RECORD BALLOT IS CAST SATURDAY

Sterling Carries Sutton; "Ma" Far Ahead Over State

State Office Holders Retaining Jobs in Most Cases; Allred, Shaver, Pierson Lead

While R. S. Sterling was a favorite in Sutton county balloting, the state as a whole is going for Mrs. Miriam A. Ferguson, with present totals pointing to a lead of at least 100,000 votes when all have been counted.

Tom Hunter carried many counties of the state, but ran third in Sutton county. He had not appeared in this area during the campaign.

In most cases present state office-holders were returned to their

FERGUSON LEAD 100,000

With returns from 261 counties, 181 complete, Mrs. Miriam A. Ferguson was leading R. S. Sterling for governor by nearly one hundred thousand, her total being 364,625 to Sterling's 264,954. Hatcher was almost up with Thompson in the race for rail commissioner, short term.

posts in the Democratic primary Saturday. Allred won a sweeping victory over Clem Calhoun to retain the job of attorney general. Shaver nosed out Woods in the state superintendent's race, although Woods carried Sutton county. (Continued on page 4)

Rain Sunday Helps Portion of County

Inch-and-half Recorded at Allison Headquarters Ranch

Spotted rains proved of great benefit to ranges in portions of Sutton county Sunday afternoon. Ranges had been getting dry following extremely hot weather of the last week. At the George S. Allison headquarters ranch east of Sonora the fall was an inch-and-a-half, with a lighter fall extending south to the Sam Allison ranch on the Junction highway.

While there was no rain in Sonora, the Frank Baker ranch, 10 miles west got half-an-inch.

CAMPBELL DECLINES WOOL WAREHOUSE JOB

Murphy Campbell, wool buyer, has refused the offer given him last week by the directors of the Sonora Wool & Mohair Company to succeed C. H. Evans as manager of the warehouse.

The job has not been filled and it is not known definitely just when action will be taken.

Personals

Ernest T. Abbott, of Menard, was a Sonora visitor Friday.

Mr. and Mrs. Miers Savell were in town from the ranch Wednesday.

Mr. and Mrs. Louis Stuart were in Sonora Tuesday from their ranch.

Mr. and Mrs. Edmond Heinze spent the week-end visiting in Miles.

Mr. and Mrs. W. L. Davis and son, Louis, were San Angelo visitors Thursday.

Mr. and Mrs. Alfred Schwiening and children went to the Schwiening ranch Tuesday.

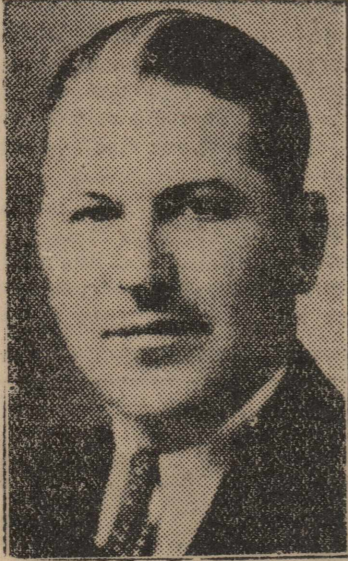

Rook Baxter and O. L. Carpenter were in Sonora from the Ranch Experiment Station Wednesday.

C. H. Carson, accompanied by his daughter, Miss Edythe, left Wednesday for Austin, on a three-day visit.

Mrs. B. M. Halbert and her daughter, Mrs. Willie B. Whitehead, were in town from their ranches Wednesday afternoon.

The Misses Guyon Shurley, Minnie Lee Benson, of San Angelo, and Bobbie Halbert are spending the week-end at the Ira Shurley ranch.

Next Senator?

K. M. REGAN

K. M. Regan, Pecos mayor, lead the vote in the race for State Senator, 29th district, and will enter the run-off in August with B. F. Berkeley, Alpine, the incumbent.

Regan Leads Vote for State Senator with Berkeley 2nd

Pecos Man Strong in El Paso; Fuller in Third Place, with Stewart Last

While competition was close in Sutton county in the race for State Senator of the 29th district, in the area as a whole K. M. Regan of Pecos piled up a commanding plurality, but lacked nearly four thousand votes of having a majority. He will be faced in the August run-off by B. F. Berkeley of Alpine, incumbent.

In Sutton county Regan ran last, with Stewart high, Fuller second and Berkeley third. The vote for the county: Stewart, 176; Fuller, 172; Berkeley, 158; Regan, 49. Much of Stewart's strength was in the rural boxes of this county.

With reports from 27 counties in the district, 10 complete, and with 27,000 of a possible 35,000 votes tabulated, the totals follow: Regan, 11,863; Berkeley, 6,722; Fuller, 4,900; Stewart, 3,616.

Regan's strength was great in El Paso county, where he lacked only 500 votes equaling the combined totals of his opponents. About forty per cent of the votes in the district are in that county.

Goats Should Be Shorn in Autumn

Mills Could Not Handle Long Hair Elliott Tells Lions

Goats should be shorn this fall, regardless of discouraging prices, for mills are not equipped to handle the longer fibre mohair and mills do not want 12-month lengths at any price, Sonora Lions were told Monday by Judge L. W. Elliott in a discussion of the question.

R. S. Covey introduced the discussion, stating that he had written a large eastern mill to find out if they could handle the longer fleece. They replied in the negative. J. N. Ross, guest of the club, stated that regardless of price the goats should be shorn, since with the longer fleece they would be continually getting caught in brush and fences and many would be lost.

Entertainment for the day was furnished by L. C. Harlow, brother-in-law of Judge Elliott, who sang two solos, with piano accompaniment by Mrs. Harlow.

Plans for the good-will trip to Humble Station "B" were discussed.

In addition to 26 Lions, the following guests were present: Haynie Davis, Mr. and Mrs. Harlow, San Angelo, Dr. J. R. Kilman, Marshall Huling and Mr. Ross.

Mrs. Maysie Brown's Sister Here Mrs. R. W. Erwin, of Selma, Ala., arrived in Del Rio Tuesday and was met there by her sister, Mrs. Maysie Brown, and the latter's son, Hillman, with whom she is making a two-weeks' visit here.

Sonora Good-will Trip to Station "B" Is Welcomed

Humble Men Win Ball Game by 6-2 Count; Thirty Business Men Enjoy Visit Tuesday

The good-will trip to Station "B" on the Humble pipeline sponsored Tuesday by the Sonora Lions club was acclaimed a big success by those who made the trip. About thirty Sonora business men made the trip, in addition to a number of young men around town who went to play ball.

The Sonora team lost an interesting baseball game to the Humble men by a 6 to 2 count in seven innings. Extra inning play, of a comic nature, resulted in an overwhelming victory for the Station "B" men, with the final count 16 to 2. The original game was scheduled for only seven innings, however, and that portion of the play was closely contested.

Brady pitched a good game for the station, allowed only a few scattered hits. A combination of hits and errors allowed 2 runs for Sonora in the fifth inning. Gardner transferred from first to pitcher to begin the next inning and the Sonora batters had little luck with his offerings.

Station "B" hitters managed to work out a run an inning for the first four innings, with Smith hurling good ball. In the fifth, however, a series of hits and errors scored two runs for Humble. Ory replaced Smith in the following innings. Defensive work of Houston Stokes, rookie second baseman, featured the fielding of the Sonora Club.

Coach Smith reported a profitable and enjoyable trip.

Garners Vote in Texas Democratic Primary

Here are Speaker and Mrs. John N. Garner of Uvalde, Texas, waiting their turn to vote in the Texas Democratic primary election Saturday, July 23. After a brief rest, the Democratic vice-presidential nominee will begin his active campaign. They have poll tax receipts Nos. 1 and 2.

Resolution Seeking a Lower Stockyards Fee Is Passed

The executive committee of the Sheep & Goat Raisers' Association, meeting in a called session here Thursday morning, discussed the resignation of T. A. Kincaid, Ozona, as president and ended in passing a motion that he be asked to reconsider the resignation and retain leadership of the organization in a letter to be written by Coke Stevenson, Junction.

It was voted to adopt a resolution requesting authorities of stockyards companies to equalize fees charged for holding sheep at the terminal markets of the country. At present a double-deck car of sheep costs 12 to 13 dollars more than a car of cattle in yard fees. The action was urged in a telegram received by Roy Aldwell of Sonora from Sol Mayer, West Texas ranchman who is at present in San Francisco.

Roger Gillis, Del Rio, vice-president of the association, presided. (Continued on page 4)

Health Agencies United in Fight on Typhoid Here

Epidemic Under Complete Control; Has Been Confined to Mexicans; 50 Pit Toilets

Health improvement agencies have united within the last ten days in a fight which has resulted in the complete control of the typhoid epidemic which for a time threatened the entire Mexican section of Sonora and a part of the American population as well.

The county health officer, Dr. A. G. Blanton, has been assisted by George E. Smith, city manager, and with the co-operation of the Sutton county health board and of the commissioners' court, the city has been cleaned up.

It was determined with little doubt that the infection spread through unsanitary toilet facilities in the Mexican section. Within the last week 50 permits for pit toilets have been issued and construction has been completed on the majority of the number. When all have been erected the city will be equipped fully, in compliance with an ordinance passed last October as a health protective measure.

The county furnished the dynamite for blasting in building the toilets.

R. E. Thomason, El Paso, who won a three-to-one victory in the race for Congressman, 16th district of Texas. He was opposed by Judge Dan M. Jackson, El Paso.

Thomason Leading Jackson by 3 to 1 in Congress Race

Sutton County Gives Incumbent 5 to 1 Majority; Ballot Here Is 495 to 95

With Congressman R. E. Thomason leading his opponent, Judge Dan Jackson by three to one in the entire 16th district, Sutton county gave the incumbent a majority of slightly more than five to one, and the Sonora box gave him odds of six to one.

Incomplete returns showed a total of 35,000 for Thomason, compared to 11,500 for Jackson in the district as a whole.

Both men live in El Paso, and that county gave Thomason a tremendous majority. In a number of counties through the West Texas oil belt Jackson ran strong, very nearly equaling Thomason's total in one or two counties. In no county in the district did his vote equal that of the present office-holder, however.

In Sutton county Thomason's total was 945 and that of Jackson was 95. Jackson's best showing was made in precinct 3 of this county, where he scored 20 to Thomason's 38. In box 2 in the southwest part of the county Jackson failed to tally, but Thomason received but 12 of the 19 votes cast. In Sonora the count was 66 for Jackson and an even four hundred for Thomason. Box 5 went overwhelmingly for Thomason, 20 to 2.

Gilmore Returns from Lions' Meet

International Convention Held in Los Angeles Last Week

W. C. Gilmore, president of the Sonora Lions Club, returned Tuesday night from Los Angeles, where he had been attending the annual convention of the International Association of Lions Clubs, in session there from Tuesday until Friday of last week. Mr. Gilmore went as a delegate from the local club, leaving here the Sunday before the convention.

Mr. Gilmore reports an interesting convention, with a wonderful program of instruction and inspiration, as well as entertainment. As president, a Texan, Julien C. Hyer of Fort Worth, ran the meeting. In the election of officers for the coming year Sam Braswell, Clarendon, Texas, newspaper publisher, was elected to the directorate.

Mr. Gilmore made a side trip to San Diego and Agua Caliente and Tia Juana while in California.

Uncle Dies in Dallas

W. E. James received the news Wednesday of the death of his uncle, W. J. Young of Dallas, which occurred suddenly Friday morning of last week. Mr. Young was a merchant and had resided in Dallas for a number of years. He is survived by his widow and two sons.

Hutcherson and Lancaster Win Sheriff's Race

Elliott Faces Johnson in Run-off for Judge; Adams and Thorp in; Submission Favored

Two run-off races in county contests will be staged in August as a result of the Democratic primary Saturday, in which a record ballot of 681 was cast. Sheriff B. W. Hutcherson will have to beat Joe Lancaster in the run-off if he retains his office. Alvis Johnson, present county judge, will be opposed by A. C. Elliott in the run-off. Submission by the 73rd Congress for retention or repeal of the 18th Amendment was favored in Sutton county by more than three to one.

In precinct races C. W. Adams retains his seat as commissioner of

Baptist Revival to Close Sunday Night

Baptismal Service Planned for Large Number Additions

The two-weeks' revival service which has been conducted by the Rev. Z. E. Parker will close Sunday night, he announced this week.

Increasingly large congregations and additions to the church nearly every day have pointed to the success of the meetings.

Baptism will be held for a number of converts at the Ben Meckel tank at 4 o'clock Sunday afternoon, Mr. Parker said.

The pastor's subjects for Sunday will be "The Resurrection," at the morning hour, and "Lord, Is It I?" at the evening service.

BILL MITTEL WILL RUN BANNER ICE HOUSE HERE

Bill Mittel will be in charge of the ice house being erected in Sonora by the Banner Ice Company of San Angelo, rather than J. M. Humphries of Christoval, as was stated last week in The News.

The building and refrigerating machinery were assembled this week and the business is now in operation.

Dairy Cow Swims to Modern Milk Method

Surprised Bovine Finds Self in Strange Position After Flood

It's just as well that this story of "a country girl come to town" wasn't uncovered until this week, because last week a flood-reading clientele couldn't have stood the shock in connection with other news about the disaster.

All the folks who think they had harrowing experiences during the high water, should stop to consider the tale of a poor defenseless cow swept from "contented security" and listed among the missing for nine days.

Fancy yourself being swirled from home, already suffering from wet feet with telephone connections disrupted, and being found nine days later in a strange barn with electric milking machines attached to you; That, concisely, is what happened to a sole bovine belonging to Roy Heizer, ranchman living on the Guadalupe North Fork, between Camps Stewart and Waldemar, in the Grape Creek section.

The experience made her sick at all four stomachs.

Just how long she swam astride the rushing current is not known, but all of 17 miles below her home, the cow was found Sunday at the Morris Dairy near the Kerrville city limits. Being electrically milked. That's the worst of it, after riding the crest of the worst flood in the history of Kerr county.

Heizer held to the hope that the cow's ability to swim might have saved her and began looking for her, near home at first, and then farther away. Sunday she motored back home to familiar scenes, with the exception of a few missing cypress trees.—Kerrville Mountain Sun.

Gold Mining Begins at Once in Kerr Co.

Engineers Arrive to Sink Shaft 15 Miles Northwest Kerrville

D. M. Wilson, E. R. Seward and William Bean of Laredo, engineers connected with the Wilson-Seward Construction Company, arrived in Kerrville early this week. They are busy setting up equipment to sink a shaft and take a core of the J. A. Jackson gold mine, about 15 miles northwest of Kerrville on Johnson Creek.

Unloading of equipment began Tuesday. The visiting engineers declared that prospects were excellent for producing good-paying quantities of gold. They indicated that development of the Jackson gold mine likely would result in other activities and prospecting.

Two mineral deeds on land adjacent to Jackson's tract were among instruments of title filed at the courthouse the past week. Others are expected as the develop-

ment progresses.—Kerrville Mountain Sun.

Baptist Encampment to Open at Menard

Eighth Annual Meeting Begins Today; Lasts Till Aug. 7

The eighth annual meeting of the Menard Baptist Encampment opens today at Menard, to continue until August 7.

Week-day schedule includes B. Y. P. U. hour, Bible hour, directed by Dr. M. E. Davis, of Brownwood; Mission hour, conducted by Miss Emma Christensen, Tollhouse, California; Morning worship, directed by the Rev. T. C. Gardner; rest hour after dinner, first aid instructions, swimming and games; Girls' Auxiliary hour, visiting speakers' hour, song service, and evening worship.

Sunday programs include Sunday school, morning worship, afternoon inspirational service, Bible Training School, and evening worship. The Honorable Pat M. Neff, president of Baylor University, Waco, will be the morning and evening speaker on Sundays.

Other information offered by the encampment staff is as follows:

The encampment grounds are located one mile west of the main business section of Menard, on the Menard-Sonora highway.

The grounds are located on the banks of the San Saba river.

The grounds include forty acres covered with a densely shaded pecan grove—a most delightful place for camping and resting.

A well of fresh cool water is located on the grounds, accessible and free to all.

A public telephone will be on the grounds for the use of all who may desire it.

We do not know whether the fish will be biting but we hope they will.

Ozona Streets Will Get Paving by State

Contract for Grading, Drainage to Include Six City Blocks

A six-block stretch not included in the original grading and drainage contract on the Ozona-Barnhart highway will be taken care of in the contract for application of caliche base on the first unit of the highway from Ozona toward Barnhart, according to Exiline Martin, resident engineer for the state highway department there.

The stretch will be graded and drained on Powell Avenue from the edge of the city to the intersection with the Old Spanish Trail highway at Broadway.

Likewise, a short stretch of city streets not included in the contract recently awarded for grading and drainage of the first nine miles west from Ozona on Highway 27 will also be included in the surfacing contract on that stretch of road, said the engineer.

A committee from the Ozona Lions Club was appointed Monday to investigate possibilities of getting some temporary repair work done on Powell Avenue from the business section to the south end of the new grade, where huge chug holes and bad drainage on the street were the object of criticism. It was felt that in the event award of the surfacing contract on that part of the road was considered distant, the highway department might agree to do some temporary repair work to put the street in better condition.

KNAPTON RECOVERING FROM LAST OPERATION

Frank Knaptin is recovering from a mastoid operation undergone in San Angelo last Thursday and will likely return home next week, according to Mrs. Knaptin, who returned to Sonora Wednesday.

Mr. Knaptin has been in poor health for several months with a heart disorder. Following the operation Thursday he responded encouragingly to treatment, and is now able to sit up in his room.

SUCCESS DEPENDS ON ADVERTISING

We are living at a time when it requires energy to do business. A few years ago business came to the store without digging for it. But times are different now.

This is an age in which the business man must exert himself, he must use his brains as well as his muscles.

People want to buy goods from an optimistic, up-to-date merchant who is not afraid to use advertising to let them know what he has to sell and what he wants for it.

People are expecting through the columns of newspapers from merchants and shopkeepers invitations to visit their stores and stocks. And unless these invitations are received the people are not coming.

The greatest asset any business can have is advertising, and that means newspaper advertising.

Theatre Man, Former Eldoradoan, Is Dead

George S. Gafford, Known Here, Dies at Hobbs, New Mexico

Funeral services were held at Meadows, Terry county, Thursday afternoon, July 7, for George S. Gafford, 36, former proprietor of the Ritz theatre in Eldorado and owner of a recently-opened theatre in Hobbs, N. M., where he died July 7 following operation for a ruptured gangreen appendix.

Mr. Gafford, whose illness was very sudden, leaves his widow, a son, Gerald, 16; two daughters, June, 12, and Joyce, 6, and his parents, Mr. and Mrs. John R. Gafford, of Trent, and four sisters, Mrs. Walter Steadman, Miss Mamie Gafford, and Mrs. Tom Harding, of Trent, and Mrs. Keltz, of Vernon.

Mr. Gafford went to Hobbs in the early days of 1930 and put in the first picture show with talking pictures, being for some time associated in business there with R. M. Morehead.

Coming to Eldorado in 1931, the family resided there until about five weeks ago when they returned to re-open the Ritz in Hobbs. In Eldorado Mr. Gafford was proprietor of the Ritz Theatre and was in Sonora on business on several occasions.

Ranch Foreman in Crockett Co. Dead

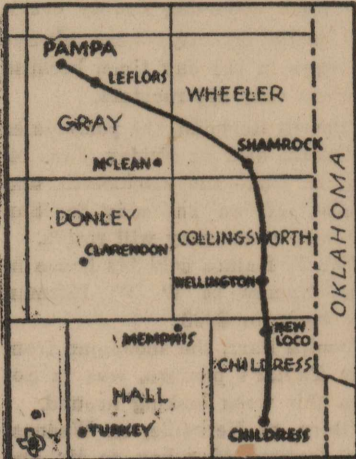

Riley Lee Perkins, of the J. S. Todd Ranch; Drops from Horse

Riley Lee Perkins, foreman on the J. S. Todd ranch in Crockett county for the past nine years, was buried Thursday of last week in Boynton, Okla., where his body was sent following his death about 9:30 Monday morning, July 11, when he fell from his horse and was dead when a companion, also employed on the ranch, reached him. Death was attributed to heart attack.

Mr. Perkins suffered from heart trouble for a number of years and had lately developed high blood pressure.

Mr. Perkins was born September 2, 1878, in Brownwood, Texas, and was 53 years old, 19 months, and 9 days old at the time of his death. He went to Crockett county nine years ago from Oklahoma. He and another employe on the Todd ranch also operated in partnership a 22-section ranch near Big Lake. He is survived by his widow and several brothers and sisters.

The residents of Station "B" appreciated and thoroughly enjoyed the visit of the business and professional men of Sonora to the Station Tuesday afternoon where they witnessed a ball game between the Humble Nine and the Sonora Broncs. The Humble team, after several attempts, were finally able to push the Sonora team over for a margin of 6 to 2. Station "B" extends an invitation and a welcome to you at any time. We want you to feel as you would at any friend's house—just make yourselves at home.

Mrs. J. E. Tomberlin and sons, T. M. and "Cotton" were visitors at the Station Tuesday afternoon. Mr. Tomberlin is line rider for the company, covering the district from Station 'B' to 'C' near Sabin.

A. L. Olenberg, L. E. Clement and E. W. Maddox were visitors Tuesday from Station "A." Mr. Olenberg is sporting a new Ford coupe purchased Saturday in Eldorado.

Shreve Goodwin, of Junction, visited friends at the station Monday and Tuesday.

Mr. and Mrs. C. W. Ledyard returned Tuesday night from a two days' visit and shopping trip to San Angelo.

Mr. and Mrs. L. J. Rambo, their little daughter, Peggy, and Miss Gladys Lively, left Monday for a visit with relatives in Menard.

Miss Pauline McAlphin is here for a two-weeks' visit with her sister, Mrs. Clyde Barnard. She will return to her home in Stephenville next week.

R. C. Callan and family and Miss Eva Mitchell left Saturday morning for a fourteen-day vacation trip.

H. L. Brown is in San Antonio with his wife who has just undergone an operation. No word has been received as to how she stood the operation but it is hoped she is improving.

Mrs. J. H. Davis is home again after a week's visit with her mother, Mrs. Baker, of Junction.

F. R. Arnold left Wednesday for a short visit with his mother and friends in Greenville before taking over his new duties as timekeeper for an inspection gang at Marlin.

Miss Lois Goodwin, of Junction, spent the week-end with Mrs. C. D. Rambo.

Carl Gardner and Geo. Ard spent Sunday in Kerrville.

AMERICANS AFFECTED BY DISEASE OF "SITITIS"

"The trouble with present-day Americans is that they sit at the radio, the theatre and the automobile wheel, and the very ones who need exercise most sit at games and cheer those who need it least.

"America has become a nation of spectators, who pay big money for the development of physical giants. Adult America is dying between the neck and waist from disease that comes from within and attacks the vital organs—the heart, the lungs, the kidneys and the liver. Physical degeneracy is becoming an increasing important problem."—James Edward Rogers in "Hygeia."

Brian Montague Is Nominee for Judge

Joseph Jones, Incumbent, Loses in 63rd District by 66 Votes

Brian Montague, Del Rio attorney, won the Democratic nomination for judge in the 63rd district by a majority of 66 votes over Judge Joseph Jones, present holder of the office. The race was watched with interest by many Sutton county voters. Montague is a brother of Judge Joe Montague of the 112th district, of which Sutton is a part.

Table showing election results for Montague and Jones by county: Val Verde (1235 vs 1057), Terrell (346 vs 134), Maverick (295 vs 484), Kinney (267 vs 409), Edwards (316 vs 309). Totals: Montague 2459, Jones 2393.

ELDORADO STOCK SHIPPED TO FEED AND COMMISSION

Aubrey Baugh and Joe Tisdale, two prominent ranchmen, sold Wednesday to Drumm Standish, L. S. Commission Co., of Kansas City, two cars of calves weighing from 375 to 435 and bringing five and five and one-half cents. These calves will go to Missouri feed pens and clover patches.

Tom R. Henderson shipped two cars of calves to Drumm Standish L. S. Commission Co. These weighed 325 pounds each and sold for five cents per pound.

Bill Booth sold this week the 15 head of cattle that he has had on feed since early spring, receiving 5 1/2c per pound in Fort Worth. He also shipped 21 head of hogs which weighed 250 pounds each. These he has also fattened on feed that he raised on his farm.—Eldorado Success

County Officers—

unopposed. The record ballot was cast for Mrs. A. J. Smith, candidate for county treasurer. Her total of 691 was within one of the total of qualified voters in the county.

The last box reported in full was No. 3, the Camp Allison-Station "B" polling place. Partial returns in county offices were secured Saturday night, the balance coming in Sunday. State returns in this box were received by mail Monday.

The counting in the Sonora box was unusually trying, with an extremely long ballot to handle. The job was completed at 1 o'clock Sunday morning, Box 5, at the Stuart ranch, and Box 2 at the Shurley ranch, were complete by 7 o'clock, when the polls closed. Box 4, Owensville, was in by 10 o'clock.

Great interest is anticipated in the two local run-off contests in August, with candidates in both races determined to garner every possible vote. There is little to choose between their chances of winning, local observers say.

Hutcherson's total was 309, with Lancaster getting 232, J. L. Cook 76 and D. Q. Adams 61.

Johnson received 295 votes, Elliott 225, and R. E. Taylor 153. L. W. Elliott was re-elected county chairman of the Democratic party, and the following chairmen were named: H. V. Stokes, precinct 1; Herman Thiers, precinct 3; J. P. Reilly, precinct 4; and L. L. Stuart, precinct 5. No chairman was named for precinct 2.

The prohibition referendum carried in every box in the county, except Box 5, where it was not voted on because the ballots for that purpose were not discovered until the close of the election.

County officers re-elected without opposition were:

J. D. Lowrey, county and district clerk; Geo. J. Trainer, sr., tax assessor; Mrs. A. J. Smith, treasurer; Edgar C. Saunders, surveyor; Joe Logan, commissioner of precinct 1; Ben Cusenbary, commissioner of precinct 2; and Lee Morris, commissioner of precinct 4.

and praised the work done by Mr. Kincaid. Judge James Cornell of San Angelo also praised the work of Mr. Kincaid and stated that he thought that Mr. Kincaid might reconsider his action if requested by the committee.

Present here Thursday were: James Cornell, W. E. Blanton, Oscar Appelt, D. T. Jones, E. S. Mayer and H. C. Noelke, San Angelo; Roy Aldwell, Tom Bond R. E. Taylor, Fred Earwood, Sonora; Roger Gillis, Del Rio; V. A. Brown, Rocksprings; J. T. Becken, Ft. Stockton; S. S. Bundy, Roosevelt; J. E. White, Brady; Joe Decker and Virgil Powell, Menard; T. I. Drisdale, Juno; Arthur Henderson, Van Court; Will H. Hill, Tierra Alta; A. G. Hoover and E. B. Baggett, jr., Ozona; Jess Koy, Eldorado; James Peril, Harper; Robert Real, Kerrville; Ray Ridenhower and Coke Stevenson, Junction.

Timpson — \$150,000 worth of highway improvement being made on highways leading from this city from here to Uvalde county line.

COMMENDABLE COOPERATION

Commendable indeed has been the cooperation shown between health promotion agencies of the city and county in stamping out a threatened epidemic of typhoid fever in Sonora.

Prompt action in the erection of pit toilets and the enforcement of city sanitation ordinances has resulted in an effectual check in the spread of the dread disease.

Both Dr. A. G. Blanton, county health officer, and George E. Smith, city manager, are outspoken in their praise of the excellent work done by the other and of the willing spirit of cooperation so evident during the campaign.

Dr. Blanton has supervised the inoculation of virtually the entire Mexican population of the city, as well as a sizable portion of the American citizenry, while Smith has been active in assisting in getting the people out for the inoculation and in the work of erecting the pit toilets.

The Sutton county commissioners' court is also due a part of the credit for the success of the work, having furnished serum for those unable to pay for it and having also provided dynamite for blasting on the pit toilet projects in the rocky part of town.

35 YEARS AGO

The Devil's River News for January 15, 1898, exhibited the usual slump in news following the Christmas and New Year rush. The columns were filled with various exchange stories concerning stock happenings throughout Texas, with the exception of the usual personal column, from which the following items were taken:

"E. E. Sawyer the sheepman from Fort Terrett was in Sonora this week attending county court.

"Charlie Ox says hens always lay eggs in the day time, because at night they are roosters.

"Powell Herndon, the postmaster of Ozona, died on Friday, Jan. 14. C. B. Duke the blacksmith, and family, left on Thursday for San Antonio, where they will reside.

"W. T. Haines sold his house in West Sonora to W. W. Pittman this week for \$350.

"Smith Parr, the sheepman from Tom Taylor's pasture, was in Sonora this week looking around. "Born, at Kerrville, on Wednesday, January 12, a boy, to Mr. and Mrs. George Black.

"Martin Murphy, Jim Hamilton's sheep boss, was in Sonora this week and reports that he is still out about 500 sheep, out of the 2300 he lost about six weeks ago.

"Hung jury in the Keton-Sawyer sheep case.

"John, Pierce and Elbert Keton were in from the ranch this week attending county court.

"Sam Martin the well-known stockman was in Sonora Monday on a business trip.

"Mr. and Mrs. Fred Berger were in Sonora several days this week from E. E. Sawyer's ranch.

"We are requested to announce that Rev. D. H. Palmer, a Baptist minister, of Menardville, will conduct religious services in Sonora on the 5th Saturday and Sunday of this month. Everybody will please take notice, and attend.

"W. A. Holland, the stockman was in Sonora Friday, and reported that there are about 100 sheep, branded with a red dot, at J. L. Davis' ranch for which an owner is wanted.

"Dr. C. F. Gray, the dentist with patent electric inhaler, for the extraction of teeth without pain or harm, by means of vitalized air, is in Sonora, and will remain until Wednesday, Jan. 26th. Persons

ty, 295 to 261. Judge William Pierson was high man in the race for associate justice of the supreme court, but will have to face J. E. Hickman in the run-off.

Shepherd actually ran without competition in his race for comptroller of the treasury, since McCabe had withdrawn too late to have his name removed from the ballot. Shepherd received a tremendous vote, running 492 to 80 in this county.

McDonald ran unopposed for commissioner of agriculture in the same fashion, his opponent, Seymour, having withdrawn after ballots were printed. Seymour ran strong in Sutton county, polling 233 to McDonald's 314.

In the railroad commissioner's race (long term), Sutton voted as did the entire state, favoring Terrill and Satterwhite and placing Patterson third, Tennant fourth. The first two will meet in the run-off. Terrill drew 254 votes in Sutton, to 178 for Satterwhite, 81 for Patterson and 41 for Tennant.

C. A. De Ware, fifth man in the state totals for the four-year rail commission term, was high man in Sutton with 171. Thompson, high in the state, was third in Sutton with 110. Second man in the county and in the state was Hatcher, polling 114 here. Culberson got 69 and Murphy 63. Culberson is third in the state.

Sterling's total in the county was 302, that of Mrs. Ferguson, 202, and Tom Hunter's 123. All others tallied 10 votes.

Allred got 311 in the county, to 236 for Calhoun and 45 for Becker.

For Congressman-at-large, place 1, this county favored Westbrook, 104; Terrill, 72, and Parrish 60. In the state it stands: Terrill, Parrish and Williams.

Bailey won in place 2, just as he has in the state. His vote in Sutton was 149, that of Downs 126. Others were far behind. Davis is second in the state, with Holcombe third.

Sutton went to Boog-Scott in place 3, with 125, Warner getting 83 and Hyer 82. In the state Strong is leading, with McGregor closely pressed by Burkett for second.

A Torch Warbler Is Described By Paper

Given as "A Singer of Lugubrious Popular Songs of Love"

"What," a cheerful voice inquires by telephone in lyric soprano tones, "is a torch singer, and if so, why?" She probably had been reading in the newspapers about a woman named Libby who is a torch singer and married a wealthy young man who sought relief by shooting himself, leaving his young wife broke and not helping his cause very much. The moral to the story is that girls named Libby should choose more substantial husbands, but to answer the inquiry before the court is the task in hand.

Our own impression was that a torch singer was a slightly lower form of animal life than a radio crooner, if any, and in order to be fair to all concerned we asked The United Press about it. That news gathering organization asked the presidential nominees of both parties, none of whom had ever heard of a torch singer, and there was nothing in the Democratic platform or the Library of Congress on the subject. Finally, however, a lexicographer named John Rosenfield, now employed on the staff of The Dallas News and Journal, undertook to answer the question.

He said a torch singer is a singer of "lugubrious popular songs of love." A lugubrious song is one that provokes tears, and the term "torch singer" originated in the New York Tenderloin, where Al Smith is said to have gotten his start, when a composer wrote a song about "carrying a torch of sorrow for his love." The idea of a torch of sorrow doesn't seem quite reasonable to us, our impression being that a sorrow is more like a smoldering fire that burns and burns without much flame. At any rate "Tin Pan Alley," where the so-called "popular" songs usually get their start, now terms any sad love melody a "torch song," and that is how Libby became known as a torch singer. She sang the lugubrious sad love melodies. Who can blame young Reynolds for trying to get away from them?—Brownwood Bulletin.

"Skygirl" Newest Role for a Woman

Stewardesses on Big Transport Planes Live Thrillingly

The newest career in the world, I suppose, is this business of being a skygirl. The stewardesses spend their lives flying at two miles a minute in the big transport planes. Yet, oddly, some of the girls in this division (Chicago to Oakland) have not seen the country over which they fly in months; it is all night flying.

They are exceptional and attractive persons, as you might expect—the cream of a huge waiting list. All are graduate nurses from big hospitals, bright and devoted to their work; and last, but not least, very smart and restful to the eye. They are in charge of the passengers throughout the flight, and their job is to see that the passengers are comfortable. Often the stewardesses have their work cut out for them, for a good many mothers with babies travel in the big ships.

The idea of employing graduate nurses was less to secure medical skill than to obtain disciplined and competent women, but occasions have arisen when their training has proved of value. A stewardess, for instance, was recently called upon to cope with a case of acute appendicitis; and the imperativeness of first-class radio equipment, so that the landing field ahead could be advised immediately, was once more demonstrated.—Atlantic Monthly.

Creep Fed Calves Show Good Gains

Weigh 654 Lbs. After 160 Days; Unfed Animals Only 380

College Station, July 28.—The value of creep feeding beef calves while they nurse their mothers is given added confirmation by the final results of the first creep feeding experiment in Texas recently completed on the Callaghan Ranch in Webb county.

Calves fed grain in creeps for 160-day period, followed by an 86-day hand feeding period on pasture, gained 381 pounds at a feed cost of 3.2 cents per pound of gain. Similar calves not creep fed but handled in the usual ranch style gained only 105 pounds. The creep fed calves weighed 654 pounds when sold locally for slaughter at \$5 per hundred. The calves not creep fed weighed an average of 380 pounds delivered to a Kansas feeder and brought slightly less per hundred than the others.

The experiment was conducted co-operatively with the ranch by the Texas Agricultural Experiment Station, the A. & M. College Extension Service, and the U. S. Bureau of Animal Industry.

DRUNK HAS RAINY RIDE ON ENGINE COWCATCHER

When Creek Brown, Electra officer, answered a call to remove an intoxicated passenger from an early morning train, he found the man sleeping peacefully on the cowcatcher of the engine, with a steady rain beating down in his face.

Jerking the man from his precarious perch the officer watched him become aware of the rain.

"My gosh, I'm glad you waked me," he cried. "I might 'a' been drowned."

Heroes of Guadalupe River Flood at Kerrville!

But for the heroism of B. P. Roberts, left, and Cooper Fletcher, right, (in the left photo) Howell Prior, center, might not be living today. Marooned in a tree, surrounded by the swirling waters of the Guadalupe river when it went on a rampage last week near Kerrville, Texas, Prior spent a night and a day in the tree and saw two men drown trying to rescue him, before Fletcher jumped from a boat rowed by Roberts and brought Prior to safety. Another hero of the flood was Gene Butt, amateur wireless operator, right, who, when all communication was cut off, stayed at the controls of his radio and kept Kerrville in communication with the outside world. He sent 111 messages and received 25.

AGITATORS REMINDED THAT REPEAL OF 18TH WOULD LEAVE TEXAS DRY

If the 18th amendment and the Volstead act are repealed, Sonora and the rest of Texas will be as bone-dry as at present. The following article from the Fort Stockton Pioneer, explains this statement:

"If the federal amendment and all federal laws enforcing prohibition are swept aside, it will still be against the law to possess, make or sell intoxicating beverages in the state of Texas.

"And Texans, though they be wringing wet by an overwhelming majority, will have to wait months or even years after federal prohibition is repealed before this state legally can become wet.

"The constitution of the state of Texas outlaws liquor. Section 20 of Article 16—the '18th amendment of Texas'—was adopted May 24, 1919. It is similar to the federal amendment.

"Hard on the heels of the Texas dry amendment came the Dean law, effective July 30, 1919, and enforcing the state prohibition amendment.

"Thus, to become legally wet, Texas must repeal its own dry

amendment and the Dean law. Such repeal, which probably will not be accomplished until after federal prohibition is cancelled, would require considerable time.

"The dry amendment to the state constitution must be eliminated by a direct vote of the people.

"Before the people can vote on the amendment, a joint resolution calling for an election must pass both houses of the state legislature, not by a two-thirds majority of those voting, as in federal congress, but by a two-thirds majority of all members elected.

"Lawyers believe that many Texas counties legally will be dry even after all federal and state laws against liquor are repealed. Most of the counties in West Texas had local option prohibition before federal and state prohibition came in.

THE STATE OF TEXAS

To the sheriff or any constable of Sutton county—Greeting:

You are hereby commanded to summon Mrs. George M. (Myrtle) McDonald, by making publication of this citation once in each week, for four consecutive weeks previous to the return date hereof, in some newspaper published in your county, of general circulation which has been regularly published for one year, to appear at the next regular term of the District Court of Sutton county, to be held at the courthouse thereof in Sonora, Texas, on the first Monday in September 1932, the same being the 5th day of September, 1932, then and there to answer a petition filed in said court on February 13th, 1932, in a suit numbered on the docket of said court No. 791, wherein Mrs. Josie McDonald, next friend and guardian of George M. McDonald, is plaintiff and Mrs. George M. (Myrtle) McDonald is defendant, said petition alleging that on or about the 12th day of January, 1932, in the state of Oklahoma, one John Walker Coontz, performed a ceremony of marriage for George M. McDonald and one Myrtle Davis (defendant), and thereafter said Coontz issued a marriage certificate certifying to the marriage of the said George M. McDonald and Myrtle Davis (defendant).

That on the 12th day of January, 1932, for a long time prior thereto and ever since and now, the said George M. McDonald was and is a judicially and legally adjudged incompetent, and was and is insane, that on said date and ever since the said George M. McDonald was incapable of entering into any contract and was incapable of making a valid and legal marriage contract. That the purported marriage aforesaid was and is null and void and of no force nor effect, and the same should be so declared by this court.

Herein fail not, but have you before said court on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court, in the town of Sonora, Texas, this the 22nd day of July, A. D. 1932.

(Seal) J. D. LOWREY, Clerk of the District Court of Sutton County, Texas.

Issued this the 22nd day of July, A. D. 1932.

Villa Acuna Not Afraid of Repeal

Consul Says All Americans Don't Tour Mexico Solely to Drink

Contrary to the view taken by Mexican officials in other border towns that repeal of the Eighteenth Amendment would bring financial ruin to the Mexican border towns, Villa Acuna officials profess to see no cause for worry.

"Perhaps with the advent of the repeal, a few saloons would of necessity go out of business in Villa Acuna, but by the time the repeal would be in force good roads to the interior would encourage tourist travel and Villa Acuna would thrive as an entrance to the interior," said one official. "I would not affront the people

of the United States by saying that their only reason for visiting the Mexican towns would be to drink," said Mexican Consul Lisandro Pena.

"Mexico and Canada will always be the playground for tourists from the United States, who wish to visit foreign soil without having to go to Europe and with our hunting and fishing resorts we have no cause to worry over the repeal of the Eighteenth Amendment, in a commercial way," he continued. "Of course it is natural when visiting in Mexico to take a drink if one wishes because it is available, but all tourists to Mexico and Villa Acuna do not drink," Pena said.—Del Rio Evening News.

Today's Preparation Is Tomorrow's Progress

FORWARD-LOOKING TOWNS must consider their power supply. Is it reliable? Is it ample? And can it be increased quickly when industrial growth calls for more power?

These requirements are met when a town is served by an inter-connected electric power system. New demands are met at once, because power is available from many different sources.

Making this elastic, dependable and ever-ready type of power supply available throughout West Texas, it is the privilege of the West Texas Utilities Company to serve 124 prosperous cities and towns in this "Land of Opportunity." Three major generating stations, nineteen auxiliary plants and over 2,500 miles of high tension transmission lines place inexpensive electric power at your command every minute of the day.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule ... and adds only a small amount to your total bill?

Pecos Man Will Be Dog Manager on 2d Trip to South Pole

Captain Innes-Taylor, of the Plains Production Company, Accompanied Byrd 1st Visit

Captain A. Innes-Taylor, who may be seen about Pecos any day, as he plies his work as a land man for the Plains Production Co., oil operators in the Shipley pool of Ward county, will leave Pecos soon for his second trip to the South Pole.

Captain Taylor had charge of the dog sleds with the last Antarctic expedition of Commander Richard E. Byrd, and has been selected by the Commander to make the second trip.

With Mounted Police
Experience in handling sledge dogs, which has made Capt. Taylor the choice of Commander Byrd on two occasions was gained when Capt. Taylor was a member of Royal Northwest Mounted Police of Canada.

In charge of the vitally important canine division of the first Byrd expedition to Antarctic several years ago, Capt. Taylor plans to go into the Arctic early in August to acquire 150 dogs for the next trip to the "bottom of the world."

He took 80 dogs on the first expedition, among them the famous little Chinook, Commander Byrd's pet that flew with him across the North Pole. Chinook died while on the trip, his death march over the ice being one of the most touching episodes in the film, "With Byrd at the South Pole."

Fears Tropical Trip
The trip through the tropics to the base at Little America probably will hurt the dogs, Captain Taylor says. He says every convenience will be made for their care, however.

This time the expedition is to be transported to "the bottom" in the cutter Bear, a small, flimsy appearing craft which has been in Alaska waters 55 years. It is said to be ideal for the work to which it will be put, nevertheless.

Value of Soremouth Discovery Stressed

Work of Station Here Cited in Congressman's Plea for Funds

The recent discovery by the Ranch Experiment Station, near Sonora, that soremouth of sheep and goats is an infectious disease and the development and demonstration of a vaccine for its control is widely hailed as an example of direct benefits which flow to the public through research work.

Congressman Frederick M. Davenport of New York in an address before Congress on June 24 urging support for research work cited this and other achievements of the Ranch Experiment Station as examples showing that money spent in research is well spent.

Mr. Davenport cited in his address that the Sheep and Goat Raisers' Association in resolution recently declared that this one discovery is worth more to ranchmen in Southwest Texas than the several hundred thousand dollars expended for the development and maintenance of their ranch station since it was established in 1915.

Here is Lois McGinnis, young farm lass who lives near Comanche, Texas, and her "register of merit" cow, Peggy Lou Myrtle. The cow gave 282 pounds of butter fat in her first lactation period.

TO THE VOTERS:

I am deeply appreciative of the vote given me in the Primary by my friends and fully appreciate the consideration of my candidacy by those whose support I did not get.

In entering the run-off primary I wish to reassure you that my candidacy is based on the same principles as in the past; that I am fully qualified to make the people of Sutton county an efficient and trustworthy officer and because I need the office as well.

If elected your sheriff and tax collector I will administer the affairs of the office in a fair and impartial manner, with the thought ever present that I am the public's servant and working for the public with my entire time devoted to the duties of the office.

I hope to see every voter in the county between now and the run-off primary, Aug. 27, but to those whom I might not be able to see I take this means of expressing thanks for any consideration of my candidacy that you might give.
