Services were read at the Espuela church with Rev. H. L. Burnham officiating. Interment was in the Espuela Cemetery with Chandler Funeral Home in charge of arrangements.

Mrs. Kerley who was born in Dickens county, December 20, 1917 to Mr. and Mrs. J. L. Karr, was married to Lynn Kerley February 22 of this year and had made her home on their farm near Girard since. She was affiliated with the Baptist church.

Pallbearers were J. B. Johnston, Darwin Callahan, Carl Murray, Murl Foreman, Jim Bridge and Lloyd Ball.

Surviving her are her father and mother, Mr. and Mrs. J. L. Karr of the Espuela community, one sister, Mrs. Pauline Collett of Tyler and four brothers, Hubert, Guy and Harold Karr of Spur and Ray Karr of Harlingen, Texas.

SPUR COWBOY JUBILEE DRAWS THOUSANDS; IS BIG SUCCESS

Big Rodeo Event Is One Of Best In History

The largest crowds that have visited Spur in many years, attended the Spur Cowboy Jubilee here last Thursday, Friday and Saturday. The big celebration opened Thursday afternoon with a parade that included hundreds of horses and riders from over a wide area of West Texas and included some of the best amateur rodeo performers of the entire area.

The opening rodeo program was held Thursday night at Spur Memorial Stadium. The grand entry was one of the most spectacular events of its kind ever held here and featured many horses and riders that followed a pattern through the arena while the announcer related a brief history of the founding and development of the area.

The rodeo performance followed the introduction of judges and the presentation of the colors. The rodeo was swift and was a demonstration of much action on the part of both riders and animals. On Friday night, the performance was again spectacular and included a fast and complete program. Saturday afternoon a rodeo performance was held before a huge crowd and Saturday night the performance was concluded.

One of the outstanding features of the rodeo was the Sponsor's contest that included contestants from over a wide area of West Texas. Joyce Miller, representing the Miller Bros. Ranch won first place and was awarded a \$75 prize given by Garner Appliance Company.

Second place winner was Mrs. Swede Swenson, sponsor for the Emery ranch and received a \$50 award given by E. Schwarz &

SPUR BASEBALL TEAM

Above is the Spur Baseball team that will play the Afton team here next Sunday. The locals are running low on the

list of teams of the league, with Turkey leading the parade with five games played, four won and one lost. Spur

has played five games, won three and lost two.

Turkey Baseball Team In Lead Of Caprock League

Spur defeated Croton 27-6 in baseball last Sunday, Dickens defeated Roaring Springs 16-3; Turkey defeated Midway 25 to 13 and Jayton defeated Afton 11-4. The Turkey team is leading the league with five games played, four won and one lost. The Dickens team is following with a close second with four games played three won and one lost. Dickens has played five games, but one of the games has not yet been decided, due to a protest.

Interest in baseball here has been keen and large crowds have attended all the local games.

Next Sunday Spur will play Afton here; Midway will play at Roaring Springs; Turkey will play at Dickens and Jayton at Croton.

POINT MUGU, CALIF.—OFFICIAL U. S. NAVY SOUND-PHOTO—Here is shown the navy's KUV (Buzz Bomb) as it roars into the air with the assistance of four Monsanto rockets. The rockets and sled will fall free at the expiration of the thunderous thrust, which lasts for less than two seconds. In this guided missile test center 40 miles north of Los Angeles, the navy is trying to catch up with the atomic age. It is a desperate, concentrated effort, with the defense of the country at stake.

Star Displays DAV Tag

BURBANK, CAL. — Alexis Smith, movie star, displays "blow-up" of 100,000,000th Idento-Tag issued by Disabled American Veterans. Funds realized from Idento-Tag have enabled the DAV to maintain its increasing program of rehabilitation and service to the nation's wartime disabled veteran. The miniature auto license plate tag, which provides key-loss insurance, is distributed to more than 20 million motorists each year. Miss Smith, star of "The Two Mrs. Carrrolls," shows tag denoting number of American veterans disabled in war service.

Exchange Club Discusses Waxing Of Floors

The Exchange Club met Wednesday afternoon, May 28 in the home of Mrs. K. T. Lofton. A general discussion was given on waxing floors which was most interesting. A letter from Mrs. J. M. McDonald of Higgins, Texas was read. Mrs. McDonald expressed appreciation for the bountiful box of clothing, quilts and other household necessities sent to her family by the Exchange Club members. The McDonald family was unfortunate in losing their home and its contents during the storm at Higgins in April. Strawberry ice cream and cake and coco-colas were served to the following members: Mesdames Margaret Smith, Vesta Jones, Aletha Fox, Gertie Moore and Mrs. A. C. Sharp, a new member in the club.

I Give You Texas

By Boyce House

Did you ever wonder whether newspaper reporters lead as interesting and as exciting lives as you've heard they do? Well, I was inclined to doubt it but I've just finished reading the proofs of a book which will be off the press most any time now and after reading the book, which is entitled "Cub Reporter", I'm inclined to believe that newspaper folks do have experiences as varied and thrilling as the novels and the movies proclaim.

"Cub Reporter" is not fiction but tells about some of the events that a police reporter on a city daily "covered" as a part of his daily work. The author, who was then just out of high school (this was back in 1916 and 1917) tells about Revinsky, the "one-thumb slayer" and "scar-faced killer", as he was known. Revinsky, convicted of murder, escaped and, as a posse unwittingly approached his hiding place, he drew a bead on the cub reported but was dissuaded from shooting by a companion. Then there was Wild Dan, who

killed six people at one time. Wild Dan threatened to kill the cub reporter and, 10 minutes later, Wild Dan was dead. Of course that's not the whole story.

And the book tells of the man who arose from the dead; of grizzled police officers and the tales they told around headquarters at midnight when things were quiet, and there are word-pictures of old time reporters, a colorful crew, and of Bud the bloodhound officer; C. P. J. Mooney, a great editor, and the climax is the story of Frank, the lovable little office boy.

"Cub Reporter" was written by—let me see, what was that fellow's name? Oh, yes, I remember now. "Cub Reporter" was written by Boyce House.

War Surplus Property Sale To Be June 11-17

McAdoo Senior Activities

Ten members of the McAdoo school graduating class left Monday morning, June 2 on their Senior Trip. Sponsors for this trip were Mr. and Mrs. M. C. Baum, Mr. and Mrs. Ben Finney, Mrs. G. D. French and Miss Ruth Knight.

The first stop was made in Lubbock to purchase supplies and at 4 p.m. that afternoon the group were in Carlsbad, New Mexico, where they had accommodations at Beauty Crest Courts. Tuesday morning after breakfast the group drove to White City

to begin their tour through Carlsbad Caverns at 8:30. After several hours of walking and seeing such marvelous sights, lunch was served 750 feet below the surface of the earth.

According to the seniors, the guards were very nice about answering their many questions about this wonderful cavern. They returned to the cavern entrance at 2:30 p.m.

On the return trip a stop was made at White City for drinks and curios. Back in Carlsbad the group enjoyed swimming and boat riding in the Pecos river. The following night was spent at Artesia at the Bryan Courts, where supper was served at the

Club Cafe. About 10 a.m. the next morning, the seniors and their sponsors journeyed to Roswell where the group shopped, went swimming and attended a movie. Late in the afternoon, just before sunset, they visited the bottomless lakes near Roswell.

Altho with a balance of \$145, the sponsors needed to be home, so the group decided to start for Texas. Some time was spent in each town on their way home and they stopped at Tatum, for supper. Back at McAdoo at 1:30 a.m., the seniors report a wonderful time, but glad to be at home again.

The seniors and sponsors express regret that six members of the class were unable to make the trip, and the seniors expressed their thanks for those sponsors and others who made this trip possible.

Ex-Seniors and parents entertained the senior class with a chicken fry and swimming party at Roaring Springs, Tuesday, after which the class attended a show at the Palace Theatre at Spur.

LOOKING SMART FOR LITTLE MONEY

LIKING the dress and liking the price tag is perfectly possible, even these days of high living costs. Whatever a woman has to spend otherwise this Spring, she is assured of attractive clothes for "not much money."

The good looking street cottons pictured are examples of the concern New York designers have in the average woman's desire to be well dressed. The striped dress has this season's interesting new spiral trend in hipline treatment, for instance, and the plaid dress has in its circular skirt all of the extra fabric that is a talking point of

Annuals Bring Abundant Bloom

Most home gardeners like to grow annual flowers. Coming quickly into bloom from seed sown each year, they are the easiest of all flowers to grow and bring a wide range of vivacious color for a long period.

Poppy and bachelor button are two of the earliest. The low-growing edgers, sweet alyssum and candytuft, are also fairly quick to flower from seed.

The lovely balsam, fragrant pinks, the graceful scabiosa, the hedge-forming four o' clocks, the colorful nasturtiums and petunias are next in line. Later come the tall cosmos, the beloved zinnias and the marigolds. Most annuals are so easy to grow that even children can raise them successfully. Special favorites for children's gardens and those of some grownups are feathered cockscomb, the oddly interesting cockscomb, and the gay woolflower.

One secret of growing near-perfect annuals is to use good seed and sow it thinly. In outdoor planting do not sow deeply but cover the seeds firmly so that they will make immediate contact with warm moist soil for speedy germination. When the seedlings appear, thin the plants so that the remaining ones will have plenty of space to spread and mature.

Most annual flowers are not particular about the kind of soil they grow in but they do like plenty of sunshine and air. Most annuals do not thrive in shady places.

In order to get the most bloom from annual flowers all through the season, they need a certain amount of attention. Petunia plants sometimes grow lanky and crowd their neighbors. Cut sprays of blossoms freely and arrange them for indoor enjoyment. The plants will recover quickly and bloom better than ever. Snip off the fading blossoms of zinnia, marigold, cosmos, and other annuals. If left to go to seed, they rob the plants of strength to develop new flowers. Keep the edging annuals, such as sweet alyssum and candytuft, from looking frowsy by clipping off the tops with shears after they have bloomed. They will reward you by flowering again and looking pretty for a long season.

Duck Creek Soil Conservation District News Notes

RILEY WOOTEN, Chm. OSCAR McGINTY, Sec.
WILL WRIGHT TOM MURDOCH CHAS. WITT

Because alfalfa protects the soil against wind and water erosion, provides an abundance of high quality hay, increases per acre yield of succeeding crops, and is a good source of farm income, many farmers are becoming more interested in establishing this winter legume on their farms.

Several cooperators of the Duck Creek Soil Conservation District have been busy with the first cutting of hay this week. Horace Wood cut 665 bales from 21 acres. Wood intends to plow up some of his alfalfa this fall because it has become spotted in the seven years he has had it established. Twenty-three acres of seven-year-old alfalfa yielded about 500 bales of hay for Neil Chastain. An estimated 600 bales will be produced on the Experiment Station. Lester Garner, who purchased the Herbert Lewis farm, will cut about 300 bales from ten acres of first year alfalfa, and B. Rogers reports about four tons of hay from his four acres.

Lloyd Johnson says his rye will be ready for harvest in about

a week. "This rye is the only thing for this sand" Johnson stated. "I planted it too thin and too late and as a result the wind covered it up with sand, but it came on through and I believe it will make about 15 bushels per acre. All the seed has been spoken for so I will have none for sale."

James B. Reed will have some certified Abruzzi rye seed for sale. He reports that the rye did very well on some deep sand on his farm in the south part of the District.

Reese McNeill will have some certified Balboa rye seed for sale that he has grown on his farm on the Plains.

Ted Goodwin reports all of the seed he wants to sell has been spoken for.

Those farmers who desire to plant rye this fall should place their orders for seed in the near future to be assured of obtaining them.

Gordon Cravey was in town Tuesday from his home in the Lower Red Mud community.

SENATE JOINT RESOLUTION No. 4

proposing an amendment to Article VII of the Constitution of the State of Texas by the addition of two new sections to be known as Sections 17 and 18 providing a special fund for the payment of Confederate pensions and providing a method of payment for the construction and equipment of buildings and other permanent improvements at state institutions of higher learning; providing for a five-cent reduction in the maximum allowable state tax on property; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Sections 17 and 18 which shall read as follows:

"Section 17. In lieu of the state ad valorem tax on property of Seven (7c) Cents on the One Hundred (\$100.00) Dollars valuation heretofore permitted to be levied by Section 51 of Article 5, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two (2c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate Army and navy, frontier organizations, and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate herein above levied.

"Also, there is hereby levied, in addition to all other taxes permitted by the constitution of Texas, a state ad valorem tax on property of Five (5c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings, or other permanent improvements at the designated institutions of higher learning; and the governing board of each of such institutions of higher learning is fully authorized to pledge all or any part of said funds allotted to such institution as hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed three (3%) per cent per annum and shall mature serially or otherwise not to exceed ten (10) years from the first (1st) day of January of each year in which such funds are allocated or re-allocated to said respective institutions; provided, the power to issue bonds or notes hereunder is expressly limited to a period of thirty (30) years from the date of the adoption of this amendment; and provided further, that the Five (5c) Cent tax hereby levied shall expire finally upon payment of all bonds hereby authorized; provided further, that the state tax on property as heretofore permitted to be levied by Section 5 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

"Funds raised from said Five (5c) Cents tax levy for the ten (10) year period beginning January 1, 1948, are hereby allocated to the following institutions of higher learning, and in the following proportions, to wit:

Institution	Per Cent of Total
John Tarleton Agricultural College North Texas	5.72107

Prairie View Agricultural and Mechanical College of Texas	5.34416

"Not later than June 1st of the beginning year of each succeeding ten (10) year period, the Comptroller of Public Accounts of the State of Texas, based on the average long session full-time student enrollment for the preceding five (5) year period of time, shall re-allocate, to the above designated institutions of higher learning then in existence, all funds to be derived from said Five (5c) Cent ad valorem tax for said ten (10) year period; and all such designated institutions of higher learning which participate in the allocation or re-allocation of such funds shall not thereafter receive any other state funds for the acquiring or constructing of buildings or other permanent improvements for which said Five (5c) Cents ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the loss so incurred may be made by the Legislature out of other state funds. This amendment shall be self-enacting. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this amendment; and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose."

"Section 18. For the purpose of constructing, equipping or acquiring buildings or other permanent improvements, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million (\$5,000,000.00) Dollars, and the Board of Regents of The University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Ten Million (\$10,000,000.00) Dollars. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University Fund. Bonds or notes so issued shall mature serially or otherwise not more than twenty (20) years from their respective dates, and in no event later than twenty-five (25) years after the date of the adoption of this amendment. This amendment shall be self-enacting.

"Said Boards are severally authorized to pledge the whole or any part of the respective interests of the Agricultural and Mechanical College of Texas and of The University of Texas in the income from the Permanent University Fund, as such interests are now apportioned by Chapter 42 of the Acts of the Regular Session of the 42nd Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. The Permanent University Fund may be invested in such bonds or notes.

"All bonds or notes issued pursuant hereto shall be approved

by the Attorney General of Texas and when so approved shall be incontestable."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at a special election to be held throughout the state on the fourth Saturday in August, A. D. 1947, at which election all ballots shall have printed thereon:

"For the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five (5c) Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

"Against the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning in the

Wheat Prices Drop 50c Bushel On S. W. Markets

(USDA)—Active demand at firm to higher prices ruled the majority of southwest farm markets last week, according to the Production and Marketing Administration, U. S. Department of Agriculture. Wheat, cows, calves, shorn lambs, and hens were the losers.

Liberal offerings of new crop wheat broke the market early last week, and prices fell fifty cents per bushel after the long holiday weekend. Later rallies recovered only a little of the loss, and Friday closed \$2.45 for No. 1 hard at Fort Worth and Galveston. New Crop oats and

berley dropped some too, but corn and sorghums gained.

Seasonal dullness ruled rice markets last week. New crop made rapid growth and looks well. Principal feed ingredients maintained strength despite abundant green feeds. Weather held back alfalfa cutting, but de-hydrator plants continued to operate. South Texas peanut crop looked good, and other areas tried to finish planting. Choice 12-months Texas and Territory staple wools found good demand. Finer mohair sold steady.

Ovens of generally good quality and medium to small sizes moved in volume from North Texas areas last week in a strong market. Fifty pound sacks of U. S. No. 1 yellow Bermudas brought \$1.75, and Crystal White

Wax \$2.00. Tomato shipments declined in the Lower Rio Grande Valley and increased in East Texas amid advancing prices. Valley haulings of green corn lightened, and grapefruit strengthened near the season's end. A few cantaloupes moved out. More Coastal Bend watermelons came on the market.

Spot cotton prices climbed steadily last week to score total advances of around \$4.50 per bale. Fairly numerous inquiries for the higher grades attracted only light offerings. The new crop made favorable progress in most areas.

Eggs and most poultry maintained steady to firm prices last week. Hens showed slight weakness, and sold mainly at 22 to 26 cents per pound. Most areas

War Department To Establish 3 National Cemeteries

Next of kin requesting burial of World War II dead overseas may choose any one of the 14 permanent American military cemeteries and 3 National cemeteries which the War Department plans to establish as final resting places according to an announcement received today by Col. C. C. Strawn, Commanding Officer, San Antonio General Depot.

Temporary U. S. Military Cemeteries laid out during World War II but which will become permanent cemeteries are: Cambridge, England; Margraten, Holland; Havon, Luxembourg; Henri Chappelle, Belgium; Neuville-en-condroz, St. Laurent, St. James, Epinal, St. Amand, and Dragulgan, France; Nettuno, Italy; and Manila, Philippine Islands.

Florence, Italy and Tunis Tunisia will also be cemetery locations, although the exact sites are not yet chosen by the Quartermaster General and the American Battle Monuments Commission.

The 3 new National Cemeteries to be established under the plan are Honolulu, Hawaiian Islands; Guam in the Marianas; and at San Juan, Puerto Rico. These National Cemeteries will provide final resting places for any armed forces personnel or honorably discharged veterans who may wish to be buried in Hawaii, Guam, or Puerto Rico in addition to those who died during World War II.

Air Scout Squadron No. 36 Invited To Encampment

Air Scout Squadron No. 36, of Spur, Texas, has received a special invitation to attend the encampment to be held at Randolph Field in June, according to Mr. Cecil Fox, who is the advisor of the local squadron. Col. Stanton T. Smith, commandant of the world-famed Air Forces flying training school, has written that all facilities of the base, located near San Antonio, will be made available to the senior scouts.

According to Mr. Fox, the encampment is an annual event sponsored by the regional office of the Boy Scouts of America in co-operation with the AAF. More than three hundred Air Scouts from Oklahoma, Texas and New Mexico, are expected to attend the eight-day course, from June 7th to 14th. Subjects scheduled for intensive study include navigation, weather, radio, and airplane instruments. Considerable time will be devoted to actual instruction in "Link trainers," the Air Forces' device for teaching instrument flying "on the ground."

It is anticipated that several members of Squadron No. 36 will complete the requirements for advancement in Air Scouting at the encampment. Major Broun H. Mayall, AAF Air Scout Liaison Officer for Region IX has informed the local unit that several candidates will receive the Ace award, highest air scout rank, at the formal senior ball to be held during the encampment.

Twilight Service Unites Vera Reynolds And F. L. Alexander

The flower decorated home of Mr. and Mrs. S. C. Reynolds was the scene of the wedding of their daughter, Miss Vera Joe Reynolds, when she became the bride of Floris Lee Alexander, son of Mr. and Mrs. Cecil Alexander, in a simple but impressive twilight service, Saturday, June 7. Rev. C. N. Gilbert, pastor of the First Baptist church of Spur, read the single ring ceremony.

The bride chose for her wedding a navy blue sheer dress, trimmed with white embroidery. She wore a large picture hat of black, the color of her shoes and purse. Her corsage was of white carnations. For the traditional "something old" she wore a single strand of pearls and a dime in her shoe for luck.

Miss Vivian Jean Reynolds, twin sister of the bride, as maid-of-honor, wore a pink sheer dress with white accessories and her corsage was of sweet peas. Donald Cage served as best man.

Immediately after the ceremony, a reception was held in the home. A large white wedding cake was cut by the bridal couple after which Mrs. J. P.

Legg and Mrs. Lorene Smith presided at the refreshment table.

Mrs. Alexander, who was born and raised in Spur is a graduate of this year's senior class.

Mr. Alexander served four years in the armed forces.

After a wedding trip to Colorado Springs, Colorado, the couple will be at home in Spur where Mr. Alexander is employed by Smith Brothers Service Station.

Here's Bright Salad For Dreary Days

A bright salad for dreary days is this combination of crispy apples and crunchy peanuts, writes Marjorie Griffin, Rural Home editor of nationally-circulated Capper's Farmer.

"The family will enjoy helping themselves to the vitamin-packed treat served from a large bowl," she tells homemakers. "Or use in-

dividual salads for a pleasant change. For an appetizing touch garnish with peanuts and unpeeled slices of apples."

PEANUT WALDORF SALAD

- 1 c. apples, sliced
- 1 c. celery, chopped
- 1 c. peanuts, chopped
- 1 egg, hard-boiled
- 1/2 cup. karragen vinegar
- 1/2 cup. lemon juice
- 1/2 tsp. salt
- 1/2 tsp. paprika
- 1/2 tsp. pepper

Combine the apples, celery and peanuts. Mix remaining ingredients together thoroughly by beating with rotary beater. Blend this with first mixture. Let stand in the refrigerator until chilled. Serve on lettuce or other salad green. Mayonnaise may be added if desired. Serves 4.

Take Care of Your Garden

—Photo Courtesy Perry-Morse Seed Co.

The time to kill weeds in your garden is before they begin to grow! Hoeing the surface soil in vegetable or flower garden not only destroys sprouting weed seeds; it actually prevents their germination. As soon as the seedlings break through in the garden rows so that they can easily be seen, it is time to begin stirring the soil between rows and as close to the plants as possible without disturbing them. Either a hand hoe or a wheel hoe is an excellent tool.

If it rains a few days after the first cultivation, stir the surface soil again as soon as it is dry enough, but do not wait longer than a week before cultivating a second time,—rain or no rain,—unless the ground is too wet to work.

Weeds within the row will probably have to be removed by hand while the plants are small. Some gardeners find an old kitchen knife a handy helper. Or, a hand weeder is a convenient tool. As plants grow larger, they usually dominate so that weeds in the row do not prove troublesome. Onions are one exception; the spear-like leaves do not shade the ground enough to keep down the husky weeds.

For the good of the vegetables and flowers and for the sake of a garden's appearance, it is important to cultivate all through the gardening season. Besides keeping ahead of the weeds, tilling the surface soil lightly forms a mulch to prevent evaporation of moisture. It is particularly essential to stir the soil around plants as soon as soil and plants are dry enough after every rain. Care should be taken, however, not to dig so deeply near the plants as to injure the roots.

Another reason for cultivating the garden all summer is that stirring the soil allows air to enter. Next to moisture, ventilation is one of the most valuable means of releasing soil food to growing plants.

Mr. and Mrs. Foster Howell of Fort Worth are here where they are spending a time at their ranch southeast of Spur. They also attended the Spur Cowboy Jubilee here last week.

Wedding Date Set By Former Spur Girl

At a reception given at the party house in Lubbock recently, Mrs. Lucy Cowan, announced the engagement and approaching marriage of her daughter, Miss Ruth Cowan to Sid A. Lowrey, Jr., son of Mr. and Mrs. Sid A. Lowrey, sr., of Lubbock. The wedding date has been set for July 6.

Mrs. Cowan and family are former Spur residents, and have lived in Lubbock for the past several years.

Mrs. Jennie McCarty Buried At Afton Thursday

Funeral services were conducted Thursday afternoon, June 5 at the Baptist church in Afton for another pioneer of Dickens county, Mrs. Jennie McCarty, 73, who died at 4:25 o'clock Wednesday morning, June 4 at the home of a son, Colene McCarty, with whom she made her home. Elder J. A. Dunn of Crosbyton, officiated.

Mrs. McCarty was born September 1, 1874 in Grayson County, Texas, moving to Hamilton county when still quite young. In 1892 she was married to W. G. McCarty, moving to Dickens county in 1899, where they reared their family. Born to this union were eight children, two boys and six girls. Besides her husband who preceded her in death, are one son and two daughters.

Mrs. McCarty who was a good mother and loyal to her friends, was a member of the Primitive Baptist church at Afton. She had been ill about a week.

She is survived by one son, Colene McCarty of Spur, four daughters, Mrs. B. F. Hale of New Mexico, Mrs. E. B. Laster of Natalia; Mrs. T. B. McKnight of Amarillo and Mrs. H. F. McKnight of Dickens. Two brothers, J. W. Ballew of Portales, New Mexico and R. L. Ballew of Stephenville; one sister, Mrs. A. Platt of Stephenville; and two son-in-laws, J. H. Whitten of Millet, Texas and E. S. Stovall of Plainview.

Judge H. G. Andrews and Swede Swenson of Stamford were in Spur last week to attend to business.

Home Comfort

Dining-room chairs appear in slip covers at the kitchen breakfast bar Mr. and Mrs. Harold Ford designed for their farm home in Pottawatomie county, Iowa, Betty Lindsay points out in nationally-circulated Capper's Farmer. These red waterproof plastic-coated fabric ones match leather-seat upholstery.

Comfort and convenience-promoting ideas abound in the Ford home. In each of the 10 years Mr. and Mrs. Ford have been married, they have made some improvements which will make farm work easier and the home more comfortable.

A busy homemaker who tends a large garden, prepares an abundance of food for freezing and canning and raises a large flock of chickens, Mrs. Ford manages to be a 4-H club leader, hold an office in the women's home project board and in a church society. Extra moments must be allotted for her flower garden, home improvement and personal care.

Garden 'Greens' Can Be Continuous

Plenty of leafy vegetables, raw and cooked, are necessary in the diet of both children and grownups in order to promote vigor and well-being. In a home garden they can be continuous for many months if various kinds are grown.

Leaf lettuce is one of the first green things to appear. The young leaves can be picked for the table when only a couple of inches in length while the smaller inner leaves are left to grow. The same is true of spinach; the tender new leaves are as good raw as cooked when chopped and served with oil and vinegar dressing. Or, treat them the same as "wilted lettuce" by pouring over them a mixture of hot bacon fat, vinegar, and bits of cooked bacon. To vary the flavor of these greens, add a small amount of peppergrass. The frilled curly foliage of this upland cress is as easy to grow as lettuce.

For long season greens swiss chard is a winner. No leafy vegetable stands hot weather better. The outer leaves should be kept picked, the inner ones left to continue growing, and the result will be tender, brittle stalks and leaves for a long time.

Of the numerous root tops used as greens, beet, mustard, and turnip are increasingly popular. Like all vegetables they are best when young. Mustard and turnip particularly should be used for greens only in the early stages. The tops of mustard and turnip combined are appetizing—a favorite of grandmother's day.

By sowing seed of kale in spring or summer in the North and August to October in the South, fresh greens can be picked from the garden even after the coming of frost and light snow. In fact, some frost improves the texture and flavor of kale, making it a real treat for late autumn and winter meals. Dwarf Curled Kale is one of the best varieties for home gardens.

Patsy Arrington Complimented With Gift-Party

Miss Patsy Arrington, bride-elect, was complimented with a gift party, Monday evening when Miss Tillie Hill entertained in the home of her sister, Mrs. Trudy Dickson on Hill street.

The party rooms were lovely with red roses as the main decor. Gifts were attractively displayed on a table.

Ice cream and cake, carrying out the colors of white and green were served to the guests.

Those attending or sending gifts were: Misses Bonnie Spears, Audrey Nell Dyess, Betty Jo Reid, Betty Weaver, Margaret Hensley, Virginia Ruth Shugart, Loneta Starret, Jean Arthur and Mesdames Bill Glenn and W. B. Steele.

Miss Carolyn Hays is guest in the home of Mr. and Mrs. E. S. Lee while her parents, Mr. and Mrs. A. Z. Hays, jr., are attending school this summer in Lubbock.

George Stokes Named To Wayland College Post

George Stokes, nephew of John A. Stokes, local carpenter, has been appointed head of the Wayland College enlargement campaign. His arrival on the campus marks the beginning of an intensive effort to further the campaign this summer, announces Dr. J. W. Marshall, former personnel secretary of the Baptist Foreign Mission board, and newly-elected president of the college at Plainview.

Assuming his duties as head of the \$385,000 enlargement program, Stokes pointed out that the campaign is especially geared to the predominantly agricultural plains country. The chief plan for raising funds is a campaign to have part of unharvested crops and the increase of livestock designated for Wayland College. Any type of product, including cotton, feed, sugar beets, potatoes, alfalfa, and all kinds of livestock, may be pledged and donated.

Under the program, designed to allow easy participation by the farmers of the plain area, a donor may designate a given number of acres, bushels, or head of livestock, and market that acreage or livestock in the name of Wayland.

The money received in this campaign will be used for immediate expansion at Wayland, including such projects as a new girls' dormitory, a dining hall, faculty apartments, repairs on present buildings and extension of the departments of agriculture and Science, Stokes said.

A native of Plainview, Stokes was graduated from Wayland college with a major in voice, and an M. A. degree from Baylor University with a major in speech qualify him for the position he will assume this fall as head of the Wayland speech department.

Terminal Leave Bonds May Be Used To Pay NSLI Premiums

Veterans having Terminal Leave Bonds may use them to reinstate their National Service Insurance and pay premiums in advance. Many veterans are using these bonds to pay their premiums for many months in advance, thereby making sure that their dependents are protected. Veterans submitting these bonds get all accrued interest up to and including the month in which they are sub-mitted. Also, all advance premiums paid on National Service Insurance are granted 3 per cent deduction in premiums.

Veterans are reminded that they have only until August 1, 1947, to reinstate their G.I. Insurance without a physical examination and by paying only two premiums.

Mr. Luther T. Nance, Contact Representative, Veterans Administration from the Childress Office, is in Spur each 2nd and 4th Wednesday from 7:30 a.m. to 4 p.m. Any veteran or dependents of veterans wishing information or assistance concerning any benefit which has been provided through laws passed by Congress and administered by the Veterans Administration may see Mr. Nance on his regular trips to Spur.

The Childress Office of the VA is located in the Courthouse, Telephone 880 in case of emergency.

Mr. Nance is located in the Spur Security Bank Building, Room 4, when in Spur.

FATHER—The HEAD MAN

THROUGHOUT HISTORY, DAD HAS HAD HIS UPS AND DOWNS...

IN ANCIENT GREECE A FATHER WAS ALL SUPREME. IT WAS A DISGRACE FOR ANY SON STILL IN HIS TEENS TO APPEAR PUBLICLY IN HIS FATHER'S PRESENCE.

DAD WAS HEAD MAN AMONG THE ATHENIANS, TOO. WHEN A SON WAS OLD ENOUGH TO MARRY, HIS FATHER SELECTED HIS WIFE FOR HIM—WITH NO QUESTIONS ASKED...

BUT IN THE SUBURBS OF AFRICA DAD COMES OUT SECOND BEST AFTER BEING A CHILDREN'S SUPERHERO. A WIFE MAY RETURN TO HER OWNERS LEAVING PAPA TO LOOK AFTER THE KIDNERS.

AND IN PARTS OF INDIA A FATHER'S LOT IS EVEN WORSE. IF HE GETS INTO DEBT, HIS WIFE CAN SELL HIM INTO SLAVERY TO PAY OFF HIS BILLS...

BUT IN AMERICA DAD RATES HIGH WITH THE WHOLE FAMILY... AND THE FATHER'S DAY GREETING HE GETS ON JUNE 15 WILL TELL HIM JUST THAT!

Are you
on a party line?

If you have a party-line telephone,
here's a suggestion...

Party-line service is best when everyone on the line is thoughtful and courteous. You can get the most value from your party line by doing these simple things:

1. Keep your calls short and space them as much as possible. That will give the other fellow a chance to call, or be called.
2. Hang up quietly if the line is in use when you try to call. Wait awhile before calling again.
3. See that everyone in the family does his or her part at observing party-line telephone courtesy

INDIVIDUAL LINES

for all who want them will be available after we have served all the people waiting for telephones. That's our first job now—and it's a big job! When it's finished, we can begin to install the equipment needed to give people the kind of service they want and need.

One Trunk NOT Standard Equipment

Whatever the weatherman may say, indisputable proof that spring is truly here and summer is on the way comes from the ever-faithful circus, most reliable harbinger of fair weather to come. Sprucing up between showings, the circus maintains its luster for young and old, and one way it's done is shown here. Pretty Kay Clarke gets elephantine assistance in keeping her new Chevrolet glistening, as old Bianche, queen of the Cole Bros. Circus "peerless pack of ponderous pachyderms," lends a hand . . . or, trunk.

Mr. and Mrs. J. K. Porter of Wellington were in Spur Monday morning, shopping and visiting with friends. J. K. is a former employee of the Texas Spur.

DICKENS

Mrs. Rex Robinson
Guy Felmy, Eric Ousley and A. J. Dykes spent the weekend fishing at Possum Kingdom.

Miss Donnie Lou Gipson, daughter of Mr. and Mrs. Jack Gipson visited with her parents over the weekend. Donnie Lou is a student at ACC in Abilene.

Mr. and Mrs. Earl Murchison spent Sunday with Mr. and Mrs. Jimmie Sparks and family at Croton. They all went to the Croton-Dickens basketball game in the afternoon. Mr. Frank Daugherty of Daugherty, Texas, was down Sunday seeing about his cattle and horses on his place north of Dickens.

Mr. and Mrs. George W. Stephens and son, Stevie, of Lubbock visited this past week-end with Mr. and Mrs. Dennis Harkey and Mr. and Mrs. Keith Garner.

Robert Keith Beason of Spur is visiting with Kathleen, Alta and Mary Ann Sparks. Carol Teel, Mrs. W. B. Teel, Chas. Taylor, Rex Robinson, Keith Garner, Jimmie Sparks and Mr. and Mrs. Johnnie Sparks.

Watch Beauty Care During Housecleaning

DON'T forget beauty care during housecleaning. Jean Gray advises homemakers in an article in nationally-circulated Capper's Farmer.

"Too often good natures as well as rooms are upset by taking out rugs and moving furniture," she writes. "The family will be happier in the cleaning confusion if you remain unruffled and well groomed. And feeling neat will keep your spirits high as you attack the grime!"

"Even though it may be old, your cleaning dress can be clean, neat and mended. Wear an apron or smock that can be whisked off to reveal a clean dress.

"Protect your skin from dirt by applying a powder base before starting to work. After dusty duties, wash vigorously with a turkish washcloth or complexion brush—this in addition to usual morning and evening washing.

"Benefit from the exercise of cleaning. When dusting and making beds, stretch your middle, keep it tense. This keeps muscles firm. When sweeping or running the vacuum, keep shoulders back and don't bend in the middle. Carrying your body straight and tall is slenderizing since much waist thickness is slump. If you get tired, lie down for 15 minutes with your feet on a couple of pillows."

Mrs. Rita Plowman of Oklahoma is the guest of her sister, Mrs. Maude Haddock.

Mr. and Mrs. Ira Dewards and Miss Maude Edwards spent last week in Eastland, Texas, with Mr. and Mrs. Henry Van Geem and family.

Miss Artis Poindexter of Fort Worth, Texas, visited in the home of Mr. and Mrs. Earl Murchison during the Rodeo.

Mrs. A. J. Richey of Croton Community was visiting friends in Dickens Monday.

Mr. Jack Gipson, Red Johnson and R. L. Allen are busy combining and hauling wheat.

Jean Edwards, son of Mr. and Mrs. Forrest Edwards, has been on the sick list this past week but is reported improving.

Miss Jimmie Lee Chesney, daughter of Mr. and Mrs. Jimmie Chesney left Monday for Fort Worth to enter Draughn's Business College.

Mrs. Mymme Jack Reynolds attended graduation exercises at Texas Tech on June 2nd.

Rev. W. B. Teel and family visited in Hico, Texas, recently.

Mr. and Mrs. Rex Robinson and son, Robert Rex, spent part of the week in Fort Worth.

Don Edwards has entered summer school at Matador.

Dickens is very proud of Mrs. Leo Speers, Fredia Sue Gipson, Jo Ann Felmy and Barbara Speers for the fine work they did in the Sponsor contest.

Grapefruit Dessert Bars 'Sugar Blues'

"Although we all join in the chorus of 'Sugar Blues' these days, you can change those blue notes to gay notes by serving grapefruit for dessert!" the Country editor of nationally-circulated Capper's Farmer tells housewives.

"Nary a grain of sugar is used on this trio of grapefruit halves," she writes in the magazine read by 1,300,000 farm families. "Topped with jams, jellies and preserves, they merrily sing out good eating. So strike up a new tune by having grapefruit for dessert."

Cheese-Hoop Hassock

A round cheese box may be made into an inexpensive, attractive hassock to match a slip-covered chair, according to the Rural Home editor of nationally-circulated Capper's Farmer. Pad the lid; cover with material. Cover hassock with matching fabric. The hassock with its removable lid can double as a box for children's toys.

'Wish You Wouldn't's' Apply to Parents, Too

SINCE turn about is fair play, any list of "Wish you Wouldn't's" for teen agers should be accompanied by a few "Don'ts" for parents, too. Holly Miller points out in nationally-circulated Capper's Farmer.

Discussing the teen agers' viewpoint, she writes:

"Seems as if 'I wish you wouldn't' is the preface to a good many statements by the older generation.

"The way you dress, eat, walk, talk—gadooks—nothing seems to please them.

"But before you get too huffy and cast their admonitions to the breeze, go into a huddle with yourself. Down deep you may find the grace to admit that a lot of so-called characteristic adolescent behaviorisms are not calculated to make the populace love you. And that just because simply everybody acts a certain way is not sufficient reason for anybody as special as you to follow suit."

Among the "Don'ts" which Miss Miller says teen-agers might suggest to parents are:

"Don't laugh at us. We're self-conscious enough. Tho our plans may seem a little fantastic and some of our actions silly, it's probably part of being young. Don't you remember?"

"Don't treat us like kids. You can help us grow up by treating us like grown-ups. Trust us a little more.

"Never, never say, 'I told you so.' It's too curdling. And we have to learn the hard way to make it stick."

Allen Named Director Of Baptist Convention

The selection of Andrew Q. Allen, assistant to the administrator of Baylor University Hospital, to head a newly created office of director of public relations for the Baptist General Convention of Texas was announced Tuesday by Dr. J. Howard Williams, State Baptist leader.

The decision was reached at a meeting of the State Executive Board of the Convention in Dallas.

Allen is widely known among Baptists of Texas and the South. He has served as business manager and assistant administrator of Baylor Hospital for the past three years, giving much of his time to public relations and personnel problems. Previously he has been assistant State Sunday School secretary for five years, State Sunday School leader in Tennessee for three years and with the Southern Baptist Board for six years.

He is a native of Petersburg, Hale County, and holds degrees from the University of Texas, Southwestern Baptist Theological Seminary, Fort Worth and Peabody College, Nashville, Tenn.

In announcing the creation of the new department, Dr. Williams stated that Mr. Allen would interpret Baptist news through the press, serving as contact representative, and would also interpret the press to Baptists.

A second and vital phase of his work, the Baptist leader said, will be the creation and production of literature, posters, and other publicity matter for the various departments and branches of the Convention.

IN MEMORY OF EMILY FISHER

Another soul has gone above to dwell with God on high. How sweet the thought that comes to me, I'll meet her by and by. Up there where all is joy and peace, Where the streets are paved with gold. What joy to think that some glad day Her face I shall behold.

She was so patient here on earth. Though she must have been in pain, She always gave the world a smile. And never did complain, I'm sure that God will reward her.

With a palace of her own. With Angels always near her. She will never be alone, though Her place here is vacant, I never shall despair. For I know that up in Heaven I've a mansion waiting there. And when my work on earth is done, And it comes my time to go, What joy 'twill be to greet her. Where there's no more pain or woe.

—Mrs. Era King, Girard, Texas, a friend of the deceased who loved her very much.

From where I sit... by Joe Marsh

Here's to the Women-Folk!

There's a line at the heading of the Woman's Column in my paper that reads:

"Women through the years have stood Keepers of the flame..."

Pretty easy to see what it means; whether it's the flame on the hearth, or the candle in the window, or the feeling of warmth that surrounds a home.

It's the women who are guardians of the things we cherish about homelife—who are tolerant of ashes on the rug; the rings a glass of beer can leave on tables; or the

comfortable but too-worn chair that we can't bear to throw away.

From where I sit, those little satisfactions become more and more important in this world of strife and change. Smoke rings curling from a mellow pipe; a glass of beer; a comfortable chair before the fire. And I'd like to salute the housewives—"keepers of the flame"—whose tolerance and understanding helps preserve them!

SIDELIGHTS FROM WASHINGTON

By GEORGE MAHON

Friends of the Army Air Forces and the cause of national defense won a victory in the House of Representatives last week which will be a warning to the world that the United States is not planning to surrender her position as the world's greatest air power.

The controversy over U. S. air power arose when the Appropriations Committee, the Committee upon which I serve, slashed \$40,000,000 from funds recommended for the purchase of new airplanes. The request for the funds had been made of Congress by the Chief of the Army Air Forces, the Secretary of War and the President. The Committee then requested the House to approve the slash.

In Committee I had offered an amendment to restore the airplanes which had been denied but I was overwhelmingly defeated. When the bill came up in the House of Representatives I took up the fight again, re-offering the amendment to re-

G. A. GIRLS DISCUSS ACTIVITIES AT CAMP

The G. A. Girls met at the basement of the First Baptist church, Monday afternoon, June 9.

The minutes were read by the secretary and instructions were given on the activities at camp that the G. A.'s are to attend. Scriptures were read and the group sang "Send the Light" after which a prayer was said by Mrs. B. T. Moore.

store the funds for the airplanes. The Republican leadership fought the amendment and the question was heatedly debated for a part of three days.

Finally, in the last half hour of the debate, Congressman Andrews of New York, the Republican Chairman of the House Committee on Armed Forces, took the floor in support of my amendment and in support of my contention that the Appropriations Committee had misrepresented the facts and the figures in regard to army air power. This broke the back of the opposition and shortly thereafter the amendment was accepted and passed the House. A number of Members of Congress from Texas were very aggressive in the successful effort to restore the funds.

I argued that it would be inexcusable for us today, or at any future time, to start down the road to a second rate air force and an inadequate national defense program. It was stated that the defeat of the airplane request would be a straw in the wind which would lead to dangerous international consequences. I pointed out that the army appropriations bill contained savings in funds to the extent of \$475,000,000 and that the expenditure of the additional \$40,000,000 provided in my amendment for army airplanes would not seriously interfere with the economy program.

Without my amendment there were already sufficient funds in the bill to provide 561 airplanes. With the amendment the bill provides for 749 aircraft of the latest type, the planes to come off the assembly line within two years.

Funds were not reduced for the National Guard, the ROTC units in high schools and colleges, and Reserve Officer training otherwise. No cut was made in funds requested for the important work of research and development. The bill reduced War Department civilian personnel by 74,600 employees and officer personnel by 18,000, it being felt that the Army was somewhat top heavy with officers. The bill provides for an army of 1,070,000 men during the period June 30, 1947, to July 1, 1948. The total funds in the bill exceed \$5,000,000.

Meet the boss!

MEET BABS BROWN, the Boss. We don't mean Mister Brown's boss, either. We mean our boss—and a very nice one, too.

Sound odd to you? Well, it isn't. It's a solid fact that your electric light and power company is owned by a lot of people like Babs Brown—and Bob Brown—yes, and yourself.

Housewives, doctors, teachers—industrial workers, craftsmen, farmers—mechanics and milkmen—people from all walks of life have put some of their savings into electric companies such as ours. They're the direct owners.

But there are countless indirect owners, too—and many of them have no idea of their stake in the electric industry. They are the people who have savings accounts or life insurance policies—and that means nearly everybody. It works like this: When banks and insurance companies accept your money they must invest it safely, wisely. And because business-managed electric companies have a long record of faithful public service, much of this money is invested in utility companies on physical property installed and dedicated to the public's service. So you, too, are probably one of our bosses.
