As an appreciable picture of adoration and respect held for Mrs. G. B. Wadzeck, member of the Spur School faculty for the past three Joe Fredrick, who for the past two years, who died suddenly in Abilene years has been pastor of the First Wednesday night of last week, approximately fifty persons from Spur

Services were conducted at the First Christian Church in Abilene, with Rev. F. M. Warren, the pastor, No arrangement has been made and Rev. C. R. Joyner, pastor of the First Baptist Church of Spur, speak-

Mrs. Wadzeck expired last Wedgenuine friendliness, and the coop-discovery of death having been made eration of the pastor and church at dawn Thursday. Heart ailment group with other religious bodies has had given Mrs. Wadzeck some shown marked advancement for trouble, but apparent improvement, expressed to her husband, Coach G. B. Wadzeck, by telephone Wednesday night at an early hour had given the decision for her return to Spur. She had been given treatment after examination in an Abilene clinic, and a few weeks of rest from school

> duties here had been planned. A native Abilenian, Irene Osburn was born on the 6th of December, 1911. Preparatory schooling was in Abilene. At the age of nine years she joined the Christian Church, was 1930, she entered McMurry College, and received her degree from that institution, majoring in music, in June of 1935.

Mrs. Wadzeck was married five years ago to G. B. Wadzeck, and their home was for some time in Roby, Texas, prior to moving to Spur. In Roby she had become affiliated with the Baptist Church, and on moving to Spur transferred her membership to the local Baptist Church. Along with her teaching here in the public schools, she was active in her church work, and was a favorite with the public in vocal and piano renditions. She was a member of the East Ward school faculty.

Surviving are the husband, the parents; a brother, Buck Osburn, of Longview; a sister, Mrs. J. H. Williams, Sweetwater, and the paternal grandmother, Mrs. Ella W. Osburn, who lives in Abilene.

Interment was made in the Abilene

cemetery. Coach Wadzeck, called to Abilene early Thursday morning, was accompanied by O. C. Thomas, Superintendent of Spur Schools, and others who attended the funeral services Friday from here were County Superintendent and Mrs. O. L. Kelley, Mrs. Jack Rector, Rev. and Mrs. J. H. Water Engineers Make **New Publication On** Crosby County

The State Board of Water Engineers announce the release in mimeographed form of the records of wells obtained during a recent groundwater survey in Crosby County, Texas, conducted by the Works Progress Administration and sponsored by the Texas Board of Water Engineers in cooperation with the Geological Survey, United States Department of the Interior.

This release contains 56 pages, giving records of 170 wells, 43 springs, drillers' log of 3 wells, logs of 268 test holes, and partical chemical analysis of 146 water samples taken from wells and springs. The location of all wells, springs and test holes are shown on a map in the back of the publication.

The field work was started Oct. 17, 1938, and completed March 16, 1939, with Mr. Carl B. Mueller, an engineer, as project superintendent.

This project is part of a statewide inventory of water wells started in 1935 to obtain information concerning the quantity and quality of water yielded by existing wells, to put down test holes in areas where no wells or few wells exist, and to compile and publish the information thus obtained.

Copies of the publication are available at the offices of the Board of Water Engineers at Austin, and of the Geological Survey, Washington, D. C. Copies may be consulted at public and school libraries in and near Crosby County and at the office there at the beginning of this school Disease of the County Judge. A limited num- year, Monday. ber are available for free distribution and may be obtained by making request to the Board of Water Engineers, Austin, Texas.

Fiery Itching Skin Gets Quick Relief

Home Treatment Eases Unbegrable Soreness—Distress

There is one simple yet inexpensive way to ease the itching and torture of Eczema, Itching Toes or Feet Rashes and many other externally caused skin eruptions and that is to apply Moone's Emerald Oil night and morning and people who suffer from such embarrassing or unsightly skin troubles would be wise to try it.

Just ask any first-class druggist for an original bottle of Moone's Emerald Oil and refuse to accept anything else. It is such a highly concentrated preparation that a small bottle lasts a long time and furthermore if this clean, powerful, penetrating oil that helps promote healing fails to give you full and complete satisfaction you can have your money refunded.

Your

Room Bureaus Set Up For New York Fair

NEW YORK (Special) - Two gencies have been set up in New York City to insure World's Fair visitors' getting living accommodations at a most reasonable price. One is the Mayor's Official World's Fair Housing Bureau, Inc., with headquarters in the Chanin Building, 122 East 42d Street, set up by Mayor LaGuardia to locate rooms for visitors in private homes and dwellings.

The other is the Hotel Room Information Bureau of the Hotel Association of New York City, representing 180 hotels with a total capacity of 80,000 rooms. The bureau is at association headquarters, 221 West 57th Street.

Both agencies function without any charge to the visitor in finding him clean and comfortable accommodations at a price within his means. Rooms in private dwellings range in price from \$1 per night per person upward, with the average per person \$1.50.

Every Western Union and Postal Telegraph office is equipped to handle requests for roms in conjunction with the Housing Bureau's operation. Every policeman in New York City is familiar with the plan and is equipped to give visitors first hand information on methods of obtaining registered

and sponsored rooms. On making the application for a room the visitor pays a deposit of 50 cents per night per person for which he receives a receipt. The receipt may be presented to the landlord in lieu of cash as part payment for the room.

"It was discovered that interconnections between these plants gave cal care, early recognition and re-double assurance of uninterrupted service. If a plant was temporarily disrupted for any unfidseen reason, then electricity from another plant automatically was switched into the has passed and walking is permitted lines. Under this plan only a major catastrophe could shut off light and

"The first transmisssion line in West Texas Utilities in 1914 between Abilene and Merkel, he said, and proved so beneficial in lowering production costs, and as a result rates could be lowered correspondingly, that other lines were constructed to surrounding towns which either had plants which gave poor service at

Benefits from the transmission merchants and transacting other line, he said, are indicated in a rebusiness affairs while in Spur Sat-cent U. S. Bureau of Labor report which shows that a dollar today buys 70 per cent more electricity than in Mr. and Mrs. J. J. Martin of Red 1913. The report states that a dollar Mud were shopping in Spur Satur- buys 20 per cent less food; 30 per cent less clothing; and 15 per cent less shelter.

"Electric service," he added, "is was a business visitor in Spur Mon- about the only thing that has gone down." According to WPA social research report, only one and one-half Mrs. Poet Hagins and daughter, cents out of every household dollar Pearl, of Duck Creek were among the goes for electricity. Food takes 35c; number of visitors in Spur First housing, 17c; clothing, 14c; recreation, 10c; fuel, 5c; household equipment, 4c; transportation, 4c; medical care, 4c; life insurance, ,3c; and miscellaneous, 2c.

"While rates were dropping," he said, "taxes and operating costs have been rising. Taxes paid by electric companies, according to the Standard Trade and Securities Journal, have risen 66 2-3 per cent since 1929. Net income during the same period has dropped 30.2 per cent."

The West Texas Utilities, he revealed, last year paid \$489,983.21 in city, county, state and federal taxes-amounting to \$9.75 per residential customer. Savings to customers, through rate reductions made just within the last three years, total approximately \$150,000 a year — or

about \$4 a customer. The company provides jobs for ,000 men and women each year and has an annual payroll exceeding \$1,-

"Proof that Edison's discovery and the development of the electric industry has contributed much to progress and to raising the standard of living is found in the latest statistical yearbook of the League of Nareport shows that the average American uses three and one-half times more electricity than the average person in any other nation in the world. That is the primary reason why we live so much better than the Germans, Russians, Frenchmen and even the English."

Watch Your Kidneys! Help Them Cleanse the Blood of Harmful Body Waste

waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination.

treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

Do You Know

Your Clothes

If You Do, You Know Cleaning Pays Dividends-

That is true-if you know fabrics, you know that cleaning prolongs the life of your clothes. You are not only paid dividends in additional wear, you are paid dividends in neatness.

And whatever you do, DON'T put your summer clothes away in a soiled condition. Begin making preparations now to have them cleaned-and preserved!
