

# LOCALS

**Dr. D. D. Lancaster made** of professional business trip to El Paso Wednesday of last week. He ever stopped to rest. We spend one-third of our time in bed. Or could we say a visit to the hospital to live to be 60 years old is not 20 years in bed? But the 20 years was not lost time, because it was the rest the person got during the time that enabled him to accomplish what he did in the other two-thirds of his life time.

Sleep is the great restorer of the nervous system. Shakespeare called sleep the "chief nourishment in life's feast." It permits that relaxation which cannot occur when one is active mentally. In sickness or in health, the comfort of our beds determines in some part our well being.

Comfortable healthy sleep is largely dependent upon a good mattress. The mattress may be considered as a cushion for the body. It should be smooth and soft enough to encourage complete relaxation, and yet sufficiently firm enough to hold the body on the level, supporting all parts of the body and yet buoyant enough to conform to every curve of the body and to the movement of the sleeper.

At one time it was believed people who slept well "slept like a log," and did not move. If a person was in the same position in the morning that he was when he went to bed, he thought he had slept with out moving.

We now know this is not true. Healthy sleep is characterized by comparatively frequent changes in bodily positions. We can expect a healthy individual to make gross changes of bodily position on 20 to 45 occasions during a typical night. This explains why a good mattress is so essential to good sleep.

Where funds are limited the farm housewife will find it economical to make her mattress at home, for only a small cash outlay is required to secure the necessary materials—about \$2.50.

It is believed that enough cotton to make one or more mattresses is probably wasted each year on the average farm. It seems no one need suffer from lack of good cotton mattresses. The time required to make one is a small factor. A good mattress requires less work than a good quilt.

Four training schools on mattress making have been conducted by the County Home Demonstration agent.

In these four training schools representatives from the following clubs were trained: Progress, Bula, Circleback, Watson and Fairview. Numerous more will be made in the club meetings. Anyone interested in seeing a demonstration should get in touch with these clubs or see the County Home Demonstration agent for information concerning mattress making.

## METHODISTS TO REPORT "EVERYTHING PAID"

When officials of the Muleshoe Methodist church attend annual conference at Lubbock, beginning Nov. 15 they will be able to report "everything paid in full, according to Rev. J. H. Sharp, pastor.

The fourth quarterly conference of the local church was held Thursday night of last week. Rev. E. E. White, presiding elder from Plainview, presiding, at which time all financial obligations of the church

reported paid in full except little shortage on some of the benevolences, which is being brought up in full this week.

Rev. Sharp reports a very successful past year aside from the financial phase of the work, the spiritual condition of the church has also been in the ascendancy. All departments of church activity are in a flourishing condition. There has been a net increase of 21 members and the Sunday school has shown an increase.

## West Camp News

Flora Lee Williams, who is attending college at Lubbock, visited with home folks last weekend.

Charley Dotson, accompanied by Mrs. Will Robertson of Muleshoe motored to Phoenix, Arizona, last Wednesday for a visit with Mr. and Mrs. Ray Adair where Mrs. Dotson and Nora Lee have been visiting for some time. The group is expected to return the first part of this week.

Mr. and Mrs. T. H. Copeland visited with their daughter, Josie Lee in Amarillo, last Sunday.

Ernest Dotson received a painful injury in the knee last Friday when a calf he was helping to de-horn knocked him against the fence. He was given medical aid at Muleshoe no bones being found broken.

Sam Lindsay of Miland, visited in Farwell over the weekend.

Mr. and Mrs. Jake Tunnel visited with her parents, Mr. and Mrs. B. E. Chaney, near Muleshoe, Sunday.

Mr. and Mrs. H. C. Robertson and daughter Virginia Ruth shopped in Clovis, N. M., Saturday.

Mrs. Earl Booth and children visited in the E. E. Booth home Sunday.

Elder R. N. Davis visited with the H. C. Robertsons Friday evening.

Mr. and Mrs. Bill are visiting at Watson.

Mrs. Nath Harding and Verna Sheriff spent the weekend with the latter's parents near Lubbock.

Mr. and Mrs. Johnny Williams spent Sunday with the Roy Sheriffs.

Mr. and Mrs. Clarence Knowles and family attended the singing at Oklahoma Lane, Sunday. Others attending were Juanita and Odessa Vaughn.—Reporter.

## THE MISSIONERS STUDY "THE RADIANT HEART"

The Maude Hart Circle, Women's Missionary society, Methodist church, met in the home of Mrs. Fere Little with Mrs. Irma Mitchell assistant hostess, Thursday evening of last week at which time the second chapter of the study book, "The Radiant Heart," was very efficiently given by Mrs. Dick Rocky, at the close of which different parts of the chapter was discussed by several members attending.

The Armistice motif was carried out in the flag decorations, also in the refreshment plate, which consisted of angel food cake, ice cream striped in red, white and blue, nuts, with favors of tiny silk flags gayly flying their colors perched on a chocolate candy boat, served to the following: Mesdames Woodroe Gaede, Gale Holt, Finley Pierson, Jim Burkhead, Margaret Jackson, Jim Sharp, Dick Rocky, Bonnie Isaacs, A. J. Gardner, Clyde Holt, Francis Gilbreath Buford Butts, Miss Elizabeth Harden, Helen Jones Marie Gooch, Mrs. Irma Mitchell and Mrs. Fere Little.

Mrs. Francis Gilbreath will have charge of the next chapter of the study book.

## Speeding Payments Soil-Building Checks Are Announced

College Station, Nov. 7.—A new payment process which will speed up delivery of checks 60 to 90 days and stimulate soil-building operations under the AAA farm program was announced here this week.

The new arrangement will apply to 1939 conservation payments, scheduled to start flowing to approximately 600,000 Texas farmers and ranchmen about October 20. B. F. Vance, assistant state AAA administrator, said.

Under previous regulations it would not have been possible to start paying 1939 conservation checks until December 31, the deadline for carrying out soil-building practices under the '39 program.

First applications received in the College Station state headquarters of the AAA were from Bosque county. Along with Delta and Williamson counties, Bosque will be among the first to receive any 1939 soil conservation payments, Vance said.

Vance explained that the new process allows a farmer to apply for his conservation payment as soon as he completes requirements for earning his full soil-building allowance. Many farmers, he said, already have finished this work.

"This will permit a more regular flow of applications for grant through the state office, and do away with the log-jams that have been partly responsible for delay in the past," Vance said. "It should also encourage greater use of funds allowed for terracing, planting legumes and green manure and cover crops, and other practices employed

in improving or saving the soil. "In the natural course of events, the faster a man completes his soil-building requirements, the sooner he gets his conservation payment." Rapid delivery of 1939 wheat and cotton price adjustment payments is reported here.

From August 15 to October 15, around \$21,335,000 in cotton price adjustment payments had been received by Texas farmers for compliance with 1939 wheat and cotton acreage allotments. Hardly an application was more than 3 days getting through the state office certification mill, it was reported.

Mining is being curtailed in Bolivia.

**Age of Declaration Signers**  
Signers of the Declaration of Independence averaged forty-four years, eight months and fourteen days old.

**Scientists' Idea**  
Scientists believe Africa, part of India, West Australia and Brazil once were united in a continent known as Gondwanaland.

# WINTER DISARMED

90-hour threat ended by OIL-PLATING your engine today

You can probably agree that these are certainly conservative figures . . .

- 4 or 5 months of nasty weather right ahead of you now
- 8 or 10 daily cold starts for your car
- 6 to 8 minutes per start, till your engine's near-warm

And yet even that can run up your engine's cold-weather "starting-stretch" to right around 90 hours! . . . The foulest 90 hours that Gangster Winter could fire at your engine—your battery. And don't ever hope to halt him with motor oils whose biggest brag is "fast flow." That's not enough—and it's not your money's worth, considering that "fast flow" is mighty slow Winter lubrication compared to OIL-PLATING.

OIL-PLATING in your engine will lubricate before any oil can circulate. That's because the minute you start up with patented Conoco Germ Processed oil it makes OIL-PLATING "magnetize" to all inner engine surfaces, so that it cannot drain down again. It cannot retire to the crankcase as you park the car. Like any other good plating, OIL-PLATING stays right where it's plated by Germ Process action—all over the working parts. They've "got on" their OIL-PLATING all the while you're indoors. They never "take off" their OIL-PLATING. When you come out to start them, your OIL-PLATING can't be delayed even 90 seconds—or one-ninth of

a second! And away you go. The battery hardly knows it was working. And it's a good long while before the gauge-stick calls for an added quart of Germ Processed oil. Your Mileage Merchant has your right Winter grade. Change today—to that Conoco station of his. Continental Oil Company

**Texas Kicking Out Of Penalty Put On Its Turkeys**

College Station, Nov. 7.—For the past 30 years Texas has led the nation in total production of turkeys. At the same time, in 1938 Texas' 3,285,000 turkeys returned \$6,886,000 or \$2.09 each, while California's sales of 2,625,000 brought \$3,348,000 or an average of \$9.19. The average 1938 United States price was \$2.75 per bird.

On the basis of these figures, recently released by the American Institute of Poultry Industries, A. H. Demk, executive secretary of the Texas Poultry Federation, has estimated that Texas turkeys are penalized from 4 to 6 cents a pound on eastern markets. The aggregate penalty amounts to between two and three and a half million dollars a year.

Texas turkeys growers began an improvement campaign in 1930 that is gradually bringing results. Prior to that time little attention was given to feeding and breeding programs.

Turkey demonstrators are following the recommendations of Geo. P. McCarthy, poultry husbandman of the Texas A. and M. Extension Service, and are selecting their breeding flocks now.

The most fully developed birds, and those that show the most desirable type, are being separated from the market birds and fed a developing feed rather than a fattening ration.

County agricultural and home demonstration agents have been trained in the selection of breeding flocks and their services are available to turkey growers.

It is reported the Texas crop of turkeys for Thanksgiving will be short.

**My! Girls At Tech. May Be Putting On Thanksgiving Fat**

Lubbock, Nov. 8.—Three hundred-odd pretty coeds living in Texas Tech's residence hall consume enough poundage to founder the first string line-up of Red Raiders, a recent survey shows. They eat 500 loaves of bread, drink 60 pounds of coffee brew and 210 gallons of milk in a week. Only three days are required to tuck away 130 pounds of fried chicken, 62 pounds of veal, and 504 pork chops.

Twelve gallons of fruit juice, 300 sweet rolls and 340 bacon slices go at a single breakfast; two crates of "yams" or 70 pounds of Irish potatoes, 10 gallons of ice cream and 42 cakes at a single evening meal.

At lunch time, when desserts are lighter, 336 sand tarts or 52 pies will suffice. Vegetable salads, navy beans, cabbage, cauliflower and sauerkraut in unestimated quantities are consumed besides.

Be loyal to home town interests!

**General News As Reported From Over The U. S.**

The Golden Gate exposition, San Francisco, closed Nov. 1, "in the hole." Officials are looking for \$900,000 for re-opening it in 1940.

The Rogers community, N. M., located just across state line from Bailey county is to have a community building, construction to be assisted by WPA.

It is reported from New York City that approximately 700 new war planes are now completed and ready for shipment to belligerent nations of Europe.

The Union Potash & Chemical Co., Carlsbad, N. M., has announced it will spend \$1,500,000 in developing additional potash resources there for fertilizer purposes.

Formal installation of Dr. Homer P. Rainey as president of State University Austin, was held today. More than 1,000 guests, including many notables in the educational field, were present.

Washington officials are predicting that repeal of the U. S. Embargo act will produce war orders from eastern countries totaling, within the next few weeks, approximately a billion dollars or more.

Opie Reed, 86, last of a pioneer American literary line that included Mark Twain, Eugene Field and James Whitcomb Riley, died Thursday last week at Chicago. He had been sick about two months.

Somewhat difficult for citizens of this prairie country to realize, yet there was a total of 10,626 forest fires in Texas during 1938, destroying 587,580 acres of woodland valued at \$346,050, the State Forest Service reports.

Gov. O'Daniel in his radio broadcast last Sunday said legislators must agree in advance on a tax plan for financing the state's social security program before he would feel justified in calling them into special session.

Aroused by testimony that Soviet Russia has a strangle hold on American sea shipping through Communist control of the National Maritime union, the Dies committee has decided to press a hunt for an alleged Soviet secret police agent who was described as "a power behind the scene."

The Texas Public Welfare Department which administers old age pensions has dismissed 175 employees of its direct relief division, according to Director Adam R. Johnson. He said a reorganization of the old age assistance division effective Nov. 15, will further decrease the departmental personnel. Those dismissed at the start of the month had been paid from WPA funds and worked under the old Texas Relief Commission which was absorbed by the public welfare department.

**Progress News**

Several people from here attended the singing convention at Oklahoma Lane Sunday.

Mr. and Mrs. Brown and daughter of Midway, visited in the home of Mr. and Mrs. Casper Needham, Saturday night.

Mr. and Mrs. W. B. Harlan and son W. G., visited relatives in Lubbock, Sunday.

Mrs. Jessie Prosser and sister Mrs. Arthur of Slaton, were dinner guests in the home of Mrs. W. M. Gaston, Sunday.

Mrs. Dave Standifer and Miss Imogene Lowery, attended the football game at Melrose, N. M., Friday of last week.

Jack Young of Muleshoe, visited Royce Lowery, Sunday.

M. L. Guntler and Joe Gaston, spent the weekend in College Station.

At Sunday school last Sunday there were 47 members present. All the officers and teachers, except two, were present. Next Sunday will be preaching day. Everyone is invited to attend.

Mrs. Tommie McLaren is convalescing nicely at the home of her mother, Mrs. F. K. Wilhite.—Reporter.

**THURMAN-CHITWOOD**

Miss Virginia Thurman and I. D. Chitwood of Muleshoe were married in Clovis, N. M., Saturday evening of last week by a justice of the peace.

She is the daughter of Mr. and Mrs. J. T. Thurman and he is the son of Mr. and Mrs. E. C. Chitwood of this place. They are both former students of Muleshoe High school and well known here.

They left for Wichita Falls, Electra and Vernon to visit for several days and will make their home in Muleshoe upon their return here where he is employed with his father in business.

**"NOBODY'S HOME YET!"**

**"MOTOR WOULDN'T START"**

**"BET THEY'RE USING LOW-TEST GAS AGAIN"**

The kid's right! It's a safe bet that the gasoline in the tank is not "hot" enough when any engine—in good mechanical condition—begins giving starting trouble as the weather gets colder.

It's an even safer bet that Phillips 66 Poly Gas will give you extra fast starting even on coldest days... because this sensational gasoline is extra high test!

Best of all, Phillips 66 Poly Gas costs nothing extra, since Phillips is the WORLD'S LARGEST PRODUCER of natural high test gasoline.

Why not get a demonstration in your own car of the difference this lively motor fuel will make? Check how it does away with starting trouble. Note the faster warm-up. The improvement in power and pick-up. The gain in smoother running. Besides, mileage is increased by the sharp reduction in the need for wasteful choking.

Find out how to run your car for less this winter by getting a trial tankful of self-demonstrating Phillips 66 Poly Gas, at any Orange and Black 66 Shield.

NATION CALLED TO THANKS BY PRESIDENT

President Roosevelt has proclaimed Nov. 23, as Thanksgiving Day and called upon the people to give thanks that the United States is at peace with all countries in a world of turmoil.

The proclamation fixed Thanksgiving for the third Thursday of November, one week earlier than the traditional fourth Thursday on which the holiday had been celebrated in recent years.

Mr. Roosevelt had announced previously that he also will proclaim Thanksgiving in 1940 on the third Thursday of the month.

The proclamation: "I, Franklin D. Roosevelt, President of the United States of America do hereby designate Thursday, the 23 of November 1939 as a day of general Thanksgiving.

"More than three centuries ago at the season of the gathering of the harvest, the Pilgrims humbly paused in their work and gave thanks to God for the preservation of their community and for the abundant yield of the soil.

"It is fitting that we should continue this hallowed custom and select a day in 1939 to be dedicated to reverent thoughts of Thanksgiving.

"Our nation has gone steadily forward in the applications of democratic processes to economic and social problems. We have faced the spectres of business depression, unemployment, and of widespread agricultural distress, and our positive efforts to alleviate these conditions have met with heartening results.

I have great appreciation for the man or woman who has come up through great handicaps. Success of every kind won through hardships is always sweeter and dearer in the final analysis than is given, and all may attain a reasonable degree of it no matter how difficult may be the beginning.

Years ago when but a lad I was coming up the Mississippi river on the Golden Eagle, one of the mighty steamboats of that liquid artery of travel. The engineer was an old time friend of my father, and had permitted me to go down into the boiler room with him.

Let's go see about it," he replied. "The night is getting darker and darker. I can't see the way," he continued. My engineer friend looked out again at the bright moonlight, then turned to look at the old pilot and saw he was dying. He gently lay him down on a nearby bench, taking the wheel himself.

So it is my wish that all my readers may be found at their posts of duty to the very end. Until the mists of the great river of death have gathered about their eyelids may they be strong and faithful to life's trusts. Then the good Pilot will take the wheel from our hands and guide us into the calm harbor of eternal rest!

"Let us, on the day set aside for this purpose, give thanks to the Rules of the Universe for the strength which he has vouchsafed us to carry on our daily labors and for the hope that lives within us of the coming of a day when peace and the productive activities of peace shall reign on every continent.

"Done at the City of Washington, this 31st day of October, in the year of our Lord nineteen hundred and thirty nine and of the independence of the United States of America the one hundred and sixty-fourth. (Signed) FRANKLIN D. ROOSEVELT"

Counterfeiting Appropriations by congress for the suppression of counterfeiting were first made in 1872.

BABSON PREDICTS FULL COLLAPSE OF BRITAIN

Collapse of the British Empire is not constituted, but emergence of Russia, Germany, England Japan or China, and possibly the United States as the world's dominating nations is predicted by Roger W. Babson business statistician.

This forecast was made in an address prepared for the Executive and Sales Managers clubs of the Boston Chamber of Commerce.

Forty thousand motorcycles were made in Sweden in the last year.

● O. D. Farmer and W. J. Keefe of Lubbock, attended to business and visited various acquaintances in Muleshoe Saturday of last week.

● Miss Mildred Miller, teacher in the Clovis, N. M., schools, spent the weekend in Muleshoe visiting homefolks and friends.

● Leo Baker, formerly of Muleshoe but now residing in Amherst where he is AAA assistant for Lamb county, visited here Friday of last week.

● Mrs. Gladys McWilliams attended the Melrose-Muleshoe football game played at Melrose, N. M., Friday afternoon of last week.

● Miss Twila Farrell, who is attending Texas Tech college at Lubbock, visited in Muleshoe last weekend with her parents, Mr. and Mrs. Claude Farrell, and friends.

● Miss Mildred Barton, teacher in the Muleshoe Grammar school, spent the weekend visiting homefolks and friends at Spring Lake and Lubbock.

● Mrs. H. C. Holt, accompanied as far as Lubbock by Mrs. Clyde Holt, took her daughter, Miss Mary Holt to Ralls Monday on her return to McMurry college at Abilene.

● Mrs. Dave Standerfer attended the Melrose and Muleshoe High school football game played at Melrose, N. M., Friday afternoon of last week. Her son, Eugene Standerfer is a player on the Yellow Jacket squad.

● Miss Mildred Miller, teacher in the Clovis, N. M., schools, returned the latter part of last week from Albuquerque, N. M., where she attended the New Mexico State Teachers convention held there.

● Mrs. Chester Anderson, Mrs. L. S. Barron, Miss Lela Mae Barron and Miss Pearl Louise McMinn attended the Melrose and Muleshoe High school football game played at Melrose, N. M., Friday afternoon of last week.

● Miss Marie Gooch visited in Plainview Saturday of last week with Mrs. Viola Perkins who is receiving treatment in a sanatorium there for injuries sustained in an automobile accident several weeks ago.

● Miss Betty Ruth Moeller, who is attending Texas Tech college, Lubbock, spent the weekend in Muleshoe visiting her mother, Mrs. Anna F. Moeller and friends. She returned to the Hub city Sunday evening.

● Mrs. Levi Churchill and daughter Miss Doris Churchill attended the Melrose and Muleshoe High school football game played at Melrose, N. M., Friday afternoon of last week.

● Information was received here that Miss Rosa Renfrow of Muleshoe, who is attending Texas Tech college, Lubbock, was placed on the honor roll for the past six weeks work.

● Mrs. C. E. Dotson and family have been visiting in Tucson, Arizona. They were accompanied by Mrs. W. R. Robinson who visited friends and relatives there. They returned here Tuesday.

● Mr. and Mrs. H. C. Holt and daughter Helen attended "Parents Day" at McMurry college, Abilene Friday and Saturday of last week. They were accompanied on their return home by their daughter, Miss Mary Holt who is attending McMurry.

● Mr. and Mrs. D. L. Butts, formerly of Muleshoe, but now residing in Plainview where he is district

superintendent for the State Highway department, visited relatives and friends here Saturday afternoon of last week

● Misses Ora and Helen Sharp, who are attending West Texas State college, Canyon, spent the weekend in Muleshoe, visiting homefolks and friends. They returned to Canyon Sunday afternoon, accompanied by their parents, Rev. and Mrs. Jim H. Sharp.

● The Journal is in receipt of a subscription from Mrs. L. V. Kolor, St. Louis, Mo., who was here a few weeks ago and bought 80 acres of this good Bailey county land. Ye editor can vouch for her having a good location—just across the road from Heavenly Hurley.

● Mr. and Mrs. L. N. Childress became parents of a son Sunday morning at a Lubbock hospital. The little one lived but a few hours, and following its death interment of the tiny body was made in Lubbock cemetery, Mrs. Childress was the former Miss Tidwell Douglas, well known in Muleshoe.

● Mr. and Mrs. Ferec Little made a trip to Wichita Falls Sunday to visit his grandfather, A. B. Suggs who was returning to Oklahoma to spend the remainder of the winter. He had visited in Muleshoe for the past several months in the home of his daughter, Mr. and Mrs. S. R. Little.

● Woodie W. Smith, traveling evangelist, spoke at the Baptist church in Muleshoe Sunday evening at the regular church hour, with a good crowd attending. He also gave a religious picture show, "From Manger to Throne," Tuesday night at the Methodist church.

● Lela Lavander Howard, four day old daughter of Mr. and Mrs. L. A. Howard of the Progress community died Friday of last week. Funeral services were conducted at the grave Saturday afternoon at 2:30 o'clock by S. W. Sanders, pastor of the Church of Christ in Muleshoe. Besides the parents, the infant is survived by one brother.

● C. E. Dotson, mayor of West Camp, had an altercation with a prize winning 4-H club bull Friday morning of last week, in which Ernest came out second best, requiring attention of a local physician. An x-ray revealed there were no bones broken, but he sustained a badly sprained left knee. Ernest who is well known for his confirmed Baptist belief, is said to have quoted scripture to the unruly quadruped in Methodist language.

## PAUL BROS. HAVE A BARBECUE TUES.

Mr. and Mrs. Jess Osborn, Mr. and Mrs. E. R. Hart of Muleshoe, were among the large group from various points in West Texas who attended a barbecue given at the Paul Brothers ranch located about 20 miles south of Muleshoe, Tuesday.

The event was sponsored by Frank and J. H. Paul of Amarillo, the ranch barbecue was prepared by John Snyder.

Business and professional men from Amarillo, Lubbock, Plainview, Littlefield, Sudan and other towns attended and enjoyed the day of visiting on the ranch and viewing the more than 11,000 lambs which are being fed out there.

## Hotel des Invalides

The Hotel des Invalides is an establishment in Paris where wounded veterans are cared for at the public cost. Its foundation dates from 1671, under Louis XIV. At first it was a place of retirement for the aged servants of court favorites as well as for invalided soldiers, but this abuse was ended by St. Germain in the reign of Louis XV. With its high gilded dome, under which are the tombs of Napoleon, Turanne, Vauban, Jerome and Joseph Bonaparte, and Marshal MacMahon, it is one of the most conspicuous monuments of France. The buildings cover about 30 acres. It stands about 600 yards back from the Seine.

Use of Adobe Brick  
The use of adobe bricks, distinctive to buildings in the American Southwest, is said to have developed independently in North Africa.

## Longview News

Several from this community attended the Singing convention at Fairview Sunday. They report a real good singing and a real good lunch at the noon hour.

Mr. and Mrs. Ford Carpenter of Ponca City, Okla., are here visiting Mr. and Mrs. A. L. Carpenter.

Mrs. Tom Watson, Mrs. Nell Cooper and Mrs. Winifred Young shopped in Clovis, New Mexico, Friday of last week.

Mrs. Smith's niece of Friona visited with her Sunday.

Ervin and Estel Smith left Saturday for Okla., for a few days visit.

The Fifth Sunday Singing convention will be held at Longview the fifth Sunday in December. Every body is invited. A basket lunch will be served at the noon hour—Reporter.

**HOGAN-MURRAH**

Miss Ada Hogan and Gordon Murrah were quietly married last Saturday. Mrs. Murrah is the daughter of Mr. and Mrs. L. R. Hogan who reside a few miles west of Muleshoe. Mr. Murrah is a son of Mr. and Mrs. Jess Murrah.

The wedding took place at the home of Mr. and Mrs. Hill Murrah on this city, in a single ring ceremony, with Mr. and Mrs. Murrah and Mr. and Mrs. Alvin Farrell as witnesses.

The bride wore a navy blue satin dress with black accessories. Immediately after the wedding a dinner was served to the couple and to relatives at the home of the bride's parents.

The couple is now on a wedding trip of several days to Galveston and other points, and upon their return will be at home on Mr. Murrah's farm near West Camp.

Mr. and Mrs. Murrah are both graduates of the Muleshoe High school.

Entertainments and showers are being planned for them upon their return.

**MRS. ALEX PAUL IS HOSTESS TO 50%**

**Tech Homecoming Day Celebration Set For Nov. 17-18**

Lubbock, Nov. 7.—Flare of trumpets and cheers from the student pep squad will open Texas Tech's Homecoming celebration November 17-18. With 40,000 exes to draw from, President Marshall Formby of the Alumni and Ex-Students association predicts a record crowd at the Friday evening rally climaxed by the traditional bonfire, and at the Red Raider-Marquette game Saturday afternoon.

Tentative plans for Nov. 18 include a morning reception in the lounge of one of the men's dormitories, a parade with floats entered by various campus clubs, and a noon get-together on Tech field preceding the game. Homecoming dance will complete the day's activities.

The pep rally, held in Tech stadium, will be broadcast over Texas State Network. Tech's 100-piece band will furnish music and former students will speak.

A motion picture record of Homecoming events will be made by the Alumni and Ex-Students association.

**Many Bailey County Singers At Okla. Lane Sunday**

Sunday the Farmer County Singing convention was held at the Oklahoma Lane school building with a large crowd of singers, song lovers and visitors attending. Quartets, duets and other groups of singers from that and neighboring communities and towns participated in the full day of music.

The Muleshoe Faculty quartet composed of Miss Laverne Northam, J. A. Lumsden, Prof. Glen Dickinson and Supr. W. C. Cox rendered special numbers. The Bailey County Muleshoe quartet composed of Tye Young, S. E. Morris, Mrs. H. L. Lowry and "Shorty" Ashford was among the entertainers.

A quartet from Y. L. composed of Mrs. Mervin Wilterding, D. B. Head, Mr. and Mrs. O. E. Lumsden also rendered special numbers. At the noon hour, a special feature of the day's entertainment was a basket dinner. Among others from here attending were: Judge M. G. Miller, Mrs. Ty Young and son Jack, H. L. Lowry, Mrs. "Shorty" Ashford, Mrs. S. E. Morris, Mrs. D. B. Head, Mervin Wilterding, Mr. and Mrs. Earl Sybert, Miss Jaunita Smiley, Mr. and Mrs. Robert Kimbrough, Mr. and

**English Railroad Terms**  
English railroad men call a coal car a mineral wagon, a roadbed a permanent way, a switch a point, a freight car a goods van, a brakeman a guard, a switchman a signman, an engineer an engine driver and a grade crossing a level crossing.

**THE STATE OF TEXAS TO THE SHERIFF OF ANY COUNTY, TEXAS, GREETING:**

You are Herely Commanded to summon Earl Perry by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the 64th District Court of Bailey County, Texas, to be held at the Courthouse, thereof, in Muleshoe, Texas, on the first Monday in December A. D. 1939, the same being the 4th day of December A. D. 1939, then and there to answer a petition filed in

said Court on the 24th day of October A. D. 1936, in a suit, numbered on the Docket of said Court as No. 1191, wherein Mae Perry, is Plaintiff, and Earl Perry, is Defendant, and said petition alleging; being a suit for divorce on the ground that Defendant voluntarily left Plaintiff for three years with intention of abandonment, and Plaintiff avers that on the 9th day of June, 1934, plaintiff and defendant were legally married and lived together as husband and wife until the March 10th, 1936, at which time, defendant voluntarily abandoned Plaintiff. Plaintiff alleges that no children born to said union, and no community property to divide.

Plaintiff prays Judgment for a divorce and for such other and further relief that she may justly be entitled to; and for restoration of her former name Mae Williams. HEREIN FAIL NOT, and have you before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same. Given under my hand and the Seal of said Court, at office in Muleshoe, Texas, this the 24th day of October A. D. 1939. J. J. Williams, Clerk, 64th District Court, Bailey County, Texas (SEAL) By Bonnie Isaacs, Deputy. Publ. Oct. 28, Nov. 2, 9, 16, 1939.

**CHEVROLET**

## GET READY FOR WINTER!

These chilly morning with thin ice formed on ponds and watering troughs reminds one of the necessity of preparing their car for Winter. It would be a good idea for you to now bring in your car for a thorough re-check by our mechanics, re-setting of spark plugs, ignition and other adjustments insuring you satisfactory service during coming cold weather.

**Also—**

We have PRESTONE to protect your motor and radiator during cold weather—you'll need this famous anti-freeze.

How about installing a Heater and Defroster in your car—the one for added comfort, the other for your protection against accident while driving? Remember—it pays to be safe!

## AGRICULTURAL BRIEFS

By FINLEY WHITE  
Bailey Co. Farm Agent

The coming of cold weather makes us cast a wishful eye at the hogs in the fattening pen. Butchering time is about on us and with it comes the problem of saving our meat so it will be at its best for home conservation.

This office has on hand a supply of bulletins containing detail instructions for killing, cutting and curing pork and beef for home use. Salt brine, sugar cure and oil storage are all discussed in these bulletins and they may be obtained at the county agent's office for the asking.

**Turkeys for Xmas**

Most of the turkey crop in Bailey county is of the late hatch and is not ready for the Thanksgiving market. Due to the lateness of our hatch this year, we will be forced to carry most of our birds over to the Christmas market. Maybe after all that won't be so bad since the present market is nothing worth writing home about any way—only eleven cents for No. 1's.

Range turkeys are hard to make go prime, but if they are confined and fed a good fattening ration they make prime birds pretty fast. Any turkey producer who desires to finish out turkeys for the Christmas market may secure a good fattening ration formula by calling by this office. Remember that there is 2 to 5 cents per pound difference in the price of turkeys and prime turkeys.

**Bairy Cows Keep Producing**

The wheat harvest lasts 10 days to two weeks; the feed and cotton harvest lasts from six weeks to two months, but the old milk cow keeps a 10 to 12 months harvest at hand for every hustling farmer who will give her a chance. It's true you don't get \$40 for a can of cream like you do for a bale of cotton, but its equally as true that the net deductions on a can of cream are not nearly so great as for a bale of cotton—and too, the only time you can get a bale of cotton is late fall and you can get a can of cream every week in the year if you give old Pide a little attention.

We wouldn't expect a tractor to do a good plow job with an inferior fuel—or perhaps no fuel at all, so why expect the cow to do a good cream job with an inferior ration—or possibly no feed at all. The cow will pay her way and feed you too, if you'll give her the chance she should have. Try it!

**Re-checking Farms**

Our supervisors are in the fields making their final recheck for 1939 AAA compliance. If you happen to be at home when the supervisor gets to your place it will be more than worth your time to stop whatever you are doing and go with the supervisor over your farm. Be sure to call his attention to sudan or sorghum being left on the land and too, call his attention to your terraces and contours, if you have any.

Some of the farmers are selling dry bunched sudan to farmers pretty well removed from Bailey county. Before your farm can be certified for payment, we'll have to wait on friend neighbor and see what he does with your sudan you sold him. If he thrashes it you will be the loser. The penalty for thrashing will run about \$6.50 to \$7.50 per acre, so if you don't get a good price for your sudan you stand a good chance to lose money if the fellow to whom you sell decides to thrash your sudan (cane) too.

"THE KID FROM KOKOMO"

Thursday and Friday, Nov. 16-17  
Patric Knowles in—  
"STORM OVER BENGAL"

## WAR AT A GLANCE

Two German bombers were reported downed by British and French bullets Thursday of last week when they attempted a scouting raid over British lines.

Russia has officially taken over that part of Poland known as White Russia, located in the Western area of the subjugated country.

The House voted last Thursday, 282 to 181 to repeal the embargo on arms shipments to the belligerents of Europe, thus approving as did the Senate last week the administration's policy of "cash and carry" sales.

Following a general shake-up of Italian officials, the discharging of some and appointing of other ones, a Greek-Italian collaboration to preserve peace in the Mediterranean, now seems to be in the offing, and much to the distress of Russia who apparently had designs on a number of Balkan states. It is reported Germany is also much worried over this new collaboration.

Great Britain has announced that food rationing of her people may begin next month.

To date 27 U. S. vessels have been challenged, searched, sent into port or seized since the outbreak of war.

Germany has ordered all her nationals in Turkey to be ready to leave as soon as possible, it apparently being a move to put pressure on Turkey, which recently signed mutual pacts with Britain and France.

Following nullifying of the U. S. Embargo act, President Roosevelt has issued orders virtually excluding all American shipping from European ports except those of neutral nations on the Mediterranean and Arctic oceans. Neutral European nations may have U. S. freight service if they can be reached by U. S. boats traveling the Arctic route. No Pacific freight shipments are effected by the order, which it is said may be changed as conditions demand for American protection.

Germany hints that her submarine campaign may become more active in the near future.

The Norwegian government has rejected a German demand that the U. S. freight City of Flint, (now being held by her or more

probably now trying to get back to America) by interned and that the captured German prize crew be released. Norway says the Germans violated her neutrality when they put in at Haugesund, Norway to confer with German officials against Norwegian orders.

In an aerial combat between 27 German and nine French airplanes which took place Monday night, it is reported nine German planes were shot down while the French escaped without a single loss.

Nine of 11 transatlantic vessels belonging to the U. S. Lines have

changed their registry to the Republic of Panama, according to announcement of the U. S. Maritime Commission, and, regardless of the new U. S. law forbidding American vessels traveling in war zones, these vessels will sail under the Panama flag and with Panama crew of 500 or more.

Up to Saturday of last week there had been a total of 110 ships sunk since the war began. Also, there had been 12 sinkings, five British, four neutrals, one French and two German ships which had been scuttled by their own crews to prevent capture.

A modern hotel of 2,000 rooms is to be erected at the former Chinese civic center in Shanghai, China.

**LOOK! Ford for '40 has 22 important improvements!**

**IN A 1940 FORD** you get more room, greater quiet, a finer ride; easier handling, and a much more luxurious car than ever before. There are no less than 22 important 1940 improvements, including the following:
