of Mineral Wells. The different auxiliaries brought out clearly the right objectives of auxiliary work, as follows: To intensify the spiritual life of the church membership; to promote church-wide evangelism; to purify the scope and improve the method of missionary education; to extend and perfect the work of the church in Christian education; to place the right and a church based in every home to secure adequate support for every benevolent cause of the church; to give a living glory for every prayer and mission.

A lunch was served at the church for the women. The session will close this afternoon with the reports of committees and installation of officers.

#### BOB HENRY STOPS IN CISCO ON TOUR

Ex-Congressman Bob Henry, who is canvassing the state in the interest of his candidacy for the United States senate, was in Cisco a few hours today. He is on his speaking itinerary which takes in the towns on the Texas & Pacific, but inasmuch as Cisco is included on his speaking tour of the towns on the M. K. & T. road, he will not speak here on this trip, but will visit Cisco at a later day, at which time the people will be notified.

Mr. Henry was in congress from the Waco district, which he represented with distinction for 20 years. Should the people of Texas elect him as their United States senator he will go in the senate well equipped mentally and by experience.

#### TWENTY-SIX INCHES OF RAIN THIS YEAR

There was a rainfall of three-eighths of an inch in Cisco Tuesday night. According to the records kept at the home of R. E. Merrill on West Tenth street, from the government rain gauge, this brings the total rainfall in this city for the year up to 26 1-2 inches. The first rain of the year came on February 2.

## CISCO A CONVENTION CITY.

The Presbyterian now convening in Cisco is one of the several assemblies to hold their district and state sessions here of the religious bodies of Texas. With the coming of a few more we will become known as the "convention city," as well as the home city. We first had the annual conference of the M. E. Church South. This really put Cisco on the map. Then there were several others of lesser importance, and then there assembled in this city a district conference of a religious body that is little known in this section, but which is a live militant force—the North Texas district conference of the Lutheran church. True, they convened about six miles distant from town, and Cisco was not able to show the real Cisco spirit of hospitality, but we claim them as meeting here, all the same. The aggression the delegates had of this city will yet bear fruit, and will be ripe juicy plums when the harvest comes, for the Lutherans are also casting about for an ideal location site for a junior college. There are possibilities from this source that few Cisconians realize so while we strive for the location of the Midland college we may be just planting the seed that will also produce another school of a different denomination.

Now we are hosts to the Presbyterians. We like to have these gatherings here, for every time any body of people select Cisco as the place in which to hold their assemblies it means that Cisco is known and appreciated. Each carry away some fond sentiment for the town, for never have we entertained nigardly, but hospitably, and the hospitable host never bids farewell to an ungrateful guest.

Now comes A. J. Olson and says we can take care of the grand lodge of the Knights of Pythias. This might look big to some, but Cisco is capable of doing big things, and if Olson can land the grand lodge of the Knights of Pythias Cisco will take care of them, and make them know that Cisco, as host, has few equals. The Chamber of Commerce voted to back up Mr. Olson in his laudable undertaking, and that body will make a strong pull to land the grand lodge of that order for Cisco.

While talking of conventions, Cisco is determined to land the 1923 meet of the West Texas Chamber of Commerce.

**REVIVAL OF CISCO "PEP."**

Now that times are gradually coming back to "normalcy" there is some evidence of the revival of the old Cisco "pep" that was everywhere manifest when times were good, and all of us saw millions just ahead. We speak of this in connection with the recent election in expressing the overwhelming sentiment for the Midland College. Cisco had a preferential election last Saturday on that subject. The people know the result—in fact, it was really known in advance, but the vote was conclusive. Now that the people have spoken, the college committee has gone to work to make it possible to use the Britton College site for this purpose.

Now that the people have spoken, the committee having in charge the location of this school here have secured an attorney to work out a plan whereby this property can be utilized for the location of this school. Just as soon as the legal status of the situation is known, and the committee is assured the property can be used for school purposes, the actual work of bringing the school here will get under headway.

With the clarifying of the situation work will begin on the improving of the buildings and putting them in shape for the removal of the Christian College here from Midland. The News anticipates all can be worked out to a satisfactory conclusion, and the coming of the Midland College here will usher in a new era of prosperity and better things for Cisco.

Reliable information is that there are several who contemplate moving to Cisco just as soon as it is determined that the school will be located here. This means more and a better class of new comers—people seeking a home city for educational reasons. Such people can be none but the best. The vicious are not seeking a home for that purpose, and every man who cares for Cisco should be a booster for the Midland College.

Unless it is decided to make the bid in autos the boosters who go to Midland to bring the 1923

convention of the West Texas Chamber of Commerce to Cisco will occupy Pullman cars. This car or cars—depends on the number of boosters in the bunch—will be the quarters of the Cisco delegation while in Plainview. Arrangements are under way for this mode of transportation, and it has been ascertained that the trip will only cost \$35 per capita. This is the report made by the committee having the matter in hand at the meeting of the Chamber of Commerce yesterday.

## BUY IT MADE IN CISCO.

The News has previously called the attention of our readers, the importance of fostering those infant industries that are or may be established in our community. It is with some regret that the News has seen little interest manifested in this direction. But as these industries grow larger, and are recognized away from home, it is hoped that our people will see it is to their interest to give them loyal support.

We have several small concerns in Cisco whose products are recognized by others, yet we see few of the goods in Cisco business houses. But this is not a general resume of the home industries we have here, but the News wishes to call the attention of our people to just one of several small concerns that is being operated in Cisco, and as an evidence that the merchandise is of splendid quality we cite the fact that merchants in other towns are taking the entire product, and the demand at this time is greater than the output. We have in mind the Independent Mattress Company, whose premier brand is the Slumber-On mattress, a bed said to be second to none.

This factory was started here several years ago, and as its products were not handled by the merchants, they were disposed of to the consumers. The demand was fairly good, but not of sufficient volume to cause the factory to expand. Recently the owner of this small enterprise decided to wholesale his wares, and he is selling mattresses to dealers in Ranger, Eastland, Gorman, and recently secured a contract to supply all the retail stores of the Higginbotham Company, and now the Independent Mattress Company is running to full capacity.

Previously Mr. Cameron, the owner, did all the work himself, but he has other mattress makers working in his establishment now, and has added more people to Cisco's population—only a few, of course—but if every home industry had the patronage it deserves—that is, if our people would only "buy-it-made-in-Cisco"—there would be a considerable increase in our population, more children in our schools, more people to live in our houses and more to buy groceries and clothing, and all the necessities of life. It is such as these that build towns. You want Cisco to grow—then why not buy home manufactured products? This will make a city of Cisco, instead of keeping the town a feeder for some of the larger cities.

Have you been thinking of a cotton gin for Cisco? If not, isn't it about time we were waking up? On account of the excessive rains there will not be as wide diversification in crops this year as was anticipated. Cotton will grow and mature quicker than most crops—can be planted later and make a fair yield unless overtaken by some of the enemies that destroy the crop. If we are fortunate in missing a visit from the boll weevil this year there will be quite a bit of cotton produced. How shall we take care of it? If there is no gin operated here, the cotton will go to some near-by town where there is one. Where the cotton is ginned it will most likely be sold and there, also, will the proceeds be spent. Cisco felt some effects of this last season, and the crop was insignificant. If the yield is considerable, we will feel the effects of no gin more than we now imagine. The News directs the attention of the Chamber of Commerce to this matter.

Hensler Yam Potato Slips—\$2.50 per 1000 delivered. No order accepted for less than 1000. Special prices on large amounts. We guarantee the count and delivery. The best day weather potato on the market. Pate Brothers, Stephenville, Texas. 4t.

"Cleanly that give satisfaction." Ave D at 5th St. Cisco—Adv. 57-381-C

Some wonder is often expressed why the larger towns continue to grow? The answer is the people buy the products manufactured in their home towns, and the smaller towns believe if it is made away from home it is necessarily better. By so doing the smaller towns, around the cities within a radius of 100 miles, become feeders to the cities, and sap the life out of their own municipalities. Is Cisco a feeder or a producer?

**T. S. ROSS OF GORMAN WANTS TO BE COUNTY JUDGE AT EASTLAND**

T. S. Ross of Gorman, came in yesterday, and is stopping a while in Cisco, meeting old friends and making new ones. "Tip" Ross, as he is familiarly known by those whose acquaintance dates back some years, is in the race for judge of the commissioners court of Eastland county. That is the reason for his visit here. He wants to meet and know the people.

Having lived in the edge of Comanche county, near the Eastland county line, practically all his life, until he moved to Gorman several years ago, Mr. Ross feels that he has practically been an Eastland county man always and knows Eastland county needs. He is asking for the office of judge of the commissioners court, the office we designate as county judge, as a business man. On this platform he is making a very good impression. He is a business man, and promises, if elected the presiding officer of the commissioners court, the county's affairs will be administered on business principles.

Then, "Tip" Ross is familiar with road laws, and the business of building roads, as while serving in the 31st, 32nd and 33rd legislatures, he was a member of the committee on roads, ferries and bridges during those sessions. In speaking of the roads in Eastland county he said: "I firmly believe, with the money that has already been spent, this county could have built a system of good roads, whereas, we have practically nothing to show for the \$2,000,000 already expended."

But that is another story. "Tip" Ross is seeking the office of county judge, and is anxious to prove what he says. He asks the most rigid inquiry as to who he is, what his qualifications are, and if you are satisfied he is the best man for the position, he wants you to see that your ticket reads "For judge of the commissioners court: T. S. 'Tip' Ross."

"His announcement is in the News announcement column.

**Kokomo**

GORMAN, May 3.—J. C. Hagar's brother is visiting him this week.

Chester Henderson and wife are the proud parents of a little son born April 26.

Grady Neill and wife visited at Kokomo Saturday and Sunday.

Miss Donnie Jones visited her sister at Gorman last week end.

The entertainment given by Gus Reynolds Saturday evening was enjoyed by all present.

**Mangum**

CARBON, Texas, May 2.—We are still having lots of rain, the farmers of this community would be very glad to see the sun shine again.

Miss Annie Noble is visiting her sister in Waco.

Miss Dorothy Wuborn visited in Carbon Thursday.

John Webb of Eastland visited here Saturday and Sunday.

Carl Elliott and Jack Thurman of Carbon were visitors in Mangum Sunday afternoon.

There will be a pie supper at Mangum Saturday night, May 6th, for the benefit of the church. Everybody invited.

O. P. Weiner and J. H. Thurman have returned from Eastland.

**A GREAT LIFE IF YOU DON'T WEAKEN**

Getting out a newspaper is no picnic. If we print jokes folks say we are silly; if we don't they say we have no sense of humor. If we publish original matter they say we lack variety; if we publish things from other papers they say we are too lazy to write. If we don't go to church we are heathens; if we do we are hypocrites. If we stay in the office we ought to be out rustling news; if we are out rustling news we are not at tending to business in the office. If we wear old clothes we are not so solvent; if we wear new clothes they are not paid for. What in moderation is a poor editor to do, anyhow? Like as not, somebody will say we swiped this from an exchange.

We did.

**GOVERNMENT WILL FIRE KU KLUX MEN FROM ITS EMPLOY**

AUSTIN, April 29.—In its final report, the Travis county grand jury said the federal government would soon make an investigation to ascertain if any of its employees belong to the Ku Klux Klan.

"We learn from what we think a reliable source that the federal government is soon to have a general housecleaning among its servants, and that those in the federal service belonging to this organization will have to disassociate themselves from the organization or quit the federal service," the report said. "We find from our investigations that representatives of the state government have become involved in this organization," the report continued, "and this we think unfair to the great mass of citizenship of this state."

**LIVING AT HOME.**

That the farmers living in the Cisco country are amply able to feed us has been demonstrated this week when there were no trains running in or out of Cisco, by reason of the washouts on all sides of us.

It is the custom of our market men to get their beef and pork from the packing houses in other cities. But had we no other supply most of us would have been vegetarians, during the past week, for there were no trains to bring in the daily supply of fresh meat. So when the market men sent out the distress call the farmers were equal to the emergency, and the market is being supplied with plenty of meat. We are living at home, eating home-killed meat, and the money is not sent to other towns.

Just how many farmers have supplied the local markets with meat, the News is not advised, but Henry Schroebel stated to a News man Friday that he butchered and sold nine head of hogs. The porkers averaged about 50 pounds each, and brought the owner 12 and 12 1/2 cents per pound. He brought in two Thursday, five Friday, and two yesterday. It is presumed other farmers also sold to the markets, as all have been supplied, and Cisco people have not wanted for fresh meat.

**METHODISTS TO HOLD A REVIVAL**

The Methodist revival starts next Sunday, May 7. The Rev. Burke Culpepper, who is to conduct the meeting in Cisco, is now in Gainesville, where he is holding his meeting in a large tabernacle. In spite of the inclement weather, this tabernacle has been insufficient in size to hold the crowds attending his services.

Arrangements for the meeting here are steadily going forward, various committees being at work on the details. An interesting feature of the revival will be the nursery, where infants may be taken care of during the services.

Special arrangements are being made for music. There will be two pianos in use and as many other musical instruments as can be secured.

**CAUGHT MAKING CORN AT CARBON**

EASTLAND, May 2.—Prohibition Agent Tom Bendie and Deputy Sheriff Hearn made a raid 10 miles south of Carbon Monday afternoon, and, according to reports, ran across H. C. Nielson in the act of pouring corn liquor into a jug from the product of two stills, which were in operation. They captured four 50-gallon barrels of mash, it is said, and two 10-gallon tanks. Nielson is charged with manufacturing intoxicating liquor. A quantity of the manufactured product was brought to Eastland.

# BY OVERWHELMING MAJORITY CITY GIVES ITS APPROVAL TO EFFORTS TO SECURE THE CHRISTIAN SCHOOL

Of the 508 Votes Cast at the Special Election Saturday, 459 Were in Favor of Bringing the College to Cisco—Vote is Regarded as Very Satisfactory Both in Point of Numbers and Result—Five Citizens Served as Judges and Clerks of the Election Without Pay or Reward.

## GOVERNMENT WILL FIRE KU KLUX MEN FROM ITS EMPLOY

AUSTIN, April 29.—In its final report, the Travis county grand jury said the federal government would soon make an investigation to ascertain if any of its employees belong to the Ku Klux Klan.

"We learn from what we think a reliable source that the federal government is soon to have a general housecleaning among its servants, and that those in the federal service belonging to this organization will have to disassociate themselves from the organization or quit the federal service," the report said. "We find from our investigations that representatives of the state government have become involved in this organization," the report continued, "and this we think unfair to the great mass of citizenship of this state."

## LIVING AT HOME.

That the farmers living in the Cisco country are amply able to feed us has been demonstrated this week when there were no trains running in or out of Cisco, by reason of the washouts on all sides of us.

It is the custom of our market men to get their beef and pork from the packing houses in other cities. But had we no other supply most of us would have been vegetarians, during the past week, for there were no trains to bring in the daily supply of fresh meat. So when the market men sent out the distress call the farmers were equal to the emergency, and the market is being supplied with plenty of meat. We are living at home, eating home-killed meat, and the money is not sent to other towns.

Just how many farmers have supplied the local markets with meat, the News is not advised, but Henry Schroebel stated to a News man Friday that he butchered and sold nine head of hogs. The porkers averaged about 50 pounds each, and brought the owner 12 and 12 1/2 cents per pound. He brought in two Thursday, five Friday, and two yesterday. It is presumed other farmers also sold to the markets, as all have been supplied, and Cisco people have not wanted for fresh meat.

## WOMACK MOTOR CO. IS NOW LOCATED IN ITS NEW QUARTERS

The Womack Motor Company has just moved into its new location at the corner of Avenue D and Sixth street, opposite the Cisco Banking Company building. Since May of last year, when Mr. Womack bought out the Fulwiler Electric Company, the company has been located on South Avenue D, two blocks south of Broadway.

In the new location the company has about 8000 feet of floor space, with an up-to-date automobile show room, tire and accessory display. The Womack Motor Company is local agent for the Buick and Chevrolet line of cars.

In front of the new building is an oil and gasoline station. In the rear of the building, with an entrance on Sixth street, is a first class battery and electrical station and the repair service station.

The public is invited to call and inspect the new quarters, and the company gives assurance of being in position to give dependable service.

Misses Mary and Addie Fee will be hostesses to the Tri-K club Thursday afternoon.

Mrs. Hugh White will entertain the 500 club Friday afternoon at Humbletown.

## WEST TEXAS FAIR DATE ANNOUNCED

STAMFORD, April 29.—The exhibit bureau of the West Texas Chamber of Commerce announces the following dates for the principal West Texas fairs for 1922:

Baylor and Childress county fairs at Seymour and Childress, September 12-16.

Texas Pecan Palace at Brownwood and Dickens county fair at Spur, September 21-23.

Runnels county and Cisco fairs at Ballinger and Cisco, September 14-16.

Colorado fair at Colorado City, September 22-24; West Texas fair at Abilene, September 25-26; Floyd county fair at Floydada, September 26-27; Plainview fair at Plainview, September 28-30; Terry county fair at Brownfield, September 29-30; Garza county fair at West City, October 5-7; South Plains fair at Lubbock, October 17-21; San Angelo fall fair at San Angelo, October 24-25.

The West Texas Chamber of Commerce will be represented at all of these fairs.

G. C. Lingle, who has been visiting with old friends in Cisco for the past week, will leave tonight for his home in Los Angeles, Cal.

## ANNOUNCEMENTS

The South Ward Improvement Club will meet Thursday afternoon at 2:30 o'clock at the school building. Miss Gillett will talk to the members about nutrition and Mrs. W. J. Armstrong will give her report of the district meeting held in Ranger last month. All members and those interested in the school are requested to be present.

## ANNOUNCEMENTS

# MRS. A. E. BATEN WINS CAR IN CISCO

## Mrs. Lindley in District No. 2

### Judges' Statement:

Cisco, Texas, April 29, 1922.

We, the undersigned members of the executive committee, appointed to have supervision of the Free Gift Distribution of the Cisco Daily News, concluded this date, and who have been selected to act as counting judges and auditors, certify and state that we have this day and date made a careful count and check of the ballots cast in this election, and find the results to be as follows:

| First Grand Capital Prize, District No. 1— Essex Touring Car  | No. Votes  |
|---------------------------------------------------------------|------------|
| Mrs. A. E. Baten, Cisco                                       | 29,451,367 |
| Second Grand Capital Prize, District No. 2— Essex Touring Car |            |
| Mrs. B. G. Lindley, Cross Plains                              | 25,157,835 |
| Third Grand Capital Prize—Five Hundred Dollars in Gold        |            |
| Mrs. J. A. Williams, Cisco                                    | 26,660,967 |
| Second Prize District No. 1—Two Hundred Dollars in Gold       |            |
| Mrs. L. V. Carroll, Cisco                                     | 18,819,880 |
| Second Prize District No. 2—Two Hundred Dollars in Gold       |            |
| Miss Bessie Hilton, Eastland                                  | 14,901,720 |

It is our belief that the campaign has been conducted in a fair and impartial manner to everyone interested and concerned, and we commend the Cisco Daily News and the Charles Partlow Company, campaign managers, for the business-like methods employed in conducting the election.

We further find that the contestants whose names are herein given received the number of votes given opposite their names, and they are declared the winners in their respective positions.

(Signed)  
P. W. CAMPBELL  
GUY DABNEY  
GRADE CALLOWAY  
MAYOR J. M. WILLIAMSON.

Promptly at 10 o'clock Saturday night the ballot box which has been at the Guaranty State Bank and Trust company all week was taken by the judges to the Cisco Daily News campaign headquarters, where the last count was made.

The judges were: P. W. Campbell, Guy Dabney, Grade Calloway, Mayor J. M. Williamson. During the week scores of envelopes were placed in the ballot box. Eager workers continued canvassing until the last moment, and just before the campaign was formally declared closed all envelopes from the postoffice were placed in the ballot box.

Results Early Sunday. The judges began their work at 10 o'clock and finished only after a long period of strenuous work. They found hundreds of subscriptions and thousands of coupons collected by candidates and friends of candidates. Every receipt check, money order, bill or coin was carefully checked and results were tabulated. It was not until early morning that the count was completed and the winners determined. It was a smiling, cheerful but hard-fought battle, this news campaign. All honor to the hustling contestants who worked hard to obtain the rich prizes.

It was a truly wonderful race. The number of votes cast for the various candidates ran into the millions and it was only after the judges worked strenuously that the grand totals were made and the results announced. The utmost accuracy was observed by the judges in tallying each contestant's vouchers and votes and to say it was a difficult and most tedious task is putting it mildly. Very fortunately the gentlemen who served as judges were all accustomed to the handling of figures and to accounting with great exactness and this fact, made it possible to complete the count much quicker than might have been expected had inexperienced judges been chosen.

Thanks Are Expressed. The News wishes to take this means of expressing its thanks and sincere gratitude to every contestant in the list for their part in making the big campaign the raising success has been. Starting out very slowly, indeed, for a time it looked like a dismal failure, the big campaign became faster and faster and more interesting until it became the most-talked-of subject, not alone in Cisco, but in this entire territory.

It is doubtful if there was a home in the entire territory roundabout that was not vitally interested in the success of some of the candidates toward the home stretch. Votes literally poured into the ballot box in the last few days and every individual candidate, regardless of his or her standing in the list, should feel mighty proud to-day of the thousands of scores of friends who valiantly supported him or her through the election. In an election of this nature one finds out who are his or her real friends and the support that was given the different workers proved beyond question that each neighborhood and each community was represented in the election by one of its most popular persons.

Candidates "All Fair." More than anything else the management of the election appreciates the expressions of the various candidates in the race, winners and losers, about the fairness and squareness of the entire election. It has been the constant aim of the management to conduct the entire election on an absolutely unquestionable plan, to make it fair and square in every detail to everyone. And it is gratifying to the management to know that these efforts have been appreciated from the complimentary remarks and the expressions of everyone at the News office and election headquarters.

All candidates who have made a cash report each week of the campaign will receive a complimentary check.

Successful candidates are receiving the congratulations of their friends to-day.

### Overflows Reported on Streams in South Texas—Rain Coming

HOUSTON, May 2.—Overflows along the principal South Texas streams were reported to the weather bureau here today, while additional rains caused fear of more serious high water. There is a prospect for more rain, officials of the bureau state.

### CARNIVAL WILL BE STAGED NEAR TOWN

The carnival to be staged this week under the auspices of the local post of the American Legion is setting up at the corner of Avenue D and Broadway today, and will begin operations to-night. The members of the city commission this morning granted a permit to use this lot, which is closer to the business district and less muddy than the location selected yesterday on South Avenue D.

NO QUORUM ON GRAND JURY. EASTLAND, May 2.—The grand jury was scheduled to meet again this morning, but there was no quorum present, probably due to the bad condition of the roads. It is thought by tomorrow all the grand jurors will be present.

The city federation will meet Saturday afternoon at three o'clock in the city hall.

## MALNUTRITION AT LAST BEGINNING TO RECEIVE ATTENTION IT DESERVES

### Nutrition Classes Are Now Being Conducted in Eastland County and in Cisco, Where Examination Shows That 354 Out of 1055 Children Are Over 10 Per Cent Below Normal Physically.

By MISS HELEN GILLETTE (Red Cross Nutrition Worker)

Malnutrition is at last beginning to receive the attention it deserves. A variety of agencies are being set at work to combat it. It is important that information on this subject reach every one responsible for the welfare of children.

The Eastland county chapter of the American Red Cross has employed an especially trained worker to help stamp out malnutrition from the school children and in every way possible raise the health standards of the community. Local physicians have heartily endorsed this work and found ready to help in every way possible.

Naturally the question arises, "What is malnutrition?" According to Dr. George Newman it is not a disease, but a "low condition of health and body substance," measurable not only by height and weight, and robustness, but by various signs and symptoms. Contrast a well-nourished, healthy child with the malnourished. The healthy child measures up to the racial and family standards of his race in height and weight. He has good color, bright eyes, good carriage, firm flesh and well developed muscles. His sleep is sound, his appetite and digestion good. A malnourished child lacks one or more of these characteristics. Usually he is thin, his skin is pale, or an earthy color. He often has hollows and dark rings under his eyes. His shoulders are weak and flabby. Round shoulders and a general sloping posture result. Frequently he is nervous, inattentive and irritable. He may be over-active, yet he tires easily and does not sleep soundly. His appetite is frequently unstable and finicky. Enlarged tonsils may also be present.

What causes malnutrition? Are a few predestined to be physically fit and others doomed by inheritance to inferiority? Authorities are agreed that this is responsible for only a very minor part.

The causes are faulty diet, insufficient sleep, over-activity defects and disease. The results are lowered mentality and resistance to disease as well as stunted growth, nervousness and lessened energy.

Since underweight is an almost certain sign of faulty nutrition it is safe to say children underweight 10 per cent or more are malnourished. Some authorities place this as low as 7 per cent. In our work in Eastland county only those children underweight 10 per cent or more are classed as malnourished. In the Cisco schools, according to the examination given by Mrs. Wilburn, Red Cross public health nurse, and local physicians, about two months ago, of the 1055 children examined 354, or 33.5 per cent, were over 10 per cent below normal. The nutrition program is aimed to follow up on this past work.

If people would only realize that under-nutrition is an abnormal condition and likely to result in serious illness they would strive every way to bring their children up to normal. Nutrition classes are being conducted for all the grade children wherein they are taught the importance and value of proper food.

Food and nutrition classes for mothers have been started in Cisco and Gorman and will be organized in other places as soon as possible. Nutrition talks are being given to the grade children every week.

## Wagon Society

1920 Bridge Club.

On Friday afternoon the 1920 Bridge Club was delightfully entertained by Mrs. S. A. Williams. The spring note was beautifully emphasized by the use of American beauty roses in silver vases, which were placed at intervals about the room. There were four tables of bridge with Mrs. M. S. Stamps, chairman, high. The hostess served a delectable plate of shrimp salad, potato chips, pickles, cheese nut sandwiches, hot tea, cake, and mints. The guests included: Mesdames Gene Bell, Frank Bell, F. A. Blankenbecker, Wilkie Carter, H. S. Drumwright, Charles Calloway, E. C. Patton, A. D. Martin, Leon Miner, W. C. Patterson, N. E. Payne, K. H. Pittard, Dick Starr, M. S. Stamps, Charlie Yates, and Miss Lucille McCrea.

Humble Bridge Club. Mrs. Howard De France was hostess to the Humble Bridge Club Friday afternoon at her home in Humbletown. Three tables were arranged for the games in which Mrs. Robert Carswell made high score and was given a set of enameled salt and pepper shakers. White cut cake and ice cream were served to the following: Mesdames Robert Carswell, W. W. Wallace, Frank Ackman, Charles DeBerry, John McMeans, Ernest Williams, Harry Edwards, Hiram Thompson, Gifford, Almond, Glenn Simpson, and W. J. Armstrong.

Merry Wives Club. Mrs. W. P. Lee entertained the members of the Merry Wives Club and additional guests with four tables of "42" Friday afternoon. After the games the hostess served a salad course to twenty-four guests.

Pretty Church Reception. The reception held Tuesday afternoon at the home of Mrs. W. J. Armstrong by the ladies of the Christian church was repeated again on Thursday afternoon. The spacious Armstrong home was beautifully arranged with yellow jonquils and bowls of sweet peas. Mrs. Armstrong and Mrs. Bob Winston received the guests, while in the dining room were Mrs. Hamer and Miss Meryl Hess. The table was laid with beautifully embroidered cloth and centered with yellow jonquils. The refreshment plate consisted of peaches with whipped cream, cake, coffee and ice tea. Strains of music mingled with the gay chatter of the guests of whom thirty called during the afternoon. Quite a nice sum was realized from this penny measure plan, and the ladies of the church appreciate the hearty support of the ladies of the other churches, who by their presence, made these receptions a success.

Palestine Program. At 2:45 o'clock this afternoon in the recreation hall at Humbletown Dr.

Allen Moore, F. R. G. S., will give "The Holy Land." The lecture will be illustrated by a cast of seven characters dressed in native costumes. The following musical numbers will precede the lecture: solo, "The Lord Is My Shepherd," (Van de Water), Miss Thelma Fairless; chorus, "Mother, Dear Jerusalem," (Snelly), Mrs. J. R. Buey and Humble Choral Club; (a) "Polish Dance" (Schwarzenka); (b) "Humoresque," (Dvorak), J. R. Ely and H. W. Minkler; solo, "Fear Ye Not, Oh Israel," Mrs. C. W. Atkins. Among the many splendid programs that have been given this year, this one promises to be one of the most interesting.

Rosewell Heights Club. Mrs. John White entertained the Rosewell Heights Club Friday afternoon. The home was beautifully decorated with a profusion of roses and other spring flowers. Needle work and small talk occupied the afternoon hours, and at a late hour Mrs. White served sherbet and cake. The guests present were: Mesdames Raby Miller, B. E. Morehart, H. S. Stubblerfield, V. Rominger, K. J. Scott, J. C. Jones, E. E. Byers, J. A. Williams, Emery Swartz, F. L. Yoder, Eugene Lankford, C. A. Dawson, E. L. Catterton, Roney Herndon, L. E. Moskey, Cecil Hahnert, F. L. Herndon, Edwar Noel, E. H. Stubblerfield.

Frank Williams, of Breckenridge, who is drilling in the Pioneer field, was in the city Friday and Saturday. Mrs. H. A. Pace was here shopping from Cross Plains Saturday.

Miss Gertrude McCantles leaves tomorrow for Fort Worth, where she will enter business college.

Mrs. J. M. Rush, of Waco, who is the house guest of Mrs. A. J. Ward, is visiting friends in Moran today.

At three p. m. Thursday the South Circle of the Methodist Missionary Society will hold the opening calendar party at the parsonage. All members of the circle are requested to come and bring their tag of pennies. Visitors will be welcomed, and a silver offering will be received.

The expression and dancing classes of Mrs. Lon L. Smith will give their final recital Thursday evening, May 4, in the city hall.

Mr. and Mrs. J. B. Hunter now have apartments at 265 West Broadway, with Mr. and Mrs. H. J. Woolbridge.

Ray Tucker, who has been in Fort Worth and Mineral Wells, was in Cisco Saturday en route to Cross Plains.

C. G. Conway, who is drilling in the Pioneer field, was in the city Saturday on his way to Ranger to spend the week end with his family.

Mr. and Mrs. Everett Davis, who were married in Hamilton last Thursday, arrived in Cisco Saturday.

Mrs. Minter Womack went to Breckenridge Friday to visit her sister, Mrs. H. D. Fulwiler.

Messrs. Paul Poe, G. H. Gaffney, of Austin, D. C. Davis of Abilene, and Dr. Hamilton Smith of Dallas are guests at the J. E. Spencer home.

Miss Irene White, of Carbon, and guest Miss Emma Ward, of Beaumont, are guests of Mrs. J. E. Spencer.

Parker-Parks. Beautiful in its simplicity was the wedding of Miss Ora Parks and A. J. Parker of Roscoe, which took place Sunday morning at 9:30 o'clock at the home of the bride's sister, Mrs. A. I. Skiles. Rev. C. G. Howard, pastor of the First Baptist church, performed the ring ceremony in the presence of only a few friends and relatives. The home was beautifully decorated with Easter lilies, hydrangeas and ferns. The bride and groom entered together and stood before an altar of ferns and lilies. The bride wore a becoming frock of dark blue taffeta and picture hat of lace. She carried a bouquet of lilies and carnations. Mrs. Parker has made many friends here during her frequent visits with her sister. She is the daughter of Rev. G. W. Parks of Roscoe, who is well known to many of the older residents of Cisco. Mr. Parker is mayor of Roscoe, to which place the couple will go tonight to reside.

Crescent Club. The members of the Crescent Club were delightfully entertained Saturday afternoon by Miss Louise Smith at her home on West Seventh street. A pretty floral setting was made with cut flowers, roses being used in profusion. Three tables were placed for "42," and following the games the hostess served a salad plate and tea. During the short business session, the club accepted Miss Katherine Cunningham as a member. Those present were: Misses Olga Beard, Minnie Eleanor and Marcia Pettit, Lillian Smith, Iantha D'Spaul, Venita Daniels, Helen Holmes, Cleo Mancill, Bess Shelton, Vista Mae Mahan, and Mrs. Bill McDonald.

Mrs. J. T. McCarty will entertain the Thursday "42" club this week.

Miss Lucille Brown, daughter of Mr. and Mrs. W. E. Brown, is seriously ill with acute indigestion. Her many friends hope that her condition will soon change for the better.

Mrs. J. W. Smith arrived Sunday from Mexico. After a few days' stay here she will return to that city to join Mr. Smith, who is connected with an oil company, and they will make their home in that city.

Mrs. E. J. Barnes and little daughter returned yesterday from Thurber. They were accompanied by Mrs. Turbet, who will be the guest of Mrs. Barnes.

E. B. Ward, of Dallas, is a business visitor in the city today.

Mrs. Charles C. Jones and son, Crandell, returned yesterday from a two weeks' visit in Dallas.

M. Vangeem, of Eastland, transacted business in Cisco today.

Mrs. N. H. Hickman, of Abilene, will be the guest of Mrs. Henry Benham during the Presbytery.

P. Hennessy, Fove Carter, and Virgil Hart, of Cross Plains, were in Cisco today en route to Eastland.

M. Potushuk, of Cross Plains, was a visitor in the city today.

Halbert Says There Are Good Chances for Rain Early in May

H. A. Halbert, of Coleman, who has gained quite a name for himself as a prognosticator of rain in this section, and who hit it very closely on predicting torrential rains during the last week in April, has the following to say for May:

During a minor period from the 4th to the 7th there will be splendid chances for rain.

Major period from 11th to 14th. The heavy summer rains are getting closer every month and our chances to get rains this period will depend entirely on south to east winds.

Minor period from 19th to 22nd, and of no consequence to us.

Major period from 27th to 30th, with heavy rains still south of us, but nearer, and our chances still depending upon strong wind currents from the south.

## Parker Will Hang for Murder of Taxi Driver in Houston

AUSTIN, May 2.—Governor Neff will not interfere with the execution of Carl Parker, sentenced to hang in Houston Thursday for the murder of Mordie Conroy, a service car driver. This information was given in a message from the governor at Denton.

## MRS. ROSIE HAYNES DIES NEAR CISCO

Mrs. Rosie Haynes, a well-known resident of Cisco, died at the home of her brother, B. Reagan, 12 miles south of the city, Monday. She is survived by her 13-year-old daughter and the brother at whose home she passed away. Funeral services will be under the direction of Green & Gray, Cisco undertakers, and interment will be in the family cemetery on the Reagan farm.

N. L. Roberts, who spent the winter in Shreveport, La., is visiting his brother, Ed Roberts, before going to his home in Cregg, Colo.

C. L. McFall and R. Frazer, of Ranger, transacted business in Cisco Tuesday.

"Glasses that give satisfaction." Ave D at 5th St., Cisco.—Adv.—57-301-6

488 POUND CALF DRESSED. J. E. Hart, who lives on east Eighteenth street, sold a 13 months old calf to the Jack Keys market today, which dressed 488 pounds. The butcher stated that this was the best yearling of its age he ever butchered. Mr. Hart received \$35 for his calf. Another home man is helping to feed the people during the freight embargo.

## SLICK WELL AT PIONEER TO BE MADE DEEPER

T. B. Slick of Oklahoma drilled in his Eakin No. 1 at Pioneer Saturday night, and the well is now producing 400 barrels per day. Slick's No. 3 on the same tract, drilled in Friday with a production of 220 barrels is to be deepened today, and since it is an offset well to the big No. 2 Eakin of Stone & McMurray, a producer of at least 1000 barrels is predicted.

The Dubuque Oil Company's No. 1 Hill, drilled in Friday, is making 175 barrels daily.

Miller & Malloy on the Gooch tract are down 1500 feet and on the Tate Tract have reached a depth of 1300 feet.

MUCH INTEREST MANIFESTED IN FIELD TO THE SOUTHEAST.

Much interest of late is being manifested in the field 13 miles southeast of Cisco, brought to notice some time ago by Charles McBride when he brought in a well good for 150 barrels, flowing through a bridge, which has not been pierced. This well is still flowing at a rate equal to the initial production.

Kirkwood & Weaver are spudding in on the W. B. White tract in this section.

The Fenland No. 1 on the L. A. White tract is drilling at 2800. A fishing job was completed Sunday.

McBride has his rig completed for a test on the T. L. Brown lease, and will start drilling at once. He has made a location on the Johnson tract.

W. M. Williams left this morning on a business trip to Dallas and Fort Worth.

Mrs. Robert M. Logan and Mrs. John F. Crawford, of Fort Worth, are guests of Mrs. Charles L. Mount during the Presbytery.

## A Tonic For Women

"I was hardly able to drag, I was so weakened," writes Mrs. W. F. Ray, of Easley, S. C. "The doctor treated me for about two months, still I didn't get any better. I had a large family and felt I surely must do something to enable me to take care of my little ones. I had heard of

## CARDUI The Woman's Tonic

"I decided to try it," continues Mrs. Ray. "I took eight bottles in all. I regained my strength and have had no more trouble with womenly weakness. I have ten children and am able to do all my housework and a lot of outdoors. I can now recommend Cardui."

Take Cardui today. It may be just what you need. At all druggists.

## MARTIN WELL AT EASTLAND FLOWING 1800

EASTLAND, May 2.—On the Will Martin farm, one mile south of Eastland, the Martin No. 2 well of the Donnelly Drilling Company, which came in ten days ago with an initial production of 1000 barrels, was drilled six inches deeper last night, and today is producing at the rate of 1800 barrels per day, gauge measurement.

J. H. (Kid) West of Parkersburg, W. Va., and his associates have leased 114 acres on the Martin tract, adjoining the acreage on which the Donnelly company brought in this well, paying \$50,000 in cash and agreeing to pay \$27,000 from the oil which is obtained thereon.

A number of rigs have been erected in this section, and there will be much activity south of Eastland for some time to come.

Mrs. Roscoe St. John, Mrs. E. W. Muncill, Mrs. Guy Ward, Mrs. G. C. Richardson, and Mrs. J. E. Spencer left this morning for Dallas to be members of a house party given by Mrs. Jack Spencer. They will be joined by Mrs. A. A. Webster and Mrs. T. J. Bryan of Dublin.

Mr. and Mrs. E. W. Cook left today for Fort Worth to make their home in that city.

**WRIGLEYS**  
AFTER EVERY MEAL  
Juicy Fruit, Peppermint and Spearmint are certainly three delightful flavors to choose from.

And WRIGLEY'S P-K—the new sugar-coated peppermint gum, is also a great treat for your sweet tooth.

All are from the Wrigley factories where perfection is the rule.
