## THE POWER BEHIND THE THRONE

## STATE RETURNS INDICATING SWEEPING VICTORY FOR THE ADMINISTRATION DEMOCRATS

### SENATE TO DEBATE SUBSTITUTE PEACE RESOLUTION TODAY

Reports Show Thirty Counties Solidly for Wilson  
Bailey is Un-mentioned  
Thirty-Three Counties Heard From at An Early Hour.

WASHINGTON, May 4.—The senate will begin debate tomorrow on the Knox peace resolution with the general expectation of its adoption and certain veto by the president.

Republican leaders supporting and Democrats opposing the resolution, introduced by Senator Knox as a substitute for the house measure, said a vote probably would be reached within two weeks, or just before the contemplated recess for the convention.

There did not seem to be much doubt among the members as to its passage, but leaders of both parties said they anticipated that with his veto message President Wilson probably would return the peace treaty to the senate.

Senator Knox will call up his resolution tomorrow and deliver a prepared speech, after which, according to plans, it will be over a few days unless senators desire to discuss at odd times.

Senator Hitchcock, ranking minority member of the foreign relations committee, announced after a democratic conference today, no attempt would be made to delay action by filibuster. The democrats of the committee conferred with Secretary Coby, and afterwards Senator Underwood said Secretary Coby agreed with the democratic plan of opposing the resolution. Besides pointing out what he regarded as its constitutional objection, Mr. Coby is said to have stated it was likely to draw criticism from America's allies during the war.

DALLAS, Texas, May 4.—With but three exceptions the 33 complete county returns for 250 of the state reporting county democratic conventions held in Texas today, tabulated at 8:30 o'clock tonight, are unanimous in endorsement of the democratic administration under Woodrow Wilson and instruct their respective delegations to the state democratic convention, May 25 to express themselves at the time.

The exceptions are three counties—Lampasas, Navarro and Grimes, which will send uninstructed delegations.

In none of the 33 counties reporting is mention made of endorsement of the democratic administration movement under the leadership of former Senator Joseph W. Bailey and in several instances resolutions are reported as having been passed strongly condemning the movement.

Frequent endorsement of Governor W. P. Hobby for delegate-at-large is also contained in these returns.

The thirty counties, unanimous in endorsement of the national administration, will control 506 of the 1,480 votes in the state democratic convention.

Dallas For McAdoo.  
DALLAS, May 4.—Dallas county endorsed William G. McAdoo for president, elected 225 delegates to cast its 55 votes as a unit and endorsed the national and state administrations.

Tarrant for Hobby.  
FORT WORTH, May 4.—Tarrant county democrats in convention today endorsed the national administration and elected 83 delegates to the state convention instructed to vote as a unit. Governor Hobby's administration was endorsed and the convention recommended he be endorsed as delegate-at-large to the national convention in San Francisco.

Bowie For Administration  
TEXARKANA, Texas, May 4.—Bowie county's 14 delegates instructed to support administration throughout and vote only for delegates to national convention favorable to the administration, resolution adopted concerning Hobby for attempting to stir strife in democratic ranks in Texas.

Lamar for Wilson.  
PARIS, Texas, May 4.—Lamar county's 15 delegates instructed for Wilson.

Edinburg for Wilson.  
McALLEN, Texas, May 4.—At Edinburg today democratic county convention 29 delegates were named for the state and instructed to vote for Marshall Hill of Laredo for delegate-at-large. Strong endorsement of the Wilson administration was adopted.

Potter for Administration.  
AMARILLO, Texas, May 4.—Seven delegates to the state democratic convention instructed to support the administration were elected here today at the county convention without a dissenting vote.

Jefferson for Hobby.  
BEAUMONT, Texas, May 4.—The Jefferson county democratic convention today endorsed the Wilson administration of national affairs and Governor W. P. Hobby's administration of the state's affairs, and instructed its 77 delegates to cast its ballot for Hobby and Cullen Thomas for delegate-at-large to the national convention. Hobby was chosen head of the delegation to the state convention.

Waco for Hobby.  
WACO, Texas, May 4.—Opposition was voted to the indorsement of Mrs. W. E. Spill of Waco and Mrs. Minnie Fisher Cunningham, Galveston, as delegates-at-large to the national democratic convention at the county democratic convention today. They were indorsed, however, with Hobby and four others.

WIRE TROUBLE  
At 10 o'clock last night the Associated Press wire into the office of The Cisco Morning News ceased to operate. Wire trouble somewhere along the line to Dallas, from which city the news is relayed here, was assigned as the cause.

The readers of this issue are advised that the telegraph news in these columns was received before 10 o'clock, and for that reason is not as complete as it would be under normal conditions, when the wire is open until 2 o'clock in the morning.

Bel County in Line  
BELTON, Texas, May 4.—Condemning the proposed soldier bonus and expressing opposition to the interference by congress in the domestic affairs of other nations, particularly the Irish question, the Bell county convention today voted solidly to endorse both the state and national administrations.

## WATSON MILL AND KNITTING FACTORY M. B. L. PROJECTS

Position Presented at Last Night's Meeting—Cisco Made Good May Be Displayed in Windows.

Last night's session of the Young Men's Business League was another of their "pop" gatherings, and besides transacting routine business, many matters of moment came up for discussion and were disposed of.

The committee having in its care the undertaking of the "Fighting Journalists" who will visit Cisco in another week, reported everything in readiness for the coming of these scribes of valor and heroic war deeds. The committee, through its chairman, A. M. Clumore, has called a special meeting for tonight at The News, 8 o'clock, when further details will be settled and the "show" put into action.

The league decided to employ a permanent secretary and to combine the two separate offices of secretary and treasurer into one. The finance committee, which has this matter in hand, made these recommendations, and the large attendance last night was responsive to this change in the league's laws. This action is considered to be for this season must hang over for two days. At their next Tuesday night meeting it is proposed to inaugurate the system, should it not fall of pass.

The finance committee was given power to select and employ its first permanent secretary and treasurer to accomplish this as soon as practical report.

The league's committee on entertaining the Dallas trade leaguers, who came to Cisco on May 17, was empowered to draw on the league's exchequer for needed funds, and instructed to confer with the Chamber of Commerce, to end that both organizations combine their efforts in seeing that the Dallas bunch "get theirs" while the hosts of Cisco next week.

May 17 being the anniversary day of Cisco, and so many suggestions of entertainment and celebrations coming before the committee, it is contended that the day will be made a gala day in many respects, and probably a celebration of magnitude pulled off.

Secretary Stuart Williams presented the league with an outline of a proposition he has under advisement towards making show window displays of the numerous products manufactured in Cisco's different manufacturing. Acknowledging in their secretary's idea, the league voted to sponsor this plan to the largest possible extent, and a large working committee was appointed by President Wild to get results.

Jack Alexander, for 40 years a resident of Cisco, and now a returned convict, made a talk in which he stressed Cisco's need of a cotton mill and knitting factory, and closed his remarks by agreeing to assist in financing this project and volunteering his services to the effect that the league "put it over the top."

The league did not daily in accepting Mr. Alexander's suggestions and proposals, but immediately voted to appoint a live committee to get work on the matter pronto. The committee is Messrs. Alexander, Payne, Appern, McLam and Williams.

## COUNTY CONVENTION STANDS PAT ON THE WILSON-HOBBY VIEW

Adopt Resolution Condemning Nicks Charge of Fraud in Precinct Elections.

EASTLAND, Texas, May 4.—The county convention held here today was largely attended by representative democrats from every precinct in the county.

After passing strong resolutions commending both the state administration of Governor Hobby and the national administration of President Wilson, the convention named delegates to attend the state convention at Dallas on the 25th and east Eastland county's eight delegate votes in accordance with the sentiments expressed in the precinct conventions held last Saturday. Among the delegates are a number of women.

Sharp resolutions were passed censuring the statements made by Chairman Nicks of the anti-administration faction in which he charged that fraud had been practiced in the conduct of the precinct conventions throughout the state.

The following were named as delegates to the state convention. The official list was not available and possibly there are others, but these could not be secured at a late hour:

W. J. Poe, Fred Roberts, Lanham Brown, W. T. Stubbiefield, Mr. and Mrs. J. H. McCullough, B. V. Cox, W. B. Sussell, P. S. Ross, L. B. Underwood, Mr. and Mrs. C. G. Raby, John McRay, Clyde Garrett, G. Fisk, W. J. Barnes, G. A. Mills, Joe Burckett, Lee Stubbiefield.

The convention was unanimous and harmonious.

Meeting of Missionary Society  
The Women's Missionary Society of the Christian church had a very interesting and beneficial meeting Tuesday afternoon at the home of Mr. and Mrs. J. S. Stockard. The attendance was large and a splendid program was rendered.

After the benediction, Mrs. Stockard, assisted by Mrs. Holmes, served refreshments and a social hour was enjoyed.

## THIRD AMERICAN OF SAME FAMILY IS SLAIN BY MEXICANS, SAID

EL PASO, May 4.—Ralph Greenlaw, son of Eben Francis Greenlaw of Flagstaff, Arizona, who with another son, was killed by Mexicans near El Paso, 125 miles from Mexico City Sunday, was murdered Monday at the same place, also by Mexicans, according to advices received here tonight.

The information was received tonight by Joe Greenlaw of Flagstaff, a third son of Eben Greenlaw, in a telegram from his sister in the Arizona town.

The American consulate here had received no advices regarding the affair.

## DENIES ALGODONES JOINED REVOLUTION

MEXICALI, May 4.—A report sent out from Calexico, Calif., yesterday that the Mexican garrison at Algodones had joined the Sonora rebel movement yesterday was denied today at the state capital of Lower California here.

The garrison there is a portion of the forces controlled by Governor Estaban Cantu of Lower California, it was explained, and Governor Cantu is in close touch with the situation. No revolt had occurred and none was expected, according to the official statement.

## LITTLE RED SCHOOL HOUSE DAYS RETURN AT LOCAL MEETING

The entertainment given last night at the high school auditorium by the Home and School association proved a complete and rousing success from the time Prof. J. J. Godbey announced the result of the school election, when he was applauded for several minutes, until the last number on the program was completed.

The whole scene was a representation of visitor day at the little red rural school house of grandma's time, when the stern schoolmaster (Judge Lankford) called his class to order at 9 o'clock and proceeds with the duties of the occasion. He is presented with a rosy apple by one of his youthful prodigies (Judge Barker) and the program begins.

"Jimmie" McDermott opened the entertainment with a speech given in regular boy-like fashion. He was followed by Miss Ione Dean, who, daintily dressed in a costume of 1870 style, gave a violin solo.

Professor Godbey roused the highly humorous selection, "Mary Had a Little Mule," and received more applause. Little Dudley Barker and Jack Stockard followed with juvenile speeches, and then the old blue-back speller was brought down and dusted off, and the opposing contestants took their places for the spelling match. Mrs. A. J. Olson gave out the words, and the women spelled against the men.

Dr. E. H. Holmes was the last man on the floor and won the match. Mrs. J. J. Winslow was the last of the women, and she won.

Mrs. Baten and Mrs. Ely in the orchestra rendered several selections during the evening.

## CARRANZA'S FRIEND TURNS AGAINST HIM, JOINING REVOLUTION

General Pablo Gonzalez, in Command of Two Federal Troops, Rebels and Wrecks Railroad.

WASHINGTON, May 4.—General Pablo Gonzalez, long regarded by Carranza as his staunchest supporter, has joined the revolutionists, according to advices received here today through official channels. He was a few miles east of Mexico City yesterday in command of two regiments of federal troops and had severed the railway lines extending to Vera Cruz.

Another report through unofficial channels said high military officers whom Carranza summoned in council recently had supplanted their advice to him to resign with an ultimatum fixing May 15 as his tenure of office.

The reported determination of the military group to force him from office would account for the failure that has been met by Carranza in getting under way on an offensive campaign. To date the revolution has moved forward without a battle and the report mentioning the ultimatum added that his military advisers were determined not to follow a course that would inevitably involve in a long struggle filled with danger of foreign complications.

When Gonzalez disappeared from Mexico City, government officials there are said to have professed ignorance as to his whereabouts, but all secrecy as to his movements was removed when he joined Manuel Gonzalez, commanding federal force near Los Reyes. That meeting was followed by the immediate utilization of the force as a revolving unit after cutting the railroads and his force are said to have moved towards the state of Puebla, where a strong force of rurales recently announced their support of the rebellion.

Gonzalez, who was the leading opponent of Oregon for the presidency until Ambassador Bonillas entered as a candidate, conferred with Oregon just before Oregon fled from the capitol, where he was being held as an important witness in a case brought against General Cejudo for sedition. Prior to that a conference had been held between Oregon, Gonzalez and Bonillas, at which, it was announced, Bonillas had been urged to join in withdrawing their three candidates in the interest of harmony. Bonilla's refusal was followed by the revolt in Sonora and the flight of Oregon.

## MAN CLUBBED AND SLASHED BY ROBBERS

DALLAS, May 4.—P. D. Young is at a local hospital in a serious condition following an encounter with highwaymen on the Fort Worth pike Sunday night.

Young was clubbed senseless, slashed across the neck and his abdomen laid open by the robbers before they were able to take his money. He lay beside the pike several hours before he was discovered.

## LATE ELECTION RETURNS

By Telephone from Dallas, 2 a. m.  
DALLAS, May 3.—Returns from democratic county conventions numbering about one-half of the 250 counties in Texas, indicate that the democratic administration will have full control of the state convention.

In returns from these counties, the administration controls at least 1000 votes. Joe Bailey's faction secured less than 400 votes.

## CISCO STANDS BEHIND SCHOOLS

The people of Cisco have done their duty toward the future of the children of this city.

The measure transferring the local schools from an independent status to the jurisdiction of the city was carried by a large majority at the poles yesterday.

There were not many votes cast. The standing was 126 for and 29 against.

With the adoption of this new measure the children of this city have practically come home to Cisco from the indifferent keeping of their foster father—the state.

They are now directly under our care and control and it is not for strangers to say that as soon as a stipulated allotment is expended they must go without education. We will not permit this to happen any more than we will permit them to go without food.

The city is best acquainted with the needs of the schools here and is in a better position to collect and expend moneys to the benefit of our educational institutions than the state.

The Cisco Morning News is glad that this great step forward has been taken.

It is glad that there are people here who recognize that the right kind of education is essential and not merely a hit or miss proposition.

It believes that in this move the citizens of Cisco have permanently solved the school question as far as it can be solved for many years to come.

## MAN CLUBBED AND SLASHED BY ROBBERS

DALLAS, May 4.—P. D. Young is at a local hospital in a serious condition following an encounter with highwaymen on the Fort Worth pike Sunday night.

Young was clubbed senseless, slashed across the neck and his abdomen laid open by the robbers before they were able to take his money. He lay beside the pike several hours before he was discovered.

## THRASHER "RAN WILD"

HOT SPRINGS, S. D., May 4.—After running down Harry Zimmerman, a rancher near Oelrichs, a tractor he had been operating ran "wild" for five hours, threshing about the field, tearing down fences and creating havoc generally until a depleted gasoline tank and a stubborn fence brought it to a stop.

The driving eccentricities of the tractor made it as dangerous as an infuriated bull, and no one volunteered to stop its mad flight.

## EASTLAND COUNTY TO HAVE REPUBLICAN TICKET IN THE FIELD

Adopting Resolutions Condemning Extravagance of National Administration and Income Tax.

Declaring for a complete county ticket in Eastland county this fall and adopting a set of ringing resolutions condemning the extravagance of the national democratic administration and the vicious income tax, claiming it is stagnating the development of the country's natural resources, the republicans of Eastland county met in convention in Eastland Tuesday afternoon.

The keynote address was delivered by L. A. Marck of Ranger, who called upon all republicans of Eastland county to arms to do battle for political supremacy at the November election. Others who spoke were R. W. Mitchell of Ranger, A. H. Johnson of Eastland, F. A. Blankenbecker, Walter A. Downing and N. F. Payne of Cisco, Dr. H. B. Tanner and D. G. Hunt of Eastland, N. A. Baker of Gorman and J. Jenkins and W. O. McNary of Ranger.

The following delegates were elected to represent Eastland county at the district convention at Brownwood and instructed to vote for D. G. Hunt of Eastland and R. W. Mitchell of Ranger for delegates to the national convention at Chicago and W. O. McNary of Ranger and F. A. Blankenbecker of Cisco as alternates. Delegates: F. A. Blankenbecker, L. A. Marck, R. W. Mitchell, J. W. Triplett, N. A. Baker, J. Jenkins Jr. and N. F. Payne.

The following delegates and alternates were elected to go to the state convention at San Antonio May 24, instructed to vote for H. F. McGreggor for national committeeman for Texas, to oppose the negro vote in the convention and vote against any negro for delegate at large to the national convention. Delegates: F. A. Blankenbecker, L. A. Marck, R. W. Mitchell, H. B. Tanner, N. A. Baker, J. Jenkins, S. B. Smith, R. L. Hunt, D. G. Hunt and W. O. McNary. Alternates: J. W. Triplett, N. F. Payne, G. S. Murphy, K. R. Tanner, P. A. Van Doren, A. H. Johnson, Joe Cullinan, Virgil Hall, D. G. Hunt, Walter A. Downing and J. F. Driehofner.

For the purpose of recommending suitable material for candidates for the county ticket the following steering committee with Walter A. Downing as chairman was elected: Walter A. Downing, J. A. Marck, D. G. Hunt, N. A. Baker, Dr. S. E. Snodgrass, W. B. White and Jack White.

The committee on resolutions was composed of R. W. Mitchell, Walter A. Downing and A. H. Johnson.

## HUMBLE MAN HURT IN AUTOMOBILE ACCIDENT

H. L. Honeycutt, employe of the Humble Oil & Refining company, was thrown from his truck Monday afternoon and sustained a broken and painfully lacerated leg.

Mr. Honeycutt was on his way to Ranger, and it is thought that his machine, while traveling at a high rate of speed, slipped into a chug hole, and threw the driver headlong.

The injured man was brought to the Humble sanitarium here in the ambulance of A. C. Green, local undertaker.

## ANNOUNCES PLAN TO BUILD BIG ICE AND STORAGE PLANT HERE

W. E. Morris, president of the chamber of commerce returned to his chair at a meeting of that organization Tuesday evening after an absence of more than a week at Atlantic City, where he went to attend to the affairs of the Chamber of Commerce of the United States.

He spoke briefly at the meeting concerning his trip and the national convention and promises a statement for publication shortly, concerning the accomplishments of the American commercial chamber.

P. W. Campbell, manager of the local light and power plant appeared before the directors and told of improvements his company intended making on power service here. He said that a quarter of a million dollars had been expended by the concern in Cisco during the past year and that its budget for this year would be \$78,000.

Campbell said that by 1921 the company expected to have completed an ice plant here which will have a capacity of 100 tons daily.

The concern has just closed a contract with the Geyser Ice Company of Waco, for a daily shipment from Cisco of from one to three car loads of ice, according to Campbell.

He cited an instance of a man who lives at Olden and who drives to Cisco daily for his ice supply.

## OPENS TEXAS OFFICE FOR REVOLUTIONISTS

### CISCO'S HEALTHY GROWTH.

CISCO has never been afflicted with a "boom" and her "teamwork" builders are not wishing one. In two years' time just a healthy home growth has increased its population perhaps 200 per cent. People are coming here because of Cisco's development as an industrial and commercial city, and not because of oil derricks in view. True the oil derricks in this belt contribute largely to the attraction of many people to this area—and they just come to Cisco as the central distributing point, and as the home center.

Mayor James Williamson believes that the greatest influx of population yet experienced in the West Texas oil belt will be witnessed in the next 60 days. Burkhardt, he says, is no longer attracting the people, Vernon is failing to hold them, as is also the Louisiana field. This West Texas is really the present developing oil field—or proven field, in other words; and the great tides that have been scattering to the various fields are concentrating for a rush on this belt, is Mayor Williamson's view. And he fears that Cisco is going to be over-taxed to care for the great flow into this radiating center.

### ANOTHER EPOCHAL DATE.

MONDAY, May 3, 1920, is another epochal date in Cisco's history, which will be referred to in the future, as are now the dates of the first trains entering this then townsite over the T. & P. and the old Texas Central—now Katy line. The difference is those roads were building into and through Cisco, whereas, the Cisco & Northeastern, on which regular passenger service was established on the date above mentioned, is a Cisco enterprise and is building out of Cisco to other fields for which Cisco has grown to be the commercial center of activity and freight distribution. In fact it is becoming the wholesale point for this large Central West Texas oil belt territory. And going out on this new feeder for Cisco the first car load or wholesale shipment, went from Cisco to Leeray, Monday. It was a whole car of soda water for the new town of Leeray, supplied by the Coca Cola Bottling company of Cisco. Mark the development in 39 years—from a townsite location to a wholesale center, and a city of home-building people.

THE WORLD dancing craze is doomed, is the prediction of Anna Pavlova, a London writer. There will be an early abandonment of the jazz fad in England, while in Paris the mania is already on the wane. The dance, the mirror of emotions, came with a wave following the depressions of the tiresome war; but the jazz has served its purpose, and the people are taking on a different thought. In the past the conception of new things came ever so slowly, hence the old dances have lived through the generations, says the London writer; but with the inevitable reaction from the present feverish emotion will come a world-wide repulsion from the jazz.

BIG fines and little fines seem to be a specialty with Judge K. M. Landis, Chicago's noted federal judge. It was he who once imposed a fine running into the millions against trust violators. And just a few days ago he imposed the shortest prison sentence on record—25 seconds. It was against a negro, charged with tampering with the mails. The negro admitted having possession of letters written by his wife to another man, and which he exhibited in court. After reading them, Judge Landis fixed the penalty. As the marshal started to the courtroom door with the prisoner, the judge called out, "Time's up," and the negro was released.

GOVERNOR HOBBY will call the legislature in special session May 24, the purpose being to devise ways and means to combat the pink boll worm menace. Let us hope the solons will complete the work for which they are called together as speedily as possible and adjourn. Special sessions are expensive and should be made as short as the business-like solution of public business can make them.

ANOTHER thing that the "teamwork" builders of Cisco might very properly include in their program for a Greater Cisco, is the thought of a natatorium. If not a Y.M.C.A. with swimming pool, they might enlist some individual in the enterprise. Anyway, it is now swimming pool season, and a good time to agitate a natatorium.

A NUMBER of new business structures going up, all the downtown streets being permanently paved, the business men reporting most satisfactory trade—that is the condition in Cisco today. Verily, the old town is moving along at a rapid pace.

THE Fort Worth Record comes out boldly in support of Wm. G. McAduo as Democracy's standard bearer and wants Texas to have the honor of submitting his name to the national convention at San Francisco.

## ON THE SPUR OF THE MOMENT

PRODUCTION.

About two months ago  
The president  
Called for more production  
As the only thing  
That would put the country  
On its feet again—  
And he was right.  
Well, yesterday we saw  
Two men painting  
A signboard with nothing  
But a single color—

No pictures, no lettering.  
Just plain paint.  
And as the two men  
Worked, sixteen others  
Stood with their hands  
In their pockets  
And watched them work.  
And those sixteen men  
Stood there for two hours  
And watched and watched.  
I know this is true  
For I was one of them.

OVERALL ITEMS

If all the rest of us wear overalls to protest against the high cost of clothing the people who are really entitled to wear them will have to go on the job in dress suits just to prove that they are working people.

We are waiting to see ex-President Taft, Irwin Cobb, Big Bill Edwards, Fatty Arbuckle and Don Marquis in their overalls. After that life will hold nothing for us.

Some of the really prominent and rich people are having their overalls made by Fifth Avenue tailors. The rest of us will wear the ready-made, which bag in the seat, flap around the legs and fit everywhere except where they should.

After all is said and done, and we have worn the overalls a couple of months to reduce the price of clothing, and have won our crusade, we will find that the price of clothing has advanced 40 per cent.

And that the price of overalls has advanced 681 per cent.

Old Dan Dunn says when we all get to wearing overalls the price of some will be advanced on the people who really have to wear them. "But," he continues, "the working classes have been wearing all the silks and stockings and on that account the price has advanced to a point where the poor millionaires can't afford them any more."

But, do you believe that the overall fad gets at the seat of the trouble? Do you think it will reduce the price of dress suits?

Neither do we.

A LIVELY DEAD ONE

### WHO'S WHO IN THE DAYS NEWS

PRESIDENT CARRANZA

President Carranza's power in Mexico is being threatened by the revolution which started recently with the secession of Sonora. The famous general steps out as president with the coming election, a law preventing him from succeeding himself as head of the government if he is desired. He had hoped, however, to see the Carranza regime remain in power. But should the revolution spread through several Mexican states it will prevent this.

Don Venustiano Carranza has had the career of a respectable business man rather than the romantic one which is the tradition and the history of Mexican leaders in general and conditions in that country would never admit him. He was educated in the common schools in the state of Coahuila, where he was born, and later in the high school at Mexico City.

He was governor of Coahuila during the time he was assassinated. Carranza and his office legislature decided to resist the Huerta regime.

Huerta's forces controlled Saltillo, and Carranza and his followers were forced to leave. Carranza fled to his forces rapidly, and joining forces with the troops under Generals Villa, Gonzalez and Obregon, against the Huerta regime from power.

"LIFTING SHADOWS" AT NEW JUDIA TODAY

Sonia Howard loved Hugh Mason, but refused to marry him because of the things in her past that were haunting her. Mason was a lawyer who had so successfully pleaded her cause when she was being tried for the murder of her husband, that she was acquitted.

"What he did not know was that Sonia had the stain of murder on her soul," she shot the bolt, that was her husband.

The other shadow that hung over her life was an insidious, hideous and dangerous one. She had in her possession papers that were wanted by the "King of Death." These she refused to turn over, because they contained plans for a revolution in America—the land of her adoption, and the land she had learned to love.

Sonia Howard is the greatly wronged, strong willed and lovely heroine of "Lifting Shadows," the gripping drama of romance and intrigue showing how for the first time in the New Judia theater today.

Emmy Whelan, too long absent from the silver sheet, returns more exquisitely beautiful than ever in the leading role, supported by Wyndham Standing, Stuart Holmes, Julia Swayne Gordon and others. It's a Leonce Perret-Pathé feature.

SAYS FARMERS HAMPERED BY FARM LOAN ACT TEST

WASHINGTON, May 4.—Farm loan bank officials meeting here agreed that while this country awaits a re-hearing of the suit testing the constitutionality of the act under which the farm loan system operates, thousands of farmers were compelled to forego plans for extension of crop planting plans. Discussions will be continued tomorrow.

Officials believe that congress will adopt the Ferris resolution empowering the treasury to absorb the board's next bond issue and thereby avoid an entire summer of inactivity in loaning operations.

### DINNER STORIES

As the police recruit strolled along on his first turn of night duty, loud yells of "Fire!" rent the air. He bolted quickly to the spot and found a house well alight, with a man half hanging out of an upstairs window.

"Help! Help!" he yelled. "If I jump will you catch me?"

"Sure, an' O' wyl," replied the policeman readily.

So the man jumped only to crash to the ground and lie there stunned. When a few minutes later, he recovered consciousness, he looked up at the constable reproachfully, and murmured feebly:

"I thought you said you could catch me."

"Reverend," replied the Irishman "O' was only waiting for yez to bounce an' O'ld lave had yez."

The job was on show leave and happy because he had found a girl as fast as he could. His joy was dimmed, however, for a blizzard had forbidden spouting in the park and his girl had taboos it in the streets. But life took a new turn when he saw a man kiss his wife far away in front of the Pennsylvania station, New York. He rushed his girl toward a crowd hurrying to wear the Philadelphia express and bade her a fond farewell. When the crowd thinned they joined a crowd for Washington and repeated the act. They repeated it again before the Chicago train.

This was too much for a colored porter who had been watching. He stepped up to the girl, "Boss," he said, "why don't you go downstairs and try the Long Island station? Dem trains are a-leavin' mos' all se time."

Apparently poverty-stricken, save for the blushing bride at his elbow, the newly made bridegroom asked the magistrate the charges for having tied the nuptial knot. The judge, regarding him with sympathy and compassion, said, "Two dollars and a half, friend."

The swain extracted a roll that would have taxed the contractor's muscles of a mile's throat. The eyes of the judge bulged, but he thought quickly and added the single word, "Each."

Louis C. Minette, accepted for enlistment in the United States marine corps at Tulsa, Okla., recently, said that his mother was an American, who married a Frenchman in Italy. He was born on a ship lying in the Spanish channel. At the age of five his parents died in Sweden, and he was adopted by a German, who brought him to the United States. His adopted father is not a naturalized citizen.

"Would you class him as 'The Man Without a Country?'" the recruiting sergeant was asked.

"Man without a country nothing," said the sergeant. "I'd class him as a League of Nations."

"If you struck one of those golf balls and hit a man in the eye, what would you do?" asked the man who was interested in first aid to the injured.

"Oh, I'd have to pay it from just where I found it," replied the enthusiastic golfer.

"My wife made an awful fuss last night because I was out late."

"Why, it wasn't unusual, was it?"

"Oh, no. But she happened to be in when I got home."

"These reformers are knocking the bottom out of everything."

"Yes, I suppose they will soon be trying to shut up the theaters for maintaining lobbies on the ground floor."

### HEART AND HOME PROBLEMS

Dear Mrs. Thompson: I have been keeping company with a young man for over a year. I am a very successful business woman. I love this man dearly, but up to the present time he has never approached the subject of marriage, although when we are together he says his thoughts are with me all the time.

In case he should propose would you advise me to accept his proposal or should I continue my work. I am acquainted with his financial standing. I think the world and all of this gentleman and since he is considered very handsome and a stylish dresser, I often wonder if he would tire of me since I do not believe in elaborate clothes.

Brown Reed Susan.

The young man's financial standing should settle your problem. Perhaps he does not make enough money to support a wife, in which case it would not be wise for you to marry him. It is a great pity that the high cost of living makes it utterly impossible for many hundreds of young people to marry. If he is in a position to marry, and if you love him, I would advise you to give up your business career for home life.

Dear Mrs. Thompson: I read somewhere several years ago that where people were visiting friends or stopping in a private home, just for one meal, that the visiting parties were not required to fold their napkins when leaving the table. But if the visitors were going to remain several days they should fold their napkins every time they leave the table. Please advise if this information is correct.—A Husband

The information stated above is correct.

Dear Mrs. Thompson: A certain girl's folks object to our marrying. Their objections are practically groundless. However, it makes me feel unwell at their home, even though she invites me there. We are not exactly engaged. We simply have an understanding governed somewhat by her folk's attitude and the fact that I cannot afford to marry her at present.

Would you accept the invitation to the girl's home while we are undecided or wait until we are definitely decided as to what course we shall take? The girl has not decided she would marry me without her folk's consent. We are both 25 and so no one can say we are too young.—G.M.C.

I would advise you to continue to call at the girl's home since she asks you to come. Naturally you do not feel comfortable when you know that you are not welcomed by her parents. Take the girl places as much as possible and you will have more chance to enjoy her.

Do not marry until you are financially fit. It is such a mistake to marry without the means to buy the necessities of life. Food, rent and clothing are all so high priced that it takes a good-sized income to live comfortably.

Dear Mrs. Thompson: I am a girl 18 years old. I have been married once and got a divorce. My husband was cruel to me and was drunk most of the time. Young men are calling on me now who do not know that I was ever married. Should they know? Several have asked to marry me and I do not know whether or not I should tell them. Please advise me.—Blue Eyes.

The fact that you have been married before is your affair, and it is not necessary for you to tell unless you decide to marry someone else. Then you should tell the truth to the man you marry.

#### MOTOR OFFICIALS FACE EMBEZZLEMENT CHARGE

**DALLAS, May 4.**—Twenty-one charges of embezzlement, alleging officials of the Little Motor Kar company appropriated between \$70,000 and \$80,000 on deposit in two local banks, which had been placed to the credit of the company for stock sold, have been filed in justice court.

Seven cases each have been filed against William S. Livesey, president; R. J. McCoy and George Stricker, who were arrested late Sunday.

The officials were charged with conspiracy to defraud through use of the mails in federal court some time ago.

### GIL'S GLEANINGS

The Gorman Buddies must have had their hitting togs on Tuesday. They counted for 19 clean drives against Mineral Wells. Seven of the blows went for home runs.

Umpire Price, who officiated in the games here with Gorman, has worn the mask and chest protector for the last sixteen seasons, and has worked from coast to coast. He was very much pleased with the attitude taken by the Cisco spectators toward the Gorman contests, and said that the fans of Cisco were as gentlemanly and sportsmanlike as any he had ever worked before. Not out of Price's decisions was disputed from the stands.

Rabbit Wasserman, diminutive Scout third baseman, is leading the local line at bat so far with a mack of 386 for three games.

A great many people have the idea that Jack Dempsey is only an average sized man. The champion stands six feet, one and one-half inches high, and has a reach of 78 inches. His neck measures 17 inches around, and his chest, normal, measures 42 inches. The next question that arises is: What is an average-sized man?

Carpenter's wife says she hopes Georges will retire after his match with Dempsey. Her hopes will probably be fulfilled after Jack steps about three rounds with the Frenchman.

Ping Bodie, versatile outfielder, is back again with the Yankees after several weeks' lay-off. He was suspended from the New York club during the Southern training season, when he took French leave after being refused a furlough by Miller Huggins.

### AMERICAN LEAGUE

### SPANISH STUDENTS WILL GIVE UNIQUE FESTIVAL

**AUSTIN, May 4.**—La Tertulia, Spanish club of the University of Texas, composed of advanced students of Spanish, have arranged for a unique festival to be held May 5, in commemoration of Mexican overthrow of French dominance under Maximilian. The fiesta to be typically Mexican. The court of the woman's gymnasium will be transformed into a Mexican patio, with palms and other suitable plants, and the colors of the Mexican flag will be used in decorating.

Dancing will be the main attraction and a Mexican orchestra will provide the music.

Under the rent restrictions act in England a landlord is prohibited from increasing the rent more than 10 per cent.

### FOREIGN TRADE CONVENTION WILL VISIT PACIFIC COAST

**SAN FRANCISCO, May 4.**—Nearly every Pacific coast city will be visited this summer by delegates of the National Trade convention here May 12-15. Convention officials are to urge the delegates from eastern states, Europe, Asia and South America, to stop at Los Angeles, Portland, San Diego, Seattle, Tacoma and other points before they return to their homes.

Special convention exhibits will be maintained this summer by commercial organizations of Los Angeles and Seattle, showing the products of South America, Australasia and the Far East.

New York fans contend that the Giants have the class, and once started they will climb rapidly.

Detroit's poor start has upset the early hopes of the Tigers having been picked as a real pennant contender.

Ive Olson, who is starting his tenth season in the major leagues, is putting up a great game in the Brooklyn infield.

No doubt Manager Stallings is hopeful that the Braves won't play themselves out in the opening series with the giants.

The White Sox have been going at a much faster clip than was expected of the team. Graham's outfit was figured "lucky" champions last year.

Babe Adams of the Pirates and Claude Hendrix of the Washingtons started the 15-inning pitching duel at Chicago, were formerly team mates with the Pirates.

Score games and several sensational extra-inning contests have marked the early season posturing, notwithstanding the poor weather conditions.

The Boston Red Sox, like the Cincinnati Reds, look to have a very exciting season, but both teams started the regular season like world-beaters.

Of the 84 pre-season exhibition games played between National and American League teams this spring, the Nationals won 47 and lost 37, with two tie games.

Joe Judge, the Washington first baseman, appears to be coming along at a fast clip. A great diamond career is predicted for the hustling youngster.

No question about Cleveland having an aggregation of heavy hitters. Already the Indians have one game to their credit in which every man in the lineup got one or more hits.

Maybe Joe Jackson of the White Sox, who vowed and declared he would lead the American league in batting, will have to forget it and congratulate his team-mate, Buck Weaver.

While neither the Browns nor the Cardinals have been seriously considered as pennant contenders in their respective leagues, with of the St. Louis clubs may cause a heap of trouble for the favorite outfits before the pennants are cinched.

It begins to look like an unlucky year for Babe Ruth. Had the Home Run King been able to start as he did last season the Yankees now would most likely be putting daylight between themselves and the rest of the American leaguers.

That Ed (Strangler) Lewis is made of the kind of stuff that champions are composed of, is demonstrated by the way in which he has taken his recent defeat at the hands of Joe Stecher. Instead of crying hard luck, or belittling the other wrestler's triumph, or avowing his intention of quitting the game in disgust, the headlock specialist says he intends to continue to try. Incidentally, he firmly believes he will yet reach the goal.

Says Lewis: "I would like to be the champion just once. I was never in better shape for a match than the other night against Stecher and I never tried harder to win."

Lewis' failure to take the title away from the former Nebraska farm boy came as a double disappointment, as success would have given him a chance to become a member of the Carpenter party under the management of Jack Curry.

Of course, the offer of \$30,000 which the latter made, was to Stecher, as well, provided he won, but it is understood that Joe, who is pretty well tired out after several months of continuous wrestling, has decided to turn down the chance, preferring to go back home and take a much needed rest.

The Law Center's Willie Jefferson match is still hanging fire although this is the biggest attraction in the light-weight class barring a battle in which Champion Leonard would be slated to take part. Tendler insists that it is Jackson who is ducking the match, and as Jackson has nothing to say it seems probable that Tendler is right.

Tendler's manager, Phil Glassman, who is the promoter at one of the open air clubs of Philadelphia, has offered Jackson \$7,000 for his end to fight Tendler in the open air next month.

Joe Conlan, rookie recruit with the Dodgers, fanned Babe Ruth this spring. He learned to play at the Chicago stockyards. If he had stuck with Brooklyn until they played in Chicago his friends had planned to present him with a big diamond ring.

The United States government will have one league anyway. Teams are made up from the departments at Washington. 40 games will be played.

The Cleveland club left Tom Phillips, a pitcher, in New Orleans in payment of ground rent to the Pelicans, New Orleans being the site of the Indians' training camp.

**SAYS NON-RESIDENT OWNERS OBJECT TO MINERAL PERMITS**

**AUSTIN, May 4.**—Non-resident land owners in Reeves and other West Texas counties are the principal ones who are objecting to permits holding state mineral permits for oil and gas permitting drilling in that region, according to Assistant Attorney General E. F. Smith, who has just completed a personal investigation of the situation.

This investigation is preliminary to the institution of a suit in the district court of Travis county to determine the question of ownership of the minerals. The land was bought at a very low price with 40 years' time in which to make payment and the sale was conditioned that the state retain ownership of the minerals, Judge Smith declares.

It is quite probable that the purchase by denying the rights of the state through its recent agencies to go on the land has thereby forfeited all his right to the surface," Judge Smith said.

**GOTTON RALLIES ON BAD WEATHER REPORT**  
 NEW YORK, May 4.—Early declines in the cotton market today were followed by rallies on the less favorable character of the later weather and crop news and stronger tones of the stock market. The closing tone was steady with last prices 5 points lower to 20 points higher, generally 7 to 20 points above the last night's closing figures. The market opened fairly steady at a decline and sold off right after the call owing to disappointing cables, the unfavorable labor news from New England and reports of beneficial showers or rains with higher temperatures in the southwest. Liverpool was a seller here, and there was scattered local pressure but the market soon steadied on covering. A private report indicating an increase of 2.3 per cent in acreage and 3.6 per cent in the use of fertilizer made rather a more bullish impression than otherwise. According to Washington advices the census bureau reports that there were 1,039,769 bales of unspinnable cotton in the running stock of the United States as of March 31. There appeared to be some confusion as to the interpretation of the figures and their probable market effect. Exports for the day 11,194, making 5,528,396 so far this season. Port receipts 9728. United States port stocks 1,156,731.

**GOTTON CLOSES WITH POINTS UP AND DOWN**  
 NEW ORLEANS, May 4.—Selling pressure was felt by cotton during the first half of the session today but in the last half considerable demand arose so that for awhile the trend was decidedly higher. The close, however, was colorless, 10 points up to 13 points down. The opening was lower under the influence of a weak Liverpool plus correction in the Liverpool stock of 79,000 bales, rains in Texas and an unfavorable view of labor conditions at important mill centers. A private bureau report on acreage, showing an increase of only 2.3 per cent, brought in considerable buying and the market continued to improve until late in the day. In the last few minutes of the day the market showed less steadiness, which was attributed to expectations of favorable weekly crop reports from the government tomorrow.

EASTLAND, May 4.—The "twin cities" of the oil fields—Ranger and Eastland—have set a remarkable record for other towns in the state to copy if they desire to awaken to their opportunities. Each of these towns has raised more than \$50,000 for carrying on commercial work, which sum will be duplicated each year for three years. With such large sums of money and an aggressive citizenship the twin cities are expected to branch into model, metropolitan cities.

CIVIC ORGANIZATIONS OF LOUISVILLE WILL REDUCE THEIR H. C. L.

LOUISVILLE, Ky., May 4.—Leaders of churches, and women's clubs and social workers here are engaged in a city-wide drive to induce residents of Louisville to join in a campaign to cut down the cost of living by curtailing reckless buying at high prices. Thousands have already joined and it is hoped eventually to enlist 200,000 persons. The movement was inaugurated by Louisville club women. It was endorsed and given impetus by the Presbyterian Ministers' Circle, the Crescent Hill Forward Club and the Conference of Social Workers. Churches have approved it and United Trades and Labor Assembly and the Building Trades Council have been asked to join in a permanent organization. It is proposed to organize a "cheaper living committee," to be composed of representatives of many civic organizations. Mayor George V. Smith has given the movement a semi-official endorsement by announcing his adherence, and Mrs. Smith has promised that her household will be conducted as near as possible along the lines of economy suggested by the promoters of the idea. The drive against reckless buying is headed by the Rev. Dr. Charles W. Welch, president of the Louisville Ministerial Association, who is aided by a committee including in its membership a Roman Catholic priest and a Jewish rabbi, as well as representatives of women's clubs. "Buy no new clothing, shoes or other wearing apparel," is the first plank in the economy platform. "Wear what you have, no matter how shabby or out of style," it continues and adds: "Reduce the consumption of meat in each household; abstain from candy, soft drinks and other confections; deposit money in the bank, and keep a record of money saved through practicing economy." "If the people of Louisville will take this movement seriously," said the Rev. Dr. Welch, "we can actually force down prices here on the necessities of life. Persons generally are spending money like drunken sailors; labor, which should be producing essentials, is devoted to non-essentials. This is not the time for overalls, except for working people. We don't want fads—what we want is at least 200,000 Louisville people to join this campaign. Let's make it a badge of honor to wear old clothes, carry lunches in the office, abstain from sweets and buy nothing not absolutely needed. Then watch prices drop."

**WANTS T. & P. EXTEND ITS "BOB" TRAIN SERVICE TO BIG SPRINGS**  
 STAMFORD, May 4.—The West Texas Chamber of Commerce has made request to the Texas & Pacific railroad to extend its present Sweetwater-Port Worth "bob" service so as to include Big Springs, Colorado and other small towns.
