Duck Creek Soil Conservation District NEWS NOTES

RILEY WOOTEN, Chm. OSCAR MCGINTY, Sec.
WILL WRIGHT TOM MURDOCK A. A. FRY

Here in the Duck Creek Soil Conservation district we are blessed for the most part with inherently fertile soil. But this fertility is not immune from depletion either by erosion or by being used up with crops grown, harvested and sold from the land.

Nature's means of maintaining soil fertility is by returning to the soil each year some vegetable growth. If the major portion of our crops are harvested and sold or fed to livestock then our soil fertility will gradually but surely become exhausted.

In addition to maintaining fertility of the soil by returning vegetation to it each year, the soil is kept open and porous allowing the water that falls to penetrate more readily, reduces the damage by ground cracking, and makes the land work more

G. W. BENNETT
G. W. Bennett Will Make Race For County Judge Post

To the Voters of Dickens County:

I have had a desire for a number of years to serve as your county judge. After having been solicited by so many to make the race, I am persuaded to pitch my hat in the ring and ask that the will of the people be revealed by their vote.

You remember four years ago when I made the race for judge, that the count was so close, most everyone thought for an entire week that I was to be the next county judge, but when the official count was made, I was found trailing by four votes.

This was quite a disappointment to my friends and me, but we took our defeat like good folk and went ahead enjoying having a good judge, just like the rest of the people.

Now that my friend has had the office for four years, I think it would be right and democratic to change judges.

Most everyone has known me for the past twenty years, and do not need to be told of my qualifications, but for the benefit of those who have come to our county recently, I will give just a brief history of myself: I grew up on the arm, experiencing many of the hardships that farm boys do, and I learned long ago what it meant to do a day's work. However, I received a fair high school education, and was permitted to attend our state university for several years.

I taught school for twenty-one years, holding the superintendentcy of some of the very best of our rural high schools. On many instances, I have performed as the prosecuting judge and jury for many cases that were hard to unravel.

I believe I know people and can serve the public in this capacity in a satisfactory manner. I am thanking you in advance for your vote and influence.

H. W. BENNETT.

Farm Bureau Holds Annual Banquet At Dickens Wednesday

The Farm Bureau held their annual banquet, Wednesday evening of last week in the Dickens high school building. It was attended by one of the largest groups of farmers ever assembled on such an occasion in the county. Plenty of good eats well prepared, was furnished by the Dickens and Espuela Home Demonstration clubs, and efficiently served by the Dickens Home-making girls.

Speakers for the evening were Judge E. H. Boedecker and J. Walter Hammond. "For the first time in the history of our country," said Judge Boedecker, "the farmers in the last decade have been getting quite a lot of attention in Washington. They have succeeded in getting laws enacted in their favor, but they have much to do yet to secure a fair position with that of industry. Every farmer should unite with his nearest organization."

"We have done things as an organization at Washington and Austin that have repaid the farmers many times what it has cost them," said Hammond. "And if you will shoot the members to us we will get things done in a big way. Farmers, because of their number and position in the nation's existence, can bring about things more to their needs easier and with more freedom from organized rules than any other group of people in the country. Cast your membership into your organization and keep it there and your battle is won without being strangled to death concluded."

In addition to the above speakers, several school children rendered numbers that were greatly enjoyed by the crowd.

WATCH EAST WARD GROW!

Mrs. Doris Reavis had charge of the faculty meeting last week end and the subject was Promotions. Mr. Cook sat in on the meeting and many questions pertaining to this very important ordeal was discussed. The teachers feel that this was a very helpful meeting even though few conclusions were reached. Each person left with a broader view concerning this thing we call education.

The first three grades met in the assembly for the story hour last Tuesday and since the School of the Air is over for this year, stories were told by real children.

The following children told the following stories:

Mack Fry - "The Crooked Mar." Dean Bingham - "Peter Rabbit." Dewie Denton - "Little Black Sambo." Sheila Green - "Little Black Sambo." Kathleen Kelley - "Three Bears." Gwendolyn Ford - "Peter Rabbit." Martha Anne Peters - "Three Little Pigs." and Judy Christian - "Three Little Kittens."

The show will be held on April 14, 1945, a class of pen of three fat hogs has been added to the show. All three of the hogs have to be from the same litter. A class of pen of three calves fed by one boy was also added to the show.

Also, the committee decided that a calf to be eligible or the crossbred class must be a cross between a dairy type and beef type.

The horse show will be continued and conducted as this year. Class will also be provided for sheep as needed.

All other classes will be the same as this year.

NOTICE

All Farm Bureau members have recently received a letter in regard to the Blue Cross hospitalization plan offered to the Farm Bureau members only. The Blue Cross plan is used extensively in other states and I believe it is a service that we should use here.

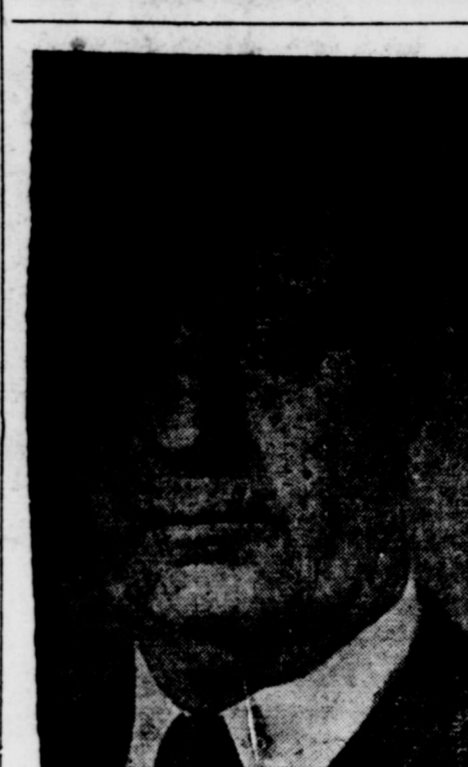

Anyone interested may see me or write me, as each enrollment should go through the county chairman.

ALBERT POWER
Albert Power To Seek Re-Election As Representative

To the Citizens of the 118th Representative District of Texas:

In January, 1942, you were considerate enough to elect me as your representative in the Legislature of the state of Texas. In the same month of the same year, and within a few days after the election, a regular session of the State Legislature convened at Austin, Texas. I went to Austin as your representative without an obligation to any person or group of persons except the obligation to do my utmost to do what was best for you and the other people of the State of Texas. I still am not under obligation to any special group, but I remain duty bound to continue to serve you and our great State. My constant attendance to the daily meetings of the Legislature and my constant watch over your interests is reflected in the records of the last session. I have studied conscientiously the working of our government and at this time I am in far better position to return to the State Capitol and do a greater service for you and our State.

It is a sacrifice for any man to leave his home and business to attend the Legislature of any state, but I place my Country, my State and my people above my own interests. And, if it is your wish that I return to Austin as your representative I will feel that it is my duty and a distinct honor for me to do so. My candidacy is in your hands for the coming Democratic Primary of July 22, 1944.

ALBERT POWER,
Representative, 118th
District of Texas.

1933 STUDY CLUB CLOSURE YEAR WITH TRADITIONAL LUNCHEON TUESDAY

As is traditional, the 1933 Study club closed the year with a 1:00 o'clock luncheon in the home of Mrs. J. C. Payne, Tuesday afternoon, May 2.

Spring flowers were used profusely throughout the reception rooms.

The table, covered with a white linen cloth, was centered with a crystal holding corresponding spring flowers. Hand-made plate favors decorated with fresh flowers, bearing a personal message of thanks, printed in gold,

AT FIRST SIGN OF A COLD USE 666 666 TABLETS, SALVE, NOSE DROPS

were the work and gift of the president, Mrs. O. R. Cloude, who also presented at this time a small remembrance gift to each outgoing officer.

During the business session, Mrs. Cloude presided where plans were made for a tea, presenting Mrs. J. L. Koonsman of Dickens, in a book review "Knoll Island" by George Agnew Chamberlain, Tuesday, May 9, at 8:30 p. m., in the home of Mrs. George Gabriel. Plans were also completed for a chuck wagon feed honoring the Daughters of the 1933 Study club.

Mrs. J. L. Koonsman, leader for the afternoon, called the roll which was answered with an interesting club experience.

Mrs. Coy McMahan, delegate to the Seventh District convention, gave a most interesting and informative report.

Mrs. O. R. Cloude, outgoing president, opened the installa-

tion ceremony with the reading of the club collect in unison. After the installation service, Mrs. McMahan very enthusiastically expressed her plans and ideas for next year through the medium of poetry.

At this time, Mrs. Cloude presented the incoming president with a new gavel, requesting that it be presented to the new president each year. This gavel was secured through the influence of a friend of Mrs. Cloude's at Lubbock, and is said to have been made from a piece of walnut that had been in friend's family for over a hundred years.

Members present were Mmes. J. W. Carlisle, O. R. Cloude, W. F. Gilbert, J. L. Koonsman, C. H. McCully, Coy McMahan, Everett McArthur, J. C. Mason, Thurmond Moore, Adrian Rickles, Charlie Powell, George Gabriel, John Stokes, R. C. Horschler, and Mrs. Foy Vernon and Mrs. Monroe Tunnell, visitors, and the hostess, Mrs. Payne.

Last Sunday evening Mr. and Mrs. L. E. Langford and Mrs. H. G. Hull entertained with an outing and picnic supper at Silver Falls, honoring Dick Hindman, seaman first class, who is home on a 15-day leave from San Francisco, Calif.

Before partaking of the delicious meal which was partly cooked over the open camp fire, several of the crowd enjoyed the first swim of the season.

The menu consisted of roasted weiners, tuna fish sandwiches, stuffed olives, pickles, hard boiled eggs, ice cream and cookies with bottled drinks.

Those present were Misses Joyce Fletcher, Ila Ruth Draper, Maxine Adams, Lou Emma Shugart, Robbie Hoover, Billie Jean Woodrum, Bettye Weaver, Nell Young, Allene Bloodworth of Matador, Junior Hagins, A. B. Carlisle, Jimmy Vernon, Pat Crystal, Calvin Hull, Billie D. Starcher, Mr. and Mrs. Glenn Lemley, the honoree, Dick Hindman, and the host and hostesses, Mr. and Mrs. Langford, and Mrs. Hull.

MRS. CECIL ESTEP HOSTESS TO HIGHWAY H D CLUB

Mrs. Cecil Estep was hostess to the Highway Home Demonstration club in the regular meeting April 27.

The lesson was on preparing meat from the storage locker. We learned our meats are of better quality and flavor if in packing you place wax paper between each slice and wrap the package flat for storing. Be sure you start your meat cooking while still frozen, for better flavor, said Mrs. Agnes M. Marrs, county home demonstration agent, as she prepared pan broiled and oven broiled steak.

Mrs. Harry Martin gave a report from the T.H.D.A. meeting.

Those present for the meeting were Mmes. Kely Putman, Har-

ry Martin, L. L. Teague, Ray George, M. E. Tree, Forest Martin Sr., D. L. Pace, Agnes M. Marrs, one visitor, Forest Martin Jr., and the hostess, Mrs. Estep.

SOY BEANS AND THEIR USE, DISCUSSED BY H D CLUB

"Soy Beans and Their Uses" was discussed by seven members of the Espuela Home Demonstration club when they met in the home of Mrs. T. C. Sandlin, April

28. A dish containing soy bean flour and peanuts, was prepared by Mrs. F. B. Crockett. This was served with punch and an upside down peach cake made of soy bean flour to the following members: Mmes. Wanda Cox, Pearl Morgan, S. L. Benefield, Roy Johnson, R. C. McMahan, F. B. Crockett, and one visitor, Grandmother Sandlin, and the hostess, Mrs. Sandlin.

GABRIEL HOME SCENE OF TEA AND BOOK REVIEW ON TUESDAY EVENING

A most lovely occasion was the seated tea and book review given in the beautiful home of Mrs. George Gabriel, 601 N. Truman

bull, Tuesday evening at 8:00 o'clock, by the members of the 1933 Study club to the other study club members of Spur. The house was profusely decorated with spring flowers. The members of the hostess club were in evening attire, with Mrs. Ga-

bril wearing coral pink taffeta, with dark red rose bud corsage, Mrs. O. R. Cloude, wearing white silk, with red carnation corsages, and Mrs. Coy McMahan in pastel blue, with pink rose corsage, forming the receiving line.

Mrs. W. F. Gilbert presided at a beautiful registry table which was most unique in its construction, being made from the Lebanon cedar, inlaid with mother of pearl, was imported from Syria by Mr. Gabriel.

Mrs. Madge Alexander at the piano, played the opening selections and accompanied Mrs. Gabriel while she sang "When You Remember," from the Sweetheart opera "Maytime" by Sigismund Romberg.

Mrs. Cloude, president of the 1933 Study club, introduced Mrs. J. L. Koonsman of Dickens, who reviewed "Knoll Island," by George Agnew Chamberlain, a story of a New England family, who gave three sons to the service of the Merchant Marines, which became very real to the listeners, as she quoted the characters in their New England dialect.

The dining room was particularly effective with lighted tall blue tapers in crystal holders, flanking a bowl of blue corn flowers on the buffet. The table was laid with a lace cloth, with silver and crystal service, centered with red roses on a mirror reflector, flanked by pink tapers in crystal holders.

Refreshments of delicious punch flavored with orange blossom flavoring, imported from Syria, with cheese canape, pin wheel and ice box cookies and home made mints, in pastel colors.

The plate favors were hand made folders bearing the name of Mrs. J. L. Koonsman and 1933 Study club, and the date of the occasion.

Mummy must've forgot to OIL IT

American mechanical genius shows itself at an early age. Youngsters are hardly out of their diapers before they know that today's world moves on a film of oil.

A few years more, and they have learned that the life of any mechanical device depends, in large part, on the quality of the lubricant. But even grown-up car owners are sometimes late in finding out a simple clue to choosing a quality motor oil.

It is contained in this plain, straightforward statement: If you want our best oil, remember we specify that Phillips 66 Motor Oil is our finest quality...the highest grade and greatest value...among all the oils we offer to average motorists.

Regular oil change has never before been so important, now that you must "Care For Your Car For Your Country." Authorities state that, with today's reduced driving, every two months is the safest change period. So get rid of winter-worn, contaminated lubricant... get quality, by asking for Phillips 66 Motor Oil.

*It's Phillips
Finest Quality*

PROVED IN 50 BILLION MILES OF SERVICE

Not so long ago a battered Flying Fortress, fresh from the fighting over Hitler's Europe, toured the United States, visiting Army Air Force training fields and bringing to fledging flyers a taste of air war as it really is. The plane, named the "Memphis Belle," and its gallant ten-man crew became famous as the American public heard and read the stories of its battles with the enemy, of its 25 combat missions, of the heroism of its crewmen, headed by Major Robert K. Morgan, pilot.

This coming Sunday and Monday, when the War Department's Technicolor record of the plane's 25th mission over enemy territory is shown at the Palace thea-

tre on the same film program with "Happy Land," the "Memphis Belle" is due for still greater fame. The picture filmed under actual battle conditions, shows every detail of the final combat flight from the moment of the take-off from an air field in Britain to the safe return. In between is battle, stark, grim, real. Battle with enemy fighters—battle with flack, flung upwards into the stratosphere by hundreds of anti-aircraft guns below. Battle with the 40-below cold up in the upper sky. The film shows a Flying Fortress shot down, its crew bailing out. It shows the destruction of enemy fighters—the actual bombing run over Wilhelmshaven and the shambles below. It shows the strange, icy

beauty of the stratosphere where vapor trails from the motors of the speeding planes act as beacons for enemy fighters and enemy flack. It shows the return, the wounded, the uncontrolled joy on the home field.

The "Memphis Belle," filmed by a camera crew under Lieut. Col. William Wyler, was made at the direction of Lieut. General Ira C. Eaker, then commanding general of the 8th Air Force and now Allied air commander in the Mediterranean theatre of war. It was approved by Gen. Henry H. Arnold, Commanding General of the United States Army Air Forces.

"Always First With the Latest"

A Salute TO SERVICE MOTHERS

This year---more than ever---give Mother the joy of being remembered!

WE WANT to propose a toast to the unsung heroine of the home front. A heroine who may not wear a uniform or make the front page. A heroine who is working days and nights and Sundays at an unspectacular job—writing letters, buying Bonds, canning vegetables, saving tin, doing everything she can to feed and clothe her family . . . and smiling through all the would-be tears, because there's a Service Star in her window.

To heroines like these we dedicate this Mother's Day. This is the day to rally round Mother and show her just what she means to her family and country . . . to let her know that we couldn't get along without her . . . that morale would be just another word, if it weren't for her love and her letters to the ones away.

Most of all Mother wants to see you, this Sunday. But if "home" is too far away . . . or if you can't arrange a furlough . . . the next best would be a remembrance of some kind. A card would be fine . . . and she'd adore a letter. A gift—no matter how simple—would give her a real thrill. If we know Mother, she'll say "you shouldn't have done it"—but do it anyhow!

MOTHER'S DAY IS NEXT SUNDAY—MAY 14TH

SPUR MERCHANTS HAVE EVERY KIND OF GIFT FOR EVERYBODY'S MOTHER!

Whether she's the Active Volunteer Mother or the Good-Old-Fashioned Type . . . we know the kind of gifts she wants and needs—she's been trading in our stores for years! Let us help you choose her gift . . . we guarantee to make her happy!

...
This year, choose useful, wearable gifts, because Mother is the soul of Yankee practicality . . . and sentimental bits of extravagance—because she'd never indulge in them herself. All through Spur stores, gift ideas are waiting to inspire you. Make your selection now!

Would One Hundred and Fifty Dollars Interest You?

The Tyler Commercial College, Tyler, Texas, is making plans to care for a large enrollment this summer. Young people seem more interested this year in business training than for a good many years. This condition is

brought about, no doubt, because of the insistent demand for well-trained office workers. Practically all of last year's high school graduates entered into some type of defense work, causing fewer young people to prepare for business positions; consequently, fewer were trained for office work. The Tyler Commercial College has for the past several months been getting many more calls than they have been able to fill at salaries up to \$150.00 per

month. Instead of this condition improving, it is gradually getting worse. This well-known school could place many more young people in responsible positions paying excellent salaries if they only had them ready. If you are interested in an intensive streamlined training and being promptly placed in a nice position, you would do the wise thing to write the school and get one of their catalogs and make your plans to enter immediately after graduating from high school. Their catalog is free. Address Tyler Commercial College, Tyler, Texas.

MOTHER'S DAY SUNDAY, MAY 14TH

The very name of "Mother" is sacred to us, someone has well said - "We think 'Mother' 'Home' and 'Heaven' are the three sweetest words in our language.

We pause when we speak the name "Mother." Our store of words is far too small to express our ideas of the important part "Mothers" have had in purifying this old world. We realize our own Nation has stood thus far because of the great Mothers who have lived, loved and sacrificed.

Your mission in the world was so great that God called upon a woman to give Him His Son, and your mission now is just as great as it was two thousand years ago.

You hold in your hands the destiny of men and nations, and because you do, we have faith in the future and courage to go forward.

"Vote for me, and I'll ruin that business & give you part of it!"

POLITICAL PIE
 Certain types of politicians will always pick on businesses.
 For example, if ten hard-working men have built a good business and saved some money, a certain kind of politician can point at the business and say to 1,000 voters: "Vote for me and I will destroy that business with taxes or ruin it with oppressive laws, and then I'll divide it up among you."
 A lot of soft voters want to succeed in life by this easy process of division.
 They fall for these political promises of a piece of the other fellow's pie.
 But most Americans have sense enough to see that if nobody is allowed any reward for extra ambition and extra work in this country, THEY themselves will have no chance to grow and save money.
 If a whole nation is taught by politicians to look down on successful people, you are simply heading for a whole nation of flabby, unsuccessful people—controlled by politicians.
