

### Texas Schools Need 51,772 Teachers

AUSTIN, TEXAS, Jan. 12.—Texas schools must have a minimum of 51,772 new teachers in the next ten years.

That is 5,000 more than the total of teachers now in the schools. They number 46,500.

Replacement of teachers is causing educators great concern, according to Miss Maurine Walker of Waco, first vice-president of the Texas State Teachers Association and professional standards.

"There is also a tremendous shortage of teachers and the profession is not proving sufficiently attractive to induce enough people to enter it," Miss Walker said here today.

"Texas, itself, is now short several thousand qualified teachers. National and state surveys disclose that in the next decade 1,277,714 new teachers will be needed throughout the United States.

"Texas will have to find a bare minimum of 51,772 new instructors.

"Surveys of the National Committee show that 31,688 teachers will leave the Texas schools during the next ten years. They will die, retire or quit the classroom

for other reasons." The birth rate, rapidly accelerated during the war years, will soon be reflected in huge increases in attendance in schools throughout the Nation, Miss Walker pointed out.

"Texas, alone, will need nearly 16,000 to take care of the increased enrollment due alone to the advanced birth rate," the Teachers Association officer said.

"The state must find an additional 4,500 teachers to replace those teachers with emergency certificates who are on a temporary basis. During the war years all school systems were forced to lower their teaching standards due to the shortage of teachers."

That the estimated nearly 32,000 new teachers is a minimum figure was indicated by Miss Walker because of Texas' tremendous growth industrially.

"Texas is growing industrially far more rapidly than the average person realizes," she said.

"Should the state continue to attract industry as successfully as it has during the last seven or eight years, our schools will have thousands of more pupils than any of the surveys indicate."

Those factors make the future of great concern, especially in Texas, Miss Walker declared, because most schools in the state are now badly overcrowded.

"It is impossible for our schools to absorb additional pupils in any

### Music to Men's Ears

Pure silks were the featured fabrics when Dr. Frank Black, Nick Kenny, Milton Berle and Arthur Schwartz "Male-Tested" Fashions for Cosmopolitan magazine. The jurors agreed that "silk can whisper, rustle, or sing," and then voted this Stafford's foulard with white polka dots on green, slate or navy as a fashion prima donna of the month. It has a high neckline and front peplum and is shown in the magazine's January issue.

### NEW COMFORT FOR JUNIOR

Dad has nothing on Junior when it comes to the "rubbish ride" of low-pressure tires—and mother can push the baby buggy about so easily that the daily stroll is a new found pleasure.

With the company manufacturing a full line of industrial tires for use on lawn mower, wheelbarrow, or just anything that runs on wheels, engineers of The General Tire & Rubber Company decided it was time to think of Mommy and Junior. The baby buggy with wide-base industrial tires was the result.

### GIRL SCOUT MEET

New officers for the patrol were elected in the Girl Scout, Troop 11 meeting on January 6. Scouts present were: Sue King, Margaret Pierce, Gwen Ford, Dean Reagan, Billie Sue Gregory, Carol Carpenter, Marylin Miller, Jean Boothe, Jane Ann Albin, Kathleen Kelly, Gail Love, Helen Dean Bingham, Sandra Watson, Merla Bee Foreman, Yvonne Adams, Dixie Carol Young, Lenora Wilson, Marion Carlyle, Nannette Alexander, Gail Buzbee, and the leaders, Mrs. Fike Godfrey and Mrs. Beadle.

### AUXILIARY MEETING

The next regular business meeting of the American Legion Auxiliary will be held at the Legion Monday night, February 14.

### TB Claims 2500 Texans Annually

If we are to eradicate tuberculosis in Texas, every one of us must seize every opportunity to participate actively in the campaign against the disease. Dr. George W. Cox, State Health Officer, said today in a statement urging those who have not yet responded to their Christmas Seal letters to do so.

"Certainly we have gone far in prevention and control of tuberculosis in Texas, but the disease still kills more than 2,500 Texans a year and it takes the lives of more people between 15 and 44 than any other disease."

"While such a situation exists, it is obvious that we cannot relax our vigilance because our job is far from finished. We cannot rest on the laurels of our past record."

Dr. Cox said that finding the unknown cases of tuberculosis, every due of which is a threat to the health of others, depends on the cooperation of the entire community in local chest X-ray programs.

"Although tuberculosis, when it first strikes, has no outward obvious symptoms, it can be found in this early stage by means of a chest X-ray. Therefore, every adult should have a chest X-ray at least once a year. If even apparently healthy people have chest X-rays routinely, tuberculosis can be found early, when it is easiest to cure."

The Texas Tuberculosis Association's case-finding projects are financed by Christmas Seal funds. Therefore your generous support of the 1948 Seal Sale means your individual backing of the activities which form an important part of the prevention and control of tuberculosis in your community."

Check the backs of your cattle now for grubs. This is the best time of year to get rid of them. If you do, there will be fewer losses of meat, leather and milk.

### The New WD TRACTOR with POWER ADJUSTED Wheel Treads

**5-WAY HYDRAULIC CONTROL**  
A single touch control lever at steering wheel answers every command of the operator in controlling implements.

Boyer Means "Give You Tuna"

In the good old days, the traveling men as they visited the towns could always be counted on for some dandy stories.

And if you'd like a few samples, in Howard Post's book, "A Ranger of Commerce"...

As the group sat around the stove in the hotel lobby in small towns, one led off with this: "Over in Southeast Texas in a town in the Big Thicket..."

"Now you know that East Texas is a great section for persimmon trees, and their fruit is when thoroughly ripened, very delicious."

fasten the other end to the body, and when the chill comes on, the "simmons are shaken to the ground."

Another spoke up: "Boys, you all know old Pat, the conductor on the jerkwater road running from El Paso to Alamogordo..."

"Say, Mister Conductor, where would we go if this train was to break loose?"

"Well, Ma'am," old Pat replied. "It would all depend on what kind of life you have lived."

VETERANS NEWS

No increase in the GI loan interest rate from 4 to 4 1/2 percent will be made at this time...

Section 103 of Public Law 901 of the 80th Congress authorizes the Administrator of Veterans Affairs, with the consent of the Secretary of the Treasury...

Mr. Gray's decision not to increase the rate was reached after an exhaustive study of all factors involved. He said: "I have consulted extensively with Government leaders, individual veterans, leaders and the veterans' service organizations throughout the United States."

Acquisition of the 1,000-bed U. S. Naval Hospital at Houston, Texas, by the Veterans Administration and cancellation of VA plans to construct a 1,000-bed neuropsychiatric hospital, also at Houston, have been announced by VA.

More than 9,000,000 World War II veterans have applied for education and training under the GI Bill and Public Law 16 since the two laws went into effect in June, 1944, and March, 1943, respectively.

L. C. Harrison Family Files \$400,000 Suit. The law firm of Bohannon and Prescott announced Thursday it had filed a \$400,000 damage suit in 98th District Court at Austin in connection with the traffic death there Nov. 30 of L. C. Harrison, wealthy Dallas oil man.

Harrison was a passenger in a taxicab owned by Patton's Inc. operating under the trade name of the Yellow Cab Co. The cab, driven by Joseph Luther Dennis, collided with a car driven by Orville Sterling Blevins, a University of Texas student, at 15th and Lavaca Sts.

The suit names Patton's Inc. as the cab driver and the student, Ross Bohannon, Harrison's attorney and member of the law firm handling the suit, was a passenger in the taxicab but was not injured in the accident. A third passenger in the cab, Harry Logan, Fort Worth attorney, was injured.

Cotton Question Problem in 1949

COLLEGE STATION, Jan. 13—Now, it's about time for Texas cotton growers to decide how their cropping pattern will shape up for 1949.

For many cotton men, the 1949 season is already set. Others, however, are still deciding the question, "What should I do with cotton in 1949?"...

Backs to this question many Texas cotton farmers are asking—"What should I do with cotton in 1949?" That is a matter for the farmer himself to decide, says Bates. But a few guiding facts may help to reach a decision.

1. The carry-over stocks of cotton next August are expected to be about three million bales greater than on last August 1.

2. The total cotton used in this country is expected to drop a little during the coming months. However, the foreign shipments are to increase under the European Aid Program.

3. Price prospects through the government plans are a little more favorable than for feed grain crops due to storage difficulties with grains.

4. Finally, the prospective demand for livestock and livestock products is relatively stronger than for crops.

Bates concludes that this year should be one of fair opportunity for cotton growers and cotton "has the edge" on cash grains if it's a toss-up between these two crops.

Certainly where livestock production is handled along with cotton, the output of meat, milk and eggs should not be decreased next year. It's good, common sense, says Bates, to keep up the production schedule on the basis of long-run profits.

The suit is being brought in behalf of Harrison's widow, two daughters, and a son by a former marriage, and Harrison's father, A. J. Harrison of Jayton. In asking \$400,000, the petition says Harrison had a life expectancy of 19 1/2 years and he had earned at least \$50,000 per year.

Doctors Disagree About Arthritis! Some claim it is incurable—but sufferers who have tried SEUMA-RUB tell us that this new liquid emulsion gives them wonderful relief from pain and discomfort. SEUMA-RUB is a pleasant-to-use Alcoholic Rub that penetrates and stimulates sore aching muscles and swollen joints...

PEOPLE in more than 50 countries gave some \$50,000,000 in 1948 to the United Nations Appeal for Children (UNAC). Much of the money went to the U.N. International Children's Emergency Fund, which is inoculating 15,000,000 youngsters against TB and is helping feed 4,500,000 daily. Here a brother and sister in China turn in their voluntary contributions to a local UNAC office.

## Espuela H. D. Club Meets January 6

The Espuela Home Demonstration Club met January 6 in the home of Mrs. F. B. Crockett. The president, Mrs. Crockett, appointed the following demonstrators during the business session: Mrs. John Sharp, clothing; Mrs. Jimmie Sharp, yard; and Mrs. S. L. Benefield, food. Mrs. Jimmie Sharp gave an interesting paper on Holland, and to conclude the program Mrs. F. B. Crockett gave a paper on the economic situation. Chiffon cake, toco and salted nuts were served to Mesdames: John Sharp, W. E. Ball, Jimmie Sharp, Bob Crockett, Don Ransett, S. L. Benefield, a new member, Mrs. J. W. Holloway and the hostess, Mrs. Crockett.

## Glove Making Is Demonstrated at H. D. Club Meeting

The first meeting of the new year for the Soldier Mound Home Demonstration Club was held Thursday, Jan. 6 in the home of Mrs. John Aston.

Agent, gave a very instructive demonstration on glove making, stressing the necessity for accuracy. She said, "Many variations in pattern and stitch are possible. It is not only on the back of gloves is made on both gloves at the same time, they will be more nearly alike." As game prize winner, Mrs. Joe McDaniel was presented a lovely gift. Refreshments of coffee and cake were served to Mesdames: Ollie Hindman, W. H. Condon, Henry Gruben, T. B. Watson, Joe McDaniel, Jewel Robinson, one visitor, Mrs. Van North and the hostess, Mrs. John Aston.

## Patton Springs 4-H Club Meets

Patton Springs 4-H club meeting on January 5 was called to order by the president, Duane Dunlap. Robert Forbis received a medal for being the best club member. Charles Taylor, 4-H club agent gave a talk on milk cows. Those present were Brian Copas, Kenneth Fox, Lonnie Hobson, Jim Legg, Don Forbis, Perry Copas, Jerry Hix, Kenneth LeFever, Jerry Slaton, Bill Young, Robert Forbis, Duane Dunlap, LeRoy Carothers, Charles Haney, Alfred Rainbolt, Edmond Yeats, Clayton

Perry, Chuck Byrd, Orville Fox and Nicky Hale.

## 4-H Club Boys Hold Meet January 4

The 4-H Club boys met Thursday, Jan. 4 at the Agricultural building with their advisor Mr. Taylor. The boys discussed their 4-H projects for the coming year. The majority of the boys living on farms choose pigs as their projects. Other choices were raising calves, rabbits, chickens, etc. Officers elected for the new year were: Herhsall Wade, president; Pat Applegate, vice president; Tommy Bass, secretary; Calvin Reynolds, reporter. About twenty boys attended the meeting Tuesday. A larger attendance is expected at the next meeting. All boys interested in 4-H work and wanting to join should see Herhsall Wade for the date of the next meeting.

## Spur Airman On Duty With Air-Lift

Billy G. Hairgrove, aviation machinist's mate, first class, USN, husband of Mrs. Jane S. Hairgrove of Route 1, Spur, Texas, of the Naval Air Transport Squadrons flying with U. S. Air Force planes in the Berlin airlift, has received a "well done" from the Air Force Commander for his work.

Despite the worst flying weather in decades he has been carrying coal and food into beleaguered Berlin as the Naval Squadrons operate with the Air Force from the Rhein Main Air Force Base, near Frankfurt. Arriving in mid-November from the Pacific, the squadrons' personnel, both in the air and on the ground, were faced with the two-fold problem of flying planes through conditions rarely faced by airmen in normal flight operations and of keeping planes in operating condition in hastily improvised shelters, often working in the open and in sub-zero weather.

## Baptist Training Union To Meet

All members of Baptist Churches of Dickens Association are invited to attend the meeting of the Associational Training Union, at Dickens, Sunday afternoon at 2:30. Rev. Vester Wolber will be principle speaker and C. Melvin Ratheal will serve as chairman.

## IN THE NEWS

Chevrolet's biggest newspaper advertising campaign will use 5,972 dailies and weeklies to announce new models January 22. Dwarling Tomi Banaib, here's what 5,972 newspapers look like, each representing an individual publication.

## 'FOREVER AMBER' OPENS AT PALACE THEATRE SUNDAY

Shown for the first time at regular prices when it opens Sunday at the Palace Theatre, "Forever Amber," the Twentieth Century-Fox film version of Kathleen Winsor's best-seller, marks a brilliant new milestone of motion picture spectacle, glamor and excitement. The picture, which stars Linda Darnell, Cornel Wilde, Richard Greene and George Sanders with a supporting cast of thousands of players, was photographed in color by Technicolor. Into the two years required to make the picture went painstaking preparation Hollywood has rarely known. No effort or expense in sets of breathtaking magnitude and amazingly detailed authenticity as well as lavish and dazzling costumes was spared in bringing to the screen the tremendous sweep and excitement of the story of a country girl who rose to become the most talked-about woman in the Court of King Charles II. Director Otto Preussinger and Producer William Perlberg were faced with a tremendous challenge in expanding the great scope of the novel into the limits of screen presentation. The screen

play by Philip Dunne and Ring Lardner, Jr., written from Jerome Cady's adaptation enhanced all of the dramatic power and spectacle of the story.

"Forever Amber" provides a memorable picture of great contrasts. Scenes of London's cluttered streets in the Seventeenth Century, and dark, dank Newgate Prison make the splendor of the lavish parties and balls given at Whitehall Palace and the brilliance of the Theatre Royal, seem all the more magnificent. The squalor of the thieves in their rags and tatters give added emphasis to the gleaming satins and gold brocades worn by the Lords and Ladies of King Charles' Court. And it is against this rich and ever-changing tapestry that Amber moves in her fight for love and happiness that was to elude her.

The staging of the story's dramatic sequences stand among Hollywood's finest achievement. The great London fire of 1666, which swept 273 acres, destroying

13,200 houses and a score of buildings, was repeated on the company's back lot with two fire departments and a police force of 300 standing by to control the holocaust. For ten days, Cornel Wilde as Bruce Carlton and Glenn Langan as Rex Morgan fought one of the longest, fiercest duels in movie history. The Black Plague of 1665, perhaps the worst catastrophe ever to strike any great city took weeks to film. On the brighter side are the balls staged in Whitehall Palace, the scenes in the Theatre Royal and the episodes in the little village of Marygreen. The most painstaking work of all, however, went into Amber's romantic movements, since it was love that motivated every movement, and love that must motivate the picture.

There will be no tractor fuel shortage in Texas in 1949.

WHEN you see the 1949 Chevrolets, a glance will be enough to tell you they're new—all new—in line and contour, in beauty and style. And when you look inside, and under the hood, and beneath the chassis, you'll see that their newness is not merely in outward appearance, but in design and engineering and construction as well.

But, to a lot of people, the 1949 Chevrolet is already old. They know what it will do, and how exceedingly well it will do it—they know all about its performance, its comfort, its power, safety, durability and economy. They are the engineers and technicians of the General Motors Proving Ground—the largest, most completely equipped, outdoor testing laboratory in the automobile world.

Here, before a single new 1949 Chevrolet went into production, thousands of miles were tested—made they pass, in greater measure, all these qualities in which Chevrolet built its leadership.

In short, the General Motors Proving Ground tests are your assurance that the new-model Chevrolet has passed through many miles of thousands of miles of testing.

Now you will see the Chevrolet and when you do, you will know only one, but best and

## Canvas Built-In Baby Bath Table Safe, Comfortable

It's fun to bathe the baby on but it's more fun and easier on mother and child, if the bathroom is arranged for the convenience and comfort of both.

Mrs. Bernice Clayton, extension home management specialist of Texas A. & M. College, says that built-in cabinets and a dressing table will save time, steps, stooping, lifting and carrying. They can be built in the average-size bathroom and comfort of size bathrooms at a small cost.

This piece of equipment is most convenient if placed at the left of the washbowl. An adjoining base cupboard can be built, with a top large enough to hold the tub of water and with space below for the baby's clothes. Narrow shelves above the working space, set, perhaps, between medicine cabinets, may hold soap and other bath supplies.

"If you're interested in built-ins for baby," Mrs. Clayton con-

## 40 Towns Enter Brownwood Show

**BROWNWOOD**—Launching the 1949 season of major livestock shows in Texas will be the sixth annual Brownwood Livestock Show, which will open January 18th for an eight-day run.

The show will be held at the 74-acre showground at Block 2400 camp Bowie, recently purchased by the stock show association.

Top cattle, sheep, hogs, goats, poultry and horses from a wide area of Central Texas will be exhibited. Entries have been received from 40 cities and towns in Central and West Texas.

Opening the show Tuesday, January 18, will be the district club boys pig, sheep and goat shows with FFA and 4-H boys from the 19-county district competing for prizes. January 19 there will be the poultry show and breeder sheep show. On top for January 20 are the boys' fat steers and open class fat steer events, turkey division of the poultry show and B and C goat show.

Hereford breeding cattle, quarter horse halter classes and the club boys' sheep and hog sale are scheduled for Friday, January 21. The Hereford breeding cattle show will continue and there will be

## Period Pieces of Handmade American Glassware For Table Settings

Your tableware should blend with your home furnishings. Whether your decorating theme is period or modern, you'll find plenty of handmade American glassware that will fit your mode of living, your style of furnishings, and your budget, too.

If you have provincial furnishings, give some thought to the pressed ware patterns, such as the first goblet illustrated. They have a sturdiness of line which will accentuate the theme you convey in your decorations.

The ever popular 18th Century period calls for a mood of elegance and grace, such as the delicately etched goblet seen in the second illustration.

For homes decorated in the post-Revolutionary and Regency styles, select glassware which clings most closely to classic simplicity like the third goblet pictured.

If yours is a love of the modern, you'll find innumerable patterns of glassware to your taste. The fourth one shown is just one example.

No matter what period you choose, select a pattern which is wrought by hand by American craftsmen, and you can be assured of long lasting quality and true, exquisite beauty.

This is the time of year to treat cattle for grub-dust or spray the backs of cattle with a mixture of equal parts of 5% rotenone and dusting sulphur. Repeat the application in 30 days.

Paul Marion says "Better feed the cows some alfalfa or risk some night blindness since no green feeds have been grown in several months." One pound of alfalfa hay per day is sufficient.

Hens will step up in production if electric lights are turned on in the laying house about 5 A. M. This lengthens the day and gives the hens more time to consume the necessary feed to lay large amounts of eggs.

**Salute to Homemakers**  
 2nd BIG WEEK OF CELEBRATION

Dried foods are featured in this week's Salute to Homemakers—at Safeway. It's a swell opportunity to stock up on these tasty foods at Safeway's money-saving prices.

**HUSBANDS! SALUTE your homemaker and WIN \$5000**

Prizes: \$1000, \$500, \$250, \$100, \$50, \$25, \$10, \$5, \$2, \$1, \$0.50, \$0.25, \$0.10, \$0.05, \$0.01

It's EASY! Just flash this timerick:  
 "I'm proud of my wife, you can see she's thrifty and keen on her job. At Safeway she shops. That's where values are tops."
