

THOUSANDS ATTEND OLD SETTLERS REUNION AT ROARING SPRINGS

Largest Attendance At Annual Reunion Of Old Timers

An estimated crowd of 7,000 people attended the Dickens-Motley county Old Settlers Reunion held at Roaring Springs last Thursday and Friday for the largest attended event of its kind ever held by the association, according to C. C. Haile, president.

The event opened with a colorful parade that included modern as well as ancient rigs and regalia.

Among the most impressive of the entire program was a memorial service conducted by Rev. Charles Sergeant, former pastor of the Roaring Springs Methodist church honoring the fifty-six old settlers from Dickens and Motley counties who have passed on during the past year.

Mrs. H. P. "Handy" Cole took the distinction of traveling furthest to attend the reunion, having come from California. Mrs. Gill Green of Hart, was honored as the longest lady resident of the two counties. She has lived in the county continuously for the past 63 years.

Hundreds of old settlers from Dickens and Motley counties and from other points throughout the country returned to Roaring Springs for the annual get-together to renew old acquaintances. Among those present was Mrs. S. K. Smoot of Albuquerque, N. M., a daughter of Professor Pharr who taught school in the Croton Country when Pete Holler was county judge and School Superintendent. Mrs. Smoot exhibited a teaching contract belonging to her father signed by Mr. Holler, as superintendent and Jim Davidson and E. B. Shaw as trustees.

Among other old timers to attend the reunion were: W. R. Moore, Ft. Worth; Mr. and Mrs. H. K. Young, Lubbock; Dorothy Hunter, Deverness; Miss. Claude Phipps and family, Vernon, Ariz.; Mr. and Mrs. Sam Lesley, Post; Earl Sullivan, Gordo, Ala.; John A. Green, Fresno, Calif.; Beach Epstein, Hillsboro, Texas; Clay Kitchin, St. Varain, N. M.; Mrs. E. L. Baurland, and daughter, Choctaw, Okla.; Mr. and Mrs. W. M. Boyland, Cotton Center, Okla.

Infant Buried At Dickens On Thursday

Graveside services were conducted last Thursday in Dickens for Beverly Kay Jackson, infant daughter of Mr. and Mrs. Amos L. Jackson of Dickens.

Services were conducted by Rev. W. B. Teel.

Survivors include the mother and father, Mr. and Mrs. Amos L. Jackson and seven brothers, Leon, B. D., Ben, Bobbie Joe, Wayne, Billie and Delbert.

C. WRAY CARLISLE LEAVES FOR AMARILLO

C. Wray Carlisle will leave this week end for Amarillo, where he will enter the Veterans Hospital. The Spur Cabinet Shop will be closed until his return, which is at this time, indeterminate.

COACH HAWKES STARTS BOYS ON TRAINING FOR GAME

A total of forty-five candidates for the Spur High School football team reported for practice on September 1, according to Coach Sam Hawkes. The group included five lettermen from last year's team and three lettermen from the team of 1946, including one all-district back.

Lettermen from last year's team include Tommy Aldredge and Bobby Wright, and both are expected to pack the 'ole pigskin for the bulldogs in as neat a fashion as fans will see this fall. Homer Wilson, at right end, caught more touchdown passes last year than any other member of the team. Leland Calvert will hold down left guard and do a bang-up good job.

Neal Chastain, 200-lb. tackle, a two-year letterman, with two more seasons to look forward to, is expected to be a power machine on the right side of the line.

Lettermen from the team of 1945 who did not play last year include Joe Barclay, all-district halfback of '45, who received an injured shoulder in spring training and missed last year, is expected to do a good job of packing the mail for the locals from the fullback slot.

David McAteer, Jr., will be the man up under from the T, doing his share of the passing, punting, and ball handling. Graden Bass is slated for left end. Besides his skill as a pass receiver, he will probably do some passing and kicking.

Squadron from last year's team include Darold Robertson, fast 190 pound left tackle who was not eligible last year until the last game.

Milton Reynolds and Dub Karr will probably fill the right guard spot vacated by Morris Denson, all-district guard last year. Dennis Bingham, 165 lb. lineman, who should play some football this year, Ju Don and Ju Ron Rickels, both backs, Bill Ballard, Clyde Blair, Mac Brannen, Joe King, Don Sonnemaker, Joe Simpson, Kenneth Hairgrove, Foster Cook, Jr., Basil Williams, and Alvin Causey all are expected to see action this fall.

The local gridiron is in top condition for this season's play, due to the efforts of Mr. Foster Cook during the summer months.

The Bulldogs start the season with a game with Haskell in the local stadium at 8:00 p.m. on September 12. The rest of the schedule is as follows: Sept. 19: Post; Sept. 26, open; Oct. 3, Hamlin; there; Oct. 10, Matador; there; Oct. 17, Paducah; there; Oct. 24, Lockney; there; Oct. 31, Crosbyton; there; November 7, Monday; there; November 14, open; November 21, Ralls; there; and November 27, Floydada, there.

Hunting Permits And Signs To Be Available

Signs designating property as a member of the Dickens county Game Management association and permit blanks are to be available this week-end at the office of County Agent Chas. Taylor, at the Bryant-Link Company and from Walter Labay, who was announced this week.

The signs will designate that the property cannot be hunted upon without written permission, it was pointed out and the written permission blanks will be held by any hunter on the land.

"Everyone must have a written permit showing the date of hunting," Rob Simmons of the Game Management Association stated. The regulation is an association law and will be complied with by all members, he said.

Parity Prices For Farm Products Hit New Peak

Farm parity prices in Dickens and a whole chain of West Texas counties hit a new peak during the month which ended August 15.

So reports the U. S. Department of Agriculture, which states in a report of agricultural prices received and paid by farmers that parity prices went up nearly two per cent.

Such a rise established a new record for the second straight month.

Parity prices as of August 15 stood at 235 per cent of the 1910-1914 average. Parity being a formula that enables a farmer to receive prices for his products commensurate with his cost of living.

At the same time, important to note, is the fact the index of prices Dickens county farmers paid, including interest and taxes, was 18 per cent higher than for the corresponding period last year.

Index of prices the farmer received for his products remained at the July 15 levels of 276.

S-Sgt. Kenneth Patterson, Recruiting Sergeant in Spur, is now on a month's vacation in Arizona.

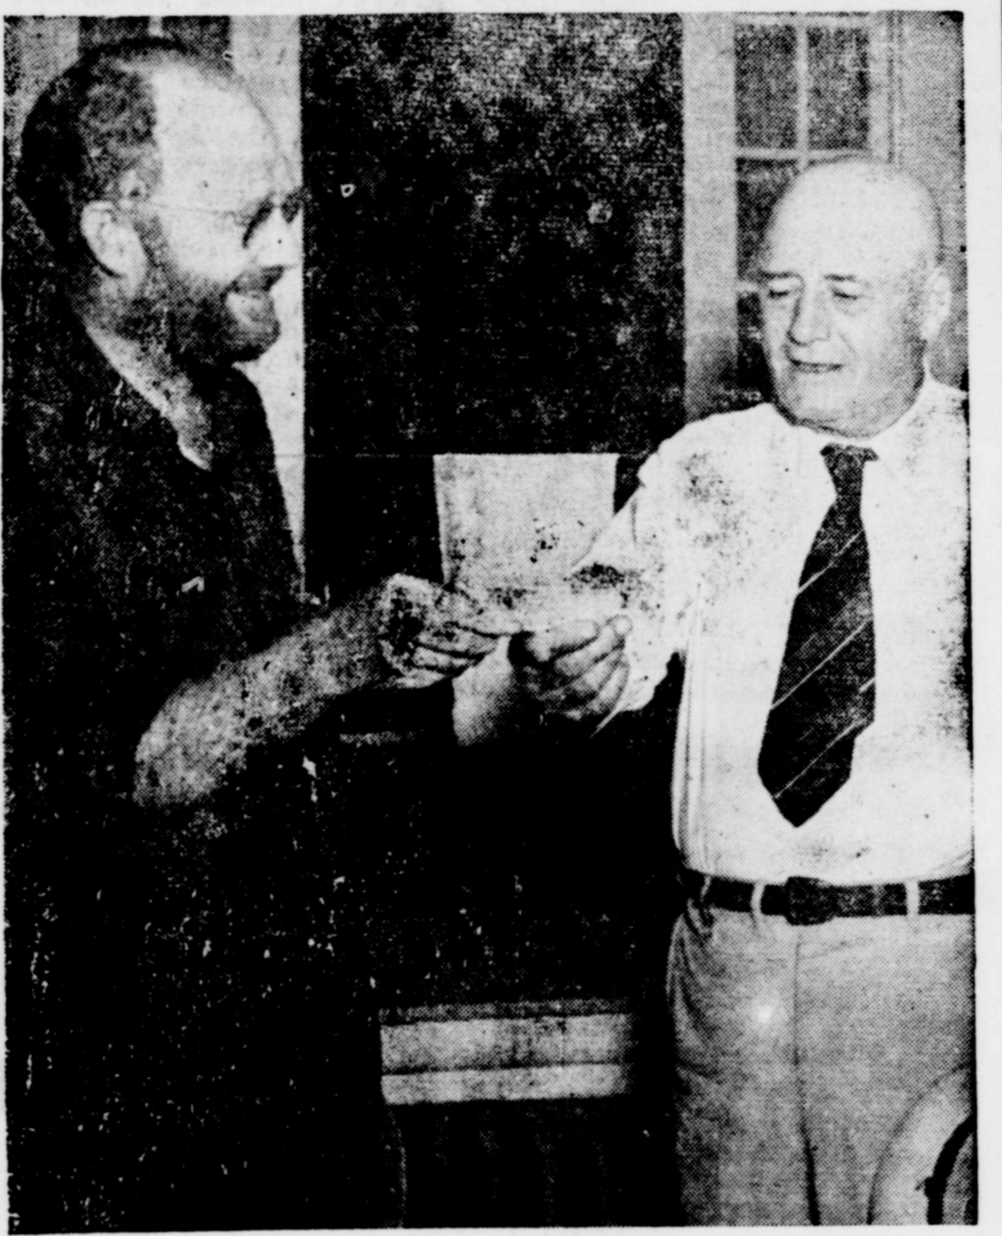

MATADOR NEWSPAPER MAN WILL ADDRESS PARENT-TEACHERS HERE

Douglas Meador Will Speak At PTA Faculty Reception

Douglas Meadows, Matador Newspaper man and historian, will be principal speaker at a reception honoring the local school faculty to be given by the Parent-Teachers association at the High school gymnasium on Tuesday night, September 9, according to Mrs. O. M. McGinty, president.

The program is being arranged under the direction of Mrs. Mansell Bragg, chairman of the hospitality committee of the Parent-Teacher Association and will include special music and other interesting features in addition to the address of Mr. Meadows.

The subject of the newspaper man has not been announced, but he is expected to talk on his recent trip to South America and other interesting subjects. He is an able orator and well versed on current events and subjects of historical interest.

PERMISSION TO VISIT Denison, Tex., during that city's Diamond Jubilee Celebration, Sept. 1-6, is being presented here by Jubilee Chairman Judd Sampson of Denison to Congressman Sam Rayburn of Bonham, Tex., right, former Speaker of the U. S. House of Representatives. Mr. Rayburn will visit Denison on Katy Day, September 6, and will be aboard the Katy's 1870 vintage train when it re-enacts the arrival of the first train into Texas from the North. The event actually occurred December 26, 1872.

FUNERAL HELD FOR MRS. R. W. JAMES AT McADOO SUNDAY

Funeral services were conducted at the McAdoo Baptist church at 4 p. m. Sunday for Mrs. R. W. James, 22. Services were conducted by the Reverend D. G. McCloud, assisted by Rev. Frank Story.

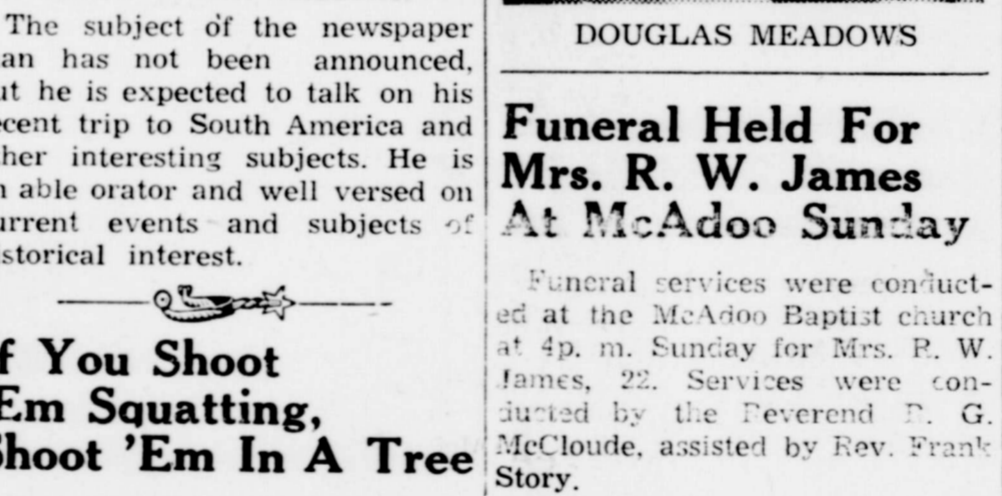

Mrs. James was the daughter of Mr. and Mrs. G. T. Williamson of McAdoo. She was married to R. W. James at Hereford, Texas on September, 1945.

Katherine Jane James, infant daughter of Mr. and Mrs. James preceded the mother in death by four hours. The infant daughter was buried in the casket with her mother.

Survivors include the husband, R. W. James, three brothers, Guy Williamson of McAdoo, Joe Williamson of Leakey, Texas, and Clinton Williamson of Memphis, Texas; and one sister, Edith Al-J. Pallbearers were Glenn Jones, exander of Leakey, Texas; Chas. Love, L. E. Bass, Mac Brantley and Charles Harris.

The Campbell Funeral Chapel of Spur had charge of arrangements.

TEXAS BOYS WIN

Megrail Dillard

FIRST PLACE honors for Texas in the 1947 Fisher Body Craftsman's Guild model car design competition went to James R. Megrail, of Grand Prairie, who won the \$100 state junior model car design award, and Wallace Dillard, of Canyon, who won the junior Napoleonic Coach award of \$125. The competition this year will see \$85,000 distributed in cash and university scholarships to the top boy craftsmen of the nation. The Craftsman's Guild is an educational organization sponsored by General Motors to encourage the development of creative ability, handiwork and craftsmanship among teen-age boys.

J. V. ALLEN TO TRAIN FOR U. S. STATE DEPT. SERVICE

J. Vic Allen, son of Mr. and Mrs. C. V. Allen of Spur, leaves Lubbock tonight (Thursday) by plane for Oklahoma City to take his physical for reentrance into the Navy. Ensign Allen holds his commission in the Supply Corps. U. S. Naval Reserve and has been called back to active duty, flying from Oklahoma City to New York City on Friday from whence he is to report to the U. S. Navy Supply Corps School in Bayonne, N. J., for a two weeks training course ending September 21.

Upon his release from active duty, he continues on to Washington, D. C., where he has been accepted in the Graduate School of Government of George Washington University where he is to pursue a course of study in International Relations in preparation for entrance into the Foreign Service of the U. S. State Department.

Spur Boy Drowns While Swimming

YOUTH DROWNS WHILE SWIMMING NEAR HERE SUNDAY AFTERNOON

Funeral Held Monday For Billy Boy Barr

Billy Boy Barr, 16, son of Mr. and Mrs. Fred H. Barr of Spur, was drowned Sunday afternoon at 3:30 while swimming in a swimming hole on the Andrew Blair farm, five miles east of Spur. The youth was accompanied in swimming by three companions from Spur and their efforts to get him out of the water were futile. Aid was summoned from Spur and the body was recovered by divers.

He was rushed to the Nichols General Hospital where he was treated and Clyde Walthall, Navy veteran, gave artificial respiration for more than an hour in an attempt to revive the youth. He had been in the water for some time when recovered and did not respond to artificial respiration.

Funeral services were conducted Monday at the Baptist church in Spur by Rev. Aubrey McCaulley and Rev. C. N. Gilbert. Interment was in the Spur cemetery.

Billy Boy was born in Sager-ton on June 16, 1931 and would have been a junior in the local high school this year. He moved to Spur two years ago with his parents and has attended school here since that time.

Pallbearers were J. W. Newby, Jimmy Koons, Austin Watson, Lovell Hobson, Kenneth Williams and Ray Robinson.

Survivors include the parents, Mr. and Mrs. Fred H. Barr, sisters, Mrs. Elsie Denson, Mrs. Francis Dandy of San Antonio, and Mae of Spur; brothers, Joe and Donnie R. of here; and grandfather, Western Sullivan of Kentucky.

Chandler funeral home had charge of arrangements.

H. C. Foote, Former Resident, Buried At Haskell, Aug. 25

The many friends and acquaintances of H. C. Foote will regret to learn of his death early Sunday morning, August 24 after an illness of three months.

Mr. and Mrs. Foote were making their home at Bomarton, Texas at the time of his demise, where he was superintendent of the Bomarton Rural High School for the past five years. He was born in Alabama, March 5, 1889, moving to Texas in 1904. He attended Stamford college, North Texas State Teachers College and the University of Arkansas and spent most of his life teaching in the schools of Haskell county, Spur and Brownfield.

Funeral services were conducted at the Methodist church at Bomarton, Monday afternoon August 25, at 2 o'clock, with Rev. E. L. Yeats, former Spur pastor, officiating. Interment was in the Haskell cemetery with graveside services conducted by the Masonic Lodge of which he was an active member.

He is survived by his wife and three children: Charles L. Foote, New York, N. Y.; Mrs. Herman McArthur of Yeso, New Mexico; and Mrs. Wayne McMeans, Aspermont, Texas. Two grandchildren, Herman McArthur, Jr., and Elizabeth Ann McMeans; one brother and two sisters.

WEINER ROAST AND WATERMELON FEED FOR CHRISTIAN CHURCH

Members of the First Christian church held a weiner roast and a watermelon feed on the back lawn of the church, Wednesday evening, August 27.

There was a good crowd and everyone had a wonderful time. After the feed, a singing was held in the church.

CLARENCE HARVEYS NEW SUBSCRIBERS TO PAPER

Mr. and Mrs. Clarence Harvey of McAdoo were in town Thursday shopping with the Spur merchants and while here subscribed to the Texas Spur.

YOUTH MIGRATION FROM FARMS IS STUDIED

Problem of farm youths leaving farms of Dickens and other counties over the country for the city was seriously considered last Thursday by more than 2,000 delegates who attended the 19th Annual session of the American Institute of Cooperation at Colorado A&M College, Fort Collins.

Of considerable to people of this immediate vicinity was the fact, stressed at the convocate, that only two per cent of our farmers now are under 25 years of age. Average age of farmers in Dickens and nearby counties is 52 years of age.

It was pointed out that two out of three farm boys move to cities and towns in the belief that there are more opportunities in the city.

SCHOOL OPENS MONDAY WITH LARGE ENROLLMENT OF 830

A total of 830 students were enrolled in the Spur schools following the opening of classes Monday, according to information from the office of C. F. Cook, Superintendent. There were a total of 330 enrolled in East Ward school; 250 enrolled in Junior High and 250 registered in High school.

The local schools opened officially on Monday morning of this week when registration started. Opening assembly was held Wednesday morning and classes started.

At the opening assembly Wednesday Rev. C. N. Gilbert gave the invocation; Reading, "When the Frost is on the Pumpkin," by Mrs. Oscar McGinty; Group singing, led by Miss Bonnie Campbell, accompanied by Mrs. Andrews; Announcements by A. Z. Hays, High School principal; Solos by Mrs. George Gabriel, accompanied by Mrs. Andrews.

The principal speaker of the occasion was Rev. Lester Hill, pastor of the Methodist church of following new teachers: Billy Hays, assistant coach; and Henry Goldwin, band director, who was unable to be present.

Revival Meeting At Midway Church Of Christ

Services will begin Sunday evening, September 7, at the Midway Church of Christ at Elton, Texas and will continue through the following week. Reverend J. L. Pritchard, of Junction, Texas will conduct the meeting. Services will be held at 8:00 o'clock each evening.

An Enriched Farm Life

The American Institute of Co-Operation, meeting last Thursday at Fort Collins, Colorado, brought out a vital fact many have been reluctant to admit; that only two per cent of our farmers are now under 25 per cent of age and we have two out of three farm boys moving to town and city under the belief there are more opportunities in the city.

It is rather alarming to note that for every 147 boys who stay in rural areas there are only 100 farm girls. This trend must be reversed for the permanence of agriculture and we must work out an enriched farm life that will make our boys and girls want to stay on the farm; rather than leave the soil on the first excuse in hopes of finding a more attractive and exciting life in the city.

Not only must we enrich life on the farm, but farm families must have more protection against disease. Rapid extension of REA facilities to the rural areas is doing much to make farm life more profitable, and with the radio and newspaper farm families have more opportunities for enjoyment and a satisfactory social life than at any time within the past quarter century.

The Ramparts We Watch

Not because any one group says so, but because the cold, unrelenting facts dictate the need we will either have universal military training or some type of peace-time training during the immediate years ahead, and we might as well get ready to make America strong—if we are to meet the obligations which lie ahead and from which there is no escape.

Even President Truman demands we have peace-time training for our young men—whether by conscription or other means. We have only one nation to fear; Russia, and if we are to avoid another world-wide debacle of slaughter we will have to be prepared. Not that anyone wants war, but in order to keep war out of the world we will have to be adequately prepared—just in case anyone wants to set off the fuse to our international powder keg.

Our armed forces, at home, are beginning to go underground. They are going underground for a very obvious reason, and the general public might as well be hardened to realities which may be ahead; rather than wake up some midnight and have this country "mustered out" before daylight. Russia keeps indirectly hinting for a showdown we do not want (nor does the destitute world) but we have not yet failed when the ramparts we watch are endangered either from within or by forces abroad.

Fair Time Is Here

Fair time is here again, and people in this immediate vicinity visualize in the West Texas Fair at Abilene, September 15-20, the opportunity to exhibit our choice agricultural and livestock production without expense of holding fairs in each county of this vast area.

Since this county will have a number of exhibits at the West Texas Fair we may well look upon the Abilene exposition as a condensed and well crystallized version of county fairs: with a city like Abilene hosting the livestock, poultry, dairy and agricultural exhibits and paying out premium monies and awarding of the ribbons.

With a return of normal times there will indeed be a place in every county for a fall fair, carnival and products show, but until such times are again with us we will do best by gathering our choice products and letting all West Texas see just what we are producing—despite dry weather and the erratic trends of the weather man during the present year.

Graduates will find the world a bit harder to capture than scholastic honors, but older heads will applaud their efforts.

There are people with more money than they need and then there are those who bet on the horse races.

The rich folks, in a given community, think that they are really important part of the population.

Correct this sentence: "But, officer, I had only been parked ten minutes, and there was no sign here when I stopped."

The United States will gain nothing by sending billions of dollars worth of goods to foreign countries in return for a debt.

Most men who have married a lot of money will brag about their judgment on money matters.

By LEON GUINN

Readers between the lines will detect the fact that the Kremlin is trying desperately to find some way to recapture the initiative in world affairs which Secretary of State Marshall seized so gallantly in his Harvard speech of June 5. . . . One can expect virtually anything now from the Soviets but a sense of tolerance; and seasoned observers feel the Kremlin will make new attempts to put the United States in the wrong in the eyes of the world. . . . Very little is known about the intricate workings, but already it has become evident that Soviet Russia has instructed Communist parties in France, Italy and elsewhere in Europe to sabotage recovery but not be caught in the act. . . . The Russians are making it entirely too evident (for their argument) that the world needs convincing the U. S. cannot save Western Europe without Russia's help.

There is every indication (since the Brewster burlesque over a \$42,000,000 war-time deal) and the groups of veterans don't mean maybe that there should be a full-fledged Congressional investigation of the \$772,000,000 Veterans Administration hospital building program, which is already more than two years behind schedule. . . . A major problem has been the VA's increasing trouble in getting good locations for the simple reason that citizen's groups are opposing the VA hospitals—arguing that the government hospitals depreciate neighboring property or are undesirable for health reasons. . . . Then there's behind-the-scenes clashes with civilian architects who say the VA obtained the best possible designs but at this time, since many hospitals will cost one-third more than anticipated, most plans will have to be redrawn.

It is a little interesting to notice, while a real, first class investigation is pending, however, that the Veterans Administration in hospital plans will cut out "luxury" features such as theatres, offices for doctors and space for chapels. . . . Charge by a high ranking VA official that contractors are adding from 15 to 30 per cent "fear contingency cushion" to their estimates should bear careful investigation. . . . Even civilians realize that the problem of caring for GIs in a medical way will extend down the years ahead and whatever is done will have to be started sometime.

Many weeks must yet elapse before the 1948 Presidential Sweepstakes, but already presidential campaign buttons are beginning to bob up here and there—indicating that recurrent and incurable fever known as "White House Itis" will soon assume epidemic proportions over this great land of ours. . . . Should health permit Anderson, agriculture chief, to become lead man for Democratic National Chairman form organizations have plans ready to drum up Under Secretary Dodd to succeed him. . . . Dodd, however, is in bad, presently, with the White House for support of the vetoed wool bill. . . . It seems to be in the political mill that War Secretary Kenneth C. Royall will resign next spring to run for governor of North Carolina.

Agricultural students with ears to the ground will detect, sadly, that Farm Credit Administration officials who spark-plugged President Truman's farm price conference in Washington now admit it was a total failure as an attempt to check, or even cool, the farm price inflation threat. . . . Although, for example, the increase in farm prices for the country as a whole was only two per cent between March 1 and June 30, tremendous price jumps have occurred in the South, Southwest and Mountain States. . . . Banks and other agencies are trying to hold the lid on borrowings (where prices are out of reason) but purchasers are still able to get plenty of money from individuals and small-town businessmen with money to spare.

Unfortunately, and one can well tell by the way used cars are being "gobbled up" in this area, dealers are expecting a sharp increase in used car prices on November 1, when installment buying restrictions come to an end. . . . Prices doubtless will not level off until January at least, when cold weather and introduction of some 1948 models will put a damper on demand. . . . In far too many towns over the country the used car business was carried as a "racket during the war years; and if Congress wanted to do something really worthwhile federal law make mandatory check of the "death buggies," with a seal and true statement of condition of each vehicle before purchasers were allowed to buy used cars. . . . If a vehicle has defective steering mechanism, brakes

Elliott W. Adams, S.S. Representative To Be Here Sept. 11

Elliott W. Adams, Social Security Administration Representative, will be in Spur at the U. S. Post Office at 9:00 a.m. on Thursday, September 11, 1947, for the purpose of answering any questions you may have on Social Security; discussing possible benefits and taking claims from persons who seem to be entitled to benefits; and taking applications for Social Security account number cards.

The Federal social security program, which applies to workers in industry and commerce, provides for the payment of monthly benefits when the qualified employee reaches age 65 and retires, for eligible members of the worker's family, and for the survivors of insured workers who die at any age.

When an insured worker dies and there is no one qualified to receive monthly benefits, a lump-sum payment may be made.

Mr. H. J. Parks, of Jayton, was in town Tuesday, attending to business affairs here.

Major problem facing the United States is the atom and its control in the opinion of Republican Representative Donald L. Jackson, of California, above, who is quoted in the July issue of Cosmopolitan magazine as saying: "The atom and its control dwarfs all other problems. Great clouds of fame, smoke and debris over New Mexico, Hiroshima, Nagasaki and Bikini formed the question for all civilization to answer. We can pass through one of two doors—leading the world to either a day of enlightenment or a day of stark disaster. An atomic bomb race may well write the end of our civilization. We cannot enter upon a mutual suicide pact with the other nations of the earth, nor can we, in the present state of unrest, and our scanty knowledge without assurance that the atom will be made the servant of mankind—not his master."

I Give You Texas

By Boyce House

Ah, for the good old days! The good old days when you got up at 5 a.m. in January with the tail of your night-shirt flapping around your chilled ankles and built a fire. But first you had to shake down the stove.

For the benefit of the younger members of our audience, it should be explained that when ashes accumulated, the stove wouldn't draw, so the stove had to be shaken down and it took so much energy that the house was almost shaken down, too.

Then came the task of setting fire to paper and shavings and kindling and coaxing a chunk of wood to burn. Of course there was a quicker way: a teacupful of kerosene could be used but this had a way of blowing the user through the roof.

Ah, the good old days! Did you ever take a bath in a wash-tub? And the fireplace with the log fire—you roasted on one side and froze on the other.

But there is nothing finer than a fireplace with a log fire, provided the fireplace is also equipped with gas.

Guess you noticed where Fred Allen, Red Skelton and Bob Hope were faded off the air when they said something that a network official didn't like. Well, I'm on the air—in fact, have two programs a week, the newest one being at 12:15 noon each Tuesday over KFTZ, Fort Worth. I wish some vice president would fade me off the air; I need the publicity. Fred, Red and Bob don't.

I noticed a sign the other day, "Dirt for sale." I suppose it is "dirt cheap." Or has inflation raised the price there, too?

SELECT THE ALL-ELECTRIC WAY for better and easier work. Economy begins in the home and on the farm the moment you replace old-fashioned methods with electricity.

Electricity does the job better . . . cheaper. When you use this better method for the big time and energy consuming jobs like Refrigeration, Cooking, Water Heating, Laundering, etc., you gain the added factors of safety, comfort and convenience.

Remember: THE ALL-ELECTRIC WAY means better living and easier work.

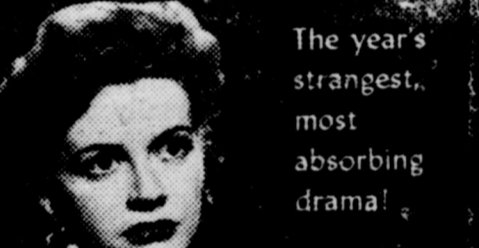

SELECT REDDY KILOWATT, the people's electric servant. His wages—which have been reduced one-third during the past 14 years—are the biggest bargain in town.

FROST FAMILY REUNION HELD AUGUST 31, AT ROARING SPRINGS

Every last Sunday in August, members of the Frost family hold their reunion. This year, August 31, was the first time since 1940 that it has been held at Roaring Springs, but it will be held there again next year.

There was a program before lunch which was directed by Mrs. Oby Blanchard.

Everyone took basket lunches and a picnic lunch was spread.

Those attending the reunion from Vernon, Texas were: Mrs. Terrell Sanders; Mr. and Mrs. Jerry Bell and sons, Shelley and Jerre Don; Mr. and Mrs. Hiram Frost and daughter, Doris; Mrs. Dale Baldwin and Gene and Rita Nell; Mr. and Mrs. J. Frost, Carolyn, and Keith; Mr. and Mrs. Roy Hoffman and Newell; Mr. and Mrs. Rudolph Hoffman and son, Robert; Mr. and Mrs. Cleve Randall; Mr. and Mrs. Roy Blanchard; Mr. and Mrs. Howard Frost and daughter, Pam; Mrs. Narrel Cook; and Mr. and Mrs. Potter Keltz.

Others attending were: Mr. and Mrs. W. F. Frost, of Eric, Oklahoma; Mrs. Edna Arnold and daughter, Peggy of Lubbock; Mr. and Mrs. Oby Blanchard, of Amherst, Texas; Mr. and Mrs. Henry Adkins and family, of Amherst; Mr. and Mrs. Raymond Gilder and daughter of Amherst; Ahmerst; Mr. Oby Blanchard, Jr.; Mr. and Mrs. Lynn Arnold and son, Tony, of Lubbock; Mr. and Mrs. Lester Arnold and family, of Lubbock; Mr. and Mrs. Victor Herring, Victor, Jr., and Evonne of Brownfield; Mr. and Mrs. Horace J. Blanchard of Lubbock; Mr. and Mrs. Austin Auld and family, of Big Spring; Mr. and Mrs. J. B. Morrison, of Spur; Mr. and Mrs. Jesse Morrison, Don, and Karen, of Spur; Mr. and Mrs. Bud Mouser, of Eric, Okla.; and Mr. and Mrs. Arlie Arnold and family, of Shallowater.

Mr. and Mrs. O. W. Frost, of Vernon, were unable to be there this year due to the ill health of Mr. Frost. Mr. Frost started the annual reunion in the early thirties and has been at the head of it since then, and they were greatly missed this year.

Keith Frost and Gene Baldwin, of Vernon, returned to Spur with Mr. and Mrs. Jesse Morrison for a visit and left for their home Wednesday.

Miss Betty Weaver, student at Texas Tech at Lubbock spent the week-end in the home of her parents, Mr. and Mrs. Bob Weaver.

Mrs. Lee Hindman and Miss Ruby King returned last week from Big Spring where they visited in the home of Ruby's brother and family. Mr. and Mrs. Dick King.

Gay plaid combines with black in a one-piece dress (left). Grey worsted flannel (right) in a youthful long-jacketed suit.

A FAIRLY safe rule for all college wardrobes—or any wardrobe, for that matter—would be that they should include a grey flannel suit. Probably no other one item will prove its worth so consistently through so many seasons, if it is designed on classic lines.

The New York suit pictured, for instance, incorporates all the new features of rounded hip and shoulder lines and well demarcated waist, yet still keeps to a simplicity that is timeless. A Dutch collar lends a youthful air to the jacket. Brown buttons and narrow brown leather belt point up the fact that brown is smarter than black as an accessory color with grey this season.

Plaids were never more important, both for party-going and more prosaic purposes. Some of the most successful college party clothes by New York designers are in wool plaids gay as a piper's tune, many of them separate skirts, very full and of ankle length, teamed with black velvet blouses or basque jackets.

The dress pictured is one piece, combining red, black and white plaid skirt with black wool bodice in two piece effect. The scarf muffler carries more importance than a casual glance would tell; the "muffled" look on suits, coats and dresses is one seen over and over in the Fall and Winter collections of New York designers. Such a dress leads an active life on the campus, being pretty enough for an afternoon date and tailored enough for the classroom.

J. B. Morrison's Return From Vacation Trip

Mr. and Mrs. J. B. Morrison, Jr., and daughter, Linda Beth, arrived home Sunday from a vacation spent in various parts of Texas and Oklahoma.

They accompanied Mrs. J. M. Anderson and Mrs. Addie Jo Loit, who have been visiting their parents, Mr. and Mrs. J. B. Morrison, Sr., to Dallas where they stayed for a few days visit.

After leaving Dallas they went to Greenville where they attended a family reunion, which is held there each year.

From Greenville, they went to Ponca City, Oklahoma where they visited a sister of Mrs. Morrison's.

On their return trip they visited another sister of Mr. Morrison at Amarillo for a few days. While in Amarillo, Mr. Morrison enjoyed a fishing trip at Buffalo Lake and caught many fish, in fact, so many that he was able to bring some of them home with him.

Mrs. Sam McGaughy returned home after visiting relatives in Tyler, Dallas, Ft. Worth, Dublin, and Decatur. Her sister, Mrs. E. W. Ellis, accompanied her home.

Mr. and Mrs. Henry Clay's grandson, Bobby Clay, of Graham, has visited the past two weeks with them.

Mrs. J. P. McGaughy and two sons were guests in the Sam McGaughy home last week.

Mrs. Laury Dane spent the last two weeks at the bedside of her sister, Mrs. L. Joe Hill, who underwent a major operation in the Knox City Hospital.

Mr. Milt Pucket and family, of Post were guests in the home of his sister, Mrs. S. J. Shockley, Sunday. Mrs. Shockley accompanied them home.

Feminine detail and crisp tailoring in a black and white wool suit.

FALL and Winter 1947 offer wearers choice when it comes to suits. You can have the jackets long or very short indeed; the skirts pencil straight, pleated or flaring.

The suit pictured, of black and white birdseye wool, is a good example of the manner in which New York designers have adapted feminine styling to men's wear worlds. Interest centers on the brief double breasted jacket with outside shawl collar and black buttons. The black taffeta cummerbund sash lends a glamour note for dressier occasions.

Even tweeds and sharkskin weaves, so long synonymous with "manish" tailoring, now have a softened look, with dressmaker touches and feminine detail. A favorite fabric of grandmother's day, "good black broadcloth," has returned this Fall with fresh elegance, in suits both trim and tailored, and dressy, with draped skirts and perhaps a touch of fur at the collar.

Mr. and Mrs. J. E. Sparks and Mr. and Mrs. Bob Hahn returned Friday night from a vacation spent seeing the Carlsbad Cavern and at Ruidoso and Cloudcroft and various places of interest in New Mexico.

Hazel Jo Holly of Lubbock recently returned to her home after a visit here with her grandparents, Mr. and Mrs. W. M. Hazel.

Sonny Hindman left recently for Los Angeles, California where he will remain for awhile before going to Nevada where he will attend school.

L. C. Ponder who has been ill at his home in Spur is reported to be much improved at this time.

R. D. William's Home Reunion

Sunday, August 24, the R. D. (Uncle Bob) William's home was the scene of a family reunion.

A delicious dinner was served at noon. Various games were enjoyed throughout the afternoon. Those present for this gala occasion were Mrs. Tom Greer, Mr. and Mrs. Rip Greer and daughter Valerie Jean, of Brawley, California. Mrs. Ava Johnson and daughter Valerie Jean, of Brawley, California. Mrs. Ava Johnson and daughter Joyce Adell, Leon Greer, Mrs. Lucy Young, Mr. and Mrs. Buran Jones and son Glenn, and Mr. and Mrs. Carroll Williams.

Other relatives attending were: Jim Joiner, of Ft. Sumner. N. M. Mrs. Mollie Walden, Mrs. Belle Atkinson, Mr. and Mrs. R. G. Beadle, Mrs. Ruth Walden, Ted Walden, Mrs. Raymond Beadle and sons, Buddy and Ralph.

Friends who called in the afternoon were: Mr. and Mrs. Alton Estep and children, Gail, Phillip, and Sheryin, Mr. and Mrs. Bob Greer and children, Bobby, Shirley, and Jerry, Mrs. Liza Cox, and Mr. and Mrs. Floyd Murry and children, Coy, Betty, Ronnie, and Tommie of Floydada, Texas. Mr. and Mrs. J. P. Legg and daughter, Lucille, Mrs. Sebe Lambert and Mr. and Mrs. Johnnie Sparks, of Spur.

The youngest guest present was Little Valerie Jean Greer of Brawley, Calif., and the eldest was Uncle Bob Williams, who is ninety-seven.

A watermelon feast in the late afternoon finished the day.

Miss Dorothy Lester, of Lubbock visited her parents, Mr. and Mrs. Henry Lester over the week end.

Pressure Saucepan Saves Time and Fuel

IN A comparatively short time the pressure saucepan has won an assured place in farm kitchens, according to Laura Dailey, in an article in Capper's Farmer, one of the best known farm magazines.

It saves time and fuel. Many different foods may be prepared in a pressure saucepan. It is particularly good for those which need long cooking. "Pressure cooking," Miss

Dailey says, "preserves food value, color and flavor."

A few rules of operation are important:

1.—Never fill the pan more than two-thirds full.

2.—Be sure that steam flows steadily from vent before you close it.

3.—Wait until weight or pressure control jiggles or hisses or cooking indicator is at right position according to your directions before you start counting time. Then reduce the heat and let cook for specified time.

4.—Reduce the pressure as each recipe indicates.

5.—After pressure is reduced, be certain to remove the weight, or lift the pressure control, before removing cover.

Some farm women are doing a limited amount of canning in their pressure sauce pans, Miss Dailey points out.

Elliott W. Adams, S.S. Representative To Be Here Sept. 11

Elliott W. Adams, Social Security Administration Representative, will be in Spur at the U. S. Post Office at 9:00 a.m. on Thursday, September 11, 1947, for the purpose of answering any questions you may have on Social Security; discussing possible benefits and taking claims from persons who seem to be entitled to benefits; and taking applications for Social Security account number cards.

The Federal social security program, which applies to workers in industry and commerce, provides for the payment of monthly benefits when the qualified employee reaches age 65 and retires, for eligible members of the worker's family, and for the survivors of insured workers who die at any age.

When an insured worker dies and there is no one qualified to receive monthly benefits, a lump-sum payment may be made.

Mr. H. J. Parks, of Jayton, was in town Tuesday, attending to business affairs here.

COLUMBIA, Mo.—Miss Ann Hull of Spur has been accepted for admission at Stephens College in Columbia, Mo., according to an announcement made by the Board of Admissions at the college. Registration will be held from September 15 through the 17th and classes will start on September 20th.

The 115th year at Stephens will be the first under the leadership of Dr. Homer Price Rainey, one of the nation's foremost educators, who assumed the presidency of Stephens College on June 3 of this year. The enrollment at the college is 2,250, with students from every state in the nation and from 12 foreign countries and possessions. Miss Hull is the daughter of Mr. and Mrs. A. C. Hull.

1917 Study Club Meets In The Home Of Mrs. Nell Davis

The 1917 Study Club observed its first meeting of this year Tuesday, Sept. 2, with a luncheon in the home of Mrs. Nell Davis, hostess. Mrs. R. C. Forbis and Mrs. Clark Forbis were co-hostesses.

The house was beautifully decorated with Gold Chrysanthemums and Marigolds, the Club's flowers.

Following the luncheon, the club was favored with special music by the young artist, Miss Ernestine Berry. A most inspiring and interesting President's message was given to the club by Mrs. R. C. Forbis. Mrs. Davis, who is the Chairman of the Yearbook Committee, presented the members with their yearbooks.

The meeting was closed by Mrs. R. E. Dickson leading the Club Chorus.

Members present were: Mesdames R. E. Dickson, Fred C. Haile, J. H. Bowman, J. E. Berry, Tom Johnston, W. T. Andrews, W. F. Godfrey, M. C. Golding, F. W. Jennings, and Miss Julia Hickman, and the guest, Miss Ernestine Berry, and the hostesses.

Decorative Glass Streamlines Modern Rooms

Glass blocks around a fireplace surmounted by a mirror add sparkle to large, modern living rooms.

"WHETHER you're planning to build or remodel, you'll be interested in the new ways glass can bring beauty into your home," says Betty Swan in an article in Capper's Farmer, a leading farm magazine.

"Glass blocks and decorative flat glass, now so popular, may be used to streamline any room," she declares.

"As windows, doors, partitions or partial screens they are practical as well as ornamental. They let in light from outdoors, or another room but cannot be seen through readily. They are easy to clean. "Used as a semipartition or in archways, glass blocks give a modern touch and reflect light."

Steps in the Training of a Good Hunting Companion

There's nothing like a good dog to add pleasure and profit to the hunt. But good dog companions don't just happen; practically without exception they are the products of long, conscientious training in the demands of the woods and fields. Some of the steps in the training of a good gun dog are here illustrated by Elias C. Vall, widely-known trainer of field dogs and director of the Gaines Research Kennels, Ridgefield, Conn.

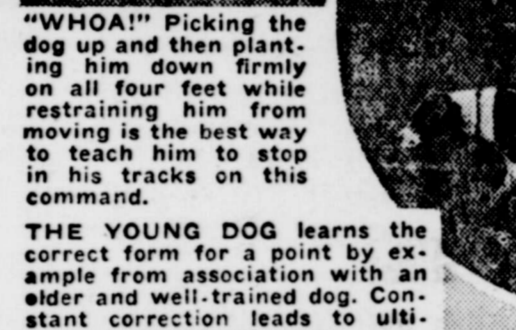

"NO!" is one of the most valuable commands in preventing waste motion in hunting. A dog who will refrain from eating when commanded "NO!" is well on the way toward being well trained.

"HEEL!" This command keeps the dog at his master's side ready for any contingency. Pointers and Setters "heel" on the right side while Retrievers walk on their master's left side.

"COME!" is the first step in training a field dog. He learns from repeated tugs on a long lead and from pats when he obeys.

"WHO!" Picking the dog up and then planting him down firmly on all four feet while restraining him from moving is the best way to teach him to stop in his tracks on this command.

Kidneys Must Work Well

For You To Feel Well
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.

If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling, etc. Why not try Doan's Kidney Pills? First All-Electric Railroad Kitchen Has Features of Submarine Galley

An all-electric kitchen, the ultimate in compactness, yet capable of speedily preparing seven-course meals and even pastries—more than 600 complete meals a day—is one of the features of a four-car "train of tomorrow," now on tour of major cities as part of a research project expected to point the way to more comfortable and safer railroad travel. Pictured is a corner of the kitchen, or galley, in the experimental train's dining car—the first railway diner ever equipped with an air-conditioned, all-electric kitchen. Built along the lines of the war-born all-electric submarine galley, this new development in commercial cooking has an array of equipment, including: Three electric ranges, fry kettles, broilers, toasters, coffee urns, plate and cup warmers, an automatic water heater, food mixer, juice extractor, hot food table, dish washer, glass washer, garbage disposal unit—and 11 refrigerated fixtures that provide 111 cubic feet of storage space, or more than that of 15 standard household refrigerators. Mrs. Dell Merriman returned home last week after visiting relatives in Lubbock and other places on the plains.

Mrs. Eples, of Arizona, has been visiting Mr. and Mrs. Jim Albin the past week. She is Mr. Albin's sister.

Ice Box Raids Sure With Fruit Punch Handy

You can be sure that the refrigerator and cookie jar will get raided often if you keep frosty fruit punch and crunchy cookies on tap, according to the Country Cooking editor of nationally-circulated Capper's Farmer.

Here is her recipe for a tangy, thirst-quenching fruit punch:

MINTED ADE 1/2 c. light corn sirup 1/2 c. water 4 stalks fresh mint 2 tbsp. lemon juice 2 1/2 c. grapefruit juice 2 c. ginger ale Boil corn sirup and water together for three minutes. Remove tips from mint stalks and crush the stalks in the hot sirup. Add tips and let stand for 30 minutes; strain. Add lemon juice and grapefruit juice; chill thoroughly. Pour over ice in tall glasses. Add ginger ale just before serving. Garnish with mint. Serves six.

Mr. and Mrs. L. R. Barrett returned the early part of last week from Santa Fe, New Mexico where they have been visiting in the home of their son, Mr. and Mrs. Horton Barrett.

Mr. and Mrs. Ira Morton spent last week end in Spur visiting Mr. Morton's parents, Reverend and Mrs. Morton.

Mr. and Mrs. Odie Cash left last Thursday afternoon for Breckenridge where they plan to visit relatives, and plan to make several fishing trips. They will return to Spur Monday.

'SO GOES MY LOVE' IS INTIMATE HUMAN COMEDY

The return of Myrna Loy to the screen is a matter of moment this season. After an extended absence from Hollywood, she has teamed with Don Ameche to make "So Goes My Love," Liberty Theatre Saturday Prevue, Sunday and Monday.

This is the first Universal release to be made by the new producing combination. The story concerns the life and love of Hiram Maxim who, among other things, invented the silencer for guns. He also invented the machine gun.

The film marks Ameche's fifth excursion into the inventors' field, but this time most of the picture is predicated upon comedy and domestic life, with the inventions playing a background role.

Miss Loy is the first to admit that she's happy to escape the "perfect wife" type of role, which resulted from her work in the "Thin Man" series.

Enjoyable Role Ameche is equally happy that he doesn't have to spend most of his time in a laboratory looking serious and detached. He actually plays something of a humorist, which the Maxim character seems to have been. It's all in fun, and a real respite for Don.

Skirball, who sold a profitable chain of theatres to try his hand at motion picture production, has brought his feeling of public reaction to movie-making. Manning, a former New Orleans newspaper man, helped to write the screenplay, and worked with Skirball on the production end.

Josephine Valentine, one of the best photographers in the business, was head cameraman on the project. This is the fifth time he has worked with Skirball.

Directed by Frank Ryan, the cast of "So Goes My Love" includes Rhys Williams, young Bobby Driscoll and Richard Gaines.

FARM PRICES GAIN STRENGTH ON SOUTHWESTERN MARKETS

(USDA)—Most southwest farm products gained strength late last week and closed steady to some higher, according to the Production and Marketing Administration, U. S. Department of Agriculture.

All cattle classes advanced 50

cents to \$1.00 per hundred pounds at most southwest markets last week. Choice steers at Denver reached \$32.50, a new all-time high, and the bulk of good fed kinds brought \$27 to \$30. Wichita paid \$26 to \$30 for good and choice club yearlings. Good fed steers and yearlings sold at \$26.50 to \$27 at Oklahoma City, and \$23 to \$24.50 at Fort Worth. Common and medium grades turned at \$17.50 to \$22.50 at San Antonio, and \$15 to \$21 at Houston.

Late-week gains largely made up for early losses at Southwest hog markets. Closing top was \$26.75 at San Antonio; \$27.75 at Fort Worth; \$28.25 at Oklahoma City; \$28 at Wichita; and \$29.50 at Denver. Sows and pigs sold up to \$24 and \$25.

Most sheep sold firm to 50 cents higher, but aged classes weakened slightly at some terminals. San Antonio paid \$18 to \$20 for medium to just good spring lambs, while Fort Worth gave \$19.50 to \$22.50 for medium to good kinds. Good and choice grades sold at \$22.25 to \$22.75 at Wichita, and \$24 at Denver.

Eggs and poultry sold generally at firm prices last week, and top quality eggs strengthened at some markets. Best white eggs brought 50 to 55 cents per dozen at most places, best mixed 45 to 50, and medium grades 40 to 45. New Orleans bought heavy hens at 29 to 32 cents per pound, and spring chickens at 39. Most other markets took heavy hens at 22 to 26, and fryers and broilers 35 to 37.

Rains in the corn belt checked deterioration of the crop and weakened corn prices; but other grains sold strong. Wheat, oats, barley, and grain sorghums each advanced 5 to 8 cents on south-

er body the prospective buyer should know the truth before he risks his neck and the necks of loved ones in vehicles which are temporarily quietened with heavy grease and sawdust.

With the froth of initial discussions out of the way, U. S. officials now are really down to cases with the British on what the British are buying with their borrowed dollars and just how serious their economic plight is. No one who loan from the U. S. Treasury, or even a major revision of old loan agreements, is slated to come out of the current talks. One can feel sure, however, that Great Britain will sound out possibility of getting our support for a half-billion dollar loan from the World Bank and Fund.

The way the wind is blowing, it looks like the United States may take over some of Britain's foreign obligations such as cost of food for Germany. Once we find out whether Britain's disappearing dollars are as grave as hinted some sort of concrete self-help can be worked out—even if it takes an unofficial boost along some temporary avenue until the Marshall Plan can become effective. Snyder, treasury secretary, who is handling negotiations for us with the British, will no doubt prove a tougher bargainer than State

Department officials who up until now handled most of the loan negotiations.

Latest report from Washington reveals President Truman's loyalty investigation of government personnel is getting off to a slow start. Officials are wont to blame Congress's delay in passing the necessary legislation. When it is considered, on the other hand, that some 2,000,000 government workers will go through the mill this will prove indeed a tremendous job. Rather exacting respect for all civil rights but a thorough house cleaning of Communists and fellow travelers now in government service will be demanded by Truman in the present investigation.

Even though the highly controversial Taft-Hartley Act is taking effect, the full, hard-hitting impact of the measure will not be fully felt until next year. Most existing labor contracts covering large aggregates of workers do not expire until next spring. The real test of the bill, therefore, will be postponed until spring. In the meanwhile you may be sure the National Labor Relations Board will proceed cautiously under the rather watchful eye of the Republicans. One can also make sure and preliminary interpretations of the law will be released only after careful and a minute review of how such interpretations are worded.

GAY, ROMANTIC LAUGH FILM STARS GODDARD, MACMURRAY

The Army, it is generally conceded, builds men, but in Paramount's new romantic comedy, "Suddenly It's Spring," opening next Sunday at the Palace Theatre, Paulette Goddard sets out to prove to co-star Fred MacMurray that military service gives wives something they never had before. Macdonald Carey and Arleen Whelan are also very much involved in the reportedly hilarious experiment.

Paulette is seen as "Captain Lonelyhearts," the Dorothy Dix of the WAC, who returns from overseas to find her estranged husband, MacMurray, waiting on the pier with divorce papers for her to sign. Paulette had been away too long, and Arleen Whelan had moved in on Fred's heart.

Paulette sets out to dislodge the enemy, with such usual feminine tricks as alluring black negligees reinforced by newly learned military tactics. Aided by Macdonald Carey, who would like to see Paulette free for personal reasons, she engages Fred in a series of wacky maneuvers that are said to make "Suddenly It's Spring" one of the season's zingiest comedies.

"Suddenly It's Spring" is a reunion for the stars who teamed up previously to turn out the delightful comedy, "Standing Room Only." For MacMurray, his latest role is proclaimed as a riotous romp, his comedy ranging from sophistication to slapstick, including four of the pratfalls which are his singular specialty.

Appearing in supporting roles are Lillian Fontaine (mother of Joan Fontaine and Olivia de Havilland), Frank Faylen, Frances Robinson, Victoria Horne and Willie Best. Claude Binyon, well known screen writer, makes his bow as a producer with "Suddenly It's Spring," which Mitchell Leisen directed.

To avoid a second-hand air power, 25 per cent of military planes should be replaced each year.

ENLISTMENT OPEN

Three current directives concerning enlistment in the Regular Army were announced today by Capt. Leonard D. F. Staffieri, US Army Recruiting Station, 203 Federal Building, Lubbock, Texas.

The War Department has announced a present need for enlistment of negro soldiers in order to maintain a 10 per cent negro strength in the Army in accordance with the Gillem Board recommendation. Enlistments are now open for negroes in either the Army Air Forces Unassigned.

Effective immediately men with prior service in any of the Armed Forces, discharged on or after 12 May 1945, may enlist for direct initial assignment for a minimum period of one year within the geographical limits of the Fourth Army Area. Individuals will be directly assigned to any understrength unit or installation located within the Army area except Army Air Force units or installations. Such enlistments will be for the Regular Army Unassigned for a minimum period of 2 years.

Effective 1 August enlistments or reenlistments for initial assignment to the European Command including the Mediterranean Theater are authorized for personnel of the following categories: men now in civil life who have had prior service in any of the Armed Forces, men whose

Pannier draped skirt and rounded shoulders in a cafe-au-lait crepe of brown dress.

More and better fabric has gone into Fall and Winter dresses. New York designers. More rigidity in styling and skill in draping have contributed to the shapely but still youthful look.

So many occasions all winter long call for a dressy afternoon dress like the one pictured, it's well to have it in a sober color, so as not to tire of it too quickly. In crepe the exact shade of coffee with cream, it's an interesting adaptation of the "Follies Girl" styles of the twenties, with its slightly peep-toe skirt. Shoulders, much less padded than formerly, are softer, rounder, more feminine. Sleeves in the "ladylike" tradition—casually loose from shoulder to elbow, snug from elbow to wrist—and gold studded black leather belt add elegance.

Shades of brown provide the strongest color note for Fall and Winter, over-shadowing even black. Fawn, topaz, amber, titian, mahogany, taupe and copperplate are variations of brown, red-brown and golden-brown that add their richness to the richness of fabric.

current enlistments are terminating and who desire to reenlist immediately for initial assignment to the European Command and men who are eligible and desire immediate discharge for the purpose of volunteering for overseas service. These enlistments are to fill shortages in the European Command and are limited to white applicants of the grade of Staff Sergeant or below. Enlistments must be for 3, 4, or 5 years.

Captain Staffieri also stated that four vacancies exist within the Recruiting District for canvassers in the grade of Corporal. Assignments will be to Recruiting Stations in New Mexico and West Texas.

Pint Of Milk A "Must" For Health, Happiness

A pint of milk a day is a must of older people of Spur and the active, says Miss Lee Ann Wilcox, who are to keep healthy and homes Dickies county home demonstration agent.

Men and women in their fifties, sixties and seventies often overlook milk in their diets—a neglect that deprives bones of necessary minerals.

To help furnish enough calcium, protein and phosphorus for the proper upkeep of their bodies, a daily pint of milk is the minimum, declares Miss Wilcox.

Some investigators have suggested that many a fall, which supposedly results in a bone break, is actually due to weakened bones which break and cause the person to fall.

Relatively little is known of the nutritional needs of the older age group at Dickens county, and state experiment stations are making studies aimed at correct dietary recommendations. Recent studies, Miss Williams concludes, show that older people have not lost their ability to store calcium should by all means, include other minerals and their diet.

Mrs. V. B. Francis, 564, has recently arrived from El Paso where she has been visiting her daughter, Miss Nell Francis. Miss Francis accompanied her mother home and will leave some time next week to resume teaching in the College of Mines at El Paso.

Step Shelves Save Space in Cupboards

"PROBLEM CUPBOARDS" with deep shelves are wasteful of space," writes Rose S. Flores, in a nationally-circulated Capper's Farmer.

"A section of step shelves or narrow straight shelves between wide ones gives more space," she writes in the magazine read by 1,300,000 farm families. "Little stacking is necessary. Such shelves use the space between articles on a shelf and the shelf above. They are easily constructed to fit any cabinet and can be made from scrap lumber."

Making Toy Shelves

An old set of bookshelves painted to harmonize with the surroundings makes a convenient place for children to store toys, according to the Rural Home editor of nationally-circulated Capper's Farmer. The playthings are kept in better condition than if thrown helter-skelter in a box.

Plastic Diaper Cover Cuts Baby's Washing

HOME-MADE plastic diaper covers fashioned out of the same kind of material used in shower curtains can save young mothers an endless amount of washing, Mrs. Robert C. Miller points out in Capper's Farmer, a leading farm magazine.

Mrs. Miller says that before she thought of this idea, that everything in her young son Cleo's bed had to be changed almost as often as his diaper.

"I tried rubber pants," she writes, "but they cut his fat little legs."

"So I bought three-fourths yard of plastic material. The 40 inch fabric was cut in half lengthwise. Each 20 x 27 inch piece was doubled to a 20 x 13½ size and sewed together at the edge opposite the fold. The narrow seam was turned to the inside. Then a three-quarter inch hem was stitched at each end. Through these turn-downs I threaded cotton tape."

"Each of the two finished articles measured about 13 inches wide and 18½ inches long. After I pin the diaper on the baby, I put the cover on and tie at each side. The material is soft and folds between the legs. The extra width is gathered in at the top by the drawstrings. The covering is no more binding than the diaper; yet it keeps his sleepers and bed dry at night and his rompers clean during the day."

This simple device, writes Mrs. Miller, has greatly reduced washing.

How to satisfy school day appetites
By Carol Drake

BUILD A BANANA SCHOOL HOUSE atop each bowl of cereal to start breakfast right the first day of school. Cut half a peeled banana into four long, Arrange logs in a square, fill center with berries.

SOAKED PRUNES AND CRISPLY FRIED BACON are a pleasing sandwich-filling duet. Play "Chopsticks" with the chopping knife over them. Moisten mixture with lemon juice. Best on brown bread.

THREE-IN-ONE COOKIES give everyone his favorite flavor. Make up a plain 2½-cup 3-cup-flour recipe of drop cookie batter or rolled dough. Divide it into three parts. To one part, add ½ teaspoon cinnamon and allspice, and ½ cup raisins. To another, add 2 squares melted chocolate. To third, add ½ cup shredded coconut. Bake.

THIN, UNPEELED APPLE SLICES between buttered slices of raisin bread equals a sandwich Junior and Sis will be glad to whip up for themselves. Spread with brown sugar, the sandwich is in the blue-ribbon class. Try with a big bowl of bean soup.

SPREAD APPLESAUCE ON hot buttered toast; crisscross with crisp bacon for a breakfast or lunch snack that's nice to munch on.

If you are planning a farewell party for friends who are moving away to a new home, write for our free leaflet, Farewell Parties. Address your request to Carol Drake, The Homemakers' Bureau, Box 2110, Dept. F. P., San Francisco 26, California.
