FRANKLIN D. ROOSEVELT
TO FINISH THE JOB

Soldiers Don't Like To Change Commanders

An army captain visited Democratic State Headquarters in Dallas recently and said that his most startling experience in the South Pacific was when he was assigned to a new company right in the midst of a hot campaign and the men did not want to accept him at first. "It was the most amazing thing," he said. "I was given command of that company of about two hundred men who had never seen me before and I had never seen them and it was right when things were thick. I gave the command to go forward but for about sixty long seconds not a man moved. They only looked at me. Finally, their sergeant jumped up beside me and said, 'come on fellows, let's get going,' and they did. After a few days I got acquainted with the men and could call a lot of them by name and from then on we got along fine. Not being a career soldier I had never realized until then how much soldiers depend on their officers and how much they resent a change in commanders."

The captain's experience with fighting men is typical of soldiers the world over. Their captain is the best and so is their major, their colonel, their general, and so is their Commander-in-Chief. They don't like a change.

"There will be less than five million soldier votes cast in the general election because of the obstructionist tactics of republicans in Congress," said Col. Myron Blalock. "The administration tried to give a vote to every service man and woman but the republicans blocked it, thus depriving between five and six million of our fighters of the privilege of voting. They did this because they know that the vast majority of our service men and women are solidly back of their Commander-in-Chief and that they don't want a change."

District Farm Bureau Meeting Scheduled Lubbock Thursday

Critical issues of vital importance to producers of farm products will be discussed by farmers of this area in a meeting to be held at Lubbock, Thursday, Nov. 9.

The meeting is sponsored by the Texas Farm Bureau Federation and is one of a series of 13 being held throughout the state of Texas to consider current questions and issues affecting agriculture.

Among the problems to be discussed will be the recognition of agriculture as a war industry with sufficient allotment of machinery, supplies, gas, oil, rubber and transportation to produce and harvest the largest possible crops for the war effort; subsidies and rollbacks; that laws already passed providing for the protection of farmers be honestly administered; ceiling prices on farm products to be set at levels that will in all cases reflect full parity; reasonable floor prices on all agricultural products year-in and year-out; presenting a united front to gain justice and equality for agriculture.

Principal speaker at the meeting will be J. Walter Hammond, president of the Texas Farm Bureau Federation, and R. G. Arnold of the American Farm Bureau Federation.

Home Canning Sugar To Be Issued Here Until December 1st

Sugar for home canning will continue to be issued eligible applicants in the 71 counties of the Lubbock OPA District until December 1, Food Rationing Officer Opal L. Wood has announced in reply to many inquiries.

"The second period for issuance of home canning sugar was designated to run through November because of late fall fruits in many parts of this District." The original plan is to be continued to provide sugar for canning late fruits, she pointed out.

Many local boards have reported an influx of applications for home canning sugar following a recent report that October 31 was the application deadline in some Districts in Texas.

Express Thanks for Carnival Support

The faculty, student body and PTA members of the Spur schools wish to express their thanks and appreciation to all the patrons for the splendid cooperation shown them in making the school carnival such a huge success.

C. F. COOK,
Supt. of Schools.

member of the state board of directors from this district, will preside. The meeting will start at 10:00 a.m. in the Lubbock hotel at Lubbock.

Most Businesses to Remain Open Here On Armistice Day

Reversing action taken by the Chamber of Commerce several weeks ago when it voted for the business houses to close on Armistice Day, it was decided by a majority vote of members of Chamber of Commerce present at a meeting in the City Hall Monday morning that with the exception of two hours—11 a.m. to 1 p.m.—the stores would remain open throughout the day.

As agreed upon at this meeting, all stores will close at 11 a.m. as a tribute to veterans of World War I, and remain closed until 1 p.m. staying open the rest of the day.

It was decided after much discussion among Chamber of Commerce members and business men present, to keep the stores open on this Armistice Day, which falls on Saturday, to accommodate rural people who are in the midst of harvesting their crops.

Some places of business, however, will be closed all day. Among them being the three lumber yards, some of the insurance offices, The Texas Spur and possibly others.

ANNOUNCEMENT

Spur schools will observe Thanksgiving Holiday on Thursday, Nov. 30, and Friday, Dec. 1. Christmas Holiday will be announced in a later issue of The Texas Spur.

1st Lt. Max McClure Assigned Instructor P-47 'Thunderbolt'

AN EIGHTH AAF COMPOSITE STATION, England—With over 220 combat hours logged to his credit, First Lieutenant Max W. McClure, of Spur, Texas, has been recalled from operational flying to a fighter training station where he is assigned as an instructor for P-47 "Thunderbolt" pilots fresh from school graduation in the States.

With the benefit of the "tricks of the trade" which Lt. McClure learned the hardest way a man can learn—actual combat with the enemy, he is in a position to give these untried pilots a considerable boost in knowing how to fly and fight. Lt. McClure has been awarded the Air Medal with ten Oak Leaf Clusters.

He was born and raised in and went to high school in the class of '36. After spending a year of study at Texas Tech in Lubbock, he left college to take over the operation of the Texas Spur at co-editor with his brother, Oren Jr. This paper was published by their father, Oren Sr., who organized it in 1909. The paper has remained in the family through the years so that it became a family institution. Oren Jr. is now a seaman with the Atlantic Fleet.

Within the month following

"Pearl Harbor," Lt. McClure enlisted in the air corps at Lubbock and five months later was appointed an aviation cadet. In March of 1943, he was awarded his wings and commission at Foster Field, Texas. The following October he arrived overseas. Promotion to his present rank was received while flying on combat operations. Mrs. Ann B. McClure, his mother, lives in Spur.

More Equipment Is Needed For School Lunch Room Now

The school lunch room will not be opened to high school students until the present shortage of equipment is relieved. This equipment which consists of forks, spoons and plates, is not available for purchase.

To admit the high school students, donations of the above mentioned utensils must be made at once.

C. F. Cook, superintendent of schools, urges the full cooperation of both pupils and patrons to make this venture a complete success. Please make your donations to the lunch room facilities at the Junior high building.

Mrs. H. A. C. Brummett of Dickens underwent major surgery in the Lubbock Hospital on Tuesday, Oct. 24. At the last report, she was reported to be doing nicely.

Barbecue and Steak Fry For All Service Men Armistice Day

If you have ever worn the uniform of your country for a day in any war at any time, you have a hearty invitation to drop by the Experiment Station for a feed any time from daylight until dark on Saturday, Nov. 11.

The Swenson Land and Cattle company has furnished a top beef which has been fed for months and is now in the cooler. The Spur Chamber of Commerce is furnishing the trimming to make the feed a good one. These people are very happy to have this little opportunity to express their appreciation for your services to their country.

More Navy Men

The following is a list of Navy men not included in last week's issue of The Texas Spur: Henry Causey, Lawrence Causey, Loyd Casuy and Kenneth Dopson.

The list was compiled by parents of the various boys and friends who supplied the names. Many Dickens county men are not included on the list because when it was compiled, the names were not available.

Mrs. M. E. Tree is a surgical patient in the hospital and is doing nicely.

Petersburg Squad to Challenge Bulldogs Here Friday Night

Spur's Bulldogs and the Petersburg Football Squad will gang up en masse on Spur's grid, the Charles A. Jones Memorial stadium, at 8 p.m. sharp on Friday night, Nov. 3, for a rousing non-conference scrimmage.

At the start of the season Petersburg clashed with the Lockney Longhorns and finished with the tie-up score of nothing to nothing. Other information as to their ability and oppositional weights has not been furnished. They will offer the Spur team kept competition, and the Bulldogs, intent on holding their fighting record, are eager to accept any dare.

cluding state rights and the The Pep Squad will offer a Spur's Starting Line-up:

Bulldogs Take 34-0 Win Over Longhorns Here Last Friday

Spur's Bulldogs coasted to a 34 to nothing victory over Lockney's Longhorns on the Spur grid Friday night, Oct. 27 to win the second district game.

Coach Jack Christian used his second string extensively.

Jimmy Draper went 25 yards for Spur's counter in the initial period. In the second, Calvin Holloway went over from the 2 on a reverse, after a Bulldog march of 65 yards.

Elmer Gannon scored two touchdowns on spinners in the third, and in the fourth, David McAteer, second stringer, intercepted a pass on the Lockney 20 and took an easy gallop over the double stripes.

Spur's passing game worked smoothly, with Draper lobbing them and Holloway and Dub Rumfield doing most of the receiving.

Spur's outstanding linemen were: Wendell Parker, end, and last year's all district player, Donald Delisle and Lane Ericson, guards and Dewey Watson, tackle.

Robert Williams, Junior high principal, and his physical education class gave a between half tumbling act which was a splendid exhibition.

S-Sgt. Joe E. Young, Aerial Gunner, Gets Good Conduct Medal

FIFTEENTH ARMY AIR FORCE—S/Sgt. Joe E. Young, 22, son of Mr. and Mrs. D. J. Young of Girard has received official recognition through orders, it was announced by the 15th Army Air Force Headquarters.

In the words of the citation which accompanied the award of the Good Conduct Medal, Sgt. Young's work "has demonstrated fidelity through faithful and exact performance of duty, efficiency through capacity to produce desired results." It also mentions that his "behavior has been such to deserve emulation."

Sgt. Young, aerial gunner, is stationed in Italy with a Liberator Bombardment group of the 15th Army Air Force which has been bombing German held targets in Europe.

A graduate of Girard high school, and a former student of Texas Technological College, Lubbock, the sergeant was inducted into the Army July 16, 1942.

SACRED HARP SINGERS TO MEET IN LUBBOCK

The South Plains Sacred Harp Singing Convention will convene in the Foursquare Gospel Church at the Corner of 8th and Avenue Q, Lubbock, at 10:00 o'clock on Saturday and Sunday, November 4th and 5th. All singers and lovers of the Old Time Singing are invited to be present.

FARM BUREAU Accomplishments

1. The Farm Bureau has cooperated fully and furnished leadership in all civilian war activities.

2. The Farm Bureau sponsored the Bankhead-Steagall bill placing a loan of not less than 90% of parity under farm products.

(a) The loan rate on cotton for 1944 is ten cents per pound above that of 1940.

(b) The loan rate on wheat for 1944 is seventy cents per bushel above that of 1940.

(c) The price of peanuts has been raised from \$94.00 per ton in 1942 to \$160.00 per ton in 1944.

(d) Support prices similar to above are now in effect for all staple crops grown in Texas.

3. The Farm Bureau successfully sponsored the recent movement to get WFA to purchase 1944 crop of cotton and wheat at parity resulting in millions of dollars to our farmers this year.

4. The Farm Bureau sponsored the recent amendment to OPA which raises ceiling prices on all agricultural products, or products processed therefrom, to reflect full parity to the farmers.

5. The Farm Bureau helped in getting policies adopted in Washington to provide increased machinery and supplies for maximum farm production.

6. The Farm Bureau helped defeat bills which would have crippled REA program.

7. Supported successfully continuance of our National Farm Program.

8. Supported continuance of Bankhead-Jones Farm Tenant act to aid low income farmers.

9. Helped get funds for agencies serving farm people.

10. The Farm Bureau successfully sponsored legislation directing the President to use all agencies of government to raise prices of farm products to parity, and to take into account the increased cost of farm labor.

Duck Creek Soil Conservation District NEWS NOTES

RILEY WOOTEN, Chm. OSCAR McGINTY, Sec.
WILL WRIGHT TOM MURDOCK A. A. FRY

Conservation group 33, northwest of Jayton, has had quite a bit of terrace construction with farm equipment in the past year. Woodrow Hodges had several terraces built with a side disc plow and he said all of his terraces except one had functioned properly. He is well satisfied with the system and plans to maintain the terraces this year. D. E. McKenzie has built several terraces with his own equipment. J. W. Rinehart of the same group was rebuilding old terraces this week and was doing a good job of it, using a two-disc breaking plow. He plans to build some new terraces this fall. Mr. Rinehart is also planning to carry out another conservation practice which will be very beneficial to cultivated fields and probably a practice which is usually not given enough consideration. He plans to clear mesquite trees back about 30 feet from his cultivated field fences, thus keeping the root of the trees from stealing the moisture from the cultivated fields.

E. D. Reeves has built up several of his old terraces and plans to work on the rest of them this year as soon as he has finished with his combine work.

Joe Hunnicut of Conservation Group 11, in Kent county, was doing a good job of maintaining and building up some old terraces this past week. He is thinking about making a field road or turnout on the ridge line where the land slopes into two different watersheds. This will cause the runoff water to be handled in its own individual watershed and also make his point row systems easier to work.

T. H. Blackwell has been building some terraces on his farm north of Dickens. He has been doing this work with farm equipment and is having very good results. Dr. Blackwell has also secured a nice stand of alfalfa on about 25 acres on the same farm this fall. He plans to let the excess runoff from his terrace system spread on the alfalfa which not only will help the alfalfa but will furnish proper outlets for his terraces.

In an inspection this past week on five acres of land seeded to grass on the F. E. Walker farm of the Highway community, four of the five grasses planted were discovered to have made a fair stand. The blue grama has shown the most progress.

bers of Dickens county who are doing their part in securing the above accomplishments. They are also ready to push through the issues for the coming year. These issues will be listed next week.

The Draft Dodger

By PVT. JOHNNY BAKER

I am writing this short letter, And every word is true; Don't look away, Draft Dodger, For it's addressed to you.

You feel at ease, and in no danger Back in the old home town; You cook up your pitiful stories So that the draft will turn you down.

You never think of a real man That lives day by day; You just think of their girl friends, That you'll steal while they're away.

You sit at home and read the papers And jump up and say "We'll win!" Just where do you get that "WE" stuff— This war will be won by men.

Just what do you think, Draft Dodger, This free nation would do If all the men were slackers And scared to fight, like you?

I guess this is all, Mr. Slacker, I hope your face is red; America is no place for your kind— And I mean every word I have said.

Roosevelt vs. Dewey

By EDGAR DORTCH

Dewey is all vanity as you can see, And is buzzing around like a bumble bee. If he is elected we will return to the curse of 1926 Which will put us all in a hell of a fix.

The promises he makes to me and you Are many, but they will never come true; And he stews and sweats and tells of his great glory, But the time will come for the telling of a different story.

Mr. Roosevelt, a noble and benevolent man is he; And has made the people happy and free; His good works are many and have a far reach, He does not claim to be the only pebble on the beach. He does not rule by greed and might, But by the principles of justice and right; And when our work is done and the battle is over We pray we will not return to the curse of Hoover.

Twelve Long Years

By ALTON L. FOREMAN

(Re-run by request)

The republicans, for twelve long years, Have shed their coats and skins, and tears, To tell their comrades how they feel, Regarding Roosevelt's New Deal. For twelve long years they've plead for votes, But never speak of 9c oats; They say this New Deal stuff is rotten, But never speak of 4c cotton.

For twelve long years they've wept aloud, And cursed this money spending crowd; They say of liberty we are shorn; But never breath of 10c corn.

For twelve long years they've yelled and raved, The Constitution must be saved. But with their purile, prate and prattle, They sing no song of 2c cattle.

For twelve long years they've been at sea, And now they come to you and me; And offer us as bait for votes, More 2c steers and 9c oats.

For twelve long years they've yelled and wailed, And tell us how the New Deal failed; They tell us how we're going to spoil, But never mention 10c oil.

For twelve long years they fume and fret, Hammer and slander our New Deal set; They tell us all Roosevelt's a cheat, But forget to talk 2-bit wheat.

They offer as in days of old, "A crown of thorns, a cross of gold." A balanced budget, can you beat it? Well, one thing sure, you can't eat it!

RIGHT AS TO GERMANY

The leaders of Nazi Germany seem inclined to make the defense of that country a house-to-house matter, evidently in the hope of emulating the example of Soviet Russia and making Allied losses so high that there will be a chance for a negotiated peace.

While no civilized individual would suggest the deliberate destruction of German cities, regardless of the necessity of warfare, there exists no reason whatsoever to omit any offensive action that will persuade the Germans to give up the struggle.

Hitler once boasted that if Germany had to be destroyed in the present war, he would take all Europe with him. The state of the war suggests that Hitler may be right as to Germany but he has lost the power to inflict destruction upon the rest of Europe. demonstrated repeatedly in the Russian campaign, where the Germans, with one notable exception, repeatedly escaped Russian efforts at encirclement of large bodies of troops.

It will continue to be probable in France as long as the German armies fight as a cohesive force, under the leadership of officers who understand the art of warfare.

It is no reflection upon Allied generalship or soldiers that the excessive and over-optimistic prophecies of zealous reporters are not carried out. In fact, these predictions of tremendous successes tend to underestimate the job that faces our soldiers who are fighting a stubborn and intelligent foe, holding defensive positions of considerable strength.

If the Nazis stage a Stalingrad defense, the people of Germany will discover what war does to cities, towns and villages.

Barriers to trade tend to prevent higher standards of living for the people of the world but some people want them.

The way some of the people at home talk you would think that the best soldiers are talking about the war, not fighting it.

If the people of the United States want world peace they might as well elect a Congress

that is willing to cooperate with other nations in safeguarding the peace.

The great victory that was accomplished in France was an Allied triumph, not an American demonstration, regardless of what you read in the newspapers and hear over the air.

Know How Justice Works In Axis-Land?

Well, one man is judge and jury over there. One Nazi gang—his personal political party—runs everything. Business, religion, education—all human activities are under the same political management. What they tell you to do, you do. If you go to the police, they are the police. If you go to court, they are the court. The cards are stacked against you. You haven't got a chance.

Today, we're battling that brutal system for all we're worth—to prove that our way of life is better—a way of life which respects the rights of individuals, allows them to work, create, and live their own lives—in freedom.

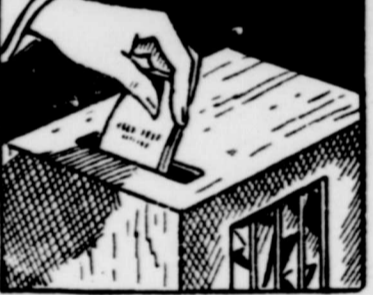

Here is a boy who starts as a core-maker's helper in a steel mill, and becomes president of his company. Here is a girl who learns to sew and becomes a famous dress designer. Here is a man who enters government service and becomes a cabinet member. All of them advanced by their own ability and initiative. That's the way it ought to be. It's right, and fair, and just.

It's the business of business men to run our industries. It's the business of public officials to regulate them in the interest of the people. Yes, it's a great system, this American business management. It's great because it works. It works so well that right today America leads the world in many things, and one of them is the production of electrical power.

There is no substitute for War Bonds, either.

Good Pie Is Appetite Tempter, So Try It With Any Fruit

Family hungry for pie? America's favorite dessert can again take a place on dinner tables since fats are unrationed and eggs plentiful and economical.

Keep the pies light and fluffy if you are serving a heavy dinner. A good pie to make is the one-crust type, which takes only 10-15 minutes to bake the shell, and a creamy pineapple filling that cooks quickly on the top of the range. This fruit represents a big "point investment," so be careful in your baking.

Those living in the suburbs, rural communities and farms will use their quick-cooking liquefied petroleum gas ranges for baking. Fueled with "bottled" or "tank" gas, the oven bakes the crust quickly to golden brown goodness while the simmer flame under the double boiler cooks the filling to smooth deliciousness.

Fresh or canned pineapple may be

used in this recipe. Other fruits may be substituted.

Pineapple Cream Pie

1 tbsp. unflavored gelatin
1 cup cold water
6 tbsp. flour
1/2 cup pineapple juice or water
1/2 cup sugar
1/2 tsp. salt
1 1/2 cups milk
2 egg yolks
1 tsp. vanilla
2 egg whites
2 tbsp. sugar
1 nine-inch baked pie shell
4 - 5 slices pineapple

Sprinkle gelatin in cold water. Add hot water or juice and stir until dissolved. Blend flour, sugar and salt. Add hot milk. Cook in double boiler until thick and smooth. Cover and cook 10 minutes longer. Gradually add beaten egg yolks. Cook 2 minutes longer. Add gelatin and vanilla. When cool, fold in egg whites beaten stiff with sugar. Pour into baked pie shell. Chill until firm. Top with slices of pineapple and garnish with berries.

Mrs. Walter Gruben Honoree at Shower Last Tuesday P. M.

Mrs. Walter Gruben was the recipient of many lovely and useful gifts when on Tuesday evening, Oct. 24, she was honored with a shower at which Mrs. Joe Long and Mrs. Frank Watson were co-hostesses.

Confined to her bed for some time, Mrs. Gruben was unable to attend a shower given in the usual manner, so gifts were left at the home of Mrs. Long where she and Mrs. Watson bundled them together and delivered them to Mrs. Gruben at her home.

Those sending gifts were: Mmes. O. R. Cloude, Elmer D. Hagins, Foy Vernon, James B. Reed, Hansford Ousley, W. S. Featherston, J. P. Legg, Charlie Powell, John Stokes, Ab Bingham, L. W. Langston, E. L. Smith, Jerry Ensey, L. E. Langford, B. T. Moore, T. J. Seale, Martin Pope, W. M. Hazel.

J. C. Reese, Alva Smith, R. C. George, W. P. Shugart, Herman Coe, H. G. Hull, Edd Williams, J. E. Berry, Ralph Sherrill, J. A. Marsh, T. E. Milam, C. A. Alldredge, Richard Gibson, Louella Powell, Hattie Turvan, W. B. Francis, Myrtle Whitwell, Ann McClure, Rosemary Deaton, Miss Jennie Shields, Mr. and Mrs. J. D. McCain, Mr. and Mrs. W. C. Gruben, Miss Emma Pearl Gruben, Mr. and Mrs. Henry Gruben, Mrs. Joe Long and Mrs. Frank Watson.

Woman's Missionary Union

First, let the writer correct a mistake in last week's report: It was the Lockett Circle that rendered the beautiful program and outnumbered each of the other two circles in attendance rather than the Bagby Circle. Will each member of the Lockett Circle please accept sincere apologies.

Monday, Oct. 30, the three circles had a combined attendance of about a dozen and a half at the forenoon meeting. Mrs. R. C. Alexander, Associational W.M.U. president, gave an impressive and inspiring devotional and otherwise contributed to the interest of the meeting as Mrs. R. C. George taught the first part of the little booklet "Things We Should Know."

A luncheon was served, and in the afternoon Mrs. George concluded, in a brief manner, the remainder of the booklet. The program year book was planned for each remaining month of the year.

Last week the local president, Mrs. O. R. Cloude, attended the regular monthly Workers Conference of Dickens County Baptist Association which met with the Afton Baptist church. She reported our Woman's work in the afternoon during the W.M.U. meeting. Mrs. Middleton reported the Woman's work of the Afton church, Mrs. Tom Johnson reported that of Dickens, and Mrs. Smith that of Dry Lake. Mrs. B. W. Shepherd, wife of the newly elected District Nine Missionary, attended this W.M.U. meeting of the Workers Conference and conducted the devotional.

Pastor Herman Coe of First Church of Spur, assisted in the annual meeting of the Wayland Baptist College, Plainview, and was absent during this Worker's Conference, but had a representative, Bro. Byrom, student of Wayland College, who made a splendid and effective talk.

Other than Mrs. Cloude, of the First Church of Spur, those who attended this workers conference were: Floy Watson, Mrs. T. J. Hicks, Mrs. Albert Bingham and Bro. and Mrs. J. T. Campbell, who are former residents of this association, but are now students of Wayland Baptist College. Mrs. Campbell spoke on Co-Laborers through the W.M.U. during the general meeting of the Conference.

State Teacher Body Completes Survey Teacher Vacancies

The Texas State Teachers Association has just completed an exhaustive survey on teacher vacancies, turnover and qualifications. The survey includes replies from 149 county superintendents and 834 independent school district superintendents. Thirty seven thousand and seventy one teaching positions or approximately 90 per cent of all positions in Texas are included in the survey.

Replies from the superintendents disclosed that on the opening day of school 1,619 teaching

positions had not been filled for the school year. The percentage of vacancies in rural schools was higher than for independent districts. These vacancies exist although the schools abolished or consolidated more than 700 positions during the past school term.

More than one-fifth of all the teachers in Texas are new to their job for this year. One question asked of superintendents by the State Teachers Association disclosed that they have 7,992 new teachers in their schools this year.

The rural schools are shown to have been forced to employ more than thirty-five percent of their teachers with sub-standard qualifications. The reports disclosed that a total of 6,146 teachers started the 1944-45 school term with qualifications that would have been considered below standard before the war.

The supply of teachers in Texas does not promise to improve the situation could be in the near future. On the come even more acute. Fewer college students are studying to enter the teaching profession, and although a large number of emergency certificates have been issued, the number has been inadequate to meet the need for well trained teachers.

The low pay of teachers in Texas is given by the Teacher Association as one of the chief reasons for this shortage. The average pay of teachers in Texas last year was approximately \$1200 per year. The National average of pay for teachers is more than \$1600 per year.

Thurman Moore Jr., student in the University of Texas, Austin, came in Friday to visit over the weekend with his parents, Mr. and Mrs. Thurman Moore.

Miss Mona Hughes received her B.A. degree in Journalism from the University of Texas, Austin, on Oct. 26. She is the daughter of Dr. and Mrs. J. F.

Hughes, and will remain in their home indefinitely.

NOTICE!

Armistice Day, Nov. 11

THE CHAMBER OF COMMERCE CALLED A MEETING OF ITS MEMBERS FOR THE PURPOSE OF DECIDING THE PROGRAM OF ARMISTICE DAY NOV. 11. IT WAS THEREFORE DECIDED AND VOTED ON TO BE

OPEN SATURDAY, NOV. 11th

All Stores Being Closed From 11:00 A. M. Sharp Until 1:00 P. M. in Honor and Memory of Veterans of World War I. The Stores Will Be Open the Balance of the Day to Serve This Trade Territory Who Are in the Middle of Harvesting Their Crop.

LOOK FORWARD ... to a World of Peace

Today We Honor the Fighting Men of Both Wars!

THE heroes of World War I have not been forgotten in our hearts. They are just as much honored and respected today as 26 years ago, along with their sons who have proven themselves in the present day conflict. On this Armistice Day, Nov. 11, 1944, we pay tribute to the men of Chateau Thierry and of the Philippines, of Argonne and Tarawa. They represent the spirit that is America.

SIGNPOSTS To VICTORY

Every white cross that is placed over the grave of a soldier brings victory a little closer—at the greatest cost. YOU too can help to hasten victory . . . you can help to save lives. Donate your blood as often as possible and bring more boys home to the mothers and wives who are waiting.

Salute a Hero With a Bond

For every boy who doesn't return home, there is a broken heart, an empty home. Do your part to hasten victory . . . to bring more of our heroes back, quickly. Buy war bonds and then more bonds . . . and hold on to them!

Armistice Day . . . 194?

That great 2nd Armistice is coming . . . and soon. All over America, whistles will blow, bells will peal joyously, and every throat will hail the returning heroes. Will you be proud of the part you played in hastening that day?

JOKES

Dewie: "I came out for spring training."
Jane: "Wonderful! How far can you spring?"

Donald: "Independent—that's me. Ever since I was a small child I've been allowed to make my own selections of everything."
Inez: "Yeah, even picked your own teeth, I suppose."

Dot: "Do you file your fingernails?"
Bert: "No, I just throw them away after I cut 'em."

Dub: "Just to think, I promised my mother I would never be a football player."
Mr. Hayes: "Well, you certainly kept your promise."

Johnny Dan: "I heard you put your money into bee keeping."
Tommy Towles: "Yes, but I got stung."

Jean Arthur: "Wonder if they put water in hog sty, could they call it a fountain pen."

Stud: "Did you take a bath last night?"
Kenneth: "No, is there one missing?"

Deane: "Who was that new girl you were out with last night?"

Junior Fry: "That wasn't a new one, just an old one warmed over."

Nell: "I don't think I want to go with that football player."
Barbara: "Why?"
Nell: "I'm afraid we'd get penalized for too long in the huddle."

SONG HIT OF THE WEEK

"Hot Time in the Town of Berlin"

There'll be a hot time in the old town of Berlin
When the Yanks go marching in
I wanna be there, boy, and spread some joy.
When they take old Berlin.
There'll be a hot time in the town of Berlin
When the Brooklyn boys begin to take the joint apart and tear it down,
When they take old Berlin.
They're gonna start a row and show them how,
They kept the town back in Kokomo.
They're gonna take a hike thru Hitler's reich,
And change the heel to "whatcha know Joe?"
There'll be a hot time in the town of Berlin
When the Yanks go marching in.
You can never keep them happy down on the farm.
After they take Berlin.
The song that was chosen second was "Is You Is or Is You Aint Ma Baby."

FUTURE

The Spur Homemakers have been busy as bees, Making and baking cakes. For boys overseas.

E ach heart's desire
S elf improvements, self respect and good citizenship.

SCANDAL

I've heard there's a new romance between Tommy Towles and Ernestine Berry. Had you heard?

Wendell George and Juanel were taking in the carnival the other night. Have a good time, kids?

Winona still seems to like Billy Merl. Does HE still care? Don't you all think that Aline and Lane go together like ham and eggs?

Looks like Forestine has been keeping an eye on Billy Hale. I wonder?

The Penn-Delise romance is running smoothly now. Wonder what happened?

Bert wants to know why Dub doesn't look down East Harris street instead of going to Dickens.

It seems to me "Pat" Arrington and Brownie Ogle are hitting the high spots—or don't you call Lubbock a high spot? Dot Karr and Jackie Draper ought to know.
Imogene Rogers finally caught on to Calvin Hull's idea. They make and awfully cute couple.
Too bad Petty couldn't find a date Saturday night since she has so many boyfriends from Girard to McAadoo.

Poor Charmian!!! She doesn't know exactly what to do. She sure was happy Thursday at noon.

Where did Maude and Billy Wayne go during the Sophomore party?

It seems as though "Shorty" may be lonesome pretty soon. Roy Lee is leaving in about two weeks. Poor Dyess.
Draper and Ericson cause plenty of trouble in fourth period study hall. Mrs. Labay has the hardest time. It's always "Lane, turn around." Mafai sits behind him—Now you know...!!

Lois and O. E. have almost as many fusses as a few other couples. It's always so sweet when you make up—the voice of experience!!!
Billy Wayne and Mavis are getting along O. K. Every afternoon after school and sometimes even at night. What goes on?

It seems as though Kenneth Carlisle is interested in a Soph. I don't blame you. She is a pretty blond.

Say what about it Graden Graden? Doesn't Elizabeth Westfall like that black car anymore?

James Sharp declares he doesn't like girls, but in fourth period study hall he makes eyes at a cute blonde.

The Stanley sisters are very interested in McAadoo football players.

It seems as if J. W. Wilson is improving his grades since the girls have left his mind.

It seems as though Louise Wade is getting lots of letters from Texas Tech. What about that Lane?

That romance between Joyce Williams and Carl Gragson is going too far.

Say, Roy McMahan, why do you make so many trips to Dickens.

I'll be seeing you.

MADAME SWANIE.

SENIORS PRESENT AN ASSEMBLY PROGRAM

The Senior class presented the second of a series of assembly programs, Friday, Oct. 20. Orville Robinson, president of the Senior class, was master of ceremonies. First the students and faculty sang "God Bless America," led by Eureka Hoover. Then several parts from "Romeo and Juliet" were given. Junior Fry played Romeo and Marjorie Randall played Juliet. The seasons—Spring and Fall—were given; the gathering of the nuts and the trapping of the skunks. Mrs. Jeffers presented her first year Artaban girls who were dressed as "little girls." The audience judged the most appropriately dressed girl. Dorothy Dines was the typical "little girl." She received a gift of an empty box. Mr. Hayes made announcements and then the assembly was closed.

Abigail and Phoebe

Dear A. and P.:
I am a very beautiful girl, but the boys don't seem to care for me. My problem is, how can I make them notice me?
Worried.

Dear Worried:
Haven't you ever heard of flirting?
Luck,
A. and P.

Dear Sisters:
I am a very charming young lady. I am writing to a very handsome boy in the Marines. I like him very much, but there is a boy in Dickens that I just simply adore. I need your advice very much. Should I quit writing to the Marine?
Yours,
Undecided.

Dear Undecided:
We have come to the conclusion that you should keep writing to the Marine to keep up his morale but go ahead and have fun with the Dickens boy.
A. and P.

Dear Sisters:
I am a lonely little freshman. I was told that a senior football player was going to ask me for a date. Him being a senior and I just a Fish, makes things very hard. He is a wolf so I have been told and I am going to tell him "NO." How should I tell him so that I won't hurt his feelings?
Loneliness.

Dear Loneliness:
Haven't you heard that there is a man shortage on and if you like the Sr. don't listen to gossip, unless you know what you hear is true. We know that's how we lost ours.
Sincerely,
A. and P.

Dear Sisters:
If you had four boyfriends and you didn't know which you liked best, what would you do?
A friend,

Dear Friend:
Why don't you try Eni, meni, mini, mo?
Always,
A. and P.

Dear Sisters:
I have two girl-friends that are in need of my help. They want to know how I got my man, and I really don't know. Should I go to their man and talk to him, or just sit back and see them heartbroken? If I go to "their man," what should I say? "Hoping for the best,"
Worried.

Dear Worried:
Usually match-makers end up worse than do the lovers, so let them win them the best way they can.
A. and P.

Dear Abigail and Phoebe:
I am desperately in love with a boy who is very obviously not in love with me. Should I go after him with everything I have or die with a broken heart? You are my last hope. Please try to help me so I can get my mind on my subjects and make better grades. Darn these football boys! Elaine, the second.
Dear Elaine, the Second:
All we can say is go after him with everything you have.
Good luck,
A. and P.

Dear A. and P.:
There is a boy going to high school and every time I see him I just have chill bumps. I used to be just nuts about him but now it seems that I hate him and want to get revenge because he seems so happy.
Please tell me what to do, because I know that I'm selfish.
Me.

Dear Me:
If you will just ignore him that will do him more good than trying to get revenge.
Sincerely,
A. and P.

Dear Sisters:
I am a blonde, junior girl and I am deeply interested in a blonde senior football player. He has no particular girl and I would certainly like to be "the one." How can I bring him into my world? I am in great need of your advice and it will surely be appreciated.
Yours truly,
Needy.

Dear Needy:
If we are thinking about the same boy you are, he has a girl, but you can try your luck anyway.
All the luck,
A. and P.

THE TEXAS SPUR, THURSDAY, NOVEMBER 2, 1944

THE PERPLEXITIES OF YOUTH

By WENDELL GEORGE
Beginning at the age of about thirteen or fourteen years, it seems that every boy and girl starts having troubles. Of course adults do not seem to think these are real troubles, but to the boy or girl they are very important.
One thing of major importance to a boy or girl is his physical appearance at this time he is growing and changing rapidly. Sometimes a boy grows so tall that he is embarrassed about his size.
The complexion is never very good at this time. It is sometimes red or pimply and a cause of embarrassment and unhappiness.
Many boys and girls worry a great deal over their clothes. They often disagree with their parents about clothes that are appropriate. This is especially true in the case of girls.
Boys often want more expensive clothing than their parents approve of. For instance, shop made boots and leather jackets.
Every youth wishes to have many friends and to be popular. This is often one of his big problems because he often feels unpopular and unwanted. Many do not have friends because they do not know how to make them. They want to be friendly, but are timid, and wait for the other fellow to be friendly toward them.
It seems that everything boys and girls want to do, parents think it is wrong, or that they are too young to do it.
There are not enough right things to do to keep boys and girls entertained.
In a small town there is no place to go for entertainment except to shows.
It seems to me that if the citizens of a community would be more concerned and provide wholesome entertainment for high school boys and girls, there would be much less delinquency in our country.

BASKETBALL PLAYERS RECEIVE SWEATERS

On Tuesday, Oct. 24, the high school students were called to assembly. Mr. Cook awarded last year's basket ball sweaters to the boys who were present. The blue and gold sweaters were presented to the following: Elmer Gannon, Roy Lee Ball, Jake Elkins, Dewie Watson, and the captain—Lane Ericson.

Other sweaters are to be awarded to Pete Dobbins, Pike Dobbins, Henry Gruben and George Walker, all former students of Spur High.

Following this a few announcements were made and then the students were led in few yells and sang the Alma Mater.

READ, WORK, STUDY UNDER GOOD DIFFUSED LIGHT!

Proper lighting habits are reflected not only in your children's grades at school but also in healthy eyes and nerves.

Be sure the light is adequate and that it falls on your child's work without shadow and without glare.

Clean the shades, reflectors and bulbs as a routine practice to insure your money's worth of useful light.

The PEOPLE Are the Umpire

WHETHER it's the choice of a President or simply the fate of a tiny enterprise, the People, by the placement of their patronage, are the umpire. We in America are proud of this power invested in the People, and we of this Bank are appreciative of your continued patronage.

We Heard a Lady Say . . . "I Like to Pay My Bills by Check."

"My money is much safer in the bank than it is in my purse . . . that's one reason why I have a checking account at the Spur Security Bank. Then, too, it is much safer to have my check book handy than to have a lot of money in a dresser drawer at home.

"It is so easy and safe to pay by mailing a check, and the cancelled checks automatically serve as receipts on the more important transactions.

"I like the convenience of a checking account, as I don't have to take time off from vital war work to pay bills in person."

'PAPPY' VIOLATES POSTAL LAWS

While other newspapers of Texas have been forced to curtail newsprint and to observe mailing regulations, Sen. W. Lee O'Daniel has been flooding the state with his "News" at the expense of the taxpayers. Flagrant violation of the U. S. postal laws by the W. Lee O'Daniel News was revealed in Washington recently by the senatorial investigating committee. Testimony showed that the big interest of Texas had contributed \$129,000 to the junior senator's paper while it had been sent through the mails at the taxpayers' expense and contrary to law.

Claiming a circulation of 70,000, O'Daniel was forced to admit that he had a bona-fide circulation of only about one thousand but that he had used his second-class mailing permit to send out thousands of copies that should have been paid for by him rather than by the pub-

lic. The postal authorities forced him to curtail his mail subscriptions to about four thousand copies. This means that the mailing of about 64,000 copies of his newspaper must be paid for at the full printed matter rate.

Texas editors who have patriotically observed OPA regulations are raising a storm of protest, according to reports from Democratic state headquarters in Dallas.

Winston Brummetts Attend Reunion

Mr. and Mrs. Winston Brummett and son, Phil, of Spur, spent a few days last week in Lubbock where they attended a family reunion in the home of her father, T. D. McKinnon honoring her brother, Capt. M. H. McKinnon, who is back in the United States after approximately two years in the Aleutian Islands.

Among other relatives attending the reunion were Capt. McKinnon's wife and young son, Barry, Mrs. Bill Shackelford of Pine Bluff, Ark. and Mrs. C. O. Bergholm of Lubbock.

On his way back to his new station, Austin, Capt. and Mrs. McKinnon and Barry spent last Friday night in the home of Mr. and Mrs. Winston Brummett. A barbecue was enjoyed by members of the family for the occasion.

Kent County Making G.I. Postwar Plans

Dear Kent County G.I. Joe: The Post War planning committee had their second meeting Oct. 14. As this is the second letter to you, you know our aims and wishes in trying to help you on your return to civilian life.

For the ones wishing to farm or ranch we are making a brief on all farms and ranches for sale. The brief consists of types of

soil, rainfall, crops suited to these farms, equipment needed, pasture, markets, roads, churches and schools, size and price of each farm.

We are writing to six different colleges for information on Educational requirements mentioned in the G.I. Bill of Rights, for the ones wishing to further their education.

Hoping to have more information in our next letter to you.

Here's a hello from all of Kent County.

WOMEN IN '40's
Do You Hate HOT FLASHES?
If you suffer from hot flashes, feel weak, nervous, a bit blue at times—all due to the functional "middle-age" period peculiar to women—try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Made especially for women—if helps, nature! Follow label directions. 4c
