Russell Long Badly Hurt in Fall From Telephone Pole

Injuries Require His Being Placed in Plaster Cast This Week in San Angelo

Serious injuries suffered by Russell Long about 9:30 Friday morning of last week necessitated his being placed in a plaster cast until his injured back may heal.

Mr. Long is in a San Angelo hospital where he was taken shortly after the accident.

It is not known definitely the extent of his injuries. No internal complication has been noted. It is believed that, other than his bruises, vertebrae injuries and a hip dislocation may be the extent of his injuries.

At work on the line of the Humble Pipeline Co. on a pole several hundred yards from the G. H. Davis residence on the San Angelo highway, Mr. Long had finished checking the line and had called in to Lytle, Humble station below San Antonio.

Frank Smith, another Humble employee, was sitting in his car not far from the pole on which Mr. Long was working. He saw Mr. Long complete his work, finish the call, disconnect his test set and start downward.

When about ten or fifteen feet from the ground Mr. Long's left spur slipped and he fell to the ground. His safety belt had been disconnected. A physician was called who gave him a hypodermic injection before he was helped into a car to be brought to town. G. H. Davis, W. R. Nisbet and Bill McComb were there shortly after the accident and aided Mr. Smith in bringing the injured man to Sonora.

The Longs had recently returned from a vacation trip in East Texas. Mrs. Long and Mrs. W. C. Warren had started to San Angelo the morning of the accident and were told of the accident when they reached Christoval.

GEORGE TRAINER BETTER AFTER SATURDAY ILLNESS

The condition of George Trainer, former Sutton county assessor, who was quite ill Saturday evening, is much improved, according to his daughter, Miss Grace Trainer.

Mrs. Trainer who was ill all of last week is also better this week.

EDUCATOR WILL GO TO NEW WORK TUESDAY

R. S. Covey superintendent of schools, announced this week that he and Mrs. Covey will leave Tuesday, July 2, for Sweetwater where he will be superintendent next year. Mr. Covey resigned in February. He is completing his fourth year as superintendent here.

B. H. McLain, superintendent at Sweetwater, will move his household goods here next week but he and Mrs. McLain and their 3-year-old son will probably not establish a residence here for several weeks.

HELP! HELP! HELP! THE FIREMEN NEED FLOWERS

Members of the Sonora Fire Department are in need.

The men who stand ready to protect Sonora property, day or night, from the ravages of fire want shrubs and flowers to beautify the yard around the city building—the home of their fire equipment and of the boys who sleep there, subject to call at night.

If you have anything that will aid them in their beautification work call either of the officers, (Floyd Dungan, chief; N. R. Kennedy, president) and someone will call for your donation.

Troop Committee To Attempt To Send Eight To Capital

Hundred Dollars Required For Each Boy Who Goes To August Jamboree

Eight Sonora boys are eligible for the Washington, D. C., trip in August, it was announced at a meeting of the troop committee Friday night.

The committee hopes that it will be possible to send all of the boys to the National Jamboree. Funds are being secured from several sources and it is believed that these will be sufficient to send all eight of the boys of Troop 19, Sonora, who are eligible as a result of their Scout work.

The group of boys is made up of A. W. Awalt, Louis Davis, Wesley Sawyer, Jack Shurley, Reggie Trainer, Lloyd McGhee, Kenneth Babcock and Bobbie Nisbet.

Funds From Varied Sources
W. R. Nisbet, in charge of finances for the troop committee, reports that he has collected \$518 from Sonora business people who are sponsoring league baseball here this season.

One remaining payment of the agreed four is to be made and this, with arrears payments, is \$194.90 — all that may be secured. The Station A Sonora ball club receives \$600 of the total. The Boy Scouts receive any excess and all gate receipts.

The boys who go and their parents are expected to contribute to the expenses of the trip. A number of the Scouts are working this summer to secure money for the purpose.

Mr. Nisbet believes that there will be approximately \$100 available for the boys from the general fund and to this will be added gate receipts for the season. Scouts' mothers are serving Lions Club luncheons and \$33 has been secured from that source at this time. More will be available from the boys' sale of cold drinks at the Race Meet and Rodeo and from their one-fourth of all net profits of the two-day event yesterday and today.

Amos Floyd a Leader
Amos Floyd of Station B will make the trip to Washington as one of the leaders of the Concho Valley Council Scouts. Serving with him will be J. F. Reeves, superintendent of schools at Fort Stockton, Dr. A. E. Arnfield of Texon, John E. Robbins and Bill Cunningham, both of San Angelo.

Applications for the National Jamboree may not be made after tomorrow noon. It is believed that eight Scouts and leaders will make the trip from this area.

The trip will cost each Scout approximately \$100. This amount is divided in this manner: Registration fee, \$25; miscellaneous expenses, \$50.90; uniform and clothes essentials, \$15; spending money, \$10.

New Barber Shop in Town
A barber shop with two chairs has been opened in the Stites Building by Finis Hamby. Mr. Hamby formerly operated a refreshment place and a cleaning and pressing establishment in the same location.

STATION A TEAM OPENS SECOND HALF SUNDAY

When the Miles Giants come here Sunday to play the Station A Sonora team the Sonora game will be launched, from a home games standpoint, on the second half of its Concho Basin League schedule.

Two weeks ago the Station A team opened the second half with a 5 to 2 victory over the Ballinger team in that town. Last Sunday, in two non-league games, Rowena was defeated on the high school diamond here by scores of 4 to 0 and 5 to 1. Wednesday afternoon the Ozona team was defeated by a score of 2 to 1.

The Ellis Parts team plays Ballinger Sunday and the Veribest entry has an open date.

RIO DE JANEIRO RESIDENT VISITS AUNT IN SONORA

Guests in the home of Mrs. Lula Karnes this week are Mr. and Mrs. B. F. Bellows and Mr. Bellows' mother, Mrs. Josie Bellows.

Mr. Bellows, a nephew of Mrs. Karnes, at one time went to school in Sonora. He is a graduate of Rice Institute and for some time has been working in Rio de Janeiro, capital of Brazil, South American republic.

Visiting in Fort Worth

A visit in the home of her daughter, Mrs. J. W. Hutcheson of Fort Worth is being enjoyed this week by Mrs. J. C. Baker of Camp Allison and her daughter, Mrs. Terry Baker. They left for Fort Worth Wednesday.

"GENERALISSIMO"

Alfred Schwiening knows his parties and when Sutton people sought a leader for the Race Meet and Rodeo "Alfred" was quickly chosen as "the man for the job."

Mason county born, forty-seven years ago, Mr. Schwiening was a railroad telegrapher and a bookkeeper as a young man. When only sixteen he kept books for a Brady wholesaler of buggies. He leased a Llano River place when he was twenty-one and "went in for himself." He's been in the Sutton section ever since.

Ranchman—city commissioner—general chairman might be the unwieldy title for Mr. Schwiening. Quite a few years ago he was "up to his neck" in 2-Mile Water Hole community celebrations in the McKavett section. For quite a number of years since that he has been known as "daddy" of the Camp Allison celebration, election year 2-day event on the Llano when politicians speak, shake hands and exchange "notes of the battle" with one another and with their constituents.

Early this week "Alfred" said: "It looks like we started out to have only a little community affair and now they've moved Alamo Downs here. But, count on it, we're going to have a party. I'm going to see to that."

From all appearances, Alfred Schwiening, "generalissimo" of Sutton county's first celebration in several years, was right and the Race Meet and Rodeo is to be a huge success.

Experiment Station Announces Round-up For August 6-7

Free Barbecue To Be Noon Meal for Guests at Eighth Annual Party

Right on the heels, as it were, of the Rodeo and Race meet comes the announcement today of W. H. Dameron, superintendent of Ranch Experiment Station, that the eighth annual Ranchmen's Round-up will be held at the Station August 6 and 7.

Combining educational and entertainment features of various sorts the Round-up has become known in many parts of the state as well as in Sutton county since its inception in 1925. It has been held annually, except for three years, since that time.

Specialists in various fields will address the crowds which will attend the Station's two-day party. The experiment plant is a sub-station of the Texas Agricultural Experiment Station at College Station. Among the subjects which will be discussed this year, according to Mr. Dameron, are:

Blow Fly Control; Contagious and Parasitic Diseases of Sheep; Vitamin Deficiencies in Livestock Feeds; Mineral Requirements and Deficiencies of Certain Livestock Feeds; Poisonous Plants; Care and Management of Saddle Horses; Feeding Livestock for Market; Maintaining Desirable Vegetation on the Range.

Additional subjects which will be (Continued on page 4)

Visitors and "Home Folks" Eat Barbecue on Main Street

ALL OVER TONIGHT

Running Races Please Capacity Crowd Thursday

Between two and three thousand people Thursday enjoyed in a "large way" all of the events of Sonora's Race Meet and Rodeo—the first community celebration of its type that has been given for several years.

Beginning at noon with the free barbecue, prepared by J. T. Penick near the H. V. Stokes Feed Co., and served on Sonora's main street, everyone seemed to have a good time. Crowded sidewalks in front of the business houses which closed at noon both days indicated the interest in the various events scheduled in front of the grandstand at the park on the San Angelo highway.

Race horse owners who entered their animals in the six races Thursday afternoon and were successful in placing them in first, second and third places, divided \$825—of which \$555 was purses paid by the management and the remainder entrance fees, all of which were divided among winners on a 60-30-10 basis.

Sonora Horse Victorious
In a matched race, one-eighth of a mile, Minnie Mertz, horse owned by John Hamby, Sonora, defeated by 1 to 1½ lengths Nettie Hill, horse of Harold Jackson of Eldorado.

Little Nell, a 2-year-old owned by L. E. Cook of Midland took the \$75 purse in a quarter mile. Second and third places were won by Bobbie

Boasting a band and a large number of cars the Brady delegation was to arrive at noon ready to attend the Race Meet and Rodeo this afternoon and to publicize their own tenth annual July Jubilee and Race Meet, July 3, 4, 5.

Yesterday was Rocksprings Day and quite a few spectators in the stands were from the Edwards county capital. Their celebration is July 3 and 4.

Joe, horse of J. W. Bell, Abilene, and by Rocky Bess, owned by B. G. Bolts. The race was restricted to 2-year-olds.

Only half a length separated Fast Time, owned by Oscar Schnaubert, Van Horn, from Black Streak, another paint horse, owned by Jess Barker of Port Stockton when the animals raced past the finish line in the second race—a quarter mile. Little Dick, owned by H. L. Carson, was third.

Yankee Doodle Places
Yankee Doodle, owned by J. S. Holman, ranchman of this section, placed second in a three-eighths for \$85. Bill Wade, another horse owned by Jess Barker, father of Raymond Barker of Sonora, won. Third place was captured by Sun Rise, property of C. M. Deane.

The other three races of the afternoon—a half mile, five-eighths and a three-fourths of a mile—were won by Tiny Comet, Betty Ann and Judgment, respectively. Detailed facts of winners, owners, jockeys, etc., appear elsewhere on this page of the NEWS.

The crowd in the stand filled it to overflowing and it was expected that nearly as many would attend this afternoon when six more running races were to be run and a large number of rodeo events staged.

Stokes, Official "Broadcaster"
Announcing by public address system of results and entrants in the various contests was by H. V. Stokes from a position under the judges' box occupied by Joe Montague Fort Stockton, R. H. Martin, (Continued on page 4)

Barge Service Resumed on the Missouri River

After a lapse of twenty years barge service for freight ships has been resumed on the Missouri River between St. Louis and Kansas City. The photograph shows the federal barge line boat "Franklin D. Roosevelt" and its tows, as it started the service.

Rains in Texas Merely Sprinkles, Compared With Fall in World's Really Wet Countries

San Antonio would be standing in two and one-half feet of water if all the rainfall this year had refused to sink in or run off, but what would she be doing if she were to trade weather with Ghat, India, which receives more than 45 feet of water out of clouds that smash up against her mountain sides.

San Antonians who have been bemoaning their damaged homes and huge cleaning, pressing and shine bills while records are being floated away by an incessant downpour, should start counting their blessings, in the opinion of United States Meteorologist J. H. Jarboe, who, with a single twist of the thumb in voluminous record books discovers enough comparisons to make the precipitation up to now seem a mere sprinkle.

Jarboe has never been in Ghat, where the least amount of rainfall recorded is 82 inches annually, and the most is 546 inches, falling mostly in a three-month period, but he has had the experience of watching the world's record cloudburst, 2.48 inches in nine minutes, when at Puerto Bello on Nov. 29, 1911, he was acting as government weather man during construction of the Panama Canal. Other sections of the world besides Ghat that makes San Antonio's rainfall record look rather sick, include Cherra Punji, India,

where 500 inches fall during three months. This is in the Khasi Hills in the province of Assam, 4,000 feet above sea level, where the mountains serve to catch the winds, and whatever they happen to have in them.

In Java residents have been forced to accustom themselves to 100 to 240 inches annually. Hawaii, too, on its windward side, experiences heavy annual rainfall that reaches 410 inches during some years.

Closer home, in the United States, Washington and Oregon have the heaviest rainfall. Coast mountains, again, are responsible, catching winds and their rain clouds that drift in from the Pacific Ocean, and helping to deposit as much as 130 inches annually in places.

The average on the Washington coast is 88.78. At Neah Bay, on the west slope of the Olympic Mountains, Washington, the average is 108 inches.

In Oregon at Mount Hood, the highest known is 130 inches.

In Philippine Islands, residents have been known to experience as much as 30 inches in 24 hours.

Soaked and weary, San Antonio, of course, is willing to count her blessings, with her 1919 record of 50.30 and her present mark of 30, but she is beginning to pray for sunshine.—San Antonio Express.

Fifty-one Counties Receive Aid From Relief Agency

More Than 6,000 Families in Need As Result of Recent Flood Conditions

Austin, June 27.—More than 1,000 families were left homeless and approximately 5,600 relief cases will be re-opened as a result of devastating floods that swept through Texas recently. Tabulation of reports from relief administrators in 51 counties showed that 6,130 additional families are in need of assistance as a result of the high water.

The survey showed 150 homes of relief clients destroyed and 753 homes damaged.

Some 300 houses of non-relief clients were destroyed and 1,500 houses damaged.

Bulk of the loss appears to be in the counties along the Colorado river. Principal sufferers among the counties already reported are Travis, with 140 homeless and more than 600 homes destroyed or damaged; Bastrop, with 500 damaged homes, and a check-up was yet to come from Wharton and Matagorda counties.

Kimble County Loses

In Northeast Texas, Fannin county reported 300 damaged homes; Bowie county reported 250 families temporarily homeless.

In the Hill country, Kimble county reported 30 homes destroyed, 35 damaged, 31 families homeless.

West of San Antonio, Medina county reported 25 homes destroyed, 275 damaged, 45 families homeless.

Several thousand dollars has been sent to the 51 counties to be used in meeting the emergency. Adam R. Johnson, state relief director, said relief funds will be used in aiding certified relief cases. In addition, local relief agencies will supply budgetary labor for the

general cleanup of public property and to rebuild and repair homes owned by relief clients. Budgetary labor may also be used to rebuild and repair houses occupied by relief clients, provided the landlord will acknowledge receipt of such labor in lieu of rent for a proper period of time.

In accordance with recognized practice followed before the existence of the Texas Relief Commission, all other forms of disaster relief, including aid to non-relief families, are administered by the Red Cross. H. F. Keisker, assistant to the manager of the midwestern branch, has established an office in Austin and has sent representatives into the affected areas of the state to meet the emergency. It was pointed out by Mr. Johnson that families never before on relief whose present need is the result of flood conditions should apply to the Red Cross and not to the county relief office.

MENARD FIREMEN PLANNING CONVENTION IN AUGUST

Three hundred and fifty firemen are being prepared for in Menard where the semi-annual convention of the Hill Country Firemen's Association will be held Aug. 13.

Members of the Menard department met recently to formulate plans. The Hill Country group is made up of departments in twelve West Texas counties. Thurston Lovelace is fire marshal in Menard.

Among the notables who will be on the program at the August session are Eugene Sanders of the State Firemen's Association and Pat O'Brien, assistant chief of the Fort Worth fire department.

The inventor of a "tornado-tamer" offers its services to Nebraska towns at the price of \$1000 per tame. As you perhaps have guessed, the inventor hails from the state of Doc Townsend and EPIC.—New Orleans Times-Picayune.

20,000 Deposits Paid by FDIC

Only 17 Failures in 17 Months Under Bank Plan

Washington, D. C.—A report just released by the Federal Deposit Insurance Corporation reveals that twenty thousand depositors of closed insured banks have been paid their insured deposits in the first seventeen months of deposit insurance.

They were depositors in seventeen closed banks which the Insurance Corporation had taken over up to May 31, and their insured claims totalled more than two and a quarter million dollars. In all there have been 25,000 depositors in these banks whose estimated insured funds amount to about two and one-half million dollars.

Payment of claims by the F. D. I. C. has started within an average time of a week of the day the banks closed, the report shows. It further reveals that in the last bank to be taken over by the Insurance Corporation all but sixty dollars of insured money has been paid to depositors. The pay-off began on May 13 and all but twelve of its depositors had received a settlement of their claim on the last day of the month.

Approximate total deposits in all the closed insured banks are \$3,760,000. In addition to the insured portion of that total of almost \$2,500,000 another thousand most \$2,500,000 another million was in preferred or secured deposits or was subject to offset so that there remain less than two hundred thousand dollars to be paid to depositors as liquidation of the assets of these banks is made.

It is estimated by officials of the Corporation that ninety-nine out of every hundred of the individual depositors in the closed insured banks have received all the money they had on deposit, or will receive it just as soon as they come to the banks.

The F. D. I. C. is insuring in 14,070 banks throughout the country at the present time. It has announced that this is ninety per cent of all licensed commercial banks and that they hold all but two per cent of the total bank deposits.

The congressman was an occupant of a taxicab that turned over three times. For a minute he thought he was taking a position on the bonus.—Atlanta Constitution.

Securities Seller Restricted By Law

Regulation Holds Him Responsible For Statements Made

Austin, June 27.—What is a security?

Under the new Texas law regulating the sale of securities, the term includes any form of stocks, bonds, mortgage certificates, any form of commercial paper, any certificate in or under a profit sharing or participation agreement, lease or royalty interest in an oil, gas or mining property. In addition there are many lesser known forms of securities.

The Texas Securities law which replaced the old Blue Sky law May 23 is broad in its definitions of what constitutes a security, according to Gerald C. Mann, secretary of state.

Before purchasing any form of security, such as those named above, the buyer should determine if the person doing the selling has registered with the secretary of state. Emphasis is placed on the fact that in no case does the state guarantee or endorse any security.

But registration is not the extent of responsibility on the part of the seller. Under the law he may be held accountable for representations as to fact made in the sale of a security.

RELATIVE OF SUTTON MEN BURIED IN LAMPASAS

Death at the age of eighty-eight came early last Friday morning in Lampasas to Mrs. Kate Knight, aunt of Howard and Thomas Espy, Sutton county ranchmen.

Funeral services were conducted in Lampasas Saturday afternoon and were attended by Howard and Thomas Espy, Mr. and Mrs. C. T. Jones, Mrs. H. S. Espy and Miss Ruth Espy, the latter two both of Eldorado.

THAT GOOD GULF GASOLINE

Authority Defends Dirigible, Citing Many Statistics and Advantages of Bag Craft

"Since the War, submarine accidents have caused two and a half times as great a loss of life as air-ships; marine disasters forty times, railroads 300 times, automobiles, 1,000 times; yet we hear no talk of discontinuing construction of submarines, steamships, railroads or automobiles," cried Lt. Comdr. Charles E. Rosendahl, U. S. N., before the Society of Automotive Engineers, meeting in New York.

Slender, youthful, assured, a striking figure in naval uniform, the man who is considered one of America's foremost experts on the construction and navigation of airships made a brilliant defense of dirigibles both for peace and war, reports the Literary Digest. His address is expected to launch a new campaign in this country for continued construction of large rigid airships for naval defense and commercial development.

It was the first public offering of "lighter-than-air" advocates since the loss of the Macon at sea off the California Coast, on February 14, roused a storm of opposition to further air-ship construction.

No Real Opposition

In the audience were engineers and scientists of international reputation, several of whom, it was reported, had come for the purpose of "blowing up" the air-ship idea. If this was the case, they must have become converted before the hour of questioning arrived, for no very real opposition appeared.

Even Prof. Alexander Klemin, head of the Guggenheim School of Aeronautics at New York Univer-

sity known as a vigorous "heavier-than-air" adherent, said he agreed for the most part, with Commander Rosendahl, and urged only relatively minor technical objections.

Advantages of Dirigibles

Briefly, advantages of dirigibles over airplanes are: 1. Large load-capacity. 2. Long cruising-range. 3. Ability to go slowly, or even stop in midair, without falling.

As commercial carriers of passengers, dirigibles since the War have hung up a record untouched by any other type of transport. More than half a million paying passengers have been carried, without the loss or injury of a single passenger.

The Graf Zeppelin, for example, since September, 1928, and up to December, 1934, had made 423 individual trips, flying a distance of 630,000 miles. She had carried 10,500 passengers, at a speed averaging sixty miles an hour; mail to the extent of 57,500 pounds; freight, 96,000 pounds. Her total time in the air was 10,005 hours.

NO IMPROVEMENT IN MRS. C. O. RIDLEY'S CONDITION

A telephone message to his son, Floyd Ridley, from C. O. Ridley in San Antonio Monday night indicated that Mrs. Ridley, who is ill there, was not doing so well.

Mrs. Ridley has been ill for several weeks and was operated upon Friday in San Antonio.

Phone your news to 24.

Miss Thelma Blitch of Austin is the guest of Mr. and Mrs. Andrew Moore.

Lotteries Cost Americans Ten Million Yearly

Customs and Postal Authorities Work to Check Drain

Washington.—Customs inspectors and postal officials are untiring in an intensive campaign to check the traffic in foreign lotteries which causes an estimated annual loss of \$10,000,000 to the American people.

Seizures of lottery tickets have increased rapidly in recent months as a result of the vigorous and watchful tactics of the United States postal department.

Additional millions are lost each year through purchase of counterfeit tickets. More than \$500,000 worth of fake tickets have been confiscated in a single seizure.

Investigation of one foreign lottery whose agents were reported to have sold more than \$3,000,000 tickets in the United States revealed that only 100,000 were entered in the drawing.

The huge net which federal agents have spread across the nation to protect United States citizens has enmeshed scores of lottery agents and thousands of tickets.

Operators of the Irish sweepstakes claim that they take more than \$1,000,000 net profit out of this country each year. Last year this sum greatly exceeded, more than 2,000,000 tickets at \$2.50 each having been sold. On the 2,000,000 hopeful buyers less than 100 were winners. In other words there were 2,000 losers for every winner, in addition to the other thousands who lost on counterfeit tickets.

Americans contribute to the coffers of seven big foreign lotteries each year. The three Irish sweepstakes are based on the Grand National at Aintree, the English Derby at Epsom Downs, and Cambridgeshire at Newmarket. And thousands of tickets are also sold in this country each year on the French National, Cuban National, Mexican National and the Canadian Army and Navy lotteries.

Hitchhikers Advised to Stay At Home

Tourists Urged to Refuse Transportation to Hitchhikers

Austin, June 27.—Transients particularly those originating within the state, have been urged to settle down and stay off the road by Adam R. Johnson, state relief administrator.

Federal officials have appealed to railroads and to autoists to refuse free transportation to transients, and several legislatures recently have passed anti-hitchhiking laws.

"Unless they have a job waiting for them somewhere, Texans contemplating hitchhiking trips ought to stay at home," Johnson declared. "Other states and other counties have their own unemployed to provide for and transients will find conditions no better at distant points.

"Transients themselves are exposed to injury and disease in some of the over-night stops along the road. People who offer free transportation are sometimes assaulted before they reach their destinations.

"For these reasons, we urge tourists to refuse free transportation to hitchhikers. In like manner, we advise against hand-outs and the small cash donations to persons making house-to-house canvasses."

Transients already on the road were advised to go to their homes or to the nearest transient division camp. These camps are located near the division depots in all the larger cities of the state.

To Visit Relatives

Mrs. J. F. Howell and children will leave Monday for Wynoma, Miss., where they will be the guests of her parents, Mr. and Mrs. C. D. Walts. They will be accompanied by Miss Gladys Hudson of Mesalero, New Mexico, who will join them here Sunday.

Mrs. B. B. Kelly and children Patricia and Jamie, returned to Texon Sunday after spending several days here with Mr. and Mrs. W. E. James.

Mr. and Mrs. J. W. McDermott and children, Jackie and Jim Bob, of St. Louis, Mo., are the guests of Mrs. McDermott's sister, Mrs. C. E. Stites, and Mr. Stites.

BRADY RAM SALE WILL BE PART OF JULY JUBILEE

A ram show, to be held each morning of the Brady Jubilee, July 3, 4 and 5, is the latest attraction added to the program which has been arranged for the annual McCulloch county event.

Nelson Johnson, who is to be in charge of that particular part of the program, believes that there will be 400 or 500 rams on sale at the show. He will be auctioneer at the sale which will be held in the warehouse of the Cox Produce Co.

William Briggs of Dixon, Cal., is one of the breeders who have said they will bring animals. He will have forty-five head there. Wynn Hansen of Collinston, Utah, will have 100 head at the sale. It is said that the Brady event will be the only sale exclusively devoted to rams in Texas this year.

MRS. J. M. PUCKETT ABLE TO SIT IN WHEEL CHAIR

Considerable improvement is noted in the condition of Mrs. J. M. Puckett who has been ill for several weeks.

Mrs. Puckett's son, Clayton, was in Sonora this week and said that his mother was much better and had been able to be in a wheel chair several times. She is in San Angelo.

Town in Missouri has put up 30 hitching posts in its business district. Just getting ready for a return to the horse and buggy days under NRA decision.—Buffa-

Woodrow Norris of Iraan spent the week-end here with his parents, Mr. and Mrs. J. C. Norris.

ANY erroneous reflection upon the character, standing or reputation of any person, firm or corporation will be gladly corrected if the matter is brought to the attention of the publisher.

WE BELIEVE that the ultimate in enthusiasm has been reached by Menard students who were to begin summer football practice Monday morning. A team that has "power" enough behind it to practice this kind of weather surely should "go places" when the air is crisp and top-coats for spectators are in order.

MUSIC WRITTEN entirely in very fast time must have been played by a band in a plains town which a local newspaper reported recently as having a "two-hour practice session between 7 and 8 p. m."

Lions Club Awards Will Be Presented R. S. Covey Monday

Ladies' Night Dinner May Be Honored By Attendance of B. L. McLain

Presentation both of a master key and of a past president's pin to R. S. Covey, retiring as president of the Lions Club, will be a feature of the Ladies' Night program of that organization Monday night at the Baptist Church at 8 o'clock.

Arthur Carroll and Preston C. Lightfoot were named Tuesday by John Eaton, president-elect, to arrange for the program at the Monday night dinner meeting.

Mr. Covey has been president of the club this year and will leave Tuesday for Sweetwater where he will be superintendent of schools next year. It is believed that Mr. McLain, now of Sweetwater, who will succeed Mr. Covey, may be a guest at the Monday night meeting.

Reports of various ones in charge of arrangements for the Thursday barbecue, Lions Club sponsored, constituted the principal item of business at the luncheon.

Twenty-five dollars was decided upon as the club's contribution to the barbecue fund when it was announced that \$250 had been subscribed by business people and that they would probably be called upon for additional money. Edgar Shurley announced that 150 goats would be butchered. C. H. Jennings, chairman of the barbecue committee, told of his work in arranging for the community dinner for Sutton people and visitors.

Judge J. A. Whitten of Eldorado praised the Sonora club for its activities and remarked facetiously that he was here for the purpose of securing Lions Club members to begin work that afternoon chopping 300 acres of cotton he has in the Eldorado section. None accepted his offer of employment.

R. E. Taylor, Sutton county relief administrator, a guest at the luncheon, said that the caseload in the county was practically "nil," work of various sorts having been provided for nearly every able-bodied man on the relief rolls.

Stuff'n' Dates
By Ned Moore

ELLIS ISLAND, THE ENTRANCE TO THE WORLD'S MOST FAMOUS MEETING POT OF CITIZENS TO BE, WAS NAMED AFTER SAMUEL ELLIS, A NEW YORK BUTCHER WHO OWNED IT PRIOR TO ITS BEING TAKEN OVER BY NEW YORK STATE.

IT IS LOCATED IN UPPER NEW YORK BAY NEAR THE BATTERY TOWNS, SOLD BY NEW YORK STATE TO THE UNITED STATES IN 1854 AND WAS FOR MANY YEARS USED AS A POWDER MAGAZINE. IN 1891 IT WAS MADE AN IMMIGRANT STATION TO REPLACE CASTLE GARDEN, THROUGH IT PASS ALL IMMIGRANTS WHO ENTER UNITED STATES THROUGH THE PORT OF NEW YORK. WHICH IS ALMOST THREE-QUARTERS OF ALL WHO ENTER THE COUNTRY. THE ISLAND HAS BEEN CALLED THE "GATEWAY TO THE NEW WORLD."

THE ISLAND OF A BUTCHER PRODUCED THE MOST CITIZENS OF THE UNITED STATES

THROUGH THIS GATEWAY PASSED SOME OF OUR GREATEST DOCTORS, ARTISTS, LAWYERS, BANKERS, POLITICIANS AND TRAFFIC POLICEMEN.

Races and Rodeo—
(Continued from page 1)

Eagle Pass, and Paul Perner, Ozona, whose decisions were made promptly after each race. Rodeo judges stationed near the arena were W. B. Whitehead, Bryan Hunt and Thomas Espy.

Rodeo contest results and announcements were telephoned from the arena judges' stand to the announcer by C. C. Smith.

Olin Altizer, well known ranchman from the Spofford section took first money in the calf roping when his time was declared to be 15.2 seconds. Runners-up and their time were: Clyde Acton, San Angelo, 16.2; Tom Taylor, San Angelo, 17.1; Vic Rogers, Kerrville, 17.2. Percentages of split of the purse of \$120 were 60-20-10. The same amount was to be given ropers this afternoon and \$100 divided among those with the best averages for the two days.

Willie Miers Thrown

In the breakaway Howard Westfal of Knox City got his cow in four seconds. Runners-up were Allan Holder, Rankin, with a time of 5.2, and Charlie Turk of Del Rio who tied with Tommie Hodges of Tuscola with a time of six seconds flat.

Willie Miers, Sonora ranchman, was knocked out when his horse threw him as he sought his cow in a corner of the arena directly in front of the stand. He was revived after a few minutes and was expected to be on hand this afternoon.

It only took Howard Westfal, Jr., of Knox City and Fort Stockton, forty-five seconds to rope his calf in a special calf roping contest for boys. Sonora boys and their times were: Wampus Espy, 90; Mankin Stokes, no time; L. M. Roueche, no time; Sidney Cauthorn, no time.

Broncs Give Good Show

In the bronc riding event Red Parker qualified with his performance on "Tom Ketcham." Jimmie Bridges, San Angelo, riding "High Ball," A. C. Wike, San Angelo, on "Whirlwind" and Jack Diamond on "Scabby" gave creditable exhibitions although Jack Diamond was quickly thrown by his horse. Blanket Simms Louie Cravey, Slim Morris and Charlie Farris will ride today. This afternoon twenty were to

engage in the first round of the calf roping events and a like number in the second round. Wildcow milking, not held yesterday, attracted twenty-two believers in their ability. They were to contest for the "jackpot" of \$55 which was to be divided 60-30-10.

Those who were to attempt to ride steers were: V. J. Glasscock, Bub Glasscock, Tommie Barrow, Cleve Jones. "Snowball," negro as black as the blackest midnight, was to ride, if possible, a spotted bull.

Twenty-four men were to engage in the breakaway this afternoon. During the Thursday breakaway I. W. Young's cow became unusually enthusiastic, hurdled the 5-foot fence in front of the grandstand, jumped a slightly lower one back into the quarter stretch and left for "parts unknown."

A cowboy orchestra from Lordsburg, N. M., entertained grandstand crowds in the afternoon Thursday and played for a dance that night at the Boy Scout Hall. Harrison's Texans, San Angelo, played Wednesday and Thursday nights for platform dancers at the grounds and will play again tonight when the Race Meet and Rodeo will be concluded.

Tom Hallum Tells of San Diego Fair

Sonora Man Spent Last 3 1/2 Months in Pacific Coast State

Gradual rains in California gave that state an exceptionally cold spring, according to Tom Hallum, brother of Asa and R. L. Hallum, who returned last week from a three months visit in Los Angeles and San Diego.

Mr. Hallum said that when he got to California about the first of March the state had fourteen inches more rain than is usually the case up to that time. The rains have been so gradual, he said, that high water problems have not been encountered.

The San Diego Exposition, which he saw, is located in the most attractive setting possible for such an affair—Balboa Park. The Ford Motor Company has a two million dollar building in which the company constructs a car in such a manner that the visitor may, if he cares to take the time, see a complete automobile built. In a valley of the exposition grounds has been reconstructed a "Days of '49" scene, that of an early day mining camp.

In August, Mr. Hallum said, the fleet will return to the San Diego harbor. Sixty thousand sailors will then enjoy "shore leave" after a cruise of several months.

UNUSUAL FEATURES MARK CHANDLER RANCH RODEO

Publicizing of the Ranchmen's Reunion and Rodeo at the 27-section Chandler Ranch July 26 and 27, thirty miles south of Sheffield, was being done here this week by Herman Chandler, son of Charles Chandler, owner of the ranch.

Saddle horse racing as well as six types of rodeo events will be staged. There will be dancing and a free barbecue dinner each day.

Mr. Chandler is stressing the fact that the ranch is on running water, being located on Independence Creek and on the Pecos River. As he says it—"we've shade, fishing and camping—three advantages that make our 'party' unique in West Texas."

Birthday Party Tuesday For Margie Crowell

Margie Fay Crowell was honored on her ninth birthday anniversary with a party given by her mother, Mrs. Monroe Crowell, Tuesday afternoon of last week at her home.

Lemonade and cake were served to these guests:

Betty Lou Shoemaker, R. W. Wallace, C. W. Trainer of Mertzton, George D. Wallace, Clarence Smith, Wilfred Berger, Tina Ann Taylor, Addie Thorp, Peggy Reming, Lorene Fambrough, Roy Cooper, Lora Dell Ory, Fay Harris, Davie Dean and Kelso Locklin, Jackie and Gilbert Teagarden of Rankin, Sue Gilliam.

Mrs. Frank Turney, grandmother of Margie Fay, and Miss Mildred Turney of Christoval also were guests for the afternoon.

Raymie Jo McClelland Has Party On Fourth Birthday

Honoring her daughter, Raymie Jo, on her fourth birthday anniversary, Mrs. Ernest McClelland entertained a group of her friends on Saturday afternoon at her home.

Orangeade and cake were served to Jo Alice Evans, Jimmy Lightfoot, Billy Frank Decker, Davie Dean Locklin, Joe Richard Long, Blanche and Billy Wright Taylor; Maxine, Lila D. and George D. Chalk;

Frank Leslie; Eva Lee and Patsy Jo Moore; Katheleen Schwiening, Marolyn, Madolyn and Jimmie Powell, Patricia and Jamie Kelly of Texon, and Mary White.

Miss Edith McGhee
Marries San Angelo
Business Man

After a trip this week to Killeen and Temple, Mr. and Mrs. Ford Stansell of San Angelo, who married there Saturday, will live in San Angelo.

Mrs. Stansell, until her marriage at ten Saturday morning at the home of Mr. and Mrs. Leslie Nance in San Angelo, was Miss Edith McGhee of Sonora.

After she was graduated from high school here in 1931 Mrs. Stansell attended business college in Beeville where her mother's cousin, Mrs. H. G. Williams, lives. For a time she was employed as director of the National Reemployment Service in the office of the Sutton county relief administrator. During this last year she has been doing secretarial work in the office of R. S. Covey, superintendent of schools.

Mr. Stansell is the son of Mr. and Mrs. R. L. Stansell of Killeen and was graduated from the high school there in 1930. For the last three years he has been living in San Angelo and at present is one of the proprietors of Ford's and Jack's Service Station there.

Among those from here who attended the wedding at the home of the Nances, who formerly lived here, were: Mr. and Mrs. L. H. McGhee and children, Virginia, Jewell and Lloyd; Miss Audrey Rankhorn.

Feline Mrs. Dionne Didn't Like the "Hospital"

"Mrs. Tailspin," mascot of Newark airport, was mighty proud of her newly born quintuplets, but like Mrs. Dionne of Canada, she didn't

seem to care for the neat little hospital provided for them. In the photograph she is seen trying to move the little ones to her own

hideaway. The kittens are named U. A. L., E. A. L., A. A. L., T. W. A.—after prominent airlines—and A. T. D. in honor of Air Transport Day.

Mrs. Rees
Hostess To
Pastime Club

Including several guests, Mrs. Robert Rees was hostess to the Pastime Club Thursday afternoon of last week when she entertained with five tables of forty-two at her home.

Members present were:

Mesdames J. W. Trainer, Merton Shurley, J. A. Cauthorn, Richard Vehle, C. E. Stites, W. D. Wallace, Orion Brown, W. E. James, and Hi Eastland.

Guests were:

Mesdames Otto Vehle of Menard, Joel Shelton, Joe Berger, J. S. Glasscock, W. C. Warren, Charlie Hull, W. S. Ezell, J. F. Howell, W. R. Gilliam, J. C. Stephen, L. E. Johnson.

Mrs. Gilliam and Mrs. Cauthorn held high scores.

Ice cream and cake were served at the close of the games.

MRS. PENICK BADLY CUT
EARLY SATURDAY MORNING

Thirty-five stitches were required to close the wounds suffered by Mrs. J. T. Penick Friday morning of last week when she fell at her home on the San Antonio highway near the edge of Sonora.

She was washing a window near a hemstitching machine when she fell from the chair on which she was standing and was cut on a nail over which a spool of thread is placed when the machine is in operation. She was torn along the side of her body under the arm and on her arm.

Mrs. Penick's daughter, Dorothy, and her father-in-law, L. M. Penick, were at home at the time, Mr. Penick being only a few feet from her at the time.

Bridge Club
Members Guests
of Henry Deckers

Including Mr. and Mrs. J. W. McDermott of St. Louis, Mo., as the only guests, Mr. and Mrs. Henry Decker were hosts to the Sonora Night Club Monday evening at the home of Mr. and Mrs. J. T. McClelland.

Members present were:

Messrs. and Mesdames Frank Bond, Joseph Vander Stucken, George H. Neill, H. V. Stokes and S. H. Allison.

A Mexican dinner was served at quartet tables.

Mr. and Mrs. Neill won high score award and Mr. and Mrs. Bond won second high award.

Merrimakers
Entertained by
Mrs. Paul Turney

Mrs. Paul Turney was hostess to the Merrimakers' Club Tuesday afternoon at the home of Mrs. J. S. Glasscock.

Members attending were:

Mesdames L. E. Johnson, Richard Vehle, R. A. Halbert, J. A. Cauthorn, B. W. Hutcherson, W. D. Wallace and J. W. Trainer.

Mrs. Halbert held high score. Ice cream and cake were served at the close of the games.

**YOUR CHILD
AND THE SCHOOL**
By Dr. ALLEN G. IRELAND
Director, Physical and Health Education
New Jersey State Department of Public Instruction

The Scout's Trip

Preparations were being made for the annual hiking and camping trip of the Boy Scout troop. Food was the chief topic of discussion.

Some boys were worried about the amount they would have to carry, but the others had different ideas.

"We don't need to carry much," they said. "There are farms near camp and along the road we're taking."

"That's right, fresh vegetables and milk. Nothing better than that. The farmers have butter too, and we can get bread at the village store."

"What about the milk," asked one boy. "Will it be safe?" "Sure it will," replied one who seemed to be posted. "Some of the farmers pasteurize their milk at the farm and the other farms are approved by the state inspectors."

"Wait until you see those dairy barns," added another, "they're as clean as a kitchen. And you won't find any diseased cows either. The state is very strict. You'll drink milk all right, a quart every day. That's what I'm going to do."

"Peas and string beans will be ready, and young carrots, lettuce, and tomatoes. Boy! I can taste them now. Berries for dessert. Some eggs from the farmers and some bacon and meat from the store. We're all set. Let's go!"

In his next article Dr. Ireland will discuss the problems of touring, especially when children are along.

Club Meets
at the Home of
Mrs. W. C. Warren

Entertaining the Just-Us Club, Mrs. W. C. Warren was hostess to four tables of contract bridge at her home Monday afternoon.

Guests included Mesdames W. D. Wallace, J. C. Morrow, John Hamby, H. V. Stokes, Joel Shelton, Sterling Baker, W. R. Nisbet, J. C. Stephen and J. D. Westbrook. Mrs.

Gene Lightfoot was a guest later in the afternoon.

Members attending were Mesdames Hix Hall, G. H. Davis, J. F. Howell, W. S. Evans, R. A. Halbert, Edgar Shurley J. S. Glasscock.

The hostess served a salad plate.

Mrs. Baker received high guest score award and Mrs. Halbert high club award. Mrs. Shelton was fortunate in cutting.

Here's the Way New York Appears Now From Above Hell Gate

This new aerial view of New York shows the Hell Gate bridge in the foreground, linking Ward's Island, on the right, with Astoria

across the East River. In the rear of the Hell Gate Bridge are seen the cables for the new Triboro

bridge. Farther down the river are Welfare Island and the Queensborough Bridge.

RESOLUTION

The following resolution was passed at a called meeting of the Troop Committee and Officers of Troop 19, June 14, 1935:

Resolved that an expression of appreciation be drawn up and sent to R. W. Davis, Austin, Texas, in recognition of the fine spirit in which he has given this community the use of the Rodeo Park that we, with others, may have the opportunity to profit from the coming rodeo, using the funds gained thereby for sending six or more Boy Scouts to the National Jamboree at Washington. We feel that these boys, as well as the entire Troop, will join us in this expression—and, we all hope that Mr. Davis will be able to be with us to enjoy the program and that the program will be rendered in a way worthy of the gracious spirit that permitted it.

We feel that it is only proper to make public this recognition by having it published in the local paper.

Chief Pontiac Announcing!
"Silver Streak" Soon

LADY IN CENTRAL PARK HEARS A NEW VERSION

A dear old lady walking in Central Park recently saw, some distance ahead of her on the Mall, a group of little girls playing a game which she had played as a little girl. She remembered it perfectly.

You bounced a ball on the pavement with one hand and swung your leg over it as it rebounded, then repeated the action with the other hand and other leg. All the while you sang a song that went like this: "One, two, three, a-lairy—I spy Mrs. Sairy—sitting on a bumble-airy—one, two, three, a-lairy." You bounced the ball to this until you missed, then it was the next girl's turn.

Affected by a sweet nostalgia, the old lady approached the girls, determined to give them a dime for candy. As she neared the group, though, she became conscious of the words they were breathlessly chanting to the old, familiar tune: "Sally Rand has lost her fan—give it back, you nasty man!"

She put her dime right back in her reticule and walked on, nostalgic no longer.—From "The New Yorker."

Another radical change in the current of events is noted when the only mention of J. P. Morgan in the papers this week was in relation to his winning a prize at a flower show.—Knickerbocker (Albany, N. Y.) Press.

Rent it with a classified.

"Changing Country Life" To Be Theme of Short Course

Federal Aid Programs of Various Sorts Will Be Discussed July 28-Aug. 2

College Station, June 27.—"Every phase of agricultural operations from house to field is included in the program for the 26th annual Farmers' Short Course to be held at A. & M. College from July 28 to August 2," says Roy W. Snyder, chairman of the Short Course committee.

"What's more, every subject is tied up definitely with the theme, 'The Changing Country Life,'" he added. "The AAA, through its adjustment programs; the Federal Housing Administration, through its encouragement of building and improvement; the work in soil erosion control, are all represented."

Several programs are arranged around the subject of housing. There will probably be one showing some of the details of building and repairing, a program on house planning from the artistic standpoint, and something on storage for the whole farm home. There will also be exhibits showing water systems.

Wild Game Consideration
For making the home more attractive, plans have been made for special programs on home beautification such as control of rose diseases and insects, and soil management. This follows the program on rose propagation given in 1934.

Special demonstration courses in syrup, fruit juice, cheese and mattress making, the potting of plants, and the making of purses and moccasins have been planned in which individuals take an active part instead of listening to lectures.

A program on wild game conservation and the place of wild fowls on Texas farms and ranches has been scheduled. Poultry products come in for their share of attention with a demonstration on scoring poultry products to be given by Miss Zetha McInnis, home industries specialist.

Commodity Discussion Planned
According to the new plan being tried this year, each program has been assigned a certain day. On Monday, the day will be devoted to hogs; on Tuesday, sheep; Wednesday, beef cattle; Thursday, work stock; and on Friday, this special meeting on wild game preservation.

Since AAA discussions have been taking place all over the country, the Short Course committee has planned discussion groups on each commodity. These discussions will be given on the same days that the production program on a particular commodity is given.

Friday morning has been set for the wardrobe contest in which the women will model the dresses they have made by foundation patterns. One whole afternoon program will be devoted to the dyeing and cleaning fine fabrics, and other programs will be given over to home improvement, recreation and other subjects.

Night Programs For Children
A banquet has been planned honoring county winners in the bedroom improvement contest. At this banquet the state winners in bedroom improvement will be announced.

A special night program for the

PERSONALS

Miss Nina Roueche is the guest of her aunt, Mrs. R. C. Mobley, of Midland this week.

Mrs. Sammy Goodson of McCamey is the guest of Mr. and Mrs. W. J. Fields, Jr.

Mrs. B. M. Halbert and Mr. and Mrs. B. M. Halbert, Jr., were in San Angelo for the week-end.

Mr. and Mrs. Richard Vehle have as their guest this week their niece, Miss Louise Vehle, of Sherman.

Mrs. Rose Thorp and daughters, Miss Zella Lee and Miss Ches, were San Angelo visitors Monday.

Mr. and Mrs. Joe Hull and son, Rayford Lee, and Miss Muriel Simmons were in San Antonio Friday and Saturday.

Mrs. John Crowley and daughter, Nancy Charles, of Abilene arrived Monday to visit Mrs. Crowley's sister, Mrs. R. G. Nance, postmaster at Juno.

Faye Louise Weatherby returned to San Angelo Saturday after visiting here several weeks. She was accompanied by her sister, Mrs. W. J. Fields, Jr., who spent several days with Mr. and Mrs. Bob Weatherby.

"The Babe" Retires

A colorful career was probably concluded recently when George Herman (Babe) Ruth quit as a player manager in big league baseball. Unlike many notable characters engaged in entertaining the public, Ruth is said to have invested his income of the last few years in such a way that his future, financially, will cause him no worry.

ABLENE TEACHER WILL BE IN OZONA NEXT YEAR

The position of principal of the grade school in Ozona next year will be filled by Gerald E. Williams of Abilene a graduate of Hardin-Simmons University there.

During the last two years he has been a teacher in an Abilene ward school and also a coach of junior athletics. His team of juniors last year won the city football championship in Abilene.

Announcement of the appointment was made last week by C. S. Denham, superintendent of schools in Ozona, who is spending the summer in Henderson, Texas.

Mr. Williams will succeed M. M. Collins who resigned to accept a position as superintendent of the Hawley Texas, schools.

Failures Higher in May 1935 Than Month Last Year

Austin, June 27.—Commercial failures in Texas during May showed a substantial increase, both in number and in total liabilities as compared with the similar month last year, according to the University of Texas Bureau of Business Research.

An average of six failures per week occurred during May, the same as in April, against an average of only four per week during May last year. Total liabilities were \$231,000, a decline of 7.2 per cent from the previous month but an increase of 63 per cent over May a year ago; while the average liability per failure, \$10,500, was 3 per cent below that of April but 11 per cent above May last year.

"Why 'G' men?" asks a correspondent. Well, the "G" might stand for grit, "guts," go and get.—San Antonio Express.

THE SAME COUNTRY

By ROBERT V. FLEMING
Vice President, American Bankers Association

There is a growing appreciation, both on the part of the people and the Government, of the earnest and sincere efforts being made by bankers to aid in recovery. It is desirable that we miss no opportunity to foster public understanding of the bankers' problems. We are living in an age of complex and upset economic conditions. Our affairs are closely inter-related not only within the confines of our own borders but extend to other countries throughout the world.

The Greatest Difficulty
I think the greatest difficulty we have to overcome in America today is due to our impatience with the progress we are making towards recovery. We must realize that while the Government can help by directing some measures for relief and recovery, we must help ourselves by doing our share to give impetus to the Government's efforts. We have the same country and basically the same businesses, factories and people we had prior to the depression, and business initiative must step forward if real recovery is to be achieved.

The theory we often hear expressed that banks create business activity is wrong. Banking can only make a supplementary contribution to business activity. Bankers have the facilities and the desire to extend credit, but business must initiate activity by seeking the credit which is readily available to all worthy borrowers.

Let it be said for business, however, that business men are as eager as bankers to contribute towards recovery. I think some of the troubles in the fact that too many legislative measures have been proposed for reform which leave an uncertainty in the minds of business leaders as to their eventual outcome and effect. Consequently, they hesitate to expand until the probable effects of such legislation are known.

MAKING IT HARDER FOR BANK ROBBERS

Mechanical Devices That Impede the Work of Bandits Described by Bankers Association Official

The impediments which the hard working bank robber now meets in plying his trade among small as well as large banks are described by James E. Baum, Deputy Manager American Bankers Association in charge of its Protective Department, in an article in "Banking" published by his organization.

"Protective equipment will minimize if not prevent loss," Mr. Baum says, "such as the silent automatic type of alarm, approved tear gas systems, several styles of bandit resisting enclosures and timelocks, or safes equipped with timelocks, which can be set for intervals of a few minutes.

"The silent automatic alarms operate in the beginning of a holdup and through action carried out by the bank employees in obedience to the bandits' commands. They are adaptable to the smaller banks which continue to be easiest targets for bank robbery.

Tear Gas Systems

"Tear gas systems have their advantages as self-contained protective units where outside aid is inconvenient or too remote from the bank to be effective. One objection to the use of tear gas in preventing holdup is the need of pressing a lever or button to discharge it. Although this necessary action seems too much to expect of the victims in a crisis where their lives are in jeopardy, the fact remains that tear gas systems have defeated bank robbery. Its deterrent value is also important.

"Different styles of bandit resisting enclosures are available. The lock manufacturers also produce timelocks which can be set to open at intervals of five minutes or longer. These locks are especially adapted for attachment to small safes or chests for safeguarding surplus funds while the bank is open for business."

Agriculture and Industry

Returns for the first quarter of 1935 for industrial corporations publishing quarterly reports show net profits 21 per cent more than for the same in 1934. The total farm value of all important crops, exclusive of livestock, rose in 1934 to \$4,782,423,000, as compared with \$4,114,265,000 in the previous year and \$2,882,195,000 in 1932.

The newest central bank is that of Canada, which opened after an exhaustive study had been made of the experience of all nations with the result that the stock of the Bank of Canada is privately owned.

Brady Jubilee Has Many New Features

Governor Allred To Lead Parade Wednesday Morning

Brady, June 27.—Preparations have been completed for Brady's three-day annual July Jubilee and Race Meet and Rodeo, July 3, 4 and 5.

A wide variety of amusements are offered the thousands of visitors who annually come to Brady for this event. Horse races and rodeo each afternoon, starting at 2 o'clock, will be the main attractions. There will be five running races daily with thrilling rodeo features during the intermissions between races. A 12-stall starting gate will be used.

One of the rodeo features will be a cowboy basketball game each afternoon. This game is played on horseback and offers an entirely new attraction to the people of this section. Plenty of horses will be on hand to make Brady's tenth annual race classic one of the best ever staged in this section.

No admission will be charged to the picnic grounds at Richard Park where a wide variety of free entertainment will be provided for Jubilee visitors. Carnival attractions, music, speaking, free moving pictures and other amusements will be staged daily. The Queen of Brady's Jubilee will be crowned in a colorful coronation ceremony the night of July 2.

Governor James Allred will arrive the morning of July 3 to lead the grand opening parade of decorated cars and floats. The parade, featuring the Queen of the Brady July Jubilee and her duchesses, will move in royal procession through the streets of Brady and to the Jubilee grounds at Richards Park where Governor Allred will make the opening address.

Jar Weight Breaks Thumb

The weight of a three-gallon stone jar was sufficient Tuesday to break one of Mrs. G. W. Archer's thumbs. Mrs. Archer said yesterday that the accident was a "freak" one inasmuch as she was only lifting the heavy jar when the digit was injured.

Survey of Industry in Texas Expected To Bring Capital

Houston Economics Specialist Will Determine Possibilities of Lone Star State

Austin, June 27.—Governor James V. Allred announced this week completion of plans for a far-reaching industrial survey designed to provide jobs, attract outside capital into Texas and rehabilitate dormant and ruined industries.

The governor revealed that Dudley P. South of Houston, an industrial engineer of exceptional training, had already done several weeks of work in determining the feasibility and possibilities of the survey.

Mr. South, a graduate of Rice Institute and Columbia University, close associate of Dr. Walter B. Pitkin, will head the survey.

Governor Allred, pointed out that an industrial survey of Texas, with particular reference to getting men and women off public relief rolls into gainful private occupation, had been recommended by the Democratic Party in its convention last September.

Organizations Cooperating

"Inauguration of the Texas Industrial Survey," the Governor said, "with Dudley P. South as director, offers almost unlimited possibilities for co-ordinating public and private initiative to the end that jobs for the jobless will be provided and the entire industrial welfare of the state promoted.

"We have already received assurance of cooperation from leading civic organizations, including chambers of commerce throughout the state, the University of Texas and Southern Methodist University, also from many public-spirited citizens. An advisory council composed of prominent commercial and industrial leaders of Texas, will be announced shortly.

Also, a co-ordination committee, composed of several men who have worked with Mr. South in the preliminary surveys and will assist him in furthering the work."

Purposes Are Outlined

The governor released a statement from Mr. South briefly out-

lining objectives of the survey as follows:

"The function of this survey is to make available for all business enterprises such data as will enable them to expand their work, undertake new development, hire more men, and judiciously invest more capital.

"There are many types of manufacture which require little investment and use considerable hand labor. We are beginning our survey with this type in the foreground.

"There are also many major industries which require little investment and which could profitably establish such branches. We hope to furnish them with data that will convince them of the wisdom of coming here."

YEARLING EWES BOUGHT BY SUTTON MEN MONDAY

A total of 1873 yearling ewes were bought this week by R. A. Halbert and by Collier Shurley.

Mr. Halbert's purchases were in lots of 500 and 800 from W. P. Evans, Christoval, and John Stansbury, Eden, respectively. All of the animals will be put on the two Halbert ranches in this section.

A. E. Neal of San Angelo sold Mr. Shurley 173 head of yearling ewes and 400 head were secured by Mr. Shurley from Dan Weston of Knickerbocker.

All of the deals were for immediate delivery.

Three carloads of old dry ewes were sold recently by Halbert and Hoggett to L. F. Sneed, order buyer. Solid mouth animals brought \$2.50 and broken mouth ones \$1.25.

VERNON MORRIS HURT AT RACE TRACK THIS WEEK

"Honors" for first accident of the Race Meet and Rodeo are held by Vernon Morris, son of Mr. and Mrs. H. V. Morris, who was hurt at the race track Wednesday morning.

Two boys riding one horse were getting along very well when young Morris tried to mount the animal behind the two riders. He fell and suffered a fractured ankle.

Rustler on Tires Object of Warfare in 5 Ranch States

Cheyenne, Wyo.—War on the "rubber tire rustler"—the modern cattle and horse thief—has been declared by ranchers of five western states.

Alarmed at the mounting losses incurred through the operations of the rustlers, brand inspectors of Wyoming, Montana, Colorado, Nebraska and South Dakota will meet Sunday at Cody, Wyo., to map their campaign.

"The rustlers, in recent years have been at the mercy of the modern rubber-tire rustler, who makes a quick raid on herds, particularly horses, and speeds away with a few animals in a truck," said Russell Thorp, secretary of the Wyoming Stock Growers' Association.

"The modern rustler takes only a few animals, compared to the number that the old-time cattle thief drove away. The stolen animals, recently, have been disposed of principally at auction sales rings or direct to butchers, and ranchers, frequently, never know what happens to missing stock.

The campaign will be along somewhat different lines than the methods used years ago to discourage rustling when thieves frequently were hanged from the most convenient tree.

"The five states are going to work out a prospective agreement by which representatives will be present to inspect brands at all auction sales rings and all public markets," explained Thorp. "Thus information will be exchanged, and the records of sales will be made available to ranchers. In this way, the ranchers can trace their stock and recover money paid for it at any auction ring or public market."

TEXAS FARMERS WORKING ON ADJUSTMENT PROGRAMS

College Station—Farmers of Texas are carrying on adjustment programs regardless of all wild rumors that the recent Supreme Court decision endangers AAA and more than 70,000 new contract signers have shown up this year in the various commodities, according to George E. Adams, assistant state agent of the Texas Extension Service.

Adams reported that he traveled through 26 counties last week including the Lower Rio Grande Valley and in all of them the farmers are going ahead with the programs.

Confirming them in their confidence, Secretary Wallace issued the following statement a few days ago. "In cooperation with the leaders of Congress, amendments to the Agricultural Adjustment Act are being perfected which are intended to bring the Act's provisions as to marketing and licenses into line with the Schechter case decision and also to safeguard the farmers' voluntary adjustment program on basic commodities.

"These voluntary adjustment programs were not in the path of the Schechter case decision, and in no event could there be any question of the Government's ability to fulfill its contract with the farmers.

"Nevertheless, we have taken advantage of the decision to seek perfections in the law which will make certain the Government's authority to continue processing tax rates in accordance with the amended provisions of the Act."

CHILDREN'S PARTY MENUS ARE OFFERED

SIMPLE REFRESHMENTS ECONOMIC AND TASTY

Denton, June 27.—Children's parties are far more pleasing to them if the children are given the responsibility in planning and executing the plans. The art of being a charming hostess, or guest, is not a gift or something easily attained—practice and correct examples are necessary. Parties are enjoyed by all children and furnish a practical field for practical lessons.

Party refreshments may in fact be good as well as good for you, since some of the most appetizing foods are also among the most healthful. Ingredients should always be of the best quality and adequate time and care should be given to preparation.

Simple refreshments are especially to be considered for the small child's party, since digestive systems are easily upset at this age. Even the teen aged person will find these simpler refreshments delicious and satisfying.

All small children enjoy tea parties. The mid-afternoon lunch may appear in this form and serve both purposes. Gelatin plain or with fruit and a cookie may be molded into many attractive forms that will be appetizing to both younger and older children. A fruit sherbet or fresh fruit dessert is also healthful and well-liked.

We often hear criticism of food served to guests because it is too rich. This is not healthful for adults and is worse for children. Sponge cake is best for children; it is not rich with fat or sugar and has more eggs than the average cake.

GOVERNMENT BANK UNSUITED TO U.S.

Would Serve Politics Rather Than Business Needs, Says R. S. Hecht, Citing Previous Experiences.

QUOTES PRESIDENT JACKSON

Extent and Diversity of This Country Presents Different Situation From Europe and Makes Regional Banking Necessary.

WASHINGTON, D. C.—A refutation of arguments in favor of a government-owned central bank system for the United States is presented in a statement by R. S. Hecht, President of the American Bankers Association, on the basis of exhaustive studies of European central banks. He also points out the disastrous consequences of previous central bank experiments in America. "Our present regional Federal Reserve System under private ownership is infinitely better for this country than would be a government-owned and controlled central bank," Mr. Hecht says. "If history teaches us anything, it is that it is almost certain that a central bank so owned would be run to meet the varying exigencies of the government in power rather than to serve the commercial needs of the country."

Central banking has been tried twice in the United States, but was finally abolished because the credit control which the central banks exercised became objectionable and unpopular, he goes on to say.

What Andrew Jackson Said

"The continued existence of the Second Bank finally became a bitter political issue and President Jackson succeeded in abolishing it," Mr. Hecht says. "Permit me to quote from his farewell address: 'The immense capital and peculiar privileges bestowed upon it enabled it to exercise despotic sway over the other banks in every part of the country. From its superior strength it could seriously injure, if not destroy, the business of any of them which might incur its resentment. . . . If you had not conquered, the government would have passed from the hands of the many to the hands of the few; and this organized money power, from its secret conclave, would have dictated the choice of your highest officers. . . . The forms of your government might, for a time, have remained, but its living spirit would have departed from it.'"

When the Wilson Administration considered banking reform it carefully kept away from vesting central banking powers in a single institution and instead introduced the regional idea by creating twelve reserve banks located in different economic and geographical sections of the country. Mr. Hecht says, a plan that has worked exceedingly well because the separate banks are under the guidance of men chosen on account of their intimate acquaintance with the problems and needs of their respective territories. He adds: "The great size and diversity of America tends to make a central bank undesirable. The central banks of Europe such as the Banks of England, France and Germany, cover areas not as large as some of our states. A central bank in the United States on the other hand would be called upon to administer the financial policies of an area larger than all of Europe, in which there are quite a number of central banks."

Subservient to Popular Demand

"Moreover, history has proven that any banking system entirely owned and dominated by the government usually demonstrates much greater ability in aiding expansion of credit than in putting on the brakes at the right time to prevent undue inflation by restraining and contracting credit. This is easy to understand because in times of depression everyone is urging the government to make money and credit easy and to encourage expansion. "On the other hand, it always has been and always will be a difficult task for any government to call a halt in time of apparent prosperity because in the very nature of things the government would be very sensitive to public criticism and would hesitate to take any action which would tend to curtail business activity. It is such undue susceptibility to popular demands which makes government banking inherently weak."

"Our studies show that of all the central banks at present existing there are only four whose stock is owned by the government."

The American Bankers Association, Mr. Hecht says, is convinced that a central bank would not be in the interest of the public or the banks. Its position, he concludes, is "well understood by the President and the leaders in his Administration, for we have been absolutely frank with them in all of our discussions and have missed no opportunity for emphasizing that in our opinion no banking system will, in the long run, be sound if it is dominated entirely by the ever-changing political administrations. We should do all we can to keep our banking mechanism as far removed from partisan politics as possible."

H. L. Taylor Acting As Division Foreman

Headquarters in San Angelo But Probably Will Live Here

An appointment as acting general foreman of the San Angelo district, state highway department, was secured last week by H. L. Taylor, who has been an employee of the state highway department for eleven years with the exception of one term when Mrs. Miriam A. Ferguson was governor.

Mr. Taylor's work as section foreman in this territory is being done by C. E. Barfoot who has been his assistant. Office work is being handled by Hilton Turney at the warehouse in the western part of Sonora.

A. F. Moursund, division engineer, state highway department, San Angelo, tells the story of the Irishman who had been warned of sending long telegrams to headquarters about road conditions in his locality. Employees were told to send short telegrams and to give details in a letter later.

A short time afterward the following telegram was received from Pat:

"WHERE THE ROAD WAS THE RIVER IS FOLLOWED BY LETTER."

Mr. Taylor has headquarters in San Angelo as the district in which he is working includes such widely separated sections as Big Spring, Menard, Mason, Ballinger and Junction. For the next thirty days, he said this week, his work will probably be in Mason, Kimble and Menard counties where an unusual amount of work will be required in replacing highway and highway structures damaged by high water. Last week he was at work on bridges near Mason and Junction.

The appointments are considered only as temporary ones at this time, final action being taken by the Austin office.

Mr. Taylor said that he will probably continue to make his home in Sonora.

SONORA O. E. S. WOMEN AT ROOSEVELT MEETING

Mrs. Ardena Sped, Mrs. Ban Odum, Mrs. Merton Shurley, Mrs. W. P. McConnell, Jr., Mrs. J. C. Stephen and Mrs. J. D. Westbrook attended the installation of officers ceremony of the Roosevelt chapter of the Order of Eastern Star Saturday afternoon in Roosevelt.

Mrs. McConnell was installing officer when Mrs. Jessie Kirkpatrick was installed as worthy matron and J. F. Ragsdale as worth patron.

CAMP ALLISON

Mr. and Mrs. Jim Lucky were in Sonora Thursday of last week.

Mr. and Mrs. T. C. Thiers were in Sonora Tuesday.

Miss Helen Lowrey of Fort Worth is spending two weeks with Mrs. T. C. Thiers.

Miss Dee Trainer of Sonora was a visitor in the Camp Allison community last week.

Mr. and Mrs. Dave Joy and Miss Hazel Thiers were in San Angelo Thursday of last week.

Showing the Country to City Children

To create a rural atmosphere for the benefit of city children, the New York park department has built the "traveling barnyard" and play grounds, attracting crowds of little ones who never before have heard a chicken cluck or felt the soft nose of a calf.
