## PICKETER SHOT DEAD, ANOTHER IS BADLY HURT

### Three Rangers Have Murder Charges Against Them

GALVESTON, May 12. (U.P.)—Charles Smith, negro, was killed and Clarence Horn, negro, was wounded today while picketing the docks of the Mallory lines. Both were longshoremen.

Three special rangers, Frank Griffith, L. R. Johnson and B. Porter, guards employed by the Mallory lines which uses independent company longshoremen, were charged with murder.

In the mean time, the gulf coast strike ended when some 8,000 dock workers returned to their jobs which were vacated 12 days ago in support of demands for higher wages and inclusion of the Sabie district in new contracts.

## STOCK MARKET BILL IS PASSED

WASHINGTON, May 12. (U.P.)—The stock market control bill was passed in the senate today by a vote of 60 to 13, assuring that for the first time in history the nation's securities exchange would be subject to rigid regulation and control.

The measure now goes to conference with the house, which passed a similar measure for the purpose of ironing out differences in establishing a method of controlling the margin of speculation.

## COURT PROCEDURE CHANGE IS LIKELY

AUSTIN, May 12. (U.P.)—In the face of the recent wave of lawlessness in Texas, the next legislature is expected to consider significant changes in the statutes governing criminal procedure.

Senators Walter Woodward of Coleman, now a candidate for attorney general, and W. B. Collier of Eastland, had bills during a recent special session that were intended to speed trials of offenders and otherwise simplify disposal of indictments. Senator Woodward is retiring from the legislature but Senator Collier is a hold-over member.

Recently Senator Collier said he would reintroduce his bills and press for passage more aggressively than before. There was not much chance during the special session to get them through because of lack of time.

The Eastland senator said the people are "tired of technicalities and trivialities."

"It is time the statutes were amended to prevent so many reversals on petty errors," he said.

He would have the state courts try several defendants before one jury at the same time in instances where they were accused of mass participation in a single offense such as robbery of a bank or kidnapping. This procedure is permitted in federal courts and proved its efficacy in the Urschel trial.

Collier pointed to the Fort Worth murder case resulting from the split of the Texas and Pacific mail robbery loot. Only one defendant was tried, he said, although the offense was committed by more than 100 men. The Urschel case has been completed and the guilty ones are serving their terms in prison.

Collier gave it as his opinion there would be less crime in this state if outlaws were brought to trial promptly and if there were fewer reversals of convictions because of some technical error by the trial court.

## Remember Mother—She Remembered You

Today is one of the most important days on the calendar—Thanksgiving. It is a day set apart for worship at the shrine of mother. Men and women who have time for quieting their business pursuits only occasionally pause on this day and seek the companionship of the one who remembered them when they were incapable of caring for themselves. Special services are being held at all churches of the nation, and great attendance will be registered. When you see this picture telegraph company and send your mother your remembrance, it will have a real significance to her.

## OIL NOTES

The Tex-Mex Petroleum company No. 1 J. T. Netterville, located 330 feet from the south line and 330 feet from the north line of the north one-half of section 59, block 8, H. & G. N. survey, Pecos county, is a new location for West Texas. This well will be drilled with cable tools to a proposed depth of 2,560 feet, starting work on May 17. This test is being drilled on a 160-acre tract.

The Tex-Mex Petroleum company have been active in the south Ward area, having considerable holdings, but this is the first wildcat venture for this company. This, among other notable events, points to West Texas as being the unquestioned leader in activity never before paralleled. Men are daily locating, or planning to locate in Midland, which is the hub of the oil industry, and the chamber of commerce is kept busy trying to supply residences for these men and their families.

The Dowell incorporated, a Michigan concern, have lately moved to this area, and are assembling information on production allowances, potentials and road conditions, and are planning to assume a place among the leading operators.

The Magnolia Petroleum company have reserved offices in the Petroleum building in Midland, and are installing their private telephone lines. Mr. King, well known geologist, who, with his brother, have done considerable work in the Gila mountain region near Marathon, Texas, will be in charge of the geological and land departments. Mr. King, has lately been doing reconnaissance in South America and Mexico.

K. F. Hart, land man for the Texas company in New Mexico, has been transferred to the Midland district office to succeed R. E. Wilby who is being promoted to the Fort Worth office. The oil men are all over Texas, especially East Texas and the gulf coast area, are constantly inquiring concerning office space and living conditions in Midland, and are gradually moving in.

The large gas well, gauging 8,500,000 cubic feet, on the Measur ranch in Andrews county, a rank wildcat test, is due considerable credit for the increase in activity in this area.

The California company No. 4 University, University land survey, section 3, block 7, Reagan county, will be treated with 1,000 gallons of acid in the bottom lime formation from 3,106 to 3,109 feet. Present production is 21 barrels.

The Tex-Mex Petroleum corporation No. 2 Llano-Sloan 1 section block 8, H. & G. survey, Ward county, in the south Ward area, has taken a new potential test of 940 barrels pumping. Total depth of this well is 3,045 feet. The old potential was 292 barrels.

Republic Production company have taken new potential tests on seven of their wells in the Winkler pool. Republic Production company's No. 13 Hendrick, section 46, block 26, tested 41 barrels net oil flowing, with 5,000 cubic feet gas volume. Total depth 2,984 feet.

Republic Production company's No. 3 Hendrick, section 46, block 26, tested 41 barrels net oil flowing, with 3,200 cubic feet gas volume. Total depth 2,955 feet.

No. 3 tested 27 barrels net oil, 13,000 cubic feet gas volume flowing. Total depth 2,955 feet.

No. 5 tested 10 barrels net oil flowing with 10,000 cubic feet of gas. Total depth 2,951 feet.

Republic Production company No. 1, and 2, tested a unit.

No. 1 tested 93 barrels net oil flowing with 10,000 cubic feet gas volume. Total depth 3,062 feet. No. 4 tested 20 barrels net oil flowing with 10,000 cubic feet gas volume. Total depth 3,063 feet. No. 11 tested 72 barrels net oil flowing with 11,000 cubic feet gas volume. Total depth 2,959 feet.

The Bell Texas company's No. 1, 2 and 4 Hendrick "C" section 40, block 26, public school land survey, Winkler county, retested 41 barrels of oil flowing.

The Bell Texas company's No. 1, 2 and 4 Hendrick "C" section 40, block 26, public school land survey, Winkler county, retested 41 barrels of oil flowing.

Noble and company have completed well taken a potential test on their No. 1 W. P. Edwards located in section 11, block 33. The well gauged 900 barrels cure of water. Total depth is 2,198 feet.

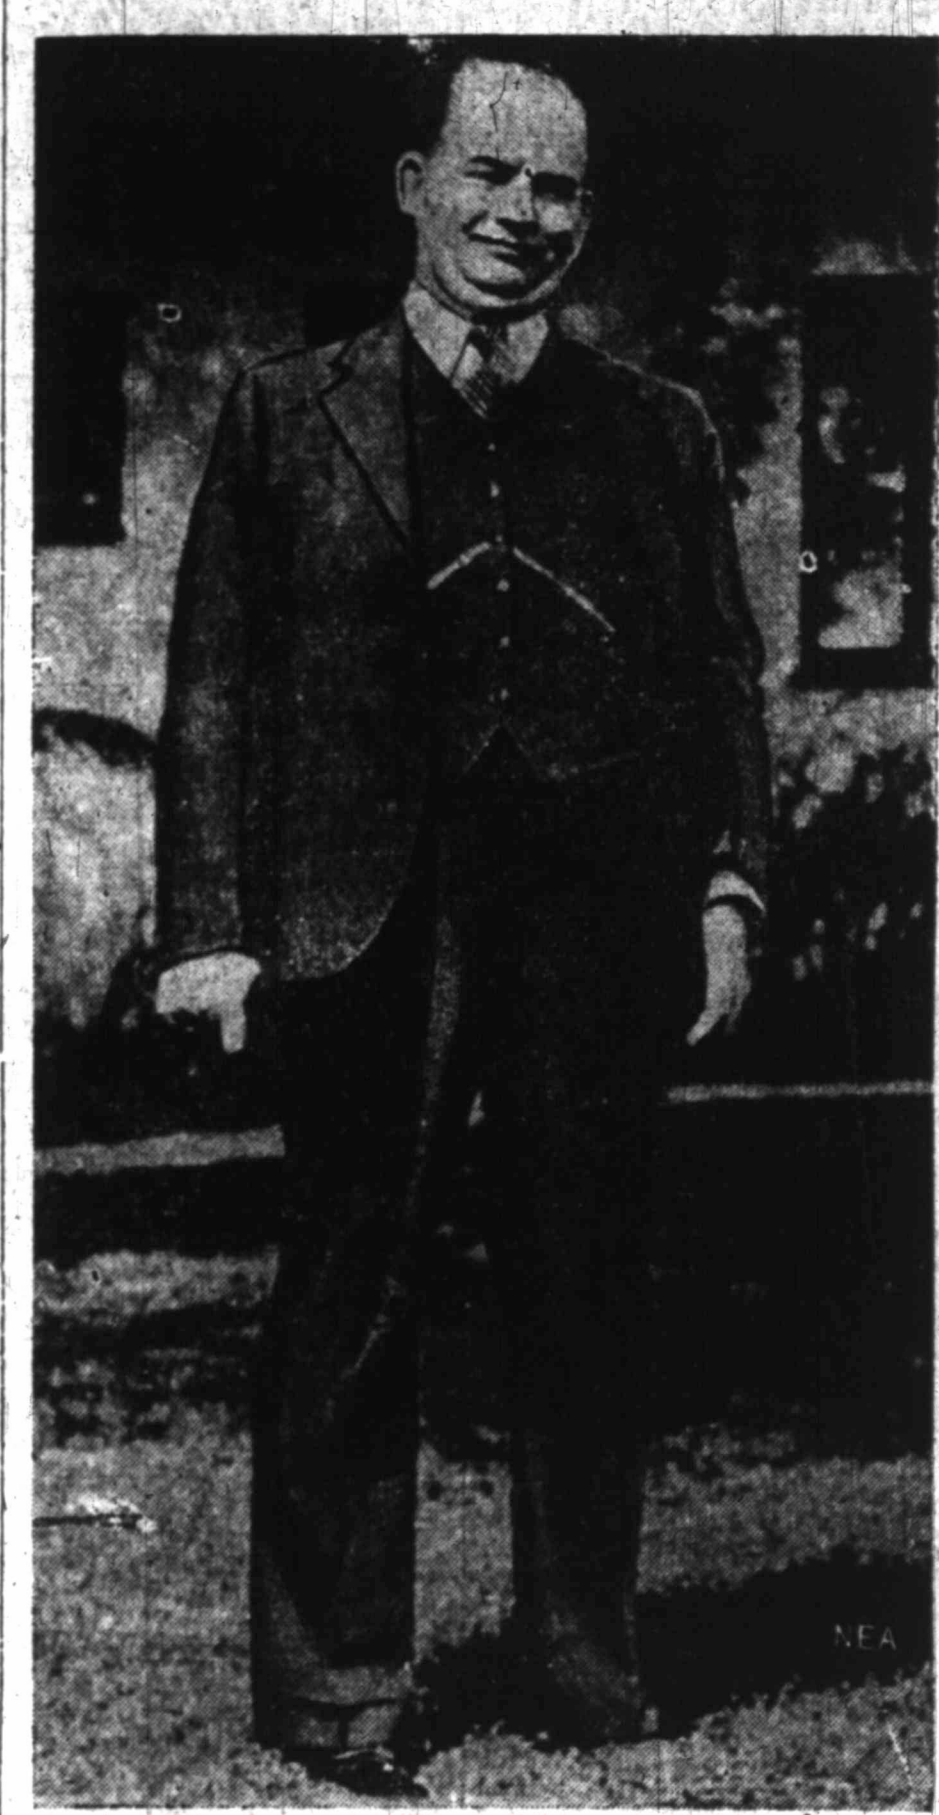

Rumble Oil and Refining company No. 1 Means, the wildcat that unexpectedly came in as the largest well, gauged 44,700 barrels of oil on the west side of the platform, are still trying to shut off the gas, but the progress to date is negligible.

Humble No. 1 Means is located in section 2, block A-38, Andrews county.

Red Davidson No. 1 Cummins in section 10, block 45, Ector county, is drilling below 3,941 feet in line. The time was picked at 3,825 feet.

Harper and York No. 1 W. F. Bales, 663 feet from the north line and 660 feet from the east line of section 44, township 24, range 2, south, Ector county, are rigging up. All land in the western part of Gaines county that has not been under lease is being rapidly bought up. No large deals have been reported, partially due to the fact that only small tracts have been open so since the Honolulu Oil company and the Devonian Oil company have acquired approximately 2,000 acres each in that area.

## REVEALS STATE RANGERS TOOK HER TO TYLER

### Governor Ferguson Terms Arrest as Not Legal

DALLAS, May 12. (U.P.)—Mrs. Henry Barrow was back home today after a trip to Tyler and a night in the Smith county jail under custody of three state officers.

She said the men, treated her courteously but that she was subjected to detailed questioning regarding her son, Clyde Barrow. She said she told them nothing except that the last time she saw her son was the middle of March. She revealed that she was returned about midnight last night.

## GOVERNOR RAPS ACTIONS OF STATE RANGERS

AUSTIN, May 12. (U.P.)—Governor Ferguson today telegraphed Dallas inquirers that if state rangers seized Mrs. Henry Barrow, mother of Clyde Barrow, it was against her instruction. She described the seizure of the woman yesterday from her Dallas home as unlawful. Mrs. Barrow was questioned concerning the whereabouts of her son.

## NEW GRAN CHACO DRIVE IS PLANNED

BURNOS AIRES, May 12. (U.P.)—Bolivia and Paraguay prepared today to wage war on Gran Chaco with a ferocity unapproached since the World War.

Airplane bombing defenseless cities, using power of commerce as a threat against the contending armies, massed munitions and men for a winter campaign in the jungles of the Chaco.

## Bill Pratt Will Speak at Angelo

Bill Pratt won through the preliminaries at the high school last week the right to represent Midland at the "My Home Town" speaking contest to be held at San Angelo, eliminated was C. A. Goldsmith, representative in last year's contest.

Seven entries in the contest at the 1934 annual convention of the West Texas chamber of commerce were received Thursday at convention headquarters. They are: Laura Edith Miller, Bellinger; Noel Edgar Thompson, Lubbock; Paschal Lynch, Colorado; Margaret Lewisford, Stephenville; Kenneth D. Saunders, Odessa; Doris Fields, Eastland, and Johnnie Stansbery, Eden.

Preliminaries will be held on Monday evening, Tuesday afternoon, and Tuesday night of the convention, and contestants are being notified by Chairman C. M. Caldwell, who will appear at the preliminary. The finals will be conducted at the closing session of the convention, Wednesday morning. Over 50 entries are expected.

## FLAPPER FANNY SAYS

# HIGH QUEST BESTS CAVALCADE

## Discovery Third and Agrarian Finishes In 4th Place

PIMLICO, Md., May 12. (U.P.)—Cavalcade, winner of the Kentucky Derby, was beaten Saturday in the 4th running of the Pimlico Stakes, but it took his stable mate, High Quest, to turn the trick of winning the second of the spring's classics for 3-year-olds.

The son of Sir Galahad and Atole Silaste came under the wire winner by a neck and staying off the belated rush of Cavalcade, and 30,000 spectators went almost berserk with excitement.

The time of 1:58 1/5 was a fifth of a second slower than the course record, but established a new mark for the Preakness stakes, hitherto held jointly by Mate and Coventry. Alfred Gwynne Vanderbilt's Discovery, second in the derby running Saturday before, was third—a length behind—and one and a half lengths back was the fast-closing Agrarian.

The Cavalcade-High Quest entry, tremendous favorite in the betting, paid only 2.90, 2.70 and 2.60.

## Transportation for Mothers Arranged

Mothers who have no transportation arranged for the special services to be held this morning at the Pentecostal Holiness tabernacle at 600 S. Colorado may inform the Rev. O. W. Roberts, 901 S. Loraine, and cars will call for them.

The minister expects a capacity crowd.

## Jowell Horses Are In Training Here

Two horses owned by Spence Jowell and Son have been brought here from their Kent ranch to be trained in training by Wm. Bloss on the Cowbey park track.

One is a four year old gelding and the other a two year old filly. Neither have been raced and are being worked merely on trial. Jowell said: "Both will have to be conditioned thoroughly before they are put actively to work as they have been on grass all winter. They were slightly cut and bruised when a trailer wheel ran off while they were being brought here from the ranch."

Jowell and Son have sold many ponies for polo and have had some of their colts to make good on the track, including Apron Springs and Memorial Day, the latter still being owned by them but under the training of Cecil Lockner of Goldthwaite.

Last spring, ten of the Jowell polo mounts were sold in a group to a party of California buyers. James Gleason and Will Rogers now have some of the horses in their polo string.

## PROBABLE BREAK IN LONG DROUGHT

CHICAGO, May 12. (U.P.)—Heavy rain clouds hung over inland states today, with promise of relief for parched farms and dusty cities suffering the worst drought of a generation. Downpours were predicted for half the area where the drought was taking a \$3,000,000 daily crop toll. Rain fell today in Nebraska, breaking the drought there.

## Associate of Ed Simms Is Killed

Rumors that Mr. and Mrs. Eddie Simms, former Midland residents, had been killed in a collision at Marshall were disproved early Saturday afternoon in an exchange of telegrams.

A business partner of Simms, operator of a restaurant there, was instantly killed, and his bride of five weeks was taken to a hospital for emergency treatment of grave injuries.

Mr. and Mrs. Robert H. Sandlin, were returning to Kilgore from Avinger, when their car was struck by a passenger train. The automobile burned.

## CONTEST DATE SET

Date for the women and girls' clothing contest sponsored by the home demonstration council Saturday was set for June 22. Entrants will be made up from Midland county only, and first place winners will be awarded a trip to the short course of Texas A. & M. college. A wardrobe demonstrator will be selected to represent Midland county at a statewide contest. Several tangible prizes will be offered by the council.

## GOLD TRANSFER DEEMED LIKELY

WASHINGTON, May 12. (U.P.)—A drop of \$10,000,000 in the gold assets of the United States treasury today raised the possibility of gold being sent abroad in connection with operation of the treasury's \$2,000,000,000 exchange stabilization fund.

Changes in other accounts indicated, however, that the loss in gold still was missing late today and liabilities of the federal government.

## OPEN AIR SERVICES

Beginning tonight, services at Gospel Hall will be held in the open air. J. D. Jackson, pastor announced.

A revival meeting will be begun the first Sunday in June and the pastor will be assisted by his brother, C. L. Jackson, of Abilene.

## Midland County Citizens May Save \$32,005.35 Sum

### Delinquent tax records of Midland county for all years from 1906 to 1932 show a total of \$83,095.54, the amount covering state and county taxes.

This delinquent tax can be paid any time between now and July 1 at 6 per cent interest but with no penalties or costs. The original tax plus 6 per cent interest can be paid before July 1 for \$88,081.27. On July 1, the original penalties, interest and costs prescribed by law will be attached to this \$83,095.54, making a total of \$128,066.02 necessary to pay the tax.

Penalty interests and costs in the sum of \$2,008.35 will be added on July 1. If this amount were applied on the tax instead of being added as penalties, interest and costs, the total delinquency would be cut down more than a third. Each tax payer who has a delinquent tax can make a substantial saving by making his payment before that date.

These delinquency figures are not alarming, it is pointed out by the tax collector's office, only a few counties of the state having less delinquency. More than two-thirds of the delinquency has accrued since the beginning of the depression, between the period of 1929 to 1932. In fact, the delinquent tax for several years, from 1906 to 1915, including the townships of Warfield and Slaughter amounts to less than \$100 a year. For the years 1906, 1910, 1912, 1917, 1918, 1920, 1924, there is not a tract of delinquent acreage. Several other years have only one, two or three tracts.

Any delinquency can be paid before July 1 with 6 per cent interest only, afterward 1932 taxes can be paid with 18 per cent penalty and interest plus cost, which cost is \$1 per tract and 50¢ for redemption. Penalty and interest increases at 6 per cent a year until 1906 taxes have accumulated 174 per cent penalty and interest.

By way of illustrating what amount can be saved by paying before July 1, the following cases are cited:

If one owns a frame house valued on the tax rolls at \$600, and with taxes due for 1932 and 1933, he can save \$3.26 by paying by the specified date; if he has a stucco valued at \$500 on the tax roll, with taxes due for 1932 and 1933, he can save \$10.31; the saving on a \$1250 brick house with taxes due for 1932 and 1933 would be \$32.1; a 62500 brick house, with taxes delinquent from 1930 to 1933, \$46.50; a 220-acre farm delinquent for 1933 only, \$7.88; a 160-acre farm, taxes delinquent from 1930 to 1933, \$30.11; an 11-section ranch, taxes due from 1931 to 1933, \$309.16; and a business building valued at \$33,500, taxes delinquent from 1932 to 1933, will accumulate \$89.73 more on July 1.

Logic indicates the value of executing a loan from a bank or a loan company and paying delinquent (See TAXES, page 6)

## Councilmen Vote To Slash City Water Rates

Reduction of the city water rate was voted when the city council met Saturday noon.

The minimum remains the same, \$1.54 for 4,000 gallons. Excess water will be charged for at the rate of 15 cents per thousand gallons.

The old rate charged 30 cents a thousand for the next 10,000 gallons above the minimum, 18 cents per thousand for all above 44,000 gallons.

In voting for the reduction, councilmen expressed themselves as believing more water will be used by property owners, with a resultant beautification of lawns and gardens.

The new rate will be in effect before the next bills are mailed, it was announced.

## DALLAS GOODWILL TRIPPERS WILL BE GREETED WITH PROGRAM AND PARADE

By EMILY FLANIGAN

Seventy Dallas goodwill trippers will be greeted by Midland businessmen when the special steams into the city this morning at 11:30 for a one hour and 30 minute stay. Greetings will be officially extended by the Midland chamber of commerce, with T. Paul Barrow making an address of welcome and Charles B. Addison heading the reception committee.

The Dallas party, led by their 30-piece band, will parade north on Main street to Texas avenue, west on Texas to the Petroleum building, and south on Big Spring to Wall, thence east on Wall to the south front of the court house lawn, where a concert will be given and brief talks made.

Alex Keese, program director of Radio Station WFAA, will be in charge of the Dallas program.

## To the Tax Collector: Austin, Texas, April 2, 1934.

You will recall that from time to time since 1930, the legislature has been suspending interest and penalties on delinquent taxes. Last May, the last measure of this kind was enacted, which provided a 2 per cent penalty on all ad valorem taxes delinquent on February 1, 1933, (later they included the split tax payments which became delinquent on July 1, 1933), if paid by December 30, 1933, and a 4 per cent penalty, if paid by March 31, 1934; and a 6 per cent, if paid by June 30, 1934. After this June 30, 1934, expiration date, the old law prescribing 10 per cent penalties and a 6 per cent interest per year, will again be in force.

PRICE OF RUTHLESSNESS

Russian authorities delving in the official archives in the town of Kazan recently turned up a good deal of material bearing on the execution of Alexander Ulianov, who was put to death in 1887 as a plotter against the czar's government; and the incident is a reminder that this execution was probably the most costly one the Russian government ever ordered.

The big bad wolves over in Japan who are about to swoop down on Hawaii. The latest is they have designs on Alaska.

Take all this war talk with a grain of salt. There's money behind much of it.

An old, old story that some persons think is very, very funny. An old country boy moved to the city and liked it so well that he began to have hi-falstah ideas. He wrote to his brother, who stayed on the farm, describing one of his good times.

"Thursday we autoed out to the country club where we golfed until dark," he wrote. "Then we motored to the beach and Fridayed there."

And the old boy on the farm wrote back as follows: "Yesterday we bugged to town and dominated all afternoon. Today we muled to the corn field and ge-hawed until sundown. Then we surprised and then piped a while. After that we staired up to our rooms and bed-stooped until the clock fived."

A negro couple took their baby to have it christened. The minister asked what was the child's name and received the following reply from the proud father: "Parson, 'bout eighteen months ago we brought a baby to have it christened and you asked its name and I told you it was Tom. You christened him Thomas. Now this child's name is Jack and we don't want any foolishness."

Will Rogers has just about as much practical sense as any man in the United States. In fact, he is much of a philosopher as he is humorist. He can hit the nail squarely on the head about as often as anyone I've ever read after.

"If we have a war with a country 5,000 miles away it will be of our own making," he said. And he's just as right as he can be.

And yet magazines and newspapers fairly reek with stories about

NEW COURTESY CARDS

MARSHALL (AP)—A new kind of gasoline courtesy cards has been discovered here.

Marshalls officers recently erected a barrier on the Texas highway during a Clyde Barrow scare. Hailing every car that came through and subjecting each to a cursory search, officers discovered in many of them cars and long lengths of rubber tubing.

"What is this for?" a deputy asked a youth driving a car with a Missouri license.

"Oh," he replied, "that's my courtesy card."

Motorists who find their gas tanks drained dry can explain. Officers here say there are hundreds of youths who make their way across the country with these informal "courtesy cards."

Barbara Stanwyck Wins Fresh Laurels In Gambling Lady Picture at the Ritz

A remarkable plot, unusual and gripping, replete with fast, thrilling action, and filled with powerful dramatic situations and romance in its sweetest sense, coupled with a really superb portrayal of a most difficult role by Barbara Stanwyck, high lights her newest Warner Bros. picture, "Gambling Lady" showing today and Monday at the Ritz theatre.

"Gambling Lady," a success from the moment of its Hollywood preview, has a record of praise from the severest motion picture critics, praising Miss Stanwyck for her superb portrayal of a young lady who gambled for a living, but never compromised with her own code of honor either in life or love. Miss Stanwyck is always a consummate actress, and has given many notable performances in such pictures as "Ever in My Heart," "Baby Face," "So Big," "Tillicum," and others. In "Gambling Lady," she has a role that calls for the best of her genius for role portrayal.

Making a convincing character out of Lady, who is by profession a card shark, but who will cheat neither at cards or love, who will stake her life's happiness on the turn of a card, yet is willing to relinquish it to keep her word to an unsuspecting rival, who bears the buffets of fortune with a smile and who can take good luck and bad with fortitude, is surely a difficult task for any actress.

Barbara Stanwyck rises to the occasion with unsurpassed artistry and thereby has, in a few short weeks, added to her fame as one of the outstanding stars of motion pictures.

## Mothers Will Be Honored Today, Day Set Aside for Them

### Highest Tribute to Be Paid to Mothers Today in the Homes and in the Churches Where Special Programs Will Be Given

In religious services at the churches and in the homes, highest tribute will be paid today to mothers on the one day of the year set aside in their honor.

The most beautiful floral offerings to be seen since the Easter services will be placed in church auditoriums and class rooms today and flowers, both red and white, will be pinned on individuals as they enter the buildings.

Ministers of the First Presbyterian, First Christian, and First Methodist churches have selected appropriate themes for their morning and evening programs. Sunday school classes and young people's organizations have also planned special programs.

In announcing his services, the Rev. W. J. Coleman said: "Mothers are such Christ-like blessings to civilization and since we deem only one day in 365 set apart to honor them too meager to devote just one Divine service in that name, we are going to dedicate both morning and evening services to mothers. 'Mother, and the Cross of Christ' will be the theme of the pastor during the morning worship, at which time appropriate music will be featured in vocal solos by Mrs. Bryan Henderson and Mrs. Roy Proctor. The Naomi class will be guests at this service. A one-act play, 'When Mothers Meet,' will be a feature of the evening service, and will be presented by Mmes. Henderson and Woods. The hour will be rounded out with the singing, by the congregation, of 'Hymns Mother-Loved.' Special numbers will be heard by De Lo Douglas and the

### A Show of Sentiment Is Not Enough for Mother's Day, Constructive Action Is

BY HELEN WELSHIMER

We have come to look upon Mother's day as a certain Sunday in May when we take three spoonfuls of sentimental sugar in our coffee, sweeten our grapefruit, and quote lace paper valentine adjectives. It is a pretty custom, of course. But appreciation that isn't continuous goes only a brief way. It never nears the second mile. It is as flimsy as the house that stood on sand which went down when the floods came, and the winds blow and the water rose.

Long and long ago the age of flowering adjectives went drifting down the wind. We are living in a constructive era in which we must present concrete evidence that we appreciate the eternal sacrifices which women make for the children whom they love. The rituals which we conduct once a year are nice gestures but they are inadequate as the erection of a statue of man on a horse, on a public square, when the town needs a drinking fountain.

### Fine Arts Club Concludes National Music Week Observance With Musical Program

"Servant and Master am I: Servant of those dead, and master of those living. Through me spirits immortal speak the message that makes the world weep, and laugh, and wonder and worship."

I tell the story of love, the story of hate, the story that saves and the story that damns. I am the incense upon which prayers float to heaven. I am the smoke which falls over the field of battle where men lie dying with me on their lips.

I am close to the marriage altar, and when the graves open I stand near by. I call the wanderer home. I rescue the soul from the depths, I open the lips of lovers, and through me the dead whisper to the living.

One I serve as I serve all, and the king I make my slave as easily as I subject his slave. I speak through the birds of the air, the insects of the field, the crash of water on rock-ribbed shores, the sighing of the wind in the trees, and I am even heard by the soul that knows me in the clatter of wheels on city streets.

I am no brother, yet all men are my brothers; I am father of the best thing that is in them, and they are fathers of the best that is in me; I am of them, and they are of me.

For I am the instrument of God. I am music."

The Midland Fine Arts club entertained with a musicale Wednesday afternoon at 4:30 in the Crystal ballroom of Hotel Scharbauer celebrating National Music week in America.

Soft lights in crystal shades cast an evening glow over the spacious hall, which was beautifully arranged with baskets of mock orange blossoms, Amor River privet and roses.

Those in the receiving line were officers who did not appear on the program: Mmes. Elliott Barron, Paul Barron, Howard Hodge, Johnson Phillips, Harvey Sloan, John Shipley, and Tom Hobbs. Gorgeous colors were shown in the attractive evening gown of the hostess, lending an air of springtime to the entertainment.

An improvised stage made a pretty setting for the interesting program. Mrs. Elliott Barron, president of the club, introduced Miss Lydie G. Watson, who has been chairman of the Music Week committee for ten years, having been appointed by the National committee. Each year Miss Watson has worked faithfully and successfully presenting many lovely programs. Before she gave an educational talk on "National Music Week in America," Mrs. Roy Parks gave a tribute in memory of one of the club's best-loved, most efficient and most talented members, the late Mrs. Marion F. Peters. She then presented a lovely bouquet of pink gladiolas from Mrs. Low, mother of Mrs. Peters, to Mrs. Barron, president, who graciously responded.

Mrs. John Dabbs expressively sang "O Little Mother of Mine," which was very appropriate. In a most interesting manner, Mrs. Paul Moore spoke on "America's Music in Review."

A beautiful piano and cello number by the experienced cast gave a splendid interpretation of the characters, such as a young matron who was quite a social climber wishing to marry her beautiful daughter to either wealth or nobility. Her attractive maid was at hand to help work out the social problems.

Mrs. Paul Vickers played the mother, Miss Stella Maye Lanham, the daughter and Mrs. Wade Heath, the maid.

The program ended the singing of "The Star-Spangled Banner," Miss Watson accompanied at the piano.

A social hour was then enjoyed and punch was served by Mmes. Harvey Conger, Alden Donnelly and Woods from large bowls on a table arranged with Italian cut-work cloth, mock orange blossoms

and rosebuds.

Guests included the Federated clubs of Midland and other friends of the Fine Arts club.

### MUSIC WEEK BEGAN ON SUNDAY, MAY 6

Ushering in Music Week were services presented at Midland church Sunday, May 6. Special choir numbers and solos were presented in connection with the observance, and church pastors used music as a theme for their sermons. On Sunday afternoon, the Watson School of Music presented a concert at the First Methodist church.

Those in charge pronounced this a most successful National Music week.

### Busy Bee Club Meeting Friday

The Busy Bee Home Demonstration club met Friday at the home of Mrs. L. M. Hallman with eight members and the home demonstration agent, Miss Myrtle Miller, in attendance.

The meeting opened with the club motto read in unison, after which a business meeting was conducted.

The recreation committee reported plans for a tacky party to be held at the home of Mrs. Jim Huddle soon. Plans were also completed for the holding of a food sale in the Addison Wadley store on Saturday, May 19.

Miss Miller gave a talk on the coming wardrobe contest, after which refreshments were served to Mmes. S. D. Wimberly, A. L. Haulman, O. M. Tyner, R. O. Brooks, G. C. Driver, Howard Poole, S. H. Gwyn, Miss Miller and the hostess.

### Bluebonnet Club Holds Meeting

The Bluebonnet Home Demonstration club met recently at the home of Mrs. Barney Hightower. The making of foundation patterns was continued. Miss Myrtle Miller, home demonstration agent, was present and demonstrated the making of foundation patterns. She also explained about the clothing contest and showed samples of suitable materials for making cotton dresses.

Attending were Mmes. W. E. Pigg, Sam Gee, S. P. Taylor, Ernest Sanders, B. T. Graham, Palmer Evans, H. L. Baker, Barney Hightower and Miss Miller.

The next meeting will be held Monday, May 14, at the home of Mrs. W. E. Pigg.

Temperatures on Mars at night are as low as 11 degrees below zero.

# BASEBALL AND GOLF AFFAIRS ON SPORTS SLATE HERE TODAY

## IRAAN, TIED WITH MIDLAND FOR LEADERSHIP

Midland this afternoon is host to three invading sports groups. Iraan sends its baseball club here for a 3-30 game with the Colts. Stanton's Sand Belt Golf association club meets the Midland team at country club.

Hobbs' Kat Klaw Golf league shotmakers tee off against the Midland team at country club. Sand Belt and Kat Klaw foursome teeing off alternately beginning at 1 o'clock.

The Iraan ball club defeated the crack Odessa squad a hand Sunday and, with Midland, Odessa and Crane tied for league leadership with two games won and one lost. Midland will pin its hopes on the mound work of Leonard Rose; Iraan has not indicated its pitching choice.

An umpire from the Western league will call balls and strikes. As for the Sand Belt match, Midland will be opposed by a club that, until last week, was in second place in the loop, 10 points behind the association-leading Midland club. Stanton is popularly conceded to be the second strongest club in the loop and while Midland has the great advantage of playing on its own lengthy, heavily trapped course, Stanton is no pushover and may give trouble—especially since two Midland golfers will be out of the lineup, Gentry Kidd and Henry Shaw.

Representing Midland will be Elliott Miller, C. Jackson, Morgan Neil, Joe D. Chambers, Don Sivalis, De Lo Douglas, Earl J. Moran and Frank Johnson.

The Midland club is 12 points out from the top, with the Spring second with 62 points, Stanton third with 60, Colorado next with 58, Snyder 54 and Lamesa 44.

In the Kat Klaw, Hobbs is first and Midland second.

## Home Brewed

BY R. C. HANKINS

The scoreless junior senior fracas is exactly where it was before the "deciding" football game was played. Two scrappy eleven's charged up and down the grassward of Lacey field Friday afternoon, and no casualties resulted—unless one takes into account the dozen or so who were bowled over with sunstroke while sitting in the stands watching the milling and setting themselves up for exhibits in sun grinning.

The thing that burned this correspondent down was the fact that two eleven's "warmed up" before the contest. And the sun at that moment was making the mercury bubble at an ticked mark near the 100-degree calibration.

The game was everything that had been advertised—and more. Rival cheering squads sat in different ends of the big stand and paraded at the half. The juniors, led by Harriet Dicknor, formed an anti-mated "Y" the seniors electing to do a snake dance. This of course led to coarse jesting of the rival genry. "Snakes in der grassers." That sort of thing. About the time this easily deluded correspondent got the idea the juniors were going to show up the seniors in courtesy, a salvo of "boo-s-s-s" followed their "Rah, Seniors." The seniors tossed flowers into the junior reserved section and bood a little themselves.

The seniors pulled a gag that hit the juniors green with envy. They started singing something that, in being passed along to you must be phonetically interpreted as "Tra ran boom de da" which if our ears didn't deceive us was the song used by Will Rogers in the role of David Harum to make his filly set sulky records. But the lads on the field couldn't oblige. They were well matched in the first place, and some of the miscues and fumbles broke into their showing.

Coach L. K. Barry's seniors won a moral victory over the men of Coach Charles A. Lingo, simply through staving off junior scores. His men ran their plays much better than the Linguists, who fumbled their chances on almost every one of the first down plays. To give you a hazy sketched idea of the game, an account that must be kept down because of space requirements, we offer by way of introduction the information that the upper classmen made five first downs, the juniors four. The juniors kicked off with a strong south wind at their backs. A pass to J. Prothro on third down made a first down on the senior 47. A lateral pass fell in the hands of Dub Stanley and the fleet half revealed off another first down on the junior 41. The ball went over at that point when the seniors elected to try a pass on fourth down. The seniors made a first down with the help of a senior offside penalty on the senior 46. The lower classmen were forced to punt, the ball going over the goal line and being put in play by the seniors on their own 20. They were forced to punt, and the juniors fumbled just as the quarter whistle sounded.

For several minutes there was a punting duel, interspersed with a pretty twisting 15-yard run by Johnny Nobles, and the ball eventually went over to the juniors on the senior 25. Manning's pass failed and line plays went for inches only, and the seniors recovered the ball on downs on their own 24. Lanham pulled in one of Dorsey's passes and was downed by Frits Midkiff on the junior 48. Howell almost got away with an intercepted pass, but finally decided to drop it. Dub Stanley, on the statue of liberty's ropes, romped for a first down as the half ended.

The seniors kicked off to Chandler, who roared back to the junior 40. Midkiff gained 25 yards for the longest sprint of the afternoon, but a bag passback lost all the distance except for about four yards.

The juniors punted against the wind to the senior 36, where Dorsey leashed a pass that was gathered by Lanham on his own 36, where he was downed. The ball went over on the senior 38. The juniors punted to the senior 30 after failing to gain at line. Dorsey passed to Dalton McWilliams on the junior 48 as the quarter ended.

A triple pass, Nobles to Dorsey to Elwood McWilliams was incomplete, but the seniors were offside, and were penalized. Dalton McWilliams began passing for the seniors and filled the air with heaves for a while. Stanley romped away for a first down through the line to the junior 27. Elwood McWilliams shot a 45 yarder to the senior 48 after it appeared the senior was about to get into the clear field. After a pass over the goal line, a line play failed and the ball went over. From the above, you may observe the club was playing under the new rules. The juniors punted on first down to the senior 48, and Dub Stanley was brought down by Elwood McWilliams after a 2-yard return. A pass to Stankey was good

for two yards. Dalton McWilliams' pass was intercepted by Midkiff on the junior 30. Elwood McWilliams took a pass from Manning and gained eight yards before touching his knee to the ground while trying to execute a difficult shift in the broken field. He took another pass, and Midkiff took another to give two first downs in a row and putting the ball on the senior 30. J. Prothro intercepted a junior pass on the senior 25, and D. McWilliams made a sizeable gain as the game ended.

There you are and we amusely submit to one could have done worse with it. By the way, Bill Pratt was to have given us a play-by-play account of the game, but we are still wondering where he went. What will the classmen do, now that their elaborate attempts to settle their class war have failed?

Finland is building a \$10,000,000 canal, 105 miles in length, to connect Lake Vadoga with the Baltic port of Viborg.

WHAT NEXT FOR TONY HERRERA?

FORT WORTH, (AP)—What next for Tony Herrera, or is he through? When Pete Jackson bounced the El Paso lightweight off the floor four times at Los Angeles recently to win by an easy margin, he also bounced Tony's title hopes right through the ropes, even Tony's most fervent admirers believe.

Until that fight Tony was an outstanding contender. But after it was over, his rating sank many degrees. There is some talk, however, that Tony yet may meet Barney Ross, the junior welterweight champion, who recently cancelled a fight with Herrera. That fight, even should it materialize—which is highly improbable—would be after Ross meets Jimmy McLarin in New York late this month.

If predictions run true, Ross will

## WHAT NEXT FOR TONY HERRERA?

FORT WORTH, (AP)—What next for Tony Herrera, or is he through?

When Pete Jackson bounced the El Paso lightweight off the floor four times at Los Angeles recently to win by an easy margin, he also bounced Tony's title hopes right through the ropes, even Tony's most fervent admirers believe.

Until that fight Tony was an outstanding contender. But after it was over, his rating sank many degrees. There is some talk, however, that Tony yet may meet Barney Ross, the junior welterweight champion, who recently cancelled a fight with Herrera. That fight, even should it materialize—which is highly improbable—would be after Ross meets Jimmy McLarin in New York late this month.

If predictions run true, Ross will

come out of that fight minus his crown. If so, a subsequent Ross-Herrera fight would not draw shoe shine money, even in Texas.

Although only 28 years old, Tony has had more than 200 fights. He has never been knocked out, but 200 fights make him an "old man" in the fight game. It will remain to be seen whether Jackson's hard punches permanently shook the nervy El Paso battler.

Herrera is a clean liver and, while appearing slightly frail, always is in top physical condition. That fact may enable him to throw off the punching delivered by the Pacific coast negro.

Tony's supporters here and at El Paso still are singing post mortems over his fight with Jackson.

It was utterly useless, they say, since Herrera was virtually sure to be beaten. He already had earned a try for the crown, they maintain, and should have craved the boy that both Ross and McLarin have side-stepped.

About the only thing in Tony's favor in that fight, they believe, was good sportsmanship, and even that

was a wasted sportsmanship, inasmuch as it did not help Jackson's chances either as it is doubtful either Ross or McLarin would cross the "color-line" to engage the negro.

## Frank Buck Sees Daughter First Time in Months

SAN ANGELO.—Frank Buck, recently back from the jungles of southeastern Asia where he made a new picture, "Wild Cargo," saw his daughter, Barbara, two and one-half years old, for the first time in 15 months here Monday night.

The couple of "Bring 'em Back Alive" fame decided to leave their daughter with Mr. Buck's parents here, Mr. and Mrs. J. D. Buck, and his sister, Mrs. John M. Logan, rather than take the child on the

arduous trip to the other side of the world. Then when they got back the pressure of getting the new picture launched and other business further delayed the family reunion.

The wild animal authority leaves today for California, where he is to make personal appearances for a week at the RKO Hill street theatre in Hollywood. Then he must hurry East again.

The next morning Frank, his brother, Walter, and his father were back at Frank's earliest "bring 'em back alive" endeavor, catfishing bass at Lake Nassworthy.

## ACQUIRES FAMOUS PISTOL

SAN SABA (AP)—Decker Bostic of San Saba has presented to D. S. Barker of Alpine the pistol used in the capture of Santa Anna in the battle which gave Texas her freedom from Mexico.

The pistol was carried by Bostic's father, the late Siron R. Bostic when the self-styled "Napoleon of the West" was found hiding along San Jacinto creek on the morning

of the day after the memorial battle.

The elder Bostic with several other soldiers thought at first they had captured a private soldier, but learned on entering camp with their captive that it was Santa Anna himself, and that he had exchanged clothing with a private.

The old pistol is a .44 army model made at Hartford, Conn., by the "Colt's Patent Firearms Manufacturing Company." It has been added to Barker's collection of firearms at Alpine, where Barker lives. Barker served 22 years as sheriff of Pecos county and before that was a Texas ranger.

**City Federation Gives Luncheon for District Officials**

The City Federation entertained with a luncheon Friday for Mrs. J. Perkins, president of the Sixth district, and her secretary, Mrs. I. Horton, who were here en route to Pecos and El Paso on an inspection tour of all clubs in this district.

Mrs. John Haley, president of the City Federation, introduced Mrs. Perkins, who spoke on the recent district convention held at Sweetwater. She praised the work done by Midland clubs in connection with the convention. Mrs. Horton also spoke briefly, explaining her work. At the conclusion of the talks, Mrs. Perkins presented Mrs. Haley with a lovely bouquet of red roses and Mrs. Horton with one of pink roses. Each Midland club made reports of their work done during the year.

The high school girls quartet sang three numbers which were generously applauded. Especially praised was the song, "Prayer Perfect." The quartet was accompanied by their director, Mrs. De Lo Douglas.

Luncheon was served in the assembly room of the court house by members of the Methodist auxiliary. The menu included boiled ham, deviled eggs, potato salad, sliced tomatoes, ice cream, devil-frost cake and iced tea. The tables were attractively decorated with roses and greenery.

Thirty members of the City Federation were in attendance.

**Mothers Entertained By the Junior Wednesday Club**

The Junior Wednesday club was host Saturday afternoon to mothers and to the Senior Wednesday club at a reception given at the home of Miss Bonnie Sue Ratliff, 401 N. Mainfield.

Roses were arranged in profuse decoration and buds were placed on refreshment plates. Program features included piano numbers by Misses Mary Belle Pratt and Annie Laurie Hix, and Mrs. Johnnie Ratliff sang "That Old Irish Mother of Mine" and "There's an Old Spinning Wheel."

Thirty-four attended.

**SUFFERED ILL HEALTH**

E. L. Wood, 57, interred at Fairview cemetery Thursday afternoon following his death that morning of a chronic heart ailment, was born Dec. 28, 1878, in Miller county, Arkansas. He was married June 2, 1907 at Horatio, Ark., and seven children were born to the couple four of whom survive and were with him during his last few weeks of life. He lived in that state most of his life, moving to West Texas in 1924. He lived on a Marjan county farm until moving to Midland in 1928.

**THEY REALLY CAUGHT 'EM**

UVALDE (AP)—The reputation of Vice President John N. Garner as a fishery teller has been endangered as the result of a week-end fishing trip near here of Ross Brumfield, his fishing companion, Lee Schwartz and Bill Stevenson.

The trio returned with "more fish than four men could carry," including 42 pounds of roe, commonly known as fish eggs, taken from buffalo fish. In addition they brought in a catfish which weighed 25 pounds dressed and killed a large number of alligator gars, two of which measured more than six feet in length and weighed almost 150 pounds.

**We Prophecy... COTTONS**

Not just cottons... but brave New Cottons that have gone "cityfied"...

Dramatic, daring and decidedly different... Wadley's cotton crop for 1934! If there's a bow, it's a telling dramatic affair! If there's a jacket, it dates the frock an "all-occasion" ensemble! More cleverly cut than an ensign's uniform! Smarter, by far, than Winchell's latest wise crack! California, Miami preferred and Wadley's own "Charmante" cottons—now ready.

\*And year after year, Wadley's prophecies come true.
