SCIMITAR NOW SLASHES PRICES TWENTY TO FIFTY PER CENT OFF IN WEARING APPAREL REDUCTION

New York Banking Interests Deflating Credits, Notifying Luxury Dealers of Limited Finance. Newark Firm Says It's Economic Mistake. Some Say Circus Stunt—Shoes Drop Lower.

CHICAGO, May 19.—The wave of price cutting in wearing apparel continued today to sweep the country, merchants in many cities and towns announcing reductions in men's and women's clothing, shoes, hats and other articles.

While some merchants said the reductions could not be maintained after present stocks were exhausted, others declared the price cuts were the logical outcome of breaks in the eastern market, a backward season and large stocks on hand.

Owners of department stores in scores of cities and towns today announced price reductions in men's and women's apparel, ranging from 20 to 50 per cent, while in some places shoes and other articles were sold at reduced prices.

Banking interests in New York also extended their campaign of deflation of credits and high commodity prices today carrying out their pledge to the federal reserve board.

Pressure exerted by banks in the wholesale dry goods and general merchandise districts was said to be responsible for the wave of price cutting in retail trade.

Shoes were reported to have notified importers and dealers in luxurious articles of apparel and manufacturers of so-called non-essentials, that only moderate financial accommodations could be expected now.

The price cuts largely were confined to wearing apparel, but a spread of the movement to other lines was indicated by the action of Omaha dentists in reducing the price of dental work.

Says Greater Production Needed.

A newspaper advertisement by a Newark, N. J., clothing concern today announced price cutting as "an economic mistake," asserting that "it is economically unsound to sell merchandise today for a price which is less than we can buy it from the makers anywhere. What the world needs is greater production, not the drastic sacrifice of retail prices."

Several Milwaukee, Wis., merchants characterized the movement as a "circus stunt."

In St. Paul, Minn., the largest wholesale millinery concern in the north-west announced it would open its doors to retail trade and dispose of a \$1,200,000 stock at prices 50 per cent below prevailing retail prices.

One large furnisher's store for men, operating stores in several cities, announced a general reduction in prices of 15 per cent.

Price reductions ranging from 15 to 40 per cent were advertised by a number of Boston, Mass., retail stores. Most of the reductions were in clothing, but one department store announced a reduction of 25 per cent in cottons, blankets, linens and similar materials.

At St. Louis, Mo., three department stores cut clothing prices 15 to 25 per cent, while several men's stores announced 33-1/3 per cent reductions in men's suits.

At Texarkana, Ark., shoe stores announced a sale of 112 shoes for \$4.85. Other stores advertised large reductions.

All leading stores of Chattanooga, Tenn., advertised 20 per cent discount on all goods sold except contract commodities.

One Columbus, Ohio, store reduced women's clothing 33 1/3 per cent.

Price cutting in the sale of textile materials, hats and furnishings, put into effect in many San Francisco, Cal., establishments yesterday was followed today by the announcement of a shoe firm of a reduction of from 10 to 40 per cent.

Many middle western states and towns reported reductions in clothing prices.

Dealers at Sioux City, Iowa, said men's wearing apparel was down because of a backward season combined with large stocks which must be moved to meet financial obligations.

A break in the eastern markets, a rainy spring and large stocks on hand were responsible for a reduction in women's clothing, they said.

F. A. BLANKENBECKLER ELECTED CHAMBER OF COMMERCE PRESIDENT

H. M. Anderson Chosen Vice President at Session of New Directors. Meet Again Thursday.

F. A. Blankenbeckler is the new president of the Cisco Chamber of Commerce.

He was elected at a meeting of the new directors, held in the Chamber of Commerce rooms in the city hall at 8 o'clock Wednesday evening. Blankenbeckler is one of the younger set of Cisco's progressive business men. He is president of the Guaranty State Bank & Trust company.

H. M. Anderson, superintendent of the Cisco division of the Texas company, was elected vice-president.

Selection of secretary was deferred, but the new board might have opportunity to secure the best talent possible for that position. The consensus of opinion was that they must have a valuable man—not a cheap one.

There will be another meeting of the board this (Thursday) morning at 10 o'clock for the purpose of further discussion concerning a secretary, and to elect nine associate directors. These will serve in the absence of the regular board members.

No action was taken as regards the treasurer's position, and J. O. Sue will continue to act.

This first meeting of the new board was called to order and presided over by W. E. Morris, the retiring president. All members of the new board were present, with the exception of W. E. Spencer.

Miss Mary Howell, acting secretary, read the report of the financial condition of the chamber. It showed a balance in the treasury of \$207.85, and Treasurer Sue reported two unusual items of about \$250. The balance was clear of debt, and turned over to the new administration approximately \$275.

J. J. Butts nominated H. M. Anderson for president, and this nomination was seconded by J. O. Sue. Anderson expressed his appreciation of the tendered honor, but declined to accept, as his business time was not free to devote such as the duties required, he said.

Blankenbeckler was then nominated and reluctantly consented to serve—feeling too young for the position.

In a very happy little speech, President Morris turned the gavel over to the new president. He added that "we have given you a healthy treasury, and hope you will expend it to the best good of Cisco."

TREASURY SECRETARY OPPOSES VET BONUS OF ANY DESCRIPTION

WASHINGTON, May 19.—When republican members of the house went into caucus tonight on soldier relief legislation, Chairman Fordney, of the ways and means committee, laid before them a letter from Secretary Houston flatly opposing an bonus proposal in whatever manner financed.

Secretary Houston's letter, which reportedly was an inquiry by Chairman Fordney as to the treasury's views on the "insurgent" republican-democratic proposal for a retroactive 50 per cent war profits tax, declared that congress instead of devising new means of spending money, should concentrate its efforts on raising funds for current government expenses.

PROSECUTORS SCORED BY JUDGE FOR LAXITY IN BOOTLEG ARRESTS

CHICAGO, May 19.—Accusing the federal district attorney and the central prohibition officer of lack of co-operation in the handling of alleged liquor violation cases, Judge K. M. Landis today threatened to cancel the remainder of the term of method on the part of officials.

An alleged "bootlegging" case was on trial before Judge Landis.

Instructing the jury to ignore the "sloppy manner in which the district attorney had presented the case," the judge called District Attorney Charles Clegg and Major Dymally before him. "I am wasting my time and your time by hearing such cases," he said. "There is much ado about these cases when they come to trial, and then each turns out to be the case of some man who has been arrested for carrying a pipe of bootleg whiskey. The newspapers in cases where thousands of dollars worth of whiskey has been stolen, why don't you bring in some of the big offenders?"

THE STRIKE AGITATOR

Twelve Men Slain in Gun Duel Between Miners and Officers

MATEAWAN, W. Va., May 19.—Twelve men were killed and three badly injured in a battle here late today between the police and citizens on one side and Baldwin-Felts detectives on the other.

A revised list of dead as given out by the police at midnight follows:

Mayor Cabell Testerman,
L. C. Felts,
H. E. Felts,
E. O. Powell,
A. J. Hooker,
J. W. Ferguson,
L. M. Brown,
C. B. Cunningham.

All above are detectives.

James Mullen,
Patrick Kinley,
William Rohrer,
Isaac Brewer.

The above are all miners.

The wounded:

Samuel Artie,
—, Baldwin,
James Chamber.

The dead were taken to Williamson, the county seat, 12 miles from here, and the wounded to a hospital at Welsh, West Virginia.

Intense excitement followed the shooting, but the village became quiet when news came from Charleston that the entire state constabulary had been ordered here and that two companies of troops would arrive about day break.

Conflicting stories as to the cause of the shooting were told. The police declare that a party of Baldwin-Felts detectives arrived here from Williamson this morning to evict from company houses families of miners who had been dismissed from the company's employ.

Eight families, the police declare, had been turned out when Mayor Testerman approached Albert Felts, the leader of the detectives, and wanted to know by what authority their action was taken and by what authority they had arrested one of the miners.

While they were talking, according to the police, Felts shot the mayor, firing from his coat pocket. Almost instantly Felts himself was killed, the police say, by "Sid" Hadfield, chief of police of Mateawan.

Immediately the shooting became general.

WILLIAMSON, W. Va., May 19.—One hundred deputy sheriffs armed with rifles were sent from here late tonight to Mateawan where citizens and Baldwin-Felts detectives battled late today.

They will keep order in the village until the arrival about day break of Colonel Arnold and the West Virginia state constabulary.

J. & P. Official Visits.

The Texas & Pacific division superintendent, J. W. Knightlinger, spent Wednesday in Cisco. He was in his private car, and accompanied by his aids.

WOULD WRITE HISTORY OF WEST TEXAS WITH CISCO AS A FACTOR

Dr. O. H. Lloyd Submits Proposition Before Joint Meeting of Y. M. R. L. and C. of C.

Immediately on the adjournment of the Chamber of Commerce Wednesday night, a joint meeting of this body and the Young Men's Business League was held in the Elks' hall. The purpose was to consider jointly measures for the welfare of Cisco, and to listen to some industrial propositions.

Some good talks along the lines of progress and city building were made by both members and by visiting citizens. Several voiced the sentiment that Cisco must spend money to secure people and industries, just as Fort Worth and other big cities have done, and that there must be moderation in realty prices.

A former committee was continued, and empowered to act in the matter of locating industrial sites, securing options and prices and be ready to meet any proposition that may come to this city.

Dr. O. H. Lloyd, director of the educational campaign here, put on by the West Texas Chamber of Commerce, was present and invited to make an address. His talk was along agricultural lines. Dr. Lloyd spoke of the great possibilities for agricultural development in West Texas. That the opportunities needed only to be told to the outside world to bring people here. His talk covered the rain and the drought problems in a very interesting manner. The stress of his address was that the country must have more producers to meet the multiplying consumers, of the present process will eventually call for revolution.

The speaker observed that all the liquid gold flowing from the earth would be of no value to mankind without agriculture to supplement it.

"Dollar Rule."

In the course of his remarks he spoke of the "dollar rule," instead of the "golden rule," which has grasped the country. It will take education to bring the people back, he says. And this must apply also in city building, he told them—especially as regards realty, was his warning. "Real estate men must follow the golden rule," he said; "they can do this and be honest, and make reasonable profit."

Dr. Lloyd submitted a big proposition to Cisco, to become affiliated with the great educational campaign of the West Texas Chamber of Commerce. They propose a history of West Texas and the cities of West Texas, and a great film production. These to travel by airplane, and the histories be distributed in schools and public libraries, while the films be screened, all free to the peoples of many eastern and northern states.

There will be two thousand feet of film, showing original Texas, and ten thousand feet showing modern West Texas.

It requires \$2500 for Cisco to become affiliated. She would get ten passes in the history, and 425 feet of film, besides a truck display of products of this area.

W. K. Whipple is the publicity manager of this campaign, and the flying man who is taking many views, and will put on the shows in the east. He is the airplane pilot who has been circling Cisco for several days and was present at the meeting.

The proposition was taken under advisement by the two organizations—the Chamber of Commerce and the Young Men's Business League. They have a few days in which to handle the proposition.

REPUBLICANS FINISH GATHERING PLATFORM DATA FOR CONVENTION

WASHINGTON, May 19.—Executives of the republican committee of 171, in conference with other party leaders today, put the finishing touches on the data collected by the committee for use in framing the national platform.

Completing two days of discussion of the 21 subjects covered by the committee's report, the party chiefs declared complete harmony had been attained on these subjects and a big start made toward constructing the framework of a platform on which all republicans could unite. In the form to which it has been revised, the committee will be distributed to convention delegates and submitted to the convention's platform committee for its guidance.

All the subjects included in the committee's report and discussed yesterday and today, however, relate to domestic affairs and do not touch on some problems which are expected to be storm centers at the convention. The treaty of Versailles, Mexico, and liquor were among the topics omitted alike from the committee's report and from the round-table discussion. These subjects are expected to be taken up in consultations during the next few days, although the leaders said no final program could be agreed on before the meeting of the convention. Will H. Hays, the national chairman, and other prominent republicans who are here to talk over platform problems, will remain in Washington during most of this week, and with the report of the committee of 171 out of the way, they are expected to turn their attention to other issues.

The feeling among the titular leaders of the party is understood to be that republican senators can most easily work out the party's declarations on foreign affairs, including the plank on the treaty. The senators already have done considerable work in that direction but it was said tonight that there had been no agreement on details.

GOMPERS-ALLEN DEBATE TO BE A FREE-FOR-ALL

TOPEKA, Kan., May 19.—The debate between Governor Henry J. Allen of Kansas and Samuel Gompers, president of the American Federation of Labor, in New York, May 28, will be a "free for all" affair as far as subjects go, Governor Allen announced today after correspondence with Mr. Gompers.

Unable to agree upon a definite subject, the two speakers will discuss the Kansas court of industrial relations, strikes, union labor, anything that they may consider germane to the general subject, the governor announced.

The Kansas special train to New York for the debate will leave Topeka May 26, arriving in New York May 28, it was announced at the governor's office.

WILL BE SATISFIED IF PRO TEM PRESIDENT IS REBEL, SAYS DE HUERTA

EL PASO, Texas, May 19.—Answering a telegram sent yesterday by several Oregonians asking Adolfo De La Huerta what his attitude would be regarding the naming of a provisional president, Governor De La Huerta said, according to a statement given out today by the Mexican consulate here:

"I shall be satisfied with any provisional president named by the Mexican congress, just so long as he is a true revolutionist and competent to carry to an end the work entrusted to him."

Here from Sipe Springs.

Mr. and Mrs. J. W. Powell, recently of Texico, New Mexico, but now of Sipe Springs, where they are interested in oil lands, were in Camp Woodhouse.

MICHIGAN DEMOS PLEDGE SUPPORT TO WILSON AND AN UNAMENDED TREATY

GRAND RAPIDS, Mich., May 19.—Support of the League of Nations covenant and the Versailles treaty without amendment and "unflinching support of President Wilson, who has given us but his life in the service of his country and the world," were pledged in resolutions adopted by the Michigan state democratic convention today.

Thirty unamended delegates to the San Francisco convention were chosen. No mention was made on the convention floor of a presidential nominee, Herbert Hoover, an avowed republican, having won the democratic primary.

As finally adopted after a heated debate, a resolution declared national prohibition a "constructive act of the Wilson administration."

THREE MERCHANTS PLEAD NOT GUILTY TO CHARGES OF SUGAR PROFITEERING

OKLAHOMA CITY, Okla., May 19.—Arguments filed by 13 wholesale and retail merchants of Oklahoma City and Enid, who were arrested following indictments on charges of violating the Lever food control act, were heard this afternoon by Judge John C. Pollock in the federal district court. Judge Pollock stated he would give an opinion tomorrow.

C. E. Smallwood of Enid, who is charged with profiteering in sugar, joined the defendants. Ralph and Joe T. Messer of Britton, Okla., are charged with violating the fuel control act. These three entered pleas of not guilty, which arrested today, before United States Commissioner Ernest Chambers and were bound over to the federal district court for trial under \$500 bonds each.

CAUTION GOVERNMENT AGAINST RECOGNIZING ANY MEXICAN FACTION

American Industrial Groups Urge State Department to First Find Policy Toward U. S.

WASHINGTON, May 19.—Caution in extending recognition or support to any Mexican faction instrumental in the overthrow of Carranza, was urged upon the state department today by representatives of various industrial groups having interests in Mexico and former diplomats. Definite assurances of the Mexican party now in power as to its attitude toward foreigners and foreign investments should be first obtained, it was held.

Among those who conferred with Secretary Colby, were former Ambassador Henry Lane Wilson, former Charge d'Affaires O'Shaughnessy, E. L. DeHenry, representing Tampico oil industries; Harold Walker of the Mexican Petroleum company; Cornelius Kelly, Anacostia Copper company; William Loeb, Jr., American smelting and refining company; George Carnahan, and Frederick Watrous, representing various agricultural enterprises, and Burton Wilson, representing banking interests.

State department officials were requested to advise American interests as to whom in Mexico they should pay current taxes. The question at issue is of more immediate concern to the oil producers than to the mining men or other operators in Mexico. It was explained that until some more definite ruling is received, exporters of oil or mine products may be asked to pay their taxes either to the authorities actually in control of the ports, or to the de facto authorities in the national capital.

The oil interests represented by DeHenry are confronted with an immediate decision regarding the payment of more than \$2,000,000 in taxes. For several years practically all oil producers in the Tampico region have paid tribute to Manuel Palaez, but federal taxes have been paid in Mexico City as a matter of convenience. The law and custom of Mexico provide that they shall be paid at the federal tax office at Tampico.

Palaez has asserted his whole-hearted support of the movement of General Obregon and General Gonzalez, but in the absence of a better definition of authority in Mexico, the oil producers have looked to their own government for guidance.

No direct advice was given by the secretary of state, but he is understood to have told his callers the question would be given consideration. In the meantime, however, Dr. Alvaro Torre

MIDLAND PASTOR WILL PREACH COMMENCEMENT SERMON FOR CISCO HIGH

Superintendent J. J. Godbey of the city schools, announced last night that Dr. J. T. McKissick, pastor of the Christian church at Midland, also president of Midland Christian college, will preach the commencement sermon of Cisco high school at 11 o'clock next Sunday morning, at the city hall auditorium.

INDUSTRIAL RELATIONS ASSN. OPENS CHICAGO MEETING

CHICAGO, May 16.—Incentives and production formed the theme of this afternoon's discussion at the second annual convention of the Industrial Relations Association of America, which opened here this morning. The speakers were L. C. Marshall, dean of the college of commerce and administration at the University of Chicago, who was with the U. S. Shipping Board during the war, and E. W. Hulet, second vice-president of the White Motor company, of Cleveland, Ohio.

Eleven different subjects were taken up for consideration at luncheon meetings today. These related to Americanization, shop and works committees, how many hours per day, industrial relations department costs, cooperative stores, personal aid workers, insurance and bond plans, stock purchase, co-operation with educational institutions, job specifications and job analysis, and employment office methods.

Dinner meetings to be held this evening will group in banks, automotive industries, insurance companies, printing trades, oil and women. Tonight H. P. Bowls, vice-president of the Hydraulic Steel company, and Harry N. Clark, president of the Cort-cosco company, both of Cleveland, will speak of "Linking up the Workers with the Finished Product."

The convention of the association, which was formerly the National Employment Managers association, was opened this morning by an address of welcome by Cyrus McCormick, Jr., of the International Harvester company, with the reply of Philip J. Reilly, president of the Retail Research association of New York, and also president of the industrial relations association.

Community conditions affecting labor stability and the foreman of the present and future will be taken up for consideration tomorrow, and on Friday, the last day of the convention, organized labor in the industry, what the working man wants and what management wants will be further subjects of discussion.

The Hon. Gideon Robertson, Minister of Labor, Ottawa, Canada, will close the convention with an address Friday night on "A National Industrial Relations Policy."

EASTERN SOCIETY WOMEN SHUN RENO, WIN FREEDOM IN PARIS

The fad formerly current among eastern society women of going to Reno for their divorces is less marked today. It has been discovered that marital chains are broken quite as easily, and with more attendant pleasure and excitement, in Paris. Among the latest are Mrs. Leonard Thomas and Mrs. Philip Lydig and (below) Mrs. Ogden Mills, Jr.

FINEST THEATRE TO BE BUILT AT NEW YORK

NEW YORK, May 19.—Foreign-born Americans with a love for the drama of their native lands are to have a Folk Theater of their own, the project of Burton W. James, a local community worker, who has directed Russian and Italian as well as English productions in New York.

The theater, in which, it is said, "the plays of all nations" will be given by amateurs and professionals will be one of the finest in the city. It will seat only 229 persons but the plans contemplate that it shall be complete and modern in every way. The site selected is on the upper East Side.

Russians, Italians, Czech-Slovakians and many other former Europeans for years have presented grand opera, comedy and tragedy written by masters whose work has never been seen by Broadway theater-goers. Mr. James, who is enthusiastic about his venture, says that the primitive love for acting is very much alive in New York and that the zest for self-expression which persists among these one-time immigrants even in small dingy public halls with wretched stage accommodations will never die.

"Night after night, all over New York," said Mr. James, "amateur actors of foreign nationalities entertain crowds of their countrymen with better plays than Broadway usually sees. Less than five per cent of them have ever been inside a Broadway theater. When they do go to American shows it is necessarily to the cheapest kind. The influence of this is manifested in the taste for art which their children develop. But their parents never forget the pleasures they were used to in the 'old country'."

"This is what I mean: A town that I know of in Bohemia, of 7000 inhabitants, produced 'The Flying Dutchman' for their own entertainment. It must have taken every member of the community to put it on. I have sometimes offered the tiny stage at the Lenox Hill Settlement where I direct dramatic

granted divorces in the French capital, in Paris. Among the latest are Mrs. Leonard Thomas and Mrs. Philip Lydig. Mrs. Ogden Mills, Jr., is a wife of an American multi-millionaire who has recently been divorced.

but when I say to an excellent group of Bohemian amateurs, 'come and play for us 'The Bartered Bride,' by your famous countryman, Smetana,' they answer: 'Our orchestra would leave no room for the audience. And with such a small stage and no dressing rooms it would be impossible.'"

Interest in the Folk Theater has been taken by Hunter College which will celebrate its 150th anniversary here tomorrow with a festival including a benefit performance of "The Two Orphans," a

play just a half century old itself. The box office receipts will be used as a nucleus for Mr. Jones' theater enterprise. The Bohemian artists, Mitelka and Myresch, who have sympathized with the dramatic efforts of their fellow countrymen, have offered to cooperate. It is said, in the decorative arrangements and preparation of scenery.

In China a coffin is regarded as a very acceptable present, especially if made by your own family.

ESTABLISHING PAPER PLANTS IN ALASKAN TIMBERLANDS NOW

JUNEAU, Ala. May 1 (By Mail)—Paper plants are soon to invade Alaska's thousands of acres of pulp timber, according to reports received here. One plant, the first pulp mill to be established in Alaska, is to be erected on the Spenk River, 35 miles from here, by a Junau company. Another company is planning to build at Petersburg, south of Juneau.

ALL BUSINESS MEN ARE INVITED TO MEETING OF RETAIL MERCHANTS HERE

The Retail Merchants' association will hold an important meeting at the city hall tonight, beginning at 8 o'clock. Since the last meeting an effort has been made to secure the names of practically every business man in Cisco as a member, and it is expected that the secretary and those who have worked with him will have a most interesting report to make along this line.

HOME SERVICE TO VETERANS INCREASES

More than 24,000 families were served by the Red Cross Home Service section in the Southwestern Division-Missouri, Kansas, Texas, Oklahoma and Arkansas during the month of April, according to a report just by the Department of Civilian Relief at St. Louis. Of that number, 16,932 were aided by any one of the many methods of Red Cross service, while 7,022 asked and received information only. Grants and loans of money during the month aggregated \$2,373. Twelve hundred new cases were handled as against 992 for the preceding month. Final settlements were made in about 5,000 cases.

AUSTRALIAN LABOR TO SNUB THE PRINCE OF WALES FOR ECONOMY

MELBOURNE, Aus., April 29 (By Mail)—The Melbourne Trades Hall council has decided that it will not be officially represented at any function connected with the Prince of Wales' visit here, because the money that would be spent on such functions could be used in the interests of the wage earners; whereas, the council asserted, the proposed expenditures would bolster up the capitalist system.

Baby Travels 7,000 Miles

Spirito Chakirido, aged 3, recently was delivered safely to his parents in Hayden, Colo., by the Red Cross, after 7,000 miles' travel from Siberia. Spirito is the step-child of Louis Charous, a doctor with the American forces who returned from Chita, Siberia, with his new wife a few days ago. While the couple sailed the baby was left with the mother's family. The child's father was killed in a riot two years ago, during the revolution outbreak. The baby was well and seemed to have enjoyed the long voyage and cross country trip. He was enroute during the long trip by a Red Cross nurse.

THE NEWS PLATFORM FOR CISCO AND EASTLAND COUNTY.

- 1—A municipal auditorium or convention hall.
2—Removal of unsightly buildings, and erection of uniform marquees on Avenue D.
3—Development of the public schools.
4—Truthful publication of all news.
5—Better rural schools.
6—Development of every foot of Eastland county soil into productive acres.

PROLONGATION OF LIFE

When Browning sang this verse he perhaps had a keen vision of the future. According to some vital statistics...

In the United States in 1919, 45 of 1000 persons living were 65 years old or older. In 1906, the number was only 39.

Furthermore, the expectation of life for men of 65 in the United States 18 years ago was a little more than 11 years.

Among other things the statistics show that white persons of 65 have a better chance of extended life than negroes.

With increased knowledge of life, development of medical science, improved sanitary conditions, better food inspection...

WOMEN proved to be the bestest politicians, or the men of Jackson Hole, Wyoming proved their chivalry in the recent election held there for city officers.

CITY PLANNING

CITY planning is a local problem after all. Observers note that much municipal planning in the United States has gone up in smoke because "plans" were formed hurriedly and without knowledge of local needs.

Knowledge of other cities, their plans and what has been accomplished, is only valuable in a general way to a city's planning and building commission or townworkers.

Cisco is destined to be an industrial city of perhaps 50,000 people within a few years, and it is time for her planners to be preparing a topographical map that would be most readily adopted in the progress of the city's building.

But any planning for any city, includes parks and recreation centers. This part of the city planning applies to all cities alike.

CISCO'S water reservoir canyon is becoming very noted by being visited and inspected by eminent engineers and factory prospectors.

ONE by one the big oil supply companies come to Cisco and establish their Texas headquarters. They realize this as the most advantageous distributing location and the logical business center for oil operations.

WITH Cisco's unlimited water supply of the superior quality, and the gas and oil fuel advantages held in this area, manufacturing industries are investigating and becoming interested in this city as an industrial center.

ON THE SPUR OF THE MOMENT

THE REASON
I've discovered why the poet
It is never worth a cent—
And I don't want to beautify the fact.

A New York commissioner advocates a shorter day for factory workers to bring down the price of cotton.

The irregular type of house we find in our house-hunting travels is rapidly growing in favor with suburban builders.

It is not a good type of house which to raise a high-brow family. This is an oversight of the country, which are quite near the city.

HEART AND HOME PROBLEMS

Dear Mrs. Thompson: When I was 15 years old I started to keep company with one of my school friends.

Dear Mrs. Thompson: I met a boy whom I became very fond of, and I believe I thought a great deal of him.

Dear Mrs. Thompson: I have tried so hard to forget him, as I feel he will not go with me again, but I cannot.

Dear Mrs. Thompson: I have tried so hard to forget him, as I feel he will not go with me again, but I cannot.

Dear Mrs. Thompson: I have tried so hard to forget him, as I feel he will not go with me again, but I cannot.

DINNER STORIES

"This," smiled the fond young wife, as she passed a plate of pudding to her husband, "is cottage pudding. I made it myself."

"I'd have known it was cottage pudding," he returned.

"Would you?" she returned, delighted.

"Yes, I will taste the pudding and the wall paper."

Henry's father was a good naturalist. Therefore, Henry knew all about the game. One time he was asked:

"Henry, who is it that men that play golf always yell for instead of 'hoop' and 'hoop' with their clubs?"

Henry thought for a moment before an inspiration came from looking at his young sister, who was dutifully getting her arithmetic.

"You see," he replied, "I take too long to yell, 'hoop-hoop,' and that sounds so much like 'hoop-hoop' that they just add them together and yell 'four.'"

"So you was fishing yesterday, that's it?"

"No, such as I was. Who done you fishin' in?"

"Nobody told me, Frank. I saw you fishin' in a hole."

"No, such as I was. I never fished in no hole."

"But I saw you with my own eyes, Frank, and you were fishing in a hole."

"I'm fishing in de boat, but I was fishin' in de water."

Snyder Comes Back
ENTRER, Texas, May 19.—"Off again, my dear, my dear," Snyder, before the almost forgotten dream of 1917-18, he had been elected as a senator.

The Spanish peasant works every day and dances half the night, yet eats chiefly black bread, onion, and watermelon.

A good buy—limited two suits to a customer

WE decided to have this sale in order to reduce our stock and help those who desire to bring down the high cost of living. This movement has already been started in the Eastern states, and we believe in doing something for the benefit of the people in this locality by offering our stock from 15 to 40 per cent off. In other words, if you purchase \$10 worth of our merchandise you can save at least \$2.50 on this amount alone. Our stock is now complete, consisting of high-grade Shoes, Men's Suits, Ladies' Dresses, Suits, Skirts, Undergarments, etc. Nothing will be reserved during this sale and we want every person to come so we may prove this statement to you. This will be our second sale this year and we are certainly prepared to serve you as we did during our last sale. We believe Honesty is the foundation of success. We have bought fall merchandise at higher prices than we are asking you at this sale. Please read our prices carefully and tell all your friends and neighbors about this Big Economy Sale.

Respectfully,

J. A. LOTEIF, Proprietor,
Opposite Postoffice,
Cisco, Texas.

SALE LASTS 15 DAYS

THIS SALE AND ITS EFFECTS

This is our second sale this year. In our last sale we did a wonderful business and added many new customers to The Famous Store. We mean to take the "High" out of the High Cost of Living, and rather than advertise every day and spend money on our store we have decided to have this big killing sale and give you the lowest prices, which will mean big savings to you. COME AND SEE FOR YOURSELF.

\$25,000 stock ready for your inspection--nothing reserved at all

FREE To the first ten customers who purchase \$10 or more we will give each of them \$1 worth of merchandise **FREE.**

Scouts Knock Nitro Ace From Mound In 10 to 8 Game Here

By Bill Gilmer.

The Cisco Scouts knocked Red Hill, Nitro ace, out of the box yesterday afternoon here and the local boys won 10 to 8.

Ranger started strong, and in the third inning batted all the way round, hanging up five runs. Things looked gloomy for the Scouts for the next two rounds, but R. Johnson started things in the fifth when he singled to left. York followed with another smash to the same field, advancing Johnson to second. G. Johnson slipped one through Tate, and Ross came home. Neely doubled to left, sending York across the plate and placing G. Johnson on third. Flag stepped into one of Hill's slants and drove the ball to Flashkamp, who threw wild at first, allowing G. Johnson and Neely to score and Flag to go to third. The Nitros were up in the air by this time and the Scouts kept on their trail for more runs. Rabbit Wasserman beat out a hunt to Hill and Flag trotted home. Griesenbeck also beat out a hunt to Hill and King followed with a double to right which sent in Rabbit. Manager Jim Galloway decided by this time that Hill was battered enough and sent Crow to the pitcher's box. The Scouts had piled up six runs and no outs had been made when Crow began. Earnshaw finished up the evening when he whipped Crow's first offering to deep left field for a home run, sending Griesenbeck and King in ahead of him.

The Nitros tried hard to even up the count in the ninth when they squeezed three runs across, but the local crowd had on the visitors too much for the Rangers to overcome, and the game wound up when the umpire called Crow out on strikes.

The box score:

HOW THEY STACK UP

WEST TEXAS LEAGUE.

Wednesday's Results.
Cisco 10, Ranger 8.
Gorman 8, Eastland 5.
Mineral Wells 4, Abilene 2.

Where They Play Today.

Boston	24	10	14	.417

TEXAS LEAGUE.

GALVESTON, May 19.—Conley out-

pitched and outfielded Guder today and Dallas took the first game of the series 1 to 0. Palmer tripled in the fifth and scored when Guder let Falk's party drive to the box get away from him momentarily. Galveston got on base only three times and reached second but once.

Score by innings— R H E
Galveston . . . 000 000—1 5 2
Dallas . . . 000 000—0 0 0
Batteries: Conley and Robertson; Guder and Hanner.

HOUSTON, May 19.—O'Brien's three-

base smash in the fourth inning won the bases loaded but Fort Worth in the lead here today and incidentally gave them enough runs to win. The Reds staged a rally in the ninth for three runs. Rightfielder Williams of the Panthers was put out at the game for arguing with the umpire.

Score by innings— R H E
Fort Worth . . . 000 001 100—7 7 5
Houston . . . 010 000 013—5 9 3
Batteries: Appleton and Haworth; Glenn, Keck and Harkins.

BRAUMONT, May 19.—Beaumont de-

feated Wichita Falls in the first game of the season between the two clubs here this afternoon 4 to 5. The game was a see-sawing contest in which each side had three pitchers. The Exporters scored the winning run in the eighth on Mathee's double following a base on balls.

Score by innings— R H E
Wichita Falls . . . 000 000—5 14 0
Beaumont . . . 000 000—4 8 2
Batteries: Sowell, Ruth, Eberhard and Kitchan; Jones, Schneider, Ballot and Alexander.

SAN ANTONIO, Texas, May 19.—

George Jackson's home run in the first inning scored three runs and in the second Wetzal was driven to shelter, Shreveport winning 7 to 5.

Score by innings— R H E
Shreveport . . . 020 000—7 10 1
San Antonio . . . 003 001 100—5 10 0
Batteries: Napier and Vann; Wetzal, Stewart and Gibson.

Preparing for Pecan Growers.

Great preparations are being made here to entertain the meeting of the Texas Pecan Growers association which is scheduled for May 24. Efforts will be made to establish national headquarters at this place.

GIL'S GLEANINGS

That was a pretty home run of Earnie's. The big Scout second baseman caught hold of a fast one and the ball sailed like a chaf pigeon towards Clapp. The Nitro left fielder didn't know how fast the sphere really was coming at him and he had to hike to the boards when the ball flew over his head.

Umpire H. L. Hines has decided to give up umpiring in the hot ball yards of the West Texas League and go back to the kind that the fans like to see all day long of Lake Michigan. He wired in his resignation to Walter Morris, president of the league, Wednesday afternoon.

Roberts, erstwhile Scout, played first base for the Nitros yesterday and performed quite well. Out of four times at bat he connected for a couple of hits and accepted 12 chances at the initial sack without a bobble.

Bunch hitters like Spearman of the Fort Worth professional negro ball club are the kind that the fans like to see step up to the plate. Yesterday at Fort Worth against the Waco negro club Spearman went to bat in the ninth with a man on base and the score standing 4 to 2 in favor of Waco. He holled a cut, "Heely's whew! Whew! Whew!" and knocked the first ball thrown for a home run, and the Fort Worth blacks won.

Our club opens today in Mineral Wells for a four-game series with the Reserters. From there the Scouts go to Ranger for three games, and then they step over to Gorman for three games with the Buddies. On May 29 the Abilene Eagles will come to Cisco for their first games with the Scouts in Harrell Park.

If the Scouts win today against the Reserters, and the Judges lose to the Abilene Eagles, Cisco and Eastland will then be tied for third place with .500 each.

German took the undisputed lead yesterday when they trimmed Eastland while Abilene was losing to Mineral Wells.

AMERICAN LEAGUE

BOSTON, May 19.—Excellent support of Cicotte held Boston to a 3 to 2 victory over Chicago in the last game of the series today, although the winners made 14 hits for a total of 19 bases. Felder's home run, his second here in two days, tied the score at two, all in the seventh.

Score by innings— R H E
Chicago . . . 000 000—2 3 0
Boston . . . 100 010—3 14 1
Batteries: Cicotte and Schalk; Harper and Schang.

Is there a jinx abroad, fitting about from team to team in the major leagues, putting star ball players out of commission and causing much wailing and gnashing of teeth? It looks that way, especially if you happen to be the clubhouse with the ball bag at the start of the ninth inning. The Giants were seriously injured by a blow on the head in the course of a spring exhibition game, and a day or two later Jack Dauter sustained an injury to his right hand, from which he has recently recovered. The Walter Barbara was hit in the mouth with a pitched ball. His jaw was broken and he is still on the hospital list. These accidents all occurred during the training season. Hardly had the championship season started than Arthur Fletcher was painfully spiked. Mike Menosky twisted an ankle. Babe

PHILADELPHIA, May 19.—Philadelphia found Oltman after being retired in order in the first three innings today and batted him out of the box, evening up the series with Detroit.

Score by innings— R H E
Detroit . . . 300 000—4 9 0
Philadelphia . . . 000 001—7 12 1
Batteries: Oltman, Glazer, Allen and Stange; Naylor and Perkins.

NEW YORK, May 19.—Cleveland broke even on its four series game with New York by winning today. Covaleski scored an impressive victory. He was especially effective in the pinches.

Score by innings— R H E
Cleveland . . . 100 010—0—5 11 2
New York . . . 000 000—0—5 11 2
Batteries: Covaleski and O'Neil; Mouridge and Hannah; Ruel.

LITTLE ROCK, May 19.—Little Rock's wretched fielding enabled New Orleans to win today's game 3 to 2.

Score by innings— R H E
New Orleans . . . 000 000—3 9 2
Little Rock . . . 000 000—2 9 4
Batteries: Torleson and Dowse; Lohman and Brotten.

MEMPHIS, May 19.—Bunching four hits off Goodrich with three errors in the ninth, Mobile broke a tie and defeated Memphis 4 to 0.

Score by innings— R H E
Mobile . . . 100 000—0—10 15 1
Memphis . . . 000 000—4 10 0
Batteries: Prieste, Lukonovic and Coleman; Albris, Goodrich, Theault and Meyer.

CHATTANOOGA, May 19.—Nashville and Chattanooga divided a double header today.

First game:
Nashville by innings— R H E
Nashville . . . 000 000—0 7 2
Chattanooga . . . 000 000—1 9 1
Batteries: Meis and Kohlbecker; Marshall and Neiderkorn.

Second game:
Chattanooga by innings— R H E
Chattanooga . . . 100 000—2 2 0
Nashville . . . 001 000—1 5 3
(Seven innings by agreement.)
Batteries: Hodge and Jonnard; York and Neiderkorn.

ATLANTA, May 19.—Atlanta defeated Birmingham in the first game of a double header here today 5 to 3, the latter going eight innings instead of the seven agreed upon because of a tie.

First game:
Score by innings— R H E
Birmingham . . . 000 000—0 9 4
Atlanta . . . 020 100—5 9 0
Batteries: Coffindaffer and Peters; Suggs and Powell.

Second game:
Score by innings— R H E
Atlanta . . . 100 000—2 8 2
Birmingham . . . 000 000—4 11 3
(Eight innings by agreement.)
Batteries: Gallagher, Herjet and Gooch; Thornburn, Roberts and Powell.

"THAT LITTLE GAME" --- Another Innovation

SPORTSNAP SHOTS

Babe Ruth has figured in many unusual incidents on the baseball field but never in a more out of the ordinary play than that which cropped up in the eighth inning of a recent game with Washington and which recused the Yankees from an embarrassing predicament. Harris beat out a hit and took second on Peck's error. Ellerbe singled, following which Shamm's fielded out. Charney singled, scoring Harris, while Ellerbe went to second. Schacht filed to Ruth, who mused the ball but threw to Pratt, forcing Charney. Ellerbe's run had been sent to New Orleans by Peck and the inning was over.

When Fred Fulton knocked out Jack Thompson recently he hit Thompson so hard with a left hook that he broke the latter's jaw. Thompson has not been able to speak or eat solid food since, and the doctors say it will be at least six months before he will be fit to don gloves once more. Thompson is the big negro whom Harry Willis met in California a few months ago. After the bout Willis said that Thompson was so tough that it was impossible to hurt him. Evidently Fulton is a more dangerous hitter than the man who some critics say can beat any heavy weight in the world, Jack Dempsey not excepted.

When Jimmy Wilde, the boxer, goes golfing they mistake him for a caddy at the clubhouse with the ball bag at the start of the ninth inning. The Giants were seriously injured by a blow on the head in the course of a spring exhibition game, and a day or two later Jack Dauter sustained an injury to his right hand, from which he has recently recovered. The Walter Barbara was hit in the mouth with a pitched ball. His jaw was broken and he is still on the hospital list. These accidents all occurred during the training season. Hardly had the championship season started than Arthur Fletcher was painfully spiked. Mike Menosky twisted an ankle. Babe

PHILADELPHIA, May 19.—Philadelphia found Oltman after being retired in order in the first three innings today and batted him out of the box, evening up the series with Detroit.

NEW YORK, May 19.—Cleveland broke even on its four series game with New York by winning today. Covaleski scored an impressive victory. He was especially effective in the pinches.

LITTLE ROCK, May 19.—Little Rock's wretched fielding enabled New Orleans to win today's game 3 to 2.

MEMPHIS, May 19.—Bunching four hits off Goodrich with three errors in the ninth, Mobile broke a tie and defeated Memphis 4 to 0.

CHATTANOOGA, May 19.—Nashville and Chattanooga divided a double header today.

ATLANTA, May 19.—Atlanta defeated Birmingham in the first game of a double header here today 5 to 3, the latter going eight innings instead of the seven agreed upon because of a tie.

ST. LOUIS, May 19.—St. Louis hit Causey freely and defeated Philadelphia today. The locals bunched four hits with two passes in the fifth for five runs, Hornsby tripling with the bases.

PITTSBURGH, May 19.—Pittsburgh was victorious over the Boston Braves today, both Cooper and McQuillan pitching good ball.

CHICAGO, May 19.—New York had a field day today, gathering 11 hits, including four doubles, which with four bases on balls and four costly errors by Chicago made it two straight from the locals.

MADRID TO HOLD GREAT EXPOSITION OF FAN ART

MADRID, May 1 (By Mail)—Spanish clubs are intensely interested in an exposition of fans to be held here this month. More than 400 beautiful specimens showing the development of the art of fan making in the last three centuries have been entered in the exposition. Victoria was among the first to offer her support for the exposition and to participate in it. Others of the royal house, including the queen mother and the Infantas Isabel and Luisa, the Duchess of Talavera and nearly every other woman in Spain followed her example.

VIENNA, April 28 (By Mail)—While the recently completed city census showed Vienna to have a population of approximately 1,600,000, it has discovered that over 2,000,000 bread tickets are in circulation. The loss on this excess ration is estimated at 1000 carloads of flour yearly.

40 Summer Normals Approved. AUSTIN, Texas, May 19.—Twenty-six summer normals for white teachers, and 14 for colored teachers, have just been approved by Miss Annie Webb Blanton, state superintendent of public instruction. The majority of these schools will open June 21. Dates for the white normals include the following: Abilene, June 21; Austin, June 21; Brownwood, June 21; College Station, June 21; Corpus Christi, June 21; Denton, North Texas Normal, June 8, and Denton, College of Industrial Arts, June 1; Houston, June 21; Jacksonville, June 21; Marshall, June 21; San Marcos, June 10; Sherman, June 21; Waco, June 21; and Weatherford, June 21.

Pet Brown to Meet Irslinger May 25th at El-Paso In Bout

Pet Brown of this city who has gone back to the mat after staying out of the wrestling game for some time on account of an injury to his leg, will meet Irslinger at El Paso the 25th of this month. Irslinger is the holder of the Lord Lonsdale belt and a redoubtable mat artist.

Pet Brown's win over Charles Rentrop in Houston Friday evening was the real thing, according to the wrestling critic of the Houston Post. The story follows:

"Before one of the largest crowds ever witnessing a wrestling match in this part of the country, Pet Brown staged his comeback Friday night at the city auditorium, when he threw Charles Rentrop with a Japanese leg lock in one hour, 24 minutes and 50 seconds.

"Brown entered the ring weighing 165 while Rentrop tipped the beam at 164, both men being well conditioned for the encounter. Brown was cheered heartily when he stepped into the ring, but he did not carry off the house, for applause and yells greeted Rentrop.

"For the first five minutes the grapplers sparred for holds, Brown taking the defensive and Rentrop going to the mat, but Brown eased up and Rentrop switched to the offensive. Rentrop fought furiously for a hold and worked himself into a one-run lock, which he broke, much to the surprise of the fans.

"Rising from the tussle, Rentrop attempted to work Brown into a standing position in the dressing room of Rentrop, announced that the French grappler would be unable to re-enter the match."

1500 AUSTRIANS ENLIST IN FOREIGN LEGION OF FRANCE VIENNA, May 1 (By Mail)—Recruiting for the French Foreign Legion has been in progress in Vienna for some months and, according to the newspapers, about 1500 men have been enlisted in the last 10 days. A clause in the treaty of St. Germain permits this recruiting in the states of the former empire. The Vienna press has kept up a systematic attack on this recruitment, urging Austrians not to enlist.

FIRST GUARANTY STATE BANK

We quote from the National Association of Credit Men as follows:

"The dance of industrial death in which the people of America are now participating should cease before they have to pay the piper. This Nation is sound fundamentally and its soundness will continue if more people will give up their folly, will become more diligent, will work as human beings should work during a time of stress and strain and thus help to bring about a gradual deflation in currency so that prices may readily recede and that we may eventually be brought to a condition of industrial and financial health. Thrift is, in our opinion, the expression of real patriotism in these days just as it was in the period of the war. The people who spend recklessly are losing sight of the Nation's traditions; indeed, they endanger the institutions which some low spirits are harboring among us are secretly plotting to destroy. Prices can be lowered by economies practiced all along the line."

\$500,000 Needed By Texas University Says Pres, Vinson

AUSTIN, Texas, May 19.—Pres. R. E. Vinson of the University of Texas has addressed a letter to the state board of control, in which he calls attention to the financial condition of the university, and announces that he has been instructed by the board of regents to apply to the legislature for an appropriation of \$500,000, with which to meet the anticipated expenses of the institution for the coming fiscal year, in addition to the regular appropriations already made. His letter to the board of control follows:

Austin, Tex., May 17, 1920. The Hon. Board of Control, State Capitol, Austin, Texas:

Gentlemen:—The board of regents of the University of Texas, at its last meeting held on April 27, 1920, instructed me to apply to the special session of the legislature, soon to convene, for an appropriation in the amount of \$500,000, with which to meet the anticipated expenses of the University of Texas for the fiscal year, September 1, 1920 to August 31, 1921, in addition to the appropriations made by the last special session of the legislature in connection with the general appropriation bill. It is the intention of the board of regents to make the following distribution of the amount above requested, namely: \$150,000.

- First, to maintain the positions and to continue the departments which were eliminated by the legislature in the appropriation bill, amounting to \$106,440.00
- Second, to replace the deficiency allowed by the Governor for 1919-1920 used in making necessary additions to the teaching staff to accomplish necessary research and service at the University. \$1,925.00
- Third, to make necessary increases in salaries for 1920-1921. \$175,930.00
- Fourth, to meet the increased cost of all equipment and supplies. \$6,600.00
- Fifth, to make necessary additions to the teaching staff for the session 1920-1921. \$33,800.00

Total. \$500,000.00

I am herewith attaching separate sheets showing the financial situation of the university in detail for the present year, the distribution of the deficiency allowed by the governor, and the proposed distribution of the salary increase as requested above, together with a statement of the anticipated receipts and disbursements for the next fiscal year. The attention of the board of control is called particularly to the three following matters: First, that the attendance at the University of Texas has increased in the session of 1919-1920 by something over 45 per cent. More than the attendance in 1918-1919 and upwards of 97 per cent over the attendance of 1907-1908. Second, the total amount requested from the legislature is not based upon an expectation of an increase in expenditures for 1920-1921 but is based upon the excess of the present expenditures. The increase over and above the expenditures for the present year is about \$360,000. Third, in the event that the total amount could be granted by the legislature, the university would have a balance of about \$100,000, which could be used in the purchase of land or in the erection of buildings, or in both these ways. I trust that you may be able to see your way clear to recommending to the legislature the appropriation of the amount requested. Very cordially yours, ROBERT E. VINSON, President.

Two men arrested at Eastland on liquor charges. EASTLAND, Texas, May 19.—On Thursday two arrests were made in indictments returned by the grand jury. G. P. Mitchell, charged with possessing intoxicating liquors, was brought into open court, and entered a recognizance of \$100 with George Myers and Tim Madden, all of Okfuskee, as sureties. Jack Campbell has been arrested on two indictments found and returned May 18, charging the possession of liquors. Campbell made bond before the sheriff in each of the two cases for \$1000, with W. J. Mayo, G. P. Clark, J. D. Hollingsworth and T. M. Mirriek as sureties. Only a few weeks ago Campbell was acquitted on a like charge by a jury in the district court. When he was actually being led by his car driver was arrested with his car full of bottles of liquor. This car driver was acquitted by a jury, his defense being that another man placed the liquor in his car and engaged him to carry his luggage to Ft. Rucker, and that he was on his way with his cargo when arrested and did not know there was liquor in the grips being carried. When Campbell was tried and acquitted the defense was that another man came to Campbell's rooming house having the grips full of liquor and that the liquor in these grips and that Campbell did not know the grips contained intoxicating liquors.

Coach Tomkins Gets Gold Pen. AUSTIN, Texas, May 19.—In appreciation of his efforts in their behalf, the men's debating clubs of the University of Texas recently presented their coach, C. D. Tomkins, instructor in public speaking, with a gold fountain pen. In the past two years Mr. Tomkins has sent out eight undefeated teams. Representing the University of Texas this year in debates with teams of the Universities of Oklahoma, Utah, Colorado and Arizona were: John Coffey of Austin, Judson Francis of Austin, Hubert Bowyer of Austin, Ernest May of Westford, Robert Field of San Antonio, Jack Blalock of Marshall, Carl Calloway of Dallas and Wayne Howell of Carrollton.

Trolley Car Turned Into "Apartment" Helps Family Solve Housing Problem.

A view of the O'Brien family in their trolley car home. Mr. and Mrs. Thomas O'Brien, Staten Island, New York, solved the housing problem and the high rent bugbear for themselves and their family by purchasing an old trolley car and converting it into a three-room apartment, containing bedroom, living room and kitchenette. It's a big snag, perhaps, but real honey.

TODAY'S EVENTS

National Independence Day of Cuba. Anniversary of the signing of the McKinley Declaration of Independence. An international conference of public health officials is to meet today at Birmingham. Maryland delegates meet in state convention today at Baltimore to name the delegates at large to the national convention. High degree Masons of Mississippi and neighboring states will gather at Birmingham today for the dedication of the new Masonic Temple in that city. The general assembly of the Presbyterian church in the United States of America is to begin its sessions today in Philadelphia. The Pan-American Aeronautical Congress, in which more than 40 countries are expected to participate, is to open at Atlantic City today for a 10-day session. Pursuant to a call from Governor Healy the Texas legislature is to meet in special session today to consider legislation looking to the revocation of the pack-hill weed from several south Texas counties. In London today will be opened the annual Royal Military Tournament, promised to benefit military and naval charities and to encourage skill-arms in the various branches of his majesty's forces. Conventions Opening Today. Polatka, Pa.—Protestant Episcopal Convention of Florida. McAlester, Okla.—United Travelers of Oklahoma.

DEPOSED CARRANZA GOVERNOR IN TEXAS

McALESTER, Texas, May 19.—Espinoza Miralles, deposed Carranza governor of Coahuila, with his staff, passed through here this afternoon on his way to San Antonio. Miralles crossed the Rio Grande river at Rio Grande City.

U. S. CENSUS

WASHINGTON, May 19.—Census figures announced today by the United States census bureau include: Oklahoma population, 19,737; Oklahoma, Texas-Ark., 19,737; increase 4,292, or 21.8 per cent. Oklahoma, Texas, 11,439; increase 1,836, or 17.3 per cent. Oklahoma, Arkansas, 8,297; increase 2,952, or 46.0 per cent. Endorse Teachers' Salary Increase. IRVINGWOOD, Texas, May 19.—The county superintendent of the Mid-Texas Teachers' association, embracing about 14 counties, met here Tuesday. Miss Carrie Reeves, president, presided. The meeting endorsed as a whole the plan now on foot by the state department of education for the betterment of Texas schools, by asking that the regular annual appropriation be increased and that plans be adopted for increasing the efficiency of county superintendents.

ADDRESSING NATIONAL MEETING, OFFICIAL SAYS RAILROADS STILL WEAK

NEW YORK, May 19.—Confidence in the future successful operation of the railroads of the United States under private ownership control was expressed by Daniel Willard, president of the Baltimore & Ohio Railroad company, in an address he delivered here today before the National Association of Manufacturers. If the new railroad law is applied as congress intended and if the railway managers so operate the properties as to fairly meet the requirements and expectations of the public, he said, "we may reasonably expect that private ownership and operation of the railroads as an economic policy will continue in this country. If private ownership should fail the only alternative I am able to see is government ownership and operation, with all that the policy implies. Railway managers must for a time at least keep constantly in mind that private ownership is on trial and they must be determined that it shall win. They must study the needs of the public for transportation and make every reasonable effort to satisfy them. They must treat all alike and without discrimination." Mr. Willard repeated his recommendation made to the council of national defense in 1917, that "a nation should have a national transportation system and such a system should embrace and make proper use of all available and suitable agencies." He added that in his opinion, the recommendation which he made as a war measure is equally pertinent and important in time of peace. "We are fortunate in actually having in this country the essential elements of such a national system of transportation as I have in mind," said Mr. Willard. "There should, in the public interest, be the fullest cooperation between the several transportation agencies and in all cases that agency should be preferred which can render the required service at the lowest total economic cost. If this policy is followed, I feel confident of the future success of private ownership and operation of the railroads." Having described the difficulties of the railroads in operating funds necessary for improvements, extensions and equipment, which he said had been estimated at from \$500,000,000 to \$1,000,000,000 a year, Mr. Willard said congress by enacting the Esch-Cummins bill, had corrected the "poorly contrived system of regulation which brought about a sickly condition of the railroads," but that "the patient is still weak and unable to stand alone." Personally, he said, he was in favor of the government naming the rate of return upon the value of the properties which the railroads should be permitted to earn, but he declared that "the railroads must be self-supporting before they can be expected to show signs of renewed vigor." "First of all," declared Mr. Willard, "the railroad rates and charges must be so adjusted as to measurably meet the increased operating costs resulting from conditions created by the war. Congress has given definite instructions that this be promptly done. After that he said it would remain for the railway managers to "so deal with the problem as to satisfy the reasonable requirements of the public. People in this country," he went on "in the past have had the cheapest transportation in the world. I think they are entitled to it in the future, at any rate. I believe that under private ownership they will have it. They are also entitled to adequate transportation and there is an imperative obligation upon the carriers to furnish it. Inadequate transportation facilities would check production and tend to increase the cost of living." Mr. Willard predicted that strikes upon the railroads would become less and less frequent as time went on. In his opinion, congress had provided a definite and workable arrangement that should secure justice to the railway workmen. "The public," said President Willard, "is entitled to expect an uninterrupted operation of railway properties. I believe the railway managers and the employees will be able satisfactorily to solve this labor problem. Perhaps, not immediately, but within a reasonably near future. If not, then to my mind it will be the clear duty of congress to pass some kind of a law that will make the stoppage of railway trains because of labor disputes, impossible."

Temporary Phone 460 THE Auto Electric Company

is just across the street from the Spring Festival Grounds, and every visitor to the Big Festival is urged to call and get acquainted with the proprietors of this company, and inspect the plant.

WELDING— This work requires skill and knowledge and the right kind of tools and appliances. We have all these and expert men to do the work. Welding done here will save you time and money and worry.

REPAIRING— In this department will be found the most modern machinery for repairing, in charge of expert mechanics who have made this work their life study. They give you the benefit of their skill and knowledge.

MACHINE WORK— Work done in this department comes to you as it would from the factory. It is equipped to handle all kinds of engine work, also manufacture of many parts for trucks and automobiles. No job too large for us to do right and quickly.

AUTO PARTS— This department carries parts for all makes of cars. We have the Northeast service which includes every detail part for Dodge automobiles and can save Dodge owners money on repairs and first-class service.

ELECTRICAL WORK— Work done in this department is guaranteed to give satisfaction and is guaranteed or money refunded. READ auto electricians, motor testing stands, testing instruments and special tools for all makes of cars.

FUNERAL OF COFFMAN BABY HELD WEDNESDAY

The funeral of the infant son of Mr. and Mrs. W. A. Coffman of this city was held Wednesday afternoon from the family residence at 203 West Seventh street. Interment was in the Cisco cemetery. The Coffman baby, W. A. Coffman, Jr., was taken ill a few days ago and succumbed early Wednesday morning. It was nearly two years of age.

HISTORIC MANUSCRIPT TO TEXAS UNIVERSITY

AUSTIN, Texas, May 19.—A valuable unpublished manuscript giving the history of Austin and the surrounding Colorado valley has just come into possession of the faculty of members of the University of Texas school of history. It is the work of Frank Brown, who was for fifty-five years a resident of this city, and covers the period from the earliest exploration of the Colorado valley down to 1875. The university faculty say the work is the only one in existence with a connected and continuous record of this section of the state. Much of the material in the history was collected from old settlers, according to Mrs. Henry Hutchings, daughter of Mr. Brown, and wife of Brigadier General Henry Hutchings of Austin. Other sources of information were state records and the early newspapers of Texas. Perhaps the most interesting parts of the manuscript are its quaint, old-time illustrations and realistic accounts of encounters with Indians. The latter are said to contain valuable information regarding the life of the Indian, their government, religion and attitude toward the intrusion of the white race. The king of Italy, who has voluntarily reduced his allowance from the state, has been, since the downfall of the German and Austrian empires, the most highly paid ruler in Europe, his yearly salary being \$2,750,000.
