## Amusing Stunts On Auditorium Stage Reduce Obligation

Four Share Cost of Promoting Benefit, Leaving Receipts For Church Debt

Sutton county people Tuesday night were entertained and again "came through nicely" for a good cause when the Stunt Night lessened by \$115.50 the Baptist Church building debt.

Sponsored by the Baptist Woman's Missionary Society of which Mrs. Gus Love is president the program in the auditorium attracted a large crowd to see various Sonora organizations display their entertaining ability. Dr. Joel Shelton announced the program.

The entire cost of promoting and staging the program was shared by four church members—Mrs. Love, Mrs. J. A. Cauthorn, the Rev. R. C. Brinkley, F. T. Jones.

### Young Pupils in "Court" Scene

With fifth grade pupils as judge, jury, witnesses and court attaches "Alcohol" was tried and convicted in the opening number. The children are pupils of Miss Rena McQuary. Bedecked in pantaloons and red suspenders Robert Allen Simmons, Myron Morris, Dock Simmons and Jack Shurley formed a German band for the school band's contribution.

Other musical numbers included: Solo, "The Valley Where Wishes Come True," Robbie Jo Wyatt, accompanied by Miss Marie Watkins; impersonation of Pickens Sisters, Bing Crosby and Bob Burns by Cathryn Trainer and Wynona Hutcherson, Lavelle Meckel, Gus Love (who declared he was "fresh out of Arkansas");

Chorus of voice pupils of Mrs. Preston C. Lightfoot: Lavelle Meckel, A. W. Awalt, Cathryn Trainer, Wynona Hutcherson, Margaret Ada Martin, Doris Meckel; chorus of fourteen P.T.A. ladies singing Brahms' "Lullaby" to Mrs. J. B. Ross and baby;

Patriotic Scene A Finale "Music of All Nations," presented by Sonora Music Club members—Miss Johnnie Allison, Miss Edythe Carson and Peter A. Chase and Boyd Caffey; also finale taken part in by the four and Miss Marie Watkins representing "Liberty";

The Juno Playboys (S. H. Stokes, Willie Ray Willman, A. W. Awalt, Elward Glascock, Vernon Morris, Harrell Turney Espy, Francis Archer) pleased with cowboy ballads played in a corral setting. The boys, all in high school, have their own orchestra, playing commercial engagements.

Farce numbers included that of (Continued on page 8)

## Sonorans Pleased at Sunday Concert

School Pupils Speak and Sing in Community Entertainment

With seventeen Sonora students participating, more than seventy-five people enjoyed seeing and hearing the young people as they demonstrated their ability in the Methodist Church auditorium Sunday afternoon.

Edwin Sawyer, member of the Lions Club welfare committee, sponsoring the series of concerts, opened the program by introducing Jennings H. Flathers, speech arts instructor, whose pupils and those of Mrs. Preston C. Lightfoot gave the various numbers.

Chairman of the program was Serena Trainer, daughter of Mrs. Rena Trainer. Those who gave readings or sang were:

Margaret Fay Smith, Lois Merck, A. W. Awalt, Garland Slaughter, Serena Trainer, Mattie Mae Friess, Lillie Owens, Billy Jo Henderson, Margaret Ada Martin, Mildred Trainer, Dorothy Henderson, Edith Faught, Richard Saunders, Billy Partin, Doris Meckel, Mary Lee Heflin, Myron Morris.

Several of the speaking numbers were in Italian or Dutch dialect. Both humorous and serious type of subjects were chosen by the pupils and their instructor. The speech arts work is a new course being taught in high school for the first time this year.

The next of the series of community concerts will be Sunday, November 14.

## TWO MONTHS IN WHICH TO DO RANGE PROGRAM WORK

The 1937 program of the Agricultural Adjustment Administration, operated in Sutton county through the Sutton County Agricultural Conservation Association will not end until December 31.

It was incorrectly stated in the body of a story in the NEWS last week that the program would end December 1. The headline of the story read "Conservation Program Under Way Two Months More." The headline was correct but the body of the story was not.

## Group of Men From San Antonio Tell of City's Merit

Good Will Trippers Here First Day of Three-Day Trade Extension Trip

Spicing information about San Antonio as a trading center with a spirit of fun and goodfellowship, twenty-one Chamber of Commerce members of the Southwest Texas city were luncheon guests Tuesday of the Sonora Lions Club.

The men, representing twenty business firms of the city, traveled in a gayly-decorated bus. A

## THREE MEN "STEAL SHOW" DRESSING AND UNDESSING

Blatant in color a pair of shorts and a contrastingly meek undershirt were given C. H. Carson at Lions Club Tuesday noon for his victory in the Lions Club stunt the night before.

Mr. Carson bested Edwin Sawyer, Richard Vehle and O. C. Ogden in a stage appearance. Each donned women's apparel, raced through the audience and back to the stage.

Corsets, slips, brassieres, kimonos, millinery and that and that, much of it introduced in this day, was struggled into—and out of—in a manner that brought more laughing to a Sonora audience than any act in many months.

calliope, furnished through the courtesy of Porter Loring of San Antonio, told of the group's arrival in Sonora.

John Eaton, past president of the club, welcomed the visitors briefly before Howell W. Jones, manager, trade extension department, and assistant general manager, Chamber of Commerce, was introduced.

George G. Geyer of Gebhardt Chili Powder Co. was announced by Mr. Jones as "the 700-pound chairman of the trade extension committee." Mr. Geyer told of the friendly spirit which should exist between people of this section and the business interests of San Antonio.

Others who spoke briefly of the manner in which San Antonio wants to serve this section were J. O. McCaskill, a vice-president of the Alamo National Bank, Tom L. Johnson of the Finck Cigar Company and I. A. Goolsby of Alamo Freight Lines.

Fines were levied against several of the visitors who were declared to have put too much commercialism into their remarks. After the luncheon the good will trippers called on friends and customers in the business district before continuing merrily on their way to Eldorado, San Angelo and Brownwood. The trip, one of 580 miles and the first for the San Antonio organization this season, was ended last night in San Antonio.

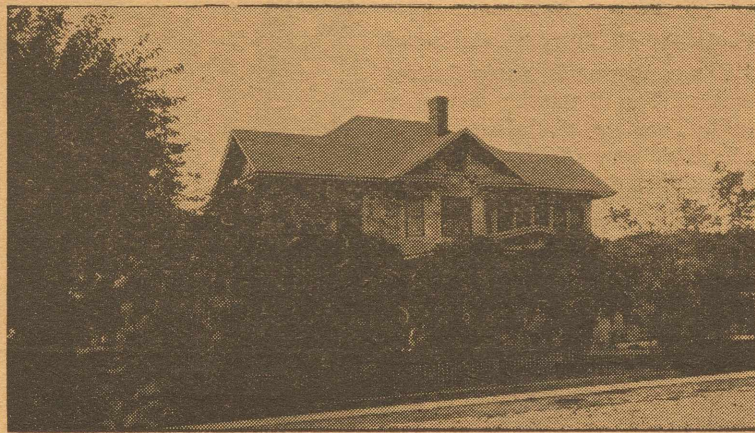

Those in the party were: Alamo Iron Works, Eugene (Continued on page 8)

## Three Catch Fish Saturday

A forty-pound catfish was caught Saturday by T. J. Griggs, when he went fishing on Devil's river with W. P. McConnell, Jr. and Tom Driskell. The party also caught a number of other fish.

Sonoran in Temple Hospital Harvey Walker is recovering from an operation Wednesday in a Temple hospital. Mr. Walker, who lives on a ranch east of Sonora, is the father of Mrs. C. T. Jones.

## Sutton County Is Building!

For many years the 2-story Theo Savell home has attracted the favorable attention of people in Sonora, whether they were residents or just passing through on the cross-country Old Spanish Trail.

Within the last few months the house was rock veneered and the garage made one of two stories with servant's quarters in the upper portion.

The rock work was done by G. W. Archer.

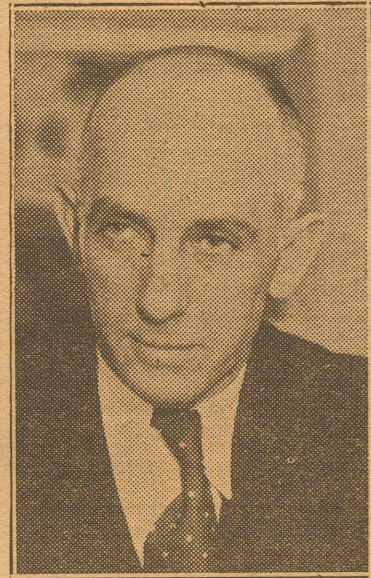

The Savell home is another of the series being pictured on page one of the NEWS in connection

with its "Home Builders' Page" on page six. Houses and other property pictured recently have been:

Homes: Mr. and Mrs. John Fields, Mr. and Mrs. Neil Roueche, Mr. and Mrs. Joe B. Ross, Mr. and Mrs. F. J. Wood, Mrs. A. G. Blanton, Dr. and Mrs. J. F. Howell, Mr. and Mrs. E. E. Steen, Mr. and Mrs. Chris Wyatt, Mr. and Mrs. F. T. Jones (superintendent's home), Mrs. W. L. Aldwell, St. John's Episcopal Church, Church of Christ, Joe N. Ross, Mr. and Mrs. Roy E. Aldwell.

## Turn Now To The "Home Builders' Page"

HIGHWAYS RESPONSIBILITY OF JULIAN MONTGOMERY

Work of directing the huge state department that has to do with Texas' road system fell upon the shoulders of Julian Montgomery October 1.

Mr. Montgomery was formerly in charge of Public Works Administration activities in the state. It was during his administration there that the Sonora municipal building was constructed.

The state position was formerly held by Gibb Gilchrist, now dean of engineering at Texas A. and M. College.

## Rain This Week

Although only .17 of an inch of rain fell at the Ranch Experiment Station this week several other ranches in that section received very good rains, with some reporting as much as two inches or more.

There was a good rain reported on the Ira Shurley place, on that of M. G. Shurley and on the Sawyer ranches. The W. R. Cusenbary ranch got two inches over nearly all of the place but the fall on the Ben Cusenbary ranch was not quite so great.

During October, according to the gauge at the Station, 2.13 inches of rain fell. In October last year the record was 2.33 inches.

## FRANK MITCHELL, NEGRO, DIED AT THREE THURSDAY

Injuries received October 20 in a car accident proved fatal Thursday afternoon to Frank Mitchell, well known negro employee of Sonora Motor Co. since June, 1926.

Mitchell died in the San Antonio hospital where he was taken soon after the accident happened, near Luling. Sam Hull, his employer, was at the hospital Thursday morning and said when he returned to Sonora that Mitchell was not doing well.

His wife, a son in Washington, D. C., a brother, Elmo, of Sonora, two other brothers, two sisters and his wife and father survive. Burial will be in San Antonio Saturday afternoon.

## ROLL CALL NOVEMBER 11-25

## "THE PATRIARCH"—3-ACT PLAY—TO BE NOVEMBER 15

A portrayal of life in the Allegheny mountains, Appalachian range in Pennsylvania, Maryland, Virginia and West Virginia, will be presented November 15 by a group of Sonora players in a benefit production sponsored by the welfare committee of the Lions Club.

The three-act play, directed by Dr. Joel Shelton, will have the following persons taking part: Jennings H. Flathers, Boyd Caffey, W. C. Gilmore, Miss Leeta Mae Garrett, Mrs. H. F. Gilley, Jodie Trainer.

Because of the play, on Monday evening, the third of the series of community concerts has been postponed from Sunday afternoon, November 14, to Sunday afternoon, November 21.

## Eastern Star 4-Day El Paso Meeting One of Interest

Seven From Sonora Chapter Attend Grand Chapter Session in Border City

Sonorans who attended the fifty-fifth session of the Grand Chapter of Texas, Order of the Eastern Star, in El Paso last week enjoyed one of the most interesting meetings of that organization.

Guests of honor were: Mrs. Florence Read, worthy grand matron; M. A. Childers, worthy grand patron; Mrs. Emma P. Chadwick, past most worthy grand matron; Dr. Alfred C. McDaniel, past most worthy grand patron; Galloway Calhoun, most worshipful grand master, A. F. & A. M.

Hostesses were the four chapters in El Paso. Sessions were in Liberty Hall, El Paso city auditorium. An attractive program of convention events and general information about the four-day session was printed on a paper of six colors of the rainbow. A trip to Carlsbad Caverns was an after-session, Friday event.

Seven hundred seventy-five persons attended a dinner which was said to have been the largest ever given in El Paso. Late comers dined in the hotel coffee shop and heard the program in the banquet room over a public address system.

The official delegate from the Sonora chapter was Mrs. Ardena Speed. Others from here who attended the meeting were Mrs. W. L. Davis, Mr. and Mrs. M. G. Shurley, Mrs. Gene Lightfoot, Mrs. Joe Hull, Mrs. W. P. McConnell, Jr.

## MRS. HAMBY IN CHARGE OF STORE'S NEW DEPARTMENT

This week saw the opening of a women's wear department in one of Sonora's well established stores—J. W. Trainer and Son.

Mrs. Finis Hamby is in charge of the selling of the merchandise for women in the store which has heretofore handled only men's wear and silk hosiery for women. Mrs. Hamby until recently was assistant postmaster.

The store has recently been remodeled throughout, the pressing and cleaning department moved to a store extension at the rear and new glass display cases installed. Painting and other work has also been done. Blue leather and chromium fixtures have been placed in the shoe department.

## SCOUT COURT OF HONOR AT 7:30 WEDNESDAY NIGHT

A Court of Honor for Sonora Boy Scouts of America is being arranged for Wednesday, November 10, in the high school auditorium.

A. W. Awalt, Scoutmaster, said this week that the program will begin at 7:30 o'clock. Several of the boys will receive First Class Scout or Star Scout badges. It is likely that one or more of the Concho Valley Council executives will be here from San Angelo.

Mr. Awalt is asking that a large number of Sonora people attend the Court of Honor and by so doing encourage the Scouts in their youth training work.

## Big Lake Game at 3:30 Today Last '37 One in Sonora

Defeated By Bronchos Early This Season Teams Now Believed Evenly Matched

Playing in what will likely be their last home game of the 1937 season, Sonora Broncho charges of Coach O. P. Adams will go into battle this afternoon at 3:30 with the Big Lake gridsters on the Sonora gridiron.

The season schedule will be ended for Sonora Thursday, Armistice Day, when Ozona will be the opponent on the Ozona gridiron.

Mr. Adams said yesterday afternoon that the starting line-up for today's game will be:

Left End — Webb Elliott  
Left Tackle — Robert Simmons  
Left Guard — A. W. Awalt  
Center — Thomas Thorp  
Right Guard — C. T. Driskell  
Right Tackle — A. Tjerina  
Right End — Hollis Bricker  
Quarterback — Jim Taylor  
Left Halfback — E. Archer  
Right Halfback, J. D. Trainer  
Fullback — Vernon Morris

Francis Archer will not start because of recent sickness but Coach Adams believes that he will likely be able to play a part of the game.

Sonora's first game this season was with Big Lake. The score was 7 to 6 in favor of Sonora. Since then Big Lake has defeated Fort Stockton by a 26 to 6 score and has also won from Andrews high school. Roy White, the Big Lake coach, is a product of a Brownwood college, after which he played army and professional football.

The Big Lake and Sonora teams, at this stage of the season, are fairly well matched, Coach Adams feels. Iraan defeated Big Lake by a 32 to 6 score while the defeat given Sonora Saturday by Iraan was only 20 to 0.

Mr. Adams says that his boys played better football Saturday in Iraan than they have played any time this season. Iraan likewise was in "fine fettle" and played good football. At the end of the half Sonora was lagging by a 14 to 0 score.

The Bronchos, Mr. Adams says, made many yards from scrimmage and threatened the Iraan machine a number of times. On one kick-off Taylor made a long run toward the enemy's goal line, then veered to the right rather than to the left and was downed by Iraan players determined to stop his gallop down the field.

## Merry Lassies Club To Give Program

"Mexico On Parade" Will Be Presented at Elliott School

An interesting program, "Mexico On Parade," will be staged Wednesday night at 8 o'clock in the L. W. Elliott School auditorium, by the Merry Lassies Club and other pupils, directed by Miss Harva Jones, sponsor, assisted by Miss Maggie Stuart.

Eight typical dances of Mexico will be given, and songs that were popular this summer in Mexico will be sung. Pupils of the first and second grades will be presented in a march, by Miss Margaret Grantham and Miss Madeline Fritz. One group will represent the United States, and the other Mexico.

A three-act play showing a night club scene, a serenade, and home life of Mexicans will be given. Louis Perez, Alberto Virgen and Enrique Cardona will be waiters in the night club scene.

A short market scene will be shown by Isidro Virgen and Cecilio Cardona.

Mexican people will sit in one part of the auditorium and the others in another section.

Mexican food, cakes and coffee, will be for sale, starting at 7 o'clock, according to Miss Jones.

## Young Man in Critical Condition

Remaining in a critical condition in a San Antonio hospital is R. F. Renschel who has been ill there more than a month. He underwent another operation Saturday. Relatives and friends believe that there is little possibility of his recovery.

### PERSONALS

Mr. Chase spent the week-end in Brownsville.

Miss Milstead and Miss Brister went to Hamlin for the week-end to visit friends and relatives.

Serena Trainer spent the week-end with Billie Partin at Station A. They spent Saturday in San Angelo and Eldorado.

Frances Kirkland spent Saturday in San Angelo.

Kathryn Brown was in San Angelo Saturday.

Edith Faught and Lillie Owens spent Saturday in Eldorado.

Robby Jo Wyatt, Mrs. Roueche, G. W. Archer, Louise Briscoe, Ina Archer, Wanda B. Rape and Jimmie Langford attended the Sonora-Iraan football game Saturday.

### SPANISH CLUB

The Sonora Pan American Club met October 27. After a short business meeting the members were entertained by a Mexican dance, Chiapenecas, from a state in southern Mexico, given by Katha Lea Keene and Daphne Jungk. Miss Allison talked of the early Indian tribes of Mexico, the Mayas, the Toltecs and the Aztecs, and encouraged the study of the work of archaeologists in Yucatan.

### SPEECH CLASS

A program was given by the public speaking class of Mr. Flathers and the voice pupils of Mrs. Lightfoot Sunday afternoon at the Methodist church.

Serena Trainer was chairman. Those on the program were: Serena Trainer, Mildred Trainer, Lois Merck, A. W. Awalt, Garland Slaughter, Edith Faught, Mattie Mae Friess, Richard Saunders, My-

mind the interruption they had Thursday night? They said they were through, anyway.

### CHARACTER (An Editorial)

It is character that counts. Nothing in the world can take the place of good character.

A man may have intellectual knowledge and attainments, abundance of material things, ability, talent and many other valuable assets and qualities, but if he lacks good character and moral integrity, he is undesirable as a friend, neighbor or citizen in any community.

Good character makes up for the lack of other qualities and attainments can never make up for lack of character. This most valuable asset in life is free and attainable by anyone who desires to have it.

### SENIOR CLASS

The seniors began Monday afternoon trying out for the different parts of the senior play, which will be given in December.

The play will be directed by Miss Milstead, senior sponsor, and Mr. Flathers, director of the Speech Department.

### ASSEMBLY MEETING

Miss Allison was in charge of the assembly program last Friday. The student body sang "Onward Christian Soldiers," with piano accompaniment by Miss Rena McQuary. Mr. Jones gave the invocation, which was followed by a talk on character by the Rev. R. C. Brinkley. The program was concluded with the announcements from the different departments in school.

### PERSONALS

The yearbooks of the Sonora Pan American Club were finished Monday and one given to each member. Each active member is to be on the program twice during the year. Several guest speakers who have traveled in the Latin-American countries will tell the club about the countries they have visited.

Meeting Place of Cultures Within the borders of Texas may be hidden links in the history of our earliest ancestors, according to archaeologists. Texas is in the heart of a great North American triangle whose corners are the Maya-Aztec section, the Pueblo area and the mound-builder area. Since these three great cultures found a common ground in Texas, many hints as to their inter-tribal relationships are being found and studied today.

### H. E. GIRLS ENTERTAIN

Amid various Hallowe'en decorations the H. E. Club entertained with a masquerade party in the home of Sue Glasscock Thursday night. Members of the club acted as boys and each had a date. Music was furnished by a nickelodeon.

Mae West and Clark Gable were to be united in marriage but there were so many objections that the ceremony was postponed.

After an evening of good entertainment, refreshments of sandwiches and punch were served to the forty-four girls.

### SCHOOL BAND

The band under the direction of Mr. Chase went to the L. W. Elliott School Wednesday morning, October 27, and played for their assembly. They played "Sweetheart of Sigma Chi." Margaret Ada Martin sang a solo. Those who played were: Jack Shurley, Junior Schweining, Myron Morris, Patsy Gilmore and Robert Allen Simmons.

### SENIOR CLASS

The seniors began Monday afternoon trying out for the different parts of the senior play, which will be given in December.

The play will be directed by Miss Milstead, senior sponsor, and Mr. Flathers, director of the Speech Department.

### A. AND M. ATHLETIC COUNCIL "ALL-AGGIE" NOW

Rouff

College Station, Nov. 3.—Add another "All" to the hefty record of the Texas Aggies, for now, in addition to their long line of All-Southwest Conference performers and their All-America gridster in Guard Joe Rouff, they now have an All-Aggie athletic council for the first time of record.

Appointment of Dean E. J. Kyle as chairman and of Prof. C. W. Crawford and Registrar E. J. Howell as other faculty members gives the Cadets an athletic council made up entirely of Aggie students. Dean Kyle, now becoming athletic head for the third time, graduated from the college in 1899. Prof. Crawford, head of the mechanical engineering department, graduated in 1919, and Mr. Howell received his degree in 1922.

The Aggie athletic council includes two members from the Association of Former Students and one from the student body in addition to the faculty representatives. Tyree L. Bell, of Dallas, class of 1915 and 1912 football captain; and A. G. (Bert) Pfaff, of Tyler, class of 1937, represent the former students. Richard (Dick) Vitek, of Granger, class of 1938 and quarterback of this year's football team, represents the student body.

Historic Kyle Field, home of Texas Aggie athletic teams, was named in his honor in 1906.

Fewer Canines in Texas Denton, Nov. 3.—Are Texans turning back on "man's best friend"? Figures show that there are around 600 fewer dogs in this state now than in 1935, when there were less than in 1934. Counting mongrels, lapdogs, watchdogs, sheepdogs and all varieties there were only 3900 of them in 1936.

Caldwells Have Guests Mrs. Evelyn Morgan, Mrs. L. G. Schnackel and their nephew, C. K. Sterling, of San Angelo were guests last week-end at the home of their sister, Mrs. W. E. Caldwell, and family. James Caldwell accompanied his aunts and cousin on a trip to Carlsbad Caverns Saturday.

Sam Logans Here Sunday Week-end guests of Mr. and Mrs. Joe F. Logan were their son, Sam, and Mrs. Logan of Brackettville. Mr. Logan is county agent in Kinney county.

### Cottonseed Meal in Diet Adds Poundage to Pigs

Stoneville, Miss. — Cottonseed meal, long known to cattlemen as a good steer fattener, also adds porcine pounds at good profit, experiments at the Delta experiment station here revealed.

Pigs raised on the new diet brought 25 per cent more than the prevailing markets, according to Director W. E. Ayres, of the experiment station.

Twelve pigs that averaged 94 pounds each were fed for 82 days on a mixture of one-third tankage and two-thirds cottonseed meal with an additional two pounds of corn for each 100 pounds of live weight. They gained 1.58 pounds a day.

Another group was fed the same amount of corn and all the cottonseed meal they could eat. They gained an average of 1.50 pounds daily.

A third group was fed the same amount of corn and a mixture of a third soybean meal and two-thirds cottonseed meal. They gained an average of 1.66 pounds a day.

### Texas Leads in Many Ways

Although most Texans know that their state leads in many ways, they may be interested in a compact list of "firsts." Texas is first in the production of petroleum, natural gas, natural gasoline, carbon black, sulphur, cotton, grain sorghums, spinach, pecans, beef, mutton, wool, mohair and hides. Other firsts are in total area, total number of domestic animals, cattle, beef cattle, sheep, goats, mules and turkeys.

### Methodist Services Sunday

"One Hour Watch" will be the sermon subject Sunday morning of the Rev. R. F. Davis, pastor of the Methodist Church. The service begins at 10:50. In the evening at seven o'clock the minister will speak on "Planning for Tomorrow." Sunday School will convene at 9:45 in the morning.

# BAPTIST EL PASO MEETING LARGEST OF TYPE IN U. S.

El Paso, Nov. 3.—This picturesque border city is speeding preparations today for welcoming 5,000 Baptists expected to crowd Liberty Hall, municipal auditorium, during the annual session of the Baptist General Convention of Texas, November 8 to 13.

An elaborate program of entertainment for the delegates from 3,018 churches and additional thousands of visitors has been planned, its climax coming at an unprecedented underground convocation November 14 at Carlsbad Caverns, New Mexico. Baptists of New Mexico will join in the impressive services to be held underground. Outstanding leaders of the de-

Dallas, president of the Baptist World Alliance; F. M. McConnell, editor of the Baptist Standard; R. C. Campbell of Dallas, executive secretary; L. R. Scarborough, president of Southwestern Baptist Theological Seminary, Fort Worth, and other denominational leaders will speak.

Dr. J. B. Tidwell, head of the Bible department at Baylor University, Waco, for many years an outstanding leader among southern Baptists, is president of the convention.

Notable progress financially and otherwise has been made by other Baptist schools, and their leaders will outline plans for the future in their annual reports.

The Baptist General Convention of Texas is the largest state convention of its kind in the world. Plans include a trip to the latest wonder of the world, Carlsbad Caverns, New Mexico.

**TRADING IN CATTLE AND BULLS ACTIVE RECENTLY**

Three carloads of cattle and a car of bulls have been shipped from Sonora to Fort Worth recently by Burts Johnson and C. T. Jones.

The cattle were bought by the men from Ed C. Mayfield, Mrs. Edna Wheat Beam, J. A. Cauthorn and George S. Allison. Sellers of the bulls were George S. Allison and Virgil Powell.

A carload of calves was sold at 6½ cents a pound to R. A. Halbert who is to ship them to Plainview where they will be wintered on wheat land.

One hundred calves were sold by the men at 6½ cents to Grady Prewitt of Putnam. Shipment was made Tuesday. A carload of calves was bought at 6½ cents from Frank Bond and half a carload from Joe Berger at 7¼ cents a pound. The Berger purchase was some time ago. A carload of 3-year-old steers was bought by Johnson and Jones at \$40 per head. John Reiley was the seller.

(Federal-State Market News Service)

Cattle, receipts 900, calves, 2,200, including two rail loads of cattle on through and direct billing. Trading active and most classes sold fully steady with last week's close with some calves slightly higher, or around 50 cents above last week's low time.

Load of 1,048-lb. fed steers were weighed up at \$10.50. Few short fed yearlings cashed at \$7 down. Most plain grass yearlings \$4.50-\$5.50. Medium grass calves mostly \$5 to \$5.75, few to \$6.50 with load of 440-lb. West Texas grass calves at \$7.25. Plain calves ranged down to \$4, culls \$3.25, few below.

Most butcher cows \$3.50 to \$4.50, fat cows scarce, odd head to \$5 and above. Low cutters ranged down to \$2.75, few \$2.50. Few early sales medium bulls \$4.50 and down, odd head to \$4.75. Stocker calves and yearlings mostly \$5 to \$5.75, few

to \$6, some plain offerings down to \$4.50 and below.

## LIVESTOCK SHIPMENTS FAR GREATER THAN LAST YEAR

Austin, Nov. 3.—Forwardings from Texas to Fort Worth stockyards and interstate points during September of all classes of livestock totaled 7,704 cars, compared with 4,247 cars during September last year—an increase of 81 per cent, according to the University Bureau of Business Research.

Cattle shipment, 3,996 cars, compared with 2,529 last year, gained 58 per cent; shipments of calves, 1,830 cars, compared with 857 cars, increased 113 per cent; hog shipments, 638 cars, compared with 354, were up 80 per cent; and sheep forwardings, 1,240 cars, compared with 507, gained 146 per cent.

Shipments of all classes of livestock to the Fort Worth market maintained a wide margin of increase over September last year; and forwardings of cattle, calves and sheep direct to feeding areas in Kansas, Missouri, Iowa, Illinois and other corn belt states were several times those of September last year.

**Aviation Must Learn**

Disaster to commerial planes has become uncomfortably recurring. While the nation joins in sorrow over the tragic loss of nineteen lives in the latest crash in the mountainous country beyond Salt Lake, it pauses to note that the record of 1937 marks an ominous recession from the proud boast of commercial aviation for the preceding five years that there had been a minimum loss of life in licensed planes flown by licensed pilots.

There must be a logical explanation for the failure of the safety factor that we had come to believe so definitely established. The question before commercial aviation has two aspects. Is the dependability of the commercial pilot falling? Have advances in plane construction been accomplished at the cost of safety?

The usual safety comparison is with the ground-locked motor car. Our death toll in the latter is unreasonably high. We know the reason. Careless driving and stubborn refusal to obey the simple rules of traffic and of mechanical safety sacrifice annually upwards of 30,000 lives and injure some 250,000 persons. But loss of life in commercial carriage is rare and becoming rarer. Passenger lines have learned early that they must operate with care.

Commercial aviation must learn its lesson from the railroads. These, too, were once particeps criminis in an annual slaughter of terrible proportions. Rails went to work to emphasize safety and minimize disaster. They succeeded. Aviation can do that, too. It must put its own house in order or it will inspire so much fear that progress in commercial flying will be set back many years.—The Dallas News.

**"Kivvers" of Other Days Attract Many**

**Different Bedspread For Sunday Used in Colonial Times**

Denton, Nov. 3.—An exhibition of the old-fashioned hand-woven coverlets or "kivvers" typical of those found in colonial houses and in the homes of the Old South is on display this week in the library building at the North Texas State Teachers College.

Included are six full size coverlets and about a dozen smaller pieces salvaged from old coverlets ranging from 60 to more than 100 years old. Most of the examples come from the southern mountain regions of America where they were woven by hand from hand-spun cotton and wool which had been dyed at home.

The display was prepared by Rudolph Fuchs and Kenneth Hunt, two members of the art department who have made a hobby of weaving, and of collecting early American designs in weaving. A number of the samples and one of the coverlets were presents from Mrs. "Cammie" Henry, mistress of Melrose Plantation, near Natchitoches, La., whom Fuchs and Hunt visited last spring and with whom they share an enthusiasm for the art of weaving.

In Colonial times colored wool coverlets were used every day and the white cotton spread was saved for Sunday, according to Fuchs and Hunt. The old "kivvers" were woven and designed by pioneer women who named them as their fancy dictated.

Included among the full size coverlets are the fourharness over-shot weave, the cotton honey-comb weave, the Jacquard type, the double cloth weave, and one of the Marseilles spreads. Among the smaller pieces are the Alabama "Waterfall," "Lee's Surrender," "Catalpa Flower," "Governor's Garden," "Popcorn Weave," "Bow Knot," "Tennessee Trouble" and "Wheel of Fortune."

Also shown are some old weaving drafts, old shuttles, an old bamboo reed, a temple, a hand-woven split-hickory basket, some natural brown wool and white

wool from Denton sheep which was spun by negroes on Melrose plantation.

**This and That in the Beauty World**

**Notes Gleaned Here and There About Milady's Beauty**

At the shows and in the trade magazines one learns of the new when it is new and today we want to tell a bit about the latest in the hair dressing and beauty world.

The hair is worn higher on the neck this fall and winter season. And that goes for both long and short hair.... Waves are well defined with curls high over ears and around the face. There is more attention paid to shaping and thinning of hair. (Our hair cutting will help.)

The natural sheen and luster of the hair is ace high now in the coiffure make-up (Our Vita-Fluff Shampoo aids nicely in this important detail.)

Complexions are lighter, make-up is more delicate. (Do you know of Amanola, the perfect bleach? We advise it.)

Special care must be given the hands and nails and for this our Goodnight Cream and new fall polish shades are ideal.

Let us tell you more about beauty and hair dressing trends as we've heard of them in recent weeks.

—Sincerely,

**Mrs. Vehle Party Hostess Monday Afternoon**

**Baptist Women in Texas Donors of \$60,000 To Fund All Over Texas in El Paso Three Days Next Week**

Women from Church Organizations

El Paso, Nov. 3.—El Paso will be the host city to several thousand representatives from the women's organizations in 3,025 Baptist churches of Texas in their 57th annual meeting to be held in Liberty Hall Monday, Tuesday and Wednesday.

Mrs. Eugene Sallee, who with her late husband, Dr. Eugene Sallee, has served a number of

MRS. B. A. COPASS President Woman's Missionary Union of Texas

years as a foreign missionary in China will address the delegates in the interest of the annual foreign mission offering. The Lottie Moon Christmas Offering, so named in honor of an outstanding foreign missionary, is given each December for the promotion of foreign mission work. Last year the women of Texas gave approximately \$60,000. This amount is expected to be exceeded by \$10,000 this year.

In addition to other monies paid by the Woman's Missionary Union during the past twelve months, over \$9,000 has been designated for the furnishing of the new Sunbeam Building at Buckner Orphans' Home in Dallas. This building, given by V. L. Le Tulle of Bay City in memory of his wife, will house children who are five years of age and younger. It is the only building of its kind in the world.

Officers of the Woman's Missionary Union of Texas are:

President, Mrs. B. A. Copass, Seminary Hill; corresponding secretary, Mrs. J. E. Leigh, Dallas; recording secretary, Mrs. J. N. Tucker, Dallas; treasurer, Mrs. Olivia Davis, Dallas;

Vice-presidents: Mrs. F. S. Groner, Marshall, Mrs. J. H. Wisely, Nacogdoches, Mrs. C. C. Clark, Beaumont, Mrs. F. D. Ray, Boling, Mrs. F. S. Robertson, San Benito, Mrs. J. T. **Mrs. Fields Hostess at Bridge Luncheon Tuesday**

Members of the Jolly Joker Club, and an additional table of guests, were entertained Tuesday when Mrs. John Fields was hostess at a bridge luncheon. Roses added a pleasing note to the affair.

Immediately after the guests arrived a delicious Mexican plate was served.

Club members present were: Mesdames W. J. Fields, Jr., Ernest McClelland, Tom White, Andrew Moore, G. W. Cunningham, Richard M. Johnson, Henry Decker, H. V. Stokes.

Club guests were: Mesdames Joel Shelton, B. M. Halbert, Jr., Miss Alice Karnes. High club score was won by Mrs. Moore, and second by Mrs. Decker. Miss Karnes won high guest.

**Just-Us Club Entertained By Mrs. J. F. Howell**

Complimenting members and guests of the Just-Us Club, Mrs. J. Franklin Howell was hostess Friday afternoon at six tables of bridge.

A color plan of black and gold Hallowe'en colors, was used in bridge accessories and in the refreshment plate. Yellow chrysanthemums were placed at vantage points in the Howell home.

Club members attending were: Mesdames Hix Hall, Paul Turner, G. H. Davis, J. A. Cauthorn, J. S. Glasscock, who held high score.

Club guests were: Mesdames W. H. Dameron, F. J. Wood, Earl Lomax, E. C. Mayfield, Jack Gentry, Sterling Baker, John Hamby,

W. D. Wallace, E. E. Sawyer, Robert W. Jacobs, E. F. Vander Stucken, Joe M. Vander Stucken, George E. Bean, Richard M. Johnson, J. C. Morrow,

Velma Shurley, G. W. Cunningham, Preston Prater, Theo Savell.

At the refreshment hour Mrs. Howell served devil's food cake squares with orange icing, orange ice cream molded in shape of a pumpkin, salted nuts and coffee.

Mrs. Baker won high guest award, and Mrs. E. E. Sawyer won high cut.

**Co-Hostesses At Book Review Saturday Afternoon**

Mrs. Gladys de Silva Bates of San Angelo presented a review of "And—So Victoria" by Vaughn Wilkins, Saturday afternoon when Mrs. W. E. Caldwell and Mrs. Velma Shurley were hostesses at a tea at the clubhouse of the Sonora Woman's Club.

The clubhouse was attractively decorated with dahlias, carnations, and other autumn flowers.

The story of two of the family of "bad mad" Hanovers in whom good overcame evil, is revealed in the book.

Christopher, son of Amelia, daughter of George IV, was taught to shoot that he might kill Victoria, to prevent her becoming queen. All that is bad thrived in the family of Hanovers, and yet from them came the woman so great that the age in which she lived was named for her. Events which brought her to the throne are described in the book.

And so—in 1838—Victoria was Queen of Great Britain and Ireland, Empress of India, and Defender of the Faith.

Punch and cookies were served to the guests.

**LIGHTING OF CLOSETS  
AID LONG-APPRECIATED**

There are numerous ways of lighting a closet, with relative merits and disadvantages in all methods. When building a home that is to be financed under the Insured Mortgage System of the Federal Housing Administration, the plan you will follow should be decided upon when the plans for the house are drawn.

A ceiling light in the closet may have a pull chain or a wall switch. However, there is always the danger that this light will be forgotten and burn needlessly for hours. A switch outside of the closet door could be provided with a pilot light that glows red while the light is on.

The door switch, which automatically turns the light on when the door is open and turns it off when the door is closed, is satisfactory if the occupants of the house are careful about closing doors. One of the newer arrangements is the light that burns for a stated time and then automatically turns off. This is a guard against wasted electricity, but is occasionally an annoyance when it goes out before the desired article has been found.

**BATHROOM SPACE CAN BE FOUND IN MOST HOUSES**

Our ideas of bathrooms have changed in the last two or three decades, both as to the number required and the finish and equipment of the rooms themselves.

Many houses that are otherwise completely livable and structurally sound lack sufficient modern bath conveniences to be eligible for financing under the terms of the Insured Mortgage System of the Federal Housing Administration.

Frequently the money spent on adding a bathroom or making over an old one will come back manyfold by making the house more marketable. Many old houses have small rooms or large closets that can be converted or some of the excess hall space may be used to create an additional bathroom.

An ingenious architect can usually find some spot that can be used, and the physical difficulties of installation can be overcome with a little careful planning.

### Free-Striking Matches Preferred by Americans

Salem, Ore.—One of the most striking industries in the United States is the match industry. More than 269,000,000 matches were manufactured in 1935. If these were distributed to every man, woman and child in the country, each would receive 2,900. Twenty-four companies represented the United States match industry in 1935, which, according to the Department of Commerce, was valued at \$30,440,480. The industry furnished employment to 5,075 persons, with wages slightly more than \$4,500,000. Approximately 68 per cent of the matches produced in this country are the strike-anywhere kind. Strike-on-the-box matches account for 10 per cent and matches in the book constitute the rest.

### Most Germs Killed in Utah Salt Lake

La Jolla, Calif.—Scientists say that the Great Salt Lake in Utah is virtually a "germ-proof" swimming hole. Researchers of the Scripps Institution of Oceanography of the University of California announced that all ordinary bacteria or "germ-carrying" microbes are killed instantly when exposed to the lake's concentrated salt waters. No land or fresh-water bacteria has yet been found which can live in the saline concentrated waters of the lake, they disclose.

**GOOD-BYE PUMP MONKEY**

Time was when you called the fellow who filled your fuel tank and checked your oil a "pump monkey". Nine times out of ten, he looked the part. But those days, as the saying goes, are gone forever. In Humble service stations, you'll find neatly uniformed representatives of the company, carefully trained in the service of your car, thoroughly competent to give you expert advice on its care. Their merchandise — Humble motor fuels, motor oils, and other Humble products — is plainly labeled and guaranteed as to quality; their service is a by-word among Texas motorists. These days, there are no "pump monkeys" in the Humble picture; that's a good reason why so many folks stop for service where they see the Humble sign!

U. S. Veterinarian Completes Work in Sutton County

"Without a blemish," was the report given Mrs. Frank Turney last week by Dr. J. O. Whitehead, veterinarian, Bureau of Animal Industry, USDA, after making tuberculin tests of cows at the Fields Dairy which Mrs. Turney operates. Eighty-three cows were examined, Mrs. Turney says, and all stood "Grade A" test.

At present twenty-eight of the Jersey animals at the dairy are being milked. Mrs. Turney says that since she assumed the operation of the dairy, not quite two years ago, sales volume has almost tripled. Milking begins at two in the morning and delivery truck is on its way about five.

Dairy cows of Mr. and Mrs. Alvis Johnson also were examined by Dr. Whitehead and received a similar excellent rating, Mrs. Johnson said Thursday.

Dr. Whitehead's work in Sutton county had to do with 400 head of cattle and was for the purpose of re-accrediting the county for another 3-year period.

**LAST BIG PROBLEM OF FLYING SOLVED**

Radio Beam Will Insure Safety in Bad Weather.

Chicago.—The dream of radio and aeronautical engineers that the day would come when it would be practical to land giant airliners filled with passengers down an invisible radio beam which would penetrate fog, snow, rain, or other bad weather has at last been realized. Radio communications engineers of the country's four largest airlines, at a meeting here, agreed that the sciences of radio and flying have advanced to the place where so-called blind landings now are practical.

They wrote a specification for a standard instrument landing system which ultimately will be installed in key airports throughout the United States.

The engineers have had an instrument landing system such as they described in their specifications in actual operation for more than two years at Oakland, Calif. More than 2,000 landings by thirty or more pilots have proved it is sound.

**How It Works.**

This is how it works: A pilot flying the regular Department of Commerce radio range beacons arrives at a field which has the needed special equipment for the instrument landings. He tunes the special receiving sets in his ship to the ultra high frequencies of the "directional" landing beam.

Then he lets down through the clouds until his altimeter shows his altitude is 2,000 feet. Once there he aligns himself on the directional landing beam and flies along level until he passes through an outer marker beacon—a vertical radio ray—at a point five miles from the edge of the airport at which he is aiming.

There an electrometer dial on his switchboard is switched into operation. This instrument is connected with his two receiving sets and it has two needles which show a pilot his relation to the radio directional beam and to a curved landing beam sent out from a station on the airport. The needles show when he is above or below the curved beam or to the right or left of the directional beam.

**Ride Down on Beam.**

Once in the proper position, the airman engages his automatic pilot (operated by gyroscopes) and then lets go the controls so that the sensitive mechanical instrument is flying the ship. The human pilot merely sits back watching the needles and making slight adjustments of the automatic pilot as need arises.

All this time, of course, the airplane is descending at a speed of approximately 90 miles an hour. When the ship arrives almost at the field it passes through a zone of signals emitted from a second and inner radio marker beacon.

The pilot simply sits back in his seat and lets the airplane follow the glide beam which flattens out over the field until the wheels touch the runway. Then he closes the throttles and applies his brakes.

**Precious Crown Gem Has Been Missing 500 Years**

Vienna.—A clamor is to be raised soon for a precious jewel which disappeared about 500 years ago. It is a large milky opal which once formed the central piece in the crown of the Holy Roman empire, which is now kept in the imperial treasury of the Vienna Hofburg.

The crown's orb, Burgundian work of the Tenth century, was adorned with a large round cabochon-shaped opal, sung by medieval minstrels as the "Unique Jewel," as "Orpanus" (Sage) or as "Candidus (the White and Innocent).

Expert point out that such a jewel is practically unbreakable, and that even to an uneducated eye the value of the large stone must have been obvious. Therefore, in their opinion, this opal can hardly have been lost.

They say that the history of almost all famous jewels can be traced through the centuries.

According to them the imperial opal, in all likelihood, rests unrecognized in some private collection of jewels, and that probably it has found its way back to Indian whence it came and where it may be contained now in the treasury of one of the maharajahs.
