## TORNADO KILLS 1, DESTROYS 11 HOMES

### Appeal Issued for Clothing, Home Furnishings for Storm Victims; Relief Post Set-up

An urgent appeal was issued Wednesday by Chairman Geo. S. Link, Jr., of the American Red Cross, Dickens County chapter, for clothing, shoes, bedding, kitchen utensils, furniture and other household necessities for the homes that were hit by the tornado Tuesday evening.

Chairman Link in a called session of the Red Cross Wednesday morning, named committees to function in an organized way to secure the things that are needed. Functioning committees are: Disaster committee, Ned Hogan and E. S. Lee; Survey Committee, Oscar Kelley and H. P. Hamilton; The Legion Auxiliary, headed by president, Mrs. Larry Boothe, will be in charge of the clothing committee.

Places designated to receive articles of clothing are Gabriel's Department Store and the American Legion Hut. Furniture, bedding and other household articles should be left at the Bryant-Link Company store warehouse.

Chairman Link appealed to the people of this community to bring in any clothing, bedding, household and kitchen ware that they could. "We especially need sheets, pillows, clothing for men, women and children, shoes, in fact, everything that goes into the home. I urge the full cooperation of every citizen in Dickens county to help us meet this terrible disaster," Mr. Link told the Texas Spur.

Persons that have articles and no means of transportation to bring them in are asked to call James Cowan, telephone 3, or Norton Barrett, telephone 33, in Spur. A truck will pick-up your articles if the call is made.

### Estimated \$7,000 Loss In Hailstorm

Hail that struck the Duck Creek, Steel Hill, Gilpin and Justice communities Monday, was estimated to have done about \$7,000 damage to wheat crops in these areas.

According to Harvey Holly, local insurance man, approximately 2,000 acres of wheat was involved and he placed the estimated loss at about \$7,000 with losses ranging from 20% to 75% on the farms. Mr. Holly stated that about 75% of the farms were covered by insurance.

### BAND CONCERT

Joe Grimland, director of the Spur High School Band announced the annual Band Concert would be given tonight at 8 p. m. in the High School gymnasium. Everyone is cordially invited to attend.

Mr. and Mrs. Cleve Huckley of Levelland were the guests of Mr. A. M. Karr the past week-end.

### Free! Free! Free!

THEATRE TICKETS TO SUBSCRIBERS

Each week the Palace Theatre and the TEXAS SPUR will give to regular mail subscribers—tickets for 2 members of the family to the Palace Theatre.

This week's tickets go to Mrs. Paul Hotcho to see "Down To The Sea In Ships"

Remember Sat. Nite Preview or Monday (Teat this out and present at Theatre boxoffice) You must be on the subscription list of THE TEXAS SPUR to win free tickets—Subscribe today!

### "DIPPING VAT" ON MAIN STREET BE HIGHLIGHT DURING JUBILEE

Go Western, guys and girls, or get "dunked." That's the edict issued by the Spur Cowboy Jubilee Association this week.

Bigger than ever preparations are being made for the 1949 Spur Cowboy Jubilee and Rodeo, scheduled for June 2, 3 and 4, in Spur.

Four performances will be held, opening with a bang-up parade on Thursday, June 2, at 1 p. m. with shows scheduled for Thursday afternoon and night. Performances will be held again on Friday night with the concluding show to be staged Saturday night, June 4.

Citizens of Spur and Dickens County will be bedecked in western regalia to advertise the show. A special "Dipping Vat" will be erected on the main street by the Spur Lions Club to take care of the non-conformers of the "go western" edict of the Cowboy Jubilee Association.

Over \$2500 in prizes will be offered amateur performers in the eight divisions of the rodeo—bareback riding, bronc riding, calf roping, double mugging, cutting horse contest, old-timer roping, contest bull riding and Cowgirl Spontaneous Contest.

All entries should be mailed to Martin Pope, Chairman of the Rodeo events, Spur, Texas.

Stock for the show will be provided by "Goat" Mayo, well-known cattleman in West Texas.

### All Girls Show At Kooney Park Opens Sunday, 29th

Johnnie Koonsman announced this week that plans were nearing completion for the All Girls Roping and Sponsor Event to be held at Kooney Park beginning with a show Sunday afternoon, May 29, at 2:30 p. m. and again on Monday night, May 30, at 8:00 p. m.

Judges for the added feature, a Cutting Horse Contest were named this week. They are: Robert McAtter, Cap McNeil and John Stotts. Other officials are: Rob. Simmons, time judge; Slim Myers, flag barrier; Guy Fellmy, gate man; and Judy Hays and Dede Barton, flag carriers.

Mr. Koonsman stated that Billy Grey and his "Sons of Texas," radio entertainers, would play for one hour before the Monday night show.

### ATTENTION

Antelope Community church will hold a sing-song Sunday May 22th, from 2:30-5:30.

All those who are interested in good singing are urged to be present.

### REV. L. L. HILL TO DELIVER BACCALAUREATE SERMON SUNDAY

Rev. L. L. Hill, pastor of the First Methodist Church, Spur, will deliver the Baccalaureate Sermon to the 1949 Seniors of Spur High School at 8:30 p. m. Sunday Night, May 22, in the High School Gymnasium, Supt. C. F. Cook announced this week. Forty-six graduates, 23 boys and 23 girls, will hear the sermon by Rev. Hill.

### Pioneer Rancher Victim Of Heart Attack Tuesday

James Calvin McNeill, Jr., age 74, pioneer rancher of this area died of a heart attack Tuesday, May 17, at 1 p. m. Mr. McNeill suffered the attack earlier and was enroute by ambulance to a Lubbock hospital when death came.

Funeral services for the deceased were to be held this afternoon (Thursday) at 3 p. m. in the Presbyterian Church with Rev. C. Melvin Rathel officiating. Interment will follow in the Spur cemetery under the direction of Campbell's Funeral Chapel.

Mr. McNeill was a pioneer rancher of the southplains area. He was born in Brazoria, Texas, December 8, 1875, and came to this area in 1900, settling on the Cap Rock in Crosby county. He was a breeder of hereford cattle and was very prominent in the development of the cattle industry in this part of the country.

Mr. McNeill was married to Miss Francis Cox at Emma, Texas, in 1900. He was a member of the Presbyterian Church, having joined at an early age. He was an active member of the Masonic Lodge.

Survivors include his wife, Mrs. Francis McNeill, three sons, J. R. and Randolph McNeill of Spur, and J. C. McNeill, III, of Crosbyton; one brother, L. J. McNeill of Brazoria, Texas; three sisters, Mrs. C. S. Mitchell of La Ward, Texas; Mrs. Ola Davidson of West Columbia, Texas and Mrs. Alice Ballowe of Houston, Texas and five grandchildren.

### ROTARY NEWS

Of interest to a large group of Rotarians on Thursday, May 12, was Mrs. Oscar McGinty's review of the humorous book "Cheaper By The Dozen", the story of a family of twelve children.

Presented in her usual charming manner Mrs. McGinty held the absolute attention of her audience and was the recipient of many expressions of appreciation and congratulations at the close of the review.

Visitors present were Rotary Annas Mrs. Oscar Kelley and Mrs. Mancil Bragg and daughters, and Rotarian Earl W. Rogers of Borger.

Mancil Bragg was program chairman.

Mr. and Mrs. Carl Rye visited in Amarillo over the past week-end.

Hymn—"Day Is Dying In The West"—High School Chorus

Recessional—Mrs. Melvin Rathel. Benediction—Rev. C. Melvin Rathel. Commencement exercises will be held Thursday night, May 26, at 8:30 p. m. in the High School Gymnasium. Dr. D. M. Wiggins, President of Texas Technological College, Lubbock, will deliver the address.

Shown above is the exact spot the Kirtrell home was located in the path of the tornado that struck in the Soldiers Mound Community Tuesday afternoon. It was here that Mrs. Charity Smith, 52, lost her life, and Mrs. James D. Kirtrell and her children were seriously injured.

This is all that remains of the Rev. E. Peppy Blount's home. The twister that struck about 5 p. m. Tuesday leveled the building. Note Pup that stood guard over the demolished residence.

Just an empty space is all that is pictured here where was once the site of the Soldiers Mound Baptist Church. The tornado swept this structure away into the mesquite area. The piano from the church was recovered about 100 yards from the scene of the destruction.

Shown above is Van North and Levi Meador of Spur, holding a chicken that was stripped clean of all its feathers by the queer twister. (All above pictures courtesy of B and H. Studio.)

### JOTS BY JOE

An urgent appeal was sent out Wednesday by Geo. Link, chairman of the Dickens County Chapter of the American Red Cross for clothing, household goods, kitchen wares, shoes, etc., to aid those who were struck by the tornado Tuesday afternoon. Let's get in there, folks... we can do it.

Bring or send in your articles to the Red Cross... clothing, shoes, personal articles will be received at Gabriel's and the American Legion Hut... household goods, furniture, kitchen wares, etc., at Bryant-Link's.

Tuesday's twister was the seventh that JOTS has witnessed... and believe me each one gets worse... no one can blame the local citizens for taking cover or "high-tailing" it out of town... twisters are not to be toyed with.

Miss Arlene Wilson, recent place winner in the Red Cross meeting Literary Events held in Lubbock, recently received a letter of congratulations from State Representative R. E. (Peppy) Blount, on her achievement in the meet... the letter said:

"Congratulations. Recently read of your participation in the Inter-scholastic League Literary Events. You will probably realize, in later years, that your training in this field of endeavor has made a wholesome contribution in your understanding of people and social problems. Allow me to express my most sincere congratulations.

"If I can ever help or lend you assistance in any manner, please don't hesitate to call upon me. I remain a member of the old school of thought who believes the solution of all our common problems lies in the people. With assurance of kindest personal regards,

Sincerely yours, R. E. (Peppy) Blount, State Representative.

Miss Wilson's opponent that defeated her in Lubbock went on to place third in the State meet recently held in Austin.

Mrs. L. E. Lee and Mrs. I. E. Abernathy left Monday morning, enroute to Menard, where they will visit Mrs. Abernathy's son, Tink Abernathy and family. After a week's visit in Menard they will visit other relatives in Waco. They expect to be away about three weeks.

Mrs. Joe Long left for Knox City Monday morning to be with her sister-in-law who will submit to major surgery. Joe has been with his sister for the past several days.

### Memorial Services Will Be Held Monday, May 30, 1 Until 3 p. m.

Commander Joe Jeffers of the Williams-Packett Post No. 161, American Legion, announced this week that plans had been completed for Memorial Services to be in downtown Spur Monday, May 30, from 1 until 3 p. m.

Willis G. Jernigan, minister of the Church of Christ, and former State Chaplain of the American Legion, will be the principal speaker for the services. The services will be held in the 400 block of N. Burlington Street, and all business houses have been requested to close from 1 p. m. until 3 p. m. for the services.

Commander Jeffers stated that the services would be in honor of Dickens county men who gave their lives in battle in World Wars I and II.

### 9 Injured as Twister Sweeps Spur Area

Churned by high winds, an angry, boiling tornado, ripped through a section of farm homes and the Soldier Mound Community, four miles north of Spur Tuesday evening about 6 o'clock, leaving one dead, nine injured, 11 homes and the Soldiers Mound Baptist Church completely destroyed and six others badly damaged. Total damage was placed at \$75,000.

Killed in the storm was Mrs. Charity Smith, age 52, who had recently come to Dickens County from Gainesville, Texas, to live with her son and his family, James D. Kirtrell.

Injured were Mrs. James D. Kirtrell, 35, who suffered shock and bruises and possibly fractured rib. The Kirtrell children, Bonnie Ann, 12, suffered shock and bruises; Goldie 8, shock and bruises, Ruth Evelyn 6, shock and bruises; Sue LeJune, 4, fractured right elbow, fractured thigh, facial cuts and bruises, Clarence 2 1-2, bruises, Larry Don, shock and bruises, James, 10, was slightly injured and was treated and released from the hospital Tuesday evening. The others remain in the hospital, with Sue LeJune's condition reported as serious.

Also injured was C. R. Adams, who was treated at the hospital for shock and bruises. He was still in the hospital late Wednesday afternoon.

### Lions Club News

Western Week in Spur starts Wednesday morning, May 25 and lasts through the Rodeo Weekend. The Spur Lions Club has issued warning to all "City Dwellers" that a dipping vat is being prepared for all who refuse or otherwise neglect to wear their western regalia for this week.

The Lions Club agreed unanimously to comply with tradition for this week and don their boots and "kerchiefs."

Lions Pete Kizer and Ernest McNutt are to be in charge of the Lions Club soft drinks concession at the rodeo grounds. Other Lions will rotate duty during show time.

Lion Boss Fred Kinney presented a clothing drive for needy families as a last project for the retiring officers and directors at the club's Tuesday noon meeting. The club accepted the project and will collect old clothing on the afternoon of Wednesday, June 1. The churches and other civic organizations are cooperating in the project and will supply the Lions Club with names of needy families.

Those desiring to donate clothing for this drive are requested to have it ready for the Lions on this date. Lion Boss Kinney requests that the clothing be left on the front porch and marked "Lions."

Home owners in the stricken area were clearing away debris and gathering up their belongings Wednesday as best as they could. In many instances all household articles, clothing and furniture were a total loss.

Mr. Harvey Holly, local insurance man, had placed the estimated damage by the twister at \$75,000, at which he said that approximately 75% were covered by a reasonable amount of insurance.

### Exercises For Colored School Are Announced

The Spur Colored school closing exercises were announced this week by G. W. Kerr, superintendent.

The initial exercises were held Wednesday night when the Primary room under the direction of Mrs. Louise Kerr, presented a program of songs, recitations and plays. Friday night, the high school play "Where's Granma" will be given.

The Baccalaureate Sermon will be presented by Rev. J. L. Lee at the Bethel Baptist Church Sunday, May 22, at 3 p. m. Wednesday night, May 25, the graduation exercises will be held in the auditorium of the new school building. Prof. E. D. Hurt of Quanah Colored Schools will be the speaker. Supt. C. F. Cook of Spur will present the certificates to the Senior Class.

Time of the first blow of the tornado was placed at 5:45 p. m. It traveled from southwest to northwest, missing Spur by about two miles. Spur residents and many of the rural areas left in their cars when it appeared that the twister was headed directly into the town. Many of the residents took a "ring-side" seat of the tornado from atop the big hill, as the twister zig-zagged back and forth over the ground.

Mrs. Smith, who was killed in the storm had recently come to Dickens county to make her home with her son, James D. Kirtrell. The wind carried her body about 100 yards in a field southwest of the house, in the opposite direction that the twister was moving.

She was dead when early arrivals found her body, buried in the mud-plowed field. The youngest of the Kirtrell children was the object of an extensive search for two hours after the storm, and was found about 100 yards southeast of the spot where Mrs. Smith's body was found.

Two factors that held the casualties down, were sparse settlement at Soldiers Mound and the fact that many of the farm homes in the area were equipped with storm-cellars.

According to a survey made by a reporter of the Texas Spur Wednesday morning, 10 farm homes and the Soldiers Mound Baptist Church were completely demolished. Homes that were total losses are: Tim Morgan, Geonally (occupied by Ernest Dunaway family); L. A. Wellbourn (occupied by the Bronson family); Clifford Jones (occupied by Jesse Owens family); W. O. Sanderford (unoccupied); W. A. Harris (occupied by C. R. Adams family); T. B. Watson farm house (unoccupied); Will Sprabery farm house (occupied by the W. F. Bayer family); the Kirtrell home, Soldiers Mound Baptist Church, and Clyde Latham home east of Dickens. Homes that were badly damaged, including loss of roof, barns, out-houses, are: F. H. Barr, Ollie Hindman, Joe Grace, Dan Pritchett, Carl Holloway, Floy Watson.

Home owners in the stricken area were clearing away debris and gathering up their belongings Wednesday as best as they could. In many instances all household articles, clothing and furniture were a total loss.

Mr. Harvey Holly, local insurance man, had placed the estimated damage by the twister at \$75,000, at which he said that approximately 75% were covered by a reasonable amount of insurance.

Mr. and Mrs. Drew Byrd and daughter of Afton were shopping for graduating gifts in Spur Saturday.

Mrs. D. L. Pace and Mrs. W. H. Martin were among those from the Highway community who attended the funeral services for Grandmother Slack held here Saturday.

# Five-Foot Shelf of Good Looks

A TOUCH on the handle—and a wide front door swings open on a prospect full of invitation.

There's a wheel that seems actually eager for the touch of your hand.

There's a broad 63-inch seat cushion, comfortably angled, soft and inviting, and only a hand's width narrower than a full-size parlor sofa.

There are narrower corner posts hardly wider than the space between your eyes, so plenty easy to see around—and there's a broad, sweeping, full-curved windshield spreading a horizon-wide view before your eyes.

There's a gas treadle that flicks into instant life the great power of a big Fireball power plant. Under the wheel there can be a Dynaflow selector lever you set once and then forget through all normal forward driving.

And wrapping it all up in one stunningly beautiful picture of top-drawer travel is modern styling in the good Buick manner—sleek lines, bright chrome, the instant identification of gleaming Ventiports.

Here's five-feet-plus of deep-seated comfort—an outlook that brings the whole landscape indoors—handsome lines that draw admiring glances anywhere—what else is needed to settle your mind on this one?

Two things, probably. A little spin with yourself behind the wheel just to take this honey's measure. A look at the price tags and a bit of mental comparisons just to prove how big a buy it is.

For both you have only to see your Buick dealer—who will be pleased to demonstrate, pleased to talk price—and pleased to take your order for surprisingly early delivery.

**BUICK alone has all these features**

- Silk-smooth DYNAFLOW DRIVE\* • FULL-VIEW VISION from enlarged glass area
- SWING-EASY DOORS and easy access • Buoyant-riding QUADRIFLEX COIL SPRINGING
- "LIVING SPACE" INTERIORS with Deep-Cradle cushions • Cruise-Line VENTIPOINTS
- DUREX BEARINGS, axles and connecting rods • Low-pressure tires on SAFETY-RIDE RIMS
- Lively FIREBALL STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS
- plus HI-POSSID ENGINE MOUNTINGS • BODY BY FISHER

# Sunday School Lesson

JESUS IN THE UPPER ROOM  
International Sunday School  
Lesson for May 22, 1949

MEMORY SELECTION: "This my body which is broken for you. Do this in remembrance of me."  
—I. Corinthians 11: 24.

Lesson Text: Mark 14: 12-35

We came now to the last twenty-four hours of the earthly life of Jesus. Earlier he had sent Peter and John into Jerusalem to make arrangements for Jesus' last supper. Jesus knew that Judas was plotting with his enemies, therefore, he did not let this disciple know in advance where they would gather in the evening.

When the disciples gathered there was again a disgraceful discussion among them as to honor, which spirit Jesus rebuked by assuming the task of a servant and washing the dust and dirt from their feet.

Eating and drinking with them, he established the precedent for the Lord's Supper, which is observed by his followers today in memory of his life and sacrifice.

While at this meal, Jesus astonished his little group of intimate associates by telling them that one of them would betray him. In dismay each inquired if it could possibly be him. Apparently to John alone did Jesus indicate who his betrayer was, and, shortly afterwards, in a quiet tone, instructed Judas to proceed with his plans.

It may seem strange that the disciples all inquired as to their possibility of guilt. It reveals, at least, that none of them up to this time had suspected the insincerity of Judas.

There are two viewpoints on Judas. One holds him up as the arch traitor in the world's history. Rev. R. C. Gillie explains his attitude: "No man can live constantly with a very good person who loves him, and give in return neither sympathy nor loyalty, without coming in time to feel hatred. It is impossible to go on receiving love and playing the hypocrite and remain indifferent. Thus, in the last year of his life, Judas' love for Jesus changed slowly to distaste and dislike, and at last to a kind of hatred. He felt himself to be an almost ruined man. His bubbling burst."

On the other hand, the New Outlook finds Judas' sin to be more understandable: "A growing distrust of the methods by which Jesus was seeking to bring in his Kingdom and a growing impatience with him for refusing to admit other and more practical and rational ideals." We have no reason to think that Judas' discipleship was a mockery from the beginning; it probably had quite as much sincerity in it as had any of the others. But he had come to the place where Jesus' way of patient goodness and enduring love seemed futile and foolishness, and he determined to try a way of his own.

It doesn't look as if Judas' sin was such a terribly unique one after all; what else is any man guilty of when he says that

Jesus' gospel of love cannot be made to work in a world such as ours is, and the Beatitudes and Golden Rule are sentimental nonsense!"

Judas having gone, Jesus told his disciples that all of them would be offended with him. Whereupon Peter, with his usual impetuosity, insisted that he would die before he would deny his Lord. Jesus warned him that before daylight he would deny him three times, which subsequently came to pass as Peter, alarmed by his own danger, strenuously insisted to various persons that he did not know Jesus. Finally, made conscious of his desertion by a glance from Jesus, Peter was stricken with grief.

In his subsequent life, by courageously championing the new faith, Peter gave a proof of the fidelity and courage of which he had boasted, eventually facing death without denying his Master.

Mrs. Pete Sullivan and son, Pat of Ferris, spent the week end here, visiting Mrs. Sullivan's husband, Pete Sullivan and Mrs. D. H. Sullivan. Mr. Sullivan accompanied them on their return trip home and will spend a few days visit there.

## American Boy-Mayor Visits Unesco

Touring Europe to study the problem of displaced children, John Finerty, 16-year-old Mayor of the Children's Village at Dobbs Ferry, New York, is shown here in London with Dr. Jaime Torres Bodet, former Foreign Minister of Mexico and now Director of the United Nations Educational, Scientific and Cultural Organization (Unesco). Unesco itself as part of its cultural reconstruction job, has taken steps to promote closer relations between the various towns and villages set up for hand-

DEAN STOCKWELL and LIONEL BARRYMORE in a scene from 20th Century-Fox's "DOWN TO THE SEA IN SHIPS," with Richard Widmark.

**"DOWN TO THE SEA IN SHIPS" WHALING EPIC OPENS SUNDAY**

America's great whaling ships, which cruised out of New England's harbors in the 1880's on voyages which often lasted years and sometimes circled the globe, come into their own in "Down to the Sea in Ships," the new Twentieth Century-Fox adventure film which opens Sunday at the Palace Theatre, starring Richard Widmark, Lionel Barrymore and Dean Stockwell.

Nearly ten years in preparation, "Down to the Sea in Ships" was scheduled for production just prior to the war, but the start of hostilities precluded any movie making at sea or in harbors. In 1946, Production Chief Darby F. Zanuck resumed preparations for the filming of the exciting adventure picture set in one of the most thrilling eras in American

history. The story of the captain of "The Pride of Bedford," who, at the age of 80, still carries on at sea in order that his grandson may receive the benefit of his experience, was filmed in realistic fashion at Seal Beach, California, which closely resembles a New England harbor. A 125 foot whaling brig, weighing 45 tons, was built especially for the picture. Aboard her comes a varied crew who sail the wide expanse of the Atlantic and find high adventure, climaxed by a spectacular wreck on an iceberg.

Richard Widmark, sensational new screen personality, is cast as the rebellious mate while Lionel Barrymore enacts the role of the crotchety master. His grandson is played by Dean Stockwell, widely acclaimed juvenile actor who starred in "The Green Years" and "Gentleman's Agreement."

Heading the featured cast of "Down to the Sea in Ships" are Cecil Kellaway and Gene Lockhart, while others who have important roles include Henry Kroeger, John McIntyre, Ruth Donnelly, Henry Morgan, Harry Davenport and Connie Marshall. Henry Hathaway directed the picture which was produced by Louis D. Lighton. The screen play

is by John Lee Mahin and Sy Bartlett from a story by Bartlett.

**Miss Grace Boothe Honored On Birthday**

Mrs. Nona Starcher complimented Miss Grace Boothe on her birthday with an informal back yard party Sunday afternoon, May 15.

Mother nature had furnished her own decorations — red roses growing on the fence in a riot of color along with potted geraniums completed the outdoor setting.

On the table placed in the center of the garden was a beautiful cake decorated with pink peach blossoms. The cake was cut and served with delicious homemade cake which each of the guests had a share in freezing.

Those present for this occasion were Mesdames Rex Taylor, Louise Bateman, Johnnie Dwight, Van Shaw, Kate Morris, Misses Nina Havens, Tommie Thannish, Francis Johns, Bertha Nell Walker, Dannelle Bateman, AvNeil Bilberry, Faye Middlebrook, and Messers Garth Edgar, Johnnie Dwight and the hosts Mrs. Starcher.

**LOG OF THE SENIOR TRIP**

The 49ers of Spur High School spent a wonderful two days tour of the cities of San Antonio and Austin. About five o'clock Thursday afternoon they rolled into the old Spanish city of San Antonio. Every person on the bus was very glad to reach their destination because each were very tired and disheveled from the long bus ride. They got away to an early start Friday morning in an effort to visit the different points of interest.

The first stop was at the Alamo, the shrine hallowed by all Texas people.

Here they saw much evidence of the old Spanish empire.

From the Alamo the crowd went to Jockie's Department store, where each of the seniors rode the escalator — something most of the group had never done.

The next stop was at the San Jose Mission. This proved a very interesting sight — as it bore evidence of the old Spanish influence in Texas. This old Mission was said to be a city within itself. Still in a good state of preservation was an old mill where the Spanish had ground their

grain. A most interesting and significant act was how the Spanish had built the walls and roof of the mission. No support was used in making the roof, they molded and packed the sand into the desired shapes and then built their arched ceilings around it. When the plaster had dried they removed the sand and the beautiful arches were left standing. These buildings are still in a wonderful state of preservation today.

The next stop was made at the Governor's Palace. This building is very much as it was years ago when it was occupied by the Spanish Governor.

A short ride took them to Kelly Field, the largest air field in the world, where they viewed many different points of interest. Here the Spur Seniors had their pictures taken by the huge airplanes that occupy the field.

From Kelly Field they went to the Sunken and the Chinese Tea Gardens. For those who had never visited there before it was a beautiful sight.

About five o'clock a very tired and battered bunch started for Austin.

It was a very subdued crowd enroute to Austin as all were too tired to kick up their heels.

After a good night's rest they were again sitting on top of the

world and were off bright and early to view the State's Capitol.

At the Capitol they visited the Senate and House of Representatives. To the definite disappointment of the crowd neither were in session. Nearly every senior insisted on climbing to the very top of the Capitol dome. Later all gathered on the main floor and paid a visit to the vault. From the Capitol the group drove to the Governor's Mansion — here they were shown different things of interest including Sam Houston's bed room.

An hour and a half was spent on the campus of the University.

Last but not least was a swim the bunch enjoyed at Barton Springs.

Early Sunday morning a happy but tired bunch began the homeward journey.

The Seniors of Spur High wish to express their sincere thanks and appreciation to Mr. C. F. Cook, Mrs. M. H. Rannon, Mrs. Buford Johnson, Mrs. Simpson and Mrs. and Miss ena Noark for their help and assistance in making this a wonderful trip.

With one accord the Seniors of 49 say thank you for every thing.

Mr. and Mrs. Fred Henry of Duncan Flat were tracking in Spur Saturday of last week.

# Your Church Needs You - Attend Regularly

## The Methodist Church

L. L. HILL, PASTOR

The Conference year of the Methodist Church will end May 31. The New Conference Year begins June 1. Rev. L. L. Hill, George S. Link, Sr., and Frank Graham will go to Amarillo next week to attend a five day session of the Annual Conference for Northwest Texas.

During this Conference year the Methodist Church here has finished and equipped the educational building, refurnished and redecorated the nursery, Roundup and other Sunday School rooms. New hymn books have been purchased. Besides the transfers from other churches thirty people have been received by baptism and vows. Plans are under way to recondition a portion of the parsonage. Three hundred feet of new walks have been laid and the parking lot south of the church has been blocked off. Funds are now being raised for an electric organ. This has been a good year for the Methodist Church.

**Daily Vacation Bible School**  
A Daily Vacation Bible School will be held at the Methodist Church beginning the 29th of May. All children from the Kindergarten through the Intermediates ages are urged to come.

**Methodist Assembly**  
The Methodist Assembly for Young People of the Northwest Texas Conference will be held at McMurry College June 6-10. Ginger Walker and Ella Hill were elected by the Young People to represent Spur at the Assembly.

**Ceta Canyon Camp**  
The Ceta Canyon Camp Ground is undergoing a very extensive improving program. Cabins and dormitory facilities for 300 campers is being made available. It has modern bath houses-swimming pool-auditorium will seat 500 people. Modern Dining hall to accommodate 300 people at a time. There will be a health lodge and nurses home to take care of anyone who might get sick while camping there. The 316 acres of beautiful rugged Canyon provides ample space for hiking, swimming, ball games, and all other types of clean recreation under supervision of Christian leaders. During the 1948 camping season there were more than 100 conversions on the grounds, and over 50 first time life Service Volunteers Spur, Methodists are participating in the Camp Ground Campaign and will send at least two and maybe three groups of campers to the grounds this summer.

## First Baptist Church

C. Melvin Rathel, pastor

Plans are getting under way at the First Baptist Church for the Daily Vacation Bible school. Miss Bobbie Marrow, student at Wayland College, Plainview will be the supervisor for this work.

The school will open Monday 13th of June and continue through the 17th.

The young people of the church are looking forward to attending the youth camps which will open in June.

At this time Rev. Malvin Rathel is in attendance at the Annual Baptist convention in Oklahoma City, Oklahoma.

## Bethel Baptist Church

Lee Vaughn, pastor

Our Sunday School is growing. The present enrollment is 118. We also have all the organizations for all ages. So, let us make Sunday, May 22, a record-breaker in attendance.

Sunday school—10 a. m.  
Sermon Topic for the preaching hour, "The Unfinished Letter."  
Training Union—7:30 p. m.  
Special Program.

Sermon Topic for Evening services—"Forty Years Old and A Failure."  
Welcome, One and All!

Two human lives with possibilities of usefulness to others and of happiness to themselves! Who knows what they might be worth to society; muscles capable of hard work, minds developed to shrewdness of planning, hearts that could respond to love, parents who are the product of ages of divine providence?

You and I "waked up" a little late to appreciate the potential good they represent. The officers of the Law represent you and me coming a bit too late to do what we could have done yesterday. Words of interest and of helpful guidance were wanted and we were too busy to speak them; homes of love and of moral ideals are the right of every child and we forgot to inquire whether their parents were able to provide them; the Church could have instilled love of wisdom and of goodness had someone seen to it that they were regularly in their place of education of religious nurture.

It is "a little late" to expect these boys to become good citizens in your community; they may feel that you and I and the rest forsok them when they needed us, and on the inside is bitterness that will be difficult to overcome. And yet it may not be too late for something to be done, if we are willing to make the sacrifice. They need love and understanding sympathy and good comradeship; but all of these will demand time from someone. We have paid police and prison guards and judges in the courts and they will doubtless do all that they can to help. Did you ever ask the court to parole a girl or a boy to you instead of allowing him to go to jail? Girls and boys have been redeemed and made into good citizens, when most people thought it was too late to help. "Big Brothers" have come to the aid of many a boy for his good. "Alcoholics Anonymous" has become one of the major redemptive forces of our time. Here are men willing to take time to help and the returns are almost miraculous. Let the Church help you before it is a little late.

### YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that furnish and influence for a better citizenship and a stronger democracy. In the church the ministerial and a stronger grace character. Statements today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—here is a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

Chandler Funeral Home

**Funeral Rites Held For Pioneer Woman**

Funeral services for Mrs. Ruth Mae Slack, who passed away at the home of her daughter, Mrs. Coy Drennon on the Pitchfork Ranch, May 11, were held in the First Baptist Church of Spur Saturday morning at 9:36. May 14, 1949, with Rev. H. L. Burnham

and Rev. Lee Vaughn officiating. Mrs. Slack was well known by all the oldtimers in Dickens County, she was greatly beloved by all in the White River community where she had made her home for many years. She was born in Harding County, Iowa, May 11, 1868, was the daughter of Mr. and Mrs. Wing Derbyshire. With her family she came to Texas at an early

age; was married at Henrietta, Texas November 23, 1891. They came to Crosby County in 1913, and later settled in the White River community where she leaves a host of friends to mourn her passing. Pallbearers were Buran Jones, Leslie Estep, Leon Greer, J. Austin, Buck Taylor, and Forrest Martin. Chandler Funeral Coach carried

the remains to Henrietta where she was laid to rest in the family burial plot.

**Dickens Cemetery Working On May 30**

There will be a working of the Dickens cemetery on Monday morning, 30th. All those who are interested are urged to be present with a rake or hoe and a well filled lunch basket.

Members of the Dickens County American Legion will be in charge of the program and decorate the graves.

In the afternoon there will be an election of officers. Present officers are G. W. Street, president; Mrs. Anna Baldwin, secretary; and Mrs. Watt Holly, treasurer.

**Dickens H. D. Club Held Meeting May 13**

Members of the Dickens H. D. Club met in the home of Mrs. Charlie Hawley, May 13th.

The demonstration given by Mrs. Jewel Robinson on cakes and icings was very informative. Other helpful hints were given on baking.

During the business meeting Mmes. Ray Taylor, Chas Nickels and Jake Varnell were elected to represent the Dickens Club at the training school on Frozen Foods, which will be held May 24th.

The next meeting will be held June 10th, in the home of Mrs. Nickels, there will be a demonstration on Frozen foods.

All members are urged to be present.

**Spur Women Guests Of Childress Club**

Mrs. W. T. Andrews, president of Seventh District of Texas Federation of Music Clubs, of Spur, was guest speaker for the Childress Music Club at a luncheon held in the Woman's Club Building at Childress May 14.

Her subject was "Four Hundred Years of Music in Texas."

Mrs. Geo. Gabriel of Spur, sang a number of vocal selections illustrating the different types of Texas Music and as usual was highly complimented on her beautiful singing. Mrs. J. C. McNeill 3rd of Crosbyton, of whom the Spur Club is justly proud, rendered two lovely numbers by David Guion, under whom she

she studied. Mrs. J. E. Berry also of Spur, in her own original manner gave a brief but most interesting sketch of the life of David Guion.

A very unique luncheon was served to approximately fifty guests.

**VISITORS**

Mr. and Mrs. C. L. Love held open house for their children on Mother's day. Those present on this occasion were Mr. and Mrs. F. A. Watson and son, Patrick of Duncan, Oklahoma and Miss Dorothy Love who has been making her home in Fort Sumner, New Mexico for the past two years where she owns and operates The Model dress shop.

**Mrs. Fagan Hostess With Luncheon**

Mrs. C. A. Fagan of East Harris street entertained with a luncheon honoring her husband on his birthday, May 15, at 1:00 o'clock.

The house was attractively decorated with red roses and greenery.

The menu consisted of fried chicken, baked ham, new potatoes, green beans, corn on the cob, stuffed celery, green salad, cake topped with strawberries, lemon pie coffee and iced tea.

Mr. Fagan, the honoree, was the recipient of some gay ties and a number of other gifts.

Friends present for this occasion were Mr. and Mrs. Walter Carlisle, Mr. and Mrs. J. I. Me-com, Mr. and Mrs. Harry Patton, and Mr. and Mrs. J. E. Berry.

Carl Arthur of Fort Worth, spent a few days visit with his parents, Mr. and Mrs. O. C. Arthur and other relatives in Spur this week.

Mr. and Mrs. James Fox of Waco, where James is a student in the Baylor University, were here to attend the funeral services for W. J. Elliott the past week end.

Mr. and Mrs. F. L. Caraway left Sunday morning, for Dallas, where they will attend funeral services for Mr. Caraway's sister, Mrs. Carter who passed away there Sunday morning.

Mr. and Mrs. Theo Murphy of San Diego, California accompanied by Mrs. Pearl Pardue of Los Angeles, California and Mrs. Ned Richards of Hope New Mexico went last week here visiting Mr. and Mrs. Paul Hotcho of the De Wike community and Mr. and Mrs. Frank Murphy of Dickens.

Mr. and Mrs. Glenn Spradling of Girard, were in Spur early

Monday morning, trying to communicate with Mr. and Mrs. Geo. Spradling of Amarillo, who were thought to have been in the stormy area. At a late hour that morning they had still failed to make connection with Amarillo.

Mrs. C. H. McCully accompanied by her sister-in-law, Mrs. Grace Cannon of Rule, left Wednesday of last week, for San Antonio, where they will visit a

brother-in-law and family for a few days before going to Orange where they will visit other relatives. They will return home Saturday of this week.

Friends of Mrs. Walter Foreman will be sorry to learn of her illness in the Nichols General hospital. She is reported to be resting very comfortably at this time.

Mrs. M. P. Duncan accompanied by her granddaughter, Mrs. J. B. Dean left by train Friday of last week for Marysville, California in response to a message stating that Mrs. Duncan's daughter and Mrs. Dean's mother, Mrs. Eula Washington was seriously ill in the hospital there.

Mrs. F. R. Blair and Mrs. Carl Rye shopped in Lubbock Friday of this week.

**CONGRATULATIONS...**

And lots of luck to you Seniors of '49... Graduation is an exciting time... and to make this event even more for your "favorite graduate" you are probably planning to give some remembrance... May we suggest that you drop in here for gifts that every graduate wants... we know you'll find something appropriate that will show just how much you care...

**Hugo S. Sims Says:**

**ES TOWARD BUDDHA?**

The less-than-two-year-old nation of India is sending a new Ambassador to the United States in the person of Mrs. Vijaya Lakshmi Pandit, the younger sister of Prime Minister Jawaharlal Nehru.

The lady was educated in Europe and says she cannot remember when "I could not speak English." Nevertheless, she comes to this country in the hope that she can persuade the United States to support, with its material strength, the pacifist spirit of India and her country's leadership in Asia. Broadly stated, she seeks to make India better understood in the United States but, of course, she hopes to promote American financial assistance in the development of her own country.

It is interesting to note that Mrs. Pandit has no idea of accepting Western civilization, preferring a return to the inherited culture of India as opposed to the "cheap imitation" of the West. She fears that India would lose sight of those inner values with which her country hopes to enrich the world if there is complete westernization and stresses the belief that Mahama Gandhi led her people a long way back toward the kindlier philosophy of Buddha's day.

While we have no objection to the lady's retention of her beliefs in the spiritual values of India, including those of Buddha, we doubt if she will make much progress in persuading the people of the United States that they are superior to those already accepted by Americans. Her attitude, we presume, represents that of the comparatively small group of intellectuals in Asiatic countries who take pride in their culture, spiritualism and civilization but look to the Western world for converts rather than seeking to improve the lot of their own people by adopting Western methods which will give them a higher standard of living.

**"PRIVATE ENTERPRISE"**

The United States Government is using \$300,000,000 of public funds to support civil aviation in the present fiscal year, according to J. Weldon Jones, assistant-director of the Bureau of the Budget. The total combines air mail and subsidy payments with the development of navigation aids and airports.

**Joe Donough returned Sunday**

of this week from a visit to Coleman and Cross Plains where he said the wheat and oats were very fine he also stated the ranchers had a wonderful range

Former Spur residents who were down from Lubbock over the week end were Mrs. J. P. Legg and daughters, Lucille and Sue Mr. and Mrs. Orvil Lambert and daughter Orvidell and Mrs. R. A. Deavers.

Mr. and Mrs. Walter Jimison accompanied by Callie Ramsey visited relatives in Ropesville Sunday and friends in Sundown where they viewed the havoc wrought by the recent cyclone in that place.

**ARMED SERVICES COURTING FAVOR OF CONGRESSMAN**

By EDWARD R. SIMS (TEXAS SPUR Washington)

WASHINGTON—As the battle between the services goes on, over carriers, planes and other implements of war, a separate battle of politics goes on here in Washington. This battle is to impress Congressmen, the fellows who appropriate the money for the services. Each of the three services, the Army, Navy and working with both houses of Congress.

The senate liaison men do favors for Senators, arrange things for the Senators, and keep them posted on military affairs, including, of course, supplying them with speeches upon occasion. There is keen rivalry between the three services, much competition to win the favor of Congressmen, especially those on the armed forces committees, and subcommittees, in both houses. The office has a set-up similar to that in the Senate.

The Navy has long been best at this game. The Navy has outsmarted the other two services in the past years, on many occasions, by paying more attention to the Congressman. But this thing is beginning to even up. The Air Force is winning Congressional advocates of the younger type especially. It is still true the Navy has a loyal group of admirers that will not be changed in their appreciation of the Navy by anything.

But what worries the Navy is the Truman-Johnson line-up in the executive branch. The Air Force and the Army feel more secure; the Air Force is currently having its difficulties with its liaison officers, and some members of the House are actually hostile to the Air Force, because of the liaison situation. The youngest service should correct this situation lest they wind losing some of its good will, among Congressional members generally. The Navy must redouble its efforts, lest it lose its strong position with many members. The Army should go on the offensive. Thus all the services are busy with the problem of Congressional, or should be.

Congressmen generally seem to like Symington and Vandenberg, Secretary and Chief of Staff of the Air Force, General Bradley is very popular also. Now resigned Secretary Sayoll was liked by the Congress. And that goes for Chief of Naval Operations Den-

ford and Secretary Sullivan of the Navy, who has just resigned. Thus the top command is popular on Capitol Hill. Perhaps Symington and Vandenberg have the edge here — both comparatively in swim such positions. It's well, in a way, to see the military shuffling around to please civilians. After all this country is run by civilians, only protected by the military. And the wisest thing about the National Military Establishment is that a civilian heads it. Pity this country when the military has no civilian boss.

**HEALTH NOTES**

AUSTIN, Texas, May 19.—With 14 reported cases of diphtheria within the past week, and a total of 397 cases reported in the first 9 weeks of this year, Dr. Geo. W. Geo. Cox, State Officer, is urging Texas parents to have their immunized children Shick tested to determine immunity, and if inoculation is necessary, to have done immediately.

"There is a widespread belief that once immunity is established, it lasts forever," the State Health Officer said. "This is not always true. In some cases it diminishes and finally dies out, and reinoculation is necessary in order to protect the child."

"Every child who will enter school term should be inoculated or Shick tested now, because it takes from three to nine months for immunity to be completely established after the injection is administered."

As long as cases of diphtheria occur, a child is in danger unless protected by immunization. The germs throw off a powerful poison which goes all through the body. It is particularly harmful to the heart, blood vessels, nerves and kidneys, and serious complications often accompany the disease. Some of the more dangerous complications are broncho-pneumonia, to which the patient is particularly susceptible; paralysis, which may last for days or for as long as 3 or 4 months; or permanent injury to heart, nerves or kidneys.

"The best thing to do with diphtheria, is to stop it before it starts," Dr. Cox said. "When toxoid is injected under the skin, the system manufactures a disease-fighting antitoxin which can

successfully resist the disease. Children of school age should be inoculated or Shick tested now, so that immunity will be established or nearly so, before the opening of the next school term."

**Storage Space For Wheat Offered By Pan-Tex Farms**

Storage space for 16 1-2 million bushels of wheat at Pan-Tech Farms, formerly Pantax ordinance plant, near Amarillo, will be made available under the plans adopted by the board of directors of Texas Technological college.

The board authorized a committee headed by Chancellor Weymouth, Amarillo, to sign leases with the Commodity Credit Corporation or some other organization for the space in warehouses and igloos on the 17,000 acre property. Weymouth estimated the Panhandle wheat crop at between 45 and 50 million bushels. He said much of the wheat will spoil unless storage space is found. The committee also was authorized to employ efficient men to maintain the Pan-Tech lands and equipment. The board at its meeting last

**Weekly Swing**  
SOUTHWEST FARM MARKETS

Arkansas strawberries sold unchanged to 25 cents a crate higher for the week. With the season about over the Texas Coastal Bend district, cucumbers weakened at \$3.50 to \$4 per bushel. Tomatoes moved out of the Lower Rio Grande Valley in volume, although Texas prices held steady. U. S. No. 1 white, wrapped potatoes loaded at \$5 to \$5.50 per bag box of 6x6 and larger. Bantam type corn held about steady, but white corn lost 75 to 90 cents a bushel, selling around \$1.35 to \$1.50 per bushel.

Hay markets were still unsettled last week with nearly all old hay cleaned up and new crop still of doubtful shipping quality.

Good postures limited demand. Uneasiness prevailed in southwest seed markets last week due to shrinking demand, large inventories and prospects for bumper crops. However, wholesale prices were mostly unchanged to higher with gray shorts up \$5 to \$6 per ton and bran \$1 or more. Gluten meal advanced \$4 per ton, and soybean meal as much as \$1.50.

Losses of 1 to 2 cents per dozen on eggs during the past week were influenced by increased production, shutdown of some drying plants and a slump in hatchery demand. Farm prices ranged from 34 to 39 cents per dozen. Heavy hens dropped as much as 3 to 5 cents per pound as some southwest wholesale terminals from Monday through Monday as increased culling of flocks brought more supplies to market. Prices ranged mostly from 24 to 28 cents per pound. Fryers held about steady at 28 to 9 cents per pound at the farm and at 30 cents at wholesale centers.

Hog prices advanced 25 to 50 cents per 100 pounds last week at most southwest markets and Denver as demand broadened for smaller receipts. Good and choice butchers closed Monday at \$18.25 at San Antonio; \$18 to \$18.25 at Fort Worth; \$19 at Oklahoma City; and \$19.50 to \$10 at Denver. Sows ranged mostly between \$13.50 and \$16.

Uneven prices ruled southwest cattle markets last week despite smaller receipts and steady to higher dressed meat values. Calves and vealers advanced 50 cents to \$1 at most markets, but other classes saw losses as well as gains of 25 to 50 cents.

Southwest lamb markets tended toward the lower side last week until Monday's advances of 25 cents to \$1 erased earlier losses. Higher dressed lamb prices plus smaller receipts influenced these gains. Ewes held steady to firm. Cotton lost 75 cents to \$1.25 per bale since Monday a week ago in moderately active trading.

Charlie Nichols the gin man from Croton, was trading in Spur Saturday and stated that conditions in the Croton community looked promising for a bumper crop this year.

**AMENDED ACT ON TEC TO AID MANY TEXANS**

Some 28,600 Texas employees covered by the Texas Unemployment Compensation Act, and an estimated 1,620,000 insured workers under the same Act will receive relief in many forms under the same under the amended Act passed by the 51st Texas Legislature—the employer through a reduction in experience tax rates, and the claimant through employment insurance through a boost in the potential maximum benefits he may receive, the Texas Employment Commission announced today.

Governor Neuford Jester signed into law May 11, the bill which extends these benefits, among others, to employers and claimants alike, TEC said.

Under the old law, experience tax rates called for a minimum of five tenths of one per cent on employer payrolls. Whereas, the new law lowers figure to one-tenth of one per cent. The maximum experience tax rate remains 2.7 per cent. This section will probably save employers some six to ten million dollars each year, according to TEC.

The new bill also graduates the tax table in one-tenth of one per cent steps as opposed to the old table which was graduated into five-tenths of one per cent steps. This, it was pointed out, provides a more accurate measurement of employer experience tax rates. The new law further provides that an employer entitled to an experience tax rate will not be charged with benefits paid to a worker who leaves the employer under disqualifying conditions when in due protest is made to the Commission.

Another feature of the new law permits the TEC to grant experience tax rates six months earlier. Under the old law employers were required to pay the maximum flat rate of 2.7 per cent of payrolls for as many as forty-eight months. This was reduced to 42 months. The new law also relaxes rigid requirements under the old law which precluded a successor in business from acquiring his predecessor's experience tax rate except in rare circumstances. It now permits such transfer under practically all conditions to the point that rates may be transferred under the practically all conditions to the point that rolls may be transferred as other assets of a business. A section of the old law which levies taxes upon small business owned or controlled by the same interest when their combined employment was eight or more was removed entirely, TEC said.

Not only does the employer benefit by the new change in the Act, but claimants, too. Employment insurance will come in for their share through an increase in the potential maximum benefits. Under the old law the potential maximum was \$18 per week with a potential maximum duration of 18 weeks during which employment insurance

might be drawn. The potential maximum benefits the claimant can draw under the new law was raised \$2 and the maximum duration extended 6 weeks. The minimum weekly benefit payment was also raised from \$5 to \$7, TEC said.

A worker must have earned a minimum of \$90 in covered employment to qualify for employment insurance under the old law, but this provision was amended to provide that workers must show real attachment to the labor market by requiring higher earnings during a longer period of time for benefit eligibility. The new law requires a minimum of \$200 during the year, and that there must be earnings in at least two calendar quarters during the year.

Heretofore, under the old law, TEC added, any benefits paid to a claimant received under the plan. This provision was repealed on the ground that well as the employer, and that such investment should be treated in the same way that any other insurance investment is treated.

Another provision of the new act provides in effect that when the Trust Fund exceeds \$200,000,000, every employer who is eligible for an experience rating shall receive an additional one-tenth of one per cent reduction in his tax rate for each \$5,000,000 in the Trust Fund in excess of \$200,000,000. Presently, there is over \$206,000,000 in the Trust Fund. For this provision to be effective there must likewise be an eight per cent ratio between the amount in the Fund and the previous year's taxable wages. The present ratio is approximately eight per cent. The old law had no limit on the size of the Trust Fund, and no possible tax reductions could be made other than standard experience rating, TEC pointed out.

**Spur Marine To End 5-Month Cruise**

Cpl. Andrew Harrell, USMC, of Spur, Texas, is scheduled to arrive in Norfolk, Va., May 24, after a five month cruise in the Mediterranean aboard the light anti-aircraft cruiser USS Spokane. Earlier this month he visited the French Riviera and Oran, Algeria, prior to bidding farewell to Europe at the Rock of Gibraltar and sailing for home.

The Spokane has been operating with the Sixth Task Fleet, which is a part of the forces under the operational control of Admiral Richard L. Conolly, the Commander-in-Chief of Naval Forces, Eastern Atlantic and Mediterranean.

Mrs. Grace Harkey of Dickens, was shopping in Spur Tuesday afternoon of this week.

**Abilene Cotton Classing Office Serves Dickens**

This week marks the beginning of the 5th season of operation of the Abilene cotton classing office, according to H. J. Matejowsky, who is in charge of the work of the Cotton Branch, Production and Marketing Administration, U. S. Department of Agriculture.

The Abilene office serves cotton farmers in 27 counties in this area. They include: Andrews, Baylor, Brown, Callahan, Coke, Coleman, Concho, Dickens, Fisher, Haskell, Howard, Jones, Kent, Knox, Glasscock, Martin, Midland, Mitchell, Nolan, Runnels, Schleicher, Scurry, Shackelford, Stonewall, Taylor, Throckmorton, and Tom Green.

Last year 60 per cent of the cotton ginned in these counties was classed by the Abilene office, Mr. Matejowsky said. This amounted to 191,563 bales.

Farmers belonging to organized cotton improvement groups under the Smith-Doxey Act can get their cotton classed without cost. Also, they can get free market news service.

Applications for these Smith-Doxey Act benefits should be filed immediately after the group members have planted their cotton with the U. S. Department of Agriculture, PMA, cotton Branch, P. O. Box 2001, Abilene, Texas. Applications can be secured from the Abilene cotton office, county PMA office, county agent or ginster.

"To make sure farmers secure all the benefits due them under this program, their group appli-

cation should reach our office by July 1," Mr. Matejowsky said. However, applications will be accepted until August 15.

**HARD LUCK!**

Chicago.—When Jacob Walker's car stalled, he got out to push it over to the curb, with his wife, Ida, guiding the car. As Walker pushed, the motor started and the car pitched into a parked car.

Police gave Mrs. Walker a traffic ticket for operating a car without a driver's license.

**FALLS 4,000 FEET TO DEATH**

Seattle, Wash.—David Huycke, of Los Angeles, their pilot aboard a C-27, carrying ten passengers, fell 4,000 feet to his death in Alaska, when he was "sucked out" while trying to check a draft around a door.

**CARD OF THANKS**

We wish to express our heartfelt thanks and appreciation for the kindness shown us during the illness and death of our husband and father, Mr. A. M. Rasberry. Especially do we thank those for the beautiful floral offering and the food that was brought to Mrs. Flayd's. May God's richest blessings rest on each and everyone of you is our prayer.  
 Mrs. A. M. Rasberry and Melton Austin  
 Mr. and Mrs. Doyle Floyd  
 Mr. and Mrs. Dennis Rasberry  
 Those trading and shopping from the Afton community Saturday included Mr. and Mrs. G. W. Bennett, Mr. and Mrs. Bill Springer and Rev. A. P. Stokes who declared that Dickens County land was as wet as any black land in East Texas—he said on Friday of last week he took his tractor into the field and straight way bogged down—which he stated was something for West Texas.

Mr. and Mrs. George Harris of McAdoo, were trading in Spur Saturday.

Mr. and Mrs. O. R. Griffin former residents of Spur now of Post City were here Saturday visiting friends and spending the night with Mr. and Mrs. Albert Griffin.  
 Girard folk visiting and trading in Spur Saturday were Mr. and Mrs. B. H. King and daughter, Betty Lee, Mr. and Mrs. A. Goddard and Clarence Phillips.  
 Bill Jones, rancher, from down Jayton way, was a business visitor in Spur early Monday morning he reports every thing looking up for the ranchmen in that section.  
 Miss Tallye Windman from the Croton community, and her sister Mrs. Cloa McIntyre of Lubbock, were shopping in Spur Monday of this week.  
 Commissioner George Pierce and wife of the Wichita community, were looking after business affairs in Spur this week.  
 Mr. and Mrs. George Webster of Roaring Springs, were trading in Spur Monday morning. They reported a small flood fell in that section in the earlier part of the morning.  
 Mrs. Jackson East and mother, Mrs. Audrey Snodgrass of Rotan, Mrs. Harry Patton and Mrs. Walter Carlisle spent last Wednesday in Lubbock.  
 C. L. Scott and T. B. Scott of Afton, were business visitors in Spur Monday.

## SPUR COWBOYS Tire Family

### 100 CAR CARAVAN TO VISIT 25 TOWNS

Chairman Lester Garner of the annual Spur Cowboy Jubilee Booster Trip, announced this week that plans had been completed for the trip to be made on Saturday, May 28, Monday, May 30 and Tuesday, May 31.

Mr. Garner stated that a caravan of 100 cars or more is expected to invade the towns in this area. The initial trip is slated for Saturday, May 28, at 8:00 a. m. Airplanes, equipped with loud speakers, have been acquired and will precede the caravan of boosters into the towns. Special music along with other forms of entertainment have been arranged for the trip. The local members of state highway patrol will lead the caravan on the three day trip.

Mr. Garner has urged that all personnel and cars that will make the trip to gather on the vacant lots across from English Food Store by 7 a. m. Saturday morning. Raul English will paint today banners and booster signs on all cars from 7 a. m. until 8 a. m. Saturday morning. "We have the schedule timed, and it is absolutely imperative that all going on the caravan, be on time. We must be off by 8 a. m. in order that our schedule will be met," Mr. Garner said. "Our goal is to make this one of the best and most enjoyable booster trips West Texas ever had," chairman Garner concluded.

Schedule for the three day booster trip is as follows: Saturday, May 28, Girard, Jayton, Peacock, Swenson, Guthrie, Paducah, Matador, Roaring Springs, Afton, Dickens and Spur. Monday, May 30, Aspermont, Hamlin, Anson, Stamford, Haskell, Rule, Rochester, O'Brien, Knox City, Benjamin, Guthrie, Dickens and Spur. Tuesday, May 31, Crosbyton, Ralls, Post, Snyder, Roby, Rotan, Claremont Jayton and Spur.

### Poppy Sale Set For Saturday

Mrs. Weldon Grimes, chairman of the Legion Auxiliary Poppy Day Sale committee, announced this week that the annual Poppy Day Sale would be held Saturday, May 28.

Auxiliary members will conduct the sale and will have booths set up in the downtown area, as well as on the streets throughout the day.

The flowers are made by disabled war veterans during the year, and proceeds go into a fund to help provided for the veterans and their families.

Don't pass up a poppy salesman. Your dime, quarter, dollar, will go a long way in aiding a disabled veteran.

Mr. and Mrs. Jimmie Stewart made a business trip to St. Vrain, N. M. Wednesday.

### Free! Free! Free! THEATRE TICKETS TO SUBSCRIBERS

### 11.61 Inches Rain Since January 1

Rainfall in Dickens county for 1949 (thru May 24) has reached a total of 11.61 inches, according to information compiled by the Spur Agriculture Experiment Station.

According to information compiled by the Experiment Station only five years have topped the mark made so far in 1949, in the past 38 years. Those years and the amount of rainfall thru May were: 1914, 13.48; 1915, 15.65; 1919, 12.20; 1922, 11.82 and 1941, 15.67.

The rainfall as recorded at the station since January 1, 1949 is: January, 2.50; February, .43; March, 1.78; April, 1.62. Rainfall as recorded in May is: May 4, .31; 5, 1.20; 6, .04; 7, 1.41; 9, .38; 14, .10; 16, .42; 17, .81 and 24, .61, total of 5.28 inches in May. Total for the year 1949 11.61.

### Bulldogs Take District Title; Meet Wellington

The Spur bulldogs went on a hitting rampage in the first and third inning here Wednesday to score all their runs and defeat the Post team by a score of 11 to 0 for the bi-district baseball title.

The bulldogs sent 11 men to the plate in the first inning and scored six runs on five singles, a double, an error and a fielder's choice. The team was retired via the strike-out route to end the scoring. They came back in the third inning to tally five more runs and end the scoring for the seven inning game.

Watson, Lindsey and Simpson were the hitting stars of the game. Joe King hurled brilliant ball for the bulldogs allowing only 3 hits, gaining a shut-out despite three errors made by his teammates.

The bulldogs will meet Wellington Saturday at 3 p. m. for the regional championship. The game will be played in Jones Stadium, Spur.

### Wilson Baby Rites Conducted Tuesday

Funeral services for Suzanne Wilson, 5-weeks old daughter of Mr. and Mrs. Leonard Wilson, Jr., of Spur, were conducted at the graveside, Spur Cemetery, Tuesday, May 24, at 10 a. m. with Rev. C. Melein Rathel officiating.

Survivors include the parents, Mr. and Mrs. Leonard Wilson, Jr., and one sister, Linda Nell.

Services were conducted under the direction of Campbell's Funeral Chapel.

These piano students won national honors in the National Guild Audition of Piano Teachers and Students held here recently by Dr. Sidney Angell of Denver, Colorado. They are, top row, left to right: Robert Beeson, Judy Bragg, Don McGinty and Colette Collett. Bottom row: Gwendolyn Ford, Nancy Hale, Annette Haile and Virginia Ford. Lou Ann Comer and Kathleen Kelley are not pictured. By playing in the National Guild Audition they became members of the National Fraternity of Student Musicians.

FRIDAY, MAY 27 - 8 A.M.

### Ben Franklin Store Re-opens Friday

Mr. and Mrs. Randolph East, owners and operators of the Ben Franklin Store, announced this week that the store would re-open for business Friday, May 27, at 9 a. m.

The store has been closed for several weeks after a fire gutted the interior and completely destroyed the stock of merchandise. The store has been completely remodeled and an entire new stock of merchandise added.

A cordial invitation has been extended by the East's to attend their re-opening event, Friday, May 27.

### Memorial Day Services Monday

Memorial Day services in tribute to those who gave their lives in World Wars I and II, have been announced for Monday, May 30, from 1 p. m. until 3 p. m. on the downtown streets of Spur. Commander Joe Jeffers of the American Legion said.

The services will be conducted in the middle of the 400 block of North Burlington and Willis G. Jerrigan, minister of the Church of Christ, Spur, will be the speaker. Members of the Legion and Legion Auxiliary will visit the cemeteries in the county and place wreaths on graves of soldiers killed in both World Wars.

All downtown business houses will be closed from 1 p. m. until 3 p. m. in observance of the Memorial Day Services.

Mrs. O. M. McGinty and children spent the week end in San Antonio with Mrs. McGinty's sister, Mrs. Cled Palmer.

## Delta Kappa Gamma Ends '49 Program

On Saturday, May 21, members of the Delta Kappa Gamma Chapter of the Home Economics department of the Spur High School for the last meeting of the year. A luncheon that preceded the business session was made festive by the use of official class colors and red roses. Honorees for the meeting were Master Christopher Scott Kelley and Miss Elizabeth Lucille Williams. They were "New Comers" and each was presented a gift. Their mothers are members of the Gamma Eta. Mrs. Bell of Crosbyton and

Mrs. West of Paducah became members of the Gamma Eta at a regular initiation service during the business session the following new officers were installed. President, Mrs. Eula Whitaker, Spur; First vice president, Mrs. Taylor Lowrie; second vice president, Mrs. Jolly; recording secretary, Miss Margaret Elliott, Spur; corresponding secretary, Miss Mary Dell Frazier, Paducah; Mrs. S. M. Joy, Paducah, was re-appointed treasurer. The retiring president, Mrs. Fred Brownlee of Paducah, who conducted the installation service, was presented with a presidents pin. The next meeting of Gamma Eta will be September 17, 1949 at Spur with the new president as hostess.

WILLIAM HOLDEN, WILLIAM BENDIX and MACDONALD CAREY in Paramount's "STREETS OF LAREDO," in color by Technicolor.

## Lawless Texas Days Provide Film Thrills

One of the most exciting eras in American history — the days when the colorful state of Texas stood at the crossroads between law and disaster has been re-created by Paramount in its Technicolor outdoor thriller, "Streets of Laredo," which opens at the Palace Theatre Sunday.

The drama co-stars William Holden, William Bendix, Macdonald Carey and lovely Mona Freeman, the latter in her first grown-up role. Mona, until now has been specializing in teenage parts, and will be remembered especially for her delightful portrayal of the precocious kid sister in "Dear Ruth."

Holden, Bendix and Carey are seen as reckless outlaws whose loyalty to each other supersedes all else. Carey is the brains of the three and the most audacious, planning the stage-coach holdups and cattle robberies which are executed jointly. The story concerns the adventures which lead them to the parting of their ways.

Holden and Bendix become Texas Rangers, and Carey continuing to terrorize the countryside with ever bolder lawlessness. The events that finally pit Holden and Carey against each other are jammed with thrills and suspenseful action. The showdown scene in which they face each other for the last time with the surprise finish provided by the beautiful girl they both want is one of the most tense and terrific the screen has offered in a long time.

The gun-blazing action of the story is set against such natural pictorial beauty as to make "Streets of Laredo" a visual as well as an entertainment delight. Most of the picture was filmed in New Mexico and the Technicolor camera does full justice to the beauty of that countryside.

## Music Students In Play Monday

A very interesting and unique program was given by Spur music students Monday evening, May 23 at the East Ward auditorium.

The drama was entitled "Mrs. B. Natural's Party", with Kathleen Kelley as "June" and Jane Ann Albin and Carol Ann Allen as June's sisters. Members of the house party were: Rush McGinty, Kathleen Recker, Ruth Ann McAtee, Sharon English, and Nell Marcy, as four WACs and a Lieutenant of the Army. Virginia Ford represented Mrs. B. Natural.

Other members of the cast were Lou Ann Comer, Francis Wilson and Gwendolyn Ford as Miss Faith, Miss Hope and Miss Charity; Jerry and Gayle Benefield were Dr. Joy and nurse; Ann Austin and Judy Bragg were Gypsies; Roselle Marcy and Raina English, Fairies; Annette Haile and Robert Boeson, happy couple; Ona Lee Garner, Indian girl; and Eddie Proctor, Jockey.

Special numbers rendered were "How the Elephant got his Trunk", Annette Haile; "Old Man River", Rush McGinty; "Mighty Lak a Rose," a chorus by LaNelle Marcy, Kathleen Recker, Gayle Benefield, Sharon English, and Ruth Ann McAtee.

## Adult Homemaking Classes Offered

Mrs. Evalene Holly, Homemaking director of the Spur Schools is to direct adult classes in Home and Family Life Education. The first meeting will be 8:00 o'clock Tuesday evening, May 31 in the Homemaking Department.

Adults have requested the first unit to be on Principles of Dressmaking. Any individual may come and help decide the unit to be studied and the length of the unit. The group will discuss the time to meet, when to meet—morning, afternoon or evening.

### Present Taxes In State Enough Says Texans In Survey

By Joe Belden  
Director, The Texas Poll

AUSTIN, Texas, May 26—If the Texas Legislature winds up its session without new taxes, after having approved more spending than ever before, some members may look upon this as a feat of financial wizardry. But not "the folks back home." They expect it. For here is what a statewide survey just completed by The Texas Poll shows:

1. Six out of every ten adults believe present taxes bring in enough money to pay for everything that is needed.

2. At the same time, six out of every ten say there is need for spending more money — for schools, roads, old-age pensions, hospitals for the insane, health, and a number of other things.

3. As for saving money, only a small minority can advise state officials how to do that.

Thanks to a surplus of funds that has been built up in recent years, the Legislature may be able

to satisfy most public demands without levying new taxes. At least that seems to be the goal of leaders in the legislative saddle. The next few days may tell whether or not they succeed.

But what if more money becomes necessary to keep the budget balanced? How should it be raised? On this issue, public opinion is widely divided. The Texas Poll finds more people are inclined to favor natural resource taxes than any other type, with liquor, luxury, and sales taxes next in line.

The poll's findings are based on 10,000 questions which were put to a cross section of the adult population:

1. "Do you know of anything that our state government spends money for that should be reduced or cut out?"

Suggested ways for state to save money

Don't know anything that should be reduced or cut out

2. "Is there anything our state government should spend more money for than it is now spending?"

Suggested ways to spend more money

Don't know of anything state should spend more money for

3. "Do you think present taxes bring in enough money for this state government to pay for everything that is needed, or not?"

Yes, enough

No, not enough

Don't know

4. "Suppose you were a member of the Legislature and you found it necessary to raise more money for the government. What types of taxes would you be inclined to vote for?"

Wouldn't vote for any type

Don't know any types

Mentioned one or more types of taxes

The top economy suggestion, made by 3 per cent of the adults questioned, is to reduce personnel. These people said too many persons are on the government payroll who don't earn their salaries. Another two per cent felt that old-age pensions and other welfare expenses could be reduced. Other suggestions, each offered

by at least one per cent of the persons interviewed, were "cut out or reduce overlapping boards and bureaus," "cut out waste," "get rid of old-age pension investigation," "reduce business regulation," and "stop spending so much on roads and parks."

In answer to the second question, 29 per cent said more money should be spent on education. More should be spent on roads, said 18 per cent; more on old-age pensions, 7 per cent; hospitals for insane, 4 per cent; health, 3 per cent; relief to the poor and the handicapped, 3 per cent; veterans bonus, 2 per cent; housing, 1 per cent; and miscellaneous other things, 6 per cent.

If it becomes necessary to raise more money, the taxes on natural resources should be increased, said 16 per cent of the adults interviewed. Other taxes favored were liquor, beer and wine, by 9 per cent; luxuries and amusements, by 7 per cent; sales tax, by 7 per cent; corporation tax, by 4 per cent; gasoline tax, by 3 per cent; and income tax, by 3 per cent.

Miscellaneous other types of taxes were proposed by 8 per cent. A number of these said various forms of gambling, especially betting on horse races, should be legalized and taxed. Most Texans, however, would probably disapprove of this. In a recent survey, 58 per cent of a cross section of adults said they would vote against a bill making it legal to bet on horse races.

### MEDICINE TODAY... Micro-Organisms Sit for Portraits

NEW YORK, N. Y.—The dreaded tubercle bacillus, cause of tuberculosis, and the influenza virus, are here revealed in exact proportion to each other, at 18,600 times their actual size. Striking differences in size and form of the organisms which produce tuberculosis and influenza are revealed. Portraits of disease-producing organisms, in detail never before possible, are now being taken with the electron microscope in such research centers as the Squibb Institute for Medical Research at New Brunswick, New Jersey.

Ever since the discovery of the tubercle bacillus in 1882, scientists and medical research workers have been searching for a means of combatting it in human beings. Similar work has been going forward on the influenza virus. Today vaccines are available to prevent influenza, and a modification of streptomycin, named dihydrostreptomycin, is offering new hope of recovery to those suffering from tuberculosis.

Now with the aid of the electron microscope most disease-producing organisms can be seen, many for the first time, and Squibb scientists are able to study new approaches to their defeat.

### Building Permits Drop Below 1948

AUSTIN, Texas, May 26—Building permits issued in 46 Texas cities amounted to \$33,912,495 in April, slipping 6 per cent from the previous month and falling 21 per cent from April of last year, the University of Texas Bureau of Business Research reported.

After adjustment for seasonal variation, the Bureau's index of building permits stepped up 14 per cent from March to 526 per cent of the 1935-39 level. A year ago, the index stood at 674.

Permits granted in April more than doubled their March levels in Pampa, Childress, Marshall, Dexton, and Houston. Smaller gains ranged from 2 per cent in Port Arthur to 71 per cent in Tyler.

On the other hand, April permits dropped sharply from the previous month in Texas City, Corsicana, Bryan, Brownwood, Edinburg, Paris, Snyder, and Cloburne.

Snyder, Pampa, Lamesa, Childress, and Kenedy turned in the biggest increases over the dollar value of permits granted in April 1948. During the same period, sizeable declines were recorded by Borger, Texas City, Lockhart, Edinburg, Brownwood, and Coleman.

Houston's permits issued during April totaled \$8,888,457, topping other Texas cities. Dallas registered \$6,244,413; Austin, \$3,

144,780; and Pampa, \$2,003,982. Fort Worth, San Antonio, and Amarillo followed in that order.

### DOUBLE HUBBAJ

CHICAGO—The LP Gas Twins—Miss Estane and Miss Propane—reigned as queens at the annual convention and trade show of the Liquefied Petroleum Gas Association here. The girls, Camille (left) and Mildred Ego, are identical except that one is left-handed. Representatives of the LP-Gas industry from all parts of the country and several foreign nations attended the sessions.

### Baptist Church To Host Y. P.

The Young People of the Dickens County Baptist Association will meet at the First Baptist Church, Spur, on May 30, 1949. The meeting is scheduled to start at 6:00 p. m. with a recreational hour.

The Young People's organizations, including the Royal Ambassadors, the Girls' Auxiliary, the Sunbeams and the Young Women's Association, will bring sack lunches and eat on the ground with the First Church, Spur furnishing the drinks.

Dorothy Boykin will bring the devotional and Virginia Ruth Shugart will sing a solo.

Rev. Frank Bounds, Guthrie, Texas, will bring the message for the young people.

### NOT HURT; JUST MEASLES

Philadelphia, Pa. — Rushed to a hospital after he was hit by an automobile, doctors decided that 6-year-old Gus Lester, who was injured in the accident, had better stay in the hospital for a while, anyway. It seemed Gus was developing a case of measles.

### LET'S GO FISHING

Summertime is fishing time and getting an early start on their favorite outdoor sport are Hugh McNeill and Eileen Schott. Packing and unpacking is easy with the popular one-wheel trailer that couples to the car in a jiffy and enables the car passengers to ride in comfort in using trouble-free operation and long service the manufacturer has used bearings, made by The Timken Roller Bearing Company, in the wheel assembly. The wheel has a full circle pivot, thus eliminating the clunking trouble common to the fixed-wheel type of trailer.

TO COOL THEM OFF . . . A MILK TREAT

Interrupt the children's summertime activity for a "party"! They'll relax while they relish a tall, cool drink of our nutritious milk.

**HEALTH NOTES**

AUSTIN, Texas, May 26—Hookworm disease is found frequently in those communities where sanitary toilet facilities are inadequate, and where infected human excreta are permitted to contaminate the soil. Persons who come in contact with that soil, either by going barefooted or by handling the dirt, contract hookworm disease when the hookworms from such soil bore through their skin and make their way to the human intestine. "The main characteristics of hookworm disease," says Dr. Geo. W. Cox, State Health Officer, "are listlessness and apparent laziness, and many a child and adult has been called lazy, when in reality he was suffering from hookworm disease. Sometimes there is abdominal pain, nausea, and diarrhea, but this is unusual." Inability to perform efficient work, and general weakness of the patient make this disease not only a public health but an economic problem, and it can be eliminated only by carefully following two steps: first, providing sanitary disposal for human wastes, and by treating until cured, all infected persons. When the infected persons are cured, and can no longer transmit the worms to others, and when safe sewage disposal is at the command of all homes and communities, then hookworm disease need no longer cost the people of Texas the tremendous sum that it now does, annually, both in money and sickness.

Dr. Cox stated that the treatment of hookworm disease should be done by a competent physician, and not by self-medication. Full information for building sanitary privies may be had upon request, from the Texas State Department of Health, Austin.

Camden, Ark.—Jack Hendricks had the unusual experience recently knock a cigar from his mouth. He was not hurt by the bolt.

**Nights**

**Merit System Exams Be Held**

AUSTIN, Texas, May 26—Competitive examination for positions in the public health hospital construction program of the Texas State Department of Health has just been announced by the Merit System Council for the Texas State Department of Health. Examinations are for public health positions in the Hospital Survey & Construction Division of the State Department of Health, and will consist of an evaluation of training and experience and an oral examination. Veterans preference will be allowed applicants who have been honorably discharged from the United States armed forces, and who make passing score on the examination. Applications will be received continuously until further notice. Positions for which examinations will be conducted for Director, Hospital Survey & Construction Division; Architect; and Field Consultant. Qualifications required include graduation from an accredited college or university with major emphasis in appropriate sciences and experience in public health specialties. Preference will be given those candidates who have college training in advanced sciences of medicine, engineering, etc., and public health experience. Entrance salaries range from \$3000 to \$6000 according to classification.

Application blanks may be obtained from Russell E. Shrader, Merit System Supervisor, Littlefield Building, Austin, Texas.

**Brighten Your Corner With New Slip Covers For Your Furniture**

The time of year doesn't have as much to do with your decision to acquire new slip covers, as the way your living room looks. If it looks shabby, you want gay, new slip covers. Turn home decorator, save money and have fun in the bargain by making them yourself, at your sewing machine.

Your first concern in making your own is to see that your sewing machine is in good order. If you don't own one, now is the time to take a look at the many models available at your Singer Sewing Center. You'll find that you can make everything from draperies to rugs, as well as your slip covers, with your sewing machine and its attachments.

If you have any qualms about tackling a slipcover project, try a few lessons at your local sewing center where sewing experts can show you the latest tricks and short-cuts.

If you want to change your covers with the seasons, pick out select materials like the newly rayon, cretonne, semi-glazed or unglazed chintz, poplin or muslin. If you want coverings of year-round nature, choose heavier type fabrics like denim, tansy or upholsterer's saten. Be sure that your fabric and trimmings are pre-shrunk and sun-fast.

There are commercial slipcover patterns available for different types of chairs and sofas. Do a careful, pin-fitting job with the pattern. You may want to make your own muslin pattern to help insure a glove-like fit and cut down the possibility of wasting fabric.

The better your pin-fitting job, the more successful the finished results. Cut your pattern so that the material will follow the up and down lines of the piece you're covering. In placing the seams, follow the original lines of the chair or the original cover of the upholstery.

**Boll Weevil Is Cotton Field Low**

Although a considerable area in Central Texas experienced record breaking low temperatures in late January we still have boll weevils in many cotton fields waiting for the first squares to develop. The heavy blanket of snow which accompanied the sub-zero temperatures offered excellent protection for many hibernating boll weevils.

The boll weevil population in cotton fields at present is quite low but is about the same as for this season last year. Field inspections made by the Texas Agricultural Experiment Station at College Station and by the Bureau of Entomology and Plant Quarantine at Waco show about 50% of the fields infested and an average of 76 weevils per acre. Records for the same date last year showed about the same percentage of fields and an average of 67 weevils per acre. Continued rains during May and June could develop severe infestations in many Texas cotton fields.

Fleshopper emergence from hibernation cages at College Station and at Waco has been slightly higher than last year. However, heavy rains during early April has probably reduced the population on native weeds to a considerable extent. Fleshoppers were found in about one-half of the fields inspected last week.

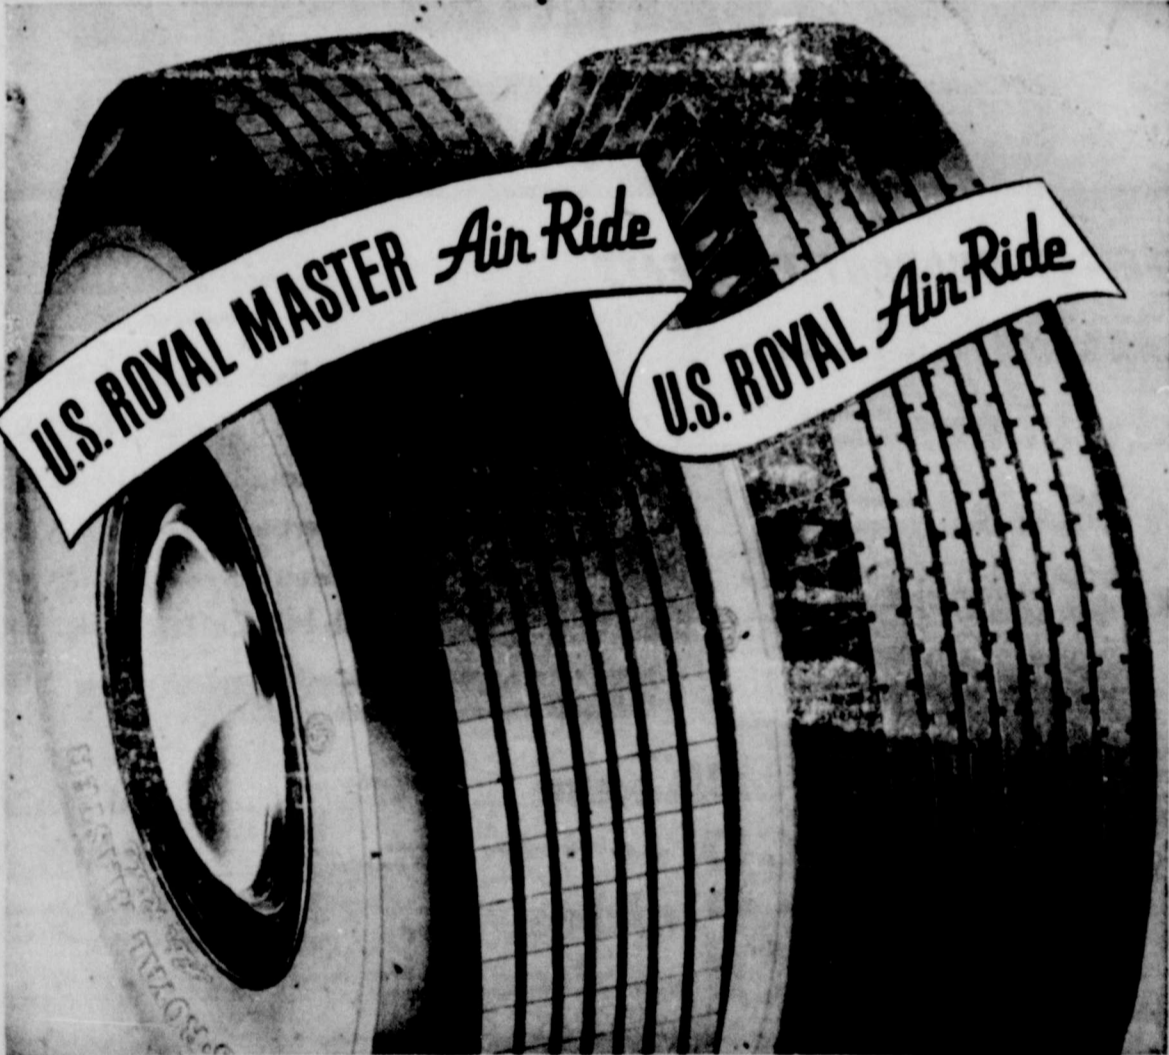

Thrips damage to willing cotton to date has been slight. Heavy rains in many areas have kept native vegetation growing and blooming and thrips has been but little movement into cotton fields.

**Car-Tunes By SPUR MOTOR CO.**

"When I grow up I want to be a good mechanic like they have at Spur Motor Co."

**Who said so? And why are they the most wonderful tires ever built?**

For more than two years these great tires have dominated the automotive scene, written themselves into the design of the newer motor cars, and themselves into the enthusiasm of countless thousands of motorists.

What is all this? What's going on? Why should a couple of new tires create such a startling revolution? Why were they followed by a host of attempted imitations—why were they never successfully equalled or duplicated?

Yet here they are—just a couple of nice looking tires. What's inside of them? What do they do that other tires won't do? Why should you prefer them, insist on them, buy them? Why do millions insist on them and buy them?

**The answers are very simple**

The answer starts with the simple fact that they are the exclusive original U. S. Royal "Air Ride" tires. They take more air than ever before because there's more air room inside them—yet they ride you and cushion you on less air pressure. That's point number one.

Point number two is that they steer magnificently, easier than former tires, because their treads were especially designed for steering. Their treads are for sure and easy steering as well as safety.

Point number three is that by combining lower air pressure and faultless steering you get a tire that provides complete vehicle control around the turn, in parking maneuvers, on the straight-away at any speed—yet they are tires that also ABSORB THE ROAD. They cushion you and your vehicle from every shock and discomfort. They are tires that pave their own highways as they go along.

**The difference between them**

What's the difference between these two U. S. Royal tires? The difference is quantity. You get a bigger tire in the Royal Master, one with much deeper tread rubber; one whose traction and stopping tread may be renewed by regrooving time and time again. And the U. S. Royal Master costs more because it's a bigger tire with a proportionately greater capacity and span of life. Both tires are the finest net value in the world.

They are not luxury tires. They are not cut-price tires. They are pure value—the greatest value in tire history.

**The tires that revolutionized automotive riding and driving**

1. The tires that perform with more air and less air pressure
2. The tires that absorb the road they travel on
3. The tires that fully cushion every shock and road strain
4. The tires that radically influenced modern automotive engineering and design
5. The tires that have been copied and imitated but neither equalled or duplicated
6. The only tires of low air pressure with especially designed steering tread
7. The tires without any excess (loose) rubber—run cooler and, therefore, wear much longer
8. The tires exactly designed to fit your present wheels
9. The tires chosen as original equipment on the finest of the new cars
10. The tires that make old cars feel like new

These are the tires whose revolutionary qualities and sensational performance established today's highest standards of riding and driving comfort, safety and economy.

Sold by U. S. Royal Dealers everywhere at fair and stable prices representing the highest tire value in the world.

You may act with complete confidence on these facts today or any day.

U. S. ROYAL DEALERS ARE RIGHT IN YOUR OWN NEIGHBORHOOD—READY TO SERVE YOU
