BROTHER OF SPUR SCHOOL SUPT. KILLED IN OIL WELL ACCIDENT MON.

Fred Cook Killed Monday At Tyler; Funeral Tuesday

Fred W. Cook, about 32, brother of C. F. Cook, Spur School Superintendent, was killed Monday morning in an oil well accident at Tyler. According to an associated press dispatch from Tyler, Mr. Cook was dragged into the rotary drilling mechanism of a wildcat oil test near Lindale and died soon after reaching a Tyler hospital. He was an employee of the Delta Drilling company.

Superintendent Cook left Spur Monday for Tyler where funeral services were conducted Tuesday for his brother. He is expected to return home today or Friday.

Fred W. Cook was raised in central Texas at Granger and had lived with Superintendent and Mrs. Cook for some time several years ago, before they moved to Spur.

\$520 SET AS DICKENS COUNTY U S O GOAL

Cecil Godfrey Named USO Chairman of County

Dickens County's quota for the USO drive has been set at \$520, according to Cecil Godfrey, county USO chairman. Mr. Godfrey was recently elected chairman to succeed Johnnie Koonsman, former chairman.

The drive for funds in the county will be started soon and will be the last such drive to be conducted, the chairman stated. The USO will be terminated in December of 1947 and this will be the last drive for funds here. Approximately 35 USO units will be in operation during 1947 and their activities are being maintained in all hospitals and USO shows are still in operation in the occupied areas of Europe and the Pacific, the chairman stated.

The quota that has been set for the entire state of Texas totals \$800,000 and \$520 of this has been given as a goal for this county.

January 31 Deadline For Reinstating Veterans Insurance

Deadline for veterans to reinstate national service life insurance, without taking a complete physical examination, is January 31, according to Luther T. Nance, Contact Representative of the Veterans Administration. Mr. Nance was in Spur Wednesday of this week aiding veterans to reinstate their insurance and urges all other veterans who have let their insurance lapse, to contact some Veterans Administration representative before the deadline Friday of next week.

Mr. Nance pointed out that veterans may now reinstate their national service life insurance by paying only two monthly premiums on the amount to be reinstated. The minimum amount of insurance that may be reinstated is \$1,000 or multiples of \$500 above that amount, he pointed out. The representative urged local veterans to not let their national life insurance lapse by being caught napping at the deadline January 31.

Ben Overstreet of Dickens was in Spur Wednesday attending to business.

TWO SPUR BOYS ENTER GOLDEN GLOVES TOURNAMENT AT LUBBOCK

Wilburn Ball, John Boone To Fight At Lubbock

Wilburn Ball and John Boone, Spur amateur boxers will enter the Eleventh Annual Golden Gloves Tournament at Lubbock next Monday night.

Ball has fought in several matches while in the Marines and has never lost a match. Boone has not had extensive experience in the ring, but is expected to show up well among the sluggers next week.

According to information, there has been an almost sell-out of seats for the finals to be held Wednesday night and the events are expected to draw large crowds from the entire area.

Considerable local interest is being shown in the coming boxing matches and a number of local boxing fans are planning to attend the bouts.

Water Supply Of Plains Under Study At Capitol

WASHINGTON, D. C. —Congressman George Mahon advises that he has personally appealed to William Wrather, Director of the Geological Survey in Washington, for an intensive study of the underground water supply of the High Plains of Texas. He emphasized that such a study should be made and an authoritative report given the people at the earliest possible date.

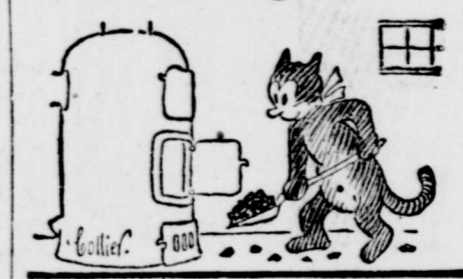

This report would be for information purposes only, Mahon stated. It would enable farmers, ranchers and city officials to better plan their water conservation programs. In commenting on the matter, Mahon stated: "I want to emphatically point out that the Federal Government in Washington has no authority to impose any regulation on the use of water in the High Plains of Texas for irrigation or otherwise. I personally feel that Federal interference would be both illegal and improper. Mr. Wrather said that the Government had followed and would continue to follow a strictly hands off policy as to legislation and regulation."

"Many West Texans have sought for years to get the fullest possible information in regard to our High Plains water supply. In 1936 I was able to secure an appropriation of Federal money for a study of these water resources and this study has been carried on more or less continuously since that date, and the study is still in progress. Several preliminary reports have already been made, but the reports are not sufficiently conclusive as to the quantity of water which can safely be withdrawn for irrigation purposes. A more aggressive effort to get the facts must be made."

"Director Wrather of the Geological Survey, the Federal Agency charged with making investigations of our national water and mineral resources, states that present studies indicate conclusively that the High Plains, underground water supply is replenished from rain which falls on the High Plains and not from a water current which flows underground from outside the area."

Mahon stated that steps now being taken in West Texas to get all the facts were in the public interest.

Philber Studies Meteorology Then Predicts Again

After having predicted warmer weather, but actually got ten below zero, two weeks ago, Philber, the weatherman's cat was appropriately hearded into the proverbial "dog house" where he was given a shovel and ordered to stoke the furnace to make up for a little of the error. The lowly mouser's hap-hazard prediction had the entire community wholly unprepared for the worst freeze that has hit the south plains in three decades. Some farmers had turned young lambs out on the range, many others had drained every drop of anti-freeze from tractor and car radiators only to find them somewhat bulging and draped with icicles the next morning. The whiskered furry feline made no attempt to apologise for his gasty error or even to make adequate amends. He merely pointed to page 486 of his meteorology book and then carefully (we hope) gazed aloft at a haze of syri-cumulus clouds and then nonchalantly took a piece of coal from the furnace bin and upon the plate-glass window of Thacker-Godfrey Company coded his prediction for the week-end which read:

"Partly cloudy to cloudy Thursday. Friday occasional light rain or drizzle. Saturday continued cloudy, and join the 'March of Dimes.'"

Letters From Readers

16 January 1947
To the Texas Spur:
I would like to make this little contribution to your paper. First, I want to know how the Republicans are going to cut taxes at this time. They surely have forgotten that we have fought a war and that wars take money and what better way do we have of raising this money than paying taxes. At least the Republicans have not offered a better way. The tax money we pay is a very small part when compared to what some of us had to give, with thousands of our boys left over there with only a little white cross to mark their resting place and thousands more in our hospitals.

No, the Republicans are just kidding themselves or maybe they think they can fool the people. I am a taxpayer and I sincerely hope that folks will think this out for themselves and not be swayed by promises that cannot and will not be fulfilled. Lets all pull together and strive to make these old United States what the boys were told they were fighting for and what they wanted to find when they came back.

War No. II was as I see it fought for the people and should have been fought and paid for by all the people. So lets pay taxes and do whatever it takes to finish the job, as the boys did theirs at the front.

Sincerely,
Talhitha Watson

Foot And Mouth Disease May Spread To U. S. From Mexico

Farmers in areas which have received cattle from Mexico were warned today to be alert for signs of foot-and-mouth disease, in view of the recent Mexican outbreak of this cattle plague.

The warning was issued by the American Veterinary Medical Association, following the United States' action in clamping an embargo on livestock and meat imports from Mexico.

Hundreds of thousands of cattle are imported from Mexico each year, the veterinary organization pointed out, and there is always a possibility that some diseased cattle may have gotten into the United States in spite of the rigid inspection measures maintained at the border.

"Foot-and-mouth disease spreads swiftly, and affects cattle, hogs, sheep and goats," the A. V. M. A. warning said. In its deadliest form, the ailment frequently proves fatal. Usually, however, it simply destroys the value of the animals by stopping the flow of milk and rendering the meat unfit for human consumption.

"In view of the present situation, every farmer must watch his stock closely, and report at once to veterinary authorities if a suspected case occurs. Prompt diagnosis and prompt action are of the greatest importance."

Cotton Still On Decline On South West Markets

Hogs led the upward price trend last week at most southwest farm markets with sheep, wheat, sorghums and eggs in tow, but prices of cotton, feeds, cattle and most vegetables declined, according to USDA's Production and Marketing Administration.

Last week opened with good demand and strong prices for beets, cabbage, carrots and spinach in the lower Rio Grande Valley, since wet fields curtailed harvesting. As loadings became heavier, prices declined. Cabbage and carrots dropped sharply. However, beets were still scarce and high. Broccoli remained firm. Spinach from the Winter Garden-Eagle Pass area moved slowly in a dull market. Louisiana reported moderate demand and better feeling for sweetpotatoes. At Colorado shipping points, onions were slightly higher and potatoes steady. Texas citrus shipments were rather heavy with prices about unchanged.

Wheat and sorghums moved a little higher at southwest markets last week. Other grains were steady to weak. Feed prices followed uneven trends with bran down and shorts up. Cottonseed and soybean meals were lower. Alfalfa hay moved better under improved demand, but trading was slow in other types at prevailing prices.

Fryers were lower, hens about steady, and eggs somewhat stronger at most southwest markets last week. Current receipt eggs ranged from 38 to 42 cents per dozen.

Hogs gained 50 cents to \$1.50 around the market circle. Top butchers sold at \$21.50 to \$22 per hundred at San Antonio; \$23.25 to \$23.50 at Ft. Worth, Oklahoma City and Wichita; \$23.25 to \$24 at Denver, the highest at this market since early December.

Cattle declined at some southwest markets last week as trading grew dull. However, Denver reported firm to steady prices with medium to good steers bringing \$18 to \$24 a hundred and common to good cows \$13 to \$15.50. San Antonio prices were irregular with medium and good shorted yearlings and steers selling at \$17 to \$22. Medium and good steers brought \$20 to \$22 at Oklahoma City; \$18 to \$22 at Wichita and \$16 to \$22 at Ft. Worth. Common and medium steers and yearlings realized \$11 to \$16 at Houston.

Active trading at southwest sheep and lamb markets last week kept prices steady to strong. But some weakness showed up at Wichita where good and choice Texas lambs sold at \$22.60 to \$22.80 per hundred. Good and choice fat lambs brought \$22.75

Miss Tallie Windham was in town Saturday from her ranch home in the Croton community.

Rebuild? FOR HOW MUCH!

It was a fine barn and it cost a pretty penny! But it would cost twice as much to build now. So the accident which burned it out was an inflationary gremlin! Too bad the owner didn't have it properly insured to cover his major loss. How about you? Own property. Is it insured—properly?

Enrollment At Texas Tech Expected To Be Around 6000

Enrollment at Texas Technological College will increase during the spring semester from the present record of 5366 to as many as 6000, officials predicted this week.

Students who plan entering Tech for the first time this spring may complete pre-registration steps any time between Jan. 23 and 29, but dormitory rooms will not be available until Jan. 27 for those who have reservations.

In order to give priority to those now enrolled, pre-registrations for these students only will be held Jan. 13 to 17. Pre-registration includes getting housing approval and paying fees. Classes will be scheduled for all students on Jan. 29 and 30, and classes will begin the following day.

FARM HOME IMPROVEMENTS

Electricity, running water and modern bath-rooms are at the top of the list of improvements that farm families are making as materials become available.

A recent survey by the U. S. Department of Agriculture show that families who have done remodeling rated modern conveniences—lights, water, and bath—at the top of their improvement lists. Almost all the families who remodeled made kitchen improvements. Insulation and central heat also ranked high as a popular improvement.

Many families are putting in more and bigger windows, and making arrangements for more storage space. More than half the families added bedroom closets, and a third of them included a closet for work clothes.

Mrs. J. W. Walker Of Plainview Guest Speaker At Seated Tea

The Twentieth Century Study Club was host to other Spur clubs, Tuesday afternoon at 3:30 o'clock with a seated tea in the home of Mrs. P. C. Nichols.

Mrs. Paige E. Gollihar, president of the club, presided, welcoming visiting club women. Mrs. Ray Dickson, Jr., spoke briefly on matters pertaining to business of City Federation. Mrs. O. M. McGinty, leader of the program, introduced Mrs. Raymond Higginbotham, who played 'First Movement "Moonlight Sonata," by Beethoven.

The entertainment rooms were beautifully decorated with carnations in three shades of pink.

Highlight for the afternoon was a most interesting and well given talk by Mrs. J. W. Walker of Plainview. Mrs. Walker spoke of her recent experience in attendance at a board meeting of the General Federation of Women's Clubs in New York City. Mrs. Walker and other club women attended a session of the United Nations Assembly while they were in New York City. She told of this experience and of attending one of the Forums sponsored by the New York Herald-Tribune. She discussed in her most charming manner, events and personalities connected with these meetings.

Mrs. Walker is former district president of Seventh District. She has served as state treasurer and later as state president of the Texas Federation. At present Mrs. Walker is on the General Federation Board in the chairmanship of Scholarships and Fellowships.

At the conclusion of the program, Mrs. Walker was presented with a fluted glass pitcher, as a token of appreciation from the Twentieth Century club.

A dainty refreshment plate was served with sweet peas as plate favors.

Luncheon Honors Mrs. J. W. Walker

Mrs. J. W. Walker of Plainview was honored with a one o'clock luncheon Tuesday in the home of Mrs. Paige E. Gollihar.

The lace covered table was centered with red renunculas in a spherical marine bowl.

The delicious dinner consisted of vegetable cocktail, baked chicken, dressing and giblet gravy, asparagus with cheese sauce, green beans, congealed cranber-

ry salad, pickled whole beets, stuffed olives, celery curls, clover leaf rolls with individual pats of butter, lemon pie and coffee.

Attending were other officers of the club, Mesdames Cliff Bird, T. H. Blackwell, Jack Rector, George S. Link, Sr., P. H. Nichols, and O. M. McGinty.

I Give You Texas

By Boyce House

"SO YOU DON'T LIKE TEXAS," by Virginia Spencer in "Holland's—a Texas Magazine":

This is your first trip to Texas, you have been here a few weeks and you are more than ready to go home. Texans are all right, but you just cannot get along with them. The facts are, they get into your hair, and you are annoyed because you let them.

You have been taught that if a thing needs to be done, then do it right now. Texans are a little different. They reason that if you wait until tomorrow or next year, maybe you will not have to do it. It usually works out that way, especially if there is someone like you around all fired up to do it right now. Which is all right with Texas.

A native Texan would rather sit down and talk it over than get the job done. He likes to talk, and after he has told you his family history, he sits back expectantly, eager to hear you tell yours. If you fail to reciprocate, you are not friendly and, therefore, queer. After patient prodding if he still gets no results, he diagnoses your case. You are just a damn yankee, which means that you hailed from somewhere north of Red River. Lots of "furriners" from up nawth are real folks once you get to know them; but they are all a little "standoffish" at first.

To you, the "furriner" from up nawth (which may mean that you are from Kentucky or California) Texans seem nose-y. It isn't that you have anything to hide, but you wonder why anyone should be interested in things which are, strictly, none of their business.

There is only one way you can ruffle the easy going Texan. Ruffle him? You will make him fighting mad if you persist in it. That one thing is to 'try to change him, to teach him to become like you. He does not want to be like you. He confidently expects to live to put flowers on the graves of people like you, and he usually does. He reasons that if you don't like this country, you can go back where you came from. And sure enough you do.

Or maybe you don't. Possible circumstances detain you a while longer, an unwilling guest, in friendly Texas. What happens? Do you continue trying to change Mr. and Mrs. Texas into a perfect composite of Messrs. and Mesdames Massachusetts, Maine, Michigan, and Montana? No, you realize you might as well try to change the miles of grassy plains into a range of snow-capped peaks.

So you admit, a bit grimly perhaps, that Texans are Texans and that is that. And since you cannot change them, you must make the necessary adjustments to get along peaceably with them. But how? The answer is simple. Be yourself and allow them to be themselves. Do your job as it should be done when it should be done, and let their jobs go undone unless that interferes with your own work. In that instance, you may prod the native gently, and if he does not respond, then do your job and his too. He will smile tolerantly and think you are a sap.

With your drive, your success in Texas is assured. At the height of that success, you take a trip back home. You rush out to see old friends, to give them the glad hand. The first fellow you meet seems a bit cold, not half as glad to see you as you are to see him. It could not be that he is jealous of your success. No, impossible. He must be worried about something. Perhaps you were not sufficiently interested in him and his business. Should you look him up again, ask some friendly questions?

You meet some other friends, and they are all alike, lacking in warmth and friendliness. None of them have done as well as you, doubtless due to the stiff competition in that country. But they should not resent your success. No, jealousy was not the answer. But what?

Disappointed in your vacation, you return to Texas, and feel a glow at the prospect of getting back into the old harness. Your Texas friends and acquaintances welcome you back, give you the glad hand; they say they missed you, ask interested questions, hope you had a nice trip. You are grateful for their interest, flattered by their warm welcome.

Alone, you ponder. What was the mater with old friends back

Veterans May Have Dental Work Done Without Cost

When application for dental treatment is made within twelve months from the date discharge from a period of war-time service of six months or more, there will be conceded prima facie evidence of eligibility, and dental work will be done at Government expense, according to information from the Veterans Administration office.

Veterans who have been out less than twelve months and who need dental treatment should contact the nearest Veterans Administration office. They should bring a copy of their discharge and at the V. A. office they will sign a request form for dental treatment. The form is mailed to the Dental Office of the V. A. regional office having jurisdiction of the county in which the veteran resides. Upon receipt of the application the Dental office schedules the veteran for an appointment to determine the need. In the case of veterans residing in the Spur district, an appointment will be sent with a local dentist and after the report if the examination is received, an authorization is given the local dentist to do the work, the V. A. office stated.

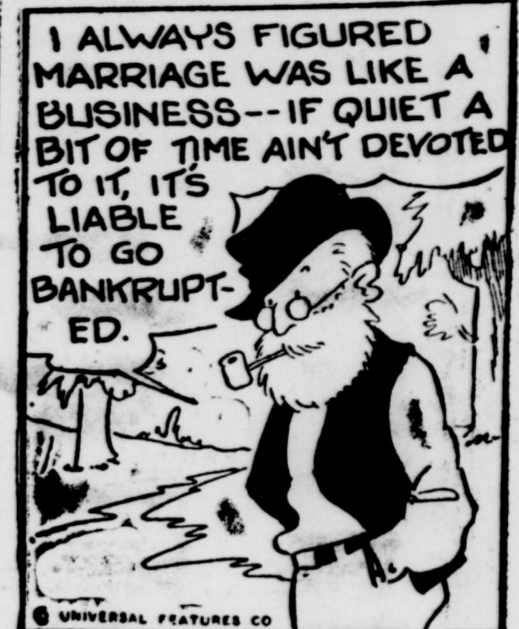

In the case of veterans who have been discharged one year, and who make application for dental treatment, favorable consideration may be given upon proof by the veteran of service connection. To cite an example: While John Doe was in the Army he had two teeth extracted and a bridge put in. He has been out longer than one year and is having trouble with the bridge. It doesn't fit properly and has caused one of the supporting teeth to become loose. John Doe should go to his nearest V. A. office and file a request for dental treatment. In his case, although he has been out longer than a year, he can prove service connection and the V. A. office will authorize the work to be done.

A veteran administration contact representative is in Spur every second and fourth Wednesday afternoon at the Selective Service office, located on the second floor of the Spur Security Bank building. The representative is here from 1:30 p. m. to 5:00 p. m., at which time information and aid will gladly be furnished to any veteran who has a problem to discuss, the V. A. representative pointed out.

Phosphorus is the most frequently limiting factor in plant and animal nutrition in Texas.

SHE'S BUSIER THAN EVER

...with more calls from more telephones

Telephone operators are busier than ever during these days of more telephone calls from more telephones than ever before. But they still take pride in doing their job with the same characteristic skill, patience, and courtesy that have caused them to be known as "The Voice With a Smile."

Despite the heavy increase in calls, operators are handling most of them quickly and accurately. Sometimes, during midmorning and late afternoon (the busiest times at the switchboard) there may be a brief wait for "Number, please," but you may be sure your call will be answered as promptly as possible.

DAVIS-WOODRUM WEDDING VOWS READ IN LUBBOCK SATURDAY

Miss Betty Jo Woodrum, daughter of Mr. and Mrs. Mack Woodrum of Lubbock and former Spur residents, and William Clyde Davis, son of Mr. and Mrs. Clyde H. Davis of Sterling City were married Saturday afternoon, January 18 at 4 o'clock in St. John's Methodist church at Lubbock, with Rev. H. L. Thurston, pastor of Perryton and former Spur pastor, officiating for the double ring ceremony.

Baskets of white gladioli and white cathedral tapers in candelabra, decorated the altar with a background of woodwardia fern. The aisle was marked with white satin bows and white tapers. Vows were said while the bridal couple stood beneath a lattice arch decorated with fern and white carnations.

Given in marriage by her father, the bride chose for her wedding, a white wool crepe dress with sweetheart neckline, long fitted sleeves and a peplum tied with a belt of self material. Her hat was a halo of white flowers with a shoulder length veil. She carried a white orchid, showered with split carnations on a white satin Bible. She wore a single strand of pearls.

Miss Jean Woodrum, sister of the bride, was maid of honor. She was attired in a dusty pink wool crepe two-piece dress and carried a colonial bouquet of pale blue carnations.

Miss Winona Bickley of Houston who lighted the candles wore a yellow wool crepe dress and bracelets of blue carnations.

John T. Grim, Jr., of Kilgore served as best man. Jack Woodrum, cousin of the bride of Wichita Falls and Lem Johnson III, of Dallas were ushers.

Bob Scoggins, organist, played "Indian Love Call" and "Chair de Lune" while candles were lighted.

"Ave Marie" was played softly during the ceremony. W. T. Humphreys, uncle of the bride, sang "Because", and "This is Always", and traditional wedding marches were played.

Reception Follows Ceremony
After the ceremony, a reception was held in the Yaqui room at the Hilton Hotel. The couple was assisted in receiving by mothers of both, Miss Jean Woodrum, Miss Carolyn Atchison and Miss Bickley.

The lace covered bride's table was centered with a three tiered wedding cake placed on a reflector encircled with a ruffle of white ribbon and white carnations, white tapers in crystal candelabra added further to the decorations. Concealed in the cake was a music box that played wedding marches while the bridal couple cut the first slice of cake. The table where guests were registered was decorated with an arrangement of white carnations. Miss Pay Bay of Plainview presided at the guest book.

Miss Marlene Humphrey played piano selections during the reception. Mrs. Davis wore for her wedding trip to Mexico a grey suit, styled with a finger tip coat, grey felt hat and brown lizard accessories. She wore an orchid corsage.

The bride is a graduate of Spur High school and attended Texas State College for Women and graduated from the University of Texas last August. She has been teaching home making in the Sterling City Schools.

The bridegroom attended North Texas Agriculture college and the University of Texas. He served three years in the Army Air Forces, two of these were in the South Pacific. He is a member of Pi Kappa Alpha. He is a rancher at Sterling City, where the couple will be at home after February 1.

Those attending the wedding from Spur were, Mr. and Mrs. E. D. Engleman, Mr. and Mrs. Don Henley, Mr. and Mrs. L. D. Ratliff, Mr. and Mrs. Burford Johnston and Mr. and Mrs. Clyde Bingham.

Recent Bride Complimented With Shower

Mrs. W. P. Shugart assisted by Mrs. J. T. Seale complimented Mrs. W. G. Pope, the former Melba Hazel and recent bride, Saturday afternoon with a miscellaneous shower in the home of Mrs. Shugart.

Evergreens and winter blossoms decorated the entertainment rooms and the falling snow on the outside added to the coziness of the house. The honoree was presented with a corsage of gladioli and grape hyacinth, gift of Mrs. Emma Lee. Guests were registered in a guest book presided over by Mrs. Seale. Mrs. W. T. Andrews played piano selections throughout the afternoon and delicious refreshments of open faced sandwiches, chocolate squares, topped with whipped cream and hot spiced punch were served.

The afternoon was most pleasantly spent greeting and visiting with friends of the bride, who had so graciously remembered her with many lovely and useful gifts.

Luncheon At Hill Top Fetes Thursday Luncheon Club

A lovely social courtesy was extended to the Thursday Luncheon Club last Thursday when Mrs. C. H. Elliott entertained with a luncheon at Hill Top, followed by games of bridge in the Elliott home on West Harris St. The linen laid luncheon table was centered with a potted pink cyclamen, place cards carried out the Valentine theme.

A delicious two course luncheon was served, consisting of sizzling steak, English peas, french fried potatoes, green salad and hot rolls and butter. Ice cream and cake was served for the second course.

Mrs. Don Henley received high score award for guests.

Club members attending were Mesdames W. T. Andrews, Eric Swenson, E. D. Engleman, Horace Hodges, Fred Jennings, Tom Johnston, Tom Jones and the guest Mrs. Henley.

Harmony Club Meets With Mrs. Joe Long

The Life of Carrie Jacobs Bond was discussed most interestingly by Mrs. W. F. Gilbert, when the Harmony Club met in the home of Mrs. Joe Long Tuesday night, from the works of Carrie Jacobs piano selection.

Roll call was answered by each member naming an outstanding Woman Composer. A vocal solo from the works of Carrie Jacobs Bond, "Just a Wearyin' For You", was sung by Miss Bonnie Campbell, accompanied by Mrs. W. M. Hilly, and Mrs. Hilly offered a piano selection.

Those attending were Mesdames W. T. Andrews, J. E. Berry, J. H. Bowman, Nell Davis, C. B. Chandler, E. A. Brashear, Ray Dickson, Jr., E. D. Engleman, W. F. Gilbert, George Gabriel, J. W. Henry, P. C. Nichols, Jack Moore and Mr. and Mrs. James B. Reed.

Mr. and Mrs. W. G. Pope of Amarillo were guests in the home of Mrs. Pope's parents, Mr. and Mrs. W. M. Hazel over the week end. Mr. and Mrs. Pope were married in a church ceremony at Amarillo, where Mrs. Pope is a teacher in the Amarillo schools.

Mrs. Lonnie Harris of Glenn was in town Monday attending to business.

From where I sit... by Joe Marsh

Willie Goes to School at 23

Everybody's joshing Willie Wells about going back to school. They remember when Willie would hide out in the woods—scared to bring his report card home to Pa.

But under the G.I. Bill of Rights, Willie (who has a wife and baby) is getting a free education at the Agricultural College. And Uncle Sam is giving him a fine report: "Department, excellent; Progress, above average."

That goes for all those undergraduate veterans. Like Willie, they appreciate an education more than

ever now. They're industrious and well-behaved—their favorite beverage is milk, or a tumbler glass of beer. For them the "three R's" seem to mean: Responsibility, Resourcefulness, Restraint.

From where I sit, cynical folks who thought veterans wouldn't want to return to school—wouldn't stick to steady habits of work and moderation—have their answer in "undergraduates" like Willie.

Joe Marsh

Mr. and Mrs. W. H. Bateman who have made their home near Glenn for number of years are leaving the last of this week for Hot Springs, New Mexico where they will make their home in the future. Mr. Bateman stated that he hated to leave Dickens county and their many friends and neighbors here, but was forced to find a change in climate because of his health.

Leslie Cornelius was in Spur Saturday from his home at McAdoo. While here he was a caller at the Texas Spur office.

Disease Report Service Set Up By A. & M. College

A service long-needed by poultry and livestock producers has been started by the Extension Service of Texas A. and M. College.

The service consists of a system of monthly reports, coming from county agricultural agents and veterinarians, giving information on poultry and livestock diseases, where and when the diseases occur, and the number of cases occurring.

Dr. E. A. Grist, veterinarian for the Texas A. and M. College Extension Service, who operates a central clearing point for the information, reports that the system of gathering information has been in effect for four months, and the figures gathered to date have afforded excellent opportunity to issue timely disease warnings and suggested control programs.

With the aid of the Economics division of the Extension Service, the information is being compiled according to Texas soil areas and types. Dr. Grist points out that while it is impossible now to measure the real worth of the system, it has shown more clearly the need for better poultry and livestock disease control in Texas. For instance, mastitis of dairy cattle, an udder inflammation, is a disease that is ordinarily considered a small item affecting dairy production. Yet during September, October and November, county agents and veterinarians reported over 4000 cases of mastitis in Texas. Cases occurred in every county in the state.

Dr. Grist says that such a livestock disease summary can be of great value in developing future programs to prevent and control livestock and poultry disease.

Dot Karr, daughter of Mr. and Mrs. A. M. Karr spent the weekend here as guests of her parents. Dot is a student at Texas Tech at Lubbock.

Secretary Of Agriculture To Speak At Galveston

BRYAN—(Special) Twenty official representatives of the cotton industry from Texas will participate in industrywide program planning for 1947 at the annual meeting of the National Cotton Council at Galveston, January 23-30, George G. Chubb, chairman of the Council's Texas Unit, announced today.

The 1947 Council meeting will take up problems confronting the cotton industry in the fields of foreign trade, sales promotion, research, and cotton production and marketing. Mr. Chubb said. Plans for the program to increase cotton markets during the coming year will be worked out by 244 official delegates elected to represent the more than ten million people engaged in the cotton industry in the cotton-producing states.

Secretary of Agriculture Clinton P. Anderson and Oscar Johnston, Scott, Miss., president of the Council, will deliver the principal address of the meeting, the Texas chairman said.

TAYLOR VAN ZANDT HOME ON FURLOUGH

Sgt. Taylor Van Zandt left last week to report back to his station at Oakridge, Tenn., after spending a two weeks furlough here with his parents, Rev. and Mrs. Raymond Van Zandt. This is the first furlough Taylor has had since being in the army over a year. He stated that he expects to finish his army service in about six more months, at which time he will resume his college work. He had completed one and one half years of college work before entering the service.

Mrs. Nellie Addy of Breckenridge spent a few days in Spur last week, visiting with friends and attending to business. Mrs. Addy is a former Spur resident and still maintains her home here.
