College Graduates and Students Completing School Year

Miss Marjorie Chadwick, daughter of Mr. and Mrs. Jim Chadwick, will complete her work at the University of Texas this summer and will be awarded her degree at that time.

A Bachelor of Arts degree will be conferred on Miss L. C. Mathis, sister of Mrs. G. H. Davis and a daughter of the Rev. and Mrs. L. C. Mathis of Lometa, by McMurry College, Abilene. Miss Mathis will teach next year.

Stanley B. Mayfield, son of Mr. and Mrs. Ed C. Mayfield, will be one of those graduated from Texas Military Institute in San Antonio.

The graduation parade was May 14, the baccalaureate sermon Sunday morning and the commencement program last night at San Pedro Play House in San Antonio. The young man's picture was in the San Antonio Express Sunday.

Already licensed to practice law in the state of Texas as a result of having passed the state bar-examinations, Willie B. Wilson, son of Mrs. Nannie Wilson, will be given his Bachelor of Laws degree at the University of Texas.

Young Wilson is captain of the polo team of the university this year and has been on the track team two years.

He will spend a part of the summer in Mexico where he visited during holidays this school year. He will also do special study at the university this summer.

A Bachelor of Science degree in Education will be awarded Mrs. W. C. Warren Monday morning at the Commencement program in the auditorium at Oklahoma A. and M. College, Stillwater.

The baccalaureate service will be Sunday morning. Mr. Warren will go to Stillwater Saturday and the two will return here Tuesday. Mrs. Warren has been enrolled in the Oklahoma college, completing work for her degree, since February.

A bachelor of arts degree will be given Miss Alice Sawyer, daughter of Mrs. E. E. Sawyer, and an honor graduate of Sonora high school.

Miss Sawyer is a member of Cap and Gown, senior girls' group, and is one of those making up the membership of Phi Lambda Theta, national education honor society for women. She is a member of Bit and Spur, riding society for girls, and has participated in several of its events this year.

Sutton people will be interested in the remarkable record of Elery B. Pool, a graduate tomorrow of the Kirksville College of Osteopathic Surgery in Kirksville, Mo. He is a brother-in-law of Mrs. Ban Odum, Earl Merck and Mrs. J. B. Renfro of Sonora.

Mrs. Pool will be remembered here as Rita Merck, daughter of Mr. and Mrs. Sam Merck, early day Sutton residents.

Mr. Pool was given an award last week by Psi Sigma Alpha and Sigma Sigma Phi, national honorary fraternities. The honors, given each year, have never before been won by the same individual. This year Mr. Pool has been president of the Student Council at his school and an instructor in the neurology laboratory.

The Pools are expected to be in Sonora sometime this summer. He will take the Texas examinations so that he may practice in this state. Sometime ago he was employed in oil company work in San Angelo four years.

Work with his father, J. T. Penick, will keep Billy Penick, student at College of Mines and Metallurgy, El Paso, busy this summer. He will return to Sonora June 5.

Ranch work will be done by Joseph Logan, a student at John Tarleton College, Stephenville, this summer. Joseph, a son of Mr. and Mrs. Joe F. Logan, will return tomorrow.

Undecided as to his summer occupation, G. W. Archer, son of Mr. and Mrs. G. W. Archer, will return this week-end from Sul Ross College, Alpine, where he has been a student.

The summer vacation will be spent by Armer Earwood with his parents, Mr. and Mrs. Fred Earwood, on their ranch. He has been a student at Texas Military Institute, San Antonio.

Sometime after June 5 Kenneth Babcock, son of Mr. and Mrs. O. G. Babcock, will return from the University of Texas, where he has been a freshman, to spend the summer months with his parents.

The latter part of next week Alvis Johnson, Jr., will return from his sophomore year at the University of Texas. He is a son of Mr. and Mrs. Alvis Johnson. He may attend the summer session in Austin.

Employment with his uncle in California has been secured by Robert Shapleigh, 1936 Sonora graduate, brother of Mrs. O. P. Adams. He is a student at the College of Mines and Metallurgy in El Paso.

Completing her first year at Our Lady of the Lake College in San Antonio, Miss Lunetta Marion, daughter of Mr. and Mrs. Vernon Marion, will return Monday to spend the vacation weeks with her parents.

Completing her first year's work at Southern Methodist University, Dallas, Miss Bobbie Halbert, daughter of Mr. and Mrs. R. A. Halbert, will return this week-end. Her mother and Mrs. M. M. Stokes went to Dallas this week and she will return with them.

The summer vacation will be spent in Sonora and Carrizo Springs by Miss Ealen White, a student at the University of Texas. In the South Texas town she will visit her uncle and aunt, Mr. and Mrs. Sam E. McKnight. In Sonora she will be the guest of Mr. and Mrs. Sam Hull.

Summer school work at Sul Ross College, Alpine, will be done by Wilburn Glasscock, son of Mr. and Mrs. J. S. Glasscock. He has been a student there this year. The young man's mother, his sister Sue, and Miss Joyce McGilvray, are to go to Alpine today and he will return with them for a short visit.

In mid-June from Corvallis, Ore., will come Mr. and Mrs. Lea Roy Aldwell, son and daughter-in-law of Mr. and Mrs. Roy E. Aldwell, for a visit in Sutton county. Mr. Aldwell has been studying for his master's degree at Oregon Agricultural College and also serving as an instructor. Mr. and Mrs. Aldwell were married in Seattle in March.

A junior at Texas Technological College, Lubbock, Herbert Fields, son of Mr. and Mrs. W. J. Fields, will come here about June 3. Recently he tied for seventh place in the sophomore-junior livestock judging contests. Sheep, beef cattle, dairy cattle, swine and horses were judged by forty-one of the two classes. He will return to Lubbock about June 7 to attend the summer session.

From Galveston, Austin and College Station next week will come children of Mrs. Velma Shurley, Sutton county ranch woman.

Lacey Smith is a student at the college of medicine of the University of Texas in Galveston. Lillie Marie is a freshman at the University of Texas and Marvin Smith is a sophomore at A. and M. Marvin will work on the ranch this summer, the students' mother said this week, but plans of the others for the vacation period are not complete.

PATSY GILMORE, DORIS MCDANIEL AND R. W. JOHNSON WIN IN STATE CONTEST

Excelling in essay writing in seventeen West Texas counties, Patsy Gilmore, daughter of Mr. and Mrs. W. C. Gilmore, and a Fredericksburg high school girl have been awarded free trips to the Greater Texas and Pan American Exposition in Dallas.

Patsy, a seventh grade pupil this school year, was graduated into high school last week.

Awards of \$2 each were won by R. W. Johnson, son of Mr. and Mrs. Alvis Johnson, and Doris McDaniel, daughter of Mr. and Mrs. Wiley McDaniel. All three of the Sonora children — seventh grade pupils — won in the division for elementary school children's essays.

Miss Leeta Mae Garrett has been teacher of the seventh grade this year. She trained the children and directed them in the entering of the essays in the state-wide contest participated in by 170,000 Texas school pupils. Forty-eight won the trips to the Dallas exposition. Only two trips were offered in the 17-county division.

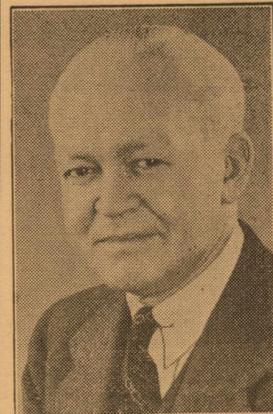

Announcement of the prizes was made by Frank N. Watson, director of promotion for the exposition. The children winning the trips will be given round-trip tickets as well as rooms and entertainment in Dallas. The Junior Chamber of Commerce and wives of members of that organization in Dallas will be hosts.

A special day has been planned for the entertainment of those who won cash prizes. Checks will be awarded those who can attend that day, not yet named, and will be mailed those who cannot.

Among those who congratulated Patsy Saturday was her teacher, Miss Garrett, who called her from

Eldorado.

When the Gilmores told their daughter of the prize-winning Sonora pupils they only mentioned the two who won cash prizes. When she read the newspaper story she glanced hurriedly over the first portion of the story and read only of the prizes given R. W. Johnson and Doris McDaniel. She was pleasantly surprised when her attention was called to the first part

FRANK N. WATSON
Director of Promotion
Greater Texas and Pan American
Exposition

of the story which told of the trip to be given her.

This week Patsy was congratulated in a letter from E. P. Simmons, chairman of the Greater Texas Committee, sponsoring organization of the essay contest.

(Continued on page 2)

Eradication of One or Both Types of Cedar Permitted

One Week More For Signing Up in 1937 Conservation of Range Program

Sutton county ranchmen participating in the range conservation program may eradicate one type of cedar and be paid for it by the government even though they do not undertake to eradicate another type.

That definite information has been received by H. C. Atchison, county agent, and is on file in his office in the courthouse.

It was stated recently in a daily newspaper that both types of cedar must be eradicated by the ranchmen in order to qualify for benefit payment from the govern-

ONLY WEEK MORE IN WHICH TO SIGN FOR AAA RANGE CONSERVATION

H. C. Atchison, county agent, this week reminded that all who intend to participate in the 1937 range conservation program must make application in his office in the courthouse on or before Saturday, June 5.

ment. Mr. Atchison's information is directly contrary to that report. He said Wednesday that it is permissible for ranchmen to eradicate the red cedar and be paid for the work even though nothing is done with the white cedar.

Five boys of the recently organized 4-H Club have selected lambs for their demonstration work. They are:

R. W. Johnson, 28 yearling ewes; Harrell, Turney Espy, 31 yearling ewes; Robert Kelley, 30 yearling ewes; Eugene Shurley, 30 yearling ewes; Billy Shurley, 30 yearling ewes.

The boys are to assume full responsibility for their animals and to keep accurate record of income and expense items. The ewes will be branded differently from those of the boys' parents and where it is possible they will be run in separate traps.

A bit later the boys will select rams to run with the ewes they have chosen. The remainder of the fifteen boys are expected to select their animals soon.

Ranch Experiment Outlines Program

W. H. Dameron Names Outstanding Men As Round-up Speakers June 24 and 25

Marshaling to his two-day Ranchmen's Round-up program, June 24-25, some of the most competent men available in their respective fields, W. H. Dameron, superintendent, Ranch Experiment Station, this week announced a tentative program for the ninth biennial event.

The complete program, as outlined by Mr. Dameron, will be published in the June 4 issue of the NEWS.

Mr. Dameron said this week that he hoped to complete arrangements with T. O. Walton, president, Texas A. and M. College, and Guinn Williams, San Angelo warehouse official, for addresses. Dr. Walton is considering a trip to Europe this summer and it is not known at this time whether he can come here next month.

Sutton county men on the program are:

Dr. I. B. Boughton of the Station staff; Roy Hudspeth, president, Texas Sheep and Goat Raisers' Association; Dr. W. T. Hardy of the Station staff; O. L. Carpenter of the Station staff;

W. J. Fields, Jr., manager, Sonora Wool & Mohair Co.; V. L. Cory of the Station staff; O. G. Babcock, entomologist, United States Department of Agriculture.

W. R. Nisbet, formerly of Sonora, now of the Extension Service with residence in Bryan, will collaborate with Mr. Babcock in his address on "Control of Goat Lice."

The first afternoon H. F. McGill, president of the Texas and Southwestern Cattle Raisers' Association will speak. V. P. Lee of Houston, president, Production Credit Association of Huston, will be heard the same afternoon on "Production Credit Associations and Texas Ranchmen."

There will be a free barbecue dinner the first day, motion pictures and dance the first night. Adjournment will be at 12:20 the second day.

Miss Elizabeth Caldwell, who has been teaching school at Vidor, is visiting her parents, Mr. and Mrs. W. E. Caldwell.

Modern Day Concept of Educated Person Described Friday

Director of State School at El Paso Speaks To Graduates at Commencement Time

Introduced by F. T. Jones, superintendent of schools, as — "a man who has made a name for himself in Texas and other states," Dr. D. M. Wiggins, president, College of Mines and Metallurgy, El Paso, Friday night made the commencement address to 1937 seniors.

Choosing as his subject "Education and What Being Educated Means in the Truest Sense of the Word," Dr. Wiggins developed his theme in an interesting way which found favor with the graduates as well as their parents and friends in the audience.

"You owe for schooling..." "There is no such thing as 'free, public education,'" Dr. Wiggins declared. "Your education has cost Texas, has cost your parents and has cost this community. Your school never owes you anything. You graduates always will be debtors of the Sonora schools. Your gift to your school tonight is indicative of the spirit you should have of paying, in a measure at least, for what Sonora schools have done for you.

Describing the present as a "transitional age," Dr. Wiggins warned of the difficulty of personal development. People are so busy with immediate tasks that they find it hard to look forward into the world about and see how it is affecting the individual's particular development.

Friendships Important Always

In concluding his address the El Paso educator stated:

"The asset of friendship is your greatest one. Cold intellectualism won't do the job. We live close together these days and if you have not learned to live close to people, to recognize their weaknesses, and yet to be happy you aren't educated. The aim of education is to teach all of us to live happily. Education is the meshing and synchro-meshing of lives..."

The seniors marched into the auditorium to music played by Miss Marie Watkins. Escorts were Cathryn Trainer and Kathryn Brown, junior class girls. Seated on the platform with the graduates were school officials, the Rev. R. C. Brinkley, members of the school board and John Eaton, representing the Lions Club.

Public Address System Given

An expression of welcome was spoken by William Richard Vehle, salutatorian of the class. Joe Nell

Iraan Will Oppose Sonora-Ozona Twice

Station A Team On "Top o' the Heap" This Week

Idle last week-end the Station A baseball team will take up Permian Basin League battle again Saturday when they cross bats with the Iraan team in the Pecos county town.

On Sunday the Sonora and Ozona players will oppose the same team in Ozona.

Wednesday in an exhibition game in Iraan the Station A players defeated that town's team by a 9 to 4 score. Skaggs was on the mound for Sonora five innings while the Iraan team was making four runs. Crostwaite finished the game. Lumley and DeFoyd was the Iraan battery.

The contest was a benefit one for Watkins, Iraan pitcher who is ill in a hospital following an operation.

According to statistics prepared this week by George E. Smith, Station A player, the following is the correct tabulation of the standing of the clubs:

PERMIAN BASIN LEAGUE
(as of Monday, May 24th)

	W	L	PCT.
Station A	6	2	.750
Texon	5	2	.714
Crane	5	3	.625
McCamey	1	6	.143
Iraan	1	7	.125

Sonoran's Condition Unchanged

Little change was noted this week in the condition of S. T. Gilmore who has been critically ill for several weeks.

Park For Athletic Contests Begun On Five-Acre Square

Fence of Cedar Staves As Well As Grandstand Planned By Baseball Leaders

Nearly five acres of land about four blocks from the Sonora Wool & Mohair Co. warehouse this week and next will be grubbed and leveled to make it suitable for playing baseball there rather than on the high school athletic field as at present.

The land is owned principally by L. J. Wardlaw, former Sonora citizen who lives in Fort Worth, by the Cornell Estate and a number of others. It is planned to lease the land from the owners.

Much Parking Space Available

Roy E. Aldwell, one of the group of six who are active in the establishing of the park, said Thursday that the land will provide plenty of space for athletic contests as well as for parking of automobiles adjacent to the park and also inside the park where those who care to do so may sit in their cars.

Among those who are actively interested in the establishing of the park, with Mr. Aldwell, are: Frank Knapton, B. M. Halbert, Jr., Tom Bond, H. L. Taylor, George E. Smith, G. E. Ellis.

Plans that are still in a tentative form include the inclosing of the land, 440 feet square, with a fence made of cedar staves. It is believed that this may be done at less cost than with lumber.

Grandstand To Be Built

Cedar will also be used as much as possible in the construction of a grandstand. It is thought, according to Mr. Aldwell, that a long stand with probably only five tiers of seat may be built more economically than can a higher one. Bracing, for the sake of safety, can also be accomplished easier with the lower type of construction.

Names were being secured this week of those who are willing to contribute to a fund for one year's lease of the land and the construction that is necessary. Mr. Aldwell said that it is not known just how much will be needed but probably in the neighborhood of \$1,000.

Ideal For Football Play

It is expected that the park may be used for football and track contests as well as for baseball. Work is expected to be done this summer that will make of the high school athletic field a sodded football gridiron. That contemplated work

HALF OF SHOW RECEIPTS TO ATHLETIC PARK FUND

Theater customers Wednesday and Thursday nights next week will be aiding the athletic park fund. Hix Hall, owner, has agreed to contribute one-half of his receipts each night. The picture, "Camille," will be shown.

has made imperative the securing of another place where Permian Basin League baseball games may be played.

Mr. Aldwell pointed out Thursday the desirability of such a park for the playing of football games each fall. Although crowds at football games often have seemed to be fully as large as those at baseball games there has been a great difference in the amount of gate receipts. It is believed that the playing of football games on a gridiron around which an enclosure has been built would result in considerably large revenue for the athletic fund.

B. M. Habert in Dallas, Ore.

Continuing his vacation trip in western states, B. M. Halbert, Sutton county ranchman, left Tucson Tuesday for a visit with his friend U. S. Grant, in Dallas, Ore. Recently Mr. Halbert has visited Sahuaro National Monument, an area in southern Arizona and northern New Mexico set aside by the government for the preservation of the giant cactus.

Boy For O. K. Rankhorns

Mr. and Mrs. O. K. Rankhorns announce the birth of a son at their home in Sonora Wednesday morning. The child, who has been named Christy Howard, weighed eight and one-half pounds. The Rankhorns have one other child, Lina Ann.

AIRPLANE TRAVEL SHOWS AN INCREASE

Passenger Lists Are Soaring Despite Crashes.

Washington. — Fatal airplane crashes costing lives of more than two score persons during the last six months have failed to affect commercial air travel, a bureau of air commerce report sets out.

In fact, figures show that during January, within a month of five major accidents, the number of passengers carried on the nation's airways was 46,012, compared with 44,061 for the same month last year.

The scheduled air lines of the United States flew 1,420,741 miles per accident and 15,118,023 passenger miles per passenger fatality during the last half of 1936, Director Fred D. Fagg pointed out.

There were 5 fatal accidents in which 19 passengers, 5 pilots, 5 co-pilots and 3 crew members lost their lives.

These statistics cover operations of all airlines operated by companies in the United States, including domestic air lines and extensions to foreign nations.

The domestic air lines, in this period, had twenty-six accidents, flying 1,334,570 miles per accident.

Foreign air lines had two accidents, in which one pilot was fatally injured, and flew 2,540,969 miles per accident.

Causes of accidents on the domestic and foreign extension air lines according to the report were as follows:

Personnel errors, 37.50 per cent; power plant failures, 3.57 per cent; airplane failures, 25 per cent; weather, 10.71 per cent; airport and terrain, 14.29 per cent; other causes, 3.57 per cent; undetermined and doubtful, 5.36 per cent.

British Query on H. C. L. Will Enter Into Homes

London.—Twenty thousand housewives throughout Great Britain are to be asked to reveal the secret of how they make "ends meet."

They will be asked how much they spend on housekeeping, how much on food alone, what foodstuffs they buy, and how much food they waste.

This will be the third great government inquiry this century designed to find out how people live and what are the minimum food costs to keep a person in health. The previous inquiries were made in 1904 and 1918. On these official "cost of living" index figures have been based.

Domestic scales and standard waste thus will be provided for a selected percentage of the 20,000. The housewives chosen for this more detailed investigation will be asked to weigh their food carefully and to keep the waste and weigh it, so that exact calculations can be made of average food eaten in families of different wage levels.

There will be no compulsion on any one to give the required information, which will be treated confidentially. The collection of the details will be carried out by local authorities and the cost defrayed by the treasury.

The result of the survey will be studied by the advisory committee on nutrition.

Old Veins Are Reworked by Colorado Gold Town

Creede, Col.—One of the biggest boom periods in the history of this gold camp is predicted by prospectors and mine operators.

The reason is the expected development of a source long overlooked—the hanging wall veins of the Creede mines.

In the hectic boom days mining men who flocked to the town were looking for gold-studded veins. They cleaned the tunnels of the choice ore and abandoned the shafts to drill new holes in productive mountains.

Vincent Ryan, a newcomer to the region last year, discovered that much gold remained in the hanging wall veins and recently opened an eight-foot vein of ore. Other prospectors have taken up the search and redevelopment of all the old claims may start a revival.

Tank Heated by the Sun Gives School Hot Water

Honolulu.—The manual training department has completed and installed the largest solar water heater in America at Punahou school, O. F. Shepard, president, reports.

The heater, utilizing the sun's rays to supply the school with hot water, covers 308 square feet of roof area and has 1,400 feet of copper tubing.

Blind Workers Turn Out 100,000 Brooms in 1936

Cleveland.—Sightless workers, under the supervision of the Cleveland Society for the Blind, made and sold 90,339 big brooms and 18,000 whisk brooms in 1936. Total sales amounted to \$72,872.14. More than 37 per cent of the sum was paid in wages to the workers.

Selectman Is Student Shutsbury, Mass. — This village boasts of an "undergraduate selectman." Henry George Dihlmann, twenty-nine years old, recently elected to the board of selectmen, is a senior at Massachusetts State college.

Sonora Girl Wins—

(Continued from page 1)

She was told that June 25, 26, 27 had been set as the dates for her visit to Dallas.

The essay which won for Patsy the trip to Dallas is printed below:

Why I Want To See the Greater Texas and Pan American Exposition at Dallas

By PATSY GILMORE

If the question were asked "What do you know of your state, Texas?" some of us would be able to tell you that Texas is the largest state in the union, its area is 265,896 square miles and its capital is Austin.

They would say that part of the state is arid plains and part of it is fertile where cotton, corn, rice and other cereals are raised, and that stock raising, coal, oil, and oil refining, meat packing and cottonseed products are of importance.

They would tell you that Dallas, Houston, Fort Worth, San Antonio, Fort Worth and Galveston are the chief cities; that the nickname is the Lone Star State or Beef State; the state flower is the bluebonnet, and that Texas is an Indian word meaning "friends" or "allies" and last, that the first settlement is believed to have been in San Antonio.

But can we even begin to tell of the wonders of "a city and two Expositions"? We cannot because that is as endless as a circle.

One of the outstanding things in this great circle was the good neighborly spirit so plainly shown the visitors in Dallas in 1936 throughout the entire Centennial celebration and the friendly attitude is to be stressed even more at the Greater Texas and Pan American Exposition in 1937.

I spent four days at the Centennial in Dallas in 1936 and one might think that reason enough for staying away from the Greater Pan American Exposition this year as you would be seeing the same things again.

This is a mistaken idea as most every exhibit is to be improved and many new ones added.

In 1936 almost two million people visited the Cavalcade of Texas. Many of the people who saw it last year are going to see it again because it is the Cavalcade of the Americas this year, dating from the time of Columbus.

The Petroleum Building was an interesting study last year. But the addition of the Latin-American methods of oil production and the actual drilling of an oil well on the ground will be of great interest.

Even though the Esplanade was a picture of beauty last year it will be nearer perfect this year with its vivid flags flying, its colorful water display, and hundreds of lighting effects. Then there is the Midway where all kinds of fun and entertainment can be enjoyed. The Midway has also added many new and exciting attractions.

To keep pace with the ever-changing methods of manufacturing would be an endless task, however, the opportunity afforded at this year's Exposition will be an education in itself.

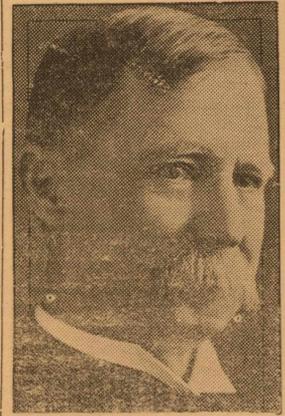

The Golden Rule of "Love Thy Neighbor as Thyself" will be much easier if we know our neighbors and to know our neighbors better, go to the Greater Texas and Pan American Exposition of 1937.

"Dean" Taylor Gives Assistance To Five

Senior Engineering Students Will Be Given Money

Austin, May 26.—Thomas Ulvan Taylor, "Grand Old Man" of the University of Texas and for 46 years dean of the College of Engineering, has established a Foundation to make financial awards to a few senior engineers each February for the purpose of helping to pay their second semester fees.

A number of gratuities for this fund have come from former students of Dean Taylor's who have

THOMAS U. TAYLOR For Many Years, Dean of the College of Engineering, University of Texas

sought to repay in this way some of the kindnesses he has rendered them.

A sufficient sum is already set aside for the fund to permit the awarding of these gifts for the next five years. It is expected that other ex-students and friends will contribute from time to time, enlarging the fund so that additional awards can be made.

For the next five years the awards will be limited to five in number. Recipients must be students who have "earned their way by the sweat of their brows in some such capacity as waiting on the table, washing dishes, janitor work, filling station service, or similar occupations," Dean Taylor asserted. In addition they must be students who have completed 85 per cent of the prescribed work for their undergraduate degree in engineering with a "C" average.

The funds have already been invested in United States Government securities, and the Foundation will be administered by three life trustees:

John A. Focht, professor of highway engineering, chairman and treasurer; C. E. Rowe, professor of drawing, secretary; and John D. Miller of Austin.

Personals

Word Sherrill of San Angelo was a week-end visitor here.

Mr. and Mrs. J. T. Penick went to San Angelo Saturday.

Mrs. Orba McCurdy of Vernon is a guest of her sister, Miss Sallie Wardlaw.

Mr. and Mrs. J. W. Trainer returned Tuesday from a week's stay in Christoval.

Mrs. L. H. McGhee and Mrs. G. P. Hill spent Friday and Saturday in San Angelo.

Mrs. M. G. Shurley and daughter, Rena Glen, went to San Angelo Wednesday.

Mrs. W. B. Dunn of Forsan visited her parents, Mr. and Mrs. W. E. Caldwell, this week.

Mrs. Batts Friend, Miss Joyce McGilvray and Miss Edythe Carson went to San Angelo Monday.

Mr. and Mrs. Floyd Ridley and Mrs. O. C. Ridley returned to Dryden today after a visit here.

Mr. and Mrs. Woodrow Norris of Odessa spent Sunday with his parents, Mr. and Mrs. J. C. Norris.

Mr. and Mrs. Sid Gilmore and daughter, Coleen, returned to Liberty Hill Tuesday after a visit with his parents, Mr. and Mrs. S. T. Gilmore.

FORMER SONORAN AND WIFE VISIT PARENTS

Mr. and Mrs. W. E. James of Pecatonica, Illinois, arrived in Sonora Friday night for a month's visit in the home of Mr. James' parents, Mr. and Mrs. W. E. James.

They will visit in other cities in the state before returning to their home in Illinois.

The young couple were accompanied to Texas by Bob Ladd of Fort Worth and Cy York of Weatherford.

Dance Here Next Thursday

The music of Joe Buzze and his men, Waco orchestra organization, will be heard in Sonora Thursday night when a dance is held at the Scout Hall. Buzze and his musicians are playing the Sonora date while on a trip through this section of West Texas. There is not to be a local, sponsoring organization.

Teacher Visiting in Sawyer Home Miss Rena McQuary, Sonora school instructor, is spending this week in the home of Mrs. E. E. Sawyer before returning to her parents' home in Abilene for the summer months.

Amarillo Minister and Son To Receive Degrees From University Monday Night

When diplomas are given Monday night at Texas Christian University in Fort Worth both father and son will be among those given degrees. The Rev. Roy C. Snodgrass, pastor of the First Christian Church, Amarillo, will receive a doctor of divinity degree. His son, Roy, Jr., will be

awarded a bachelor of arts degree. The father will be the speaker at the baccalaureate service Sunday morning. Fritz Lanham, Fort Worth congressman will speak at the commencement program Monday. Joe Reeder of Colorado is president of the class.

CAN YOU MATCH IT?

This bit of "Can You Match It?" material is gleaned from the columns of the Eldorado Success. It concerns H. B. Rees, business man of the Schleicher town and a son of Mr. and Mrs. Robert Rees of Sonora. As the Success has it:

We've often heard of "nigger" fishing, and according to reports made to us, you can do more fishing with less work that way than any other way. But now the bunch that went to Devil's River last week are telling a new one. "Tree fishing" would be a very good name for it.

H. B. Rees displayed a head of a huge catfish which he claimed he had to climb a tree to get. Rees tells his own story something like this:

"When he took my hook, I yanked on him just like I would any other fish. I yanked that rascal out of there, and he landed up in a liveoak tree, about 20 feet from the ground. Had to climb the tree to get him down!"

"Man Mountain Rees"! Just as powerful on a fishing trip as he is on a football field!

Modern Day Concept
(Continued from page 1)

Miers, valedictorian, spoke later in the program.

A public address system, costing nearly \$100, was presented the school by Marion Elliott, who spoke into the microphone on the state as he told of the appreciation of the class for the privileges of securing an education.

L. W. Elliott, president of the school board, handed the diplomas to the graduates who were presented by Preston C. Lightfoot, high school principal. Mr. Elliott commented on the unusual fact that the class included a nephew of his, as well as children of three members of the board. He expressed commendation for Cesario Martinez whom he described as "the first Mexican ever to have been graduated from Sonora high school."

Many Given Awards

John Eaton and F. T. Jones presented the following pupils with special awards:

Lion's Club Medals: Joe Nell Miers, highest ranking girl in high school, 1936-37; William Richard Vehle, highest ranking boy, 1936-1937.

Neither Absent, Nor Tardy, 1936-37: R. W. Hill, Noble Poindexter.

Typing Ability: Emmalou Logan, 50-55 words per minute; Joe Nell Miers, 40-45, 45-50, 50-55 words per minute; Kathryn Brown, 40-45-50 words per minute.

Honor Roll Certificates: Myron Morris, Jimmie Langford, Basil Taylor, Wanda B. Rape, Jack Shurley, Rena Glen Shurley, Garland Slaughter, Jim Taylor, Web Elliott, Joe Nell Miers, William Richard Vehle, Joyce McGilvray, Jo Ann Marion, Emmalou Logan, Mary Jo Rape, Leon Muckleroy.

Those given diplomas were: Howard Eugene Adams, Walter Louis Davis, William Marion Elliott, Freida Wilna Hamer, Robert M. Jackson, Lillian Vada Kring, Emmalou Logan, Cesario Martinez, Lloyd H. McGhee, Jo Ann Marion, Joyce McGilvray, Joe Nell Miers, Emma Angeline Sessions, Francis Wayland Stubblefield, Aubrey Wilton Stubblefield, Reginald Trainer, William Richard Vehle.

T. C. MURRAY RETURNS FROM VISIT TUESDAY

T. C. Murray returned Tuesday from Johnson City where he attended the graduation exercises for his niece, Mabel Murray. Mr. Murray also visited in San Marcos.

Miss Murray was valedictorian of her class.

Ollie Stockton's Brother Graduates

William Dayton Stockton, brother of Ollie Stockton, and a nephew of Johnny Hamby and Finis Hamby, was one of the eighty-nine who received diplomas from Schreiner Institute at Kerrville, Wednesday night. Mr. Stockton went to Kerrville Tuesday to attend the final parade and review of military corps, as well as the graduation exercises.

Driskells' Guests Leave

Mr. and Mrs. J. D. Murphy and son, Bob Jackson, and Claude Thomas Driskell left Wednesday for Los Angeles. Claude Thomas will visit in California until July 1. Bob Jackson, a senior in high school here this year plans to enter the College of Mines and Metallurgy at El Paso next fall.

Plans Being Made By Holland Scouts

World Event To Follow U. S. One in Washington, D. C.

Washington, May 26. — Boy Scouts of The Netherlands are busier than ever these days. They are making ready their 325-acre camp at Bloemendaal, Vogelensang, as an "international town of tents" to house 25,000 Boy Scouts of all parts of the world gathering for their Fifth World Jamboree on July 29 to August 13. World Scout Jamborees are held every four years.

The camp is on a historic estate behind the sand dunes of the North Sea, ten miles west of Amsterdam. Eight thousand Boy Scouts of Great Britain have chartered eight steamers to take them across the North Sea to the camp.

A total of 1,050 reservations have been allotted to the Boy Scouts of America whose contingent will leave for The Netherlands gathering at the close of its own National Jamboree at Washington, D. C. Representing the United States will be First Class Scouts, at least 14 years of age with a year of Scout training, and practical experience in camping, including cooking on a Troop camp basis.

Some people can't distinguish between criticizing judiciously and damning indiscriminately.—Southwestern Ambassador.

DISTINCTIVE "BADGE" FOR BOY SCOUTS AT JAMBOREE

Washington, May 26.—The colorful neckerchiefs Boy Scouts wear which are useful in emergencies, particularly in first aid work, will have an unusual job at the National Jamboree here from June 30 to July 9.

Upon checking in on their arrival, each of the 25,000 Scouts and leaders will obtain two special neckerchiefs. A red one will be worn at the 350-acre Jamboree camp, and a blue one upon leaving the camp grounds. As both neckerchiefs bear the official Jamboree insignia — Washington Monument in the center of a compass — it will serve as a visible passport and identification mark of a Jamboree participant.

Mr. and Mrs. George Baker and son, Frank Kelsey, were in Sonora a few hours Sunday on their way back to Fort Stockton after a week-end visit in San Saba.

RAIN ON HALL 330-ACRE FARM IN PLAINS SECTION

Information that his 330 acres of wheat land near Hart had received 2 1/2 inches of rain was the joyful news received Tuesday by Hix Hall.

The man on Mr. Hall's place wrote that the wheat in that section looked very well for this time in the season and that with favorable conditions the rest of the season a crop of ten to fifteen bushels to the acre might be expected.

Dr. Boughton A. and M. Visitor Lectures before the senior veterinary students at Texas A. and M. College were given this week by Dr. I. B. Boughton of the Ranch Experiment Station staff. Dr. Boughton was there Monday and Tuesday.

NOTICE!

Dr. Fred R. Baker, San Angelo's popular optical specialist, who has been supplying expert eyesight service for local citizens for thirty years, will be at the Hotel McDonald Wednesday, June 2nd, only, with the finest line of new style spectacleware in the southwest. The Doctor's expert fitting is well known.—adv.

Firestone TIRES
GIVE YOU GREATER PROTECTION AGAINST SKIDDING AND BLOWOUTS

YOU will know the minute you see this tire why car owners everywhere call it the greatest tire ever made to sell at these low prices. The deeper, wider, flatter non-skid tread made of tough, long wearing rubber will give you protection against dangerous skidding.

But tires cannot be judged on tread alone. Under the tread of Firestone Standard Tires are two extra layers of Gum-Dipped cords. This Firestone patented construction feature binds the tread and cord body into one inseparable unit. Every cotton fiber in every cord in every ply is saturated and coated with pure liquid rubber which counteracts the internal friction and heat that ordinarily destroy tire life. This Firestone patented process of Gum-Dipping

gives greater protection against blowouts and is used only in Firestone Tires.

Come in and join the Firestone Save A Life Campaign today by equipping your car with a set of new Firestone Gum-Dipped Tires.

DON'T RISK YOUR LIFE ON THIN WORN TIRES
Protect yourself and your family from the danger of driving on thin worn tires which may cause a serious accident.
DO YOU KNOW
THAT last year highway accidents cost the lives of more than 38,000 men, women and children?
THAT a million more were injured?
THAT more than 40,000 of these deaths and injuries were caused directly by punctures, blowouts and skidding due to unsafe tires?

YOU SAVE ON LOW INITIAL COST \$8.15 4.40-21
YOU SAVE BECAUSE TWO EXTRA LAYERS OF GUM-DIPPED CORDS MAKE THE TIRE MUCH STRONGER
YOU SAVE BECAUSE THE GUM-DIPPED CORD BODY GIVES GREATEST BLOWOUT PROTECTION
YOU SAVE BECAUSE THE WIDER FLATTER TREAD GIVES LONGER NON-SKID MILEAGE AND PREVENTS SKIDDING

Firestone STANDARD FOR PASSENGER CARS

SUTTON SECTION "ON TOP" THIS SUMMER AS IN OTHER YEARS

Travelers from here return telling that Sutton county looks better than other sections for many miles in each direction.

Year in and year out the "Stockman's Paradise" section usually is blessed in a host of ways. It has its ups and downs but the "ups" are usually in the majority and over a period of time it will be found that economic conditions of this territory will be equaled by few other Texas territories.

Prices of Sutton "crops" now are such that the ranch industry is a favorable one.

Building in Sonora is at a height it has not reached for many months.

Go where you will it is very likely that you will return to Sonora and Sutton county with a realization that for year in and year out business development and "carry-on" it's hard to equal the "Stockman's Paradise."

JOHN EATON SELLER OF PROPERTY NEAR SCHOOLS

Deed recordings in the county clerk's office this week included the sale by John Eaton of two lots to Dr. Tom White and one to W. E. James.

The White property fronts 120 feet on College Avenue and the James lot sixty feet on the same street, which is an unopened one adjacent to the school property. The lots sold face the school campus.

Lions Committee To Study Proposed Children's Camp

Newly Elected President, W. J. Fields, Jr., and George H. Neill Delegates

Sonora Lions are to consider a proposal made by the San Angelo Lions, Club that underprivileged Sutton county children enjoy privileges of the camp at Lake Nasworthy, San Angelo, sometime this summer.

N. T. Poindexter, W. E. James and W. E. Caldwell were appointed Tuesday to consider the matter and to report their findings to the club.

The Sonora club is to send W. J. Fields, Jr., president-elect, to Chicago for the Lions International convention in July. George H. Neill was elected the other delegate to which the club is entitled. Alternates are to be chosen at a later date.

A further report on the condition of a handicapped high school youth was given the club by Dr. J. Franklin Howell. It was also suggested by Dr. Howell that the club align itself with San Angelo in its efforts to secure the West Texas hospital for the insane. W. C. Gilmore, Dr. Joel Shelton and John Eaton were appointed to consider the best means of aiding San Angelo.

Edith May Babcock, violinist, and Geraldine Morrow, pianist, entertained with several selections. Edith May is a pupil of Mrs. Gus Miller, San Angelo, and Geraldine of Miss Marie Watkins.

Guests at the luncheon were: Royden L. Baldwin, San Angelo; W. S. James, Monahans; B. W. Stuart, Ozona; George Bean, R. M. Johnson, Sam Gray.

Youthful Mexican Arrested This Week

Suspended Sentence Given Him at March Court Term

Charged with driving a car while intoxicated, Francisco Santa Anna and Pedro Navarro were arrested in Sinaloa Tuesday.

Santa Anna is the Eldorado youth who was given a 2-year suspended sentence in March on a charge of assaulting with intent to murder J. H. Brasher, Jr.

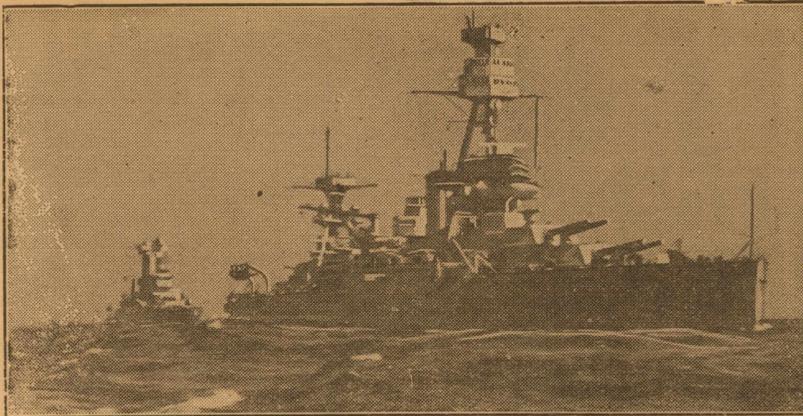

Adrin M. Iley of San Angelo recently made bond on a similar charge.

Recent legislative action in Texas makes it mandatory that in such cases a sentence of not less than five days in jail be given if the plaintiff is convicted. Heretofore, a fine only might be assessed.

Charles Baker of Menard, charged with alteration of checks, was recently released on bond. His case was continued at the last term of district court.

OFF FOR THEORETICAL ATTACK ON HAWAIIAN ISLANDS

To test the defenses of Pearl Harbor and other strategic fortifications protecting the Hawaiian Islands, a mobilization of the Pacific fleet under command of Admiral Hepburn will carry on an intensive mimic warfare in Hawaiian waters. A strong force of naval airplanes accompanies the fleet in the manoeuvres.

FLEET COMMANDER
Admiral Arthur J. Hepburn, U.S.N., who will direct operations of Naval manoeuvres in Hawaiian waters.

A LIVELY CATCH OF HERRING

New England fishermen are reaping a rich harvest as huge schools of herring come down to tidewater from upstream spawning grounds. Above, a catch at Middleboro, Mass. The netting is under careful Government supervision.

PRESIDENT OPENS BASEBALL SEASON

Flanked by Clark Griffith (left), president of the Washington Club, and Cornelius Macgillicuddy (right), better known as Connie Mack, pilot of the Philadelphia Athletics, the President throws out the first ball in Washington. At extreme right, Marvin McIntyre, of the White House secretariat.

KING GEORGE VI AND QUEEN ELIZABETH OCCUPY WINDSOR CASTLE

Preparatory to the coronation ceremonies next month, the new King-Emperor and his Scottish Queen formally enter upon residence at Windsor Castle, using the "Sovereign's Gate" for their entry. Since the abdication of Edward VIII, they have occupied the Royal Lodge in Windsor Great Park, with a town house in Piccadilly, London, which they recently forsook for Buckingham Palace.

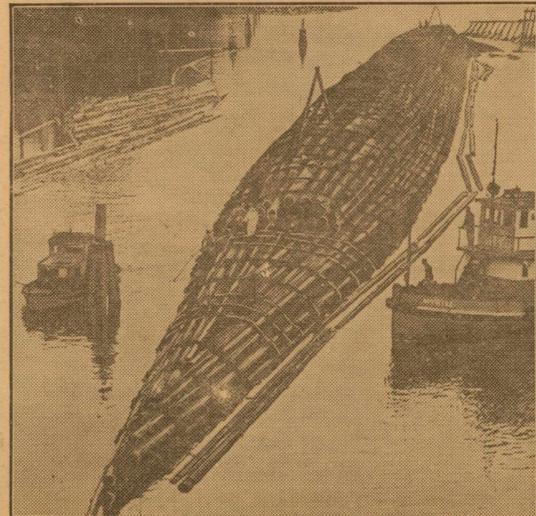

HITLER'S "NO. 1 MAN"

Colonel-General Herman Wilhelm von Goering, who holds several of the most important portfolios of state in the Hitler regime.

WHERE A NOSE COMES IN HANDY

Remarkable finish of a horse-race at San Francisco, with three contenders crossing the line neck-and-neck. "Wrackfield" had either a longer neck or a larger nose, which brought his backers \$37.80 for every \$2.00 invested in his physiognomy.

WORLD'S LARGEST LUMBER RAFT

Millions of feet of lumber await favorable weather to start an 1,100-mile voyage from Cathlamet, Wash., to San Pedro, Cal. These huge logs are bound by 175 tons of chains and form a boat-shape mass 835 feet long and drawing 23 feet of water—comparable in length and displacement to a fair-sized ocean liner.

"Spring" Program Given at Woman's Club

Mrs. Hi Eastland was leader of the program on "Spring," when she discussed "Nature Beauties" at the meeting of the Woman's Club, Thursday afternoon of last week at the clubhouse.

The following officers were installed:

President, Miss Nann Karnes; vice-president, Mrs. W. H. Dameron; recording secretary, Mrs. W. J. Fields, Jr.; corresponding secretary, Mrs. John L. Nisbet; treasurer, Mrs. Lloyd Earwood; parliamentarian, Mrs. O. G. Babcock; auditor, Mrs. Joel Shelton.

Mrs. O. G. Babcock presented an interesting talk on "Our Feathered Friends." Mrs. B. W. Hutcherson read a poem, "Who Looks at Beauty," for Mrs. S. T. Gilmore, who was unable to attend. Current events were read by Miss Nann Karnes. Alyce Claire Shelton sang "The Moth" and "Priscilla," accompanied by Mrs. Robert W. Jacobs. Marjorie Nisbet played "The Swan On a Moonlit Lake," by Rebe.

Committees named for next year were:

Calendar: Mrs. Hutcherson, Mrs. Hix Hall, Mrs. H. V. Stokes, Mrs. J. L. Nisbet; library: Mrs. John Fields, Mrs. W. J. Fields, Jr., Mrs. Lloyd Earwood, Mrs. Dameron, Mrs. E. F. Vander Stucken;

Yard: Mrs. Roy E. Aldwell, Mrs. Velma Shurley, Mrs. F. T. Jones; membership: Mrs. W. E. Caldwell, Mrs. O. G. Babcock, Mrs. Joel Shelton; house: Mrs. J. F. Howell, Mrs. W. R. Cusenbary, Mrs. I. B. Boughton.

Hostesses for the afternoon were: Mrs. Lloyd Earwood, Mrs. John Fields, Mrs. W. J. Fields, Jr., Mrs. Velma Shurley.

Ice cream and angel food cake were served to:

Mesdames I. B. Boughton, O. G. Babcock, J. H. Dasher, W. E. Caldwell, W. R. Cusenbary, W. H. Dameron, Hi Eastland, Lloyd Earwood, W. J. Fields, Jr.,

John Fields, B. W. Hutcherson, Velma Shurley, Robert W. Jacobs, J. L. Nisbet, Frank Bond, Joel Shelton, H. V. Stokes, N. T. Pindexter, Miss Nann Karnes.

The club will not meet again until fall.

Fourth Grade Entertained at Meckel Ranch Home

Pupils of the fourth grade were entertained with a swimming party Thursday afternoon of last week at the ranch home of Mr. and Mrs. Ben F. Meckel, six miles north of here.

Those present were: Robert Aske, Horace Cross, Lois Whiddon, Truett Wilson, Esta Lee Burch, H. C. Kiser, Jr., Geraldine Meckel, Francis Green Wright,

Marguerite Howell, Warren Reddoch, Sidney Awalt, Eugene Wallace, Eugene Shurley, Emery Lee Harris, Frances Atchison, Wanda B. Cook, Billie Cartwright, Robert Wilson, J. V. Roberts,

Betty Grace Vehle, Doris Meckel, Libby Jo Wallace, Geraldine Morrow,

Mrs. Bill Cartwright, Mrs. C. W. Reddoch, Miss Mildred Labenske, Mrs. R. V. Cook, Mrs. Jimmie West of Eldorado, Mrs. H. C. Atchison, Mrs. Meckel, Mrs. A. W. Awalt.

Mrs. Fields Party Hostess Saturday Afternoon

Naming Mrs. Joel Shelton, Mrs. Andrew Moore and Mrs. B. M. Halbert, Jr., as club guests, Mrs. John Fields was hostess Saturday afternoon to the Girls' Bridge Club. The home was decorated in an array of spring flowers, the party colors of green and yellow, being expressed in an artistic arrangement of wild flowers.

Mrs. Halbert won high guest award.

Club members present were: Mesdames Henry Decker, Lloyd Earwood, W. P. McConnell, Jr., R. C. Vicars, J. A. Ward, Jr., Frank Bond, Sam H. Allison, Miss Alice Karnes, Miss Ada Steen.

Mrs. Allison won high club and Mrs. Earwood won second high. A salad plate was served after a series of games of bridge.

Eighteen Enjoy Trip To Llano River

Members of the Baptist Sunday School class, taught by G. B. Rankhorn, enjoyed a fishing trip to the Llano river last Saturday night. The group returned Sunday afternoon, after having their Sunday School lesson taught to them on the river.

Members of the class are: Roy B. Glasscock, Sanford Trainer, Justin Odom, Jack Lindsey, Junior Roberts, Clarence Smith, K. C. Collier, Raymond Cooper, Robert Askew, Delma Lee Sloan, Brother Kring, Victor Cross, Jay Burch, Sam Odom, Roy Cooper, Pete Andrews, Ban Odom, and Mr. Rankhorn.

DANCE PUPILS WILL BE PRESENTED HERE SATURDAY

Seventeen Sonora children will participate in the recital of Mrs. Ben Deason, dancing instructor, in San Angelo tonight and here tomorrow night.

One chorus will be led by Peggy Gilmore.

Those on the program are: Marolyn and Madolyn Powell, James Theodore Hunt, Jane Neill, Jackie Wardlaw, Kathleen Schwiening, Raymie Jo McClelland, Patsy Gilmore,

Mary Gwendolyn Wyatt, Peggy Gilmore, Margie Crowell, Peggy Reming, Martha Jo Moore, Wirt Ellis Stephenson, Elizabeth Taylor, Sammie Jeanne Allison, Willie Nell Hale.

C. T. JONES FAMILY HAS GUESTS LAST WEEK-END

Guests at the home of Mr. and Mrs. C. T. Jones Friday night included:

Mr. and Mrs. Jimmie Martin and small daughter, Maralyn, of McCamey; Mr. and Mrs. Sam Hill Sessions and V. L. Sessions of Brady; Mr. and Mrs. R. J. Page of San Angelo; Mr. and Mrs. Otis Moser and daughter, Lolabeth, of Menard; Mr. and Mrs. Tom Jones and daughter, Rosalyn, Miss Anna Florence Page, Mrs. R. A. King and son, John I. King, all of Eldorado.

Miss Emma Sessions, a niece of Mr. and Mrs. Jones, was one of those graduated Friday night.

Buffet Supper Charming Way of Pleasing One's Friends; Simple Service Possible

Denton May 26.—Fashion trends affect many items other than clothing. Modes of entertaining also change with the season. On the upswing of popularity at present is the buffet supper.

At commencement time there is no other kind of party so easy to give. The cost is light. No service is necessary. Simple, inexpensive dishes are the most appropriate, for even the simplest table may be set with special charm. The three secrets of a successful buffet party are that there should not be too many courses, each dish must be stacked high, with more in the kitchen, and the hostess ought to be relaxed.

Menus

Menu 1: Devilled crab, Tartar sauce, rolled lettuce sandwiches, whole wheat bread and butter sandwiches, sliced tongue and cucumber marinated, strawberry Bavarian cream loaf, old English gum drop cookies, nuts, mints, coffee.

Menu 2: Chicken salad in peeled tomato cups, hot rolls, tiny potato balls, chilled green asparagus, sweet pickles, lemon meringue pie, mints, celery curls, olives, coffee or an iced punch.

Menu 3: Scrambled eggs with tiny sausages, or spinach ring with curried shrimps, Chiffonade salad, olives stuffed with Anchovies, radish roses, gherkins, tiny popovers with cheese inserted just before serving, ripe pears filled with Neufchatel and Baile Duac and served with a cold custard sauce, and as beverages: iced cocoa, coffee, punch or tea.

Menu 4. Individual chicken pot

pies, or spaghetti, wild rice with mushrooms and apple chutney, cheese bread with different varieties of cheese. Hot Boston brown bread, vanilla ice cream with hot brandied cherries, iced tea, mints, celery, olives.

Devilled Crab

Two lbs. butter 1 slice onion, 2 T. flour, ½ t. mustard, 2-3 cup white stock, 3 T. sherry flavoring, ½ t. beef extract, 1 t. finely chopped parsley, 1 cup chopped crab meat, 6 finely chopped mushroom caps, salt, cayenne, bread crumbs, yolks of 2 eggs.

Cook butter with onions three minutes. Add flour mixed with mustard and pour on, gradually, white stock, sherry and beef extract; add parsley. Bring to boiling point and add egg yolks and crab meat. When well mixed, add mushroom caps, salt and cayenne. Fill well-cleaned crabshells with mixture, sprinkle with stale bread crumbs mixed with small quantity of melted butter. Bake until crumbs are brown.

Curried Shrimp

Parboil shrimp, before removing shells, in water to which has been added lemon rind and celery stems and leaves which can not be used uncooked. After 15 minutes remove shrimp and clean. Put in pan and pour over them a sauce made as follows: 2 T. butter, ½ onion sliced, 2 T. flour, ½ t. curry powder, 3-4 t. salt, ¼ t. pepper, 1 cup milk. Cook butter with onion until yellow add flour, mix with curry powder, salt, pepper. While stirring constantly pour on milk gradually.

Dinner Friday Night Honors El Paso Man

Dr. and Mrs. D. M. Wiggins were guests of honor Friday evening at a dinner at the Hotel McDonald. Dr. Wiggins, president of the College of Mines and Metallurgy, was speaker that night at the graduation exercises at the high school auditorium.

He is a former professor and dean of Hardin-Simmons University, Abilene. His hosts were former students of the university.

The guest list included: Messrs. and Mesdames Bayd Caffey, Preston C. Lightfoot, F. T. Jones; Miss Rena McQuary, Miss Kathryn McQuary, Miss Maggie Stuart, H. F. Gilley.

Keep books? You'll need an Analysis Pad—16-col., with item space; 50 sheets coiled wire binding, "eye-case" paper. In stock at the NEWS office.—adv.

SONORA, TEXAS

Personals

J. T. Penick went to San Antonio Wednesday.

Miss Annie Duncan left Wednesday for a visit in San Antonio.

Mr. and Mrs. Earl Lomax and daughter, Lois Lou, spent last week-end in Del Rio.

Mrs. C. H. Allen and son, Charles Brent, are visiting friends and relatives in Mason.

Ted Gilmore returned to Fort Worth Wednesday after a visit with his parents, Mr. and Mrs. S. T. Gilmore.

OZONA BOYS DEFEATED BY SONORA BASEBALL NINE

Sonora schoolboys, trained by Sam Gray, Station A baseball player, Friday afternoon defeated boys from Ozona by a 9 to 8 score on the Sonora diamond.

Pitching for Sonora was Francis Archer, who also handles himself well in football and track competition. He struck out six batters who faced him during five innings. Robert Allen Simmons was behind the bat for Sonora. Frank and Yates comprised the Ozona battery.

Baseball competition is a new thing for Sonora youths. Gray hopes to be able to have a number of games for his charges during the summer vacation.

Grandson For Sonora Woman
Word has been received here of the birth of a son to Max and Mrs. Almaguer in Del Rio Saturday. The child is a grandson of Mrs. Tita Almaguer of Sonora.

There is no medicine likt a good joke.

By L. L. STEVENSON

The theatrical season was well advanced. Broadway critics had become pessimistic over the possibility of a youthful star making an appearance. Then "Having Wonderful Time," a comedy by Arthur Kober, opened. It deals with Jewish young people on vacation in the Berkshires—most of them boys and girls who have been saving up all year for two weeks at Camp Kare Free. Among them is Teddy Stern, slight, blue-eyed and with hair of reddish gold. Teddy is tired—tired from working as a secretary and a number of other things including a broken engagement. Sam Rappaport is a lot older than Teddy and is interested solely in his business and radio. But he offered security and a chance to quit taking dictation. Things change a bit when Teddy meets Chick Kessler. The part of Teddy, short for Tessie of course, had been given to Katharine Locke. As she played it, something passed over the footlights. The jaded critics sat up and took notice. And the next day, Broadway knew a new star had arrived at last.

Katharine Locke is twenty-five years old. For five years she struggled for a foothold on Broadway. Her talents brought her a number of opportunities. She clutched them eagerly and gave her best. The plays, however, were not of Broadway caliber and one by one they flopped, seven or eight in all. "If a Body," however, ran 46 times, which didn't place it even in the success class. But it brought Miss Locke a screen test. Still fate wasn't ready to smile. More disappointments followed. Then came the big opportunity and now nightly, with two matinees a week, she is Teddy Stern. In private life, she is Mrs. Morris Helprin, wife of an advertising and publicity man. And for her, the sun is shining brightly though she does call her dog Noon Day Drizzle.

Speaking of dogs, there is Colonel. When it became known that the Theater Guild needed a dog for a part in a forthcoming production, canines of almost every known breed—many with pedigrees as long as from here to there—were offered. As the script called for a mutt, the blooded animals were eliminated automatically. That didn't help the Guild much since the blends were in the majority anyway. After a lot of inspection and other trouble, Colonel, who is owned by Mrs. Francis Kidner, of Greenwich Village, was chosen. He's just plain dog and can be classified in no other way. From his tail to his shoulders, he's one breed. His ears make him another and so does his tail, while various other physical attributes provide further variations. Thus, he fulfilled all specifications.

On stage, Colonel becomes Patsy in "Storm Over Patsy." Since his name is in the play title, though he doesn't receive top billing, Colonel is a star. As is often the case with human stars, Colonel has developed a temperament. Having become accustomed to riding to and from the theater in a taxicab, he has to be forced into walking. Also, he high-hats various old dog friends of the Village, passing them with muzzle in the air. When an attempt was made to photograph him with Sylvia, the goose in "Sun-Kissed," he put up a battle. That was an error. Sylvia, though a lady, has a strong beak and wings. The brawl was ended before a decision was reached but Colonel is said to have looked relieved.

In the case of Colonel, it pays to own a mutt. His owner receives \$50 a week, plus expenses, which usually run about \$10 a week more, for his services. On stage, he doesn't do much except look bored and receive a lot of petting, though a veterinarian, in speaking of his various points during court proceedings, isn't exactly complimentary. But be all that as it may, Colonel is making personal appearances here and there. Also he is endorsing various dog products and posing for photographs, all of which run his income into higher brackets.

Coeds at Vermont Live on \$2.50 Weekly Budget
Burlington, Vt.—Living on \$2.50 a week each, 46 University of Vermont co-eds are applying successfully the ideal of co-operative housing under the direction of the woman who conceived the idea 25 years ago.

Two dormitories, renovated by the university, are supervised by Prof. Bertha M. Gerrill, home economics department head, who prepares the menus and buys the food.

AERIAL "FENCES" TO BALK AIR ATTACKS

The British Plan Balloon Aprons to Guard London.

Washington, D. C.—Balloons tethered in the air more than 30,000 feet above London, and trailing wires to form aerial "fences" which will partially enclose the city—such will be the fantastic picture if Great Britain carries out one of her proposed plans for defense against invading airplanes. To fly high enough to surmount these barriers, reaching almost into the stratosphere, planes would have to carry oxygen apparatus and but few bombs.

"In planning to protect London by a group of balloons, British military authorities are not entering a wholly new field," says the National Geographic society. "Toward the close of the World war, air raids on London were made less effective by balloon aprons.

"Sausage-shaped kite balloons, protected by airplanes, were suspended 500 feet apart, at about 10,000 feet above the city and were anchored to the ground by long cables. From horizontal cables, linking each trio of balloons, hung long weighted streamers of piano wire, forming aprons of vertical strands, somewhat like those which herald a railroad's approach to a tunnel. The wires, strong enough to damage wooden propellers or wings of attacking planes, forced flyers to climb above them, or to descend perilously low to pass beneath them. Perhaps their greatest value was the psychological effect they had on pilots.

Kite Balloons Aid Navy.

"Great Britain also found kite balloons an aid to her navy. Observers in a balloon, towed along several thousand feet above a destroyer, could spot a periscope or the wake of a submarine long before it was visible from the bridge. Through a telephone wire in the cable connecting balloon to ship, the balloonist could direct the ship's attack on the underwater menace.

"Some balloons, floating like toy ones above battleships, were effective deterrents of submarine attacks, though innocuous in themselves. Small dummies, carrying crews of dummy men, they created the illusion of large observation balloons flying at a great height.

"Hundreds of captive balloons were used for observation purposes on both sides all along the Western Front. Since their contents were highly inflammable, airplanes attacked them with sky rockets instead of bullets.

"Unmanned, top-shaped balloons about eight feet high, and made of paper, were sent up by the British. These released over German lines, and to a distance of fifty miles behind them, bundles of propaganda leaflets, printed in German, meant to undermine enemy morale.

"Balloons were first put to a military use in France. At the battle of Fleurus in Belgium on June 26, 1794, Captain J. M. Coutelle, the world's first military balloon observer, floated in his balloon, L'Entreprenant (The Venturesome), above the cannon flashes and clouds of smoke of the opposing French and Austrian armies. By signaling with flags to the French artillery, Coutelle demoralized the Austrians, and was an important factor in the French victory.

"During the siege of Paris in 1870-71, balloons played a strategic part.

Used in Civil War.

"About a decade earlier, balloons had proved effective in the American Civil war. Union forces had several in which observers hovered over the countryside, looking down with all-seeing eyes on Confederate forts and camp fires. News of Confederate evacuations, bridge building operations, or other supposedly secret military maneuvers were immediately telegraphed to Union headquarters over a wire to the ground. This was the first time that war dispatches had been telegraphed from the air.

"Realizing the advantage of an observation balloon, but too poor to buy one, the Confederate Army collected the silk dresses of Richmond women and out of them made a patchwork balloon, like Joseph's coat, of many colors, striped, plaid, and flower-sprigged. Southern belles made their sacrifices in vain, for their ball gowns, sewed together and oiled and varnished, made only one ascent before the balloon was captured by the Federals. A scrap of this balloon, brown and shredded with age, is preserved in the aeronautical exhibit of the Smithsonian Museum in Washington, D. C."

Celluloid Collar Plant Makes Its Sales Abroad

Harrisburg, Pa.—What is believed to be the last celluloid collar factory in the United States is operated in Harrisburg by Clyde Kramer.

The vanishing industry is conducted in a two-story shop. Kramer and his brother handle the entire output.

Kramer, whose business is largely with foreign countries, doesn't sell a single collar in Pennsylvania and says that "it will take a revolution to bring the celluloid neckwear back in the United States."

Sheep and Goats To Be Shown Oct. 4-10 at Dallas Show

Texas Technological Man Again To Direct Showing of Livestock

Dallas, May 26.—Dates for the Greater Texas and Pan American Exposition's Livestock show have been announced by Roy Rupard, fair official, to run from October 4 until the close of the month. W. L. Stangle of Texas Technological College, Lubbock, has been named superintendent.

Running with the regular show will be the Junior Livestock show for the benefit of 4-H Clubs and Future Farmers. All contests are open to the world, Rupard announces. Stangle will take over his duties at the close of school, coming to Dallas to set up his staff and prepare for the fall meet.

Director One of Experience

Stangle has been identified with the livestock business in Texas for many years. He was long associated with the Fat Stock Show in Fort Worth and last year directed the Texas Centennial Exposition's show throughout the life of the Exposition.

Following are the dates announced:

Beef cattle, junior beef cattle and sheep and goats, October 4-10; dairy cattle, junior dairy cattle and swine, October 18-24.

Judging dates have been set up as follows:

Tuesday, October 5, Shorthorn cattle, Rambouillet and Delane Mevin sheep; Wednesday, October 6, Hereford cattle, Hampshire and Shropshire sheep; Thursday, October 7, Hereford cattle, Southdown and Oxford sheep; Friday, October 8, Aberdeen Angus and Milking Shorthorn cattle, Corridale, Dorset and Cheviot sheep;

Saturday, October 9, goats, all breeds, and sale of fat steers and lambs; Tuesday October 19, Holstein cattle and hogs all breeds; Wednesday, October 20, Guernsey cattle and hogs of all breeds; Thursday, October 21, Ayrshire cattle and hogs of all breeds.

During the livestock show two conventions of international scope affecting the dairying business will be held in Dallas, the International Association of Milk Dealers and the International Association of Ice Cream Manufacturers. These conventions will bring an attendance of 3,000 delegates and are meeting in the south for the first time in their history.

MR. AND MRS. LOVE HAVE GUESTS LAST WEEK

Guests at the home of Mr. and Mrs. Gus Love last week included her mother, Mrs. R. D. Garrison, her brother and sister-in-law, Mr. and Mrs. Paul Garrison, all of Medina; Mrs. Love's sister, Mrs. A. J. Flowers, of Pharr; a niece, Miss Joyce Garrison of Ozona.

Miss Joyce Garrison, a senior in the Ozona high school, was salutatorian of her class, and was awarded a scholarship to Baylor University at Waco. Miss Mary Williams was valedictorian, and John Childress made the highest average for boys. Mr. and Mrs. Love and their guests attended the commencement exercises Thursday night of last week in Ozona.

MOTHER OF SONORA MEN RECOVERING IN AUSTIN

"Sutton county is greener than any other place between here and Austin—and beyond," G. H. Davis, Sutton ranchman, said the latter part of last week when he returned from a trip to the Austin section.

Mrs. R. Walter Davis, mother of Mr. Davis and his brother, W. L. Davis, was operated upon in Austin the first part of last week. She has improved steadily since the operation.

Mrs. Davis' parents, the Rev. and Mrs. L. C. Mathis of Lometa, are guests in the Davis home. The Reverend Mr. Mathis was formerly pastor of the Methodist Church here.

State Amendments To Be Considered By Voters in August

H. J. R. No. 23

HOUSE JOINT RESOLUTION proposing an amendment to the Constitution of the State of Texas to be known as Section 20 of Article VIII, providing that no property of any kind shall be assessed for ad valorem taxes at a greater value than its fair cash market value; and giving the Legislature power to provide that the State and all governmental or political subdivisions or taxing districts may allow a discount for payment of ad valorem taxes before the date when they would otherwise become delinquent; and providing that this Amendment shall become effective January 1, 1939; providing for an election on the question of adoption or rejection of this Amendment; providing for the proclamation and publication thereof; and making an appropriation therefor; and prescribing the form of ballot.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new Section to Article VIII to be known as Section 20 and to read as follows:

"Section 20. No property of any kind in this State shall ever be assessed for ad valorem taxes at a greater value than its fair cash market value nor shall any Board of Equalization of any governmental or political subdivision or taxing district within this State fix the value of any property for tax purposes at more than its fair cash market value; provided that in order to encourage the prompt payment of taxes, the Legislature shall have the power to provide that the taxpayer shall be allowed by the State and all governmental and political subdivisions and taxing districts of the State a three per cent (3 per cent) discount on ad valorem taxes due the State or due any governmental or political subdivision or taxing district of the State if such taxes are paid ninety (90) days before the date when they would otherwise become delinquent; and the taxpayer shall be allowed a two per cent (2 per cent) discount on said taxes if paid sixty (60) days before said taxes would become delinquent; and the taxpayer shall be allowed a one per cent (1 per cent) discount on said taxes if paid thirty (30) days before they would otherwise become delinquent. This amendment shall be effective January 1, 1939. The Legislature shall pass necessary laws for the proper administration of this Section."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held on the fourth day of August, 1937, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to the State Constitution providing that property shall never be assessed for taxes at more than its fair cash market value, and providing that in order to encourage the prompt payment of ad valorem taxes, the Legislature shall have the power to permit a discount for the payment of same before they become delinquent."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to the State Constitution providing that property shall never be assessed for taxes at more than its fair cash market value, and providing that in order to encourage the prompt payment of ad valorem taxes, the Legislature shall have the power to permit a discount for the payment of same before they become delinquent."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

Section 4. The sum of Eight Thousand Dollars (\$8,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of such publication and election.

The above is a true and correct copy.

EDWARD CLARK,
(29-4tc) Secretary of State.

S. J. R. No. 9

A JOINT RESOLUTION proposing an amendment to Section 16, Article XVI, of the Constitution of Texas; providing that the Legislature shall authorize the incorporation of banking bodies and provide for the supervision and regulation of same; providing for all of the capital stock to be subscribed and paid for before charter issued; restricting corporate business to one place.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 16, Article XVI, of the Constitution of Texas, be amended so as to hereafter read as follows:

"Section 16. The Legislature shall by general laws, authorize the incorporation of corporate bodies with banking and discounting privileges, and shall provide for a system of State supervision, regulation and control of such bodies which will adequately protect and secure the depositors and creditors thereof.

"No such corporate body shall be chartered until all of the authorized capital stock has been subscribed and paid for in full in cash. Such body corporate shall not be authorized to engage in business at more than one place which shall be designated in its charter.

"No foreign corporation, other than the national banks of the United States, shall be permitted to exercise banking or discounting privileges in this State."

Section 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Monday in August, 1937. At this election all voters favoring the proposed amendment shall write, or have printed, on their ballots the following words:

"FOR the amendment of Section 16 to Article XVI of the Constitution of the State of Texas, providing for the amount of the liability of stock-holders in State banks."

Those voters opposing said amendment shall write, or have printed, on their ballots the following words:

"AGAINST the amendment of Section 16 to Article XVI of the Constitution of the State of Texas, providing for the amount of the liability of stock-holders in State banks."

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and to have the same published as required by the Constitution and the amendments thereto.

Section 4. The sum of Five Thousand Dollars (\$5,000.00), or so much thereof as may be necessary, is hereby appropriated out of any funds of the State of Texas, not otherwise appropriated, to pay the expenses of such election.

The above is a true and correct copy.

EDWARD CLARK,
(29-4tc) Secretary of State.

S. J. R. No. 16

A JOINT RESOLUTION proposing an amendment to Article III, Section 2, of the Constitution of the State of Texas, by adding thereto a new section to be known as Section 52d; providing that the Legislature may authorize by law, after a majority vote of the resident qualified electors owning taxable property therein, the adoption of a plan for the construction of paved roads and bridges or both in Harris County and in road districts therein; providing for the levy of a tax to pay for such construction; providing for the necessary proclamation; and appropriating funds to defray the expenses of the proclamation, publication, and election.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Section 2, of the Constitution of the State of Texas, be amended by adding thereto another section to be known as Section 52d, which shall read as follows:

"Section 52d: Upon the vote of a majority of the resident qualified electors owning taxable property therein so authorizing, a county or road district may collect an annual tax for a period not

exceeding five (5) years to create a fund for constructing lasting and permanent roads and bridges or both. No contract involving the expenditure of any such fund shall be valid unless, when it is made, money shall be on hand in such fund.

"At such election, the Commissioners' Court shall submit for adoption a road plan and designate the amount of special tax to be levied; the number of years said tax is to be levied; the location, description, and character of the roads and bridges; and the estimated cost thereof. The funds raised by such taxes shall not be used for purposes other than those specified in the plan submitted to the voters. Elections may be held from time to time to extend or discontinue said plan or to increase or diminish said tax. The Legislature shall enact laws prescribing the procedure hereunder.

"The provisions of this section shall apply only to Harris County and road districts therein."

Section 2. The foregoing amendment to the Constitution of the State of Texas shall be submitted to the qualified voters of the State on the fourth Monday in August, 1937, at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words:

"FOR the amendment to the Constitution providing that Harris County and any road district therein may upon a vote of the people therein adopt a road plan and levy taxes for road and bridge construction in lieu of the issuance of bonds."

Those voters opposing said amendment shall write or have printed on their ballots the words:

"AGAINST the amendment to the Constitution providing that Harris County and any road district therein may upon a vote of the people therein adopt a road plan and levy taxes for road and bridge construction in lieu of the issuance of bonds."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for amendments thereto.

Section 4. The sum of Five Thousand Dollars (\$5,000.00) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

The above is a true and correct copy.

EDWARD CLARK,
(29-4tc) Secretary of State.

H. J. R. No. 26

HOUSE JOINT RESOLUTION proposing an amendment to Article III of the Constitution of the State of Texas by adopting a new section to be known as Section 51c, which shall provide that the Legislature shall have the power and authority, under such limitations and restrictions as may be deemed expedient for the payment of same not to exceed Fifteen Dollars (\$15) per month per person; such assistance or aid to be granted only to actual bona fide citizens of Texas; and providing that the requirements for the length of time of actual residence in Texas shall never be less than five (5) years during the nine (9) years immediately preceding the application for such assistance and continuously for one year immediately preceding such application; and providing that the Legislature shall have the authority to accept from the Government of the United States financial aid for assistance to destitute children and for the payment of same not to exceed Eight Dollars (\$8) per month for one child nor more than Twelve Dollars (\$12) per month for such children of any one family; provided that the amount to be expended for such assistance out of State funds shall never exceed the sum of One Million, Five Hundred Thousand Dollars (\$1,500,000); and providing that the Legislature shall have the authority to accept from the Government of the United States such financial aid for assistance to the needy blind as that Government may offer not inconsistent with the restrictions hereinabove provided."

The above is a true and correct copy.

EDWARD CLARK,
(29-4tc) Secretary of State.

H. J. R. No. 24

HOUSE JOINT RESOLUTION proposing an amendment to Article III of the Constitution of the State of Texas by adopting a new section to be known as Section 51d, which shall provide that the Legislature shall have the power to provide, under such limitations and restrictions as may be deemed expedient for assistance to destitute children and for the payment of same not to exceed Eight Dollars (\$8) for one child or Twelve Dollars (\$12) for the children of any one family per month; further providing that the Legislature may impose such restrictions and regulations as to it may seem expedient; providing that the amount to be expended out of State funds in any one year for such assistance shall never exceed the sum of One Million, Five Hundred Thousand Dollars (\$1,500,000); and providing that the Legislature shall have the authority to accept from the Government of the United States financial aid for assistance to destitute children; providing for an election on the question of adoption or rejection of such amendment and making an appropriation therefor; providing for the proclamation and publication thereof, and prescribing the form of ballot.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas, as amended, be amended by adding thereto a Section to be known as Article 51-c which shall read as follows:

"Section 51-c. The Legislature shall have the power by General Laws to provide, under such limitations and regulations and restrictions as may be by the Legislature be deemed expedient, for assistance to the needy blind over the age of twenty-one (21) years,

and for the payment of same not to exceed Fifteen Dollars (\$15) per month per person; such assistance or aid to be granted only to actual bona fide citizens of Texas; provided that no habitual criminal and no habitual drunkard and no inmate of any State supported institution, while such inmate, shall be eligible for such assistance to the needy blind over the age of twenty-one (21) years; provided, further, that the requirements for the length of time of actual residence in Texas shall never be less than five (5) years during the nine (9) years immediately preceding the application for assistance to the needy blind over the age of twenty-one (21) years; and continuously for one year immediately preceding such application.

"The Legislature shall have the authority to accept from the Government of the United States such financial aid for assistance to the needy blind as that Government may offer not inconsistent with the restrictions hereinabove provided."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State on the fourth Monday in August, 1937, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to the State Constitution providing for assistance to the needy blind over the age of twenty-one (21) years not to exceed Fifteen Dollars (\$15) per month per person, and providing for acceptance from the Government of the United States of America financial aid for such payment."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to the State Constitution providing for assistance to the needy blind over the age of twenty-one (21) years not to exceed Fifteen Dollars (\$15) per month per person, and providing for acceptance from the Government of the United States of America financial aid for such payment."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

Section 4. The sum of Nine Thousand Dollars (\$9,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of such publication and election.

The above is a true and correct copy.

EDWARD CLARK,
(29-4tc) Secretary of State.

the Constitution of the State of Texas be amended by adding thereto a Section to be known as Section 51d, which shall read as follows:

"Section 51d. Subject to the limitations and restrictions herein contained, and such other limitations, restrictions, and regulations as may be provided by law, the Legislature shall have the power to provide for assistance to destitute children under the age of fourteen (14) years; such assistance shall not exceed Eight Dollars (\$8) per month for one child nor more than Twelve Dollars (\$12) per month for such children of any one family; provided that the amount to be expended for such assistance out of State funds shall never exceed the sum of One Million, Five Hundred Thousand Dollars (\$1,500,000) per year. The Legislature may impose residential restrictions and such other restrictions, limitations, and regulations as to it may seem expedient.

"The Legislature shall have the authority to accept from the Government of the United States such financial assistance to destitute children as that Government may offer not inconsistent with the restrictions herein above provided."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Monday in August, 1937, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to the State Constitution providing for assistance to destitute children under the age of fourteen (14) years not to exceed Eight Dollars (\$8) per month for one child nor more than Twelve Dollars (\$12) per month for such children of any one family, and providing for acceptance from the Government of the United States of America financial assistance for such payment."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to the State Constitution providing for assistance to destitute children under the age of fourteen (14) years not to exceed Eight Dollars (\$8) per month for one child nor more than Twelve Dollars (\$12) per month for such children of any one family, and providing for acceptance from the Government of the United States of America financial assistance for such payment."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

Section 4. The sum of Five Thousand Dollars (\$5,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of such publication and election.

The above is a true and correct copy.

EDWARD CLARK,
(29-4tc) Secretary of State.

mitted to the qualified voters of the State of Texas at a special election to be held on the fourth Monday in August, 1937, at which election all voters favoring such proposed amendment shall write or have printed on their ballots these words:

"FOR the Amendment to the Constitution of the State of Texas so as to authorize the Legislature to fix the manner and basis of compensation for all District, County and Precinct Officers."

And those opposed shall write or have printed on their ballots these words:

"AGAINST the Amendment to the Constitution of the State of Texas so as to authorize the Legislature to fix the manner and basis of compensation for all District, County and Precinct Officers."

Section 3. The Governor of the State is hereby directed to issue necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

Section 4. The sum of Five Thousand Dollars (\$5,000) or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated, to pay the expenses of said publication and election.

The above is a true and correct copy.

EDWARD CLARK,
(29-4tc) Secretary of State.

Company Will Add To Size of Exhibit

Humble Display in Dallas To Be Revamped For 1937 Show

Houston, May 26. — Humble's Hall of Texas History, widely acclaimed as one of the most interesting and educational exhibits at the Central Centennial Exposition in Dallas last year, by popular request will be re-opened and enlarged for the 1937 showing of the Greater Texas and Pan American Exposition.

Announcement was made recently after much favorable comment and numerous requests for another showing had been received. At the same time it was agreed to expand the Hall and include more informative material about oil—the major industry of Texas.

The entire exhibit last year, historical dioramas and geologic maps and miniature models, will be retained and a wing of some 1,500 square feet will be added to accommodate a series of new materials explaining the work of the geologist, paleontologist and physicist in their combined search for petroleum deposits. This is being done in answer to a multitude of requests during the 1936 showing for facts about the instruments and methods employed in the relentless probing for oil.

A seismograph sound truck, torsion balance instrument and magnetometer—all delicate recording instruments used in exploration work—will be shown. Accompanying these will be transparent photographs and explanatory graphs and charts to make clear to the layman the somewhat puzzling story of how oil is found underground.

MOTOR REGISTRATIONS UP SLIGHTLY FROM LAST YEAR

Austin, May 26.—Reports from thirteen representative Texas counties show automobile registrations during April totaled 5,848, 25.1 per cent below those of March and .2 per cent under those of April last year, according to the University of Texas Bureau of Business Research.

Aggregate registrations in these counties during the first four months of the year were 23,699 cars, an increase of 1.5 per cent over the corresponding period last year.

Cars in the lowest price bracket were the only ones to make an unfavorable showing in comparison with last year although all groups showed a decline from March.

Ford Stansells Here Friday

Among those from out of town who attended the commencement program Friday night were Mr. and Mrs. Ford Stansell of San Angelo. Mrs. Stansell's brother, Lloyd McGhee, was one of the graduates.

Education is more than an admirable vocabulary.—Dean E. V. White.

Minister Speaks To Twenty Graduates of Seventh Grade

Pupils of Miss Garrett Given Certificates Advancing Them To High School

Welcomed to the commencement program by Mary Jo Rape, scholastic leader of the seventh grade this year, Sonora parents and friends Friday night saw 20 pupils graduated into the high school. Mary Jo is a daughter of Mr. and Mrs. Dock Rape.

The children's instructor, Miss Leeta Mae Garrett, played as they marched into the auditorium and took their seats in the center section. The invocation and benediction were by W. E. Caldwell, school board member.

Sonora Pastor the Speaker Piano numbers were played by Patsy Gilmore, O. L. Richardson, Doris Keene and Doris Meckel, members of the graduating class.

"The Power of Books" was the subject of the Rev. R. C. Brinkley, pastor of the Baptist Church, who told of the good that might be secured from books and the evil that one book might do to a person. He described the reading of an evil book as similar to "diving into a hedge of thorns to get one berry" while the reading of a good book was like coming into contact with "a ship loaded with a cargo of good... or a musician giving melody to one's soul."

John Eaton, in behalf of the Lions Club, presented Justin Odom and Addie Thorp with medals for their scholastic work. Justin's average was 86.3, Addie's record was 91.5. Their work was the best in the upper grades of the elementary school.

Boy and Girl Rank Highest

Mary Jo Rape and Leon Muckleroy won medals given by the school board for highest averages in the seventh grade. Honor Roll students, whose names have appeared on the Honor Roll all thru the year, were announced by Boyd Caffey, elementary school principal. They appear elsewhere in the NEWS this week.

"Perfect Attendance" (1936-37) certificates were given:

Mary Jo Rape, Mary Lee Heffin, Hazel Caldwell, Katharine Caldwell, Elizabeth Taylor, Lois Morris, Juanita Chadwick, Justin Odom, Georgia Kisselberg, Jimmie Lightfoot, Aubrey Chadwick, Eugene Aley, Rex Merriman, Mabel Davis, Vernon Cook, Lois Hill, Bernice McKee, Wanda B. Cook, Noble Poindexter, R. W. Hill.

Diplomas were awarded by F. T. Jones, superintendent, after the class members were presented by Preston C. Lightfoot, high school principal.

Seventh grade pupils this year were:

Herbert Andrews, Hollis Bricker, J. H. Cartwright, Mildred Cross, Daniel Friess, Patsy Gilmore, Faye Harris, Mary Lee Heffin, Billy Jo Henderson, R. W. Johnson, Ollie Belle Wall,

Doris Keene, Kelso Locklin, Doris Love Meckel, Doris McDaniel, Leon Muckleroy, Georgia Nance, Odell Odom, Mary Jo Rape, O. L. Richardson, Jr., Betty Grace Vehle.

NINE WINS SUNDAY GAME

The Sonora Ranch hands, negro baseball nine representing "The Stockman's Paradise," Sunday afternoon bested the Eldorado Bulldogs by a score of 15 to 5 on the Sonora diamond.

Green and Brown formed the Sonora battery, Anderson and Johnson the pitching-receiving combination for Eldorado. Sonora players were: Edgar Green, manager, Jack Brown, Hoyle Summers, Hot Shot Jones, Jesse Storm, L. W. Coleman Bill Newman, L. D. Shepherd, Frank Mitchell.

Sunday the Ranch Hands meet the Bulldogs on the diamond in Eldorado.

METHODIST PASTOR WILL PREACH SUNDAY EVENING

The sermon at the "fifth Sunday" joint service of the Baptist and Methodist Churches will be by the Rev. R. F. Davis, who will return this week from a vacation trip to Missouri.

The service will be at the Baptist Church Sunday night, according to an announcement by the Rev. R. C. Brinkley, pastor of that church.

Sunday morning the Reverend Mr. Brinkley will speak at his church on the subject, "This Man Receiveth Sinners."

The Reverend Mr. Brinkley expressed the hope this week that an unusually large number would attend the associated service of the churches Sunday night.

Teachers Announce Students Who Have Done Best Work

Jimmie Langford, "Lioness" and Louis Davis, "Lion," First Six Weeks in September

Twenty-two high school students and eighteen elementary school pupils were named on the yearly honor roll for making averages high enough to be on the six weeks honor roll each time this year.

Those on the elementary school honor roll (yearly) are:

Peggy Gilmore, Kathryn Ross, Geraldine Morrow, Joe Richard Long, Georgia B. Kisselburg, Addie Thorp, Perry Ray Henderson, Norma Jean Brinkley, Betty Jean Rankhorn,

Willie Nell Hale, Tina Ann Taylor, Mary Gwendolyn Wyatt, Geraldine Meckel, Marguerite Howell, Doris Meckel, Lynn Morris, Gene Schultz, Jan Caffey.

High School Honor Roll (yearly)

Seventh grade: Doris Meckel, Leon Muckleroy, Mary Jo Rape.

Eighth grade: Myron Morris.

Ninth grade: C. T. Driskell, Jimmie Langford, J. C. Norris, Wanda B. Rape, Basil Taylor.

Tenth grade: Kathryn Brown, Web Elliott, Vicenta Sanchez, Jack Shurley, Rena Glen Shurley, Garland Slaughter, Jim Taylor.

Eleventh grade: Louis Davis, Emmalou Logan, Joyce McGilvray, Jo Ann Marion, Joe Nell Miers, Richard Vehle.

Those named by F. T. Jones as being on the semester honor roll in high school are:

Doris Meckel, Mary Jo Rape, Betty Grace Vehle, Myron Morris, C. T. Driskell, Katha Lea Keene, Jimmie Langford, Wanda B. Rape, Basil Taylor,

Web Elliott, Jack Shurley, Rena Glen Shurley, Garland Slaughter, Jim Taylor, Louis Davis,

Emmalou Logan, Joyce McGilvray, Jo Ann Marion, Joe Nell Miers, Richard Vehle.

Third Six Weeks Honor Roll

The honor rolls for the third six weeks, were announced this week by F. T. Jones, superintendent, Preston C. Lightfoot, high school principal, and Boyd Caffey, elementary school principal.

"Lioness" for the last honor roll is Jimmie Langford, daughter of Mr. and Mrs. Wiley McDaniel. Jimmie's average was 94. Louis Davis, son of Mr. and Mrs. W. L. Davis, is "Lion," with an average of 91 2-3.

The honor roll for the third six weeks is listed below:

Seventh grade: R. W. Johnson, Doris Meckel, Leon Muckleroy, Mary Jo Rape, Betty Grace Vehle.

Freshman: Dorothy Henderson, Myron Morris, Lillie Owens, Nelson Stubblefield, Esther Virgen, Dock Simmons.

Sophomore: Edward Archer, C. T. Driskell, Katha Lea Keene, Robert Kelley, Jimmie Langford, J. C. Norris, Wanda B. Rape, Basil Taylor.

Junior: Web Elliott, Vicenta Sanchez, Jack Shurley, Rena Glen Shurley, Garland Slaughter, Taylor.

Senior: Louis Davis, Jo Ann Logan, Joyce McGilvray, Joe Nell Marion, Richard Vehle.

Elementary School

Richard Long, Earl Eugene Meekel, Frank Leslie Moore, Jimmie Poindexter, Sonny Shurley, Billie Wright Taylor, Sam Harold Thomas, Flora D. Richardson, Jean Lindsay,

Raymie Jo McClelland, Kathryn Ross, Tina Ann Taylor, Billy D. Drennan, Charles Lee Cusenbary, George D. Chalk, Tommy Bond, Frances Jane Drennan, Hazel Caldwell, Basil Halbert.

Second grade: Clayton Hamilton, Lynn Morris, Gene Schultz, John Allen Ward, Jan Caffey, Helen Kasper, Norma Jean Brinkley.

Third grade: Sammie Jeanne Allison, Georgia B. Kisselburg, Geraldine Morrow, Lila D. Chalk, Margaret Pearl Smith, Betty Gene Rankhorn, Frances Jo Lancaster, Perry Ray Henderson, Gene Cliff Johnson.

Fourth grade: Marguerite Howell, Geraldine Meckel, Billy Cartwright.

Fifth grade: Margie Crowell, Alta Pearl Lively, Lois Morris, Betty Lou Shoemaker, Edith May Babcock, Marjorie Nisbet, Peggy Remington.

Sixth grade: Peggy Gilmore, Willie Nell Hale, Addie Thorp, Mary Gwendolyn Wyatt.

Honorable mention: Jack Schultz.

Plenty of sleep is wise, but wisdom is not attained while one sleeps.—Dean E. V. White.
