## Spur High School Band And Pep Squad To Add Much Color To Game Friday Night

Exhibition marching drills will be presented Friday evening by the Spur High School band and the Spur High School Pep Squad when the Spur Bulldogs meet the Post Antelopes at the Charles A. Jones stadium.

This year's sponsor for the Pep Squad is Mrs. A. Z. Hays and the leaders are Bobbie Stanley, Carolyn Henshaw, Virginia Ruth Shugart and Jamie Nell Simmons. These four attractive young ladies in their colorful garbs will be most interesting to watch from the spectators standpoint. The Pep Squad for this year consists of approximately forty members. Little Miss Raina English, daughter of Mr. and Mrs. Haul English has been chosen as mascot for the cheering section. This enthusiastic and colorful group will add much to the game and help to spur the players on to victory.

The Spur High School band with approximately forty members this year is under the direction of Henry Goldwire, who comes from Phillips, Texas where he was director of the Phillips High School band for the past two years. Mr. Goldwire comes well recommended and has many new plans in the making. Prospects are that Spur will have one of the most outstanding bands of this area.

Miss Virginia McNeill, who was drum major for the band last year, will again lead the band this year. They expect to put on a most colorful show during the half time.

**THE PEP SQUAD GANG**  
H.B.T.

The most popular thing in all the world, is a football game I'm told. And the next in line is the Pep Squad girls. All dressed in blue and gold.

A fumble D. tumble or a touch down tackle; With a forward pass, or a pass complete, Would be lost, without the yell, Yell, Yell.

Of the Peppy-Pep Gang so fleet.

The Quarter Back may fumble the ball, Or make a touch down or two; But the Pep Squad Girls, is the side-line gang That yells the ball game through.

## Field Demonstration Big Success

A large crowd of farmers, including Veteran Trainees and pupils from Vocational Agriculture Classes attended Field Day Demonstration on Farming equipment held Friday, September 12th, on the Theford Fry and Henry Gruben farms north of Spur.

Mr. Paul C. Dillon, International Harvester Representative of Sweetwater, was in charge under the sponsorship of Dickens County Vocational School and Spur Implement Company.

The morning program consisted of the demonstration of the Farmall Cub and its equipment along with other size farm tractors and hand breaking plows. Afternoon session consisted of construction of small and large wheelwind type field terraces.

Everyone enjoyed the educational features that came from the demonstration and are in appreciation to the International Harvester Company, Spur Implement Company, Mr. Gruben, Mr. Fry and Mr. Paul C. Dillon for their services.

## UNIQUE FIELD PURSUED BY SPUR'S ONLY WOMAN PHARMACIST

### Mrs. Eunice Huls Employed By Palace Drug

Mrs. Eunice Huls, who will need no introduction to many of the Spur people and the people of the surrounding territory, moved to Spur this week to make her home and to accept the position as pharmacist at the Palace Drug here.

Mrs. Huls is a native of Jayton, one of our neighboring cities, where her parents still live and at one time she and her husband operated a drug store there and also one at Girard. The early part of this year she was employed at the Medical Arts pharmacy in Abilene and for a number of years she was employed as pharmacist with the Renfro Drug stores in Fort Worth.

Mrs. Huls is at home in a profession ordinarily considered a man's field. She is a veteran of approximately 25 years experience as a registered pharmacist.

Work Demands Attention

Mrs. Huls pointed out, a pharmacist must give her complete attention to her work. "Your entire career may depend on a box of powder, life or death may hang in the balance. It's not only the right prescription needed, but it must be filled for the right doctor, and sent to the right patient. There must be no slip-ups along the line," she added.

She considers filling any prescription to be used in the eyes as the most tedious type. "You must be more careful than ever since the medicine goes directly to the spot."

Mrs. Huls believes a pharmacist is asked to recommend more remedies for common colds and upset stomachs than any other ailment.

Ranking as one of the most exciting incidents in her years of pharmacy is one which occurred many years ago... when she and her husband operated a drug store in Girard.

"A man and his wife came in to the store for a cold drink one day. The wife became ill and we took her to the back of the store to lie down. The next thing I knew she'd had a baby," she stated.

Mrs. Huls will be happy to have her many friends in this trades area call on her at the Palace Drug and invites others to come in and get acquainted. She's that friendly kind and one you will be happy to number among your acquaintances.

## Post High Antelopes Play Second Game Of Season Here

Flush with a victory, the Post High Antelopes will attempt to annex their second straight game here Friday night, September 19 when they meet the Spur Bulldogs who are also in the win column with one victory.

Having defeated Ralls, last Friday night by a score of 20 to 0 the Post team and coach are dead set to hand a defeat to Spur, using the single wing from both balanced and unbalanced line play several plays off T formation with plenty of passing mixed in, the local ind. are in for some trouble if reports drifting in from Post are correct. Coach Hawkes however is in a very happy frame of mind this week and will endeavor to give the Post gridlers something to worry about after the start of the game. Bobby Wright, regular right half back has recovered from an injury and will be ready to take his place in the starting lineup. Coach Hawkes has had his charges going thru stiff workouts daily on blocking and tackling, a lot of time has also been spent on offense and defense.

Fans will probably see a lot of passing on both sides and plenty of thrills according to information received this game will be one of the toughest of the season for the Bulldogs.

Football fans will again have the pleasure of hearing the Spur High School band, one of the best in the state and that fine Pep Squad that is always rooting for their Bulldogs.

## Medals To Be Presented To Veterans, Sept. 29

Attention all VFW and American Legion members and other honorably discharged veterans. There is to be a joint meeting Monday night, Sept. 29, 1947, to be held in the auditorium of the East Ward school, time eight p. m. The purpose of this meeting is to present medals, the victory medal and the American Defense Medal to anyone that is entitled to them. The medals will be presented by M-Sgt. Boothe who is in charge of the United States Army and Air Force Recruiting sub-station here. Veterans will need to bring their original repeat original discharge papers with them. Photostat copies will not be accepted. It is requested that all members of both the VFW and American Legion be present and bring with them a friend who might be a candidate for membership.

## DRILLING START AT ONCE ON WILDCAT SOUTH OF SPUR

### State Fair Ambassadors To Fly Here Saturday

More than 50 private planes carrying 100 goodwill ambassadors from the State Fair of Texas over 50 Texas communities and as will participate Saturday in a mammoth air tour salute to West Texas and the West Texas Fair at Abilene.

Planes will leave Dallas airports on seven separate routes and arrive at Abilene simultaneously at 2 p. m. for a full schedule of activities. Pilots will fly drop hundreds of State Fair advertising leaflets, free entrance tickets and opening day keys.

Spur is one of the cities on the tour. Planes are scheduled to visit here at around 10:30 a. m. Saturday.

Eight types of planes will make the flight in what will be the biggest mass tour of private planes ever seen in the Southwest according to Smith.

On route seven, fliers will travel in Twin Beechcrafts—fastest of the private planes participating—for a total of 539 miles through Newcastle, Haskell, Spur, Lubbock, Newton, Post, Snyder, Big Spring, Colorado City and Sweetwater.

### Mrs. G. W. Conn Buried At Lubbock

Mrs. G. W. Conn, former Lubbock resident and mother of the late Mrs. B. T. Moore of Spur, died Tuesday at 12:15 p. m. in Tulsa, Oklahoma at the home of a daughter. A heart attack was given as cause of death.

The body was shipped to Lubbock for burial and where funeral services were held at the Broadway Church of Christ.

## Dickens County Has Received \$1,857,491 From Comptroller

The State of Texas, Dickens County's 8,500 citizens are advised, this week jingled \$1,857,491 in its general fund that it will expect to have three months ago.

This amount of revenue materialized when the 50th Legislature failed to write successful appropriations for such amount.

State Comptroller Sheppard reports August revenue of \$32,856,765 has boosted the fiscal year's income to \$377,549,123—more than \$72,000,000 ahead of the previous fiscal year which ended on August 31, 1946.

Sheppard cut off seven bills carrying appropriations of nearly \$5,000,000 from the legislature's final action, declaring insufficient funds in sight to meet the expenditures. The bills were later declared dead by Attorney General Price Daniel.

## Pre-Registration At Tech Reaches 5,522

Pre-registration of students at Texas Technological college reached 5,522 yesterday afternoon at the end of three days of fee paying, obtaining housing approval and handing out times for final registration on Friday and Saturday.

This figure of 5,522 eclipses the previous record of 5,366 with five days left in which students may enroll without paying late registration fees.

Registration starts Friday

Registration, which starts Friday morning at 8 o'clock, is primarily for scheduling classes. Students must have paid their fees before registering for classes.

Freshman enrollment, taken from the number who have had tests in the various divisions the past two days and those who are known to be "lost" somewhere between points, is approximately 1,532. By divisions the number of freshmen entering Tech for the first time in a long semester is: 712, Arts and Sciences; 200, Agriculture; 450, Engineering; and 190, Home Economics.

Classes Start Monday

Classes commence Monday morning.

## H. O. Green Pharmacist At Red Front Drug

H. O. Green of Olney, Texas has recently moved to Spur where he has begun work at the Red Front Drug. Mr. Green is a pharmacist and was with the Cub Drug at Olney for several years. He expects to move his wife and two children to Spur as soon as he obtains a house in which to live.

## Texas Spur File, Rich With Interesting History Of Area, Donated To Texas Tech

### Bulldogs Score In Fourth Quarter To Win Over Haskell

A complete file of the Texas Spur weekly newspaper established in Spur by the late Oran McClure in 1909, has been given to the Texas Technological college library.

Much colorful early West Texas history is revealed in the issues of this paper. It was established at the time the town was founded, when S. M. Swenson and sons of New York offered half of their ranch, covering 67 1/2 square miles, for sale to respective farmers, Charles A. Jones, whose son, Clifford B. Jones was the third president of Tech, was business manager for the Swenson interests.

Found in Garage

The newspaper files were discovered by Neal Chastain, who purchased the old McClure home. The papers had been placed in a garage when fire destroyed the McClure home in 1941. Charles Seuring of Spur and El Paso, a former Tech student, suggested the papers be given to the college. Through arrangements with George S. Link, Jr., and the editor the files are to be brought up to date.

Phenomenal growth of the little town is described in the Texas Spur of Dec. 3, 1909, one month after the boom began. Within 30 days, according to the paper, 50 business houses had opened, 60 farms were in operation, 60 residences were completed and many people were living in tents while their homes were under construction, a telephone system came into operation, a water works system had been built, one and a half miles of concrete sidewalks were laid, a public school was built and in session, and several churches had been organized. The paper estimated the population as exceeding 700.

Featured Farm News

In 1909 land was selling for \$12 to \$17.50 per acre, but by 1912 choice acreage was offered at \$25.

The newspaper devoted much of its space to news of agriculture development, and urged conservation through crop rotation and use of fertilizers. Growth of early railroads throughout the plains area is recorded, as well as other industrial development.

Politicians were active from the start, as shown by regular notices of meeting of democratic, republican and socialist committees. One front page story predicted splits in both major parties, giving the nation conservative and liberal political parties.

Among unusual professional services advertised in the early issue were those of a water hauler and a horse dentist.

Because the papers suffered some fire damage, they will need to be treated to prevent further deterioration and will not be available to the general public for some time, according to Librarian A. S. Gaylord. He predicted that students of economics as well as historians will find valuable information in them.

## COME HOME TEXAS

Lloyd Gregory, chairman of the Battleship Texas Commission, today called upon all former crew members of the USS Texas to assist in the drive starting September 15 to raise \$225,000 to bring the gallant old battleship home to the Lone Star State.

A cordial invitation is extended to all to attend.

RETURN FROM COOL COLORADO

Mrs. W. B. Francis, Jr., and Mrs. Driver, accompanied by Miss Nell Francis recently spent ten days in various parts of cool Colorado. Miss Francis returned to Lubbock with Mrs. Francis and Driver and continued on to El Paso from there, where she will teach again this year at the College of Mines. Mrs. Francis and Driver returned to their home here.

deterioration and will not be available to the general public for some time, according to Librarian A. S. Gaylord. He predicted that students of economics as well as historians will find valuable information in them.

## WILL ENTERTAIN AT LUBBOCK FAIR

Shel Woolley and his Calumet Indians, the group shown above, will be with the Lubbock Good Will Trippers when they come to town next week. The cowboy string band will also appear at the Fair grounds during the 20th Annual Fair, through Oct. 4.

## Marshall Formby Assumes Editorship Plainview Tribune

Marshall Formby, after an absence of five and one-half years, has again assumed the editorship and management of the Plainview Tribune.

Formby left Plainview in May 1942 to go into the Army and since his discharge has attended the University of Texas. Paul Zimmerman, who has published the Tribune in Formby's absence, will be connected with the Wayland College Press in Plainview.

Marshall is no stranger to the people of Spur and Dickens county. Having spent most of his life at McAdoo, where his parents still reside, Marshall at one time served as Judge of Dickens county.

## LT. COL. PERRY VISITS SUB. STATION HERE

Lt. Col. Charles J. Perry, Executive Officer of the El Paso Recruiting District and S-Sgt. Paul Zimmerman, who has published the Tribune in Formby's absence, will be connected with the Wayland College Press in Plainview.

## D. B. INCE FAMILY RETURN FROM CALIFORNIA

Mr. and Mrs. D. B. Ince and son, Raymond returned Sunday from a two weeks vacation spent with their children, W. T. and Dan, Jr., in Los Angeles, California. Mr. Ince did some deep-sea fishing while three and all report a most enjoyable vacation.

ices 155 (cook, yardman, maid, waitress, soda dispenser); labor 131.

## VISITORS IN E. M. LOCKE HOME FROM CHICAGO

Mr. and Mrs. Hal Whitlow of Chicago, Ill. are guests in the home of Mrs. Whitlow's sister, Mrs. E. M. Locke and Mr. Locke of route 1. This is the first time in 20 years that these two sisters have been each other. Mr. and Mrs. Whitlow are enroute to various parts in Missouri for a visit there.

## Unusually Large Number Of Jobs Reported In Area

Citing an unusually large number of job openings after referrals to jobs of more than average number during the past week, James E. Marshall, manager of the Lubbock office of the Texas Employment Commission, urged jobless residents here to get in touch with the office.

A total of 341 job openings were on record yesterday. These were classified as: business and professional 32 (stenographer, shipping clerk, PBX operator, watch repairman, salesperson); skilled 16 (meat cutter, seamstress, lineman, mechanic); semi-skilled 7 (gin fireman, drill press operator, laundry press); serv-

Shel Woolley and his Calumet Indians, the group shown above, will be with the Lubbock Good Will Trippers when they come to town next week. The cowboy string band will also appear at the Fair grounds during the 20th Annual Fair, through Oct. 4.

 In Dickens, Crosby, Motley, King, Stonewall, Cottle, Kent, Garza, Floyd Counties, \$2.00  
 In Mail Zone Three, \$2.50  
 In All Other Zones, \$3.00

All subscriptions are removed from our mailing lists upon expiration. Renewals should reach us two weeks in advance of expiration date to avoid missing of an issue. In giving address changes, both old and new address should be given.

### Bits-O-Business

A hint of what may happen in many other oil fields of the Southwest developed last week in the great West Edmond oil field in Oklahoma. . . . Four years ago, it will be recalled, and immediately after discovery, this field became the scene of a hectic scramble. . . . Many individual wildcaters and companies, utilizing the greatest concentration of rotary rigs in the world, began boring into its 30,000 acres in a race against time for oil. . . . Last week West Edmond furnished the locale for a historic retreat. . . . The companies who operate its 740 wells were getting to shut down and pull out with most of their equipment.

The historic retreat did not mean, in any sense of the word, that the West Edmond field was playing out. . . . The pool has yielded only 60-600,000 barrels out of an estimated 600,000,000 barrel oil reserve but at a time when the nation is fast up its known oil reserves West Edmond was tragically wasting its supply. . . . And in order to conserve the greatest possible volume of what crude remains the state's oil regulating Corporation Commission ordered "unitization" of the field, meaning the whole field must be operated as a single lease. . . . This drastic departure was necessary to conserve oil, stop the highly wasteful practice of burning so much "flare" gas and with "unitization" production can actually be stepped up. . . . The move may well form the basis of like action in other fields of the Southwest.

Total cost of 40,000 miles of new highways planned or in construction is approximately \$20 billion dollars, a sum approximating the entire national debt 15 years ago. . . . More than 3,500 companies have entered their annual reports in the yearly competition sponsored by the Financial World. Easing of installment buying restrictions shot credit furniture sales up 22 per cent in New York stores during July, as compared with a year ago. . . . Cash receipts of U. S. farmers during the first eight months of 1947 totaled more than \$17,000,000,000, an increase of 21 per cent over the same period in 1946. . . . The American worker today receives more purchasing power in wages for fewer hours of work than ever before. In 1929 he worked an average 48-hour week for about \$29, which gave him a purchasing power rating of 107, using 1923 standards of living as 100. In June, 1947, he worked an average 40-hour week for about \$54, which gave him a purchasing power rating of 162, using 1923 standards as 100. . . . While egg prices rise because of what one branch of the U. S. department of agriculture calls "smaller egg supplies," another branch is trying to find what to do with 160 million dozen surplus eggs purchased under the government's price support program.

One can say the mists have cleared, to an extent, over the road back with announcement by Great Britain and the United States that German industry in their two zones would be based on a production ceiling of 10,700,000 ingot tons of steel a year. . . . This jump, piling the previous level of 5,800,000 tons in 1946, caused Russia to protest sharply but we are at long last realizing that Western Germany, especially must go to paying off itself with steel, more coal and exports toward a general European recovery. . . . Those who may think we are softening toward Germany need not be alarmed; for it will take until 1951, with good luck, for Germany to reach this worthy goal. . . . The French, who also protested the hike in German steel production, would be comfortable, however, if France can out-produce Germany for before the war the French could never "down" the fact that Germany could make three times as much armament as France.

One of these days all problems will be solved but be wretches of Dickens County will be around when the time comes.

Labor may not know what the Congressmen think about the rights of workers but just wait until the elections next year.

Trading in Spur is the best way to make prosperity here. Keep your dollar at home and it will build the community.

The American people will show signs of intelligence when worthwhile books circulate faster than trashy novels of sex and scandal.

The Russians, it appears, are ready to announce that they are willing to cooperate in the efforts to rehabilitate Europe's war shattered economy.

Society will always have a minority fringe made up of crooks and would-be crooks, which will have to be trimmed regularly to keep straight.

### HERE IS NEW TRAFFIC LAW IN A NUTSHELL

The new state uniform traffic law went into effect September 5. Motorists who always have abided by safe driving rules need not worry about changing driving habits. The code is aimed at making unsafe drivers mend their ways or pay the penalty.

1. The new law requires immediate reporting to local police, sheriff or Highway Patrol in the event of injury or death resulting from an accident, and a written report within 24 hours if there is \$25 (or more) damage.
2. Definite hand signals must be given for left or right turns, stopping or slowing down.
3. Right of way: The driver of a vehicle approaching an intersection must yield right of way to a vehicle already in the intersection. When two vehicles enter an intersection at the same time, the vehicle on the left must yield to the one on the right.
4. Motorists must give obedience to police officers. Highway patrolmen have right to "direct, control or regulate traffic".
5. Motorists must dim their headlights within 500 feet of an approaching vehicle.
6. Parked cars on highways must display front lights dimmed and red tail light.
7. There are now legal no-passing zones on highways. Passing in such zones will be breaking the law.
8. It is now illegal to drive on the wrong side of a highway. One-way side roadways are defined in the code.
9. Hitchhikers must stand off the main traveled portion of the road.
10. It is now illegal to drive while under the influence of drugs.
11. You must stop for a school bus that has stopped to discharge children, but you may proceed at a speed of less than 10 miles an hour after stopping.
12. All automobiles must have two headlights, a tail light and a license plate light. Buses and trucks must have, in addition, a stop light and two red reflectors.

TRACY, HEPBURN, WALKER STAR IN M-G-M'S SPECTACULAR 'SEA OF GRASS'

An absorbing drama packed with spectacular action, re-creating the story of the New Mexico cattle country of the 1880's, and a powerful emotional conflict between a determined man and an equally spirited woman, came to the Palace screen Sunday and Monday in MGM's triumphant new production, "The Sea of Grass."

Based on Conrad Richter's turbulent novel of the great western land rush into the grass country, the story starts out with what seems a promising marriage between Col. Jim Brewton, iron-willed cattle baron, and Lutie Cameron, wealthy St. Louis belle, played respectively by Spencer Tracy and Katharine Hepburn.

The marriage goes on the rocks when Lutie, won over to the sympathy of the landowners and their leader, idealistic lawyer Bruce Chamberlain (Melvyn Douglas), breaks with her husband and leaves him and their two infant children, Brock and Sarah, Beth.

The years that follow leave Brewton a broken man. He loses his fight against the prods of the homesteaders; he sees his beloved "sea of grass" laid to waste; and his son, Brock (Robert Walker), now a grown man, is killed by a posse after a fatal gambling incident. It is only now that Lutie returns to the side of her daughter (Phyllis Thaxter) and to the husband she has always loved.

Casting of "The Sea of Grass" is well nigh perfect, with Spencer Tracy giving one of the finest performances of his career as the much-hated land baron, and Miss Hepburn offering a sterling portrait of the Eastern girl who comes to love the cattle ranges even though she cannot reconcile herself to her husband's viewpoint.

Robert Walker does a masterful job in the role of the reckless Brock, Melvyn Douglas is effective as the idealistic lawyer, Phyllis Thaxter is an engaging Sarah Beth, and excellent work in supporting roles is offered by Edgar Buchanan, who provides laughs as a belligerent ranch cook; the veteran Harry Carey as a sympathetic doctor; Ruth Nelson, Wm. "Bill" Phillips and Robert Armstrong.

### Attention, Turkey Raisers

A careful check at last week throughout the Spur trade zone reveals this sector will market 38 per cent fewer turkeys than last year.

According to the U. S. Department of Agriculture, 18 per cent fewer birds will be marketed over the country than in 1946.

Despite the drop (caused by high feeds, unusual weather throughout the spring and other factors), an agriculture department spokesman sees no shortage of turkeys.

The new crop, and supplies already in shortage, will be ample, the U. S. Department of Agriculture declares.

A new schedule of support prices, which went into effect September 1, will continue through January of 1948.

Dickens County turkey raisers are advised the new price support schedule will reflect 90 per cent of the August 15 parity prices to the producer.

In this land of ours, with its diverse customs and habits, it is no surprise, but rather an indirect reflection, to note that we have, as yet, 10,000,000 illiterates; people who are so handicapped life can never be the rich, well rounded journey towards the sun we aimed for with introduction of free text books in our school system. . . . It is unthinkable that we will allow so many illiterate persons to remain a drain on our national life when even such a "backward" country as Old Mexico has (even though by "forced draft") made its people attend some type of day or night school until illiteracy has dropped to the lowest level in over 100 years.

Make plans with your best girl over a quick lunch served by us. Tasty, well-prepared noontime specials. Excellent, wide choice.

**Bell's Cafe**

### EASING OF HOME LOANS IS URGED BY VETERAN'S ADMINISTRATION

The Veterans administration is preparing a new request to all banks and other lending institutions for an agreement outlawing what it calls "arbitrary" requirements for down payments on homes bought under the veteran loan guarantee program.

A VA official, who disclosed plans for the new drive, emphasized that the agency is not advocating the "no down payment" policy in all cases.

**Should Care For Risk**

"It is the position of the Veterans administration," he told a reporter, "that the fact the government guarantees 50 per cent of the real estate loans up to a \$4,000 maximum ought to take care of any possible risk in the case of a veteran who ordinarily would qualify for a loan."

"This is especially true for transactions up to \$10,000. We do not say the lenders should not require down payments from persons who may not be able to keep up payments or who are not considered proper risks. But when a veteran shows he is capable of following through on his commitments, we think it is clearly arbitrary for him to be required to make a cash down payment."

The law setting up the GI real estate loan guarantee program is silent on the down payment question.

Mr. and Mrs. Winston Barclay of Lubbock spent the past weekend here in the home of their parents, Mr. and Mrs. A. M. Karr and Mr. and Mrs. Claude Barclay. They went from here to Abilene where they will be guests in the home of Mrs. Barclay's grandparents, Mr. and Mrs. J. W. Waddell and other relatives and friends.

Tommy McArthur of the Kaligary community was a business visitor in town Monday.

Seas Earnest of the Croton community was in town Monday looking after business interests here.

Mrs. Dock Jones and daughter, Lajuana of Albany are guests in the home of Mrs. Jones' parents, Mr. and Mrs. Dock Love.

S. B. Scott of the Kaligary community was in town Monday attending to business matters here.

Mrs. William Herd of Lubbock spent a few days here this week as guest of her parents, Mr. and Mrs. A. J. Slaton.

**SPUR PEOPLE ATTEND CIRCUS IN LUBBOCK**

Wednesday of last week the greatest show on earth, the Ringling Bros. and Barnum & Bailey circus presented their greatest performance in history at Lubbock. A large crowd attended from all the surrounding territory. Many from Spur were present for this performance including children. Some of the Spur people attending were: Mr. and Mrs. David McAfee and children, Mr. and Mrs. Clyde Bingham and Helen Dean, Mrs. Cuba White, Mrs. Nona Starcher, Miss Grace Boothe, Mr. and Mrs. Thurmond Moore, Melba Lee and Margie Lou Campbell, Mr. and Mrs. Bill Gregory and family, Mr. and Mrs. G. R. Boothe, Mr. and Mrs. Earnest Kearney, Mrs. A. C. Hull and daughters, Ann and Sue. Many others from this section attended whose names were not available at this time.

**C. A. McCLAIN SPENT SUNDAY AT LOWER RED MUD COMMUNITY**

C. A. McClain spent last Sunday at Lower Red Mud where he enjoyed the day with old friends and having the pleasure of eating an old fashioned basket dinner, he also enjoyed a church service there.

George Pierce of Dickens was a Spur visitor Tuesday.

Mr. and Mrs. Cliff Bird were Lubbock visitors last week.

Mrs. Clyde Bingham was shopping in Lubbock the first of the week.

Bob Blackshear and Tommie Vivian were business visitors in Lubbock Monday.

Mr. and Mrs. E. J. Lassetter were in Lubbock last Monday attending to business there.

Mrs. Lee Snodgrass was in Lubbock last Monday shopping and attending to business there.

D. W. Hughes of the Duncan Flat community was in Spur Tuesday attending to business here.

W. C. Gruben, Mr. and Mrs. Matthew Gruben and son visited over the week end in the Overton home at Seymour.

Miss Julia Mae Hickman and Mrs. Eric Swenson were in Lubbock last Monday shopping and attending to other business.

Mrs. D. I. Loe was in town Tuesday morning shopping with the Spur merchants.

**SPENCER SULLIVAN VISITING HERE**

Spencer Sullivan of Wichita Falls is here visiting his mother, Mrs. Fannie Sullivan and other relatives. While here Spencer is employed at the Quality Cleaners, lending a helping hand where needed.

**MRS. P. H. MILLER RETURNS MONDAY FROM COLORADO AND POINTS IN TEXAS**

Mrs. P. H. Miller returned to her home here Monday after a most delightful vacation spent in Denver, Colorado where she visited friends and in Colorado Springs where she was guest in the home of Mr. and Mrs. L. D. Powell, Mrs. Powell is a niece of Mrs. Miller's. She also visited in Amarillo, Plainview and Lubbock before returning to Spur. She reports a most wonderful vacation.

**HOWARD CRAUSBAY IMPROVING IN CONDITION**

Mrs. Howard Crausbay of the East Plains community was in Spur Monday shopping with the Spur merchants and attending to other business here. Mrs. Crausbay reports Mr. Crausbay's condition to be much improved at this time, he having been moved from a Lubbock hospital to one in Dallas where he is under the care of specialists. Mr. Crausbay was in an automobile accident on the east plains several weeks past and was in a very serious condition for some time. It is hoped that he will be completely recovered soon and be back home again.

**FIRST METHODIST CHURCH**

Lester L. Hill, Pastor

The response received last Sunday to the call of Rally Day was encouraging at the Methodist Sunday school. Two hundred and nineteen came besides the visitors. The men's class lacked four reaching their goal of fifty for last Sunday, but they have purposed to go over the top next Sunday. Men of this church, or of no church, come out Sunday and bring your families to our church school. We would like to reach the goal of 225 in Sunday School next Sunday, and may we all catch the fall spirit of go-

**First All-Electric Railroad Kitchen Has Features of Submarine Galleys**

A new electric kitchen, the ultimate in compactness, yet capable of speedily preparing seven-course meals and even pastries—more than 600 complete meals a day—is one of the features of a four-car "train of tomorrow," now on tour of major cities as part of a research project expected to point the way to more comfortable and safer railroad travel.

Located at a corner of the kitchen, or galley, in the experimental train's dining car—the first railway diner ever equipped with an air-conditioned, all-electric kitchen. Built along the lines of the war-born all-electric submarine galley, this new development in commercial cooking has an array of equipment, including:

Three electric ranges, fry kettles, broilers, toasters, coffee urns, plate and cup warmers, an automatic water heater, food mixer, juice extractor, hot food table, dish washer, glass washer, garbage disposal unit—and 11 refrigerated fixtures that provide 111 cubic feet of storage space, or more than that of 15 standard household refrigerators. Permit-

ting storage of two days' supply of both fresh and frozen foods, these units also can turn out 225 pounds of ice cubes every 24 hours.

The compactness achieved in the all-electric kitchen makes it possible for three chefs to perform tasks that require five men in conventional galleys.

Among other "firsts" on the diesel-electric "train of tomorrow": A glass dome on each car that provides all-direction vision and scenic enjoyment; three-level seating in the diner and lounge car; train-to-home telephone; wire-recorded entertainment; car doors that open by compressed air at a finger's touch; an independent power system for each car; an engineering development that minimizes bumpiness and sideway.

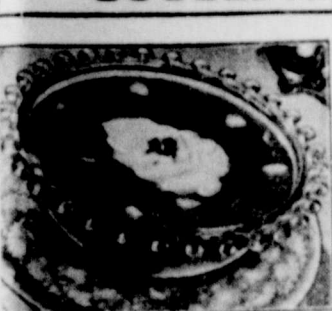

Dickens people seen visiting and attending to business in Spur Saturday were: John Sharp, Paul Bennett, Supt. Harry Martin, and Mr. and Mrs. Jimmie Chesney.

**Barbecue Promised If 50 Attend Class Next Sunday**

George S. Link, Sr., teacher of the Round-Up class at the Methodist church is promising the young people a barbecue if there are 50 in attendance at the class next Sunday morning at 10 o'clock. Mr. Link also stated that if there are 50 in attendance that he will give a dollar bill to each one present.

This is a real challenge to the young people and it is hoped that there will be more than enough in attendance to assure the class of the fine barbecue that Mr. Link always provides.

**Nancy Holmes SUGGESTS**

SOME like it hot, others like it cold. That's the soup we're talking about, and there are enough varieties to please everyone. But there is one major point to bear in mind, soup temperatures know no middle ground. Cold soups must be icy cold and hot ones must be steaming.

The recipe below is Nancy Holmes' own solution to the hot and cold soup question. She created and tested it in the Best Foods consumer kitchens to play a dual role. In the summer, when only something cool appeals to waxy appetites, this soup is just the answer. Then in the winter, hurry it to the table piping hot. In other words, Tomato-Pineapple Soup is delicious hot or cold!

**Tomato-Pineapple Soup**

1 cup tomato juice  
1 cup pineapple juice  
1/2 cup chopped pineapple  
1/2 cup arrowroot  
1/2 cup cream  
1/2 cup sugar  
1/2 cup salt  
1/2 cup lemon juice  
1/2 cup chopped parsley

Crushed or finely chopped pineapple  
1/2 cup cream  
1/2 cup sugar  
1/2 cup salt  
1/2 cup lemon juice  
1/2 cup chopped parsley

Pour 1 cup of tomato juice and pineapple juice over arrowroot mix and with ginger and salt. Cook until thickened and clear. Add rest of tomato juice. If soup is to be served cold, add lemon juice and crushed pineapple and chili. Serve garnished with real mayonnaise mixed with whipped cream. Sprinkle with parsley. If soup is to be served hot, heat all ingredients, add vitaminized margarine and garnish with real mayonnaise and whipped cream. Sprinkle with parsley. Yield: 6 servings.

Livestock shipments from Dickens and adjacent counties sagged in July for the second consecutive month, resulting in 13 per cent dip below July shipment of 1946, reports the University of Texas Bureau of Business Research.

Only June to July gain in Dickens and King counties, for instance, was the eight per cent advance in shipment of calves. Interstate shipments, plus Fort Worth, suffered the greatest lags as shipments dropped 15 per cent from June to July and decreased by the same per cent from July of 1946 shipments.

## H. R. WITTS CELEBRATE GOLDEN WEDDING ANNIVERSARY FRIDAY

Mr. and Mrs. H. R. Witt celebrated their Golden Wedding Anniversary at their home in Spur on Friday, September 12.

Those spending the day with their parents were: Mr. and Mrs. C. P. Witt and Edger, of Calgary; Mr. and Mrs. Dock Love, Neida Jo, and Charles; Mr. and Mrs. Glee Sweeney; and Mr. H. E. Witt, all of Spur; Mr. and Mrs. L. D. Witt, Patsy and George, of Crosbyton; Mr. and Mrs. Weidon Will, Duane, and Lanny, of Lakeside, Ariz.; Mrs. Estelle Maze, La Crescenta, Calif.; Mr. and Mrs. Pat Smith, Dorita, and Patricia, of Burbank, Calif.; and Mr. and Mrs. Claude Dennen, Claude Ray, and Royce, of Morton, Texas.

Only two sons, L. L. Witt of Vernon, Ariz., and Dee O. Witt of Burbank, Calif. were unable to attend the anniversary of their parents.

The grandchildren of the honored couple who presented them with an electric washing machine were as follows: Mr. and Mrs. Otis Smith; Mr. and Mrs. A. B. Carlisle; Mrs. J. C. Powell, Billie and Sandra, all of Spur; and Mr. and Mrs. Dock Jones, and LaJuana of Albany, Texas.

Friends and relatives spending the day and bringing gifts included: Mrs. Jessie Morris of Spur; Mr. and Mrs. Joe Bruster of San Angelo, Texas; Mr. and Mrs. Clarence Woods, Abilene, Tex.; Mr. and Mrs. Seth Allcorn of Lubbock; Miss Francis Crump and her mother of Crosbyton; Mr. Leslie Crump of Escondido, Calif.; Mrs. Annie Newsome, Clorita Neil, and Norma Glyn of Clyde, Tex.; Mr. and Mrs. Spruett Robinson, Winters, Tex.; Miss Darlene Penrod of Lakeside, Ariz.; Mr. and Mrs. Louis Harding of Winters, Tex.; Mr. and Mrs. Wright Hinson of Calgary, Tex.; and Mr. and Mrs. Sanford Sharp of Happy, Texas.

Those who called and left gifts were: Mr. and Mrs. Woodrow Pugh and children; Mr. and Mrs. M. C. Rankin and John; Mr. and Mrs. Wallace Hinson; Mr. and Mrs. A. R. Pierce; Miss Bobbie Minix; Mr. and Mrs. O. E. Minix; Mr. and Mrs. J. J. Ensey; Mr. and Mrs. W. O. Formby; Miss Mary Sue Formby; Mr. and Mrs. Lem King; Mr. and Mrs. F. A. Puffer; Mr. and Mrs. L. M. Ward and Mother Spraxberry; Mr. Charlie McClain; Mr. and Mrs. Joe Dickson; Mr. and Mrs. J. P. Legg; Mr. and Mrs. Joe Thanisch, all of Spur; Mr. and Mrs. Elmer Havens and Kenneth; Mr. and Mrs. Homer Robinette and Beverly; and Mr. and Mrs. Conde Starrett, all of Calgary.

## Harmony Club Opens Season With Informal Tea

The Spur Harmony Club opened their season with an informal tea recently in the home of Mrs. W. T. Andrews, complimenting all the Federated Clubs of Spur. Mrs. Raymond Marshall of Lubbock, Seventh District President was guest of honor, vocalist, and speaker.

The Andrews home was beautifully decorated with golden glow artistically arranged in blue vases throughout the entertainment rooms.

Mrs. Marshall was accompanied to Spur by Mrs. Marilyn R. Smith, pianist, and Mrs. A. C. Bowlin, Seventh District Junior Counselor. Each were presented with bouquets of yellow and blue flowers. They were introduced by Mrs. Joe Long, local president. Mrs. Marshall sang "Yesterday and Today" by Charles Gilbert Spruss, "A Little Song of Life" by Albert Hay Malotte and "Love in My Heart" by R. Huntington Woodman. In her usual never to be forgotten manner, there are very few people who can sing as she does, combining gentleness, fine artistry. She was accompanied at the piano by Mrs. Smith of Lubbock.

Mrs. Marshall gave a most interesting talk on "Why Have a Music Club," she told about the origin of music clubs, which originally were a part of the Womens Federated Clubs, but realizing more musically if they had an organization of their own, they withdrew from the Federated Womens Club and now have a State and National Organization of their own. Much good is accomplished in the United States and abroad by the Federation of Music Clubs.

During World War II, \$85,000 was given for the purchase of records, instruments, etc. for our fighting forces. Many scholarships have been given among the under privileged. Our own local club last year, had as their project to bring in numbers of their people in general of Spur, rarely are privileged to hear such as the orchestra from North Texas State Teachers college conducted by Silvio Scioni and comprising 46 members; Julia Dean Evans and her high school choir, and piano concert by Dr. Clarence Burg of Oklahoma City University.

At the conclusion of this talk Mrs. Bowden met with the Junior Harmony Club at the home of Mrs. George Gabriel. Refreshments of Marzipan fruits, Snappies and punch were served to fifty guests.

Text: Mr. and Mrs. Roy Winkler Havens and family of Post, Texas. Sending gifts but not present were: Mr. and Mrs. Ben Curry of Stephenville, Texas; Mrs. Annie Craig of Eldorado, Texas; Miss Charlene Witt of Albany, California; Mr. and Mrs. Bob Bertram and children also of Albany, Calif.; Mrs. Richard Self and children of Lamesa; Mr. and Mrs. Tom Mitchell of McCarney, Tex.; Mr. and Mrs. Roy Winkler of Calgary; Mr. and Mrs. H. L. Morris and Joyce also of Calgary; Mr. and Mrs. John Crump of Crosbyton; Mr. and Mrs. C. P. Smith also of Crosbyton; Mr. and Mrs. J. A. Hinson of Lamesa; Mr. and Mrs. E. H. Harding of McCarney, Tex.; and Mr. and Mrs. J. S. Hodges of Lubbock; Mrs. Billie Powell; Mrs. M. S. Lambert; the Bryant-Link Company; Miss Lillian Rape; Mrs. Minnie Lewis; Mr. and Mrs. Clyde Smith; Mr. and Mrs. Clarence Ward; Mr. and Mrs. Terrell Wright; and Mrs. Al Bingham, all of Spur.

## Outstanding Program On Literature Enjoyed By 1917 Study Club Tuesday

The 1917 Study Club met in the home of Mrs. J. E. Berry, Tuesday afternoon, September 16 with the president, Mrs. R. C. Forbis presiding. Roll call was answered by each member naming their favorite author.

Miss Julian Hickman conducted a very interesting program on Literature. Miss Hickman's deep interest in Literature made this program one of an outstanding merit.

The 1917 Study Club is the oldest federated club in Spur and the following officers will preside during the coming year: President, Mrs. R. C. Forbis; Vice-president, Mrs. R. E. Dickson; Secretary, Mrs. Tom Johnston; Treasurer, Mrs. C. B. Chandler; Corresponding secretary, Mrs. J. H. Bowman; Parliamentarian, Mrs. Fred C. Hatle; Historian, Mrs. E. L. Adams; Reporter, Mrs. J. E. Berry; Federation Counselor, Mrs. Clark Forbis.

Many interesting subjects have been embodied in the year book such as Literature, Sports, Fine Arts, Music Appreciation, Mental psychology, career Women, Science, Family Life, Womens Clubs and the I. L. O. and a book review.

A delicious refreshment was served by the hostess.

## MISS ANN HULL LEFT SUNDAY FOR STEPHENS COLLEGE IN MISSOURI

Miss Ann Hull, daughter of Mr. and Mrs. A. C. Hull left Sunday for Columbia, Missouri where she will enter Stephens College there. Miss Hull is a popular member of the younger set in Spur.

## BUY OWN MILL TO BEAT STEEL SHORTAGE

CHICAGO, ILL.—In the first move of its kind to beat the steel shortage, a syndicate of 25 manufacturers throughout the country has purchased an ingot-producing mill at Phoenixville, Pa., for approximately \$2,000,000. It was announced by Arnold H. Maresmont, president of the syndicate.

The purchase was made to supply ingots for a sheet mill at Apollo, Pa., which the syndicate bought when it was organized last December. The new acquisition completes a program for meeting the manufacturers' steel needs.

The mill, with a capacity of 30,000 tons of ingots a month, is the Phoenix-Apollo Steel Co., comprising a group of manufacturers from New York to California, whose products range from kitchen stoves to lawn mowers, and from furniture to advertising signs. Maresmont said the mill will begin operation under the new owners Sept. 15. "This mill was purchased with the conviction that a steel shortage exists and that it will be of three or four years duration, at least," he said.

The mill, which contains six open hearth furnaces and three rolling mills, will provide enough steel to enable all manufacturers in the group to operate at full capacity, while all excess steel will be sold to other consumers, Maresmont said. Sheet bars from the Phoenixville

## Twins Have Arrived At Home Of Mr. And Mrs. Roy Billingsley

The B&H Studio is growing by leaps and bounds. Look what's here... an addition of two young ladies to the staff.

Misses Lynda Kay and Glynda Jay arrived Wednesday morning at 8:30 o'clock at the Lubbock Memorial hospital in Lubbock and will make their home with Mr. and Mrs. Roy Billingsley. One of the young ladies weighed 8 pounds and 10 ounces and the other six pounds and 3 ounces at birth. They promise to be of great help to their father who is a partner in the B&H Studio here.

Mrs. Billingsley was the former Miss Lorelle Curry, daughter of Mr. and Mrs. F. L. Curry of Ropesville. Paternal grandmother is Mrs. R. C. Billingsley of Route 4, Lubbock.

Mr. and Mrs. O. W. Young and baby daughter moved into their recently completed home in Spur this week. Mr. Young who is owner-manager of the Wilson-Young Lumber Company here, recently completed a most modern residence on West Harris street just west of the Coy Mahan property. Mr. and Mrs. Young have been residing at their farm home on East Plains until their home was completed here.

## DICKENS NEWS

Mrs. Rex Robinson, Reporter

Mr. and Mrs. Spec Green have moved to Southland, Texas where he will teach in the Southland school. Herman Bostick purchased the Green's farm west of Dickens.

Robert Williams went to Lubbock for a medical check-up Thursday.

Mr. and Mrs. T. L. Conaway of Spur, Mrs. W. J. Conaway and B. B. Epting of Dickens returned from a trip to Claude, Groon, Conaway, and Hereford, Texas. On their trip they visited in the home of J. H. Smith and family, Burt Bural and family, Tom Epting and family, George Epting and family, Mrs. B. H. Black and family and Frog Luma and family. They reported they had a very nice trip and will return to Spur on Friday.

Mr. and Mrs. Dave Childers and Mr. and Mrs. John Hardin of Lubbock were at their ranch east of Dickens Tuesday and Wednesday attending to shipping of their cattle. Luther Harris of Afton had the contract for hauling them.

Guy Felmy and Wallace Con-

away were business visitors in Lubbock Thursday. Jack Gipson was in Lubbock Thursday attending to business. Mr. Gipson sold his pick-up and has been attempting to find a new one.

Mr. and Mrs. R. L. Allen and Mr. and Mrs. John Guyard of Spur were in Lubbock Thursday hospital for medical check-up. H. C. Henderson and Ted Smith of Abilene, Texas were visiting in the Jack Gipson home last week. While here they enjoyed going hunting.

Mr. and Mrs. Luther Edwards were visiting in Benjamin Sunday. Misses Minnie P. Stubblefield, Neida Jo Williams, Mr. Don Edwards were dinner guests Sunday night in the home of Mr. and Mrs. Lewis Edwards and Kenneth Martin.

Mr. and Mrs. Rube Stewart and family visited in the home of Mr. and Mrs. Lewis Edwards Sunday night and enjoyed playing bridge.

Mr. and Mrs. Roy Ward and family, Mr. and Mrs. Ben Overstreet and Coy Dell, Mr. and Mrs. Earl Murchison, Mr. and Mrs. John Kocsman and son, Mr. and Mrs. Rube Stewart and family were some of the people from Dickens who attended the Stirling Bros. Circus at Lubbock, Texas last week.

Mrs. Nettie Littlefield is helping in the tax assessor's office for a while, helping make out the roll.

Mr. and Mrs. Charlie Kimmel and family went to Dublin, Texas to attend their rodeo last Thursday and Friday.

Judge Chapman and Mrs. Lucille Allred, court reporters were in Dickens September 11th attending to business.

Mr. Dink Jackson of Lubbock visited his wife and family over the week end. Mr. Jackson is employed by Hobbs Mfg. Co. in Lubbock.

Mr. and Mrs. Dewey Craft and family have recently moved to Dickens from Stamford, Texas. Mr. Craft will be manager of the gin here.

Mr. and Mrs. Hoot Littlefield took the Dickens Pep Squad and Dickens football boys to Spur Friday to see the Spur Bulldogs play against the Haskell Indians.

The Tiller's Tent show played in Dickens Friday and Saturday night.

High School Party  
Miss Emmalee Watley, daughter of Mr. and Mrs. Shorty Watley, gave a party September 11th for high school pupils.

Games were played and refreshments of cookies and ketchup were served to the following: Fredia Sue Gipson, Mary Lou Thompson, Jo Ann Pierce, Charlotte Watley, Joyce Watley, Neida Jo Williams, Alma Lee McKnight, Louise Hawley, Sue Cumbie, Shirley Pierce, Jewel Noland, Clive Baber, Wayne Baber, Dick Stubblefield, Bobbie Ganaway, Mickey Green, Rudolph Cunningham, Austin McKnight, Odell Hawley, Ray Osley, Christal Swearingen, Merle Hawley, Bobbie Tension, Hubert Hawley, John Noland, Wizz McKnight.

Everyone reported they had an enjoyable time.

Skinney Youngblood and son, Murrell Youngblood have leased the Y-N station, one mile west of Dickens from Shorty Sharp. They have converted it into a drive-in and are giving car service. They also have a filling station there, too.

District Court met in Dickens September 11th to construe the will of M. A. Lea, deceased.

PTA Pic Supper  
The Dickens PTA will sponsor a pie supper September 24th. Everyone is invited to attend.

The president of PTA appointed Mrs. R. C. Smith, room mother of First and Second grade and Mrs. Bill Hamal room mother for the Third and Fourth grades during the month of September.

Donnie Lou Gipson, daughter of Mr. and Mrs. Jack Gipson; Chichie Meador, daughter of Mr. and Mrs. Cecil Meador left for Abilene Christian College, Abilene, Texas Saturday to enroll for this term.

The many friends of Henry Elmore will be sorry to hear he is on the sick list.

A card was received from Mrs. Maude Haddock saying she is having a very enjoyable visit with her daughter, Mrs. Barney Nichols and family in Richmond, California.

1918 Rings Received  
The Dickens Senior Class of '48 received their rings Monday, Sept. 8th. Those who received the rings were: Louise Dawson, Marie Holly, Janice Ogle, Joyce Harvey, Wanzella Johnson, Jewell Noland, Odell Hawley, Shorty Gordon, Hubert Hawley, Donald Wester, Don Edwards, Buck Scott recently transferred here from Crosbyton will order his ring. Nicky Billberry also a transfer from Crosbyton has ordered his ring from Crosbyton but will graduate from Dickens.

The Seniors ordered their rings from the Star Engraving Company at Houston, Texas and are really a beautiful ring and strikingly different from previous ones. The Seniors are all very proud of them.

The Dickens school lunch room is very proud of two new butane cook stoves that have been installed. Mrs. Emma B. Underwood is in charge of the lunch room this year and has the capable help of Mrs. Lorene Graham and Mrs. Jimmie Chesney.

Mr. and Mrs. Lee Mims and family, Mr. and Mrs. Otha Thomas and family of Rails and Mrs. Lorene Graham enjoyed a trip through Carlsbad Caverns and fishing last week.

Carlton Dodson, son of Mr. and Mrs. W. H. Dodson; Kenneth Street, son of Mr. and Mrs. Willow Street; Cecil Hugh Meador, son of Mr. and Mrs. Cecil Meador will all leave for Texas Tech this week to continue their studies there.

Miss Pansy Turpin, daughter of Mrs. Vela Turpin will leave for Abilene where she will enter Hardin-Simmons College this week.

Billie Overstreet, son of Mr.

and Mrs. Ben Overstreet will leave for McMurray college in Abilene this week where he will resume his studies.

Ira Copass of Wichita community left recently to enroll in Junior College in Wichita Falls, Texas.

The Dickens "Owls" played a very good game against the McAdoo "Eagles" Friday, September 12th at Dickens Field. The final score was Dickens 3 and McAdoo 6.

The boys played as follows: Don Edwards— Scored three touchdowns and showed some good driving power.

Shorty Gordon— Scored two touchdowns. Intercepted a pass and returned it 65 yds. for one.

Donald Wester — Did some very nice open field blocking.

John L. Koomman — A first year man looking good as a passer and runner.

Otell Hawley — Played a good defensive game.

Billy Ganaway — Played some nice open field blocking and catching a pass for the only extra point of the game.

Mickey Green — Played a very good game on defense making some very hard tackles.

Cristal Swearingen, Billy McBride, Ray Osley, Hubert Hawley, though inexperienced, showed to be football players in the making.

W. J. Collier of Afton was a business visitor in Spur Wednesday.

### Rounded Look

Fall fashions for 1947 have a look of roundness as shown in suit above pictured in the September issue of Good Housekeeping magazine. Collars, hiplines, pockets, are all rounded.

### The Army

#### New Plan Permits High School Graduates To Select Army Schools Before Enlistment

WASHINGTON, D. C., Sept. 10.—A vital part of the Army's post-war program will be completed in the next two weeks when the United States Army will join the United States Air Force in offering high school graduates the opportunity to select the technical training they wish before they enter the service. This pre-selection plan, announced recently by the War Department, will become effective September 15th. A similar program begun by the U. S. Air Force in June is already attracting graduates at the rate of more than 1000 per month. Local Recruiting Offices

will have the full details of the plan.

#### ENLISTED DISCHARGE POLICY

WASHINGTON, D. C., Sept. 9.—Enlisted personnel returning from overseas, who have 90 days or less of effective service remaining in their enlistment and who declare their intention not to reenlist, will be discharged for the convenience of the government, according to a recent War Department announcement.

#### NATIONAL GUARD GROUND UNITS SEEK MORE QUALIFIED PILOTS

Additional qualified pilots are needed to fly the 780 latest-type observation and liaison planes assigned to National Guard ground

units. More than 700 vacancies exist and qualified pilots, particularly former AAF pilots who can pass Class I or II physical examinations will be commissioned and authorized up to 100 flying hours of time annually. Non-flyers meeting necessary physical and other requirements may be chosen for pilot training. Those accepted will undergo an eight- and one-half month course at Fort Sill, Oklahoma, and San Marcos, Texas.

#### WAC RE-ENTRY PROGRAM TO BE TERMINATED

In anticipation of the termination of the Women's Army Corps in the AUS and the integration in the Regular Army as provided in legislation pending in Congress, the War Department has announced that the WAC Re-entry Program for enlisted women will be closed on September 30, 1947.

The Re-entry Program was initiated on February 11, 1946. The program, which allowed honorably discharged enlisted women with a needed skill to re-enter the service, brought over 3,100 WACS back to the service. About one-third of this group is now serving with the Occupation Forces in Germany and Japan.

The conditions for re-entry are: 1. Volunteers for re-entry must volunteer for the duration of the WAC, AUS, or 12 months, whichever is shorter. 2. Volunteers must be between the ages of 20 and 30 years and citizens of the United States. 3. Volunteers must be physically and mentally qualified. 4. Volunteers must possess a

skill usable by the Army Area or the War Department.

5. Volunteers will be accepted in the grade held at the time of discharge.

6. The duty assignment will be directed by the Army Area where the WAC enlists.

Recruiting stations have full details of the program and will process all applications speedily. Among the military skills that are on the critical list are: Laboratory Technicians, Medical Technicians, X-Ray Technicians, Cooks, Stenographers, and Clerk Typists.

Local recruiting office Spur Security Bank building, Spur, Texas.

#### COTTON BALANCE SHEET

AUSTIN, Texas, Sept. 11.—The nation's cotton balance sheet was at low ebb on August 1, with a balance of 14,356,000 bales—the prospective supply of American cotton for the year 1947-48. The University of Texas Bureau of Business Research reported.

Carry over from last year was reduced to 2,521,000 bales on August 1, lowest since the mid-twenties.

Dr. A. B. Cox, professor of cotton marketing at the University of Texas, sees the 1947-48 cotton year clouded with many uncertainties. At the present, the very poor outlook for exports of American cotton is the dominant force in the market, Dr. Cox asserted.

The prevailing sentiment in the market now is that there is an ample supply of cotton to meet prospective demand for this year and that the production curve for the United States and the world has turned upward. Total cotton consumption in the United States, plus exports, amounted to 13,390,000 bales during the 1946-47 cotton year. The present supply situation makes it impossible for the United States to have as large distribution as last year for that would reduce the carry over on August 1 next year to only a million bales, and that is commercially impossible, according to Dr. Cox.

Many unknown factors are involved in the prospective exports of cotton from this nation. Perhaps the outcome of the so-called "Marshall Plan" of rehabilitating Europe is the most important. On the other hand, progress being made in establishing private trading in American cotton between American merchants and spinners in both Germany and Japan may provide for exports considerably above that now in sight.

666 TEXAS HUNTERS MAKE APPLICATIONS FOR PERMITS
AUSTIN, Sept. 13.—A total of 666 Texans who think they are good enough rifle shots to nail an antelope will soon receive their official hunting permits for the season opening early in October.
New applications for permits yesterday absorbed all but 24 of the available licenses which are issued first to hunters who have never participated before.
A drawing was held to assign these 24 places, and another drawing fixed the order for a waiting list of 94 hunters who had tried before and wanted to try again.
If any license holder finds he can not go on the hunt, those on the waiting list will have a chance.
The first hunt will be held October 2-4 on nine ranches in Brewster, Jeff Davis and Presidio counties. The second will be October 6-8-7 on four ranches in Presidio county. The third is October 9-10-11 on 10 ranches in Jeff Davis and Presidio counties and the final hunt will be October 13-14-15 on seven ranches in Hudspeth and Culberson counties.

ers College: Dr. Walter Taylor, leader of the Texas Cooperative Wildlife Research Unit; Dr. George B. Wilcox, head of the Department of Education and Psychology, A&M College; Dr. Rudolf Bennitt and Dr. Ralph K. Watkins, University of Missouri.
"Forestry For Teachers" is the latest work of the author, Everett F. Evans, who wrote six of the seven Conservation Teachers manuals published by the Missouri Conservation Commission in 1940-41. Evans came to Texas Forest Service as school specialist in 1946. After getting his master's degree at the U. of Missouri in 1941, he worked with the Missouri Conservation Commission until he entered military service in 1942.
Evans has published a number of magazine articles in the field of conservation education. He will soon publish another booklet through the Texas Forest Service, "Pupil Activities in Forestry and Related Conservation Subjects."

Federation, various trade and commodity groups and the six trunk line railroads serving the territory, and will be carried out by a committee of 22 representing all the participating agencies.
Announcement of the study, authorized at a Fort Worth meeting of the WTCC officers committee on June 7, was announced at WTCC headquarters here Saturday.
H. C. Custard of Cleburne, president of the WTCC, explained that since the Supreme Court decision May 12, upholding the Interstate Commerce Commission orders of May 15, for the adjustments of interterritorial class rates, the WTCC has been exploring commodity rates applicable to raw materials produced in volume.
"In justice to West Texas producers, shippers and consumers," he said, "a complete and impartial study should be made of all such rates as compared with levels in effect in other territories on like commodities, to ascertain what discriminations, if any, exist for or against West Texas.
Justice to the railroads which are now co-operating with us magnificently in our West Texas industrial development program and which now, under the ICC orders and Supreme Court decision, are confronted with the tremendous task of making uniform thousands of rate classifications and increasing...

of Ft. Reno, Okla., public relations, and the Southern Pacific by F. L. Gordon of Houston, freight traffic manager.
Named by Custard on the WTCC panel of the committee are J. M. Wilson of Floydada, president of the Freight Rate Equality Federation, also to represent the building material interests; A. J. Mayfield of Dalhart, chairman of WTCC Transportation Parity Committee, for that group and grain dealers; J. Walter Hammond of Tye, president of the Texas Farm Bureau, agricultural interests; G. H. McKinney of Fort Worth, manufacturing interests; J. S. Bridwell of Wichita Falls, cattle raising and oil; R. L. Tollett of Big Spring, interior oil refining; H. G. Parr of Fort Worth, oil well supply; Henry Teubel of Tulia, dairy products; Ray Willoughby of San Angelo, wool and mohair, warehousing, marketing and production; Ed P. Byars of Fort Worth...

SHOT DOWN!
Last hunting season 2,500 telephone wires were broken by stray bullets. That's why we say: Hunters, please don't shoot at birds on telephone wires.
One shot may break an important long distance wire.

The Texas Butane Dealers Association Urges You—

GET YOUR Butane-Propane System READY FOR WINTER!
By doing this, your winter supply will be in your tank when you need it most. This situation is not new. The farmer has always stored grain early for winter. Housewives can summer foods for winter use. And by taking less time for your dealer's services, he can supply you and your neighbors more economically at the very time when road conditions are worst.
The Texas Butane Dealers Association urges you to drop in and see your local gas dealer as soon as possible. Consult him before you buy any system. He knows butane-propane, and will do everything he can to help you get ready for winter now.

Can your butane or propane tank serve you through the four winter months without refilling? The Texas Butane Dealers Association urges you to take stock now. If not, you may find yourself without heat in the coldest months of the year.
Hundreds of new industries developed during the war—plastics, synthetics, chemicals, etc.—have placed a tremendous demand for butane and propane all year round. On the other hand, domestic users burn four to seven times more gas in winter than in summer, but your dealer can furnish you very little more gas in cold months than in warm months. In order to balance this situation, heating gas users must plan to buy their winter supply at least four months ahead.
