## Seven Days of Rain Drench County; Shearing Is Stopped

May Fall Nearly As Much As In Same Month—1935

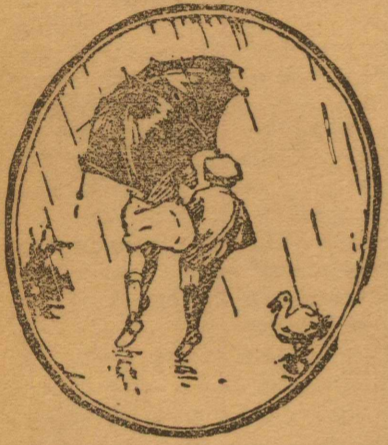

5.06 AT STATION

Moisture General In Ranch Country of West Texas

The Biblical quotation — "good measure, pressed down, and shaken together, and running over" — might be an apt description of the way residents of the "Stockman's Paradise" feel about the six and a half days of rain that fell in the period, Friday of last week to Thursday morning.

Thursday (May 28) was the seventh consecutive day rain has fallen in Sonora.

Nearly All Get Rain "Just the kind we needed" was the description most ranchmen

gave to the moisture received since last Friday. Few reported hard rains but all seem to have been blest with "a goodly portion" of the precipitation. One ranchman watched the rain in town Wednesday evening and remarked that on his place east of town it hadn't rained that hard but that he had received "good ones, just the same."

At the Sonora Wool & Mohair Co. the gauge showed that 3.28 inches fell from May 22 (last Friday) to 9 o'clock yesterday morning. The heaviest recording was Tuesday when 1.23 inches fell.

More Than 3 Inches at Station W. H. Dameron, superintendent, Ranch Experiment Station, says that the records there show 3.25 inches in the same period as that for which the wool house figures are given. Heaviest fall at the Station was Sunday when a total of 1.44 inches was recorded.

One ranchman says that he believes he has about a four-foot layer of soil over most of his ranch and that he has found it is well "dampened."

Precipitation in Sonora for May (to 9 a. m., May 28) was 7.93 inches, according to George D. Chalk, weather "prognosticator" and statistician, at Sonora Wool & Mohair Co. The fall of May 10 was estimated at three inches by Mr. Chalk. The gauge was blown over during that rain. Temperature ranges during May have been from a low of forty degrees (May 10) to ninety-six degrees (May 13 and May 18).

More Than 5 Inches This Month At the Experiment Station 5.06 inches had fallen in May up to nine o'clock Thursday morning.

In May, 1935, the Station records show, 5.96 inches fell during the entire month. Only .45 inches fell in May, 1934, and 6.52 inches in the 1933 month.

In June last year 9.93 inches fell. May rainfall at the Experiment Station (to May 28 at 9 a. m.) was divided in this manner:

.11—May 4; .97—May 8; .10—May 9; .09—May 10; .19—May 13; .07—May 14; .28—May 19; .06—May 22; .60—May 23; 1.44—May 24; .75—May 25; .36—May 26; .04—May 27.

Contractors Handicapped People traveling west from Sonora to Ozona were being permitted this week to travel on the road-work being done rather than on the detours which were considered al-

most impassable. The contracting firm has been able to work only fourteen days this month and will probably not work again until Monday.

Tom C. Davis, paving engineer, state highway department, was a business visitor here Wednesday and said that a contractor on the road between Marfa and Alpine had not been able to work for eight days. That highway has an elevation of 5,300 feet. Near it is Pasiono Pass, the highest point on the Southern Pacific Railway

## Scout Leader Here One of Two Men To Represent Council

Growth of Boys' Work in Large Concho Valley Area Told in Ballinger Monday

Appointment of Roy E. Aldwell, for many years identified with the Boy Scout movement in Sonora, as a national council representative for the Concho Valley Council was made in Ballinger Monday night.

Fifty-seven Scout troops in the council area entitled the organization to two representatives. Houston Harte, San Angelo publisher, is the other representative. He was named at the tenth annual meeting and banquet in San Angelo January 24. At the same meeting Mr. Aldwell was given the Silver Beaver Award.

Many West Texas Scouts One thousand two hundred and sixty-two boys are now working as Boy Scouts in the twenty-two counties of the huge Concho Valley Council area. A year ago only 1,030 were registered. There are also 126 Cub Scouts—younger boys who will in the course of time be full-fledged Boy Scouts of America.

Sonora Boy Scouts, who could not attend the Camporal at Camp Louis Farr, Mertzton, last week-end missed not a thing as the scheduled events were not held. More than 200 Scouts pitched camp but rain Friday night and Saturday forced those in charge to call off the Camporal.

Five weeks of camping will be started Monday at Camp Louis Farr for boys of the Concho Valley Council area. Fifteen men, not including a cook and two helpers, will comprise the staff in charge, named by Julius Johnson, San Angelo merchant and camping chairman of the Council.

Boys Here Camp June 7-14 Sonora boys are scheduled to be at the camp from June 7 to June 14, according to an announcement (Continued on page 4)

## CHURCH OFFICIAL TO BE IN SONORA SUNDAY

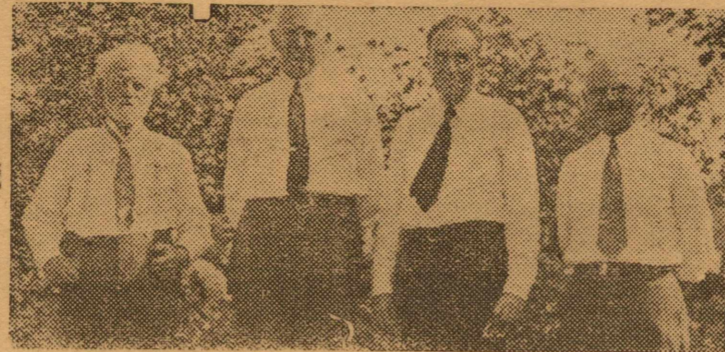

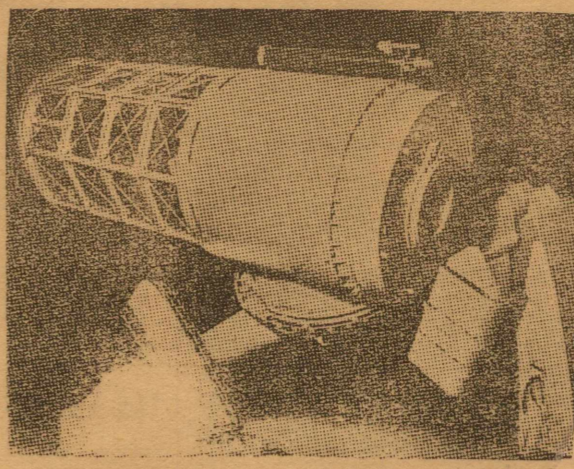

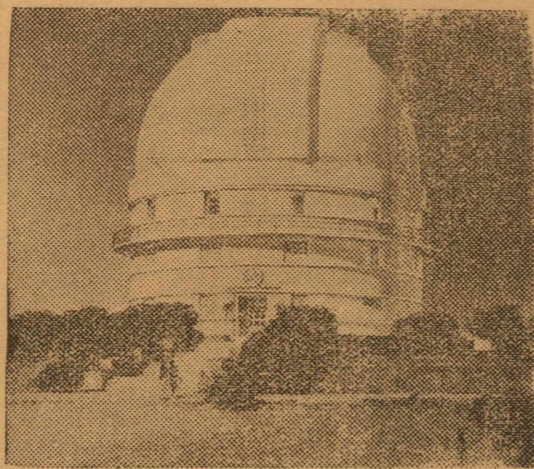

The quarterly conference with members of the Methodist Church will be conducted Sunday night by Dr. L. U. Spellman of San Angelo, presiding elder of Methodist churches in the San Angelo district.

Dr. Spellman will preach at the church Sunday night before the conference.

Last week Dr. Spellman was given an honorary D. D. degree by McMurry College in Abilene. He is a graduate of Southwestern University and of Southern Methodist University.

## NEW OBSERVATORY WILL ATTRACT CENTENNIAL VISITORS

In all likelihood there will be many a Centennial visitor to Texas who will pilot his automobile up Mount Locke, near Fort Davis, to see the million dollar McDonald Observatory under construction there.

Favorable atmospheric conditions on Mount Locke, with its elevation of 6,791 feet, caused it to be selected as the site of the institution, made possible by funds left the University of Texas by the late W. J. McDonald of Paris, Texas.

## Big Spring Attorney Here

A visitor in Sonora for a short time Monday was James T. Brooks, Big Spring attorney. Judge Brooks, formerly a district judge, was on his way to San Antonio to attend the Democratic convention in session there this week. Active in political affairs in Howard county, Judge Brooks stated that there seemed to be very few Democrats in his county who were not enthusiastic in their support of Franklin D. Roosevelt.

## Layelle Meckel Church Officer

Election of Lavelle Meckel, son of Mr. and Mrs. Ben F. Meckel, as secretary-treasurer of the Baptist Church was the principal business when the board of deacons met at the church Wednesday night. The new secretary-treasurer, who succeeds C. H. Allen, was a graduate of Sonora high school in 1934. After that he attended Baylor University.

## Son To Mr. and Mrs. Davis

A boy weighing seven and one-half pounds was born Tuesday of last week to Mr. and Mrs. Johnny Davis. The baby was named Jimmie Leon.

## Eighteenth Century Bible With "s" That Resembles "f" Difficult One To Read

If there were a prize given in Sutton county for the most interesting heirloom it would likely go to E. C. Saunders, veteran Sutton county surveyor.

Mr. Saunders has a yellowed Bible that was printed in the eighteenth century. The date of publication is expressed as

"MDCXCXI"

which, by consulting Webster, the curious one will find is 1791.

When the late Mrs. Saunders died she asked her husband to take care of the Bible and to see that it was bound. Mr. Saunders has done that and the book is in such shape now that it will probably remain intact many more years.

The volume, printed with the "long s" of olden days, was given Mrs. Saunders (Miss Helen McGregor before her marriage) by her mother, Mrs. Alex McGregor, for many years a Ballinger resident. Both Mrs. McGregor and her husband are dead now.

The "long s" style in which every "s" resembles an "f" makes the book very difficult to read.

Between the leaves of the faded volume was found an acrostic on the name, "Mary Ferguson," that of Mrs. McGregor before she was married.

The picture at the upper left is of the dome-shaped building which houses the telescope instrument.

At the right, above, is the 41-ton telescope being installed now in the building.

In the group below are the following:

Ambrose Swasey, 90, veteran head of Ambrose and Swasey, Cleveland manufacturing and engineering firm which made the telescope;

E. P. Burrell, director of en-

gineering for the Cleveland firm;

An associate of the other gentlemen;

H. L. Cook, employee of the Ambrose and Swasey firm for thirty-six years, who is in charge of the installation of the telescope as he was of a similar one for the University of Texas two years ago.

The NEWS and the Fort Worth Star-Telegram are, it is believed, the only newspapers in Texas to have published these pictures of the observatory, the telescope and that of Mr. Cook and his associates.

## Sonora Beats Ozona To Take Series of 5

Lowake Foe of Station A Team Here Sunday Afternoon

Winning their third of a series of five games the Station A Sonora baseball team Wednesday afternoon swamped Ozona, leading the Permian Basin League, by a score of 4 to 3.

Bud Smith pitched seven innings for the Sonora team, and then gave way to "Lefty" White who "filled the bill" in excellent shape by striking out four of the six batters who faced him. McLeod caught for Sonora. The game was played in Ozona.

Bryant and Myers did the first pitching and catching for Ozona but before the game was over Buchanan relieved Bryant. In seventh inning Buchanan knocked a home run over the fence.

Four hits were made by Sonora and six by Ozona. Two errors were made by each team's players.

Sunday the Lowake team plays two games in Sonora. Wednesday the Station A Sonora team travels to Iraan for a game and later in the month the Iraan team will play in Sonora.

Last Sunday the Station A So-

(Continued on page 4)

## Wool in Warehouse More Than Year Ago

Total of 730,000 Pounds With Much Shearing Not Done

Although ever-welcome rain has brought shearing in Sutton county to a virtual standstill the Sonora Wool & Mohair Co. has in its warehouse 730,000 pounds, of which 140,000 pounds is 8-months and 590,000 pounds 12-months.

One hundred and fifty thousand pounds of the 12-months is ungraded wool, it was stated Thursday.

W. J. Fields, Jr., manager, said Thursday that last year at this time there was about 300,000 pounds in the warehouse which can accommodate about 2½ million pounds. He estimated that this year the warehouse organization will probably handle two million pounds.

Mr. Fields estimates that shearing in Sutton county is not more than forty per cent completed. Sheep are shearing about fifteen per cent more per head than last year, he estimated.

The warehouse also has about 100,000 pounds of mohair in it at this time.

## Young President of College Suggests "Happy Life" Rules

Honors For Those of High School and Seventh Grade Awarded Friday Night

Happiness, success and a life of service may be attained by careful attention being paid to five cardinal points, seniors of Sonora high school were told Friday night at the commencement program which made them "graduates" rather than "students" of Sonora high school.

Don Morris, youthful vice-president of Abilene Christian College, principal speaker of the evening, was introduced by B. H. McLain, superintendent, as "an outstanding young man whose progress I have watched for years."

Lillie Marie Smith Speaks

The seniors marched into the auditorium as "Coronation March," by Meyerbeer, was played by Miss Marie Watkins. They sat on the stage with those on the program and members of the board, Sonora Independent School District. Lillie Marie Smith, who ranked second in scholarship, welcomed those of the audience and expressed thanks of the class to teachers and parents.

In Mr. Morris' address he named school, home, country, and one's Lord as being four things that the young people should remember in their life to come. These four, however, he explained, are worthless without a regard to the adage "to thine own self be true."

Diploma Award An Honor

"Remember these things," Mr. Morris urged, "put them all into practice and you young gentlemen will be as brave as the heroes of the Alamo and you young ladies as great as any queen."

"Soon you will be given a piece of parchment attesting that you have completed a course in the Sonora public school system and the Texas school system. It is no mean honor that you get such."

"It would be a great deal if that certificate only indicated that you had completed a course in the educational system of Texas in this state's Centennial year."

J. O. Mills, vice-president of the class, presented a trophy case to the school as the group's parting gift.

Wesley Sawyer Gives Valedictory

Wesley Sawyer, highest ranking student, made the valedictory address on behalf of the class—composed of sixteen members.

Lions Club medals were given Wesley Sawyer and Joe Nell Miers for having made the highest average

"Lion" and "Lioness" for the first six weeks of the 1936-1937 school term were announced this week as Violet Drennan and Web Elliott. The former was a senior this year and the latter was a pupil in the ninth grade. Violet's average was 94½ and Web's 89 3-4.

ages in the high school during the school year. His was 94.94 and Joe Nell's 96.37.

F. T. Jones, school principal, introduced the seniors to the board members and their diplomas were handed them by B. F. McLain, superintendent of schools. The Rev. T. O. Korie, pastor of the Methodist Church, spoke the invocation and benediction.

A complete list of the various honors earned this year by high (Continued on page 2)

## NEW MINISTER TO PREACH HERE SUNDAY, JUNE 7TH

First services to be conducted at the Methodist Church by the new pastor—the Rev. R. F. Davis, now of Alpine—will be Sunday, June 7.

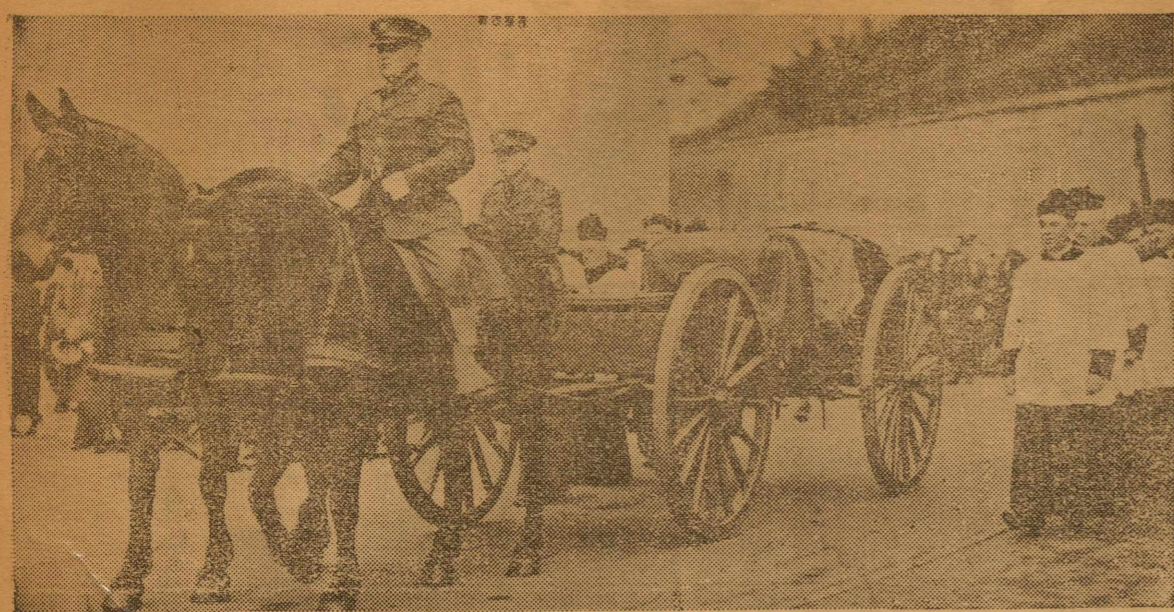

In an announcement to the NEWS Wednesday the Reverend Mr. Davis said that he and Mrs. Davis would come here Thursday, June 4.

There will be services at the church both morning and evening of the seventh, according to the letter written by the Reverend Mr. Davis.

Daughter To Mexican Couple

A baby daughter weighing eight pounds was born Sunday to Felix and Mrs. Noriega. The child was named Alisandra.

## Body of Martyr Priest on Way to Belgium

After almost half a century's rest in the island where he found his life work and welcome death, the body of the famed martyr priest, Father Damien de Veuster, apostle to the lepers of Molokai, arrived in San Francisco on the army transport Republic, enroute to Belgium. The photograph shows the casket being carried on a gun caisson to St. Mary's cathedral where it lay in state before being sent eastward.

### Young President of

(Continued from page 1)

school students is as follows:

**Honor Certificates**

Seventh Grade: Myron Morris, Marjorie Davis.

Eighth Grade: Louise Briscoe, Jimmie Gwynne Langford, Wanda B. Rape, Margaret Sandherr.

Ninth Grade: Vicenta Sanchez, Rena Glen Shurley, Jim Taylor.

Tenth Grade: Emmalou Logan, Joe Nell Miers, Dickie Vehle.

Eleventh Grade: Kenneth Babcock, Violet Drennan, Nora B. Hill, J. O. Mills, Wesley Sawyer, Dora Shroyer, Lillie Marie Smith.

**Honor Roll, 1935-1936**

Myron Morris, Marjorie Davis, Louise Briscoe, Claude Thomas Driskell, Katha Lea Keene, Jimmie Gwynne Langford, Margaret Ada Martin, Wanda B. Rape, Margaret Sandherr, Robby Jo Wyatt.

Vicenta Sanchez, Jack Shurley, Rena Glen Shurley, Gariand Slaughter, Jim Taylor, Serena Trainer, Marion Elliott, Emmalou Logan, Jo Ann Marion, Joyce McGilvray, Joe Nell Miers, Dickie Vehle.

Kenneth Babcock, Violet Drennan, Nora B. Hill, Wilma Hutcherson, Lunetta Marion, J. O. Mills, Wesley Sawyer, Dora Shroyer, Lillie Marie Smith.

**Perfect Attendance, 1935-1936**

Violet Drennan, Emmalou Logan, Garland Slaughter, Robby Jo Wyatt, J. C. Norris, Wanda B. Rape, Paschall Odum.

**Typewriting Awards**

Kenneth Babcock (65 words per minute); Lillie Marie Smith (50 words per minute); Wesley Sawyer (45 words per minute); Wilma Hutcherson (45 words per minute); Nora B. Hill (40 words per minute).

Marjorie Davis, whose average was 92 5-8 and Myron Morris whose scholastic ranking this year has been 97 7-8 were given scholarship pins in recognition of the work they have done in the seventh grade.

**Glass Blades**

Razor blades made of glass are reported from Czechoslovakia—they are inexpensive and, although they cannot be resharpened, they have a keen edge.

**WARNING!**

Positively no swimming allowed in tank on Baker Ranch. (adv.) COLLIER SHURLEY

### PERSONALS

Raymon Morgan spent last week in Llano.

Miss Johnnie Allison left Saturday to visit with her parents in Brownwood.

Mrs. Lula Belle Dunn of Forsan is visiting her parents, Mr. and Mrs. W. E. Caldwell.

Miss Elizabeth Francis left Tuesday for a visit with her parents, Mr. and Mrs. Carl Francis, in San Antonio.

Mrs. Claudia Sanders left Saturday morning for Austin where she will study; later she will visit in Houston.

Mrs. Josie McDonald left Wednesday for a visit in Del Rio with her son, Dr. J. A. McDonald, and Mrs. McDonald.

Miss Lita Ray left Sunday for her home in Fort Worth; later in the summer she will enter the University of Texas.

Mrs. Sam Karnes and daughter, Anne, returned Monday from a short visit with her parents, Mr. and Mrs. Will Drake, in San Angelo.

Miss Elizabeth Caldwell will leave June 10 for Ohio where she will study at the Cincinnati Conservatory of Music, for six or eight weeks.

### O. E. S. INSTALLATION OF OFFICERS MONDAY

At the Masonic Hall Monday night a public installation of officers of the Order of the Eastern Star will be made.

The officers are: Worthy patron, Mary Lee Hull; worthy patron, Merton Shurley; associate patron, Ardena Speed; associate patron, W. L. Davis; secretary, Mamie Awalt; treasurer, Pearl Smith; conductress, Vida Lightfoot; associate conductress, Della Logan.

Elective officers installed were: Adah, Julia Heinze; Ruth, Tena Patton; Esther, Maysie Brown; Martha, Jessie Johnson; Electra, Thelma Rees; chaplain, Juliet Driskell; marshal, Buena Davis; organist, Iris Locklin; warden, Marguerite Turney; sentinel, Joe Logan.

**The First Auto Radio**

The first automobile radio was built in 1922 by William Lear of Quincy, Ill. Regular factory production did not begin until five years later.

### Alta Pearl Lively and Robert Hamer Lead Young Pupils

#### Elementary School Honor Pupils Named During Commencement Program

An interesting part of the commencement program for elementary school students Thursday night of last week was the announcement by F. T. Jones of honors that had been earned by the younger students during the school year.

The elementary school this year has been the "workshop" of all school pupils from the first to the sixth grades, inclusive. The seventh grade, taught by Miss Deal, was in the high school building and honors won by students in that grade are given elsewhere in this week's NEWS.

Students who excelled in the Elementary School to win medals offered by the Lions Club were:

**Intermediate Department** (Grades 4 to 6, inclusive): Alta Pearl Lively, average 93.18; Robert Hamer, average 87.3.

**Primary Department** (Grades 1 to 3, inclusive): Billie Cartwright, average 96.1; Don Nichols, average 92.2.

Other awards of various kinds were won by the following:

#### SIXTH GRADE

Perfect Attendance: Mary Jo Rape, Odell Odum.

Third Six Weeks' Honor Roll: Doris Keene, Doris Meckel, Mary Jo Rape, O. L. Richardson, Betty Grace Vehle.

Honor Roll, 1935-1936: Doris Meckel, Mary Jo Rape, Betty Grace Vehle.

#### FIFTH GRADE

Perfect Attendance: Mabel Davis.

Third Six Weeks' Honor Roll: Willie Nell Hale, Mary Gwendolyn Wyatt, Addie Thorp, Louise Merrihan.

Honor Roll, 1935-1936: Willie Nell Hale.

#### FOURTH GRADE—Upstairs

Perfect Attendance: Justin Odum.

Third Six Weeks' Honor Roll: Justin Odum, Peggy Reming, Edith May Babcock.

#### FOURTH GRADE—Downstairs

Third Six Weeks' Honor Roll: Alta Pearl Lively, Margie Crowell, Lois Morris, Betty Lou Shoemake, Edna Lee Wilson.

Honor Roll, 1935-1936: Lois Morris, Margie Crowell, Betty Lou Shoemake.

#### THIRD GRADE

Third Six Weeks' Honor Roll: Sidney Awalt, Sybil Burleson, Billie Cartwright, Marguerite Howell, Warren Reddech, Lois Whiddon, Eugene Shurley, Don Nichols, Claude Draper, Geraldine Meckel.

Honor Roll, 1935-1936: Marguerite Howell, Lois Whiddon, Billie Cartwright, Sybil Burleson.

#### SECOND GRADE

Perfect Attendance: Davey Dean Locklin.

Third Six Weeks' Honor Roll: Sammie Jeanne Allison, Lila D. Chalk, Patsy Draper, Frances Jo Lancaster, Geraldine Morrow, Betty Gene Rankhorn, Margaret Pearl Smith.

Honor Roll, 1935-1936: Margaret Pearl Smith.

#### FIRST GRADE

Third Six Weeks' Honor Roll: Ethel Mae Alley, Charlene Hull, Carolyn Johnson, Helen Kasper, John Allen Ward.

Lions Club awards in the L. W. Elliott School went to:

Intermediate Department (grades 6 to 8, inclusive): Esther Virgen and Alberto Tijerina.

Primary Department (Grades 1 to 5, inclusive): Dionicio Gomez and Adelmira Arrendondo.

### FIND RECORDS OF XERXES' CAMPAIGNS

#### Unearthed by University of Chicago Scientists.

Chicago.—Army records of Xerxes, ancient Persian emperor whose legions were defeated by the Greeks at the battles of Marathon and Salamis, have just arrived at the Oriental Institute of the University of Chicago. The records, incised on 20,000 clay tablets in cuneiform characters, were found by the university's expedition at Persepolis, Persia.

The army records were found in a room of the army garrison east of the Great Palace terrace at Persepolis, the "Versailles" of ancient Persia, construction of which was begun by Darius and finished 49 years later by his son, Xerxes, some 2,400 years ago. Persepolis is being unearthed and reconstructed by the Oriental Institute.

Dr. George G. Cameron, instructor in Oriental languages at the university, who will undertake part of the task of translating the army records, pointed out that the repulse of the Persians by the Greeks was vital to the national life of Greece. It was not a crushing blow to Persia, for the Persians, dominating the largest empire the world had seen up to that time, had armies of imperial conquest on many fronts from time to time.

The tablets bearing Xerxes' army records were coated with paraffin before being shipped, to aid in their preservation. They were discovered by a party digging under the direction of Dr. Erich Schmidt, field director of the institute's expedition.

The Oriental Institute announced recently the discovery of seven stone tablets, "cornerstone" documents at Persepolis, in which Xerxes listed his provinces. In this list, obviously inscribed before the battle of Salamis in 485 B. C., Xerxes lists "the Ionians that dwell on the sea and those that dwell beyond the sea" as among his tributary peoples.

### Drives Bus 600,000 Miles Without Single Accident

Omaha.—No aviator, but a 600,000-mile man is Dean O. McGrew, of this city.

McGrew, a driver for a bus company, has been wheeling big passenger transports since 1925, without a single accident.

At present he is on the Omaha-North Platte division of the Omaha-North Platte run. He makes a round trip every three days. The distance is 289 miles.

The safe driving record McGrew attributes to the fact that he has tried to follow the ordinary precepts of good driving. His schedule requires an overall average, including stops, of from 38 to 40 miles an hour.

He has one particular trick that helps him in driving. Unable to see down over the right side of the hood, to watch the curb or other obstacle, he has learned to "sight" over the hood, so that he can drive the bus within an inch of a curb that he cannot see.

McGrew can size up another driver half a mile away, and pretty well tell whether he is a motor maniac or a sane driver. Small haulers are the worst menace, he says. They are apt to have glaring lights, and won't stay on their own side of the road. McGrew always aims to stay 12 or 18 inches on his side of the pavement center lines.

### Student 'Grubstake' Doubles in 23 Years

Berkeley, Calif.—A "grubstake" loan fund of \$349 donated to the University of California in 1908 has now grown to \$612.91. The original loan was brought to President Benjamin Ide Wheeler in 1908 by a messenger from some unidentified person who wanted it to be used to "grubstake" some student through college.

The original amount was \$350, but President Wheeler gave the messenger \$1. The remaining \$349 was kept invested when it wasn't "grubstaking" some student, until it has reached its present proportions.

### Mountain Farmer Is "Carving" Out Home

Huntsville, Ark.—Dewey McCullah, thirty-seven years old, mountaineer farmer, with a second-hand ax, a draw knife, a wife and six children is carving out his future home atop a mountain near here.

McCullah bought 80 acres of unimproved land, signing a note and mortgage for the farm.

Borrowing \$44.20 to buy food supplies, he took the ax, knife and his family and settled on the farm.

Six months later saw the McCullahs living in a comfortable two-room log cabin with a barn, chicken house and smokehouse erected nearby.

Five acres of tillable land had been fenced with hand-riveted pickets, and a wheat and oat crop harvested. The land was tilled by hand with a grubbing hoe made from the spring of a motor truck, and a weeding hoe from a cross-cut saw serving as implements.

## Eagle Scout Tells of Jamboree To Win \$5,000 College Scholarship

New York, May 27.—The great game of Scouting points the way to world peace according to Eagle Scout Owen W. Matthis, 3rd, an able Sea Scout and Divisional Officer of Regional Sea Scout Flagship "Columbia" and member of Troop 83, Portland, Oregon.

Matthews was the winner recently of the Eddie Cantor \$5,000 scholarship prize essay contest entitled "How Can America Stay Out of War."

#### Scout Camp Provided Basis

One of 212,000 entries submitted, Matthews' whole approach to his subject was based on his two weeks experience camping in a foreign country with 30,000 Boy Scouts from forty-six different lands plus the friendships with foreign boys in the years that have followed.

The fourth World Scout Jamboree which Matthews attended as one of the 402 Scouts and leaders from the United States was held at Godollo, near Budapest, Hungary. The four judges of the essay contest—Robert M. Hutchins, president of the University of Chicago; Frederick Bertrand Robinson, president, College of the City of New York; Ray Wilbur, president, Leland Stanford University, and Henry Noble MacCracken, president of Vassar College—based their decision on the quality of "the most constructive, sincere and interesting letter, regardless of fancy writing and technical knowledge."

#### Boy a Junior Scoutmaster

Matthews has a Scout record reflecting his leadership qualities. Successfully he served his troop as Patrol Leader, Senior Patrol Leader and then Junior Assistant Scoutmaster and he has had extensive experience at Camp Meriwether, the camp of the Portland, Ore., Boy Scouts.

Matthews' winning essay follows:

"My idea of how America can stay out of war is based on my personal experiences.

"I am an Eagle Scout and have been in Scouting for seven years. Through Scouting and other worthwhile youth movements is the way this can be accomplished.

"The spring of 1933 I heard of the coming Fourth International Scout Jamboree to be held in Godollo, Hungary, and made my plans to attend. I went to the Jamboree and there found my solution for future world peace. While a member of this wonderful Jamboree I learned what true brotherly love meant.

Met Friendly Boys Everywhere "In Europe wherever we met a

person in the Scout uniform we knew he was our loyal friend and brother. Although unable to converse with some foreign Scouts, their actions always bespoke friendliness.

"All boys at the Jamboree wanted to be friends and we made new ones every day. By actually living for two weeks with thirty thousand foreign Scouts we learned that they thought and acted just as we did, even though their color and creed might be different. We loved these brother Scouts as much as those in America. Throughout the Jamboree encampment covering many square miles was an attitude of friendliness and good will, no thought of enmity, everyone showing their paramount thought of creating world peace for the future.

#### Friendships Maintained

"The benefits from this Jamboree are being manifested as time goes on. I am corresponding with eight Scouts I met at the Jamboree who live in the following countries, Estonia, Luxembourg, England, Austria, Persia, Syria, South Africa and Australia. We exchange stamps, songs, literature and various articles pertaining to our respective countries and thereby continuing our worthwhile friendship. After these contacts how could we ever want to go to war against each other?

"If the United States government sent picked groups of youth to these international gatherings, expenses paid, it would open the eyes of youth the world over as to the futility of war. Upon their return to America they should deliver lectures in schools and to older organizations telling the thoughts of youth in regard to war with other countries. If taught in youth the crime of war, as adults these boys will wholeheartedly disfavor war. Peace gatherings and encampments of youth from all countries will do more to further world peace than adult peace conferences held in some castle or other building.

#### Intelligent Voting Needed

"Stress the movement for intelligent voting at the polls, to see that the only people sent to Congress are those who will do everything humanly possible to always vote to keep us out of war.

"If we teach our youth of today the crime of taking human life, as in war, they will vote in the future to never leave their own shores to fight against other nations.

"Thus America can stay out of war."

### MEXICAN WOMAN DIES OF RECENT BURN INJURIES

Funeral services were conducted in San Angelo Thursday of last week for Mrs. Lorenzo Trevino, 18, who was severely burned at her Sonora home April 29.

Mrs. Trevino, sister of Chico Chavez, employee of Hotel McDonald for many years, had been recovering in San Angelo since the accident which happened when she was attempting to carry burning gasoline from her home.

She was buried in Fairmount cemetery in San Angelo after services conducted by the Reverend Padillo.

#### Student Returns To Sonora

The summer vacation will be spent with Mr. and Mrs. W. R. Barnes in Sonora by Miss Mary Barnes, who has been a student this last year in St. Theresa's Academy. Miss Barnes came here Wednesday afternoon from San Antonio.

**35 YEARS AGO**

Mal Walters, one of the good looking cowboys was in from the Whitehead ranch Wednesday and expects to lay off for a few days.

W. A. Glasscock the prosperous stockman was in Sonora Monday; he had just returned from a trip to San Angelo and reports business rather dull.

George Haley one of the popular young cowboys was in Sonora Wednesday from the John Robbins ranch where he has his cattle.

R. F. Halbert the well known stockman left for Fort Worth Monday to attend the convention.

Bill Ike Babb and son, Will, were here this week.

Gid Hill the handsome mutton buyer was in town Wednesday on the look out for muttons. Gid says Sam Duncan is getting along all right.

John McKee the stockman was in Sonora Tuesday from the Gunzer ranch and says they had good rains out there and the stock doing all right.

B. F. Bellows says if it does not rain before tonight he will have two houses off his hands. At the rate of a house a week from each carpenter Sonora would soon be a city.

Mr. and Mrs. Thomas Bond were in Sonora this week from their ranch in the southern portion of the county.

B. M. Halbert, cashier of the Bank of Sonora, has gone on a vacation for his health.

**Stock Items**

A. C. Fambrough sold to Dr. A. L. Taylor 30 head of stock horses at \$8 per head.

Fred Koenig sold to Ben Hill 41 head of cows and calves, off colors, at \$15 per head.

E. J. Jackson sold 140 head of stock cattle to Ben F. McDonald at \$17 a head everything counted.

A. P. Belcher received Monday from Ed Corbett 39 feeder bulls at \$24 per head.

Ed Putman was in Sonora Saturday and reports having bought 400 head of stock goats from T. J. Moss at \$1.50 per head.

**Manager Applies Penalties**

St. Louis, Mo., May 27.—Frank Frisch, manager of the St. Louis Cardinals, decided to pep up his team by fining inept players. A Cardinal, with one or none out, who failed to drive in a runner from third was to be assessed \$5. Frisch with the first fine-payer; with the bases filled, he hit into a double-play, fined himself \$10. Walter O. Briggs, wealthy owner of the Detroit Tigers, had to withdraw his offer of \$50,000 to his team if they won the American League pennant. League officials feared dissatisfaction among other teams.

**Reduced Prices NOW!**

Percolators, toasters, lamps—at One-Fourth to One-Half off! Buy now and save. West Texas Utilities Co.—adv.

**CITIZENS WARNED ABOUT DANGER OF MOSQUITOES**

Discarded cans which might contain water which would serve as breeding places for mosquitoes should be taken care of at once, according to a warning issued Thursday by J. Franklin Howell, county health officer.

If the cans cannot be hauled to the city dump they may be turned over so they will not serve as receptacles.

Cans and stagnant pools of any kind, created as result of the recent rains, should be destroyed so that disease-carrying insects may not be bred, the officer reminded.

**Sonora Young Man To Work Here**

Work will be done in Schleicher, Sutton and adjoining counties for the next month by Lea Roy Aldwell, an investigator for the Texas Old Age Assistance Commission. Mr. Aldwell, son of Mr. and Mrs. Roy E. Aldwell, works out of the San Angelo district office of the commission.

**Banks Rapidly Reduce Debt**

Although the sum of \$1,860,000,000 has been advanced to banks and trust companies by the Reconstruction Finance Corporation since it began operations in February, 1932. Down to April 30, 1935, these institutions have repaid no less than \$1,340,000,000, or more than 72%. This rate of repayment is reported as being considerably in excess of that made by any other type of borrower.

Loans were authorized by the Reconstruction Finance Corporation to 7,396 banks and trust companies in an aggregate amount of \$2,350,000,000, but of this sum \$345,000,000 was withdrawn or cancelled and \$140,000,000 has not yet been taken out by the borrowers.

**Simplification of Bank Checks**

New York.—In a bulletin issued by the Bank Management Commission of the American Bankers Association, plans are described for carrying on the simplification of bank checks, notes, drafts and similar instruments in respect to size and uniformity of arrangement of subject matter.

Detailed recommendations for this end were formulated by the association about ten years ago, the bulletin says, and promulgated by the United States Department of Commerce among banks, business houses using large numbers of checks, commercial stationers and lithographers. As a result about 85 per cent adherence to the recommendations was brought about. The present bulletin, which describes the standard specifications in full, is issued to maintain this high level of adherence to the recommendations.

**Fleas and Taxis Bring**

**End to Coaches in Italy**

Rome.—The old "Jehus" of Rome are passing like coachmen the world over. Some blame the decadence of the "carrozza" on the gasoline age, but all tourists will tell you that the worst enemy of the carriage is the flea.

Fleas thrive in the battered upholstery of the vehicles which for hundreds of years have rattled through the cobbled, narrow streets of Italian cities.

Sightseers gradually shied from the carrozza and took to taxis. From 5,000 carriages in 1928 the number in Rome has fallen to below 300.

**Canary Singing Tourist;**

**Takes a 14,400 Mile Trip**

Fremont, Neb.—Mr. and Mrs. E. N. Morehead had nothing but praise for their canary as a traveling companion after their return from a 14,400-mile motor tour. The bird, they reported, sang all the way and even entertained guests at restaurants where they stopped.

**Want More Laughs in**

**Shakespeare's Plays**

Temesvar, Rumania.—William Shakespeare had better keep away from this section in the future unless he puts more laughs into his plays.

Peasants of a nearby village who were disappointed in the comedy in the famous tragedy, King Lear, said that unless the author keeps his distance, "we will not guarantee his safety." They interrupted the performance "because there was nothing to laugh at."

Amid shouts and jeers the director sent an actor before the curtain to present himself as Mr. Shakespeare, the author, who would attempt to explain his play.

"You are a crook to write works which do not give good laughs for our good money," the furious peasants shouted at the actor. He left the stage hurriedly.

**George Brockman a County Agent**

Work as assistant county agent in Reeves county has been assumed by George Brockman of San Angelo, son of Mrs. George Brockman, a sister of E. F. Vander Stucken. Mr. Brockman was graduated from Texas A. & M. College in 1935. In his new work he will have headquarters at Pecos, the county seat.

**Recovering From Burn Injuries**

Painful injury was received by Mrs. Joe M. Vander Stucken last week when she spilled hot grease on her ankle and foot. She is better this week.

**Choose your car for the things that count!**

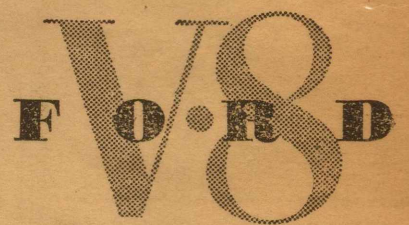

See first what a difference that V-8 Feeling makes

ALTHOUGH the Ford is one of the lowest-price cars, it is the only V-8 car below \$1645. That's why you can't really judge it till you drive it. Till you feel the smoother flow of its 85 horsepower—its swifter pick-up—its easier power up hills and at fast cruising speeds.

And you'll find other outstanding points in a Ford V-8. The riding comfort of a 123" springbase—almost a foot longer than wheelbase. Remarkable stability over rough roads and on turns. The complete security of a steel body, with safety glass all around, and big Ford Super-Safety brakes.

These explain why Ford owners feel so pleased—as they report gas mileage equal to less powerful cars—and no oil added between regular changes. Ford owners get extra benefits in performance—yet pay no extra for them. Choose your new car as Ford owners do—for the things that count.

Performance with Economy

Terms as low as \$25 a month, after down payment, under new UCC 1/2% a month plans. Prices \$510 and up, F.O.B. Detroit, including Safety Glass throughout in every body type. Standard accessory group extra. BUILT IN TEXAS BY TEXAS LABOR

**AFTER ALL, ANYONE  
 CAN FIND SOMETHING  
 TO BE WORRIED ABOUT**

Some people cannot find the "silver lining" in a cloud even if that cloud happens to be one which is giving at that particular moment moisture that will mean much to the country in which that person is living.

Even while rain was falling this last week some were heard to remark gloomily that a drought was bound to come, that "a rain like that" never fell without a drought coming in its wake.

They may be right. We wouldn't go so far as to say they were or were not. After all we've lived in West Texas only eight years.

Right or wrong, though, we cannot see how matters may be helped by mournful predictions of drought to follow glorious rain. One may always find something to worry about. Right now, however, it seems one should "bend every effort" to enjoying to the fullest weather conditions which presage economic conditions in the ranch industry the like of which have not been seen for several years.

Yes, there may be a long, droughty "spell." But, after all, haven't the rains been wonderful?

**More White May 1 On Map Showing Country's Business**

This map represents business conditions in every state of the Union as shown in June, 1936, issue of "Nation's Business" official publication of the United States Chamber of Commerce

April was cold and generally dry. Crop preparation and planting was late. Considerable damage to winter wheat and orchards was reported. Early crop promise seemed below a year ago. Flood damage of March, however, proved rather less than earlier feared. Railroads in flooded regions suffered from track and traffic diversion.

Trade and manufacturing in

April gained over March and April a year ago. Steel output and utilization showed especially heavy gains. The stock market lost most of the first quarter's price gains.

Food prices led in strength in April but easing in manufactured materials, fuels and oils more than offset this, causing the price index to decline for the fifth successive month, leaving it, however, still a shade above a year ago. Carload-

ings fairly well maintained earlier gains. Bank debits and clearings increased over 1935 with the percentage rise in debits three times that of clearings. Failures fell somewhat below a year ago.

**The Map "White" Is Larger**  
 Another slight whitening of the map reflects the expansion of spring trade and the maintenance of manufacturing activities.

**Sonora Beats Ozona**  
 (Continued from page 1)

sonora team took two games from the Veribest entry in the Concho Basin League. The first, a six-inning affair, was won by a score of 13 to 0, and the last (seven-innings) was won by a 14 to 6 score. Box score of the game Wednesday was:

**Governor Not Able To Be Here in June**

**His Representative May Come For Camp Allison Barbecue**

Publicizing of Texas and its Centennial Year as practiced by James V. Allred, governor of Texas, goes further than his public life.

So one may judge by the engraved, personal stationery on which Governor Allred has written Alfred Schwiening that he cannot attend the Camp Allison Barbecue June 9 and 10.

Directly below the date on the letter is typed "Texas Centennial Year." Governor Allred's letter to Mr. Schwiening reads:

"I deeply appreciate your letter of the 18th inviting me to come there on June 10th and regret that owing to another engagement I already had it is going to be impossible for me to be with you. If you desire, and will advise me, I shall be glad to designate a member of my official family, or other personal representative, to represent me on this occasion . . ."

Mr. Schwiening this week asked the governor to send someone here to represent him at the barbecue.

Ready acceptance of Mr. Schwiening's invitation was given this week by Coke Stevenson of Junction, well known to Sutton county people as an attorney and as representative in the eighty-sixth legislative district. Mr. Stevenson's letter said, in part:

"I will, of course, be glad to attend the Camp Allison Barbecue and will make a few remarks if you need me to do so . . . If you have enough good speakers to take up all of the time, I will be glad to step aside and let them do the speech making . . . The main thing to keep in mind is to keep the Camp Allison Barbecue up to the high standard of successful entertainment which it has always maintained."

**Scout Leader Here—**  
 (Continued from page 1)

this week by John Eaton, Scoutmaster. Mr. Eaton said Thursday that boys who intend to go to Camp should get application blanks from him at once so that their registrations might be sent in at once.

On Sunday, June 7, dedication services for Yates Hall, chief building of the camp, will be held. The program, as announced by the Council office this week, is:

Band concert, Boy Scout Band, San Angelo; flag raising; invocation, by the Rev. Ralph Grant, San Angelo; talk, history of Yates Hall, Houston Harte, San Angelo.

Recognition of Ira G. Yates, Fayette Tankersly and Louis Farr—by John Y. Rust, president-emeritus, Concho Valley Council.

Address, Bill McIntosh, San Antonio; retreat and benediction, by Dr. K. P. Barton, pastor, First Methodist Church, San Angelo.

**Thankful For Something**  
 Memphis, Tenn., May 27. — "Thank God for a civilized country," was the comment of Dave Sweetman, 71, who arrived here from Tulsa, Okla., having plodded the 435 miles between the shafts of a farm wagon bearing his wife and three small children.

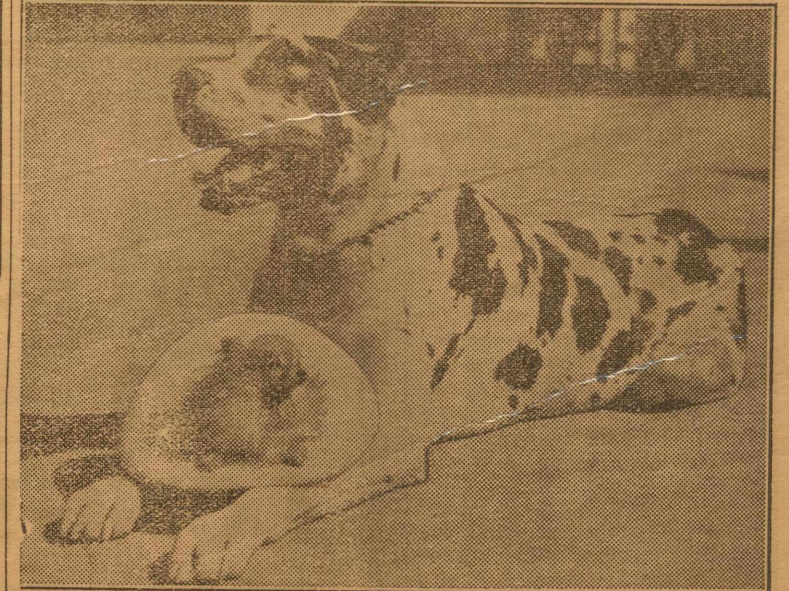

**Still With Us**  
 Battery type radio sets are still popular and necessary in some areas. Approximately 350,000 of this type were sold last year.

**Student Sings For Lions Club**  
 Solos sung by Margaret Ada Martin, with piano accompaniment by Mrs. Preston C. Lightfoot, pleased Lions Club members at their weekly luncheon Tuesday noon. Only routine business was transacted by the organization.

Party Monday  
By Mrs. Aldwell  
Honors Miss Francis

A bridal shower given by Mrs. Roy E. Aldwell and complimenting Miss Elizabeth Francis, who is to be married in June, attracted a large number of guests to the clubhouse of the Sonora Woman's Club Monday afternoon.

In the receiving line with Miss Francis and Mrs. Aldwell were Mrs. J. A. Cauthorn, Miss Harva Jones, Mrs. E. E. Sawyer, Mrs. L. W. Elliott and Mrs. R. A. Halbert. As the guests came in the door each was asked to write a wish for the bride-to-be to read later in the afternoon.

Solo Sung By Young Man

While the guests were being seated Edwin Sawyer played several piano numbers and then Lea Roy Aldwell sang "At Dawning," with piano accompaniment by Miss Elizabeth Caldwell.

Ferns, a tiger plant and lighted, pink candles in the windows provided a pleasing decorative plan for the clubhouse.

Miss Francis was seated at a "Well of Mystery," beautifully planned in pink and white, and asked to draw from the well a cedar bucket containing the wishes the guests had written. The "windlass" rope was a white strand passing through a ring of white in the overhead portion of the "well." The wishes were read to Miss Francis by Mrs. W. C. Gilmore and Mrs. L. E. Johnson.

Gifts From the "Well"

Toasts to the honoree and to the one she is to marry were read by Mrs. Preston C. Lightfoot and Mrs. Johnson. Miss Francis replied in kind with one addressed to the guests.

Fruit punch and angel food squares were served. At that time Miss Francis drew from the "well" the gifts that the guests had brought.

Those who attended Mrs. Aldwell's courtesy to Miss Francis were:

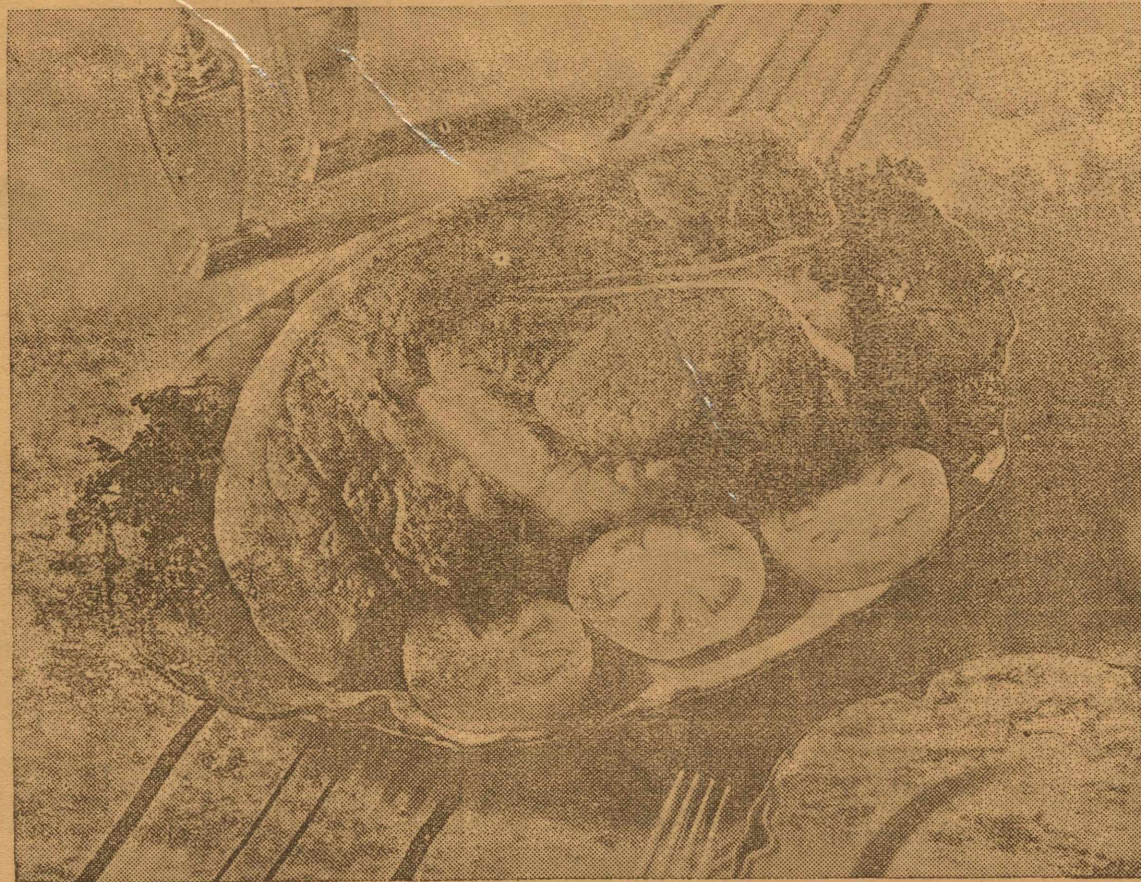

Mesdames Bryan Hunt, L. E. Johnson, Hix Hall, R. C. Vicars, J. D. Lowrey, J. S. Glasscock, John Fields, S. T. Gilmore, John Hamby, Joel Shelton, Merton Shurley, Velma Shurley, E. F. Vander Stucken, H. V. Stokes, J. W. Trainer, Paul Turney, Harold Friess, J. H. Brasher, M. M. Stokes, Preston Prater, Maysie Brown, T. O. Rorie, Mike Murphy, Josie McDonald, Richard Vehle, F. J. Wood, E. E. Sawyer,

F. T. Jones, W. J. Fields, Jr., W. C. Gilmore, R. A. Halbert, J. Franklin Howell, W. D. Wallace, I. B. Boughton, W. H. Dameron, C. H. Jennings, A. W. Awalt, Sterling Baker, W. E. Caldwell, J. A. Cauthorn,

George D. Chalk, Ben Cusenbary, G. H. Davis, Hi Eastland, W. L. Davis, L. W. Elliott, Lula Belle Dunn of Forsan, Joe F. Logan, J. A. Ward, Jr., Mrs. Preston C. Lightfoot.

Misses Harva Jones, Ada Steen, Nina Rouche, Marie Watkins, Merle Draper, Elizabeth Caldwell.

BROILED STEAK--PROPERLY PREPARED--FAVORED BY MANY

A Porterhouse steak, wisely chosen and nicely broiled, makes a meat dish deserving of high honors for every meal. It is, in the opinion of most persons, the very finest kind of a meat dish, and that without exception.

Broiling the perfect steak, it is said, begins at the meat market, in choosing a steak suitable for cooking by this method. The steak must be tender, and in order to have it so, a proper cut of a good quality must be chosen. The Porterhouse or T-bone, the Club or Delmonico, and the sirloin steaks are the best ones for broiling.

A Way To Judge Quality

As to quality, the amount of fat is a good indication. A steak of high quality has a good covering of fat over the outside and plenty of marbling of fat throughout the lean. A steak for broiling should be cut thick, at least one inch, for then the outside may be nicely browned and the inside tender and juicy.

To broil a steak as perfectly as the one shown above, thoroughly

preheat the broiling oven with the oven regulator set at "high." Place the steak on the rack far enough from the flame that it will be half done by the time the top is nicely browned. With the flame or element at "high," the top of the steak should be about three inches from the flame or heating element. If it is not possible to place the steak this far from the heat, then lower the temperature in proportion to the distance.

Immediate Serving Essential

When the steak is nicely broiled on one side, season it with salt and pepper, turn it, and allow it to brown on the second side. By this time, the steak should be done. Then season with salt and pepper and serve immediately on a hot platter.

You may keep your family waiting on the steak, but never the steak waiting on the family.

If it is impossible to use a broiling oven, comparable results may be obtained by parboiling, if properly done. This is a method of cooking in a heavy skillet on top

of the stove. When the skillet is sizzling hot, place the steak in it, and allow the steak to brown on both sides. Then reduce the temperature and allow the steak to cook more slowly until done, pouring over the fat as it accumulates in the pan, and turning occasionally. No fat is added to the pan, even in the beginning for if the pan is sizzling hot, the steak will not stick. Nor is the pan covered at any time during the cooking.

Cuts Should Be Impartial

A steak, so well prepared, needs very little garnish to make an attractive platter. Tomato slices and a bit of parsley are all the garnishes used above. In serving, the meat first should be loosened around the T-bone with the point of the knife, and then cut crosswise into pieces, an inch or more in width, depending on the number of persons to be served and the size of the steak. Each person should be served a portion of the meat on both sides of the bone, that is, a portion of both the tenderloin and the outside muscle.

Methodist  
Ladies Meet  
With Mrs. Halbert

The Methodist Woman's Missionary Society met Wednesday afternoon at the home of Mrs. R. A. Halbert with Mrs. R. K. Muckleroy, Mrs. J. T. McClelland and Mrs. Robert Rees as hostesses.

Special piano music for the occasion was played by Mrs. Hix Hall.

"Who Is Leader," a talk, was made by Mrs. A. W. Awalt. Miss Marie Watkins sang "The Ninety and Nine." Mrs. Hall played the piano accompaniment. The program, which was led by Mrs. Muckleroy, was completed when Mrs. J. Franklin Howell read "Religious Emphasis on the Wesley House."

A miscellaneous shower was given Mrs. T. O. Rorie.

Punch was served to: Mesdames W. E. Caldwell, J. W. Trainer, W. E. James, M. M. Stokes, J. D. Lowrey, C. E. Stites, Hix Hall, J. Franklin Howell, Preston Prater, O. G. Babcock, J. T. McClelland,

A. W. Awalt, O. L. Richardson, George B. Hamilton, E. H. Richey, R. A. Halbert, Robert Rees, T. O. Rorie; Miss Marie Watkins.

Bridge Club  
Entertained By  
Mrs. R. A. Halbert

Members and guests of the Friday Night bridge club were entertained Friday night of last week at the home of Mr. and Mrs. R. A. Halbert.

Roses were placed at vantage points in Mrs. Halbert's living room.

Mrs. Halbert's guests were: Messrs. and Mesdames P. J. Taylor, W. C. Gilmore, R. C. Vicars, A. C. Elliott, L. E. Johnson, Collier Shurley,

Miss Ada Steen, Mrs. Nannie B. Wilson and George Wynn.

Mr. Taylor won high score for men and Mrs. Elliott won high for ladies. High cut award was presented Mrs. Wilson.

Ice cream and cake were served.

Musical  
Program at  
Woman's Club

New officers were installed for the ensuing year at the final meeting of the Sonora Woman's Club, Thursday afternoon of last week, when a group met at the clubhouse.

In the absence of Mrs. E. F. Vander Stucken, Mrs. W. E. Caldwell presented a book review on "So Red the Rose."

Both an entertaining and interesting program was given. Miss Elizabeth Francis played a piano solo, "Gramercy Square." Miss Marie Watkins sang "His Lullaby," by Carrie Jacobs Bond. Piano accompaniment was by Mrs. Hix Hall. "Caprice Vennois," by Kreisler, was played by Miss Elizabeth Caldwell.

The following committees were appointed:

Calendar committee: Mrs. W. H. Dameron, Mrs. I. B. Boughton, Mrs. W. R. Cusenbary.

Library committee: Mrs. Sterling Baker, Mrs. John Fields, Mrs. Lloyd Earwood, Mrs. H. V. Stokes, Miss Nann Karnes.

Yard committee: Mrs. Joel Shelton, Mrs. Hi Eastland.

Membership committee: Mrs. O. G. Babcock, W. E. Caldwell, J. Franklin Howell.

House committee: Mrs. W. J. Fields, Jr., Mrs. Roy E. Aldwell, Miss Jamie Gardner.

The club presented Mrs. B. W. Hutcherson with a sterling silver card receiver. Mrs. Hutcherson, in her farewell message, told of her hopes and plans for the ensuing year.

Mrs. Hutcherson and Mrs. H. V. Stokes were hostesses. The clubhouse was attractively arranged with roses and yellow jasmine. A Centennial theme and club colors were used in the refreshment plate of cookies and brick ice cream. A miniature United States flag was given each guest.

Members and guests attending were:

Mesdames Roy E. Aldwell, O. G. Babcock, I. B. Boughton, W. E.

Caldwell, W. R. Cusenbary, Hi Eastland, W. J. Fields, Jr., John Fields, Hix Hall, J. Franklin Howell, Velma Shurley, H. V. Stokes, Misses Nann Karnes, Jamie Gardner, Elizabeth Francis, Elizabeth Caldwell, Marie Watkins.

It was decided that renting of the clubhouse would be handled by Mrs. W. J. Fields, Jr.

Mrs. Decker  
Party Hostess  
Thursday Afternoon

Mrs. Henry Decker was hostess to the Jolly Joker Club Thursday afternoon when she entertained with two tables of bridge.

Refreshments were served to: Mesdames Dan Cauthorn, Hilton Turney, Andrew Moore, Collier Shurley, John Hamby, Leo Buck, B. M. Halbert, Jr..

Mrs. Cauthorn won high club award and Mrs. Halbert won high guest award.

New, Short-sleeved Dresses May Serve  
Dual Purpose in the Hot, Summer Months

Denton, May 27.—With the approach of summer, women everywhere begin their search for something cool, yet that can be worn for any number of occasions. To meet this need manufacturers present clever short sleeved dresses that can be used for sports, for spectator wear, and still go to town of an afternoon with a big hat, white gloves and other white accessories.

The shops are already assembling the prize assortments. Gay, one-piece, unusually designed summer dresses show different details in their make-up. They feature stitched bands, necklines with front fullness contrived by experts, buttons used for decoration as well as a purpose, pockets cut in curves, in points, with and without flaps.

The colors are new and exciting. We found aqua, a knockout blue

Party Given  
Thursday Night  
For Lunetta Marion

A number of young people enjoyed dancing and a card party Thursday night of last week at the home of Mr. and Mrs. W. E. Glasscock. Mrs. Glasscock and Miss Joyce McGilvray were hostesses naming Miss Lunetta Marion as honor guest.

Ice cream and angel food squares were served to:

Violet Drennan, Bobbie Halbert, Nola Draper, Lunetta Marion, Wilna Hamer, Lillie Marie Smith, Jo Ann Marion, Emma Sessions,

V. J. Glasscock, Vincent Rouche, G. W. Archer, Wilburn Glasscock, Edgar Glasscock, Troy White, Wesley Sawyer, Richard Vehle, Marion Elliott, Kenneth Babcock, J. O. Mills, Bill Seahorn of Ozona.

Old gold wanted. I pay highest prices. George Barrow, Jeweler.—adv.

Betty Has a Beau

The young fellow she met Saturday is calling to suggest a movie. There used to be long, lonesome evenings. But since Dad got a telephone . . . well, Betty has a beau.

To Betty—as well as the rest of us—the telephone brings happiness. Have one installed in your home . . . now.

**NEUTRALIZING GAS KILLS WAR VAPORS**

**New Chemical Given France by German Exile.**

Paris.—A new neutralizing vapor which destroys the effectiveness of certain recently developed German poison gases capable of penetrating any gas mask is reported to have been discovered. The city's population is breathing considerably easier upon learning the good news, writes Edward Taylor in the Chicago Tribune.  
The vapor is scattered in the air and it combats and neutralizes the poison gas immediately. Neither the chemical formula of the vapor nor the names of the gases it is intended to be used against were revealed.  
The discoverer is a savant of a big German university of Polish origin who was driven out of Germany by the regime of Reichsfuehrer Hitler. He has been working quietly in a Paris suburb and recently communicated his discovery to the French war ministry, declaring he offered it free to the French people in gratitude for the hospitality France showed him.

**May Take Place of Masks.**  
It is hoped his further investigations may reveal defense vapors against other gases. Some competent scientists declare that the continued development of neutralizing vapors may thrust aside the use of gas masks, none of which would be usable against all gases, and the most efficient of which would be utterly useless against certain of the new German gases.  
One of the latter is said to use an arsenic base and to penetrate even glycerin and nickel.  
Paris earnestly hopes the new anti-gas method can be placed on such a cheap, practicable basis that general distribution will be possible, since there is neither anything like an adequate supply of gas masks in the Paris area nor the possibility of the manufacture of a sufficient supply in time to do any good.

**Find Defective Work.**  
As a result of the flood of gas masks of private manufacture and of nondescript types, many of them defective, the government some time ago forbade the sale of any but government inspected masks, in the meantime designating only 17 centers where they may be purchased.  
The supply was utterly inadequate and it was declared that even if the war ministry inspection staff worked night and day the production of inspected masks would be negligible. Curiously, some of the masks passed by inspection were made in Germany. Some quarters suggested that the government, whether intentionally or not, is applying the philosophy of the wartime general, Maxime Weygand, regarding civilians. It is: "In case of an air attack the best thing for them to do is to get out of the city."

**Tests Disclose Imported Grass Boon to Farmers**

Washington.—Because of its value as a forage crop that will regrow arid land of low value, demand for crested wheatgrass seeds exceeds the supply, according to a report from the Department of Agriculture.

The grass was introduced into this country from the dry plains of Siberia. The unusual demand for seed was attributed to several causes. The excellent way in which the grass came back last year after two years of drouth, its value for hay and pasture, and the comparative ease with which it can be harvested and planted have proven its value to the farmer, the department said.

Experiments made at Judith Basin, Mont., have disclosed that cattle pastured more days and made greater gains on fewer acres of crested wheatgrass than brome or native grass. Wheatgrass lasted 141 days, as compared with 125 days for brome and 55 days for native grass. The average gain per steer in pounds was 291 for wheatgrass, 249 for brome, and 114 for native grass. Similar results were obtained at other stations.

The grass appears two or four weeks earlier than native grass in the spring and lasts four to six weeks longer in the fall, if moisture conditions are favorable. It makes hay of a higher quality, is a good producer, and is an excellent grass to use in rotation, especially as a sod crop for flax.

**Simplest Lie Detector Is "Few Good Drinks"**

Hamilton, Ont.—One of the simplest and most effective "lie detectors" is liquor, in the opinion of Prof. Joslyn Rogers, Ontario analyst. Asked about lie detectors, Rogers said that he believed a few good drinks was as effective a way as any to get a man talking, and telling the truth.

**Rare Rabbit Killed**  
Tabor, Iowa.—A black "cottontail" rabbit killed recently by Glen Wetherhead, has been turned over to the state game technician at Des Moines as one of the rarest specimens ever found in Iowa.

**Excellent Football Schedule Arranged**

**Three Non-Conference Games Will Give Bronchos Practice**

"An ideal arrangement" is the way O. P. Adams, high school coach, referred this week to the football schedule he has just completed for the Broncho football squad during the 1936 season.  
Five conference games and four non-conference tilts—the same number of each as last year—have been contracted for by Mr. Adams.  
Three of the non-conference games are to be played before any contests with other schools of District 34-B. This will allow the So-

**SODA "POP" TO HELP BUY NOSE AND SHIN GUARDS**

When Sonora and out-of-town baseball fans pay their dimes for cooling bottles of carbonated water this summer they'll be helping the 1936 Broncho football squad.  
O. P. Adams, coach, said this week that he had been given the concession for the sale of drinks at Sonora baseball games and that all profits made would be used in buying equipment for the 1936 football squad of Sonora high school.

sonora team plenty of practice before engaging in a game with a district foe. Then, after three conference games, a non-conference school will be played. Eleven days later—on November 11—another conference game will be played.

Menard, playing here November 21, will be the last opponent of the season.

The complete schedule as announced by Mr. Adams is:

- September 19  
MERTZON at Sonora
  - September 26  
ROBERT LEE at Sonora
  - October 3  
Iraan at Iraan
  - October 10  
Eldorado at Eldorado \*
  - October 17  
JUNCTION at Sonora \*
  - October 24  
Rocksprings at Rocksprings \*
  - October 31  
BRONTE at Sonora
  - November 11  
OZONA at Sonora \*
  - November 21  
MENARD at Sonora \*
- (Games starred (\*) are conference ones with other teams of District 34-B, Texas Interscholastic League.)

**New Coaching Record Established**  
New York City, May 27.—Determined to break the New York-Atlantic City record for a coach-and-four, established by Paul Sorg, tobacco millionaire, 26 years ago, Mrs. Florence Dibble, Boston sportswoman, toled her coach over the 118 miles in 9 hours, 45 minutes elapsed time. Sorg's record was 12 hours, 18 minutes. The latter used six'y horses in relays; Mrs. Dibble used only sixteen, sending each relieved relay on ahead in motor vans.

**Sister of Mrs. Hutcherson's Dies**  
Mrs. J. T. Bisset of Sayre, Okla., sister of Mrs. E. W. Hutcherson, died Monday in a hospital following a mastoid operation. She was buried Tuesday in Sayre.

**PERSONALS**

Mrs. Andrew Moore and daughter, Martha Jo, left Saturday for Austin.  
Miss Faye James of San Antonio is visiting her parents, Mr. and Mrs. W. E. James.  
Miss Ora Altizer of Spofford was a guest of Miss Lydah Archer Monday and Tuesday.  
Miss Annie Duncan left Wednesday to spend the summer with relatives in San Antonio and Devine.  
Mr. and Mrs. L. W. Elliott and daughter, Elizabeth, and Joe Nell Miers spent Tuesday and Wednesday in San Angelo.  
Mrs. Lulu Karnes and daughters, Miss Nann and Mrs. Vernon Marion, and Miss Jamie Gardner were in San Angelo Monday.  
Alvis Johnson returned Sunday from a week-end visit in Austin with his son, Alvis, Jr., who is a University of Texas student.  
Mr. and Mrs. Byron Newby and son, Hi Eastland, of Brackettville visited Mrs. Newby's parents, Mr. and Mrs. Hi Eastland, this week.  
Mr. and Mrs. W. C. Warren returned Wednesday from Oklahoma where Mrs. Warren has been attending college for several months.  
Mr. and Mrs. A. L. Baker left this week for Rule where they will visit a few days before going to Boulder, Colo., where Mr. Baker will be in school this summer.  
Mr. and Mrs. G. H. Davis and children drove to San Angelo Wednesday after Mrs. Davis' sister, Miss L. C. Matthis, who has been attending school at McMurry College in Abilene.

**Baptist Ladies Meet Wednesday**  
A regular business meeting was held Wednesday afternoon at the Baptist Church by the Woman's Missionary Society. Mrs. Ban Odum led the devotional. The meeting time has been changed from three to four o'clock.

**TRAFFIC TIPS**  
by the NATIONAL SAFETY COUNCIL

**FOOLISH FOLKS**

It would be incorrect to say that all highway accidents are caused by the reckless acts of motorists. Not infrequently one finds a pedestrian or cyclist who "dares you to hit him," or takes foolish chances on the erroneous theory that the responsibility is all with the motorist and that he is fully aware of this obligation to drive carefully.

Such folks can be just as stubborn, thoughtless, or careless as the motorist. It all depends on the person, of course. Safety on our highways is a cooperative effort in which all users of the road share.  
The use of the highway is a privilege conferred by cities and states on the theory that those who would enjoy it will show good sportsmanship and observe essential safety precautions. It may take two people to make a quarrel, but often just one can cause an accident. A high degree of alertness and a spirit of fair play must be observed at all times by motorists and others alike.

**Olympics May Break Record**  
Berlin, Germany, May 27.—Estimates indicate that 52 nations will send 5,500 competitors to the 1936 Olympic Games this August. In 1900 the Paris Games drew only 500; at Los Angeles four years ago 1,700 athletes competed. Frederick W. Rubien, secretary of the American Olympic Committee, calculates that it will cost \$325,000 to transport, train and board the full United States team. So far, only \$120,000 has been raised.  
Phone your news to 24.

**Instructor Working in Sonora**  
Work was begun this week at the Corner Drug Store by O. P. Adams, high school instructor and coach of athletics. Mr. and Mrs. Adams and daughter, Shirley Lee, will remain in Sonora for the summer. Mrs. Adams and her brother, Robert Shapleigh, who was graduated here this year, left this week for a visit in El Paso with their mother.

**Bakers Entertain Visitors Here**  
While in Sonora last week Don H. Morris, vice-president of Abilene Christian College, was a guest in the home of Mr. and Mrs. A. L. Baker. Mr. Morris, a friend of Mr. Baker for several years, was accompanied to Sonora by Mrs. S. W. Treat of Abilene, Mr. Baker's aunt, who was also a guest in the Baker home.

# Week by Week in TEXAS HISTORY

Week of May 24

1841—On May 24 the Battle of Village Creek was fought about twenty miles from Dallas. Sixty-nine Texas rangers won the fight against 500 Indians.

1843—The Democratic National Convention on May 27 adopted an aggressive program for the annexation of Texas and the reoccupation of Oregon.

1865—Sabine Pass, Texas, was evacuated by the Confederates on May 25.

1865—On May 29 President Andrew Johnson appointed Andrew J. Hamilton of Austin, a union man, as provisional governor of Texas.

1919—On May 24 Texas voted for adoption of the constitutional amendment prohibiting the manufacture and sale of intoxicants, but voted against the proposed woman suffrage amendment proposed.  
(By T. S. College for Women)

Mrs. B. B. Kelly and son, Jamie, and Bobby Newbrough of Texon were guests of Mr. and Mrs. W. E. James last week-end.

## Political ANNOUNCEMENTS

The following candidates have announced themselves as candidates for the office indicated, subject to the action of the Democratic primary election July 25, 1936:

**For Sheriff-Assessor-Collector:**  
B. W. HUTCHERSON  
C. T. (CLEVE) JONES

**For County Judge:**  
ALVIS JOHNSON

**For County Treasurer:**  
MRS. THELMA BRISCOE  
MRS. A. J. SMITH

**For County Clerk:**  
J. D. LOWREY

**For Senator, 29th Legislative District:**  
H. L. WINFIELD  
BENJAMIN F. BERKELEY

## CONTRACTORS NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 9,938 miles of Caliche Base Course and Triple Asph. Surf. Treat. from a point 10 miles West of Sonora to Sonora on Highway No. 27, covered by Regular Federal Aid Project No. 617-C U-II in Sutton county, will be received at the State Highway Department, Austin, Texas, until 9:00 a. m., June 2, 1936; and then publicly opened and read.

The attention of the bidders is directed to the required special provisions covering subletting or assigning the contract, the selection of labor and hours and conditions of employment.

Except as otherwise specified, the minimum wages paid to all laborers, workmen or mechanics employed on this contract shall be Seventy-Five (75c) Cents per hour for "Skilled Labor," Forty-Five (45c) Cents per hour for "Intermediate Grade Labor," and Thirty (30c) Cents per hour for "Unskilled Labor."

Attention is directed to the special provisions, included in the proposal to insure compliance with the requirement of House Bill No. 54 of the Forty-Third Legislature of the State of Texas.

| Type of Laborer | Prev. Min. Per Diem | Prev. Min. Hourly Wage | Prev. Min. Daily Rate |
|-----------------|---------------------|------------------------|-----------------------|
| Workman         |                     |                        |                       |
| Mechanic        |                     |                        |                       |
| Skilled Labor   | \$6.00              |                        | \$ .75                |
| Intermediate    |                     |                        |                       |
| Grade Labor     | 3.60                |                        | .45                   |
| Unskilled Labor | 2.40                |                        | .30                   |

For the classification of particular positions under the above types of Laborers, Workmen or Mechanics, see the Required Special Provisions.

\*The above prevailing minimum wage rates shall govern on this contract. Overtime and legal holiday work shall be paid for at the regular governing rates.

A local employment agency from which the Contractor shall obtain employment lists will be designated prior to the award of contract. Plans and specifications available at the office of E. E. Pittman, Resident Engineer, Sonora, Texas, and State Highway Department, Austin. Usual rights reserved. 29-21c

## ROCKET SHIP SOARS 700 MILES AN HOUR

### Expert Works on Plane to "Send to Moon."

Washington.—Jules Verne's fantastic story of a trip to the moon by rocket may be nearer reality than many believed.

Dr. Robert H. Goddard, who has worked 15 years on a liquid propellant rocket, reported that his experimental ships had reached a top speed of 700 miles an hour and that he hoped soon to surpass this record.

His work was so exceptional in this previously neglected field that three years ago Col. Charles A. Lindbergh helped the Clark university physicist obtain a grant from the Guggenheim foundation. After experiments in a specially constructed laboratory at Boswell, New Mexico, Doctor Goddard broke a self-imposed silence to discuss his progress to date and the problems yet to be solved.

### Beats Plane Record.

Already Doctor Goddard has attained a speed which is more than double that breath taking record set by Sir Malcolm Campbell when he blurred across the flats near Salt Lake City, Utah, at slightly better than 300 miles an hour. The fastest seaplanes, stripped down to tremendous powerhouse motors with gnat-like wings, still have to streak along at 500 miles an hour.

Yet fellow scientists are not certain that this extraordinary speed of 700 miles an hour can be maintained long enough to throw a rocket out into space where the earth's gravitation would not pull it back again.

The "motor" used by Doctor Goddard is powered by a combination of liquid oxygen and gasoline.

Discussing the chamber or "motor" of the rocket ship, Doctor Goddard said the one decided upon was 5 1/4 inches in diameter and weighed five pounds. The maximum lift obtained was 289 pounds and the period of combustion usually exceeded 20 seconds. The lifting force was found to be steady.

Problems which still have to be conquered before Jules Verne's fantasy can come true include stabilization and construction of a ship that is lighter than the present experimental rockets which weigh from 53 to 85 pounds.

### Use Small Gyroscope.

Best results so far have been obtained by inserting a small gyroscope in the rocket. This is the same device that is seen in some children's mechanical toys or on ocean liners which attempt to overcome the rolling motion.

"Inasmuch as the rockets started slowly, the first few hundred feet of the flight reminded one of a fish swimming in a vertical direction," wrote Doctor Goddard in an article describing actual test flights.

"The continually increasing speed of the rockets, with the accompanying steady roar, make the flights very impressive. In two flights the rocket left a smoke trail and had a small, intensely white flame issuing from the nozzle, which at times nearly disappeared with no decrease in roar or propelling force."

The white flashes below the rocket, he said, were explosions of the gasoline vapor in the air.

Doctor Goddard said that the greatest height obtained in any of the tests was 7,500 feet. He said he wanted to work out certain fundamental construction problems before attempting a ceiling record.

Besides the Guggenheim foundation, Doctor Goddard's experimental work has been supported by Clark university, the Carnegie institution of Washington and the Smithsonian Institute.

## "Deaf Spots" Are Erased by New Amplifier Device

Los Angeles.—Success in giving 95 per cent perfect hearing to half deaf persons was announced by researchers seeking a scientifically ideal ear amplifier.

Delighted smiles of persons hearing the high notes of an opera for the first time in their lives are rewarding the researchers, Prof. Vern O. Knudsen, and two graduate students, Norman Watson and Ludwig Sepmyer, who have spent a year and a half on the project at the University of California.

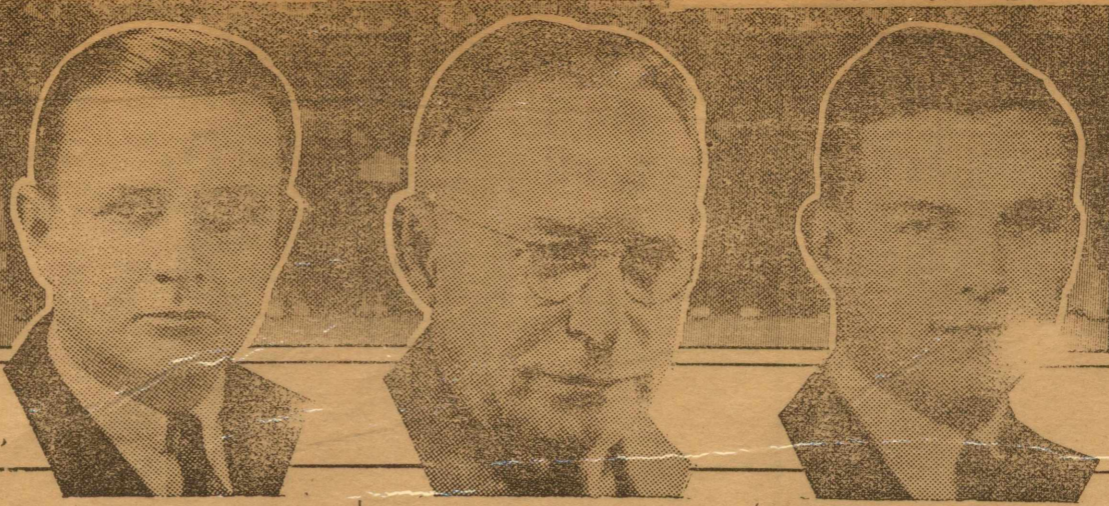

They seek to place mechanical hearing aids on the same prescription basis as eye glasses, promising great relief to the hard of hearing, who are estimated at 3,000,000 in the United States alone.

Discovering that most of such afflicted persons hear some notes perfectly, but are deaf to others, Doctor Knudsen built an amplifier that will pick out a certain range of tone and amplify that alone.

## Soviets Report Increase in Population in Cities

Moscow.—Pegged on a census polled in 1920, population is on the upgrade in the important cities of the Soviet union, according to figures released by the government through the central department of statistics. The cities and their population were listed as follows: Moscow, 3,641,500; Leningrad, 2,739,800; Kiev, 925,000; Minsk 186,500; Tiflis, 426,300; Tashkent, 505,000; Ashkhabad, 85,400; Stalinabad, 40,300.

## GOVERNOR, MINISTER AND STUDENT ARE TO SPEAK

Fort Worth, May 28.—Governor James V. Allred will deliver the address at the 63rd annual commencement exercises of Texas Christian University Monday evening. Baccalaureate services will

be Sunday morning with the Rev. F. M. Warren, pastor of the First Christian Church, Abilene, as the speaker. Johnny Knowles of Houston is president of the class of

1936, which numbers 78 students. In the picture, left to right, are: Governor Allred, the Reverend Mr. Warren and Johnny Knowles.

**Twins Born To Mexican Couple**  
Jose and Mrs. Rodriguez are the parents of twins that were born Monday morning. The babies were named Joe and Mary.

**E. C. Saunders Improving**  
Considerably improved was the condition Wednesday of E. C. Saunders, Sutton county surveyor, who has been ill several days.

**Sonora Ranchman Recovering**  
Lloyd Earwood, Sonora ranchman, who has been ill several days at the home of Mrs. Nannie Wilson is better.

## MARX BROTHERS PICTURE TO BE SHOWN TWO DAYS

Helter-skelter comedians of the motion picture world, the four Marx Brothers—Harpo, Groucho, Marko and Zeppo—will entertain Sonora theater goers Sunday and Monday at La Vista theater in "A Night at the Opera."

It is the first picture in which the four comedians are featured that has been shown here for many months.

Jean Harlow and Spencer Tracy are featured in "Riff-Raff," offered today and tomorrow at the theater. Tuesday night, "Woman Trap," with Gertrude Michael and George Murphy in the principal roles is the screen entertainment to be shown.

On Wednesday and Thursday "Dracula's Daughter," a companion picture to other "Dracula" productions, will be shown.

Run from your creditors and your credit will fly from you.—Dean E. V. White.

**Asparagus, Onions, Radishes—Pleasing "Triumvirate" For Summer Menu Planning**

Denton, May 27.—In spring and early summer the appearance of new vegetables should add new interest to the problem of meal planning.

Fresh asparagus can be dressed up in various ways for serving, but whatever the finished dish is to be, the cooking process is about the same. Cut the tough ends from the stalks leaving the tips about three and a half inches long. Stand upright with tips protruding out of the water and cook until the stalks begin to be tender—about fifteen minutes—then lay flat and cook another five to ten minutes. Asparagus cooked this way may be slipped through lemon rings and served with white sauce or if a richer sauce is desired, Hollandaise can be used.

If the asparagus is to be scalloped, cut pieces an inch long, reserving the tips to be cooked later as in the first method of cooking.

Frequent use of new onions and radishes to replace the salads used in the winter months and the serving of fresh raw pineapple and strawberries instead of pastry and other cooked desserts will not only lighten the work of preparation for the housewife, but will improve the diet for spring.

**Menus**

Breakfast: Tomato juice, breakfast food, cinnamon toast, coffee, milk.

Lunch: Grilled asparagus, spring salad (lettuce, onion and radishes, sliced), whole wheat muffins,

cocoa.

Dinner: Asparagus and salmon salad, scalloped potatoes, string beans, hot rolls, strawberry preserves and rhubarb pie.

Breakfast: Stewed rhubarb, whole wheat muffins, bacon, coffee, milk.

Lunch: Asparagus scalloped with sliced cooked eggs, steamed rice, sliced tomatoes, cookies and hot tea.

Dinner: Roast leg of lamb with new potatoes, new peas in white sauce, spring onions and radishes, fresh pineapple and strawberry cup and sponge cake.

**Asparagus and Salmon Salad**

Arrange lettuce leaves on a large salad plate. In the center place flaked salmon mixed with mayonnaise and garnished with olives.

Surround with fresh cooked asparagus which has been maintained with French dressing.

**Grilled Asparagus**

One bunch asparagus cooked, 1/2 cup grated cheese, 1 cup fine bread crumbs, 2 tablespoons melted butter. Roll the stalks of asparagus in this mixture, arrange on the boiling pan and brown on all sides. Serve plain or with a white sauce.

—Department of Home Economics, Texas State College for Women.

**Louie Cross Buried in Del Rio Monday**

**Brother of Sonora Men Died in Camp After Day's Fishing**

Death at six o'clock Saturday evening came to Louie Richard Cross of Del Rio, a brother of H. T. and R. M. Cross of Sonora, after he had enjoyed a day's fishing on the Llano river near Camp Allison.

Mr. Cross, a World War veteran who had been in ill health about four years, had been camping on the Llano about a week and had spent the day fishing with S. L. Shroyer on the Shroyer place. While they were at supper in camp Mr. Cross died.

Last summer he was a patient at the United States veterans' hospital at Legion.

Mr. Cross was born in Vance, Texas, January 8, 1897. Before becoming ill he worked as a truck driver. Besides his wife and four children, he is survived by his parents, Mr. and Mrs. Joseph M. Cross of Del Rio, four brothers and four sisters.

The Del Rio American Legion post, of which Mr. Cross was a member, had charge of the funeral services there Monday morning.

Mr. and Mrs. H. T. Cross and children returned here Tuesday from the Del Rio where they attended the funeral.

**"Main Street" Author Ducks Radio**

New York City, May 27.—Addressing nearly 500 members of the American Booksellers Association, Sinclair Lewis, novelist, upset all precedents by refusing to face the microphone. "I'll not be bound by the split-second timing whereby I would be allowed exactly 12 minutes and 9 seconds between the program of the Lollypop Lilters and the Ex-Lax Symphony Orchestra playing the classical masterpieces of Sousa and Irving Berlin."

**Saving Banks' Dilemma**

Atlantic City, N. J., May 27.—Representing 14,000,000 depositors and deposits of ten billion dollars, the National Association of Mutual Savings Banks passed resolutions condemning the current practice of corporations in taking advantage of cheap money by refunding their 5, 6 or 7 per cent obligations with 3 and 4 per cent issues. Glutted with money, the banks find few profitable investment outlets for it.

**Sutton Goats To Be Seen at Exposition**

**Animals From Halberts' and Ward Flocks To Go To Dallas**

The only goats to be shown at the Central Centennial Exposition in Dallas will be from the flocks of Sutton county ranchmen.

That was the statement of B. M. Halbert of the B. M. Halbert and Son firm when he was in the NEWS office Thursday.

Mr. Halbert said that he and his son, B. M. Halbert, Jr., would send ten head (five bucks and five does)—all yearlings. He refers to his

When one Sutton county resident a few years ago kept writing about mohair to a relative in the east this query came back:

"Just what is a 'mohair' anyway? You keep writing about 'mohair' this and 'mohair' that. What sort of animal is a 'mohair'?"

show animals as "C-type." J. A. Ward, Jr., Sutton county ranchman, will send five head to the Exposition, Mr. Halbert said.

It is Mr. Halbert's belief that only fifteen goats—owned by his firm and by Mr. Ward—were not sheared in the spring when unusually good mohair prices were being paid. For that reason Sutton county goats, owned by the two Halberts and Mr. Ward, are the only ones which will be shown in Dallas to the thousands of visitors who will view the Exposition.

As Mr. Halbert says it—"we were thinking about the Exposition."

Mr. Halbert refers to the animals he will send as a "View-Flock."

**Sonora Ladies To Mertzson Meeting**

A school instruction of the Order of the Eastern Star was held Saturday in Mertzson. The following attended: Mesdames W. L. Davis, J. C. Stephen, Stanley Patton, Gene Lightfoot, A. W. Awalt, R. C. Vicars, E. B. Heinze, Ban Odum, B. W. Hutcherson, Ardna Speed, Joe Hull, J. D. Westbrook of San Angelo.

A broken penny weighing-scale is like an exorbitant pension plan; both will take your money but neither will work.—Sedalia (Mo.) Democrat.

**First Apartments**

Charleston, S. C., claims the first apartment house constructed in the United States, built in 1800.

An invitation to dinner had been sent to the newly settled practitioner. In reply the hostess received an absolutely illegible letter.

"I must know if he accepts or refuses," she declared.

"If I were you," suggested her husband, "I should take it to the chemist. Chemists can always read doctors' letters, however badly they are written."

The chemist looked at the slip of notepaper, went into his dispensary and returned a few minutes later with a bottle, which he handed over the counter.

"There you are, madam," he said. "That will be fifty cents."—Southwestern Ambassador.
