

Winners Announced In Misspelled Word Contest 1st Week

Mrs. W. A. Lee, of Dickens, is first prize winner of the Texas Spur Misspelled Word Contest for the first week, finding 37 of the 39 errors in the page of ads. She will receive \$1.00 as out-of-town first prize winner.

Mrs. A. M. Walker will also receive \$1.00 as first prize winner among the local entrants. She received a score of 36 out of a possible 39.

The following 19 entrants will receive merchandise prizes in the order named from the merchants listed at top of page of ads:

Miss Winifred Aycock, city; Miss Dorothy Walker, city; Mrs. Pearl Jones, city; Miss Beatrice Spivey, city; Mrs. M. C. Harkey, Dickens; Mrs. R. D. Morgan, Dumont; Tommy Lou Thannisch, Dumont; Mrs. Elmer D. Hagins, Gilpin; O. L. Hale, city; Henry Gruben, Jr., city; Audrey Holly, Dickens; C. O. Fox, Jr., city; Katie Conaster, Rt. 2; Zella Starrett, city; Mrs. G. C. Pierce, Dickens; C. V. Conaster, city; Mrs. G. K. Choate, Dumont; Mrs. Leonard Joplin, city; Mrs. Vernon Gregory, Rt. 1.

The following six persons are winners of tickets to the Palace Theatre any date, including Sundays. The picture billed for next Sunday is "South of the Border."

Wanda Gilmore, Post, Star Rt.; Mary Ellen Freeman, city; Paul Draper, city; Mrs. Pete Carney, city; Sam Duboise, Rt. 2; Mrs. Guy Merriam, Rt. 2.

Anna Reynolds Ally Died March 6th At Big Spring

Anna Reynolds Ally, sister of Robert Reynolds, who lived on the Clayton Ranch near Gail, Texas, died Wednesday, March 6, at a Big Spring hospital where she had been taken for treatment. Mrs. Ally had been in ill health for more than a year but the immediate cause of her death is reported to have been from pneumonia.

Mrs. Ally was born October 31, 1888, at Etowa, Tenn., but a number of years ago came to Dickens County to make her home with her uncle, the late "Shorty Reynolds, and is well known to the people of this section. December 26, 1917, she was married to Bob Ally at Dickens and they have since made their home on the ranch near Gail.

Funeral services were held Friday afternoon at 3 o'clock at the Dickens Baptist Church, conducted by Mrs. Ally's former pastor, Rev. A. P. Stokes, assisted by Rev. H. L. Burnham. Interment followed in Dickens cemetery.

Pallbearers were Dr. B. F. Hale, Dr. T. H. Blackwell, Cecil Meadors, Willow Street, Clarence Littlefield, and Mr. Clayton, of Big Spring.

Flowerbearers were Mesdames B. F. Hale, T. H. Blackwell, Cecil Meadors, Edith Parker, Emma Russell, Olive Meadors and Clayton.

Surviving Mrs. Ally are her husband, Bob Ally; a brother, Robert Reynolds; two sisters, Mrs. Mary Dunn, Dickens, and Mrs. Harris of Childress; a nephew, Clifford Harris of Childress, and a niece, Mrs. Jo Dunn Koonsman of Dickens.

Spur Future Farmers Attend Stock Show

Cecil Ayers, instructor in agriculture, took approximately 30 of his boys to the Fort Worth Fat Stock Show, Ft. Worth, Friday and Saturday of last week. The boys entered the various judging events for future farmers, and won seventh place in the meat judging contest. This was a remarkable showing in that there were 67 other high schools from over the state entering teams.

Several of the other judging teams in this school were seriously handicapped by contestants having the mumps.

J. C. KEEN SERIOUSLY ILL OF SINUS AILMENT

J. C. Keen, employee of Southwestern Bell Telephone for 33 years, has been critically ill of hemorrhage from a sinus infection since Monday is slightly improved.

Mr. Keen is taking sick leave and he with Mrs. Keen are leaving Friday to spend an extended visit with their daughter, Mrs. Truman Gabbert and Mr. Gabbert of Corpus Christi.

Jack Keen, student in Texas Tech, Lubbock, was called home Tuesday to attend his father and will accompany his parents to Brady where Mr. and Mrs. Gabbert will meet them.

Social Workers Of Dist. 17 Convened In Spur Monday

The social workers and interviewers staff of Lubbock District 17, held a general round-up convention at the First Methodist Church here Monday, March 11.

The business session began at 9:00 a. m. following which those in attendance repaired to the Spur Inn for luncheon. Those on the program included Mary Bower, district supervisor of intake and certificate; Pauline Turlington, area social worker; Mrs. Joe Gilsoe, interviewer, of Lubbock; Pearl Betty Paul, area social worker and Gladys Maxwell, interviewer, with area headquarters at Matador; Mrs. Faust Collier, social worker; and Arlie Cassel, interviewer, of Hamlin area.

Ward Funeral Home To Continue With Mrs. Ward Manager

Announcement was made this week that the Ward Funeral Home and Burial Association will continue operation in the future under the management of Mrs. Vascoe Ward and E. O. Gayler.

Mr. Gayler is a licensed embalmer and funeral director and Mrs. Ward has had lengthy experience in the funeral profession. They invite the public to call on them at their Spur office and stated that members of the Ward Burial Association may continue to pay dues at the home office here as in the past. They stated further that the policy maintaining a 24-hour ambulance service would be continued. Offices are located at the Funeral Home.

Melvin Rankin Home Destroyed By Fire

The home of Mr. and Mrs. Melvin Rankin, of 14 miles west of Spur, was destroyed by fire Monday of last week. The fire originated from an oil cook stove.

Other than the bedding and bed clothes and a very few articles of clothing the home and contents were a total loss.

Saturday night following the fire, Mr. and Mrs. Rankin were honor guests at a party and miscellaneous shower given at the home of Mr. and Mrs. Bob Hendrix. Friends and neighbors of the community attended.

Jerry Sadler Throws Hat In Ring In The Governor Race

Jerry Sadler, young, dynamic and colorful member of the Texas Railroad Commission, this week threw his broad-brimmed hat into the ring for Governor. In his opening announcement, Sadler said that he would have plenty to say later about the issues in the coming summer primaries.

"The day of pussy-footing and wild promises is over," Sadler declared. "The folks now want something definite. I propose to pay pensions, aid for the blind and needy children, with a 2-1-4c additional tax on oil and a 1c per thousand tax on natural gas at the well. I propose to pay the school teachers their money for teacher retirement by tightening the corporation franchise taxes and taxes on pipe lines. As is well known, I am unalterably opposed to a sales tax. This will be a campaign of issues and not of personalities."

"This tax program is in keeping with the well-known Democratic theory of taxation based on the ability to pay eighty per cent of the oil and gas produced in Texas is sold outside of this state. It is high time that Texas began to profit from her natural resources rather than to permit them to be dissipated for the benefit of other sections," Sadler said.

Sadler, a political unknown two years ago, has amazed the veteran political observers by his quick rise in public affairs in Texas and his grasp of public issues.

BOND - EVERETT
Miss Collene Bond and Mr. Foster N. Everett were united in marriage at the home of Rev. J. V. Bilberry here Tuesday night. The newlyweds expect to make their home in Spur.

Soil Conservation Election Carries By Big Majority

In the election held Saturday to determine if the landowners of this section were in favor of the government sponsoring a soil conservation program, the proposal carried by a majority of approximately 10 to 1. The proposed district will be known as the Duck Creek Soil Conservation Area and includes most of Dickens and Kent and part of Stonewall counties.

E. D. Cook, project conservationist with offices at Spur, stated that the landowners of this area showed greater interest in the proposal than in any section of the state, both from the standpoint of votes polled and the majority favoring soil conservation. His opinion is that the government is almost certain to approve the project, in view of the election returns, and that there will be very little delay in completing an organization and beginning the work. A directing board of five members, he stated, will be elected from over the area.

Election returns (all boxes reported except Harmony) show 499 landowners favoring the proposal to 53 against. Following is the vote by boxes:

	For	Against
Lower Red Mud	18	5
Girard	73	4
Clairemont	4	0
Jayton	62	7
Centerview	5	4
Spur	204	29
Dickens	38	0
Afton	94	1
McAdoo	71	3
Croton	30	0
Total	499	53

Spur Teachers Attend W. Texas Convention

The Spur Public School Teacher attended the West Texas State Teachers Convention in Plainview Friday and Saturday of last week. The convention theme was "Measuring and Evaluating Educational Methods in Texas." Among the outstanding speakers were Dr. Willis A. Sutton, Superintendent of Schools of Atlanta, Georgia; Dr. J. L. Henderson, Professor of Education, University of Texas; Dr. Clair V. Mann, Professor of Engineering Drawing, Missouri School of Mines, and Mr. Donal MacKay, President, Eastern New Mexico Junior College. Mrs. W. R. Weaver of Spur brought greetings from the Texas Congress of Parents and Teachers.

David Sisto was chairman of the foreign language division and O. C. Thomas was chairman of the administration division. Supt. O. L. Kelley spoke before the library division on "Progress in Public School Libraries in West Texas."

Charlie Fox Home Destroyed By Fire Saturday Night

The Chas. Fox home in the western part of the city was almost completely destroyed by fire Saturday night of last week. The fire is thought to have started in the kitchen ceiling, perhaps from defective wiring.

Mr. and Mrs. Fox and baby were at the show when the fire started and it had gained considerable headway before it was discovered.

RABBIT DRIVE AT RED HILL REPORTED SUCCESSFUL

Those attending the rabbit drive held in Red Hill community Wednesday of last week report that the drive was a success both from the standpoint of the number of "rabbit pests" killed in the drive and the excellent dinner provided by the ladies of the community, at noon.

Inclement weather; "a West Texas rain" which is not unusual during the month of March, did not deter the hunters and everyone reported an enjoyable day.

Complete ceremonial costume of Texas' Comanche Indians is on display at the University of Texas anthropology museum.

REV. JOHN C. RAMSAY

Presbyterian Reviva Has Good Attendance

The record attendance reached 107 at the six cottage prayer meetings preparatory to the beginning of the Presbyterian Revival. These prayer meetings were held at Mr. Henry Robinson's, Mr. W. K. Walker's, Mr. Seaman Reynolds's, Mr. J. C. Cozby's, The Presbyterian Church and The Rising Star School House.

The attendance at the initial interdenominational service at the Presbyterian church Sunday night taxed the capacity of the building when around 40 chairs borrowed from the Methodist church and the First Christian church were used. Mr. Tom V. Ellzey brought a splendid message based on the text in Matthew 18:10 and 11. He stressed the fact that the Master, who came to save that which was lost called our attention to the importance that we "take heed that ye despise not one of these little ones." In the afternoon a hurried union meeting had been held at 3 p. m., at the First Baptist church, when both Mr. and Mrs. Ellzey spoke to the parents on the church's business of stressing in a sacred way the relations of the sexes to our youth. They showed also how great harm is being done by the silence of the church. Mr. and Mrs. Ellzey have spoken during the week to the schools of Spur.

A good audience assembled at the first week night service Monday when the pastor, Rev. John C. Ramsay, spoke from the theme "Who Am I Before God?" Tuesday he spoke from the theme "Hindrances to Prayer." The Treasurer announced that 85% of the cost of the new hymn books had been raised, the books having been purchased for the Revival. The meeting will continue every night through Sunday, March 24th, excepting Saturdays. Special music is offered by local talent.

A special announcement has been made that around 14 men will assemble at the Spur Inn on next Sunday, March 17th, at 7:15 a. m., for a fellowship breakfast from which these men will go to the various Presbyterian homes for the Annual Every Member Canvass to raise the estimated budget for the church year beginning April 1st. Each member of the church is requested to remain at home between the hours of 8 and 10 Sunday morning to receive these canvassers and to make their pledge on a weekly envelope basis. It is the hope of the officers that an increase in pledges will be enough to cover the 27% necessary increase in the budget. The public is most urgently invited to each of the services in this Revival.

MORRIS LAINE APPOINTED TO YOUNG DEMOCRATS COM.

Morris Laine, former Spur resident, has been appointed to the executive committee of the Hockley County Young Democrats Club.

Laine is employed in Levelland by State Representative Alvin R. Allison, a candidate for the Texas Senate.

More than a million volumes were circulated among students last year by the University of Texas library, largest in the South and thirteenth in size in the United States.

Soil Depleting Crop Classification From State Office

The following varieties of sorghum are grain sorghums and are soil-depleting when planted under the 1940 Agricultural Conservation Program:

Milo, Kaffir, Feterita, Kaoliang, Hegairi, Freed, Chiltex, Premo, Darso, Schrock, Shallu, Acuff, Fargo, Bishop, Wonder, Beaver.

The following varieties of sorghum are sweet sorghums and are classified as soil-depleting under the 1940 Agricultural Conservation Program when harvested for grain, seed or syrup:

Honey (seeded ribbon cane) Sumac (red top), Dwarf Ashburn, Orange, Coleman, Gooseneck, Sourless (African Millet), Amber.

There are many grain sorghum, sweet sorghum crosses, which must be classified as grain sorghums rather than sweet sorghums. The State Committee has ruled that land planted with hybrid grain sorghum, sweet sorghum seed is soil-depleting. Only when true varieties of sweet sorghum are planted and the crop is not harvested for grain, seed, or syrup can the acreage be classified as non-depleting.

If sweet sorghum, Sudan grass, millet or buckwheat is harvested as hay, from acreage which is classified as non-depleting, and sold, and later such hay is threshed for grain or seed for any purpose, the classification of such acreage would be changed from neutral to soil-depleting. Producers selling these hay crops from neutral acreage are taking a risk in that the classification of the acreage upon which such crop was grown will be changed to soil-depleting if the buyer threshes such crops for grain or seed.

New Auto Supply Store To Open Saturday

E. A. Brashear, owner and operator of the Western Auto Associate store recently established here, has announced that he will hold a formal opening Saturday. He invites the public to visit and inspect the new store and further invites attention to his advertisement on another page of this issue in which he is offering many "opening bargains" to car owners and householders.

Among the many features offered by Mr. Brashear at his Western Auto Associate Store is his guarantee policy of "Satisfaction or Money Back," whereby any item you buy in this store which proves to be unsatisfactory will be promptly adjusted. In addition, Mr. Brashear is offering a liberal time-payment plan on some lines of merchandise.

Mr. and Mrs. Brashear and family moved here from San Saba to make their home and we join in extending them a hearty welcome to Spur.

Burglars Rob Two Stores At Dickens Monday Night

Burglars entered the Dickens Lumber Company and the Frank Speer store at Dickens Monday night doing considerable damage as well as making quite a haul in merchandise and cash.

At the lumber company the burglars knocked the knob off the safe but were then unable to get it open. They took an automatic Winchester .22 rifle, some 3000 shells of various caliber, pocket knives and other merchandise to the estimated value of \$75.

At Speer's store the yeggs made no attempt to open the safe but took some \$6 in cash from the register.

Outside the building officers found a large hammer and a flashlight which the burglars evidently left in making their get-away.

SOUTH PLAINS MUSIC ASS'N. TO HOLD SPRING FESTIVAL AT LUBBOCK, MARCH 14-16

The South Plains Music Teachers Association will hold its 17th annual spring festival at Lubbock, March 14, 15 and 16, 1940. Mrs. Ashley Lawson of Post, is president of the association.

New Ice Lockers To Be Ready For The Public Next Week

A new service and convenience will be open to the public next week, according to Ty Allen, local manager of the Leon Ice Company. At that time, he states, 300 ice lockers will be ready for use as well as a Sharp freezer, an aging room, and a general service room equipped with meat block, knives, saws, wrapping counters, etc.

The ice lockers will maintain a temperature between zero and 4 degrees below. The aging room temperature will range between 34 and 36 degrees above zero and the sharp freezer will have a low temperature of 15 degrees below zero.

The installation of this new equipment brings to Spur a refrigeration service never before available and of such scope as to take care of any problem that might arise. The service will be very economical, according to Mr. Allen, and he asks that the public watch for the formal opening announcement next week which will carry complete details.

Services Today At McAdoo For C. Gollihar, 73

Funeral services are to be held at McAdoo at 11 o'clock this morning for Charles Gollihar, 73, prominent farmer and ranchman, who died of heart attack about 11:30 Monday night.

Mr. and Mrs. Gollihar, both of whom were reared in Hill County, Texas, moved to McAdoo 25 years ago and except for a few months have maintained their home there and at Rails since. They were prevented celebrating their Golden Wedding anniversary Feb. 18 of this year by the unusual cold spell that held this section in its grip at that time.

On the day of his death, Mr. Gollihar had attended to business as usual and had made a trip to Spur. He returned to his home at McAdoo apparently in the best of health and Mrs. Gollihar had retired for the night when he became suddenly ill.

Interment will be in the McAdoo Cemetery under direction of Marrs Funeral Home of Rails.

Survivors include Mrs. Gollihar, two daughters, Mrs. John W. Grimland and Mrs. F. J. Boesch, both of Fort Worth; two sons, C. R. Gollihar of McAdoo and Paige Gollihar of Washington, D. C.; two sisters, Mrs. W. L. Sanders of San Antonio and Mrs. Ida Wallace of Hedley; and four brothers, John of Blum, W. R. of Whitney, Ed of San Antonio and R. L. of Hereford.

To The People Of Dickens County

In behalf of my candidacy for Sheriff of this County, I make the following statement:

I am thirty-six years old and have lived in and around Spur for the past twenty years, having first moved to Jayton in 1920. I have been working at my present job since September 1, 1925, and have always tried to give my customers a square deal in every way whether the job be large or small.

I have a wife and four children to support. All my children were born in Spur and are getting their education in the Spur Public Schools.

I am asking the people of this County for my first political position, one that I believe I am capable of handling. I didn't think so I certainly would not ask of you this honor, and if the people of Dickens County see fit to elect me their next Sheriff I shall try at all times to the very best of my ability to run the office as smoothly in the future as I have made your cars run in the past.

During my campaign I shall endeavor to see each and every voter personally.

Your vote and influence will be greatly appreciated.
Respectfully
WILLIE MCCOMBS

Blindness Caused By Birth Infection Is Greatly Reduced

Looking out in the world with clear vision is the birthright of each and everyone, according to Dr. Geo. W. Cox, State Health Officer. Texas has many hundreds of persons that are blind or with impaired vision. These figures would be more tragic if given before the law was passed making it mandatory to use prophylactic drops in the eyes of new born babies. Since then blindness caused by birth infections has been greatly reduced.

In the examination of school children other diseases of the eyes are encountered quite frequently. Chief among these is trachoma. This disease is contagious and causes a destructive inflammation characterized by the formation of trachoma granulations. These gradually form scar tissue. Trachoma, if left untreated, will impair the vision and eventually cause blindness. This happens when the proper treatment is not given or the diagnosis and treatment is not given in its early stages.

Trachoma is most prevalent where poor sanitary conditions exist. The prevention of this disease consists not only in avoiding the infection but also in maintaining sanitary conditions. Parents should watch closely for any indication of anything wrong with the vision of their children. Many diseases of the eye readily respond to treatment in their early stages, but if allowed to develop, may seriously affect the vision if not cause blindness.

TEXAS SAFETY CONFERENCE

Motor vehicle accidents in Texas during 1939 caused 1583 deaths, 29,000 personal injury accidents, 122,650 property damage accidents, and an economic loss of more than \$45,000,000.

Every 5½ hours someone was killed in a traffic accident; approximately one person was injured every 15 minutes.

Motor vehicle accidents caused twice as many deaths as diabetes, three times as many as syphilis, almost four times as many as fire.

The death toll in 1939 for Texas was equivalent to the destruction of Grand Prairie, Texas; the injury total exceeded the population of Tyler, Texas.

For these reasons, it is important that safety-minded citizens and civic leaders attend the Texas Safety Conference in Austin, April 16-17th. National and state traffic authorities will give them remedial measures for the reduction of this appalling and needless loss to Texas.

Dr. Williams, Texas U. Prof. Discovers New Vitamin

Successful synthesis of "pantothenic acid," which ranks with Vitamin B-1 as one of the few known "cornerstone" life-essentials, has been announced in Austin by Dr. Roger J. Williams, University of Texas bio-chemist.

The new high-powered vitamin, which Dr. Williams discovered in 1933 and isolated in 1939, becomes the first whose discovery, isolation and synthesis have been achieved entirely in America. It is likewise the first, records show, where the work and research has been done under the leadership of one man.

The Texas chemist sheared from the complicated structure of the vitamin one constituent which he identified as "beta alanine." New Jersey scientists collaborating with him identified the second cleavage product as a substituted butyrolactone of unusual structure.

So powerful an aid to bacterial cell growth that an ounce placed in 7,500,000 tons of testing mixture will multiply the cell count by four, "pantothenic acid" becomes tenth vitamin discovered since Eijkman, Dutch chemist, reported discovery of B-1 in 1906.

Pantothenic acid, among the ten known vitamins, has been proven by test to be a necessary constituent of the machinery of all living things. Thiamin (B-1—anti-neuritic vitamin), riboflavin, and nicotinic acid (pellagra-preventing vitamin) are thought to be, but extensive proof has not been offered. The others, vitamins A, C, D, E, K, and B-6, either are not or have not been shown to be present in all types of living tissue.

Although the new vitamin can now be created artificially in large quantities, its precise medicinal effect—yet undetermined—is now the object of a considerable number of medical experiments already planned in various institutions throughout the country, Dr. Williams said.

Mr. and Mrs. S. H. Nalley, and Mr. and Mrs. George Nalley, of the Soldier Mound community were among the many here Saturday.

Mr. and Mrs. Stafford Forbis, of Afton, were here Saturday visiting their aunt, Mrs. Nell Davis, Lewis Green, and friends in the city.

Mr. and Mrs. Johnnie Sparks, of Highway, were trading with merchants and visiting with friends in the city Saturday.

Mr. and Mrs. J. P. Legg and Mrs. J. A. Legg, of Croton, were Spur visitors Saturday.

Easter Can Be Feast Day for Reducer

If you are one of the thousands of persons who are trying to shed excess poundage via the reducing diet route, the mention of Easter dinner probably doesn't excite much interest. For to the average person following a strict reducing program, Easter means just another special feast day for "the other fellow," when you must sit by and watch him enjoy the proverbial roast leg of lamb with all the "fixin's."

But listen to this! The business of being a martyr gastronomically is out of date, when it comes to reducing. Science has found that the person seeking to reduce can and should eat well, not only on Easter Sunday but on every other day in the year. Research work at Rush Medical College in Chicago has proved conclusively that excellent results can be obtained by the use of a liberal well-balanced diet. In this study the meals prescribed to a large group of patients of varying ages were high in protein, and included meat, bread, butter, vegetables, salad, fruit, eggs and coffee or tea.

So don't despair. The delicious roast leg of lamb and most of the "fixin's" can be yours, without the slightest twinge of conscience, if you will only abide by a few simple rules.

Joe Paul Alexander, junior in Baylor University, Waco, arrived Wednesday to spend the spring holiday vacation with his parents, Dr. and Mrs. R. L. Alexander and family.

Clark Eldredge, prominent farmer of the McAdoo country, was a business visitor and greeting friends in Spur Saturday.

Mr. and Mrs. W. A. Harris, of Espuela, were among the business visitors in Spur Saturday.

How To Relieve Bronchitis

Bronchitis, acute or chronic, is an inflammatory condition of the mucous membranes lining the bronchial tubes. Creomulsion goes right to the seat of the trouble to loosen germ laden phlegm, increase secretion and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding that you are to like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
For Coughs, Chest Colds, Bronchitis

Easter Lamb With All the "Fixin's"

Following is a menu for a suggested Easter dinner for the family, from which the person who is reducing may select his diet:

- Consommé
- Roast Leg of Lamb
- Parshied New Potatoes
- Carrot Soufflé
- Nests filled with New Peas
- Fresh Vegetable Salad

- French Dressing
- Rolls
- Butter
- Angel Food Cake
- with Crushed Strawberries
- Coffee

From this menu an overweight person whose weight should be from 135 to 145 pounds may have the following:

- Consommé As desired
- Roast Lamb (lean)..... 7 oz.
- Carrot Soufflé and Peas..... 3½ oz.
- Salad (little dressing)..... 3½ oz.
- Roll 1 oz.
- Butter 1/6 oz.
- Strawberries 3½ oz.
- Coffee (black)..... As desired

"A program of industrial development centers around the manufacture of raw materials into finished products"

LOCATED in all sections of Texas, 141 refineries manufacture into finished petroleum products 80 per cent of the State's crude oil production.

In contrast, Texas processes only 3 per cent of its cotton production and none of its wool or mohair.

Petroleum refining now constitutes 41 per cent of the value of all Texas manufactures.

Of the 225,000 Texans regularly employed by the oil business of the State, 25,000 skilled workmen and 5,000 office employees (a \$50,000,000 annual payroll) are employed in this one division of our oil industry.

All of the Texas oil refined in our State, whether used in Texas or shipped to other states, paid last year in taxes an average of 9.8 cents per barrel.

Thoughts of St. Patrick's Day call to mind that no race has had so many jokes told about it as the Irish—which in itself is a recognition of the humor and cleverness of that lovable race.

There was the Irishman who said, "You can't get a new pair of shoes till you've worn them a few days" and another who declared "Every man is as good as every other man—if not just a little bit better" and somebody has claimed the Irish are the greatest of all races because when a Swede dies, he's dead and when an Englishman dies he's dead "but when an Irishman dies, they have to sit up all night to watch him."

Do you remember the old Irish-woman who when informed that her husband was dying of gangrene said, "Thank goodness for the color," and the son of the Emerald Isle who told the fortune-teller, "All I want to know is where I'm goin' to die—then, faith, I'll never go near the place?" Then there was the Irisher who was condemned to death and was given the choice of the tree on which he would be hung. "I'll take a goose-berry tree," says he. "But a goose-berry tree doesn't grow big enough to hang a man on," says the judge. Then I'll wait till one grows big enough," says Paddy.

An Irishman, who had had a drink or two, was on a street car and kept yelling, "Hurray for Ireland. An Englishman at last said, 'Hurray for h.....' To which the other replied, 'That's right; every man for his own country.'"

To the question as to which is more valuable, the sun or the moon, Pat said: "Shure, it's the moon because the sun shines when it's as bright as day but the moon shines at night when it would all be dark if it wasn't for her."

The story is told of an Irishman who announced he was a Socialist. "Does that mean that if you had a hundred - pound banknote you'd change it and give me half?" a friend asked. "Sure," said Mike. "And if you had two automobiles, you'd give me one?" the other persisted. "Of course," said Mike. "And if you had two pigs, would you give me one?" Mike roared, "Perdition, no; you know I've got two pigs."

Two Irishmen, just arrived in America, were spending their first night in a hotel when some fire-engines belching smoke and flames dashed by in response to an alarm. Pat yelled, "Mike, come to the window quick; they're movin' h..... and just went by with three loads."

The same two Irishmen lay down again to go to sleep but had to kill a few bed-bugs first, then turned off the lights and Pat was dozing but Mike, still awake, saw the first lightning-bugs he'd ever seen. "Wake up, man," he yelled, "here come the bed - bugs back with lanterns."

There was an Irishman who wrote a long letter to the folks back in Erin and wound up: "If you don't get this letter in the next two weeks, please let me know." Probably it

Cold Coughs May Soon Be Quarantined To Stop Spread

There is growing sentiment that bad colds and coughs should be quarantined. They spread so rapidly they cause more loss of time from illness than all other diseases combined.
To stop a cold cough immediately get Mentho-Mulsion. Mentho-Mulsion is the formula of the dean of pharmacy of a large mid-western university and contains nine cold cough combating elements, including vitamins A and D to build up cold resistance. Mentho-Mulsion stops coughing and relieves that

SHAMROCK TIME: Top O' the Mornin' to you! Could we be thinkin' of St. Patrick's Day so soon? Sure an' it's a bit early, but Irish lassie Arline Blackburn, who plays the radio role of Pretty Kitty Kelly, wants to make certain there's a shamrock growing in your back-yard. Pretty Kitty Kelly is heard over the CBS network, Monday through Friday, at 10:00 a.m., EST, for Eastern listeners, and at 1:00 p.m., PST, for Western listeners

was his cousin who stood in front of a mirror and shut his eyes as he wanted to see how he would look when he was dead.

Of course, the Irish are most famous for their fighting ability. An old lady asked about her ancestors. "What's that?" she inquired. "That's the people you sprung from," was the answer. She replied, "Faith; we O'Reillys never sprung from nobody—we sprung at 'em."

Seeing a street brawl, an Irishman ran up and asked: "Is this a private fight or can anybody get in?"

Of course, everybody remembers the Kilkenny cats:

"And they fought and they fit, And they scratched and they bit, Till—stead of two cats, there wasn't any."

Two kilkenny cats started a fight and one leaped on the other's back and the other jumped on his back and they kept on till they had climbed clear out of sight and the air rained cat hide and fur for two days and nights afterward.

A couple of Irishmen were walking home one night when one said, "I wish I had a pasture as big as the sky" and the other said, "I wish I had as many cattle as there are stars in the sky." The first one said, "Where would you pasture that many cattle?" and the other replied, "In your pasture." Pat said, "What! Without my permission?" And Mike said, "Yes"—and that was the start of a beautiful fight.

But Ireland's history has been one in which tragedy has played a great part. "Erin, the tear and the smile in your eye" was the description of a poet for a race that would smile through its grief. "The Irish rule every country but their own" long was said and a line of heroes, including Robert Emmett, gave up their lives in the war that raged for century after century. Irish eloquence is proverbial — O'Connell, Burke, Grattan, Phillips and Sheridan, the last-named penned also some of the finest comedies of literature; Irish poetry, too, is proverbial for its melody, richest of all being the songs of Tom Moore's "The Last Rose of Summer" and "Believe Me, If All Those Endearing Your Charms."

The Emerald Isle is a place of beauty with its lakes and shamrocks; it is a place of quaint charm with its straw-thatched cottages, its two-wheeled carts jolting over the rocky road to Tipperary; with the jigs and the fairs and the shillalahs, and the stories the "little people" and the wailing banshees and the Blarney Stone and the "bells of Shandon that sound so grand on the pleasant waters of the River Lee." And what a contribution the people of Irish descent have made to the glory of the American Republic!

THINK

By Capt. Chas. F. Lindsay
Texas Safety Council

It didn't happen in Texas—but it could have.

A little boy and his still smaller sister were crossing the street in a Northern city, enroute to the grocery store for a bottle of milk and a confection for the little girl.

"Bounding around a parked car at the curb on the side of the little boy and girl, came a youthful driver of a high-powered piece of mechanism—a modern automobile," Pierce Brooks, President of the Texas Safety Council explains.

"He was making more than 50 miles an hour. He saw the little form of the girl emerge from behind the parked car too late to stop at that speed. He applied all the force he had to stop his car. The boy defender of his little sister sensed the peril. He made a valiant dash and grabbed her, and by the breadth of a hair he rescued her from the wheels of that messenger of death.

"Several things were wrong with this picture.

"In the first place, a motorist driving through residential sections of our towns and cities, ought not to be making a speed of 50 and more miles an hour. He never knows when little feet, guided by immature minds, will dart in his path. His car ought to be under control at all times so that he can halt it within a few feet.

"The parents of the little girl ought to have already instructed her in the necessity of glancing both ways before entering a street, and never doing so from behind a parked automobile without first having made this careful investigation."

The little girl would have been a traffic accident, but for the quick thinking of her brother. If such had been the case it would doubtless have been morked down in the police records as an "unavoidable accident." But it wasn't. Precaution upon the part of the driver, and education upon the part of the parents of the little child would have never created a situation so fraught with death as was this.

New Species Of Hyena Is Found In Palo Duro Canyon Recently

A new find in the Palo Duro canyon excavations sponsored by West Texas State College and unearthed by WPA scientific project crews is a species of hyena never before discovered in this country.

Tentative identification made here has been confirmed by paleontologists of the University of California. Mrs. C. Stuart Johnston is supervisor of the project, on which about 25 men are working.

A continuation of the project, with increase in the number of workmen to 42 has been asked by the College. The new grant would make possible excavations in several Panhandle counties.

Cataloging of archaeological materials and cross-filing of paleontological collections are being directed by Wayne Christian, field and laboratory supervisor. Meanwhile, history and archaeological field projects are continuing with ample funds and enriching the museum each month.

Fossil fish collections have been sent to the University of Oklahoma for study and insect fossils have been sent to the University of Chicago. These were taken from shale beds west of Channing. Some of these fossils are so faithful in detail that outlines of digestive systems of the fish and antennae of mosquitoes can be noted.

Appointment of a professor of archaeology, geology, and paleontology to succeed the late Prof. Johnston is expected to be announced soon.

Mr. and Mrs. T. C. Sandlin, good farmers of the Espuela community, were transacting business and greeting friends in the city Saturday.

Mr. R. L. Westerman returned Sunday from a visit since Tuesday with relatives at Cross Cut.

Over 1100 Enlisted In U. S. Coast Guard Reserve Since Oct.

P. B. Cronck, Lieutenant Commander of the United States Coast Guard said in a broadcast of the "United States Government Reports" weekly series presenting the Federal Government Agencies, that more than 1100 persons had enlisted in the Coast Guard Reserve since enrollment started last October.

The Reserve fleet, he added, now consists of 53 flotillas comprising approximately 1,000 privately owned motorboats and yachts.

Lt. Comdr. Cronck described the Coast Guard Reserve as a voluntary, non-military organization of civilians who own or operate private vessels. Its purposes are to increase safety at sea and upon all navigable waters of the country; promote efficiency in the operation of motorboats and yachts; to obtain better compliance with the laws, rules and regulations governing the operation of such vessels; and to facilitate certain operations of the Coast Guard.

Lt. Comdr. Cronck urged owners of private craft to enroll in the Reserve, pointing out that the only requirements are that a person must have at least a quarter interest in a boat and satisfy the Coast Guard that he is a competent boat operator who keeps his vessel in ship-shape and properly equipped.

Lt. Comdr. Cronck spoke over the Texas State Network in an interview discussion arranged by B. Frank White, Acting State Director for the Office of Government Reports.

Mrs. J. I. Greer and daughter, Mrs. Nora Smith, of the Lone Oak Farm, 12 miles west, were here Friday visiting Mrs. S. E. Garner who is seriously ill.

Mrs. R. A. Stuart, of Sweetwater, spent last week here the guest of Mr. and Mrs. F. W. Jennings.

W. M. S. MET MONDAY WITH MRS. JERRY BELL

The W. M. S. met in a social at the home of Mrs. Jerry Bell Monday with Mesdames L. R. Barrett and J. R. Brown as co-hostesses. Games and contests were enjoyed following which refreshments were served to the following:

Mesdames W. F. Gilbert, L. E. Lee, M. A. Lea, J. R. Laine, Horace Wood, C. H. McCully, Leland Wilson, Rachel Simmons, J. J. Ensey, Walter Carlisle, J. E. Harrell, D. P. Condit, G. H. Snyder, C. O. Fox, J. C. Payne, Tom Ellzey, and Miss Etta Fite.

WOMAN'S COUNCIL OF FIRST CHRISTIAN CHURCH TO SPONSOR BOOK REVIEW

The Woman's Council of the First Christian Church will sponsor a book review at the East Ward school at 7:45 p. m., Friday, April 26. "The Nazarene" will be reviewed by Donald West, graduate of Yale, who spent a year in the Holy Land and is at present assistant pastor of the Christian Church at Lubbock. The public is cordially invited to attend and tickets will be on sale for 25 cents.

A. M. SMITH HONORED ON 64TH ANNIVERSARY WITH BIRTHDAY DINNER

A. M. Smith, prominent Kalgary farmer, was honored Sunday, March 10th with a birthday dinner, celebrating his 64th anniversary. Those present for the enjoyable occasion were: his two sons, B. A. Smith and family, P. V. Smith and family; two nephews, Clyde Smith and family, Troy Smith and family, of Spur; and friends, Edd Nolan and family, and Walter Lickman.

MRS. C. L. LOVE HOSTESS TO 1925 BRIDGE CLUB WED.

Hand-painted tally cards, the three leaves of Shamrock, and a lone 4-leaf clover, the work of a local artist, Miss Polly Clemmons, was an added note of beauty to the party appointments Wednesday of last week when Mrs. Love entertained with bridge, at her home, 608 North Trumbull. The 4-leaf clover was a prize-winning tally and Mrs. R. R. Wooten, unaware of the significance of the extra petal, drew the clover tally. High score favor went to Mrs. Nell Davis. Others playing were Mesdames Della Eaton, Henry Alexander, L. E. Standifer, V. V. Parr, Hill Perry, A. C. Hull, Mary Putman, H. P. Gibson, L. E. Lee, and Miss Julia Mae Hickman. The refreshment plate of lime salad, pimento sandwiches, cream crulies, olives and coffee carried out the St. Patrick color scheme.

MRS. GEORGE S. LINK HOSTESS TO BLUE BONNETT CLUB THURSDAY AFTERNOON

Blue Bonnett Club members and a number of other invited friends were guests of Mrs. Geo. S. Link, Thursday afternoon when she entertained with 42 at her home 601 North Willard. At the close of the games a salad refreshment plate was served to the following guests: Mesdames G. H. Snider, Pauline Clemmons, T. C. Ensey, Miller, J. C. Payne, E. L. Caraway, W. C. Gruben, L. R. Barrett, W. S. Campbell, Kate Morris, P. C. Nichols, A. M. Walker, C. H. McCully, Ned Hogan, E. C. McGee, E. S. Lee, W. F. Gilbert, O. L. Kelley, O. C. Arthur and hostess, Mrs. Geo. S. Link.

MRS. C. L. HARRIS HONORS YOUNG SON ON BIRTHDAY

Mrs. C. L. Harris honored her son, George, with a party Monday of this week on the occasion of his fourth birthday anniversary. George and his little friends enjoyed games on the lawn of the Harris home, followed by refreshments which included a large birthday cake and candy plate favors. Those celebrating with George on this occasion were Myra Alice Ratliff, Shelia Green, Sue and Ann Hull, Gayle Buzbee, Almada Ratliff, Lonnie Byrd, Jimmy McNeill, Laura June Allen, Ann Standifer, Janie Nan Alexander, Bruce Long, Robert Langley, Franklin Gabriel, Carolyn and Kathleen Kelley and Donald Snodgrass. Young George was the recipient of many appreciated gifts.

MR. AND MRS. A. M. KARR HOSTS AT DINNER SUNDAY

Mr. and Mrs. A. M. Karr entertained with a Sunday dinner at their home south of town. Those present and enjoying the occasion were Mr. and Mrs. J. W. Waddell and family, Mr. and Mrs. Charlie Ramby and children, John and Easter Varnell, of Rotan; Mr. and Mrs. Ruben Waddell and children, Mr. and Mrs. J. L. Williams, Jr., and daughter Louise, Norris Waddell, and Mr. and Mrs. J. C. Bilberry and the host and hostess, Mr. and Mrs. A. M. Karr.

DICKENS SENIORS TO PRESENT RADIO AND RECORDING ARTISTS

If you are looking for a real bargain in entertainment, then you must record a program by two famous recording artists, Wiley and Gene, and their troupe of singers, dancers, and comedians, which will be held in the Dickens High School Auditorium on Tuesday, March 19, at 8:00 p. m. Wiley and Gene have three programs daily from KFYO, Lubbock, and were formerly of KGKO, Fort Worth. Known far and wide for having revived the tune "Little Rubber Dolly," and as having the "Brushwood Mercantile Company," Wiley and Gene appear under the auspices of the Senior Class of Dickens. Admission: 10c and 25c.

MR. AND MRS. R. H. WRIGHT HONOR MRS. VAUGHN AND MISS BLANTON

Mr. and Mrs. R. H. Wright entertained Tuesday night, March 5th, honoring Mrs. Audrey Vaughn and Miss Sarah Jane Blanton on their birthday.

Games were played, refreshments served, and many nice and useful gifts were presented the honorees.

Those attending were: Audrey Vaughn, Mr. and Mrs. Davis, Mr. and Mrs. Fred Christopher, Mr. and Mrs. J. M. Murray, Mr. and Mrs. John Kizziah, Mrs. Ballio; Misses Virgie Murray, Aloho Ballio, Lou Nell Wright, Jeffie Thomas, Barbara Joy Vaughn, Faye Wright, Jean Aber, Jean Kizziah, Dorothy Aber, Geraldine Wright; Messrs Cleo Murray, W. B. Steel, Virgil Murray, Bill Wright, W. C. Rumbled, Doyle Bingham, Terrell Wright, David Spraberry, Kenneth Wayne Vaughn, Bobby Wright, Audrey Don Vaughn, and the honorees Miss Sarah Jane Blanton and Mrs. Audrey Vaughn. Music was furnished by Cleo and Virgil Murray, and Bill Wright.

MRS. J. H. MILES HOSTESS TO EXCHANGE SEWING CLUB

As a courtesy to the Exchange Sewing Club Mrs. J. H. Miles entertained Wednesday afternoon at her home 515 North Keeler.

Roll call: Our Favorite Poem. After an hour of sewing and an exchange of ideas on needlecraft and gifts, the hostess served an ice refreshment plate to club members and visitors.

Those present were Mesdames Edna Allen, Bessie Payne, Helen Burns, Margaret Smith, Fay McArthur, Helen Maddox, Gertie Moore, Aletha Fox, Sue Winkler, Lillian Roberts, Georgia Barrett, Ora Pearl Kinney, Nelly Carlisle, Virginia Dunwoody, Marie Kelley, and Addy. The club meets every two weeks. Mrs. L. R. Barrett will entertain the next meeting day, Wednesday, March 27th.

JUNIOR HIGH PARENT-TEACHERS MET TUESDAY

The Junior High P.-T.A. met Tuesday afternoon with the largest attendance for the year. Mrs. Latham's 6-B room being presented the flower with 17 reported present.

Mrs. A. M. Walker was leader and Dr. James, Baptist minister from Vernon, gave the devotional. The secretary's and treasurer's reports were given by Miss Aycock and Mrs. Graves, respectively. Miss Virginia Elliot made a report on safety and also displayed posters on fire prevention and health which were made by 5th grade students. The project report was made by Mr. Williams. The program topic was "Mental Fitness and Moral Stability." Mrs. Chas. Powell spoke on "Mental Hygiene," Mrs. Walker on "Moral Stability," and Mrs. Jack Reclor on "The Effects of Marijuana."

SPUR DELTA KAPPA GAMAS PRESENTED BRONZE BOWL ON ANNIVERSARY

Miss Virginia Elliot, Mrs. Engelman and Miss Francis of the Spur schools attended the district conference of the Delta Kappa Gamma sorority held at Haskell Saturday of last week. Miss Francis was initiated into the organization during the ceremonies.

Miss Elliot, president, reported that this being the anniversary of the founding of the Spur chapter that it was presented with a beautiful bronze bowl. The presentation was made by Miss Carter, its organizer and sponsor.

MRS. LOIS KARR HOSTESS TO SAN SOUCI CLUB

Mrs. Lois Karr was hostess Tuesday morning to her San Souci Club at breakfast followed by bridge.

The breakfast menu included quartered grapefruit, dried beef, scrambled eggs, strawberry preserves, hot rolls and coffee. Centerpieces of the individual tables were bowls of violets. Bridge accessories carried out the Easter motif.

In the bridge games Mrs. Mary B. Harkey received high. Others present were Mesdames Odell Glasgow, Christene Chastain, Mack Woodrum, C. L. Harris, Elton Cook, Truman Green, C. H. White and Burford Johnson.

Confucius Say:

Don't worry about why black hen lay white egg—
Sell to Carl Murray;
Let him worry.

SOLDIER MOUND H. D. CLUB MET WITH MRS. HORACE WOODS THURSDAY

"Let's serve more animal organs and glands for food values sake," said Miss Day to the Soldier Mound Club women in a meeting at Mrs. Horace Wood's home last Thursday at 2:30 o'clock.

Several dishes were prepared by Miss Day using the different organs and glands.

"Um, um," sounds were to be heard around the table when the women were served beef heart stuffed with dressing and liver fried in butter and covered with tomato sauce which helps to kill the strong flavor found in liver.

Those present were Miss Jean Day, Mesdames J. A. Pinkerton, Elzie Armstrong, W. H. Condroon, Foster Jones, Ollie Hindman, Joe Collier, Floyd Barnett, Jno. Bachman, and the hostess Mrs. Woods. Mrs. J. R. Laine was a visitor.—Reporter.

EAST WARD P-T-A MEETS

East Ward P-T-A met Tuesday at 2 p. m. The theme of the program was "Hobbies," with Mrs. John King Jr. at leader.

Mrs. Carl Patton gave a musical devotional, followed by an interesting discussion of "Hobbies and Their Relation to Character Building," by a guest speaker, Mrs. W. F. Godfrey.

The program was climaxed with a hobby display presented by Mrs. A. G. Dunwoody, who in turn presented a group of East Ward students. These students explained and displayed their collections.

Officers for 1940-41 were presented. They were Mrs. E. S. Lee, president; Mrs. A. G. Dunwoody, vice president; Mrs. A. C. Hull, secretary, and Mrs. Vascoe Ward, treasurer.

QUILTING CLUB MEETS WITH MRS. J. L. WILLIAMSON, JR.

The Quilting Club met at the home of Mrs. J. L. Williamson, Jr., Thursday. It was an all day occasion. A delightful dinner was served during the noon hour. The quilting club is doing wonderful work. Two quilts were quilted during the day.

The day was enjoyed by Mrs. Robertson, Mrs. Qualls, Mrs. Ponder, Mrs. Stubbs, Mrs. Clark, Mrs. Hines, Mrs. Webster, and Mrs. Watson. Visitors were Mrs. A. M. Karr, Mrs. Parker, Mrs. Worley, Mrs. J. L. Williamson, all of Soldier Mound, and Mrs. J. L. Williamson, Jr.

The club will meet at Mrs. Watson's home Thursday 22nd.

1933 STUDY CLUB MET WITH MRS. COY McMAHAN TUE.

Mrs. Coy McMahan was hostess to the 1933 Study Club, Tuesday afternoon, March 7th. The roll call was answered by each member present, giving a current event. Thereafter Mrs. Edwin H. Boedeker gave a brief history and description of the House of Simon Bolivar in discussion of all the leading heroes Carascas. Mrs. J. C. Ramsay gave a very colorful and delicious refreshment plate was served to the following: Mesdames Willard, Swan, Koonsman, Payne, Ramsay, Elliott, Boedeker, Moore, McCully and her mother.

Mrs. Edwin H. Boedeker left Monday to spend a week or ten days visit with her parents, Mr. and Mrs. J. T. Baker, of Mineral Wells.

Ministerial Old Age Pension Fund Goal Has Been Reached

Coming from the national headquarters of the Executive Committee of Christian Education and Ministerial Relief, where Doctor Henry H. Sweets is Executive Secretary, in Louisville, Kentucky, for the Presbyterian Church, U. S., news has recently been received that the Three Million Dollars goal for the old age Pension Fund for ministers and their families has been reached. This campaign has covered a period of ten years.

This agency rejoices in the fact that from now on the ministers and the church will join together in a movement to make the old ministers and families more and more respectable and self sustaining, when the minister reaches the age of retirement, above the age of 65. Like the Government system of social security, from which the minister is excluded, the church has made it possible for each church to contribute 7 1/2% of the pastor's salary and the minister 2 1-4 monthly applying them to this retirement fund much like premiums in the old line life insurance companies.

Many of the biggest insurance executives and noted business men of wealth of the nation have given their time to work out details for the establishment of this new Pension Fund and have been named as members of the Board which will control the handling of this institution.

The local First Presbyterian Church of Spur is happy to report that this church was one of the first in all of the Texas Synod to pledge considerable more than its quota and to set an example to all Texas Presbyterians in this Three Million Dollar Campaign. Since this system will go into effect at once, April 1st, the local church is very anxious to include this new Fund in its regular weekly budget as a contributing agency. That this has been done locally is a fine reflection of the calibre of the excellent business men who make up the personnel of the First Presbyterian Church of Spur.

Mrs. John Bachman, of Soldier Mound, was a business visitor in Spur Tuesday.

PRESBYTERIAN SUNDAY SCHOOL CLASSES HAVING CONTEST

All boys and girls, ages 9 to 12, and members of the Presbyterian Sunday School are especially urged to attend as there is a contest between the boys and girls for attendance, reports Billy Joe Rich, chairman of the boys class.

An invitation is extended to all boys and girls of this age group to either attend as guests or become members.

Mr. and Mrs. W. R. Stafford, of Afton, and daughter, Mrs. Arthur Stearns and daughter, Patsy, Jean, of Meador, were Spur visitors Saturday.

Henry Goodman, manager of the East Afton Gin, was transacting business in Spur Saturday.

Mrs. Frank Forbis, Afton and Mrs. "Skinney" Yeates, Midway were shopping and visiting in Spur Saturday.

Craig and Tom Parsons, prominent farmers of the Kalgary country were transacting business in Spur Saturday.

John Goodall, prominent citizen of Kent County near Girard, was a business visitor in Spur Saturday.

Mrs. W. F. Foreman, Espuela, was among the many shoppers and visitors in the city Saturday.

Attorney and Mrs. Edwin H. Boedeker spent last week end in Lockney visiting his parents, Mr. and Mrs. T. H. Boedeker.

Mrs. Roy Harkey was a week end visitor to Lubbock, visiting Mr. Harkey and friends in the Hub City.

Mrs. E. D. Chambers, of Afton, was a business visitor in Spur Tuesday.

CARD OF THANKS

We wish to take this means to express our thanks and appreciation to our friends for their liberal contribution and shower given us after our home was destroyed by fire.

The shower was given at the home of Mr. and Mrs. Bob Hendrix, Saturday night, March 9.

May God bless each of you.
Mr. and Mrs. Melvin Rucker and son.

People at work plus Money at work equals Texas telephone service

Furnishing you telephone service in Texas requires two things . . . people at work, and money at work. It takes money to provide the poles, wires, switchboards, cables . . . it takes people at work to mold this equipment into a telephone system for Texas.

Busy at the job are 8,500 skilled men and women. Behind each of these 8,500 telephone jobs in Texas is more than \$15,000 in telephone equipment and plant.

The invested savings of thousands of people, the skill and judgment of Texas telephone employees, team together to furnish the best and most dependable telephone service at the lowest possible cost to the user.

Patton Springs School News Notes

Beginners—Mrs. Sally R. Jackson
Louise Norris and Jackson Lee Powell tied for first place in the six weeks reading contest, neither having missed a word during the time of the test. Faye Putman won second place with a miss of only one word.

This group has been making a special study of manners this past week. An improvement of manners at home and at school is the object of this study.

Several pages of a Health Booklet have been completed.

1st Grade—Helen Porter

The pupils of this room have been working enthusiastically in the construction of a cozy reading corner. Each child brought 5c to buy material to curtain the corner. Available orange crates have been changed into comfortable chairs and David Yeates Hughes brought some gold fish for the reading table. Pot plants and appropriate pictures help to make the cozy corner inviting. A marked improvement in reading has been shown in the last few weeks, much of which can be attributed to the interesting project described.

2nd Grade—Miss Jack Powell

This group has been centering its interest in language and art around the preparation of an Easter Program which will be rendered in the form of a radio program to the school group. Stories and poems are being memorized and decorations made for the occasion.

These children are making a collection of animal homes for the room.

Intermediate Social Studies—Bess Thurman

Believing that what is good for one or two is good for all, the members of the 5th, 6th and 7th grades were asked to enter the declamation contest of the grammar school. When the try outs were staged, every pupil in these grades rendered a well-prepared declamation. This elimination contest brought about the following results for further coaching and training:

- Winners—5th grade—Betty Randolph and Bateman Middlebrooks.
- Winners—6th grade—Norlene Roberts and Melvin Hickman.
- Winners—7th grade—Rayma Fay Younger and Treman Middlebrooks.

Intermediate Reading—Faye Robinson

Following the State Program in terms of elementary science these pupils have been busy improving their reading and knowledge of the things about them. Comparative and contrasting studies have been made of the beliefs of ancient and modern astrologists. Myths and superstitions have been traced from the early times to the present. Much knowledge of the development of science through the lives of famous scientists has been gained.

Boy Scout Activities—O. Milton Stetson, Scoutmaster

The following scout first aid teams will compete in the First Aid Contest at Matador, Texas on March 14th:

- Team No. 1—C. V. Young, Problem Leader; Leo Baxter, Weldon Havens, George Middlebrooks, Treman Middlebrooks, J. W. McAllister.
- Team No. 2—Willie Lee, Problem Leader; J. A. Havens, Clide McAllister, Orian Smith, J. D. Elkins, J. C. Goss.

Results of Playground Ball Games (March 5th)

Junior High Girls—Marye E.

How One Woman Lost 20 Pounds of FAT

**Lost Her Prominent Hips
Lost Her Double Chin
Lost Her Sluggishness**

Gained a More Shapely Figure and the Increase in Physical Vigor and Vivaciousness Which So Often Comes With Excess Fat Reduction.

Thousands of women are getting fat and losing their appeal just because they do not know what to do. Why not be smart—do what thousands of women have done to get off pounds of unwanted fat. Take a half teaspoonful of Kruschen in a glass of hot water first thing every morning to gently activate liver, bowels and kidneys—cut down your caloric intake—eat wisely and satisfactorily—there need never be a hungry moment!

Keep this plan up for 30 days. Then weigh yourself and see if you haven't lost pounds of ugly fat. Just see if this doesn't prove to be the surprise of your life and make you feel like shouting the good news to other fat people. And best of all a jar of Kruschen that will last you for 4 weeks costs but little. If not joyfully satisfied—money back.

Bannister, Coach—Patton Springs 6, McAdoo 39.

Junior High Boys—Chester Sullivan, Coach—Patton Springs 13, McAdoo 3.

Grammar School Junior Girls—Bess Thurman, Coach—Patton Springs 20, McAdoo 7.

Grammar School Junior Boys—O. Milton Stetson, Coach—Patton Springs 18, McAdoo 24.

Home-Making Department—Fay Armstrong

Plans are being made to have an in-gathering of all kinds and sorts of plants and shrubs by the Vocational Agriculture boys and Home-Making girls to beautify the campus around the respective departments.

This department is also looking forward to the preparation of several banquets and luncheons before the close of the school year.

Vocational Agriculture—Manuel W. Ayers

The following boys accompanied Manuel W. Ayers to the Ft. Worth Fat Stock Show, March 8th and 9th: Lowell Cates, Horace Kissingner, Norris Kissingner, W. T. Newberry, Harold Newberry, Dempsey Sims, Jr., and Billy Joe Stark.

The boys visited a number of the Ft. Worth industrial plants on Friday and took in the Fat Stock Show Saturday.

Two members of the party, namely, Billy Joe Stark and Harold Newberry, represented the Patton Springs F.F.A. Chapter in the Texas F.F.A. Band in the big parade of March 9th.

Girl Scout Activities—Walterena Russell, Scoutmaster

This week has been Girl Scout Week in the United States. March 12th was the 28th birthday of Girl Scouting in our country. These facts and events have caused much action and participation in and among the girl scouts of Patton Springs.

The troop elected Betty Jean Hinson as the Juliette Low member of the group. Juliette Low founded Girl Scouting in America 28 years ago, and since her death the Girl Scouts of America have set up a group. Juliette Low founded each year girl scout will give at least one friendship penny to this memorial fund, the total amount to be used in furthering some noble and worthy cause. The friendship pennies of 1940 will be sent to Finland to help the Girl Scouts of that country to carry on their work of relief. Patton Springs Girl Scouts plan to be 100% contributors to this fund this year. A report of pennies given by every girl scout group will be read at the regional conference of girl scouts at Amarillo, Texas, April 19th. Girl Scouting has been established in 32 countries.

The following archery materials have been received and are being prepared for use by the girl scouts and scoutmaster:

- 1 target and tripod, 1 dozen orange-wood arrows, 1-15 lb. lemon-wood bow, 1-18 lb. lemon-wood bow.

Target practice will begin soon at the Scout lodge at Afton.

On March 12th, the 28th birthday of Girl Scouting in America, the Patton Springs Girl Scouts prepared an elaborate program and banquet for their mothers and dads and sponsors at the Scout Lodge. The contest between the patrols really brought results in the number of parents present. Everybody had an enjoyable time and the occasion did much to advance the cause of Girl Scouting in this part of the county.

March 14th has been set for a Girl Scout picnic at the home of Scout Dolores Goodwin. This affair is part of the Girl Scout Week program.

6 "EXTRA" HELPS quickly relieve DISTRESS of CHILDREN'S COUGHS due to COLDS

DON'T "take chances" with unknown products to relieve discomfort of your child's spasmodic croupy coughs caused by colds. Use "Children's" Musterole. Musterole gives such QUICK relief because it's not "just an ordinary salve." Rub it well on your kiddie's chest, throat and back. It soothes and stimulates surface circulation and helps break up local congestion and pain. Its soothing vapors ease breathing. 40¢. Approved by Good Housekeeping Bureau.

Ex-Senior Association Of Patton Springs Met Tue. Night

The Ex-seniors Association met in their regular meeting Thursday night, March 7th. Before the meeting a few games of volley ball were enjoyed by those present. Since there will be a volley ball tournament between the classes on Friday night, March 22nd, during the Easter Home Coming, the practice was very much needed. We want to urge all seniors, ex-seniors, and post-graduates of the Patton Springs High School to accept this as a special invitation and come and be with us next Monday night and every Monday night following. Every Monday night is the regular meeting night for the Association.

The days are swiftly passing, just a few more days are left until our Easter Home Coming. We want to urge that all the committees that were appointed at the last meeting to make a special effort to get together and make a report at the meeting next Monday night, March 18th.

To the public, the Association extends a hearty welcome to join us Friday night, March 22nd, for the volley ball tournament. There is a trophy, a pretty one, to be given to the winner of this tournament. To each class, get your class mates together and begin to practice so you will be ready to give some other class some real competition. There will be a small charge of 5c for every one. Saturday night will be the social meeting for the members, their husbands, wives and children and ex-teachers, only. On Sunday we want every one to come and enjoy a mass Easter Service in the Patton Springs High School Auditorium. This is an all day affair so bring along with you a basket filled, and enjoy the day with friends new and old. Don't forget there will be an Egg Hunt in the afternoon for everyone.

CCC Wants 4000 Boys During April

Adam R. Johnson, Director of the State Department of Public Welfare, who has the responsibility for the selection of boys for the Civilian Conservation Corps, has been advised that approximately 4000 boys will be needed in April to bring existing camps to full strength.

"Boys who wish to be selected for the CCC must be of good character, at least 17 years old and not more than 23 years, six months, and not already having served more than 18 months since July 1937," explained Mr. Johnson, "for we desire only the best boys as members."

Applications should be made to the various County Welfare Offices as quickly as possible so when final county quotas are announced, those eligible may be sent to enrolling points. At present there are over 16,000 Texans in CCC camps: 10,000 in Texas and 6,000 in Arizona, Colorado, New Mexico and Wyoming—over \$300,000.00 per month being returned to the family groups of these boys.

"Members of the CCC cannot be automatically transferred to the Army," commented Mr. Johnson, "as they are considered in all respects civilian employees of the Government. Were they at home, at work on the farm, or in stores or banks, they would not be safer from Army service than they are as members of the Corps. Mr. Roosevelt has plainly and clearly stated he will not allow the militarization of the CCC and has gone so far as to place the camp commanders on a civilian basis."

"Texas boys will find the CCC experience one of the most beneficial of their lives, where the best of care, food and attention is theirs, while they are able to assist their families with the allotments," added Mr. Johnson.

Mrs. Horace Emery, head of the English department of Spur High School, with other faculty members attended the Teachers Association at Plainview Friday. From Plainview, Mrs. Emery went to Amarillo to spend the week-end with Mr. Emery, returning Sunday afternoon to Spur.

CITY DRUG COMPANY 5-13t

LITTELL'S LIQUID
A Calcium Sulphurate Solution for relieving the discomforts of itching that frequently accompanies Prickly Heat, and the Bites of Non-Poisonous Insects. Locally it helps to allay the itching of Eczema. Price 50c per bottle.

CITY DRUG COMPANY

The Cradle of Japan

LOCATED near the point from which Jimmu Tenno, first emperor of Japan, set out to unify the scattered clans of Nippon into a nation, the picturesque Udo Shrine on the island of Kyushu, shown above, today, along with more than 100,000 other Shinto shrines, is the scene of ceremonies commemorating the 2600th anniversary of the empire's founding. Every city and village in Japan also is staging festivals and year-long celebrations to mark the year. Highlight of the nationwide ceremonies will be reached November 10, when all of Japan celebrates the anniversary of the enthronement of Emperor Hirohito, the present ruler.

Hunting Allowed on Majority of A. & M. Game Preserves

The false impression that all the game preserve demonstration areas set up in Texas by A. & M. College are closed to hunting still persists, but should be dispelled by the annual report of the college, which shows that of the 23,280 framers and ranchers who are cooperating only 7017 do not allow hunting at the present time. That leaves the land owned by 16,163 cooperators open to sportsmen for controlled hunting and fishing. Hunting should be better on the areas in the demonstration program because landowners are pledged to improve their cover for game birds and animals and to provide proper food. Many of the demonstrators are making a charge for hunting and fishing rights.

Coach and Mrs. Rob Simmons, of Rule, spent the week end in Spur with her mother, Mrs. Morgan, and visiting her many friends here.

Third Boy Scout Circus To Be At Lubbock May 3, 17 And 24

First formal announcement of the third Boy Scout Circus to be staged by the South Plains Council, at Lubbock, was announced by M. E. Heard, general circus chairman, to all Scout and Cub units of the council.

Each unit will have its choice of dates of the huge spectacle, May 3, 17, or 24, while each will have the opportunity of selecting events in which to participate.

In 1938 the last Circus was held. This year the event should attract more than 1,000 Cubs and Scouts from the 20 counties of the council in 12 acts and should bring some 3,000 spectators to view the mammoth show.

Mrs. Bynum Brittain and small son, of Rule, spent the week end here with her mother, Mrs. Morgan, and visiting her many friends here.

Safety Conference To Be Held In Austin April 16-17

The Texas Safety Conference on April 16-17th will be held in the Senate and House chambers of the state capitol building, it was announced in Austin by the Texas Safety Association.

The two-day conference will be attended by several thousand civic leaders and officials from over the state who will hear the nation's outstanding traffic safety authorities.

The statewide conference is sponsored by the Texas Safety Association, state departments, and scores of statewide organizations.

Governor W. Lee O'Daniel has been invited to make the welcoming address to the delegates. The Texas Network will broadcast proceedings of the conference.

Awards to mayors of Texas' safest cities in 1939 will be a feature of the annual Safety Award Banquet, which will have Paul G. Hoffman, president of Studebaker Corporation, as the principal speaker.

Traffic safety exhibits prepared by state departments, state organizations, and municipalities will be an attraction for conference visitors.

No registration fees will be charged.

C. P. Aupil, Jr., of McAdoo, and a candidate for public weigher of precinct 1, was a business visitor in Spur Saturday and while here dropped in at the Texas Spur office to have us straighten out he and Jess Bass' names in our political announcement column. C. P., Jr. and Jesse are both candidates for public weigher, but in different precincts, Jesse in precinct 1 and C. P. in precinct 2. Through some error we got their names transposed and under wrong precincts, but as both men are well known in their precincts as well as the county as a whole, there is little chance that the voters will be confused.

Misses Polly Clemmons and Jean Day returned last week from a visit in Dallas and Denton. Miss Clemmons visited Miss Martha Nichols, a student in C. I. A., Denton, and Miss Day met her parents in Dallas for a week end visit.

Clyde Thomas was here the first of the week on a short visit to relatives and friends. Clyde is with the air squadron at Kelley Field, San Antonio.

Mr. and Mrs. Bill Ballard were shopping with merchants and visiting with friends in the city Saturday.

YOU CAN PAY MORE -but why?

You can pay a lot more than the modest Chevrolet price for a motor car. But you'll find yourself asking, "Where can I get any more beauty, driving and riding ease, road action, safety and all-round value than I get in Chevrolet for '40?" . . . Particularly when you consider Chevrolet's extremely low prices and Chevrolet's exceptionally low cost of operation and upkeep!

The 1940 Chevrolet gives higher quality at low cost! . . . Low Prices . . . Low Operating Costs . . . Low Upkeep.

No other motor car can match its all-round dollar value

"CHEVROLET'S FIRST AGAIN!"

LEADER IN SALES . . . 8 OUT OF THE LAST 9 YEARS

Eye It . . . Try It . . . Buy It!

SPUR, TEXAS

Behind The Scenes In American Business

By JOHN CRADDOCK

NEW YORK—BUSINESS—While general indexes point to nothing more optimistic than a "leveling off" of the January-February business decline, there are bright spots in the picture, both in the foreground and on the horizon. Here are a few of them: A forecast by U. S. Gypsum officials of a 10 per cent gain in building construction this year; a 16 per cent rise in rayon yarn deliveries for the first two months this year over last; a 6.7 per cent rise in "revenue freight" carloadings for the week, over the same week of 1939. Export trade is going great guns, with metal working machinery and aircraft, of course, leading the parade.

The severe winter has depleted retailers' stocks of overcoats and heavy clothing, pointing to heavy purchasing of woolen goods by manufacturers, with mill operations expected to perk up early in April. Look for some smashing store sales early in April, too. Many stores, because of the early Easter (March 24), are planning big anniversary promotions instead of the routine post-Easter clearances.

WASHINGTON—Since it is generally agreed that distribution of goods in this country has a long way to go before it is as efficient as our production system, business is watching with especial interest Thurman Arnold's efforts to get funds for a thorough study of dis-

tribution costs. He is understood to believe that, after a preliminary review, he can convince Congress it ought to appropriate funds for a deep-digging survey of the situation. Such a study would seek to show where distribution channels are clogged and to spotlight any use of illegal restraints of trade. Distributional problems concerning food would probably command chief interest.

ROLLING ALONG — Probably there's no industry about whose "saturation point" the man-in-the-street worries so much as the automobile industry. Yet it keeps rolling along near the front of the whole business parade. It just had the best February since that fabulous milestone year of 1929, with an estimated 285,000 units, 37 per cent above February, 1939, and in sharp reversal of seasonal trend. This is highly encouraging to rubber, glass and steel, too. For instance autos take 70 per cent of the plate glass made in this country. This year marks the first full year in which the new high-test safety plateglass—ranked with sealed-beam headlights as outstanding motoring safety advances—has been available for new cars. The steady turnover means a larger percentage of new cars on the road equipped with life-saving, better vision glass and lighting, and a consequent reduction in number and severity of traffic casualties.

BITS O'BUSINESS — Airplanes and airlines still brightest stars in the business heavens. January airplane exports were valued at \$25,408,817, which was 421 per cent ahead of that month in 1939—and the British and French governments are getting down to brass tacks right now with the American aircraft industry concerning one billion dollars' worth of business. As for domestic airlines, all four major companies are off to a whizzing start on 1940, and all upped

their revenues hugely in 1939 over 1938. Furthermore, General Motors is expected to announce soon enlarged plans for aviation, to the extent of building complete planes of its own design—won't be long before some presidential slogan will be "an airplane in every garage." . . . Indicated cotton plantings for this year are only one-tenth of one per cent under the acreage for 1939. . . . Thriving industry is that of smoothing bent auto fenders, what with this winter's heavy snows and sleet producing lots of traffic tangles—a St. Louis newspaper reporter visited 15 such shops the other day and found a total of more than 500 body repair jobs had accumulated in 24 hours.

thing any good-sized company does is set up a central purchasing department, in charge of somebody who "knows his stuff" to do all the buying. Yet there are only 300 American cities which take advantage of the economies made possible by efficient purchasing, according to a survey by the National Consumers' Tax Commission, nationwide women's group seeking lower taxes through municipal economy-efficiency. The NCTC found an example of savings in New York City, where a purchasing agent saved \$200,000 annually just by standardizing printing forms for one of its many departments. An average saving on all the things purchased by the cities, of from 10 to 15 per cent, has been shown in the 300 municipalities which do use the centralized buying system, the Commission reports.

THINGS TO WATCH FOR — A single soda-straw, instead of a pair, in those little tissue-paper tubes you get with your chocolate soda—but the single sipper is twice the capacity of the conventional one, which has been standard for a long, long time. . . . A new yeast, combining the quick action of the moist kind with the storage convenience of the dry variety—it's dry and granular, and useful for home baking. . . . Lipstick in the form of a lip brush, operated as simply as a fountain pen. . . . Stockings of nylon, to go on sale May 15. . . . Venetian blinds for automobiles, to fit almost any car.

Mrs. A. A. Pulley, of Dallas, is here visiting with the Hicks family.

High Spots on Record-Breaking Run

Signs of the times in a motor age—these highway markers tell the story of a two-year, 100,000-mile truck test run recently completed by Chevrolet. In Canada, Mexico and every state of the Union, the truck operated on all types of highways and under every conceivable weather hazard, setting a new world mark for sustained and certified automotive operation, under the sanction and official observation of the American Automobile Association. The unit carried a 4,590-pound "payload." An average of 15.1 miles per gallon of fuel was maintained throughout the 100,000 miles, at an average operating speed of 33.07 miles per hour. Oil mileage was correspondingly high—1,072 miles per quart.

Mr. and Mrs. Henry Alexander and Miss Dorothy Love of Henry Alexander and Company; Mr. and Mrs. M. C. Golding and Miss Vera Shepherd of B. Schwarz & Co., were in Lubbock Sunday afternoon to see a showing of Easter Bonnets and other seasonal merchandise. Accompanying Miss Love were Mr. Nobel Roberts of Vernon, a week end visitor to Spur; Mrs. C. L. Love and Mrs. Ann B. McClure who visited her daughter Wynell, a student in Texas Tech.

Mr. and Mrs. Bob McCormick returned last week to Spur to again establish their home here. Mrs. McCormick, who has been manager of the Speer 5c to \$5.00 Store in Lovington, N. M. has been transferred to the Spur store as book-keeper. Mr. and Mrs. Joe Thannish and daughters, Sammie Lee, Dolly Jo, and Juanita, and Miss Robby Thannish, of Wichita community, were Spur visitors Saturday.

OBITUARY

MRS. ANNA REYNOLDS ALLY

Many hearts were saddened by the passing of our loved one, Anna Reynolds Ally, a sincere friend, devoted sister and a true and faithful wife.

One whose life made others happier for the association with her and who will be sadly missed by all who knew her. Born Anna Reynolds, Etowa, Tennessee, October 31st, 1888, she came to Texas in 1908 and with her brother, Robert Reynolds, made her home with an uncle, J. H. Reynolds, postmaster at Dickens. December 26, 1917 she was married to Bob Ally, for many years employed by the Matador Land and Cattle Company. They soon moved to Johnston-Clayton Ranch between Gail and Big Spring where they were living at the time of her death.

She died March 6th at a hospital in Big Spring where she was receiving treatment for pneumonia. Funeral services were conducted at the Dickens Baptist Church in Dickens, March 8, 3 p. m. by Rev. A. P. Stokes, her former pastor and neighbor.

Survivors are: her husband, Bob Ally, Gail, Texas; step-daughter, Mrs. Clark's Frame, Houston, Texas; two sisters, Mrs. Mary Dunn, Dickens, and Mrs. Minnie Harris, Childress; brother, Robert Reynolds, Dickens; and niece, Mrs. Jo Dunn Koonsman, Dickens; nephew, Clifford Harris, Childress, Texas. Interment was made in Dickens Cemetery.

A. A. (Pat) Bullock of Snyder, candidate for representative of 11th district, and A. C. Cargile, prominent citizen of Kent County, were in Spur Tuesday of this week greeting friends and forming new acquaintances and incidentally furthering Mr. Bullock's candidacy. Mr. Bullock is a capable as well as affable gentleman and no doubt would make an excellent official.

Leonard King, Band Director of Spur High School, spent Friday to Sunday visiting his parents in Coleman.

Robt. Nickels, prominent farmer and businessman of McAadoo, was transacting business and greeting friends in Spur Saturday.

THE CLANCY KIDS

All He Needed Was a Lion's Roar.

By PERCY L. CROSBY

Allison Gives Stand On Truck Load Limit

Besought by numerous letters from people in his district, regarding re-affirmation of his stand on the present truck load limit in Texas, State Representative Alvin R. Allison this week said again that he was definitely in favor of an increased limit, to the extent of a reasonable tonnage.

As a member of the Highway and Motor Traffic Committee of the House of Representatives, Allison, a candidate for the Texas Senate, showed from records where he had voted four times for an increased load limit.

"I favor an increased truck load limit in Texas because I believe that truckers, mainly those of small activity, have been discriminated against under the present limit. Then too, these truckers are due the right and chance to make a fair and decent living on the money they have invested," the legislator stated.

Citing example of the farmer and rancher, Rep. Allison said he realized that under the present setup and with distances of such consequence, several trips were necessary in transporting to market. This adds to the cost of production; lowers the farmer's and cattleman's profits; and increases his labor costs; thus to any such limitation to the key industries of our great section of the country, I am opposed, Allison concluded.

Mrs. E. J. Cowan and daughter, Emily, were business visitors in Lubbock Friday and Saturday, returning to Spur Saturday afternoon. They were accompanied by Ruby and James Cowan, students at Texas Tech.

Mr. and Mrs. Willie Eldredge, of McAdoo, were shopping and visiting in Spur Saturday.

SPUR CHAPTER O. E. S. HONORS DEPUTY GRAND MATRON VERA BELL MALONE

Spur Chapter O. E. S. entertained Thursday evening 7:30 o'clock, Feb. 29th with a three course dinner at the Spur Inn honoring Vera Bell Malone of Paducah, Deputy Grand Matron of District 2.

Following the dinner hour the chapter and guests repaired to the Masonic Hall where they were met by the Dickens Chapter as invited guests.

Routine Chapter work was rehearsed in the initiation of Dovie Wilson and the reinstatement of Beulah Wooten, of McAdoo and Ruby Pearce Powell, of Dallas, and formerly of Spur.

Edna Griffin was elected a candidate for initiation to membership.

Chapter members present were two charter members, Kate Senning who was also the chapter's first Worthy Matron and Samantha Smith. Others present were Mesdames Robert Reynolds, Lester Ericson, Fannie Forbis, Lula Forbis, Edelle Petty, Helen Harrison, Emma Shields, Valera Milam, Pauline Scott, Georgia Barrett, Helen Ward, Oliva Love, Willie Link, Susie Sloan, Pauline Jimison, Eula Jopling, La Fern Macy, Nellie Davis, Nannie Patton, Nelly Carlisle, Mary Nelda Alexander, Vera Wilson, Rachel Bingham, Beatrice Hunter, Eula R. Miller, Julia Mae Hickman, Lorene Sauls, Edna Allen, Bessie Payne, Helen Burns, Margarette Smith, Dee McArthur, Helen Maddox, Alethia Fox, Sue Winkler, Lillian Roberts, Miles, Gladys Lewis, and Mrs. Addy and Marie Kelley visitors.

Mark Hogan, of the engineering department of the Navy at Los Angeles, is here for a 20-day furlough visit to his parents, Mr. and Mrs. A. B. Hogan, and friends in the city. Mark states he is looking forward to a trip to Honolulu following his visit here. He will sail from Los Angeles March 31.

Herman McArthur, erstwhile pedagogue who now farms in the Calgary area, was greeting friends in Spur Tuesday. Herman recently returned from a trip to New Mexico where he located the honey pond and fritter tree to which he plans to return in the not far off future.

Fred Christopher was greeting the boys on the streets of Spur Saturday.

Mr. and Mrs. C. W. Barrett, of Stamford are combining business and pleasure in a week or ten days visit to Spur.

Mrs. John L. Emerson, of Hobbs, New Mexico, arrived Wednesday for a few days visit with her sister, Mrs. Hill Perry and family.

Mrs. Dewitt Twaddell, of Mammoth, Colorado, arrived in Spur last week end for a business and pleasure visit to the city.

Mrs. Ida Rankin Rucker, of the White River community, was painfully burned Wednesday by overturning a pan of hot grease while preparing the noon meal. The grease splattered her lower limbs and poured into her shoes, burning both feet and limbs very painfully.

Bill Gruben, student in Texas Tech, spent the week-end in Spur visiting his parents, Mr. and Mrs. W. C. Gruben and friends in the city.

Mr. and Mrs. Carl Murray were in Lubbock Friday to visit her maternal grandmother, Mrs. L. W. Hayley, a patient in a hospital there.

Mr. and Mrs. Jeff Smith, of Dry Lake, were transacting business affairs and visiting with friends on the streets of Spur Saturday.

FOR SALE OR TRADE — Two stucco houses at bargain if sale is made immediately — Mrs. Dewitt Twaddell, Spur, Texas. 1tp

VERY PLEASANT TENSE

Rita Johnson wears a dinner dress fashioned of soft grey crepe and fitted along princess lines. The gown features a heart-shaped neckline with shirred bodice. Scroll-like design in motif of silver decoration, cause the gown to clasp and curve to the waist. The sleeves are long and fit snugly to the wrist where the gilt detail is repeated.

NO. NOT CRIMINALS

Fingerprints of nearly 500 Texas Christian University students have been taken for the Federal Bureau of Investigation.

No, the "G" Men haven't been after the students. The fingerprinting was a purely voluntary affair in cooperation with the civil identification division of the FBI.

Uncle Tom Smith of 12 miles southwest of Spur was greeting friends on the streets of Spur Wednesday. Mr. Smith was carrying his left arm in a sling to allviate the rheumatic pain in his shoulder, the after effects of an injury received some six weeks ago.

Mr. and Mrs. E. C. Roberson, of McAdoo, were business visitors in Spur Tuesday.

An Indian mound, 190 feet long, 145 feet wide and 30 feet high, located on the Red River near Texarkana has given up to University of Texas and WPA excavators seven successive dwelling levels of early Texas Indians.

MRS. S. E. GARNER REPORTED AS SLIGHTLY IMPROVED

Mrs. S. E. Garner who for the past several months has been declining in health and since Tuesday of last week confined to her bed, was regaining strength and her condition considered as improving according to latest reports Wednesday.

Out of town relatives visiting Mrs. Garner during the past week and here to attend her bedside are Mrs. Hamp Collett, Edna Collett Jones and Hub Hyatt of Lubbock; Miss B. McKnight, Waco; Mrs. Dove Grady, Dallas; Mr. and Mrs. Sam Bond, Goldsmith; Mrs. J. L. White, Houston; Mrs. George Lott and Mrs. Lawson Morgan of Amarillo.

Mr. and Mrs. J. L. Rosamond, of Lubbock, were guests over the week end of Mr. and Mrs. Ferrell Albin and little daughter, Jane Ann.

AUSTIN BELL TAKEN TO TEMPLE FOR TREATMENT

Mr. and Mrs. Austin Bell, accompanied by Will Bell, Bob Fox and Mr. Costolow, left Sunday for Temple, where Austin Bell will enter the clinic and undergo treatment.

Mr. Bell has been ill for some time and it is hoped that he will soon be recovered and able to return to his home here.

Mr. and Mrs. John A. Moore, Sr., of Jermyn, were in Spur Tuesday for an overnight business trip and visit with their son, Mr. and Mrs. John A. Moore, Jr.

Mr. and Mrs. W. F. Ragland and daughter, Miss Lois, of Patton Springs, were shopping and looking after business while in Spur Tuesday.

Young Democrats To Hold Convention In Amarillo March 16

Young Democrats of West Texas are meeting in annual convention in Amarillo Saturday, March 16, according to announcement made this week.

Speakers include: Col. Ernest O. Thompson, railroad commissioner; Bascom Giles, land Commissioner; J. E. McDonald, commissioner of agriculture; Alvin R. Allison, state representative, from Levelland; Bryan Bradbury, state representative of Abilene; G. H. Nelson, state senator.

Price Daniel, president of the Texas Young Democrats, will discuss part of the Young Democrat in Texas politics.
