"Good Things of NRA Will Be Saved"--Washington Official

J. J. Thomas, Federal Reserve Official Here Tuesday

FEELING "PULSE"

Attorney Reared in Nebraska Is Vice-Governor

"The difficulty, as I see it, with the NRA was that it tried to regulate beyond the point where it could efficiently 'police' its workings."

That is the opinion of J. J. Thomas vice-governor of the Federal Reserve Board, Washington, who was in Sonora Tuesday morning with Colonel C. C. Walsh, former San Angelo citizen, who is chairman of the Dallas Federal Reserve Bank. Mr. Walsh is Federal Reserve Agent in charge of banks of the 11th Federal Reserve District including Texas and parts of Oklahoma, New Mexico, Arizona and Louisiana.

Mr. Thomas left Washington by plane Thursday afternoon and was in Dallas that night. His ten-day trip in this section is, as he says it, "... to feel the pulse of this section. Back there in the east we talk to the bankers; here I want to meet and talk with people in all lines of business."

Conditions Improving

Asked by a NEWS representative in a five-minute interview as to the National Recovery Act and the recent supreme court ruling, Mr. Thomas said: "The recent NRA disconnected things, of course. I believe, though, that the people have learned now that there were good things in it. When readjustment has been effected those good things of NRA will be saved."

"I think that 'things' the country over are improving. That opinion is based on our findings there in Washington. The Federal Reserve system has three fact-finding departments—the research, the statistic and the economic. Trained economists analyze the findings of the first two and present a picture of conditions as they are."

Reared in Nebraska

Mr. Thomas, vice-governor in the 12-district Federal Reserve system with resources at the end of 1933 of \$7,042,000,000 is a kindly, white-haired gentleman, gracious in manner.

Born in Illinois sixty-five years ago, Mr. Thomas has lived most of his life in Nebraska. When only one year old he was taken to that state and was educated there and at the University of Michigan, Ann Arbor, where he received his law degree with Colonel Walsh in 1890.

Mr. Thomas worked his way through school. His first dollar, he said Tuesday morning, was earned by keeping books before and after school in Seward, Neb., the town where he was reared.

"For forty years," as Mr. Thomas expresses it, he practiced law in Seward. His practice was statewide and he has argued cases in Corpus Christi. Two years ago yesterday he was appointed to his present position and gave up his law practice.

A Mason and Shriner

Mr. Thomas is a thirty-second degree Mason and a Shriner. He laughingly remarked Tuesday morning:

"Yes, I'm a Mason and a Shriner and you know the Shriners were having their national meeting in Washington when I left so I had to get out."

Colonel Walsh reminisced for a

time about his old friends, the late Mike and Steve Murphy, publishers of The Devil's River News. He was acquainted with them when the NEWS was published in a small frame building where the Corner Drug Store is now.

Mr. Thomas and Colonel Walsh left for Ozona, after meeting officers and directors of the First National Bank, and, unless deterred by high water, expect to visit Del Rio, Uvalde, San Antonio, Houston, Mexia, Ennis, Waxahachie and Dallas.

Railroad Industry Said Essential To Nation's Progress

Sonora Donkey Jockeys Maintain Selves "On Deck" To Beat Ozona "Chauffeurs"

As a part of the program of "Railroad Week," planned to publicize western railroads and to focus attention on the service of the railroad at all times under all conditions, F. W. Ater, agent, Panhandle and Santa Fe Railway, Tuesday spoke before the Sonora Lions Club.

Mr. Ater went to work in West Texas for the old Orient in 1907 and in 1924 began work in San Angelo.

He pointed out that the railroad industry is one of the largest taxpayers and has one of the largest payrolls. Purchases by the industry during the last decade have amounted to 17 billion, 35 million dollars. Nineteen million has been spent by western railroads, recently in air conditioning equipment.

Mr. Ater outlined the advantages of rail transportation and declared it was an essential in the transportation of people and goods—necessary for the progress of a nation.

John Eaton, president-elect, was in charge in the absence of R. S. Covey, president. George Barrow, a former member, and Lloyd Grove of San Angelo, were guests.

Arthur Carroll reported on the donkey baseball game in Ozona Monday when the Sonora nine proved more adept with the diminutive beasts than did the Ozona players. Sonora won by a score of 9 to 0. Rain all day Tuesday prevented the playing of the game here.

Those from Sonora who played in Ozona were: Jack Pfeister, Dewitt Blanton, Arthur Carroll, Haynie Davis, Crumbley, Louie Trainer, Hilton Turney, Tommie Barrow, D. I. Duke.

"Good Time" Had By All Sonora Scouts at Mertz Camp

Socks and Handkerchiefs Used To Stop Tent Holes "But I Slept Swell"

Eight Sonora boys, members of Troop 19, Boy Scouts of America, and one Ozona Boy Scout, Maurice Lemmons, are enjoying their annual camp at Camp Louis Farr, near Mertz town this week.

The adult leader of the boys this year is Marvin Barnes, formerly a member of the troop who is now taking his vacation from his duties at the E. F. Vander Stucken Co. Mr. Barnes spent last week in Houston and Galveston, returning here the latter part of the week to complete preparations for his work at the camp this week.

The boys were taken to camp in the cars of Mr. and Mrs. W. R. Nisbet, Mr. and Mrs. John R. House of San Angelo—grandparents of Jack Shurley; Tom Thorp and W. R. Barnes.

The NEWS, as is its custom, asked the boys to report for this week's issue about their activities in camp. The "dispatches" received in the Wednesday mail are as follows:

DANIEL FRIESS

We have been having to clean up camp and fix our tents. We have been going swimming. I am one of the kitchen police. We had to clean up our tables and then dry dishes. Sure having a good time.

CITIZENS MAY HELP STOP MOSQUITO INFESTATION

Sonora and Sutton county residents are being urged by the county health officer, Dr. J. Franklin Howell, to take precautions against the breeding of mosquitoes around their property.

The recent damp weather makes the menace of mosquitoes more acute. Open vessels having water in them should be emptied. Stagnant pools should be drained.

Any efforts made to prevent the breeding of the pests will react favorably in the matter of public health.

THIRD BLOOD TRANSFUSION GIVEN MRS. J. M. PUCKETT

Slight improvement in the condition of his mother, Mrs. J. M. Puckett, was reported in Sonora Wednesday afternoon by her son, M. C. Puckett of San Angelo.

Mrs. Puckett who has been seriously ill for several weeks was taken from Christoval to a San Angelo hospital the first of last week. She was given a blood transfusion Tuesday, the third since she was taken to San Angelo.

Ranchman Returns To Sonora

Tom Bond, Sutton county ranchman who was injured in a fall from a horse in the Eagle Pass section recently, returned to Sonora Wednesday with Mrs. Bond and their son, Tommie, who have been with him in San Antonio. His condition is improved although he will have to carry his arm in a sling for some time.

GEORGE BARROW RECEIVES \$2 BULL FIGHT REFUND

George Barrow is convinced that a mild manner is decidedly an asset and that there really is a Santa Claus.

When Mr. and Mrs. Barrow went to Villa Acuna June 2 to see a bull fight they were disappointed—along with about 1,999 others. Rain came and there couldn't be a bull fight.

Angry ones who had paid \$1 each talked roughly to the promoter, one Fidel E. Lopez. Mr. Barrow saw nothing to be gained in that as the promoter had to pay his government tax and could only promise admission to the next fight, July 4. Mr. Barrow explained that he and Mrs. Barrow would be unable to return then. The promoter listened, asked his name and address and said he would try to send \$2 to him.

Last week Mr. Barrow received his \$2 with a courteously worded letter inviting him and his wife to come to the next bull fight in Villa Acuna.

Mexican Government Will Give Highway Aid To Tourists

Sonora Lions Report That State Convntion Will Be Held Each Year

That Texas Lions Club members want their state convention was made clear this week at Temple when it was decided that the state meeting should not be discarded but that it should be handled on a somewhat different basis.

Sonora Lions who attended the meeting were: R. S. Covey, president of the club; H. V. Stokes, district governor; W. C. Gilmore, past president; C. H. Jennings, tail-twister. Mrs. Stokes and Mrs. Jennings accompanied their husbands. Mrs. Jennings went from Temple to Lometa to visit, Mr. Covey went to Fort Worth from there, and the others returned Tuesday night.

Abilene and Brownwood sought the next state meeting, the location of which will be determined by district governors in a meeting at the international convention in Mexico City.

New Representation Method

By the new plan each district will be represented at the state meeting by ten delegates and by the outgoing and incoming district governor. A total of sixty-one votes will be recognized on the convention floor.

Heretofore fifty cents per capita tax was paid the state organization and an allowance made each governor for his traveling expenses. Now the state will receive the fifty cents but will return thirty cents to the district for its (Continued on page 4)

New Lowrey Bridge Plans To Provide For More Water

Larger Openings For Passage of Water Will Make Bridge 1 1/2 Feet Higher

Revision of plans for the state highway bridge being built over Lowrey Draw on the Old Spanish Trail through Sonora was announced this week by E. E. Pittman, resident engineer of the state highway department now stationed here.

New designing calls for fourteen openings each eight feet wide and nine and one-half feet high.

The old plan called for fourteen openings each eight feet wide and eight feet high.

It is through these openings that the water from Lowrey Draw will pass. The new plan provides for 168 more square feet of openings than the former one. The slab of the bridge will consequently be one and one-half feet higher than had been planned. The level of the bridge, as called for in the former plans, was at a point on a line with the level of the barricade near the W. D. Martin property.

W. D. Hardeman, Junction, has been resident engineer for the department on the job here and has been represented by W. F. Williams. Mr. Williams has been ill for several weeks. Mr. Pittman was formerly stationed here but for the last six months has been in Mason supervising grading, bridge, base and asphalt topping work on five miles of Highway 9 between Mason and Fredericksburg.

High water of last week was considered to have damaged portions of the concrete work done shortly before the rain. H. C. Polly, superintendent, had men at work this week, before the Tuesday rain, cutting away "frayed" and "thinned" portions as being of no value.

Mr. Pittman said this week that topping of Highway 27 in Sutton and Crockett counties was on the next program awaiting approval of federal authorities who are to cooperate in the work. Mr. Pittman expressed it as his personal opinion that topping work would be done first on that section of the road in Crockett county beyond Ozona.

JUNCTION MAN TO SPEAK AT CHURCH HERE SUNDAY

Guest speaker at the Methodist Church Sunday morning will be George Mitchell, superintendent of schools in Junction who will deliver the principal address of the annual laymen's day program.

A special invitation was extended by the Rev. W. S. Ezell, pastor, Wednesday to men to attend the morning service.

At night "College Day" services will be held with a program especially arranged for high school students and college students. Preston C. Lightfoot, principal of the elementary school, will speak and musical numbers will be given by Miss Marie Watkins and Mrs. Preston C. Lightfoot.

RAIN AMOUNTING TO 2.65 INCHES FALLS THIS WEEK

Two and sixty-five hundredths inches of rain fell this week to add to the May-June fall of record size for any two-month period within the last few years.

That measurement was for the precipitation beginning Monday and continuing all day Tuesday.

Traffic to Del Rio was delayed by high water at various places on the road Wednesday and Thursday. The Fred Earwood ranch reported a 3 1/2-inch rain and the Camp Allison community received several inches.

To Camp Bulls

John Hull left Saturday for Camp Bulls near San Antonio where he will spend part of the summer.

Mrs. Jimmy West of Eldorado spent several days this week with her sister, Mrs. George Barrow, and parents, Mr. and Mrs. Ben Meckel.

COWSERT-MARTIN HORSES MAY RACE

Efforts were being made this week to match a race for the Race Meet and Rodeo, June 27-28, between horses owned by Dewitt Cowsert, Sutton-Kimble section ranchman, and Pat Martin of Eldorado.

At a meeting of committee chairman Friday night it was agreed that the management would give a purse of \$50 for such a race.

Rivalry between the horses of the two men has existed for some time. It is believed that the race can be arranged for the 2-day Sonora event. Difficulties this week seemed to lie in the fact that the two men could not agree on the Sonora track as a location for the race. Other West Texas towns are bidding for it and one of the men is said to have trained his horse on the track where it is proposed to race. This is objectionable to the other who has not had the privilege of training there.

Cows, Calves To Be Here

Cows for wild cow milking, calves for roping events, four pitching steers and two bulls were said by B. M. Halbert, Jr., this week to have been arranged for by him and Howard Espy when they

attended the Bronte rodeo Saturday.

It was decided at the meeting Saturday night that negotiations would be started at once toward securing a carnival to play Sonora during the two days. One has made an offer to bring his rides and shows here.

The deadline for entering horses in the races for the two days was set as 6 p. m. the evening before the race is run. Entrants must book their horses and jockeys with Virgil Powell of the racing committee in order to be eligible to run the next day.

Ropers Register at NEWS

Ropers who are to compete for

time averages must register by twelve o'clock, noon, the day of the event they are to enter. Howard Espy of the roping committee is in charge and entrance fee is to be paid him. He will have headquarters at the Devil's River News office.

King Commander, a C. P. Hummel horse, was sold in the last few days, according to Mr. Hummel, to Hal Ramsey of Eldorado. Mr. Hummel stated when he arrived last week with his Solo Flight, Birdie Wrack and Old Man Sunshine that he might bring King Commander to the meet here.

Mr. Ramsey has King Commander in a stall at the Sonora track and will be ready to race him in

several of the six races which are to be run each day.

Among the horses in stalls at the Sonora track now, other than those mentioned in last week's NEWS are:

Joe Boy, 2-year-old colt owned by George E. Smith.

Fair Lily and Rose Lenardo, 3-year-old fillies belonging to Ed White of San Antonio. Rose Lenardo won a 5 1/2-furlong race at Alamo Downs.

Mae West, 3-year-old sorrel owned by Mack Cauthorn.

Tiny Ann, 2-year-old, Lady H. and Yankee Doodle, all of the J. S. Holman racing string. Yankee Doodle was a winner at the Marfa races last year.

Midnight, a 6-year-old owned by Bryan Babb, Rocksprings, owner of Toy Boy.

Alfred Schwiening, "generalissimo" of the Race Meet and Rodeo, said this week that agreement had been made with Western Radio Service, San Angelo, for a public address system to be used during the 2-day program. The firm is operated by W. L. Anderson, well known in Sonora as a radio technician.

A. & M. STUDENT WORKING AT EXPERIMENT STATION

Actual ranch operation and the practical methods of ranch life are being experienced by W. H. Kelly of Houston who arrived the latter part of last week to work at the Ranch Experiment Station during the summer.

Young Kelly is a junior in Texas Agricultural and Mechanical College where he is active in college work, being secretary-treasurer of the Saddle and Sirloln Club.

Houston Visitors Leave Today

Guests in the home of Mr. and Mrs. Dee Word this week are Miss D'Evanette Word, their daughter, and Mr. and Mrs. Clinton W. Blalock. Mrs. Blalock is also a daughter of Mr. and Mrs. Word. Mr. and Mrs. Blalock will leave today for their home in Houston where he is employed by Cravens, Dargan and Company, insurance managers. D'Evanette Word, formerly a student in high school here, has been attending school in Houston several months.

Much School Work Done By Commission

Physical Improvements Made By Relief Workers Numerous

Austin, June 13.—The Texas Relief Commission has put approximately \$1,000,000 into construction and repair of some 800 school buildings in the state during the past year.

Emphasizing physical improvements to many of the state's school structures as one of the most important contributions made by the labor of persons receiving relief, some idea of the scope of the work done may be gained from the following summary:

Schools repaired, 755; new additions, 48; general new construction and repair, 126; college buildings repaired, 4; new college construction, 4.

These figures do not include stadiums, athletic fields, improved water supplies or new and improved water supplies or new and improved sanitary facilities separate from school buildings; nor do various other projects, such as grading and landscaping grounds, appear in the above summary.

Probably the outstanding landscaping project of the state was done at nine Fort Worth schools. The project was started with a grant of \$374,000 of CWA funds and continued with an FERA grant of \$130,000. Fort Worth schools participated to the extent of \$28,000, making a grand total of \$532,000 for the project.

Work done consisted of excavating, filling, grading, planting, building stone walks and walls, concrete walks, driveways and steps, constructing asphalt surfaced tennis and play courts, erecting safeguard fences, providing drinking fountains and playground equipment, including baseball backstops, football gridirons, basketball and handball courts, cinder tracks and otherwise improving and beautifying the grounds surrounding the schools.

More than 50 schools in the Lower Rio Grande valley, damaged or demolished by the hurricane in September, 1933, were repaired and rebuilt with the aid of a special FERA grant of \$92,000 for skilled labor. The work was begun under CWA over a year ago, cost nearly half a million dollars, including expenditures for common budgetary labor, materials and other items, and was completed in time for graduation ceremonies this spring.

Truckers-Ranchmen Must Obey New Laws

Stock on Highways and Commercial Vehicles Regulated

Both truckmen and ranchmen are vitally affected by laws passed at the recent session of the legislature governing parked motor vehicles and the grazing of livestock on highway right-of-way.

It is now a misdemeanor for anyone having control of or owning livestock to permit them to roam at large unattended on any state highway where same is inclosed by fences on both sides. The penalty is a fine of a sum not to exceed \$200 and each day stock is allowed to roam at large constitutes a separate offense.

Commercial motor vehicles, trailers, tractors and buses must now place flares when stopped "on the main traveled portion of any highway." The time element is expressed—"from a time one-half hour after sunset to one-half hour before sunrise or at any other time not clear enough for such vehicle to be discernible 200 feet."

Flares must be put from 150 to 200 feet from the vehicle in every direction from which another vehicle might approach the parked one. A fine of \$50 is the penalty for the first offense and \$200 for the second.

H. L. Taylor, section foreman, state highway department, has received a bulletin from T. H. Webb, assistant state highway engineer calling attention to the new regulations.

New Foreman For Bridge Work

I. C. Rowe who was formerly employed on a job at Van Horn being done by Buckner Brothers, contractors, has been made foreman on the Lowrey Draw bridge work in Sonora. He succeeds S. A. Kimbrell who was sent to a bridge construction work at Fredericksburg.

Pecos Legion Will Have 2-Day Rodeo

Town Claims To Have Had World's First Rodeo—in 1883

Pecos, June 13.—Two full days of bronc riding, horse racing, steer roping and other events will be held here July 3-4, when the American Legion Post holds its sixth annual rodeo and cowboy reunion.

Pecos, already justly famous as the home of the world's first rodeo, held back in 1883, will throw open its doors to the large crowd of performers and spectators who will throng the city for the celebration.

The largest purses ever offered in this section are being posted, and the sums are already drawing some of the best talent in the southwest. Expert ropers, daring bulldoggers and trick horse riders will give visitors a most thrilling exhibition of skill.

One of the main features is the selection of the rodeo queen. Several girls are entered and interest is running high.

Two big street dances—free to everyone—are also on the program.

All tourist camps, hotels, cafes and filling stations are preparing to accommodate the vast multitude of visitors who will fill the city during the rodeo.

L. W. ELLIOTT TO HEAD BAPTIST BROTHERHOOD

Election of L. W. Elliott and Cecil Allen as president and secretary, respectively, was the chief business of the organization meeting of men members of the Baptist Church Friday night.

The Rev. A. J. Quinn of Eldorado delivered the main address of the evening after a dinner was served by church ladies.

A solo was sung by Mrs. Preston C. Lightfoot, a vocal duet given by Mrs. Lightfoot and Margaret Ada Martin and a piano number by Miss Elizabeth Francis.

The organization will be known as the "Baptist Brotherhood." The next meeting has been announced for 8 o'clock, July 5.

NATIONAL BETTER HOUSING DAY

JUNE 15

Tomorrow--SATURDAY

Tomorrow--SATURDAY

Sonora Business Men Will Aid in Home Improvement

Tomorrow the nation over people will become home-conscious as they take part in the national observance of National Housing Day, a day set aside in many communities for the ground-breaking for a model home to be built as a part of the Better Housing Program of the Federal Housing Administration (FHA).

In Sonora no model home is to be built but the building material men and contractors of Sonora are cooperating in a community effort to call attention to building, modernization, repairing work which may be done through the financial plans, government-sponsored, offered by certain approved financial institutions and building material firms.

Monthly Payments Possible

Are you a property owner? You can have the very type of home you want...modern, livable, up-to-date. The improvements you have wanted can be made. Money can be secured, if you are qualified, from a bank in the form of Modernization Credit. "Home comfort and conveniences," as it might be said, can be secured by borrowing up to \$2000 (for business property and machinery replacements \$50,000)—to be repaid monthly, out of income, over periods up to three years—and even five years. No red tape. No down payment. You enjoy your modernized home while you pay for the modernization.

Do you want to own a home? The way is paved for you under the National Housing Act. Build a home this year. You can finance it with a Government-insured first mortgage—with an approved institution—that covers up to 80 per cent of its value. Gone is the old rigmarole of home financing with one, two, three mortgages and all the other things that made complications and kept you from home ownership.

Advice Available Locally

Early tomorrow—National Better Housing Day—let one of the men whose business announce-

HOUSING HINTS TIPS ON HOW AND WHAT TO IMPROVE

Check Roof Flashing

If flashing has deteriorated, or if a good, durable, metal flashing has not been properly installed in all of the valleys of a roof, around chimneys, and around skylights, rain will surely come through the roof and cause interior damage. Moisture also will cause deterioration of the roof, walls and other structural members, which will necessitate expensive repairs. The roof should be carefully inspected in the spring to determine winter damage, and all defective flashing and roofing should be replaced.

Chimney Repair

During the winter moisture may have seeped into the mortar joints in the chimney capping and then frozen and expanded, causing the capping to become loosened or broken. The capping should be repaired or replaced. When doing this work it is good practice to point up all deteriorated mortar joints against further deterioration and fire.

Use Durable Nails

When installing wooden shingles or other roofing requiring nails, it should be remembered that the roofing will last no longer than the fastenings. Hot-dipped, zinc-coated, copper, or other corrosive-resistant nails should be used.

Replace Treads

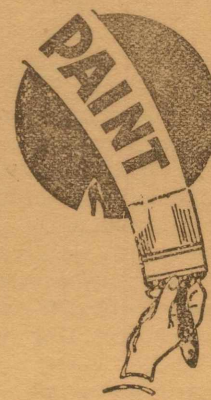

The heaviest wear on stairway steps is usually at or near the center of the edge of the stair tread. In many old homes considerable wear has resulted through decades of use. The slight slope or unevenness on the surface of the treads is very dangerous, because it is likely to cause injurious falls.

**ENTHUSIASM AND WORK
 NEEDED TO MAKE RACE
 MEET-RODEO SUCCESSFUL**

The suggestion that Sonora and all Sutton county people think—talk—write Race Meet and Rodeo, June 27-28, will not be amiss on this fourteenth day of June.

Less than two weeks away is the first community event, county-wide in scope, which Sonora has had for several years. People still remember those other ones, however. Recently the writer listened to a man who stopped here for a few minutes tell of the thrill he and his wife got one year when they came here to see races on the straight track near where the Sonora Wool & Mohair Co. is built. The two, residents of Colorado, Texas, were in Christoval and came here on the spur of a moment. He still remembers the pleasure they had.

Alfred Schwiening and all others who are arranging various phases of the entertainment program are working hard. They have no choice. They must if the show goes on and it is to go on.

These men deserve the support and enthusiasm of every Sutton county citizen. It isn't to be any one man's 2-day affair. Nor is it to be one of any group of men. It's something that belongs to every one who lives in this section.

It's up to the people to put it over in a way that will be a credit to Sutton county. It can be done by publicizing it in every way possible way, by thinking, talking, writing "Race Meet and Rodeo, June 27-28," every time it is humanly possible to do so.

If that is done, and the NEWS believes it will be done nothing can cause the Race Meet and Rodeo to fail.

**EASTERN STAR OFFICIALS
 INSTALLED MONDAY**

In the ceremony of the installation of officers of the Order of the Eastern Star held Monday evening, Mrs. Ruby Stephen was installed as worthy matron and Merton Shurley, worthy patron.

Mrs. Buena Davis, past worthy matron was the installing officer. After the services the officers presented a silver pitcher to Mrs. Davis who in turn presented the incoming matron with a bouquet of summer flowers.

Special music was given by Mrs. R. D. Trainer. Angel food cake and ice cream were served.

The occasion being on the birthday anniversary of Mrs. Stephen, she was presented with a cake.

up the camp this morning. We have been learning to swim. We go in swimming every morning about 9:30 o'clock and about 3:30 in the evening. We are going to have marksmanship today. I have been having a good time.

BOBBIE NISBET

Dear Home Folks: We have the same camp-site that we had last year, and it surely is a good one. We have more camp kinks (useful handicraft) than we had last year, but last year, I believe was our best year. I mean our best year for winning.

Alonzo, the camp cook, is surely on the job. This year we have had the best eats of all years, and I don't mean maybe. We are having to cook one meal a day in our own site, but that is not so bad. In fact, I believe that it is good for us.

It had been trying to rain all week, so last night it rained. There were a few leaks over my bed last night that I had to stop up with socks, handkerchiefs, and the like, but I slept swell. Mosquitoes have bitten some boys, but so far I everybody seems to be getting haven't been a victim.

Along very well. I don't know about the rest, but I am having a good time. To the end I'm yours,
 Bob Nisbet.
 (Editor's Note: By way of adding emphasis "Bob Nisbet," writer known as Bobbie Nisbet, wrote the "I am having a good time" in red.)

LLOYD MCGHEE

Dear Home Folks: I am having a fairly nice time up here and it is raining. I am taking Junior Life Saving but I don't expect to pass it until next year. Jack Shurley and I are taking it and it sure does "poop" you out quick.

I think all the rest of the boys are having a good time, too.

PASCHAIL ODOM

In Camp I am helping to cook and I am having a very good time. This morning I have made up the bed and I am helping clean up the camp. I expect I will have a very good time in this short week.

J. L. BARNES

I am having a good time here. I go swimming every morning. We go to dinner and sometimes we eat supper at the hall.

MAURICE LEMMONS

Dear Friends: It seems a little out of place writing to a newspaper like this. I am not from Troop 19 although I am one of them. I am from Troop 53 of Ozona. I am going to stay for four weeks so I have to be with one other troop. I have chosen Troop 19.

Everyone at camp is doing fine, learning lots of Scouting and camping.

CLAUDE THOMAS DRISKELL

The members of Troop 19 are working on their camp at the present time. We have a very good camp although we did not win camp inspection. It rained slowly all last night (Monday). I have been serving on the kitchen police force ever since Sunday night. I am having a very fine time.

JACK SHURLEY

It rained last night and we are fixing the tent this morning. Lloyd and I are trying to pass the life saving merit badge. We have had to cook two of our own meals.

Mexico To Aid Visitors

Among the prominent Lions who were present at the Temple meeting were:

Vincent C. Hascall, international president; Julian Hyer, Fort Worth, past international president; Sam Braswell, Clarendon, former international director.

A representative of the Mexican government told the convention delegates of the plans that were being made to provide for those who go to Mexico City by automobile.

Motorcycle patrolmen, employees of the government, are to be stationed at all sections of the highway on which a motorist might have trouble. They will escort travelers over bad stretches of highway. Gasoline trucks and "wreckers," also manned by the government's men, will be stationed at many points, ready to serve travelers who are unfortunate enough to need their services.

Up to Wednesday of last week, it was said, registrations in "Pullman City," Mexico City, for the Lions Club convention, numbered 3,200. Hotel and room reservations amounted to an additional 2,200.

Through the American principle of private initiative in business, electric rate reductions have been continued along with improvement in service. According to the United States Bureau of Labor Statistics, electric service costs for the United States as a whole are now 39% lower while the cost of living now is 38% higher than in 1913.

According to the National Industrial Conference Board, food is now 25% higher than 1933, clothing 22% higher, and rent 8% higher. Total taxes, including the numerous Federal taxes the consumers pay indirectly, have increased at an alarming rate and for the average family now amount to more than ten times the cost of electric service.

Net average rate for all the 160 communities served by the West Texas Utilities Company is today more than 60% below that of 1923. Electric service is cheap. You should use more of it.

MISS MARION LONGAKER

William Allison To Marry
San Antonio Girl July 19

The engagement of Miss Marion Longaker, daughter of Mr. and Mrs. Ira Longaker of San Antonio, and William McNeil Allison, son of Mrs. Lillian Allison and H. P. Allison of San Angelo and Sonora, was announced Thursday of last week.

The wedding will be July 19 at the First Presbyterian Church in San Antonio.

Miss Longaker, a prominent

member of San Antonio's young social set, is a graduate of Thomas Jefferson Senior School there and of the San Antonio Junior College where she specialized in art. She has been president of the Beta Tau Zeta sorority for three years.

Mr. Allison, who is well known in West Texas, is a graduate of Schreiner Institute, Kerrville, and later attended Southern Methodist University, Dallas. He is a member of Phi Delta Theta fraternity. He operates a ranch nineteen miles east of Sonora where the couple will make their home after a wedding trip.

Arrive in Colorado
Miss Elizabeth Elliott and Miss Rena McQuary arrived in Boulder, Colo., Wednesday of last week according to word received by Mr. and Mrs. L. W. Elliott. They will attend school there a part of the summer.

Miss Nora Gilliam returned the latter part of last week from a visit with relatives in Junction.

Linens Popular in
Fashions for Summer

New Materials Far Better Than
Ones Used Formerly

Denton, June 13.—When recently questioned about the smartest fabric for summer wear, linen was the immediate answer. This material, which has come down through the years, is decidedly popular among young moderns at Texas State College for Women.

Unlike the old crushable fabric which required a person to spend hours over a hot ironing board, the new linens have been greatly improved. They can be bought closely or loosely woven and as thick as tweed or as thin as organdie. They may be complicated in weave, printed or plain surfaced, and they are being shown for all times of day and every type of garment.

Linen suits are hard to beat for a fresh summer appearance. Wooden buttons and either plaid or striped linen can be effectively used in the trimming. Evening dresses, with gay fringed edges, and huge linen bows are being shown in the pastel shades. Brilliant plaids with trim accentuations of black patent leather make smart costumes.

There are numerous linen clothes for the beach—shorts, divided skirts, slacks and brief little sun back dresses. Uncrushable linen in dull tones and smartly trimmed with stitching is being shown for town and country wear.

In the accessories line, linen is one of the most popular fabrics. Hats of rough herringbone linen linen thread sweaters, glazed linen bags and shoes, and irregular woven gloves are new for the summer months. Linen accessories may be dyed for unusual and unique color combinations.

Stock Brought Back From South Texas

Cattle of Alfred Schwiening and C. E. Stites Here Now

Little loss was reported by Alfred Schwiening, Sutton county ranchman, in the wintering of his cattle in the Hebronville section. Mr. Schwiening's cattle, six carloads, and those of C. E. Stites were returned here Saturday after a rail trip of three days and nights from Hebronville to Laredo to San Antonio to Brownwood to San Angelo. Mr. Schwiening sold eighty-eight head at 5½ cents a pound at Hebronville.

The expense of transporting the animals to and from South Texas and the cost of the pasture, Mr. Schwiening estimates, was about \$6.25 a head for the seven and a half months. He believes that this was about half what it would have cost to have kept them in this country.

Feeding was done at San Antonio and San Angelo.

Mr. Schwiening, who made the trip by motor car, was accompanied by Mrs. Schwiening and their children, Margaret, George and Kathaleen.

SISTER OF MRS. W. T. HARDY
CO-WINNER OF HONOR

Most coveted honor offered during the school year at Texas State College for Women, Denton, that of the annual Leman memorial trophy, was won recently by Miss Nancy Dawes of Big Spring, a sister of Mrs. W. T. Hardy of Ranch Experiment Station.

Sharing the honor, given for excellence in musical and literary work, was Miss Joyce Hunter of Royse City, Texas. The two girls, described as co-winners of the award, were given plaques signifying their artistic contributions to the college.

An Industry Brings World Fame to Cincinnati; When Crosley Sold Goods by Mail; One Little Store

BY A. C. SAUNDERS
Post Business Editor

PERUSAL of the report that Crosley payrolls now amount to more than \$90,000 a week, reminds me that a major industry has arisen in Cincinnati during the last decade. I suspect also that the fact that 4359 persons are on that payroll has a great deal to do with the percentage of employed factory workers in Cincinnati today as compared with the total in 1929.

When this factory production is considered together with some other added plant activity, the proximity of present totals to those of 1929 do not seem out of line with some of the welfare agency reports on unemployed. Cincinnati's potential capacity to employ factory workers has risen.

Crosley executive are endeavoring to inform Cincinnati residents just what a payroll of \$90,000 a week means in the buying capacity of its citizens. Further data no doubt will explain how many dollars the firm spends to enlarge the sales of other Cincinnati factories whose products the radio company uses. When the total of employment in those factories is added to that of Crosley, one begins to comprehend what the magnitude of contribution to a city's welfare one large producer can be.

Another interesting factor to be weighed is that Cincinnati may well be known soon as a radio and refrigerator city. What the production of carriages once was here and what auto manufacturing has done for Detroit, radio and cooling equipment may do for Cincinnati. Not only has the city the production of radio to spread its name and fame, but more important, it has under the same ownership the most powerful radio broadcasting station in the world to herald the name of the Queen City to Moscow, Tokyo or Buenos Aires. With control of the Reds shifted to the same business interests, many factors of publicity for Cincinnati center in one place.

A. C. Saunders

Guiding Hand Once Sold Auto Accessories

YOUR correspondent well remembers when he first met the founder and active head of this great new enterprise. He climbed the stairs to the second floor of a building out on Blue Rock street. There in a busy room full of helpers was Powell Crosley Jr. He was selling auto accessories by mail then—tinkering and perhaps dreaming of what could be accomplished in the field of radio. Thus a dream is father to action and the end result a real contribution to Cincinnati progress. A few more new industries, a few more \$90,000-a-week payrolls, and the spirit of 1928 would indeed return.

Some of the purely physical data of what is behind the transmission of Cincinnati's fame around the world every 15 minutes at WLW may interest delvers into costs. The 20 big 100,000 watt tubes are of two kinds, some of them costing \$1850 apiece, others \$650 each. When a tube blows out at WLW, it requires a sizeable check to replace it. The antenna is 273 feet higher than Washington monument and only 153 feet short of the Eiffel tower in Paris. The power used to produce a 500,000-watt output is as high sometimes as 2 million watts, enough to light all the homes in a city of 150,000 population.

IN MEMORIAM EDWIN EUGENE SAWYER

At the meeting of the board of directors of the First National Bank at their regular monthly meeting Tuesday, May 14, the following resolution was adopted and ordered published:

Whereas, on the 13th day of April, A. D. 1935, Edwin Eugene Sawyer, known among his friends as Ed Sawyer, answering that final summons that comes to all men from the Supreme Ruler of the Universe, passed from this life to that life beyond the grave, to "that bourne from whence no traveler returns"; and

Whereas, from the year 1911 up to the time of his death, he had continuously been an active and faithful member of the Board of Directors of this, The First National Bank of Sonora, Texas, at all times being diligent in the discharge of his duties, and with the thought ever in mind to be of service to this institution and its customers, and was at all times in favor of anything that was for the betterment of this town and country; and

Whereas, in his death this institution and its customers, the town of Sonora and Sutton county, have lost a true and faithful friend;

Therefore, be it resolved by the Board of Directors of the First National Bank of Sonora, Texas, that this bank and the citizens of Sonora and Sutton county have lost a true and faithful servant and friend, one who cannot be replaced, and that as a tribute to him a page of the minutes of this bank be set aside forever in his memory; and that a copy of this resolution be furnished the press and a copy given to his relatives. HOUSE JOINT RESOLUTION proposing an Amendment to Section 15, of Article 1, of the Constitution of Texas, and providing that the Legislature may authorize the temporary commitment of mentally ill persons, not charged with a criminal offense, for treatment and/or observation with out the necessity of a trial by jury.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 15, of Article 1, of the Constitution of the State of Texas be so amended as to hereafter read as follows:

"Sec. 15. The right of trial by jury shall remain inviolate. The Legislature shall pass such laws as may be needed to regulate the same, and to maintain its purity and efficiency. Provided, that the Legislature may provide for the temporary commitment, for observation and/or treatment, of mentally ill persons not charged with a criminal offense, for a period of time not to exceed ninety (90) days, by order of the County Court without the necessity of a trial by jury."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State, qualified to vote on the Constitutional Amendments, at an election to be held throughout the State on the 4th Saturday of August, A. D. 1935, at which election each ballot shall have printed thereon the words:

"For the Amendment of Article 1, Section 15, of the State Constitution by adding to said Section a provision to the effect that the Legislature may provide for the temporary commitment of mentally ill persons not charged with a criminal offense by the County Court without the necessity of a jury trial."

"Against the Amendment of Article 1, Section 15, of the State Constitution by adding to said Section a provision to the effect that the Legislature may provide for the temporary commitment of mentally ill persons not charged with a criminal offense by the County Court without the necessity of a jury trial."

Each voter shall scratch out with pen or pencil the clause which he desires to vote against so as to indicate whether he is voting for or against the proposed Amendment.

Sec. 3. The Governor of this State is hereby directed to issue the necessary proclamation for said election, and have the same published as required by the Constitution and laws of the State of Texas.

Sec. 4. The sum of Five Thousand Dollars (\$5,000) or as much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay expenses of said publication and election.

A JOINT RESOLUTION

proposing to amend Sections 3 and 5 of Article 7 of the Constitution of the State of Texas so as to permit the furnishing of State official text books free to every child of scholastic age, attending any school within the State.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 3 of Article 7 of the Constitution of the State of Texas be amended so that hereafter it shall read as follows:

"Section 3. One-fourth of the revenue derived from the State occupation taxes and poll tax of One (\$1.00) Dollar on every inhabitant of the State, between the ages of twenty-one and sixty years, shall be set apart annually for the benefit of the public free schools; and in addition thereto, there shall be levied and collected an annual ad valorem State tax of such an amount not to exceed Thirty-five Cents on the One Hundred (\$100.00) Dollars valuation, as with the available school fund arising from all other sources will be sufficient to maintain and support the public schools of the State for a period of not less than six months in each year, and it shall be the duty of the State Board of Education to set aside, under such regulations and in such manner as may be provided by law, a sufficient amount out of the said tax to provide free text books for the use of children within the scholastic age attending any school in this State; provided, however, that should the limit of taxation herein named be insufficient the deficit may be met by appropriation from

the General Funds of the State and the Legislature may also provide for the formation of school districts by General Laws; and all such school districts may embrace parts of two or more counties, and the Legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts and for the management and control of the public school or schools of such districts, whether such districts are composed of territory wholly within a county or in parts of two or more counties, and the Legislature may authorize an additional ad valorem tax to be levied and collected within all school districts heretofore formed or hereafter formed, for the further maintenance of public free schools, and for the erection and equipment of school buildings therein; provided that a majority of qualified property taxpaying voters of the district voting at an election to be held for that purpose, shall vote such tax not to exceed in any one year One (\$1.00) Dollar on the One Hundred (\$100.00) Dollars valuation of the property subject to taxation in such district, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns constituting separate and independent school districts, nor to independent or common school districts created by General or Special Law."

Sec. 2. That Section 5, Article 7, of the Constitution of the State of Texas, be amended so that hereafter it shall read as follows:

"Section 5. The principal of all bonds and other funds, and the principal arising from the sale of the lands hereinbefore set apart to said school fund, shall be the permanent school fund, and all the interest derivable therefrom and the taxes herein authorized and levied shall be the available school fund, to which the Legislature may add, not exceeding one per cent annually, of the total value of the permanent school fund, such value to be ascertained by the Board of Education until otherwise provided by law, and the available school fund shall be applied annually to the support of the public free schools. And no law shall ever be enacted appropriating any part of the permanent or available school fund to any other purpose whatever; nor shall the same, or any part thereof ever be appropriated to or used for the support of any sectarian school, provided that the State Board of Education may furnish State Adopted text books free to every child of scholastic age, attending any school within the State; and the available school fund herein provided shall be distributed to the several counties as may be provided by law and applied in such manner as may be provided by law."

Sec. 3. The foregoing Constitutional Amendment shall be submitted to the electors of this State qualified to vote on Constitutional Amendments at the election to be held on the Fourth Saturday in August, 1935, at which election there shall be printed on each ballot the following:

"FOR THE AMENDMENT TO THE CONSTITUTION OF THE STATE OF TEXAS PERMITTING THE FURNISHING OF FREE TEXT BOOKS TO EVERY CHILD OF SCHOLASTIC AGE ATTENDING ANY SCHOOL WITHIN THIS STATE."

"AGAINST THE AMENDMENT TO THE CONSTITUTION OF THE STATE OF TEXAS PERMITTING THE FURNISHING OF FREE TEXT BOOKS TO EVERY CHILD OF SCHOLASTIC AGE ATTENDING ANY SCHOOL WITHIN THIS STATE."

and every voter shall mark out with pen or pencil the clause which he desires to vote against, or the word "FOR" or the word "AGAINST," at the beginning of such clause, so as to indicate his vote for or against each of said proposed amendments.

Sec. 4. The Governor is hereby directed to issue the necessary proclamation for said election and shall have the same published as required by the Constitution and laws of this State, and said election shall be held under the Constitution and laws of this State.

Sec. 5. The sum of Ten Thousand (\$10,000.00) Dollars or so much thereof as shall be necessary is hereby appropriated out of the State Treasury to pay the expenses of the publications and elections provided for in this Resolution.

A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas, amending Article 16 by adding another section to be known as "Section 61," providing for the abolishing of the fee method of compensating all district officers of this State and county officers in counties of this State having a population of 20,000 or more, and providing that all such district and county officers be paid on a salary basis; and providing that the Legislature shall enact law putting this amendment into effect; providing for the submission of this amendment to the voters of this State; and providing that all precinct officers in all counties and county officers in counties under 20,000 population may be compensated on a fee basis or on a salary basis and authorizing the Commissioners' Court to determine whether certain county and precinct officers shall be paid on a fee basis or a salary basis; and providing for the necessary appropriation to defray necessary expenses for the submission of this Amendment.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas, Article 16 be amended by adding thereto another section to be known as "Section 61," which shall read as follows:

"Sec. 61. All district officers in the State of Texas and all county officers in counties having a population of 20,000 or more, according to the then last preceding Federal Census, shall from the first day of January and thereafter, and subsequent to the first Regular or Special Session of the Legislature after the adoption of this Resolution, be compensated on a salary basis. In all counties in this State, the Commissioners' Court shall be authorized to determine whether precinct officers shall be compensated on a fee basis or on a salary basis; and in counties having a population of less than 20,000, according to the then last preceding Federal Census, the Commissioners' Court shall also have the authority to determine whether county officers shall be compensated on a fee basis or on a salary basis.

"All fees earned by district, county and precinct officers shall be paid into the county treasury where earned for the account of the proper fund, provided that fees incurred by the State, county and any municipality, or in case where a pauper's oath is filed, shall be paid into the county treasury when collected and provided that where any officer is compensated wholly on a fee basis such fees may be retained by such officer or paid into the treasury of the county as the Commissioners' Court may direct. All Notaries Public, county surveyors and public weighers shall continue to be compensated on a fee basis."

Sec. 2. The Legislature of the State of Texas is hereby directed, at the first Regular or Special Session after the adoption of this Resolution, to enact such legislation as will be necessary to adequately compensate, on a salary basis, the officers herein referred to in all counties having a population of 20,000 or more according to the then last preceding Federal Census.

Sec. 3. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at a special election to be held on the 24th day of August, 1935, at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words: "FOR the Amendment to Section 1, Article XVII, of the Constitution of Texas, providing that Amendments to the Constitution may be proposed at Special Sessions of the Legislature under certain conditions." And those against the Amendment shall have printed the words: "AGAINST the Amendment to Section 1, Article XVII, of the Constitution of Texas, providing that Amendments to the Constitution may be proposed at Special Sessions of the Legislature under certain conditions." Each voter shall strike out with pen or pencil the clause which does not indicate his desire regarding the above proposed Amendment.

Sec. 4. The Governor is hereby directed to issue the necessary proclamation for said election, and to have the above proposed Amendment published in the manner and for the time required by the Constitution and laws of this State.

Sec. 5. The sum of Five Thousand Dollars (\$5,000), or as much thereof as may be necessary is hereby appropriated out of any funds in the State Treasury not otherwise appropriated, to pay for the expenses of said publication and election.

HOUSE JOINT RESOLUTION

proposing an amendment to Section 1, of Article XVII, of the Constitution of Texas, providing that Constitutional Amendments may be submitted by the Legislature at Special Sessions under certain conditions; providing for an election on the question of the adoption of such amendment and providing for the proclamation and the publication thereof; describing the form of ballot, and making an appropriation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 1, of Article XVII, of the Constitution of the State of Texas, be amended so as to hereafter read as follows:

"Section 1. How the Constitution is to be Amended. The Legislature, at any biennial session, by a vote of two-thirds of all the members elected to each House, to be entered by yeas and nays on the Journals, may propose Amendments to the Constitution, to be voted upon by the qualified electors for members of the Legislature, which proposed Amendments shall be duly published once a week for four (4) weeks, commencing at least three (3) months before an election, the time of which shall be specified by the Legislature, in one weekly newspaper of each county, in which such a newspaper may be published; and it shall be the duty of the several returning officers of said election, to open a poll for, and make returns to the Secretary of State of the number of legal votes cast at said election for and against said Amendments; and if more than one be proposed, then the number of votes cast for and against each of them; and if it shall appear from said return, that a majority of the votes cast, have been cast in favor of any Amendment, the said Amendment so receiving a majority of the votes cast, shall become a part of this Constitution, and proclamation shall be made by the Governor thereof; provided however, that in cases of extraordinary emergency affecting the State as a whole, Amendments to the Constitution may be proposed in the manner hereinabove set out upon the submission of the proposed Amendment by the Governor at any Special Session."

Sec. 2. The foregoing Amendment shall be submitted to the electors of this State who are qualified to vote on proposed Constitutional Amendments at an election to be held on the 24th day of August A. D. 1935, at which election each ballot shall have printed thereon for those favoring the Amendment the words:

"FOR the Amendment to Section 1, Article XVII, of the Constitution of Texas, providing that Amendments to the Constitution may be proposed at Special Sessions of the Legislature under certain conditions." And those against the Amendment shall have printed the words:

"AGAINST the Amendment to Section 1, Article XVII, of the Constitution of Texas, providing that Amendments to the Constitution may be proposed at Special Sessions of the Legislature under certain conditions." Each voter shall strike out with pen or pencil the clause which does not indicate his desire regarding the above proposed Amendment.

Sec. 3. The Governor is hereby directed to issue the necessary proclamation for said election, and to have the above proposed Amendment published in the manner and for the time required by the Constitution and laws of this State.

Sec. 4. The sum of Five Thousand Dollars (\$5,000), or as much thereof as may be necessary is hereby appropriated out of any funds in the State Treasury not otherwise appropriated, to pay for the expenses of said publication and election.

HOUSE JOINT RESOLUTION proposing an Amendment to Article IV of the Constitution of the State of Texas so as to authorize Courts having original criminal jurisdiction to suspend the imposition or execution of sentence and to place the defendant on probation and to reimpose such sentence, under such conditions as the Legislature may prescribe; providing for an election on the question of adoption or rejection of such Amendment and making an appropriation therefor; providing for the proclamation thereof; and prescribing the form of ballot.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IV of the Constitution of the State of Texas be amended by adding thereto, between Sections 11 and 12 a new Section to be known as Section 11A, to read as follows:

"Section 11A. The Courts of the State of Texas having original jurisdiction of criminal actions shall have the power, after conviction, to suspend the imposition or execution of sentence and to place the defendant upon probation and to reimpose such sentence, under such conditions as the Legislature may prescribe."

Sec. 2. Such proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State of Texas, on the fourth Saturday in August, 1935, at which election all voters favoring said proposed Amendment, shall write, or have printed on their ballots the words:

"FOR the Amendment to the State Constitution authorizing the Courts to place defendants on probation," and those voters opposed to said Amendment shall write, or have printed on their ballots the words:

"AGAINST the Amendment to the State Constitution authorizing the Courts to place defendants on probation."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor shall issue the necessary proclamation for such election, and shall have the same published and such election held as provided by the Constitution and laws of this State.

Sec. 4. The sum of Four Thousand Dollars (\$4,000), or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for the expenses of said publication and election.

HOUSE JOINT RESOLUTION

proposing an Amendment to Article III, of the Constitution of the State of Texas, by adopting a new Section to be known as Section 51-b, which shall provide that the Legislature shall have the power to provide, under such limitations and restrictions as may be deemed by the Legislature expedient, for old-age assistance and for payment of same not to exceed Fifteen Dollars (\$15) per month each to actual bona fide citizens of Texas over the age of sixty-five (65) years, who are not habitual criminals, nor habitual drunkards, nor inmates in any State supported institution; and providing that the requirements for length of time of actual residence in Texas shall never be less than five (5) years during the nine (9) years immediately preceding the application for old-age assistance and continuously for one (1) year immediately preceding such application; and providing that the Legislature shall have the authority to accept from the Government of the United States financial aid for old-age assistance; providing for the necessary proclamation and making an appropriation to defray the expenses of proclamation, publication and election.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a Section to be known as Section 51-b, which shall read as follows:

"Section 51-b. The Legislature shall have the power by general laws to provide, under such limitations and restrictions and regulations as may be deemed by the Legislature expedient, for old-age assistance and for the payment of same not to exceed Fifteen Dollars (\$15) per month each to actual bona fide citizens of Texas who

are over the age of sixty-five (65) years; provided no habitual criminal, and no habitual drunkard while such habitual drunkard, and no inmate of any State supported institution, while such inmate, shall be eligible for such old-age assistance; provided further that the requirements for length of time of actual residence in Texas shall never be less than five (5) years during the nine (9) years immediately preceding the application for old-age assistance and continuously for one (1) year immediately preceding such application.

"The Legislature shall have the authority to accept from the Government of the United States such financial aid for old-age assistance as that Government may offer not inconsistent with the restrictions hereinbefore provided."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the electors of the State of Texas on the fourth Saturday of August, 1935, at which election there shall be printed on such ballot the following clause:

"For the Amendment giving the Legislature the power to provide a System of Old-Age Assistance not to exceed Fifteen Dollars (\$15) per month per person and to accept from the Government of the United States financial aid for old-age assistance."

"Against the Amendment giving the Legislature the power to provide a System of Old-Age Assistance not to exceed Fifteen Dollars (\$15) per month per person and to accept from the Government of the United States financial aid for old-age assistance."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same printed as required by the Constitution and Laws of this State.

INVISIBLE PANTIES
O. K. NOW
(By International News Service)
Chicago, May 29.—The world can now have its invisible panties, thanks to the decision of the Supreme Court on the constitutionality of the NRA.

The decision came just in time for the Invisible Corporation, which was engaged in a bitter controversy with code authorities over the question of demonstrating invisible panties.

"It saved our life," declared Mrs. R. S. McCracken today. "Now we can demonstrate our product."

"The NRA told us we couldn't have demonstrators because if the panties were invisible, the customers would not be able to see them and our advertising was misleading."—(From Boston Evening American.)

Station A Sonora Team Plays Well in Final Contest of Half

Playing baseball that might safely be termed "nearly perfect" the Station A Sonora team Sunday afternoon closed the first half of its first Concho Basin League season by defeating the Miles Giants here by a 1 to 0 score.

Smith allowed the visitors only three hits, all singles. Perfect support by his teammates combined with his pitching performance to end the game in an hour and twenty minutes—completing what many agree to have been the best game played here this year.

Smithwick, Miles hurler, allowed six hits but played a good game throughout. Archer found him for a double in the sixth, P. McLeod took a walk to first base and Ratliff singled to "load" the bases. Lefty White then came through with a single which scored Archer with the only run of the game.

Ratliff, third baseman, led the Sonora team in hitting when he secured both a triple and a single.

Sonora opens the second half of the season in Ballinger Sunday. The first game here will be June 30 when the Miles Giants return to do battle again with the Station A Sonora men.
