## Plans Complete For FFA and 4-H Stock Show

### Construction Starts On Rural Electric Line In County

About 15 miles of poles have been set and 25 miles of holes have dug in the construction of the rural electric power lines by the Dickens County Electric Coop., Inc. (REA) which got under way recently, Robert Kuykendall, manager, said this week.

expect service," Kuykendall stated.

Since the lines are run directly inside of the fences it is necessary to obtain a right of way from the owner of the land.

A minimum of five animal units is required for eligibility for electric service. These units are measured on the basis that one milk cow is counted as one unit, three brood sows as one unit, etc.

At present, work is being done between Spur and Jayton, but work will begin in other areas next week, Kuykendall said.

There will be approximately 200 miles of lines in Dickens and Kent counties, extending to the north of Spur as far as Glenn and to the south as far as Clairemont. Completion of this project is slated for sometime in July, the REA manager said.

There has been some difficulty in obtaining poles for the project, but at present the REA has on hand about 381 poles, 99 of these arrived Monday, Kuykendall said.

### Funeral Services for Croton Pioneer Held At Friendship Church

Funeral services were held for Mrs. J. J. Youngblood, nee Iona Henderson at 12 noon Sunday at the Friendship Baptist church, near Croton, with the Rev. G. V. Waiser, pastor, officiating.

A native Texan, Mrs. Youngblood was born Nov. 30, 1871, in Bell county. On Dec. 24, 1887, she married J. J. Youngblood there. The latter died in 1925.

For about the past 45 years, Mrs. Youngblood was a member of the Baptist church, and among those who knew her she was known as a Christian woman.

Mrs. Youngblood was the mother of 14 children, nine of whom are living. They are John Youngblood, Mrs. Jim Offield, Afton; Paul Youngblood, Jake Youngblood, and Mrs. Jeff White, Loveland; Mrs. Homer Offield and Mrs. Joe Offield, Mission; Mrs. W. A. Lawrence, Delta, Colo.; and J. P. Youngblood, La Mesa.

She is also survived by 17 grandchildren and three great-grandchildren.

Pall bearers were Williams Lowrance, L. J. Offield, Billie Offield, Harry Hodges, Horace Edwards and R. L. Allen.

Flower bearers were Patricia Offield, Hazel Dean Offield, Gean Youngblood, Dorthis Youngblood, Lercie Lee Lowrance, Alma Joyce Offield, Jimmie Dean Offield, Rosalie Offield, Earline Lowrance, Bonnie Jo Byars, Doris Varnell and Francis Speights.

Interment was at Amity cemetery, Croton, with Chandler Funeral Home conducting the services.

### Foreign Missionaries Give Report on Work And Experiences

Three foreign missionaries from the Baptist Foreign Mission headquarters, will give a program on their work and experiences at 5:30 p.m. Friday, March 23, in the First Baptist church, the Rev. Herman Coe, pastor, announced Wednesday.

The missionaries, Dr. H. H. Muirhead, Dr. Rex Ray and Dr. Crouch, are scheduled to arrive sometime Friday and will be in Spur over the week end.

Supper will be served at the church at 6:30 p.m. Friday. Immediately following it a missionary message will be brought by one of the guests. Then Dr. Ray will show some technicolor movies of actual scenes in China. Sunday, each missionary will speak at two Baptist churches in Dickens county. Dr. Ray will address the congregation of the First Baptist church here.

### Sustains Broken Knee In Fall Wednesday

Mrs. Bill Allen, who lives several miles northwest of Spur, was seriously injured Wednesday evening when she slipped and fell in the yard surrounding her home breaking her left knee in the joint.

After the fracture was x-rayed and set, Mrs. Allen was taken to the Nichols General hospital. Her condition was reported satisfactory.

### L. D. Ratliff Talks To Local Aero Club On Metcalf Bill

Since aviation is a "young and growing industry" laws regarding it are in an indefinite condition; and until recent months, states have taken little interest in this type of law," L. D. Ratliff said in opening his discussion of the Metcalf bill (now before the Texas Legislature) at the monthly meeting of the Spur Aeronautics association Friday night in the show room of the Godfrey and Smart building.

In substance, Ratliff continued, the Metcalf bill is strictly financial, that is, it contains no clauses concerning regulation of air traffic or licensing pilots and planes. It merely provides for a state commission with jurisdiction over aviation matters that do not conflict with the laws of the federal government.

In the past war era, the federal government plans to allocate large sums of money for construction and improvement of airports in Texas and other states. The Metcalf bill proposes that the State of Texas be a financial "go-between" the federal and municipal governments.

For example: A city desiring funds for the building of an airport would place its case before the federal government. If the request seemed feasible, then the national government would appropriate some money and send it to the state commission. In turn, the state commission would (the bill does not state that it must) pass the appropriation on to the city, Ratliff explained.

The state commission, as proposed by the Metcalf bill, consists of three members to be appointed by the governor for a term of six years and to receive small remittances. A director, appointed by the board of three, will do the actual work and will receive an adequate salary.

Qualifications for a board member specify that he must be well versed in aviation and the holder of a CAA certificate. Theoretically, membership on the board is an honor as well as a patriotic duty, Ratliff said.

Requirements for the director, however, state that he must be a graduate civil engineer and well informed about aeronautics.

The state aeronautical association has set its stamp of approval on the bill. Opposition, however, springs from majors of Texas cities, pilots and airplane manufacturers. The latter contend that "the man who puts on the money should be boss."

Another factor to be considered before approving the bill, Ratliff said, is that a large percentage of the planes will be engaged in interstate commerce, over which the federal government has jurisdiction, thus leaving the state completely out of the picture in this matter.

In considering his point, Ratliff said, "the long range view is that the federal government will (continue to) control the air lanes."

A "commendable" feature of the bill is that it stresses the point that the commission must cooperate with the federal government, Ratliff remarked.

Following his explanation of the bill, Ratliff opened the floor to association members for discussion and questions.

In answer to the question, "Are there any agencies in operation on a direct federal to city basis?" Ratliff cited the postal system and the REA. These organizations eliminate state interference.

Census of the members was that the passage of the Metcalf bill would result in "foolish expenditure of the peoples' money."

As proof of their disapproval of the bill, the chapter unanimously passed a motion to go on record as opposing the bill. This information will be forwarded to state representatives from this area.

President V. C. Smart announced that a meeting of the National Aeronautics Association would be held on March 16, in Chicago, Ill. Rex Baxter, Amarillo, was nominated by the chapter to represent Texas at the meeting.

### Mrs. B. F. Hale Quizes Rotarians On Lone Star State

Rotarians soon discovered that they did not know all the answers when Mrs. B. F. Hale, guest "quizzier," began to ply them with questions concerning the Lone Star State at their regular noon hour meeting last Thursday.

"How many flags has Texas been under, and in what order?" "What are the principal industries of Texas?" "What is the population?" These are just a sample of the questions Mrs. Hale asked in conducting one of the quiz programs sponsored by the Rotary club each year.

A very considerate "Dr. I. Q.," Mrs. Hale gave the club members several guesses and occasional hints. Although no grades were given, consensus is that the Rotarians should brush up on their Texas history.

Other guests at the luncheon were Mrs. O. M. McGinty, Mrs. George S. Link, Cpl. Stephen Barclay, Spur; O. C. Garner, Post and Elton Cook, former resident of Spur who is now director of the experiment station at S.M.U., Dallas.

Rev. Howard H. Hollowell was chairman of the program and O. M. McGinty, president, presided at the meeting.

### Sgt. T. J. Horner Killed in Action on Luzon February 11

S/Sgt. T. J. Horner, 1939 graduate of Spur high school, was killed in action on Luzon on February 11, his parents, Mr. and Mrs. J. W. Horner, formerly of Spur, now of Popular Bluff, Mo., have been notified by the War Department.

At the time of his death, Sergeant Horner was serving as controller of mortar fire for his troop, and was doing a commendable job according to a press release from the army public relations office on Luzon.

Sergeant Horner entered the service on Jan. 21, 1941, and on July 21, 1942, he sailed for overseas duty in the South Pacific theatre of war. He was in action on New Britain, New Guinea, Leyte and finally Luzon.

Shortly before his death, Sergeant Horner remarked that in all his 31 months of combat that "this is the first time we have run into 'open country' warfare that does not necessitate one creeping and crawling through thorny underbrush and tripping over roots and vines on those limy, red clay trails as in New Guinea."

Following graduation from Spur high school, Sergeant Horner enrolled at Texas Tech, Lubbock, and attended school there until he entered the army.

During his service overseas, he was awarded the Combat Infantry's Badge, an award presented "only to those who have been in actual conflict with the enemy."

Sergeant Horner was a nephew of Mrs. Homer Robinett, Calgary.

### 'Spooky Tavern' to Be Presented By Seniors at McAdoo

The Senior Class of 1945 of McAdoo high school will present the play, "Spooky Tavern" at 8:30 p.m. Friday, March 21, at the high school auditorium, McAdoo.

The cast is as follows: Lon Harker.....Hilton Jones  
Ghost Woman.....Ernestine Cox  
Lucy Haggard.....Julia Faye Dean  
Joyce Wingate.....Rita MacPhifer  
Flora Bell Wingate.....Thelma Joplin  
Bedlia.....Bobby Joplin  
Perry Channie.....Billy Hardin  
Ralph Tanner.....Velton Wilson  
Willie Worgle.....Jabez Ridsby  
Blackie Sims.....Aubrey Edinburg  
Farone.....Lawson McWilliams

Musical entertainment will be provided between the acts and will be under the direction of Miss Norma Beard. Admission charges will be 15 and 25 cents.

### Lieut. Hub Hyatt Killed In Action In Germany Mar. 1

Second Lieut. Hub Hyatt, son of Mrs. W. L. Hyatt, Spur, was killed in action in Germany on March 1, according to a telegram received by his wife in Fayette, Miss. and relayed here to his brother, Horace Hyatt, Wednesday.

The telegram read: "The Secretary of War desires me to express his deep regret that your husband, 2nd Lt. Hyatt, Hub G. was killed in action in Germany 01 Mar. 45. Confirming letter follows."

(signed) Dunlop, acting Adjutant General

During his five months of overseas service, Lieutenant Hyatt was awarded the Purple Heart medal for wounds incurred in action against the Germans and received a battlefield promotion from the rank of sergeant to the rank he held at the time of his death.

The last letter that Mrs. Hyatt received from her son was dated sometime in February. At this time he was on a four-day rest leave in Belgium and it is assumed he returned to the front lines shortly after that time.

Lieutenant Hyatt had been in the army for the past four years with the infantry division. He was among those soldiers who spent almost two months on the Siegfried Line in ice covered fox holes.

He is survived by his wife; a

LIEUT. HUB HYATT

son by a former marriage, Vance Garner Hyatt, Lubbock; his mother, Mrs. W. L. Hyatt; a brother, Horace Hyatt; two sisters, Mrs. Newt Harkey, Littlefield, and Miss Willie Hyatt, who is a patient in a Denver, Colo. hospital. Mr. and Mrs. Newt Harkey and their daughter, Mrs. Joe T. Salem, and her daughter, Betty, Sudan, arrived in Spur Wednesday to be with Mrs. W. L. Hyatt. Lieutenant Hyatt's wife, Mrs. Dora Hyatt, telephoned Thursday that she would arrive in Spur within the next few days.

### Exhibit Date Set for Saturday, April 14; To Parade Animals

Plans were formulated for the third annual county FAA and 4-H Stock Show scheduled for Saturday, April 14, in Spur, when the stock show committee met Tuesday night for the first time this year, Walter Labay, reporter, announced Wednesday.

The exhibit, including all varieties of stock, will be situated on the corner lot east of Godfrey and Smart Motor Co. Pens will be erected on this lot to facilitate ease in showing the animals.

High light of the day's events will be the parade of show animals down Burlington street through the main business section of Spur. Details concerning the parade have not been completed, Labay said, but it will probably be held on the morning of the exhibit.

A non-profit making project, the stock show will not charge any entry fees or gate admission. The exhibit is strictly for "educational" purposes and the "promotion of better livestock," Labay stated.

Any bone fide member of the FAA or 4-H organizations is eligible to make as many entries in the contest as he desires.

Judges for the contest will be John Jones, animal husbandman from the Texas Agricultural Experiment Station, College Station, and J. A. Scofield, district agent, also from College Station. Jones will judge the steer and heifers. Steers will be classed according to market rating. Scofield will judge hogs and horses.

The divisions of the show will be fat steers (pen of three steers, fed by one boy); fat barrows, light and heavy class (pen of three barrows fed by one boy); gilts; sow and litter; Jersey heifers; Jersey cows and horses.

The following men were appointed as superintendents of the different divisions: Johnny Koonsman, superintendent of the horse show; O. M. McGinty, superintendent of cattle division; Earl R. Pender, assistant cattle superintendent; D. C. McAteer, superintendent of the hog division and O. C. Arthur, announcer.

Members of the county committee other than those mentioned above are Charles Taylor, Charles Fisher and Walter Labay, Spur; N. L. Fox, McAdoo and Byron Haney, Patton Springs.

Final plans for the stock show will be worked out at the next committee meeting slated for April 3, Labay said.

Other business conducted at the meeting included the reelection of O. M. McGinty as chairman of the stock show committee. Also elected to fill offices were O. C. Arthur, treasurer; Charles Taylor, secretary and Walter Labay, reporter.

### School Census Being Taken During March

The month of March is being devoted to taking the school census and C. F. Cook, superintendent of Spur schools, has requested that all parents, who have children that will be between the ages of 6 and 17 inclusive, on or before Sept. 1, 1945, notify him.

The State of Texas allots a certain sum of money for each child within the school age group, to be applied toward that child's education, so it is necessary that an accurate census be taken. To do this parents should cooperate by enumerating their children and turning the list into the census taker, Cook said.

### Hays and Williams Re-elected Monday

A. Z. Hayes and Robert Williams were re-elected to the positions of principal of Spur high school and principal of Junior high, respectively, at a school board meeting Monday night in Horace Gibson's office, C. F. Cook, superintendent, announced Wednesday.

Cook was re-elected to the office of superintendent of Spur schools at a meeting held last month.

### Jayton Senior Class To Present Play—'O'For Pete's Sake'

The Senior class of Jayton high school will present "For Pete's Sake," a three-act comedy by Jay Tobias, 8:45 p.m. Wednesday, March 21, in the Jayton high school auditorium.

The characters are as follows: Miss Sarah Pepperdine (Peter's Aunt)—Betty Jay

Jasmine Jackson (Aunt Sarah's darky cook)—Bracie Dell Lafon  
Cicero Murglethorpe (The Dean of Elwood College)—Foster Henderson

Peped Pepperdine (Always in hot water)—Billy Gallagher

Bill Bradshaw (Peter's pal)—Jimmy Matthews

Thorndyke Murglethorpe (Muggsy, a social grind)—Walton Davis Jr.

Mrs. Georginna Clarkston (A social climber)—Faye Stephens  
Peggy Clarkston (Bill's sweetheart)—Sue Smith

Nadine Clarkston (Peter's sweetheart)—Mary Belle Johnson  
Malvina Potts (Muggsy's goddess)—Patsy Rodgers

John Boliver (A wealthy banker)—Robert Harrison Jr.  
Dupont Darby (The Poet of Elwood College)—Teddy Lewis

The tickets will go on sale at 8 p.m. for 15 and 35 cents. The curtain will rise promptly at 8:45 p.m., a class representative said.

### Local Harmony Club To Present Cantata

The Harmony club will present an Easter cantata entitled "Redemption's Song," by Fred B. Holton, Sunday night, March 25, at the First Baptist church, Spur, Mrs. George Gabriel, president, announced this week.

Only members of the club, with the exception of substitutes obtained by members unable to sing, will have parts in the chorus. Ned Baird will direct and Mrs. W. T. Andrews will accompany the choral group.

### Funeral Service for Mrs. T. F. Baze Held Here Last Friday

Last rites were held for Mrs. T. F. Baze, Spur, nee Bettie Ann Smith, at 3 p.m. Friday, at the First Baptist church, Spur, with the Rev. Herman Coe and Frank Adams officiating.

Mrs. Baze died of a heart attack at Nichols General Hospital at 5 p.m. Wednesday, March 7, and was interred at Red Mud cemetery.

A native Texas, Mrs. Baze was born in Kent county on July 5, 1902, to Mr. and Mrs. John Z. Smith. At an early age, she united with the Baptist church and in 1924 she was married to T. F. Baze in Clairemont.

She is survived by her husband, two daughters, Mrs. Bill Wright and Miss Jo Dell Baze, Spur, and three sons, Johnnie Frank, T. F. and Daniel Baze. Pfc. Johnnie Frank Baze is in the army in the South Pacific and the latter two are at home.

Pallbearers for the funeral services were Bill Wyatt, Elmer Maben, Frank Stewart, Raymond McCombs, Bill Klipper and Ab Smith.

Flower girls were Mmes. Frank Adams and Dorothy Smith and Misses Jane Grubbs, Gertrude McKinsie, Geraldine Wright and Lou Nell Wright.

Funeral services were conducted by Chandler Funeral Home.

### 2 Businesses Move To New Locations

During this week two businesses in Spur have moved their establishments to new locations on Burlington street.

Ruckers Shoe Repair and the De Luxe Beauty Shop have moved into the building, one door south of Riter Hardware, which has been partitioned. The shoe repair shop has the south partition and the beauty shop is in the north partition.

Read their ads elsewhere in this issue of The Texas Spur.

Hershal Wade, son of Mrs. T. E. Bingham, Spur, fractured his left arm when he fell on the playground at school Wednesday afternoon.

Mr. and Mrs. W. B. Carruthers, Afton, were shopping in Spur Wednesday.

DICKENS-GIRARD SING SONG  
The Dickens county-Girard Sing-Song will meet at 2:30 p.m. Sunday in the Midway Baptist church, it was announced this week. The public is invited

## NO TERMS FOR GERMANY

Discussion continues to center around the "unconditional surrender" policy of the United Nations, with many people in this country apparently accepting the definition distributed inside Germany by the Hitler propagandists.

The term "unconditional surrender" refers obviously to the military effort of Germany. It requires that the German armies abandon the war and subject themselves and their country to the will of the Allies.

As Prime Minister Winston Churchill has pointed out in his addresses to the House of Commons, the treatment of Germany will then depend upon the decision of the United Nations and what this will be can be gauged by the history of the countries involved, their culture and their civilization.

Obviously, "unconditional surrender" to the Nazis has an entirely different meaning. When nations have submitted to the German militarists, they have discovered an entire absence of the spirit of justice. The Germans rigorously exploit subject peoples, robbing them of goods and injuring them for generations.

The same term, as applied by the United Nations to the people of Germany, would not mean their destruction or the application of measures dictated by ruthless revenge. In fact, the future welfare of honest, peace-loving Germans will be considerably improved, although measures will be taken to prevent another effort to dominate the world.

## INDEPENDENCE FOR FILIPINOS

The President of the Philippine Government, Sergio Osmena, expresses the hope that independence will be completed by August, but there seem to be difficulties in the way of such an early realization of Filipino desires.

It is hardly probable that the Japanese will be completely ousted from the recesses of the islands by next summer and until this is done, the holding of a general election to name a legislature will be impossible.

The Filipinos are anxious to become independent, but, under the Act of Congress, providing for the realization of this aim, the new-born nation would face economic difficulties. Instead of receiving favorable consideration on the domestic market, the Philippines would meet tariff barriers that might cause serious problems.

While the United States is commended for its willingness to relinquish control of the islands acquired from Spain, it should not be forgotten that much of the support for legislation necessary to provide for the independence of the islands came from commercial interests in this country, anxious to eliminate Philippine competition in certain lines.

## GET SET FOR THE WAR LOAN

The Seventh War Loan, which gets underway May 14th, will seek from individuals more money than ever before for the prosecution of the war.

The quota is \$14,000,000,000, the same as the Sixth War Loan, but individuals will be asked to purchase half of the total. In the last drive, the individual quota was \$5,000,000,000 and the highest sale to individuals in any loan was \$6,351,000,000.

The quota for the new Series E bonds, which is the one purchased by most people, has been set at \$4,000,000,000, although the largest sale of this bond in any drive was \$3,187,000,000.

The Secretary of the Treasury, Mr. Henry Morgenthau, says that Federal expenditures are "going to remain at a high level for sometime to come" and that the Seventh War Loan is designed to obtain maximum funds necessary to prosecute the war from "non-bank investors."

The people of Dickens county, along with the other people of the nation, will "go over the top," for the Seventh War Loan. To do less would be to discredit the brave men fighting for them across the sea.

It begins to look like winter is over; we hope the fruit trees haven't been fooled.

There are ways to distinguish an individual who has just gotten some surplus cash.

The experts suggest that every family plant a garden and the experts may be right.

Do you have any idea of what resulted at Bretton Woods, Dumbarton Oaks, Yalta or Mexico City?

One evidence of maturity is the failure of a man to blame somebody else for his troubles.

If parents could make their children what they want them to be the race would rarely improve.

Governmental planning is often denounced by men who carefully plan their own affairs.

Any parent, who has been a boy, can understand the importance of his son's first fishing expedition.

The ignorance of the younger generation can be explained by the ignorance of the older generation.

To hear the super-patriots talk you would think the fighting men were under obligation to the folks at home.

Price control is vital to the economic health of the nation and to your own pocketbook. Give it your full support.

Idle Philosophy: Those who put off everything until the last minute manage to evade considerable work.

Make this your letter-writing week to boys in the service. Every one will appreciate your letter and you will feel better, yourself.

The future growth of Spur depends upon the cooperative spirit of people here, not upon imported capital or sudden opportunities.

## WHO MAY THINK

Stopped by a traffic signal while driving in a narrow, busy street a few days ago, my ear caught a familiar, musical note. Just beyond the sidewalk, through a big, open door, a blacksmith was shaping shoes for a farmer's heavy team. Horns behind me suggested moving along before I had finished looking, but it was an inspiration to watch this workman, so skillful and energetic.

Moving-picture blacksmiths are elderly gentlemen with droopy mustaches, but not this man. He was about 30, clean shaven and active. The tempo of his hammer was lively. The hopeful picture he unwittingly posed of post-war America has come to mind since, several times. More recently I have been listening to men discuss post-war plans in general terms lofty, abstract language.

## Fabricating Sentiment

Various people speak often today about shaping public opinion, like the young blacksmith shapes and fits iron shoes for horses and mules. Those trying to shape public opinion do not all have the same ideas, but all agree that popular sentiment can be moulded. No informed person will deny it. Hitler did it. National leaders do it all the time, consciously or unconsciously, for better or for worse.

You have heard the old saying, "Knowledge is Power." It is supposed to have flowed from the pen of Francis Bacon about 300 years ago, but I think Bacon lifted this choice bit of wisdom from Solomon: Proverbs 24-5. It has stood the test of time. Moulding public sentiment through intelligent dissemination of facts is legitimate and proper. It is the best antidote for false propaganda, the like of which is becoming more and more common in America.

## Common Sense of Most

For eleven years in China I watched selfish local war lords exercise their power over a patient toiling peasantry. That can be done easily, where the great mass of the people are unlearned, as in China, where 80 per cent could neither read nor write. Unlearned masses sometimes rebel, but they usually fail because the energy they exert is not power . . . only ill-directed force.

For 156 years the United States has prospered and grown as a Republic. This is superior to a democracy in that it provides for the safety and protection of the minority, whereas a democracy places the minority at the mercy of the majority, sometimes just as heartlessly as a dictatorship. That is why minorities have retained freedom in America. That is why each individual is still free to think for himself.

## An Offensive Figure

It is impossible to get corner on a nation's ideas. Every man and woman has a brain and there is only one way to keep them from utilizing these assets to enrich themselves and the whole race, namely, keep 'em ignorant. The American way is the other way: Schooling is free; libraries are everywhere; press and radio prosper keeping people informed. Our people have knowledge and our nation has power.

A country, whose leaders want the benefit of the best thinking of the whole nation, is on its way up. A nation that confines its thinking and planning to bureaus and bureaucrats is on its way down. Central planners reason thus: "The blacksmith has a head on him, and so does the

THE TEXAS SPUR, THURSDAY, MARCH 15, 1945

## THE TANGLED LINE

## LOOKING AT WASHINGTON

By HUGO S. SIMS

### American Nations Move Toward Joint Security

The conference of nations in Mexico City has resulted in the "Declaration of Chapultepec," which states that any aggression in this hemisphere will be considered an attack on the United Nations' war effort, requiring the imposition of military sanctions, if necessary, under wartime powers.

The resolution also recommends a treaty which would be substituted for the war-time measure and make the guarantee lasting. Of course, the treaty would have to be submitted to the United States for ratification.

The delegates believe that the principles of enforced peace in this hemisphere is so well entrenched, that in case of aggression, immediate action would be forthcoming. To fit such action into the scheme of world security, as outlined in the Dumbarton Oaks proposal, is not expected to present a serious difficulty. In fact, the report is that the United States may ask Russia and Great Britain to agree that nations in the Western Hemisphere be allowed to settle their own quarrels unless world peace is menaced.

Another question has arisen in the discussions of the delegations at Mexico City, relating to the proposal that American Republics jointly break relations with Franco's Spain. The matter was ruled out as a question for the conference and the United States opposed agitating a joint move. This led many delegates to express the opinion that the United States is unaware of the menace of Falangism to Latin-America. Something of a counter-proposition by the United States would eliminate centers of sub-

hammer. Why bother about either? We will do the thinking and the planning." Germany planned for the whole of her people, but her wages were only half as high as American wages in 1939. Russia does governmental planning for all of her people. Wages there were about one-sixth of American wages in 1939. I am for keeping our Republic, for drawing on the intelligence of our entire population and for keeping a well and correctly informed public. "Knowledge is Power."

### There Is Only One Way to Become Convinced

We might tell you over and over about the better quality and finer tastes of our food, but at last there would be only one way we could convince you—and that is to come in and eat a few of our delicious meals.  
Mrs. Smith's Cafe

### No Quick Home-Coming For U. S. Fighting Men

Brig.-Gen. Frank T. Hines, head of the Veteran's Administration, recently started considerable discussion by declaring that when Hitler has been defeated, the Army plans to dismiss soldiers at a rate of 200,000 to 250,000 a month.

The next day, Secretary of War Stimson declared that the War Department intended to march against the Japanese every soldier and every item of equipment that can be used. Consequently, when hostilities cease in Europe, the transfer of men and materials to the Pacific area will be a tremendous undertaking, requiring the use of all available shipping.

Consequently, Mr. Stimson warns that "any suggestion that large numbers will be coming home for discharge immediately after the fighting stops in Europe can only lead to cruel disappointment."

Dealer—Yes, furs have gone up in price lately.

Customer—I suppose it costs the animals more to live than it used to.

### Lt. Pat Williams Assigned to Crew

Second Lieut. Pat Williams, pilot stationed at Air Field, La., has been assigned his crew that will serve with him when he is given his four-engine bomber for overseas duty, a recent press release from the public relations office in Alexandria, stated.

Riding co-pilot for Lieutenant Williams, will be a fellow Texan, Second Lieutenant Don W. Curtis, Tyler.

Lieutenant Williams is a 1942 graduate of Spur high school and attended Texas A. and M. prior to his entry into the air corps. He is the son of Mrs. Helen Williams, Spur.

### NOTICE

In accordance with articles 1157 and 1158 of the Revised Civil Statutes, an election will be held in the City of Spur, at the City Hall, on April 3, 1945. The purpose of the election is to elect a Mayor, Water Commissioner and Street Commissioner for a term of two years. Polls for this election shall be opened at 8 A. M. and closed at 6 P. M.  
L. E. Lee, Mayor  
Attest: Truman Green, City clerk

## Cpl. H. O. Butler Home After Combat Service in Italy

Cpl. Howard O. Butler, Harmon hospital, Longview, Texas, and S/Sgt. and Mrs. Erma Butler and two children of Grand Island, Neb. are visiting their parents, Mr. and Mrs. A. M. Butler, and their sister, Mrs. N. C. Patterson, Spur.

Stationed for about a year with the combat engineers in the East Indies, Corporal Butler arrived in the States the early part of February, where he was ordered to the Letterman hospital, Calif. before reporting to his present address. Prior to duty overseas, he helped in the construction of the Alcon highway to Alaska. Corporal Butler entered the army in 1942. He is here on a 30-day furlough.

Sergeant Butler, air corps, has around ten months of combat in Italy to his record and has only been back in this country about six months. He has been in the army approximately two and one-half years. The extent of his furlough is 10 days.

### CARD OF THANKS

We take this means of expressing to our friends and relatives our deep appreciation for the many acts of kindness we were shown during the illness and death of our beloved wife and mother, Mrs. Claude Parks.

Mr. Claude Parks  
Miss Leona Parks  
Mr. and Mrs. Sidney M. Fillinim  
Mr and Mrs. Cliff Covington

## Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Texans hang up the records at which other people shoot, and news from the war fronts show the regularity with which they do it.

Marine Pfc. C. J. Kelton, Gilliland, bow gunner of an assault tank on Iwo Jima has become one of the outstanding heroes of that invasion. A heavy curtain of Jap mortar and heavy artillery fire blasted his tank column and a near-by tank sustained a direct hit. Young Kelton slipped from the escape hatch of his own undamaged tank, raced to two wounded crewmen under heavy fire and carried both back to his own tank.

Cpl. Harry Oder, Santa Anna, a member of the 36th Division, has seen 280 days of combat with his unit since the Salerno invasion, 132 consecutive days of that in France. He has never missed a day's combat with his unit. Corporal Oder has been a member of the Texas National Guard since 1931.

Pfc. Arnold G. Wachtendorf, Shiner, Texas, another member of the 36th Division, is proof that somebody does love an MP after all. An Alsatian family with whom he and his buddies were billeted in eastern France, saw to it that Wachtendorf had a cake with his name on it for his birthday recently. It was Pfc. Wachtendorf's fifth birthday in the service.

Texas valor continues to draw its share of decorations. Bronze stars have been awarded to S/Sgt. Recil Robason of Mansfield for service with the air corps in Belgium and Pvt. Charles Blair, Coleman, who was wounded in France in November. Sgt. Otis W. Smith, Wildorado, tail gunner on a Flying Fortress in England, has been awarded the third oak leaf cluster to his air medal. Lt. John Bonner Jr., Ozona, Mustang fighter pilot in England, has been awarded the fourth cluster to his.

Lt. Bonner and Lt. Wendell W. Beatty, Comanche, were recently commended by Gen. Arnold for

their part in a ground strafing attack which destroyed 18 German planes.

Texas Independence day took on a new meaning for 18 sick and wounded Texans who were among the exchange prisoners who came back to McCloskey Hospital at Temple on the 109th anniversary of Lone Star independence.

At their head was Capt. M. L. Monroe, formerly connected with a hospital at Jasper, who was captured by the Germans as battalion surgeon with several hundred patients.

The list of returned Texans included: Lt. John Akers, Greenville; T/Sgt. Eugene C. Damrol, Call; Pfc. Ernest S. Hartwell, Hillsboro; Pfc. Hobart C. Hunt, Florence; T/Sgt. Teafis G. Kneeling, Avery; Pvt. R. B. Lewellen, Mt. Pleasant; S/Sgt. James H. Lawrence, Rusk; Pfc. Willie Martinez, Goliad; Sgt. Jewel W. Phillips, Alto; Sgt. Billy E. Radican, Mt. Vernon; Cpl. James W. Roberts, Andrews.

And there will be other reunions soon. Pfc. Arthur S. Roberts, Manor, and Pvt. Ira W. Taylor, Lexington, both freed from a Jap prison camp in the Philippines by Gen. MacArthur's decisive action, have notified relatives they'll soon return to this country.

If you were to follow all the advice you have been given, you would probably be worse off than you are now.

## Canning Sugar Period For Current Year Is March 5 to Oct. 31

The 1945 period for issuance of canning sugar will be from March 5 to October 31, the local rationing board announced Tuesday.

Sugar to be used at the rate of one pound for four quarts of fruit and a total of five pounds per person may be used for jellies and preserves. The maximum amount to be issued is 20 pounds per individual or 160 pounds for any family unit, however, the maximum is to be issued only in extreme cases after your sugar rationing panel has given full consideration to all facts, an official on the board said.

Other important points stressed by the board in this program are: 1. Coupons may not be expected to reach consumers until at least 30 days from the date on which he files his application. 2. Coupons or check will not be given to applicants at the board site but will be mailed to the applicant by the board. 3. The board, at its discretion may issue less sugar than the amount applied for. Decisions in individual cases will be made by the sugar panel based on the actual need of the applicant and on the total overall allocation available to the county if it is to stay within the limitations of its fair

share. 4. Suppliers cannot possibly provide everyone with canning sugar at one time. Therefore, the public should spread out over as long a period as possible the purchase and use of its home canning sugar.

The sugar situation is critical. Please do not apply for sugar in excess of your needs for canning, the rationing board emphasized.

### CARD OF THANKS

We want to publicly thank all those who have been so thoughtful of us the past few months since Coy has been disabled and Kenneth away in the navy.

You have visited us and helped in numerous ways. Then last Thursday more than 20 men came, bringing tractors and tools. They put up all our land, moved a windmill to a new well and had the water pumping before night. They also mended a gate and did other jobs.

Several ladies came bringing food and helped serve dinner.

One good neighbor brought a bee hive and set it up in the orchard.

But so many have favored us that we cannot begin to list them all here.

We are thankful for each one of you. Such people make life worth living and as Mr. George S. Link used to say, "It's a pretty good old world after all."

Mr. and Mrs. J. C. Dopson and Donald

# West Texans Working Together

• "Working together"—these two words are the key to success in any organization. They are truly the reason for the success of the Farmers Co-Op Gin, which for several years has inspired and helped West Texans to work together for the common good of all.

• We and the Co-Op members are typical "West Texans." We've shared with you the ups and downs of drouths and years of plenty. With us, as with you, our sharing of these experiences has served to strengthen our faith in West Texas, and to make steadfast our policy of unsurpassed service to the farmers and stockmen of Spur and Spur trade territory.

• The Co-Op's service gives cash value to the farmer's cottonseed . . . supplies supplemental feeds that add to your grains and grasses . . . and through large investments in farms and equipment, furnish employment and business that benefit all.

• We sincerely want to thank you, our customers, the farmers of the Spur trade territory, for your splendid and generous business you have given us the past year.

• We hope we may be of even greater service to you this fall. We are a great believer in operating with the most modern ginning equipment, and want to help you to get the most out of your cotton by giving you a BETTER GINNING—meaning BETTER SAMPLES, and more money for your crop.

## Farmers Co-Op Gin

LLOYD HINDMAN, Mgr.

## It's Spring! See Your Doctor

• Spring, the most delightful season of the year, brings its own disorders. Vitamins planted by last year's sunshine are fading from the system, heavy winter diet has left certain poisons, there is a heaviness of body and often of spirit which is regularly characterized as "Spring fever."

• There is no necessity for suffering with spring fever. The common sense way to combat this drugged, draggy feeling is to consult your doctor.

• A change in diet, a good tonic, extra rest and plenty of out-door exercise will probably constitute his advice. But don't take anybody's word for it. See your doctor.

• Follow his advice—have his prescription filled by a qualified and certified druggist.

We Will Fill Any Doctor's Prescription.

## City Drug Co.

JOE LONG JERRY ENSEY

# Society-Club News

## Miss Chlora Pernell, Cpl. Howard Butler, United in Wedlock

T/5 Cpl. Howard O. Butler and Miss Chlora Pernell were married at 8 p.m. Monday at an informal service in the First Baptist church, Spur, with the Rev. Herman Coe performing the ceremony.

The bride, a former resident of Spur, who for the past few months has been working in Lubbock, wore a white jersey dress, colorfully splashed, here and there, with fuchsia flowers. Her accessories were black patent leather and her coat was of pale blue. In her hair, she wore a corsage of white gardenias.

The groom is the son of Mr. and Mrs. A. M. Butler, Spur, and has only been back in the United States since Feb. 1 after about 30 months service in the South Pacific theatre of war. Corporal Butler was wounded while overseas and is temporarily stationed at Longview General hospital. Prior to duty in the South Pacific, he helped build the Alcon highway to Alaska.

The couple for the present are staying with Mr. and Mrs. A. M. Butler.

Those attending the marriage ceremony were Mes. Leon Reagan, George Gabriel and N. C. Patterson.

## Mrs. J. C. McNeill Is Guest Artist at Harmony Club Meet

Mrs. J. C. McNeill III, pianist, was guest artist on the "Texas Day" program given at the Harmony club meeting at 8:30 p.m. Tuesday, in the home of Mrs. Neal A. Chastain.

In accordance with the theme of the program, Mrs. McNeill played compositions of B. David Guion, rated by some critics as

the most outstanding musician in this area. Guion is a cousin of Mrs. McNeill.

Mrs. Gladys Turner gave a talk on the life of Guion and Mrs. George Gabriel, president of the club, sang one of his songs, "The Old Ark Am A'Moverin' Along," accompanied by Mrs. W. T. Andrews.

Mrs. Joe Long then played a piano solo, "Valse Triest" by Brahms.

Another Texas musician discussed during the meeting was Oscar J. Fox, one of the state's pioneer composers. Mrs. J. E. Berry gave a summary of his life and concluded the program by playing on the violin one of his compositions, "I'll Be Round-ed Up in Glory." She was accompanied by Mrs. J. H. Bowman.

Mrs. Marion Jordan was leader of the program.

## How to Make Cottage Cheese Demonstrated To Hiway HD Club

A discussion on the care of ill children and the location of war cities was conducted at the regular meeting of the Highway Home Demonstration club, at 3 p.m. Thursday, March 8, in the home of Mrs. W. B. McIver.

A demonstration on the making of cottage cheese was slated for the program, but was postponed because of illness and lack of material.

Members attending the meeting were Mes. Earl Thomason, H. G. Martin, Alton Estep, Cecil Estep, D. L. Pace and a guest, Mrs. Winnie Smith.

The next meeting of the club will be at 3 p.m. Thursday, March 22, in the home of Mrs. C. F. Martin.

## Soldiers Honored at Home Coming Dinner By Grandmother

Sgt. Emory Walden, El Paso, L. D. Walden, S 2/c, San Diego, Calif., Mrs. Lee Roy Walden, Oshkosh, Neb., and Raymond Beadle were guests of honor Sunday at a home coming dinner given by their grandmother, Mrs. Mollie Walden, Spur.

Sergeant Walden was on a three-day pass from Fort Bliss and L. D. Walden is here on a 10 day leave. Their brother, Cpl. Lee Roy Walden, is in combat somewhere in Belgium. His wife will return home this week end.

Beadle was a corporal in the army when he received his honorable discharge recently.

Other guests included Mr. and Mrs. Grady Hunt and Bettie Sue, Mr. and Mrs. Clarke Morgan and Shirley and Sharon, Mr. and Mrs. R. G. Beadle, Mr. and Mrs. Clarke Jones and Francis, Mr. and Mrs. Bud Williams, Mr. and Mrs. Pat Patterson and Peggie adn Larry, Mr. and Mrs. R. D. Williams, Mrs. Belle Atkinson.

Mrs. Lucy Young, Miss Loraine Beadle, Mrs. L. D. Beadle and Thelma Ruth, Mrs. Ava Johnson and Joyce Adell, Leon Greer, Bill Greer, Hayde Condron, Tom Williams, Joe D. Williams, Mrs. Raymond Beadle and Misses Jean, Jane and Paulita Karr.

## Instructs On Yeast Bread Dough to Afton Home Demonstrators

Bread dough made with yeast should not be allowed to get too hot, but should be kept at a temperature of about 82 degrees, Mrs. Agnes M. Marrs, county home demonstration agent, told members of the Afton Home Demonstration club meeting Wednesday afternoon, March 7, in the home of Mrs. Alma Lee Yeates.

"Avoid kneading an excessive amount of flour into the dough," Mrs. Marrs continued, "add just enough to prevent stickiness." Mrs. Marrs also stressed that the dough be allowed to rise to double in size before baking.

Following the discussion of yeast breads, Mrs. John McCleskey gave club members some hints on curtains. She said that old sheets, cheese cloth, canvas or sacks could be made into very pretty curtains.

A general discussion on types of seed that are best adapted to this area and how to have better and cleaner milk was held and club members made suggestions and comments.

Club members present were Mes. Bryon Haney, Vurl Hinson, Homer Hughes, John McCleskey, Zoda Curd, Jess Brownner, Curtis Goodwin and Jim O'field.

Mrs. Edward Hicks and Mrs. Martha Lee Brown were guests at the club meeting.

"The Making of Cheese at Home" will be the demonstration given at the next meeting of the club on Wednesday, March 21, in the home of Mrs. Author Avara.

## Mrs. Agnes M. Marrs Tells Club How to Make Flaky PieCrust

To make flaky, tender pie crust add the moisture gradually and handle the dough as little as possible, Mrs. Agnes M. Marrs, county home demonstration agent, told members of the Highway Home Demonstration club at their regular meeting at 3 p.m. Thursday, Feb. 22, in the home of Mrs. Donnie Pace.

Raisin apricot pie (the pastry made with orange juice instead of water) prepared by Mrs. Marrs, was served to the members.

Others present were Mes. Ray George, Luther Denson, Earl Thomason, Cecil Estep, Alton Estep, C. F. Martin, Belle Martin and Miss Winona Pace.

USE SPUR WANT ADS

## Demonstration On Yeast Bread Making Given East Spur Club

"How to Make Yeast Breads" was the general title of the demonstration given by Mrs. Agnes M. Marrs, county home demonstration agent, when the East Spur Home Demonstration club met in the home of Mrs. Andrew Blair at 2:30 p.m. Thursday, March 8.

In giving the exhibitions, Mrs. Marrs began with the making of liquid yeast, then continued with the preparation of refrigerator rolls, Kolaches and finally Hoska.

Following the demonstrations, Mrs. Arner Watson and Mrs. Lee Parker discussed window curtains.

A window can be both an "opening in the wall for admission of light and air" and a "magic opening," as John Keats once said, by correct selection of color, width and length of the curtains, club member were told by Mes. Watson and Parker.

A business meeting was held after the program and the following appointments to offices were made:

Mrs. Garvie Boothe, program chairman and home food supply demonstrator; Mrs. Andrew Blair, finance chairman; Mrs. Roy Arrington, recreation chairman; Mrs. E. W. Smith, expansion chairman and clothing demonstrator; Mrs. Lloyd Johnson, marketing chairman and Mrs. Arner Watson, home improvements chairman.

Two new members were added to the club roll. They are Mrs. Victor Arrington and Mrs. Frank Gae.

Mrs. Andrew Blair will be hostess to the club members at the next meeting at 2:30 p.m. Thursday, March 22.

## Winning Piano Pupils To Be Presented in Recital Next Week

Five piano pupils of Mrs. J. E. Berry, who were winners in a recent recital, will again be presented in a recital next week at Mrs. Berry's residence, in preparation for their participation in the National Guild audition for piano pupils to be held on April 28, in Lubbock, it was announced Wednesday.

The last recital was judged on the basis of the number of pieces each pupil had memorized. These five students knew 10 compositions.

The pupils and their classifications are as follows:

Preschool: Sharon English, first and Annetta Haile, second.

Primary: Joe Bruce Long, first, Alice Jo Crockett, second and Sylvia Baird, third.

Other pupils are working to prepare 10 pieces, Mrs. Berry said, and as soon as they are ready, they will be presented in a recital, too.

At the National Guild Audition the judges will be Mr. and Mrs. Cecil Berryman, Omaha, Neb.

## ROSE PETTY WINS FIRST PLACE IN BADMINTON

Miss Rose Petty, sophomore student at ACC, Abilene, and daughter of Mr. and Mrs. Leo W. Petty Spur, won first place in badminton, girl's doubles in the open division, recently. This contest was held as part of the inter-class rivalry in sports that is encouraged at ACC.

## ABOUT PEOPLE YOU KNOW

Dick Hindman, BM 2/c, and A. B. Carlisle, Spur, attended the Fat Stock Show in Fort Worth over the week end.

Mrs. Allen Deaton, Graham, spent the week end with her parents-in-law, Mr. and Mrs. A. Deaton, Dickens. Her husband, S/Sgt. Allen DDeaton, is a radio operator with the First Army in Germany.

Mrs. Lee Hindman and Miss Jean Hensley, Spur, were guests of Mr. and Mrs. Al Bingham at a dinner on Tongue river Sunday.

Mr. and Mrs. S. J. Isham moved to Spur from Stanton this week and are occupying an apartment of Mrs. Lee Hindman's. Isham is a civil engineer for the REA.

Pfc. and Mrs. J. N. Poteet and daughter, Jo Nell, Bryan Field, Bryan, spent the week end in the home of Mr. and Mrs. Emer D. Hagins, Spur. Poteet is a sister of Mrs. Hagins.

Alton Chapman, Floydada, was on business in Spur Saturday.

Mrs. R. A. Drennon, Afton, has returned home from a two weeks visit with her daughter, Mrs. E. J. Duncan, Brownfield, and her son, Luther Drennon, Leveland.

E. L. Adams, Spur, left Wednesday to visit with relatives in Cleburne, Fort Worth and Weatherford.

Mrs. O. L. Dewese and son, Dal, Fort Worth, spent a few days last week with her parents, Mr. and Mrs. C. W. Bostick, who live near Dickens.

Mmes. Bernice Burt, Clarence Young and O. L. Day of Afton were shopping in Spud, Friday.

Mr. and Mrs. R. A. Drennon, Afton, had a family reunion recently when all of their children came in for the week end. Those present were Mrs. E. J. Duncan and daughters, Brownfield; Mr. and Mrs. Frank Ragland, Roaring Springs; Mrs. T. A. Morrow and children, Spur; Mr. and Mrs. Gus Drennon, Lubbock; Mr. and Mrs. Bud Kinder, Amarillo and Mrs. George Gelles, Pampa.

Mr. and Mrs. Victor Chalk, Roaring Springs, were in Spur shopping Thursday.

Mrs. Ilene Dunaway, daughter of A. M. Hoover, Spur, who has been in a Stamford hospital for the past 15 days, is reported slightly improved, her father said Monday.

Mrs. Jewel McLaughlin, Spur, spent the week end with her daughter and son-in-law, Mr. and Mrs. H. L. Dennis, McAdoo, and her son, Claude McLaughlin, who came down to McAdoo from Lubbock.

Mr. and Mrs. R. T. Anglin, Spur, spent the week end with Mrs. Anglin's daughter and son-in-law, Mr. and Mrs. Sam Roberts, Mangum, Okla.

J. Frank Graham, Spur, returned from Dallas Monday where he had been visiting his daughter, Miss Francis Graham, for the past three months.

Mr. and Mrs. Jack Godfrey, Spur, left Tuesday for Temple.

Mrs. Godfrey is going through a medical clinic.

Mrs. J. E. Sparks, Spur, returned Sunday from a week's visit with her father, W. C. Pirkle, in Altus, Okla.

Mr. and Mrs. Jake Jones, Spur, returned this week from Rochester, Minn. Jones, who underwent major surgery at Mayo Brothers' hospital, is said to be in an improved condition.

## GET SET for a running start!

There'll be little time for tinkering — come growing weather. The fellow who hits spring work with a running start is the one who has his machinery geared up and greased for a busy season. Right now we're replacing the mower pitman bearing, oiling harness, overhauling his tractor—one eye on those first warm days of spring.

Maybe YOU are the farmer we're talking about—Anyway, while you're fixing that farm equipment, don't overlook your

local service shopman. Ask him to order your repair parts early. You can do a lot yourself but let him help you on the difficult jobs—maybe the welding, replacing piston rings and other parts.

This food production front is just like the shooting front—out there the enemy can't whip us because they can't savvy our brand of teamwork. That same kind of teamwork will help knock another home run smack into this year's breadbasket.

1945 FARM GOALS ARE BIGGER THAN EVER!

## SUNDAY SCHOOL LESSON

### THE LAW OF LIFE

International Sunday School Lesson for March 18, 1945

GOLDEN TEXT: "Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind. This is the first and great commandment. And the second is like unto it, Thou shalt love thy neighbor as thyself." —Matt. 22: 37-39

Lesson Text: Matthew 22: 37-39

of Mr. and Mrs. J. C. Dopson, Spur, is now in a rest camp at San Francisco, Calif. Dopson was among the survivors when the S.S. Gambier Bay was sunk during the invasion of Leyte.

Walter G. Johnson Jr., member of the coast guard, and his cousin, Pvt. John K. White, saw each other for the first time in several months when they met in Rome of the Pharisees "asked him gently. Johnson is the son of Mr. and Mrs. W. G. Johnson, and Private White is the son of Mr. and Mrs. E. O. White, Pawnee, Okla.

Robert McSpadden, son of Mrs. Edna McSpadden, Afton, has recently been promoted to the rank of motor machinist mate second class.

Pvt. Billy Ray Barrett left Saturday for Kingman, Ariz. after a 15-day furlough with his parents, Mr. and Mrs. L. R. Barrett, Spur.

Pvt. Alvie R. Ware, son of Mr. and Mrs. M. A. Ware, Red Mud, stationed at Fort Bliss, Texas, was added to the list of The Texas Spur subscribers this week by his sister, Mrs. Irene Hall, Spur.

Cpl. Edwin Ware, an M. P. stationed at Pampa, was at Dry Lake on a three-day pass last week visiting his parents, Mr. and Mrs. Roy Ware.

Ebert W. Garner, MM 3/c, stationed somewhere on Guam, is O. K. He wrote in a recent letter to his parents, Mr. and Mrs. W. W. Garner, Spur.

Pvt. Troy T. Ware, son of Mr. and Mrs. M. A. Ware, Red Mud, has been slightly wounded while in action with U. S. troops in the Burma theater of war.

Elton M. Garner, MM 2/c, after several months of sea duty in the South Pacific area is recuperating in a naval hospital in Louisiana. When he is released from the hospital he will report to a service school in New Orleans, La. He is the son of Mr. and Mrs. W. W. Garner, Spur.

Pfc. Harvey Childress, after 21 months service in the Aleutian Islands, is home on a 30-day furlough with his parents, Mr. and Mrs. J. C. Childress, Spur. Since his return to the States on Feb. 22, he has been stationed with an infantry unit at Camp Howze, Gainesville. Private Childress has been in the army for about two and one-half years.

Service men from Spur and nearby communities that are stationed at Camp Hood and were home over the week end are Privates Joe Thornton, Robert and Glenn Hahn, Gordon Cravey, Calvin Holloway, Dudley Keith and Pvt. and Mrs. Matthews Gruben.

Boyd Ball, with the maritime service stationed in Brooklyn, N. Y., arrived Sunday night on a 10-day furlough to visit his parents, Mr. and Mrs. W. E. Ball, Dry Lake.

Pvt. Floyd Ball, Lubbock Army Air Field, Lubbock, was in Spur on a three-day pass this week to visit with his parent, Mr. and Mrs. W. E. Ball, Dry Lake, and his brother, Boyd Ball.

Cpl. Lee J. Offield, with an infantry unit at Camp Howze, Gainesville, was here on a three day pass this week to attend the funeral of Mrs. J. J. Youngblood.

Mrs. J. M. Sizemore, Dickens, received letters this week from her two sons in the service, Pfc. Travis L. Sizemore, with the infantry in the Philippines, and Sgt. Billy Sizemore, with a guard unit in France. Both boys wrote they were well.

S/Sgt. W. W. Ogle, whose wife, the former Faye Sizemore, lives in Dickens, was slightly wounded in action in the Philippines on

## Duck Creek Soil Conservation District NEWS NOTES

RILEY WOOTEN, Chm. OSCAR MCGINTY, Sec. WILL WRIGHT TOM MURDOCK A. A. FRY

Marcos Copeland of Conservation Group 55 is using a tractor and ordinary fresno to start the construction of his terraces. He makes two dumps from the upper side of the terrace and two from the lower side every four feet or width of fresno. By doing this, he obtains the height at center and a big portion of the square feet of dirt above natural ground. In addition, he makes all fills as he goes along. He plans to complete his terraces by plowing them up with a three-disc breaking plow. He feels sure that he can complete the terraces by plowing six rounds with this plow. It took Copeland only three hours to do the fresno work and make the fills on a 700 foot terrace. At this rate he can complete a mile of terraces in 25 or 30 hours.

Several cooptors plan to use the grass drill which will be here next week. Among those who are to do seeding are: E. C. McGee, W. R. Williams, H. L. Futch and C. H. Raspberry. Mr. Fisher at the Experiment Station, plans to use the drill.

**Guide For Contour Tillage**  
I. Advantages of Contour Tillage

1. Increases production by conserving water.
  2. Keeps rainfall evenly distributed.
  3. Reduces wind and water erosion.
  4. Permits earlier cultivation following rains.
  5. Often requires less power because there are no upgrade drags.
  6. Frequently eliminates replanting.
- II. Farmers Generally agree that the Row System Explained below is Best:
1. Start laying off rows using the upper terrace or base line as a guide until you are halfway to the next terrace or base line at the closest interval.
  2. Then use the lower terrace or base line as a guide until the rows come together at the narrowest place.
  3. Fill in point rows by plowing one round parallel to the rows from the lower terrace and the next round parallel to rows from the upper terrace or base line and so on until all point rows are plowed out.
  4. This method insures a near-perfect water level for all point rows.

Leut. and Mrs. Woodrow Duckworth and daughter, Mary Ann, from Laredo; Mr. and Mrs. Dudley Wooten, Lubbock, and Pvt. Pat Hogan, Camp Ellis, Ill. Private Hogan arrived last week end and will be here for about 15 days.

... one of those typical boys who are always dreaming more about tonight's date than they are about watching the stock or running the errands.

We used to get awfully mad at his boners. Wondered if he'd ever get his feet on the ground and grow up. Nearly fired him several times for being so cocky.

It was an awful shock to see him come in to say good-by, all dressed up in khaki and that big grin. Somehow he'd grown up over night. He was a man with a man's battle on his hands.

You know kids just like him. That's why you can appreciate it when we say we're doing everything we can for the war effort. Are you?

Buy War Bonds and Stamps. Be willing to help sew for the Red Cross, save your waste Fats, do all you can to help the war effort to Speed Victory—and above all—be careful what you say!

### Collin Denson Leaves Wednesday After Visit With Relatives

Collin Denson, MM 3/c, who has been here since last Thursday visiting his mother, Mrs. Leona Denson, Highway community, left Wednesday for a short visit in Dallas before reporting back to duty at the naval training station in Newport, R. I.

Denson is enrolled in engineering school at the naval station and will be a member of the crew of the air craft carrier U. S. S. Lake Champlain as soon as the ship is ready for sea duty.

In all of his months in the service, 12 of which were spent in the South Pacific, Denson said that he had only run into one boy from Spur. This chance meeting occurred in Boston about three weeks ago when he saw Homer Ray Smith, merchant marine, whose father, Conley Smith, lives near Spur.

### CARD OF THANKS

We wish to take this opportunity to thank each and every one for the flowers and kindness shown us through our dear husband and fathers death.

May God's richest blessings be bestowed on each and every one.

Mrs. E. I. Schillings and family.

### FSA Employees to Attend District Meet in Amarillo

The Spur Farm Security Administration office will be closed Wednesday and Thursday, March 21 and 22, in order that employees in the office may attend a district meeting in Amarillo, on those days, Walter E. O'Neal, supervisor, announced Wednesday.

Those from Spur attending the two-day meeting, which was called by T. Euel Liner, state director, and Horace D. Gilmore, district supervisor, will be O'Neal, Peyton Legg and Mrs. Mary M. Armstrong.

### All Members Hogan Family at Reunion

For the first time in several years, Mr. and Mrs. Ned Hogan, Spur, were able to have a family reunion Sunday, with all members of the family present.

Here from out of town were

## William H. Barker, Jap Prisoner Three Years, Coming Home

Pfc. William H. Barker, brother of Pfc. Jeff Smart, Spur, is being returned to the United States after almost three years as a Japanese prisoner of war in the Philippines, a telegram from the Army chief of staff addressed to V. C. Smart, Spur, stated.

The telegram read: "The Chief of Staff of the Army directs me to advise you that Private First Class William H. Barker is being returned to the United States to arrive in near future. He will be given an opportunity to communicate with you upon arrival and will be given a furlough at an early date unless his physical condition necessitates hospitalization in which every effort will be made to transfer him to a hospital near his home."

(Signed) "J. A. Ulio the Adjutant General"

Private Barker was rescued from the Japs when the Rangers took the first prison camp on Luzon. He was reported missing in action May 7, 1942, following the fall of Corregidor and about six months later he was officially listed as a Japanese prisoner of war.

During his internment, relatives of Private Barker only received two cards from him, in which he wrote that he was uninjured and healthy.

Leaving the States in July, 1941, Private Barker was in Manila at the time of the Jap attack on Pearl Harbor, December 7, 1941.

His brother, Private Smart, is in action with the Fifth Marine division on Iwo Jima.

### CARD OF THANKS

I should like to express my gratitude for the lovely flowers and other gifts and kindnesses extended to me by my friends during my recent confinement with an ankle injury.

Mrs. Nellie Addy

## Organization of Girard Soldier Gets Commendation

The 30th infantry division of the Ninth Army to which Pfc. Joe B. Fincher, son of Mr. and Mrs. C. W. Fincher, Girard, is attached has been praised for his excellent record in the European theatre of war by Maj. Gen. L. S. Hobbs, commanding officer of the division.

The commendation reads: "To: Soldiers of Every unit (Assigned and attached) of the 30th Infantry Division."

1. Another brilliant phase of your campaigning on the Western Front has been successfully accomplished.

2. The operations from 16 December to the present date (which include the taking and holding of Malmody, Stavelot, Stoumont, La Gleize, Thirimont and the hill to the southwest thereof, Lignueville, Pont, Bellevaux, the famous crossroads at road block no. 2, Recht, Obr, Emmels, Ndr. mmels., Ndr. Emmelser Heide, Rodt, Hinderhausen, Neundorf, Krombach, Weisten), represent a display of courage, fortitude, and endurance that will remain forever as a glorious part of the work of your division of your unit, and of yourselves as individuals.

3. Again the division was in the right place at the right time to stop and then throw back the best the Germans had to offer on the Western Front.

4. All praise for you for a task well done. Your reputation as a fine fighting unit has been increased. You have fought the good fight, under terrific hardships of weather and terrain. My congratulations to you, one and all.

(Signed) L. S. Hobbs  
Major General—U. S. Army  
Commanding

### TRY SPUR MERCHANTS FIRST

## "WAKE UP, AMERICA!"

### Would World Free Trade Insure Freedom From Want?

Moderated by FRED G. CLARK, General Chairman  
American Economic Foundation  
As debated by

**Dr. Emil Lengyel**  
Assistant Professor, School of Education, New York University;  
Author of "Siberia" and "Danube"

DR. LENGYEL OPENS: The world can be free only if trade is free. Trade barriers are jail-bars for entire nations, keeping them from using their best gifts. Such barriers turn entire people into neurotics ready to heed the dictators' call for wars designed to secure raw materials, markets and places of settlement. If we retain our trade barriers we shall not be able to live up to our obligations as a co-operating member of the United Nations. A world nine-tenths hungry, one-tenth well fed can never be free. Free trade makes it possible to extend the frontiers of economic opportunity. It will enable others to produce goods we may buy and enable us to produce goods other nations can buy. We Americans have learned the lesson that opportunity of our fellow-citizens is our opportunity. The better off they are, the more we can sell to them and vice versa. It is time for us to learn the same lesson applies to all nations. That does not mean, of course, that we can remove tariff barriers overnight. If we were to do so, we would destroy much of our economic structure of which tariffs are, alas, organic parts. But we can and should free trade gradually. In doing so, we are breaking down bars confining mankind to war and poverty.

MR. BESSE CHALLENGES: Dr. Lengyel is wrong. All nations have access to most raw materials if they can pay for them. It is only when there is the prospect of war that raw materials are restricted. Prosperity in the United States depends upon our capacity to consume; the prosperity of backward countries depends upon their ability to produce. The best way to assist backward countries is to help them acquire the machinery or techniques needed to increase production. We do not accomplish this by reducing duties, which we ourselves pay, on that part of their meager production which is sent to the United States.

DR. LENGYEL REPLIES: Mr. Besse's policy leads to want and war. America's prosperity depends not merely upon our capacity to consume but our ability to supply other nations with our products. We can sell our surplus to others if they are able to sell their surplus to us. Thus they earn the money enabling them to buy our goods. If we join a world organization and barricade ourselves behind tariff walls, we are hypocrites. We should not dash into free trade from behind our tariff ramparts. The change must be gradual. But there must be a change or a fatal explosion that may blow our world sky high.

## Survivors Deceased Servicemen Should Contact SS Board

Survivors of deceased servicemen who worked in employment covered by the Social Security Act prior to their entrance into the armed forces were urged to contact the nearest Social Security Board field office by Sam Leifeste, manager of the Lubbock field office.

"In addition to any benefits payable from War Risk Insurance, there may also be some payment from the Old-Age and Survivors Insurance system," Leifeste stated. "These payments," he continued, "can be made if the worker was insured under the Social Security plan, particularly if the deceased is survived by minor children, since

**Arthur Besse**  
President, National Association of Wool Manufacturers

MR. BESSE OPENS: The only thing that world free trade will insure is that all nations will "buy in the cheapest market" without regard to other considerations. That may sound attractive if we consider ourselves only consumers, but most of us are producers as well. As consumers we are interested in buying at low prices; as producers our best interest is served by a high level of prices. Buying in the cheapest market means that price alone determines what each nation makes and would mean that the United States would produce only those items which it can produce more cheaply than anyone else. This would considerably restrict our present well diversified industrial organization and make us dependent upon foreign countries for many items now produced in the United States. In the long run, it would force us down to a lower world level—a most painful process. A wisely conceived tariff directs imports into certain channels; it is a means of implementing decisions as to what we want to produce and what we wish to import. If we dispense with tariffs altogether, each nation will tend to become a specialized producer. There would be a vastly increased increased exchange of goods before they reach the ultimate consumer, but not necessarily any more goods. "Freedom from Want" requires not more trading or swapping of goods, but more goods.

DR. LENGYEL CHALLENGES: Mr. Besse advocates a one-way bolshevism of government subsidy, misnamed tariff, for weak-kneed industries. If they cannot do without public charity, they should be made to yield to sound industries. We should specialize in our strong suits. Where would I be if I attempted to be a jack-of-all trades in this age of specialization? Nations, as groups of individuals, are not much different. We do not have to fear specialization. Our productive talents and raw materials are more varied than other countries. While everybody is not a producer, everybody is a consumer. The constructive producer wants low prices, so all people will buy his goods, not one-tenth.

MR. BESSE REPLIES: Applying inappropriate characterizations to those who believe we should select our imports does not constitute much of an argument. And to argue that all high cost industries should be abolished is about as intelligent as saying that we should close all universities which cannot get along without endowments or state or municipal grants. We should first decide what things we want to produce; then produce whatever tariffs are needed to permit the production of those items. If they are high cost items, it is generally because of higher wages which, it should be noted, we pay to our own workers.

monthly payments continue until the youngest child reaches age 18."

"Delay in filing the claim after notice of death is received may result in some loss of benefit by the survivor," Leifeste added.

## Nichols General Hospital News

Mr. and Mrs. A. E. Smith, the proud parents of a baby girl, returned Sunday from a week's visit with her father, W. C. Monday.

Mrs. Paul Braddock of Afton, who has been a medical patient, is improving nicely.

Baby Tennison, the tiny infant of Mr. and Mrs. C. J. Tennison of Dickens, is still in the incubator and will remain there for another month. However, he is gaining weight each week now.

Mr. and Mrs. Sam Grizzle of Calgary are the proud parents of a baby girl. Her name is Sandra Beth.

Mrs. Frank Winfield, Afton, underwent surgery a few days ago and is now doing nicely.

Mr. and Mrs. C. W. Lee are the parents of a baby boy born March 12. Lee is in the army.

Mrs. J. H. Miller of McAdoo is a medical patient and is improving at this time.

Bernice Spain, who was operated a few days ago, has returned to his home.

Gordon Latham, son of Mr. and Mrs. Glenn Latham of Dickens, who was injured in a car accident several days ago, has recovered enough to be taken to his home. He had fracture of his left leg and right arm and several other minor injuries.

Mr. and Mrs. Henry Roger's baby was a medical patient a few days but has improved enough to be taken home.

Mr. and Mrs. Ted Love of Calgary are the parents of a baby boy. Mother and baby are doing nicely.

Mr. and Mrs. Roland King's baby is quite ill in the hospital now.

Bingo—I'm going to get a divorce. My wife hasn't spoken to me for six months.

Stingo—Better be careful. You'll never get another wife like that!

Cotton has the highest value per acre of any of the five major crops which occupy 80 per cent of all cultivated land in the United States. During the 10 years, 1932-41, Cotton and Cottonseed produced an average farm value per acre of \$27.97, compared with \$14.79 for corn, \$10.32 for wheat, \$8.65 for oats, and \$10.77 for all hay. And, in 1944 the return per acre from Cotton and Cottonseed averaged approximately \$73—nearly three times the 1932-41 average.

Your Cotton acres are your most valuable acres—select your best land for them, and use good planting seed and other sound practices that will make them more valuable. To profit most from your balanced farming and conservation program, be sure that you have enough good land in your best "pay crop"—COTTON.

## CLEARANCE

## MAY THE BEST WOMAN WIN!

There's the bell... hold your hat... hang on to your purse... and may the best woman win!

Bargain sales look as exciting as ever these days, but this ancient sport isn't what it used to be. So much merchandise is up in price or down in quality.

However, there's at least one real bargain that still provides high prewar quality at low prewar prices. That's the electric service you enjoy in your home.

Actually you're getting about twice as much electricity for your money today as you did 15 years ago. If your total electric bill is no less today, it's because you have more electric conveniences now and use them more. But the cost per kilowatt-hour average is much less.

The credit for this wartime bargain belongs to your friends and neighbors in this company. Their hard work, plus sound business management, made it possible. You can count on them to continue to furnish cheap, dependable electricity for still finer electric living after the war.

\*Hear NELSON EDDY in "The Electric Hour" with Robert Armstrong's Orchestra. Every Sunday Afternoon, 3:30 CWT, CBS Network.

**West Texas Utilities Company**

**WITH ALL 8 GUNS firing, this Republic P-47 Thunderbolt is one of many types of fighting planes which fly with Phillips high-octane fuel on all the world's fighting fronts.**

The United States Produces 85% of the World's Aviation Gasoline

...and Phillips is one of the Six Largest U. S. Producers!

**WONDERFUL GASOLINES** after the war? . . . Of course, because of today's greatly intensified program of research and production:

The headline above clearly and simply states the outstanding position achieved by Phillips in the wartime production of combat aviation fuels. It is more than a hint of what you can expect from Phillips in peacetime gasolines for postwar cars.

Phillips is also a major producer of butadiene for synthetic rubber:

And high-octane fuel and butadiene are both synthetic chemicals . . . two of the limitless thousands of products which can be made by using petroleum and petroleum gases as a chemical raw material.

That is why we say, every time you see the Orange and Black Phillips 66 Shield, let it remind you that Phillips refineries . . . in addition to producing gasolines, lubricants, and fuel oils . . . are also gigantic chemical plants pouring out weapons for victory.

## SUNDAY SCHOOL LESSON

### THE LAW OF LIFE

International Sunday School Lesson for March 18, 1945

**GOLDEN TEXT:** "Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind. This is the first and great commandment. And the second is like unto it, Thou shalt love thy neighbor as thyself." —Matt. 22: 37-39

**Lesson Text:** Matthew 22: 37-39; 25: 34-46.

After hearing Jesus relate certain parables which were clearly in condemnation of themselves, the Pharisees decided to launch an attack against him. So, while Jesus was teaching in the temple at Jerusalem on Tuesday of Cri-

fixion Week, they were instrumental in having several questions put to him in the hopes of embarrassing him and destroying his usefulness and influence among the people.

One of them is given for our consideration in this lesson—the theological question of differentiating the divine commands. One of the Pharisees "asked him a question" and saying, "Master, which is the great commandment in the law?"

Their school emphasized that the Pentateuch contained 365 prohibitions and 228 commandments, and often they had debated among themselves which of these rules was the most important.

Jesus answered by quoting from Deuteronomy a passage requiring that man should love God wholeheartedly, a passage which was recited daily by every Jew. It summarized the first table of the law and Jesus added to it a quotation from Leviticus, summing up the second table, that a man should love his neighbor as himself. Summarizing the whole law, Jesus said these two commandments embrace them all. The Scribe approved, apparently, sincerely, the Lord's answer and Jesus assured him he was not far from the Kingdom of God.

In Matthew 25, we find the record of three parables given by Jesus answering a question concerning the end of the world and the time of judgment. In the parable of the Ten Virgins, the sin of omission was condemned; in the parable of the Talents, the sin of misuse of talents was condemned; and in the parable of the Last Judgment of Nations, the failure to be of practical service to one's fellowmen was

the cause of condemnation. In all three parables, sins of omission resulted in the punishment of those guilty of neglect. Christy often forget this. They pride themselves on the sins they do not commit but fail to take into account the fact that they fail to do so much that they should have done.

The parable of the Last Judgment emphasizes practical social service. As Professor Edward S. Arnes says, "The central doctrine of Christianity is that Christians are finally known and tested by their fruits. We enter the kingdom, not by saying, 'Lord, Lord,' but by doing his will; not by repeating prayers in his name so much as feeding the hungry, clothing the naked, visiting the sick and imprisoned. What does the Lord require of thee, but to do justice, to love mercy, and to walk humbly with thy God?"

"Pure religion and undefiled is to visit the fatherless and widows in their affliction. The Good Samaritan was a more typical New Testament Christian than the priest or the Levite, and he is more typical now than the mystic or the theologian."

One of the most interesting features of the parable is the fact that those who were rewarded for their good deeds and those who were punished for their hardness of heart and unconcern. Were equally ignorant of the respective goodness and badness involved in their history.

Those who had befriended humanity had done so because of their unconscious desire to serve and help, and those who had failed to make any effort to lighten the burdens of others had been so indifferent and callous that they had not recognized their own failure. The acts of each class, however, were a complete indication of their hearts.

There is a great need for social reform. Over forty years ago Professor Huxley, the naturalist, said: "I do not hesitate to express the opinion that if there is no hope of a large improvement of the condition of the greater part of the human family, if it is true that the increase of knowledge, the winning of a greater domain over nature which is its consequence, and the wealth which follows upon that domain are to make no difference in the extent and intensity of want, with its concomitant physical and moral degradation amongst the masses of the people, I should hail the advent of some kindly comet which would sweep away the whole affair as a desirable consummation."

It should be the task of Christians to make the world a better place in which others may live. As said by Rev. Charles T. Holman:

"Our social scientists tell us that the causes of poverty are discoverable and largely removable, if only enough intelligence and unselfishness can be summoned to the task. If we would serve that God who identified himself with those who hunger and thirst, with those who are friendless and unprotected, surely we shall do all that lies in our power to help forward this fundamental readjustment of our social order."

**THE STATE OF TEXAS**  
TO: WILLIAM THOMAS BISHOP, Defendant, Greeting:

You are hereby commanded to appear before the Honorable District Court of Dickens County at the Court House thereof, in Dickens, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of issuance of this citation, same being the 16th day of April A. D. 1945, then and there to answer Plaintiff's Petition filed in said Court, on the 26th day of February A. D. 1945, in this cause, numbered 1873 on the docket of said court and styled ANNIE MAE BISHOP, Plaintiff, vs. WILLIAM THOMAS BISHOP, Defendant.

A brief statement of the nature of this suit is as follows, to wit: Being an action and prayer for judgment in favor of plaintiff and against Defendant for decree of divorce dissolving the bonds of matrimony heretofore and now existing between the parties, and for the care and custody of their minor son, Carl Wayne Bishop, a boy and age nine years; plaintiff alleges abandonment for more than three years on the part of the defendant, and further alleges that no community estate exists to be partitioned by the court. Plaintiff further prays for relief general and special; as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and Seal of said Court, at office in Dickens, Texas this 26th day of Feb. A. D. 1945.

Attest:  
E. H. Ousley, Clerk  
District Court, Dickens county,  
Texas  
By Nettie Littlefield, Deputy  
(Seal)

Well. . . .  
Slim—Got a minute to spare?  
Jim—Sure.  
Slim—Tell me all you know.

## Sarah Ann's Cooking Class

All children like home-made cookies and even the grown-ups will be carried back to their childhood days when the old-fashioned cookie jar was never empty.

The spicy ginger man is always a favorite, as well as the brown-drop chocolate ones, also the twisted bow-knots, hearts and stars never fail to bring joy to the little ones. Go to the dime store and select your favorite cookie cutters. Make a batch of cookies and see how fast they go.

The following recipes are general favorites:

### Sugar Cookies

Cream 1-2 cup of shortening with 1 cup of granulated sugar; add 2 eggs unbeaten and 1-4 cup of milk. Beat well, then stir in 2 cups of flour with 1 teaspoon of baking powder and a pinch of salt. Flavor with 1-4 teaspoon nutmeg or 1-2 teaspoon vanilla. This dough may be packed in a bread pan and chilled overnight, then sliced very thin and baked in an oven 400 degrees. It may be dropped from the end of a teaspoon onto a buttered baking sheet or it may be rolled very thin and cut in fancy shapes.

### Chocolate Cookies

1 cup brown sugar  
1-2 cup butter  
4 tablespoon cocoa  
2 eggs  
1-2 cup nut meats  
1 teaspoon vanilla  
1-2 teaspoon soda  
1-2 cup sour milk  
1 3-4 cups flour  
1 teaspoon baking powder  
Mix and drop on a greased baking sheet. Bake in an oven 375 degrees or 10 minutes.

### Fruit Cookies

Put through the food chopper: 1 cup of washed seedless raisins, 1-2 cup of shredded coconut, 1-4 cup of citron and 3-4 cup nuts. Cream 1-2 cup of sugar and 1-2 cup of shortening. Add 2 egg yolks, 2-3 cup undiluted evaporated milk. Add the chopped fruit and nuts, beat until mixture is smooth. Add 1 3-4 cups flour sifted with 2 teaspoon of baking powder, 1-4 teaspoon salt, 1 teaspoon of fine fresh cut orange peel. Fold in 2 egg whites beaten stiff. Drop the mixture in mounds on a well greased baking sheet, well apart. Top some with raisins, some with nuts and some with shredded coconut. Bake 10 minutes in an oven 375 degrees.

### Oatmeal Cookies

2 cups oatmeal  
1 cup shortening  
2 eggs  
4 tablespoon milk  
1 tablespoon cinnamon  
1 cup sugar  
1 cup raisins  
1-2 teaspoon vanilla  
1 teaspoon salt  
Mix well and drop on a greased baking sheet. Bake 12 minutes in an oven over 375 degrees.

### Molasses Cookies

Put 1-2 cup molasses and 1-2 cup of shortening into a saucepan large enough to serve as a mixing bowl. Heat until the shortening melted. Remove from the fire. When cool add 1 unbeaten egg Mix and sift 1-2 cup sugar, 2 1-2 cups flour, 1 teaspoon salt, 1-4 teaspoon each of soda, ginger, cloves and cinnamon. Shape into a roll and wrap in heavy waxed paper. Place in refrigerator until hard. Remove the paper, place on a bread board and slice with a very sharp knife. Place on a baking sheet and bake 10 to 15 minutes in an oven over 375 degrees.

### English Vanilla Snaps

2 cups flour  
1 cup butter  
1-2 cup sugar  
2 teaspoons ginger  
1 cup cooking syrup  
1 tablespoon vanilla  
Sift dry ingredients add butter, cut in with a knife. Last add the syrup and vanilla. Place in re-

## FAST RELIEF

From Too Frequent Urination, Backache, Run-Down Feeling

—due to irritation of the bladder caused by excess acidity in the urine

Famous doctor's discovery acts on the kidneys and helps keep you from getting up nights!

Are you suffering unnecessary discomfort and distress from backache, burning urine, frequent desire to pass water? Getting up often at night? These symptoms may be caused by bladder irritation due to excess acid in the urine. Then try the famous doctor's discovery — DR. KILMER'S SWAMP ROOT.

Famous for many years, Swamp Root is a carefully blended combination of herbs, roots, balsam and other natural ingredients. There's absolutely nothing harsh or habit-forming in this scientific preparation. Just good ingredients that quickly act on the kidneys to increase the flow of urine and relieve bladder irritation and its uncomfortable, distressing symptoms. You'll say its marvelous effect is wonderful!

Send for free, prepaid sample TODAY! Like thousands of others you'll be glad that you did. Send name and address to Department J, Kilmer & Co., Inc. Box 1286, Stamford, Conn. Offer limited. Send at once. All druggists sell Swamp Root.

frigerator to cool. With tablespoon (slightly) drop dough on an cookie sheet, pat out with a spatula. Space generously between cookies so they will have room for spreading. Bake to a straw color in an oven 375 degrees. Lift from sheet with a spatula and hang over rod or stick and they will have an attractive folded appearance.

### Whole Wheat Crisps

1-4 cup sugar  
2 cups whole wheat flour  
1-2 teaspoon salt  
1 teaspoon baking powder  
1 cup thin cream  
Sift the flour, salt and baking powder, add the sugar and mix to a stiff dough with the cream. Roll very thin and cut out with cookie cutter. Bake on a greased in an oven 400 degrees.

## Ernie Pyle Hept Up About New Film—'The Fighting Lady'

Ernie Pyle's Column is read by millions. Here's what he says about "The Fighting Lady". . . .

"Every once in a while you see or read or feel something that you go head over heels about, and can't quit talking about.

That has happened to me recently, about two things. One is a movie, the other is a show. The movie is called "Fighting Lady," and was produced by the Navy. The show is a musical extravaganza on roller skates, called "Skating Vanities."

Let's go to the movie first. It has already gone into general showing in several cities, and will eventually be shown everywhere, in regular theatres. If you ever see it advertised, for goodness sakes, go see it.

It is the story of life aboard an aircraft carrier in the Pacific. It is in technicolor and it's all genuine. It wasn't produced in Hollywood from fancy sets. It was all taken by Navy Camera-men right on the spot. It is as beautiful, and as thrilling, as anything I've ever seen.

A good third of it was taken by automatic cameras in the noses of fighting planes. You dive on Japanese islands as though you were in the plane yourself.

You can see your tracer bullets shooting out ahead and fingering into Japanese planes. You see the Jap planes suddenly explode in a wave of red flame

them twist down into. Not one or two isolated and far-away shots, but scores of them, close up and vivid.

"Fighting Lady" is a magnificent piece of work. You'll know considerably more about what war feels like after you see it."

## Ex-Spur Boys Get Commendation From Commanding Officer

Sgt. Howard Richey, native of Dickens county and two fellow members from Fresno, Calif., of the 36th General hospital, have been commended by the commanding officer for their work under trying conditions in Italy, according to a story in the Fresno Guide.

In part the story read: "The hospital, which at times was only five miles behind the lines in Italy is now operating in France, serving the U. S. 7th Army and units of the 6th Army group. Before coming to France, the hospital had cared for more than 14,000 patients from the 5th Army.

"Equipped to render all types of medical treatment from removing a splinter to performing the most delicate brain operation, the hospital hustled to the front and not only served as a general hospital but as an evacuation hospital, admitting wounded soldiers directly from fox-holes.

"On New Year's Eve of 1943-44, the 36th general displayed its efficiency by absorbing within three hours 615 patients when an evacuation hospital was endangered by a storm. Many a soldier receiving anesthetic at the evacuation hospital was operated on and awoke feeling fine in the general hospital.

"The 36th General hospital, a revival of Base hospital No. 36 operated by the Red Cross in World War I, is sponsored by the Wayne University College of Medicine, Detroit, Mich."

Sergeant Richey is the son of Mr. and Mrs. A. J. Richey, Fresno, Calif.

In a letter to The Texas Spur, Mrs. Richey said that she had received a letter from her son's commanding officer commending Sergeant Richey on his "fine job" with the X-ray department of the hospital.

Because of censorship regulations, we are unable to print the address of Sergeant Richey, but any of his friends that would like to write to him may get that information at The Texas Spur office.

## Blood Clot Fatal to E. I. Schillings; Funeral Rite Sunday

Funeral services for Earnest Iley Schillings, Dickens, were held at 4 p.m. Sunday at the Dickens Baptist church with Ennis Hill conducting the rites. Schillings, who died of a blood clot in the heart muscle, Friday, was born on Jan. 24, 1895 in Shelby county to Mr. and Mrs. Dennis I. Schillings.

A resident of Dickens county for the past four years, Schillings became affiliated with the Baptist church at the age of 19.

He is survived by his wife; three sons, Lloyd V. Schillings, navy, Spencer W. Schillings, army and Douglas Schillings, Houston; three daughters, Mrs. Evelyn Singletary, Houston, Mrs. Betty Rae Wilson, Chireno, Miss Gurdie Mae Schillings, Oklahoma City, Okla.; three brothers; one sister; two step-sons, Charles and James Meadows; and five grandchildren.

Pall bearers were W. T. Williams, Otho Thompson, Norval Rogers, A. C. Sharp, W. D. Lowry and Billie Byars Sharp.

Flower bearers were Misses Eloise Sharp, Polly Harvey, Joyce Williams, and Mary Harvey.

Interment was in the cemetery at Dickens and Chandler Funeral Home conducted the services.

## Return to Station at Grand Island After Visit With Relatives

S/Sgt. and Mrs. Erma D. Butler, who have been visiting Mr. and Mrs. A. M. Butler, Spur, left Thursday for Grand Island, Neb., where Sergeant Butler is stationed.

During his 10 months overseas as an aerial engineer on a B-25 Mitchell bomber, Sergeant Butler was awarded the Air Medal, an Oak Leaf Cluster, the Purple Heart and a Mediterranean theatre of operations ribbon with one Bronze Star.

Since his return to the States six months ago he has been transferred to duty aboard a B-29 super-fortress.

## A. C. Halsell New Public Welfare Field Worker Here

A. C. Halsell, former principal of O'Brian high school, is the new field worker with the State Department of Public Welfare, replacing Miss Virginia Ruth Robertson, who has been transferred to Levelland, it was announced Tuesday.

Spur will be headquarters for Halsell, who reported for work Tuesday. The territory he is assigned to cover includes Dickens, Kent and Stonewall counties.

Halsell has a bachelor of science degree in education from McMurray College, Abilene. Mrs. Halsell is a teacher in the O'Brian school system and she, with their two daughters, Malcie and Agatha, plan to join Halsell in Spur sometime in June. Miss Malcie Halsell is a sophomore stu-

**MAY THE BEST WOMAN WIN!**  
 There's the bell... hold your hat... hang on to your purse... and may the best woman win!  
 Bargain sales look as exciting as ever these days, but this ancient sport isn't what it used to be. So much merchandise is up in price or down in quality.  
 However, there's at least one real bargain that still provides high prewar quality at low prewar prices. That's the electric service you enjoy in your home.  
 Actually you're getting about twice as much electricity for your money today as you did 15 years ago. If your total electric bill is no less today, it's because you have more electric conveniences now and use them more. But the cost per kilowatt-hour average is much less.  
 The credit for this wartime bargain belongs to your friends and neighbors in this company. Their hard work, plus sound business management, made it possible. You can count on them to continue to furnish cheap, dependable electricity for still finer electric living after the war.
