

Greater Net Paid Circulation In Every Community In Dickens County And Spur's Entire Trade Territory

Spur Roundup Welcome Edition Coming Next Week

Thousands of visitors will throng Spur next week. One of those Old-Time Welcomes, True Western Hospitality, should greet them. Nice treatment and good rodeo shows will be the magnet to draw them here again . . . and again. Most of the Spur merchants will want to present personal messages to the people of West Texas, and to home folks, and the superior circulation of The Texas Spur affords the very best opportunity.

Big Round-up Sale Begins Friday Fair Store

Carrying what manager George Gabriel terms its greatest stock and the lowest prices, the Fair Store begins tomorrow a huge Round-up Sale, with hundreds of bargains listed in his double-page advertisement. Along with the general run of merchandise, the store is also featuring practically everything rodeo-minded people will want for Spur's celebration.

The sale is in charge of the B. E. Gentry Sales System, and Gentry says he has been instructed by Gabriel to don his spurs and ride "prices" down-hill in a hurry.

George Gabriel now has a large, roomy store, plenty of shopping room, and is carrying one of the most complete lines of merchandise to be found in this part of the country. On the advertisement George lists approximately three-score articles, and says that is just a start of the things you will find in quality, seasonable dry goods.

The sale formally opens Friday morning at 9:00 o'clock, and some free articles are offered for women at the store. It will be one way of drawing good wages for your time to read what is offered—and be among those at the Round-up Sale.

Bible School To Be Held Here June 12 to 25

A cooperative Bible School will be held in Spur from Monday June 12 to Sunday, June 25 with four local churches combining their efforts to stage a beneficial and interesting meeting. School will be in session from 8:30 to 11:00 o'clock each morning of that time, except on Saturdays and Sundays.

The churches cooperating are First Methodist Church, Christian Church of Christ, and the Presbyterian church.

Ages for the students of the school were listed, including handicraft.

Bible stories, patriotic songs, sacred hymns, dramatizations, memory memory work, and other features were listed, including handicraft. Picnics will be one of the enjoyable features.

All boys and girls of the given ages are welcome to attend the school.

LEROY GARRISON RECEIVES DEGREE FROM A. AND M. COLLEGE

Leroy Garrison, son of Mr. and Mrs. W. O. Garrison, of Red Mud, was one of the five hundred ninety Cadets to have conferred upon them a degree from A. and M. College at the Commencement ceremonies there Thursday, June 1st.

Young Garrison was an agriculture major. He was also awarded a Commission in the Reserve Corps of the United States Army.

Attending the graduation exercises were his parents, Mr. and Mrs. W. O. Garrison and another son, Roger.

While in South Texas Mr. and Mrs. Garrison and sons visited in Austin and San Antonio and accompanied Roger to Camp Bullis where he will be in the Officers Training camp the next six weeks.

Leroy accompanied his parents home and will spend a few days visiting here.

Ray Ince, President of Caprock Young Peoples' Union, is attending the Summer Assembly now in progress at McMurry College, Abilene. Ince represents Spur division.

Special Features Announced At Pool For "Between Acts" Of Rodeo Celebration

Guy Merriman Injured While Branding At Spur Ranch

In an attempt to cooperate with the Rodeo Association in making the Roundup and Rodeo, Friday and Saturday, June 16 and 17, one of the most enjoyable affairs to be staged in West Texas, Mrs. Julia Cane, manager of the pool, states that many special features have been planned for the week.

As a special inducement to swimmers, Mrs. Cane has given out the information that "Swim Cards" may be purchased after Friday at reduced rates. For instance, a ticket good for 30 swims, 15¢ each, can be bought for \$4.00, or a saving of 50¢. Children up to 12 years can purchase a \$3.00 Swim Card for \$2.50, good for 30 plunges.

Private lessons for adults are 50¢ each, and for children up to 12 years of age, 25¢ each. However, a saving can be effected by either adult or children.

Children's classes daily at 4:30 p.m., and business girls' classes Monday and Wednesday at 6:30 p.m. Diving and coaching on advanced crawl, Tuesdays and Thursdays at 6:30 p.m.

Mrs. Cane states that groups interested in a class schedule should see her for arrangement of hours.

Special Features

For "in between hours" during the rodeo Mrs. Cane has arranged many interesting features, none of which will conflict with features at the rodeo.

First on the program will be a beauty contest for girls and young women, and the winner will be presented a beautiful bathing suit and cap.

And—hips! hips! hooray!—at last the men get a break. A contest has been arranged for the males, and they are urged to get out their bathing suits for the fun. The men will, of course, be judged on physique, beauty, etc.—their cute legs, dimples on their knees, stunning figures, poise, walk—and maybe for the most beautiful . . . shoulders!

A prize will be given for the loveliest man in the contest. Ask Mrs. Cane for particulars.

MRS. WILL DAWSON EXPECTED TO ARRIVE HERE TODAY

Mrs. Dawson, of New Orleans, La., is expected to arrive in Spur today from Abilene, having come to that city earlier this week. In her sojourn through this country Mrs. Dawson will visit an old friend, Mrs. Horsburgh in Amarillo, as well as many of the old timers of the Spur territory, and has expressed a belief that she will be here for Spur's forthcoming Roundup and Rodeo.

Mrs. Dawson, with her husband, the late Will Dawson, for several years lived at Spur Ranch. Mr. Dawson was first bookkeeper for the ranch, and later was appointed to the job of foreman.

Spur Chapter Eastern Star Installs New Officers

With a splendid audience in attendance, installation of new officers for the Spur Chapter of the Order of Eastern Star was held in the Masonic Hall, Tuesday night, May 30th.

Mrs. Willie Link was installing officer and performed the service most graciously.

Elective officers installed were:

Worthy Matron, Mrs. Lester Ericson;

Worthy Patron, Robert Reynolds;

Associate Matron, Lorene Sauls;

Associate Patron, Lester Ericson;

Secretary, Pauline Jimison;

Treasurer, Eula Jopling;

Conductress, Ruth McCarty;

Associate Conductress, Nellie Carline.

Appointive officers installed were:

Chaplin, Nannie Patton;

Marshall, Georgie Barrett;

Organist, Mary Nelda Alexander;

Warder, Olivia Love;

Sentinel, W. C. Ramsey;

Adah, La Fay Marcy;

Ruth, Rachel Bingham;

Ester, Beatrice Hunter;

Martha, Susie Sloan;

Electa, Nellie Davis.

Past Worthy Matron, Susie Sloan, was presented with a pin from the Chapter and a pottery vase and dinner handkerchief from the chapter officers.

Past Worthy Matron was acting hostess in serving an ice cream and cake refreshment to officers and visitors.

NOT MUCH PEACE IN THIS WORLD, EH WHAT?

In a news dispatch from San Antonio, bearing an Associated Press credit emblem and headed "Preparedness Urged in Talk Before Vets," Col. H. B. Parker of Fort Sam Houston, speaking before United Spanish War veterans of the Department of Texas and the Women's Auxiliary, stated that U. S. preparedness was wise.

The interesting thing about the speech, however, is a glance at his statistics. He said that during the last 3,421 years there had been 8,000 peace treaties—and only 268 years of peace in the world."

Seems like we remember some talk about one of those years "way back B. C." (Before Cotton).

Dr. Cloude Announces Free Clinic Here Three Days

Dr. O. R. Cloude, chiropractor, makes the announcement that a free clinic will be held here Monday, Tuesday, and Wednesday of next week, asserting that free examinations and diagnoses should interest people of the entire area.

"Our main interest," Dr. Cloude states, "is your health—and our reputation."

The examinations are given to one member of each family applying for the free service, and is made on a highly scientific diagnosing instrument by an expert technician, Dr. Myron A. Tanner. The clinic will feature a personalized service, and carries no obligation whatever for the examination.

An advertisement appears elsewhere in the Texas Spur. Read it; you may want to attend the clinic.

Third Booster Trip To Be Made Today

With reports from boosters here that a fine reception was given for the group in all of the cities visited, the third trip, today, and a fourth and final trip Friday, are slated to draw many into the net to go along.

Tuesday the boosters, riding in a 35-passenger Bowen bus and carrying musicians, made a trip to Dickens, Matador, Paducah, Childress, Quanah, Crowell, Benjamin, Guthrie, and back through Dickens to Spur.

Wednesday the big bus headed out for Crosbyton, then on to Ralls, Floydada, Lockney, Plainview, Hale Center, Abernathy, Lubbock, Slaton, Post, Jayton, Girard, and in to Spur, while this entourage stopped off in Lubbock, part of the group and the musicians appeared before the "mike" of Station KFYO, Lubbock, for a 15-minute broadcast.

Today calls for a trip to Aspermont, where interest will be focused on the Aspermont annual rodeo celebration. Other towns on today's schedule are Hamlin, Anson, Stamford, Haskell, Rule, and back through Aspermont to Spur.

The Friday trip will be made via Rotan, Roby, Sweetwater, Colorado, Snyder, then directly back to Spur.

Those wishing to purchase tickets for the trip today or tomorrow are requested to see O. B. Ratliff, W. R. Lewis, M. H. Costolo, John King, Sr., W. R. Weaver, or John A. Moore, Sr. Price of each trip will be \$2.25.

MRS. PERKINS, OKLAHOMA, ASKS FOR ROUNDUP INFORMATION

A penny postal yesterday from Mrs. Alger Perkins, of Tecumseh, Oklahoma, informs the Texas Spur that on June 5th she heard via radio that Spur was staging a big reunion and rodeo, and requests information about same.

Mrs. Perkins' card says in part:

"My father worked on the Spur Ranch for many years, and would like to attend the reunion. Please advise the dates, and send literature. His name is Vernon E. Young (familiarly known to many of the old timers as "Brigham"), and would of course be pleased to meet again the old timers."

Mrs. Perkins has been notified of the dates, June 16 and 17, and we inform old timers who knew "Brigham" that he is likely to be over for a visit next week.

DR. AND MRS. BOB ALEXANDER TO OKLAHOMA—BOB TO GALVESTON

Dr. and Mrs. Bob Alexander made a trip to Oklahoma this week, where Mrs. Alexander and the children will remain for a few days visiting her parents.

Dr. Bob went from Oklahoma down to Galveston to attend a medical meet. He is a First Lieutenant of the Reserve Medical Corps, Fort Crockett, and the entire corps has been called to the meeting for important activities taking place there this week.

MINIATURE GOLF COURSE OPENS HERE THIS WEEK

If you are a miniature golf enthusiast, you will very likely appreciate the announcement that Spur has a miniature course, located just across the street east from the Godfrey & Smart Ford sales rooms.

Cecil Scott and "Tom" Connally are owners of the new course, and Connally will be active manager.

If you like golf, and yet can't appreciate the walking on a "full grown" course, then your opportunity is here to cut the corners on playing—you know, golf hunting brought right down to a fine point.

SUNDAY IS LAYMAN DAY AT FIRST METHODIST CHURCH

Next Sunday, June 11, will be Layman Day at the First Methodist Church of Spur. Other than preaching, the usual morning activities will be in evidence.

Geo. S. Link will bring the address to the group Sunday morning, and the evening service will be delivered by District Superintendent Rev. E. B. Bowen. He will also hold quarterly conference.

W. B. Ford, a progressive farmer of Calgary was attending to business affairs and greeting friends in the city Monday.

TEXAS HEADED FOR QUIETER
MORE NATURAL LIVING
IS PREDICTED

That Texas is headed for an era of
quieter, more mature living, is the
prediction of Dr. Geo. W. Cox, State
Health Officer.

The basis of this prediction is the
declining birth rate and the increasing
life span of the average Texan.

While the population may continue
to increase until 1955, as Government
census experts predict, the percentage
of youth is decreasing. By today's
American population over 65 years
will have trebled their number from
seven and a half million to twenty-
two and a half million.

Two reasons for this change in
the age ration are smaller families
and stricter immigration laws.

Third and most important reason
is the longer average life expectation
due to increasingly wide-spread use
of medical and public health knowl-
edge, which reduces mortality, parti-
cularly in childhood and allows the
average person to live a longer span
of life. For instance, a baby born in
1789 lived on the average until he
was 35 years old. A baby born in
1900 had a life expectation of 48
years. A baby born in 1935 could
normally expect to be 61 years old.

Repercussion to this change in our
population from youth to middle age
will be gradual. Both young and old
will do less productive labor, while
the middle aged do more. Fewer
people will be needed and those
other mild games will gain favor.
Travel will be more popular as more
people will have leisure. The jitter-
bug era of dancing will fade. The
population will tend to decentralize
as older people move to quiet suburbs
or the country.

Miss Creola Richbourg and Mrs.
Wilson were sent as delegates of the
Epworth League to the convention
held this week in Vernon. An ice
cream supper was given on the lawn
surrounding the band stand the lat-
ter part of last week for the purpose
of raising funds with which to pay
the expenses of the Spur delegates.

F. A. Cox, of Jayton, came to Spur
Monday and while in the city pur-
chased a new Ford car of the local
agent, W. F. Godfrey.

— 23 —

The national conventions are now
in session. The democratic convention
has already decreed that Wilson will
be the nominee and will adopt any
platform that he may outline, there-
fore that convention has little atten-
tion from the country at large.
However, it is different with refer-
ence to the Republican convention.
A real fight is on between the nomina-
tion of Roosevelt, Hughes, and
others and possible "dark horses."
Without advance information, we are
predicting that Roosevelt will get the
nomination or the Republican party
will again split.

As plans go forward rapidly for
another big Casa Manana in Fort
Worth this summer, opening July 21,
some of the "behind-the-scenes"
events in connection with the great
show in previous years come to mind.

When the grand opening of the
Fort Worth Frontier Centennial was
being broadcast over a national hook-
up in 1936 by Merle Tucker, a group
of Indians were giving a war-song
and war-dance but they were due
for a scene in "The Last Frontier," so
the director of that show rushed
them off. As the sudden silence de-
scended, the quick-witted Tucker re-
sponded to the many thousands of radio
listeners, "A peculiar thing about
this particular war-dance is that the
Indians stop right in the middle of it."

An Oriental dancer in Casa Manana,
enraged at something a girl dramatic
critic had written about him, made
serious threats, so she was given
a police whistle and, at the first
trot, all eight members of the
singing "Peppers" were in readiness
to reduce the "Yellow Peril" in
America by one. Fortunately (for
the Oriental), it was not necessary
for the tool to be tooted.

During Casa Manana rehearsals,
there was a man who was hired to
do just one thing and that was to yell
"Quiet", which he did five times
louder than the talk he was com-
plaining about.

And perhaps the most vivid sentence
written about the 1937 Casa
Manana was that of Jack Gordon of
the Fort Worth Press: "The old
Southern mansion is so realistic that
the milkman leaves a pint of milk
on the front step each morning."

John Naylor, conservative and
widely-informed oil editor of the
Fort Worth Star-Telegram, com-
ments that State Railroad Commis-
sioner Jerry Sadler "struck a chord
in sympathy with the feeling of most
Texas producers" in suggesting that
after 60 days, all Texas wells run
wide open because other states are
not prorating to the extent that
Texas is and oil from out-of-state is
being brought into Texas. Naylor
wrote:

"The large majority of Texas pro-
ducers have felt for a long time that
the operators of this State are hold-
ing an umbrella over the rest of the
industry, making price stabilization
possible, while some others have not
been willing to co-operate but have
taken advantage of the situation to
skim the cream and leave a gradu-
ally dwindling amount of nourishment
for the Texas industry as it restricts
more and more to keep the situation
together."

"To make the grievance felt by
Texas operators greater, they feel
that their efforts have not been
seconded by the large units in the
oil business. Many feel that the situation
will not be corrected until there is
a 'shakedown' and both political
and industrial units get in line."

Vagrant memories from south of
the Rio Grande—

A "believe-it-or-not": The only
thing in English on the menu in one
of Mexico City's leading restaurants
read, in large type, "Chili, a la Tex-
as."

An eating stand bore this sign:
Los mejores hot dogs en Mexico—"The
best hot dogs in Mexico."

Mexico has more dogs—not speak-
ing of "hot dogs"—than you can
imagine, and all of them are hungry-
looking. One beautiful lady in our
Lions' group felt such pity for the
"skinny dogs" that we avoided the
reproach in her gaze as we guiltily
ate our box lunches in the little park
at the foot of the Pyramid of the
Sun. In vain, we explained that
at best—only two or three of the
creatures could be fed and that even
they would be desperately hungry
again the next day. So we went on
short rations and were rewarded with
a radiant smile as the lady fed bread,
bananas, candy, ham, oranges and
pie to the animals while their eyes
were rapturous and their tails wag-
ged ecstatically.

Dies, whose work as head of the
committee investigating un-American
activities, spoke at a patriotic
mass meeting recently in Fort Worth,

Electric

Refrigeration

Is BEST IN

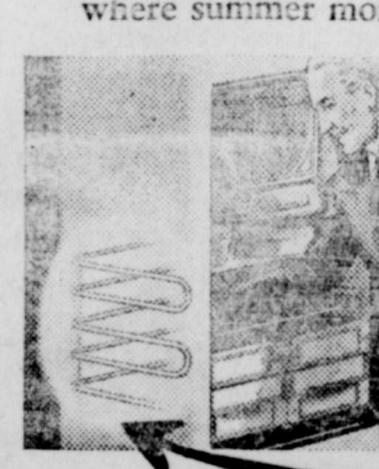

West Texas

I. Dry, Hot Climate re-

August the same as in January.

II. Low Electric Rates are in effect for refrigerator users. Economy of operation,
plus the simplest refrigerating mechanism ever built, plus safety from toxic
fumes, safety from combustible explosives, plus multiple-cold food protection—all
these combine to make electric refrigeration best suited for use in West Texas
where summer months undeniably are hot and dry.

A number of beautiful useful gifts were presented to Mr. and Mrs. Ponder.

SNOW-IN-SUMMER GRASS SUBSTITUTE

Many a home owner has a patch of "lawn" which has never been worthy of the name, due to its successful resistance to all attempts to grow grass on it.

Often such spots are bare because they are run over or played on excessively by children. But just as often they are little-used pieces with heavy shade and very poor soil.

If the latter description fits your case, an unusual but interesting remedy is suggested by Gilbert Bentley, flower expert of the Ferry-Morse Seed Breeding Station. He suggests that the space be planted to the popular perennial, Snow-in-Summer, otherwise known as Cerastium Tomentosum.

Snow-in-Summer is low and spreading and remarkably hardy. It produces silvery white foliage, and bears small white flowers in profusion quite early. It may cover the ground quite well in its first year, and it is sufficiently tough that it can stand some trampling. It has long been used for planting around tree trunks where grass could never be induced to flourish.

TECH STUDENTS ON 6,000 MILE TOUR ENTERTAINED IN FT. WORTH BY GREAT WESTERN FOOD COMPANY

Twenty-four students at Texas Technological College were entertained at Fort Worth by executives of the Great Western Foods Co., an affiliate of Waples-Platter, on the first day of their 49-day trip taking them more than 6,000 miles and as far east as Boston, Mass. In charge of the tour is Dr. J. O. Ellsworth assisted by Mr. John Harding of the business administration department of the college.

It is the purpose of the tour, Dr. Ellsworth explained, to acquaint the students by personal observation with many phases of business and to show them what makes trade "tick" in the world of industry and commerce. Washington, D. C. will be visited and eight days spent in New York at the World's Fair. All students making the trip are in the school of business administration and most of them are taking the trip on money earned themselves.

The tour costs each student \$185.00 which pays transportation, hotel, meals and incidental expenses. Besides giving students 49 days of interesting educational tour, they are allowed full college credit for the course.

Waples-Platter and Great Western Foods executives who played host to the students include Galen H. McKinney, J. C. Jones, J. W. Shugart, W. R. Martin, C. C. Braggans, Campbell Smith, E. L. Boysen, Lee Brown, Hugh M. Hoover, Harold Gayle, Jack Parks and Tom Winston. Mr. Paul Leeper of Sherman, Texas was a guest of the executives and Mrs. Edwin Phillips represented the Fort Worth Chamber of Commerce and Miss Lucille Bunting represented the Fort Worth Public Schools.

Mr. and Mrs. Charlie Powell and daughters Charlie and Shirley spent the week end in Baird visiting her parents; Miss Charlie remained for a week or ten days visit.

Mrs. B. P. Woody, of Girard, was shopping with Spur merchants Monday.

3RD SUNDAY SING-SONG CHANGED TO 4TH SUNDAY

Since the vote taken at Midway last 3rd Sunday concerning the next meeting of the Dickens County-Girard Sing-Song Society, a number of conflicting matters have arisen. Many of our best singers and best supporters of this Sing-Song want to attend the Big Plains-Panhandle Singing Convention at Lubbock on the 3rd Sunday. Special invitations are coming in every day urging all Dickens County-Girard Singers and supporters to attend this one mighty Sing-Song of the year. It is very hard to get around this invitation, for many of the Lubbock County Singers have been with us and supported our 3rd Sunday Sing-Song in our territory, and now they are expecting the courtesies to be returned.

Since so many of our best singers and supporters of the Dickens County-Girard organization have urged that we postpone our regular 3rd Sunday Sing-Song, which is to be held at the Patton Springs School Auditorium, Afton, Texas, to the 4th Sunday of June, I am taking the liberty to do so. In other words, the regular 3rd Sunday Dickens County-Girard Sing-Song will be held on the 4th Sunday of June, (June 25), at the Patton Springs High School Auditorium, Afton, Texas. This will enable all singers and supporters of singings of Dickens County and Girard to attend the most outstanding singing of the year—The Plains-Panhandle Convention, Lubbock, Texas, June 17th and 18th.

Please help us to get this word around to all of our friends and neighbors of Dickens County and adjoining Counties, and may we urge that you attend the Plains-Panhandle Convention. It will really be worth your time and expense, for the best singers of the whole state will be helping to carry on the program of two days. Everybody! Let us go up to Lubbock on the 3rd Sunday, June 18th. You will never regret having made the trip. It will be worth something to you and your children, friends and neighbors.

Remember! Dickens County-Girard in June to 4th Sunday in June (June Sing-Song changed from 3rd Sunday 25th). You come and bring everybody you can to Patton Springs School on the latter date.

Myone L. Kelly, President, Dickens Co.-Girard Sing-Song

Boll Weevil and Flea-Hopper Control

By T. C. RICHARDSON, Associate Editor

Farm and Ranch
Breeder-Feeder Association

It is one of the ironies of nature that soil and rainfall conditions which are most favorable for the growth of the cotton plant are also most favorable for the multiplication of insect pests. The more luxuriant the growth the better the boll weevil, the flea hopper, and the leaf worm like it. It is not uncommon for a casual observer to remark on the promising appearance of a field of cotton, in which a close examination will show that the flea-hopper is destroying the fruiting buds, the

boll weevil is laying eggs in the squares which escape the flea-hopper, and the leaf worm moth has deposited her eggs on the lower side of the tender foliage—the more luxuriant the better she likes it.

None of these insects will attack slow growing, drought-stricken cotton by preference, but may do considerable damage on any kind of cotton if that is all they can find to feed on. What we are here trying to say is that when cotton is growing fast it is mighty important to watch for the insects and see that they do not destroy the fruit to such an extent that "weed" is all that is left.

At this stage cotton should rapidly set squares and the squares become blooms. If rank-growing cotton doesn't look "like a flower garden" every morning there is something the matter. Every cotton grower knows that cotton naturally "throws off" a part of the embryo fruit, but natural shedding and insect damage are two quite different matters. The early and mid-season blooms and bolls are most important in the yield, and must be saved from insect damage in order to insure a normal yield.

With the greatly reduced acreage in cotton under the AAA it becomes the more important to secure good yields from the acreage we have, and controlling insect depredations is one proven means of so doing. Besides, insect control which permits the "weed" to hold all the early fruit it can carry brings the main crop to maturity early in the season and a higher percentage of it is harvested at the first picking, when the grades are better than the latter.

A good many people do not get excited about insect pests until the leaf worm appears, and yet the leaf worm destroys far less cotton than either the flea-hopper or the boll weevil. By the time the leaf worm becomes numerous enough to do real damage the flea-hopper and the boll weevils, leaf worms, and boll worms—if used properly at the proper time. Dusting sulphur and calcium arsenite are the only insecticides necessary, if the campaign begins on time and is continued at intervals of five to eight days until the insects are under control. If no early dusting is done, heavier dusting, or extra arsenicals in the mixture may be needed to handle a heavy infestation of leaf worms, but it is both less effective and more expensive than a program which begins while the cotton is comparatively small and is followed up at regular intervals.

It is all right to make a count of the pests present if one knows how and wants to do so. The safest, surest, and in the long run the cheapest, plan is to prevent rather than cure. When the flea-hopper begins to destroy the little fruit buds use sulphur. When the boll weevil comes out of hibernation, or begin to sting the squares which have escaped the flea-hopper, a one-to-two mixture of calcium arsenite and sulphur is best. When leaf worms appear calcium arsenite alone will handle them if properly applied. No wet spray is necessary.

Mr. and Mrs. Joe McDaniel and son, Joe Jr., Mr. and Mrs. Emmett Bursett and Miss Sibyl McDaniel returned Sunday of last week from a week end visit with relatives at Cross Plains.

Fred Jennings will appreciate your vote for mayor.

TELEPHONE TEAMWORK in TEXAS

Some people are surprised to learn that there are 3% telephone companies serving Texas. The Southwestern Bell Telephone Company is the largest, it is true. But there are others—395 of them—which have the important job of providing telephone service in about 830 Texas towns and cities.

The Southwestern Bell is glad its lines connect with the lines of these other Texas telephone companies, blanketing the state with a vast network of wires—so that boundaries between companies are not barriers to quick, state-wide telephone service.

Through teamwork and friendly co-operation, 396 Texas telephone companies work together to furnish Texas with telephone service that is fast, accurate, and dependable.

Long Distance in Texas is cheap.
You can telephone 100 miles for 60 cents. (3 minute conversation, day rate, station-to-station).

Behind The Scenes In American Business

By JOHN CRADDOCK

BUSINESS—Retailers last week had cause to rejoice. For President Roosevelt virtually guaranteed continuance of government spending to maintain consumer purchasing power; while trade revival on the grand scale was envisioned by Otto Lorenz, management engineer, who told a National Retail Drygoods Association convention that installation selling is paving the way for the greatest expansion of credit this country has ever seen. It is noteworthy that more consumers today are using installment financing to buy the relatively higher priced merchandise in which industry has invested millions to create exceptional standards of safety and service. The amount of protection against blow-outs and skidding afforded by cheaper auto tires, for example, cannot be compared to that afforded by truly scientifically designed first-line tires. With average worker income below \$30 a week, the proper expansion of budget buying is becoming recognized as a socially and economically justified prerequisite for the mass market's purchase of industry's ace products, whether they be tires, radios, autos, refrigerators or other merchandise. This trend is also viewed as a powerful force for reemployment.

THINGS TO WATCH FOR—Neon newspapers; plans are underway to install "Telesigns", on which latest news events will be flashed, above main thoroughfares of large cities... Golf tees made of a plastic material in pastel colors to match sweaters, socks or complexion of women divot-diggers.... Latest novelty in kitchen clocks—a standard electric time-piece built into a teapot.... Brighter outlook for the garbage industry as result of a new process for making plastics from orange, lemon and grapefruit peels.... A new gift-by-radio service similar to the flowers-by-telegraph idea for landlubbers who want to send a present to seafaring friends.

HOT DOG—"When in Rome do as the Romans do" is a policy that the King and Queen of England will observe during a visit to the President at his Hyde Park home. They'll eat hot dogs as a part of a picnic meal there. And the hot dog is the favorite American meat product by virtue of the fact that the average person in this country eats 35 a year. It is a major sales item of countless roadside stands, amusement and ball park concessionaires, and retail food stores. Into the tills of these merchants flows an estimated \$200,000,000 from the sale of 4,500,000,000 "franks" annually. Hot dogs are made from the same cuts of meat of the animal as corned beef, but very little of the latter is now made in this country, because the manufacturer of hot dogs has been found more profitable.

PNEUMONIA TREATMENTS NOW VERY MUCH MORE EFFECTIVE

But Coughs From Colds Break Down Resistance

The scientists and doctors of the world have made great strides in the diagnosis and treatment of the dreaded pneumonia. They have learned the various types and almost every city has hospital facilities that are fast reducing the death rate.

Most doctors agree that when a person's resistance is low he is much more susceptible, and that

coughs following a cold certainly break down your resistance.

At the least suspicion of pneumonia, call your doctor at once, and at the first sign of a cough due to a cold start taking Mentho-Mulsion immediately.

Mentho-Mulsion is that time-tested cough remedy, made from ingredients used by many doctors for years. Now fortified with both Vitamins "A" and "D". Mentho-Mulsion, at only 75c, is recommended, sold and guaranteed by good druggists everywhere.—adv.

LITTLE MISS ANNIE LEE HONORED ON 5TH BIRTHDAY

Miss Annette Lee was honored on her fifth birthday with a party given by her mother, Mrs. E. S. Lee, Thursday, June 1.

The children enjoyed games on the lawn for an hour. The many nice gifts were then opened by the honoree.

An angel food cake bearing five white candles in red candle holders was then carried to the back lawn. La Vorise Lee, sister of the honoree, made Kodak pictures of the honoree holding her cake, and of the entire group. The cake was then cut and served with homemade ice cream, with balloons and suckers as favors to:

Myra Alice Ratliff, Charles Lewis, Vennie Marie Lewis, Thomas Taylor, Jimmy McNeil, Charles Lee, Brooks Chapman, Carolyn Kelley, Kathleen Kelley, La Vonne Dean Reagan, Shelley Ann Bell, Shirley Heffington, Jimmy Don Miles, and the honoree, Annette.

MRS. H. B. THOMPSON HOSTESS TO TRIPLE TREY BRIDGE CLUB SATURDAY

Mrs. H. B. Thompson was a delightful hostess Saturday afternoon entertaining her Triple Trey Bridge Club at her home 515 North Carroll.

Mrs. Guy Karr played high for guest and Mrs. L. D. Ratliff made high club score.

Others playing were Mesdames E. D. Engleman, Alton Chapman, Pike Nichols, Vasco H. Ward, Henry Berry and Harvey Giddens a guest.

A lovely salad refreshment plate was served to the guests named and the hostess, Mrs. Thompson.

DR. AND MRS. R. L. ALEXANDER HOSTS AT 12 O'CLOCK LUNCHEON TUESDAY

One of the lovely social occasions of the week was that of Tuesday when Dr. and Mrs. R. L. Alexander entertained with a 12 o'clock luncheon at their home 401 East Hill Street.

The table was laid in white cut work linen cloth, centered with a tall vase holding long stem rose buds and flanked by tall lighted candles in crystal holders.

The occasion of this delightful dinner party was an all day visit of a number of Dr. and Mrs. Alexander's former neighbors and friends, of Jayton, including Mesdames, W. J. Lane, W. T. Holley, Lula Rice, Milton Sandell, Henry Billberry, Sr., O. C. Lowrance and Miss Alma Jo Holley of Jayton. Other guests were Mrs. Oran McClure and daughter, Wynell; Little Miss Jane Alexander; Misses Doris Bailey, Neoma Stanley and Bernice Alexander and Rex, Joe Paul and Max Alexander, of Spur.

H. D. Nichols, of McAdoo, was among the first Monday visitors in Spur, spending several hours in the city looking after business matters and visiting friends.

Miss Mary Lee Cherry returned last week from a visit of several days with Mrs. E Nixon of Ballinger.

BOOKMAKING STUDENTS ARE WORKING IN OWN HOMES ON SUMMER PROJECTS

Twenty-four homemaking students taking advantage of summer projects work are using their own homes as a laboratory this month. They are carrying out projects under close supervision of the homemaking teacher, Miss Green. Projects are underway that would not be possible during the regular term, but they are of vital interest to the girls.

Miss Green is visiting every girl once each week to assist the girl individually with her problems. A group project is also carried out by several girls working and planning together. They are meeting in their own communities once a week for this work.

Home projects chosen thus far by students consist of "Managing a Home For 3 Adults" "Caring for Pre-School Children" "Improving My Bedroom" "Refinishing Furniture In My Home" "Canning Fruits and Vegetables" "Planning and Serving Well Balanced Suppers To My Family" "Repairing, Caring For and Adding To My Summer Wardrobe."

If any girl wishes to take this work but failed to enroll she may do so by seeing Miss Green this week. There is no charge for summer project work. Girls may earn 1/2 credit in this summer. Girls who earned a 1/2 credit last summer may earn an additional 1/2 credit this summer provided the project is selected from a different phase of homemaking. Every student is urged to participate in the summer program.

An achievement day is being planned for June 30 in the form of an open house. The public is invited to visit the department at the high school that afternoon.

Miss Green will be at the high school each Monday morning for additional conferences if the girls desire them.

FASHION PREVIEW

YOUTH is served by fashion this season. Witness this cunning suit for the sixteen-year-old, shown in Good Housekeeping for June. The flaring skirt is fastened to the brief bolero with big buttons. The suit is of tweed linen and the blouse, with a fly-away bow under the chin, is of checked gingham.

Mrs. Ivy Quattlebaum and daughter, Mrs. Robert Brown, of Elton, spent Monday in Spur shopping with Spur merchants and visiting friends.

Miss Charlene Stovall, of Presidio, niece of Mrs. J. L. Koonsman, is Stovall accompanied by Mrs. Koonsman and young son, Johnnie, Jr., were in Spur Monday to see the parade and while here spent several hours visiting with friends in the city.

Misses Rena B. and Doris Grizzle, of Calgary, are guests this week of their uncle and aunt, Mr. and Mrs. J. P. Crump. Miss Rena B. is a sponsor in the Rodeo from Calgary.

Fred Jennings will appreciate your vote for mayor.

SOLDIER MOUND H. D. CLUB MET WITH MRS. J. A. PINKERTON

"The kitchen is most important center of the home and the work should be organized and carried on in a business like way" Miss Jean Day, Home Demonstration Agent told the Soldier Mound club members when they met with Mrs. J. A. Pinkerton, June 1.

"There should be a desk to care for a system of filing and a table and chair for writing, in the kitchen," she said. A questionnaire on, "Is your household business organized?" was filled out by the members.

They met for an all day meeting and a covered dish luncheon was served at noon.

The following members were present: Mesdames W. E. Ballard, Jno. Bachman, Coleman Pinkerton, Ott. Denson, Foster Jones, Floyd Barnett, Ollie Hindman, V. L. Graves, W. H. TO MR. AND MRS. GLENN PICKENS IN MEMORY OF LITTLE NORMA FRANCES

Our little Norma Frances is gone, though it seems but yesterday. That you closed your little eyes in dreamless sleep And I put your little clothes away.

Our other child may leave the nest And build him one of his own. While in the house where he used to play We may live for years alone.

No, not alone; for we feel you there, With your little smiles of winsome joy;

The other may grow and go away, But you are the same little sweet girl.

How strange it seems that we've come to know So bitterly then we wept That the child we lost and mourned as dead,

Is the only one we've kept. A friend—Mrs. Minnie Neely

IS IT "REACTIONARY" TO PROMOTE RECOVERY?

More than 75 per cent of investors have money available that could be used to promote new enterprises, according to a recent survey. But the money is not forthcoming for the following reasons: 62 per cent of the investors covered by the survey said that the government takes too much in taxes from the individual taxpayer. Sixty-three per cent feared the possibility of labor troubles, 73 per cent feared the possibility of new taxes on industry, 77 per cent cited legislation restricting industry, 83 per cent complained that the government takes too much in taxes from corporations.

NOT FOOLED

The farm marketing cooperatives have been subjected to many attacks. They have been denounced by selfish dealers, who dislike doing business with organizations which can meet them on equal terms in deciding prices. They have been reviled by others with an axe to grind the farmers' expense.

But the farmer, by and large, hasn't been fooled. The membership rolls of the marketing co-ops have steadily increased. So has their volume of business. And this has happened because the organizations have produced results. They have broadened and stabilized markets. They have often improved prices. They have helped the consumer, by assuring him of a trustworthy supply of farm products. And they have done invaluable work in improving standards of farm maintenance and operation.

The cooperative marketing movement brings business principles to the craft of agriculture, and provides the eventual solution to many of the farmers' most difficult problems.

WARD'S
Means More Than a Word!

Today we have a hurrying world . . . every man must keep pace with the rest of his fellowmen. And in the whirl there is always danger. At the scene of an accident and human injury, the first thought of humanity is "the quickest way to medical or surgical aid." Our past service has linked Ward with that first thought.

"SUPERVISION" SHOULD NOT MEAN "MANAGEMENT"

One essential of national prosperity, observed a recent economic survey, is the existence of a private banking system, publicity supervised, operated primarily for the benefit of individuals, industry, commerce and agriculture.

It should be kept in mind that there is a world of difference between government "supervision" of banking and government "control" or "management" of banking.

Government supervision is proper and necessary. Government "control" of banking, on the other hand, would amount to government control over practically all of the financial resources of America. Every bank account would be more or less the plaything of politics. Immense financial power could be used for political ends and purposes.

Our American private banking system has worked. It has built our industries and homes, and has done much to help give us the highest working and living standards in the world. It has been largely responsible for our world-supremacy in every field of commercial endeavor. To weaken banking as a private enterprise is an invitation to disaster. That would place the savings of the American people more under the not-so-tender mercies of politicians, few of whom would be employed by a private citizen to invest his savings or manage his business.

ANSWER BOX
Series 3**

Q—What is the total amount that an eligible claimant may receive during a benefit year?

A—the maximum amount is still \$240, the same as under the old law.

Q—Does a claimant who is denied benefits have the right to appeal the decision and, if so, to whom does he appeal?

A—A claimant has a right to appeal from the determination made in his case just as he did under the old law. The claimant should direct his appeal through the claims examiner in the field or take it up directly with the Unemployment Compensation Commission at Austin.

Q—Where must a claimant go to file a claim for benefits?

A—to an office of the Texas State Employment Service.

Q—Can he file a claim immediately?

A—No. The law requires a claimant to register for work and serve a one-week waiting period first. The old law provides for a two-week waiting period.

Q—How long will it be before a claimant hears from the Commission after he files his first claim?

A—in about ten days.

Q—How long will benefits keep coming?

A—that will be based on the claimant's past earnings. His notice from Austin will tell him exactly. No man may receive more than eight benefit checks, covering sixteen weeks of total unemployment, in a benefit year.

Series 4

Q—if a claimant earns money from odd jobs while he is unemployed, will he lose his benefits?

A—not necessarily. The amount of his part-time earnings will be lawfully deducted from his benefit amount. The new law provides that a claimant who is employed part-time may receive his regular benefit amount plus \$4 but minus his part-time wages.

Q—Does a claimant still have to go to the Employment Office himself, or can he send some one?

A—the claimant must go himself to register and file his claim.

Q—How strict is the new law with reference to persons attempting to obtain benefits to which they are not entitled?

A—it provides a heavier penalty because when such an attempt is discovered that person will automatically be denied any benefits during his benefit year. If convicted, such a person faces a fine or imprisonment, or both.

Q—Will an unclaimed benefit check be good indefinitely?

A—No. Unclaimed warrants for benefits will be cancelled after one year.

Q—Why was the benefit period changed from seven days to fourteen days?

A—it will reduce the costs and simplify the payment of benefits. More than \$100,000 yearly in administrative costs will be saved as well as insuring the prompt payment of benefits.

HOW MUCH LONGER CAN THE WORLD GO ON ARMING?

Those economists who are wondering just how much longer the world can go on building up its armaments without entering bankruptcy are getting more and more food for sober thought and argument.

We are the richest country in the world, and our \$1,126,000,000 national defense bill for the next fiscal year is the largest in our peace time history. Yet this is hardly a drop in the bucket compared to what Europe and Asia are spending. Great Britain's budget is close to \$3,000,000,000. Japan's is over \$1,500,000,000. France's is about the same as ours. Italy's is \$611,000,000 and will probably be increased. Germany doesn't publish figures of this nature, but her arms expense is huge.

Lastly—hold your breath here—the U.S.S.R. has announced a defense budget running to the almost unbelievable sum of \$7,700,000,000.

But The Lord Watcheth

By IRVIN S. COBB

IN an effort to link practice with preaching, the Sunday-school teacher asked her class of small boys to recite appropriate quotations from the Scriptures as they added their free-will offerings to the regular collection. The youngsters had a week in which to find and memorize suitable texts.

On the following Sunday the teacher summoned the superinten-

dent in order that he might witness the ceremony. Under his approving eye the scholars advanced, one by one, each with a coin ready and his brow furrowed by the effort of trying to remember the quotation he meant to deliver.

First, as was fitting, came the brag pupil and, as he deposited a dime in the plate, he said:

"The Lord loveth a cheerful giver."

"Beautiful," said the teacher approvingly. "Now then, Harry, what are you going to say?"

"The liberal soul shall be made fat."

"Willie?"

"Whoso giveth to the poor, lendeth to the Lord."

"Bobby?"

"Freely thou hast received, freely give."

"Very good, indeed. Tommy, it's your turn next."

Tommy's hand came slowly forth from his pocket, bringing a penny.

"A fool and his money are soon parted," said Tommy.
