The Texas Spur appreciates the many and loyal orders for job printing turned in by local business firms recently. Of course we are still short handed but we are in hopes of more help later and thus optimistically promise good service on printing in future. We expect to spend all the paper makes in improvements and thus if we can print our way to a profit we will be happy. A good paper is an asset to any community and we of course expect such a paper to be an asset to the owners too, but we do not expect to get rich out of the

paper. Thanks to Deacon Hull, Ritter Hardware, Warren Abstract, Dickens County Electric Coop, James B. Reed, Proctor's Fine Merchandise, B. Schwarz & Son, Quality Cleaners, Emery Farm Lands, Eric Swenson, Hilltop Cafe West Texas Utilities, Security Bank, City of Spur, Garner Appliance, Allen Auto Supply, and several others have our sincere thanks for printing orders

H. C. Hill, route 1, came to this county from Buckholts, in Milam county, down where they raise cotton, corn and negro field hands. He says he has been back once or twice since he came here and feels better satisfied in Dickens county ever time he is reminded of that county. Not because that is a bad county, but because this is better. We have a good friend, Ben Reichert, who is publisher of the Cameron Enterprise. Ben used to be district governor of the Lions club and came to see us quite often.

J. J. Davis says he likes this paper very much. He used to live at Roaring Springs and knew W. D. Starcher there before he came to Spur. He was a good man, he said.

The word entirety appears but once in the Bible.

Mrs. J. J. Cloud says they came here in 1906 from Ada, Okla., and that Mr. Oran McClure spent the first night he spent in Spur at their home. They had gone to a ball game and when they returned home Mr. McClure had turned his horse into their pasture and was walking around the house. They took him in and put him up for the night. He moved here and started The Texas Spur. Mrs. Cloud says they raised all their children here and they have a right to be proud of them, 3 boys, Jim in Lubbock, just been discharged from armed forces; Huddle, at El Reno, Okla., and Bonnie at Waco.

C. F. Applegate has been taking this paper for 38 years and still likes it. He was here when the town of Spur started and was one of first to subscribe for the Texas Spur, which was founded before the town was founded. It was founded by the late Oran McClure, whom we are told was one of the finest men in the county and a real newspaper man. We had heard of him a lot and always heard good words of him. Mr Applegate has our sincere thanks and we believe he is one of the good citizens of this fine town and county.

R. J. Bell of Bell's Cafe is a jim dandy. We have eaten at restaurants a good deal for 20 years and we never saw a better cook, more courteous and cheerful fellow, anxious to please everybody than "that red headed fellow" at Bells. Of course he ought to be good. He is a son of Papa Bell, owner of the cafe and was reared in a cafe. But R. J. is an exceptional fellow, always clean looking, happy and jolly and the hardest worker we know. That kind of a boy is an asset to any town in addition to a business. Of course R. J. is no boy now, but to old fellows like this editor and Papa Bell he is still a boy, and we can say he is a credit to his parents as well as the community. He can build the best hot cakes we ever ate, and we never did like hot cakes until we came to Spur. We assume he builds them—they're good anyway.

More than 500 people have paid up their subscription since the middle of December, and we have been so busy we have not been able to keep up with them in our editorial comment. Folks we want you all to know that we highly appreciate this and are trying to produce a paper that will be a credit to the community and worth reading. We hope to get more help in future and we then can give our readers more attention.

**Bill Wright First to Enter as Candidate For County Office**

**Pitches Hat in Ring For Nomination As Commissioner No. 1**

Bill Wright of Dickens, is the first to pitch his hat in the ring for election to public office during 1946.

He authorizes The Texas Spur to announce him as a candidate for the office of County Commissioner of Precinct No. 1, subject to the Democratic primary and says he wants all the men and women voters of the precinct to give his candidacy due consideration.

He says he is a true Democrat and has had experience that is calculated to qualify him for the job which he seeks. He has issued a statement which we publish as follows:

To the Voters of Precinct No. 1, Dickens County:

"To my many friends and neighbors of this section, I wish to say that I will be a candidate in the 1946 elections for Road Commissioner in Precinct No. 1. Having been employed as a workman on this same section of roads for the past three years, I feel sure I know the needs of this precinct.

If I am elected, I promise at all times to do my best to please the people and try to have a good road.

I came to Dickens county when I was a small boy and I have lived here most of the time since. I am 41 years of age and in good health and know I can do a good job.

I would appreciate your vote and influence.

**BILL (J. T.) WRIGHT.**

Dr. and Mrs. M. H. Brannen spent several days during the holidays visiting Mr. and Mrs. Jess Craddock in Colorado City.

Mr. W. T. Andrews, executive head of Spur Security Bank, was in to have some statements printed and walked back to where this editor was making "a hand" in the back, and he remarked: "I didn't think the boss worked in a printing office." We assured him that the boss was about the only one who worked now days and he laughed like he knew a little about it himself. We told him that we had noticed it had gotten up to the bank now and that the boss in the bank worked a little. We noticed that Mr. Andrews had his "loan eye" out this way and the other on his desk every time anyone came into his office. He was working and at the same time sizing up his customer. We note when he cocks that "loan eye" at you he looks on through you and into the background, all without any special effort of batting a lasher and after serving a good many years on the board of two different banks, we learned that it takes just that kind of a man to be a good banker. As the old saying goes, the time "to collect a note is when the loan is made"

Presley Powell of Abilene, recently discharged from the army, was the guest over the weekend of Cpl. and Mrs. W. P. Foster Jr. Cpl. Foster, who has been here with his wife and son since December 22, will report back for duty in Austin Friday.

H. N. Patton came here from old Stephens county, where the town of Breckenridge jumped in population from a village of 400 to 25,000 when an oil boom hit there in the hey-days following the other world war. He owns his own home on route 1, and lives at home and boards at the same place. He is not living out of tin can put up in Baltimore, or Boston.

### Dickens Owls Get Two Trophies For 1945 Championships

An outstanding feature of the annual football banquet for the Dickens Owls was the presentation of two attractive trophies. A football player mounted on an eighteen inch two-tone base came as an award for winning District Championship.

A similar trophy, but somewhat smaller, was presented by local boosters for good sportsmanship. Those contributing to this trophy were: Fred Arrington, Judge Boedeker, Eric Ousley, Cecil Meadors, John Cumbie, John Sharp, Claude Swearingen, Johnny Koonsman, Tom M. Green, Guy Fellmy, and Charles Taylor.

Letter men announced by Coach Harry Martin were Carlton Dodson, Billy Byers Sharp, J. W. Watley, George Drennon, Lloyd Holley, Clyde Thompson, Billy Cumbie, and J. W. McKnight.

Visitors in the home of Mr. and Mrs. C. F. Applegate during the holidays were their children, B. J., SKTe of the Navy, Mr. and Mrs. George Nally and daughter and Mr. and Mrs. Woford Cooper and two daughters of Spur. This is the first time all the family have been together at the same time in six years.

### DICKENS SCHOOL PEP SQUAD GIVES BANQUET AS FITTING CLIMAX TO SCHOOL'S GREAT FOOTBALL YEAR

In a gal of purple and white the Pep Squad girls of Dickens High entertained the Dickens Owls, the teachers, and the school board members and their wives. At seven o'clock Tuesday evening, Dec. 13, as a grand finale to a wholesome successful season, 30 high school girls proved how charming and gracious pep squad members may be as hostesses. Informal and friendly affair, under the direction of Chichi Meadors, mistress of ceremonies, rolled along, gathering laughter and good-fellowship until a joyous singing of the alma mater served as the final whistle for the evening.

Seventy plates were spaced along a rectangular extension of table, whitened with snowy linen. Each plate was marked by a miniature megaphone of purple or white, bearing the names of various guests or hostesses. A tiny purple or white pennant to match the cone was planted in a tasty gum drop and raised the honored D. H. S. to point each position.

Since the Owls had not been accorded the distinction of participation in the famed Rose Bowl of Pasadena, the squad had set up a make-believe situation as consolation honors; they had brot the Rose Bowl to Dickens High and right into the banquet hall, setting up a replica of that gridiron as a center piece for each table-section. Again purple and white adorned the goal posts (tall white candles), reminiscent of the colors that had waved in glory throughout a campaign of fierce engagements.

Came the food, the program, the comradeship of ripened enjoyment—the gamut of little experiences that will linger indefinitely in the memory of both host and fair hostesses. Program and menu are here outlined, the program climaxed by a spirited Dr. I. Q. football game, delving into pigskin lore and Owl personalities.

### Dickens School Has Unique System of Student Government Advisory Council Composed of Class Members, Active

Dickens High school is experimenting in student self-government, having selected an Advisory Council to share in the responsibility of regulations.

"Since our organization in the early part of November," said J. W. Watley, chairman of the council, "we have had a number of knotty problems to untangle, and we have had the privilege of presenting various suggestions to the management."

Watley, a senior and star football player, was selected for this position of honor by vote of the entire student body. The membership of the council is made up of nine active members and five associate members. These were selected by the various classes they represent—three seniors, three juniors, two sophomores, one freshman. The associate members who may advise but do not have voting privilege, are the four high school teachers and one representative from the grammar school.

Active members are: Chichi Meadors, Jean Ousley, Carlton Dodson, Mary Dean Reynolds, Billy Byers Sharp, Billy Cumbie, Janice Ogle, Donald Wester and Joyce Smith.  
Associate members are: Mrs. Jack D. Wester, Harry Martin, Mrs. A. C. Halsell, Mrs. Jack D. Wester, and Freida Sue Gipsen.

"We count it a privilege and an honor thus to represent our school in a united effort for progress and advancement," stated Chairman Watley.

### SIDELIGHTS FROM WASHINGTON

By GEORGE MAHON

Congress is in recess until Jan. 14, and I am glad to be back in the district during this time, I expect to get about over the district as much as possible. On account of the shortness of the recess I will not undertake to open an office, and regular mail should still be addressed to me in Washington.

I think the following notes on the changes which Congress has recently made in the G. I. Bill of Rights will be of interest.

Heretofore, a veteran has been allowed \$50 per month living allowance for educational purposes and \$75 if he has dependents. Under the new law, \$65 will be allowed for single veterans and \$90 for those with dependents.

Previously veterans were presumed to have ehad their education interrupted only if they were under 25 years of age when they entered the service. The new bill removes that limit, so that now any veteran, regardless of age, can get a year's training plus as many years as he was in service, with a maximum of four yeurs.

Short, intense courses are also approved in the new amendment, as are recognized correspondence courses—cost not to exceed \$500.

Heretofore, the veteran was required to start to school within two years after discharge or the end of the war, whichever is later. This is changed to four years, and instead of being compelled to complete his course of study in seven years, this has been extended to nine years after the end of the war.

Considerable change is made in the loan provisions of the GI bill.

The maximum guarantee on real estate loans is raised from \$2,000 to \$4,000. However, guarantees are still limited to fifty percent of loan, and guarantee on non-real estate remain at \$2,000. Maturity of all non-real estate loans is set at ten years. The amortization period on real estate loans is fixed at 25 years unless the real estate is a farm, in which case the period of amortization can be as long as 40 years.

The term "reasonable normal value" has been a confusing and difficult requirement in making appraisals of the value of property. Under the new law, the term "reasonable value" is substituted, which will liberalize the act.

Anyone interested in further details of the new law can secure a copy of the Act itself by addressing a request to the writer at the House Office building in Washington.

### Edith Watley Is Crowned Queen of Dickens School Squad at Annual Banquet Recently

In a brief but impressive ceremony, sidelighting the banquet, the football boys selected and crowned as their Queen, Miss Edith Watley, a junior and an active pep squad member.

Miss Watley had been chosen at an earlier meeting and was crowned by Leland Holly at the banquet just before the singing of the Alma Mater. "I crown you, Edith Watley, queen of the Owls and Majesty in the hearts of all those who wear the purple and white," said Holly, as he placed the crown upon her head.

 Mr. Williams is our math teacher. He started to school at Girard and finished at Spur. He took all athletics except football. Then he went to Randolph Junior College for two years. While there he took track, baseball, basketball and other sports. He was the manager of the football team. He had a brother named Marvin who was his only competition. He was always good in mathematics. He would never let a problem go unworked. In fact he was a mathematical genius. While he was at Randolph Jr. College, Cisco, Texas, he was editor-in-chief of the Randolph College annual. He went to Texas Tech. There he took no part in any athletics. When he graduated from Tech he taught school at Jayton. He began in 1934 and taught until 1939 and he has taught here ever since.

## OUR BOOKROOM AND OFFICE

**By PATSY HOPKINS**  
 Our school book room has been cleaned out. All the old books that were no good were given to the students that wanted them. Books that were not needed were sent back to the State book store at Austin. New book shelves were put in the room. A separate shelf for each grade's books. The new shelves were built by the Agg boys. One of the two book rooms

is to be built into a teacher's lounge. The room will be kept locked at all times, where the teachers can grade and work without anyone bothering them. Before the room was cleared books were on the floor, scattered on tables and thrown in shelves. Mr. Williams' desk was cleared of lost and found's. Charles Lee presented him with a Christmas Poinsetta.

## THANK YOU, MR. COOK

My, things were clean and fresh Monday in Junior High! Fresh walks and ceilings gave the teacher and pupil a new spur for the coming year.

Mr. Cook had all the class rooms painted during the holidays. The ceilings and walls of each room are white with a steel grey "kick board."

This light coloring is according to correct decoration for the proper class room environment for Texas schools. This plan is recommended by the State Department of Health and is conducive to good lighting and clear visibility.

The Department also recommends certain seating arrangement and wall decorations that keep eye strain and bad posture in the minority.

Mr. Cook is gradually getting some of these plans into effect, and he hopes to eventually produce a school environment that both the school and its patrons will be proud of.

The boys and girls are co-operating to keep the new paint clean and attractive for students following them.

## JR. HGH SINGS CAROLS TO SHUT-INS

The boys and girls presented each honoree with a potted Christmas flower, and

## Berry Pupils Give Interesting Sacred Song, Piano Recital

In compliance with the State Department of Education requirements that the piano student be taught sight reading, and answering the urge of Federated Music Clubs to sponsor sacred song programs a group of pupils of Mrs. J. E. Berry rendered a very interesting sacred song program in her home Sunday afternoon at 4:00 o'clock on December 23. Stories of each song rendered were told.

Pupils who played selections were La Nell Marcy, Annette Haile, Pauline McKinney, Mozell Beadle, Waynell McCarty, Maxine Williams, Jimmie Nell Bowman, Gayle Reece, Margie Campbell, LaWanda McCombs and Sandra Watson.

A. G. Davis of Jacksboro visited A. J. Harvey and other friends here over the weekend.
