NUMBER 49

SPUR DOWNS HAMLIN; PLAY MATADOR NEXT

Playing before the home-town folks, the Spur Bulldogs really came to life Friday night, and downed the invading green and white Hamlin Pied Pipers by the score of 28 to 6.

It was Spur's ball game form the initial whistle. The Bulldogs scored in every quarter, rolled up 226 yards rushing and 96 yards on pass completions. Spur led in first downs by 14 to 8. The hard-charging Bulldogs held Hamlin to one first down in the first half.

Taking the initial kick-off the Bulldogs did not lose the ball and marched down the field for 60 yards, with Tommy Allred going over for the 6 yard lead for the first score. Lindsey kicked the first of his four points after touchdown. The Bulldogs did not waste time, taking the ball to Hamlin's six in the second quarter with Lindsey going over for the score. His kick was good. The Bulldogs led at the half by 14 to 0.

Hamlin's green-shirted lads came back strong in the second half, with Green taking to the air. However, their first try failed, and the Bulldogs scored again on a pass from Lindsey to Simpson. The Bulldogs scoring came to a dramatic close in the fourth quarter on a spectacular pass and run play from Simpson to Milton Reynolds. The pass traveled 35 yards, and Reynolds scampered the remaining 40 yards over the Hamlin goal line.

Dee Young scored the lone Hamlin point in the closing minutes of the game.

Coach Hawkes will take his team to Matador Friday night for the first conference game of the season.

Post Roping Club Wins Spur Meet

Chalking up near-record time, the Post Roping Club team composed of Jimmy Bird and Sonny Nance, rode off with the six county area Roping Club Championship, Saturday, Sept. 25. The show was sponsored by the Spur Chamber of Commerce.

Bird and Nance had a combined total time of 63 seconds on four calves, or an average of 15 3-10 seconds per calf.

Taking second place in the event was the Spur Club represented by Oliver Walker and Alton Clark. The total time for the Spur boys was 68 seconds on the four calves. Dumont, represented by Billie Hand and Jordan Rogers, won third place, followed by Manuel Davis and Fred Dalby of Clairmont, with the Short Grass Club of Stamford, represented by John and Swede Swenson, trailing.

In the added feature of Jack-Pot roping, Swede Swenson was first with 12 seconds. Sonny Nance, second, 13 seconds and Oliver Walker, third with 14 seconds.

The ribbon roping event placed Odell Blackwell in first place with 12 seconds, Ab Smith second with 13 1-10 seconds and Alton Clark, third with 13 2-10.

The Junior roping contest between Spur's Neal Love and Clairmont's Jimmy Bird, both 15 year old youngsters, was one of the best matches of the day. Love was declared the winner with a total of 36 seconds on two calves.

The event sponsored by the Spur Chamber of Commerce was witnessed by a nice crowd of roping fans. Eric Swenson served as chairman, and was assisted by the following: Martin Pope and Bob Westerman, flag bearers; Jonnie Kooner, flag judge; Bill Rucker, starting judge; Bob McAttee and Larry Booth, timekeepers; Fred Kinney, announcer; Cliff Bird, John F. Moore and Oliver Walker, committeemen who planned the show.

Quilting Held

Mrs. O. C. Arthur was hostess to a group of thirty ladies at a covered dish luncheon and all day quilting Monday, Sept. 27.

The quilts are being made for charity purposes by the ladies of the Church of Christ. A bible class was held at 3 o'clock in the afternoon.

Transparent objects permit the passage of light.

Twiggs or Brushes? Stoves and Coats Are Back in Style

CHICAGO—Noel Pierce, who teaches charm and modeling, shows that clean teeth are an important asset to personal appearance. The brushes, at right that Noel is holding, however, were typical of those received in a recent survey conducted in cooperation with the American Dental Association which showed that four out of five toothbrushes now in use are so badly worn or are in such an unsanitary condition that they are no longer usable for oral hygiene.

Stoves, blankets and coats replaced barefoot boys, sunbaked dresses and air-conditioners in Spur this week, as the mercury dropped to the low 40's the first of the week and stayed around the high 70's through the day.

Spur citizens were not the only ones to feel the icy fingers of old man winter. It was just five degrees above freezing in Dalhart and Pampa in the Panhandle. Muleshoe reported 38 degrees, Plainview 41 and Amarillo 42. Neighboring towns reported low 40's.

Old man weather has promised slightly higher temperature for this week end.

Rites for Former Spur Resident Held in Paducah Friday

Funeral services were held for the late Mrs. M. J. Cook, 70, at the First Methodist Church in Paducah, Ky., Friday.

Ladies' Shows

The ladies of the First Methodist Church in Paducah, Ky., are sponsoring a series of shows.

Frank L. Cox to Edit Foundation Paper in Austin

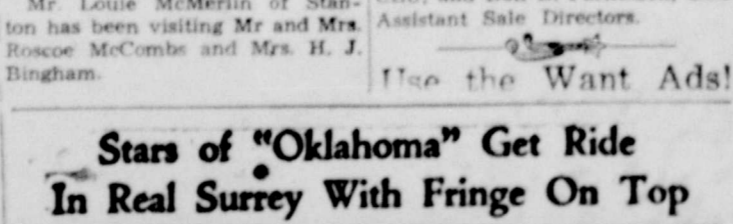

Frank L. Cox, who has served as minister of the Church of Christ, Spur, since September 1947, is returning to Austin next week to resume his duties as office editor of the Firm Foundation, and editor of the Church of Christ Sunday School Literature.

Bro. Cox will deliver his farewell sermon at the Church of Christ Sunday, October 3. He will leave for Austin on Monday.

Bro. Cox has made many friends in Spur and will be missed from this city. His Austin address will be: 2521 1-2 Harris Boulevard.

Mr. Louis McMerlin of Stanton is being visited by Mr. and Mrs. Roscoe McCombs and Mrs. H. J. Bingham.

Stars of "Oklahoma" Get Ride in Real Surrey With Fringe on Top

CARY, Ill.—From singing about a "surrey with the fringe on top" Caroline Turner, feminine star of the Broadway musical, "Oklahoma," graduates to driving one. Otto Schreiber, president of the Cary County Company, shows her how to hold the reins as she prepares to give her co-stars Wilton Gray and Marianna Peterson a ride in a real horse-drawn surrey during a picnic held for the show's cast at the Curtis farms near here.

Win Trophies for Texas

Three contestants from Texas carried off honors in Plymouth Motor Corp.'s Second International Model Fine Contest at Detroit. They competed against 640 of the world's leading model flyers who were invited to the meet because of their outstanding records. Left to right are: David B. Webb, Jr., 15, 2615 Colgate, Dallas; Maurice J. Stanglin, 18, 2824 Holmes, Dallas; and Russell C. Snyder, 18, 1201 Rosario, Laredo, Texas. They are shown being congratulated by F. W. Yale, Plymouth Regional Manager of Philadelphia, and the Child Timer for the contest.

Vets Interested in Asst. Mgr. Training Invited to Meeting

A meeting for veterans interested in Distributive Education, with the objective of training as Assistant Managers of a business, is scheduled for Monday night, October 4, at 7 o'clock, in the veterans vocational building. It was announced this week by W. W. Gregory, Coordinator of the Dickens County Vocational School.

Fire Prevention Week Oct. 3-9

The official poster for this year's Fire Prevention Week—which will run from October 3-9—shows, in the background, the Four Horsemen of the Apocalypse—war, famine, pestilence, and death. In the foreground, carrying a flaming brand, is the Fifth Horseman—fire.

That makes a dramatic and thought-provoking picture. Fire is one of the most consistent killers. Its ravage is great among small businesses and among the crippled.

Can fire be prevented? Experts say that 90 per cent of all fires, great and small, are unnecessary. Of all fire's allies, the most effective, Char, the collective failure to follow the rudiments of fire safety is the basic reason why fire waste continues to grow. When fire is fought intensively, it always loses. As a recent example, the Navy's Bureau of Yards and Docks has been carrying on a major fire prevention campaign. In the first quarter of this year alone fire damage to its installations were cut by nearly \$1,500,000.

When you see the Fire Prevention Week poster, study it closely. Keep its message in mind. Learn the simple rules of fire safety and follow them. Then, and only then, the Fifth Horseman can be put to flight.

Rites Conducted For Miss Suitt

Funeral services were conducted Sunday, Sept. 26 at 3 P. M. in Seldon for Miss Scotty Suitt, who died Sept. 25 at the home of her sister, Mrs. Henry Williams of Spur.

Miss Suitt was born March 8, 1885 at Desark, Arkansas, came to Texas at the age of eight and has been with Mrs. Williams for the past few months.

Interment was in Indian Creek cemetery near Seldon.

She is survived by Mrs. Williams and four brothers, W. C. Suitt of Spur, L. L. Suitt, R. M. Suitt and W. A. Suitt, all of Stephenville.

Johnson's Name to Appear on Ballot

The hectic battle between Congressman Lyndon Johnson and ex-governor Coke Stevenson for the U. S. Senatorial seat, seems to have come to an end, with the announcement late Wednesday, Secretary of State Brown sent word to county judges throughout the state to place the name of Johnson on the November 2 ballot as the Democratic nominee.

The decision came after the case had been presented to Justice Black of the U. S. Supreme Court. He ruled that Federal Judge Whit Davidson had no authority to issue the restraining order withholding Johnson's name from the general election ballot.

Mrs. Lewis Lee, Mrs. Willie Smith and Mrs. Georgia Thompson and son, Don, visited in the H. M. Christians home at Anton Sunday.

Christopher Columbus was born in Genoa, Italy.

An object is opaque when light cannot pass through it.

SPUR VOTERS TO BALLOT ON BOND ELECTION SAT.

JOTS BY JOE

Well, fall is really here... the little icer that came in over the week-end made JOTS hunt for his longies... to no avail.

Along with several hundred fans, we saw a bang-up good football game last Friday night... the bulldogs were really ready for that invading bunch from Hamlin... same medicine to Matador is in store for Friday night...

Speaking of football, the "B" team gave Crosbyton a licking Tuesday night by a score of 20 to 13.

Joe Long is one of the early risers of Spur...

"Buz" Buzbee is having a radio party for all world series fans... starting next Tuesday...

Friends of Nona Starcher will be sorry to hear that she is a patient at Nichols Hospital... reports are she is progressing nicely.

Two of the busiest "bees" in the town are W. P. Foster and Billy Ray Barrett...

Cecil Godfrey, proxy of the School Board, asks JOTS to remind all qualified voters to go to the polls Saturday and vote for the School Bond issue... A darn good idea, Cecil... don't forget it folks.

Heart Attack Fatal To Spur Resident

Funeral services for Thomas Garfield Campbell, 58, retired school teacher who died of a heart attack Monday, were held at 3 p. m. Tuesday in the First Methodist Church with Rev. L. H. H. and Rev. C. N. Gilbert officiating.

Burial was in the Spur Cemetery under the direction of the Chandler Funeral Home. Grave site services were conducted by the Spur Masonic Lodge.

Mr. Campbell was a native of Arkansas, and came to Texas at the age of 18. He settled in Hood county. He was married to Lucy Petty in 1908. He had made his home in Dickens County since October 1947.

Survivors include his wife; one son, Harold of Dallas; one daughter, Mrs. Alma Guggell of St. Louis; one brother, Stokes Campbell of Arkansas, and two grandchildren.

Full bearers were: Larry Booth, Raymond Gilcrease, Jack East, Lewis Lee, W. D. Blair and Ted Darby.

Legion Auxiliary Installs Officers

The American Legion Auxiliary met Monday night, September 27 for the installation of officers. The meeting was called to order by the president, Mrs. Larry Booth. After preliminary procedures, Mrs. Albert Morrow presided. Mrs. Albert Morrow of Morton, president of the 19th Auxiliary district, gave an interesting and informative oration on the purpose of the Auxiliary.

Officers installed by Mrs. Morrow with Mrs. Jack Hall of Lohlock acting Sgt. at Arms, were Mrs. Larry Booth, president; Mrs. Kelly Marsh, 1st vice president; Mrs. Weldon Grimes, 2nd vice president; Mrs. Joe Jeffers secretary; Mrs. C. B. Chandler, treasurer; Mrs. L. R. Barrett, Chaplain; Mrs. C. B. Young, Sgt. at Arms; and Mrs. J. B. Haselton, historian.

The newly formed Auxiliary has thirty seven members. Twenty-eight were present for the installation of officers. Future meetings will be held on the second and fourth Mondays of each month. The next meeting will be October 11.

Mrs. C. H. McCantley will visit Mr. and Mrs. Harry Soliday in Abilene this week. Mr. Soliday is a student at McMurry.

Mr. and Mrs. Jack Ensey had as their guest this week Mr. and Mrs. W. C. McDuff and children Danny and Linda Sue of Lohlock.

Suited For Laughs

Bob Hope, the Cleveland Indians' most noted rooster, brings championship laugh form to radio fans when he stars in a hilarious baseball story by humorist James Thurber on the "Hallmark Playhouse" at 10 p. m. EST Thursday night, October 7 over CBS.

Supervisor For Sub-division 5 DCSCD to be Named

Farmers and ranchers of sub-division five of the Duck Creek Soil Conservation District, will meet at the Patton Springs High School auditorium, Tuesday night, October 5, 7:30 p. m. for the purpose of electing a supervisor.

County Agent Charles Taylor in making the announcement of the meeting stated that two shows will be held during the session. The area served by sub-division five includes Dickens, Afton and McAdoo, and all persons interested in farming and ranching have been invited to attend.

Dale Young was recently employed by the United States Department of Agriculture as Plant Physiologist and has been sent to the Spur Experiment Station for duty.

Mr. Young is a graduate of Utah State College, and has been employed in Utah, prior to his Spur assignment. His duties at the Spur Experiment Station will consist of work on mesquite eradication.

Mr. and Mrs. Douglas Hinson and Mrs. John Hines attended the steer roping at Loveland Sunday.

Duck Creek Soil Conservation District News Notes

WILL WRIGHT, JAMES MONTGOMERY, CHAS. WITT, EILEY WOOTEN, Chas. OSCAR MCINTY, Sec.

Added strength was gained by the Duck Creek Soil Conservation District this week with the addition of new names to the list of cooperators. Filing application for assistance from the District were Fred Neaves of Spur and Mrs. Lillie Gibson, whose place is near Girard.

Cooperators who have recently formulated soil and water conservation plans for their farms are Carl Holloway of Spur, Willie Eldridge, Gus Morrison, R. J. Wallace, T. A. Harvey all of McAdoo.

Carl Holloway, an ex G. I. and student in the agricultural program, has 165 acres on which he plans to hold as much water as he possibly can. Previous owners of the place had constructed several old terraces but these were not adequate to hold sufficient moisture. Carl plans to build up some of these terraces and add a number of new ones to his system.

As there is a natural drain through his farm, an attempt will be made to change the course of the creek, however, much use will be made of this drainage way by leaving it in Johnson grass and sowing Sudan on each side a fit next spring. Valuable summer grazing can be furnished by this narrow strip which Carl says he can certainly use.

E. I. Wallace and Willie Eldridge are both ready to do some terrace building as soon as possible. Soil Conservation Service technicians will run the lines this week on both places.

Virgil Wilson, who lives at Soldiers Mound, has made fill-

Voters of the Spur Independent School District will go to the polls Saturday, October 2, to vote on a \$155,000 bond issue.

The polls will open at 8 a. m. and close at 6 p. m. Election Judges have been named and are: C. O. Fox, and J. I. Mecon. Clerks for the election will be Mrs. A. M. Walker and Mrs. Inez Hamilton. Polling place is the City Hall, Spur.

The bond election was called last week by the Spur Independent School District Board of Trustees, and the amount of \$155,000 will be used for the construction of an additional 10-class room and auditorium building with a seating capacity of 700, an additional 4-class room colored school building and for repairs on the present school system buildings.

The bond issue if voted in will not increase taxes one penny. The valuation of property in the school district was raised in a board of equalization meeting held in July of this year, in order that the bond issue could be made without an increase in taxes.

Qualified voters of the Spur School District are urged to go to the polls and vote Saturday, October 2.

550 Boll Pullers Needed in County

Need for cotton harvest laborers in Dickens County jumped to 550 this week, it was announced by Everett Fitzgerald, manager of the local office of the Texas Employment Commission.

Mr. Fitzgerald stated that approximately 1800 bales of the anticipated 15,000 bale crop for 1948 had been ginned and shipped in the county thru Wednesday. The TEC has placed 612 workers throughout the county since opening in Spur a little over a week ago, have placed more than 1300 workers with farmers.

According to reports from over the state cotton harvesters are needed in 105 North and West Texas counties. The latest report issued Tuesday was that 1,941 workers were needed.

Mr. Fitzgerald stated that 28 crews worked the Spur area the past week-end, and that 45 were intercepted and placed over the county where their services were needed. He has asked that the farmers needing crews, contact his office, and every effort will be made to supply them.

Mr. and Mrs. W. F. Shugart returned last week from an extended visit in Roswell, N. Mex.

Some of his terraces that were broken during the June rains.

Two miles of new terraces were added this week to an old system on the A. B. Conner place southwest of Spur.

Farm Shugart says that he has been harvesting some Johnson grass lately which will be for sale.

J. L. Thannish borrowed a cyclone sweeper from the district recently to sow some alfalfa on some of his sandy land. Thannish believes that alfalfa will make an excellent cover crop on this land as sufficient moisture is provided by occasional overflows.

It has been learned that Floyd Green of Spur has purchased an elevating grader machine with which he plans to do some terrace building for the farmers in this district. Green's equipment is scheduled to arrive here the last of this week and be ready for work soon.

Supervisory Election. Land owners in Zone 5 of the Duck Creek Soil Conservation District, which comprises Precinct 1 and that portion of Precinct 2 lying within the district in Dickens County, will meet at Patton Springs next Tuesday night, October 5, at 8 p. m. to elect a supervisor, announced R. R. Wooten, board chairman. County Agent Chas. A. Taylor and Vocational Agriculture teachers in the Zone are making arrangements for the program to be included in the showing of two films. All landowners and operators in the zone are urged to attend the program and elect

Cotton Carry-over Higher than 1947

The Department of Agriculture, Washington, reported this week that the carry-over of cotton from previous year's crops on August 1 totaled 3,981,840 bales. This was 551,518 bales larger than the carry-over of 2,530,122 bales on August 1, 1947. The carry-over is the amount of old-crop cotton held in all positions at the start of a new marketing year.

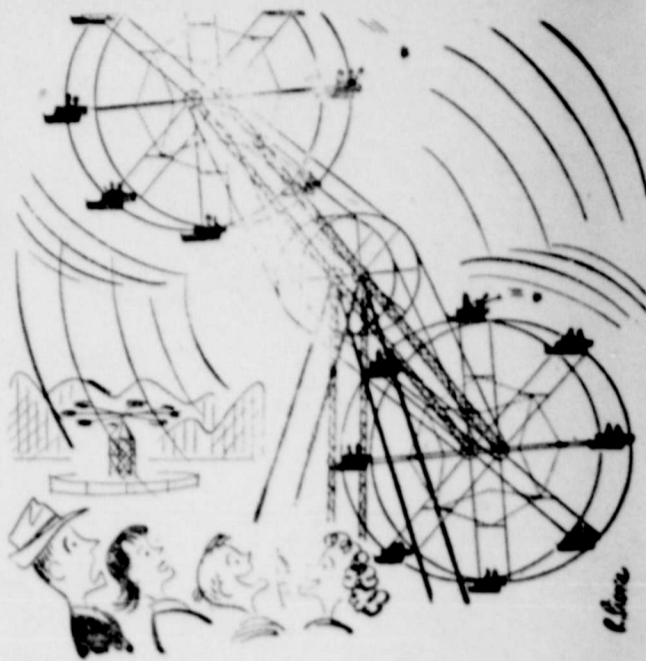

This year's crop has been indicated at 15,219,000 bales. The department said carry-over of a little over 3,000,000 bales is not excessive, considering that consumption and exports had been running well over 11,000,000 a year.

Morrow Discusses Lions By-laws in Regular Meeting

The Spur Lions Club in regular meeting Tuesday noon, heard Winiford Morrow, program chairman, re-new the by-laws and constitution of the lion organization. His program was well received by members of the club. A called board meeting was scheduled for Thursday night at 7 p. m., and all lion members were asked to meet so that parts in the forthcoming lions show could be assigned.

Mrs. Douglas Brewster of Tulsa Oklahoma and Dan F. Husey, recently discharged from Lettermans General Hospital in California have been visiting their parents Mr. and Mrs. Fren Husey.

Giant Double Wheel At State Fair

The Skyrider, first double ferris wheel and highest portable ride ever seen in the South, will be introduced to Southwesterners at the 1948 State Fair of Texas, Dallas, Oct. 9-24. Both wheels rotate independently as they chase each other up and around in the sky. Other spectacular rides at the Fair this year include the Hurricane, Hi-Ball and \$100,000 Roller Coaster.

Singing Slated At McAdoo Church

Singers from surrounding communities of Crosbyton, Dickens, Girard, Spur and others will gather at the Church of Christ, McAdoo, Sunday afternoon, October 9, at 2 o'clock for a gospel singing.

H. L. Dennis of McAdoo will be in charge of the singing, and a cordial invitation has been extended for everyone in the section to attend.

Communion To Be Observed

Sunday, October 3, is World-Wide Communion Sunday, and will be observed in the First Methodist Church, it was announced this week by Rev. Lester Hill, pastor.

On Sunday, Christians all over the world, will gather around the table of the Lord to celebrate his dying love by partaking of his holy Supper.

who do not have a resident pastor in this area, to join with his church in the World-wide Communion services. A fifteen minute sermon on the meaning and significance of this Sunday will be given by Rev. Hill, preceding the Communion.

NEW ARRIVALS

Mr. and Mrs. Marvin Young announce the birth of a son on Sept. 23 at the Stanley Clinic in Matador. Little Johnny Roy weighed 6 lbs.

Mr. and Mrs. John T. Lee are the parents of a son, John Tolbert, Jr., born Sept. 22, at the Nichols hospital.

A daughter, Paula Gail, was born to Mr. and Mrs. Paul Bateman in a Lubbock hospital Sept. 25. The baby weighed 7 lbs.

Mr. and Mrs. Hayden Pierce of Abernathy visited this week with Mr. and Mrs. I. E. Abernathy.

Pink - Blue Shower For Mrs. Ben Perry

Mrs. Ben Perry was complimented with a pink and blue shower Friday, in the home of Mrs. George S. Link.

The guest played forty two at tables decorated with miniature stocks. Open faced sandwiches potato chips, jelly rolls and punch were served.

Assisting Mrs. George S. Link as hostess were Mrs. L. R. Barrett, Mrs. Marjorie Christwell, Mrs. Jack Eusey, Mrs. Billy Powell, Mrs. Marvin Blair, Mrs. Norton Barrett, Mrs. Val Perry and Miss Grace Booth.

The hostesses' gift was a small chest of drawers, relatives gave a bed to match. Gifts from twenty three guests were listed in the guest book, hand painted by Mrs. Marvin Blair.

W. J. Collier of Afton visited friends in Midland this week. Pete Sullivan left Sunday for a business trip to Ft. Worth.

Mrs. Willie Smith, formerly of Spur, returned to Lubbock Tuesday after a visit with Mr. and Mrs. J. N. Luce and the Dan Preitcheits.

Talented Youngster

Show above is Mary Ester Garner, age 4, who with her mother, Mrs. Oscarine Garner, of Corpus Christi, visited the past two weeks with her grandparents, Mr. and Mrs. W. W. Garner of Spur.

Mary Ester is the daughter of Lt. William W. Garner, better known here by his friends as "Red" Garner. He was reported missing in the Philippines in 1945. Mary Ester is quite a talented ballet and acrobatic dancer. She has danced at the Naval Air Base, March of Dimes programs, and at many other outstanding events. While here she danced at the Rotary Club Luncheon and for the American Legion.

Gallagher's Have House Warming

Friends and relatives of Mr. and Mrs. Ted Gallagher and family of Girard met September 18th for a house warming in the lovely home only recently completed.

Many lovely and useful gifts were received.

Forty two was played; coffee, cake and punch was served to the following: Mr. and Mrs. H. A. Hollingshead and family; Mr. and Mrs. G. C. Anderson, Mr. and Mrs. Bennie Smith and Mary Helen, Mr. and Mrs. Med Wade and Windell, Mrs. Fred Jones, Mr. and Mrs. Jake Jones, Mr. and Mrs. Fred McGaha, Mr. and Mrs. Alton Clark and family, Mr. and Mrs. Buddy Gallagher, Mrs. Ben Spradling, Mr. and Mrs. W. A. Perry, Mr. and Mrs. L. E. Golsby, Mr. and Mrs. Pete Sheerer, Jim and Sandon, Mr. and Mrs. Wes Sinnett, Charles and Janie, Mr. and Mrs. Frank Gale, Mr. and Mrs. Glen Spradling and family, Mr. and Mrs. Tom Hunnicutt and Charles, Mr. and Mrs. Cecil Hagar and family, Mr. and Mrs. Ollie Bural and family, Mr. and Mrs. Jack Smith and family, Mr. and Anna Lou Hagins, Mr. and Mrs. Wayne Beadle and family, Mr. and Mrs. Claude Neaves, George and Beth Iner, Mr. and Mrs. Donald Spradling, Mr. and Mrs. Robert France, Mr. and Mrs. J. P. Hale, Jim and Robbie, Mr. and Mrs. W. I. Ripple and family, Mr. and Mrs. R. D. Hooper and Donald Ray, Mr. and Mrs. Homer Wilson, Mrs. Coy Wilson, Mr. and Mrs. W. J. Dingers, Marlene Driggers, Robby Lucas, Mr. and Mrs. Vernon Darden and Marjorie, Mr. and Mrs. M. A. Darden, Mr. and Mrs. Daniels,

Mr. and Mrs. Carl George and family, Mr. and Mrs. Hugh Turner and family, Mr. and Mrs. Buck Thompson and family, and Mr. and Mrs. Hoyte Boon and Clifford.

Those that sent gifts were: Mrs. Bertie James, Mr. and Mrs. Jake Swanson and Linda, Mr. and Mrs. Robert Moore and Brenda Kay, Mr. and Mrs. Ben Boland Gregory and Sharon, Mr. and Mrs. H. D. Smith, Mr. and Mrs. Millard Smith and Winnie, Mrs. Pauline O'Keef, Mrs. Nadine Page, Mr. and Mrs. Lonnie Williams and family, Mr. and Mrs. Leva Simpson and A. B. Mr. and Mrs. Fletcher Rich, Mr. and Mrs. George Willis and Mrs. Ella Hale.

There are three brothers and two sisters whose ages range from seventy to eighty two years. R. B. Stanley, 82, Spur; Oscar Stanley, 78, Breckenridge; Walter Stanley, 73, Spur; Mrs. Ida Boney, 78, Houston, and Mrs. Willie Davlin, 70, of Easterly.

Fifty nine children and grandchildren were present for the noon meal Saturday. Out of town relatives present were Mr. and Mrs. Henry Johnson and family of Breckenridge, Mr. and Mrs. Newt Boney and family of Franklin, Mr. and Mrs. Bill Davlin and son of Levelland, and Mrs. Emma Davlin of Houston.

Highway Club News

The Highway Home Demonstration Club, meeting in the home of Mrs. Forrest Martin, September 23, enjoyed the demonstration of making an over-weave patch. The demonstration was given by Mrs. Dee McArthur of the Soldiers Mound Club.

Also visiting from the Soldiers Mound club were Mrs. Joe McDaniel and Mrs. Floyd Bennett, who in a brief talk urged homemakers to try some pencil and paper planning to help them save more time for important jobs of home-making.

Members attending the meeting were: Mesdames D. L. Pace, Ed Denson, Clark Morgan, Cecil E-step, Bill Martin and the hostess. Children present were: Linda Denson, and Sharon and Shirley Morgan.

The next meeting will be held in the home of Mrs. Clark Morgan on October 14. All members are urged to be present. Visitors are invited.

Stanley Family Holds Reunion

The brothers and sisters of R. B. and Walter Stanley held a reunion at their home here Saturday of last week. This was the first time the family had been together in over thirty years.

There are three brothers and two sisters whose ages range from seventy to eighty two years. R. B. Stanley, 82, Spur; Oscar Stanley, 78, Breckenridge; Walter Stanley, 73, Spur; Mrs. Ida Boney, 78, Houston, and Mrs. Willie Davlin, 70, of Easterly.

Fifty nine children and grandchildren were present for the noon meal Saturday. Out of town relatives present were Mr. and Mrs. Henry Johnson and family of Breckenridge, Mr. and Mrs. Newt Boney and family of Franklin, Mr. and Mrs. Bill Davlin and son of Levelland, and Mrs. Emma Davlin of Houston.

Mrs. Cannon Given Birthday Dinner

Mrs. C. I. Cannon, a long time resident of Spur, was honored with a birthday dinner Sunday, Sept. 26, in the home of Mr. and Mrs. Leslie Estep.

After gifts were opened and admired, an attractive dinner was served to the following: Mr. and Mrs. Henry Slack and Bobby, Mr. and Mrs. Ray George, Mrs. Boney Scott, Mrs. Doff Shields and son, Mr. and Mrs. Robert Cannon, Robbie Beth and Walden, Mr. and Mrs. Forrest

Paris Comes To Main Street U.S.A.

NEW YORK—"A bit of Paris" in the form of a window display soon to be seen in stores throughout the country is shown above being assembled in New York. The original, executed in the French capital, was reproduced here and is being distributed by Lucien Lelong, famed international perfumers, to mark the tribute the company is to be paid by the Chamber of Commerce of the U.S. on Tuesday, November 16. On that night the story of Lucien Lelong will be dramatized over the American Broadcasting Co.'s coast to coast network on the program entitled "Let Freedom Ring." Chosen to receive this nation wide salute, Lucien Lelong's story is a perfect example of the true international co-operation needed in world trade. For more than twenty years the firm blended French creative abilities with American merchandising ingenuity to bring better products to the consuming public. Today while M. Lelong personally devotes more and more of his time to the development of fine perfumes, the firm's products have become a household name to millions throughout the world.

The program will originate from the Chamber's Hall of Flags in Washington, D. C. and Joseph S. Stein, head of the American Company will speak directly from his company's offices in New York City.

Martin and Mrs. C. I. Cannon. Those sending gifts were, J. L. Rucker of Dallas, Mr. and Mrs. Alton Estep and children, Mr. and Mrs. Buran Jones and Glenn. Mr. and Mrs. Oris visited with Mr. and Mrs. Cooby and the Ross Cannon family in Silver City, New Mexico last week.

Rex Taylor was among the employees of the Petty Geophysical Co. to be transferred to

Area Council of FHA Meets in Spur

Francis Holloway, president of area II Future Homemakers of America, called to order the first meeting of the Area Council of FHA which was held over the week-end with her mother, Mrs. M. J. Henry, executive secretary.

Business attended included: Area FHA goals, FHA program of work, National F. H. A. week, area II newsletter and area II meetings.

After the business session, a delicious luncheon was served at the Hilltop Cafe.

Those attending were Miss Ester Sorensen, Lubbock, area II supervisor; Frances Holloway, Spur area sponsor; Patsy Hyatt, Spur; Doris Gibson, Spur; Ann Richardson, Snyder; Mrs. Gibson, Snyder; Joyce Thompson, Anson; Wanda Hankins, Olney; Nancy Burkhardt, Archer City; Mrs. Edna Beck, Anson; Mrs. J. C. Neely, Olney; Mrs. Ina Dora Hale, Anton; Mrs. Katherine Bullock, Roosevelt; Lavon Stewart, Lamesa; Marguerite Hammett, Munday, and Mrs. Euzina Robertson, Munday.

A meeting will be held October 23 at Roosevelt for the purpose of publishing the newsletter. The Area II meeting will be Nov. 6 at Graham.

nations. Mr. and Mrs. J. W. Fare were attendants for the couple. Mrs. Fare wore a two piece black suit with wray accessories and a corsage of carnations.

The bride's mother wore a wine colored dress with brown and black accessories. Each wore a corsage of pink asters.

Others attending the wedding were members of the immediate family.

Spur Federation Members Attend Fall Meet in San Angelo

Mrs. W. T. Andrews and Mrs. George Gabriel were in San Angelo Thursday and Friday to attend the fall board meeting of the Texas Federation of Music Clubs. Hosts were members of the Philharmonic Society of San Angelo. Mrs. Blant Burford, state president, was in charge.

Among the number of outstanding artist featured were: Dr. Ralph Ewing, who conducted a choral clinic Thursday afternoon, Mrs. Robert Griffith, Dallas Federation of Music Clubs president, presented a program of songs Thursday night, and Mrs. Few Brewster a number of piano selections.

Dinner was served in the beautifully decorated Crystal ballroom of the Cactus hotel. Mrs. Andrews and Mrs. Gabriel was taken on a tour of the city by the local members.

Mrs. Nell Davis Club Hostess

Mrs. Nell Davis was hostess to the 1917 Study Club in a meeting Tuesday of last week.

Mrs. R. C. Forbis, past president, introduced the new president, Mrs. R. E. Dickson who gave an interesting and inspiring address. Mrs. Nell Davis introduced the following officers: Mrs. W. A. Ligon, vice president; Mrs. J. E. Berry, reporter; Mrs. C. B. Chandler, receiving secretary; Mrs. J. H. Bowman, historian; Mrs. Nell Davis, city federation delegate; Mrs. Clark Forbin, counselor; Mrs. Tom Johnson, treasurer; Mrs. Elmer Hagins, city federation secretary.

Refreshments of cake and sherbet were served.

Mrs. Karr Hostess To '33 Study Club

The Daughters of the 1933 Study Club met in the home of Mrs. Guy Karr on Wednesday of last week.

The meeting was called to order by the president, Joyce Johnson, and roll call was answered with "What Kind of Club I Would Like to Belong To". Welcome to the new members was given by the president and Zelda Cox gave "The History of our Club."

Refreshments were served to Robbie Gibson, Joyce Pierce, Jane Karr, Margaret Wood, Joyce Johnson, Zelda Cox, Mrs. Hatliff, Barbara Smith, Coqueaz Thomason, Fay Wright, Billie Hindman, Ginger Walker, Gladys Wade, Emma Lens Simpson, Ella Hill, the sponsor, Mrs. McCully, and the hostess, Jean Karr.

Mrs. L. D. Cravey is in the Callan hospital in Rotan. She is recovering nicely from a major operation.

Dian McClurkin and her roommate, Helen Strong of Mentone, were here for the week-end with her parents, Mr. and Mrs. Leon McClurkin. The girls are students at Tech.

Mrs. W. D. Starcher is confined to the Nichols hospital this week. She is reported better, but must rest a few

Harmony Club Meeting Held

The Harmony Club met Tuesday night, September 28, at the Methodist Round-Up Room in its first regular business meeting of the club year.

It was the pleasure of the club to elect Mrs. Edna Daniels as an honorary member.

Members were pleased to glance over the new yearbooks and see such interesting programs in store. The course of study for the year is "Panorama of Music".

Mrs. George Gabriel gave a report on the highlights of the State Board meeting at San Angelo on September 23-24. Mrs. Gabriel and Mrs. W. T. Andrews represented the 7th District.

The district convention of Texas Federated Music Clubs will be held at Quanah on October 22 and 23. The Quanah people have planned many interesting activities for the convention delegates and guests. Each Harmony Club in the district will be represented on the Fine Arts Programs and "Fun Night" stunts. The yearbook of this club will have to compete with yearbooks from other clubs in the district.

Mrs. Clyde Bingham and Mrs. Nell Davis were elected as delegates to the convention at Quanah. Many of the other members hope to go as guests and enjoy the discussions, fine arts programs, talks, club rating reports, banquets, and fun night. Mrs. W. T. Andrews will preside at this convention, as she is president of the 7th District of Texas Federation of Music Clubs.

Mrs. R. A. Conner was the program leader for the evening. "Popular and Semi-Classical" Music was the theme of the program. Members came prepared to answer roll call with the name and composer of their favorite musical comedy. Mrs. George Gabriel sang "Till the End of Time" accompanied by Mrs. W. T. Andrews. Mrs. Andrews also played "Deep Purple".

Following the program, refreshments of bottle drinks and cup cakes were served. The Club especially enjoyed the novel decorations on the cup cakes. Musical signs and abbreviations adorned the cakes in one of the club's colors, and the members were asked the meanings of the musical signs.

The following members were present:

Mrs. W. T. Andrews, Mrs. J. E. Berry, Mrs. Clyde Bingham, Mrs. J. H. Bowman, Mrs. Beal Brashear, Mrs. R. A. Conner, Mrs. Ted Darby, Mrs. Nell Davis, Mrs. R. E. Dickson, Mrs. Lester English, Mrs. George Gabriel, Mrs. W. F. Gilbert, Mrs. Fike Godfrey, Mrs. W. F. Godfrey, Mrs. Jask Moore, Mrs. P. C. Nichols, Mrs. Van North, Mrs. Billy Powell, Miss Minnie Ols Ward, and the hostess, Mrs. H. C. Goldwire.

1931 Study Club Meets Tuesday

The 1931 Study Club met Tuesday, Sept. 21 at the home of Mrs. Jerry Ensey. Mrs. Bynum Britton introduced Mill Endora Hawkins of Abilene, director of Home Service representing West Texas Utilities, who spoke to the club on education in the United States. At the conclusion of her talk she presented a film of "America the

Land of the Free". Mrs. Britton, E. H. Carpenter, R. A. Conner, Bill Gregory, Mathews Gruben, S. T. Hawkes, E. B. Henshaw, Lloyd Johnson, Harold Karr, Paul Marion, Rob Simmons, A. M. Stay, Leonard Wilson, Jr., Fike Godfrey, Dale W. Young, Wilber Bell, C. B. Young, Miss Lorraine Stoy and the hostess, Mrs. Jerry Ensey.

DICKENS

Mrs. A. J. Richey, Correspondent

Mrs. J. W. Edwards is spending several weeks in Dickens. She is contemplating moving here.

Mrs. H. A. C. Brunnett has been on the sick list, but is much improved.

Mr. and Mrs. Fay Slough have moved to Dickens from California. They are making their home with his mother since the death of his father.

The Afton Baptist Church visited the Dickens Baptist Church Sunday. Three Afton candidates were baptized in the Dickens Baptistry. Rev. Stranepfizer baptized one candidate Sunday night.

Mr. and Mrs. A. J. Richey returned recently from California, they have been visiting with their daughter, Marj, who was ill. She is much better but is not able to return to her job.

Mrs. Ruby Bridge Attends Phone Meet

Mrs. Ruby Nell Bridge, local officer of Communications Workers of America, a Union representing telephone employees, attended a meeting of Union officers last Thursday, in Abilene, where the recent Company proposal of wage increase was discussed.

The officers attending the meeting in Abilene were unanimous in their opinion that the Company's offer should be rejected in full. According to Mrs. Bridge some 285 towns did not receive any increase in salary in the proposed company offer, and that among this number, Spur employees would be included.

KALGARY NEWS

(Delayed)

Mr. and Mrs. Guy Sanders and La Trease of Morton visited Mr. and Mrs. Guy Pierce and Mr. and Mrs. Morris Phillips Thursday.

Miss Norma Fisher is attending Tech in Lubbock this term.

Lloyd Parsons, Wilma and Eunice visited over the week-end with Mr. and Mrs. W. A. McCormick of Littlefield, Mr. and Mrs. J. W. Parsons and Mr. and Mrs. Milton Parsons of Enoch.

Mr. and Mrs. Robert Walker and Tommie were week end guests of Mrs. H. C. Parsons and Tom. Other Sunday visitors were Mr. and Mrs. Lem Parsons and family of Spur, and Mrs. C. Parsons and Mr. and Mrs. Glenn Havens and family.

Mr. and Mrs. Cleve Maze and Mr. and Mrs. Conda Starrett and Mary Ann attended the Junior Rodeo in Post Saturday.

Mr. and Mrs. Lem Parsons Parsons and family visited Mr. and Mrs. H. E. Fisher Sunday evening.

Mr. and Mrs. Glenn Havens and family of Olton were Tuesday and Wednesday visitors of Mr. and Mrs. C. Parsons, Mr. and Mrs. Waldo Havens and Mr. and Mrs. Ralph Parsons.

Roots of Culture YOUR BIRTHSTONE AND ITS MEANING

OCTOBER--OPAL OR TOURMALINE

ROMANS CALLED THE SPLENDID FLASHING OPAL "CHILD BEAUTIFUL AS LOVE." THEY CONSIDERED IT AN AMULET AGAINST ILLNESS.

MARK ANTONY (83-30 B.C.) PROSCRIBED ROMAN SENATOR NONIUS, TO OBTAIN HIS GLORIOUS OPAL, "LARGE AS A HAZEL NUT!" BUT NONIUS ESCAPED WITH HIS GEM.

TWO YOUNG MAINE MEN DISCOVERED A FORTUNE IN BEAUTIFUL, MULTI-COLORED TOURMALINES (1820), SOON SCATTERED BY NEIGHBORS IGNORANT OF THEIR VALUE.

BOTH THE GLORIOUS OPAL AND THE LOVELY TOURMALINE SIGNIFY HOPE AND PURITY.

Cotton Markets Show Steady Gain

More trading in spot cotton at southwest markets last week paralleled the increases activity at all terminals, reports the Production and Marketing Administration, U. S. Department of Agriculture.

Domestic mills made more inquiries for the southwest cotton and the volume of forward sales increased. Demand for prompt and near month deliveries was fair, but for small amounts. Shippers wanted mostly Strict Low Middling and better ranging in staple length 7-8 inch through 1-1-32 inch.

Farmers in some sections continued to offer cotton more freely as prices remained above government loan values. During the past week, prices of Middling 15-16 inch cotton hovered around 31.10 to 31.20 cents per pound at Dallas, Houston, Galveston and New Orleans. Only Little Rock

prices dropped below 31 cents, but held about steady between 30.85 and 30.95 cents per pound. Since mid-September prices have declined about a dollar per bale. Spot prices stood around 30.80 cents per pound at this time last year. Cotton ginned in Texas through September 15th was higher in grade but shorter in staple than last year during the same period. In Oklahoma the cotton was lower in grade but longer in staple. Texas cottonseed prices went up \$3.50 per ton and averaged \$72 at the gin. Oklahoma farmers received an average wagon lot prices of \$67.90 per ton.

Mr. and Mrs. J. D. Henry and family of Lorenzo were here with friends and relatives Sunday.

Mrs. Robert Meacham of Quanah was here over the week-end with her mother, Mrs. Fred Henry.

David Ray Hughes was here

Did You Know Hayfever Is Caused By Love - Love of the Ragweed for Its Mate?

In the Fall a ragweed's fancy lightly turns to thoughts of love and this month, throughout most of the United States, every upstanding ragweed will be on the hunt for a mate.

All this seedy pursuit of happiness is all right for ragweeds but it's tough on you if you are one of the millions who suffer hay fever as the result of inhaling pollen. In that case you cannot afford to look down your nose at the activities of the young ragweed Romeo and Juliet. Many of them may not find each other, but find your nose instead. Worse, they may even have a date there.

In that case you ought to know about Neohetramine (2-(N-dimethyl-aminoethyl-N-p-methoxybenzyl)-amino-pyrimidine mono-hydrochloride) and don't sneeze at that either. This interesting sounding and acting drug, a product now made available by Wyeth Incorporated on a doctor's prescription, has been found in a number of recorded clinical tests to give relief to 82 per cent of seasonal hay fever sufferers, and what is most remarkable of all, with almost complete absence of deleterious or "side," effects.

These tests, as reported by Drs. Leo H. Crip and Theodore H. Aaron of the University of Pittsburgh Medical School and Montefiore Hospital to the American Academy of Allergy, showed Neohetramine to be the safest of all similar drugs. In fact the incidence of side effects was so low that they named it the "safest" antihistaminic.

Neohetramine, the physicians showed, has also proved startlingly effective in curing or moderating headache, bronchial asthma, the skin eruption known as urticaria, and allergic rhinitis. The tests were extensive, 124 hay fever sufferers being treated with Neohetramine by Drs. Crip and Aaron.

The development of Neohetramine is the result of clever medical detection work. Allergies are a comparatively recent medical discovery. The word "allergy" has been in the language only half a century. It is now known that the inhalation of pollens, especially that of ragweed, can produce asthma, sneezing, face swelling and other allergic symptoms. Many other unhappy reactions among those allergic to them.

When a disease germ enters the body, the body automatically sets up its own defense by manufacturing antibodies to combat the germ. Pollens and other allergens are also met in

the body with anti-bodies. But the real villain of the hay fever and other similar ailments is not believed to be a chemical called histamine which is normally found in minute quantities in most of the body tissues. Pollen and the antibodies it creates combine to cause the liberation of histamine in the body. The histamine in turn dilates the blood vessels so that the tissues which the blood vessels feed become swollen and gorged, like the stomach of a man who has eaten far too much. When the tissues of the mucous membrane of the nose get this indigestion and stomachache, the result is hay-fever or perhaps rhinitis. Other tissues so afflicted may result in hives, asthma or worse.

Histamine thus acts as a sort of fifth columnist in the body for allergens. But it was only recently that histamine's devious underground work was discovered. Once that was established, however, the research laboratories got to work and developed the so-called antihistaminics. Of these, Neohetramine, as shown in the Crip-Aaron report, is the least likely to produce in the patient such side reactions as dizziness and

dangerous allergic reactions which disappeared when the surgeons administered Neohetramine. The great value of antihistaminics to medicine can be appreciated when it is remembered what a tremendous field is covered by allergies. Certain persons, for example, are allergic to cold and a sudden dip in the cold water or too prolonged swimming may result in death. Others are allergic to heat. The list of allergens run the gamut from cats' fur to milk.

The case of a man who broke into a rash on Monday morning puzzled physicians for months. They tested him for one allergy after another until they remembered that his rash always occurred on Mondays. Then the answer finally came. He was allergic to funny papers—that is to the ink used to print them.

There are also allergies which are of psychogenic origin. A woman married for five and a half years had suffered asthma for five years of that time. She went to Arizona, was cured within a few months and returned East to her husband five months later she had asthma again. She went back to Tucson and was again cured. Her husband moved to Tucson to be with her. Five days later she was hospitalized with an acute attack of asthma.

There are also cases where the lady has lived in the East and has suffered no recurrence of her asthma. She was simply allergic to her husband.

trends. Prices ruled steady to strong Monday in active trade. Good and choice spring lambs sold \$25 at Denver and Kansas City and \$22.50 to \$23 at Wichita and Oklahoma City. Medium and good brought \$22 and \$23.50 at Fort Worth. Goats held firm at San Antonio.

Most current shearings of Texas wool moved into storage. Some Texas mohair sold at 38 cents a pound for adult hair and 58 cents for kid, f.o.b. Texas.

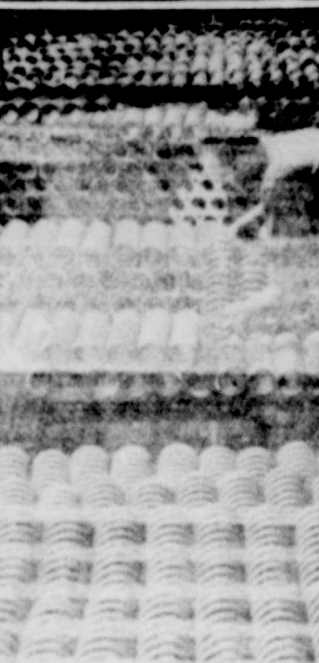

Slow demand and dull to weaker prices ruled southwest fruit and vegetable markets during the week. Some products in shore supply sold higher, but the bulk of seasonal offerings moved slowly. This trend applied to shipping points and terminal markets alike. Lettuce, onions, tomatoes, and potatoes showed weak trends almost everywhere, except at New Orleans, where they moved fairly well.

Cooler weather during the past week narrowed the price trend between graded eggs and current receipts, but no significant price changes occurred. Light culling of flocks for winter laying has brought very few hens to town, and prices held firm. Young chickens showed slight weakness in major southwest producing areas.

Improved demand strengthened southern rice markets during the past week. Most foodstuffs continued steady to strong, but soybean meal dropped \$20 per ton under increased new crop offerings. Prairie hay recovered from the recent slump and sold \$2 a ton higher. Farmers' stock peanuts sold mainly at support prices. Cotton showed a net loss of \$1 a bale at all northwest markets last week.

White corn fell about 15 cents a bushel during the week, and most other grains lost 2 to 5 cents. Based on No. 2 grades at Texas common points, white corn closed Monday at \$2.02 to \$2.07, and yellow corn \$1.75 to \$1.80. No. 1 wheat brought \$2.36-1.4. No. 2 milo sold at \$2.43 to \$2.48 per hundred pounds.

In Millions

A typical receiving dock scene at the Keeton Packing Co. and Axle plant, Detroit, where thousands of coil springs are daily built into "Guzzled Knee Action." Since this comfort feature was introduced in 1934, more than 12,000,000 coil springs have been used in new Chevrolet passenger cars.

from Roaring Springs Sunday for a visit with his grandparents, Mr. and Mrs. D. W. Hughes.

Among the many visitors here Sunday for the homecoming were Mr. and Mrs. J. D. Webster and children, Pat and Mike of Pinkerton.

MCADOO NEWS

The McAdoo Eagles were the winners in the game Friday evening with the Dickens team.

McAdoo young people enjoyed a party Friday night at the home of Emmet Phifer. About thirty guests enjoyed sandwiches, cake and punch.

Mr. and Mrs. Curtis Taubus were visitors in Muleshoe last week.

Travis Bird visited with his mother last week.

Mr. and Mrs. Herman Cornelius of Greenville, California have been visiting relatives here.

Mr. and Mrs. Frank Egger have been visiting their son, Owen, at Portalis, N. M. Patricia and Mike returned home with them for a weeks visit with their grandparents.

Mr. and Mrs. Lawson McWilliams were shoppers in Spur Saturday.

Dry Lake HD Club Meeting, Sept. 22

The Dry Lake H. D. Club met in the home of Mrs. Bob Pickens Wednesday, Sept. 22. The agent told members "When moisture near your cooker, the excess air is out and the petcock may be closed to allow pressure to rise." Four cookers were tested and important points in canning were discussed.

New officers elected were Mrs. Buck Ballard, president; Mrs. Coy Dapson, vice-president; and Mrs. Lon Bass, secretary-treasurer.

The next meeting will be Oct. 13 in the home of Mrs. Bass.

John G. Hagans, a July graduate of Texas A and M College in Agronomy, and a recent appointee by Civil Service, has joined the Soil Conservation Service Office in Spur.

Southwestern Farm Markets Decline

Southwest farm market recorded many price declines during the past week. The U. S. Department of Agriculture's Production and Marketing Administration reports:

Hogs ruled generally lower on greater numbers. Monday's markets paid \$29 for top butchers at Kansas City, Wichita, and Oklahoma City; \$33 at Denver, \$28.50 at Fort Worth, and \$28 at San Antonio. Sows ranged mainly from \$22.50 to \$26.50.

Heaver runs of cattle and calves brought sharply lower prices at most southwest markets. Stockers and feeders made up the majority of offerings, but moved slowly in Monday's trade. San Antonio took medium and good stocker steer calves from \$23 to \$25.50 while Houston paid \$21.50 to \$24.50. Good and choice stocker steer calves changed hand at \$23 to \$27.50 at Fort Worth and \$25 to \$29.50 at Kansas City. Good grades made \$24 to \$26. Denver sold common steers at \$18 to \$20.

Another week of heavy sheep marketing brought uneven price

Insect Control Keeps Dog Happy in Summer

While human being may refer to hot weather as "the good old summer time," there is nothing good about it from a dog's viewpoint, as it generally means the flea and tick season in full swing, according to the Gaines Dog Research Center, New York City.

Fleas and ticks not only make a dog miserable but can also endanger the dog's health and perhaps that of his owner.

Few people seem to realize that aside from the annoyance they cause the dog, fleas cause many skin irritations and also carry the eggs of the dog tapeworm. If a flea-ridden dog, in biting himself, swallows one of these insects, he then may become infested with tapeworm and suffer the effects caused by these debilitating internal parasites.

Flea control is a simple matter for the dog-owner, now that DDT is available in good supply. A thorough powdering every two or three weeks with flea powder containing five to ten percent DDT will keep a dog free of fleas during the entire season that these pests are active. Beside powdering the dog, the careful owner should see that his bedding is changed at frequent intervals. The use of the DDT powder in the dog's bed or sleeping box is also helpful.

Fleas cause annoying irritating skin conditions and also carry the condition in dogs, also present a source of danger to humans. Dogs in areas where there is a heavy infestation of them should be sprayed regularly with DDT.

With one of the several effective flea remedies now available, flea control never has been so easy. Fleas should never be removed by hand, as they are very hard to kill and they are very common in a dog's fur.

VETERANS NEWS

The physically disabled, when properly placed, make slightly better workers than the able-bodied, a study prepared by the U. S. Bureau of Labor Statistics for the Veterans Administration reveals.

The study matched the work performance of some 11,000 impaired and 18,000 unimpaired employees in all major industries the survey disclosed the following:

1. The physically disabled workers suffered fewer serious accidents than the able-bodied.
2. The disabled experienced the same number of minor injuries as their able-bodied fellow workers.
3. Production records of the impaired were higher than records of the unimpaired.
4. The disabled were absent from work more frequently than the able-bodied.
5. The voluntary quit rate of the handicapped was higher than the rate of the able-bodied.

According to the study, impaired workers experienced 8.9 serious disabling accidents per 1,000,000 man-hours worked, compared with 9.3 accidents for unimpaired workers.

tion are urged to memorize them, so they can use the numbers readily when they write or call VA about their benefits.

Use of "C" numbers speeds up service to veterans, VA said.

A number is issued to each veteran applying for compensation, pension, schooling, on-the-job training or other VA-administered benefits. The number, appearing on his case folder, will identify him in VA records the rest of his life, and may be used by dependents after his death.

With some 24,000,000 veterans names in VA's files, "C" numbers often are the final means by which VA can distinguish one veteran from another.

Retail Sales in Texas Increase

Austin, Texas.—August retail sales in Texas climbed 3 per cent from July to an estimated \$435 million, the University Texas Bureau of Business Research reported.

In comparison with August 1948 retail sales jumped 14 per cent, compared with 9.3 accidents for unimpaired workers.

tailed an 18 per cent rise over July, for the greatest increase among durable goods stores. Except for declines of four and 14 per cent in hardware and farm implement sales, all stores in the durable group reported gains over July sales.

All durable goods stores except hardware and jewelry show August 1948 sales above a year earlier. Motor vehicle and farm implement dealer sales were up 33 per cent and lumber and building material dealers, 25 per cent.

Nondurable goods stores turned in a four per cent dip from July sales, as most stores in this category reported decreases. Despite higher prices, August 1948 sales were unchanged from earlier.

Food store sale fell ten per cent from July, as all types reported August sales from seven to nine per cent less than a month earlier. In the 12 month period, food store sales expanded three per cent.

Apparel store sales lagged four per cent from July; restaurants, five per cent; country general and drug stores three per cent; and florists two per cent.

Sales of durable goods stores were up 14 per cent above August 1947. Motor vehicle dealers

HINTS ON MAKING GOOD DOG PHOTO

Few Simple Rules to "Catch" Family Pet As His Best Are Listed

By remembering a few simple rules of grooming, background and pose, the home photographer has a good chance of getting pictures of his family pet which will hold much of interest in years to come, states the Gaines Dog Research Center, New York City.

Photographs of puppies and dogs rate with pictures of babies for having the greatest appeal and human interest in spite of the fact that many amateur photographers are quite expert, they are frequently disappointed in the results when they attempt a picture of their pet dog or puppy. These rules by the Center should help.

One of the first considerations is that the dog be looking in the direction of the camera. Long-haired dogs should be thoroughly combed and brushed so that the coat will stand out and

A homely, lovable rascal

show its full beauty. Dogs with white patches or all white coats should be snowy clean. If cold weather makes bathing the dog difficult, wash with lukewarm water and white portions of the coat will make it presentable for photographic purposes. Smooth-haired dogs need a solid dark background such as a brick wall or a thick hedge. Particular care must be taken with spotted dogs not to place them against a dappled background, as they will blend with it.

One of the best ways to get a view of a dog's face is to get a full view of the dog's face and expression without obscuring the outlines of the body. For close-up shots of the head it is important that the dog's facial expression be bright and alert. The easiest way to capture an appealing expression is for the photographer to have an assistant who can attract the dog's attention by making a noise or holding a bit of food. Breeds having a collar or ruff of fur around the neck—such as Collies, Chow, sled dog breeds—make nice pictures when faced directly into the camera, as this pose shows their coat to the best advantage. Puppies are so active that they are almost impossible to pose, but often an amusing photograph results when a pup is given a bone, ball or other toy and his picture is snapped while he is absorbed with his playing.

Prizes totalling \$1,125 are being offered by the Gaines Dog Research Center in a dog photo contest it is sponsoring as part of the observance of the 1948 National Dog Week this fall. For complete information and rules drop a postcard to the Center at 250 Park Avenue, New York 17, N. Y.

Health News

The 414 cases of influenza reported in Texas last week, bring the incidence of this disease up to forty per cent more than the seven year median, a shown from the figure submitted by the 181 counties sending in reports to the State Health Department.

Influenza without complications may be a fairly mild ailment, according to Dr. Geo. W. Cox, State Health Officer, but he pointed out, complications can turn this disease into a dangerous condition very quickly.

"Many cases of influenza are mild," Dr. Cox said. "Often they lend themselves to treatment readily. However, two important factors enter into the treatment of influenza, and they are, calling the family physician as soon as the first symptoms appear, and taking life very easy for a reasonable length of time after the acute stage has subsided."

Dr. Cox declared that influenza is not mass-controllable. He emphasized that maintaining the highest possible health level at all times affords an individual the best protection from contracting this disease.

"Getting plenty of sleep and rest, daily exercise in the open, nourishing foods, and strict personal hygiene are our best known defenses against influenza", Dr. Cox said. "This applies to all respiratory diseases. A person who avoids all habits and practices detrimental to a maximum well-being and thus builds up a strong resistance to disease, is much less likely to contract influenza than is the individual who does not guard his health in this manner."

Egg yolk is an excellent source of iron. Eggs are also rich in vitamin A and contain thiamin, riboflavin and vitamin D.

The Texas Forest Service says that 90 per cent of our forest fires are caused by man, and are therefore preventable.

Prison Rodeo to Open October 3

Huntsville (Sp). The "Biggest Prison Show on Earth" will open with ceremony attended by Governor Jester of Texas, and a host of celebrities from all parts of the State and Nation, on Sunday, October 3, and with what is expected to be record-breaking crowds filling the partially completed "Million Dollar" Prison, to witness the 17th Annual Prison Rodeo.

Roy Dillon, regarded by many as the best rodeo announcer in the Southwest, will again MC the show. Albert Moore, for fifteen years manager of the "fastest and wildest" rodeo in the world, has put together the 1948 spectacle show will be long remembered, and promises that this year's show will be long remembered.

Veteran stock handlers and top hands of other years, state that Mr. Moore has provided the roughest, wildest string of broncs ever corralled. In fact, the inmate contestants were very non-committal when asked about their chances at prize money this year.

Each performance will feature such standard acts as milking the wild mare, saddle and bare-back bronc riding, chariot racing, the mad scramble, etc; but each show will feature new and different headline attractions and novelty acts on the five Sunday and one Wednesday rodeos. The dates are October 3, 10, 12, 17, 24 and 31.

Boyce House "Gives You Texas"

The State Constitution provides that, every 10 years, the state shall be re-districted, in accordance with the new census. But Texas has not been re-districted since 1921.

There have, of course, been many changes in population in 27 long years. The result is a situation of gross inequality. There are some House of Representatives districts with five and six times as many people as some other districts.

Nor is this unfair condition confined to a single part of the State. It has been said that South and West Texas are being discriminated against by the failure of the legislature to do its duty. And this is true. But consider that there is one East Texas district with 100,000 and there are lots of districts over the State with less than 25,000 citizens and one with only 19,000. Contrast this one with a second district in East Texas with 127,000 inhabitants.

Protect Baby's Smile

Triple Filtered Double Spring Water As Laidley Says & We Agree

Clover Crop Good For Texas Pastures

With cooler weather and general rainfall coming up, it's getting around to clover planting time in Texas pastures. Robert R. Lancaster, extension pasture specialist of Texas A. and M. College, says that fall is the time to sow clover, since the seed will germinate better when cool nights follow warm days.

Short, thin turf in fields where crop litter remains on the ground is the place where clovers generally make good stands. Well prepared seed beds is another good place. For dry weather planting, a straw mulch is valuable in holding soil moisture in the soil.

Clovers will grow better when they are combined with such grasses as dallis, rescue or rye, suggests Lancaster. A bunch grass is more desirable than a carpet grass because the carpet grass often becomes so thick it crowds out the clover. The running grasses such as bermuda and buffalo will also leave plenty of room for clovers. So will Johnson grass and rodesgrass.

There are several clovers adapted to various situations from which to choose. These are hop clover, white clover, bur-clover and sweetclover. Whatever variety you choose, reminds Lancaster, inoculate the seed for best results.

If you would like to get information on varieties, soil preparation, rate of seeding and fertilizing, consult your county agricultural agent. And here are some facts worth remembering about clovers: With grass, clover puts back organic matter in worn-out soil. Also it provides badly needed pasture in the early spring, and is high in phosphorus and other mineral nutrients, says Lancaster.

Asteroids are small planets revolving around the Sun between the orbits of Mars and Jupiter.

Francis Bacon is sometimes credited with being the real author of Shakespeare's plays.

More than 30,000 employees of the scheduled airlines, or one out of 3, are World War II veterans.

RODEO FUNNY MAN

Clowns provide may laughs as they risk their necks to entertain rodeo fans at the 17th Annual Prison Rodeo to be held at Huntsville, Oct. 3, 10, 13, 17, 24 and 31.

A. C. A. News

Last spring we were short on corn to feed our pigs. This fall we may be short on pigs to eat our corn.

Such is the change of events being brought on by this year's record corn and grain sorghums crops now in the making. In line with this development, the U. S. D. A. has shifted the emphasis on its program for getting more meat for American tables. The slogan last spring, "Save Grain by Cutting Pig Losses," no whas been switched to "Cut Pig Losses to Make Use of Grain."

Pig losses are to be avoided no matter how big our grain supply may be. Last spring the Department issued a leaflet on saving pigs which emphasized the waste of grain resulting from the fact

that out of every ten pigs born, only about six ever reach the market. That was good advice then, when feed supplies from the short crop of 1947 were dwindling to low levels. The death of a pig meant not only the loss of the animal but also the loss of the precious grain required in producing the pig. The pig saving advice and suggestions are just as good now. Every pig saved and kept healthy from this fall's litters will eat abundant grain and get more meat to the market. This points the way to the quickest increase in our meat supply.

Earlier in the summer the Department advised farmers to increase farrowings in the fall, and to hold off the market those sows and gilts already bred for fall farrowing even though current prices were attractive. Bumper grain crops now in prospect make this advice even stronger. An increase in fall farrowing and a decrease in pig losses is the quickest way of getting more meat on American tables and getting full food value and satisfaction from a bumper grain crop.

You will get higher food value and improved flavor by cooking cereals in milk instead of water. But remember that milk scorches more easily than water, so when you cook cereal in milk, use a double boiler.

Spain and Portugal occupy the Iberian Peninsula.

At the equator, the earth is 24,896 miles in circumference.

Between Greece and Asia Minor lies the Aegean Sea.

James Monroe was the fifth president of the U. S.

Gary Cooper does any man to touch his slave girl, Paulette Goddard, in this scene from Paramount's "Unconquered." Color by Technicolor.

"Unconquered" to Play at Palace

Cecil B. DeMille, Hollywood's elder statesman, has emerged from a three year absence from the screen with a thriller of such gigantic size that it has been hailed as the master showman's masterpiece. This film giant is Paramount's "Unconquered," and it arrives next Sunday at the Palace Theatre with Gary Cooper and Paulette Goddard heading a cast of thousands.

DeMille creator of such screen classics as "King of Kings," "The Crusades," "Union Pacific" and "Northwest Mounted Police" has chosen an adventure-packed portion of American history and, with his legendary flair for action on a heroic scale, fashioned a film that should make cinema history.

"Unconquered," a Technicolor filmization of Neil H. Swanson's novel, is a surging saga of American heroism in the days before our Revolution. It deals with the events and people involved in the terrible "Pontiac Conspiracy" in which several Indian nations banded together in a merciless campaign to drive the advancing colonist back into the sea.

Said to be the mightiest of the DeMille epics, "Unconquered" has like all its predecessors a climax of spectacle proportions. This time it is the historically famous siege of Ft. Pitt, and the scene report has it, fills the screen with unprecedented thrills.

There is romance, too; a tempestuous affair between Cooper, a Virginia militiaman and patriot, and Miss Goddard, as the fiery and beautiful slave-girl, Abby.

Heading the hand-picked supporting cast of "Unconquered" are Howard Da Silva, Boris Karloff, Cecil Kellaway and Ward Bond.

"Unconquered" was produced and directed by DeMille, of course.

Cottonseed Move Shows Increase

Cottonseed movement increased during the week as harvesting in west Texas and Oklahoma increased. Texas cottonseed during the week were lower averaging \$9.5 compared with 100.5 last week due principally to low oil content and to some extent to excess foreign matter, especially in District 1. Oklahoma's first cottonseed receipts averaged 99.

Texas wagon lot prices at gins averaged \$72.00 per ton or up about \$3.50 per ton from last week. Wagon lot prices averaged \$74.10 per ton in District 4, the highest in Texas with District 5 second with an average price of \$72.70. Oklahoma wagon lot prices \$67.90 for the state. Prices in the western districts were considerably higher than in eastern districts except for District 9 which is in the extreme southeastern section. Prices in this section are in line with price just across the state line in Texas.

Oil mills prices ("as is" and basis grade 100) ranged from \$75.00 to \$80.00 per ton in Texas and \$65.00 to \$75.00 in Oklahoma. Texas highest price of \$80.00 was reported in District 4. The Oklahoma price of \$65.00 was reported in the eastern section with the high of \$75.00 in the western section.

Prices for cottonseed oil dropped as much as two cents per pound in some sections as buyers with drew from the market. Prices for other vegetable oils also declined. With heavy supplies of vegetable oils from the large crops of 1948 due to be available soon buyers were reluctant to purchase oil very far beyond the present needs.

Stocks of crude cottonseed oil at the end of August were 26 million pounds, according to the Bureau of the Census compared with 19 million on the same date in 1947. Stocks of refined cottonseed oil on August 31 this year were only 61 million pounds or only a little over half as large as stocks of 116 million on the same date last year. Shipments of crude oil during August were 45 million pounds compared with 30 million for the same month in 1947.

Imports of oil and oil seed (in terms of oil) into the United States totaled approximately 699 million pounds during the first 9 months of 1948 compared with 866 million during the same period in 1947. The major decreases were in copra and linseed. These decreases were partially offset by increases in other.

Safety Expert Lists 20 Fire Prevention Rules

STILLWATER, Okla.—How many fires can you prevent through observance of safety precautions? Chances are that you can aid in drastically reducing this form of accident.

Observance of common safety rules will help to reduce this tragic loss of life in the state. Some of these rules are given below.

1. Provide chimneys and outside stovepipes with spark arresters.
2. Clean out soot from chimneys and stovepipes at regular intervals.
3. Free the attic and basement from fire provoking rubbish.
4. Keep the woodbox well away from the stove.
5. Install metal or asbestos mat under stove.
6. Keep matches in metal containers and out of reach of the children.
7. Repair sagging, leaky stovepipe and poor joints.
8. Keep ashes in metal containers.
9. Protect walls and ceilings from too much heat by installing ventilators at the point where the pipe passes through the wood.
10. Never use kerosene or gasoline to start a fire. Better be safe than sorry.
11. Keep emergency electrical connections properly hung. Do not use nails to hang such connections.
12. Set lamps out securely from the wall and away from the ceiling.
13. Store gasoline only in recans. Preferably, store only in a small quantity near the home or farm buildings.
14. Always fill gas tanks and oil stoves outdoors.
15. Check and make certain that the lightning rods are properly installed and kept in good condition.
16. Make certain to have a fire extinguisher near engines which

DOG ODDITIES

By Harry Miller, Director, GAINES DOG RESEARCH CENTER

THE DOG NAME "FIDO" IS DERIVED FROM THE LATIN WORD "FIDUS" MEANING FAITHFUL OR TRUSTWORTHY

THERE ARE ONLY ABOUT 100 OF THE ANCIENT MASTIFF IN AMERICA AT THE PRESENT TIME

NEARLY 3,000,000 OF AMERICA'S DOGS ARE PURE-BRED SPECIMENS OF OFFICIALLY RECOGNIZED BREEDS

operate near a barn. 17. Make a secure fireproof place to hang lanterns where they can not be tipped or kicked over.

18. Positively forbid smoking in the barn and in bed.

19. Examine the fuel periodically for heating. Follow this rule especially for the two months following haying.

20. Use common sense in cutting down on farm fire hazards. Do something about fire prevention today.

Old Bossy In Robot Land

A California dairy has teamed twelve automatic milking machines with an electric conveyor system to slash milking time to less than a minute per cow and at the same time give Old Bossy quite a whirl in matters scientific in farm electrification.

When Bossy enters the conveyor she is washed while a trolley-suspended milking machine is attached. During the milking process she glides down the line with the electric milker, munching from a private feed trough. The process is completed and the robot milker removed, she is released by a gate that opens automatically. Another automatic device empties the milker and it returns to the front of the line.

The system requires only four men and can milk 218 cows in 2 1/2 hours, or an average of about 42 seconds per cow.

Wallace Egged At Houston Rally

Henry Wallace was greeted with a shower of eggs and a mingled roar of cheers and boos when he appeared on the platform to address a mixed crowd of whites and negroes Wednesday night in Houston.

Three eggs and one tomato all missed the Progressive party presidential candidate some of them breaking on the microphone in front of him.

The missiles all came from one direction and police promptly

DOGS, TOO, HAVE CALORY PROBLEMS

Dogs no less than their owners, have to watch their calories, writes Dr. M. L. Morris in The Journal of the American Veterinary Medical Association. To fit their energy requirements, they need an average daily intake of between 30 to 60 calories for each pound of body weight, depending on the composition and quality of the food and the breed. Growing dogs and dogs of active, nervous type require the highest volume of calories. To figure a dog's requirements, it should be borne in mind that the average dry dog food sold contains about 1,100 calories per pound, while one pound of canned dog food usually furnishes slightly less than 500 calories.—Gaines Dog Research Center

Sears-Roebuck May Enter Car Field

Detroit, Sept. 28.—An alliance between Sears-Roebuck and Company and auto builder Henry J. Kaiser—which may result in production of a car to be distributed by Sears—came to light today.

The mail order company is reported to have purchased a "substantial interest" in Kaiser Fleetwings, Inc., of Bristol, Pa.

This division of the Kaiser interests will produce sinks, bathtubs and other porcelainware for Sears, an arrangement which T. V. Houser, the mail order firm's vice president, confirms.

1949 Cotton Crop Is Uncontrolled

Secretary of Agriculture Brannan announced that farmers will be permitted to produce cotton free of government crop control again next year.

This year's big crop had boosted supplies to such a level there was some question whether it would be necessary to invoke control to restrict production in 1949.

The Agricultural Adjustment act of 1938 requires the secretary to proclaim marketing quotas when supplies surpass the so-called normal supply by more than 7 per cent.

In a formal announcement issued by the department, Brannan said this season's supply totals 19,164,000 running bales. The normal supply was put at 18,200,000. If the total had been 310,000 bales more, controls would have been required on the 1949 crop.

Under the control program, the department tells each grower how

much cotton he may sell. Excess sales are subject to a stiff penalty tax. Controls, however, must be approved by at least two-thirds of the growers voting at a referendum.

Cotton production has been free of federal controls since before the war.
