

Sgt. Floyd R. Blair Awarded Military Honors For Service

CARLSBAD, N. M., April 19.—High honor was paid to Staff Sgt. Floyd R. Blair of Spur, April 11 by all military personnel at Carlsbad Army Air Field, when he was decorated with the Oak Leaf Cluster to the Silver Star, the Air Medal and a bronze Oak Leaf Cluster to the Air Medal for extraordinary and meritorious achievement in aerial combat in the south Pacific.

Two officers, Capt. Arthur Formechelli, Youngstown, Ohio, and First Lt. Robert E. Black, College Springs, Iowa, also were decorated with the DFC in the ceremonies.

Colonel John P. Ryan, commanding officer of Carlsbad Army Air Field, himself an ardent airman and devotee of precision bombing, made the presentations in colorful ground and aerial exercises in which all officers and enlisted personnel stationed at the base tribute to the three airmen, whose meritorious achievements in aerial combat brought them citations for the coveted medals. Bringing with them valuable knowledge of tricks of the enemy when they returned to the United States, these veterans are a part of the Army Air Forces Training Command's general plan of training men who are taking their places in the skies. They are passing on their knowledge gained on far flung aerial fronts as they instruct fledgling bombardiers.

The Texas sergeant distinguished himself in more than three years of service in the Army Air Forces in the Hawaiian Islands, serving as a bombardier. He is the son of Mr. and Mrs. B. F. Middleton of Afton, Texas, and husband of the former Miss Joyce Merle Koon of Spur.

In lieu of a second Silver Star, Sergeant Blair was awarded an Oak Leaf Cluster for gallantry in action while participating in air operations against the enemy November 13, 1942. As a bombardier of a formation of three heavy bombardment airplanes, Blair was proceeding on a mission to bomb Jap objectives in the Solomons when a force of five enemy destroyers and one battleship was sighted. Anti-aircraft fire was heavy, but Sergeant Blair stuck to his post and released his bombs on the enemy ships, making a number of direct and damaging hits on the battleship. The craft's super-structure, housing its control tower and the bridge was blown away by the blasts. Aerial photographers found that smoke and flame from the explosions obscured the ship and fogged their prints, but a day later the squadron saw thick oil slicks on the surface at the point where the ship had sunk.

He won the DFC for extraordinary achievement while participating from June 1 to November 1, 1942, and in 25 combat flights totaling more than 200 hours. In that period, he engaged in the Midway and Solomons campaigns. He was awarded the Air Medal for meritorious achievement while participating in combat flights on Oct. 12, 1942. As lead bombardier of a flight of three heavy bombers on a mission to bomb the Japs in the Solomons, he and other members of his flight dropped thirty bombs on an airfield at Buka, causing great damage. Reports indicate that 10 of 18 enemy planes on the ground at the time were destroyed or damaged.

To the sergeant's Air Medal was affixed a bronze Oak Leaf Cluster, in lieu of awarding him another Air Medal. He won the cluster while on a sortie November 18, 1942, as a bombardier in one of 11 heavies which bombed enemy shipping in the area of Buin-Tonolei in the Solomons. A large transport was blown up and other Jap ships were damaged despite the fierce attack on Blair's formation by a large number of Zero fighters during the bombing runs. Several Jap planes were destroyed in the battle that ensued.

In a ceremony in the islands July 30, 1942, the scrappy Texan was decorated with the Silver Star for taking part in a raid in the Midway battle in which a Jap destroyer was sunk. He was lead bombardier of a formation which was after an aircraft carrier, one of 32 surface craft in the Jap convoy, which also included another carrier, two heavy battleships, med-

STAFF SGT. FLOYD R. BLAIR, in the above picture when he was decorated by Colonel John P. Ryan, commanding officer of Carlsbad Army Air Field, N. M., for meritorious service in the South Pacific. Sergeant Blair, a bombardier instructor at CAAF, who spent three and one-half years in the Hawaiian Islands as a bombardier and saw action in the Midway and Solomons campaigns, was decorated with an Oak Leaf Cluster to the Silver Star, the Distinguished Flying Cross, the Air Medal and a bronze Oak Leaf Cluster to the Air Medal. He was one of three airmen back from combat who were honored by military personnel at CAAF April 11 in a colorful ground and aerial review. Tribute also was paid to Capt. Arthur Formechelli, Youngstown, Ohio, and First Lt. Robert E. Black, College Springs, Iowa, who each received the DFC.

Eric Ousley To Ask Re-election County, Dist. Clerk's Office

E. H. Ousley, present district and county clerk, according to insistence of his many friends, has finally decided to enter the race for reelection to the office of county and district clerk, and has authorized The Texas Spur to make his announcement for the office. Mr. Ousley released the following statement in connection with his announcement: To the people of Dickens County: I want to thank you for having elected me as your clerk, and I have done my best to make you a good and efficient hand. I am asking you to return me to this office, and I will appreciate anything that you may do to help me.

Seniors at Patton Springs Sponsoring Amateur Program

The seniors of Patton Springs high school are sponsoring an Amateur program and a Forty-two party, Thursday night, April 20, at the school gym.

There will be an admission of ten and fifteen cents. Ice cream, coffee, and pie will be served in the lunchroom. Everyone is urged to come and help the seniors raise funds for their Senior Day Trip.

GARAGE BURNED

The garage at the W. E. Ball residence in the Espuela community was entirely destroyed by fire last week, which burned the tires off of a tractor and burned a washing machine. Only a few minutes before the fire was discovered Mr. Ball had driven his car out to go for the mail. No origin of the fire has been determined.

Mrs. J. W. Franklin and son visited Miss Juanita Franklin in Clovis, New Mex. last week. Miss Franklin is a first class parachute worker.

Miss Evelyn Pickens of Lubbock was home for the week end to visit her parents, Mr. and Mrs. W. M. Pickens, in the Dry Lake community.

ium and heavy cruisers and destroyers.

"The plane on my right was hit by a shell which ripped off its wing and almost barrel-rolled it," Blair related. "My pilot swerved our ship suddenly to avoid a collision with the veering plane, and the sudden turn upset my bombsight. We banked into a sharp turn and I was off course and couldn't bomb the carrier. We came out of the turn right over a destroyer, however, and I laid my bombs smack on it."

V. C. Smart Jr. A.R.T. second class of the Navy, and Mrs. Smart, spent from Sunday until Wednesday of last week here with his parents, Mr. and Mrs. V. C. Smart Sr. At this time they returned their small son, Jeff Wayne, home with them to Olathe, Kan., where they are stationed.

Pfc. Jeff Smart of the Marines, who has been here on a 30-day furlough with his parents, Mr. and Mrs. V. C. Smart, has returned to his station at Camp Pendleton, Calif.

Staff Sgt. Jasper H. Cole, member of a Famous P-38 "Lightning" Fighter outfit, has recently been promoted to Technical Sgt. His outfit, a member of the Fifth Airforce, is stationed at an advanced base in New Guinea. He has been on overseas duty 25 months and serves as crew chief on one of the Famous "Lightning" fighter planes. T/Sgt. Cole is a graduate of Spur high school, where he was born and reared. He is the son of Mr. and Mrs. J. E. Cole of Lubbock.

Aviation Cadet Cecil Henry Patrick has just completed his basic training at Merced Army Air Field, Calif. He will now proceed to an Army Advanced flying school, where he will take the final steps toward attainment of his silver wings. He is the son of Mrs. Ida Z. Bass of McAdoo.

Sgt. Emory Walden of the Coast Artillery, stationed at Long Beach, Calif., is here on a 22-day furlough with his father, Lem Walden.

First Lieutenant, Roy A. Marsh of the Engineer Corps, stationed at Ft. Leonard Wood, Mo., came in Tuesday and spent an overnight visit here with his parents, Mr. and Mrs. J. A. Marsh. Mrs. Alton Barker of Lubbock is also here to visit her parents, and to be with her brother Lt. Marsh.

John Gilbert, recently sent home from the South Pacific area, has been given a medical discharge and left this week for Oakland, California, where he will join Mrs. Gilbert. Ralph Seal accompanied him as far as Fresno, Calif., where he is in charge of the Western Union office there, after a few days visit here with his parents, Mr. and Mrs. T. J. Seal.

Pvt. Floyd Denson, stationed at Pampa Air Base, Pampa, is here spending a 19-day furlough with his mother, Mrs. Maude Denson, and other relatives in the

Limited Construction Of Rural Electric Lines Now Possible

Officers and directors of the Dickens County Electric Cooperative, Inc. met Saturday, April 15, with Roland M. Gayer, REA field representative, at the court house in Dickens, to discuss the possible construction of limited REA lines in Dickens, Motley and Kent Counties.

Under existing War Production board rulings it is now possible to build electric lines to farmers who qualify for service under the animal unit basis and who can show increased production necessary for the war effort. Under present regulations farmers must have a minimum of five animal units—and an average of one animal unit per 100 feet of line to be built.

resident, Joe M. Rose, stated that the Cooperative will shortly send applications to all REA members requesting them to list the total number of animal units on hand and estimated production for the coming year.

Any members interested in this program should contact the officers of the local cooperative or County Agent Charles A. Taylor who will be glad to discuss this matter in detail.

MINYARD ENSEY, above, son of Mr. and Mrs. T. C. Ensey of Spur, has been promoted to First Class Petty Officer in the U. S. Naval Reserve. He has been in the service since January, 1942. For the past 10 months he has been attached to the Motor Torpedo Boat Squadron training center, Melville, R. I. Ensey is a graduate of Spur high school and attended Texas A&M college. He was formerly an employee of the First National bank in Lubbock before volunteering for military service.

WATCH EAST WARD GROW!

Mrs. LaFaye Marcy led a discussion at the regular faculty meeting last week on "How to deal with the slow child." Several interesting observations were brought to the teachers attention and several new ideas were promoted, as being good pedagogy.

The idea that a child should not be made to feel that because his neighbor does a certain thing that he too should be able to do the same thing at the same time was clearly decided to be very unsound, but an idea practiced by a lot of teachers and parents who feel that a child is not as smart as he ought to be if he does not complete what we call a grade in nine months. As a matter of fact if parents and teachers would stop worrying about "passing from grade to grade" and become interested only in what is good for each individual child regarding his ability and his extent of endurance, there would be fewer nervous children, parents and teachers and all would be much happier. In other words—if the 300 children in East Ward were grouped into ten groups for learning purposes and each of these ten groups were put in one of the ten rooms in East Ward, and for each group were set certain minimum requirements for this group that would challenge the child but not tax him beyond his ability, and if these children were exposed to certain materials, situations and activities, then there would be satisfactory achievement for child, parent and teacher.

The school should organize on the level plan. That is (1) primary level made up of Kindergarten, 1st, 2nd, and 3rd years of a child's school life. In some cases it would mean four years of a child's school life. That would not worry us as long as the child was learning (2) Intermediate level: Made up of 4, 5th, 6 years. Normally of the child's school life. For some it would mean more than three years in this level, which would be no crime, since all children do not progress at the same rate of speed.

There should be tests given at the beginning of each of these levels as well as the end when a child has spent the required number of years in each level. These tests should determine whether a child may go from one level to another, and whether he has met minimum requirements.

The teachers feel that more leaders could be developed, fewer children would be challenged unfairly, and more efficient work both on the part of the child and teacher would result if the school would reorganize on the level plan.

Mrs. Callie Denson, who has been seriously ill in the West Texas hospital in Lubbock, is reported somewhat improved at this time. Mrs. Denson is a former Spur resident and her many friends here will be happy to learn of her improved condition.

School Calendar For April and May

April 21—Father-Son FFA banquet in gymnasium.

April 25—Spanish operetta by Spanish classes. Free to public. At 8:30 p. m.

April 27—Introduction of next year's team and enter squad game. Free to public. At stadium at 8:30 p. m.

April 28—Three act play, presented by the speech department. Public invited free. At 8:30 p. m.

May 5—Style show by Home Economics department.

May 12—Junior and Senior banquet.

May 21—Baccalaureate sermon.

May 23—East Ward operetta and graduation exercises.

May 25—Junior high school graduation exercises.

May 26—Commencement exercises for high school.

EASTE

BILLY T. SMITH, S 1/c, pictured above, is the son of Mrs. Minnie Smith of Spur and Troy Smith of Artesia, New Mex. He is a graduate of Spur high school with the class of '43, having played on the football team the last three years, lettering his Senior year. He entered the Navy in July of last year and completed his "boot" training in San Diego, Calif., and was assigned to training on a landing barge for several months before being sent overseas. In a letter this week to his mother, which was the first word received from him in about ten weeks, he stated he was well and doing fine and that he had been given four service bars and two stars or active duty. Later word received this week that he had been wounded and was in a Naval hospital, and was looking forward to a leave home in the near future.

Tractor Operators Must Heed Warning To Conserve Tires

Many tractors in this area will be rendered useless because of a lack of tire replacements unless tractor operators heed the warning to conserve their present tires in every way possible, according to the Office of Price Administration.

The District Office has announced that no replacement certificates for tractor tires will be issued under any circumstances when it is possible to get further service from tires by means of vulcanizing or re-capping, or by using a boot or reliner.

Urging every operator of a tractor to cooperate in order to keep the tractors of this area running, the OPA suggested several means by which tires might be kept in use a few months longer. "Proper inflation of rear tractor tires is very important. Tire manufacturers usually indicate on the sidewall of the tire the proper amount of air for the best service, and that air pressure should be maintained by checking tires at least once a week. Underinflation damages more tractor tires than any other cause. The small additional traction obtained by underinflating tires will not compensate for the greatly increased tire failures occasioned by such action."

The OPA stated that reports have been received at many Boards that a number of people are abusing their tractor on the highway excessive speed. "This is unnecessary, for if the tractor must be used on the highway occasionally, it should be operated at a low speed," since the tires are constructed to be operated at about five miles per hour.

Garden Clinic to Be Held Here Friday

There will be a garden clinic held in the home economics department room at the Junior high school building, starting at 10 o'clock Friday morning, it was announced this week. The move, sponsored by the vocational agriculture department of Spur high school, is designed to increase the canned food stocks of individual homes to hold down point value of rationed vegetables. Dr. W. W. Yoakum, professor of horticulture at Texas Tech, will be present and will attempt to answer any question pertaining to increased vegetable production.

Anyone interested in this phase of the war effort on the home front, is invited to attend the meeting.

NOTICE

On Thursday night, April 27, at 8:30 o'clock at the Jones Memorial Stadium, the football team will give an exhibition enter squad game. Coach Jack Christian will introduce the boys on the team, which consist of 36 boys and eight of them lettermen from last year. Coach Christian says these boys are very good prospects for a winning team next year.

Superintendent C. F. Cook wishes to express his sincere thanks and appreciation to Coach Christian, Jimmie Vernon and George Walker for their efforts in coaching these boys.

Congratulations—

Born to Mr. and Mrs. Janie Broyn (colored) a girl, Monday, April 10. It died at birth.

Dr. J. F. Hughes reports the birth of Margaret Ann Beechley to Mr. and Mrs. J. L. Beechley of Dickens, Monday, April 10. The little lady weighed six and three-fourths pounds.

Arthur Wayne Repley was born to Mr. and Mrs. Vernon R. Repley Thursday, March 13.

Born to Mr. and Mrs. John Wallace Murphy of Spur, a daughter. She has been named Sandra Lou.

Mrs. Robert Cunningham of Corpus Christi, spent from Saturday until Wednesday the guests of her sister, Mrs. Ann McClure, and Wynell. Also visiting in the McClure home at this time was Mrs. Christine Ward of Lubbock.

ITALY ENDANGERED ROME

Considering the great amount of discussion that centers around the possibility that Rome may suffer the ravages of war, it is well to remember that other centers of civilization have been damaged without arousing complaints on a world-wide basis.

As the capital of a nation which declared war upon this country, the City of Rome cannot be exempt from the risks that accompany belligerency. The fact that there are historic monuments in Rome and that the city contains considerable church property does not render Rome immune from the misfortunes of Italy.

After all, if the Italian people and Mussolini were anxious to protect Rome, they should not have declared war upon the United States. If Hitler and Nazi Germany want to protect Rome, they should evacuate the city and transfer the zone of fighting to another area. The appeals now being made to the President of the United States to preserve Rome should have been made to Mussolini and the Italian people in 1940 when Italy stabbed France in the back.

We think this matter should be thoroughly discussed and understood in the United States. It may be that Rome will not become a battlefield. On the contrary, it may be necessary to drive the Germans out of the Italian capital.

U. S. FLEET SWEEPS PACIFIC

The operations of the fleet in the Pacific, with surprisingly successful offensives against various Japanese strongholds, are of particular significance, not because of the losses inflicted upon the enemy but because they reveal amazing Japanese weakness compared with our strength.

There is no doubt but that the conquest of the Gilberts and in the Marshalls has advanced our forward bases and made possible future operations far ahead of schedule. Heavier aerial attacks, both from carriers and land-bases, will go far to neutralize the smaller Japanese bases but amphibious assaults must be expected upon some of the larger mountainous islands. This will mean a war of movement, with ground artillery playing a considerable role.

Before the recent operations in the Central Pacific, it was generally assumed that our carriers, battleships and other vessels, could not operate in easy reach of Japanese land-based planes from Palau, the Carolines and New Guinea.

The results of the recent campaign show that this is not true and that American strength afloat is sufficient to by-pass Japanese bases and to press attacks even when, as at Palau, the approach of our battleships is discovered by the Japanese.

Careful habits will often save somebody's life and the interesting part of it is that it might be your own life that is saved.

VIEWS ON THE INVASION

Quentin Reynolds, war correspondent, contributes a pessimistic prophecy of what will happen when the Anglo-Americans invade Europe. He adds up all the factors that mean losses and tells us of the German weapons and defenses.

Shortly thereafter Lt. Gen. Omar Bradley, with an American Infantry Division Somewhere in England, declared that "this stuff about tremendous losses," in connection with the invasion, "is tommyrot."

Some people seem to think that the Bradley interview was designed to offset the Reynolds' doubt. Obviously, the outcome of the struggle will not be determined by the weapons because both sides have good instruments of destruction.

The decision will depend, we believe, upon the numbers of men engaged. If Gen. Eisenhower can throw an overwhelming force against the Germans, gaining all the advantages that come from superior manpower, the battle will be won and there is no reason why our losses should be enormous.

It's not too late to begin that Victory Garden, which may be very important to you before the year ends.

Few rites are of more importance to a young man than filling in the identity card in his first billfold.

Americanism: Businessman yelling about high taxes after his corporation enjoyed the best year in its history.

GRAFTED STOCK

Pride of race is something America has never developed to a high degree because it is peopled with so many different races. Just the same, Americans have every right to pride in fine heritage. Edmond E. Lincoln recently put it in a few words. He said "America has been developed by the most courageous, industrious and honorable peoples of the earth. We have built up from the best of the best foreign countries."

Some people have come to the United States who did us no good. Mr. Lincoln does not dispute that. He makes it plain, however, that all of America's early settlers and most of the immigrants who came later, were a lot alike inside; and in important ways. They were brave, honest, hardworking, God-fearing folk. All they lacked was to get used to one another, and that has argely been done.

Look at Results

Products of hard work and honesty, so valuable to individuals, give strength to nations accordingly. Half the people in America own the homes in which they live. That's national stability. More than one person out of five in this country has a savings account in the bank. One American in 14 owns shares in some corporation and 68 million (more than half of us) have insurance. None of these things could be said truthfully of any other country on earth.

And how we do get around! Our entire 135 million population could have sat down at once quite comfortably on the upholstered seats of nearly 30 million passenger automobiles that were licensed in the United States in 1941. Where everybody who works can make progress; where those who are really capable can achieve wealth and influence pride in doing things is gradually developing a tradition that makes all Americans feel the fusion of an American race.

Our Own Standards

In America we are short on sordidry but we are long on bathubs. Free to live our lives in any honorable manner, and quick to learn from each other, the families of America are growing more alike in habits and in aims. Meanwhile living standards rise and American culture advances far beyond that of old-world races. They are cramped by meaningless restraints and crippled by unprofitable disputes about matters that seem quite obscure anywhere else.

"For several specific reasons," Mr. Lincoln says, "it does not seem probable that the United States will finally succumb to subversive influences which have been exerting themselves from abroad." Seeking religious liberty, economic rights and political freedom, the pioneers of America fled Europe because even then they could see, at least dimly, calamities that later came upon it. They quit all European classes and became individuals.

Keep Our Culture

Having spent eleven years in other lands, I am glad I am an American and I could never advocate ignoring the rest of the world. But no isolationist could be farther than I from transplanting foreign problems in America. As we are situated now, we can assist people everywhere and it is our duty. But the surest way to make America useless at home and abroad is to pollute our free air with philosophies that the founders of this free country so specifically excluded.

Nothing could be more deadly to the American way of life, no plague more completely blighting

ing past,
Has brought the hour we part;
And smiling faces poorly mask
The tears within the heart.

My happy task has been to lead,
How best to point the way;
While you have kindly given heed
With zest for work or play.
Our every task, our fears and pains,
Have all been one, I know,
To aid our lives to nobler aims,
Our hearts to purer grow.

I've shared with you, your many joys,
And shared your burdens, too;
Must all that end, dear girls and boys,
Once we have said adieu?
No, children, that can never be,
For school-day joys and fears,
With love linked our destiny
Adown the future years.

Our paths from here may lead apart,
And school-day greetings sever,
But jewels we treasure in the heart,
Our Love and Friendship, neper,
Then shouldn't we rejoice this day?

Let's smile away the tear,
And all together shout, "Hooray!
Vacation days are here!"
—D. H. Sandidge

GANGWAY!

Housekeeping Hints

Smashing the Tin-Can Bogey
It's perfectly safe to leave unused foods in tin cans in the refrigerator. Contrary to the popular belief, the metals used in commercial canning are carefully selected for safety, says Mrs. Julia Kiene, director of the Westinghouse Home Economics Institute. However, it is important to cover the can and refrigerate it properly because air destroys certain vitamins, and room temperature encourages spoilage.

When Choosing Lamp Shades
Whenever possible choose a flared lamp shade in preference to a drum shaped shade. With that advice from Miss Myrtle Fahsnyder, director of the Home Lighting Department for Westinghouse, comes this explanation: a flared shade spreads the light over a wider area for better see-ability, whereas a drum-shade "hugs" the light around the base of the lamp, and you literally have to crawl up under the shade to get your book, paper or sewing in the meager pool of light.

Perk Up Custard
Putting custard in individual molds shortens the time and makes much more attractive servings. To perk up the flavor, Westinghouse home economists drop bits of leftover fruits, candied cherries, nuts or jelly into the bottom of the mold.

True or False?
Is fish a brain food? Sorry, but scientists say that fish does no more for your brain than any other food, and not even a ton of fish will make you a mental giant. But fish is a good protein food—equal to meat, say Westinghouse home economists—and it costs no ration points.

Dampening Clothes
Use warm water to dampen clothes. Westinghouse home economists report that it spreads through the fabric more quickly. Let dampened garments stand at least half an hour, if possible, to allow moisture to penetrate. If you must iron immediately, use hot water and more of it.

Storing Leftovers
Granted that it's smart meal-planning to use leftovers! But you're eating food without its full quota of health unless leftovers are refrigerated properly.

to democracy as we understand it in the United States than a dominant strong centralized government. It is completely foreign to American ideals. Permitted to run its course unrestrained it will choke out our freedom, our prosperity, and finally our ambition.

warn Westinghouse home economists. To protect vitamins against "attack" by air, always store them in covered containers. Place leftover meats, and custards made of milk or eggs, high in the refrigerator—both these foods require a lower temperature than leftover vegetables and fruits.

Cooking Quickie
When whipped cream is needed to dress up a desert, Westinghouse home economists take a cup of light cream (or "top of the bottle") and combine with one of the whip cream mixes now on the market. Bowl is set in cracked ice and water, and contents beaten with an egg beater until stiff.

DICKENS NEWS ITEMS

Miss Mary Lee Harkey, an employee in the hospital at Camp Barkley, Abilene, spent the past week end with her parents, Mr. and Mrs. Dennis Harkey.

Mr. and Mrs. Hansford Ousley and small daughter, Linda Louise, of Oakland, Calif., spent the week end with Mr. Ousley's parents, Mr. and Mrs. Fric Ousley and family. They left Monday morning for Pampa where Hansford will report to the draft board for his physical examination and will also visit in the homes of Willard Chapman and family in Pampa, and Barron Chapman and family in Amarillo. Mrs. Eric Ousley accompanied them and will visit in the homes of her brothers, Willard and Barron.

Sam Ousley of Ralls was an overnight visitor in the home of his son, Eric Ousley and family, Sunday night, while enroute to Anson where he will visit his

daughter, Mrs. D. D. Dunwoody and family.

A petit jury of 36 men will convene in Dickens Friday to try the O. L. Moody case during this term of court.

Frank Speer returned last week from Stovall Wells near South Bend, Texas, where he had been for treatment.

The C. A. Gladish grocery business was sold last week to J. R. Miller of South Plains, who, with his family, has moved here and will operate the business.

Judge E. H. Bodecker, who was guest speaker at the First Methodist church in Spur Sunday in the absence of Rev. Howard H. Hollowell, spoke on "Past War World." A good crowd was present to hear this vital question discussed.

Miss Ruby Overstreet and Miss Phyllis Wiley of Dickens were guests in the home of Mr. and Mrs. James Forbis in Littlefield over the week end.

Mrs. Vela Turpen was a business visitor in Spur Monday af-

ternoon.

Sgt. and Mrs. Sid Stanford of Lubbock Army Flying Field spent the week end here with Sgt. Stanford's father.

B. A. Crego, pioneer bootmaker of Dickens, has two grandsons in the U. S. Air Corps. They are 1st Lt. Dan Parker and Air Cadet W. C. Parker, sons of Mrs. Edith Parker. Don is now piloting a Liberator Bomber over Italy and W. C. is finishing his training at Monroue La.

Dan entered West Point in 1939 and graduated Jan. 19, 1943. After a year's training at various camps over the U. S., he was sent to Italy on Jan. 15, of this year. He writes some very interesting letters about the country but can say very little about what he does. Soon after the eruption of Mt. Vesivus, he wrote that it was "snowing" ashes and mud and that all the boys were blackened and dirty who were in this vicinity. He and four other pilots are gathering stones with which to build a house, as stones are plentiful and wood very scarce. They hope to soon be out of the tent they have been living in. He says every one in Italy seems to be either a Mason or a barber.

W. C. entered the Army as an air cadet from Macin, Ga., and, like most young men, likes to fly. He will receive his wings in June and hopes to join Dan abroad before long.

The brothers are very anxious for the war to end so that they can get back to Texas. They say Texas is the best place in the whole world as far as they are concerned. Both Lt. Dan and Air Cadet W. C. Parker are graduates of the Woodrow high school in Dallas.

DICKENS SCHOOL ACTIVITIES

The Future Homemaker Of Texas Field Day was held in Floydada Saturday, April 15. The Dickens Homemaking girls who attended the Areal meeting were: Mary Harvey, the elected representative from the Dickens club, who participated in a panel discussion on "What the Home-making Clubs Have Been Doing This year," which was lead by Miss Gladys Armstrong, supervisor of Area 1 from Canyon, and Hounera Arthur, Jean Ousley, Lois Estelle Meadors and Doris Parker. Everyone attending this meeting including mothers, teachers, and club members were invited guests of the Floydada chamber of commerce for the 12:00 o'clock luncheon.

Sherriff D. F. Christopher was host to members of the Dickens Senior class and their sponsor, Coach J. D. Allen, with a theatre party at the Palace theatre, last Wednesday night.

Dickens School Lunch Room

The lunch room had a busy period last week canning vegetables made available through the Food Distribution administration. Foods canned include 250 cans of beets, 375 cans of carrots, and a large quantity of cabbage shredded and packed in a barrel to make kraut. After the kraut has had time to make it will also be canned.

Superintendent Hays wishes to express his appreciation for the cooperation of the women of the community for donating their time and labor to help take care of this food.

Women who assisted were: Mmes. S. T. Johnson, D. F. Christopher, Guy Fellmy, J. L. Koonsman, Hugh Swaringen, J. J. Cumble, C. C. Beebee, E. V. Arthur, Glenn Latham, Morjorie Cosby, Murray Lea, Cecil Meadors, Minnie Moss, O. D. Thompson and Charles Taylor.

Regular lunch room workers who assisted were Mrs. J. D. Graham and Mrs. Emma Underwood.

ABOUT PEOPLE YOU KNOW

Mr. and Mrs. Earl Joplin came in Wednesday a week ago from Los Angeles, Calif., where they have been engaged in defense work for the past two years, with the Norris Stamping Plant there. They are visiting Mr. Joplin's mother, Mrs. Kate Joplin, of Spur and other relatives in Lubbock.

Superintendent and Mrs. C. L. Cook have had with them recently Mr. Cook's brother, Lawrence Cook, of Orange, and Mr. Mr. Vencil of Jayton, brother of Mrs. Ciok.

Mrs. J. I. Meacham and Mrs. I. E. Abernathy left Sunday for Los Angeles, Calif., where they will visit their daughters, Mrs. Nellie Esten and Mrs. Lena Pierce and families for two weeks visit.

Mrs. V. C. O'Guinn was called to Lubbock last Thursday in the serious illness of her father, J. H. Kinnemer.

Mrs. Marie Beadle and Mrs. R. G. Beadle were shopping in Lubbock last Tuesday.

Those from Spur who attended the Baptist convention, which

was held in Dallas last week, were: Rev. and Mrs. Herman Coe, Mrs. Jerry Ensey and Mrs. Elsie Smith who also visited her son, Russell Smith and family while there.

Mrs. J. F. Williams and daughter, Mrs. Fred ODell are here from Dallas to be with Mr. and Mrs. Earl Joplin who are here from Los Angeles, for a few days.

Mrs. H. A. C. Brummett and Mrs. Fred Arrington of Dickens were shopping in Spur last Friday.

Coy Dopson of the Dry Lake community was transacting business in Spur last Friday.

Mr. and Mrs. Jimmie Hahn and children, Larry Gent and Nelda Nan, of Brownfield, are visiting in the home of their parents, Mr. and Mrs. Jim Hahn, and Mr. and Mrs. M. E. Tree of Highway.

Mrs. D. L. Pace is spending the week in Spur with her daughter, Miss Winona Pace, an employee of the Spur Security bank.

Mrs. Nelson Handly and three children are spending an indefinite visit with their mother, Mrs. Lela Morgan. Mr. Handly is stationed at Fort Sill.

Mr. and Mrs. Harry Martin and children returned to their home Sunday night after spending the Easter holidays in Roswell, New Mex., with her parents, Mr. and Mrs. R. L. Hendrix. Mrs. B. J. Nelson of Fort Worth, a sister of Mrs. Martin's, was a visitor in the Hendrix home, also.

W. R. George has recently had a new earth dam completed on his farm in the Highway community.

Mrs. N. M. Smith and her mother, Mrs. J. I. Greer, are visiting in Lubbock, the guests of Mrs. Greer's daughter, Mrs. Eliza Cox.

PROTECT YOUR PRECIOUS MOTOR

BUT OH SO GENTLE

Your car, truck and tractor motors are precious. They must be watched, protected—their long life insured. Watch the piston rings, especially. At the first sign of oil-pumping or loss of power, install new rings. They'll save oil and fuel, and check cylinder wear. It will pay you to see us for any kind of repairs.

6TH GRADE 4-H GIRLS HAVE MEETING TUESDAY

The 6th grade 4-H girls met Tuesday, April 11. Our new business was to elect a new reporter, since our old one has moved away. Then the meeting was turned over to Mrs. Agnes M. Marrs, county home demonstration agent. She showed us how to transplant tomatoes. The demonstration was very interesting.

We had an exhibit April 14 and 15 in Ritters hardware show window. The exhibit showed what things you needed to have to work in a Victory garden. We hope everyone saw it and enjoyed it.

LaVerne Boone, Reporter.

WACKER STORE EMPLOYEES ENJOY OUTING SUNDAY

Last Sunday morning employees of Wacker's Variety store packed their hampers with all the good food available and drove to Silver Falls where they had the 12 o'clock and evening meals. The afternoon was spent in visiting and resting with the children playing in the sand.

Those present for the occasion were Mr. and Mrs. H. M. Christian and three boys, Mr. and Mrs. Lawis Lee, Mr. and Mrs. J. P. Legg and daughters, Sue Beth and Lucille, Mr. and Mrs. Willis Smith, Mrs. Marie Beadle and small daughter, Thelma Ruth, Mrs. Naomi Caplinger, Mrs. Mae Patterson and small son, Curtis Derrell, and Homer Teague.

NO-POINT LOW-POINT DESSERT

A cake made with lard is a patriotic choice for dessert because it conforms with the government's request that No-Point Low-Point foods be used as often as possible. This factor means that families need not wait for post-war plenty to enjoy a good cake. This white lard cake with its marmalade frosting is a delicious treat that can be enjoyed right now.

Ration-Free Lard Points Way to More Home-Cooked Pastries and Goodies

RATION FREE—18

Lard is now ration-free. By taking advantage of that fact, and being careful with sugar, as many cakes, cookies and other good things can be baked at home as before the war, points out Jessie Alice Cline, home economist. A plentiful high grade shortening which does not sacrifice meat points assures the supply of one of the most important ingredients for baked goods and it will not reduce the amount of meat that may be purchased.

Lard is a particularly fine shortening for cakes because it spreads and creams so easily. When fat and sugar are well creamed a cake will be more tender.

Another characteristic that favors lard for all baking is its high shortening power. This means that it is possible to use less lard than other shortenings in a given recipe and still have a desirable product. The following recipe is for a white cake and a sugar-saving frosting.

White Cake

- 22/3 cups sifted all-purpose flour or 3 cups sifted cake flour
 - 3 teaspoons baking powder
 - 3 egg whites
 - 1 teaspoon salt
 - 1/2 cup (1/4 pound) lard
 - 1 1/4 cups sugar
 - 1 1/4 cups milk
 - 1 egg yolk
 - 1 teaspoon vanilla
- Line three 8-inch cake pans with wax paper. Do not oil pans. Sift flour with baking powder and salt. Cream lard, continue creaming, gradually adding one cup of the sugar and three tablespoons of the milk. Reserve one-half cup of sugar to beat with egg whites. Add egg yolk and vanilla to remaining milk. Add sifted dry ingredients alternately with the milk mixture. Beat egg whites until stiff, gradually beat in the one-half cup sugar. Carefully fold egg white mixture into the batter. Bake in three 8-inch layer pans in a moderately

hot oven (375degrees F.) for 25 to 30 minutes. Put together by spreading citrus marmalade between the layers or filling with a prepared packaged pudding mix and ice with marmalade frosting.

Marmalade Frosting

- 1/2 cup citrus marmalade or jam
 - 1/2 cup corn sirup
 - 2 egg whites
 - 1/2 teaspoon lemon juice
- Combine ingredients and beat with electric beater until the consistency of marshmallow.

MRS. KELCY PUTMAN IS HOSTESS APRIL 13 TO HIGHWAY HOME DEMO CLUB

Mrs. Kelcy Putman is hostess to the Highway Home Demonstration club April 13, in the regular meeting.

Roll call was answered with "Soy Beans and Their Uses." We learned that soy beans will play an important part in our lives as well as our diet in the future. They are being used for a number of things and have been found to be so highly nutritive. The food manufacturers are producing some very agreeable products to add to many of our everyday foods.

Mrs. Harry Martin gave a report from council and plans were completed for rally day.

Those enjoying the social hour and refreshments were Mmes. M. E. Tree, Harry Martin, Willie Smith, Cecil Estep, Lela Morgan, Forest Martin, L. L. Teague and three visitors, Mmes. Nelson Handley Jimmie Hahn and Forest Martin Jr.

The next meeting will be in the home of Mrs. Cecil Estep April 27. The subject will be "Preparing Frozen Meats."

Among those in Spur Saturday from the Wichita community were Mrs. Lillie Pillow and family and Mr. and Mrs. S. M. Lambert.

MR. AND MRS. J. A. KOON HAVE THREE CHILDREN. SONS-IN-LAW AS GUESTS

Mr. and Mrs. J. A. Koon have had with them for the past week their three older children and their two sons-in-law and daughter-in-law, Lt. B. W. and Mrs. Koon, stationed at Long Beach, Calif., who returned to their station Wednesday. Staff Sgt. and Mrs. Floyd R. Blair, stationed at Carlsbad, New Mex., and Cpl. and Mrs. B. M. Dickerson, stationed at Love Field Dallas, all who returned Sunday afternoon after being with both of their parents, Mr. and Mrs. Koon and Mr. and Mrs. B. M. Dickerson Sr. Mr. Koon accompanied Cpl. and Mrs. Dickerson as far as Fort Worth where he is employed with the Consolidated Aircraft Corp.

Those present for the 12 o'clock meal in the home of Mr. and Mrs. Koon Sunday, in addition to the above, were Mr. and Mrs. B. F. Middleton, parents of Sgt. Bair, and Mr. and Mrs. John Lawrence, parents of Mrs. B. W. Koon, Mrs. Nettie Littlefield and son, R. C., aunt and cousin of Lieutenant Koon, and Mr. and Mrs. Koon and Jimmie.

This was the first time in four years Mr. and Mrs. Koon have had their four children all home at the same time.

PVT. DOYLE FRY HONORED WITH DINNER APRIL 16

A dinner was given Sunday, April 16, honoring Pvt. Diyle Fry who is visiting his parents, Mr. and Mrs. Gene Fry, on a furlough. The dinner was given in the home of his grandmother, Mrs. A. Fry.

Private Fry entered the service Oct. 16 1941, and this is the first time he has been home. He has been stationed in Alaska.

Guests who enjoyed the dinner were Messrs. and Mmes. Willis Smith, E. O. Turbefield and family, James Alexander and son, J. B. Jones and family, T. F. Baze and family, Edd Fuqua, Eldon McClain and family, C. A. McClain, J. Z. Smith, A. B. Herring, W. R. Dunlap and family, Matt Howell, S. B. Scott and son, A. J. McClain, Clyde Smith and son, Bud Williams, Riley Smith and family, Clafk Howell and family, L. B. Fuqua and family, J. A. McClain and son, A. N. Fuqua and family, O. K. Smith, Pat Patterson and family, Robert Cannon and family, R. C. Kirkland and family, A. A. Fry and family, Gene Fry and family, and Ray Stoneman and family and Mrs. C. I. Cannon, M. E. Hutton, Woodrow McArthur, Effie Crafton, Boney and L. C. Winkler, G. W. Richerson, Bernice Spane, Imogene and Johnnie Beth Childress, and the hostess, Mrs. A. Fry and honoree, Pvt. Doyle Fry.

SEWING CLUB MEETS WITH MRS. JAKE JONES APRIL 12

The Sewing club met April 12 in the home of Mrs. Jake Jones in East Spur, with Mrs. Jack Moore as hostess.

This was the sixth anniversary of the club, and was celebrated with a birthday cake holding six candles.

The officers elected for another

year were: Mrs. Loyd Roberts, president; Mrs. Fred Kenney, vice president; Mrs. L. R. Barrett, secretary and treasurer; and Mrs. J. C. Payne, reporter. The afternoon was spent in sewing and visiting.

A refreshment plate of ice cream and angel food cake was served.

Guests present were: Mrs. J. E. Harrell of Hamlin, and her sister, Mrs. Ward of Abilene, Mrs. Monroe Tunnell of Houston, Mrs. A. Fulton, and Mrs. Jones. Members present were: Mmes. J. C. Payne, Dee McArthur, Loyd Roberts, Floyd Barnett, L. R. Barrett, J. W. Carlisle, Fred Kinney, C. V. Allen and the hostess, Mrs. Moore.

MRS. LE DELISLES HOSTESS TO DRY LAKE H D CLUB

The Dry Lake Home Demonstration club met with Mrs. Lee Delisle April 12. Ten members present answered roll call with "Foods I Have Canned and in Cold Storage."

Following a "Prayer for Easter," read by Mrs. Coy Dopson, Mrs. Dwayne Willard directed recreation. The prize was won by Mrs. Lou Bass.

Useful bulletins were given the club members and one visitor, Mrs. C. N. Kidd, by Mrs. Agnes M. Marrs, county home demonstration agent.

After reports on council meeting, Mrs. Marrs prepared, broiled and pan-broiled steak and demonstrated the making of marshmallows.

The club will meet with Mrs. Lou Bass April 26 at 2:30 p. m.

MILDRED SMITH CIRCLE MEETS MONDAY AFTERNOON

The Mildred Smith circle of the Baptist W.M.U. met in the home of Miss Maybelle Thornton with Mrs. John Stokes as assistant hostess, Monday afternoon, April 17. A very interesting and inspiring mission program, "Preparation for a World-Wide Task," was rendered. The meeting closed with sentence prayers in behalf of our boys in service.

If you wait for other people to do something for you, the chances are that you will be a long time waiting.

Hard work never killed a man but there are any number of cripples who were injured trying to dodge it.

There is nothing new under the sun except the experiences that

are coming to the inexperienced human being.

Never brag about something you expect to do; wait until it is accomplished and then let other pass judgment upon it.

A good rule in life is to keep your mouth shut as much as possible, especially when you are in the midst of strangers.

One of these days the world may be peopled with folks who always do right, but we're afraid we won't live to see it.

One of the big lessons to get out of life is that you can learn something from almost everything you come in contact with.

Parents who allow their little boys and girls to go swimming might save their lives by teaching them certain safety rules.

Every one of us should make

it a personal duty every year to study some new subject. Brains never develop without being used.

Beautifying Spur is the business of those who live here; outsiders and transient peddlers will not be interested.

Let's make Spur such an attractively friendly place in which to live here.

There are still many people, believe it or not, who would rather talk styles and fashion than hear about the war.

Uncle Sam Urges You To KEEP YOUR CAR FIT and IN SERVICE

No matter how "for granted" you have taken your car in the past, now you know you won't have a new one until this war is over. That means you want to give the car you are lucky enough to own, the best available service—so it will serve you right, and thereby help you serve your country.

Proper care of your car means bringing it to us regularly for service. We'll keep it in the "pink of condition" at small cost. Drive in TODAY!

We're Specialists in Car Service!

BARCLAY'S GARAGE

Gardening for Victory

along the **Santa Fe**

Soon travelers will be seeing plots of beets, beans, tomatoes, corn and other needed vegetables "coming along" on both sides of our tracks.

For once again Santa Fe has made its right-of-way available to its employees for Victory Garden space.

This railroad is heart and soul behind America's Victory Garden project. Not only has land been made available, but we are offering \$2000 in War Bonds to our best Victory Gardeners as an added incentive toward helping "Food Fight for Freedom."

Located as we are "Along the Route to Tokyo," Santa Fe people throughout our 13,148 miles of track can "feel" this war. They are working full hours to move along the never-ending loads of guns, tanks, men and munitions.

Perhaps that's another reason why they're not only working harder on their railroad jobs, but are pretty fine War Bond buyers and Victory Gardeners as well.

It's Santa Fe all the way for the U. S. A.!

SANTA FE SYSTEM LINES
ONE OF AMERICAN RAILROADS—ALL UNITED FOR VICTORY

Left-over Chicken Baked in a Roll

Chicken Roll (with apple rings)

There's nothing like the chicken that's served on the farm. There are great heaping platefuls of it, brown, juicy, and tender. Much of this appetizing appearance and flavor can be attributed to the cooking; and while roasted chicken used to be the most popular method, broiled chicken is fast becoming its rival. Many farm homes have stoves with broilers, thanks to "bottled" or "tank" gas which gives modern gas service to suburban, small city and farm areas.

Leftover chicken often reappears in tasty dishes which are substantial and satisfying, and best of all, require no meat points. Our suggestion for today is Chicken Roll.

Chicken Roll
3 cups ground leftover chicken
1 small onion, ground
1 teasp. salt
1/4 teasp. pepper
1 teasp. bottled horse-radish
1/2 cup chicken gravy
2 cups baking powder biscuit dough
top milk

Combine chicken, onion, salt, pepper, horse-radish and gravy. Roll out baking powder biscuit dough, using two cups as a basis, into a rectangle about 9" x 12". Spread chicken mixture on dough and roll up, jelly-roll fashion, pinching edges together. Place on greased baking sheet, brush with top milk and bake at 450 degrees for 25 minutes or until done. Serve sliced with a cream sauce garnished with finely chopped chives. Serves 6.

Get Your Car Out of A Rut! Bring It In Today!

Your car has gone through a lot of hard weather . . . putting it in bad shape. Get old man winter out of it with a grease job and general overhauling. We are experienced mechanics and appreciate your business.

Mr. and Mrs. Van North of Clairemont were trading in Spur last Saturday.

Mr. and Mrs. M. S. Lambert have returned from a few days visit with their daughter, Mrs. Don Perrin and family, in Pampa.

Jimmie Sparks of the Highway community was a business visitor in Spur Saturday.

Commissioner, Jim Offield of Afton was transacting business in Spur Saturday.

Mayor Willow Street was over from Dickens last Saturday trading and visiting with friends.

Hoarce Nicholes of Croton was trading in town last Saturday.

Mrs. Lester English spent a few days visit with her parents, Mr. and Mrs. Ed Thompson, in Monday this week.

Mrs. F. B. Crockett and Mr. and Mrs. S. L. Benefield were visitors in Spur Saturday.

Mrs. Naomi Adams of Newport, Ark., has returned to her home after a visit here with her parents, Mr. and Mrs. J. W. Franklin.

Then Grow!
"My wife is unbearable!"
"Show your teeth once or twice."
"I did once and since then I haven't had any."

Don't Promise a Thing Brother
"If you refuse me, I shall never love another."
"That's all very well, but does the promise hold good if I accept you?"

Welcome Absences
Young Bill approached the nurse in trepidation.
"I came to make an appointment with the dentist," he began.
"He's out just now," said the nurse.
Bill's face brightened. "When do you expect him to be out again?"

Educational Films
"Movies are educational."
"Yes, I took my wife to one and she learned that she needed three new dresses."

Soul Mates
Father—I tell you I won't let you marry this man. You're not suited to each other. Let's not argue any further.
Young Thing—But, father,

judging from what you say I am, and what you've been calling him, surely we must be perfectly suited to each other.

Hm-hm.
"That suit you are wearing is certainly a credit to your tailor."
"Debit, old man, debit."

Noisy Siesta
"Did you hear Robinson snoring in church this morning? It was simply awful."
"Yes, I did—He woke me up."

Add a bit of VINEGAR to VEGETABLES—boiled carrots, beets, turnips, cabbage—or a dash of lemon juice, to give them a pleasant, sour seasoning.

**OLD AT FORTY—
—Or—
YOUNG AT SEVENTY**

- Work, worry and washings slowly but surely steal a woman's beauty, charm and talents. Burdened with needless, monotonous tasks she has neither the time nor the energy to devote to constructive activities.
 - Family washings head the list of needless work. No household work ages a woman more than the weekly laundry—work that can be assigned at little cost to someone else.
 - SPUR LAUNDRY-CLEANERS—and dry cleaning service, too—is for every average family. These services are not luxuries for high wage earners but for all women who wish to keep their youth and live comfortably, usefully.
- War-time demands upon our time and energy will increase. These we cannot avoid. Don't let that weekly washing continue as one of your responsibilities. This we can avoid—by calling the Spur Laundry-Cleaners today!

Spur Laundry-Cleaners

**MEAT POINTS WASTED
BY SHRINKING ROAST
WITH TOO HOT OVEN**

Conventional high temperature oven cooking wastes meat. This has always been known but its importance has been recognized generally since the scarcity and rationing of meat.

Following is a chart which indicates the cooking time for various meats when roasting, uncovered, at 325 degrees.

	Minutes to Lb.
Beef (rare)	20-25
Beef (medium)	25-30
Beef (well)	30-35
Poultry	25-35
Veal	30-45
Lamb	30-40
Pork	35-50
Ham (fresh or smoked)	
4 to 7 lbs.	40-50
8 lbs. or over	30-40
Stuffed fish	20

Cooking with low steady temperature will give you plump juicy roasts without charred bones or fat. Even though the cooking period may be slightly longer, less gas fuel is used because the oven is not turned on quite as high. This fuel saving is both economical and patriotic, particularly if you are using "bottled" or "tank" gas which serves those in suburban, small city and farm areas. This gas is now doing war work and you can help by conserving it.

**"Bake" a Cake on
Top of the Stove**

The flexible, easily controlled heat of gas ranges makes interesting new surface recipes practical and no longer limits top-of-the-stove cookery to frying and boiling. These advantages are not limited to city housewives, since convenient "bottled" or "tank" gas is the ready source of fuel for thousands of suburban and farm homes outside the scope of public gas utilities.

You can save fuel by "baking" your upside-down cake on top of the stove. Here's one recipe for this convenient dessert:

- 3 tbsps. butter
 - 1/2 cup brown sugar
 - 2 apples
- Melt butter in skillet, add the brown sugar and stir well. Slice apples and arrange in mixture in bottom of skillet. Prepare batter and pour into skillet, being careful not to disarrange fruit. Place lid on skillet and cook over low flame for 45 minutes or until done. Make batter as follows:
- 6 tbsps. butter
 - 1/2 cup sugar
 - 2 eggs
 - 1/2 cup milk
 - 3 teasp. baking powder
 - 1 teasp. vanilla
 - 1 1/2 cups sifted cake flour

Cream butter and sugar until fluffy. Add eggs and beat well. Sift flour and baking powder together and add alternately with milk and vanilla.

SUNDAY SCHOOL LESSON

PAUL, THE MISSIONARY
International Sunday School
Lesson for April 23, 1944.

GOLDEN TEXT: "The Holy Spirit said, Separate me Barnabas and Saul for the work whereunto I have called them."—Acts 13: 2.

Lesson Text: Acts 13: 1-4: 8-20.

Antioch, in Syria, is famous in religious history, and famous it should be, particularly to Christians of the Western World. Here it was that the gospel was first preached to the Gentiles, as well as to Jews, and here it was also, that believers were first called Christians. Our lesson for this week gives us another reason to remember Antioch, for it was this group of early believers who sent out the first organized missionary enterprise, which resulted in the Gospel being carried Westward, eventually reaching us.

The new faith had been proclaimed to individual Gentiles prior to this. Phillip preached

to the Samaritans and baptized an Ethiopian. Peter had received the centurion, Cornelius, and his household into the faith. Unnamed Christian, scattered by the persecution in Jerusalem, had also preached the gospel to the Gentiles. These were occasional happenings, however, but we are now to see the beginning of purposeful, organized missionary enterprise.

Dr. W.M. Smith gives seven characteristics which belonged to the church at Antioch and should characterize every true group of Christian people who gather together for worship and for the hearing of God's word: (1) The membership of the church is made up of those who have turned from unrighteousness and idols to believe in the true and living God;

(2) These members have been brought into the knowledge of the truth by the preaching of the Word, which is the preaching of the Lord Jesus Christ;

(3) The converts of this church received adequate instruction in the truths of the Christian faith at the hands of one who had gifts for teaching and had a real knowledge of the Word of God;

(4) The church, in its life, shows unmistakable signs of being a body of believers on whom the blessing and power of God

rests; (5) The church shows itself to be in life, in conduct, in belief, identical with the other true churches of the known world, and is in fellowship with these churches;

(6) The church is distinctly liberal in its attitude toward other fellow-believers who are suffering because of peculiar circumstances;

(7) The members of this church, in the midst of a corrupt environment, were living such unique, unworldly, holy lives that they were marked out by all the other citizens of Antioch as so distinct from unregenerated man as to require that a new name be given them.

Directed by the divine purpose, Barnabas and Saul were sent from Antioch on a mission to carry the gospel. They first sailed to the Island of Cyprus, Barnabas probably desirous of carrying the great tidings to his homeland. After preaching at Salamis the missionary party worked westward and finally reached Paphos, the capital. Here it was that Paul penalized the so-called blindness in the presence of the Roman pro-consul, impressing him with the miraculous power given these representatives of the new faith.

From Cyprus the missionary party sailed northward to Perga, where they tarried a short while. In this city John Mark, who had accompanied them till now, separated and returned home, causing Paul to be offended in him and leading later to the separation of Barnabas from Paul. The reason Mark deserted the party is not given, although various suppositions have been advanced. Years later, it is interesting to recall, Mark's activity for the cause had redeemed him in Paul's eyes, as we know by reference to him in one of his epistles.

Continuing northward the missionaries preached in the Jewish synagogue of Antioch in Syria. We have a brief summary of Paul's sermon, a very interesting illustration of his appeal to his Jewish audience. The sermon produced a powerful effect. The success of the missionary caused the hostility of the Jews and their influence led to the missionaries having to leave the city.

Traveling to the southwest Paul and Barnabas came to Iconium, where their experience at Antioch was repeated. To avoid the violence of their opponents the party proceeded to Lystra and preached to the people there in the open air. Paul's miraculous healing of a local cripple caused the inhabitants to think they were gods and desired to worship them which Paul prevented. Here, once again, hostility was engendered by the Jews and the people, who shortly before wanted to worship them, turned against them and stoned Paul.

Many cases of infantile paralysis clear up completely with little or no treatment, leaving no crippling effects whatever. In others, the symptoms become very serious going on to paralysis.

Many sufferers will completely recover. In a few days, weeks or months they will get entirely well without special treatment.

There are some who will die, and others who can be saved from being crippled only by the most special and expert care which must be begun early and carried on until recovery.

There is no way of telling which child in a given group will take the disease, which ones will make quick recoveries, or which ones will go on to permanent paralysis.

Prevention of crippling lies in an early diagnosis and the application of the proper treatment as soon as the symptoms appear. Don't wait to see if the child is going to get well spontaneously, or life-long paralysis may result. Give him every chance for a full and complete recovery.

Answers To Quiz

1. No.
2. Yes, but Germany declared war upon the U.S. first.
3. June 12th.
4. Only in Rumania.
5. West.
6. German civilians and officials who plunder and profiteer in Nazi-occupied countries.
7. A narrow passage-way in the Danube, on the border between Rumania and Yugoslavia.
8. Yes.
9. Ribbon decorations.
10. About 550 miles.

Harsh Measures

Many of the political speakers who make addresses over the radio should be taken off the ether and be put under it.—Providence News-Tribune.

Apparently So!

Maybe it would be a good idea to revise the calendar. It seems we need more weeks in which to celebrate some kind of week.—Greensboro (Ga.) Herald-Journal.

Opportunity For Hack-Writers

Visions of a better world ahead, as entertained by Henry Ford and others, throw open a vast new field to the debunkers, as none of them yet has debunked the future.—Detroit News.

BRYANT-LINK CO. NEWS

Well, how are you all today? We sure have much to be thankful for. We have faith in our fellow men and in God. Yes, the wind blows and the sand goes and makes us have to clean our houses and wash our necks and ears, but after all, our houses and ears are cleaner than they would have been had the wind kept quiet. We are talking about a drouth. Now they come every year, but we have at least one failure every year from drouth in our minds so we are having this one early. That's a good sign for we seldom have two drouths in one year. We are looking for a harvest in 1944 and for the war to cease and the world to start on the road to better things for all people which may mean less for some of this world's wealth.

Our Mr. Barrett is attending a John Deere school this week trying to learn more about the future John Deere Tractors Combines, Cotton Pickers, etc. George S. Link Jr. was over Spur last Friday morning on some sort of sea-going plane that looked like it was too far from water for one that couldn't stop on dry land. Of course we were glad to know, it was George. I think he was just a bit home sick that day and stole the little side trip over his home and farm.

New merchandise this week. Some Fairbanks Morse engines and pump jacks. One John Deere corn binder. Some 6 ft. li-noleum and a few rugs 9x12. Some kitchen sinks, commodes etc. Two more Dixie cotton choppers, water hose, garden rakes, hoes, etc. Also a lot of shelf hardware.

We want you to come and see us while we are in the back alley store. We will know then you like us and will let you come to see us when we are in the new store.

Yes, we want to make money, but we are trying hard to learn that money is not all there is worth living for and that some things can only be gained by service to humanity in the small things we can do to smooth the pathway of those who may be less fortunate than we. "If we have strength we owe the service of the strong. If melody we have, we owe the world a song."

BRYANT-LINK CO.
By GEO. S. LINK

REPORT OF CONDITION OF SPUR SECURITY BANK OF SPUR, DICKENS COUNTY, TEXAS

at the close of business April 13, 1944, a State banking institution organized and operating under the banking laws of this State and a member of the Federal Reserve System. Published in accordance with a call made by the State Banking Authorities and by the Federal Reserve Bank of this district.

(SEAL) H. S. HOLLY, Notary Public.

DICKENS COUNTY FINANCIAL REPORT

(Jan. 1, 1943, to Dec. 31, 1943)

The auditors for Dickens County, Texas, have completed the annual audit for Dickens County for the year 1943, and a copy of the audit is now on file in the County Clerk's Office for public inspection and record.

A brief statement is here made to the financial record but for a more detailed report, the audit should be consulted, from the audit report we find as follows:

County Valuation for 1943	\$5,245,531.00
County Tax Rate for 1943	1.20
Taxes Levied	62,946.00
Taxes Collected during 1943	60,576.24
Auto Licenses	23,691.62

RECEIPTS

Cash on hand Jan. 1, 1943	\$ 67,785.63
Cash receipts for year	100,782.76
TOTAL	\$ 168,568.39

DISBURSEMENTS

Maintenance	\$ 26,640.22
Interest, Sinking Funds and Roads	78,040.93
TOTAL	\$ 104,681.15

RECAPITULATION

Total Receipts	\$ 168,568.39
Total Disbursements	104,681.15
Cash on hand, Jan. 1, 1944	\$ 63,887.24

The following represents a comparative study made for the past five years showing how the taxpayers ad valorem tax dollar is spent and in what proportions:

	1939 (65%)	1940 (65%)	1941 (59%)	1942 (61%)	1943 (56%)
1. Maintenance, etc.	13.6%	13.6%	10.9%	10.9%	12.5%
Courts, etc.	13.6%	13.6%	13.6%	13.6%	17.5%
General	20%	20%	20%	20%	19%
Perm. Imp.	17.8%	17.8%	16.4%	16.4%	19%
2. Prin. & Int.	(35%)	(35%)	(41%)	(39%)	(44%)
Principal	40%	39%	44%	45%	51%
Interest	69%	61%	56%	55%	49%

It is to be observed that the maintenance costs have been gradually decreased and that the principal and interest payments have been increased, and that the principal payments are on an increase and the interest payments on a decrease.

BONDED INDEBTEDNESS (Jan. 1, 1944)

ISSUE:	Interest Rate	Amount of Issue	Retired	Outstanding
Gen. 3C	5 1/2%	\$ 36,000.00	\$ 4,000.00	\$ 32,000.00
Per. 5A		3,000.00	3,000.00	
Per. 5B	5%	14,000.00	4,000.00	10,000.00

R. O. W.	5%	2,500.00	2,000.00	500.00
		\$567,500.00	\$188,000.00	\$379,500.00

As revealed by the bond schedule, the interest rates at this time are excessive and attempts have and are being made to recall some of these issues, and refund them at a lower rate of interest. Such would be a saving of thousands of dollars to the taxpayers of Dickens County. To recall some of these will take time and in some instances perhaps legal action which is being contemplated.

During the year 1943 Dickens County bought War Savings Bonds in the amount of \$4,000.00 maturity value and paid over a thousand dollars in advance on bond principals. Every penny spent is legally spent, after due consideration by the court, and accounted for by a full and complete public record.

The financial structure of Dickens County is such that no waste of money must be permitted, wise spending practiced daily, and the principles of strict economy asserted at all times. This policy, and this policy alone, can keep Dickens County on a pay-as-you-go plan, spend no more than necessary in keeping with efficiency, and pay off the bonded indebtedness at the earliest possible time.

Respectfully submitted,
EDWIN H. BOEDEKER, County Judge,
Dickens County, Texas.

INFANTILE PARALYSIS: THE KENNY TREATMENT

The cause and cure of infantile paralysis have never been found. If the nerves are destroyed, there is no means known to man for restoring them.

A much-heralded treatment for infantile paralysis is that of a nurse known as Sister Kenny. It is the best means yet discovered for the relief of pain, the prevention of deformity and the disabilities that have been so crippling in the past.

What is the method used in the Kenny treatment? It is the "immediate and continued application of moist heat to the affected muscles," which are in a state of spasm, causing great pain by the contracture. Hot packs are wrapped about the contracting muscles, until pain subsides and the muscles relax. These packs must be continued until the joints are restored to their normal range of motion. The treatment should be begun at the outset of the disease, and continued until recovery.

An authority on infantile paralysis says, "massage is not included in the Kenny treatment. Neither does it involve any of the so-called special techniques associated with chiropractic or osteopathy."

BRONCHIAL COUGHS!

or Bronchial Irritations Due to Colds
Buckley's Famous "CANADIOL"
Mixture Acts Like a Flash

Spend a few cents today at any good drug store for a bottle of Buckley's "CANADIOL" Mixture (triple acting). Take a couple of sips at bedtime. Feel its instant powerful effective action spread thru throat, head and bronchial tubes. It starts at once to loosen up thick, choking phlegm, soothe raw membranes and make breathing easier. Sufferers from those persistent, nasty irritating coughs or bronchial irritations due to colds find Buckley's brings quick and effective relief. Don't wait—get Buckley's Canadiol today. You get relief instantly.

Homemaking News

Several girls from the Artaban club went to Floydada Saturday to an area homemaking meeting. It was held in the Floydada high school auditorium. The program began at 11 a. m. The superintendent and the president of the chamber of commerce of Floydada extended a welcome to the girls. A panel discussion was given by three FFA boys on "Ways FFA Clubs and Homemaking Clubs Can Co-operate." A Floydada girl gave a talk on "How 4-H Club Girls and Homemaking Clubs Can Cooperate."

At 12 noon all the girls were guests of the Homemaking club and chamber of commerce of Floydada at lunch in the R. C. Andrews Ward gym. The program continued at 2 p. m. The Plainview Homemaking club gave a program in "How Homemaking Clubs Can Help the Community." The Spur club and the Lorenzo club gave a program on "Homemaking Clubs and National Defense." The Hale Center club gave a model club meeting. A panel discussion was given by a representative from each Homemaking club on "What Homemaking Clubs Have Been Doing This Year." Jackie Rector was the representative from

Spur.
Special numbers were given in the piano and Jean Arthur and Elise Petty sang two songs, accompanied by Mrs. Leo Petty. Following this was the modeling of garments by all the schools. From Spur, Nelda Hindman, Doris Pickens and Muri Bacot modeled their dresses. The meeting adjourned at 4 p. m. The next area meeting will be held in Plainview next spring.

SCIENCE
The T.N.T. Science club last Sunday went on a field trip to Mr. McGinty's pasture. There they saw a huge footprint in a rock, and then odd designs. Sherry Campbell took some plaster casts of the prints which were very good. The club came back late that afternoon after a successful day.

Who's Who

George Walker is our boy's choice for Who's Who this week. He has been a student in the Spur schools for the last eleven years. George has acted as various officers for his class and received the Rotary award two years. He was one of the five valedictorians of his class. George has played football all four of his high school years, and has lettered the last two years. He participated in the Junior play and was ticket manager of the Senior play.

Three of his nicknames are: Curly, Tubby and Bud. George is planning to go to A&M college in June and we wish him the best of luck. His favorites are: Sport: Football. Drink: Milk shake. Color: Blue. Subject: Physics. Pass Time: Tapping.

Bettye Weaver started to school here in East Ward and stayed with us until the 7th grade when she was enrolled in the Lubbock school for a year. She re-enrolled here her Freshman year. Bettye has participated as different class officers and on various committees. She was on the annual staff and has worked with the Rowel staff for four years. Bettye has played the French horn and the snare drum in the band for the past four years. Bettye was one of the main characters in the Junior and Senior plays.

Bettye is planning to enroll in TSCW next September and we wish her a successful college career.

Her favorites are:
Sport: Swimming.
Color: Blue.
Drink: Lime-Coke.
Pass Time: Dancing.
Subject: Sailors and more sailors.

**S.H.S.—
SPRING IS HERE**
By Wendel George
Spring is here, sand and all. This is the time for a young man to fall. Romance is blooming all over the place; There's a happy look on everyone's face.

You wonder who I'm talking about? Well, just tune in and I'll let you find out: There's Dewie and Jane and Dob and Coe, Pete and Nell, Emmie and Joe, Henry and Jean, Roy Lee, Au, try Nell, And a hundred others that I could tell. It's not only spring that this happens here. In Spur it goes on twelve months a year.

SPORTS

TENNIS
It was announced last issue that we were starting a tennis tournament. Anyone who is interested in entering this contest will please leave your name at the office. On the bulletin board Friday will be announced the name of who you will play and when to play, so get your names in and we'll soon find out who are the champions of SHS.

**S.H.S.—
JEST LOVE**
Marriages are made in heaven, but day after the honeymoon, they come down to earth. There's nothing more beautiful than two hearts beating as one. And nothing more baffling to the medical profession.

Love is something that the poets rave about. But they're not the only ones that go nuts over it. Money cannot buy love. But I'm betting three to one it will make a whale of a down payment.

SCANDAL

Gather around children and hear what we say. We've discovered more gossip to send your way, We'll let you in on things we know. Ready? Okay, then, here we go! Have you noticed Robbie Scott's romeo, Pete Swaringen? We hear they are a stunning couple.

Imogene Thornton's latest boy friend is none other than Billy S. Smith. Good luck to both of you.

Pete Dobbins was rather disappointed when his call from Haskell wasn't from Haskell, weren't you, Pete?

We wonder why Harold Casey is taking an interest in Girard lately—could it be a blonde? Martin Turbyfill is after none other than Dale Fry. Best of luck, kid.

Geraldine Stanley seems to be pretty interested in Billy Gene Swaringen or at least it looks that way.

From all appearances Elmer Gannon and Bernice Swanner have up a nice little case. You know, this might develop into something.

Mary Hudson and William Randall had a good time the night of the Artaban meeting, and don't tell us it was just a coincidental.

Doris Jones and J. R. Williams have a grand time on the bus each afternoon. What happened to the Navy, Doris?

Gene Brashear is really taking in the parties lately. Could it be a girl he is interested in?

Mildred Burger is extremely interested in the Army. We've heard she calls him "Smitty."

Joyce Hagins and Alton Delisle could get up a case, but there appears to be something holding them back. How about trying to break that "something?"

Joyce Williams and Hardy Dement certainly have good times in Bible class. What's going to become of this?

Wonder why Letha Williams and Barbara Ford like to go to the airport? Couldn't be the pilots, could it?

The scandal based around Joe Thornton and Emma Pearl Gruben becomes more complicated every day. We announced last issue that Pearl and Joe had broken up. However, seeing them together over this last week end has changed our minds. Joe went with Jackie and Pearl went with John one night last week and now Marjorie Randall has her eye out for John. We hope that one of these days all will be straight again, but it's rather doubtful.

Eurena Hoover and Ardell Jinkins are one of our new couples. You had better hang on Eurena, 'cause a good man is mighty hard to find, now-days.

Dub, why don't you give that poor little Fish a chance—she's in the study hall every morning before classes and really keeps an eye on you.

George Walker seems to be doing alright lately with Ila Ruth, or have you noticed?

My! My! Dot Karr surely does rate good with "Tony," the play boy of the Palace theatre. He hasn't known her over two weeks and already he is sending her candy and flowers. How do you do it, Dot?

Notice! Boys, it's getting near "banquet" time and we haven't noticed any dates so far. What are you going to do about it?

It seems as though the Senior boys are slipping because at the Senior party there wasn't one date we could see.

These plays are getting to be quite successful as cupid. The romance between Cleston Pritchett and Barbara Ford originated from the Spanish class play which is to be presented the 28th of this month. I believe Barbara, you had to give your little sister your birthday present for some reason or other.

Marjorie Brasher has a new Romeo and it is none other than that roving cowboy Charlie Arrington.

Flash!!! Eula Mae McCarty is now out of circulation. She was married last Saturday night. You boys just didn't work fast enough. Congratulations, Eula Mae.

Autry Nell's heart is beating again since Roy Lee is back from Lubbock. We wonder if it would beat as loud if she knew what he did up there. Ah—love is blind.

Jackie Rector is leaving for Austin Wednesday. Have lots of fun, Jackie—take it from us that you certainly can have lots of fun there. There are also lots of sailors around, so we hear.

Betty Alldredge has added another boy to her collection. It's none other than that dashing, bonde-headed, blue-eyed—S.P.O. Well, for now I guess that's all. Don't talk too much in study hall.

Poncho, The Wolf.

Will You Smile?

Exactly
Bobby—"Uncle Jack, which is quicker, a race horse or a pig-con?"
Uncle (nearly stumped)—"If they both go on foot, the race horse."

Who Cares?
Teacher—Now, Hayton, if I subtract 20 from 45, what's the difference?
Hayton—That's what I say. Who cares?

Free Ad.
Customer—"Is there much give to this cloth?"
Dry Goods Clerk: "No, Ma'am. That's Scotch tweed."

Why?
"Do you remember what Juliet said to Romeo on the balcony?"
"No."
"Why didn't you get orchestra seats?"

Now It Can Be Told
"You certainly must know what a rivulet is. Look, what comes down out if the mountains and goes on forever?"

Never.
Seaman—Do you believe that kissing is unhealthy?
Kate—I really have never....
Seaman—Never been kissed?
Kate—Never been sick.

Love, Honor, or Something
Mrs.—Several men proposed to me before I married you.
Mr.—Why didn't you marry the first fool that came along?
Mrs.—I did.

That Was the Wrong Answer
Diner—Waiter, do you make many tips here?
Waiter—More than you'd think, sir.

Diner—That's what I thought.

Play Safe, Don't Use One
Mrs. Teawhiffle—Did you change the table napkins as I told you?
New Maid—Yes'm. I shuffled 'em and dealt 'em out so's no one gets the same one he had at breakfast.

Gave Him the Works
Foreman (on excavation job)—"Do you think you are fit for really hard labor?"
Applicant—"Well, some of the best judges in the country have thought so."

Duck Creek Soil Conservation District NEWS NOTES

RILEY WOOTEN, Chm. OSCAR McGINTY, Sec.
WILL WRIGHT TOM MURDOCK A. A. FRY

Terraces were constructed with heavy equipment the past week on the farms of George Harris, Vernon Morgan, J. F. Phifer, W. H. Harris, G. L. Delisle, W. H. Butler and W. B. Carothers. Terraces were constructed with farm equipment on the farms of Jack Meyers, E. M. Hahn, Alton Clark, T. J. Petty, L. E. Robertson and Mrs. Tom McArthur.

Fills on terraces are being made by W. H. Butler, Bert Wallace, Alton Clark, and L. E. Robertson. To get a terrace system to function properly it is very important to do this work. A terrace is no better than the weakest place in it. Now is a good time to get all fills made on new terraces and also the fills in the broken places on the old terraces. It takes less work to make the fills on new

terraces as soon as they are constructed to wait until the terraces break at one of the low places and then have to make them.

Stock ponds were staked for construction on the farms of J. T. Russell, M. M. Copeland, and H. L. Futch. Stock ponds Will Watson, R. S. Harkey and were completed for Bert Wallace, T. O. SoRelle.

Terrace lines were run for S. B. Goodrich, Ted Goodwin, Ruben Waddell and A. C. Woodward. Farm plans for soil and water conservation were made by the technicians of the Soil Conservation Service on the farms of Alton Clark and W. E. Armstrong. Application for assistance in soil conservation work was received from W. D. York.

Our Boys—

(Continued From Page 1)

Federal Unit Citation for participation in engagements against enemy Japanese forces in the Pacific war area from Dec. 7, 15, 1941 to Nov. 15, 1942, while serving as a member of the crew of the U.S.S. Enterprise. Although not serving on the Enterprise now, Garlon is still seeing action in the Pacific theatre.

Last week Homer A. Boothe of Spur was made a very proud and happy father over news from his two sons based in England, when his son, First Lt. Oscar Julian Boothe, was awarded the Distinguished Flying Cross, the highest honor awarded to those who fly. In the month of February along with 1000 officers and enlisted men of Texas, Lt. Boothe was awarded the Air Medal and an Oak Leaf Custer, in addition to these awards he had previously received two other Oak Leaf Custers.

A recent communication from the European theatre said he had completed more than 25 combat missions and is known to have completed two in a single day. Lt. Boothe is a Marauder pilot. He has been overseas since August.

In the letter from his son, Larry Boothe, was the news of

his recent promotion to that of Master Sgt. in the Supply Department of the Air Corps. He also stated that he was well, and looking forward to a two weeks visit from his brother, First Lt. Julian Boothe, who is only a four hours train trip from Sgt. Larry Boothe.

Both Lt. and Sgt. Boothe were born and reared in Spur, where both engaged in the usual boy activities, scouting and football. Both are graduates of the Spur High School. Friends in the old home town are also very proud of these boys.

Pfc. Earl Grubbs, with the Tank Destroyers Corps of the Army, who is stationed in New York, has recently won two medals in marksmanship. Pfc. Grubbs recently spent a furlough here with his parents, Mr. and Mrs. G. W. Grubbs and sister, Jane.

OUR BOYS—
S/Sgt. and Mrs. Jack Hunnicutt of Dodge City, Kansas and Pfc. and Mrs. Joe H. Hunnicutt of Oklahoma City visited their parents, Mr. and Mrs. Tom Hunnicutt of Girard last week. Sgt. Hunnicutt is enlisting for overseas duty and Mrs. Hunnicutt will make her home in Lubbock while he is away.

Mr. and Mrs. A. M. Hoover received a telegram this week from their son, Pfc. Travis Hoover, stating he was well. This was the first they had heard from him in over two months.

Representative and Mrs. Albert Powers received word last week that their son, Bill D. Powers, had recently been promoted to the rank of first lieutenant. Lieutenant Powers is stationed at Pottello, Idaho. He visited his parents here two weeks ago.

Pvt. Jonny Randall, stationed at

Bryan, spent an eight day visit here last week with his parents, Mr. and Mrs. J. J. Randall, and other relatives.

Collin Denson, seaman second class, stationed at San Francisco, Calif., writes his mother, Mrs. T. L. Denson of the Highway community, that he expects to sail for overseas duty any day now. Collin spent from Dec. 13, until Jan. 10 in the hospital recuperating from major surgery.

A letter to The Texas Spur, from Wilburn Ball, Merchant Marine, came this week from Puerto Rico, stating he had arrived safely after 15 days at sea from Houston, where he boarded the ship for San Juan, Puerto Rico. He landed there on Tuesday April 11, after a pleasant crossing. He stated he had passed many little islands going over which provided new and different scenery each day. Wilburn recently spent a leave here with his parents, Mr. and Mrs. W. J. Ball and other relatives and friends.

THE STATE OF TEXAS

TO: Reges Rodriguez, Defendant, Greeting:

You are hereby commanded to appear before the Honorable District Court of Dickens County at the Court House thereof, in Dickens, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from date of the issuance of this citation, same being the 5th day of June A. D. 1944, then and there to answer Plaintiff's Petition filed in said Court, on the 18th day of April A. D. 1944, in this cause, numbered 1841 on the docket of said court and styled *Laurencia Rodriguez, Plaintiff vs. Reges Rodriguez, Defendant.*

A brief statement of the nature of this suit is as follows, to wit: Suit for divorce and custody of 2 children; said suit having been filed by Laurencia Rodriguez, plaintiff, against Reges Rodriguez, defendant, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court,

Time To Delint YOUR COTTON PLANTING SEED

We are ready with the proper equipment and help to delint your cotton planting seed. These seed are very valuable now, and it would be quite a saving to you, and at the same time enable you to plant the same acreage with less seed. You might also use your corn plate when planting by having them delinted.

Bring us your cotton planting seed now, avoid the rush later!

We also have in stock at present a good supply of Soybean Cake and Meal.

RULE-JAYTON COTTON OIL COMPANY
