**New 3-V Knitting Process Means Longer Life for Nylon Sheers**

"V" was for Victory during the war. Now "V's" are for the newest news in volumetric nylons! Through a special new Larkwood process of knitting, three V's are knitted into the top of a nylon sheer to give it a new thigh-conforming fit. And goodness for MEN—the center triangle is a guide-line for instant, accurate gartering, and voila! back seams are straight! This 3-V volumetric knitting process means that the "volume content" is knitted in for a true top-to-toe dimensioning for various leg types. This volume controlled elasticity gives a shock-absorbing quality to the nylon fabric, bringing the boon of more comfortable fit, fewer runs, longer wear

**Shirley Hairgrove Winner In 20th Century Club Essay Contest**

Editor's note: Reproduced below is the prize winning essay by Shirley Hairgrove, Spur High School senior, in the Twentieth Century Club's Essay contest. Miss Hairgrove's essay and an essay by Jerlene Womack, 2nd place winner, will be entered in District competition.

**"THE KIND OF TEACHERS I WOULD LIKE TO BE"**  
—By Shirley Hairgrove.

Every age has had its own art, the art which best expressed its aspirations. The art of the next century or so may be the art of teaching. Dorothy Canfield Fisher has said: "To mold human beings into their finest possibilities involves an epic struggle to create beauty and harmony out of stubborn material limitations which is the foundation of all great art." The field of teaching interests me because to me the school teachers are the leaders of a nation. I enjoy being with groups of children, large or small. I have taken part in many school activities. I have known and enjoyed my teachers outside the classroom as well as in class. The teaching profession is the greatest in my estimation. Education for teaching in a foreign country appeals to me also. After the ruin and destruction of former wars, there is a crying need for young and old alike who will render their services to make the world a place in which human beings can live normal, happy lives. People of lost or forgotten countries who have given up all faith and hope are groping for a light or a way by which they can be led back to newness of life. I should like to possess the qualities necessary in becoming a good teacher. Among these qualities are genuine enjoyment of people, intellectual curiosity and initiative, a purpose to do good, sound health, self-control, high ideals, originality, interest in education, a sense of humor, patience, the power of personal growth, and a joy in observation, reading, and thinking. I should like to feel, when I teach, that I am fully prepared

for the work I am doing. To be well educated so that provide for my students a store of knowledge in a pleasing and practical manner is my primary objective. I would like to be firm and forceful with all my students; yet I want to be patient and loving. To me it is very important to create an atmosphere of "home-away-from-home" in the classroom. How else could this be attained unless each child was given equal opportunities and each felt he had a teacher who really cared for him? I want my room to be warm and just bursting with happiness and contentment. Our "home" would have a spring and fall house cleaning just like real homes. Each child would be given a task suited to his time and talent, and then we would all work together to make our home more beautiful. If the children chose to keep our home fragrant with flowers in spring, I could show my loving appreciation by wearing one of their flowers in my hair or pinned on my dress. When I gave a flower to my teacher and she wore it, I practically glowed with pride and satisfaction for weeks. I should like to be a good companion to all my children out on the playground on pretty days and in the room on bad days. I should like to be able to catch a ball, and if not hit a home run, want to be willing to take advice from my curly-haired baseball captain so he can tell me how I can improve my batting. In the room on bad days, I think it necessary to have something that will keep all the students interested and happy. A game suited to their tastes and interests will keep the rowdy boys quiet until they can get outside again. An entirely different type of game will keep the little girls happy. If these situations arise—and they will—I want to be able still to be pleasant and not "fussy" with my students.

I would like to be able to cope with a difficult situation, and I want to be patient and understanding so that through my sincere efforts he may rise to higher standards. To be a successful teacher I should like to have these personality traits: (1) flexibility—the ability to change and grow, to listen, to question, to fit in with the plans of others; (2) cheerfulness—the habit of enjoying life and of expecting the best; (3) poise—the ability to keep serene amid trying circumstances; (4) loyalty—the habit of being faithful to friendships and responsibilities; (5) enthusiasm—capacity for believing in the success of worthwhile things; (6) initiative—the power to think out things to do; (7) dependability—the habit of being on time and of keeping engagements; (8) industry—the habit of staying at the tasks until properly finished; (9) courage—the moral stamina to stand firmly for right, truth, and justice; (10) good judgment—the ability to consider evidence, to weigh carefully and tolerantly, to decide wisely.

I would like to be worthy of the high office of a teacher. The profession of teaching is glorious and universal. The success of my teaching shall be judged by my growth, my happiness, and contentment. There is a great sense of satisfaction that can be found if one is a teacher in its highest sense.

To me, teachers are the people who make an abiding impression of strength and goodness by their personal attractiveness and force; these are qualities which are rooted in fundamentals of character, they have the physical vitality, endurance, and courage that come from right living. They have the mental stamina and penetration that come from facing one's problems however difficult and from keeping one's mind on things that really matter. They have one moral power that comes from an active sense of right, from doing their part to make truth, justice, and beauty prevail in the world. They have the inner peace and grace that go with cultivated religious feeling and understanding. People like to be with teachers, to trust them, depend on them in emergencies. They are "the salt of the earth," and I want to be one of them.

To be a successful teacher I would look to the ethics of my profession. My relationship with other teachers should be warm, friendly, and co-operative at all times, my helpers in times of need. My attitude toward the administration should be one of respect and fidelity, firmly based on the idea that my position is a subordinate one. The desire to know and use new methods in teaching should always be mine to work for higher goals. My idea of a teacher is very aptly summed up in Joy Elmer Margan's.

"A Tribute To a Teacher"  
"The teacher is a prophet; He lays the foundation of tomorrow."

The teacher is an artist; He works with the precious clay of unfolding personality. The teacher is a friend; His heart responds to the faith and devotion of his students. The teacher is a citizen; He is selected and licensed for the improvement of society. The teacher is an interpreter; Out of his maturer and wider life he seeks to guide the young. The teacher is a builder; He works with the higher and finer values of civilization. The teacher is a culture-bearer; He leads the way toward worthier tastes, saner attitudes, more gracious manner, higher intelligence. The teacher is a planner; He sees the young lives before him as a part of a great system which

shall grow stronger in the light of truth. The teacher is a pioneer; He always attempting the impossible and winning out. The teacher is a performer; He seeks to remove the handicap that weakens and destroys life. The teacher is a believer; He has abiding faith in the improvable ability of the race. The foregoing selection has stirred my ambition to become a teacher. Who has lived more fully than a teacher? Who has more satisfaction in life? The extent of her life cannot be measured by years, but by the thousands of innocent souls she has molded into finer, better citizens, the endless days of helping, smiling and spreading knowledge, and the sense of pure contentment she receives from her profession.

**MILAM'S**

**SELL OUT TO ALDERSON'S**

To All Our Friends:

We have sold the Milam's 5c-10c-25c Store in Spur to Mr. Tom W. Alderson.

Being much concerned with the future of Spur and having known Mr. Alderson long and favorably, we know that he is qualified to give Spur the kind of a store it deserves and the service it has a right to expect.

We would like to express our sincere thanks for the wonderful patronage given us in our eleven years in business in Spur. It is our sincere hope and wish that you continue to use this store as your shopping headquarters as you have in the past. We know that you will be given the same courteous consideration and your needs met by the same old friends in the same old friendly manner.

MR AND MRS. TOM E. MILAM

**5c-10c-\$1.00 AND UP STORE**

**SUCCESSOR TO MILAM'S**

**SAME LOCATION**

**SAME FRIENDLY SERVICE**

**NEW OWNERSHIP AND MANAGEMENT**

SPUR IS OUR KIND OF TOWN!

It is with distinct pleasure that we announce establishment of Alderson's 5c-10c-\$1 and Up Store in Spur. Even while we were in similar business in the Panhandle, we often envied the business at Spur; we knew of the progressive community projects here, and we recognized that progressive work could only be fostered by progressive individuals. We're now glad to be one of you!

We believe in Spur; we are confident of its future. We only insist that as many of you as possible drop in to see us; let's get acquainted. Of course we'll maintain a complete stock of merchandise for you at all times—but aside from this business angle, we just want to get acquainted—to learn one another's first names! May we have the pleasure?

Sincerely,

MR. AND MRS. T. W. ALDERSON

### Texas Premier May Decide Movie Fate of Ten-Year-Old

PRIZE-WINNING drop biscuits won feature role in "The Green Promise" for Jeanne LaDuke (above) shown in the kitchen of her Mount Vernon, Indiana home.

LITTLE Jeanne LaDuke, a ten-year-old with a sparkling smile and tightly-plaited pigtails, has found the most unusual recipe to date for a movie picture contract. It's an easy method, too, according to Jeanne, who lives with her parents on a farm in Mount Vernon, Indiana. All she did was to sift two cups of Swans Down Cake Flour, add three teaspoons of baking powder and one-half teaspoon of salt, sift again, cut in four tablespoons of shortening and add about one cup of milk. She dropped the dough on a greased pan and baked the biscuits in a hot oven for 10 to 15 minutes. The result? Just about the best drop biscuits anyone in the state of Indiana ever had tasted! The delicious biscuits practically put Jeanne in the movies. They were judged the best in the Indiana state-wide 4-H contest. As a reward her photograph was submitted to Hollywood director William Russell for consideration for a feature role in "The Green Promise". She was selected over 12,000 other 4-H Club girls. Jeanne's part in the Glenn McCarthy production, soon to be released by RKO Radio Pictures, Inc., proved easy for her, too. After all her work with Walter Brennan, Marguerite Chapman and Robert

Paige called for her to do many of the same things she did daily at home. In the picture, for example, she lives on a farm similar to her own home. She cooks and keeps house for Walter Brennan, who plays the part of her father, and her three brothers and sisters. Jeanne's role points up the tremendous accomplishments of the nation's farm youth and of the 4-H organization which has done so much to make rural America an attractive and vital part of our national life. After she had finished the picture, Jeanne heard many people say she was another Margaret O'Brien. But she didn't pay any attention to the remarks. She'd learned that it's up to the American public to decide how good an actress she is. Today she is back home waiting to learn what people think of her performance after "The Green Promise" has had its world premiere March 15th in Houston, Texas. Jeanne's not too concerned about the future. She's attending classes in a two-room country schoolhouse. She can wear her favorite blue jeans . . . and, of course, there's plenty of time for her to putter around the kitchen making drop biscuits.

### DOG DOG DOGS By Harry Miller, Director, GAINES DOG RESEARCH CENTER

PUPPIES OF THE BIRD-DOG BREEDS WILL OBTAIN POINT CAME AT THE AGE OF THREE MONTHS

ST PAUL IS BELIEVED TO HAVE BEEN THE OWNER OF A MALTESE DOG, GIVEN HIM BY PUBLIUS, GOVERNOR OF MALTA (MALTA) FOR HEALING HIS DYING FATHER

THE CHEYENNE INDIANS USED DOGS AS "BRASTS OF BURDEN"

Consumers Co-operative association; C. B. Godbey, member of the state seed and plant board; W. L. Owen, entomologist at the Lubbock Agricultural experiment station; John Lox, agronomist at the Lubbock station; Robert Thurmond, irrigation specialist for the Texas Agricultural Extension service; R. V. Miller, chief of the division of seed certification department of the state department of agriculture and J. R. Quinby, superintendent of the Texas Agricultural Experimental substation at Chillicothe.

Enough certified seed was produced in Texas last year to plant only an estimated 25 to 30 per cent of sorghum acreage, 40 to 50 per cent of corn acreage and 20 per cent of wheat acreage, McNeill pointed out, adding that if farmers do have to cut acreage, the market for certified seed should show no decrease. He noted that the Production Marketing administration is currently subsidizing grass and legume seeds, used for reclaiming eroded land, and that such seeds are rare. He suggested production of these seeds for a prospectively increasing market. Speaking on the place of plant breeding in the certified seed program, Dr. Humbert emphasized that plant breeding work is fundamental to production of superior seeds, and cautioned producers against carelessness of procedure. Pointing out that government control is almost a certainty by 1950, Howard stressed the need of taking good care of the soil and building its fertility. This area is relatively young as a farming section, he said. But the soil will still deteriorate rapidly if it is not properly cared for, especially when it is heavily irrigated. In his talk, Lynn said that it is impractical for farmers to make too great an effort to increase staple length of cotton. Reporting on a survey of prices and their relation to staple and grade, he said that grade appeared much the more important factor with present producing and ginning conditions, and that farmers should strive for a length of from 7-8 inch to one inch. Dr. May, discussing the marketing of seed, expressed his opinion that in general farmers who work on a co-operative basis get the most from seed products. Urging seed producers to become better informed on methods of producing desirable seeds, aim must be to grow a superior product. A word of caution on the multitude of new insecticides now available was voiced by Owen, warning that producers be not overly influenced by the enthusiasm of people who may not be thoroughly informed. Most of the new products are effective, but in many cases are no more so than older methods and frequently are many times more expensive, he said. Timeliness of application is as

pointed out that only 200 acres of redtop sorghum grown for seed are in prospect for the entire state next year. Noting that 1949 marks the 25th year of certified seed production in Texas, Miller traced the development of the program and reported that 200,000 acres are now planted to certified seed. More industrial uses for sorghum grains were reported by Quinby. He also discussed the experimental work being done in development of hybrid grain sorghums. Reactivated July 6, 1948 the Fifth Armored "Victory" division hung up a brilliant war record in six European campaigns during World War II. Before the end of 1949 Camp Chaffee is expected to have 20,000 troops, making it the largest Army Training Center in the nation. Before entering the Army, Recruit Wright was self employed as a farmer. He is now assigned to Btry. B, 47th Armored FA Bn. Job loss is held no problem requiring action as yet. Argentina ends active role in wheat parity, seeks observer role.

### Recruit Assigned 5th Armored Group

Recruit George L. Wright, son of Mr. and Mrs. C. W. Wright of

### Annual Rodeo Days At Tech

Annual rodeo and Western Days at Texas Technological college will be sponsored this year by the Block and Bridle club, honorary agriculture division organization, and the new college Rodeo association. Permission has been granted by the board of directors the two groups to stage the rodeo events on the campus. April 1 has been designated the "main day" and the open space on the north-east extreme of the campus the rodeo site. As in the past the student body is expected to participate by wearing western regalia (and faculty too), liable to "reasonable punishment" for non-compliance. The all-student rodeo with the properties an stock furnished by the sponsoring students and the participants in the ring from the rank and file of men and women in school will be conducted according to tradition again this year, James "Red" Heath, manager, is quick to assure. Dates for advance ticket sales will be announced soon.

Professor Batt — I can hardly say I like this tooth powder you purchased this morning; it has a very disagreeable taste. His Wife—What next? That isn't tooth powder. Professor Batt — Bear me: what is it then? His Wife—Insect powder.

### McNeill Presides At Seed Growers Meet In Lubbock

J. R. McNeill, Spur, president of the Texas Certified Seed Breeders association, presided at the one-day meet held in Lubbock last Saturday. Mr. McNeill opened the meeting by telling growers that producers of certified seed do not need to curtail seed output in anticipation of expected government farm programs to cut farm production. He advised however,

that seed producers would be wise to concentrate their efforts on grass and legume seeds instead of devoting all their efforts to cotton, grain sorghum and other current popular seeds. More than 150 seed producers and others interested within a 200-mile radius of Lubbock attended the one-day meet.

Others on the program were Dr. E. P. Humbert, professor of genetics at Texas A. and M.; Marshall Howard, district conservationist with the Soil Conservation service in Lubbock; Harold Lynn, agronomist with the Texas Agricultural Experimental substation; Dr. Donald W. May, educational director for the Amarillo

**Installment Buying Eases Up**

WASHINGTON, March 10—The nation's business extra stimulating shot in the arm Monday. The controls on installment buying were relaxed a bit. If you have maxed up your mind to buy an automobile, refrigerator, radio, television set or similar gadget, you'll have 21 months in which to pay the bill. The old time limit, fixed by the federal reserve board, is 18 months where the credit amount is over \$1,000 and 15 months when it is less. The down payment on items other than automobiles will be 1 per cent, instead of the old 20 per cent. For cars you will still have to fork over one third of the total price. The installment buying controls were originally put into effect as a braking device to keep demand a little closer to production so that prices wouldn't be pushed too high by buyers competing for scarce commodities. Now, shopkeepers and automobile dealers complain, the situation is reversed. They claim the controls have been retarding business too much. Army tests men, equipment, weapons at Big Delta, Alaska. Snyder urges end to tax exemption of life insurance. India rounds up Communists to nip railways sabotage. Anti-liquor drug not yet "sure cure," physicians warn.

**Miss Bonnie Spears Is Honored With Bridal Shower**

On Friday evening the home of Mrs. Foy Vernon was the setting for a lovely miscellaneous shower honoring Miss Bonnie Spears, bride-elect of Johnny Dwight. On the hostess list with Mrs. Vernon were Meses. James B. Red, B. F. Hale, J. D. Dyess, W. S. Patrick and Nona Starcher. Guests were received by Mrs. Vernon, the honoree, her mother, Mrs. A. G. Spears, Mrs. Ferril Smith and Mrs. J. M. Dwight, mother of the bridegroom-to-be. A yellow decorative motif was carried out in the spring flow-candle and refreshments. Mrs. Nona Starcher was in charge of the guests book and Mrs. W. S. Patrick presided at the coffee service. Attending were: Meses. Kenneth Wooten, J. M. McPherson, Ray Bogges, Loreta Beeson, Thelma Scott, Inez Hamilton, Tom Kizer, Cecil Fox, C. O. Fox, Jr., L. E. Lee, Loneta Reed, W. T. Arndt, George Gabriel, Ralph Sherrell, Neil Bridge, D. J. Dyess, F. F. Vernon, Nona Starcher, and J. M. Dwight. Meses Faye Middlebrook, Bertha Nell Walker, Grace Boothe, Nina Havens, Tommie Thansich, Jimmie Nell Bowman, Eunice Parsons, J. M. Hickman, Francis Pruitt, Patsy Turpen, Sue North and Melva Jo Swaringen. Messrs. J. M. Dwight, Bernie Dwight, Johnny Dwight, Bob Dwight, Jesse Dwight, James Reed, D. J. Dyess, F. F. Vernon and Billy D. Starcher.

**VISITS IN MISSISSIPPI**

Mrs. Eric Foster and Mrs. B. F. Hale left Spur Wednesday morning for Natchez, Miss. to visit the beautiful gardens and trails and thirty-one of the finest Colonial homes in the south. They will be joined in Beaumont by Mrs. Foster's sister-in-law, Mrs. Joe Ham. The trip to Natchez will be made by auto and will include a drive down the River Road to Baton Rouge and New Orleans. They will return through the Evangeline country to Beaumont. Mrs. W. C. Gruben accompanied them to Beaumont.

**Highway HD Club Meet March 4th**

The Highway Home Demonstration Club met March 4th in the home of Mrs. Buster Smith with six members, one visitor and the agent present. Roll call was answered with a favorite fruit recipe. Mrs. Jewel Robinson, agent, gave a very interesting demonstration on master mix, combining frozen fruit with ready prepared mix. She pointed out that time and labor is saved in using ready mix products. The next meeting with the agent will be March 18th in the home of Mrs. Cecil Estep.

**DINNER GUESTS**

Dinner guests in the home of Mr. and Mrs. Jake Jones Sunday were Mr. and Mrs. Jack Moore and son, Lloyd Byron and Butch, Mr. and Mrs. J. C. Simpson and Judy, all of Plainview; Mr. and Mrs. Lloyd Jones and children of Post, and Mr. and Mrs. Ted Gallagher and children of Girard. Sunday afternoon visitors were Mr. and Mrs. Floyd Green and Wayne, Mrs. Johnnie Hamilton and children and Mr. A. T. Duncan, all of Spur.

**ATTENDS FUNERAL**

Relatives and friends attending funeral services of Wayne Dennison, father of Mrs. Eldon Ray-holds of Spur, who died of a heart attack in Rule Friday morning, were: Mr. and Mrs. Eldon Reynolds and son, Mr. and Mrs. F. F. Sonnamaker and Nina, Mrs. Edna Fletcher, Mr. and Mrs. S. C. Reynolds, Mrs. Donald Cagle, Mrs. Flavious Alexander, Mrs. Lem King and Mrs. Millard Smith of Girard. Funeral services for Mr. Dennison were conducted at the Rule Methodist Church at 2:30 Saturday afternoon.

**SINGING CONVENTION**

An open house singing convention will be held in the First Methodist Church, Afton, starting at 2 o'clock Sunday, March 13. All singers are invited to attend and are asked to bring any books they may have.

**Mrs. Goodwin Hosts Afton HD Club**

The Afton Home Demonstration club met in the home of Mrs. Curtis Goodwin on Wednesday, March 2nd. This was a banner meeting with fifteen guests and two visitors, Mrs. Robinson and Mrs. Van North, present. The market report was given by Mrs. C. Forbis. Mrs. Byron Haney gave the council delegate report. Mrs. North gave a talk on REA and Mrs. Robinson, agent, gave a demonstration on the "Use of Frozen Foods". She prepared a frozen salad, a berry roll and muffins, which were served with coffee. The next meeting will be in the home of Mrs. Avara. All members are urged to attend. Guests are welcome.—Reporter.

**LEGION BIRTHDAY**

In observance of the 30th birthday anniversary of the American Legion, the members of the William-Puckett Post will be honored by the Legion Auxiliary at a party on March 17th at the Hut.

**BIRTHDAY PARTY**

Observing the 37th anniversary of the Girl Scout organization, Mrs. Grady Lackey gave a birthday party for her group, Brownies Troop IV, at the Girl Scout hut Wednesday afternoon. A pink and white color theme was carried out in the hut decorations, plate favors and refreshments. Ice cream and birthday cake were served to the girls. A variety of games, were enjoyed by: Carol June Marcy, Ona Lee Garner, Paula Dean Foreman, Mary Ann Gregory, Barbara Nell Foreman, Roselle Marcy, Joanna Young, Shirley Perry and Delores Carlisle.

**LOCAL GIRL ON BAND NEWS**

Betty Sechrist, daughter of Mr. and Mrs. J. L. Sechrist is assisting with the publication of the 1949 edition of the Band News from the McMurry College band, Abilene. The three page paper will be sent to 1300 band students in Texas schools.

**Mr. and Mrs. Johnnie Koonsman**

spent Sunday in Levelland with Mr. and Mrs. Malcolm Bebbe. Mr. and Mrs. Tom Merl Green and son Tommie accompanied them to Lubbock where they spent the day with Mr. and Mrs. Jeff Earthman.

Mr. and Mrs. J. W. Hutto of Tulsa visited with Mr. and Mrs. F. F. Sonnamaker during the week end.

**Luncheon Honors Miss Lorene Beadle**

Initiating a series of pre-bridal courtesies for Miss Lorene Beadle, a lingerie luncheon was given in the home of Mrs. Joe Jeffers at 12:30 Tuesday. The honoree and Lane Bachman are to be married March 14. Guests were greeted at the door by Mrs. Ed Caudie, co-hostess, and received by the honoree and her mother, Mrs. Lucille Beadle. The luncheon table and receiving rooms were decorated in the honoree's chosen colors of blue and yellow. A delicious plate of chicken salad, potato nest with green peas, hot rolls, coffee and pecan pie a la mode was served to the guests. Attending and sending gifts were: Meses. Vivian Cage, Vera Alexander, Lucille Beadle, Bobbie Taylor, Geraldine Grice, Patsy Winstead, Cal Martin, Linda Beadle, Meses. Grace Boothe, Dorothy Gunn, Tommie Thansich, Mazell Beadle, Melva Jo Swaringen and the hostesses, Mrs. Jeffers and Mrs. Caudie. Mrs. Jack Moore and little son, Butch are spending a few days with her parents, Mr. and Mrs. Jack Jones.

**Personals**

Mrs. J. B. Johnston underwent major surgery at Temple Tuesday. Mr. and Mrs. Leon McClurkin were in Dallas over the week end attending the Spring Jewelry show. Students of Baylor, with a few days between quarters, who spent the week end in Spur with their parents were Billy D. Starcher, Ju Don and Ju Ron Rickels and James Fox. Roger Sonnamaker recently returned to Mineral Wells where he is employed with a road construction company, after spending a few days with his parents, Mr. and Mrs. F. F. Sonnamaker. Mr. and Mrs. Pat Murphy of Lamesa, former Spur residents, visited friends here Monday. Mr. and Mrs. Bert McCraw, Jr. recently moved to Afton. Mr. McCraw is an instructor in the Vocational School there. Creola, Rector of TSCW, accompanied by her room mate, Kara Lee Sowder of Cushing, Okla., spent the week end here with her parents, Mr. and Mrs. Jack Rector.

### Spur Harmony Club Present Texas Day Program Tuesday

The Spur Harmony Club met at the home of Mrs. R. E. Dickson on Tuesday evening, March 8, for a "Texas Day" program. Mrs. J. E. Berry was program leader for this occasion. Members answered roll call naming a Texas composer. Mrs. S. T. Hawkes gave an interesting talk featuring anecdotes in the life of William March. Mrs. J. C. McNeill, III delighted the group by playing three of David Guion's piano compositions. Mrs. George Gabriel was elected delegate to represent Spur Harmony Club at the State convention of Federated Music Clubs March 27 - April 3.

Final arrangements were made for the various committees necessary to work on the plans for sponsoring the Symphony Orchestra concert March 20. A forty-five minute rehearsal period on the Easter cantata was directed by Mr. S. T. Hawkes. The three voice groups plan separate rehearsals before the next meeting.

Considering the coming Baptist revival scheduled for the week of Harmony Club's next regular meeting, the club decided to postpone its next meeting until March 29th. Mrs. S. T. Hawkes will be hostess for the next meeting. The business meeting, program and refreshments will precede the cantata practices in the future.

### Dedication Week Begins March 13th

Throughout the U. S. 8 1-2 million Methodists will observe March 13-20 as a WEEK OF DEDICATION. This is officially launching the new quadrennial program: "THE ADVANCE FOR CHRIST AND HIS CHURCH" which follows the Crusade for Christ of the major religious groups last year in the international Conference at Amsterdam in working out a world-wide program of attempting to spread the Good News of Jesus Christ to all the world. There was only one large religious Protestant group in the U. S. that did not send delegates to this Conference. If we fail to recognize suffering humanity across the seas then we are failing to obey the Great Commission of our Blessed Lord and Saviour Jesus Christ.

The purpose of the WEEK OF DEDICATION is to reconsecrate our lives to God—to enlist new recruits for this world wide program of advance, and, to send help to those who are under privileged and in dire need of food and of the glorious gospel of Christ.

Services will be conducted next week on WEDNESDAY, THURSDAY and FRIDAY NIGHTS by the YOUNG PEOPLE, the LAYMEN, and the LADIES of the METHODIST CHURCH. Sunday, March 20 is designated as the day in which we will share what we have with suffering humanity, in bringing courage and hope to the weak, the downcast and the troubled peoples of Europe and Asia. Methodists all over the U. S. A. will lay a million and half dollars on the altar for aid in the relief of suffering humanity.

### Patton Springs Music Students Render Program

The following program was rendered in the home of Mrs. Sam Baxter on Sunday afternoon, March 6th.

"The Elevator" and "Come and Play" ..... Nancy Hale  
 "Indian Warrior" Sylvia Henson  
 "Wild Geese" ..... Regina Hughes  
 "Mimnet in G" and "Chicken Reel" ..... Beth Bateman  
 "Woodland Waltz" and "Spring Song" ..... Sue Norris  
 "Spinning Song" Phyllis Thanisch  
 "Starlight Waltz" and "Dance of the Wooden Shoes" ..... Carol Ann Hughes.  
 Piano Solo ..... Ann Norris  
 "Juba Dance" ..... Dianne Harris  
 "Dutch Dance" and "Gipsy Camp" ..... Lane Ligon  
 Duets were played by Phyllis Thanisch and Carol Ann Hughes; Ann Norris and Mrs. J. E. Berry; Sylvia Henson and Peggy Beth Koonsman; Regina Hughes and Sue Norris; and Dianne Harris and Mrs. Berry.

Five students who played accompaniment to group singing were: Ann Norris, Sylvia Henson, Dianne Harris, Beth Bateman, and Peggy Beth Koonsman. Students playing by memory received statuettes. Refreshments were served to approximately 35 students and guests.

### Frank Graham Is Named President Of Spur Golf Club

In a meeting of the Spur Golf Club, held last Friday night, Frank Graham was named as president of the club, succeeding Fred Kinney.

Other officers named were: Tom Johnson, vice-president and Walter Labay, secretary-treasurer.

Members of the club voted to set the 1949 dues at \$20 for the year. The \$20 membership fee allows the member, his wife and anyone under the 18 years of age in his family, the right for play. Dues for neighboring towns of Cleard, Jayton and Dickens, were set for \$10.

Match play between Spur and adjoining towns will be arranged during the season, it was announced.

### 3-A Footballers Be Honored With Banquet Friday

Football players from District 3-A high schools will be honored in Lockney Friday night at the First Annual All-District 3-A football banquet.

Sidney Reeves, superintendent of Lockney Schools, is in charge of the dinner, which will honor boys chosen to the first and second teams. Coaches from the various high schools, as well as superintendents, also will be guests of honor. Several outstanding college coaches have been invited to attend, including Dell Morgan of Texas Tech, Frank Kimbrough of West Texas State Teachers college, Jack Curtice of Texas Mines, Coach Dutch Meyer of Texas Christian and Coach Rusty Russell of Southern Methodist also have been invited to be guests.

The high school orchestra from Lockney will play during the dinner and a Lockney High school choral group will sing. There have been special stunts arranged and guests will be introduced. Pictures of either the TCU-SMU or Cotton Bowl football games will conclude the festivities.

Members of the district first team were: ends, Calvin Pyle of Lockney and Joe Pitts of Matador; tackles, Ewell Dee Kelley of Lockney and Neal Chastain of Spur; guards, Charles Hammit of Lockney and Jim Drum of Crosbyton; center, Donny Bybee of Lockney; and backs, Bill Simmons of Crosbyton, Bill Jeter of Floydada, Joe Ed Sandlin of Paducah, Clyde Blair of Spur and Jerry McCullough of Lockney.

The second team was composed of Eston Blackburn of Abernathy, David Bennett of Paducah, Joe Keeter of Lockney, Milton Reynolds of Spur and Darrell Stephens of Abernathy; ends; Reese Grubbs of Floydada and Delbert Shearer of Lockney; tackles; Dub Karr of Spur and Bobby James Cline of Floydada; guards; John Cooper of Abernathy; center; and Gaston Patton of Matador. Melvin Lindsey of Spur, Jim Miller of Abernathy, Tom Aldredge of Spur and Joe Simpson of Spur, backs.

### Cotton Market Slumps Past Week

Good export demand stirred up about the only business seen in Texas cotton markets this past week, according to the Production and Marketing Administration, U. S. Department of Agriculture. Domestic mill demand for cotton remained quiet. Sales at Dallas dropped to about half what they were the previous week, and Houston - Galveston sales slipped about 15 per cent. Similar slumps in sales were reported by other leading spot cotton markets. Grand total for the ten markets fell to 114,100 bales compared to 108,300 bales sold in the same week last year.

Farmers were reluctant to offer their equities in government loan cotton at the prices offered. However, a few sales were made at \$3 to \$4 per bale. Although the basis continued firm in southwest cotton markets, spot prices declined 25 to 50 cents per bale from Friday through Friday. Compared to a year ago at this time, current quotations on Middling 15-16 inch cotton runs about \$9 to \$10 per bale lower.

Commodity Credit Corporation reports that Texas farmers have placed 668,217 bales of cotton in USDA's loan program and reduced 69,893 bales.

### VISITING CHOIR

Members of the Howard Payne College Choir, 42 strong, under the able direction of H. Grady Harlan, director of music at the college, will give a morning program at the High school auditorium at 11 a. m. on March 31. Supt. C. F. Cook announced this week.

The general public has been extended an invitation to attend this musical.

Bob Coffey of Lubbock was a weekend guest of Darold Robertson who was here from North Texas.

Mrs. John L. Fagan and children Pat and Susie of Dallas are visiting in the home of Mr. and Mrs. C. A. Fagan.

# Chrysler's Great

**NOW ON DISPLAY** at Chrysler dealers all across America! The finest and the most beautiful Chrysler of all time! The superb new Silver Anniversary Chrysler! The greatest value in our history!

Completely new in its well-bred beauty! Advanced in its inspired engineering! Designed with common sense and imagination! With more than 50 of the advances you've come to count on from Chrysler! Come see the amazing new protection for drivers and passengers pioneered by Chrysler! The easiest,

sweetest car to handle ever built by Chrysler! The most comfortable car in Chrysler history! And the most powerful, with still more horsepower from the leader in high compression, the great high compression Chrysler Spitfire Engine.

Come see the most exciting car to drive Chrysler ever created! Tailored to taste! With that revelation in driving—Prestomatic Fluid Drive Transmission... with softer, safer, smoother Safety-Level-Ride... with amazing Safety-Rim wheels that make it almost impossible to throw a tire... another Chrysler first

for your protection. A more spacious, more restful car with plenty of headroom, shoulder room and legroom... designed with common sense from its wider chair-height seats, wider doors and broader windows to its new radiator and grille and its flashing new pick-up and go.

Now—come see it today—the car you'll want to live with for years and years to come! The greatest car value we've ever offered!

Sorghum Gluten  
Feeds May Be Used  
In Feeding Stock

Gluten meal and gluten feed  
obtained from grain sorghums as  
by-products from the extraction  
of starch may soon be available  
in significant quantities for feed-  
ing livestock.

According to information from  
Dr. J. C. Miller and Fred Hale, of  
the department of animal hus-  
bandry, and Dr. Carl M. Lyman,  
of the department of biochemistry  
and nutrition, all of Texas A. &  
M. College, some work has been  
done in the past on the uses of  
corn gluten feed and corn gluten  
meal as feeds for swine.  
However, there are no reports on  
the uses of sorghum gluten feed  
and meal.

In the fall of 1947 and the sum-  
mer of 1948, feeding trials were  
conducted by the Texas Agricul-  
tural Experiment Station to study  
the value of sorghum by-prod-  
ucts as pig fattening rations. The  
first experiment was made up of  
40 Duroc pigs, averaging 79  
pounds each, and divided into  
four lots of 10 pigs each.

The ration in each lot was  
composed of whole grain milo and  
a protein supplement which  
was fed free choice in self feed-  
ers. Each group of 10 pigs also  
had free access to a mineral mix-  
ture containing 80 pounds of  
molt. The sorghum by-products  
were used as part of the protein  
mixture. The protein mixture in  
the check lot consisted of 50  
pounds of meat scraps, 30 pounds  
of soybean oil meal and 20  
pounds of dehydrated alfalfa leaf  
meal.

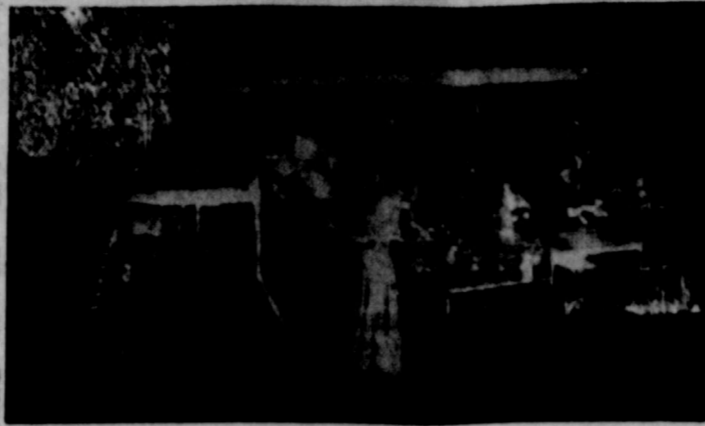

In place of the 30 pounds of  
soybean meal in the check lot,  
one lot contained 30 pounds of  
sorghum gluten meal, and another  
lot had 10 pounds of sorghum  
gluten feed. The third had 40  
pounds of gluten meal replacing  
the 30 pounds of soybean meal  
and 10 pounds of meat scraps in  
the protein supplement.

The same ration was used in  
the summer of 1948, only in this  
test the pigs were fed separate-  
ly rather than in groups.  
The results of these tests in-  
dicate that the protein supple-  
ment for fattening hogs may con-  
tain up to 30 percent of sorghum  
gluten meal. Also they found that  
gluten food is not as good as the  
gluten meal in hog fattening ra-  
tions.

The group of pigs getting the  
soybean meal as 30 percent of the  
protein mixture made 10 percent  
greater daily gains did the pigs  
fed the sorghum by-products.

Since grain sorghum by-prod-  
ucts are low in lysine, it may be  
a better practice to replace a part  
of the grain with these by-prod-  
ucts rather than use them in the  
protein supplement when feeding  
the grain and protein supplement  
free choice in self feeders, these  
men report.

Stars In Truck Shows

Created especially for display purposes, this strikingly beautiful vehicle is  
the hit of truck shows throughout the country. The unusual unit has a plen-  
tiful body mounted on a Chevrolet Forward-Control Cutaway Chassis showing  
the moving parts of the engine and is pictured here with a cargo of flowers  
and attractive Pat Matheson and Kathleen Moran. Forward-Control model  
trucks are used extensively by department stores, bakeries, florists, cleaners  
and other establishments in the delivery of many kinds of packaged goods.

Weekly Savings  
SOUTHWEST FARM MARKETS

Livestock prices averaged high-  
er during the past week, but some  
other products suffered slight de-  
clines, the U. S. Department of  
Agriculture's Production and Mar-  
keting Administration reports.

Cattle sold mostly unchanged to  
50 cents higher for the week. Com-  
mon and medium cows  
brought \$18 to \$19.50 at Houston  
Monday, \$16.50 to \$18.75 at San  
Antonio, and \$16.50 to \$18 at Fort  
Worth. Beef cows sold upward  
to \$18 at Oklahoma City, while  
common to good grades ranged  
from \$16.50 to \$18.75 at Denver.

Hog trends for the week ranged  
from unchanged to 50 cents high-  
er, and feeder pigs unchanged to  
\$2 higher. Top butchers brought  
\$20.75 at San Antonio, \$21 at  
Fort Worth, \$21.25 at Oklahoma  
City, and \$22.25 at Denver. Sows  
moved at \$17 to \$17.50 at San  
Antonio and Denver, and \$18 to  
\$17 at Fort Worth and Oklahoma  
City.

Sheep averaged around 50  
cents to \$1 higher than a week  
earlier. Medium and low good

lamb cashed at \$22.50 at San An-  
tonio Monday. Good and choice  
shorn lambs with No. 3 pelts  
cleared at \$23.50 at Fort Worth.  
Top lambs moved at \$25.50 at  
Oklahoma City. Denver paid  
\$24.50 to \$26 for medium and  
good woolled lambs.

Estimated 1948 wool production  
is the lowest since 1923, and mohair  
production is the lowest  
since 1923, and mohair production  
is the lowest since 1937. Little  
business was done during the  
past week.

Eggs eased slightly during the  
week under heavier receipts.  
Current receipts brought 38 to 39  
cents a dozen at Fort Worth and  
New Orleans, 39 at Dallas, and 37  
to 38 at Denver. Fryers strength-  
ened slightly, but other poultry  
held unchanged. Fryers cashed at  
38 to 39 cents a pound at Fort  
Worth and 30 at Dallas.

Wheat gained 2 to 3 cents a  
bushel for the week, and white  
corn about a penny. Yellow corn,  
oats and barley lost 1 to 2 1-2  
cents. No. 1 hard wheat closed  
Monday at \$2.46 1-4 to \$2.50 1-4  
at Texas common points. No. 2  
white corn sold at \$1.75 1-2 to  
\$1.78 1-2, yellow corn \$1.59 3-4  
to \$1.61 3-4, and white oats 88 1-4  
to 92 1-2. Milo held steady.  
Rice passed another week of

slow trade and slightly lower  
prices. Wheat millfeeds scored  
rather sharp advances again this  
week, but most other feedstuffs  
sold weak to \$3 lower. Hay show-  
ed little change in prices in rail-  
er slow trade. Peanut held about  
steady.

Heavier spinach loadings in the  
Eagle Pass and Winger Garden  
districts sold at less than half  
the prices of two weeks ago.  
Bushel baskets of Savoy type  
brought \$1.10 over the weekend.  
Cabbage and broccoli shipments  
tapered off toward the end of the  
season, but plenty of carrots re-  
mained. Carrot prices held about  
unchanged at \$2.50 to 2.75 per  
Los Angeles crate. Louisiana sweet  
potatoes remained steady. Colo-  
rado onion season was about over,  
and potatoes found slow de-  
mand.

Cotton advanced 75 cents to \$1  
for the week. Spot middling  
15-16 inch closed Monday at \$2.50  
cents a pound at Dallas, and  
\$2.55 at Houston and New Orleans.

Plains Housing  
Conference Set  
In Lubbock, Mar. 15

Plans for the much-discussed  
economy housing conference to be  
conducted in Lubbock, Texas, to  
encourage production of lower-  
priced housing for rent or sale  
were discussed at the Chamber of  
Commerce by A. B. Davis, man-  
ager and K. C. Smith, assistant  
director and J. A. Raley, Jr.,  
valuator of the Federal Housing  
Administration.

The industry meeting, which is  
scheduled for March 15, 1949 at  
7:30 P. M. will have the fullest  
possible direct participation of  
representatives of all segments of  
the home construction industry.  
In addition, the discussions will  
include the various types of fin-  
ancing available to builders and  
purchasers of the lower-cost hous-  
ing.

The Lubbock meeting, which is  
a part of a broad national pro-  
gram will be held in the District  
Courtroom of the County Court-  
house. The District Director of  
the Federal Housing Administra-  
tion and members of his staff  
will attend, as well as officials of

the Veterans Administration and  
others directly interested in the  
Economy Housing Program. Dis-  
cussing the program, Mr. Smith  
said:

"I can do no better than em-  
phasize what Raymond M. Foley,  
Housing and Home Finance Ad-  
ministrator, and Franklin D. Rich-  
ards, FHA Commissioner, have  
pointedly said many times. This  
is that the construction of safe,  
livable homes at prices reasonably  
related to the incomes and finan-  
cial resources of the vast ma-  
jority of the people is a national  
necessity."

"We all know that private en-  
terprise with Government sup-  
port can and will meet this ne-  
cessity and provide new housing  
in the lower-priced field on a  
scale commensurate with the  
great need. It is the hope of all  
of us to produce lower-cost homes  
in a volume never before attain-  
ed. Every means at the disposal  
of the Federal Housing Adminis-  
tration is directed toward this ob-  
jective. But it is a task for all.  
When we realize that there will  
always be a market for lower-  
priced homes, we get some grasp  
of what a tremendous undertak-  
ing it is, and that it can not be  
accomplished overnight. We must  
all work toward the success of

this program which is not only  
the '1949 Economy Housing Pro-  
gram' but one that must be con-  
tinuing for many years to come."

NOTICE

The entire colored citizenry  
feels very grateful to the citizens  
of the Spur Independent School  
district and Supt. Cook and the  
Board of Education in particular  
for their kind consideration of  
them as was evident in earmark-  
ing the recent bond issue for a  
neat sum with which to build a  
modern well equipped school  
building for our people. This act  
has gone a long way toward en-  
couraging the youth to make  
greater efforts to develop into  
citizens that will be able to  
contribute something to the progress  
of the community and state in  
general. Already there is evi-  
dence of an increased interest  
manifested by increased atten-  
dance, greater punctuality and  
better class-work.

G. W. KERR, Principle

ELEGANT RAYON

VERSATILE rayon is becoming increasingly popular for fine tablecloths because it combines elegance with practicality and low cost. The cloth pictured above is machine-made of Avisco spun rayon blended with cotton. The combination of these yarns produces a firm, long-wearing cloth with an attractive, lustrous appearance. If you would like to receive an informative leaflet entitled "Care of Rayon Home Furnishings," just write the Woman's Page Editor of this newspaper, enclosing a stamped, self-addressed envelope.

Piano Concerto To Be Presented Here March 20th

Nine piano students of Dr. Silvio Scionti, member of the faculty of the School of Music at North Texas State College and internationally known concert pianist and teacher, will be presented in Spur Sunday, March 20 during a concerto tour of 10 Texas cities.

A 35-piece chamber orchestra directed by Dr. Scionti will accompany the pianists, all of whom are outstanding piano students at NTSC.

Complete itinerary for the tour includes Spur, Hardin - Simmons University, San Antonio, Premont, Alice, Corpus Christi, Orange, Shreveport, La., Sherman and Denton.

Many of the Scionti pupils who will be included in the tour program have recently received national recognition. Monte Hill

Davis of Nacogdoches recently won a \$250 prize and an appearance with the Houston Symphony Orchestra in a contest sponsored by the State Board of Education. Only 16 years old, he has appeared five times as guest soloist with the Houston Symphony and as soloist of the 17-piano ensemble directed by Dr. Scionti at NTSC.

Jim Bob Floyd of Tyler was recently judged one of the five finalists in the national young artist division of the National Guild of Piano Teachers contest. He will enter the final competition at Town Hall, New York, this spring.

Mary Nan Hudgins of Dallas and Polly Holsted of North Little Rock, Ark., received \$100 and \$50 prizes, respectively, in the guild's contest and Donna Joyce Phillips of Fort Worth was judged a winner in the high school division.

Dr. Scionti, nationally recognized as a pianist and piano instructor, was formerly head pia-

MARY LOU COLVIN MONTE HILL DAVIS MARY NAN HUDGINS

NTSC PIANO ARTISTS — Students of Dr. Silvio Scionti, member of the faculty of the School of Music at North Texas State College and internationally-known concert pianist and teacher, will be presented in a concerto tour of 10 Texas cities in March. With them will be a 35-piece chamber orchestra conducted by Dr. Scionti.

no teacher at the American Conservatory of Music in Chicago and head piano teacher at the Chicago Musical College. He has held master piano classes in hundreds of cities in the United States and Italy.

He is an honor graduate of the Royal Conservatory of Music, Naples, Italy, and holds an honorary doctor's degree from Bay-

lor University. He has had many of his books and articles published, including several duo-piano arrangements. Dr. Scionti joined the NTSC music faculty in 1942. With Mrs. Scionti, who received her musical training at Baylor University and Chicago Musical College, he has made many extensive United States, including present-tensiv duo-piano tours in the

States at Carnegie Hall and Town Hall, New York. They have presented concerts in London, Amsterdam, Vienna and throughout Italy. Mrs. Scionti toured two years as a solo virtuoso before she and Dr. Scionti decided to concertize entirely in the duo-piano field.

"Done In Oil" Be Presented By Junior Class

"Done in Oil", a farce-comedy in three acts, will be presented by the Junior class on March 28 at 8:00 p. m.

All the world loves a pair of blundering, bickering, comedians; and Braun, the retired oil man, and his old partner, Karl Pumpernickle, are bound to win a generous share of this universal affection. Their bluff comradeship, their squabbles, their side-splitting assaults on the English language, their comical gullibility in business deals—all these qualities guarantee their popularity with players and audiences. This lovable pair are persuaded by a couple of crooks to invest their wealth in fake oil lands, and no one can help rejoicing when the swindlers are caught by a clever woman detective masquerading as a book agent, and turned over to the law. Cast includes: Braun's

wife, with social aspirations; a Mrs. Katzenjammer, type of spinster bent on achieving matrimony; a comically correct English valet; a humorous Swedish maid; and Braun's happy-go-lucky son.

The sponsors of the Junior class, Joe Grimland, Mrs. Walter Labay, and Miss Evelyn Holly, as well as the entire Junior class, are working hard to make this presentation one of the best ever to be presented in Spur; and they all join in saying to you, "Be sure to see "Done in Oil."

Soldier Mound HD Club Meet Thursday

Frozen fruits and how to serve them was the interesting demonstration given by Mrs. Jewel Robinson when the Soldier Mound Home Demonstration club met March 3rd in the home of Mrs. Henry Gruben. Roll call was answered with a favorite fruit recipe.

Mrs. Robinson said, "Fruits should be thawed in the packages to preserve texture and color. Also to save time and expense use the master mix which can be made at home for cakes and pies."

Mrs. John Aston was elected T.H.D.A. delegate. Mrs. Dee McArthur was game prize winner. Delicious refreshments of Berry roll, muffins, frozen fruit salad and hot tea was served to Misses Ollie Hindman, T. B. Watson, Floyd Barnett, Dee McArthur, W. T. Williams, W. H. Condon, John Aston, Jewel Robinson Joe McDaniel and the hostess, Mrs. Gruben.

Mr. and Mrs. B. C. Stapleton and daughters, Paula and Charlotte Ann, and Mr. and Mrs. Emmett Burchett, all of Lubbock spent the week end here with Mrs. Georgie Wilson.

Pat Christal of Spur is on the B plus honor roll for the fall semester at Texas Tech.

Heart disease a killer...

Heart disease is rapidly becoming the chief cause of death in the United States, being far ahead of cancer, the second on the list of diseases which kill the greatest number of people in the United States every year.

Incidentally, of the ten leading causes of death in the country, only one—tuberculosis—has shown a steady decline during the past few years. Whether this is to be attributed to the steady campaign which is waged against the white plague, or not, we have no way of knowing, but we suspect that there is some close connection.

Concerning heart disease, a recognized authority reports that coronary sclerosis is sometimes called the "disease of the intelligentsia" because of the susceptibility of physicians, bankers, lawyers and clergymen. The characteristics of the disease including the hardening of the nerves, ligaments and blood vessels around the heart and its incidence is highest among those who do mental work and lowest among those who do manual labor.

The TEXAS SPUR naturally hesitates to attempt any conclusion from these observations but, apparently, the disease attacks individuals who are prone to forget the importance of physical exercise while consuming their energies in the anxiety of mental worries. It would therefore appear that, somewhere along the line of popular education in this country, the physical nature of man has been neglected.

If this is true, and we believe it is, we might save the lives of future professional men in this community by stressing athletic interests during childhood, with the hope that, when these individuals reach maturity, they will have sense enough to continue what has been wisely begun.

Your home dangerous?

We have called attention many times to the danger that lurks in the average American home, pointing out that statistics show that about half of all the accidental deaths in the nation are due to mishaps within the home.

One survey of a large city reveals that more than half of such deaths are caused by falls. Analysis reveals that nearly half of the falls occurred on the same level, more than one-third of them on stairs and about one-sixth from one level to a lower level.

The safety experts suggest that the number of accidents caused by tripping over objects and rugs on floors is of such size as to suggest caution in every home. Moreover, the need for well-lighted stairways is important and everyone should exercise care and patience in using stairs.

We call these facts to the attention of the residents of Dickens County in the hope that we may help prevent accidents in the home. It will take only a few minutes to look over your home and eliminate some of the accident hazards. Parents who do this may save their children from suffering and themselves from unnecessary medical expenses. In addition, they may save their own lives.

expects higher taxes...

Speaker Sam Rayburn, of the House of Representatives, said that Congress "in all probability," will have to increase taxes to prevent deficit financing.

The veteran legislator says that it will be a reflection on all of us if the nation has a deficit when national income is at such a high level. He insists that there must be "enough money to run the government and to reduce this \$252,000,000 national debt every year, especially when we are prosperous."

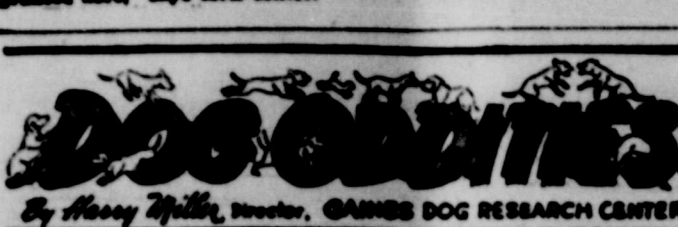

There is no intelligent argument against the speaker's position. Nevertheless, with constantly increasing demands growing in Congress for benefits to this group and that, it is questionable whether the Government of the United States can do everything proposed and still have any money left over, despite the nation's prosperity, to reduce its national debt.

Along this line, Representative Robert L. Doughton, of North Carolina, chairman of the Ways and Means Committee, suggests that newspapers tell the people that if they do not want more taxes, they must do something to hold down appropriations.

WAR BRIDE CHANGES FREEDOM

The freedom enjoyed and being desired by so many Americans in a prison jail to Golda Miller of Canton, O. Seeing her country of Latvia overrun twice within a few years, first by the Germans and then by the plundering Russians, seeing her family vanish; knowing the hardships of forced labor camps—all these have taught an appreciation of the freedom in the country where she came as a war bride of an G. I. Gilbert Miller.

HEALTH NOTES

AUSTIN, March 10—Contrary to the popular belief that pyorrhea is always incurable, this is only true in the most advanced cases, according to Dr. Geo. W. Cox, State Health Officer. His advice to persons who even suspect the presence of pyorrhea is to seek an early diagnosis from their dentist so that proper treatment can be instituted while the disease is still curable.

"Early detection and proper treatment of pyorrhea represent the formula for a successful cure. This means that the dentist must have an opportunity to discover the presence of the disease at the earliest possible moment. Since the symptoms are often so vague that the patient is unaware of having pyorrhea," Dr. Cox said, "regular visits to the family dentist are extremely important in the control of this disease."

The treatment of pyorrhea is not an involved procedure. In the average early case one of the main therapeutic features is the proper hygienic care of teeth and gums as outlined by any reputable dentist. Carelessness regarding mouth hygiene is usually the basic cause for the condition.

The family dentist can usually remove the cause of the trouble, Dr. Cox said, and when this has been done, intelligent routine care of the mouth by the patient will help to effect a fairly quick cure in the majority of early cases.

Farmhouse Plans Offered Builders

Thirteen up-to-date farmhouse plans, every one designed to give farm families comfortable and efficient surroundings, are pictured and described in a new U. S. Department of Agriculture bulletin, "Farmhouse Plans for the Northeastern States". W. S. Allen, extension agricultural engineer, buildings of Texas A. & M. College, says that county home demonstration agents now have the bulletin in their offices.

These 13 houses are adapted to most Texas conditions. Since a farmhouse is a combined home and work center, the designer has seen to it that each house has outstanding features that farm families want and need. Included are: rooms planned for amply work and living; space for eating in the kitchen; a place near the back door for the men to wash up and hang work clothes; indoor traffic routes that do not cross busy work areas; adequate storage space for food and fuel; and ample closet space.

Every house, adds Allen is designed for running water and each plan provides for at least one bathroom. These plans are the product of the Regional Plan Services. This is a cooperative arrangement between the U. S. Department of Agriculture and the states in a program they work together in developing plans for farm buildings that are suitable to the region. The 13 farmhouse plans for the northeast were developed by three agencies in the Department—the Bureau of Plant Industry, Soils and Agricultural Engineering—the Bureau of Human Nutrition and Home Economics—and the Extension Service—and twelve Northeastern States cooperating.

Copies of the bulletin, "Farmhouse Plans for the Northeastern States", may be purchased for fifteen cents per copy, from the Superintendent of Documents, Washington 25, D. C. The order should be accompanied by coin or money order (no stamps), says Allen.

Advertisement for Dempster Shallow Well Jet Pump. Features: 'Wise Farmers ARE INSTALLING THE New DEMPSTER SHALLOW WELL JET PUMP'. 'This latest addition to the dependable Dempster line includes important new features that make it a favorite with modern farmers. Only one moving part with no working parts in the well. It operates efficiently, at amazingly low cost, to bring you bigger farm profits and better farm living. See the new Dempster Shallow Well Jet Pump today. Let us explain its operation, and how it will work on your farm.'

**Three Dickens Co. Girls in TSCW Show**  
 Participating in class stunts, the outstanding inter-class competitive event of the year at Texas State College for Women, are Misses Mary Haney, Afton; Nel-

da Hindman, and Myra Creola Rector.  
 Stunts will be presented two nights, March 11 - 12, to accommodate capacity audiences which since last year have made two performances necessary.  
 The 35-year-old stunts tradi-

tion began with a circus frolic by the "Middlers" class. The event became all-college in 1938 with the awarding of a silver loving cup to the prize stunts.  
 Each year the four classes write and produce 20-minute comedy or fantasy theme. Ex-

hibited usually with a musical cuted entirely by student talent, the shows often include original songs and dances and specially designed costumes and sets.  
 World's refugees are now record high number.
