Local Farm Group Opposes Slashes In Farm Program

C. C. Kimmel, of the Dickens Farm Bureau has wired Congressman Mahon, Senators Connally and O'Daniel, and Hon. Clifford Hope, chairman, Agricultural Committee, deploring the drastic slash in the appropriations for the U. S. Department of Agriculture.

"Hoover's economy movement was a picnic for the farmers compared with what will eventually happen if Congress now cuts the heart out of our department," Mr. C. C. Kimmel said.

The economy would cripple the P.M.A., the R.E.A., the School Lunch Program, the Extension Service; crop insurance, Research and Marketing, and kill the FSA tenant purchase program.

"We have wired our Congressman our protest," Mr. Kimmel said, "and we are supporting the Texas Farm Bureau Federation and the American Farm Bureau Federation in this fight for the maintenance of these essential funds for the Department of Agriculture."

This Is No Gag:

Bob Burn's farm at Canoga Park is no mere invention of the famous Screen and Radio wit's imagination. In spite of his many jibes on his weekly Radio programs, Bazooka Ranch is a well known Berkshire breeding establishment. This sale entry found its new home in Durbin, North Dakota, and Bob and neighboring Berkshireman A. H. Simons load it at the Ranch to start the 2,000 mile trip. No, Uncle Sam never raised famous hogs like this back at Van.

Wheat And Corn Prices Climb On S. W. Markets

(USDA)—Southwest farm markets remained mostly steady to strong last week, except for occasional easiness on some types of livestock, poultry, feeds, fruits and vegetables according to Production and Marketing Administration, U. S. Department of Agriculture.

Wheat and corn prices continued to climb last week, and closed Thursday 6 to 9 cents higher on corn and four cents on wheat. Barley recorded no changes, and sorghums fluctuated only mildly. Texas red oats came on the market at a cent or two above the dollar mark and held about steady, closing Thursday at \$1.01 per bushel in bulk carlots at Fort Worth and Galveston. Wheat closed \$2.91, and white corn \$2.13.

Demand for scarce rice supplies continued active, both from domestic and foreign sources. Rains delayed late planting. Feed demand slackened, as green feeds became plentiful. Millfeeds halted from recent rises. Light

offerings of hay found sharply reduced demand. Peanut planting reached its peak in North Texas, under favorable soil and weather conditions. Sizable quantities of fine and 1-2 blood wools sold this week.

Light offerings of spot cotton and demand for only certain qualities held trading to a small volume. Late rallies overcame early-week losses to the extent that Thursday close showed a net gain of 75 cents per bale, at some markets to a loss of \$1.75.

Heavy rains and some hail damaged crops and seriously interfered with harvesting in the Lower Rio Grande Valley early last week. Tomatoes resumed volume movement Wednesday at \$3.50 to \$4 per lug box of green wrapped 6x6 and larger sizes. Corn sold a little higher at mostly \$2.25 per bushel sack for white, and \$1.40 to \$1.75 per half bushel for Bantam. Some watermelons and cantaloupes began to ripen. Grapefruit loadings declined rapidly in a weak market. Denver and New Orleans saw fair trading.

Eggs and poultry held fairly steady at most southwest points last week. Fryers remained firm, but hens and roosters weakened at Denver. Heavy hens brought 24 to 26 cents per pound at Fort Worth, 26 at Dallas, and 26 to 30 at Denver. Fryers sold generally around 32 to 36 cents. Most areas bought eggs at 37 to 38 cents per dozen.

Most cattle remained steady to strong last week, but some classes of cows lost ground, and calves weakened at Oklahoma City. Medium cows brought \$14.50 to \$16 at San Antonio. Medium to good kinds turned at \$14.50 to \$17.50 at Fort Worth, and \$14 to \$17.50 at Oklahoma City. Wichita bought common to medium cows at \$13.50 to \$16, while Denver took most common to good kinds at \$15 to \$18.

Hogs gained mostly 25 to 75 cents last week. Most good and choice butcher hogs sold from \$24 to \$24.75, but Denver paid up to \$25.50. San Antonio bought sows at \$21 to \$22; but other southwest terminals paid only \$18 to \$19.

Sheep and lambs lost 25 cents to \$1.00 at San Antonio, and aged sheep fell 50 cents to \$1.00 at Fort Worth last week. Other southwest sheep and lambs gained mostly 25 cents to \$1.00. Common to medium shorn lambs brought \$11 to \$15 at San Antonio; medium to good kinds

Garza County Dons Western Togs For Post Stampede

All of Garza County donned western togs last Saturday night and attended a street dance which opened a western-clothes campaign which will last here until after the annual Post Stampede and Rodeo in the new arena June 11-14 inclusive.

The town is being decorated this week and Post merchants are readying their floats and naming their cowgirl sponsors for the most colorful daily rodeo parade the town has seen since before the war.

In celebration of the completion of the new rodeo area, on Highway 84 north of the city limits, some new features have been added to this year's rodeo celebration.

On Brownfield night at the rodeo, some Indian dances will be featured. On succeeding nights, each honoring a West Texas town, other special programs have been planned. Thursday, June 12, will be Snyder night; June 13, will be Levelland night; and the closing night June 14, will be Colorado City night. Each town is sending a queen to the rodeo.

An old-fashioned chuck wagon will serve son-of-a-gun and other cowboy foods to hungry spectators.

All cowgirls of West Texas are invited to enter the cowgirl sponsor contest, for which a hand-tooled saddle will be given as first prize. Second prize will be shopmade boots and the third prize will be silver spurs.

The usual money prizes will be given for the regular rodeo events, which will include amateur performances in bareback bronc riding, calf roping, saddle bronc riding, wild cow milking, wild steer riding and a cutting horse contest.

SPUR CHURCH OF CHRIST TO HAVE SINGING SUNDAY, JUNE 8

The Spur Church of Christ will hold their regular monthly singing, Sunday, June 8 at 2 p.m. The public is invited to attend. It is hoped that a large crowd will be there from here and the surrounding towns.

Three Hundred Million Cash Farm Income In 4 Months

AUSTIN, June 5.—Farm cash income in Texas almost reached the \$300,000,000 mark in the first four months of 1947 in Texas almost reached the \$300,000,000 mark in the first four months of 1947 in spite of the fact that April income was 6 per cent below the 1946 April total. The seasonally-adjusted index computed by The University of Texas Bureau of Business Research dipped to 295, since the March-to-April gain failed to come up to expectations. (Base: 1935-39—100.)

April's income reached \$81,469,000 bringing the total for the year to date up to \$277,277,000, or 11 per cent above the figure for the same months last year.

The 5 per cent March-to-April hike in farm cash income was a result of increases throughout

the State, with the exception of declines in the Northern High Plains and in the Lower Rio Grande Valley. The monthly reduction in the Northern High Plains was due to the sharp upswing in farm cash income in March, naturally followed by a decline. Greatest monthly per cent gains were in the Trans-Pecos District (156 per cent), South Texas Plains (153 per cent), and Edwards Plateau (86 per cent).

Cumulated totals for the period ending April 30 reflect different trends. Only declines were in the Trans-Yecos (44 per cent), Southern Texas Prairies (9 per cent) and the Lower Rio Grande Valley (27 per cent). Gains ranged upward to the 91 per cent hike turned in by the Northern High Plains as a result of the heavy flow of livestock during March. Other significant increases were recorded in the Western Cross Timbers district, the East Texas Timbered Plains and the Coastal

Prairies. The Northern High Plains logged up the greatest monthly total for April despite the per cent drop below the March level and came in first in total farm cash income for the period, with \$49,971,000. The Lower Rio Grande Valley was second with a total of \$42,799,000 for the first four months of the year.

The double ring ceremony was read at the home of the bride's mother before the pink and white carnation bedecked fireplace, illuminated with white candles burning softly in candelabra.

CHEST UNDER WINDOW

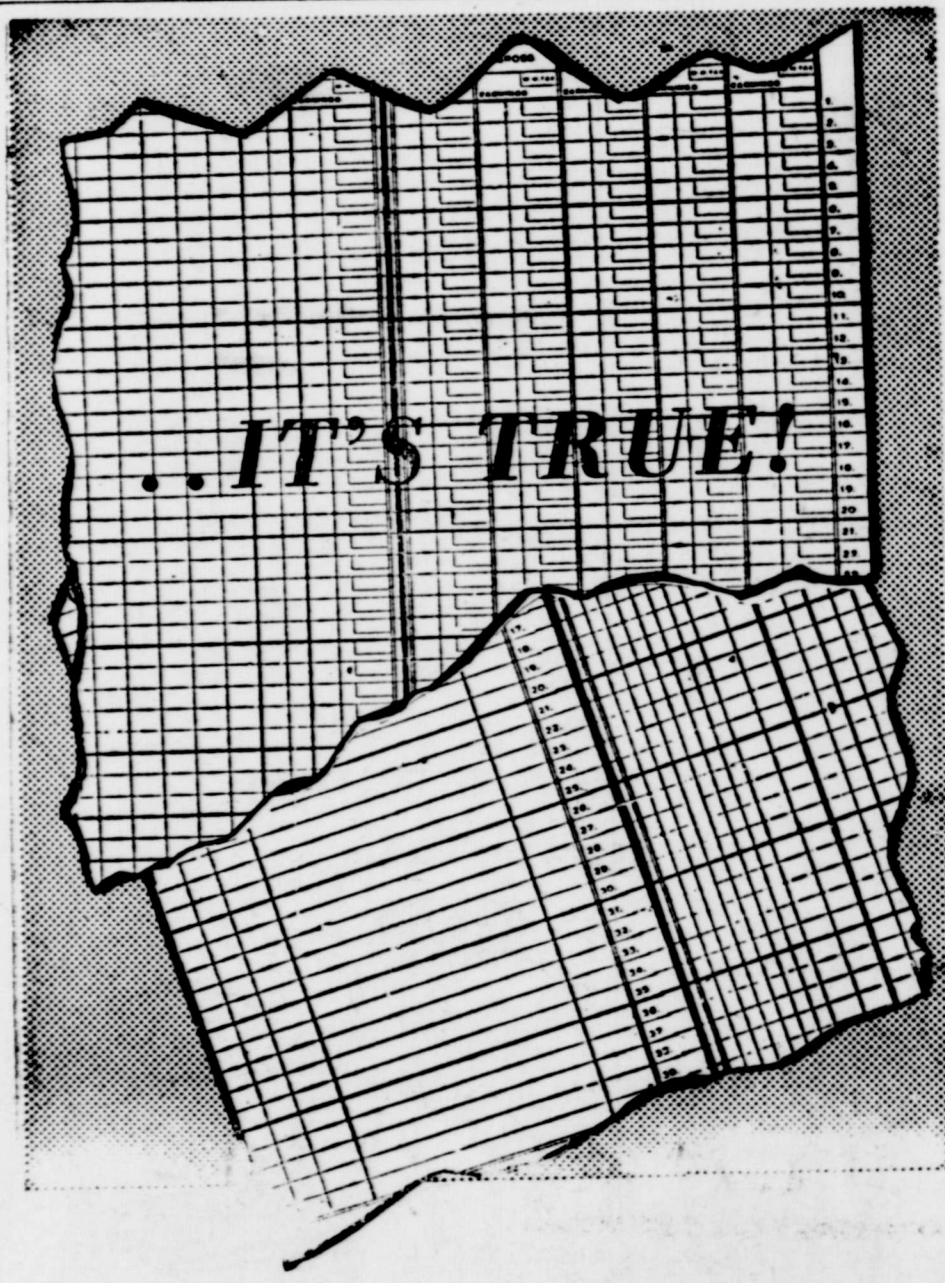

ONE of the charms of old houses is the bay windows found in them and the window seats that provide a view of the outdoors in sunny or rainy weather and a place to sit alone with one's thoughts.

The small size of the average modern house or apartment makes a bay window impossible but the space below a window may be used advantageously to capture some of the charm of the houses of the last century. A cedar hope chest veneered in woods to harmonize with the other furnishings of your room, may be banked with pillows or

topped with a colorful cushion to become a window seat. Thus, you will make use of space that would otherwise be wasted. And, in addition to the beauty and extra seating space given your living room, you will have increased storage space of the best possible kind for your woolsens and furs.

The rich fragrance of red cedar wood is the best of all weapons against the menace of moth damage. The aroma, so pleasant to human beings, paralyzes moth larvae so that they are unable to eat. Consequently they starve to death leaving fine fabrics and furs untouched. The airtight construction of the modern cedar hope chest is a guarantee against damage from dust as well.

TEA ANNOUNCES ENGAGEMENT OF MISS EMMA PEARL GRUBEN

Mr. and Mrs. W. C. Gruben, Sr. announced the engagement and approaching marriage of their daughter, Miss Emma Pearl Gruben, to James B. Allbritton of Beaumont, son of Mr. and Mrs. E. G. Allbritton of Jasper, with a tea in their home Tuesday, June 3.

Mrs. Gruben greeted the guests and presented them to a receiving line in which were Miss Gruben, Mrs. James A. Fox, Jr. of Jasper, sister of Mr. Allbritton, and Mrs. T. C. Ensey, aunt of Miss Gruben.

Mrs. Matthews Gruben, assisted by Miss Charmian Coe of

Jasper, presided at the brides' book. The book which had a hand-painted bride on the cover and was edged in lace was a gift to Miss Gruben from a cousin, Mrs. Walter Gruben. On the table where approximately one hundred guests registered, were photographs of Miss Gruben and Mr. Allbritton.

The refreshment table was covered with a Maderia cloth and appointed in crystal. A color scheme of green and yellow were used. The table was centered with an arrangement of yellow daisies and fern. Streamers of green and yellow ribbon extended the length of the table from the punch bowl. At the end of each was placed a miniature bride, dressed in lace.

Miss Jackie Rector and Miss Nell Dyess presided at the refreshment table.

Floral decorations throughout the receiving rooms were white gardenias and blue Hydrangea.

The announcement was made on small folders, with a bride's picture, wearing a veil or a picture of a groom with bow tie or boutonniere, on which was written, "Emma Pearl and James. June 29th."

Miss Joyce Williams played piano selections throughout the afternoon.

Mr. Allbritton is a representative of Reynolds Tobacco Company.

Out of town guests attending the tea were: Mrs. Fox and Mrs. Erman Coe and daughter, Chairman of Jasper. Mr. and Mrs. W. Matthews and Miss Olive Matthews of Lubbock. Miss Jack Rector of TSCW, Denton and Miss Nell Dyess of McMurry, bilene.

House Warming Compliments Rex Carlises

Mr. and Mrs. Rex Carlisle who have recently completed a most modern home on their farm in the Steel Hill community, were complimented with a House warming last Friday night at eight o'clock.

The large spacious ranch style house is most modern in every respect and with garden flowers lending both fragrance and beauty, the atmosphere of a real home was within.

The many friends of this most popular couple showered them with many beautiful as well as useful gifts. A most enjoyable evening was spent in viewing the house and the many gifts, after which punch and cookies were served by Mrs. Walter Carlisle and Mrs. E. C. Clinkscales.

Miss Ernestine Berry offered piano selections throughout the evening and Mrs. A. G. Dunwoody read, "The Little House Where No One Lived." This was quite appropriate, as it told of a beautiful spot where stood an old run-down house where no one lived, when finally it was bought by a young couple and made into a most livable home and a place of beauty and comfort.

Those attending the House Warming and sending gifts were: Mr. and Mrs. Walter Carlisle, Mr. and Mrs. E. C. Clinkscales, Mr. and Mrs. J. I. Mecom, Mr. and Mrs. Harry Patton, Mr. and Mrs. C. A. Fagan, Mr. and Mrs. Guy Karr, Mr. and Mrs. Carl Murray, Mr. and Mrs. Frank Massey, Mr. and Mrs. J. O. Morris, Mr. and Mrs. Clyde Bingham and Helen Dean, Mr. and Mrs. J. E. Berry and Ernestine, Mrs. A. G. Dunwoody and Lois, Mr. and Mrs. H. W. Durham, Mrs. George Barnes, Margie Watson, Mr. and Mrs. James B. Reed, Mr. and Mrs. W. J. Driggers, Mr. and Mrs. David McAteer, Mr. and Mrs. Thurmond Moore, Mr. and Mrs. Jack Ensey, Mrs. J. R. Carlisle, Mrs. Steve Carlisle, Mr. and Mrs. George Link, Sr., Mr. and Mrs. Tom Milam, Mr. and Mrs. Joe Long, Mr. and Mrs. George Justice, Mrs. Hattie Turvan, Mr. and Mrs. B. T. Moore, Dr. and Mrs. O. "Section 17. In lieu of the state ad valorem tax on property of Seven (7c) Cents on the One Hundred (\$100.00) Dollars valuation heretofore permitted to be levied by Section 51 of Article 7, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two (2c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate Army and navy, frontier organizations, and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate herein above levied.

"Also, there is hereby levied, in addition to all other taxes permitted by the constitution of Texas, a state ad valorem tax on property of Five (5c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings, or other permanent improvements at the designated institutions of higher learning; and the governing board of each of such institutions of higher learning is fully authorized to pledge all or any part of said funds allotted to such institution as hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. The Dry Lake Home Demonstration Club had one of its most enjoyable programs of the year when Mrs. W. E. Ballard acted as hostess and program leader in her most gracious manner.

Rural library service was the subject of discussion. Mrs. Alvis Bilberry and Mrs. Lester English gave most interesting papers on "Adult Reading in the Home" and "Adolescent Books in the Home."

"The Bible is the best seller in all the nations," said Mrs. Bilberry, "always a book to read for any and all occasions." While Mrs. English remarked in her talk regarding Juvenile Books, "Read books to your children that you want them to know while they are young and as they grow older they will read the best books."

The hostess directed recreation and presented Mrs. Archer Powell with an apron as prize winner. Mrs. Tom Baker drew high number for the surprise package.

Bing Crosby and Fred Astaire in Irving Berlin's romantic musical, "Blue Skies," with Joan Caulfield.

"BLUE SKIES," LAVISH REVUE, BERLIN'S BEST

The ABC's of American music, Fred Astaire, Irving Berlin and Bing Crosby, have teamed up again to turn out a picture that has more of everything that delighted filmgoers in their initial effort, "Holiday Inn." The new melody masterpiece is Paramount's Technicolor production of Berlin's "Blue Skies," and it will open Sunday at the Palace Theatre with gorgeous Joan Caulfield co-starring with Crosby and Astaire, and Billy De Wolfe and Olga San Juan topping the supporting cast.

Lavish is the word for "Blue Skies," for it has more of the music of America's foremost songwriter than any other picture Hollywood has made. Thirty-two of Berlin's biggest hits are utilized as solos for Bing to sing and Fred to dance to, as themes for spectacular production numbers, and as background music for the touching love story involving Bing, Fred and Miss Caulfield.

Four New Tunes

Berlin wrote four new tunes for the film to supplement his repertoire of old favorites which includes "Blue Skies," "White Christmas," "God Bless America," "Always," and so many, many more. The new numbers are "You Keep Coming Back Like a Song" which Crosby croons, "A Couple of Song and Dance Men," a comedy routine sung and danced by Crosby and Astaire, "Getting Nowhere," a nursery jingle which Bing sings to his little screen daughter, and "Serenade to an Old Fashioned Girl," delightfully sung by the beautiful Miss Caulfield.

FIXING UP the HOME By Diane Greeter

HOW TO CLEAN OVEN

KEEPING a new range clean, or cleaning up an old one, has always been a major problem for most housewives. Meat cooked without fat is almost always tasteless. Meat baked slowly will get tough. When fat is subjected to this fast cooking process it will splatter and splash over the inside of the oven. The result is a coating of grease which must be removed as soon as the oven is cool if one is to keep the appliance clean.

Do not use any abrasive material in cleaning any part of the range. The manufacturers put on a surface which is a first cousin to glass. If you scratch tiny lines into this surface, it will produce fine cracks or check marks later. A

good strong soap solution will remove the grease easily, but do not use it until the range is cool. Putting cold water on this surface will break it, just as your glasswear will break if you put it in boiling water and then into ice cold water. If the grease is not cleaned off and successive coats are allowed to remain, the whole will bake into a new and dirty surface as hard as baked enamel. To remove this, put a cup of strong ammonia in the oven overnight with the door tightly closed. In the morning most of the hard grease will be loose and can be easily washed off.

SIDELIGHTS FROM WASHINGTON

By GEORGE MAHON

Previously I reported that the Republican majority in the House of Representatives would seek to reduce sharply the requests of the President for agriculture. Last week the Agricultural Appropriation Bill passed the House

in a form that was very unsatisfactory to many members from farm areas. I voted against reporting the bill out of the Appropriations Committee and spoke and voted for many amendments offered to the bill. Briefly, here is what the bill does.

1. Cuts AAA soil conservation payments from \$300,000,000 to \$164,000,000. Farmers will have every reason to feel that this is a breach of faith by the government as Congress and the President had in effect months ago promised to provide the full amount of \$300,000,000 for the

1947 crop year.

2. The bill provides that the Farmers Home Administration, successor to the FSA, must discontinue the farm ownership program known as the Farm Tenant Purchase Program. FHA loan funds for crop production are cut by one-third.

3. REA funds for administration of the program were cut by \$1,600,000 and loan authorizations for REA coops were reduced by \$25,000,000.

4. Funds for the Soil Conservation Service to be used in connection with the conservation districts, and otherwise, were cut by 10 per cent.

5. Funds for the school lunch program were reduced from \$75,000,000 to \$45,000,000.

6. In previous years 30% of the tariff receipts have been available for supporting farm prices and disposing of agricul-

tural surpluses. The bill reduces this program by two-thirds.

The votes in the House of Representatives on most of the above issues were very close. On a motion by the Democrats to restore the full \$300,000,000 for soil conservation payments and some of the other items, we lost by a count of 174 to 180.

What the Senate will now do with the bill remains to be seen. Undoubtedly some changes will be made by the Senate and House before the measure goes to the President for final approval late in June. The outcome of the controversy over this legislation is of vital importance to all farm areas.

Mr. and Mrs. Jimmy Hudson and daughter spent the past week-end in Lubbock where they visited relatives.

PLOW CORPORATION

announces a

10% PRICE REDUCTION

Effective June 1, 1947

THIS step is being taken because we believe it is the obligation of every industry to reduce prices when it is possible to do so. We think it is one way we can help cushion the effects of a possible recession and increase the purchasing power of our customers. In one year's time, this reduction will save our customers about \$600,000.00.

There is no "sale" necessity involved in this price cut, for we now have the largest backlog of orders in our history and are entering our best selling season. Sales are increasing every day and many of our customers are in desperate need of plows which we are unable to deliver.

Production Efficiency is Enabling Factor

In our case, production efficiency and sales volume have increased to the point where we are now able to offset the increased costs of labor and material. Our labor rates have increased approximately 110 per cent and our materials costs approximately 112 per cent since 1942. But our sales volume has increased 2490 per cent and our productive efficiency 374 per cent in the same period.

Balancing these things, we find that we are able to cut back our retail plow prices to a level approximately that of 1942. Modern equipment, improved manufacturing methods, our incentive wage system, and above all the unusually high type of hard-working, independent Middlewesterner who builds our plows, have combined to bring our factory to a high peak of productivity. We are passing the benefits on to our customers, who during the past 23 years have enabled us to become the nation's largest producers of one-way disc plows.

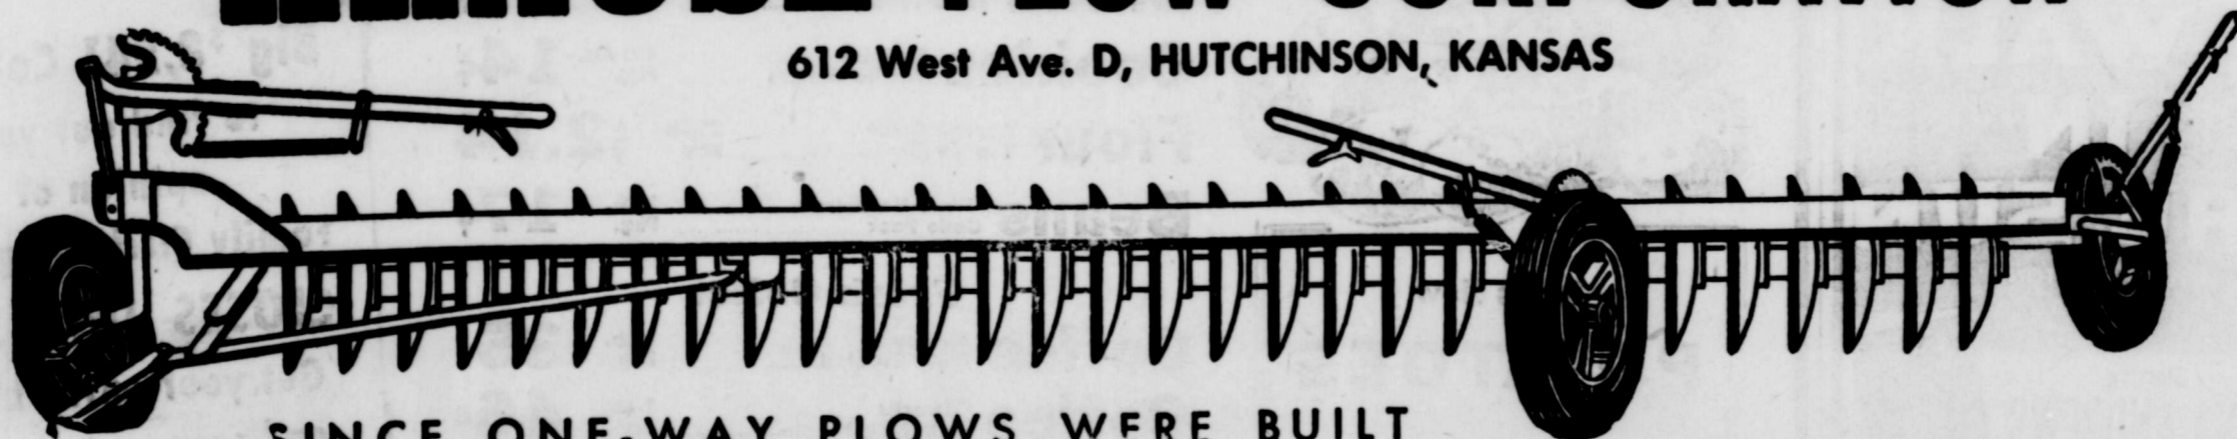

This price reduction is simply the execution of what we think is sound policy, that of producing a better and better plow to sell for less and less. To this end we pledge our future efforts.

Sincerely,

Henry Krause
President
