Almost One-third Of State Lands Under Oil Lease

About 58,000,000 acres of Texas land, nearly one-third the state's area, has been leased for oil and gas exploration and production, a report published by the Texas Mid-Continent Oil & Gas Association indicated today.

Gold Star Mothers Honored with Tea

The Auxiliary to the American Legion entertained the Gold Star Mothers with a tea at the Legion Hut Monday night.

Post-Lockney Meet for Crown

Tickets for the Class A bi-district playoff game between the Post Antelopes and the Lockney Longhorns, scheduled at 2 o'clock Thursday afternoon at Texas Tech's Jones stadium, went on sale at 8 o'clock Tuesday morning at the Baker company in Lubbock and in Post and Lockney, officials announced Monday night.

Earlier, Charles C. Thompson of Colorado City, chairman of the college board of directors, had given the college official permission to decide on the question.

Coach Bing Bingham's Antelopes have played a slightly tougher schedule than Coach Curtis Kelley's Longhorns, although just how much rougher is open to debate.

The Longhorns beat Tulla, 20-6, and dropped powerful Spur, 13-0, in two of their best games. But their most top-heavy triumph was a 48-0 win over Paducah in the final game of the regular season.

THANKSGIVING PRAYER

Our Father who art in heaven—we thank you for this Thanksgiving Day which we observe at peace, and beseech you to give to all men's hearts, hands and minds the capacity to work for continued peace.

Bulldogs Blast Easy 33 to 0 Win Over Floydada

The Spur Bulldogs making their final appearance of District 3-A conference schedule, rolled over an outclassed Floydada eleven here last Friday night by the score of 33 to 0.

The victory clinched second place in District 3-A for the Bulldogs with six conference wins and one loss.

State Teachers Convene in Dallas

Legislation the 40,000-member Texas State Teachers Association will sponsor for improvement of the state educational system will be determined at its seventeenth annual convention in Dallas Nov. 25, 26, 27.

A record number of more than 15,000 teachers are expected to attend the three general sessions and the more than seventy sectional meetings and other special sessions arranged.

Educators agree that the main requirements to improve the public schools of Texas are more qualified teachers and better school buildings and equipment. Miss Emma Brotze of Marshall, president of the Association, pointed out here today.

To attract more persons into the teaching profession, the association is expected to ask the legislature to increase the minimum annual salary for teachers with bachelors degrees to \$2,400. The minimum is now \$2,000. Texas this year is short several thousand qualified teachers.

Teachers also receive incre-

ments for their years of experience and additional degrees. An increase for these is also expected to be asked.

The convention will consider means of more equitable distribution of state funds to the districts, possibly by extending the provisions of the equalization law. Under it, schools in less prosperous sections, up to those having fewer than 1,500 pupils are now given funds in addition to the per capita apportionment.

The teachers are also expected to vote favorably upon a proposal to enact a uniform contract law. The general sentiment at present is in favor of such a measure under which school districts must hire teachers for a specific number of years, the number increasing with the second and third contracts under which the teacher serves.

A mandatory, cumulative sick leave law is also scheduled for consideration.

The convention will hear reports on the recommendations of the Gilmer-Aikin committee. It was created by the last legislature, ordered to study the needs of the Texas schools and make recommendations to the next legislature, which meets in January. Legislative matters and various

reports will be placed before the general convention, the associations 350-member house of delegates and the executive committee.

The convention, in its three general sessions, will hear a number of nationally-known educational authorities. They include Dr. Frank P. Graham, president of the University of North Carolina and a pioneer in atomic research; Dr. Willard E. Goslin, Pasadena, Calif., president of the American Association of School Administrators; Bruce Findlay, assistant superintendent of the Los Angeles, Calif., school system, and Lew Parmenter of the National School Service Institute, Chicago.

More than 150 leading educators and laymen will participate on the program of seventy-six sectional meetings, breakfasts, luncheons and dinners.

Stated to succeed Miss Brotze as president of the association is Joe C. Humphrey, principal of the Abilene High School and a former state representative. Miss Waurine Walker of Waco, president of the Texas Classroom Teachers Association, is expected to be elected first vice-president. Neither is opposed.

Dr. Jones Speaks At WTSC Nov. 30

Dr. Edgar DeWitt Jones, writer, lecturer and historian, will come to West Texas State College Nov. 30, Dec. 1 and 2 for a series of four lectures on "An Appraisal of Our American Heritage."

The nationally known religious leader and champion of tolerance is sponsored by the Wilson Lecture series. Outstanding leaders in the religious field are brought to the college each year through an endowment fund set up by J. M. Wilson of Floydada. First of Dr. Jones' lectures will be "The Faith of Our Fathers." Others in order of their delivery will be "Exploring Certain Biographies," "Adventuring Among Great Orators" and "Silhouettes of Our Presidents."

A member of the National Committee of 130 Against Intolerance, Dr. Jones has made numerous addresses before high school and college groups under the sponsorship of the National Conference of Christians and Jews. Author of 14 books, he is bringing out a new book published by Harper and Sons entitled Lincoln and the Preachers.

Dr. Jones is currently writing a daily column for the Detroit News called "Successful Living" which has been published for 10 years. He was foreign correspondent for the News in 1923 and 1935.

Dr. Jones was for 26 years minister of Central Woodward Christian Church in Detroit, resident of the Federal Council of Churches of Christ in America, 1936-38, and exchange preacher to Scotland in 1932. Before coming to Detroit Dr. Jones was minister of the First Christian Church of Bloomington, Ill., for 14 years.

RETAIL SALES—PRELIMINARY

October sales of Texas retailers were estimated at \$442 million, indicating little change from September dollar sales, the University of Texas Bureau of Business Research reported.

Durable goods sales fell 4 per cent from September, the second monthly setback since May. Jewelry stores recorded the only monthly increase, climbing 5 per cent.

Other stores in the durable goods group reported sales lower in October than in September. Despite the seasonally-expected upward trend of 9 per cent in furniture and household sales, these stores reported a decline of 19 per cent during the month; building materials, lumber and hardware sales fell 2 per cent; and automotive sales dipped 1 per cent.

Sales of nondurable goods rose 3 per cent from September. Florists' sales stepped up 13 per cent for the greatest rise over the month; followed by department stores, food stores and eating and drinking places, up 4 per cent; country general stores and general merchandise stores, climbing 3 per cent; apparel stores, gaining 2 per cent; and drug stores, up 1 per cent.

Filling stations reported the only September-to-October decline in sales in the nondurable goods group—falling 12 per cent. Compared with October 1947, retail sales rose 4 per cent. Sales of durable goods stores increased 4 per cent from a year earlier, while nondurable goods sales rose 5 per cent.

IN MEMORIAM

Only by death did Mrs. Ella R. (P. H.) Miller confess human limitation, so broad and vigorous was her life. Few have lived so full a life. Kindly human sympathy abounded in her every day living. True value of her services were keenly felt by her entire community as well as to all who learned her character and were strengthened by her solid virtues.

Always faithful to the trust that God had given her as a teacher, she never was found lacking in the duties of life. The last active hours of her life were spent preparing the lesson to be taught to the Dorcus Sunday School Class of the First Baptist Church of Sunday, Nov. 14. Laying her bible aside, she retired. At ten minutes past two a. m. the summons came and her spirit took its flight back to the God who gave it. The class instead of listening to her voice, sat quietly and reverently with tear dimmed eyes near the temple of clay and in muffled tones spoke of their love and appreciation of her faithful and efficient teaching throughout the years.

She loved her church and the cause for which it stands. She was loyal to its every member and diligent in promoting its program. Her interest was not limited to her local organization and she attended many state wide meetings as well as the one world wide meeting.

Her love for God and His righteousness as revealed in His word was profound. Her deep sympathy for those who suffer found her ministering in quietness and strength. For the unfortunate she had a word of encouragement. So often she loved the sinner while loathing the sin and was ever ready to render aid. Her wise counsel was sought by many in times of stress and strain. Her sound judgment and keen sense of humor helped many over rough places. Her faith in God and His grace, not her works, was her assurance of eternal life. But surely her works shall follow her.

The tributes paid by her pastor, Rev. Melvin Rathael, Dr. R. N. Richardson of Hardin-Simmons University, Mr. E. M. Collier, Supt. of Hendricks Memorial Hospital and her good friend and former pupil, Rev. P. D. O'Brien, were most fitting and appropriate to her life, as were the tributes paid by the host of friends who gathered to pay their last respects. The memory of this life

Attend Funeral

Among the out of town friends attending the funeral of Mrs. P. H. Miller were Dr. D. Emory, Allen, Mrs. R. J. Mosley and Mr. and Mrs. Oscar Jackson of Fort Worth, Dr. R. N. Richardson, Dr. Arrant, Dr. Walton and Mr. E. M. Collier, Mr. and Mrs. J. K. Dellis, Mrs. J. D. Sandifer, Mrs. Louella Powell and Mrs. Troy Stricklin of Abilene, Mr. and Mrs. W. M. Hunter, Mr. and Mrs. J. H. Lee, Mrs. J. E. Sowell, Mr. Edwin Sowell, Mrs. Lucy Cowan of Lubbock, Mr. and Mrs. Gordon Hamilton, Mr. and Mrs. Eddie Taylor of Stamford, Mrs. J. W. Waggoner, Sr., of Amarillo, Mr. Howard Lawton, Okla., and Mr. and Mrs. Leon Barnes of Abilene.

Out of town relatives attending were Mrs. L. D. Powell, Colorado Spring, Colo., Mr. and Mrs. J. R. Barnes and baby, Plainview, Mrs. Gaston Green and son, Glenn, Dallas, Mr. and Mrs. H. E. Barnes, Donald Barnes, Mrs. and Mrs. Morris Barnes, Knott, Mr. and Mrs. J. W. Wooten and Mrs. Harvey Wooten, Big Spring, Mr. and Mrs. L. V. Rich and son of Lawton, Okla., Mr. and Mrs. Yates Brewer, Shamrock, Mr. W. H. Miller, Abilene, Mr. and Mrs. G. R. Couch and daughter, Jenelia, Weinert, Mr. and Mrs. Ned Rich, Haskell.

Funeral services will be held at 10 a. m. Sunday, Nov. 28, at the First Baptist Church of Sunday. Burial will be in the Abilene cemetery.

Funeral services will be held at 10 a. m. Sunday, Nov. 28, at the First Baptist Church of Sunday. Burial will be in the Abilene cemetery.

Gov. Jester Names TB Seal Drive Date

Naming tuberculosis as a major public health problem in Texas, Governor Beauford Jester officially proclaimed November 22 to December 25 as Seal Sale Season.

"Our tuberculosis associations are engaged in a fight against a disease that kills more than 2500 Texans a year," said Governor Jester. Stressing the fact that the Texas Tuberculosis Association and its affiliated locals derive the funds to carry on their work from the yearly sale of Christmas Seals, the governor urged everyone to give generous support to the fight against tuberculosis by buying and using Christmas Seals.

will linger in many lives, and respect and affection will inspire always toward noble and spiritual values.

Nightlong Sleeping Comfort—AUTOMATICALLY YOURS!

...an Electric Blanket makes a wonderful Christmas Gift

- * Warmth of three blankets — the weight of one!
- * Adjusts automatically to weather changes!
- * Average of operating costs, less than two pennies a night!

With the G-E Automatic Blanket, you can laugh at sudden weather changes! You'll be snoozing snugly under the light-weight warmth of one automatically controlled blanket... always kept at the temperature you've selected. (Just set the Bedside Control once a season.)

Get your "automatic sleeping comfort" today! Select from blue, rose, green, cedar, 72 x 86 inches. Fits any bed!

Laundered beautifully. Carefully made to rigid General Electric safety standards, and approved by Underwriters' Laboratories, Inc.

West Texas Utilities Company

Candlelight Rites at Methodist Church
Unite Elizabeth Stowe, Robert Weaver

A candlelight service at the First Methodist church of West Allis united in marriage Elizabeth E. Stowe, daughter of Mr. and Mrs. Ray Stowe, Hales Corners, Wis., and Robert Weaver, West Allis, son of the W. R. Weavers of Spur, Texas. The Rev. G. W. Lester read the service at 7:30 p. m.

The bride, given in marriage by her father, chose a gown of white slipper satin with a short train and an extremely full, gathered skirt. Her bodice was fitted, and the long, close-fitting sleeves ended in pointed extensions at the wrists. The net yoke came to a high collarless neckline, and the deep satin bertha was trimmed with seed pearl scrolls. A small bustle bow topped the back of the skirt. Her fingertip veil was of illusion, and fell from a Juliet cap of seed pearls. Her "something old" was her birthstone ring, a keepsake from her maternal grandmother. She carried a cascade bouquet of white roses, white bebe mums and stephanotis.

Mrs. Norton Barrett of Spur, Texas, a sister of the bridegroom, and Shirley Williams of Minneapolis, Minn., a cousin of the bride, were her bridesmaids. They were gowned alike in dusty rose taffeta faille. The gowns were styled with ruffled necklines, fitted bodices and flared skirts. Their Juliet caps matched their gowns and their flowers were cascade bouquets of American beauty roses and lavender bebe mums.

Mrs. George Socha of Oconomowoc, Wis., was the matron of honor. Her gown was styled like those worn by the bridesmaids, of American beauty taffeta faille. Her cascade bouquet was of deep yellow roses and bebe mums.

Norman R. Lee was best man and Richard Stowe, Hales Corners, was the ring bearer.

Atkinson - Hix

Miss Bobbie Ruth Atkinson, daughter of Mr. and Mrs. Claude Atkinson of Dickens, became the bride of Lee Hix, Lawton, Oklahoma, on November 5. Roy Ward of Dickens performed the ceremony. Jewell Noland and Bud Slaughter were the only attendants.

The couple will make their home in Spur.

Delta Kappa Gamma Meet in Paducah

On Saturday, Nov. 20, 1948, in the home of Mrs. John J. Davis in Paducah, members of the Gamma Eta Chapter of Delta Kappa Gamma met in a regular meeting. Current business was considered and announcements were made concerning a meeting at the Texas State Teachers Association meeting in Dallas on Nov. 27.

Mrs. O. A. Bennett, a Parent-Teacher president of Paducah, presented a well prepared book titled "How to Stay Alive as Long as You Live" by Mrs. B. W. Overstreet. Mrs. Bennett not only entertained and instructed members of her audience but also aroused in them the question, "Am I living in the full capacity of the Power within me?" Mrs. Bennett quoted Mrs. Overstreet as saying "To stay young is a divine power." The author believes that our words reflect our ages and warned her readers to get new food for the spirit as well as the body.

The chapter paid silent tribute to the memory of Miss Thersia Godfrey, a past president of the chapter, recently deceased.

After adjournment the members enjoyed a lovely salad with cheese puffs and coffee and a short social hour with Mrs. Davis. The next meeting will be on Dec. 11, at 2 p. m. in Paducah.

Spur Students Attend WTSC

Three students from Spur are attending West Texas State College this fall. Enrollment has reached the highest peak in history with 1,669 students registered.

Spur students are Darrell Robinson, freshman, Deane Wright and Jimmie Draper, sophomores. Wright and Draper are on the WT football squad.

Mrs. Phifer Returns From Convention

Mrs. C. A. Phifer returned Friday night from El Paso where she attended the state meeting of the Parent-Teacher Association. Mrs. Phifer is president of the local Parent-Teacher Association and reported a satisfactory and profitable trip. Her "convention education" began when she boarded the chartered bus in Lubbock with representatives from thirty-two local units.

Bridal Shower Honors Mrs. Cage

Mrs. Donald Cage, the former Vivian Reynolds, was honored with a surprise bridal shower in the home of Mrs. Betty James, Thursday, Nov. 18.

Hostesses were Miss Anita Reed, Miss Donna Jean Wright, Mrs. Betty Stanley and Mrs. James.

The honoree was presented with a lovely assortment of gifts. Refreshments were served to about thirty guests.

Spur Girl Is Pledge to Delta Chi Delta Sorority

Formal pledging for Miss Virginia F. McNeill of Spur, to membership in Delta Chi Delta social sorority at Stephens College in Columbia, Mo., was held on Sunday, Nov. 14.

Miss McNeill is one of nearly 500 young women who are pledged to the 16 social sororities at the college.

Social service is one of the principal objectives of the sororities at Stephens, though members participate in a program of social activities during the year.

Highlighting the winter social season will be the formal Pan-Hellenic Christmas ball which will be held in the Lela Raggy Wood ballroom at the college on December 10 and 11. The Pan-Hellenic and Independent organizations jointly sponsored a dance given on November 19 and 20.

Miss McNeill is the daughter of Mr. and Mrs. Jordan R. McNeill.

Thanksgiving Fete For Soldier Mound HD Club Members

Observing its annual Thanksgiving entertainment the Soldier Mound Home Demonstration club held a dinner Thursday, Nov. 18, in the home of Mrs. W. H. Condon.

The Thanksgiving menu featured baked chicken and dressing and all the trimmings. The meal was served buffet style from the beautifully appointed dining table.

Games of forty-two occupied the guests during the afternoon. Those present were Messrs. and Mesdames John Bachman, Henry Gruben, Floyd Barnett, Tom Condon, Joe McDaniel, Ollie Hindman, Dee McArthur, T. B. Watson, W. T. Williams, John Aston, Buck Ballard and W. H. Condon.

Farm Products Show Advance

Southwest markets opened Thanksgiving week with nearly all farm products higher than they were the previous Monday, reports the Production and Marketing Administration, U. S. Department of Agriculture.

Cotton went up 50 cents to \$1.50 a bale, and cottonseed around 50 cents a ton.

Egg and poultry prices opened the week near the season's peak as holiday demand boosted the market. Also, lighter offerings and smaller cold storage stocks contributed to the advance. Eggs were 5 to 10 cents higher Monday than last year at the same time, heavy hens 6 to 7 cents per pound higher and turkeys 8 to 10 cents higher.

Southwest fruit and vegetable shipping points reported mostly steady to stronger prices this past week for onions, potatoes, sweet potatoes, peppers, tomatoes and citrus. Liberal offerings of locally grown produce at several terminal markets discouraged marketings from South Texas.

Cattle prices turned stronger Monday before Thanksgiving after drifting downward for more than a week as a result of increased shipments and sluggish demand in dressed beef centers due to a holiday shift to poultry. But when Monday's cattle receipts dropped to the lowest volume in several weeks, prices responded to active trading with gains of 25 to 50 cents per 100 pounds at most southwest markets, bringing quotations near the previous week's level.

After slipping \$1 or more during the previous six days of trading, hogs advanced Monday despite seasonally heavy receipts. Prices climbed \$1 to \$1.50 higher than the previous Monday. Top prices ranged mostly between \$23.25 and \$23.50 at most southwest as well as midwest markets. This was \$2.50 to \$3.00 per 100 less than on the comparable day last year.

Cottonseed meal, bran, shorts and other feedstuffs advanced \$2 to \$6 per ton on the wholesale market last week. Also, hay went up as demand improved for scarce offerings of the better qualities.

Wheat jumped a nickel per bushel from Monday to Monday of this week to reach the highest price since late May, \$2.51 per bushel. Also, white corn went up about 5 cents, yellow corn and oats about 3 cents per bushel and sorghums 3 cents per 100. Barley declined but closed Monday at the previous week's level. Farmers held on to their rice in firm markets.

PERSONALS

Troy Boothe, stationed at Inyokern, China Lake, Calif., arrived here last Friday to spend his furlough with family and friends.

Little Beth McGinty is spending this week in Tahoka with her grandparents, Mr. and Mrs. I. M. Draper.

Mr. and Mrs. Van North, Mr. and Mrs. E. S. Lee, Miss Whitaker and Mr. and Mrs. M. H. Bragg were guests at a birthday dinner given in honor of Patsy Bragg in the Bruce Browning home.

The Junior Harmony Club is practicing a play to be presented at the Lions Club meeting next Wednesday.

Byron and Robert Hart of Levelland and Mrs. Slim Meyers of Spur, spent the week end with their brother, Mr. T. J. Hart of Guthrie, Texas.

McAdoo Boy in Tech Movie Production

Clint Formby of McAdoo is one of four students of Texas Tech who has been working with the all-college movie being produced by students since January 1, 1948, who left for Chicago Sunday morning for completion of their part of the work necessary before the movie is ready for release. Other students attending are Miss Oleta Stewart of Lubbock, script writer, Dub Boswell of Sweetwater, student director, and Betty Dennison of Lubbock, narrator. Formby is a narrator.

The group arrived in Chicago Sunday afternoon. Monday was devoted to script revisions. Tuesday's work concerned coordination of the sound track with the film. The premier of the film will be held in Lubbock, but no definite date has been set.

Processing of the film will require about six weeks, during which time the frames of black and white work copy will be matched with the eight color technicolor master copy. The film, when completed, will be approximately 30 to 40 minutes, and will show every phase of campus life at Tech. The Tech Chamber of Commerce is sponsoring the making of the picture.

Pre-planning a part of any meal is a wise precaution when you're busy. Banana Cream Fudge is an interesting dessert and can be prepared the day before to save time at the regular meal-hour rush. Combine 2/3 cup granulated sugar (2 cups) rolled fine with 1/2 cup softened butter or margarine and 2 tbs. sugar. Blend well. Press 1/2 of crumb mixture firmly against sides and bottom of well-buttered pan. For the filling prepare 2 pkg. prepared vanilla pudding with 4 cups milk following directions on package. Cool and pour into crumb-lined pan. Slice 2 bananas over top of pudding. Beat 3 egg whites stiff but not dry, adding 6 tbs. sugar gradually. Spread meringue over bananas. Sprinkle remaining crumb mixture on top. Bake in gas oven (350°) for 20 mins. Chill overnight before removing from pan. Serves 6 to 8.

Girl Scout Stamp Presented

ONE of the first sheets of the Juliette Gordon Low Girl Scout commemorative three-cent stamp was presented to L. C. Stowell, president of Underwood Corporation by Gladys Moore, 12 year old Girl Scout, of 419 York Street, Burlington, New Jersey. This stamp, first issued through the Savannah, Georgia post office, honors the founder and organizer of Girl Scouts in the United States, and Miss Moore was especially selected to make this presentation.

A friend of Lord Baden-Powell, who originated the Scouting idea for boys and girls, Mrs. Juliette Low, a native of Savannah, observed the work of the Girl Guides in England and introduced the movement to this country. The more than a million and a half Girl Scouts and leaders, plus millions of friends and former Girl Scouts, carry on the work and spirit of this organization.

Stamford Youth Jumps in Japan

WITH THE 11TH AIRBORNE DIVISION IN SENDIA, JAPAN—Private O. S. Hambright, qualified parachutist of Stamford, Texas, recently participated in a pay jump which took place at the Sendia Drop Zone in Sendia, Japan. He is the son of Mr. Otto Hambright of 417 East Campbell St., Stamford, Texas.

The men were sent to Matsushima Airbase where they boarded planes which took them to Sendia. Approximately 10 minutes after leaving Matsushima the men were jumped over Sendia. A pay jump must be made every three months to remain on jump status. As long as Private Hambright is on jump status he will receive an extra \$50 per month as jump pay.

Private Hambright joined the Army in January, 1947, and completed his basic training at Fort Ord, California. Upon his arrival in Japan he volunteered for parachute duty with the 11th Airborne Division and was later assigned to the 188th Parachute Infantry.

His present job in the Army is that of a rifleman in Company "G" of the 188th Parachute Infantry Regiment stationed near Sendia, Japan.

Health Notes

With the advent of cold weather each year in this State, several deaths are usually reported, resulting from asphyxiation by gas fumes in improperly ventilated homes or sleeping quarters.

Dr. Geo. W. Cox, State Health Officer, has issued a warning in this respect, emphasizing that it is never safe to sleep in a tightly closed room with a gas fire burning. Even if there are no gas leaks, the air soon becomes vitiated and unfit to breathe.

"When occupying a room in which gas is burning, be sure always to have at least one window or door open, to admit fresh air," Dr. Cox said. "If the weather is too cold to permit leaving an open window in the room occupied, then play safe by opening a door into an adjoining room, where a window can be opened."

Dr. Cox said he was prompted to issue this warning early in the season because of the fact that thousands of new residents in the State have come from districts where they have been used to burning coal, wood or oil, and they do not know the dangers of gas fumes in improperly ventilated homes.

"Occupying a room heated by an open flame, and at the same time keeping the room tightly closed, may prove disastrous the very first time it is tried," Dr. Cox said. "It is better not to risk it even one time. Always be sure that your room has plenty of fresh air, but make doubly sure when you have a gas fire burning."

CARD OF THANKS

We wish to take this means of expressing our gratitude to friends and neighbors for their words of consolation, acts of kindness and for the beautiful floral offerings tendered at the death of our loved one. It is our wish that the Blessings of God may rest upon each of you for your kindness.

In most Japanese homes, a small stove under the tub heats water for bathing. In this country, an automatic gas water heater holds the hot water to the necessary 105° for a refreshing hot bath.

When broiling grapefruit halves top them with apricot jam, spiced sugar, or Brazil nuts and brown sugar. Add dots of butter before putting them about three inches under medium flame.

Winter weather doesn't bother the owners of gas laundry dryers. All they have to do is put the wet clothes into the dryer and sit back while the clothes dry to a soft fluffiness.

New flavor for pudding sauce. To basic recipe add 2 tbs. orange juice, 2 tbs. grated orange rind. Beat until smooth. Sprinkle with orange rind just before serving.

Cars Change; So Do Models

In preparation for the fifteenth anniversary of "Knee-Action," Chevrolet staged with a current car a photograph taken when it introduced coil springs. Both pictures above show (l to r) George LaGuette, now a factory production manager; Robert Allen, Broadway actor; Mrs. Ray Pohnman, wife of a well-known artist, and Roland Utenschildt, the "baby" in the 1934 pose who is now a college sophomore.

Undersize Farms Loans Being Made

An increasing number of loans to enlarge undersize farms are now being made over the country to qualified farm families whose present holdings are too small to be efficient family-type units, Maurice P. Vannoy, County Supervisor of the Farmers Home Administration, said today.

Mr. Vannoy said farm enlargement loans are made or intended to owners unable to get the credit they need elsewhere. Funds are included to make the necessary repairs, or improvements on the enlarged unit.

A family farm, Vannoy said, is one large enough and productive enough to employ the members of a family efficiently, and to support them from farm earnings.

"We can include enough money in these farm enlargement loans," Vannoy said, "to refinance any present indebtedness of the borrower against his farm."

Included in the steps to secure a farm enlargement loan are the filing of a written application, federal appraisal of the normal earning capacity value of the farm as enlarged, estimate of costs for needed repairs and improvements, and consideration of the farm and the applicant by the County Committee.

"Of course it is often the case," Vannoy explained, "that a farm is too small, yet no adjoining land can be bought to enlarge it. In that case the enlargement must wait until land becomes available. We have seldom found it practical to enlarge a farm by adding non-adjacent land, necessitating the operation of two separate tracts."

Besides farm enlargement loans, the Farmers Home Administration also makes and insures farm development loans to improve land already owned.

Applications are now being taken for Farm Enlargement Loans at the local office of the Farmers Home Administration in the Spur Security Bank Building.

Animal Husbandry Dept. at Tech Adds 6-Year Old Bull

Volunteer Lena Standard, six-year-old Jersey bull owned by C. A. Williams of Memphis, has been leased for one year by Texas Technological college for use in the artificial breeding program sponsored by the college's animal husbandry department.

Henry D. Schwarz of Lubbock and a 1947 graduate of Texas

Wooden Indians Being Carved For First Time Since 1860s

CIGAR store Indians are marching out of their reservations. Their popularity has been revived and intensified. In Hollywood Ann Jeffreys in RKO Studio admires a typical hand-carved cigar store Indian used in movies depicting the pioneering past.

Tech has recently joined the staff as assistant technician in the artificial insemination program.

Purpose of the breeding program is to improve dairy stock in the Lubbock area. Stock of breeders, farmers, dairymen and ranchers is serviced within a 25-mile radius of Lubbock, and offered by the college at a minimum fee.

Tech Husbandry Dept. Experiments On Feeding Tests

A commercial feeding test involving 10 Hereford calves with an eye to saving time and money at no sacrifice to quality cattle is underway at Texas Technological college.

Calves under observation are to be fed as stockers through the winter and early spring. They

will be placed on pasture in the late spring, summer and early fall. Then for the final feeding period they will be divided into lots of five each and one group hand fed while the other group is self-fed.

The experimental calves will make their first public appearance at the spring livestock show in Lubbock, and will be exhibited in one group as stocker calves.

Results of the test, feeds used along with charted weight gains and time spent will be posted a year later at the South Plains livestock show where they will be entered in the fat yearling steers class.

The calves to be used in the project are from the Pan Tech farms, Amarillo.

A. C. A. News

We have allocated all A.C.A. funds for Dickens County in 1948. However, there are quite a few practices that are not complete and we would urge those who have not done so, to complete their program before December 31, 1948.

We have our allocation \$74,200.00 for 1949. This is an increase over the 1948 allocation (\$45,700.00). We hope to get quite an increase in soil conservation with the additional funds.

Assistance to any farmer under the 1949 program will be limited to \$750.00. The limit for the 1948 program to any one farmer was \$500.00.

We have been advised that we may now issue approvals for 1949 Mechanical Practices which will not be completed until after January 1, 1949. No payment can be made on these practices in 1948 but we can continue with our conservation program without a halt because of lack of funds.

SEE YOUR COMMITTEEMEN

For further information, see your Agricultural Conservation Association Committeeman. He has become an often repeated slogan. B. F. Vance, Chairman of the Texas Production and Marketing Administration Committee, explains who the "Committeeman" is.

In about 30 thousand commu-

Not So Dumb

THOMAS ROY JONES

Rejecting the saying "It's all right to be dumb on occasion but there's no sense in making a career out of it," Thomas Roy Jones, a Kingman, Kans. boy who became one of the nation's leading industrialists (he's board chairman of American Type Foundry, Dayton, Ohio, and other companies) once told an American Management Association conference:

"You are now looking at a man who has made a career of being dumb and thinks it does make sense. I have learned from experience that any answer which I may have for a problem is probably, at best, only half right, so I go to the best man I can find on that particular problem, and if I don't have all the answers when I come away it's because I haven't thought of all the questions. Then I take action on the other fellow's advice and get a reputation for being smart and am invited to come to conventions and make speeches to the fellows from whom I obtained the answers."

ities in the United States, elections will be held during the month of December. In these elections farmers vote for their neighbor farmers to represent them in administering the Agricultural Conservation Program and related farm programs. The Agricultural Conservation Program helps farmers carry out soil and water conservation practices as a protection to the Nation's present and future food and fiber supply.

These elected community and county committeemen, nearly 100,000 in number, have in large measure furnished the leadership for State PMA Committees and National Administrators. Through these elected committeemen the door has been open for farmers to move up into administrative positions in the U. S. Department of Agriculture. The immediate past and present Under Secretaries of Agriculture came up through the elected farmer committee system. N. E. Doid, former Under Secretary of Agriculture and now head of the Food and Agriculture Organization of the United Nations, started as a committeeman in Oregon. Albert J. Loveland, present Under Secretary of Agriculture, began as an elected community committeeman in Iowa.

Funeral Rites for Former Resident

Funeral services for William Lester Gragson were conducted at Thornton Mortuary Friday, Nov. 12, at 2:30 p. m. Burial was in the Riverview Cemetery. He succumbed Nov. 9 at Brawley Community hospital following a heart attack.

Mr. Gragson was 55 years of age, he was born and raised in Jack County, came to Dickens

county in 1915 and lived near Spur until his family moved to Brawley in 1930. He was a member of the Baptist Church.

Surviving are his wife, Carrie Gragson; one son, Gerald; two daughters, Mrs. Wilburn Langhrin and Mrs. E. H. Laird; two brothers, John Gragson of Spur and Monroe Gragson of Brawley; three sisters, Mrs. Henry Carr, Fresno, Calif., Mrs. Lee Crawford, Perrin, Texas, and Mrs. Ray George, Spur.

Those from Spur attending the funeral were Mrs. Ray George, Cecil Estep, Frank Tullis, Mr. and Mrs. Ernest Dunaway and John Gragson.

There were four newspapers in Boston by 1765.

There were no editorial pages in colonial newspapers.

Newspapers depended upon the chance arrival of private letters as sources of news during the Revolutionary War.

Get your car tuned-up for winter driving. Bring it to Gene Roberts, Gregory Motor Co.

Beware Coughs From Common Colds That NAG ON

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial passages and membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CARD OF THANKS

We take this method to thank the people of Spur for the kindness shown at the death of our

brother. We especially thank the Chandler Funeral Home, Row. Will and the singers. May God bless you all. The Berry Family.

Completed today is the dam which has just been completed on Camp Mamie Haynes of the Boy Scouts of America. Camp Haynes is located about 11 miles Northwest of Silverton, Texas. The new dam is approximately 150 feet long - 110 feet thick at the bottom and approximately 30 feet high. Water backed up by the dam will provide an excellent place for the Boy Scouts to swim and fish next year.

1943 map shows the Texas counties which were producing oil and gas as of January 1, 1943. The petroleum industry spends about one-third of a billion dollars annually in 200 counties for leases, bonuses, and royalty payments.

We Wish The Best Of Everything TO YOU AND YOURS FOR Thanksgiving

This is the season of gratitude and we want to express our appreciation to you, our friends and customers, for your loyal patronage through the years. You have made this Thanksgiving one for which we are truly thankful. We hope it will be a day of joy and thanks for you. We hope your loved ones are close and that you enjoy to the fullest extent, the fruits of our bountiful nation; the God-given blessing of peace and liberty. Again we thank you.
